## New Manager Takes Charge Royal Drug

Messrs. Howe and Britt Dispose of Business—Ansel McDowell in Charge

Sale of the Royal Drug store, Wheeler, was made known early this week when Melvin Howe and Buck Britt, partner ownership since late in March of 1934, announced disposal of the property.

In the transaction Ansel McDowell of Shamrock becomes the new manager of the Royal, which will be continued along the lines heretofore prevailing. McDowell, whose former home was at Wellington, has been connected with the drug business in Shamrock during the past two years. He was first associated with the Corner drug there and more recently the Tindall Drug Co.

Altogether he has had some 16 years experience in that vocation and is a registered pharmacist.

McDowell is a married man, the family consisting of himself, his wife and a 7-year-old son. The young man is in school at Shamrock. They expect to move to Wheeler in the near future or as soon as suitable living accommodations can be found.

With a pleasing personality and happy faculty of meeting the public, the new manager is agreeable to meet and should easily attract a following pointing to success in his venture here.

Glen Render, capable assistant at the drug store for an extended period, will continue in his present capacity.

Forming a partnership in March, 1934, Melvin Howe and Buck Britt bought the business from Dr. W. L. Gaines now of Seagraves and his brother, the late Frank Gaines. Howe assumed management, Britt remaining a silent partner and devoting his time to ranching interests.

Howe has not announced definite plans for the future. He and his wife and little daughter expect to spend some time here, however, before deciding upon another location.

## CANDIDATES SPEAKING AND BOX SUPPER AT MAGIC CITY

According to W. E. Wofford, official "fixer" for candidates' gatherings, the Magic City Parent-Teachers association is sponsoring a box supper and political rally at the school house in that town on Friday, April 22. A good program is being arranged and a large attendance prepared for.

People of Wheeler and vicinity, who are cultivating a specially friendly feeling between this place and Magic City, should make an effort to turn out for this event.

## Picnic at Finsterwald Ranch

A bacon and egg fry and wiener roast furnished plenty of good eats and amusement at the picnic given at the Finsterwald ranch Tuesday evening.

Present were Misses Florence Meriman, Lois Hodges, Clara and Betty Finsterwald, Bessie Mae and Marguerite Ficke, Clare O'Gorman, Helen and Annie Mae Green, Lois Kirby and Mary Eunice Noah; Messrs. Walter Flynt, W. T. Roach, Harold and Shelton Nash, Taft Holloway, Curtis Weeks, Jeff McCrohan, A. B. Turner and Jack Garrison.

## Mobeetie Finally Receives Award of Hard-Surfaced Feeder Highway

Information of a highly welcome nature was received early this week when it became known that the contract had been let for improvement of the feeder road between New Mobeetie and Highway 152.

Under the list of highway improvements by counties as announced from Austin, specifications on this project are as follows:

1.4 miles of grading, drainage structures, flexible base and double asphalt surface treatment on feeder highway from New Mobeetie to Highway 152. Sam Leal, jr., Fort Worth, contractor; cost of improvement, \$16,267.

Work on the job is expected to start in about two weeks. It will follow the old original route from newtown to oldtown, connecting with the west end of Main street in New Mobeetie. There has existed some difference of opinion at Mobeetie as to the best location for this road, some favoring a route southward past the school house from near the center of town.

Differences have been reconciled and sufficient harmony achieved to overcome any serious local objections and the work actually contracted.

"This represents the realization of a long-cherished dream," declared Doug Sims, commissioner in that precinct today, when discussing the

## SNOWSTORM KILLS FISH—ASSERTS LOCAL MAN

Vagaries of a spring snowstorm are too well-known and numerous to permit listing here. But this writer heard a new one yesterday attributed to the whing-dinger of two weeks ago. W. O. Miller, farmer living northeast of town, declared in all apparent seriousness that the blizzard killed fish in his pond. At least, he says, a few days afterward he found a number of dead carp and a few perch washed up on the pond margin and about the spillway. The only solution he offers is that the fish were smothered. During the storm huge quantities of snow swirled into the waters, forming a dense icy mush that is presumed to have depleted the supply of air to such an extent that the finny tribe actually could not breathe. Miller is a candidate for commissioner in his precinct and may have to explain some of the details of this unusual fish story during the campaign.

## Carter Seeks Post as Justice of the Peace

Long-Time Wheeler Resident Asks Election as Officer in Precinct No. 1

The Times has been authorized to publish the following statement in behalf of Julius F. Carter in his candidacy for justice of the peace in Precinct No. 1.

Carter has been a resident of Wheeler county for 33 years, coming here from McCoy in Kaufman county, Texas, in 1905. For two years he and his family lived on a farm three and a half miles southeast of Wheeler, moving to town in 1907, and established his present home in 1908. Carter has had considerable experience as an officer, serving as constable for four years, deputy sheriff of the county two years and deputy jailer two years; the latter position in 1927-28.

"I am now asking friends and voters in precinct 1 to support me for the office of justice of the peace," states Carter, "and will appreciate their votes and influence in my behalf at the Democratic primary on July 23."

## LOCAL WOMAN WEDS LAKETON MAN HERE SUNDAY, APRIL 10

Mrs. Avis Jones, Wheeler, and Mr. LeRoy Williams of Laketon were quietly married Sunday afternoon April 10, at the home of Rev. and Mrs. A. C. Wood in the west part of Wheeler with Rev. Wood reading the beautiful yet simple ceremony in the presence of Mr. and Mrs. Sam Bowers of Mobeetie and Miss Birdella Genthe and Mrs. Wood, Wheeler.

Mrs. Williams is the daughter of Mr. Davis of Borger. He formerly lived in Wheeler county, and she received her schooling at Mangum, Okla.

Williams is the son of Mr. and Mrs. L. W. Williams of Mobeetie where he attended school, graduating in 1933, later attending Wayland college at Plainview. He is operating a filling station at Laketon where Mrs. Williams will join him later.

She will spend some time at Borger where she has employment.

## Homemakers Meeting Attracts Big Crowd

More than 100 Attend District Gathering at Allison Last Saturday

The District Future Homemakers club meeting was held in Allison last Saturday, April 16, with more than 100 persons in attendance, says a report received here. Clubs represented were Groom, Shamrock, Samnorwood, Kelton and Allison. Other member clubs in the district are McLean, Mobeetie and Wheeler.

The program at Saturday's meeting, based on "Enjoyment of Music," was given during the morning session at the Methodist church. It included the following:

Welcome—Minnie Miller.  
Introduction—Club members.  
Greetings—W. T. Newsome, president school board.  
Development of Music—Allison.  
Values of Music—Shamrock.  
Piano Solo—Allison.  
Vocal Duet—Mr. and Mrs. Sam Begert.

Chalk Talk—Mrs. J. W. Peeples.  
Business meeting.  
At the noon hour lunch was served by the hostess club.

During the business session Miss Helen Brewer of Shamrock was elected president for the coming year. Objectives, programs and motto were outlined for the three meetings to be held next year. Plans were also made to have a club news letter, published once each month by individual clubs, until all have issued one.

Following the business meeting a show, "Little Men," was presented as entertainment for the delegates, visitors and others attending the club assembly.

## District Court Week Hears Civil Matters

Opening the week's session Monday, district court has been engaged in hearing civil actions. Considerable time was devoted on Monday and Tuesday to the case of the First National Bank of Clinton, Okla., vs. A. O. Krug, suit on note. The case was dismissed.

On Wednesday a verdict was returned in favor of Gordon Stiles, et al, in a try title action against the U. S. Royalty association, involving a matter of leases.

Today was given over to the hearing of a suit by the Wheeler Cotton Oil Co., et al against the Western Engineering Co., et al, on alleged defective equipment transaction. The case continued until adjournment time this evening.

This, it is understood, will be the last jury trial of the week.

In a brief session Monday, the grand jury returned one indictment and recessed until later in the term. Next week will bring criminal hearings before the court. Some of these, if tried, are expected to arouse considerable interest.

## Jurors for Fourth Week

C. E. Beasley, Domer Reed, J. A. Spikes, R. T. Watts, Fred Harris, C. J. Derryberry, Arnold Waldo, A. B. Pond, Lewis Shumaker, Matt Sims, Herman Roper, Wallace Robison, Tom Hathaway, Judson Jones, L. D. McCauley, W. H. McAvoy, A. H. Moore, J. D. Futch, J. H. Leake, C. C. Killingsworth, W. H. Locke, A. D. Woods, Ernest Snell, G. R. Isaacs, A. H. Finley, J. B. Small, A. D. Henry, J. L. Martin, A. W. Haddock, U. G. Lane, Foster Whiteley, Tom Webster, C. M. Smith, J. O. Wright, T. C. Helton, S. B. Davis, Vern Lohberger, Elmer Miller, John O'Gorman, A. H. Moore.

