YOUR COUNTY SEAT NEWSPAPER

WHIMSY

By M. L. M.

If you get a thrill out of beautiful scenery, particularly of the pastoral type, you have cheated yourself if you have not surveyed the lovely prospect from Tom Britt's front gate, on the Britt ranch, over in the east part of the county.

Of all the choices of a place to build a home, you will think, Mr. and Mrs. Britt have made just about the wisest there is, on the brow of a high hill overlooking Sweetwater creek.

Spreading out before them is a broad valley, with its fields, hay meadows and pasture lands, garnished with a liberal number of fine trees, miles of country are to be seen from the Britt's front porch.

You will think, if you visit Tom's place first, that any other nearby location for a home would be foolish, and feel sorry for the Buck Britts, whose house is at the foot of the hill, about 300 yards away. But descend the hill and look about, and you will wonder. Buck lives down among the trees where there is delightful shade in season, and where the birds sing. Both homes are splendid, and each has its advantages. Each is fixed up about as splendidly as any one could plan a place for contented living.

Of all the places to print a typographical error! The Times published last week the scores made by the four winners of the high school home economics department's dress contest. The figures as they appeared in print showed Miss Lavell Jaco to have scored the same number of points as my own favorite home ec student, who placed second. Miss Jaco's score should have been 96, one point higher.

Competition was keen in this contest, and the girls all did an enormous amount of hard and painstaking work. Any girl who comes out in the lead in such competition certainly deserves all the laurels that can be given her, including every single percentage point. And when Miss Jaco goes to the state contest at Fort Worth, here's hoping she will succeed as well as she did locally.

The man who buys cattle and hogs from farmers can't afford to pay too much for stuff, for if he does he won't be in business long. In self defense he has to strive to make his mistakes on the side of paying too little. I wondered if that didn't necessarily make for the buyer a reputation for sharp practices that eventually would cause the growers of beef and pork to quit doing business with him, so I asked A. B. Crump, important link in the local cattle and hog market, if he didn't find that true.

Crump replied that he had been in the business here for years, and boasted that if anybody in the county had more friends among farm folk he didn't know who it was. "Whenever I can't do business without making the reputation for running a gyp game, I'll quit," Crump declared, or words to that effect.

People resent being bested in a trade, and my hat goes off to any man who can engage in this difficult business and neither go broke nor get a reputation for left-handed dealing.

Club Encampment Plans Announced

Plans for the annual encampment of Wheeler county home demonstration clubs were made at the regular meeting of the club council Saturday afternoon. The encampment will be held June 24 at Riley's swimming pool six miles southeast of town.

Mrs. Gwynn Zell of Center, Mrs. Jess Crowder of Wheeler and Mrs. T. C. Harless of Magic City were a committee to make further plans for the encampment.

The council voted to send one woman and two girls to the annual short course at College Station in August. A cake contest will be held in connection with the county fair, it was decided. The council voted to again enter the Ball canning contest.

Those present were: Mesdames T. C. Harless, Magic City; J. R. Jackson, Shamrock; C. G. Cantrell, Shamrock; K. S. Rippy, Heald; Jack Bailey, Heald; John Ficke, Wheeler; R. L. Ramsey, Briscoe; W. V. Hickerson, Allison; Glynn Bell, Center; Roy Oswalt, Bethel; Burl Morgan, Bethel; J. T. Reynolds, China Flat; Jess Crowder, Wheeler; Maud Keiper, Allison; Clarence Zybach, Briscoe; Jim Trout, Wheeler, and Miss Dalton Burleson, Wheeler.

Mrs. Frank Pitcock of Gainesville, Tex., visited her son, Homer Pitcock, and Mrs. Pitcock Sunday.

Mrs. Prior of Shattuck, Okla., has been visiting Mrs. I. B. Lee.

Lee Elated Over Rain, Says Crop Prospects Brighter

One person in Wheeler who is thoroughly optimistic about the Monday's rain is Ernest Lee who made no reservations about the benefit of the moisture received.

"Oh boy!" he smiled, "it was grand. It did a world of good. Crop prospects are much brighter. It even helped the wheat. The wheat in this county especially has been helped. I believe it came in time to benefit the wheat on the Plains, which was beginning to suffer. If things continue at this rate, we should make 12 to 15 bushels an acre on our wheat here. This would be more than a normal yield. It is fine conditioning for other crops. The moisture has met."

Rain estimated at one-half to three-quarters of an inch began falling at an early hour Tuesday, and continued intermittently until about noon. The rain fell slowly, and most of it went into the ground, there being practically no runoff.

The inquiring reporter found other encouraging comments from Miss Dalton Burleson, home demonstration agent. In her quiet way she smiled and said: "Oh, it was simply grand."

There was no mistaking what Jim Risner thought about the rain. He smiled broadly and said: "I think it was a humdinger." It was easy to see that he was thinking how it would benefit the grass and shrubs which he watches over at the court house.

Joe Tilley remarked: "I think the rain did the people as much good as it did the land. It made people feel grand, and that helps a lot."

