-NEWS-BRIEFS

PROTECTIVE COMMITTEE CHAIRMAN VISITS HERE R. J. Mangano, division chairman of the Rio Grande Division Protective committee, Southern Pacific Lines and Brotherhood of Railway and Steamship Clerks, representing employees of S. P. Co., is in Big Spring for several days in the interest of his organization.

FORSAN MAN NOT PRESENT TO CLAIM \$250 AWARD Henry Wadsworth was the "unlucky" person in Thursday night's B&R Theater bank night drawing when his name was called for the \$200 award. Wadsworth, who lives in Fort Worth, was not present to claim the award. Next week's drawing will be for \$240.

R. C. SANDERSON IN CITY FOR SEVERAL DAYS R. C. Sanderson of Fort Worth is visiting in Big Spring for several days. He will leave Sunday for San Angelo, where he will spend several days with his sister, Mrs. Charles Hobbs, before returning to Fort Worth.

MELLINGER RETURNS FROM SAN ANTONIO Victor Mellinger has returned from San Antonio, where he went Wednesday to attend the funeral of Miss Juliette Joseph, daughter of an old-time friend.

MR. AND MRS. MORGAN RETURN FROM ANGELO Mr. and Mrs. Jim Morgan have returned from San Angelo, where they went to see Mr. Morgan's brother, Frank, who recently suffered a stroke of paralysis.

AUTO HEADLIGHTS USED TO LIGHT EL PASO FIELD The use of automobile headlights were required to light American Airlines landing field in El Paso Thursday night when electric power was shut off during the electrical workers' strike there.

After the war, Keane entered investment banking business in Chicago. During this period he devoted much time to research in boy psychology with particular reference to older boy programs. One of this came the idea for sea scouting, a program designed to attract boys from fifteen years and up. In the past few years 20,000 boys have taken up sea scouting and it has witnessed a 40 per cent annual growth.

While developing the idea, Keane became leader of one of the first groups of sea scouts in Chicago, later organizing other groups in the city. As a result of his success, the national council appointed him as acting director of sea scouting in a voluntary capacity, and in 1927 appointed him national director of the program.

Holder of two degrees, the B.A. and B.S., Keane is an author of merit. His new book, "Lubbers Afloat," describes the maiden voyage of two boys on a freighter across the Atlantic. Lore of the sea is brought to the reader who is introduced in non-technical and entertaining fashion to technical forms of nautical affairs.

Nat Shick, who is organizing a party of Big Spring scouters to attend the Sweetwater meeting, said Friday that a large number were going to attend the affair.

Charles Paxton, Sweetwater, reportedly elected president of the council, will preside over the meeting.

WASHINGTON (AP)—The Post Office Department Thursday extended temporarily seven air mail contracts which would have expired at midnight.

There was no change in rates. Extensions, it was said, will be given on other routes as contracts expire, until such time as Congress acts on pending air mail legislation.

WASHINGTON (AP)—A report that former Supreme Court Justice Oliver Wendell Holmes, stricken with pneumonia, spent a "very fine night" was given newsmen Friday by Francis Biddle, chairman of the national labor relations board, an early caller at the jurist's home.

ALVA, Okla., (AP)—The historic main administration building of the Northwestern State Teachers College was destroyed by fire Friday. Damage was estimated in excess of \$500,000. The fire was controlled after spreading to nearby buildings and destroying a ten-room house, and damaging two others.

The building, the largest educational structure in Oklahoma, was constructed in shape of ancient Spanish castle during the Oklahoma territorial days.

Looking forward to a growing event which last year attracted thousands of people to Big Spring in its first showing, officials of the Big Spring Cowboys' Reunion have closed a deal with Mrs. Annabel Birdwell for 20 acres of land cornering Eleventh Street and the lane running north to highway No. 1.

Fencing of the rodeo property will begin soon, materials already having been provided. J. L. Hudson, secretary of the organization, said that building of stock pens and other improvements would follow close behind the fencing. Charles Creighton, Kirby Miller, and Ryan Settler compose the committee in charge of fence and pen building.

Promoted on comparatively short notice last autumn, the rodeo developed into a success far beyond the anticipations of those who led in the move.

This year, with an established reputation, it is expected to attract even greater crowds than in the first year.

ANOTHER LITTLE ORMSBY SAFE AT HOME

It looked as though school had let out when Emmett (Red) Ormsby, American league umpire, took the family to a Chicago hospital to see Mrs. Ormsby and little Esther, aged six days. Although a new baby isn't exactly a novelty in the household, 10 brothers and sisters seem much interested in the latest arrival. (Associated Press Photo)

GIANT HURLERS WARM UP FOR 1935 CAMPAIGN

With a view to forestalling any such debacle as overtook the Giants in the waning days of the 1934 race, battery men reported early at Miami Beach, Fla., to open the spring training season. Left to right are Pitchers Hal Schumacher, Fred Fitzsimmons, Carl Hubbell and Leroy Parmelee, "getting the score" from Manager Bill Terry. (Associated Press Photo)

GANGSTERS' WOMEN FRIENDS PLACED ON TRIAL

Among the 11 women and 12 men brought to trial at Dallas, Tex., on charges of harboring the late outlaws, Clyde Barrow and Bonnie Parker, were (left to right) Audrey Fay Barrow; Mrs. Cunie Barrow Clyde's mother; Blanche Barrow, widow of Clyde's brother, Buck; and Mary O'Dare, reputed friend of Raymond Hamilton, Barrow lieutenant still at large. (Associated Press Photo)

