YOUR COUNTY SEAT NEWSPAPER

Peoples Store Purchased Monday by Shamrock Firm

Whitehurst & Son Become Owners of Wheeler General Dry Goods Concern

With completion of the transaction on Monday morning of this week, ownership of the Peoples store, Wheeler merchandising establishment, passed from Miss Clarice Holt to Messrs. Whitehurst & Son of Shamrock. The firm, composed of Harry Whitehurst, the father, and son Martin, are not beginners in that line of business nor entire strangers to people of this community. Since 1930 they have been operating men's furnishings stores, principally at Shamrock, where they have met many people over the county.

Immediately after taking possession, the new owners closed the store while a complete invoice of stock was being made, after which the doors were again opened to the public. It will continue in operation under the firm name of Whitehurst & Son.

Resident manager of the store is J. A. Dixon, who has been associated for the past 12 years with the Dodgen Dry Goods store at Shamrock, a general merchandising concern. Dixon was assistant manager at Dodgen's and also had other duties of trust requiring initiative and ability. Upon completion of considerable rearrangement of stocks and other preliminary details at the store, and after he has secured suitable housing accommodations, Dixon plans to move his family to Wheeler. He has a wife, two daughters and two sons.

According to Dixon, a considerable amount of merchandise, consisting of men's furnishings, ready-to-wear and piece goods, will be added to that already in the store, providing sufficient variety and quantity to meet every need of the trade.

The new owners plan to conduct a clean-up sale of merchandise acquired, as well as other items, in preparation for installation of an entire new stock at the earliest possible time. Dates will be announced soon for this sale, which will occur in the near future, probably the latter part of next week.

The consumer public of the county seat's trade territory will no doubt welcome this enterprising firm to the local field, believing its entry will augment Wheeler's shopping facilities and provide additional attractions from a trading standpoint.

Since disposing of the property, Miss Holt has not announced her future plans. For the present she is residing at the home of her parents, Mr. and Mrs. D. E. Holt, taking a well-earned rest. She had operated the Peoples store nearly five years, buying it from the Stone interests in January, 1933.

County Young Couple Married Here Sunday

Miss Bobby Nell Henderson, Kelton, and Mr. G. W. Burrell, jr., Twitty were united in marriage at an impressive ceremony at high noon on August 15. The vows were read by Rev. E. C. Raney in the Methodist parsonage, Wheeler.

The couple was attended by Mr. and Mrs. Ernest Henderson and T. B. Henderson.

The bride was becomingly attired in a fall frock of Wallis blue with a corresponding off-the-face, velvet hat. The costume was completed with black accessories.

Mrs. Burrell is the daughter of Mr. and Mrs. J. W. Henderson and is a graduate of the Kelton high school. She is an accomplished musician and has studied under Virgil O. Stamps of Dallas for two years.

Mr. Burrell is the son of Mr. and Mrs. G. W. Burrell, sr., of Twitty.

Honoring the newlyweds, the bride's parents gave a 6 o'clock dinner at their home with only close relatives and friends attending. Following this, the couple left on their honeymoon for Waco and other East Texas towns.

Mr. and Mrs. Burrell will be at home in Twitty after Sept. 1.

FRIDAY EVENING PARTY FOR MISS CROWDER'S BIRTHDAY

Honoring the eleventh birthday of her daughter, Imogene, Mrs. C. C. Crowder entertained with a party on August 13, for a group of young friends.

Playing games formed pleasant entertainment. Miss Imogene was presented with many lovely gifts.

Refreshments of cake and orangeade were served to: Inetta Maxwell, Ruby Mae Roper, Jack Pope, Janell Crowder, Larue Cole, Geraldine Williams, Emily Lou and Junior Ahler, Kenneth Crowder, Pauline Miller, Mrs. J. T. Crowder and the honoree and hostess.

CROQUET TOURNAMENT ENDED FRIDAY NIGHT

With a lot of good-natured raillery and the prevalent inclination of some players to gleefully chide their opponents upon the results of the croquet tournament which ended Friday night of last week, this reporter approaches the subject with some trepidation.

Boiling down several reports, the following is presented:

Winners of the tournament were Bob Rodgers and Bob Holt. Rodgers and another partner lost one game of the series, while Holt apparently had better partners, not losing a game. Runners-up were Gravy Burgess and A. L. Bean.

The series ran on a two-game elimination basis with drawings each time for pairings.

It is rumored that in the tourney game Holt had to "pick up" his partner, Rodgers, and tide him over a spot of rough going. Yet results of a friendly "grudge" game Wednesday evening of this week might indicate that the jolly blacksmith's erstwhile banker partner needed a "pick-up." Holt and Bean suffered defeat at the hands of Rodgers and Tom Crossland. From the dismal sighs indulged in by one of the losers, another clash is imminent between the two pairs of mallet-wielders.

One of the sad phases of the tournament, it is reported, was complete elimination of that veteran of the game, Bud Burgess, who with his partner, was shut-out in two of the early rounds.

County Teachers at Canyon Have Social

A special news item sent The Times by Miss Hortense Lister, one of the group states that the teachers of Wheeler county now attending West Texas State Teachers college at Canyon enjoyed a watermelon feast at the college farm, Friday, August 13.

Those attending were Mrs. Lola White, and Misses Ruth Caldwell, Naomi King, Arvazine Deering, Bessie Woodring, Novella Whitener, Hortense Lister and Josephine Pool, and Messrs. and Mesdames Ernest Deering, Aubrey Jones and Vinson Younger.

Plans were made to hold a social gathering of Wheeler county teachers once each month during the coming school year. Miss Ruth Caldwell, Mrs. Rachel Jones and Vinson Younger were named on a committee to plan the next meeting, to be held in September.

SOMETHING "FISHY" ABOUT WHAT THE COUNTY AGENT BOUGHT OR CAUGHT

When Jake Tarter, genial county agent, was making preparations last week for a brief vacation, accompanied by his family, at Eagle Nest Lake, New Mexico, he assured associates in his office that the fish he expected to tell about on his return would be "caught" and not "bought." Receipt Tuesday of a postcard, showing the picture of a fine trout and a brief message with Tarter's name attached, has aroused the curiosity of his friends. It's very hard to determine whether the right word is in the right place—both caught and bought appearing in the text. Jake, upon his return, will no doubt be able to explain it all.

BOOKLET RECALLS EVENTS AND NAMES OF PAST WHEELER DAYS

Several interesting facts and a list of names of Wheeler people, past and present, were found in a vest pocket size booklet handed The Times publisher one day last week by W. L. Williams, farmer-stockman living southwest of town. Absence of publication date necessitated a little inquiry to determine the year by the names of county officers appearing in the booklet. Apparently it was issued in 1921 or 1922.

County officers were: L. D. Miller, judge; H. M. Wiley, county clerk; W. B. Wofford, sheriff; L. K. Collingsworth, assessor; Mrs. Julia Rogers, treasurer; D. G. Reynolds, attorney; J. D. Merriman, surveyor.