## Wheeler Auto Supply Has Anniversary Sale

Prospective purchasers of automobile accessories, staple replacements and other merchandise of kindred nature will welcome the message presented on another page of this paper by the Wheeler Auto Supply & Electric company, announcing an anniversary sale by that firm. Harold and Shelton Nash are proprietors of the concern.

A lot of attractive prices on new, serviceable items is listed and others will be found throughout their stock, state the Nash brothers. The sale starts Saturday morning of this week and will continue indefinitely.

## Miss McIlhany Joins Fraternity

Mary Lou McIlhany of Wheeler recently became a member of Iota Sigma Pi, honorary chemistry fraternity for women at the University of Texas, states a news service release received here today. New members were entertained with a luncheon at the Home Economics tea room of the university.

Albert Owens and Ferrol Wallace were in Erick, Okla., Sunday.

## Severe Grasshopper Plague is Predicted

Survey Reveals Huge Quantities of Eggs in Soil—Program Against the Pests

Prospects for a heavy infestation of grasshoppers this coming season is alarmingly evident following a survey of the situation in Wheeler county last week, states W. B. Hooser, assistant county agent.

Arthur Miller, extension entomologist from College Station, made an exhaustive examination of this region last Wednesday. At that time it was found that from 20 to 30 hoppers per square foot had already hatched and from 60 to 100 eggs per square foot remained unhatched.

Wheeler county took the lead last year and conducted one of the best grasshopper eradication programs in the state, according to the entomologist.

The fine co-operation by farmers, merchants and everyone concerned was highly commendable and afforded channels of control not otherwise possible. Apparently now the same spirit and united effort will again be necessary during the coming crop season to save crops and reduce damage by the insects.

## Rain Provides More Moisture for Area

With the weather man operating on a moisture schedule of Wednesday and Thursday in each week, Wheeler and vicinity was not slighted again yesterday and today. Two weeks ago on Thursday the big snowstorm blasted its way across the county, bringing considerable moisture even though it was somewhat irregularly distributed.

Again last Thursday afternoon a nice shower of rain accompanying mild temperature, fell here.

Late last night rain began falling and has continued throughout most of the day. Lowering skies late this (Thursday) afternoon indicated possible continuance of rainfall.

Moisture is always encouraging to Wheeler county interests and especially when it tends to accumulate a supply in the ground for the approaching crop season. Right now, it is said, prospects for the coming year are considered quite favorable, despite the setback of cold and stormy weather two weeks ago.

## Home Dem. Agents in Meet Here Saturday

A district meeting of home demonstration agents of Childress, Collingsworth, Gray, Ochiltree and Wheeler counties was held in the court house here last Saturday.

Miss Dosca Hale, specialist in child development and parent education, from College Station had charge of the group meeting, in which plan of work and special problems were discussed.

Those attending were Margie Lyon, Wertha Tarter, Mrs. Julia Kelly, Margaret Mosier, Dalton Burleson and Rose Erisman.

Mrs. Della Dismuke of Santa Barbara, Calif., was accompanied home Sunday by her brother, Floyd Riggins, of Dill, Okla. Mrs. Dismuke visited her sister and husband, Mr. and Mrs. Lee Black, and spent several days in Clinton, Okla., with her mother, Mrs. D. F. Riggins, who has been quite ill.

## District Candidate

C. E. Cary, Pampa attorney and former county judge of Gray county, has authorized The Times to announce his candidacy for District Attorney of the 31st Judicial District composed of Wheeler, Gray, Roberts and Lipscomb counties, subject to the action of the Democratic primary.

## Gray County Lawyer for District Attorney

C. E. Cary Authorizes Announcement of Candidacy—Well Known Throughout District

C. E. Cary, Gray county attorney, today authorized announcement of his candidacy for district attorney of the 31st Judicial District, comprising Wheeler, Gray, Roberts and Lipscomb counties, subject to the action of the voters in the Democratic primary of July 23. Cary was in Wheeler this week greeting old friends and making new acquaintances.

Judge Cary has been a resident of Gray county for approximately 30 years, having first come to Pampa in 1906, and later establishing residence in 1907. He has served Gray county for four years as county judge and since that time has been actively practicing law. He is quite active, energetic and forceful.

Although the district is large, Cary says that he expects to see every voter in the district personally, and invites those who do not know him personally to assist in establishing an acquaintance.

## DEERING INFANT FUNERAL SERVICES HERE TUESDAY

Ronald Edwin, infant son of Mr. and Mrs. E. A. Deering, of Corn Valley died Tuesday morning at the age of four days.

Surviving are the parents and one sister, Ernees Ruth, and grandparents, Mr. and Mrs. Z. R. Deering, Twitty, and Mr. and Mrs. E. E. Duke of Oklahoma.

Funeral services were held at the local Baptist church Tuesday afternoon by Rev. V. M. Lollar, pastor of the Twitty Baptist church. Burial in the Wheeler cemetery was in charge of Clay-Youngblood Funeral home, Shamrock.

Mr. and Mrs. L. H. Johnson of Pampa were Wednesday guests of Mr. and Mrs. Marshall Adams. Mr. Johnson is general manager of the Bell Telephone company at Pampa.

## PROCLAMATION

### Child Health Day

TO ALL TO WHOM THESE PRESENTS SHALL COME:

"WHEREAS, the president of the United States has proclaimed the first day of May as Child Health Day in the nation; and

"WHEREAS, May Day has become an officially recognized part of the community and state health programs throughout the country; and

"WHEREAS, this observance has become an incentive for communities to organize permanent public health committees to study the needs of the community and to enter into year round campaigns for the betterment of the health and welfare of the children of our nation,

"NOW, THEREFORE, I, JAMES V. ALLRED, governor of the State of Texas, do hereby proclaim May 1 as Child Health Day and urge all agencies, public and private, concerned with the health and welfare of children, on this day to co-operate in plans of federal, state and local agencies in promoting the health and security of the mothers and children of Texas to the end that health and happiness may be brought to the children of Blue Bonnet Land."

IN TESTIMONY WHEREOF, I have hereunto signed my name officially and caused the Seal of State to be impressed hereon at Austin, this 7th day of April, A. D. 1938.

JAMES V. ALLRED  
Governor of Texas

## Highway East Now Part State System

Statement by Harry Hines Gives Confirmation—Official Order Expected

Elation was registered yesterday by Wheeler citizens and others concerned in the development of the highway east from this place to the state line and on which much effort has been centered to secure its designation as a portion of the state highway system, when practical confirmation of that fact was received here.

That this goal has been achieved is confirmed in a letter received by County Judge W. O. Puett from Harry Hines, member of the State Highway commission. Written from Dallas under date of April 20, the letter reads:

"Judge W. O. Puett  
Wheeler, Texas  
"Dear Judge Puett:

"Reference our correspondence in the past on the highway from Wheeler east to the Oklahoma state line, it gives me great pleasure to advise that the commission on yesterday passed an order adding this highway to the state system.

"I know this will be gratifying to you and I will appreciate it if you will so advise those interested parties.

"Assuring you it was a pleasure to have had the opportunity to be of service to you and your good people, and with kind regards, I remain

"Sincerely,  
"HARRY HINES."

In view of the foregoing statement by a member of the highway commission, there is now no further doubt as to the status of the strip of road from this town east to the state line. While information to that effect has not as yet been received, there is every reason to assume that it will be known henceforth as Highway No. 152.

While the fact that it is now a part of the state highway system is established, it does not necessarily mean noticeable changes in the immediate future, yet this new status does afford reason to believe that further improvement, such as hard-surfacing the remainder, may be expected in due time.

Much credit is due both Puett and Jim Trout, commissioner in the district traversed by this road, for their continued efforts to secure state designation. They have both labored diligently to bring about that happy conclusion and goal of which every citizen may well be proud.

## Religious Debate to Occur in Magic City

Hathaway and Crosswell in Series of Discussions to Cover an Entire Week

Notice of a series of religious debates has been supplied The Times for publication covering an engagement between Lester Hathaway of Mobeetie, representing the Church of Christ at Magic City, and F. J. Crosswell of Cushing, Okla., representing the Second Christian Advent church of Lela.

The series of discussions will be held in the Magic City Church of Christ edifice beginning Monday night, May 2, and will close on Sunday night, May 8. Propositions and positions taken by each man are as follows:

1. The Scriptures teach that the kingdom of Christ will be established upon this earth made new at the second coming of Christ. Aff., Crosswell; neg., Hathaway.

2. The Scriptures teach that the kingdom of Christ was completely established at the first Pentecost after the resurrection of Christ. Aff., Hathaway; neg., Crosswell.

