Allison Basketball Girls to National Tournament

Rambettes to Seek New Victory Fields

Squad Goes to Wichita, Kans., Next Week for Try at National A. A. U. Title

ARE STATE CHAMPS

Triumph Over Strong High School Sextets in Hoop Battle at Greenville

Fresh from their smashing victory last week end at Greenville, where they met and defeated the best girls high school basketball teams of Texas, the Allison state champions go next week to Wichita, Kans., to enter the National A. A. U. tournament in search of new fields to conquer.

Dates of the Kansas event are March 21-26.

In that tournament the Panhandle girls will meet the best there is in girls basketball teams and have a chance to show their mettle to the fullest extent. Entries include feminine hoop artists representing high schools and colleges, as well as independent teams sponsored by commercial organizations and corporations.

Entries are limited to only 32 teams of the nation, who are admitted by invitation based on records and achievements. Therefore, it is apparent that the Texas state champions, representing their fine little village of Allison, Wheeler county, the Panhandle and the Lone Star state, were accorded no small distinction when invited to participate.

According to John Peeples, superintendent of the Allison school and coach of the Rambettes, the Wichita tourney brackets were filled except for one place, to be awarded a team of outstanding merit. He and his team appreciate the honor shown them and realize, to some extent at least, the class of basketball they will encounter.

However, they are entering with a determination to give their best and strive to place high if not at the top of the heap.

Peeples plans to take with him to Wichita the following players: Ruth Richardson, Oleta Jones, Ruth Jones, Virginia Mae Wright, Virginia Dillon, Ruth Garner, Bonnie Brown and Faye Hayes.

Those who went to Greenville included the foregoing eight girls and Edith Hamilton and Rosetta Keese.

What Happened at Greenville
Meeting the Bonham High Schoolers in the first round of the Greenville tournament, on Wednesday, Allison won a decisive victory, 34 to 8. Playing three quarters, Oleta Jones took high scoring honors with 13 points and Bonnie Brown tallied 11 points.

Their next victims were the Cumby sextet, who went down under the crushing defeat of 36 to 8. Jones was again high point with 20 counters.

On Friday, in the semi-finals, Allison triumphed over Bailey 22 to 13. Oleta Jones made 11 points, Brown 4, Garner 3, Wright 1, Dillon 2 and Hayes 1.

On Saturday afternoon Allison met the Celeste squad and took revenge to the tune of 20 to 14 to enter the championship that night, when they smothered Miller Grove 22 to 7 and copped the title. In the championship tilt, Oleta Jones tallied 13 counters, Brown 6, Dillon 2 and Ruth Jones 1.

The Wheeler county team's victory over Celeste was extra pleasing to them because they had lost a pre-tournament practice game to the Celestials by only one point margin. In the tourney battle Oleta Jones accounted for 18 of the 20 points, Bonnie Brown making the other two.

What About Wichita?
Greenville's victory is now history. But what of the national contest at Wichita? How far will the Allison girls go in that series of hoop battles?

They will enter each game with the positive assurance that friends of their home community, of Wheeler county and the entire Panhandle are interested in the outcome and hope for success.

Boy Scout Executive Coming

Beer Election Dated Saturday, April 2nd

Commissioners Court Grants Order Monday Calling a County-Wide Referendum

Complying with the statutes governing such matters, the Wheeler County Commissioners court on Monday ordered a county-wide special election for Saturday, April 2, to again decide the question of legal sale of beer in Wheeler county.

Presentation of a petition containing 444 names, considerably more than the requisite number to obtain the election, was made to the court by Mrs. O. T. Glasscock and Mrs. L. E. Clay, both of Shamrock. Ten per cent of qualified county voters being 272, the petition carried an ample margin. Action is mandatory in instances of this kind, yet the court can voluntarily call a referendum election at its will and pleasure.

Regulations specify that a special election of this nature must be dated not less than 10 days nor more than 20 days after the date of the order, hence April 2 is near the maximum period allowed.

The election will be county-wide and every qualified voter entitled to cast a ballot.

Sale of beer in Wheeler county was legalized in a special election held on June 23, 1934.

DISTRICT OFFICIALS VISIT LIONS CLUB HERE TUESDAY

Wheeler Lions club was host to several visitors at its Tuesday's luncheon, including Arthur Teed, district deputy and secretary of Group 3 of District 2T; C. O. Green, group chairman; Creede Bogan, president of the McLean club and Boyd Meador, past-president of that club. The men were here to assist with preliminary arrangements for the group meeting here some time in April.

Local committee named for the meeting includes Harry Wofford, Frank Fuller and C. J. Meek.

Another guest was Mr. Morgan, shelterbelt supervisor, who gave a comprehensive and interesting report on his work in this region. W. O. Puett, H. J. Garrison and C. G. Miller were named to confer and work with Morgan in northern Wheeler county.

Agricultural Heads Named

At a meeting of the local unit of the county agricultural association, held at the court house here Friday night, J. A. Bryant was elected chairman of the group and George Lamb, secretary.

Lamb was also named county community committee member, replacing Arthur Whitener, who was disqualified for that position when he entered the race, some time ago, for county commissioner in precinct No. 2.

Birthday Surprise

R. E. Errington was pleasantly surprised Wednesday evening, March 16, when his children prepared a dinner in honor of his 68th birthday.

Present were Mr. and Mrs. J. T. Wallas and children, Mr. and Mrs. R. E. Errington, jr., and son, Mrs. Bill Wallas and baby, Miss Jessie Errington, Mrs. Oneal Jones, Ross Errington and Carl Douglas Scott.

Fog Lifts Slightly on Lions' Minstrel

Tuesday Evening, March 29, is Date Announced for Local Civic Club Entertainment

Although strict secrecy conceals the nature of entertainment planned for the Wheeler Lions' club minstrel show, a tiny rift appeared this week along the edges of the mysterious curtain behind which Lions Taft Holloway and Raymon Holt are operating as sponsors of the proposed entertainment. The brief tilt of the lid revealed that Tuesday evening, March 29, is the date for presentation of this classic which is expected to surpass anything of its kind ever seen hereabouts.

Messrs. Holt and Holloway have also stated that next Monday evening, at the gymnasium, a preliminary rehearsal will be held. Every member of the club is forewarned of a stiff penalty should he fail to attend the rehearsal.

Furthermore, it has been duly ordered that any Lion who fails to participate in some capacity connected with the minstrel show shall be fined the sum of \$5.00, said cash to be deposited in the treasury of the club for the purpose of financing the eastern Panhandle Lions clubs group meeting at Wheeler some time in April, for which object the minstrel is being staged.

An unconfirmed rumor hints that in an effort to enliven the minstrel, Dr. V. N. Hall might give a male impersonation of Edna Mae Oliver, while Harry Wofford and Dick Craig enter a contest for the Clark Gable of the shinnery thickets.

TOM BRITT NAMED COUNTY HEAD OF WILDLIFE PROGRAM

Efforts of the Texas Wildlife Federation, an organization designed for the purpose of conserving wild game of all kinds, reaches a climax in National Wildlife Restoration week, beginning next Sunday, March 20. Tom Britt, Wheeler, is county chairman for furtherance of the program in this region.