FAIR DIANAS ON WILDCAT HUNT

Although a male companion shot the large wildcat shown above, these three young women took an active part in the hunt near Chincopin Springs, Mo., on the shores of the Lake of the Ozarks. Left to right, Mrs. Arthur Riley, Miss Frances Bolster and Miss Louise Harlan. (Associated Press Photo)

Defends War Profits

Eugene G. Grace, president of the Bethlehem Shipbuilding company and the Bethlehem Steel company and recipient of millions in company bonuses, opposed elimination of all wartime profits for private industry before the senate munitions committee. (Associated Press Photo)

'BROKE,' SAYS EX-PLAYBOY JIMMY

With creditors haling him into court and another creditors' suit in prospect, James J. Walker, former mayor of New York, announced in London that his days as a "playboy Charlie" were ended and that the present Mrs. Walker, the former Betty Compton, had financed his recent travels in Europe. The couple is shown in their most recent picture in London. (Associated Press Photo)

SISTERS DIE IN LEAP FROM PLANE

This picture, made a year ago at Naples, Italy, was one of the latest of Jane (left), 20, and Elizabeth Dubois, 23, who plunged to their deaths from a Paris-London plane over Uppminster, England. They were the daughters of Coert Dubois, U. S. consul-general at Naples, and were grief-stricken over the deaths recently of two Royal Air Force flying officers to whom they were engaged. (Associated Press Photo)

DOES IT HURT—'JUST A LITTLE?'

A study in melancholy contemplation is the face of Colonel Jake Ruppert (right), owner of the New York Yankees, as he watches his star slugger, Lou Gehrig, sign his name to a one-year contract believed to call for \$50,000. Cheer up, Colonel, you used to have to pay the Babe \$50,000! (Associated Press Photo)

WOULD TAKE BRUNO'S PLACE

Stanley Prystup, 57-year-old New York relief worker, offered to take Bruno Richard Hauptmann's place in the electric chair if his family were given \$5,000. However, his wife and two children, Helen 15, and Leo, 14, shown above, objected. (Associated Press Photo)

'UN-AMERICAN ACTIVITIES' PROBED IN COLLEGE

Charges that "un-American activities" are practiced in Commonwealth college at Mesa, Ariz., have caused state authorities to launch an investigation of the school. Lucien Koch, director of the school, who frequently has been accused of radicalism, is shown at left above as he addressed a class in public speaking. Students in the college dining hall (upper right) are shown partaking of a typical campus menu—wheat bread, macaroni, stewed corn, boiled turnips, pumpkin pie and milk. The administration building of the college is shown below. (Associated Press Photos)

'Prince' in Court

"Prince Michael Romanoff," otherwise Harry Gerguson, self-styled member of "Russian royalty," denied in a New York court charges he plotted to obtain divorce evidence for Edward Gould against his wife, Wilma. (Associated Press Photo)

Nabbed in Gun Fight

A running gun battle following a grocery store robbery resulted in the killing of one bandit and an Omaha policeman and the capture of Ray James Smith (above) of Omaha. (Associated Press Photo)

Lad Kills Father

Jack Campbell (above), 14-year-old Carter, Okla., youth, said he killed his father, the Rev. Earl Campbell, because "it was easier than to face him" after the boy had been exposed as a vendor of obscene pictures. (Associated Press Photo)

This remarkable photograph, taken near Wichita, Kas., shows the tornado which swept across a southern section of the state, destroying much property but fortunately resulting in no loss of life. The cameraman was two miles from the black funnel, which brushed a path five miles long near Wichita, wrecking four homes, three business houses and other buildings. (Associated Press Photo)

THE BABE STILL CAN HIT 'EM

Babe Ruth, baseball's big question mark, demonstrated he hadn't lost his eye by bringing down two cock pheasants on an excursion into the woods near Chester, N. Y. He seems rather tickled about it, doesn't he? (Associated Press Photo)

CLUBS

M-G-M Traveling Studio To Be In Big Spring Mar. 4

Have you ever wondered as you sat in some theatre watching a talkie unroll before you, just what gave the screen its voice?

Did you know for example, that a small band of microscopical lines hardly more than an eighth of an inch wide is what causes the hero to say "I love you" just as his lips formulate those words.

This band is known as "the sound track" and it is one of the many fascinating and interesting secrets of sound motion picture recording and projection which will be explained to film fans of this city next Monday, March 4 when the far-famed Metro-Goldwyn-Mayer Traveling Motion Picture studio arrives here on its roadshow exhibition tour of the world.

The traveling motion picture studio, a completely equipped Hollywood studio on wheels, comes to this city after crossing the continent from the Metro-Goldwyn-Mayer studios in Culver City, California. On its arrival here it is to be opened for public inspection and public demonstrations and exhibitions of the filming and projection of talking pictures will be presented.

The public demonstrations are scheduled to take place from 3:30 until 7 o'clock in front of the Ritz theatre, the home here of Metro-Goldwyn-Mayer pictures.

A complete crew of camera and soundmen and movie makeup experts from the Metro-Goldwyn-Mayer studios are accompanying the studio on its exhibition jaunt around the globe, and during the time the studio is here these motion picture technicians will explain in detail the operation of the costly and intricate sound equipment carried aboard.

