THE COUNTY SEAT NEWSPAPER

Fall Term District Court Opens Monday

Seven-Weeks Session Starts Nov. 8 with Non-Jury Cases Listed for First Week

Opening its regular November term next Monday morning at 9 o'clock, the 31st judicial district court will begin a seven-weeks session here, with Judge W. R. Ewing of Pampa presiding. Other court officials are: Lewis M. Goodrich, district attorney; Raymond Waters, sheriff; Holt Green, court clerk, and W. R. Frazee, stenographer.

According to Court Clerk Green, the schedule will be as follows:

Nov. 8—First week; non-jury.
Nov. 15—Second week; jury, civil.
Nov. 22—Third week; jury, criminal.

Nov. 29—Fourth week; jury, civil.
Dec. 6—Fifth week; jury, civil.
Dec. 13—Sixth week; jury, civil, subject to criminal.

Dec. 20—Seventh week; non-jury.

The docket indicates a fairly heavy term of court, with 88 civil cases—jury and non-jury—listed, and 27 divorce actions. Last year's docket had 28 divorce cases.

Jury—Second Week

Although The Times has recently published names of grand jurors and the complete petit jury list for each week, it again presents the panel for the first jury week, which is actually the second week of court. They are:

J. A. Bradshaw, R. A. Greenhouse, Floyd Pennington, J. C. Bradstreet, B. T. Clemons, Bill Perrin, C. O. Killingsworth, Joe Hyatt, H. F. McNeil, Wheeler; H. S. Rippey, Dusan Pakan, H. M. Glass, M. A. Whitehurst, Carl Linkey, C. C. Brothers, Paul Stauffer, G. M. Seago, Shamrock; A. H. Bartram, Henry Johnson, C. E. Fultz, Aubrey Greenhouse, W. A. Crump, C. Mixon, C. C. Dyson, Mobeetie; W. H. Lee, Emil Seedig, A. T. Emanuel, G. Cowan, C. N. Reed, W. J. Jackson, Floyd Morris, Briscoe; Carl Owens, A. M. Abernathy, Carl Levitt, J. O. Hays, Allison; E. C. Smith, Hubert Bentley, Magic City; Lawrence T. Davis, Texola; R. P. Kachelhoffer, A. L. Morgan, McLean.

Rural Teachers Hold Meet Here Saturday

Association Organized for Coming School Year—New Officers are Elected

Assembling in the district court room here Saturday morning at 10 o'clock, rural school teachers of Wheeler county organized their association for the coming school year of 1937-38 and elected new officers. These are:

President—A. S. Wharton, Magic City.

Vice President—C. C. Brown, Kelton.

Secretary-Treasurer—Mrs. Jeanette Ellerd, Plainview.

Chorister—J. B. Millsap, Bethel.

Program Committee—J. V. Younger, chairman, Pakan; Mrs. Vivian Bridges, Gracey; Gordon Gatewood, Lela; Mrs. Lola B. White, Bethel.

Resolutions were read commending the outgoing president, O. C. Evans of Briscoe, County Superintendent B. T. Rucker, and others for their contributions to the organization and the school program in the past. It is expected that a worthwhile educational program will be sponsored by this organization for the ensuing year, as has been done heretofore.

The program opened with short discussions of the Teacher Retirement program in Texas, and some important announcements by Supt. Rucker. O. C. Evans made a short talk on the Health Educational program in the Briscoe school.

Dr. H. E. Nicholson, county health officer, pointed out the value of physical examinations being given school children and the corrections being made.

Dr. V. N. Hall, Wheeler dentist, discussed the necessity of dental examinations and expressed his willingness to co-operate in carrying out the state dental program by free examination of school children. Mrs. Lula Mae Farley discussed the value of school publicity programs.

New courses of study from the state department were distributed to the teachers, which should prove an aid in teaching.

It was decided that the library committee, consisting of the principal from each school, should meet yesterday (Wednesday) in the county superintendent's office and select new books for this school year. This was done and details concerning the number of volumes and expenditures will be found elsewhere in this paper.

CLARK HAS BEEN BUSY MAN—SO HE SAYS

M. L. Clark, owner of a commercial peach orchard four miles east of town, announced Tuesday that the last of his peaches were gone and the fruit season over for this year. Clark said it was quite a relief to have the exacting demands off his hands for awhile, "but didn't know how he would live now." He declares that he has had a very busy season, losing only three days since the 4th of July.

Good Attendance at Masonic Meet Here

Monday night's stated communication of Wheeler Lodge No. 1099, A. F. & A. M., which had been previously announced as pastmaster's night and invitations sent to members of nearby Masonic lodges, proved highly successful.

Secretary Harry Garrison reports that 98 members of the local lodge and visitors registered their attendance. Of this number, 25 were pastmasters of Wheeler and other lodges. Fifteen lodges were represented by one or more members, some from other states.

All of the 25 pastmasters took part in conferring the master mason's degree upon a candidate for that work. Some of these had more exacting duties than others, but everyone appeared to enjoy participation, declares Garrison.

Generous servings of substantial refreshments followed the evening's labors.

Much Cotton Coming to County Seat Gins

Nearly 1,000 Bales Received at Two Gins Here Up to Noon Today

That the community tributary to Wheeler's gins is doing its part to increase the already large cotton surplus charged to this year's unprecedented yield is seen in the following figures. Up to noon today, Thursday, the two local gins—Farmers Gin Co. and Wheeler Co-Operative Gin Co.—had received a total of 932 bales, which is climbing rapidly toward the 1,000 mark.

Of course not all of this had actually been ginned, since several loads at each place were awaiting their turn.

This portion of the Panhandle has been favored most of the time for the past two weeks with good weather for cotton harvesting. With the exception of a day or so of unpleasant weather, and occasional threats of rain, workers have been able to put in steady time. No disagreeable cold weather, or even frost, has hampered activity.

However, several have said that some frost to knock the leaves and kill other vegetation, would be an aid to more rapid picking or snapping of cotton.

PUCKETT'S HAVE LARGE DEMONSTRATION CROWDS

Advertised exclusively through The Wheeler Times, food demonstrations staged at the Puckett stores, here and in Mobeetie last Saturday, drew large crowds. Hot biscuits, butter and honey, coffee and sausages were served throughout the day, beginning in mid-forenoon. At times during the afternoon, those at the serving counters had their hands full to meet all demands.

Biscuits at the Wheeler store were baked on a modern Superflex oil range loaned for the occasion by the Ernest Lee Hardware store.

Dr. M. M. Meeks of Canadian came to Wheeler Saturday to spend the week end with his son, Stanley Meeks, a student at O. U. They were guests of Mr. and Mrs. A. B. Crump.

TIMES WINDOW SHOWS ONLY MODEST VARIETY

With cessation of the fruit season, and a very busy time incident to cotton harvest and other farm activities, The Wheeler Times display window has correspondingly receded in variety and quantity of exhibits.

Last Friday, Robert Bean, young friend of the paper living in the southeast part of town, brought to the office an unusually long radish of a white variety, found growing in the Bean family garden.

Early this week, W. B. Hooser, assistant county agent, brought in a huge leafy head of lettuce grown by A. O. Krug, a farm demonstrator living in the Davis community, eastern Wheeler county.

Small Group Attends Postpone Starvation Cotton Meeting Here Date for Old People

Harvest Urgency Keeps Growers in Fields Monday—Agronomist Details Situation

Because of the extremely busy harvest season, only a comparatively small number of Wheeler county cotton growers attended the staple improvement meeting held at the court house Monday afternoon. College Station specialists making a previously-announced appearance here were F. E. Litch, cotton gin authority, and E. A. Miller, extension agronomist. D. T. Killough, cotton breeder at the state experiment station, who hoped to accompany the party, was unable to be present.

Miller had prepared an article dealing with the principal object of Monday's visit to this county by the specialists, from which the following extracts are quoted:

"The cotton situation in Texas is more serious than most people realize. This important crop, from which over half of the farm income is derived, has been taken for granted too long by farmers and business interests. Exports are still declining. From August 1, 1936, to August 1, 1937, they were again over half a million bales less than in the previous year.

The United States exported only 5,440,000 bales during the past season in spite of the record breaking foreign consumption of 22 million bales as compared with 94 million bales in 1913, when foreign countries consumed only 16 million bales.

"This vitally concerns Texas farmers because about 90% of Texas cotton has to be exported and sold in competition with foreign countries. Just think for a moment what will happen to our cotton market if consumption of cotton decreases in foreign countries, which is likely to happen. Foreign countries have not only increased cotton production tremendously, but at the same time greatly improved the quality through government supervision until now it averages better than Texas cotton in many countries. Last year foreign countries produced 18 million bales as compared with only 94 million in 1913.

"Foreign competition is staring us in the face and nothing should be left undone to meet it. According to importers in Europe and exporters in this country, it is necessary that Texas farmers produce cotton at least as good, or if possible of better staple than foreign countries if they wish to maintain a large export market.

"According to the U. S. Grade and Staple report for 1936 to 1937, in district 3 which includes Wheeler county, and which not many years ago was noted for such good staple cotton that if the bale had a bill of lading on it from Texas, it brought a premium of several dollars on European markets.

"According to the U. S. Grade and Staple report for 1936 to 1937, in district 3 which includes Wheeler county, and which not many years ago was noted for such good staple cotton that if the bale had a bill of lading on it from Texas, it brought a premium of several dollars on European markets.

Club Amateur Night Attracts Attention

Demonstration Groups Sponsor Entertainment at Shamrock Friday Night

Information supplied by Mrs. S. P. Beasley of Shamrock, who is assisting with preparations for the Wheeler County Home Demonstration clubs' amateur night program to be presented in the high school auditorium at Shamrock on Friday night of this week, indicates good progress and increasing interest in the event.

Entries for this occasion, in which prizes are offered, closed yesterday. Some of those made up to Monday night were:

Briscoe—Tap, Billie V. Brown; Laughing Cure.
Wheeler—Tap, Little Frances Porter; song, Taft Holloway.
Mobeetie—Song, Misses Fannie, Enita and Juanita Ruff.

Ramsdell—Scottish skit.
Pakan—Piano solo, Helen Ruth Macina; Miss Foster's rhythm band.
Shamrock—Tap, Jane Ann Lane, Bonnie June Vearner, Vernon Helm and Bobbie Gambrell.
Miss Templeton's drum corps will present two numbers.

Reading—Cornelia Lake.
Piano accordion solo, accompanied by guitar, Imogene and Thelma Purcell.

R. H. Forrester, Wheeler, will be the announcer.

A nominal admission charge of 10 and 25 cents will be made.

As has previously been stated, this program is to raise funds to help pay the cost of printing this year's county home demonstration club books. Heretofore advertising space in the yearbooks provided funds for the purpose, but that method has been abandoned for at least this year.

No Reduction in Old Age Pensions for at Least Two Months—Probably Not Then

Advices from Austin reaching here Wednesday gave a brighter aspect for old age assistance in Texas as the board of control announced a new survey indicated reduction in the amounts of individual pensions would not be necessary for November and December.

"With the estimated funds in sight it appears that it will not be necessary to reduce the average amount of grant to those who are eligible under the law during November and December," Claude D. Teer, board chairman, is reported as saying.

This good news to the aged needy comes sharply on the heels of a great hue and cry wherein they were warned that unless a huge sum was appropriated by the legislature in special session that dire misfortune and bitter want might be their portion.