He has received a quantity of picture stamps, similar to Red Cross and other seals, calling attention to the concerted effort of thinking people to conserve the remaining stocks of fish and game for present and future generations.

Stamps sell at 1c each and may be obtained at either of the drug stores, either hardware store or at the Citizen State bank.

Mrs. Pete Greenhouse of Briscoe is quite ill this week at her home.

Big Majority Given Cotton Market Plan

Wheeler County Producers Favor Quota, 1,003 to 81, at Polls Saturday

Balloting at 11 polling places Saturday, Wheeler county cotton producers scored an overwhelming majority in favor of the proposed marketing quota for the 1938 crop. This is according to a report prepared by P. L. Ramsey, chairman of the Wheeler County Agricultural Conservation committee, and made public Tuesday.

In a total of 1,090 ballots cast the following division is found: 1,003 for the plan, 81 against, three challenged and three mutilated. Tabulations by polling places are:

Community	Yes	No
Allison	40	7
Bethel	53	3
Briscoe	47	12
Heald	51	3
Kelton	54	4
Magic City	37	9
McBee	70	1
Mobeetie	156	11
Shamrock	171	11
Twitty	122	1
Wheeler	201	19
TOTALS	1,003	81

"Producers of the county have shown a second time by their votes that they are in favor of marketing quotas," observed Jake Tarter, county agent, as he recalled the strong endorsement given in 1935 to control measures invoked through the Bankhead referendum. "The majority was just a little better for the cotton marketing quota last Saturday than on the Bankhead referendum," he concluded.

Farm leaders throughout the county are said to be highly pleased with the favorable expression of Wheeler county producers as found in the recent election.

While official figures are not as yet available, it is known that both this state and the entire cotton growing area of the nation registered a definite endorsement of the marketing quota in Saturday's balloting.

MOTHER OF LOCAL LADY TO HOSPITAL FOR DIAGNOSIS

Mrs. John Breedlove of Wellington, seriously ill for several weeks, was taken last week to the hospital at Temple for medical examination. She was accompanied by Mr. Breedlove and a daughter, Mrs. Melvin Howe of Wheeler, who was visiting there at the time.

Following a thorough examination her affliction was pronounced heart trouble aggravated by high blood pressure. Mrs. Breedlove and husband went to Belton to spend two weeks with her aunt, Mrs. Ida Batte, to see if her health improved there.

Mrs. Howe and daughter, Mona, returned home Tuesday, Mr. Howe meeting them at Childress.

This arrival consisted of 353 checks, totaling \$59,566.00. Of this sum approximately \$15,000.00 is range payments, states B. A. Zorns, treasurer, to whom the parcels are sent for distribution to farmers and ranchers of the county.

Local Boxers Defeat Erick Wednesday Eve

Dual Fistic Meet Here Results in Six to Three Victory for Wheeler Battlers

The Wheeler boxing team won a dual meet over the Erick, Okla., pugilists in the local gym Wednesday night. Erick, coached by Bob Clark, former athletic director and head grid mentor here, won three bouts and the Wheeler boys, coached by Stina Cain, won six.

Two exhibitions were fought at the opening of the card by four Wheeler boys. Pendleton and Markham fought to a draw in the first fight, in the 80-pound division. Taylor and Johnson, weighing 120 each, drew the next bout.

"Little" Weeks started off for Wheeler by dropping a decision to Ward of Erick, a shifty redhead who took two of the three rounds for the decision. Stockdale of Erick won a decision over Staly of Wheeler in the second bout.

Wheeler leather-slingers won their first fight when Kenneth Young decided Wells from Erick in the 90-pound class. Ward of Erick decided Elnos Hall of Wheeler in the sixth fight.

A Nations brought the wins to two when he won the nod over Lough of Erick.

Herbert "Tutor" Tillman, weighing 115, fought Flannigan, 120 pounds, in the eighth fight. Tillman was given the decision. Homer Jones, plucky 125-pounder of Wheeler, won a decision over Morgan of Erick in the ninth fight. Morgan, an A. A. U. entry at the Pampa tourney, won one round of the three.

Clifford Young fought one of his best fights of the year to take the cake from Casdorff of Erick in the 135-pound class.

"Killer" Compton, 175-pounder, won a decision over Brock of Erick in the main event of the evening. Although Brock went to the state in wrestling he could not withstand the wallops dealt by Compton.

Assistant Coach W. J. Murdaugh of Wheeler acted as third man in the ring.

County Has Most 4-H Club Boys, Amarillo

Keen satisfaction is expressed by W. B. Hooser, assistant county agent and boys 4-H club leader, at the splendid attendance of club boys in Amarillo last Wednesday for the mother-in-law parade in connection with the Fat Stock show.

"Wheeler county had twice as many club boys in the parade as any other county," declares Hooser, who says more than 250 were in Amarillo, with about half that number arriving too late for the parade.

While there the boys attended the stock show and inspected 4-H club entries of pigs, calves and sheep. The boys all appeared to have an enjoyable time, states Hooser.

Assisting as sponsors, who had their hands full, were Messrs. Milsap, Bethel; Kavanaugh, Plainview; Baird, Mobeetie; Phillips, Magic City, and Abernethy, Allison.

Placings in stock judging by local boys are not available at this time. However, the following Wheeler county clubsters sold offerings at good prices: Godfrey Cadra, Milam Martel and Price Moore, Shamrock, and Charles Bartram, Mobeetie.

Miss Rosa Byrd, former manager of the Vogue, has accepted a position with the Vanity Beauty shop in Shamrock and started to work Monday. Mrs. Mildred Wofford will assist Miss Beck with the work when needed.

THAT "GENERAL FEELING"

If you are inclined to wonder why a "general feeling" of uncertainty and worry as to the future is constantly spreading among business men and investors—with the result that employment is declining, commercial expansion is virtually non-existent, and the new security market is dead—a recent statement by Robertson Griswold, vice president of the Maryland Trust company, will help clear your thinking.

Griswold said: "Shall those of us who have the final say in trust investments buy railroad bonds, in spite of the threat of wholesale reorganizations and the scaling-down of fixed charges? Shall we buy utility bonds when the government is free to lend money to municipalities to compete with local operating companies on a red-ink basis, with the taxpayers holding the bag? Shall we purchase industrial bonds and take a chance on the obligor corporation being legislated out of business by hour-and-wage regulations or by drastic methods of taxation? Shall we buy stocks and face possible litigation if we don't get out at the right time? Or shall we confine ourselves to government bonds and pray for a cessation of budget deficits?"

How would you answer these questions, if you were charged with the responsibility of safely and profitably investing the funds of others—funds that in many cases represent lifetime savings or insurance money left to loved ones? The chances are that you'd be in the same predicament as Griswold and thousands of other business and persons—fearful and uncertain.

The big thing in the industrial picture today isn't the industrial indices and supply and demand. It is politics—and a highly unstable and disturbing form of politics that makes it impossible for any man to know what is going to happen next. This is the cause of that "general feeling" which has inevitably produced depression.