Visitors to the studio will learn just how talking pictures are filmed. They will be permitted to inspect the valuable motion picture camera and the amazing sound recording amplifiers which are used in the studio to record the voices of the stars. They will see the elaborate sound projection apparatus used in the projection of the films onto the screen, and a comprehensive lecture on this subject will be delivered by the expert sound technicians with the studio on wheels.

Visitors to the studio will be permitted to interview Leonard Smith, expert makeup artist from the studios in California, who will explain the art of screen makeup, and demonstrate the effective use of color harmony in street makeup as used by screen stars.

The traveling studio, which was built by the Metro-Goldwyn-Mayer company at a cost of \$150,000, has been hailed by film fans as "the eighth wonder of the world." Everywhere it travels it is acclaimed by enthusiastic throngs, and since it began its tour it had visited more than 5,000 cities and towns and has been inspected by millions of people.

AMNESIA VICTIM FOUND IN BOWERY

Moses H. Gulesian, former millionaire real estate dealer of Boston and Newton, Mass., is shown as he was reunited with his wife after returning home from New York, where he "found himself" in the Bowery mission, his first place of shelter in the United States as an immigrant 52 years ago. Relatives said he obviously had been a victim of amnesia. (Associated Press Photo)

The studio is hauled by a gigantic trackless locomotive, named "The Globe Trotter." This locomotive painted a colorful red, is truly an amazing sight in itself. Powerful specially built Waukesha motors haul the studio and a huge generator installed aboard the motion picture outfit supplies the electricity used in its operation.

In addition to the studio itself, the Hollywood caravan consists of an elaborate camera truck, and special pilot and advance cars.

Following its tour of the United States, which is expected to consume at least two more years, the studio will be shipped to Europe and the Far East. It is the third international traveling unit launched by the Metro-Goldwyn-Mayer company, and follows in the tracks of the world tour made by the famed "Trackless Train," and "Leo, the Lion."

"Revival Fires" Is Theme Of Meetings

"Revival Fires," the theme of the Week of Prayer services at the First Baptist W. M. S., provided three of the circles with interesting programs for the Thursday afternoon meeting.

Mrs. Beckett was leader of the Central Circle and Mrs. Gary devotional leader. The topic division was "Revival Fires in the Mississippi Valley" with Mmes. Lloyd, Dooley, Hatch and Weaver on the program.

For the Christine Coffee Circle, Mrs. Coffey was in charge of the talks concerning "Revival Fires on the Frontier." Assisting her were Mmes. Weaver and Beckett.

Mrs. Clarence Miller conducted the Mary Willis circle program on "Prayer, Praise and Testimony." Present were: Mmes. W. B. Buchanan, L. I. Stewart, I. A. Fuller, K. S. Beckett, F. P. Gary, A. T. Lloyd, Dooley, R. C. Hatch, Bob Weaver, C. C. Coffey and Clarence Miller.

Thursday Luncheon Club Members Enjoy Mexican Meal, Cards

Members of the Thursday Luncheon Club met for luncheon this week at the Monterey Cafe where they enjoyed a Mexican meal.

Following the meal they went to the home of the hostess, Mrs. J. L. Webb and played bridge until the hour for the Book Review.

Mrs. Boykin scored high and Mrs. Connelly second high.

Club substitutes were: Mmes. E. M. Connelly, J. Y. Robb, Homer

Sweetwater Sonora School Heads Change

McLain And Covey Exchange Places As Heads Of School Systems

SWEETWATER—Supt. B. H. McLain, head of the Sweetwater public school system since 1924 and recently re-elected for a two-year term, tendered his resignation to the board of trustees at a special called meeting Wednesday afternoon. The resignation becomes effective July 1.

Following acceptance of the resignation, with regrets, the board selected R. S. Covey, now serving as superintendent of Sonora High School, to become superintendent of the Sweetwater system effective July 1. His selection was for a term of two years.

Mr. McLain is to become superintendent of the Sonora school having been elected there for a two-year term.

This arrangement has been under advisement of those involved for the last several weeks; it was made known, with the superintendents having conferred with boards of the respective schools regarding the matter.

Once On A. & M. Faculty

Mr. Covey visited Sweetwater last Saturday, meeting with the local board. Mr. McLain spent Tuesday in Sonora, meeting with the school board there.

The new superintendent, Mr. Covey, has served in rural schools of the state, as well as city school and at one time was on the faculty at A. & M. College. For four years he was superintendent and vocational agriculture teacher at Harrod, going from there to Holland where he served in the same capacities and for a similar term. From there he went to Bartlett, serving as superintendent for four years. He is completing his fourth year as superintendent at Sonora.

Mr. Covey was graduated from North Texas State Teachers College at Denton, receiving a B. S. Degree in agriculture and science. He also received a B. S. degree in

States, the District of Columbia, any state or territory or political subdivision thereof, such as a city or town, for exclusively public purposes, are deductible; for example, a gift of real estate to a city to be used perpetually as a public park is deductible. Also allowable are contributions to the special fund for vocational rehabilitation, to posts or organizations of war veterans and their auxiliaries in the United States, and to lodges, if used for religious, scientific, educational, literary or charitable purposes.

In general, the deduction is limited to 15 percent of the net income, exclusive of the contributions.

monetary fund, church building fund, and for the benefit of other activities of the church the deductible. Pew rents, assessments, and dues paid to churches are regarded as contributions. Gifts to a corporation or association organized or devoted to the advancement of learning are deductible.