O. C. Evans of Briscoe expressed the general opinion: "It was fine, but we didn't have enough of it."

Home Ec Girls Meet at Shamrock

Shamrock was host to the district Home Makers Saturday, April 17. There were representatives from McLean, Samnorwood, Kelton, Wheeler, Mobeetie, Groom, Lefors, and Shamrock.

W. O. Morrow, principal of the high school extended his welcome to the group. Then each club introduced their teacher and members.

The theme for the program was "Appropriate Dress for the High School Girl." Each club took one phase of styles for high school girls with various girls giving interesting talks. Shamrock girls modeled dresses for the style show. They also presented a playlet, entitled "The Weaver of Dreams."

Luncheon was served by the Shamrock girls who were assisted by their mothers.

Mrs. Sparks from Lefors, who has traveled in Europe gave an interesting talk on foreign girl's dress at the afternoon program.

Shirley Johnson of McLean, president of the organization, presided over a short business meeting at which Miss Helen Clyde Clement was elected president for next year. Miss Clement is from Shamnorwood, where the first meeting is to be held next fall.

After the business meeting, the visiting clubs visited the Shamrock home ec. department.

The afternoon program was concluded by a lovely tea served at the home of Mrs. H. P. Mundy—Ina Fay Robinson, reporter.

Gilmore Speaks At College Celebration

Supt. J. Lee Gilmore of the Wheeler schools was one of the featured speakers at the program commemorating the 101st anniversary of the Battle of San Jacinto and the 58th anniversary of the signing of the bill creating teachers' colleges in Texas, which was held at West Texas state college at Canyon Wednesday.

Gilmore spoke on "Graduate Work in Teachers' Colleges in Texas." He discussed the necessity of more training for teachers and the value of continuing graduate work in teachers' colleges. He pointed out that graduate work in teachers' colleges would be more economical.

Word has been received here that Forest B. Bowers, son of Mr. and Mrs. I. N. Bowers of Wheeler will be released in a few days from an El Paso hospital where he underwent an appendectomy. Bowers is stationed at Toyahville, Texas, where he has a responsible job with the civilian conservation corps.

Cliff Weatherly left Monday for Amarillo. He returned home Thursday evening.

Crump's committee which will pass on the eligibility of voting delegates will meet at 11 a. m. on the first day of the convention.

Holloway, Baylor Students to Give Program Sunday

One of the most interesting programs ever presented in Wheeler is promised for Sunday, April 25 at the Baptist church when Rev. Taft Holloway, pastor of the church, and a group of Baylor University students will put on a program at the regular morning preaching hour.

The general theme of the program will deal with missions. Rev. Holloway, who is now a student at Baylor University, will be accompanied by Willard Harcastle, Phillip May, Akira Chiba, Woodrow Chambliss, and Chief Dan Tilden.

Harcastle is well known here, having conducted the singing at the revival at the local church in the summer of 1935. He will be in charge of the program.

Phillip May, a junior at the university, is a native of Canton, China. He transferred last September from the university at Canton to the Waco school. Akira Chiba is a graduate student from Tokyo, Japan. Woodrow Chambliss is president of the Baptist Students' union of Baylor university. Chief Dan Tilden, a full blood Cherokee Indian from Tahlequah, Okla., is a freshman in the university.

"It is my personal opinion that this will be one of the most interesting programs ever presented in Wheeler," Holloway said in a communication to The Times. "I hope that every member of our church will be present. We also wish to extend a cordial invitation to members of other churches and all others in and around Wheeler to attend the program which will be one of interest and inspiration."

The program will take the place of the regular Sunday morning service.

Hearing on Adams Truck Permit Again Postponed

A case of unusual interest to Wheeler people was to have been heard before the railroad commission at Amarillo next Tuesday when Marshall Adams, owner of the Adams truck line, running between Wheeler and Amarillo was to have asked permission to operate daily between these points instead of semi-weekly as he has in the past. A message from Adams Thursday afternoon stated that the hearing had been postponed indefinitely.

In the petition Adams is also asking the right to include Pampa in his itinerary. Daily service out of Amarillo and Pampa would be a distinct asset to Wheeler, it was pointed out. There has been a growing need here for years for this type of service. Adams will have to prove the need and necessity for daily service before his petition is granted.

Several prominent Wheeler business men and civic leaders had planned to appear before the commission as witnesses for Adams. Those who had indicated that they would attend were: County Judge W. O. Puett, Mayor Robert Holt, C. E. Beasley, secretary of the Lions club, John Lewis, city councilman, Ernest Lee, and A. B. Crump.

Adams has been operating the line since September 15 at which time he purchased it from his father, W. W. Adams. The Adams truck line pioneered here in this field. It has been in continuous operation for sixteen years, and has played an important part in the development of Wheeler.

Coach Clark Named To Job At Erick

Bob Clark, Wheeler coach and grade school principal for the past three years, has accepted the position of high school coach at Erick, Oklahoma, according to press dispatches. The announcement was released by the Erick school officials and verified by Clark, it was reported.

Clark has attained unusual success at Wheeler. His football team won the championship of District 3B, the first football championship in the history of the school. Last week his track and field team placed first at the district meet in Pampa. His track and field teams won the county championship the last two years.

Clark, whose home is in Amarillo, graduated from the University of Alabama in 1932. After that he coached track and swimming at the university and worked on his master's degree.