W. L. Williams was president of the Wheeler County Livestock Breeders association, and G. O. McCrohan, jr. was its secretary. Farm bureau officers were M. M. Craig, president; J. E. Stanley vice president; W. L.

Superintendent

J. L. GILMORE
When school starts August 30, J. L. Gilmore will enter his sixth year as superintendent of the Wheeler schools.

DISMANTLING RIG NEARBY LOCATION

Promoters Fail in Efforts to Get Assistance for Further Exploration

Early this week, workmen began the job of "breaking up" drilling pipe and dismantling rig at the Morgan No. 1, wildcat oil and gas test three miles north of Wheeler.

Drilling was stopped late in June, at a depth of 4,014 feet, when resources became exhausted. Since that time, F. H. Stockton and H. C. Robinson, principal promoters of the project, had made strenuous efforts to obtain additional funds or negotiable concessions that would permit further exploration.

When their labors proved fruitless, there was nothing left to do but salvage as much as possible of the equipment and seek other fields. It is reported that the rig will be moved to Hutchinson county, where a well is to be started early next month.

Suspension of operations at the nearby location brings keen disappointment alike to landowners in the vicinity and residents of Wheeler, all of whom had entertained the customary visions of a possible "gusher" which would bring prosperity and activity to the whole community.

New Assistant Coach for Wheeler Schools

W. J. Murdaugh Is Named Athletic Aide and Will Teach Commercial Work

Announcement was made Monday by Supt. J. L. Gilmore of the Wheeler schools that W. J. Murdaugh of Greenville, Texas, had been named assistant coach to aid Coach Stina Cain in directing athletic activities in the local schools for the coming term. In addition to his duties as assistant coach, Murdaugh will teach commercial work. He has a B. A. degree from Austin college.

The new faculty member has joined Cain and the football boys in training camp at Nocona and will accompany them upon their return to Wheeler. They are expected home the latter part of next week.

A postcard dated Sunday and mailed from Nocona has been received at this office. It reads: "We arrived OK. Got here at 5:30 Saturday. Everyone seems pretty well pleased." The message is signed "Coach," meaning of course, Stina Cain who accompanied the future gridsters to summer camp near Nocona.

Road Department Plans Conservation

Starting Program to Save Soil and Rainfall Alongside State-County Highways

During a visit to Wheeler Tuesday, V. E. St. Clair of Shamrock, district superintendent of highways, announced that the State Highway department of Texas is starting a conservation program designed to directly benefit lands adjacent to state highway rights-of-way and indirectly the highways themselves.

Blanks forms for use in the program ask permission of land-owners "to work in soil and water conservation on private property adjacent to state highway rights-of-way to be done by the State Highway department of Texas." The form further enumerates that work will be for the purpose of conserving soil and moisture and to prevent as much rainfall run-off as is possible and practical by the installation of contours, terraces and such mechanical structures as may be deemed necessary by the highway department's engineers.

Authority is sought to make surveys and to design a system of contour furrows, terraces, dams, etc., which will serve the interests of both parties in the conservation of soil and water. Free access is asked to desired lands by duly authorized representatives of the highway department during the period of operations, said representative agreeing to not damage any fences but to leave them in as good condition when work is finished as when work began.

Land-owners are free to accept or reject the proposition but it is believed that, in view of the benefits to be derived, those in affected areas will gladly co-operate in this conservation and erosion-control program.

Summer Round-Up for First-Year Students

P.-T. A. to Sponsor Free Physical Examination of Youngsters Just Entering School

Through courtesy of W. C. Zirkle, vocational agriculture teacher in the city schools, The Times is able to announce that the Wheeler Parent-Teacher association is providing a free physical examination for children starting to school this year for the first time.

"All parents desiring an examination of their children," states Zirkle "should bring them to the high school building on Monday, August 23, at 10 a. m. It is important that you be there promptly at 10 o'clock."

It is further pointed out that this is an excellent opportunity for a thorough check-up on the condition of those youngsters who are starting their school work for the first time. Proper recommendations will be given for correcting any ailment or disability that may be revealed. Dr. H. E. Nicholson, local physician, will be in charge of the examinations.

YOUNG MAN BREAKS LEG IN FALL FROM HAYLOAD

Clyde Schaub had the misfortune on Friday, August 13, to fracture his left leg in a fall from a load of baled hay on the Johnson farm, five miles northeast of town, where he was employed. In some manner the load started slipping, carrying Schaub to the ground with it. The thigh bone was cracked and splintered just above the knee.

Exact nature of the injury was not known until Sunday night when increasing discomfort made an X-ray appear advisable. Schaub will be unable to work for several weeks.

CITY EQUALIZATION BOARD MEETING ON NEXT TUESDAY

Mayor R. J. Holt has issued notice of a meeting of the board of equalization for the City of Wheeler on next Tuesday, August 24. At that time taxpayers may appear and be heard concerning valuation figures and other property questions.

Some increases have been made in valuations for assessment purposes.

Revival Starts at Mobeetie

The Times has been requested to announce that a two weeks revival meeting will start tomorrow, August 20, at the Church of Christ in Mobeetie. J. N. Cowen will conduct the services, which the general public is cordially invited to attend.

Mrs. R. E. Brazil and children, L'Ombre, Basil and LaNoel of Wetumka, Okla., spent Tuesday night with Mr. and Mrs. Lee Guthrie. They returned Wednesday to Shamrock, where they are visiting Mrs. Brazil's parents, Mr. and Mrs. J. R. Carver, and friends.

Principal

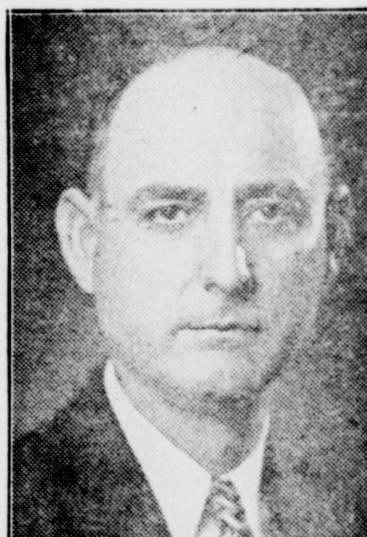

C. B. WITT
With the opening of the 1937-38 school term, C. B. Witt begins his sixth year as principal of the Wheeler schools.

Associate Justice of Amarillo Visits Here

Judge Folley, Court of Civil Appeals, Meets Friends in County Seat

Judge A. J. Folley, associate justice of the court of civil appeals at Amarillo, was a visitor in this city today. Although a new member of that court, Judge Folley has many friends in this county. He was appointed associate justice of that court in May of this year upon the death of Chief Justice R. W. Hall, at which time Judge M. J. R. Jackson was elevated to the office of chief justice.

Judge Folley was reared on a farm in Limestone county, Texas, later moving to Mart in McLennan county, where he was graduated from high school in 1915. He then entered Baylor university at Waco from which institution he received both the A. B. and LL. B. degrees. He was

JUDGE A. J. FOLLEY

a soldier during the World War and has been a member of the American Legion for more than 15 years.