YOU CAN'T HAVE YOUR CAKE—

The government-owned hydro-electric project at Bonneville is ready to sell its juice. The Portland General Electric company is the one big prospective buyer to date. It is ready to distribute Bonneville power to the public and pass on to consumers all resulting savings, according to Franklin T. Griffith, president of the company. Griffith said his company had stopped work on private hydro-electric expansion.

The government investment at Bonneville is tax-free. This means that millions of dollars which private companies would have expended to furnish power as needed, will not be on the tax rolls. Griffith questioned the soundness of tax-exempt power districts, and said that the taking of property from the tax roll never had been known to decrease the amount of taxes needed for government.

He also called attention to the fact that an investigation by the Federal Power commission had shown Oregon, Washington and Idaho as having the lowest electric rates in the country, and Portland as one of the five cities having the lowest domestic rates. "I have found no case," he said, "in which the rates fixed for rural service in a federally-financed project are within speaking distance of rural electric rates available to farmers in counties we served at all times during the last 10 years."

DEBT PAYMENTS IMPORTANT

Small business men, so called, have been in the limelight recently, having at this late date been recognized as "the neglected man" in the government assistance projects. Many such men have just barely survived the great ordeal and it seems that of all the things such men should do now is, first of all, to "pay off debts they owe as rapidly as possible."

Any profits made in the immediate future which they cannot use in their own business is to buy out other stockholders as Henry Ford did several years ago.

To a salaried person who has a surplus it would be wise to invest in a home if he is reasonably sure of his position, for the man who owns the home or probably collected rent or interest from him, even at times when the wife and children were in sore need of shoes.

If your business or your job looked after you through the bleakest days of the depression, then in Heaven's name, take care of your business or job in the years ahead. Let others make the big money that tempts you in real estate and stock market speculation, in wildcat specialties, and in green pastures that you have never seen.

SIX FAMOUS WORDS

"To be or not to be." Outside the Bible these six words are the most famous in all the literature of the world. They were spoken by Hamlet when he was thinking aloud, and they are the most famous words in Shakespeare because Hamlet was speaking not only for himself, but for every thinking man and woman.

"To be or not to be—to live or not to live; to live richly and abundantly and eagerly or to live dully and meanly and scarcely." A philosopher once wanted to know whether he was alive or not, which is a good question for every one to put to himself occasionally. He learned it by saying: "I think, therefore, I am."

To live abundantly means simply to increase the range and intensity of our relation. Fortunately we are so constituted that we get to love our routine. But apart from our regular occupation how much alive are we? If you are interested only in your regular occupation, you are alive only to that extent. So far as other things are concerned—poetry and prose, music, pictures, sports, unselfish friendships, politics, international affairs—you are dead.

It is true that every time you acquire a new interest—even more, a new accomplishment—you increase your power of life. No one who is deeply interested in a large variety of subjects can remain unhappy. The real pessimist is the person who has lost interest.

Bacon said that a man dies as often as he loses a friend. But we gain new life by new contacts, new friends.

Where your thoughts are, there will be your life also. If your thoughts are confined only to your business or school work, only to your physical welfare, only to your very narrow circle of friends, you live a narrow, circumscribed life.

To be or not to be—to live intensely and richly or merely to exist—that depends on ourselves. Let us widen and intensify our thoughts while we live. Let us live!—Readers Digest.

"I want a shave," said the sergeant as he climbed into the barber's chair. "No haircut, no shampoo, no rum, witch hazel, hair tonic, hot towels, or face massage. I don't want the manicurist to work on me, nor the boot-black to handle my feet. I don't want to be brushed down, and I'll put on my coat myself. I just want a plain shave, with no trimmings. Understand that?"

"Yes, sir," said the barber quietly. "Lather sir."—Donley County Leader.

Extension of emergency drought freight rates on livestock feed for two months to 15 counties in the Panhandle has been announced by Ernest O. Thompson, Railroad Commissioner. Counties involved in the rate extension are Carson, Dallam, Gray, Hansford, Hemphill, Hutchinson, Lipscomb, Moore, Oldham, Ochiltree, Potter, Randall, Roberts and Sherman.—Panhandle Herald.

A run-away is being staged by the Floyd county wheat crop. While amazed farmers look on the wheat in hundreds of fields is jointing and forming heads, the weather stays warm and spring-like, rains fall and the wheat gets ranker and ranker. Meanwhile a look at the calendar tells the story of the seasons. It is 11 days until the first day of spring, and 37 days until Easter. How many freezes and how severe will they be in the period? That is the question.—Floyd County Hesperian.

I must be in bad standing with the powers that be over at Shamrock. They passed right through Wellington and went over to Childress and made both of the editors over there members of the Donegal club. This was done to advertise their big celebration on March 17, but the thing I notice is that they didn't ask me to be a Donegal. I guess it is just as well. If I had grown the best beard and won the prize, they would have become jealous and divided the district. The next year I would have had to compete with half of my face growing a beard and half clean shaven. At least that is the way they seem to think the football rules ought to be.—Deck Wells in the Wellington Leader.

More people are becoming convinced every day of the folly of the one-crop policy that has darned near wrecked this fine Southwest. The trend is back to the good old "cow, sow and hen" program that really built this particular area into a prosperous agricultural empire only to be blasted to smithereens by the wheat gamblers. The men who have stayed on their farms and followed the sound, conservative "cow, sow and hen" plan have made money even through these past few adverse years of drought.—Ochiltree County Herald.

There's No Comfort Like Eye Comfort

There is no finer joy than the joy of a good book and the comfort of good vision. Unfortunately we take the miracle of vision so much for granted that we give little thought to our eyes—till they need help. Eyes wear out, like other muscles, and for perfect vision should have perfect care. Protect your precious birthright—have your eyes examined regularly.

Poem of the Week
By HANNAH FAYE RILEY
I hope that I shall never look Inside another English book. There is no pleasure there for me, And I don't think there ever will be. That old book is as dry as dust, But read it here at school I must. Poems and essays have no charm, For my poor brain they surely harm. For English we spend most our time, Trying to make a poem rhyme. Poems are made by fools that look Inside that good old English book.

Facts Are Stubborn

And here are some worthy of close study: IT PAYS TO PAY CASH FOR SUPPLIES. Supposing a farmer needs \$200.00 worth of supplies during the year. If he buys from a merchant on credit and is charged 10% of the amount as interest and if the \$200.00 worth of goods could be bought at a "cash" store for \$180.00—

Cost on Credit—\$200.00 plus \$20.00 interest	\$220.00
Cost of supplies bought with cash	180.00
SAVED BY PAYING CASH	\$ 40.00

Borrow \$180.00 from the Canadian Valley Credit Production Association for 6 months at a total cost of about \$ 8.25

Net saved for farmer in this case by borrowing from the Canadian Valley CPA and paying cash for supplies \$ 31.75

KEEPING THE BODY STRONG Scripture Text: Mark 6:53-56; Judges 13:12-14; I Cor. 3:16, 17; Rom. 12: 1, 2. Devotional Reading: I John 2:12-17. Memory Verse: I Tim. 4:8.

An Angle of Approach

In the city of Meesmah, capital of the country of Anthrops, a magnificent Foundation costing much and endowed with millions of dollars, was dedicated to science for research work and demonstrations of new methods of lifting mankind out of disease, injustice, mishaps and catastrophes that have marred health, security, happiness and life.