He is also a magician and sleight of hand artist, and has put on a countless number of magical entertainments in Wheeler and surrounding towns.

Clark could not be reached Thursday afternoon for a statement.

Tennis Argument Won't Stay Settled

A tennis controversy that has been brewing for some months came to a head Sunday at the Britt ranch when Tom Britt and R. J. Holt took Buck Britt and Glenn Render into camp to the score of 6-3, 7-5, in a fast and furious match that left the contestants practically breathless but in no wise speechless.

Buck Britt and Render insist they are not licked yet, and although they do not come out and directly allege any funny business, they declare with emphasis—lots of emphasis—that the next time, if there is a next time, it will be a different story.

Holt, who apparently is spokesman for the winning doubles team, insists right vociferously, not to say emphatically, that those fellows just were no match for superior players, and that he and Tom Britt, his partner, are ready to meet them just any old time to prove it.

Nash Announces Refrigeration Line

The Wheeler Auto Supply Co. has been designated as dealer of the Norge refrigerators, Harold Nash, manager, announced Thursday.

"We are really sold on the Norge," Nash said. "After examining different makes of refrigerators, we found the Norge was by far the most outstanding in every respect."

"We think it is the best buy on the market as it offers greater dollar for dollar value. It has many new features, including higher humidity at lower temperatures, flexible interior arrangements, and the Rollater compressor."

The Norges may be seen on display at the Auto supply company's store.

Drilling Resumed On Morgan Oil Test

Drilling was resumed Thursday at the Robinson No. 1 Morgan Oil well test two miles north of Wheeler. Two drilling crews are employed now. It is reported that thirteen men are working there.

Methodists to Hold Fellowship On Friday Night

A special Fellowship program will be held at the First Methodist church here Friday evening at 7:30, according to Rev. E. C. Raney, pastor. A church supper will be served.

Similar services will be conducted throughout the nation at the same time. Over 2,500,000 people will attend these functions. Programs will be broadcast over 68 radio stations throughout the nation. Six radio stations in Texas will broadcast the services.

The program in Wheeler will begin with the singing of hymns by the audience. Tom Britt will discuss the origin of Southern Methodist missions, the first two missionaries and their ordination. H. M. Wiley will talk on their setting sail and their work in China. Dr. H. E. Nicholson will tell of the rewards which grew out of their early misfortunes. Mrs. J. M. Porter will speak on the necessity of enlarging missionary work and paying its debts.

The covered dish supper will follow the program. An offering for missions will be taken and the services will close with a prayer.

Sunday services will be held at the usual hours, Rev. Raney announced. At the eleven o'clock hour he will preach on "No Race, Direction, or Longitude in Christ."

Rev. Raney urged that all members remember the District conference to be held at Clarendon, April 27 at 10 a. m. This is a lay conference and all that can do so, are urged to attend.

County Clubs Give To Educational Fund

The Wheeler County home demonstration clubs have contributed 100 per cent to the educational fund, Miss Dalton Burleson, home demonstration agent, announced.

"I am very proud of this fact," Miss Burleson stated. "It is a fine record for the women of this county."

This money will be used in the scholarship fund which will be given to the highest ranking 4-H club girl in the state. Wheeler county club girls have been awarded this signal honor on two occasions. Exie Creekmore, now attending Texas Tech at Lubbock, won the scholarship in 1935. In 1932 the late Leila O'Neal received this distinction.

Mr. and Mrs. Robert Holt and R. J. were dinner guests of Mr. and Mrs. Wade Duncan at Mobeetie Tuesday.

B. T. Rucker left Saturday for Austin to attend to business.

Resettlement Cash Available Here

Harvey S. Dorman, resettlement administration county supervisor for Collingsworth and Wheeler counties, announced Thursday that more than \$1,000,000 has just been made available for resettlement loans to deserving farmers in region 12.

These loans are available Dorman said, to farmers whose farm units make it possible to create a sound plan, permitting retirement of the loan and rehabilitation of the farm family. Farmers in need of this financial aid, as well as the help and advice of the rural and home management supervisors, should visit the resettlement administration county office in the court house at once.

Adult Education Class Makes Fine Progress

Great progress in the home making class of the emergency adult education school was reported by Miss Cliste Ashley, instructor.

"We are making a scrapbook of every type of sewing work," Miss Ashley said. "The garments are made in a miniature. We will make a small reproduction of everything a woman sews on for her home, including clothing, linens, curtains, etc. A great deal of interest is exhibited in these classes, and they are making rapid improvement."

Members of this class are also exchanging recipes. Miss Ashley also reported that the other classes in the adult education school were progressing nicely.

P. L. Ramsey's report on the seed question was accepted and the matter closed for the year.

Hickerson reported that there were now between 40 and 50 members.

Happenings of Interest by and for Home Demonstration Club Women of the County.

ALLISON CLUB HEARS LECTURE ON CAKES

"Butter cakes are cakes made with shortening," stated Miss Dalton Burleson as she creamed the sugar and shortening in giving a demonstration on the mixing and baking of butter cakes. The two methods of mixing sugar and shortening were explained.

"Stressing buttermilk," Miss Burleson continued, "does not mean we should bake more butter cakes, but they do have a definite place in the diet."