Many well-meaning people shared in the apparently "phony" alarm which sought to arouse the aged and their friends to an attempted stampede of the legislature. Those representatives of the people who realize the urgent need for economy and common sense in state—and even national governmental affairs—refused to pass the big sum asked and the wisdom of their position is reflected in the following statement, attributed to Teer:

"Immediate reduction in the office and field staffs of the old age assistance organization will be necessary, because the legal allowance for administrative purposes had been exceeded in September and October. The allowance is five per cent of

(Continued on Last Page)

LIONS CLUB DISCUSSES POST-SEASON FOOTBALL

At its noon luncheon in the Methodist church basement this week, the Lions club discussed, among other things, the possibility of arranging a post-season football game. A committee consisting of Harry Wofford, Raymond Holt and Lonnie Lee was appointed to investigate the question and report back at the next meeting. It was brought out that a certain strong team might be interested in trying for "revenge" on the Wheeler Mustangs.

Scout Leader Taft Holloway reported that 16 Boy Scouts are registered and in good standing. The Scouts meet each Monday evening in the Baptist church basement, but increasing membership emphasizes the need of a larger meeting place which will probably be found in the near future. The Lions club is sponsoring the Boy Scouts this year.

Entertainment committee named for the next meeting consists of Raymond Holt and Bill Perrin.

ASSEMBLY OF GOD CHURCH ENTERS REVIVAL SERVICES

Pastor Lindora Goodner announces that Evangelist Clyde Martin of Borger is bringing very interesting messages each evening to attentive and steadily increasing congregations at the local house of worship in the east part of town.

Everyone is invited, states the pastor, to these services which are expected to continue through the remainder of this and the coming week.

MAYOR'S PROCLAMATION

In behalf of American Red Cross Annual Roll Call

Once again the time has come for our community to demonstrate its concern for maintaining a very necessary part of our civic welfare program—the work maintained by the Wheeler Chapter of the American Red Cross.

It is not necessary for me to remind citizens of our community that the work of the Red Cross is a vital contribution to our community welfare. We have all seen, during the past year, how effective Red Cross work is, both from the standpoint of the year-round program and that done during times of great national emergency. Perhaps never before has the work of this great national agency been so universally endorsed as in this year during the gigantic relief operation in the devastating floods in the Ohio and Mississippi River Valleys. It was a great work, done in an efficient manner, and truly deserves our most sincere commendation.

Our community, I am pleased to say, carried its share of the responsibility for making this great relief work possible, through contributions of our citizens.

The annual Roll Call of the Red Cross, through which such fine work is supported, is from November 11 to Thanksgiving Day. Memberships enrolled during that time will support the work for the year ahead of us. The Red Cross asks little from the community, yet contributes much to the general welfare of our people.

It gives me great pleasure, as mayor of Wheeler, Texas, to set aside this designated period as the time when all members will be asked to renew their memberships and those who have not enrolled before are urged to add their names to the ranks of Red Cross members in our community.

(Signed)

R. J. HOLT, Mayor

MOBEETIE MAN HAS GOOD COTTON YIELD

According to Tom Arnold, who was in Wheeler Wednesday afternoon, W. D. Key, living a half mile west of New Mobeetie, has a very fair cotton yield this year. From 50 acres, Key harvested 25 bales in the first round. It is believed that 12 or more bales will be taken from the field, giving a total of 37 to 38 bales from the 50 acres. Approximately three-fourths of a bale per acre, as indicated by these figures, is rated a good yield in this area, especially during recent years.

Mrs. Holt Green Buys Wheeler Beauty Shop

Mrs. Holt Green took charge this morning of the Perryman Beauty Shop, which she purchased this week from Mrs. J. C. Perryman, who established the business some three years ago.

Miss Mildred Byrd will continue with the shop under its new ownership, states Mrs. Green, who also hopes to regain the services of Miss Rosa Byrd, who has been gone from Wheeler about two weeks. Both young ladies, thoroughly experienced operators, have been with the shop for several months, making a number of friends throughout the community.

Mrs. Green has a host of friends in Wheeler and vicinity who will be pleased to learn of her venture and will extend best wishes for success in the undertaking.

Mrs. Perryman expects to make her home at Lamesa, where Mr. Perryman is employed.

Big Amateur Contest Here in Near Future

Given Under Patronage All-States Shows with Miss Templeton Local Director

Sponsored by the Kappa Beta club of Wheeler, under patronage of the All-States shows, a big amateur contest will be presented here in the near future. Exact date has not been fixed, but according to Miss Willetta Templeton, local director, it will be presented during the latter part of this month.

The contest is in three groups or divisions. The first is open to all amateurs and affords an opportunity for advancement in their chosen line of entertainment, states Miss Templeton. All kinds of specialties will be acceptable, including dancing, singing, music and comedy sketches; in fact, anything adaptable to screen or radio.

Good prizes will be awarded winners in this contest.

The second division is for young women between the ages of 15 and 25, who will compete for the title of "Miss Wheeler." Winner in this event will also receive a satisfactory prize.

The third group is for little girls of 2 years and over. They will compete for the title of "Little Miss Shirley," and the winner will receive a Shirley Temple dress and a screen test.

Miss Templeton is receiving the names of those who wish to enter any one or more of the divisions.

Mrs. M. McIlhany and Misses Blanche Grainger and Hattie Womack motored Sunday afternoon to Shamrock and visited at the J. A. Hall home.

Roll Call Chairman Enumerates Benefits American Red Cross

Some Reasons Why Organization is Worthy of Support—Canvassers Named

While discussing the forthcoming annual Red Cross membership drive yesterday, Lee Guthrie, chairman of the campaign, stated that a record number of persons were assisted by the various services of the American Red Cross during the past year. He referred to the fact that the society had been called upon to render assistance following 128 disasters, in addition to its regular duties.

"The Red Cross assisted 236,116 families following the great floods of last spring," the chairman said. "This number represented 1,063,000 individuals who were given food, medical assistance, shelter, clothing, or permanent assistance in the way of rebuilding or repair and furnishing of homes, as well as vocational assistance."

He said that, during the fiscal year, Red Cross public health nurses made 1,035,764 visits to or in behalf of the sick, and that the move for public health nursing had been growing rapidly as a result of demonstrations by the nurses of what benefits were brought to communities by this work. This year marks the twenty-fifth anniversary of Red Cross public health nursing services.

"The Red Cross continued a vigorous campaign against accidents in the home, on farms, and along highways," Guthrie said. Toward this end 256,884 persons were given courses in first aid, and 81,291 completed classes in life saving. First aid was taught to 49,000 C. C. C. men and life saving to 3,600 C. C. C. enrollees by Red Cross instructors.

In commenting on moves to eliminate accidents on highways, Guthrie said that 1,778 first aid stations had been established along the nation's principal highways, with 3,283 stations being organized for early opening as the year closed. Mobile first aid units, he said, have also been organized, and hundreds of trucks and automobiles belonging to utility companies, highway departments, police patrolmen, and others frequenting the roads had been equipped with Red Cross first aid kits, and their personnel trained in first aid.

Red Cross chapters, he recounted, administered civilian relief in 745 communities, and 54,830 women and girls were given certificates upon completion of courses in home hygiene and care of the sick. During that same period seven million homes were self-checked by school children and parents in an effort to lessen the number of accidents that occur in our so-called "havens of safety."

"Regular services to disabled veterans and their dependents, and to men in active service continued," Guthrie said. "Thousands of volunteer Red Cross workers made garments for the needy, and hundreds of books in braille for blind readers were printed and bound for distribution."

"Every man and woman who joins the Red Cross during our annual Roll Call Nov. 11 to 25 supports these services," the chairman concluded. "We are working for the preservation of life and health, for the needy and those in distress and the assistance of everyone in our community is needed."

Membership canvassers have been named for the district of which the Wheeler chapter is headquarters. These are:

Wheeler—North Main and east thereof, Mrs. D. A. Hunt and Mrs. John Hood; West Canadian and west thereof, Mrs. J. M. Lawrence and Mrs. Ernest Lee; South Shamrock street, Mrs. W. O. Puett and Mrs. Lonnie Lee; South Main, Mrs. H. E. Nicholson and Mrs. Robert Bowers; South Canadian, Mrs. George Porter and Mrs. Bronson Green; west part of town, Mrs. Jack Badley and Mrs. H. M. Wiley.

Mobeetie—Dr. Glenn R. Walker and Buck Scribner.

Kelton—Buster Walser.

Twitty—M. Braxton.

Allison—Ben Parks.

Briscoe—W. V. Swinburn.

Chapter Officers

Officers of the Wheeler chapter are:

Dr. H. E. Nicholson, chapter chairman; Lonnie Lee, vice chairman; Lee Guthrie, roll call chairman; Clara Finsterwald, secretary-treasurer; Tom Britt, home and farm accident chairman; D. A. Hunt, first aid; H. J. Garrison, highway first aid; R. G. Russ, life saving; C. G. Miller, home service; G. O. McCrohan, disaster.

The executive committee is: Dr. H. E. Nicholson, Lonnie Lee, C. G. Miller, G. O. McCrohan and Tom Britt.

DRINKING AND DRIVING

How much whiskey makes an unsafe driver? Two jiggers! Dr. Rollo N. Harger, professor of biochemistry and toxicology at Indiana university, gave that estimate to highway traffic experts at the National Safety congress.

Based on studies made with a new type "chemical breath smeller" with which he seeks to replace the "police-man's nose test." Dr. Harger said that three ounces of whiskey was sufficient to fog the brain and render an automobile driver unsafe. This moderate amount of liquor increases an individual's reaction time—the time required before muscles obey the orders of the brain. Thus it appears that we need a new definition of intoxication in its relation to the operation of an automobile. To a person accustomed to alcohol, two or three drinks may produce no visible effect. The driver may seem sober in speech, actions and appearance. That same driver, turned loose on the highway with a car, is a menace to life and property.

Police reports from various representative states indicate that liquor is a definitely proven factor in 10 to 20 per cent of automobile accidents involving fatalities and serious injuries. It is certain that liquor is an unseen factor in a much higher proportion of cases—where it is impossible to obtain legal proof of drinking.

One basic rule of safe driving must be "Never operate your car after you have taken any liquor whatever, even though it be but a glass or two of beer." Alcohol and gasoline must be kept apart. The citizen who drives his car after a few cocktails, in the belief that he is perfectly sober, is basically as serious a public menace as the roaring drunk who goes careening down the streets and highways.

Dr. Hager describes successful experiments that have been made in developing chemical tests for intoxication. Every police department should keep up with the march of times and take advantage of the new tests and machines that eliminate the human elements and make the determination of intoxication a scientific fact. Eliminate the drinking driver and we will have taken a long step toward highway safety.

FOR PRICE OF A CIGARET

How expensive is electricity? Facts prove that it is about the cheapest thing we use. For the price of a single cigaret—not a package—the average home owner can light a 40-watt bulb for almost four hours, or operate a radio for nearly two hours, or percolate coffee for 21 minutes, or run an automatic refrigerator three and one-half hours, or run an electric clock for three and one-half days, or operate an electric fan for more than two and one-half hours, or operate a washing machine for 31 minutes, or toast bread for 21 minutes, or run an electric dishwasher for 42 minutes.

For the price of an entire package of cigarettes the average home owner can pay all his electric bill for more than a day. For the price of a movie show, the family can use electricity for two weeks or more. For the price of a Sunday driving trip, it can pay its household electric bill for a month or two.

Here are simple comparisons anyone can understand. They refute

better than anything else the state and fallacious political argument that the cost of electricity is one of the most burdensome expenses of the day.

To the average citizen the cost of almost anything else in his daily life is more important than the cost of power and lights.