Some cruel, cold-blooded fiend had thrown the proverbial monkey wrench into the smoothness of the pure, lovable, honorable and gracious fellowship of this most advanced country of all civilization.

In all its work it was soon learned that little headway was made. Those who passed through the entrance of Economics refused to consider anything that did not bring great material gains.

Those entering through Politics seemed not to know what they did want and great confusion was the result. State clashed with the church and church with the state, yet both

united in an effort to put science on the throne and keep God out of the whole works.

As yet, nothing has been accomplished, for in all this land of Anthrops suffering, want, unhappiness and destruction are climbing with rapid acceleration.

Take, for example, the subject of alcoholism. Politics wanted taxes with which the economic depression might be lifted. Blinded by any other result of their action, they legalized the use of alcohol. But it is useless for me to go further into this confusion.

What I want to know is this: Giving God his way, what would become of alcoholism? Who wants God to have His way in this question? Not even the church seeks His way in this matter.

The church, as an institution, has no God-given right to force her way upon the world. Christians as individual citizens of constitutional governments have a right as citizens to a referendum.

The true Christian has a reclaimed body as well as a reclaimed soul and a reclaimed spirit—reclaimed by his Lord Jesus Christ. Since the body is only a tool for the life of the individual, the body must be held under subjection to the will of God.

THE HEART OF THE LESSON Introduction The true Christian has a reclaimed body as well as a reclaimed soul and a reclaimed spirit—reclaimed by his Lord Jesus Christ.

true children are living glorious lives in demonstration of what God can do with a heart that is true, while in bodies that have been dwarfed and marred by sin of some one.

Sometimes suffering is the thing that turns some away from sin and back to God. But God could put to a more glorious use that life which radiates from a healthful, vigorous body.

The Question of Heredity Was without doubt taken into consideration when God gave Manoh instructions as to the habits in drink and food for his wife who was to have been the mother of Sampson.

Palaces Fit for Kings "Know ye not that your body is a temple (sanctuary) of the Holy Spirit which is in you, which ye have from God, and ye are not your own; for ye were bought with a price; glorify God therefore in your body" (I Cor. 6:19, 20).

You Cannot Help It If, and what, physical disabilities you have inherited you cannot help, but you can yield that body to God. If God does not heal it, He does want you to present each and every member of that body to Him as instruments of righteousness (Rom. 6:12-14).

God hates sin. No sin is ever excusable before Him (Rom. 1:18). Only by yielding every member of your body to Him can one prove what is the "good and well-pleasing and perfect will of God." Rom. 12: 1, 2 is the Christian's order for consecration.

The Mobeetie Outlook

THURSDAY MARCH 17, 1938

Call It a Dress Rehearsal If You Like

Bold, Bad Bandit in "An Arizona Cowboy" Gets Shot with Soap—Carries On

It was dress rehearsal night. The students in the play had looked forward to it for two weeks. Mrs. Blankinship had looked forward to it, too. She was eager to see what all this work was going to look like in the finished product of a dress rehearsal.

Miss Knight was eager for it, also, because she was to see the play for the first time and was only allowed in at this time because she was to furnish the music. Everybody was dressed up; the grease paint had made some of the students look like anything but respectable American boys and girls.

The cowboys, sheriffs, bandits and everybody else that could possibly figure out a reason at all, were wearing guns for the first time. I say for the first time because they had heard over and over again: "No guns yet. You know 'unloaded guns' kill people sometimes."

But everything was fine now. The gun that the frightened Chinaman was to fire was all loaded with soap. Then it was fired at the right time. The other actors went on with their parts.

Then the Indian came dashing across the floor to Mrs. Blankinship and without any Indian grunts at all said, "Edd's shot!" In much less time than it takes to tell it, Mrs. Blankinship, with the help of some of the boys, had Edd well on the way to the doctor.

Edd is getting along fine. He was the bandit and couldn't let a little thing like soap keep him down. The play went on the next night, even if Edd's leg was slightly sore. However, Edd thinks that Elbert (the Chinaman) is a mighty good shot; and Miss Knight thinks Coach Meek is wasting his time coaching track men. She says she saw some real talent exhibited Thursday night and that Mrs. Blankinship led the group.

"Outlaw" Owens The nurses and doctors must have been quite excited when Gribble Owens, dressed and made up as a very rough-looking villain, walked up and asked for help, quick, because there was a man in the car who had been shot.

The man was "Soapsuds" Johnson, who had been fired at with a soap and powder filled shell.

Large Audience Sees "An Arizona Cowboy"

A large crowd attended the play, "An Arizona Cowboy," Friday night. This comedy-drama was a complete success from the standpoint of furnishing entertainment for an understanding and appreciative audience.

It was also a success from the financial standpoint, with total gate receipts of \$50.05.

The Hornet's Nest

By Warren Thompson

Congratulations to the Allison Ramblettes and Coach John Peoples upon their winning the State A. A. U. basketball tournament. We have had them picked all year to win, and they feel that they were running true to form. They have brought to a successful climax their several years of concerted effort to win; having won consolation in '36, third place in '37, and first in '38.

How about another series of games with these state champs next year? The series concluded just before Allison left for the state A. A. U., drew the biggest crowds of the season, and people came from Amarillo, Pampa, Lefors and other points to see them play. Mobeetie is the only team to defeat Allison for the last two years in this section of the country.

Last year the high school team eliminated them in the Canadian tournament. This year the Mobeetie girls were unable to do this. However, when time came for Allison to attend the state A. A. U. the Mobeetie girls, supplemented by Lois Huff, Billie Merle Hester and Embelle Knight, three members of the famous Conlen Lassies basketball team, played a series of exhibition games to the tune of a gate receipt of \$225 to help Allison raise funds to attend the A. A. U. tournament.

If such a series were played with both teams in top form we wonder what the outcome would be. The Mobeetie-Conlen combination was able to force the now state champs into a tie with no preliminary workouts.

Knight, who was a sensation as forward for the Lassies, state champs of '34, showed a flash of her old form again in the second and third games of the series when she outscored Jones, star Allison basketball player. This was the more remarkable because Knight played the floor while Jones played in "the hole" and was "fed" the ball by the other forwards.

In the second game Knight outscored Jones 15 to 11 and in the third one, 10-9. Jones did not score a field goal in the second game until Smith, Mobeetie guard, fouled out.

Athletic Banquet to be Held on Apr. 8th

The athletic banquet, honoring the boys and girls of the high school who have represented the institution in athletic competition, will be held Friday, April 8, at the high school. At that time honor awards will be presented.

VINETA McCAIN PAINTS SCENERY FOR PLAY

"Wasn't it beautiful? It was simply gorgeous!" These are samples of the expressions heard concerning the scenery painted by Vineta McCain, Mobeetie high school student, and used for the play given Friday night in the high school auditorium.

People of the community were surprised and elated to know that we have a student in the school who can do work like that. The scenery portrayed typical outdoor Arizona features that fitted perfectly the setting of the play.