When the 110th Judicial district was created in February, 1929, composed of Briscoe, Dickens, Floyd and Motley counties, Judge Folley, who was then practicing law at Floydada, was appointed as its first district attorney by Governor Dan Moody. Serving as district attorney for six years he was elected district judge of the same district in 1934. During his tenure of office as district attorney and district judge he resided at Floydada in Floyd county.

When the vacancy occurred on the court of civil appeals at Amarillo in May of this year, Judge Folley, through the efforts of his friends and without application on his part, was appointed associate justice of that court by Governor James V. Allred. With his legal training and experience his friends predict for him many years of judicial service for the state.

BAND WILL ATTEMPT ANOTHER FREE CONCERT FRIDAY NIGHT

Somewhat disappointed last Friday night when forced by threatening weather to curtail its concert, Dub Lummus, director of the Wheeler band, declares that another effort will be made tomorrow (Friday) night to present a complete program at the city park bandstand. Only a few numbers had been played Friday night when wind and a light shower compelled discontinuance.

Tomorrow night, mothers of band members and other ladies of the community will have on sale lunches and refreshments for those who, through purchase of these items, will get their money's worth and also assist the band with the funds thus obtained.

City Schools Start On Monday, Aug. 30

Few Changes Found in Faculty One Vacancy Yet to Be Filled

Opening date for the fall and winter term of Wheeler schools was announced this week by Supt. J. L. Gilmore. Starting Monday, August 30, the greater portion of the first two days will be devoted to enrollment and assignment of students to their proper places.

A short program consisting of musical numbers and brief talks, will be given in the auditorium-gymnasium at 9 o'clock Monday morning. Following this, general instructions concerning enrollment are to be outlined.

All high school students are requested to bring a library fee of 50 cents each, which pays for the school year, at the beginning of the term. There will also be a small monthly laboratory fee in connection with the typewriting course in commercial work.

"Statistics show," declared Supt. Gilmore yesterday, "a slightly smaller number of scholastics in the district this year than last. Indications, however, point to practically as large an enrollment as that of a year ago, pupils from additional territory making up the shortage," he concluded.

The superintendent expressed satisfaction with prospects for a highly successful school year, in both academic and athletic fields.

The Faculty

The prospective faculty roster is as follows: J. L. Gilmore, superintendent; C. B. Witt, principal of high school; Stina Cain, principal of grade school and coach; Miss Bernie Addison, English and journalism; Miss Imogene Holbert, English; Miss Winona Adams, social science; Mrs. J. L. Gilmore, public speaking, English, Spanish; W. C. Zirkle, vocational agriculture; Roscoe Morgan, manual training and mathematics; Mal Wynn, public school music; Miss Lois Kirby, science; W. J. Murdaugh, commercial work and assistant coach.

In the grade school department, Mrs. G. O. McCrohan will teach science; Mrs. Allen I. Smith, English; Mrs. C. J. Meek, 4th grade; Mrs. Roscoe Morgan, 4th grade; Mrs. John Hood, 3rd grade; Mrs. C. C. Crowder, 2nd grade; Mrs. Hazel Davidson, high 1st grade, and Mrs. Gordon Phillips, beginners.

One Vacancy Exists

There is one vacancy in the faculty, that of home economics instructor, a position formerly occupied by Mrs. Gordon Whitener, who resigned the place after having been elected and urged to continue for another year.

Five busses will provide transportation, covering practically the same routes as that of last year.

Kelton Schools Plan Opening Next Monday

Co. Supt. B. T. Rucker Principal Speaker on Short Program Starting at 10 a. m.

According to C. C. Brown, superintendent, the Kelton schools will open for the 1937-38 term next Monday, August 23. A short program, starting at 10 o'clock, with B. T. Rucker, county superintendent of schools as the principal speaker, will be given. Several special numbers will be included in the program.

Heavy Enrollment Expected

Immediately following the program, listing of students will begin. Brown states that a heavy enrollment is expected this year, probably exceeding that of 1936-37 by a comfortable margin, possibly reaching 250 or better as against 235 for the last previous term.

Faculty for this year is complete with the exception of one position, recently vacated through resignation.

The present roster is: C. C. Brown, superintendent; G. S. Gandy, agriculture and science; Mrs. John Lewis, English; Mrs. Rex Lovelady, home economics; Rex Lovelady, principal of grades; Mrs. C. C. Brown and Miss Grace Stauffer, primary department.

Grid Squad to Camp

The football squad, numbering 20 prospective contenders for stellar places, left Friday for training camp at Medicine Park, Okla., under supervision of G. S. Gandy, who will coach boys athletics along with his other duties. An extra good year is expected in football by school officials and students, with the schedule showing some strong opponents, several of them being Class B teams.

Opening game of the season will be against Mobeetie Hornets on Friday, Sept. 3, at Mobeetie. Kelton's school busses run exactly as they did last year until changes in routes or schedule are found necessary for improvement of the service.

THURSDAY, AUGUST 19, 1937

THE FARMERS' PROGRAM

Strong indications as to what Hall county and Panhandle farmers think about the government farm program were given at the mass meeting of Panhandle farmers held in Amarillo last week.

Almost all of the 1,500 farmers attending the meeting voted their approval of the "ever normal granary" bill. The resolution voted at the session, read: "We favor a program to provide an ever-normal granary as a matter of public interest, and insist it not be done at the expense of producers."

"In the years of large production, direct control of surpluses must be available and a permanent system of commodity loans be put into effect as a price stabilizer. We further favor positive controlled production."

The bill favored by the Federal Farm Bureau, is well fitted to this section, it seems to us. For the basic purpose of the bill is to give producers a parity of prices and the consumer an ever-normal granary. The bill provides a system of commodity loans and parity payments to help farm prices; storage of normal surpluses by the government to meet years of small crops, and marketing quotas to force farmers to keep un-reasonable surpluses on the farm in years of large crops.

Recommendations on the farm bill made by Marvin Jones of this district, head of the Congressional Agriculture committee, coincide with many views held by farmers of this sector.

The 1938 program should continue the present Soil Conservation act as a basis. It should establish and maintain so far as is practicable parity prices for all farm commodities and parity income for all farmers, as well as to continue soil conservation. It provides an ever-normal granary, warehouse, or storage reserve for the five major non-perishable commodities which are ordinarily produced in surplus quantities.

The measure proposed would provide a graduated scale of soil conservation and benefit payments so that there will be a reduction in payments to large operators. Funds would be provided to search for new uses and new markets for farm commodities and the products thereof, including a research laboratory for each major producing area.

It is generally agreed that farm legislation will not be passed at the current session of Congress, and regional meetings are being held over the country to find out what the farmers want in the new program. And they will likely get, it seems, what the majority want—Memphis Democrat.

The above comment by our neighboring Panhandle editor gets directly to the point. Producers of farm commodities are now getting more consideration than ever before at the hands of the government. Officials and office holders are attempting to make the farm program practical, and are trying to improve it from year to year. Comment and suggestions, either from groups or from personal farmers, are always appreciated and may help to formulate the program. Deaf Smith farmers may well give the matter thought and consideration, then take definite steps by attending community, regional and state meetings. After all, it is a program for farmers and

If the farmers show little interest they can hardly expect producers in other sections to recommend a program which will benefit this locality.—Hereford Brand.