NO JUBILATION TIME

The News can see no cause for jubilation in Texas over the announcement this week of the United States Department of Agriculture of a two million acre reduction in cotton acreage for 1938.

Every year for the past five, foreign countries have matched every acre taken out of cotton production in America, and more, until today we face a vanishing world market and demand for our cotton. A government policy which allows California and Arizona to increase cotton acreage while demanding heavy reductions in Texas and the South, and does nothing about a tariff which loses us our cotton exports in increasing ratio is a menace to the future of Texas and the South.

If we were editing a foreign newspaper where cotton is being produced in growing volume every year, we would print with great jubilation the nearly 10 per cent additional cotton acreage cut in the United States. It would be big prosperity news. Here in Texas it is the reverse.

On one celebrated occasion a football player created a national sensation by running the wrong way with the ball, unconsciously aiding his opponents. A two million acre reduction on top of an accumulated cut over the past few years is like that. We are advancing the ball—the wrong way.—Clarendon News.

SOCIAL SECURITY PROBLEMS

Putting Social Security into effect is no small problem.

The people of the nation become very sympathetic while thinking in the terms of old age assistance and other forms of aid for the unfortunate. But there is the other side of the picture which is often lost sight of. Industry and business can absorb only just so much of the load at one time.

There are thousands of fine young men out of work, whose lives are being ruined by idleness because business cannot afford to put them to work on account of the high taxes that are being imposed. The lives of these young people, who are entitled to an opportunity to make something worthwhile of themselves, will largely be wasted because of the universal sympathy for those whose lives have been spent and are no longer producers for the benefit of society.

Social security is a fine reform. But like all reforms, its introduction is defeating its purpose in many respects. This nation has been traveling at such a rapid pace that the deterring effects of social security were not anticipated as the government went into this phase of reform.—Canyon News.

THAT'S HOW TEXANS ARE

On Sunday night, Oct. 31, taps were sounded for the Greater Texas and Pan-American exposition in Dallas. Occupying the same physical site as last year's Texas Centennial exposition, though not actually a continuation of that celebration, the Pan-American exposition has not been favored with as many attendants or as widespread interest as the 1936 exposition. That was probably inevitable; the Centennial celebration, it must be kept in mind, had the advantage of several years' "build-up" and the further advantage of being essentially a patriotic observance.

Nevertheless, it would be very much out of place to say that the Greater Texas and Pan-American exposition has been a failure. It has played out its scheduled five months. It has brought new and exciting entertainment to Texas and the Southwest. It has helped to bind a little

more closely the neighborly ties between this nation and the countries to the south. This year's exposition, in short, has been well worth while. Ask the people who went.

If any person not knowing Texans very well, thinks that the state will be content to rest for a while on the knowledge that it has completed the second of two noteworthy expositions, that person needs to be told things. He needs to be told, for example, that plans already are going forward for the 1938 State fair of Texas—which may, as a matter of fact, turn out to be a Southwestern states exposition. Texas's State fair is famous, even though it hasn't been held since 1935; in that year it was still the biggest annual State fair held anywhere in the United States, and there's every reason for expecting it to get right back into that position when it starts up again.

In any event, it is certain that plans are under way to make the 1938 State fair memorable in more ways than one. At a meeting this week, directors of the fair began preliminary planning for assumption of operation of fair park again on Jan. 1. Undoubtedly, the State Fair association, under the leadership of Otto Herold of Dallas, has some big ideas for the 1938 show.

The 1936 Centennial exposition and the 1937 Pan-American exposition are now history. But the same spirit which made these celebrations what they were still prevails in Texas. And that spirit already is behind the 1938 State Fair of Texas.—Texas Weekly.

Our Exchanges

Items of interest culled from newspapers on The Times' exchange list.

Business men are asked for so much "donation" advertising that it is bound to disrupt their legitimate advertising budget. It is not fair to charge such advertising to the budget, but it should be charged to charity in order to keep the advertising record straight.—McLean News.

Walter Moore, age 62, prominent farmer of the Clear Lake community, died Wednesday, Oct. 20, from injuries received when a tractor and disc ran over the lower part of his body. He lived a few hours after the accident. Moore, who at one time owned land west of Perryton, was a brother-in-law of Frank Shockey of the Perryton Motor Co. Burial was at Clear Lake Sunday.—Ochiltree County Herald.

Many people do not mind doing things if they are doing them as suggestions, but the average West Texan does not like to have to do something, even if he knows he ought to do it, even for civic or other good reasons. It is easy to talk people into doing things, difficult to make them do the self-same.—Floyd County Hesperian.

Jack Sitton, who has been city editor of the Democrat for the past year, is stepping out and up in the newspaper world. He went to work Monday for the Amarillo News under that good fellow and outstanding newspaper man—John McCarty. Jack is a splendid young newspaper man, and will make good in his new field of endeavor. He and his estimable wife were consistent church and social workers in Memphis, and it is safe to say they will continue to live sanely and happily in Amarillo.—Memphis Democrat.

Travel between Canadian and Perryton is now being routed over the new cut-off on Federal Highway No. 83, the barricades being removed last week. The new road shortens the distance to Perryton, nine miles, making the route only 43.8 miles. Just a few years ago, Canadian and Perryton were 60 miles apart by a travelable highway. The new cut-off is now being maintained by the state highway forces.—Canadian Record.

"There are no rent cabins at Eagle Nest, N. Mex. Every cabin, of which there are more than 35, is built and owned by individuals, many of whom reside in the Texas Panhandle and spend the summer in the mountains. Rent cabins at Eagle Nest would no doubt bring undesirable citizens which are not wanted by the property owners."—D. B. Stribling in Miami Chief.

This past week, L. M. Smith was in town visiting his friends of former years. It will be recalled that in 1928 Smith happened to a serious accident at the local power house when 33,000 volts passed through his body from head to feet. Tacks in his shoes were melted. A portion of his top skull were burned, and later removed. Within a few weeks, friend Smith was back on the job. Today he continues hale and hearty, and continues an employe of the West Texas Utilities company, stationed at Matador.—Donley County Leader.

WPA has approved the expenditure of \$17,676 on the streets of Canyon. The application for this work was made several weeks ago when it was proposed to hard surface 66 blocks. It will be necessary for the city to vote about \$10,000 in bonds if

the city accepts this offer of the government.—Canyon News.

Pampa is in the center of the carbon black manufacturing industry of the world. Almost four-fifths of the entire carbon black of the world is made within 50 miles of Pampa.—Pampa Press.

The governor's special session of the Texas legislature called for the purpose of raising revenue to finance the state's social security program and bolster the general treasury adjourned early Wednesday morning without providing a dime in new revenue. Virtually the only accomplishments of the session which cost approximately \$150,000 were enactment of laws eliminating conflicts in state and federal dove hunting regulations and re-allocating rural aid appropriations to make an additional \$835,000 available for bus transportation.—Tulsa Herald.

During the past week the county committee has been working on compliance papers for the 1937 Soil Conservation program in Carson county, and they find that about ninety per cent of the work sheet signers will be in compliance for the current year.—White Deer Review.

Methodists of Memphis, headed by

Rev. Orion W. Carter, Memphis pastor, and Rev. T. S. Barcus, presiding elder of the Clarendon district and assisted by the Memphis Chamber of Commerce, are making an effort to secure the 1938 meeting of the Northwest Texas Annual Conference of the Methodist church for Memphis.—Clarendon News.

Mr. and Mrs. Tom Tolliver of Mangum, Okla., were Friday guests of Mr. and Mrs. Virgil Tolliver and Harry Tolliver.

Miss Mazie Bean, who is taking a Nurse's training course at the McLain-Rogers hospital in Clinton, Okla., came Friday to spend a few days with her parents, Mr. and Mrs. A. L. Bean, and children, Miss Audrey and Robert.

More and Better Heat with the New Clean Flame OIL-BURNING HEATER

Greater Comfort and Economy Than You'll Find in Much Higher Priced Heaters

No chills and shivers this winter, if you have a Clean Flame Heater in your home. A turn of the valve and a match gives you instant warmth on cold mornings. In less than 5 minutes' time your Clean Flame Heater is red hot. Simple to operate . . . no wicks of any kind to trim or adjust . . . just regulate the valve for high or low fire, and then feel your Clean Flame radiate welcome to every corner of the room.

Clean Flame works on an entirely new patented principle that gets more heat from an ordinary amount of fuel, and gives you a hotter, cleaner flame than can be obtained from coal or wood . . . and at a much greater saving, too!

Proud owners of Clean Flame Heaters testify to the amount of money the Clean Flame vaporizer saves them each winter on their fuel bills—some saving as high as 50 per cent. Let us demonstrate the quick efficiency of the Clean Flame today.

Panhandle Gas OILS AND GREASES

These motoring necessities are recognized as high standard products wherever used, and we invite you to try a tankful of this gas and let us refill the crankcase for winter driving with the correct weight oil, and grease your car for better operation.

JUNE WEDDING KEPT SECRET TILL RECENT ANNOUNCEMENT

Miss Mabel Barnes, daughter of Mr. and Mrs. F. E. Barnes of Briscoe, became the bride of Mr. Wilton Callan on June 12 at Cheyenne, Okla. The couple was attended by the groom's sister, Mr. and Mrs. Milton Lile of Twitty.

Mrs. Callan, while attending school at Briscoe, was a member of the basketball squad and had a junior class rating.

Mr. Callan is the son of Mr. and Mrs. J. A. Callan. He was graduated with the Wheeler class of '34, later attending A. & M. at College Station. Mr. and Mrs. Callan will be at home to their numerous friends on the J. A. Callan ranch, 14 miles east of Wheeler.

THANKSGIVING PARTY GIVEN DORCAS CLASS TUESDAY EVE

Mesdames V. N. Hall and George Porter were joint hostesses at a Thanksgiving party given for members of the Dorcas Sunday school class at the Baptist church basement Tuesday evening.

Mrs. Floyd Pennington gave an interesting program on Thanksgiving, assisted by Mesdames W. E. Collins, J. M. Burgess, Ernest Dyer and Geo. C. Jones. During a short business meeting the class voted to get subscriptions to McCall's magazine and selected a sunshine pal from the class membership to be made known at the social meeting in June.

After a number of games and contests, dainty refreshments were served to Mesdames J. M. Burgess, W. E. Collins, E. H. Herd, H. H. Herd, W. O. Puett, Bob Rodgers, Ernest Dyer, Cordie Gill, Otis Ford, Roy Esslinger, Geo. C. Jones, Floyd Pennington, S. L. Ivy, Bennie Morgan, C. G. Miller and the hostesses.

Good Prices on GROCERIES

When this store says "good prices on groceries," it means exactly what it says and invites an unbiased comparison with prices to be found anywhere—value and quality considered. It is our constant aim to buy high-grade groceries that we can confidently recommend to patrons of years standing and to those whom we hope will become such customers.

Always on SATURDAYS we have **LITTLE EXTRA INDUCEMENTS** and therefore invite close inspection of prices on those days as well as all other times.

MRS. CRUMP IS HOSTESS TO LONDON BRIDGE CLUB

Mrs. A. B. Crump was a charming hostess to members of the London Bridge club and friends, at her beautiful home on South Main street Thursday afternoon. Halloween was accentuated in decorations and refreshments.

Mrs. Roy Puckett won high score and Mrs. Nelson Porter second high. Delicious refreshments were served to Mesdames Nelson Porter, Roy Puckett, Fred Farmer, Ed Watson, R. P. Watts, Buck Britt, J. I. Maloy, Melvin Howe, Tobe Frye, Bronson Green, Inez Garrison and Mrs. Fred E. Cornelius of Amarillo. Mrs. Ed Watson will be hostess to the club on Tuesday, Nov. 9, instead of Thursday.