Gifts to an individual are not deductible, but if made to charitable organization, as defined by the revenue act, may be deducted even though the organization distributes funds among the individual beneficiaries.

Contributions made to the United

INCOME TAX IN A NUTSHELL

WHO? Single persons who had net income of \$1,000 or more or gross income of \$5,000 or more, and married couples who had net income of \$2,500 or more or gross income of \$5,000 or more must file returns.

WHEN? The filing period begins Jan. 1 and ends March 15, 1935.

WHERE? Collector of internal revenue for the district in which the person lives or has his principal place of business.

HOW? See instructions on forms 1040A and 1040.

WHAT? Four percent normal tax on the amount of net income in excess of the personal exemption, credit for dependents, earned income credit, dividends of domestic corporations subject to taxation, and interest on obligations of the United States and obligations of instrumentalities of the United States. Surtax on surtax net income in excess of \$4,000.

INCOME TAX DON'TS

DON'T prepare your return without first studying the instructions on the form.

DON'T procrastinate. Early assembling of data permits a careful consideration of all tax problems.

DON'T destroy the memoranda from which your return was prepared.

DON'T omit explanation when such information is essential to an intelligent audit. Attach memoranda to your return.

NO. 23 Deduction For Contributions

Charitable contributions and gifts made by an individual are deductible within limitations provided by the revenue act. The organization to which the gift is made must meet several tests. The corporation, trust, community chest, fund, or foundation must be operated exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals; and if a substantial part of its activities is carrying on propaganda or otherwise attempting to influence legislation, it fails to pass the tests. No part of the organization's income may inure to the benefit of any private stockholder or individual.

Contributions made to a mis-

MOTHERS, DAUGHTERS

NO need for women or girls to suffer every month from periodic pains, headache or dizziness. In girlhood Dr. Pierce's Favorite Prescription is a very beneficial tonic. This is what Mrs. M. Byrd of Muskogee, Okla., said: "I do not hesitate to recommend Dr. Pierce's Favorite Prescription. Both my daughters have used it and it surely has done them a lot of good. It is fine to relieve one of feminine complaints. Women who are in need of a preparation of that nature should try Dr. Pierce's Favorite Prescription." New size, tablets 10 cts., liquid \$1.50. Large size, tabs. or liquid, \$1.75. All druggists.

McNew. Members playing were: Mmes. C. E. Blomaheld, G. A. Woodward, Wayne Rice, and Calvin Boykin.

agriculture, at Texas A. & M. College. His master's degree was received from the University of Texas, and he has completed one year on his Ph. D. degree.

Member Lions Club

His activities, besides teaching vocational agriculture and serving as superintendent, have included coaching debate, declamation and extemporaneous speaking; his teams, incidentally, winning state championships in the respective contests sponsored by the Inter-scholastic League.

Mr. and Mrs. Covey are members of the Church of Christ and he is president of the Sonora Lions Club, an organization of 62 members. Before going to Sonora he also served the Bartlett Lions Club as president.

Mr. McLain came to Sweetwater as school superintendent in 1924. Previously he had been a member of the faculty of two Dallas schools, Forest Avenue and Technical high schools; and for three years was principal of McKinney high school.

Mr. and Mrs. McLain have one son, Bobby. Both have been active in church and civic organizations, Mr. McLain having served as president of the Rotary Club.

CALLING MEETING

Harold H. Harvey has announced a special called meeting of the Kappa Phi Omega fraternity for tonight at 7:45 at the Crawford Hotel, room 214. All members and alumni are requested to be present.

Responsibility is put on the shoulders of those who can bear it.

Soash H. D. Club Elects Officers

Soash H. D. Club met at Mrs. H. B. Adams Feb. 20 with the following members present: Mmes. R. N. Adams, H. B. Adams, Harry Graham, I. W. Rogers, W. F. Terry, B. A. Williams, J. E. Hodges, G. S. Palmer and Miss Ida Hannah.

Mrs. L. C. Hambrick was elected pantry demonstrator, Mrs. G. T. Falmer cooperators, Mrs. I. W. Rogers, wardrobe demonstrator, Mrs. W. F. Terry, cooperators, Mrs. R. N. Adams, yard demonstrator and Miss Ida Hannah and Corde Hodges, cooperators.

The meeting adjourned until next regular meeting date, which will be held at the home of Mrs. H. B. Adams March 6.

Old Plane Still Good
SEATTLE, (UP)—A Seattle-built Boeing plane which carried coast-to-coast passengers for United Airlines eight years ago, now is to use over the Andes Mountains for a Venezuela firm. The plane had over 6,000 hours service in the United States, before it was retired.

The sparrow hawk, which takes its name from its taste for English sparrows, rarely attacks chickens.

TRAINING MAY PRODUCE BETTER CIVIL SERVICE

One of the quaint American beliefs is that it takes specific and supervised training to be a barber or a plumber, but that anyone at all who can get a certain number of votes or wrangle an appointment is competent to administer the affairs of a great city or run a federal or state government bureau.

servants, it has been like the weather—nobody really did anything about it. Now a beginning is being made toward doing something about it.

It is planned to offer in the new school a thorough training not only for young men who enter private business, but also for those who aim to devote their energies to the sort of great public enterprises that are beginning to grow in importance.

Dean Wallace Brett Donham, who has ably presided over the school while it was training promising young men for private business, is thoroughly in sympathy with the idea that important public business requires just as thorough training.