WORDS OF WISDOM

In a farewell statement printed last week following sale of the Quitaque Post, Clement B. McDonald uttered these words of wisdom concerning publication of a weekly newspaper in behalf of the new owner, W. R. Scott, formerly of Olton:

"Mr. and Mrs. Scott come to us very highly recommended and he should make Quitaque a real editor. Mrs. Scott will be actively associated with him in publishing the paper. But the Scotts cannot give you a paper by themselves—it is up to you to co-operate with them in every way—show them you want a paper—and if you want a good live paper—get behind it and push. Remember, a newspaper does not belong solely to the publisher—it belongs to the whole community."

How true every word is. And only through the patronage and fine help of the people of Wheeler and surrounding territory was your publisher able to make The Wheeler Times a truly representative "county seat newspaper." And by and with this same loyalty it is confidently believed that the former standard of achievements may again be reached.

Every little news item, or longer article; every advertisement, large and small; or other favors enables the publisher to produce a newsier and more favorable representative of this community.—The Wheeler Times.

THEY SLOW DOWN BUSINESS

Travelers who return from sales tax states report that the different "funds" in those states have ample money on which to operate, and also this additional fact, that collection of sales tax from buyers slows down business, often as much as half. That is, it takes twice as long to complete a transaction when there is a sales tax to collect.

Perhaps you have been convinced a sales tax is the fair way to collect money to operate a state government. If so, bear with your neighbors who oppose. The sales tax will be just another tax, an additional tax. A tax on your time, for one thing.—Floyd County Hesperian.

The Times concurs fully with the foregoing, especially the nuisance and aggravation of the system where "mills" are used in purchase transactions, whether as a buyer or seller. The writer does not object too seriously to an extra tax as a tax (although it does look like sufficient tax burden already exists). But the strongest objection capable of being put on paper is to the form of payment—the necessity of having or obtaining a batch of "mills" or "washers" for every little, insignificant daily purchase.

If more taxes are imperative, then let them be collected in a manner that will not be a nuisance. It is to be hoped that Texas people will never be subjected to the annoyance of a sales tax system similar to that in Oklahoma and some other states.

MARKED IMPROVEMENT

A Business Week survey shows that business activity averaged 10 per cent higher in the first six months of 1937 than in the same period last year.

Steel production rose 35 per cent; automobile production 12 per cent; residential construction 54 per cent; lumber production 8 per cent; electric power output 13 per cent; factory payrolls 29 per cent and factory employment 13 per cent.

Farm prices rose 18 per cent; construction costs zoomed 13 per cent; and department store prices upped 7 per cent. Stocks averaged 18 per cent higher and bonds 2 per cent higher.

Our Exchanges

Items of interest culled from newspapers on "The Times" exchange list.

After setting the county tax rate at 75 cents on each \$100, members of the commissioners' court Monday sat as an equalization board, and planned valuations on the same scale as last year. Although the county tax rate remains the same as seen in this county in 1936, taxpayers this year may rejoice over a 13-cent reduction in the state tax rate. The state rate has been set at 49 cents per hundred as compared with the 62 cent rate last year.—Hereford Brand.

When the mercury rose to 111 degrees in Perryton Tuesday, this was the hottest city in Texas. Southern Texas cities were all cooler than Perryton, and Galveston was the coolest with a "mere" 88 degree temperature reading. The "shower" Tuesday night cooled off Perryton people, but by 3 o'clock Wednesday afternoon, handkerchiefs were again wiping perspiration from the brows of businessmen and housewives. Only 17 of an inch of rain fell to make the total August precipitation to date 26 of an inch.—Ochiltree County Herald.

A very considerable number of cases of sick and dying horses in Floyd county, from a disease which has many of the symptoms of sleeping sickness or encephalomyelitis, have been reported to B. B. Guley, of Floydada, who said the cases south-west, west and northwest were in considerable numbers. As late as Tuesday night he had not seen any cases further east than Center in this county.—Floyd County Hesperian.

It is a good idea to give everyone the benefit of the doubt, with hope that they can be as charitable with you sometime, sagely observes Editor Landers in the McLean News.

J. P. Spurlock, who resides about four miles east of Swearingen, brought in Cottle county's first bale of cotton Tuesday afternoon. The 520 pound bale was ginned at the Major Gin from 2,102 pounds of picked cotton. Nine hundred pounds of seed were derived from the bale.—Paducah Post.

G. L. Addison, vice president and cashier of the Canadian State Bank, has been appointed deputy collector of the Internal Revenue department, headquarters at Dallas. Addison expects to leave here Sunday for Dallas, to obtain information concerning his new duties, which he will take up shortly. Whether or not he will leave Canadian or make his home elsewhere in the state is not known at this time.—Canadian Record.

Deputy Sheriff Bill Money stopped Elbert Weeks, 26, at midnight Monday and gave him a ticket for speeding on the highway. He was driving an oil truck. Weeks was summoned to appear in the court of Justice of the Peace W. F. Machen tomorrow. Weeks was allowed to proceed, and was found dead Tuesday morning three miles east of Tulia where his truck had crashed into the side of a bridge and the driver, badly crushed, was thrown into the water. Weeks lived at Turkey where the funeral was held yesterday.—Canyon News.

Regular luncheon meeting of the Miami Lions club was held Monday noon at the Survant Hotel. Visitors included Frank Fulfer or Wheeler and Jim Harris of Pampa. Fulfer is manager of the Panhandle Power & Light Co. at Wheeler and Harris is acting as relief manager of the White House Lumber company in Miami. Discussion of installing a lighted football field in Miami was had and Frank Fulfer gave the club considerable data and figures of installing lighting fixtures, etc. Superintendent of schools, M. F. Stephens, also gave a report on the cost of operating a lighted field in other nearby towns.—Miami Chief.

A large group of Clarendon golfers will attend the second annual invitation tournament of the Cole Creek Country club at Shamrock, August 26, 27, 28 and 29. There will be 3 flights of 32 players and more if necessary. No expense has been spared in arranging one of the biggest tournaments ever held in the Panhandle.—Clarendon News.

Children are natural mimics. They act like their parents in spite of every effort to teach them good manners, snorts the White Deer Review.

Glynn Thompson, Memphis fisherman, went the local anglers one better at the Brookhollow Club lake recently by catching two fish with one cast. He hooked two bass on a single drowgac and landed them both. The pair together weighed seven pounds. W. D. Orr, local photographer and fisherman, was with Thompson at the time and took a picture of the rare catch. He has sent the pictures of the catch to Field & Stream and other sports publications.—Memphis Democrat.

What is more disgusting these days

than to hear some pot-bellied politician crowing about helping to put over this social security that "kept the old folks from want?" It's getting so in Texas that no one but an abject pauper can draw a pension. Negroes and Mexicans make up the larger portion of paupers.—Donley County Leader.