3. The Scriptures teach that God's people will be born of the Spirit at resurrection. Aff., Crosswell; neg., Hathaway.

4. The Scriptures teach that God's people are born of water and the Spirit at baptism. Aff., Hathaway; neg., Crosswell.

5. The Scriptures teach that man is wholly mortal and unconscious from death until the resurrection morning. Aff., Crosswell; neg., Hathaway.

6. The Scriptures teach that the spirit of man is immortal, and is conscious, or lives after the death of the body. Aff., Hathaway; neg., Crosswell.

7. The Scriptures teach that the destiny of the wicked will be utter, complete destruction, and they will cease to exist as conscious beings. Aff., Crosswell; neg., Hathaway.

8. The Scriptures teach that the destiny of the wicked will be eternal conscious suffering in hell. Aff., Hathaway; neg., Crosswell.

## AMERICAN DREAM

A Jewish messenger boy, who fled three years ago from Nazi Germany with his widowed mother and her two other children, has written a prayer of thanks. It is couched in simple language, this prayer written by the 16-year-old member of a race which for centuries has experienced persecution and suffering. Text of this short, simple, heartfelt prayer has been published widely in newspapers during the past week. And properly so. It is something, this prayer of thanks composed by the youthful Jew, which should be read and pondered over by every American.

"I am thankful I live in a country governed by democracy rather than by force. . . . I am thankful I live in a land where the future seems bright and hopeful rather than dark and hopeless. . . . I am thankful I live in a land where the youth of all races have a tomorrow, rather than in my native land where the youth of a race is without a tomorrow. . . . I am thankful I am happy and free."

In the hurry and bustle of our lives, in our endless reaching out for material things, in our political bickerings and our sharp differences of opinion about so many things, we forget sometimes, we Americans, to be thankful that we "live in a country governed by democracy rather than by force. . . . in a land where the youth of all races have a tomorrow."

We forget to be thankful for the American dream—the American reality. And yet is anything more important to us than the American dream? If we lose that dream, have we not lost everything most worthwhile? If we forget that long-held ideal of freedom and liberty, have we not forgotten that force which has built our country into a great country? If we abandon tolerance, which grants to others the same liberty of thought and expression that we reserve for ourselves, have we not betrayed our forefathers, those brave men who came to a New World to lay the foundations for a free nation?

It is a timely reminder, this prayer of thanks of the Jewish messenger boy. This youthful refugee from a country where his race is persecuted sees clearly the American dream. May it be communicated from him to those of us who are in danger of losing sight of that brave vision of freedom and liberty which is worth working for eternally, worth fighting for constantly.

## PROFIT AND PROGRESS

Politicians and social theorists the world over are continually striving to crush one of the most basic urges of mankind: the urge of the individual to labor for profit. For some curious reason they think that once the profit motive is destroyed, the way to Utopia will be clear! They persistently refuse to heed the lessons of history which have proved beyond the shadow of a doubt that without a fair chance for profit the human animal ceases to put forth his best efforts. Without profit, progress gives way to a lethargic day-to-day existence, and personal liberty soon

goes by the board, social theories notwithstanding.

When an individual buys a bond or a share of stock he does it for profit, and to help assure financial independence. The greater the risk, the greater the possible profit; unless the two go hand in hand the individual will bury his savings in an unproductive hole in the ground.

When a man works 15 hours a day and burns the midnight oil over some new invention, or labors tirelessly year after year to build up a business, again he does it for security and profit. He works in the hope that the fruits of his labors will bring forth comfort and happiness, not only himself, but to his family.

Today we have a depression. We hear loud cries of "capital strike." The politicians howl because heavy industry is ominously quiet. They howl because unemployment is increasing. They howl and curse Wall Street for bringing all this about. So what? Wall Street had nothing to do with the present depression.

Punitive taxation, government competition with private business, and an orgy of experimental regulation and legislation are largely responsible for the present troubles. In short, the profit motive is dangerously near extinction, and the country can enjoy no normal recovery until it is brought back to life.

And government spending the country into bankruptcy is not the way to bring it back to life.

## LAW AGAINST SPARE TIRES

The present tax law which penalizes, through the undistributed profits tax, a conservative and thrifty industry for building up a reserve against hard times is like a law taxing an automobile driver for carrying a spare tire to insure uninterrupted operation.

A taxation or legislative policy which discourages and destroys in-

dustry, gradually sets the stage for advocates of state socialism to claim that private enterprise has broken down and that government must step in and operate the affairs of its citizens.

It seems fantastic that such a program is being deliberately promoted here.

But that idea is growing in the minds of persons who have watched the current world trend to submerge the individual under government dictation, and the increasing drive to constantly inject government into business, and into the affairs of private citizens in our own country.

## JUST PLAIN FOOLISHNESS

The United States contains six per cent of the world's area and seven per cent of its population. It normally consumes 48 per cent of its tin, 56 per cent of its rubber, 21 per cent of its sugar, 72 per cent of its silk, 36 per cent of its coal, 42 per cent of its pig iron, 47 per cent of its copper, and 69 per cent of its crude petroleum.

The United States operates 60 per cent of the world's telephone and telegraph facilities, owns 80 per cent of the motor cars in use, operates 33 per cent of the railroads. It produces 70 per cent of the oil, 60 per cent of the wheat and cotton, 50 per cent of the copper and pig iron, and 40 per cent of the lead and coal output of the globe.

The United States possesses almost \$11,000,000,000 in gold, or nearly half of the world's monetary metal. It has two-thirds of civilization's banking resources. The purchasing power of the population is greater than that of 500,000,000 people in Europe and much larger than that of the more than a billion Asiatics.

Responsible leadership which cannot translate such a bulging economy into assured prosperity is destitute of capacity. But pompous statesmen, looking over the estate, solemnly declare that the methods by which it was created are all wrong, ought to be abandoned, must be discarded, that the time has come to substitute political management for individual initiative and supervision.

There is only one way to characterize that proposal: it is just damn foolishness.—Texas Industry.

## Indefatigable

"Where are you going, anyway?" inquired the irate conductor of the hobo whom he had unceremoniously dispatched off the train five or six times, but who always managed to get on again just as the train started. "To Chicago, if my pants hold out; but I'll never get there if you fellows kick me off every five minutes." He was left undisturbed for the remainder of the journey.

## Our Exchanges

Items of interest culled from newspapers on The Times' exchange list.

Safe-crackers at an early hour Wednesday morning knocked the knob off the safe at the Skellytown postoffice and escaped with \$165 in cash, according to Mrs. Dorothy Statton, postmistress. One hundred dollars was personal money and \$65 post office cash, she said. Entry to the building was gained by smashing a small hole in a front window and then unlatching the lock.—White Deer Review.

Members of the Tulia vocational agriculture judging teams returned home from the 13th annual Fat Stock Show at Lubbock last Saturday bringing for the fourth successive year the large banner for sweepstakes award, winning over students from 52 other high schools in the area.—Tulia Herald.

County Judge J. A. Mead has on display at his office in the court house about 25 samples of Texas

building stone, sent him by Dr. S. H. Sellers of Texas State university. The display is quite interesting and Judge Mead invites the public—especially the pupils of the public schools are requested to call in classes and see the different varieties of native stone.—Miami Chief.

At a city council meeting held Wednesday afternoon at the request of the City Gas Co., and businessmen, city officials declined to accept an offer in compromise made by the City Gas Co., as a settlement in the domestic gas rate controversy in Clarendon. A decision in favor of the city would result in refunds on bills to gas customers since June, 1933, which is said to amount to several thousand dollars.—Clarendon News.

Men who have been laid off the Boggy Creek dam project and those who were expected to be laid off will be given 160 hours a month work at the local water conservation project, until June 15. An understanding of that kind was reached here Wednesday afternoon, between Ted L. Smith, regional engineer for the Bureau of Agricultural Economics, Amarillo, George T. Rich, construction engineer for that bureau at Amarillo, and the Hemphill county commissioner's court.—Canadian Record.

L. W. Gribble, 79, one of the first settlers of Collingsworth county, died in Wellington Tuesday night and was buried Wednesday afternoon in the old Wellington cemetery beside the grave of his wife who died 38 years ago. Gribble was one of the eight men to organize an 88-er club a few years ago, the members having settled in Collingsworth county in 1888. Only three of these are alive.—Memphis Democrat.

# Announcing New Ownership

This method is employed to announce new management of the Royal Drug Store, Wheeler, Texas, purchase and transfer occurring on Monday of this week, when Messrs. Howe and Buck Britt transferred the business to the undersigned, Ansel McDowell, who is now in charge.

This is a cordial invitation to all former patrons and friends of the store, as well as new customers, to call and get acquainted. We will strive at all times to maintain the same high standards of merchandise and service as heretofore.

I want every person in Wheeler and Wheeler trade territory to feel this is a personal greeting from me to them. I have selected Wheeler as a business location and future home and ask the privilege of doing my share for the community.