"It is impossible to improvise a first-class civil service," he points out, and cites the two examples of the World War and the present crisis, when it was necessary to build great public organizations quickly, and many a man put in an important position proved in adequately trained and incompetent.

As more and more functions become public (and quite regardless of your opinion of that tendency, it's there) the need for competent, well-trained men to fill those posts will increase. Several schools for training diplomatic and consular service men already exist.

HELP FOR HISTORY: The new national Archives Building in Washington is going to be the last word in preserving the records of the republic.

It will even include eight first-proof vaults for storing motion picture films, sound recordings of news events, and speeches by high officials.

Things are being made easier for the future historians all the time. What would we not give today for a sound film of Patrick Henry's great "Treason" speech before the Virginia House of Burgesses?

NEW HOSPITAL IS BUILT IN ODESSA: ODESSA—Dr. J. K. Wood, physician and surgeon here for eight years is completing the construction of a new hospital in the city.

ANDOVER, O. (UP)—A set of Ohio automobile license plate for every year since 1902 is owned by Fred W. Sargent, who, 33 years ago, owned this town's first car.

Oil Workers Union Meets: Tuesday night at Foran's the Oil Field, Gas Well and Refinery Workers of America held an open meeting.

Mr. Sullivan, the president of local No. 264 called the meeting to order and introduced the speaker.

Mr. Martin the first speaker of the evening, gave a most interesting and instructive talk on the history of the organization of labor.

Mr. Childe, district organizer for the American Federation of Labor, talked on cooperation of organized labor.

The last speaker of the evening was Mr. Bruce, of Hobbs, N. M., the district representative of the Oil Field, Gas Well and Refinery Workers of America.

Mr. Chalk F-T. A. Meets: The Chalk F-T. A. met Tuesday afternoon with a good attendance present.

Mrs. Burkhardt Honored: Mrs. Lloyd Burkhardt of Foran was honored Wednesday afternoon by a shower given by Miss Coulson.

By MARTHA LOGAN

We do most of our cooking with the masculine part of the family in mind and yet sometimes I think they are most unappreciative souls. Spend half a day making something new and very special and father will eat it as if it were boiled potatoes, with nary a comment. When you can stand the indifference no longer, you say, "How do you like the pudding, father?" All right, is the non-committal reply.

Well, perhaps your husband isn't that way. Even if he is, it's sort of fun to try out a few new dishes on him just to see how he reacts. The secret of success—I mean the secret of finding a dish that really makes him sit up and take notice—is in selecting dishes that are the kind of things men usually like, or that are popular on the menus of restaurants that cater to men.

We have in our files a book written for men by men. It contains the most interesting recipes you can imagine—the kind of food that sticks to one's ribs. No fluffy puddings, or fancy cakes in it. But we do find recipes like this one, headed "Spaghetti for the Gang." Try it on dad and if he approves, the next time one or two of his friends descend upon you for dinner, serve it to them. Chances are they will say it's "great stuff."

Spaghetti For the Gang
(John A. Moroso)

Many a time as a very small boy I watched my distinguished Piedmontese grandfather grandly direct the cook. This is the way our spaghetti sauce was prepared. Buy about three or four pounds of solid meat from the round, cut thick. Ask for the "eye of the beef." It is inexpensive. Cut little pickets in it and insert bits of sage, thyme, parsley and bay leaf with salt and pepper to taste. Sometimes I spread thinly with mustard of the prepared sort, covering the top. A clove of garlic tucked in with the seasoning goes well. Some people use onions instead. Surely use one or the other. Grease well a deep iron skillet with iron top, the pot roast utensil. When the gravy begins to drip add a little water, but not much. The steam makes the meat tender and brings out the flavors in the little pockets. Ease from time to time just to get the aroma and sharpen your appetite. Take a little wire and jab it into the roast after

about an hour and 30 minutes to find out whether it is tender and juicy enough.

Put the big pot on and bring the water to a fast boil. Add a large kitchen spoon of salt. Salt the water to taste. Throw in a pound of good spaghetti. (It requires a certain kind of wheat to make good spaghetti and macaroni.) Boil for twenty minutes. Drain off water.

To the rich gravy in which you will find the roast add a small can of tomato paste, stirring in slowly. As this is poured over the spaghetti add grated Roman cheese. You will get it all properly dressed by using two forks, lifting and dropping the strands. Serve piping hot with an automatic revolver at hand so that the man who cuts his own slice of spaghetti about the fork. Others just lead a mass of it to the face and bite off what they want at that particular attempt.

A good salad and "hard-shelled" bread, to be obtained at any small dealer's where the boss sings Santa Lucia in a thin high voice as he slices the salami, goes well with the roast. This layout will last an old bachelor or a deserted husband two or three days. It's grand when it's warmed up in a double boiler.

Now as to desserts—to you rich pudding may seem a homely sweet, I can't get enthusiastic about it myself, but men order it again and again. A certain well known author has this to say about it: "I have made a list of New York hotels and clubs and rated them according to the number of raisins they put in a portion of rice pudding as follows:

Class D—no raisins
Class C—1 raisin
Class B—3 raisins
Class A—plenty of raisins"

Rice Pudding
1 cup cooked rice
4 cups milk
2 eggs
1/2 cup sugar
1 teaspoon salt
1 package seedless raisins
1 teaspoon vanilla
Mix all ingredients and bake one hour in a hot oven. Set the pan inside of another containing hot water. Serve with whipped cream and garnish with dates.