MRS. LAFLIN GIVES BIRTHDAY PARTY FOR DAUGHTER SUNDAY

Mrs. L. C. Laflin gave a party Sunday afternoon honoring her daughter, Virginia Rose Marrs, 9th birthday, which falls on Nov. 2. Mary Elizabeth Marrs, assisted by Arlie Ruth Waters, directed the games.

The hostess served sandwiches, potato chips, cake and hot chocolate to Dolores Watson, Margie Esslinger, Coene Carter, Arlie Ruth Waters, Mary Elizabeth Marrs, and Chester Stewart Anglin, James Ray McPherson, Junior Ahler, Kenneth Crowder, Bobbie Rodgers and the honoree, Virginia Rose, who was the recipient of many beautiful gifts.

MRS. R. L. DAILY HOSTESS TO CONTRACT BRIDGE CLUB

Mrs. R. L. Daily was a charming hostess to members and friends of the Contract Bridge club at her home on South Shamrock street Tuesday afternoon.

Miss Clarice Holt won high score and Mrs. Al Watson won low. Tallies and table appointments featured the Thanksgiving motif.

Lovely refreshments were served to Mesdames Ed Watson, Roy Puckett, Ernest Lee, Dud McMillin, Inez Garrison, Buck Britt, Nelson Porter, R. D. Holt, Bronson Green, Al Watson and Misses Clarice Holt and Reba Wofford.

SURPRISE BIRTHDAY SUPPER SUNDAY FOR HARMON WEEKS

Harmon Weeks was pleasantly surprised Sunday evening, when Mrs. Weeks gave a supper in honor of his birthday.

Those present were Mr. and Mrs. Holt Green, Mr. and Mrs. Chester Lewis and son, Jerry, Mr. and Mrs. D. B. Weeks, Pampa; Misses Helen and Annie Mae Green, W. J. Murdaugh, W. T. Roach, Mrs. F. B. Craig and sons, F. B. and Lewis, Odous Hooker, W. E. Pennington, Gene Hall, Alton Weeks, Chester Stewart Anglin and Kenneth Weeks and Mr. and Mrs. Weeks.

Mr. and Mrs. G. B. Anderson and her mother, Mrs. Earl Miller, who live east of Wheeler, were guests of the latter's sister, Mrs. J. A. Callan, today.

MRS. KENNER HONORED AT BIRTHDAY SOCIAL MONDAY

Honoring the birthday of her mother, Miss Tampa Mae Kenner entertained with a surprise party for Mrs. H. L. Kenner at their home Monday afternoon, Nov. 1. The hostess was assisted by Miss Helena Jones.

After an enjoyable social hour, refreshments were served to Mesdames J. L. Gilmore, C. Bryan Witt, Charlie Carter, C. O. Sandifer, A. C. Mitchell, C. C. Merritt, J. A. Dixon and the honoree, Mrs. Kenner.

Kappa Beta Supper Party

Members of the Kappa Beta club and several friends enjoyed a delightful social gathering at the home of Miss Willetta Templeton on Wednesday evening of last week. Following the buffet supper, a Halloween party with forty-two as the leading diversion, was featured.

Those present were: Misses Florence Merriman, Bernice Addison, Marilyn Wiley, Evonne Hubbard, Mary Eunice Noah, Helen Green, Bessie Mae Ficke, Winona Adams, Imogene Holbert, Annie Mae Green, Willetta Templeton; Mrs. E. C. Roney, and Messrs. Stina Cain, W. J. Murdaugh, W. T. Roach, Max Wiley, Shelton Nash and Everett Smith.

HOSPITAL NOTES

Mrs. Ted Clay entered the hospital Wednesday for medical treatment.

Mrs. Hollis Cooper of Davis entered the hospital Wednesday for treatment.

Mrs. E. F. Armstrong of Kelton is a patient at the hospital today.

Robert Lane, who has been in the hospital since his car wreck Oct. 9 was able to return Tuesday to his home at Mobeetie.

Mrs. Claude Vawter of Mobeetie is a patient at the hospital.

Local News Items

Mrs. Nelson Porter and Mrs. Roy Puckett attended a show in Shamrock Monday afternoon.

Mrs. A. J. Beasley has been quite ill since Saturday. Her condition was much improved Wednesday.

Mr. and Mrs. Don Anglin were Sunday dinner guests of her parents, Mr. and Mrs. W. F. Hix, and children at Mobeetie.

Joe Weatherly motored Saturday to Parnell and brought home his daughter, Miss Beatrice Weatherly, who will remain here for an extended visit. They came Tuesday evening.

Mr. and Mrs. Joe Peters of Torrance, N. Mex., and Mr. and Mrs. Sam Risner and children of Allison were Saturday guests of Mr. and Mrs. Jim Risner.

Mrs. J. W. Hooker went to Pampa Tuesday evening to meet her daughter, Miss Doris, who was returning home from Los Angeles, Calif., where she visited a sister and husband, Mr. and Mrs. Frank Buchanan, and friends. Mrs. Vera Jamison accompanied Mrs. Hooker to Pampa.

"Builder or Wrecker?" (C. C. M.)

I watched them tearing a building down—
A gang of men in a busy town;
With "ho—, heave, —ho" and a lusty yell,
They swung a beam and the side wall fell.
I asked the foreman, "Are these men skilled?"
And the kind you would hire were you to build?
He laughed and said, "Why, no indeed!"
Just common laborers is all I need;
They can easily wreck in a day or two
What builders have taken years to do.
So I said to myself as I went my way,
What part of the game of life do I play?
Am I shaping my deeds to a well made plan,
Carefully measuring with rule and square
Patiently doing the very best that I can?
Or am I a wrecker who walks the town,
Content with the labor of tearing down?
—Author Unknown.

Sermon subjects for next Sunday:
At the morning hour: "War to End War"—"The Valley of Decision."
At night: "In Christ, a New Creature."

Like the traveling man who, according to Dame Rumor, hadn't "done right" by Little Nell, possibly The Wheeler Times has neglected advertising its Wantad Column as much as it deserves, but—

Times Wantads do get results!

And results are so definite . . . so certain . . . so satisfactory . . . and so economical that patrons return time after time to insert items of for sale, for rent, to trade, wanted, and other services. "The proof of the pudding is in the eating thereof," is an old adage that applies with special fitness to wantads in this newspaper. Ask any one who has used these little "economy salesmen" and we'll abide by the verdict, because it is sure to be "guilty"—guilty of RESULTS.

PROVEN RESULTS

Numerous instances of definite and satisfactory results from use of Wheeler Times Wantads are a matter of record.

In addition to complimentary reports by those who let their wantads run the number of times ordered, perhaps the most outstanding examples are instances wherein an advertiser requests discontinuance following one insertion after ordering it to run several times.

IT WAS STOPPED BECAUSE THE DESIRED RESULTS HAD BEEN OBTAINED. In every case of this kind brought to the publisher's attention, refund is cheerfully made of unearned balance where payment is made in advance.

If a customer thinks his wantad should be run three times and later gets satisfactory results from only one insertion, he is entitled to refund if he paid in advance, and The Times is always glad to do this.

It's surprisingly easy to use this service. Come in personally if convenient; if not, then mail or phone your wantad, stating how many times to run it. The rate is only 5c per line. Count five words to the line, or fraction thereof, and the approximate cost can be easily determined.

Sunday School Lesson Exposition

By C. C. M. Sunday, Nov. 7, 1937. CHRISTIAN CHARACTER AND PEACE. Lesson Text: Colossians 3:1-17. Golden Text: Colossian 3:15. Devotional Reading: Micah 4:1-5.

An Angle of Approach. This is not primarily a lesson on a cure for wars among nations. Yet if the lesson were received and practiced by all makers and leaders of nations there could be no wars.

It is to be feared that the depravity of the unregenerated human heart is greatly manifested in a greed for all things which are the cause of strife, from a church fuss to a world war, and at the same time also manifesting the deception of their minds when they strive to avert the consequences of their evil thinking and doing.

Our lesson text was written to the Christians at Colossae. There were things taking place among them affording evidence that something was wrong with some of them at heart.

"If ye then," Paul well knew that his lesson could not be adaptable to all. "If ye then be risen with Christ," and if they are the "risen" ones, it is because they had formerly "died with Christ" (Col. 2:20).

Inner peace, made possible to the believer through the work of the Spirit, is the Christian's first consideration. There are many who love wrong-doing and who propose to do wrong but who have a struggle with their conscience and the fear of consequences.

They feel the sufficiency of Christ as their Saviour from their past, but have not believed in His sufficiency for the present. They struggle in the power of the old man against sin and are therefore failing.

Christ is our power to deliver from sin and if we take Him as such, we know that we have been "raised with Him through faith in the operation of God."

We, by that same power, can throw off the old sinful man and put on the new man in Christ. The "inner peace" makes possible a peaceful walk with our fellowmen.

Christ is the Living Bond of Unity. For Christ was holy and whenever a man applies the name of Christ to his life (Christian), he has pledged himself to holiness.

Loyalty to Christ is demonstrated in the Christian's social relationship to all others. It is not now "as man to man," but as Christ to man.

For he "no longer lives, but Christ liveth in" him (Gal. 2:20). Therefore, he puts away all selfishness and unholiness which were put to death in Christ.

Thus we demonstrate that "the peace of Christ rules in our hearts" (Vs. 15). A very common expression is that War Settles Nothing.

Let us recall what America thought had been attained by the war of 1914-18. Contrast these then with the actual results. That was not a "war to end war."

All nations are preparing for war as never before. Hatred and suspicion increases. Just so it is with strife, even petty strife. It settles nothing.

But there will be strife and war so long as sin controls the human heart. "Diplomacy" is a deception. Diplomacy seeks to conceal truth and to build peace on a deceptive foundation.

Mobeetie News

(Sponsored by Mobeetie Outlook)

Weldon Bullard of Pampa spent Sunday afternoon with his cousin, Horace Bullard.

Mrs. John Dunn returned Friday evening from El Paso, where she attended the Eastern Star Grand chapter.

L. J. Shahan spent Friday night in Amarillo at the home of Robert Bailey, visiting with Stanley Trimble, who is attending school in Amarillo.

Mr. and Mrs. J. O. Sims spent Saturday night in the A. H. Bartram home.

Mr. and Mrs. A. A. Webb and children of Canadian spent Sunday in the A. H. Bartram home.

Mr. and Mrs. E. F. Lester and children visited in the home of Roscoe Steel, Sunday.

Junior Sims went to Higgins Monday morning where he will work for awhile.

Messrs. Frank Peace, Hampy Dyson and Frank Lee made a business trip to Pampa Tuesday, Oct. 27.

Mr. and Mrs. Rogers of Erick, Okla., visited their daughter, Mrs. A. M. Mixon and family Tuesday, Oct. 27.

Omer Smith and family of Cordell, Okla., spent Sunday in the home of his brother, L. D. Smith.

Mr. and Mrs. William Gober and children, who have been visiting in the home of their parents, Mr. and Mrs. O. P. Gober, and Mr. and Mrs. W. H. McAvoy, returned to their home in Sunray, Sunday.

Mary Lena Huff, who is attending school at Canyon, is visiting with

being dead through your trespasses and the uncircumcision of your flesh, you, I say, did he make alive together with Him, having forgiven us all our trespasses" (2:13).

Christian baptism merely symbolizes what took place on the Cross and in the Tomb for the believer as shown in the twelfth verse of the second chapter of our lesson.