They sure do treat CIO organizers and Communists rough down at Dallas. They grabbed off a couple of these organizers in that city the other day and gave them a coat of crude oil and feathers. These organizers may be a little too far south to ply their trade. We would suggest they stop at the Mississippi river and

work east where the foreign element is the thickest. The laboring class of people west of this famous river have ideas of their own and do not need a fellow that speaks in broken English to tell them what to do.—Lockney Beacon.

Regulate your life by the standards you admire when you are at your best.

"I'm sorry, darling, I didn't mean to offend you when I said your biscuits were all right, but that I would rather have City Bakery rolls!"

Just Dots . . .

With a map of Wheeler County and a pencil, The Times could fill the major part of it with tiny dots. They'd be

Just Dots . . .

But each of them would represent a home into which The Times goes as a welcome visitor each week. Many of them would be homes in which it has gone since the paper's first issue.

Just Dots . . .

But their number has increased year by year. Across this map, speckled with circulation dots, the newspaper's influence continues to spread.

Just Dots . . .

But each of them stands for a family to whom some advertiser wishes to talk. Through The Times he can do it more ECONOMICALLY THAN THROUGH ANY OTHER MEDIUM. All he pays is the cost of space he uses . . . no mailing worries, no postage, no uncertainty of coverage through miscellaneous distribution, no extra printing costs. And his message, surrounded by live news matter, will be READ AND RE-READ.

Just Dots . . .

But The Times reaches each of them MORE EFFECTIVELY, CONVENIENTLY, AND AT LESS COST THAN ANY OTHER CHANNEL. This newspaper, through its dots, joins the hand of buyer and seller. Let's talk it over, Mr. Advertiser. The Times is yours to serve, to save you money and to make you money.

FIGHTING EYES...

Eyes that strain and squint, fighting for clear vision, are not efficient eyes. The very effort they exert in piercing "overbrightness" or glare means a drain of vital nervous energy that rightfully belongs to other parts of the body. Such eyes need the protection of neutral, glare reducing lenses like Soft-Lite Lenses.

McCormick-Deering Cream Separator

New owners are delighted when they discover the advantages of owning a McCormick-Deering Cream Separator. Ask some of them. You will find them enthusiastic about its close-skimming, easy-turning, silent operation—its cleanliness—and its fine appearance. You don't know how much you are missing until you see and try the McCormick-Deering yourself. Come in and let us tell you more about this modern necessity for profitable cream production.

We have the approved containers for proper handling and marketing of cream according to all requirements. Also milk pails and other accessories.

At the Churches

Miss Naomi Johnson of Magic City has been visiting her grandmother, Mrs. Ollie Hubbard, and family for several days.

Robert Bowers and son, Kilbourn, Bob Rodgers, J. N. Burgess and John Lewis returned Tuesday night from a three-day fishing trip to Lake Kemp.

Mr. and Mrs. Marvin Cooper and son, David, of Borger came Wednesday night to visit her grandparents, Mr. and Mrs. C. H. Clay, for a few days.

R. L. Moore and his 79-year-old friend and neighbor of Cresson made their annual visit to Wheeler last week. They were guests of the former's brother, J. C. Moore and family.

Mr. and Mrs. Jesse Crowder celebrated their 19th wedding anniversary Wednesday evening, also Mrs. Jeff Cole's birthday, at the Crowder home where elaborate refreshments of white cake, ice cream, punch, candy and watermelon were served to Mr. and Mrs. Jeff Cole and children and the Crowder family.

Mr. and Mrs. Derrall McCluskey of Grand Saline came Monday to visit his parents, Mr. and Mrs. McCluskey at Mobeetie. They will also visit his grandmother, Mrs. K. D. Morris in Wheeler, and other relatives. Howard Nations, who had been visiting his grandparents, Mr. and Mrs. J. C. Nations at Grand Saline for several days, came home with the McCluskey party.

Mr. and Mrs. J. R. Hale and children, Anita, Alford and Orville, left Monday for a week's visit with Mrs. Hale's sisters Mesdames C. E. Collins, W. D. West and brother and A. T. Crump all at Wichita Falls and a sister, Mrs. Boush Ritchey and brother Lavert Crump at Rhyne, Okla. They will return home by way of Cement, Okla., where they will visit Mr. Hale's sister, Mrs. Etta Jones and family.

Mr. and Mrs. J. H. Templeton and daughter, Johnnie Faye, returned Sunday evening from a week's motor trip to New Mexico. They visited Mrs. Templeton's sister and brother, Mrs. Lula Burkham, and W. L. Barnes and their families at Crossroads and a nephew, B. B. Barnes, and wife at Lovington, N. Mex. A friend Miss Lola Lee Lucas, of Albuquerque came home with them to spend two weeks. She will also visit friends in Shamrock.

Movie Chatter

By a Rogue

Born Reckless

For Friday and Saturday patrons of the Rogue will be handed a brand new style of entertainment when Brian Donlevy and Rochelle Hudson make their appearance in "Born Reckless." This picture will take you on one merry whirl of dash and daring exploits. Then, too, there will be a Pete Smith specialty and Our Gang comedy to round out the program.

Maytime

Jeanette MacDonald and Nelson Eddy have made three pictures together. Naughty Marietta was the first. Rose Marie was the second. And now comes their most glorious triumph of all times, Maytime. Anything that we might say here would neither add to nor detract from the picture, so we will just skip it and tell you the dates that it will be shown. Preview Saturday night, August 21, Sunday and Monday August 22-23.

Mountain Music

Bob Burns, Martha Raye and Rufe Davis are coming to the Rogue Wednesday and Thursday August 25-26, in one of the outstanding pictures of the year, Mountain Music. It is an Arkansas Hill Billy picture with plenty of "good old mountain music." It is a picture that no one can afford to miss seeing. And although this picture falls on Buddy Nite, Lee Guthrie states that admission prices will be 10 & 25c, and NOT two for one.

on time to get the first part of the service.

We are making no announcements for the week days.

But we are asking that our officers and teachers, with the members of the Board of Christian Education, begin to think along the work of church school Rally Day, church school promotion, and other features for us during the next weeks.

McMurry college is building a large stadium and the seats are to cost \$3.95, steel, lumber and lights, 1929.

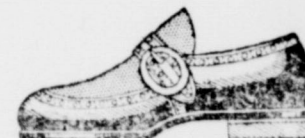

Each one who sends in \$3.95 for a seat will have his name written on his seat. Send your money direct to W. C. Brock of Abilene, or the pastor will be glad to handle it for you.

Though both infest dogs and cats, the cat flea and the dog flea are distinctly different.

Texas factories are employing 93 percent more people in 1937 than in 1933 and 33 percent more than in 1929.

School Footwear

School activities put a heavy strain on girls' and boys' shoes—they must be well built of good materials to stand the hard knocks of flying feet. This store has a good assortment of high grade shoes that will fill the bill—and the cost will be very moderate.

Shoes for Girls and Boys

The time before school opens is growing very short; bring in the youngsters today and let us outfit them with stylish, yet sturdy, shoes that will give long wear and complete satisfaction.

A model of right size to fit any girl or boy—priced right.

Just received—a complete line of new dress and work shoes for men, women and children. The New Fall Prints are here.