After the shortening and sugar were creamed until it had the appearance of whipped cream the egg yolks, which had been beaten separately, were then added alternately with the liquids. She stressed the importance of having all the materials the same temperature, and told us why cakes were sometimes too dry, too coarse a texture, or too heavy a product.

We learned that food value of the cake should be considered when we choose our materials, as milk is preferred to water and butter in place of shortening.

A demonstration was given of boiled icing. The icing was cooked to a harder stage than was necessary and then thinned with the use of a little hot water.

Ann Hamilton and Olive Warren served the following members lunch: Anabel Abernathy, Lena Brown, Ida Begert, Edna Begert, Julia Dillon, Irma Hickerson, Myrtle Jones, Bessie Johnson, Maud Keiper, Winnie Kiker, Ossie Keese, Jaunita Levitt, Maud Levitt, Edith Levitt, Ella McCoy, Daisy McCoy, Beula McMillan, Hattie Owens, Daphne Pough, Emily Richardson, Beula Reed, Edna Richardson, Theo Trout, Ruth Trout, Gertrude Peoples, Doris Richardson, Blanche Begert, Ruby McCoy, Grace Lee, and Emma Copeland. Visitors present were: Mrs. Jess Bessusser, Mrs. Tom Bradstreet, Mrs. Lucille

Mrs. J. M. Porter discussed the relation between better speech and character. Mrs. Lula Mae Farley outlined a program whereby adults might improve their speech. Mrs. C. B. Witt spoke on the formation of better speech habits in the child of preschool age. A general round table discussion of speech habits followed.

Those present were: Mesdames Fiecke, Witt, Farley, Jess Crowder, A. L. Bean, Pat Beene, Porter, J. E. Cox, Elton Myers, and Jim Trout, and a guest, Miss Lou Clarke.

BRISCOE CLUB HAS BETTER CAKE DEMONSTRATION

"Cakes" have a definite place in the diet. This demonstration on butter cakes, is not to have you serve more cakes, but better cakes," stated Miss Burleson in a meeting of the home demonstration club at Briscoe, April 6, 1937. She continued by giving some insurance against butter cake failures. Some are as follows: "have all ingredients as near the same temperature as possible;" "cream butter until light and fluffy and add sugar gradually, and bake in a slow oven 375 degrees fahrenheit, until firm when touched by finger." Several cake and icing recipes were handed out to the following: Mesdames Candler, Green, Harvey, Lee, Meadows, Greenhouse, Barnett, Higgins, Zybach, Stanly, Ramsey, Swinburn, Barry, Harrolson, Vise, Miss Tamsey Riley. Visitors were Mrs. Byars and Joy Bill Riley. Our next meeting will be April 20. Visitors are welcome. — Club reporter.

BRISCOE 4-H CLUB MEETS

"One must learn to select the color which is best suited to her particular type if she is to look neat," stated Miss Dalton Burleson, county home demonstration agent, to the Briscoe 4-H club girls April 6, at the school house.

"No two people can wear identical patterns and colors" continued Miss Burleson; therefore one must make a careful study of oneself in order to select the most suitable colors.

Large people should not wear large striped or large figured material. Small people will look larger if they wear light colors.

Those present were: Lois and Lola Meek, Joyce Sorenson, Cliferene Sivage, Joy Bill Riley, Nellie B. Candler, Alma Waters, Canna Faye Newman, Clara Helen Seedig, Sybil Cook, Oviline Bruton, Alva Lee, Juanita Johnson, Augusta Strowbridge, Dolie Joe Greenhouse and Miss Dalton Burleson. —Joy Bill Riley, reporter.

WHEELER 4-H CLUB MEETS

"Everyone should keep as clean as possible. You can do this by bathing daily, brushing the teeth twice daily, keeping your hands, face, hair, and fingernails clean and also thinking clean thoughts," stated Mrs. Bill Perrin, when she made her talk on "grooming" to the Wheeler 4-H club

For the first time in the history of Wheeler high school, the tracksters returned from the district with first place. Led by "Big" Ford who took the field with three first places and a total of 15 points. Pampa won second place. Mobeetie was one of three schools which tied for third.

Totalling all points Wheeler scored 25 and one half, Pampa 17 and one half, and Mobeetie 17 points.

W. J. Ford won first in the shot put. Javelin and discus for 15 points and led the entire field in the total of points made by one man.

H. E. Young placed second in the pole vault; Herbert Green won fourth in the 440-yard dash and helped win second in the mile relay. Virgil Greenhouse took fourth in the 220 low hurdles. Green, Derrberry, Cole, and Greenhouse received second in the mile relay.

Troy Derrberry won third in the pole vault and Olen Maxwell, third in the discus.

This season the Mustangs won the district in football and track and lost the county in basketball by one point.

Seniors Invitations Arrive

Invitations for the 37 seniors who graduated them arrived at Briscoe last week. Each student had to pay the remainder of what he owed before the invitations could be taken from the express office.

Lilac Odor Fills All Class Rooms

The scent of lilac has been floating through the air this week. So many of the students bring and wear the flowers to school that all buildings are filled with the odor.