Notice that this is the work of God through our faith. "If ye then be risen with Christ, seek those Things Which are Above"

Inner peace, made possible to the believer through the work of the Spirit, is the Christian's first consideration.

They feel the sufficiency of Christ as their Saviour from their past, but have not believed in His sufficiency for the present.

Christ is our power to deliver from sin and if we take Him as such, we know that we have been "raised with Him through faith in the operation of God."

We, by that same power, can throw off the old sinful man and put on the new man in Christ.

The "inner peace" makes possible a peaceful walk with our fellowmen.

Christ is the Living Bond of Unity. For Christ was holy and whenever a man applies the name of Christ to his life (Christian), he has pledged himself to holiness.

Loyalty to Christ is demonstrated in the Christian's social relationship to all others. It is not now "as man to man," but as Christ to man.

For he "no longer lives, but Christ liveth in" him (Gal. 2:20). Therefore, he puts away all selfishness and unholiness which were put to death in Christ.

Thus we demonstrate that "the peace of Christ rules in our hearts" (Vs. 15). A very common expression is that War Settles Nothing.

Let us recall what America thought had been attained by the war of 1914-18. Contrast these then with the actual results. That was not a "war to end war."

All nations are preparing for war as never before. Hatred and suspicion increases. Just so it is with strife, even petty strife. It settles nothing.

But there will be strife and war so long as sin controls the human heart. "Diplomacy" is a deception. Diplomacy seeks to conceal truth and to build peace on a deceptive foundation.

The maneuverers of war-scared and war-scared nations today prove this beyond any question of a doubt. Sin, and the love of sinning, in the hearts of citizenry and government is the downfall of any nation.

LOCAL MAN SUFFERS SECOND FRACTURE WITHIN 6 MONTHS

Misfortune appears to be dealing to D. W. Brittain of this city considerably more than one man's share of accidents. Right now he is nursing a very sore left arm in which one of the small bones between wrist and elbow was fractured Monday.

Just six months ago Brittain sustained a fractured bone in his left foot when some heavy machinery fell on the member. That mishap kept him on crutches for 56 days.

CIRCULATING LIBRARY COMMITTEE ORDERS MANY BOOKS

Wheeler county rural school library committee, composed of the principal from each school, assisted by B. T. Rucker, county superintendent, made selections one day this week of 354 volumes to be placed in the county circulating library.

Books recently ordered, according to grade use and cost are: Primer and first grade—63 volumes, costing \$46.55. Second grade—57 volumes, \$46.69. Third grade—72 volumes, \$48.69. Fourth grade—39 volumes, \$45.80. Fifth grade—40 volumes, \$49.47. Sixth grade—24 volumes, \$43.25. Seventh grade—State reading credit instead of regular seventh grade books—43 volumes, \$54.35. Music books—16 volumes, \$14.25. Total volumes—354, costing \$349.05.

The advantages of the circulating library plan has become better understood and is fully appreciated, it is said. The method permits access by each individual student to a much larger variety of library books than would otherwise be available.

Mrs. Fred Farmer was quite ill the first of the week.

Local News Items

R. G. Russ was quite ill Tuesday.

W. M. McMurtry of Shamrock was a business caller in the county seat today.

F. B. Craig returned Wednesday from Mineral Wells, where he spent several days.

Tom Owen went to Amarillo Monday on a business trip and returned home Tuesday.

Mr. and Mrs. G. W. Porter had for their Sunday dinner guests, Mrs. J. F. Witt and Mrs. Jimmy Mitchell.

Mrs. J. R. Thomas of Stafford, Ariz., came Friday and visited until Tuesday with her sister-in-law, Mrs. H. C. Gaines.

Mrs. D. O. Beene motored Wednesday to Mobeetie, where she was a guest of the Study club at the home of Mrs. Oliver Elliott.

Mrs. Melvin Howe and daughter, Mona, went to Wellington Monday to spend several days with her mother, Mrs. John Breedlove, who was ill.

Miss Annie Crossland of Seagraves came last week for a short visit with her parents, Mr. and Mrs. B. F. Crossland, and brother, Tom Crossland and family.

Mrs. H. C. Gaines and daughter, Lillie Mae, moved Tuesday from the west part of town to the Pollard house, first door west of the Lawrence Crowder home.

Mrs. Nelson Porter and daughter, Frances, Mrs. Roy Puckett and Mrs. Bronson Green and son, Jimmy Bronson, spent this afternoon in Shamrock with relatives and friends.

L. L. Sides, J. B. Crowder, Aaron Williams, S. L. Ivy and Chester Lewis attended the monthly meeting of the American Legion for this district, held Monday night at Berger.

Mr. and Mrs. Jim Risner and son, Henry Ford, Mrs. Lula Mae Farley and Hobart Risner were Sunday dinner guests of the men's mother, Mrs. M. L. Risner and children at Allison.

Joe Tilley, manager of Wheeler Poultry & Egg grocery store, went to Amarillo Wednesday to take Mrs. Tilley and daughter Bonnie Ray, to visit relatives until Sunday. Mr. Tilley returned that night.

Mrs. H. E. Tolliver and daughters, Wanda and Mrs. A. H. Yates, of Berkeley, Calif., and Mrs. Harry Garrison returned Tuesday night from Houston, Lufkin and Groveton, where they spent a week with relatives.

Mr. and Mrs. Joe Tilley, who have been living in the E. R. Jones residence on South Shamrock street, moved today to the property known as the J. M. Griffin place in the east part of Wheeler, recently vacated by J. H. Templeton and family.

Mr. and Mrs. Cleda Crafton and two children of Sidney, Ark., came last week to visit his sister and husband, Mr. and Mrs. John W. Mayo. Mr. Crafton will work here during the fall crop gathering and they may make their permanent home here.

Mr. and Mrs. A. B. Griffin and sons, Bogin, Ben, Tony, Joe and Al, returned Monday afternoon from Decoto, Calif., where they have been living the past year. They will make their home on an acreage just east of the Worth Beal residence on the highway east of town.

Mr. and Mrs. R. J. Holt, sr., and children, R. J. jr. and Margaret Ann, went to Pampa Saturday and spent the week end with Mrs. Holt's parents, Mr. and Mrs. E. S. Carr, who returned home Friday from Yates Center, Kans., where they spent nearly three months feeding a herd of cattle for market.

Mr. and Mrs. Bill Perrin, Misses Lavell Jaco and Irene Hunt, Taft Holloway and Bobby Groves went to Altus, Okla., this morning to attend the Altus-Hardin-Simmons football game. W. J. Ford a member of the latter squad will accompany them home after the game and visit his parents, Mr. and Mrs. C. F. Ford, and family.

Mrs. J. E. Willard was called to Canyon early Tuesday morning to see her daughter, Miss Elva, who was ill with appendicitis. Gordon Roper went with Mrs. Willard and they brought Miss Willard to the Wheeler hospital where she underwent an appendix operation Wednesday evening. She was resting as well as could be expected late today.

Mr. and Mrs. Sam Hale and children of Phillips and her parents, Mr. and Mrs. J. T. Richardson, of Amarillo came Saturday to visit their brother and son, Cecil Richardson, and family. Mrs. Richardson accompanied the Hale family home for a visit. She will also visit another daughter, Mrs. Stanley Green, and family while at Phillips. Mr. Richardson remained here for a few days longer.

BIRTHS

Mr. and Mrs. Alvis Reeves of Briscoe are the happy parents of a baby girl, born Friday, Oct. 29.

Donna Evon is the daughter of Mr. and Mrs. Henry Greenhouse. She arrived Nov. 3.

Mr. and Mrs. Sam Guinn of Allison announce the arrival of a baby girl, Wednesday, Nov. 3. Her name is Sammy Jean.

POSTPONE STARVATION DATE FOR OLD PEOPLE

(Continued from First Page)

funds paid out for assistance.

"The over-expenditure was brought about through salary increases voted by the legislature and made effective Sept. 1 and through the further necessity of replenishing supplies and materials which had been exhausted during the past fiscal year," he said.

Salaries Jobs Endangered

"An immediate reduction in personnel, therefore, is necessary in order to get back within the five per cent allowable and to remain within it should income be reduced through the spring months," he concluded.

If the upheaval results in lopping off a lot of nice salaried "staff and field employees" and proper diversion of funds to the actual aged needy who are eligible to receive aid, a worth-while improvement will have been achieved, is the opinion of this paper.

Referring to the Austin dispatches further it is found the board chairman is quoted as saying:

"However, the staff will continue to investigate and review the records of applicants and recipients and those who are not found to be eligible will be discontinued in order that as much funds as possible may be conserved to those who have no other resources and those who are eligible under the law."

114,000 on Rolls There are approximately 114,000

persons on the pension rolls at present, having been reduced during the last year from a peak of about 128,000. The average pension payment for October was \$13.72.

The board found old age assistance had a known balance of \$921,766.24 on Oct. 31 and income from liquor, cigarette stamps and other sources for October as yet unallocated, would approximate \$845,000 which would exceed the previous month's average income by \$120,000 and would leave a possible balance of \$1,766.00 on Oct. 31.

On the basis of the present case load and without a reduction in the average grant, it would be necessary to spend for November out of state funds \$804,000, this amount including administrative expenses. A deduction of \$804,000 from the estimated \$1,766,000 available would leave a balance of \$962,000 on hand Nov. 30.

Check Writing Resumed

Writing of checks for November, which had been stopped pending a fresh survey of the situation, will be resumed.

SMALL GROUP ATTENDS COTTON MEETING HERE

(Continued from First Page)

pean markets, this area now has the following pathetic record:

"Out of a total production of 411,750 bales in 1936 in district 3, 167,700 bales (or 40.7%) were less than 7-8 staple, which is so short that this cotton cannot be delivered on future contracts in accordance with the Government Cotton Futures act. It is a drag on the market and hurts the whole cotton industry. The only reason why some spinners still buy it is because they can get it at a big discount.

"In addition, there were 213,800 bales (or 51.5%) produced in the same area in 1936 with only 7-8 and 29-32 inch staple, in the face of the fact that 15-16 to 1 inch and better staple is in larger demand and which we sorely need to meet the serious foreign competition; and also in spite of the fact that the experimental

results at the State Experiment stations show that the better staple cotton has made almost as much as short staple.

"Only 29,500 bales (or 7.2%) were of 15-16 and 31-32 inch staple; 700 bales (or 1%) were of inch or better staple. This was less than the state average of 10.9 per cent of inch or better cotton in comparison with 43 per cent for the United States as a whole.

"Therefore, it stands to reason

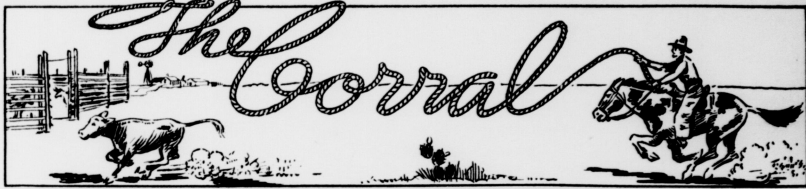

that Texas farmers can no longer afford to sit idly by but they need to get together in self defense and cooperate by growing only one good variety of cotton in a community or county, thereby keeping the seed pure and producing fibre of more uniform staple and character which is the kind cotton mills and automobile tire manufacturers demand.

"Co-operation is the key-note of success and is absolutely necessary in a cotton-improvement program.

WHEELER, TEXAS

F. F. A. Boys Win Prize Presented by Carnival Committee

Parent-Teacher Group Clear \$17.50 at Halloween Celebration Saturday Night

F. F. A. boys were given the prize for making the most money at their booth at the Halloween carnival sponsored by the Parent-Teacher association held in the Porter building last Saturday night. This group turned in the sum of \$2.91 and was given a money prize.