Notice! Delinquent Taxpayers Installment Payment Plan

Under a recent law Wheeler county delinquent taxpayers may take advantage of an installment plan of payment to discharge their obligations. First payment of such delinquent taxes can be made only

BETWEEN AUGUST 21 AND SEPTEMBER 1, 1937

Sec. 3 of the statute reads: "All payments received by the assessor-collector of taxes under provisions of this Act shall be due and payable within 20 months from the date of July 1, 1937, such payments being due and payable in 10 equal installments, provided that the first payment of such partial payments shall be made before Sept. 1, 1937.

Sec. 4: If after paying one or more installments, if the delinquent taxpayer pays no further installment or installments for a period of 4 months, all of the remaining installments of said delinquent taxes shall become due and payable, and it will thereupon become the duty of the county attorney or other qualified official to institute suit for collection thereof.

Sec. 5: The assessor-collector of taxes shall accept partial payments made by a taxpayer in any sum, provided, however, that no payment shall be less than \$1.00, and that no partial payment account will be opened for delinquent taxes which total less than \$10.00.

Several other provisions are included in the law, a copy of which may be seen in the tax assessor-collector's office at the court house.

THE PLACE OF RELIGION IN A NATION'S LIFE

Printed Text: Ex. 25:2, 3, 8, 9; 29:43-46; 40:34-38. Lesson scope: Ex. 25:1-40; 29:43-46; 40:1-38. Devotional Reading: Isaiah 2:2-4.

Approach

Our lesson scriptures inform us of the time when God Himself both gave to a nation and led them in their religious and national life. God has not dealt with any nation other than Israel in this way. Paul asserts that "the law is become our school-master to bring us unto Christ, that we might be justified by faith. But now that faith is come we are no longer under a school-master" (Gal. 3:23-25).

I think the fathers of our country had the correct idea when they built upon the foundation principle of ever keeping the church and state separated. The state should not rule the church and, most assuredly, the church must not even attempt to rule the state. Yet, the men of the state should be God-fearing men and must recognize that God has a place in the state and a purpose through it and a work to be accomplished that the church cannot do. The conditions that now prevail in Russia and in Germany are deplorable and such conditions of church and state can arise in any nation only when men forget the true and living God and return to heathenism. When things are in a bad way politically and morally in any nation it is because there are far too many national leaders who do not know God and have no place for Him in the affairs of men. May God grant us wisdom in appointing God fearing leaders of our national life.

THE HEART OF THE LESSON

All God did for and through the people of Israel had a typical significance. In a typical way, more than in any other, "the law was our tutor to bring us to Christ." This phase of our lesson should not be overlooked.

Golden Text

But "now that Christ is come" and we "are no longer under a tutor" (Gal. 3:23-25) does not in any way disprove God's interest in or ruling through the governments of men. Ps. 33:12 states a fact that has been true, both before the law was given and after Christ had come: "Blessed is that nation whose God is the Lord."

The Typical Significance

God had instructed Moses to "build according to the pattern that was showing him in the holy mountain" (Heb. 8:5). Christ and His work may be seen in it all.

The Foundation

Of the tabernacle were "speckets of silver." These were made of the "half shekel" (Ex. 30:12, 13), paid as a "ransom for his soul" (Ex. 30:11-16). So that the tabernacle stood on "redemption ground" even as does the true believer in Christ today.

The Brazen Altar

Where sin was put away (Ex. 40:29; 27:1-8). This is where the first act was performed towards the holy

Mrs. Lamar Roberts and son, Donald Elwin, of Kelton returned home last Thursday after a two days visit with Mrs. John Hood and daughter, Johnette.

Mr. and Mrs. J. W. Hardy and their mother, Mrs. J. M. Beasley of Shamrock were Sunday dinner guests of Mrs. A. J. Beasley and son, Clarence.

Mrs. J. A. Spikes has returned from a two weeks vacation spent at Colorado Springs, Colo. Mr. Spikes visited her Friday and they returned home Sunday night.

Miss Rutha Mae Conner, Miss Dorothy Burgess and Theodore Conner left Monday for Dallas and Fort Worth to attend the exposition. They will return the last of the week.

Mr. and Mrs. A. Lynn of White Deer came Sunday and visited her parents, Mr. and Mrs. Lee Black, until Monday when they took some fruit home with them.

Mr. and Mrs. A. R. Meek, living north of town and daughter, Mrs. C. C. Dyson and children of Mobeetie, visited Friday with their son and brother, Mr. and Mrs. Aaron Meek in Pampa.

Mr. and Mrs. Clarence Holt and son, Larry Jim, and Demaris Holt of Lefors were Monday evening dinner guests of the men's parents, Mr. and Mrs. D. E. Holt, and daughter, Miss Clarice.

Mr. and Mrs. Charlie Carter and two children and her nephew, Duane Bradford, went to Pampa Friday to take Donald Rowe home. He had spent the summer with his grandparents, Mr. and Mrs. Fred Rowe, and other relatives. The Carters returned that night.

Mr. and Mrs. Hazel Crowder and baby have returned home from Lubbock, where he had been working on the Farmers Oil Mill Harry Tolliver is erecting at that place. Mr. Tolliver and Guy Robison brought the Crowders home Saturday night, returning to their work Sunday night.

Mrs. J. N. Green returned Sunday from a six weeks visit with her sons, R. C. Green and family at Turkey and C. N. Green and J. T. Green and their families at Amarillo. The former's daughter, Mrs. John Wood and daughter, Johnette, motored Saturday to Amarillo and brought Mrs. Green home.

of holies. It foreshadows Christ on the Cross. There was no other way into the presence of God. (See Jno. 1:29; I Pet. 2:24).

The Laver of Cleansing

(Ex. 30:18-21) Made of highly polished brass (Ex. 38:8), for the cleansing of the priests before entering the services. This is a type of Christ as the "Word of God" (Jno. 15:3; Eph. 5:26; Tit. 3:5, 6).

The Table of Shewbread

Was the place of fellowship (Ex. 25:23-30). Christ, who is ever in the presence of God for us (Lew. 24:5-9), is the bread of Life (Jno. 6:35) for the believer upon which he must feed.

The Golden Candlesticks

Giving light for those who walk in the presence of God (Ex. 25:31-40). Christ is the "Light of the World" (Jno. 8:12), and also, the "Light that lighteth every man coming into the world" (Jno. 1:9). As the priests walked in the light as they served in the sanctuary, so the true believers walk in Christ, the Light, before God (I Jno. 1:7; Jno. 8:12).

The Golden Altar of Incense

Standing before the veil (Ex. 30:6). "In its materials, gold and acacia wood, it speaks to us of the deity and humanity of our Lord Jesus Christ. The cloud of incense ascending before the veil, typifies the perfections of our Savior's life and His perpetual intercession for us before God" (Heb. 7:25).

The Veil

Was a separation between the Holy Place and the Holy of Holies (Ex. 26:31-37). This could be passed only by the high priest and that just once a year with the blood of atonement (Lev. 16). This is typical of Christ (Heb. 10:19-21). "The veil, that is to say His flesh." And for us to enter into the Holy of Holies, that veil had to be rent (Mat. 27:51).