I solicit the opportunity to serve the public to the best of my ability as a druggist, a business man and a citizen.

Less than a third of Texas citizens pay their poll tax each year, and in last year's special election, only about 3% took the trouble to vote. When "Ma" Ferguson ran for governor, only 15% of the voters went to the polls. It is high time for Texas

to get out of the poll tax group, a throwback to the time of Caesar when Joseph and Mary were required to go up to Bethlehem to be enrolled for a poll tax as a "badge of captivity." In the interest of "Democracy" this restriction should be removed.—McLean News.

Funeral services for H. J. Inman, 40, who was found dead in a local hotel room about 2:30 Sunday afternoon, were conducted Monday afternoon at four o'clock from the First Baptist church. Inman's death was attributed to suffocation from smoke. It is supposed that he had gone to his hotel room to rest and that his bed caught fire, perhaps from a burning cigarette, while he slept.—Paducah Post.

## Supervisors Help in Making Farm Budgets

Each Farm Family Co-operating with FSA is Assisted in Determining Needs

Every business man realizes the importance of considering the future needs of his business and how those needs may be met, and the farm home is no exception to this rule, according to Miss Vera Martin, home management supervisor for the Farm Security administration in Wheeler county.

At this time of the year Miss Martin and George C. Jones, rural rehabilitation supervisor for this agency, are busily engaged in helping farm families plan their needs and devising ways to meet them. Each farm family co-operating with the FSA is assisted in determining its needs for the next year, which includes the needs for crops, food for the family, clothing, medical attention, schooling, recreation and similar requirements, not forgetting the amount of money necessary from month to month. After the needs are estimated a budget is outlined and the family is encouraged to live within that budget, which is based on thrift.

Farmers are taught the value of balanced rations for their livestock. They are encouraged to improve the care and breeding of livestock to insure maximum production. They are advised to plant their field crops in accordance with approved practices for the locality in which they live, not forgetting the importance of soil conservation methods.

Another important phase of the FSA's planning program is the storage of surplus feeds in good years for use in years when production is below normal. It is here that trench silos prove their usefulness.

The home management supervisor works with the farm wives in home improvement, family health, production of poultry flocks and gardens to meet needs of the family's balanced diet and also to the family's annual income through food preservation and sales of surplus commodities.

In setting up a farm and home plan the rehabilitation supervisor and the home management supervisor for the Department of Agriculture agency know that in order to develop properly balanced plans the family must fully recognize the need for keeping expenditures well within their income. This is why the budgets are so necessary. Quite often debt adjustments are necessary, and this phase of the program is given careful attention by voluntary county committees working with this federal agency.

The Farm Security administration makes loans to needy and worthy farm families in order to help them get started on a balanced, live-at-home program. Full details of this rural rehabilitation plan can be obtained from either Jones or Miss Martin, who maintain offices in the court house at Wheeler.

## Large Sum Allotted Farm Tenant Program Aids Lake Prospects

Panhandle Water Conservation officials were delighted to learn this week that the house appropriations committee had recommended \$19,500,000 for the Farm Tenancy act as a successful climax to the conservation program for scores of small lakes and ponds, as well as the major projects, in the Texas Panhandle. The recommendation means that money now will be provided for the

salaries of the engineers and staff of overseers needed to direct the program. Without this money, direction of the huge contemplated program would have fallen by the wayside, it is pointed out.

Conservation officials gave most of the credit for the successful turn of affairs in the program to the hard work of Congressman Marvin Jones who has been fighting "tooth and nail" to get the recommendation through the house committee.

Had this action not been vigorously contested by Congressman Jones and others, officials believe, High Plains work, including the dam program, would have been wiped out and several hundred people thrown out of work in this region. This would have resulted in almost virtual abandonment of a large part of the office and field staff working out of Amarillo.

"The \$19,500,000 allotted to the Farm Tenancy act is the heart of the sub-marginal land buying and lake building program because it provides the machinery and the engineering and professional set-up for this pro-

gram," said Carl Hinton, of Amarillo, secretary-manager of the Panhandle Water Conservation authority. "The matter of actual construction of the dams will be taken care of elsewhere through the efforts of Congressman Jones."

Wheeler county people, who have made preliminary efforts toward obtaining a large lake, will be greatly interested in this news from Washington which will give renewed hopes of realizing their ambitions. They, in common with others throughout this region, will look to Congressman Jones as a champion of their cause, having reason to believe that he can—and if rightly approached—will see that the county is not slighted.

**RECEIVING VISION FOR SERVICE**

Scripture Text: Mark 9:2-10. Devotional Reading Hebrews 1:1-9. Memory Verse: 2 Peter 1:17.

**An Angle of Approach**

For the child of God in our days visions are certainly needed, glorious visions, visions of what is stored away for the overcomer and victorious servant of God.

**THE HEART OF THE LESSON**

Introduction One should study the other accounts given of this vision in Matt. 17:1-8 and Luke 9:28-36, for each gives some added features.

**The Transfiguration**

Jesus, with the three named disciples, had gone up on the mountain to pray, (Mount Tabor, or perhaps, Mount Hermon, is meant).

**The Cloud of Glory**

Certainly this was none other than the "Shekinah" which was the cloud of God's presence that abode upon the Tabernacle (Exodus 40:34, 35).

**Moses and Elijah**

But why did Moses and Elijah appear in this vision? Moses was the great law giver and Elijah was the daring reformer.

**Northern Star Cotton SEED**

Northern Star Cotton is bred and grown in Western Oklahoma to meet western Texas and Oklahoma conditions. This cotton was grown in Beckham County, Okla., last year, and seed was saved only from the earliest cotton ginned. This is an early-maturing, drought-resisting, storm-proof cotton. It is very prolific and has a staple length of 15-16 to one inch.

Seed is Oklahoma State Certified and of high germination tests; is graded, culled and sacked in 3-bushel bags.

See your ginner for seed, or write us for circulars and prices.

**TIMES WAS MISINFORMED —DEEPLY REGRETS ERROR**

Through misinformation supplied The Times last week, whether or not with malicious intent has not been learned, this paper was party to an injustice to two Wheeler county young people—which is deeply regretted. Yet The Times does not feel wholly to blame since the fraudulent report of the marriage of Miss Arceana Hale and Alfred Murphy was cleverly perpetrated.

The report, according to Mrs. J. R. Hale, is wholly untrue.

This paper observes a strict rule of disregarding all communications lacking the appearance of authenticity and the signature of the writer. In this instance the item, apparently from the Hales and with the name J. H. Hale signed, came through the United States mails.

Just a word of warning to would-be pranksters and smart Alecks, whatever their motive in making misleading statements. Sending such matter, knowingly, through the mails for publication might lead to serious complications. While The Times always appreciates genuine news items, it has no patience with those whose mentality or judgement sinks to the level of uttering falsehoods whose reactions might prove harmful or at least highly detrimental to the innocent persons so maligned.

The Times is very sorry about the incident and is glad to correct the unintentional misstatement appearing in its columns.

**County Council Sees Model Club Meeting**

At a session of the Wheeler County Club Council, held at the court house here Saturday, members and guests witnessed the demonstration of a model club meeting as presented by Magic City 4-H club girls.

Two club girls, the girls' sponsor and the council chairman will be sent by the council to Short Course at A. & M. college in July.

Plans are being made for a banquet, sponsored by the council, to be held at a later date.

Clubs represented at Saturday's meeting were Pagan, Heald, Shamrock, Wheeler, Country Neighbors and Lela.

**Annual Plains Dairy Show for Plainview**

April 19 to 23 are Dates of Event Expected to Surpass All Previous Meets

Scheduled at Plainview on April 19 to 23, the eleventh annual Panhandle-Plains Dairy show this year promises to be one of the best and with the widest attraction probably in the history of the association, is the opinion of officials, recently expressed.

With preliminary tests and production contests listed for Monday, opening day of the show, the five-day event will officially open at 9 o'clock Tuesday morning, April 19. Monday is designated as 4-H club day and F. F. A. day.

F. F. A. dairy cattle judging and dairy products judging contests are slated for Tuesday morning. Official tests and production contests will be concluded at 9:30 that morning.

Tuesday night's program will feature the crowning of the dairy show queen who will reign throughout the exposition, acting as representative of the association in presentation of awards and on public occasions.

The A. and M. college round-up, a dance at the Hilton Hotel, and judging of dairy products are scheduled during the afternoon and night program.

Wednesday has been designated as Jersey breeders day when Jersey Calf club animals will be judged and continuation of Jersey cattle judging will mark that phase of the program.

At 2 p. m. Wednesday afternoon a rodeo and horse show will start in the arena near the dairy barns. At 7 o'clock that night the Dairy show association annual banquet will be held at the Hilton. At 8:30 that night in the judging arena one-act plays from several Plains counties will be presented. Admission will be free. A dance is scheduled to start at 9 o'clock.