Approximately \$17.50 will be turned into the P.-T. A. making the amount cleared by all organizations approximately \$35. The first grade turned in the most money for the classes, which was \$2.05. They sold punch and had a bean guessing contest.

Under the supervision of the teachers, class organizations and other group booths were set up. Those who had booths were: Corral Staff; Squid; seniors, hall of horrors; Pep Band; pitching pennies.

Spanish club, pinning a tail on the donkey; Home Ec club selling candy, ice cream and gum; F. F. A., pitching balls at a pumpkin; manual training, cake walk; freshmen, postoffering; sophomores, selling cake, coffee and sandwiches; juniors, dropping pennies in a jar.

Fifth, sixth and seventh grades, fortune telling; lower grades, fish pond; and the Girl Scouts, hit the teachers and sold Cocoa islands.

Miss Winona Adams, chairman of the finance committee of the Parent-Teachers association, wishes to take this means of thanking all school groups who conducted booths, all patrons who donated anything, and the Porter families for the use of the building.

"Pig! Pig!" calls "Uncle" Bill Zirkle

"Calling all pigs! Calling all pigs!" "May I make an announcement in your room, teacher?"

This is the interruption of all classes since many agriculture class boys have lost their pigs which they had bought as a home project.

It's been rumored (I wouldn't say it's so) that two gentlemen (?) had a duel over the said pigs. Their instructor, however, managed to appear on the scene before anyone was fatally injured.

The pigs which have caused all this excitement (shame on them) are still lost (or they were Tuesday afternoon at press time.)

\$1 reward is offered for their return.

Three Weeks' Tests Come Too Soon Say Students

Everyone but the teachers seems to think that three weeks' tests come too soon. There are various explanations when due time comes. Everywhere you look there are students rushing around trying to get prepared for the unexpected tests.

They didn't know you were going to give the test today, or they were not in class when you assigned it. When the quiz begins there are explanations like this, "We never had that one before," or "We didn't read that story."

Some one who has studied says to another, "I made 90 on my test. What did you make on yours?" The one who did not study answers "I did not pass."

Who be unto the student who does not prepare for three weeks' tests.

Committees Named to Prepare Exhibits

Plans Being Made for 11 to Go to Press Convention

Committees have been appointed by Miss Bernie Addison to plan exhibits at the West Texas High School Press clinic in Lubbock Nov. 12 and 13.

Those in charge of preparing exhibits for the convention are Lois Ficke, Clowes Jones, Mary Belle Johnson, Elva Belle Crouch and Huffman Walker.

Lois plans to display special editions of several metropolitan dailies and issues of high school papers represented at the meeting. Elva Belle is in charge of current events.

To induce students present to compete in various journalism contests, Clowes will have available information on five organizations which sponsor such competition.

A Quill and Scroll exhibit will be arranged by Huffman Walker. Mary Belle Johnson is in charge of making posters which will demonstrate good and bad leads, heads, news stories, editorials, features and makeup.

Those who have signed up to make the Lubbock trip are Lois Ficke, Huffman Walker, Clowes Jones, Mary Belle Johnson, Shirley Mae Swan, Marion Smith, Elva Belle Crouch, Irene Hunt, Ruth Barr, Aubrey Warren, and Miss Addison, sponsor.

Glee Club Begins Regular Practice

Members of the Glee club met with their sponsor, Mal Wynne, last Thursday at the activity period to begin regular practice. They have just received their new song books entitled "Program Choruses" of which Wynne is very proud.

First Grade, Speech Class Give Program to Buy Materials

Primary Pupils Receive Benefit of Skits; Money to Be Used For Buying Charts

Assisting Mrs. Gordon Phillips' first grade in a program given Tuesday night, the public speaking class presented four one-act plays.

The proceeds, amounting to \$7.90, will be used to buy charts for first grade work.

Parts by the first grade were: "Tommy and Betty Lou," played by Earl Gilmore, a junior, and Patsy June Williams; "Five Little Toads," Patricia Ann Beene, Yreva Sue Carter, Melba May, Margaret Ann Holt and Patsy Ruth Noah.

"The Train Ride," Jimmie Nell Glick, Harold Hardeste, Richard Gaines, Duane Bradford and Keith McMillin; "Mama's Fan," Barbara Farley; "The Young Cavalier," Duane Bradford.

"My Dolly," a group of first grade girls; "I've Been to School Today," Barbara Farley, and a folk dance by a group of first grade girls and boys.

Readings given were: "Song of Slippers" by Gene Smart, Imogene Jamison; "Turning the Children in the Bed," by Paul Lawrence Dunbar, Lula Barr; "I Didn't Know," author unknown, Evelyn LaFon, and "Jim Bloodsaw" by John Hayes, Ray Holley.

Names and characters of plays in the public speaking class are as follows: "Getting the Evidence," Huffman Walker, Ray Holley and Howard Nations; "Mama's Boy," Evelyn LaFon, Earl Gilmore, Ray Holley, Howard Nations, Maryann Hestlow.

"Aunt Lucy Stays," Maryann Hestlow, Howard Nations, Lillie McClain and Earl Gilmore.

SENIORS HAVE JOLLY PARTY; ARE FORCED TO WALK HOME

Wheeler's seniors have gone old-fashioned. Last Wednesday night they went to an old vacant house and had a roaring party.

The entertainment was held for the purpose of getting funds to support the senior queen, Lavell Jaco, in the race for football queen.

An election held to find out who was the tackiest was won by Bobbie Rue Swan, who was awarded two jelly beans.

After the students had enjoyed some watermelons they started to go home, but alas; some one had turned the horses loose!

The seniors had to catch rides or walk home.

Fall Fashion Revue Nets Sum of \$21.05 for Corral Staff

Current Events Contest Proves Popular Part of Revue Entertainment

At the Fall Fashion Revue given last week by the Corral staff, \$21.05 was cleared. This money will go to pay press association dues and to make trips to journalism conventions.

In addition to the fashion parade, another interesting feature of entertainment was the current events contest, patterned after old-fashioned spelling bees. Rev. Taft Holloway gave out the questions to team representatives of four high school classes and various organizations of the town.

Ruth Faust and Aubrey Warren, seniors, won the prize for answering more questions than anyone else. Their award was a pound box of chocolates.

Throughout the evening Band Director Dub Lummus and Mrs. Inez Garrison entertained with trumpet and piano music. Other numbers on the program included a reading by Mrs. Melvin Howe, vocal solos by Rev. Taft Holloway and Harry Garrison, and a tap dance by Frances Porter.

Members of the Corral staff donated and served cake, sandwiches, pie, coffee and pop.

Fall fashions from dry good stores and tailor shops were modeled. Those who displayed styles were Mrs. Bill Perrin, Bessie Mae Ficke and Winifred Dixon, Whitehurst & Son; Lavell Jaco, Geraldine Lewis, and Patsy Van Dervoort, Russ Dry Goods.

Annie Mae Green, Louisa Tillman and Beatrice Miller, McClain's; Taft Holloway, City Tailor Shop; Frances Trantham, Crescent Cleaners. Two of the beauty shops had models for their hair dress, Mrs. Bill Perrin and Bessie Mae Ficke, Perryman's beauty shop; Geraldine Lewis and Annie Mae Green, Permanent Wave Shop.

STUDENTS IN CIVICS CLASS PRACTICE HOLDING ELECTIONS

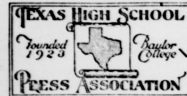

FOR THE purpose of learning how a bill becomes a law, the civics class, last week, wrote bills and went through the lawmaking process that is actually done in congress.

The students of the class were asked to write bills. They divided unevenly to represent the house of representatives and the senate. Miss Winona Adams, instructor, acted as the president in order to have the bill signed.

THURSDAY, NOVEMBER 4, 1937

POOR CONDUCT AT FOOTBALL GAMES MAY COST DEARLY

Your conduct at a football game can very easily determine the kind of sportsmanship you have. If you get angry when the opponent has the ball and yell unpleasant things, the referee can penalize our boys several yards. Of course one doesn't mean anything by booing the other team but still it might cost dearly, sometime.

When a game gets to a close call, most of the football fans stand up and step on everyone else. Of course spectators get excited occasionally, but still we should remember we aren't the only ones watching the plays.

Another thing about attending a game is to be careful when standing on the side lines not to step within the field. This might cause the loss of a game.

For the two remaining games, let's make our conduct the best. What do you say?

DO NOT LET YOUR ENERGY STRINGS BE JERKED BACK ANY MORE

Late again. It seems as if it is very difficult for some of the students to get to school by 8:30 in the morning. Of course it is understood that Susie is slow about doing her work, or that someone tied Tommy's trousers in knots.

It has been stated that America beats every other country as far as rushing goes. We are said to always be in a hurry. That is not true with certain classes of Americans who have that slow, creeping disease, the kind that pulls back on their energy strings.

Early to bed, early to rise,
 If some even get to bed it's a sur-
 prise.

GUTHRIE ENTERTAINS WITH MARCH OF TIME NEWS REEL

Manager Lee Guthrie of the Rogue theater entertained the high school Monday morning at the activity period with one of his monthly March of Time news reels. The picture was on the sale of scrap iron, Fiorello H. La Guardia, and Great Britain's D. O. R. A.

Did you ever wash soap off the windows the day after Halloween?

FROM OTHER BRANDING IRONS

The following were answers to examination questions from The Indian Head Bookers.
 Napoleon is better known as Tom Thumb.
 Shakespeare wrote *Evangeline*.
 "Eminent Victorians" was a book written by some fresh guy.
 Work is something everybody does in physics.
 An ambassador is the communication between two countries.

Five Texas Tech students won the National Livestock Judging contest over 14 other colleges and high schools.

The music was sweet,
 The lights were low,
 And all the roads that led to Rome,
 Under the spreading chestnut tree,
 There's no place like home.
 —Amarillo Sandstorm.

Miss Holbert is my teacher; I shall not want another. She maketh me study my lesson; she leadeth me to the office. She huretheth my pride; She leadeth me in the path of English for her pay check.

Yea, though I study hard to pass I cannot do so. Thy ruler and thy board they discomfort me. Thou prepareth a test for me in the presence of mine classmates.

Surely Miss Holbert will follow me the rest of the days of my life. And I will dwell in the schoolhouse forever.—Tulia Horner.

SPARKS FROM THE CAMPFIRE

Just about the time a man gets everything on a smooth basis at the office, something goes wrong at home.

Little minds are too much wounded by little things; great minds see and are not even hurt.

G ives because you love to give—as the flowers pour forth perfume. I never knew a rogue who was not unhappy.—Jenus.

L ife may be a gamble but you play your own cards.

M ore men rust away than wear away.

O ur business is not to try to get ahead of other people but to get ahead of ourselves.

R eputation is a jewel nothing can replace.

E xperience is the father of wisdom and memory is the mother.

Meet the Faculty

Mrs. Allen I. Smith, grade school English teacher, is happy to relate part of her life history. She has always been ambitious. In her childhood days she wanted to be either a rodeo rider or a foreign missionary.

When only 18 months old, Mrs. Smith made her first trip to England. This of course she does not remember. Again when she was 7, she crossed the waters to go to England on her second trip. For the next five years she was taught at home by a governess.

At the age of 12 Mrs. Smith attended a church school at St. Mary's, Dallas, where she finished high school. She spent her freshman year in college at Columbia, Tenn. Mrs. Smith received her B. A. degree at Texas university. There she went six terms and was on the honor roll five times.