Jack Miller Speaks in Assembly Friday

Jack Miller, Mobeetie business man, made a very interesting as well as beneficial talk at assembly Friday afternoon, March 4. He spoke on "Business and its Near Relations."

We were also favored with several numbers by the grade school. The rhythm band, directed by Misses Cook and Morrison, played two numbers and sang "The Eyes of Texas." This was followed by two piano solos, played by Dan and Ann Harding. A story, "The Brave Little Soldier," was told by LaRue Flanagan. Following this was a piano solo by Angeline Duncan. Another story, "Peter Rabbit," was told by Bert Dyson.

There were several patrons of the school present, including Mesdames Willard Godwin, Virgil Price, H. L. Flanagan, John Dunn, Terey Hardin, Garland Key, Oliver Elliott, Lester Reynolds, Wade Duncan, Pearl Ferguson, Phil Corcoran, Bob Greenhouse, L. D. McCauley and Frank Haynes and Miss Waldeen Haynes, and Messrs. L. D. McCauley and Jack Miller.

We wish to express our appreciation to those attending for their presence and extend a hearty welcome to everyone to visit our school at any time.

SCHOOL LEADERS DISCUSS CHILD HEALTH PROBLEMS

Principal subject of discussion at the Superintendents' and Principals' banquet last week was "Test and Care of Tubercular Children of Wheeler County."

A committee was appointed by Chairman M. D. Blankinship to meet with the county commissioners' court to solicit financial aid for this undertaking.

PRIMARY GRADES ENTERTAIN AT ASSEMBLY LAST FRIDAY

The rhythm band was one of the attractions at last Friday's assembly. These children are trained by Miss Esther Morrison and Miss Lula Mae Cook, teachers of the first and second grades, respectively.

This group of children were assisted by other first and second graders, including Dan Hardin, piano solo; Ann Hardin, piano solo; LaRue Flanagan, story; Bert Dyson, story.

Love at First Sight... Oil Hugs Metal—that's how a newspaper editor might headline the story of what happens when you fill the crankcase with Phillips 66 Motor Oil.

It forms a film that is more than tough, a film that becomes practically a part of the metal. The high heat of high speed, even in summer, doesn't tear down this high-degree oiliness given by Phillips 100% paraffin base crude.

So there is extra thrift in the extra stand-up-ability of this longer-lasting oil. Less carbon, too. Less wear and noise. More protection against overheating and motor damage.

Next time, drain and refill with Phillips 66 Motor Oil, the economy champion. It's concentrated! This year's big value in car lubrication. Look for the Orange and Black 66 Shield.

Students to Receive Another Holiday

Teachers to Attend Conference Held at W. T. S. C., Canyon; Noted Educators to Speak

Tomorrow (Friday) is probably the last holiday students will enjoy before the end of the term.

The reason they will get to "skip school" is that teachers are to attend the Northwest Texas Conference for Education at West Texas State college in Canyon Friday and Saturday.

Gilmore to Respond to Welcome
Supt. J. L. Gilmore will give the three-minute response to Dr. J. A. Hill's welcome address at 9:30 on the opening day.

Teachers will attend sectional meetings at 2:30 Friday. These will include separate discussions for teachers of art, primary work, commerce, foreign languages, home economics, journalism, mathematics, music, physical education, science and social studies.

Leading Educators to Speak

Among outstanding speakers for the conference will be Hon. L. A. Woods, state superintendent of public instruction; Dr. B. F. Pittenger, dean of the school of education, University of Texas; and Dr. A. J. Stoddard, superintendent of schools, Denver, Colo.

B. T. Rucker, Wheeler county superintendent, and H. M. Wiley, member of the county school board, will make short talks Friday afternoon at the meeting for county superintendents and county school board members.

Colossal Senior Production to Star Glorious Cast of Ten

It's romantic, it's dramatic, it's colossal and mysterious. It's crammed with laughs from start to finish.

See the mysterious disappearance of a wealthy New York gentleman solved in full by a prominent young newspaper man.

Romances and marriages will bring many a sigh from the audience, not to mention that a love-column and its sayings enter into the plot.

Laughs galore will resound when a typical old German pressman makes his appearance. The scene, as would be supposed, is in a newspaper office owned by a young girl.

The play, which is "doped" to be one of the season's best, will be presented by the senior class of Wheeler.

Students Praise Mother-in-law

Aubrey Warren Sits on Stage with Mrs. Franklin D. Roosevelt

All those fortunate enough to attend the "big doings" in Amarillo last week came back loud in their praise of the mother-in-law parade in general and of Mrs. F. D. Roosevelt in particular.

In addition to members of the band and 4-H club who attended, several other grammar grade and high school students went. Miss Bernie Addison was the only teacher to go.

Lummas Leads Band

Led by their former director, J. W. Lummas, band students marched near the end of the parade. They went in cars, while 4-H club boys took trucks as their means of transportation.

Through the courtesy of Editor John McCarty of the Amarillo Daily News, Aubrey Warren and Miss Addison attended the press conference with Mrs. Roosevelt Friday afternoon and her lecture that night. McCarty gave them tickets which Mr. and Mrs. C. G. Miller of the Wheeler Times were using to use.

Aubrey sat on the stage along with the First Lady, governors of three states, Amarillo dignitaries and press men of the Panhandle.

McCarty Praises Corral

At the press conference in the Blue Room of the Amarillo hotel at 4 o'clock Friday McCarty tossed the Corral a nice little compliment. Looking at a slip of paper which had been handed him he said, "Mrs. Roosevelt, here's a question from the Corral, one of the outstanding high school papers of the Panhandle: 'What is the hardest thing about being the wife of a president of the United States?'"

Mrs. Roosevelt repeated the question and answered spontaneously with her dazzling smile: "Why I think the hardest thing is to remember that you ARE the wife of a president." The 200 newspaper representatives laughed heartily.

Students Still Thrilled

Glowing reports of the beautiful floats, enormous crowds and gracious First Lady are still echoing as students relate wonders of their trip.

Among those who went were: Gene Hall, Donald Hunt, Joe Page, Lewis and F. B. Craig, Clyde Gaynes, Harry Garrison, Emily Lou Ahler, Odus Hoodler, Billy and Melba Wiley, Leroy Lamb, Hiram Whitener, Dorothy Lee Watson, James Passons, Edna Faye Mason.

Lula Barr, J. B. Crowder, Lowell Pendleton, Claudia Pillers, Virginia Burgess, Helen Scott, W. E. Pennington, Jake Trout, Ethel Claire Raney, Grady Anglin, Juanita Sherwood, Clois Wilkins and Johnnie Faye Templeton.

"BLARNEY" DAYS ARE HERE AGAIN

Faith, and did ye know that St. Patrick's Day is here again?

Two of the fairest colleens in W. H. S. will ride the float in the Shamrock celebration to be held in honor of their patron saint. Many high school students likely will attend festivities in the neighboring city.

While we are on the subject of the Irish, we might observe that a full-blooded Irishman is enrolled in the junior class. He is James O'Gorman, whose grandparents came to America in 1874 with his uncle and settled in Nebraska.

James is one of the seven boys in a family which includes seven boys and seven girls. He is a member of the F. F. A. and 4-H clubs.