If one lacking lilacs wishes to smell them, all he has to do is visit some school room filled with students and his wish will come true.

Girls Reserve Rooms For Home Ec. Rally

Hotel reservations have already been made at the Worth hotel at Fort Worth for the home ec. girls attending the meet there April 28.

Claudia Stinson and Lavelle Jaco, the girls to make the trip, will go with Mrs. Gordon Whitener and Miss Flora Mae Gordon, the home ec. teacher of Kellon.

At the dress contest, Claudia will model a school dress and Lavelle will model a tailored dress. They will also enter various other contests.

The girls will attend a banquet at one of the hotels in Fort Worth. They will arrive there Friday and leave Saturday at noon.

LETTERS RECEIVED BY ADAMS HUNT FROM OKLAHOMA TWINS

Bonnie Adams and Irene Hunt, editor and assistant editor of the Corral, received letters last week from Wilma and Nelma Montgomery, twins of Marietta, Oklahoma.

They explained that they enjoyed reading the Corral and found it helpful in their school activities.

The girls described their home town and school. Marietta school news is published in a weekly paper, but is not nearly so large as the Corral.

Wilma and Nelma are 15 years old, are brunettes and are classified as sophomores. They are related to Marvin and Dellah Montgomery, who attended school here last year.

Occasion to Be May Day Celebration At Methodist Church

Amos Page to Act as Toastmaster! Girls Urged to Wear Evening Dresses; Boys, Suits.

At last the long-looked for date draws near.

The annual junior-senior banquet is to be held in the basement of the Methodist church Monday night beginning at 8 o'clock, with Amos Page acting as toastmaster.

It will be a May day celebration with the junior colors, purple and white, and the senior colors, pink and white, reigning over the festival.

Invitations were handed out Tuesday to all juniors and seniors. High school faculty members are also invited. The program will include a toast to seniors, Irene Hunt; a response, Ray Norman; toast to future of the seniors, Lavelle Jaco; toast to past seniors, Bill Noah; toast to senior athletes, Alton Weeks; response, Lois Walker; toast to the faculty, Inez Hunter; toast to honor students, Cleo Sewell.

The juniors plan to have May poles and May baskets distributed over the table.

Miss Winona Adams, junior sponsor, states, "as the banquet is to be formal, girls are asked to wear evening dresses and boys to don suits, and if possible have dates. However, do not let the lack of an evening dress or date keep you at home, come anyway."

Place cards will be arranged so that those dating may sit together. The food is to be prepared by the junior boys and girls and served by the sophomore girls. Place cards are to be prepared by Cleo Sewell, Edward Smith and Lorraine Wallace.

The majority of the Junior class is serving one one of the committees. They are as follows: Invitation, Lois Flecke, Bernice Williams, Ruth Faust; favors, Cleo Sewell, Lorraine Wallace.

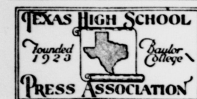

Refreshment, Irene Hunt, Margie Bowers, Amos Page; program, Eva Bell Crouch, Mary Genthe, Huffman Walker; decoration, Lula Barr, Lavelle Jaco, Grady Havenhill, table and chair, Jack Pitocor, R. J. Puckett, Aubrey Warren.

THURSDAY, APRIL 15, 1937

POSTED, KEEP OUT!

According to Emily Post and most any other educated personage, it is a breach of etiquette to go where you are not invited, particularly to parties, picnics and private class gatherings.

Seniors do not enjoy underclassmen intruding at their entertainments, especially toward the last of school when it will be among their last times to be together. Neither do freshmen appreciate seniors "crashing the gates" at their social affairs.

Not only will it show you are not fully trained on manners and courtesies, but you will lose your standing with the sponsors and students of the school if you burgle in without having been asked.

Before you attend an entertainment given by another class, be sure you are invited by the class.

SPRING FEVER

As regularly as spring rolls around, fits of laziness attack everyone. It may be the sudden burst of sunshine and warm weather or it may be that everyone is tired of school. Anyway the pupils do not put forth the energy or activity that they previously showed.

Unlike certain species of bears who hibernate during winter to emerge at the beginning of spring, students almost go to sleep in the spring and stay wide awake when it is cold. They become bored during class and they even have the nerve to go to sleep while there is no one looking.

Someone has said that the reason for this is that every walk of life becomes mono-nous and, like an un-matured pig, people have run down. Maybe if about half of the number in high school were to swallow a quart or so of "high life" there would be increasing signs of life. Nevertheless this writer can sympathize with his fellow sufferers on these lovely, but rare, ideal spring days.

Helen June George spent Saturday night and Sunday with Modelle Lollar at Twitty.

Supt. and Mrs. J. L. Gilmore motored to Pampa Saturday afternoon.

Chlorene Morgan spent Thursday night with Genese Latham.

FROM OTHER BRANDING IRONS

From The Bucks' Tale, White Deer high school paper an editorial on safe driving is noticed. It states, "The whole school was saddened and shocked by the explosion at New London which took the lives of 526 school children and teachers. Yet every three minutes one person is killed in an automobile accident. Every twenty-four hours 480 are killed. This 480 does not include those killed in other accidents or those who die natural deaths."