The Glory Cloud

This "shekinah" stood between the cherubim and over the Ark of Covenant. And because Christ is this to us, we may now "come boldly unto the throne of grace" (Heb. 4:16). And what Glory the Lord has indeed manifested through His grace unto sinners by the sacrifice of His Son for their salvation.

Mr. and Mrs. C. C. Merritt and daughter, Naomi, were Sunday dinner guests of Mrs. J. F. Witt.

Harold Nicholson of Dallas spent the week end with his parents, Dr. and Mrs. H. E. Nicholson, and friends.

Mr. and Mrs. Chester Barrett of Pauls Valley, Okla., were Sunday guests of their cousin, Mrs. J. M. Burgess and family.

Mr. and Mrs. Allen Williams, who live northwest of Mobeetie, were Sunday dinner guests of his parents, Mr. and Mrs. J. W. Williams and they all spent the afternoon with a brother and son, Aaron Williams and family.

Mr. and Mrs. Robt. Bowers and son, Kilbourn returned Friday from a week's motor trip to the Pan-American exposition. They also visited their daughter and husband, Mr. and Mrs. L. F. Johnson, at Trinidad, Texas.

"THE REST OF THE RECORD"

By JAMES V. ALLRED Governor of Texas

Mexico City, August 14, 1937. By the time you read this, we will be back in Texas and, notwithstanding the wonderful privilege it has been to visit Mexico, we will be happy to be back home. We are particularly anxious to see little David, our second son, and baby Sam Houston.

It is difficult for us to realize that it is so hot in Texas. Mexico City is 7,500 feet high and the weather is ideal. They tell us it is this way the year round—little cooler in winter than in summer. It was a little chilly for us at first—believe it or not, we asked for a fire at lunch; now however, we are accustomed to it and the weather is lovely. Occasionally when the mountain tops are clear of clouds, we can see two snow capped volcano peaks in the distance.

Although Ambassador Josephus Daniels is in Europe, he wired his assistants here to insist upon our staying at the American embassy. So here we are—and we have never been privileged to stay at a lovelier place. Our own government officials have been almost as marvelous to us as those of the Mexican government.

Last week I told you how hospitable these people had been to us in the early stages of our visit; this hospitality has increased in warmth at every stage. We have been entertained by seven governors in as many state capitols, and by officers in the president's cabinet here in Mexico. It clearly demonstrates that these people believe in the Good Neighbor policy inaugurated by President Roosevelt.

President Cardenas of Mexico is absent from the capitol. He is in the state of Yucatan, which is the most southern Mexican state, working on agrarian, or agricultural problems. He sent us a warm telegram of welcome, then commissioned the governor of this federal district to call on us officially as his representative. Mrs. Allred is visiting the president's wife today. Everywhere these people seem to realize that they have more in common with Texas than perhaps any other state; I think if we take the same position, it can only result in more business and better relations for all of us.

It would be impossible in this short space to even refer to all the interesting places we have seen on this trip. I really believe we could spend a month right here in Mexico City and not see half of all we should see. The old churches or cathedrals, the palaces, the public buildings, the theatres, the gardens, the parks, the flowers, the schools, the public markets—the people. It is the people who most interest me. They are picturesque with their music everywhere, their arts, their dress which has changed but little for centuries, yet all this maintained alongside a twentieth century civilization of modern highways, railroads, hotels, tourist camps and conveniences of every kind. We have driven over highways as well constructed and maintained as any in Texas, yet in fields adjoining they still plow with oxen; and peons trudge alongside the roads plying whips over the backs of burros loaded with wood or cargoes larger than the beasts themselves.

The history of Mexico is as interesting as that of any other nation. The struggles of the people for liberty and freedom have been just as brave, if not braver, than our own. It has been such a privilege to us to journey over the very ground traveled by Cortez, the Spanish Conqueror, hundreds of years ago; to see the palaces and the churches he built. One of the most inspiring and stupendous things we have seen was driving over the mountains to Puebla, looking out upon a valley where Cortez built a church for everyday of the church year—260 of them, beautiful, massive things of stone with shining burnished domes; one built on top of a pyramid.

I shan't tell you of the bull fight they staged for us. I am glad that I saw one—in fact, I enjoyed it, but I can't say that I want to see one

again. One of the nicest entertainments given us was yesterday at the department of communications. First, of course, a nice luncheon; then young ladies who worked in the department paraded before us dressed in the colorful native costumes of each of the 28 Mexican states. Then they entertained with music, songs and dances. It was better than a professional show since those who played the parts actually came from the states they represented.

We have met lots of people here from Texas. I hope more will be able to come in the future. We were particularly happy to find the Cowboy band from Hardin-Simmons college at Abilene playing at one of the local theatres. They are also going to play at a reception given us here at the embassy tomorrow.

We will, of course, be back in time to vote at the election Monday, August 23. Six constitutional amendments are to be voted on. All of them are important, and I hope my friends will vote for them. I am particularly interested in seeing the one adopted which will authorize the legislature to provide payment of county officers by either salaries or fees. The present salary system has not worked as satisfactorily as the old fee system. It costs the taxpay-

ers of the state as a whole 70 percent more—and I'm interested in trying to save that money!

Resolution Demands Action On Farm Bill

County Agricultural Association Endorses Fair Price Farm Bill

Membership of the Wheeler County Agricultural association has gone on record as endorsing a resolution calling on congress to pass, at this session, house bill No. 7577, known as the fair price farm bill, according to the chairman of the organization.

The resolution as drafted by the state agricultural association and adopted by the county farm group is as follows:

"Resolved: That the farmers of Texas fail to understand why the congress will not adopt at the present session house bill No. 7577, the fair price farm bill, and we are bitterly disappointed in statements appearing in the press from Texas congressmen that congress may adjourn without any farm law. 50,000 bales of cotton per day are now being marketed in Texas and these adjournment statements are in utter disregard of the farmers' interests, and are ruinous to the price of cotton.

"This bill meets the approval of the president, the secretary of agriculture and the overwhelming majority of our farmers. It is the first proposal tending to secure a fair and stable price for farm products as compared to prices farmers are required to pay. The congress delayed five months before defeating the court bill and has taken up wages and hours for labor, housing and slum clearance for cities, and laws on the length of freight trains and we are dismayed that congress may not act until next January on this farm bill which was prepared last February and introduced some months ago.

"Waiting until January 1938 to enact farm laws will cause immeasurable damage to the farmer.

able confusion to the six million farmers, some of whom will by then have made 1938 plans and started crops. The secretary of agriculture will have no proper time to prepare regulations and the farmers no time to understand the law or regulations.

"Industry, through the protective tariff, has for more than 100 years enjoyed a thinly disguised subsidy, and this proposed law will bring to farmers governmental benefits to equalize this long continued discrimination, and in a measure correct this inequality. A parity price for cotton now is 17 cents and not 10.5 cents, the prevailing price. The increase in farm tenancy will be checked by fair prices for farm products.