Staff to Sponsor Easter Style Parade

On sweeping the cobwebs aside, the journalism students find it easier to lay their plans for an Easter parade here on the night of April 12.

New spring fashions from the merchants and tailors from downtown will be modeled. Music and fun, topped with food, will bring entertainment and enjoyment to those present.

Those volunteering to serve on committees are: Food—Marion Smith and Mary Belle Johnston; decorations—Elva Belle Couch and Mary Belle Johnston; tables—Huffman Walker and Clowes Jones; dishes—Vergie Ashley; program—Ruth Faust and Ruth Barr; advertisement—Betty Gene Coil and Marion Smith; serving—Lorraine Wallace and Lois Ficke; style review—Irene Hunt.

The journalists are sponsoring this entertainment to raise funds for a trip at the last of school.

ADDITIONAL MAILS CORRELS TO I. L. P. C. CONTEST

Miss Bernie Addison, Corral sponsor, mailed this week copies of the Corral beginning with the first issue and including March 1 to the I. L. P. C. (Inter-school League Press Conference).

Wheeler is in Class C division, having an enrollment of less than 200 high school students in the 1936-37 session.

Other papers in this division are Avalon Hi-Life, Avalon, Texas; Bulldogs Growl, Burk Burnett, Texas; Eagle's Tale, Canyon, Texas; Colorado Howl, Colorado, Texas; The Crane, Crane, Texas; The Stampede, Fluvanna, Texas; The Gusher, Grandfalls, Texas; Panther Scream, Panhandle, Texas; The Tumbledew, Pecos, Texas; The Tigers Tale, Snyder, Texas; and The Kennel, Strawn, Texas.

Students to Unravel Mystery Play Soon

Puckett, Hunt Take Leading Roles in Comedy Starring Ten Graduates Tuesday Night

Let the beacon lights lead many people to the three-act play in the gymnasium auditorium March 22, starring 10 seniors of Wheeler high. As the leading actor, R. J. Puckett puts the finishing touches to the tangled mystery. Irene Hunt plays the role opposite R. J. as the owner of the city newspaper. The printer of this paper is an old "Pop," with a German accent, played by Aubrey Warren.

Page is Leading Citizen

Bunkertule's leading citizen is none other than Amos Page. "I wouldn't be surprised if we'd find the body floating in the river," as his younger daughter, acted by Mary Belle Johnston, would say.

"Two thousand dollars! Come on, honeybunch," Huffman Walker excitedly says to Ruth Faust when they appear as Jimmie Dooley and Daisy Dalrymple. Lavell Jaco is to impersonate an up-to-date flapper, Miss Evelyn Humphreys. Here she also sticks her foot in a trap. Two other young men of this cast are Daniels, Howard Nations; and Tom Duway, Cecil Parker.

This play, "Page Asa Bunker," is a mystery revolving around mistaken

Impressions of the First Lady at Close Range

Mrs. Franklin D. Roosevelt, leading lady in the United States and wife of the president, is not what most students would suspect her of being.

She is a very friendly, gracious and charming person. Using ordinary language, she is easy to understand, although she speaks with the broad A not commonly heard in this section.

It was amazing how she answered questions shot at her by the reporters. In no way was she the least hesitant about giving a reply.

Printed pictures do not do her justice. These depict her as plain, if not downright homely. But the moment Mrs. Roosevelt starts talking and turns on her smile, one forgets any preconceived ideas. She is remembered as an alert, eager, cheerful, friendly, "homey" sort of person who with it all remains a First Lady.

MARCH 17 RECALLS OLD LEGENDS OF SAINT PATRICK

Today many Americans as well as Irishmen will celebrate the anniversary of Ireland's patron saint.

Of Celtic birth and a native of East Britain, Saint Patrick was carried into Ireland as a slave for six years. Later he escaped to the continent, from whence he finally was called in a vision back to Ireland as a missionary.

He was a vigorous pursuer of religion and established 360 churches and baptized 12,000 people. The shamrock was used by him in an illustration of the mysteries of the gospel. Thus derived the custom of the "wearing" of the green.

Legend credits Saint Patrick with driving the snakes out of Ireland. He is said to have once chained a dragon in a lake. The monster, admonished to remain until Monday, continually wails, "It is a long Monday, Pat."

WHY NOT SHOW APPRECIATION FOR LIBRARIANS?

We now have double service in the library, for since last week an assistant librarian has been employed.

Not only does this help the students, but it relieves the head librarian, librarian and teachers of much responsibility. Books will be mended more promptly and put into circulation quicker.

Why not help our librarians more? As we now have approximately 180 students in high school, you see they do not have an easy job.

We might assist them by not asking for more than one magazine during a period, knowing what we want before we go to the library and being a little more courteous.

We welcome you as librarian, Miss Gibbins, and hope you find us "not so bad after all."

Meta Bruton, Elva Belle Crouch and Joe D. Bruton went to Berger Sunday.

Margie Mary Mullins visited in Helen City last week end.

Miss Vallie Harrell of Higgins visited Miss Lois Kirby Friday night.

SNUBBING POST

A daily affair is the fuss between MARILYN and R. J. in history III class. Someone said that R. J. liked the way "her mother dressed her."

The St. Patrick's Day celebration in Shamrock will be attended by several high school students. Despite the fact that they are our traditional enemies, we shall have to admit that the day is worthwhile.

Have you heard HELENA JONES debate? It's good enough money. She has the gift of putting all the vim, vigor and vitality into it that a school teacher has when giving demerits. (That will probably mean five for me).

One is beginning to wonder what has become of all those good ole West Texas sandstorms (I'm knocking on wood). But seriously the weather of late has been grand. Any way it was Monday forenoon.

Last Friday night was party night among the younger set it seemed. Some attended two, three parties. Among them was the junior get-together which boasted the cutest of favors. By the way—JACK PITCOCK isn't worth a darn at dominoes!

The Interscholar League activities are beginning to get under way. We're hoping for a bigger and better meet than ever. (Who said this wasn't the editorial section?)

JOHNNIE FAYE TEMPLETON had to blow five times to make all of the candles on her birthday cake go out. When she finished she said, "That's long enough to wait." I suppose you remember that it is supposed to be the number of years until you will be married.

HERB gave JERRY a compact for her birthday. I guess maybe boys like make-up after all.

MRS. GILMORE, with a dash of red such as she was wearing this Monday looks almost "gay."

Come one! Come all! It's got everything! Your time, money and trouble will be repaid three. Of what am I speaking? The senior play, "PAGE AS BUNKER." (The title is not, however, kin to AMOS PAGE).

You've heard of girls who wear their hearts on their sleeves—but the lassies in this part are wearing them around their necks—and they aren't looked either.

JAMES has a new "LULU." This one is smaller and all gold and shiney.

What's this about a couple of SENIOR-HEROES being "off girls." MAYBE they mean it this time.

RAMBLINGS ON THE RANGE

Marion Smith motored to Oklahoma City Sunday.

Mary Etta Patterson visited in Kelton Sunday afternoon.

Jack Pitcock, H. E. Young, Guy Robison, Amos Page and R. J. Puckett were in Shamrock Sunday afternoon.