After relating these horrifying facts, the editorial gives the advantages of careless driving. It states that at this rate the United States soon will not be bothered with the problem of over population.

Dippy Daffynitions from Freshman English classes are reproduced in the Canyon Prairie.

Gentleman—A guy who wouldn't hit a woman with his hat on.

Dance—A way of petting standing up.

The faculty—A group of people paid to help the seniors run the school, they say.

Yea ole editor adds another to the list—

Green—A freshman who acts like a senior, or a senior who acts like a freshman.

Come On, Boys,
Don't Be Bashful

"I wish there were enough boys to go around."

"Shucks, I'll have to wear a tie."

"Mama is making me the most purtiest evening dress."

"Gosh, I hope Bill will take me."

"I wonder which boy Mary will go with."

Such are the drops of conversation overheard concerning the annual banquet affair approaching. Some girls are having a hard time managing for an evening dress, while still others seem to worry about their dates?

Get out of your bashfulness, boys. Ask the object of your affections if you can't have the pleasure of accompanying her to the Methodist church Saturday night. (I don't have a date).

Airplanes Sail
At 'Bus Window

Airplanes! Airplanes! Flying everywhere.

There are some floating out at almost every window on the bus. Nearly all the little boys have some in which they ride to school.

Some of them are very daring flyers. They fly up side down, on their sides and turn over and over. Those that do not have airships borrow one, so that they may show how brave they are and what outstanding things that they can do as they sail through the air.

That's the way it was until the bus drivers made the boy aviators leave their "sky birds" at home and come to school in the bus.

Campus Comments

Question: What are you going to do the first day of vacation?
Bonnie Adams—sleep.

Claudia Stinson—rest.

Ruth Faye Garrison—sleep.

Mr. Witt—Make out reports for the state department.

Miss Addison—rest and cool off.

Lois Walker—Take off for California and points west.

Troy Lee Carver—go swimming.

Hansel Parker—sleep.

Lois Walker—rest and cool off.

Parlee Clay—sleep.

Maxie Wilson—Going down to the creek and go fishing and swimming.

Miss Kirby—Wash and sleep.

Ferrol Fiske—there isn't any telling.

"We started to ask Marthally Wiley but she was asleep."

Several students were seen in Shamrock Wednesday night. Among them were: H. E. Young, Guy Robinson, Jack Pitcock, Wade Wallace, Bonnie Adams and Geraldine Lewis.

Ciella Beth Moody, Lois Ficke and Milton Moody spent Sunday afternoon on the Britt ranch east of Wheeler.

Ethel Claire Roney and Willie Dee Lawrence motored to Pampa Saturday.

Caught in
The Lasso's Noose

Congrats to the juniors on their black comedy, "Aunt Jerusha on the War Path." It was a "humorous" side splitter. (They even got me thinking I'm a snufflight).

Too bad it's not Leap Year so some of our poor girls can have dates for the banquet.

Several complaints have been made about the quality and quantity of the gossip columns of the Corral. We suggest that you try handing in gossip to the little wooden box. (To whom it may concern?) Milton was sort of stepping out Sunday night. He accompanied a very nice looking little lady to church.

Huffman Walker was seen trying to quote some one in the paper when they said what he said they said.

Several journalists wishing that Miss Addison hadn't subscribed to so many daily papers for them to read and study.

Dawn Weatherly says that the other day she found a rabbit's foot and she carried it around with her all day Monday in order to pass the Texas Constitution test. And she thinks she made good on it.

Lois Walker seemed to have several boy friends calling on her Sunday afternoon. We heard that Everette Cole and J. D. Badley were on the list.

Johnnie Faye has had a strange look in her eye for several days. It couldn't be love for you could it Johnnie? If you want to know for a fact ask Jackie Lee about it. We are sure he would know.

Speaking of rats—did you see the one Alice Hardin was playing with in the study hall Friday? It was only a toy but everyone seemed to be having a lot of fun fooling friends and enemies with it.

Dippy Norman was said to be seen with Faye Wallace no long ago. It seems that Dipp has switched girls quite a bit here lately.

It appears that several boys from Wheeler have been courting the girls from Shamrock here lately. Boys, that's a long way to walk.

Velma Hestilow and Erskin Sherwood have been seen together several times lately. Could it be another love affair in high school?
Irene and R. J. were observed dancing the minutet exactly as Clark Gable and Joan Crawford did in the movie "Love on the Run" at play practice recently. They were so much like Clark and Joan one could hardly tell the difference.

Johnnie Wheeler could have taken Bernice home after the play Friday night.

Several of the juniors are learning to dance. Did I say learning? Begonia went trying to learn. Imagine was teaching Irene and Lavell the two-step the other day.

BANQUET FATE

I always thought I'd not date.
And now I have got a date.
I'll just go alone, by gum.
I always thought he was a bum.

SPORTS

Mustangs to Play Last Year's Team Night Game Here

Both Sides Are Due Hard Battle To Win, Ineligibles Favored, Say Most Fans.

A night football game will be held here next Thursday night, April 29, between the boys who are eligible for next season and the lads who played their last year of football this season.

It already seems that everyone is picking the ineligible to win because most of the last season's championship eleven graduate this year. From last year's first string the as-to-be-boys will be playing seven first string players and the others will have at least one year of experience.