In 1928 she made her last voyage to England. This time she visited many places that would help her with the teaching of English. On this trip Mrs. Smith remembered most of all the Tower of London and a play entitled "The Merchant of Venice" in the Shakespeare theater. This educational tour lasted 15 weeks.

Mrs. Smith is teaching in her twelfth year. She prefers subject matter in high school but enjoys being in her present position. She has taught seven years in Wheeler.

When asked what she thought about being interviewed, she gave a friendly smile and said, "I had my speech ready to give but when they came and asked me, I forgot what I was going to say."

If I Had a "Girl" With

Hair like Betty Gene Floyd,
 Eyes like Helen Fyall,
 Mouth like Ruth Faust,
 Teeth like Bobbie Rue Swan,
 Hands like Elva Belle Crouch,
 Feet like Helen Jones,
 Eyelashes like Lois Ficke,
 Brains like Vergie Ashley,
 Manners as lady-like as Lorraine Wallace,
 Pretty as Claudia Stinson,
 Cute as Lula Barr,
 Neat as Ruby Ayres,
 Sweet as Imogene Jamison,
 Friendly as Meta Bruton,
 Peppy as Mary Belle Johnson,
 Able as Lavelle Jacco,
 Attractive as Geraldine Lewis,
 Gracious as Ruth Barr,
 Courteous as Irene Hunt,
 I'd put her in a museum.

Education Week Emphasizes Again Importance of Training Our Minds

Gradually the little yellow bus is taking the place of the little red school house. Every morning through the week a yellow streak goes flashing down the highways gathering up the children for the big schools.

The value of training the minds is called to our attention more than ever as Education Week opens on Nov. 7.

Have you ever stopped to think how much it cost to get an education? Everything that you do calls for more money. You can not earn while you work at getting a little knowledge. The thing to do is to learn. Let us drop a little light on the average cost of a high school pupil. It costs one pupil in high school \$7.50 per month. The expense of putting

a boy or girl through high school is \$270. Since it is possible, why not take advantage of this wonderful opportunity?

If some fall nine times out of ten they are to blame. Furthermore their parents have to dip up the money if they want to go on.

The same thing happens in college. Do not fall down just because laziness reaches out to take you under. Unless you are the son of a millionaire, very few could afford to fail. For instance the total earning value of a college graduate is between \$50,000 and \$75,000.

By the day's payments to about \$7. How many in the state of Texas could expend this sum and then afford to fail?

Take an old fool's advice and gather the roses while you may.

A great deal of argument has been heard as to whether LAVELL JACCO, senior; GERALDINE LEWIS, junior; RUBY AYERS, sophomore; or DOROTHY GENE DIXON, freshman, will win the annual FOOTBALL QUEENSHIP.

Several of the classes have had parties and charged admission to raise funds for their candidate.

WILLIE JEAN NORWOOD, the granddaughter of Sam Norwood, visited BARTOW RILEY twice last Sunday week.

Don't everyone be like MISS ADDISON. When she was asked to offer some gossip, she said that she knew some but would not tell it. If you know any, PLEASE tell it to some of the journalism class.

Since many have mentioned RUTH FAYE GARRISON in the past few weeks, I would like to add that we all miss her very much and hope that she will soon be back.

What could be nicer than the way the MUSTANGS held the Tigers Friday night? Our next entanglement will be with the Stinging Hornets tomorrow night—T R O M P E M, MUSTANGS.

The HALLOWEEN CARNIVAL Saturday attracted a nice crowd despite the fact that receipts from a lot of the booths did not go into high figures. Several of the organizations entered very interesting attractions.

An interesting book on the senior shelf is "OIL FOR THE LAMPS OF CHINA," by Alice Tisdale Hobart.

AUBREY WARREN solemnly declares that MR. JOHNSTON grows very soft cotton. The reason he knows is because he, Amos and R. J. slept in a cottonland of it from about midnight until 5:30 the night of the senior party.

"SPOOKY" wants to know why HARRISON HALL is called "BALDY." In case you have forgotten, "S P O O K Y" is MARION SMITH.

Don't mention to anyone that the house where the senior party was held was haunted.

Stop me if you've heard this but—Lula and James are going together rather often.

Would you think us old-fashioned if we offered as our song hit this week "Let Me Call You Sweetheart"?

The grade school kids still yell beneath the study hall windows. The girls still hold their steady best-beat. And the clock still sounds its continuous tick-tock. But the calendar on the bulletin board now reads November instead of October!

Journalism Class Will Plan Exhibits

Chairman Writes Letters to Two Other Faculty Members on Committee

Miss Bernice Addison, chairman of the exhibit committee for the West Texas Scholastic Press Clinic, has written two letters this week to her faculty assistants, E. O. Wedgworth of Phyllama and Miss Lou Goodrich, Canyon, asking for suggestions.

Members of the journalism class are to assist in planning and arranging the exhibits. They will make posters and collect various kinds of newspapers for display.

Wheeler has enrolled for the clinic. Other towns belonging to the organization are Mulberry, Snyder, Floydada, Abilene, Pecos, Sweetwater, Amarillo, Levelland, Mobeetie and Clarendon.

The convention will meet at Lubbock Nov. 12 and 13. Registration, the exhibit, and the banquet will be Friday afternoon and evening.

On Saturday morning the sessions, which will be held at the senior high school will consist of group meetings. Here the clinic rating chart will be explained.

Through the chamber of commerce plans will be arranged for students to stay.

RAMBLINGS ON THE RANGE

Miss Roberta Addison visited her sister Bernice over the week end.

Mrs. Mary Holbert and daughter, Geneva of Amarillo, spent the week end with their daughter and sister Inogene, English teacher in high school.

Miss Winona Adams and Bernice Addison were in Kellerville Sunday. J. B. and Malcolm Crocker and Lorene Sims were seen in Mobeetie Sunday.

Claudia Stinson was in Shamrock Saturday.

Carroll Adams visited in Allison Sunday.

Elizabeth Balch, Alene Coleman and Oleta Carter spent Sunday night with Helena Jones.

Ruth and Lula Barr motored to Amarillo Sunday.

W. L. Coward was in Allison Sunday.

Willie Jean Norwood went to Lefors Sunday.

Scottie Risner visited in Shamrock Friday.

Eris Manney spent the week end in Vinson, Okla., with relatives. Marilyn Johnston and Marion Smith spent the week end in Shamrock.

Bartow Riley visited in Sammerwood Sunday.

Dorothy Mills was in Shamrock Sunday night.

Milard Braxton went to Shamrock Saturday.

Oleta Cordell visited friends in Lipscomb Sunday.

NEW BAND BOOKS HAVE NAME, NUMBER PAINTED ON BACKS

J. W. Lummas, band director, has received the band books.

Each book has a number and the name of the instrument on it. There are about 25 books in use. The new music has been put in the books, but may be removed if desired. All the leaf music is tied together with a cord, which runs through the book, also.

Local Troop Joins in Celebrating Girl Scout Week

Thoughts of local Girl Scouts turn to the history of the troop in Wheeler as the national organization celebrates Girl Scout Week from Oct. 31 to Nov. 6. Oct. 31 was the birthday of Juliette Low, who founded the Girl Scout organization in America.

This week is set aside as a memory and as a tribute to the untiring efforts of this woman who brought Scouting to America with the organization of a small group of eight girls. From this small organization Scouting has grown to the largest of its kind in the United States.

Scouting has become a national-wide movement. It offers practical as well as interesting training for girls. It is as important that girls receive this training as it is that boys do so. The importance of such training has been stressed more recently than it formerly was.

In 1929 the first Girl Scouts were organized here by Mrs. C. J. Meek, with Miss E. Bell Stiles as first leader. There were only 18 members. At present there are 16 members. They are under the leadership of Miss Inogene Holbert. Mrs. C. J. Meek, and Miss Florence Mortman have been counselors for several years.

Several trips have been made by the Girl Scouts, the most extended one being that which they took to New Mexico in 1932. Both the Girl and Boy Scouts took this trip. They were accompanied by Mr. and Mrs. C. J. Meek. They spent a week in New Mexico. They have gone to Palo Duro Canyon for the last two years.

A prize of \$25 was won two or three years ago by the girls for the best float at the American Legion July 4 picnic.

Speech Class Begins Third Year of Work

Students Study Fundamentals of Public Speaking

This is the third successive year that public speaking has been taught in the local high school. Mrs. J. L. Clave is instructor.

The class has studied the fundamentals of public speaking and has done special work in analyzing and outlining speeches and declamations. Each student is required to memorize a standard poem and to present it acceptably before the class every two weeks. Each pupil also gives a persuasive talk on a book in the library this semester. If five people are induced to take this book, the speech student gets an A on that part of the semester's grade.

Work has been done by the class in giving talks on personal experiences, scientific subjects and introducing visiting speakers. The class also gives a persuasive story and fables to grade students.

This semester each pupil must participate in one short one-act play. Mrs. Gilmore plans for her students to give a long play this semester and to present a free program every month, consisting of class material.

Five more pupils are taking public speaking this year than last.

Wiley Substitutes for McCrohan

Marilyn Wiley taught social science in the grammar grades last week. She substituted for Mrs. G. O. McCrohan, who went to Wichita, Kansas.

Page Calls Meeting of State Chapters

Quill and Scroll Get Together Sponsored by Wheeler

Amos Page, Quill and Scroll secretary, is writing to member chapters all over the state about the West Texas Scholastic Press clinic at Lubbock, inviting them to attend a "get together" at the convention.

Edward Nell, secretary of the Quill and Scroll, furnished Amos with a list of high schools in this part of the country belonging to the international honorary society for journalism students.

Staffs of schools written to were Abilene, Amarillo, Lubbock, Brackendale, Borger, Crane, Floydada, McKinney, Olney, Quanah, Cisco, Hereford and Plainview.

Of the proposed meeting, Nell writes: "I am glad to know of your plans to invite neighboring chapters to the West Texas Scholastic Press clinic for a 'get together.' It is a fine thing for regional chapters to hold such meetings. We know of many acquaintances formed at such meetings that mean a lot later on when they meet again at colleges and elsewhere."

"Be sure to send me an item on the clinic and Quill and Scroll meeting for the next issue of the magazine with a photograph or two if you take any."

Faculty to Present Comedy Drama Soon

"A Ready Made Family," is the name of the play the faculty members will present soon. Mrs. J. L. Gilmore is director of the play.

The plot concerns Agnes Martyn, a widow, who while vacationing meets an old sweetheart, Henry Turner, a widower, and they become engaged. Neither tells the other of the children at home, three in one household and two in the other.

The youngsters plan to upset the matrimonial apple cart by acting up. One has fits, another talks like a baby, another is a holy terror, one is a kleptomaniac. Take it altogether it's a queer mixup, and what fun!

The parts will be played by the unmarried teachers. It is a swift moving play approximately two hours long.

Sage Blossoms

"The Littlest Rebel" is a story by Edward Pepple which has for its background the Civil War. However, it is not a war drama. It is the story of a lonely little girl whose father is a Confederate officer.

Vergie, the little girl, is left alone except for an old negro slave when her mother dies. She attempts to get through the lines of the Northern army to her father and the Confederate army. Vergie is a very lovable character and wins the hearts of both the Northern and Southern soldiers.

This story is based on the play by this title, is very similar to the motion picture version. Edward Pepple does not dwell upon the horrors of war but deals with the humanity and the chivalry of both sides.

Students who are taking freshman English will receive three points for reading this book.