"The existing soil conservation law is not effective to either prevent an unmarketable crop surplus or to maintain a fair price for cotton. The price of cotton has recently declined nearly 3 cents, already bringing a \$70,000,000 loss to farmers, and is still falling; some cotton being now sold as low as 8 1/2 cents. Should congress adjourn with no farm bill to sustain the price of cotton our farmers will incur untold loss and misfortune. No Texas member of congress can have a more important mission than to act now on this farm bill; and failure to act may be little short of dereliction of duty.

"We therefore bring to the attention of our officials the seriousness of the present situation and imperative necessity for immediate action and call upon all Texas members of congress to vigorously work for this bill and urge that they resist every suggestion to adjourn congress until favorable action is had."

Wheeler County Girl Weds Amarillo Youth

Miss Modelle Beasley of Amarillo, daughter of Mr. and Mrs. C. E. Beasley of this county, and Clarence Armstrong, also of Amarillo, were united in marriage on Friday, August 13.

Rev. Herbert Thompson, pastor of an Amarillo Methodist church, read the ceremony at the parsonage in the presence of a few friends and relatives of the bride and groom.

The bride wore an attractive frock of navy blue and white tulle with matching accessories.

Present at the wedding were Mrs. Bessie Beasley, mother of the bride, and son, De Roy, and Mrs. J. D. Holland, an aunt of the bride, all of Shamrock; Mr. and Mrs. C. O. Armstrong, parents of the groom, and his aunt, Mrs. Weaver, Frank Denton, Fred Kelly, Mr. Calloway, Mrs. C. M. Blake and Miss Leona Christopher, all of Amarillo, and Mrs. C. B. Kelly of Bayfield, Colo.

Mr. and Mrs. Armstrong left immediately after the ceremony for Eagle Pass, N. Mex., and Colorado points, where they will spend two weeks.

Mrs. Armstrong attended Shamrock schools and graduated from the McLean high school in 1935. Since making her home in Amarillo, she has been employed with the United Drug Co.

The groom is associated with the Nunn Electric Co. in Amarillo, where the couple will make their home.

MELTON GETS CHEVROLET CARRYALL FROM FACTORY

Since his return last week from the branch assembling station of the Chevrolet Motor Car company at Kansas City, B. A. Melton has been showing a new model vehicle which he brought back for transporting pupils to and from Mt. Pleasant school, near Claude, where Mr. and Mrs. Melton will teach again this year.

Named a carryall, the model has a capacity of eight passengers, and is constructed along the lines of a sedan with longer wheelbase than the ordinary pleasure car. The seats are easily removable, affording space for hauling various items when not used for passengers.

The Meltons school starts Monday, August 30.

WASHINGTON VISITORS START HOME WEDNESDAY

Mr. and Mrs. Wendell Meek of Washington, D. C., who have spent two weeks here with their parents, Mr. and Mrs. C. J. Meek and son, Joe Field, left for Abilene Wednesday to visit relatives for a few days. Proceeding homeward, they will stop over at San Antonio. Meek is employed as clerk in the agricultural department at Washington.

Mrs. C. J. Meek and Joe Field accompanied them to Abilene to visit her sister, Mrs. J. T. Dearen, and family. C. J. Meek will join the wife and son there Monday and accompany them home.

LOCAL FIRM INTRODUCES SENSATIONAL LUBRICANT

Tru-lube, a new lubricating oil described as the most startling development that has ever occurred in motor lubrication, is being introduced here by the Wheeler Auto Supply & Electric company. The new product is said to remove carbon from pistons, rings, valves and spark plugs without disturbing the mechanism in the least.

"It has more than three times the protective film strength, and is fully guaranteed," asserted Harold Nash, member of the local firm.

E.; Mrs. Cecil Denson and children, Mary Bob and Robert Monroe, and Miss Parilee Clay and Mrs. Clay.

CROWDER FAMILY TO VISIT FORMER HOME IN KENTUCKY

Mr. and Mrs. J. T. Crowder, son and daughter, Malcolm and Mrs. V. B. Hubbard and two children, Edwin and Patricia Ann, left today on a two weeks tour of Kentucky, Tennessee and Ohio.

Mrs. Crowder left Owenburg, Ky., when a child and this is her first trip back. They will visit her brother, Joe Robertson, and family at the old home and another brother, Will Robertson, at Boonertown, Ohio.

They will also visit Mr. Crowder's brother, J. L. Crowder, and family near Lafayette, Ky., and many other relatives and friends.

ENTERTAIN SCHOOL FRIENDS AS WEEK END HOUSE GUESTS

Misses Anna Mae Puett and Betty Finsterwald entertained a group of college friends as house guests over the week end. They were Misses Theo Merrill and Alice Adkisson, Aberrnathy; Louise Buntin, Plainview and Edith Barnett, Tyrone, Okla., and Messrs. Thomas Johnson, Earl Crow, Steve Throne, Shelton Hardin and Weldin Nunn of Aberrnathy and Dewey Johnson, a student at Canyon.

Miss Orveta Puett and Wallace Pendleton assisted the hostesses Sunday.

VanSickle Infant Dies Tuesday

Keith VanSickle, infant son of Mr. and Mrs. Herman VanSickle, died Tuesday at a Pampa hospital. Survivors are his parents, a twin brother, Kenneth, and another brother, Herman Ray.

Funeral services were conducted Tuesday evening, with burial in the Fairview cemetery at Pampa.

Those attending from Wheeler were his grandparents, Mr. and Mrs. J. D. Merriman, and daughter, Miss Florence.

Former Wheeler Man Writes From Nevada

From his present location at Pioche, Nevada, Clyde Derryberry, former resident, writes Wheeler friends that he is bookkeeper for the Bond Lumber company at that place and is doing very well. H. M. Wiley, by whom Derryberry was employed, received a newsy personal letter at the same time that his subscription to The Wheeler Times was sent in by the Nevada man.

Cooper Family Leaves Wheeler

W. H. (Bill) Cooper, employe of the local Panhandle Power & Light company office for the past nine years, has been transferred to Borger, where he takes a position in the overhead department at a substantial advance in salary. The family plans to move over the week end.

Watson Burgess, who has been employed in the Borger office, will take Cooper's place here.

Neighbor Boy In Movies

Rufe Davis, the mouth contortionist who plays an important part with Bob Burns and Martha Raye in "Mountain Music," a movie at the Rogue theatre next week, is practically home folks to a number of people in this part of the country. Davis was reared just over the line in Oklahoma, and his rapid advance in the movies is being proclaimed.

New Awning at Green & Sons

Finally succumbing to the ravages of time and elements, the stationary wooden awning in front of the Moore building, west side of the square, had to be torn down this week preparatory to erection of a new one. The building is occupied by J. P. Green & Sons hardware.

CARD OF THANKS

We wish to express our appreciation to the many friends for their kindness during the brief illness and after the death of our husband and father, M. V. Sanders.

The Family.

Mrs. A. C. Mitchell returned Wednesday from Pampa, where she was called Saturday to the bedside of her daughter, Mrs. Percy Rowe, who was ill, but was improving nicely according to last reports.