Then coming back to next year's squad, everyone is liable to be surprised for Coach Bob Clark has been working hard to make a team that will make a good standing against the ineligible. These boys will have such well-known faces as Green, Weeks, Emler, Page, Shipman and Passons.

These boys have been jinking each other on who is going to win and it seems that both sides will be at each other's throats and ready to entertain the Wheeler football fans.

The game will be played under the flood lights at the local gridiron. The time of the game is 8:15. An admission price of 10 and 15 cents will be charged.

The line-ups for both teams are: Eligibles: Markham, LE; Page LT; Shipman, LG; Stephens, C; Passons, RG; Wright, RT; Pitcock, RE; Green, QB; Emler, HB; Jones, Homer, HB; Weeks, FB.

Ineligibles: Tate LE; Tillman, Bob, LT; Jamison, LG; Harmon, C; White, RG; Tillman, Cliff, RT; Maxwell, RE; Norman, QB; Groves, Bob, HB; Derryberry, HB; and Ford, FB.

EIGHT BOXING LETTERMEN. COACH TO BUY SWEATERS

Coach Stina Cain announced lettermen in boxing last Monday.

The boys who expressed a wish to buy boxing sweaters were Alton Nations, Jack Pitcock, Guy Robinson, Calvin Harmon, J. D. Badley, Raymond Badley, and Ray Norman. Coach Cain will also purchase one.

SEVEN TRACK BOYS ORDER DISTRICT CHAMP EMBLEMS

Miniature gold track shoes with "District Champions" written on them will be bought by several boys who entered the district meet at Pampa last Saturday.

Those purchasing the medals are Alton Weeks, Virgil Greenhouse, Troy Derryberry, Olen Maxwell, Herbert Green, H. E. Young and W. J. Ford.

Home Makers Clear \$15 On Movie

Mrs. Gordon Whittier announced that the home making girls received \$15 from the movie they sponsored last Wednesday. The show was "The Big Noise," starring Guy Kibbee. This money is to help send the delegates to the Home Making rally to be held at Fort Worth.

SPORT SLANTS

By a Mustang

The Wheeler Mustangs are moving down the honors. This year they have done two things that have never happened in the history of the school. Beginning at the first of the school they won the district in football, losing the bi-district by only a first down.

Then the Mustangs donned their basketball suits and Coach Clark turned out a dandy team, having only two first stringers back from their last season's work. They lost in the finals of the county by one point to Kellton, who made the winning point less than 15 seconds left to play.

When track season came Coach Clark issued a call for his thunderbolts and a group of enthusiastic lads came out who proceeded to win the county and then take the district.

Wheeler's boxing tournament then popped open and Coach Cain's boys won this with five first places out of ten weight divisions.

Now all Wheeler is waiting for is next year!

Evelyn Ray Benge spent Saturday night with her cousin in Lela.

Claudia Stinson motored to Shamrock Saturday night.

Miss Imogene Holbert went to Pampa Friday.

Marilyn Johnson went to Lefors Sunday.

Seniors Limp After Trips Through Caves

Seniors were seen limping over the campus Friday morning, because of difficult climbing through the Shamrock caves the evening before.

After a long ramble, the group met in the Road Side Park north of Shamrock to roast seeders and marshmallows and eat a picnic lunch.

Seniors attending were: Elva Willard, Dawn Weatherly, Raymond Badley, Dorothy Lee Burke, Junior Jamison, J. D. Badley, Bonnie Adams, Bob Tillman, Ferrol Ficke, Alvis Jolly, Parilee Clay, Evelyn LaFon, Genese Latham, Verna Greenhouse, Dudley Callan, Marthades Wiley.

Everette Gale, Bill Noah, Troy Derryberry, Ray Norman, Ruth Fay Garrison, H. E. Young, Guy Robinson, Wince Wallace, Eugenia Mae Durham, Evelyn Ray Benge, Helen June George, J. N. Tucker, Troy Lee Carver, Olen Maxwell, Virgil Greenhouse.

Clairie Robertson, W. J. Ford, Claudie Robertson and Chlorine Morgan.

Miss Imogene Holbert, Miss Lois Kirby and Mrs. J. E. Willard chaperoned the party.

In the opinion of yours truly, a very insulting contest was held at Ham-Simmons University. "Sueh 'mest", persons were selected as the sloppiest date, the dumbest girl, best necker, the most borsome boy, silliest girl, greatest bar and wind-up, class "professor," etc. And some students here jump all over the journalism students for making a very vague hint that they had a date with a member of the opposite sex on such and such a night.

Miss Ruth Ewing was seen in Pampa Saturday.

Elva Willard was in Shamrock Saturday night.

"Ab" Gunter Boasts Many Pets

The cat mewed; The dog barked

Because they were Left out in the dark.

There are a number of W. H. S. students who do not have any sort of animal pets, but Albert Gunter makes up for them.

Albert has three cats and he is proud of the fact that one is the "frightnest" cat in town. This old tom cat has a bobbed tail. He also claims all the stray dogs and cats in the neighborhood.

The town doctor gave Albert two dogs a few Wednesday mornings ago to add to his list. Don't forget he has a tree full of sparrows. He says they will eat anything he throws to them.