You know how well men like apple pie. They seem never to tire of it. Here is a recipe that is a sort of cross between an apple betty and a—well, I'm not quite certain what else. But here it is anyway, and in the way of the man who sent in the recipe. If this man likes it, perhaps yours will too.

Pandowdy
(Gelett Burgess)

In a quart pudding dish arrange alternate layers of sliced apples and bits of bread; place on each layer dots of butter, a little sugar, and a pinch each of ground cinnamon, cloves and allspice. When the dish is filled, pour over it half a cupful each of molasses and water, mixed well; cover the top with bread crumbs.

Place the dish in a pan containing hot water, and bake for three-quarters of an hour, or until the apples are soft.

Serve hot, with cream or any light pudding sauce. Raisins or chopped almonds are sometimes added.

Of course, men are always a hundred per cent strong for ham and here's a recipe that will bring forth a comment from even the most noncommittal of husbands: "Take three slices of ham—(center cut) and one medium thick cut of round steak. Pound the round steak. Melt drippings or butter in baking pan and heat rather hot. Make a dressing of 1 quart of fine bread crumbs 1 large onion, chopped fine 1-2 teaspoon of ground sage 1-2 teaspoon of sweet majoram 1-2 teaspoon of chili powder

New Grocery Opens At 9th And Main Sts.

New Grocery And Market In Big Spring To Begin Saturday Morning

Burrus Grocery and Market, in the building formerly occupied by the meat cannery, at Ninth and Main streets, will open for business Saturday morning.

Harry Burrus, who is in Big Spring hospital suffering from a broken right thigh in an accident while moving fixtures to the new store recently, and formerly of Lubbock, is manager of the new store. During his absence, Howard "Dooley" Nail, will be in charge of the store. Sam Spike will be in charge of the market.

Saved By Mumps
RALEIGH, N. C., (UP)—Three North Carolinians owe their lives to a case of mumps. While Edwin M. Gill, state commissioner of paroles, was nursing this disease in here here, revives had to be granted to three condemned men whose appeals for clemency are before the commission.

A small pinch of curry powder Salt and pepper to taste Pour over rich meat stock or boiling water to which add two tablespoons of butter Now place dressing in pan and cover with salted steak then on top of steak place the slice of ham and bake in slow oven for one hour. (Ham can be turned over if it gets too brown.)

"I SUFFERED WITH CONSTIPATION* FOR SIXTEEN YEARS"

Then ALL-BRAN Brought Relief to Mr. McNeil

We quote from his unsolicited letter: "I suffered with constipation* for 16 years. Finally, I started using Kellogg's ALL-BRAN in connection with other nourishing foods.

"I consider myself a well man at this time, not having had an attack for over two years. I am sure ALL-BRAN helped wonderfully by overcoming constipation*."—Mr. L. M. McNeil, Lockwood, W. Va.

*Constipation due to insufficient "bulk" in meals.

Tests show Kellogg's ALL-BRAN provides gentle "bulk" to aid elimination. Also vitamin B and iron.

This "bulk" resists digestion better than the fiber in fruits and vegetables, so it is more effective. ALL-BRAN continues to get results when used for months.

Isn't this food safer than risking patent medicines? Two tablespoons of ALL-BRAN daily are usually sufficient. If seriously constipated, use with each meal. See your doctor, if you do not get relief.

Use as a cereal with milk or cream, or in cooking. Sold by all grocers. Made by Kellogg in Battle Creek.

Keep on the Sunny Side of Life

Relief in Spending
SCARLETT, N. C., (UP)—Wanting only the best, a woman with a relief order for \$7.00 went shopping here and among her purchases was a canary costing \$4.10. Other birds in the shop ranged in price from \$1.

Family Hangs Up Record
FORT WORTH, Tex., (UP)—Rex McFall of Abilene, a freshman at Texas Christian university, is the 35th member of the house of McFall to attend the institution since 1887.

No, Hunt . . . More Spoons
SACRAMENTO (UP)—California's 1935 acreage of sparrow for canning will be about 1,000 acres more than that of 1934, according to Carl M. Schiller of the state crop reporting service.

Work Of Writing 1935 Contracts To Begin Here March 7, Griffin Says

Work of writing contracts for 1935 will be started March 7 by the Cotton Production Control association of Howard county, County Agent O. P. Griffin said Thursday.

"The first two days will be devoted to farms which did not enter into contracts in 1934 and who are now interested in a contract. Producers should contract their community committee members will devote only these two days to this work," said Griffin.

Griffin explained other phases of the adjustment program, dealing first with farms which have had a change of tenants or owners.

"The work of transferring payments on contracts where there has been a change of owner or tenant will be done at the county agent's office. This work will begin Monday, March 4th, and continue until all transfers have been made. The new tenant and owner will have to sign this form and if possible the former tenant and owner. All parties interested should go to the county agent's office and execute these papers as soon as is convenient."

Readjustment of Contracts

"Persons interested in readjustment should contact their local A.A.A. committee for recommendation. The county committee will be in session March 11th, 9 a. m. Complaints or appeals to the county committee should be in writing.

Up to March 12th only the following will be interested:

1. Those who have become a new owner or tenant.
2. Those whose contracts are readjusted by the county committee.
3. Those who have land that was not placed under contract in 1934.
4. All others should wait until further announcement.