Raymond Smith made his regular trip to Shamrock Saturday.

Mary Helen Jones spent Sunday afternoon with Elsie Weeks. Mrs. Vera Jamison visited in Shamrock Sunday afternoon.

The ten pretty girls of the village school seem to be CLEO SEWELL, HELEN HUNT, SYBIL TODD, MARILYN JOHNSON, MARION SMITH, ELVA BELLE CROUCH, ETHEL CLAIRE RANEY, GLENNETTA TEAKELL, MARY BELLE JOHNSTON, and MELBA WILLY.

"BE NATURAL" GREEN seems to have a nice assortment of caps. By accident, or not, one of these caps is green.

Things are going some when our sophomores start calling people "Homebunch." JOE D. BRUTON seems to enjoy calling ALETHA CROUCH, sister of ELVA BELLE, by that name.

Did you hear why ELVA BELLE CROUCH, DOROTHY MILLS and THELMA MILHAM suddenly wanted to go to Pampa last Friday?

CAROLINE McHEE is either making a hit or she is just plain smart. Anyway, she was seen studying an encyclopeda. (With W. L. JOLLY).

So it seems, ETHEL CLAIRE RANEY has acquired a new nickname. They say her hair looks like that of SHIRLEY TEMPLE. Reminding me, where is our SHIRLEY MAE SWAN?

If the school girls can't get new shoes, the teachers do. MISS LOIS KIRBY appeared in a new pair of tannish-brown oxfords; MISS BERNIE ADDISON "tipped" in wearing some of those black shoes with straps at the top of her ankle and MISS JIMMOGENE HOLBERT glided in wearing some of the oddest shoes that WHEELER has ever seen. The latter pair is a sandle with built-up heels. These shoes are new to Wheeler.

Are you good at mathematics? See if you can figure this one out. If it cost 75c to cut a board in four pieces, how much will it cost to cut one in five pieces?

"Whistle while you work," and however the rest of that song goes, may be heard most every time the journalists are working on the paper. They like to whistle while the work.

Late I guess so CLOWES JONES wants to know when some interviews on REV. TAFT HOLLOWAY are due. These were supposed to be in three days before he asked this question. James O'Gorman wants to know the deadline on some English themes. It was a week or two earlier.

FROM OTHER BRANDING IRONS

Four judging teams will represent Texas Tech in the Fort Worth Fat Stock show March 12-19.

Boy Friend: "I have just asked your sister to marry me, and if she refuses I shall blow my brains out."

Little Brother: "That'll be a good joke on Pop. He told Ma you didn't have any."

In recent interviews it was discovered that Benny Goodman's was the favorite orchestra of McMurry college students while "Sophisticated Lady" and "I'm Getting Sentimental Over You" were tied for first place as favorite songs.

First Student: "I'm going to sue our English teacher for libel."

Second Student: "Why?"

Reporters Pry Into Present and Past of Baptist Pastor in Group Interview

By VERGIE ASHLEY

Rev. Taft Holloway, pastor of the Wheeler Baptist church, last week gave replies to a volley of questions aimed at him by the journalism class. Their goal was to learn something of his past and present life.

The college training of Rev. Holloway was obtained in Baylor and Wayland colleges in Texas, and Oklahoma Baptist university. Though he has no degree his work has been toward an A. B. degree in theology.

"One of my fondest ambitions was realized," Taft confided "when I was asked to sing 'I Love You Truly' at a wedding." For five weeks he was master of ceremonies for the Wayland College Hour broadcast twice a week.

His group sponsored one program of religious music and one of popular music each week. Holloway has had no vocal training except class work in school, yet Who-le-rites will testify to his excellent voice.

"When was the most exciting incident in your life?" asked the reporter in a confidential mood. Why he supposed it was the few minutes preceding his first sermon and the most thrilling time was just after the event.

His happiest moment? "I haven't had it yet," he said. (Now I won't vouch for the meaning of that line). "Oh, yes," he amended, "I'm sure it was the day I received a letter calling me pastor for the first time."

Since October, 1937, Taft has been Scoutmaster of the Wheeler chapter. In his opinion the qualifications of a good Scoutmaster are tolerance, clean habits and patience. In teaching boys appreciation of nature the organization benefits the nation through their knowledge.

People and personalities form an interesting study and around this growing pastime Rev. Holloway built his hobby. He also likes radios and movies. Jack Benny of the air waves and Jeanette McDonald of the screen are his chosen stars. Another active interest of pastor, Scowfaster, viceroy (miscellaneous) Holloway is amateur dramatics.

Local Band's Photo in Amarillo Paper

Last Friday the Wheeler band was pictured in the Amarillo Daily News along with several others from Panhandle schools.

"From Wheeler came the Wheeler high school band. Among the last to enter, this band was a pleasant surprise to those in charge of the parade. The colorful uniforms of this band rank high with spectators who commented upon the appearance of the passing organizations." The above quotation was copied from last Thursday's Amarillo paper.

identity. The seniors are most sure of an entertaining time to all attendees, according to Miss Lois Kirby, sponsor. Besides having a grand time, spectators will be helping the senior class make their annual trip to Carlsbad Caverns.

Admission for adults will be 25 cents and for all school children 10 cents.

When we declare to our family that we have "found" our career they mock and belive all our arguments with "you'll be just the opposite. Wait and see." Well, strangely enough Holloway's earliest ambition

was to conduct a dance orchestra!

"Do you have brothers or sisters?" "Oh, yes, quite," he assured us. And he does have four brothers and five sisters. He is next to the oldest. Though a native country lad, his home town is Gatesville, Texas.

To questions on politics he expressed the opinion that Anthony Eden did the only wise thing when he resigned, the naval appropriations are favorable, and we should boycott Japan.

By a coincidence this issue of the Corral will be printed on Taft's birthday, March 17. A very pleasing person, of tall athletic build and vigorous manner, that's Taft. Sincerity is reflected in his whole person.

Editor's note: This was selected as the best paper written by journalism students after the group interview conducted in class.

Two W. H. S. Girls to Ride on Floats

Two W. H. S. girls, Irene Hunt and Marion Smith, will ride on floats at the Shamrock St. Patrick celebration today (Thursday). Irene will represent Wheeler and Marion, Magic City.

Both girls will wear green dresses with white shawl-like collars trimmed in Irish lace around their shoulders. The puffed sleeves also will be decorated with Irish lace.

Black, close-fitting basques laced down the front will join the skirts and blouses. Three yards of material will make the width of the skirts.

Irene's dress is of taffeta and Marion's of rayon silk. A green shamrock will adorn the head of Irene and Marion will wear a green hat.

Irene is secretary of the senior class. She is president of the Quill and Scroll Press club and was one of the pep squad leaders last fall. Marion, a junior, belongs to the Quill and Scroll Press club. She is feature editor for The Corral.

New Typewriter Purchased
A new typewriter was purchased for the typewriting students last week. The old Underwood was traded in on a new Royal.