Ethel Claire Raney had hard luck with her pet. She had a dog that was lost, strayed or stolen away.

Aren't women queer? Miss Winona Adams says the only kind of pets she would like are gold fish in a horse tank, so she wouldn't be bothered with them.

The main trouble of Elva Willard's dog is that it chases the cows the wrong way.

Four tiny two month old pups are in Annie Ruth Denham's care. Chlorine Morgan has a white Persian cat that likes to chase a string.

The dog belonging to Mildred Howard is very friendly. It shakes hands or paws. This dog doesn't like strangers and might bite them.

Imogene Jamison's cat comes to the screen and scratches when it is hungry.

One of the senior girls, Lois Wal-

ker, has a pet guinea pig. This is what she said about it. "Pog," a little white and brown guinea pig, came from California. He looks like a bear when he is walking. He's fond of lettuce, carrots and sweet milk. When a door to a room is closed and "Pog" wanders in another room, he starts growling and scratching on the door.

Becoming disgusted with the slow progress he is making toward getting through, he will suddenly give the door a push and you should see the surprised look on his face when the door opens. But the joke is on him. He thinks he has gnawed a hole in the door large enough for him to go through. He sleeps in my mother's house slippers at night."

Gobel Prince states that he has a pet cow. "She is homely but she has that sweet look in her big brown eyes."

Joe D. Bruton has two large rabbits and several small ones. The large ones he calls "Snowball" and "Brownie." He also owns a dog, "Punchy," that will howl when the French harp is being played.

Eight cats are owned by Lorraine Wallace. "I haven't named them all," she stated. "I call some of them 'Spot,' 'Snowball' and 'Blackie.' One was killed by a car a few days ago."

Marion Smith owns two Persian cats named Buster Brown and Yellow.

"I have a brown collie dog," stated Dorothy Mills. "He's smart but he doesn't know any tricks."

Still, however, Albert Gunter boasts more pets than any other student in high school.

Junior Class Give Three-Act Comedy

Proceeds To Be Used For Annual Banquet For Seniors This Week-end.

The junior class presented an interesting three-act comedy entitled "Aunt Jerushy on the War Path," Friday night in the local auditorium.

Profits amounted to approximately \$10, which will go to help entertain the senior class at the annual banquet Saturday night.

The play was a mix-up of circus folk and people from the country.

Sufficiently Fish, right off the farm with nice rosy cheeks and hair and beautiful beauty dots, played by R. J. Pickett, made the audience roar with laughter.

Elder Snuffels, an old hypocrite who was so righteous and holy was well done by Aubrey Warren.

Hiram Fish the town constable, by ghost portrayed by Amos Page, amused the audience by pleading for his life and because of his continuous fear of Aunt Jerushy, his wife.

Little Sis Popkins, a niece of Aunt Jerushy, played by Lovell Jacob was so set on being an actress until she attended the circus.

Aunt Jerushy Fish, the jealous wife, kept on the trail of her no-account husband. She was a peaceful woman until she got "riled"; then she was a keg of dynamite. Ruth Faust played this part.

Bill Barker, manager of the carnival, was portrayed by Jack Pitcock. He was very angry when Hiram Fish insulted his wife by buying her an ice cream cone.

My Genthie was excellent in the role of Miss Stella Elta Snapper, an old maid. She was heart broken when she was deserted at the altar by the Elder Snuffels.

Madam Renno de Beeno by Imogene, was a carnival fortune teller who was married to the Elder but it was a secret.

Elsie Barker, a carnival queen and wife of Bill Barker was splendidly done by Irene Hunt.

Other characters who were chorus girls were Margie Bowens, Bernice Williams, Mary Belle Johnston, and Elva Bell Crouch. They were accompanied on the piano by Rena Mae Whorton.

Other characters who attended the carnival appeared on the stage at odd times were Cleo Sewell, Lois Ficke, Huffman Walker and Howard Nations.

Before the play and between acts the Wheeler band played several numbers. Between acts Francis Porter sang and tapped. Elva Willard and Troy Lee Carver gave readings.

MRS. C. J. MECK LEAVES FOR TRIP TO WASHINGTON, D. C.

Mrs. C. J. Meek, fourth grade teacher, left Friday for Washington, D. C. She was accompanied by Mr. Meek and their son, Joe Field.

They will attend to business and will also visit Mr. and Mrs. Wendell Meek.

Mrs. Clyde Meek is substituting for Mrs. Meek.

Two seventh graders, Wanda Hyatt and Mary Nell Burke, had their grades raised from the A and B list to the A list, after applying points earned in Interscholarship League work. This change was made after the honor roll was made out last week.

Several of the students gave very interesting reports on the various national parks. Harry Thomas reported on Carlsbad Cavern, a place which he had visited. Maurine Hunt had seen the Royal Gorge, so she gave a report on that. Other students reported on the parks by reading in the library. The reports were as follows:

Grand Canyon, by Evelyn Patterson; Sequoia National Park, by Hoyt Dunn; Crater Lake, by Johnnie Reed; Glacier National Park, by William Tarvin and Yosemite National Park, by Neweta Williams.