Thursday has been designated as Holstein and Guernsey day. At 9 a. m. Holstein-Friesian club calves and Holstein-Friesian cattle will be judged.

At 1:50 Guernsey club calves and Guernsey cattle will be judged. The rodeo, horse show and one-act play program will continue that afternoon and night.

Friday has been designated as Milking Shorthorn day with judging of Milking Shorthorn club calves and cattle slated for 9 a. m.

Judging will be continued into the afternoon with an auction sale of Milking Shorthorn cattle slated for 2:30. At 6 o'clock that night Milking Shorthorn breeders will meet for a banquet at the Hilton. A dance is scheduled at 9 o'clock at the Hilton. The horse show, rodeo and one-act play programs will continue, as scheduled.

At 10 a. m. Saturday, dairy show cattle will be paraded through the downtown section of Plainview. The rodeo will give its closing performance at 2 p. m. and a dance at 9 o'clock at the Hilton will conclude activities of the show.

**Amendments Increase Allotment of Cotton**

Additional State Acreage Expected to Equalize Quota in Special Cases

Amendments to the new farm act provide a reserve of 4 per cent which will be added to the cotton acreage allotment of each state and that farm cotton allotments in necessary cases shall be raised to a minimum level, according to Geo. Slaughter, Wharton, chairman of the Texas Agricultural Conservation committee.

The total increase in allotments due to the amendments may exceed two million acres, he said. The original acreage allotment for 1938 was 26,300,000 acres. In Texas the additional allotment will amount to around 380,000 acres.

The 4 per cent reserve will be used to assure minimum allotments to small cotton farms, provide additional acreage for farms on which allotments were materially reduced because of an unusually large number of small farms in the county, and to provide representative allotments to counties or farms which otherwise would receive allotments which are low in comparison with the amounts allotted to producers in similar areas and in comparison with their usual cotton acreages.

The amendments also provide that if the allotment to any farm is less than 50 per cent of the sum of the 1937 cotton acreage plus diverted acres, the allotment shall be increased to 50 per cent, provided that the increase does not bring the allotment up to more than 40 per cent of the tilled land on the farm.

**Methodist Missionary Meetings**

The Womens Missionary society of the Methodist church met at the home of Mrs. Albert Hayter Tuesday afternoon with eight members present.

Mrs. J. D. Merriman gave a program on Prayer, assisted by Mrs. E. C. Raney and Mrs. W. D. Adams.

The next meeting will be at the church Tuesday at 3 o'clock when members of the Hannah Cosper circle will also meet with the W. M. S.

The Hannah Cosper circle of the Methodist W. M. S. met at the home of Mrs. D. A. Hunt Monday afternoon with eight members present. Mrs. A. B. Crump was in charge of a program on American Indians, assisted by Mrs. Alfred Bryant and Mrs. Hunt. Mrs. Joe Hyatt gave the devotional.

The Millie Porter circle met at the Methodist church Tuesday afternoon. A program on the Indians of Oklahoma was given by Mesdames B. T. Rucker, Dudley McMillin, Marshall Adams and Luther Parks. There were eight members present.

Mrs. Frank Fulfer will be hostess to the circle next Tuesday. All members are urged to come and bring a friend.

## Wheeler Takes Two Seconds at Pampa

Girls Lose to Booker in Finals of Volleyball—Burger Ousts Boys in Debate

Winning two second places, Wheeler came out third in the District 2 Interscholastic League meet held in Pampa last week end, piling up 30 points. Burger was first with 72 points and Pampa second with 50. Eleven counties competed.

The volleyball girls, coached by Miss Winona Adams, defeated Pampa and Borger, but were defeated in the finals by Booker, who has won this event at district for five years.

Grady Anglin and Aubrey Warren in their first round of boys' debate won over Pampa, district champions last year. They next defeated Higgins, but lost to Borger in the finals.

Both entries advanced to the semifinals. R. J. Puckett and Amos Page, senior boys' doubles team, defeated White Deer in the first round but were beaten by Spearman. Helen Scott, girls' senior tennis representative, won over White Deer and Spearman before being beaten by McLean.

The high school track team was the defending track and field champion but because of the boxing tournament on the same date, no team was sent from here.

## Three Teachers Have "Hot Time" in Big City of Pampa

Those three teachers who went with the debaters to Pampa must have had a little something "in" celebration of winning second.

First Mr. Gilmore (our superintendent, you know) had a notice tacked on his car asking him to appear before proper authorities and explain why it had been in one spot so long.

Next Miss Addison (debate coach), in speaking of another man who got a parking ticket and was telling it to the judge said, "Anybody should know better than to park by a spark plug."

Last, Mrs. Gilmore (Mr. Gilmore's boss, he says) commented enroute home: "Well, to be a good debater it just takes ability to stand on your head and think."

### Reservations at Carlsbad

Miss Lois Kirby, senior sponsor, wrote Tuesday for reservations for the seniors when they make their annual trip to Carlsbad on April 29, 30 and May 1.

## Mrs. C. B. Witt to Head P-T. A.

Mrs. C. B. Witt will head the Parent-Teachers Association for this year and is the wife of the high school principal.

At the regular monthly meeting of the organization held Tuesday night, Mrs. Floyd Pennington was chosen vice president, with Miss Pauline Irons as secretary and R. G. Russ as the treasurer.

Under direction of Mrs. J. L. Gilmore, the public speaking class presented a short play "Much Ado About Betty."

Students taking part were Huffman Walker, Lula Barr, Maryann Hestlow, Clyde Ayres, Lillie McClain, Ray Holley, Grady Anglin, Helena Jones, Caroline McBe, Gerald Robinson, Cecil Parker, Edwin Robertson, Velma Hestlow and Minnie Lee Phillips.

### Teachers Are on Program

Teachers who participated in the program were Miss Lois Kirby, who sang in charge, W. J. Murdaugh, who spoke on "The Emphasis of the Social Realm," and Mrs. G. O. McCrohan, who played a piano solo.

## Seventh Grade Honor Students are Cousins

Believe it or not! Two cousins, and boys at that, hold high scholastic honors in the seventh grade this year. They are pals, too!

Harold Callan, son of Mr. and Mrs. Martin Callan, will be the valedictorian of the '38 class, graduating from grade school. Harold's average is 90.

S. D. Miller, son of Mr. and Mrs. Henry Miller and cousin of Harold Callan, will be the salutatorian. These boys are great chums and both are very quiet and studious. Both are grandsons of Mr. and Mrs. W. O. Miller.

S. D. has attended school here all his life with the exception of a short time he attended school at McLean. His average is 88. Harold transferred to Wheeler two years ago from Sweetwater.

### TEACHERS TO PLAY "42" AT PARTY FRIDAY

Members of the faculty will have their third and last party in the home economics cottage Friday evening, "42" will furnish entertainment for the evening, after which refreshments of salad, sandwiches, pickles and iced tea will be served. Mrs. G. O. McCrohan, Miss Pauline Irons and Mrs. Lloyd Davidson will be hostesses.

## Just a Few More Days Until All This Misery is Over

Just a few more days and it will all be over. What's that? Why the end of this thing people call school, of course!

Notebooks and examinations will be finished and the "O" and "F's" will be written in nice red ink on report cards and final test papers. Perhaps some of us will be lucky enough to get a "C-" and maybe a "C."

Anyway, when that is all "gone forever" there will be the bright summer days. No more teachers will pester us with daily papers and there will be never a thought of notebooks or tests. Nor will demerits mar the "O" of a perfect day. These things will all be "in the past" and ahead will be the bright and brilliant future when school is out.

## Louise Tillman Makes "Straight A" Card

What would it "feel like" to make a straight A plus report card?

Ask Louise Tillman, fifth grade student. That is what she did this six weeks.

Not only is Louise an excellent student, but she represented Wheeler in four literary events at the county meet: Picture memory, choral singing, declamation and spelling. She won second place in all except spelling.

Before the points she made from the meet were added to the averages, Louise's grades were all A's and some of them were A plus. She made enough points in Interscholastic League work to raise all of them to A plus and then have several points left over.

## McMurry Chanters to Sing Here Monday

Since the Chanters from McMurry college, Abilene, are touring the Pampa cities, they are appearing here next Monday, April 25, at the auditorium-gymnasium.

The singers will be here at 2 o'clock and will entertain for 30 minutes. Mrs. Gypsy Ted Sullivan Whyte is director of this group of entertainers who are to give this program free to the public.

Among their selection of songs are Blessed Jesus, by Dvorak; Negro Spirituals; Song by Gounod; Bohemian Girl, by Balfe; The Messiah and Largo, by Handel; Anvil Chorus from Il Trovatore, by Verdi; Pilgrims Chorus from Faust, by Gounod.