FUTURE FARMERS OF AMERICA

Conducted by W. C. Zirkle Vocational Agriculture Instructor

At an F. F. A. meeting held here Wednesday night a certificate was given to James Passons, junior. James was sixth in a judging contest at the Amarillo Fat Stock show last spring.

W. C. Zirkle attended a business meeting of the F. F. A. in Pampa Saturday.

The next district meeting of the organization will be at Canadian on Dec. 4. A school will be held at Claude and at Wheeler, the dates to be announced later.

A prize will be given to the agriculture boys making the most money at the P-T-A. carnival Saturday night. They made \$6.01 from their booth.

Some of the agriculture II boys are working on a Future Farmer's degree. This degree requires a great deal of labor.

Joe Marikham, Claudia Pillers, Bob Neat, John Compton, Hubert Johnson, and Alton Nations bought pigs for their projects the coming year.

Calves were bought by Bob Noah, Clint Westmoreland, H. V. Compton and W. L. Jolly.

Supt. Gilmore Gets Program for Banquet

The Federated Ex-Student association of the Teachers Colleges of Texas has sent out programs for their annual banquet, Nov. 25. It is to be sponsored by The Houston club in Houston.

Supt. J. L. Gilmore is to be toastmaster at this banquet, which will be during the Thanksgiving holidays.

Gilmore, president of this Ex-Student association, is also a member of the executive council. From this part of the state there are only two other educators serving on the council. They are Mrs. Lee Johnson and Dr. J. A. Hill of Canyon.

FRESHMEN HISTORY RECEIVES FOUR NEW BOOKS FOR SHELF

The first of the week four new books arrived for the freshmen history shelf. These volumes were placed on the shelf by Miss Winona Adams, history teacher.

The books are: When Knights Were Bold, Ancient Man, History of the Crusades and The Private Life of the Romans.

Shoppers Guide Comments on Revue

The Shoppers Guide, edited by Mrs. Doris Forrester, stated last week: "The fashion and news review at the auditorium-gym was well attended and enjoyed by those present."

Ethel Ahler Solicits P-T-A. A. Dues

Mrs. Ethel Ahler visited school Wednesday afternoon to solicit dues from the teachers for the Parent-Teachers association for the beginning of the new year.

SPORTS NEWS

Mob Mobeetie—Mustangs!

Mustangs Prepare for Hornet Invasion Here Friday Night

Wheeler Boys Given Slight Edge for First Time this Season

For the first time this season the Wheeler Mustangs are given an even break with their opponents. They will meet the Mobeetie Hornets on the home gridiron Friday night because the Hornets have no lighted stadium.

The Hornets handed the Clarendon Broncos a 52-6 defeat for their only win of the season, while the Mustangs won from the Broncos by a score of 26-0 and Shamrock 7-6.

Mobeetie has not yet had the chance to boast of a victory over the Mustangs, while the home elevens holds wins over the Hornets since they started playing in the conference. This, of course means nothing because the Hornets have a strong team and expect a victory.

For the first time this year the Mustangs are not outweighed. The Hornets will play a hard game to seek vengeance from the 14-0 defeat last year.

Captain Mixon of the Mobeetie Hornets will probably be surprised when the whistle blows at the end of the game. Mixon predicts that the Hornets will beat the Mustangs two touchdowns, according to the Mobeetie Outlook last week.

The starting line-ups will be:

Wheeler	Position	Mobeetie
Puckett	L.E.	R. Sims
Page	L.T.	W. Red
Green	L.G.	Barton
Passons	C.	G. Gordon
Noah	R.G.	Bartram
Compton	R.T.	Hooker
Pitcock	R.E.	Creekmore
Groves	Q.B.	H. Gordon
Emler	H.B.	Red
Shipman	M.B.	Mixon
Weeks	F.B.	Pugh

BAND DIRECTOR LUMMUS RECEIVES NEW MUSIC

J. W. Lummus, band director, has received some new swing music. One is a song, "Sweet Varsity Sue." The other numbers are all included in a book.

The names of these are Varsity Swing, Liza Goes to Town, Amateur Alec, Rhythm Medley, Hall Alma Mart, College Medley, My Heart at Thy Sweet Voice, Spanish Medley, Listen to the Rhythm.

King Porter, Cowboy Medley, Carnival Capers, Mighty Men, Hill Country Medley, Blow the Bugle and the Cheerleader.

At the last football game of the season Lummus stated that only swing numbers and pep music would be played.

Corral Staff Joins Press Clubs

The Corral staff has sent \$3 press dues to the Texas High School Press association. They have also paid \$1.50 to the Quill and Scroll society for the certificate won by the Corral last year. Journalism students also have enrolled in the West Texas Scholastic Press clinic.

Pep Squad Presents Wedding in Assembly

Featuring the wedding of Miss Grace to Mr. Mustang Team, the pep squad entertained at the usual pep rally last Friday.

Irene Hunt, the bride, was married to Seelye Risner, the groom by Aubrey Warren, minister.

The band opened the assembly program with "Show Boy" and "Bugle Call Rag." Part of the pep squad acted as the McLean football fans and the others as Wheeler fans. Yells were given by the pep squad after the ceremony. Imogene Jamison, one of the pep leaders, had the school stand up and sing "The Eyes of Wheeler Are Upon You" and to give a yell for the Mustangs.

The first grade advertised their part on the program for Nov. 2 and two members of the public speaking class dramatized skits from a one-act comedy.

After the band had played another piece Mrs. Bill Perrin, Mrs. Gordon Whitener, Robert Holt, Assistant Coach W. T. Roach, Judge R. H. Forrester, Assistant Coach W. J. Murgado, and Coach Stina Cain made short talks.

As the students marched out the band played a march.

Freshmen Class Sells Cartoons

Freshmen are selling comic cartoons drawn by Max Wiley for 2 cents each. The money will be used for their candidate for the football queen. These cartoons are posted on the bulletin board in the study hall.

COLTS

The reporters for the grade school are: Jean Hall, fifth grade; Arlie Ruth Waters, sixth grade; Emily Lou Ahler, seventh grade and Eula Boatman.

Mothers of the first grade met after school Friday to talk about the P.-T. A. carnival. One section of the grade has been studying flying. They had a small program for their class Friday and have been making Hallows'-e'en decorations for their room.

The second grade had a party Friday afternoon and furnished refreshments of cookies and candy.

The third grade is having story telling every Friday afternoon. They are also making wallpaper coverings for their Indian notebooks.

Virginia Clemmons withdrew from the fourth grade. Nellie Joy Pickens, Devon Brigman, Lula Jewel Walker and Mary Frances George were elected for the best citizens club. The other section of the fourth grade had their three weeks exams last week.

Lois Anglin of the fifth grade moved back to Miami. The reading class studied 17 pictures and their artists before their second readers were issued.

Iris Bryant from Shamrock has enrolled in the seventh grade. These students took two three weeks exams last week. In reading they are required to learn three poems this six weeks. "Elsie Dinsmore," "The Story of a Bad Boy" and "Tom Sawyer Abroad" have been ordered for the sixth and seventh grade library.

Wheeler Boys Hold Tigers to 7-0 Win

Lone Counter Comes Early in Third Period; Mustangs Threaten Once

The Wheeler Mustangs dropped another round down the conference ladder Friday night when they met a 7-0 defeat at the hands of the McLean Tigers in McLean.

The Tigers are the heaviest team in the district and the Mustangs are the lightest. The lone counter came early in the third period when Watson, Tiger back, woke up to find himself in the open on an off-tackle play.

He then proceeded behind perfect interference to tear the remaining 70 yards to pay dirt. The oval sailed between the uprights for the added point.

Green Picks Up Fumble

A serious threat was made by the Mustangs in the third quarter when Green picked up a fumble on the 20-yard line which put the Wheeler eleven deep in the enemies' territory. A short pass from Weeks to Shipman made a first down.

The Tiger line was so heavy that the Mustangs could not hope to gain through it. So they resorted to the air and on their second attempt Mandt intercepted the spheroid standing on the goal line and carried the ball to the 30-yard stripe, which put it out of the danger zone.

Tiger Offense is Stopped

A serious Tiger threat was made in the fourth period when their offense moved down the field to the 5-yard stripe and then bogged down when the orange and white line stubbornly protested.

This game left the Tigers second in the conference, rating with the Shamrock Irishmen, while it definitely put the former Wheeler champions out of the running.

Weeks, triple threat man for Wheeler, was the sparkplug for the Mustangs on the offense and Pitcock and Shipman shone on the defense.

The starting line-ups follow:

Wheeler	Position	McLean
Pitcock	R.E.	Nicholson
Compton	R.T.	Wells
Passons	R.G.	Barnes
Stevens	C.	Hess
Noah	L.G.	Overton
Page	L.T.	Wingo
Weeks	L.E.	Norman
Groves	Q.B.	Watson
Shipman	H.B.	Humphreys
Emler	H.B.	Braxton
Weeks A.	F.B.	Bogan

MARILYN WILEY HIRED TO TEACH ONE MONTH

Marilyn Wiley has been hired for one month as a substitute teacher in Pearsall, Tex. This town is near San Antonio about 100 miles from the Mexican border.

Marilyn finished high school in Wheeler and received her B. S. degree from T. S. C. W. in 1936. She has done work on her masters degree there, with a major in art. This fall in the Tri-State fair Marilyn won three places in the art contest. She took first place in landscape, and second place in still life and in charcoal.

SPORT SLANTS

By a Mustang

Did anyone call out a moniker for the football field? This is what the Corral staff has been vainly looking for during the past three years. Coach Stina Cain joins the school board in thinking that we should wait until next year to tack an appellation on the field.

Did anyone notice the boxed statement on the front page of the Mobeetie Outlook, stating that they would beat the Mustangs by two touchdowns.

Some people say that the Shamrock game was an upset, but it was the only time this season that the Mustangs have played firebrand football. They were not playing over their heads when they walked a bunch of Hornets from Mobeetie that were raised on a pillow 60-0. Another point in the Mustangs' favor.

The Wellington Skyrockets climbed another step up the conference ladder when they walkoped a bunch of Hornets from Mobeetie that were raised on a pillow 60-0. Another point in the Mustangs' favor.

Well! Well! We will all know the outcome of Friday night's encounter when the referee blows the final whistle. Not calling any names, but there is likely to be a captain from Mobeetie disappointed.

Shamrock finally woke up and found out they could play football and they proceeded to trim the Cyclone 39-0 last week.

Probably the greatest football defeat ever in history was when the Rice Owls ran roughshod over the Mustangs (from Southern Methodist) in 1916. After a serious 60 minute fray the Owls had chalked up 143 points while the Mustangs had kicked one lone field goal for a meager 3 points.

It seems that the football field will have to go unnamed for another season. This will be the fourth year that the Horses have played on an unchristened gridiron. A campaign was started to get a label tacked on the field but unseen obstacles prohibited continuing it. Most of the other schools name their field the first season, but we will wait still longer to tack a handle on our stadium.

W. C. ZIRKLE TO CONDUCT AGRICULTURAL NIGHT SCHOOL

A night school is to be conducted at the agricultural building on Tuesday nights three weeks out of each month. W. C. Zirkle is to conduct the meetings. This school is to take the place of the local agricultural meetings that have been conducted in past years.

At the first meeting to be held Tuesday, Nov. 9, officers will be elected. This night school is for the purpose of aiding the farmers and young men in the vicinity of Wheeler interested in farming or agricultural work. Those present at the meeting will select subjects for discussion.

Advertisement for a store or business, partially cut off at the bottom of the page. Visible text includes "WHEELING", "STORE", "L.L.", "WHEELS", "SHOPS", "H. SHEPHERD".