"The rented acres must be at least 25% of the base acres on each contract. The producer may increase the 'rented acres' to 25% of the base acres. The allotment of certificates under the Bankhead Law will be on 65% of the base acres, but many producers have 1934 certificates which they can use on the 1935 crop and this will allow them an additional yield for 1935. Certificates that have been pooled will be returned if unsold, and it appears that between 1-3 and 1-2 remain unsold. It also appears that certificates will not be available for purchase at so low a price as in 1934. Every precaution possible will be used to protect farmers who have signed contracts.

"Where the only change in a contract is to state the percent of rented acres, the producer should wait until after March 12 to contact his community committee."

These men will serve the following committees:

J. O. Ross—Forsan, Elbow, Lomas, Causler, and Hartwells.
 J. E. Brown—Moore, Fairview, Blanco, and Highway.
 Wallace Bly—Knott, Soash, and Vestmore.
 F. E. Spears—Chalk, Cobham, and Midway.
 A. S. McKinney—Center Point, R-Bar, Richland and Morgan.
 Willis Winters—Vincent, Green Valley, Morris and Gay Hill.

MR. AND MRS. J. T. McNEW CELEBRATE GOLDEN WEDDING ANNIVERSARY ON FEBRUARY 3

At their country home near Knott, Mr. and Mrs. J. T. McNew celebrated their golden wedding anniversary Feb. 3. This well-known couple was married in 1835 in Knoxville, Tenn., and came to Texas in 1858. They have eleven children, twenty-seven grandchildren and four great grandchildren. The sons are J. F. McNew, Jr., W. McNew, J. N. McNew, Jr. The daughters are Mrs. W. O. Cline, Mrs. R. B. Williams, Mrs. J. B. Ross and Miss Gladys McNew. All were present except W. J. McNew of Denton, who was unable to be present.

A nice dinner was served to those present, including many grandchildren and friends.

Mr. and Mrs. McNew, who are in good health, received many beautiful and useful gifts.

Utilities Are Paralyzed As Workers Stop

Strike Called For Recognition Of Union And Increased Wages

EL PASO (AP)—A truce was agreed upon in the power strike late Thursday.

Resumption of water pumping, sewage disposal, street cars and elevators, expected by 2 p. m. Mountain time.

EL PASO (AP)—A power strike gripped El Paso Thursday, paralyzing many public utilities here and in twenty-seven suburban communities with an aggregate population of 200,000.

Employees pulled switches at midnight, walked out of the Central Power plant of the El Paso Electric Company, plunging the city into darkness.

Hospitals were caught unprepared and improvised candles were made from gauze.

Street car and elevator services were suspended.

Absence of power temporarily affected pumping of water.

W. L. Ingram, president of the International Brotherhood of Electric Workers, said the strike was called for recognition of the union and increased pay.

McDowell Test Is Shut Down, Water Pumped

John L. Moore at No. 1 L. S. McDowell in northwest central Glascock county, unit wildcat, which drilled into the lime at 8471 late Friday, showing oil and gas, was shut down Sunday.

Two crews of two men each were maintained at the well day and night to pump water at intervals of thirty minutes, to keep the well filled.

Oil and gas were escaping thru 9000 feet of fluid, which was given as a very good indication as to the possibilities of the well.

Very Optimistic

Jack Loffland, drilling contractor, and his brother, Tom Loffland, the latter flying to Big Spring late Saturday afternoon, were very optimistic about the well. They were quoted as saying the Glascock test has shown tendencies very similar to wells in the Big Lake field. Loffland Brothers drilled the Big Lake wells.

The Loffland brothers left for Fort Worth Sunday night, where they will make efforts to secure casing for the well, which will be put down immediately upon arrival. It was announced here Monday.

At a meeting of interest holders in the well held here late Saturday night it was decided to set 7 5/8 seamless casing, cemented in, at the well in search of casing.

Difficulty is being encountered in getting the casing, it was said. The casing will be set to approximately 9480 feet, including ten feet in the lime.

The well now has 10-inch casing from the top to a depth of 2100 feet. The 7 5/8 inch casing will be set inside the 10-inch casing.

John I. Moore left for San Angelo early Monday to be gone over Tuesday in search of casing.

Samples of the oil brought to Big Spring were reported as testing 48.8 gravity under 95 degrees temperature. The oil, amber colored, had a gasoline odor and evaporation was readily noticeable when exposed to the air.

Hundreds of Big Spring, as well as others from adjacent towns, including many oil men and scouts, were visitors to the well throughout Sunday.

The white crystalline lime was topped Friday at 9471 feet, 6.937 feet below sea level. It was identified tentatively by some as the Crinoid, Pennsylvania member, which immediately overlies the pay in West Texas' only Ordovician producers, in the Big Spring field in Reagan county, but cores may be required for definite determination.

Moore and others No. 1 McDowell is seeking the Ordovician. It already is around 1,500 feet lower than the average top of the Ellenburger, lower Ordovician, that produces in Reagan county, but the Big Lake wells are about 54 miles to the south and slightly west, and there is no core for comparison.

In the Big Lake field the Crinoid ranges up to 150 feet in thickness. Between it and the Ellenburger is the Simpson, middle Ordovician, that ranges in thickness from zero to 350 feet. Most of the Big Lake deep wells produce from the top of the Ellenburger but some have obtained production as far as 600 feet in it, and none ever has drilled out of it, one entering the formation approximately 1,000 feet.