There are to be tries and solos as well as group singing.

## Teachers to Present Hayseed Comedy

Mal Wynne to Take Role as Owner of Country Store Where All Action Takes Place

Their teachers is 'goin' to put on what you call a play 'nex' April 25 at the auditorium (or whatever you call it). An' believe me, it's 'goin' to be a bundlerin'.

The Teachers Furnish Romance  
You know that that singing teacher, Mal Wynne, he plays the part of Larry Lackoynce, the owner of a great big grocery store at the country crossroads.

Says he to Barbara Shears (acted by Mrs. G. O. McCrohan), "If we wait until this business is a paying one, we shall never be able to marry."

Says she, "Well, the wife is usually responsible for her husband's success because of the money she makes it necessary for a man to marry her. The easiest way to get to the top, is to go to the bottom of things."

Zirkle to Speak German Dialect  
That there farmer teacher, W. C. Zirkle, acts like he's Oscar Pumpersport, the old German pumper at the "Crossroads Store," who remarks

"Seventy-vun feet. It was such a funny dot I don't get some vater. I don't understand it."

Principal C. B. Witt plays like he's Hank Hande (but he ain't really). He says, says he, when asked what's on his mind, "Not a god-blamed thing 'cept my hat. Got any free samples o' chewin' tobacco o' any kind?"

Balsom, a black colored man, acted by Supt. J. L. Gilmore, steals crackers and buys stove blackin' for his 'ol' woman to use as massage cream.

Murdaugh is Shell Shocker, One of the fourth grade teachers, Mrs. C. J. Meek, just became engaged last night and L. Overbeach, he says, "Say, 'aint' braggin'." An' he said—he said that ever' time he looked into my eyes he became intoxicated, he did."

Now this is all the space that stinky old make-up editor will let me have, so I'll have to stop, but there's a whole lot more characters, and lots of fun and romance and hat say, "So sure to come, 'cause if you don't you will really miss something, he did."

### T. B. TEST FOR STUDENTS TO START NEXT TUESDAY

Tuberculosis tests will probably begin next Monday, according to Supt. J. L. Gilmore. Students will not be compelled to take these tests but, according to authorities on the subject, it is important that each school child should take one. The tests are to be financed by the county.

## SNUBBING POST

Did you ever notice the cute way MISS KIRBY has of saying "sture"? Ask her a question sometime in which the answer will have to be in the affirmative.

Wheeler's candidates in the district meet at Pampa last week end did exceptionally well.

ALTON WEEKS said he would give anything to have eyebrows like MARGIE BOWERS. You might try arching yours, ALTON!

Some SENIORS were heard repeating lines from the senior play Tuesday. And the funny part about it was they knew each other's parts better than they knew their own.

MARY BELLE JOHNSTON keeps her finger nails fixed all the time. Perhaps if the rest of us girls had a diamond to wear on our left hand we might have our finger nails in a little better order.

LILLIE MYRL has a new permanent. Another one of those curly kinds.

For the last several months I have been wanting to offer you some hit of the week "Bei Mir Bist Du Schon." However, before I learned how to spell it, the song had lost most of its popularity.

GRADY came drowsily stumbling into the study hall during an afternoon this week. When asked if he had been sleeping he replied, "No, just snoring."

A cute little rhythm is "I'd like to see Samoa of Samoa."

Several dates at the junior-senior banquet. Well, it's time you boys were snapping out of it. Don't be harmful all your life. Really, some of us girls aren't so bad, after you get to know us.

Yours truly received a couple of slams in the "LASSO'S NOOSE" last week. After all, just because the make-up editor doesn't appreciate my personality that's no sign he should let his personal feelings enter into his writing.

If I remember correctly it is customary for me to comment on any affairs going on among the students. After all, it's kinda hard on a girl's ego for someone to put in print not only that she has had her time beat but also that she is jealous!

You see, the editor reads over this copy and marks out, changes, or comments on anything he sees fit. (There's many a piece of juicy gossip I've written that has never reached your eyes, my friends.)

I don't guess it matters much what I say about him or that it probably never will reach the press, anyway.

By the way—EARL has a crush on JOHNNIE FAYE; so they say.

### IT'S THE LITTLE THINGS LEFT UNSAID THAT COUNT

"It isn't the things that you do, it's the things that you leave undone," the little insignificant, seemingly unimportant things that really count. By this is not meant the particular turn of your nose or mouth or the attractive manner in which your hair is done but the little things you do (or do not do) for humanity.

The doors you slam, the people you unconsciously hurt by your careless actions could be included. All of these could be avoided if you stopped to think just one little minute. Instead of tramping down the halls as hard as you can, entering your classroom in a hurry, and making noise so as to disturb the class, why not go quietly?

These little, yet very important things, will make the world a brighter place for you and everyone else. Let us remember that old proverb "It's the little things that count."

### WHAT GOES ON UNDER BRIGHT KERCHIEF COVERS?

They are "perky" little head-pieces aren't they—these kerchiefs? And two very adorable eyes peep out from under—and an impertinent little nose and mouth. But what goes on inside that head? Nothing but nonsense and frivolity? No.

"Beauty is only skin deep," but somewhere inside the active streamlined face is a heart that is all gold. Critics can't see the serious thoughts working in her brain so neatly covered with plaid and fringe. Few can realize the struggle for respect and recognition the mind is staging. They fail to see that the careless gaiety is but effervescent youth finding an outlet.

Ambition? Yes, and if she can't be a tree she'll be a bush, but it will be a sturdy little bush you can bet your life!

Cooking, washing, sewing, pounding, typewriter keys hour after hour—watch the gypsy arrayed heads moving busily around home or pushing into crowded offices—downright hard work, but she'll make a place for herself in the world. Don't forget she'll make a dandy life-partner too, and by the way that is the point of this story.

Being attractive is as much her responsibility as anything else. No one will accept her if she is slovenly and sallow. She won't be able to marry well, (don't most girls marry sometime?) and won't deserve to unless she keeps neat as a pin and pretty as a picture! It's her job!

In argument, smiles are like songs in love; they describe much but prove nothing.

Spending more than you have makes you less than nothing.

### WHY DON'T YOU SAY?

De-TAIL instead of DeTtail?  
St'ch instead of st'ch?  
TuesDay instead of TOOsdAy?  
J'ust instead of gist?  
FebRUary instead of Feb'Uary?

## Caught in The Lasso's Noose

Jello-o again. This is the greatest gossip that ever gossiped a gossip. (Hope you like our dialect).

He really were on Wheeler school grounds last Thursday. Who? FRANK MITCHAM.

Funny papers cause us to L eave our memory work and book reports.

U ntil the N ight before school is out then, we K inda get to work (sometimes).

Did you know? That when COACH STINA CAIN attended school then kids called him "STUGAR CAME?"

Then journalism class kids shore did work hard last Thursday. Then that old rain came and nearly ruined our parade. Anyway, maybe womeens might get to go to Canadian.

That Magic City bus were recently equipped with a radio. Their main programs heard air consisted by their singing of "Fork-a-doodle-doo-un-twe-twe." This song air nearly always sung by either RAYMOND SMITH, KENNETH YOUNG, or HUBERT JOHNSON.

An odity of the news might be sowed in the fact that JAMES PASSONS and LULA BARR stare straight forward when they talk to each other. Why don't the look at each other?

An algebra tooker shore couldn't figure out their number of hair pins on Wheeler grounds last Friday. Nearly every girl had her hair foxed up in rolls or sot.

The black and gold swatter shore do look degerous on LAVELL JACO. Didn't them home ee girls make a fashion parade though, shore nuf?

W. T. ROACH is jest a satting up that in the study hall so unconcerned. . . . Them little ole youngins jest kept looking in at that their dooh.

SILVA LOUISE FICKE really believes that she will be air ole maid.

Them that ole Hankarcials air going out of style and their gurls air waring hair nets.

They did been telling me about how LOIS FICKE get her face wersh with their dish rag. Air that true?

MARILYN JOHNSON'S brother, JOE, said the night of their junior play, "Sis, what part are you going to play in that play, wild woman?"

Aren't that uneducated hill billy turreble?

### Juniors Feature Easter in Banquet

Easter bunnies and brightly colored eggs were used as a motif for the annual Junior-Senior banquet held in the agriculture building, Friday evening. The long white tables were decorated with streamers of yellow, green and lavender.

Pastel colored balloons were used to decorate the ceiling. Bunnies and baskets of eggs were used as centerpieces. Floor lamps and pastel colored candles furnished lights, and the 38 guests were entertained with radio music during the entire evening.

Place cards were egg shaped, painted in pastel colors and contained the program and menu. The menu consisted of pineapple cocktail, salad, meat loaf, sweet potatoes, eggs, sliced tomatoes topped with English peas, Harvard beets, cheese stuffed celery, gherkins, rolls and butter, cake and ice cream.