FUTURE FARMERS OF AMERICA

Conducted by W. C. Zirkle
Vocational Agriculture Instructor

Four agriculture boys, Cecil Parker, James Passons, Grady Anglin and Tre Hooker and Mr. and Mrs. W. C. Zirkle and son left Friday evening after school for Fort Worth to attend the Fat Stock show. The following account was turned in by Grady Anglin:

"We arrived at Wichita Falls about 7:30 Friday night, where we spent the night and left for Fort Worth about 8:30 Saturday morning. It was 10:30 when we got to Fort Worth.

"Some four hours were spent inspecting the stock barns, exhibit building and rodeo. Afterwards we went to Dallas, where we spent Saturday night. Mr. and Mrs. Zirkle motored to Oran and spent the night with relatives.

"Sunday morning at 10 we started for Oklahoma City. From there we pursued our homeward route, arriving in Wheeler about 10:30. Although tired and sleepy we all enjoyed the trip and take this means of thanking Mr. Zirkle, who furnished the transportation, for a very pleasant week end."

QUILL AND SCROLL RECEIVES THANKS FROM EDWARD NELL

Thanks were received this week by the Quill and Scroll Press club from Edward Nell, International Quill and Scroll secretary, for his election as honorary member of the Wheeler chapter.

He said in a letter to Miss Bernie Addison, sponsor, "It is good to know that the club is enthusiastic and eager to work for the improvement of the Corral and to interest the entire student body in journalism and creative writing."

GILMORE TALKS ON CHILD GUIDANCE BEFORE FACULTY

Last Thursday the teachers of both the grade and high schools had a regular faculty meeting.

Supt. J. L. Gilmore talked on child guidance. He stated that children today need general guidance, which is based on human needs of the child. Change in home conditions and increased leisure hours now give teachers more responsibility in looking after their students, he added.

8 Boxers to Enter Turkey Tournament

Coach Stina Cain Enters Group of Pugilists in First Tourney for High School Fighters

A group of eight fighters will leave tomorrow morning (Friday) with Coach Stina Cain for a boxing meet to be held in Turkey this week end.

They will leave at 9:30 and expect to arrive in Turkey to weigh in at 2:30 that afternoon.

Coach Stina Cain stated that there would be approximately 15 schools entered in the meet.

If any of the fighters win their weight in the tourney they will be eligible for a letter in boxing.

As this is the first meet that local school fighters have attended this year it is not known how they will compare with other entrants in tournament competition.

Juniors Hold Second Party of Year

Featuring St. Patrick's Day, the juniors held their second party of the year in the agriculture building Friday evening.

Line salad, sandwiches cut into three-leaf clovers, potato chips, punch and St. Patrick's candy were served in green and white plates and cups. Small shamrocks were used as paper fans and green and white napkins conformed with the designs.

Seated at the six "42" tables were Virginia Burgess, Claudia Pileas, Helen Flynn, Lillie McClain, Helena Jones, Edgar Flynn, Irene Hunt, Louise Britt, Ann Page, Jack Pitcock, J. B. Crowder, Clowes Jones, Helen Scott, Lavell Jao, Guy Robinson, H. E. Young, Duard Parker, Hansel Parker, Ruby Ayres, Caroline McBoe, Johnnie Faye Templeton, Herbert Green, Alvern Hampton, Norma Lou Maxwell, Mary Etta Patterson, Harrison Hall, Huffman Walker, Jerry Lewis and Miss Imogene Holbert, sponsor.

TENNIS ELIMINATIONS TO BE HELD THIS WEEK

Tennis eliminations for the county meet are being held this week.

Puckett has represented Wheeler high in junior tennis one year and senior tennis one year. Page and Walker have played junior tennis at the county one year.

Boys working out for senior tennis are Page, Puckett, Walker, Groves, Nations and Smith. Smith, Templeton, Rane, Hunt, Carter, Crouch and Scott are trying out for the senior girls team.

The junior boys are Gilmore, Sandifer, Tillman, Nations and Hooker. Junior girls are Wiley, Johnson, Faust and Kenner.

Girl Scouts Meet With Holbert

Girl Scouts met last Tuesday evening in the Wiley building with Miss Imogene Holbert and sang songs. About 16 of the members were present.

Chandos Robertson spent the week end with his sister, Clarice Newkirk, in Laketon.

25 Boys Expected for Track Workouts

Track workouts were well underway at this writing, with four of last year's lettermen back on the cinder path. The complete number has not yet reported but Coach Stina Cain stated that he thought that approximately 25 would be out for practice.

Green, Endler, Groves and Weeks are back from last year's winning team. With these four and several new aspirants, some tough competition is expected in the county meet to be held on April 2.

MOTHER-IN-LAW DAY CLEANINGS

News Flash: Johnnie Faye Templeton, a prominent Wheeler junior, was seen with an old stand-by, a Shamrock Irishman, shall we say? Further details will be found referring to her.

As the Wheeler Band was waiting to join the parade, a float from Grafton, a city down the way, passed. Taft Holloway, the ladies' favorite, yelled, "Hey, you, where's the bride?"

Oduis Hooker, always on the alert, answered, "Aw, she's a widow." And may we add, too, that Taft and Oduis must have been "awful" hungry because they were the only two to get bananas thrown from the "Dust Bowl Victims" float.

Next time the band parades we hope we don't have such rhythmic horn tooters behind us. Half of the band members couldn't play for listening to the other players and trying to dance the big apple.

The band members should have had plenty of exercise for they paraded four miles and then walked back. (Except some, who ran).

For the benefit of those who did not go and did not get to see America's No. 1 mother-in-law, Mrs. Franklin D. Roosevelt: don't weep. She's just a woman.

Your correspondent hopes Everett Cole got home without walking.

Speaking of Everettes, Evert Smith had to fill a trombone vacancy in the band. Someone said he hoped E. wouldn't blow.

In regard to the Shamrock banded Irishmen, we feel sorry for the barbers.

At the press conference with Mrs. Roosevelt the editor of the Claude high school paper was so excited over her letter from the First Lady's secretary and over her admission card that she was all in a "dither."

Just as the Wheeler band got even with one enthusiastic group of Wheeler fans, the mammoth postcard float stalled immediately in front of them. With city and state police patrolling the lines, very little could be done about the whole matter.

Mr. and Mrs. Gilmore and Earl attended a P-T. A. meeting in Magic City Saturday afternoon.

SPORT SLANTS

By a Mustang

Allison's basketballers triumphed in the state A. A. U. at Greenville last week. This should make all of the girls teams feel better in this vicinity. It really isn't so bad to be beaten by the state champs.

Wheeler's volleyball girls were defeated by the boys in an intra-mural game last week. Although the girls had been working out they could not beat the boys, who were a trifle more active. We still pick the girls to win the county championship again.

Local tennis players are practicing on the court owned by the tennis club. It is a very good court and the best care should be taken of it because the students are able to practice on it free of charge. Many of the players hope to practice in the gym at off periods later on.

Since the division of the district, teams of this conference should be able to meet more of the non-conference teams. This will give the inexperienced teams time to get in top form to play conference opposition.

COLTS

Strayed

Loretta Newsom is visiting Wheeler this week end.

Junell Crowder missed school Wednesday. She was in the parade at Amarillo.

The seventh grade has finished their reading for the year and are now studying grammar. Section 6A are studying a new reader "The Magic Spear" this semester.