Raymond Smith acted as toastmaster, Herbert Green, junior class president, gave the welcoming address. Alton Weeks, president of the senior class gave the response. The invocation was given by Rev. Taft Holloway.

Imogene Jamison sang "The End of a Perfect Day," followed by impromptu talks by Supt. J. L. Gilmore, Principal C. B. Witt, Elva Belle Couch, Marilyn Johnson, Annes Page and James Passons. The program was concluded by the group singing "We're Loyal to You, Wheeler High."

Sixtyhome girls who served were: Ethel Clare Ray, Marion Hewitlow, Oleta Carter, Bobbie Rue Swan and Claudia Stinson.

### COLTS

#### Prizes Won at Bodeo

Honor roll for the sixth grade include Wayne Herd, Nina Pond, Peggy Manney and Arlie Ruth Waters. There was no one on the "A" honor roll from the sixth.

Mary Lee Reid was the only one on the "A" honor roll from the 4A. Those on the A and B are Elmer Tolliver, Alice Mullins, Nelda Jean Stinson, Garland Fooseher, Ruthie Mae Mize and Evelyn May.

Dolores Watson was on the "A" honor roll and those on the A and B from the fourth grade are Wilma Jean Cox, Elsie Griffin, Henry Fred Reed and Harry Ray. Starkey Louise Tillman and Sammy May made the A honor roll from the 5A and those on the A and B are Jean Hill, Wanda Sewell and R. J. Holt. Those in 3B are Folia Boatman, Arlie Lee Mullins, Neva Jane Weatherly.

### "Hub" Cole Proves That It Takes a Strong Optimist to Be a Good Janitor

Confidently, the cheery smile of Janitor Cole that bids "Good Day" to passersby is put there by the success of him as so characteristic of the man. The strenuous and painstaking tasks he does daily are not such as merit an attitude so hopeful that it, unless one likes it.

#### Has Knack for Fixing Things

"Like it?" Well listen to this: "Mr. Cole always had a knack for 'fixing things.'" Tidiness just sort of comes natural with him and he has a creative instinct, too. "Now if we had the funds," he pointed out "there are those chairs needing new bottoms. I could put them in."

For six years he has, so to speak, kept the old alma Mater's cars scrubbed to glowing cleanliness and always gotten to live up to his motto, "I will be a good rider to his motto, others."

#### Praise Given Students

"The kids," he said, "are not smooty." Fact is, he doesn't believe in the City Tender's except to be careful about putting scrap paper in the proper place and being kind to the desks.

After six years' association of him with a department of the plant and its inmates, That he does, too, and vice versa; at least every one calls him "Hub" (short for Herbert) with that pleasant air of ownership we all like.

### Corral Staff Clears \$15 at Style Revue

In spite of a heavy downpour on Thursday afternoon, the Corral staff had a fairly large crowd at the Easter fashion revue that evening. They cleared approximately \$15.

The style revue included models from dry goods stores, beauty shops, the City Tender shop, and the home economics III class, who displayed fashions for children and grown-ups.

The program included a reading by Minnie Lee Phillips, trumpet solo by Tom Weeks, vocal duet by Rev. Taft Holloway and Paul Farmer, and two tap dancing numbers by Mrs. Ottilie Daniel's students, and a current events contest under the supervision of Holloway.

### GILMORE, WITT ATTEND MEETING AT SHAMROCK

Supt. J. L. Gilmore and Principal C. B. Witt attended the last principal and superintendents meeting of the year last Thursday night at the U-drop-Inn in Shamrock. This was an all-banquet.

Results of the Interscholastic League were discussed and they talked about the tuberculosis test which is to be given school children of this county. Gilmore and Witt both made informal talks.

Supt. M. D. Blankinship of Moebette and other presiding officers will be retained until the first meeting of the next school term, to be held Oct. 13.

The school this week after being absent a few days.

Vera Brewer of the 5A room has the measles.

#### Appreciation

We wish to thank Mrs. Newkirk and Arthur for the lovely Easter rabbit cookies they sent us Friday. It was very thoughtful of them and we appreciate their remembering us. —5B Students.

Just to give you an idea of a janitor's busy day here are a few trying experiences.

#### Yard Gets Promise of Cleaning

"Hub" steps briskly up the walk whistling and swinging the keys on his finger. He'll clean the yard today, no matter if it was looking shabby yesterday, he muses. Crack! What's that? Somebody break a window? Yes, and it will have to be fixed now; the yard can wait awhile.

As he works we notice a slight furrow on the forehead. The day has evidently started wrong. Now, that's finished and bang! clutter! a desk in the study hall came apart. We're crowded for seats so it can't wait, either.

#### Wobbly Desks to Be Repaired

Now it's a job, putting a wobbly, rickety old desk together. Takes time, too, and "Hub's" forehead is looking more like a billboard all the time.

Now, and after the paper is picked up there's the sweeping to be done and the afternoon is gone. From all appearances the yard cleaning will have to wait until tomorrow.

As he drags his tired feet home ward he greets some children playing on the sidewalk with a sort of tired, used-up smile.

Yes, it takes a pretty strong optimist to be a GOOD janitor.

### HYATT CHILDREN ATTAIN HIGH RATING IN CALIFORNIA

Mrs. G. O. McCrohan learned in a recent conversation with Mrs. Frank Hyatt of Wilmar, Calif., that the three Hyatt children, who formerly attended school here, have obtained high scholastic rating.

Wanda Lee, a freshman in high school, has been elected to the Scholastic society. Tom, who was in the fifth grade here, passed the sixth grade examinations and entered the seventh grade.

The oldest daughter, Melba, is enrolled in the ninth grade. They all report that they like the school and the town very much, although they were dissatisfied when they first moved to their new location last summer.

### TRI-STATE PAPER QUOTES RUTH FAUST'S EDITORIAL

Jest party good—

Ruth Faust's take in writing editorials, especially the one about Easter, appealed to the Amarillo Daily News editor of "The Tri-State Press." So he ups and prints it.

That isn't the first time this year one of the editorials from the high school paper has been quoted, No Siree! Vergie Ashley, also assistant editor for the Corral, has had two of her editorials published in that same paper.

Did I say party good? Wal, maybe "swell" would be better.

### CORRAL STAFF TO GO TO CANADIAN AXVIL PARK

With a part of the funds received from their Fashion Revue last week, Corral staff members will go on an outing to Arvil Park, Canadian, Saturday of this week.

The remainder of the money was used to pay press association dues and to frame awards from two Quill and Scroll contests.

Plans are to go to the park in cars or a school bus, spend the day, and return via Pampa, where the group will attend the LaNora theater.

### Future Homemakers of Texas

The home ec girls have been progressing nicely in the preparation of luncheon dishes under the supervision of Mrs. Nina H. Young, instructor.

At present the girls have been preparing meat dishes, which are very delicious according to one of the students. Salads, vegetables and cheese dishes have also been prepared by the first year group. Joyce Faust, one of the students, hints that all of them were appetizing.

Because of other events taking place at the same date the home ec department did not have a delegation to attend the meet held in Allison last Saturday.

The three classes in this year's group are looking forward to an all-night trip which is being planned. It is their plan to go to Palo Duro Canyon. While at West Texas State college in Canyon they will visit the home ec department and will also go through the museum.

The second year class is completing dresses which they intend to model before their parents and other visitors in the school during the latter part of next week.

Home ec three students are studying interior decorating but at the present they have not progressed far states Mrs. Young.

### FROM OTHER BRANDING IRONS

A co-ed of Texas Tech washes all of her boy friend's clothes so that they may have the extra money for shows, parties and dances.

"Here's a piece of rubber tire in my hash."

"No doubt. The motor is replacing the horse everywhere."

Hermleigh school was the winner of the all-round class B cup in the Scurry county Interscholastic League meet. This was the second consecutive year they have won.

The joke column of the Albuquerque Record written in Spanish is entitled "Pinon Nuts."

"Mother is the necessity of invention," said the co-ed as she crawled in the window at 3 a. m.

**Definition: Jealousy is the friendship one woman has for another.**

"Will you marry me?"  
"No."  
And they lived happily ever afterwards.

Pampa lost the district meet for the first time since it has been held in that city. Berger nosed them out by 22 points.

Two journalism students were arguing about the date of graduation:

First student: "Well, just look in the dictionary if you don't think that Thursday comes on May 14!"

## Canadian Boxers Cop First Place Trophy

**Arnold Jones is Only Mustang Fighter to Win Weight in Annual Tournament Here**

Canadian won the beautiful 18-inch trophy awarded the winner of the second annual Wheeler Boxing tournament held in the local gymnasium. The group of Cowtown pugilists was three of the 10 weights for the right to the cup. Teams represented in the meet were Flomot, Canadian, Turkey, Pampa, Briscoe and Wheeler.

### Three Fighters Unopposed

Roden and Bills from Shamrock, and Thrasher from Canadian all took their weights in the tourney because there were no entries against them.

Campbell from Canadian took the 112-pound class from Roy of Shamrock. Spurlin, likeable redhead from Canadian, took the 125-pound class after winning over Homer Jones pre-tournament favorite.

Russell, one of the terrible Turkey Turks from Turkey, took the 135-pound division with hardly any trouble at all, by winning a technical kayo over a Canadian fighter in the finals.

### Arnold Jones Wins Weight

Arnold Jones displayed a devastating right to win over Nelson from Pampa for the 155-pound crown. This was one of the most punishing fights during the meet. Claudin Mills and Joe Markham both from Wheeler fought in the 165-pound class to see which one would take the gold and which one would take the bronze gloves. Pillers won.

J. P. Matthews from Pampa won over Clay from Flomot in the 175-pound finals.

Clark from Briscoe, 175-pounder, won over Brown from Pampa, 210-pounder in the heavyweight final. Brown forfeited the fight at the end of the second round. Clark received the bronze gloves despite the fact that he won over Brown. Clark entered the tournament after the fight deadline.

Al Duncan from Turkey and W. T. Roach from Wheeler alternated as the third man in the ring during the entire tourney.

## STUDENTS SEE ANOTHER MARCH OF TIME PICTURE

Another March of Time picture was shown Monday at activity period to high school students through the courtesy of Lee Guthrie, manager of the Rogue Theater.

The two subjects featured were the overseas highway to Key West and the League of Nations.

One more March of Time will be shown this school year, according to Supt. J. L. Gilmore.

The last issue of the Interscholastic League carried the pictures and a short write up of two Lubbock high school journalism students who took an active part in the convention there last November. One was Bill Clark, president of the association, and the other was Slicy Roberts, president of Quill and Scroll.

## Musical Moods

Presenting in their order, the name, song and orchestra preference of a group of students.

Ethel Claire Roney—"On the Sentimental Side"—Benny Goodman.  
Betty Gene Coil—"Ten Pretty Girls"—Horace Heidt.  
Meta Bruton—"In the Shade of the Old Apple Tree"—Tommy Dorsey.

Imogene Jamison—"Dipsy Doodle"—Bob Willis.  
Jimmie Faye Tompkins—"Moon of Manabosco"—Benny Goodman.

Raymond Smith—"Donkey Serenade"—Benny Goodman.  
Ruth Faust—"Rosalie"—Wayne King.

Lois Ficke—"You're a Sweetheart"—Guy Lombardo.  
Cleo Sewell—"You Can't Stop Me from Dreaming"—Guy Lombardo.

Barthory Mills—"The One Rose"—Ina Rae Hutton.  
Ruth Barr—"T-Pi-Tin"—Tommy Dorsey.

## Talk While Driving

(Read fast).

Here we are just 10 miles from Wheeler and we have already passed 15 cars of young people.

Time in on the MUSTANG SINGERS.

See "I could write a sonnet about your Easter bonnet." They tell me that ALVERN HAMPTON is engaged. . . . About the girl I'm talking to the Easter bunny.

Remember GRADY ANGLIN? Last Monday he was thrilled to suspense when ELOISE REED dashed into the study hall.

That's not the WHEELER singers. Oh, look out, you are going to hit that car.

When the cat's away, the mice will play. That's what they said about MARION SMITH.

"One night when the moon was mellow," JACK PITCOCK must have been coming from the post office when I saw him. He surely was looking after that letter in his hip pocket.

Hit the ball! We never will get there.

"Rosita met young Manuella." If you see LORRAINE WALLACE, look around and maybe you will see CLOWES JONES. . . . "He held her like this and stole a kiss, this fellow." . . . What time do you suppose those girls and boys got home from the junior-senior banquet?

"A sailboat in the moonlight and you." You'd think that another banquet was about to come off. Those silly journalism students are certainly cranky about what they wear to a picnic and show.

"It looks like rain in cherry blossom lane." HUBERT JOHNSON, RAYMOND SMITH, and JOE D. BRITTON stayed out all night the other night. (Camping out).

Well, here we are.

There will be only one more March of Time picture this school year. Each showing of this news reel costs Lee Guthrie, manager of the Rogue Theater, approximately \$5.

## Spring Gridsters Begin Workouts

Coach Stina Cain has been sending his 25 grid aspirants through stiff blocking and tackling workouts, to whip them into shape for a possible game-length scrimmage to end the spring football training.

There are approximately 25 out for practice now and Coach Cain states that there will be an additional eight added to the squad when fall workouts start, next August.

Seven lettermen are in the group out now and it is likely that four of them will be in backfield berths, when the first starting line-up is named by Cain next fall.

Coach Cain says that besides these lettermen there is some very promising material in the squad which he expects to fill vacancies caused by graduation.

## CORRAL STAFF BLOWS ITS OWN HORN AGAIN

Although the Corral is criticized for "blowing its own horn" too much, perhaps you, gentle reader, will allow the staff to indulge in quoting the following statement received this week from the Texas High School Press association:

"Your snappy leads in the March 24 issue are an ear with some of the best Class A high school papers. "Your personal columns are better than most, though one finds little difference between them. With the 'Ex' is good.

"The issue seems to be remarkably free from errors."

Improvements suggested were to eliminate for a time the second deck of heads and to use more cuts.

## RAMBLINGS ON THE RANGE

Inez Hunter and Frances Noah visited friends in Kolton Sunday.

Juanita Voyles motored to Wellington last Wednesday.

Raymond Smith, Joe D. Bruton and Millard Braxton camped on the river Saturday night.

Cleo Carter and Eric Manney visited relatives and friends at Vinson, Okla., during the week end.

Elva Belle Crouch and Helen June George came to Wheeler Sunday.

Douglas Groves, R. B. Stephens and Alton Wees attended the track meet last Friday.

Mr. and Mrs. J. L. Gilmore took the debate team to Pampa Saturday.

LaVerne Cox visited in Corn Valley Sunday.

Alvern Hampton and Babe Robinson went to Briscoe and Allison Sunday.

Frances Noah spent the week end with Inez Hunter.

Marion Smith and Marilyn Johnson spent Saturday night with friends in Shamrock.

Helen Flynt motored to Mobeetie Sunday.

Helen Johnson was in Shamrock Sunday afternoon with friends.

W. J. Murchang visited his parents in Greenville over the week end.

Mrs. G. O. McCrohan shopped in Amarillo Saturday.

More than 100 sophomores of Oakland, Calif., high school attended a skating party.

## SPORT PLANTS

By a Mustang

"Dollar Eye" Stephens will likely be filling a backfield berth on the Mustang eleven when the first starting line-up is named by Coach Stina Cain next fall. R. B. saw some service in the backfield while kicking some last year.

It is not impossible that the entire backfield will be made up of boys who are attending school here from Magic City, Groves, the midget quarterback, will likely be in that position again next season. The other two slots could be well filled by Buford Emler and Herbert Green, acc lettermen back from last year.

Congratulations to the girls' volleyball team. They advanced to the finals in the district meet at Pampa last week, the first team from Wheeler to ever accomplish this feat.

A campaign will be started next fall to name the gymnasium and the football field. Shamrock, our rival city, has had their gym only one year and it is already named. Will our gym and field have been here for three years, and have not yet been named. Where is our civic pride?

Dizzy Dean again made the headlines of every sports page in America. The Chicago Cubs recently paid an immense sum and gave three of their best players to the Cardinals for him in a secretive deal. With the trade for him, and the signing of Lazzeri from the New York Yankees, the Cub's chances have more than doubled.

Schmeling stopped Dudas, the boy from South Africa, in the fifth round of a scheduled 15-round fight in Hamburg, Germany, lately. This was the last fight for the German before he meets Louis in a 15-round go for the world's championship next June 22.

Arnold Jones displayed a devastating right in the boxing tournament here last week end. He had not been working out any for the meet but he took his boxer in the tourney, the only Wheeler boxer to do this.

Shamrock, pre-tournament favorite, was beaten by Canadian and many of the predicted weight takers failed to come up to par.

**That worthless Snubbing Post!** When any person who claims to be a make-up editor, has been cutting juicy bits of gossip from the Snubbing Post before it was put before the readers. The make-up editor was doing so only in behalf of some innocent students and in behalf of good journalism. Jussy gossip, phooey! It would not even rate a good clean wastebasket.

The statement read to the effect that someone, it was blamed on the make-up editor, had been cutting juicy bits of gossip from the Snubbing Post before it was put before the readers. The make-up editor was doing so only in behalf of some innocent students and in behalf of good journalism. Jussy gossip, phooey! It would not even rate a good clean wastebasket.