No. 1 McDowell topped the Permian lime at 2137 feet. It is 1,800 feet from the south line and 600 feet from the east line of section 22, block 34, township 2 south, T&P Ry. Co. survey. Loffland Brothers of Tulsa, the contractors, hold the major interest in the unutilized block of 5,970 acres. The original contract providing for drilling to 7,000 feet with the option of drilling to 8,500. When it was fulfilled more money was subscribed for carrying the test still deeper.

Force Starts Revaluation Work In City

RADIOS PUT OUT OF COMMISSION

All department of commerce and American Airlines radios in the El Paso area were put out of commission throughout Thursday by the electric power strike, local officials reported here Thursday. Transmission of messages was prevented as a result.

LOCAL POSTAL COMPANY FURNISHES 'JUICE'

The Postal Telegraph company generating plant in Big Spring has been furnishing electric current to the El Paso Postal company thru-out Thursday. H. H. Hannah, local manager, advised The Herald. The Postal company here maintains a generating plant, and through this unit "juice" has been sent over the wires to the El Paso office for use in sending and receiving messages there. Hannah was advised at 3 o'clock Thursday afternoon that the strike had been called and power would be turned on at 3 p. m. (central standard time).

Ehrenborg Explains Purpose Of Survey, To Require Three Months

A force of men are now at work measuring and inspecting property in Big Spring and the Big Spring Independent School district as a part of the revaluating program being supervised by George H. Ehrenborg, appraisal engineer, Dallas.

Purpose of the work is to equalize tax valuations and not to raise them, said Ehrenborg, who added that the men who are measuring and inspecting houses do not fix values. This is done by Ehrenborg after records have been compiled and rechecked by him.

Work which Ehrenborg and associates will do here consists of a complete block map which will show each individual property, with separate legal descriptions, and separate revaluations of land and improvements. This block book is so arranged that it will carry the assessments on each piece of property for five years.

"Each building is carefully measured and complete description recorded on a specially designed card, so that the city and school district will have complete information on every building in the city, showing a floor plan with kind of construction and interior improvements, such as plumbing, lighting, heating, floors, inside finish and built in features," said Ehrenborg.

"The value of the block book is appraisal engineer. It is figured on a square foot basis of cost of construction as of January 1, 1934 with proper depreciation applied for age, mechanical deterioration, lack of utility, etc.

"This work includes also a complete valuation of the different utilities in the city, so as to determine the actual value and put them on the same basis with other taxpayers in the city.

"When the work is finished, the board of equalization will have complete information on each and every piece of property and utility to guide them in their task of equalization and will not have to rely on their memory and hearsay, as they have had to do heretofore," said Ehrenborg.

Cities in this area which have had Ehrenborg do similar work include Abilene, Ballinger, Brady, McCombs, Hamlin, San Angelo, Stamford, Sweetwater.

"I will be glad," said Ehrenborg, "at any time to discuss any value with any home owner after we have had the opportunity of inspection and valuation of the properties."

Assisting Ehrenborg here will be Curtis P. Bower, in charge of building measurements and inspection, and John B. Sturwe, in charge of the utilities division. The work is calculated to require about 3 months to complete. In addition to his regular men, a crew of four local men has been hired to assist in the work.

Abilene Firm Assured Pool Construction

Commission Recommends Lowest Bidder, PWA Approval Requested

Contract for construction of a municipal swimming pool and bath house was assured for Suggs Construction company of Abilene Tuesday evening by the city commission.

The commission, in regular session passed resolution asking permission of PWA to enter into a contract with Suggs Construction company to construct the project for \$31,334 within 100 working days.

Commissioners authorized the payment of interest and advertising fees on the project over the \$32,000 loan grant by PWA be paid out of the general fund.

Starting of actual construction will be delayed for several days since the application must be sent back to PWA at Dallas in order to permit that agency to check the reputation of the suggested contractor. The application will then have to go to Washington for final approval.

Suggs Construction company, low bidder on the project, constructed the Reed hotel building here in 1928.

Taking into consideration the time PWA will likely require to approve the application and the time necessary to construct the pool and bath house, the premises should be ready for operation by June 1.

T. C. Mayo of PWA and a department of justice representative were here for opening of bids Monday.

Vincent Club Meeting To Be Held This Week

VINCENT (Sp.)—The Ladies' club met at the home of Mrs. Pearl Hodson the past week to complete a few members were not present because of illness.

The next meeting will be held Thursday at the home of Mrs. J. H. Appleton, with Miss Mamie Lou Parr giving a yard demonstration.

REV. BICKLEY GOES TO LITTLE ROCK

Rev. C. A. Bickley, pastor of the First Methodist church, left Sunday night for Little Rock, Arkansas, where he will attend the general missionary council of the Methodist Episcopal church, South, convening in that city February 28-30.

Rev. Bickley is delegate to the council from the Northwest Texas conference of the Methodist church.

Oil Field Workers Meet Tuesday At Forsan

The International Association of Oil Field, Gas Well and Refinery Workers of America will meet to-morrow night at the Forsan syndicate at 7:30. Elaborate preparations have been made to entertain those attending. There will be several talks made by out-of-town officials of the organization. Refreshments will be served.

84th Birthday Observed By L. S. McDowell

Pioneer Big Spring Man Born In Ashland County Ohio, Feb. 27, 1851

One night a small schoolboy called on L. S. McDowell for an interview. He asked him how he had made his first dollar.

Mr. McDowell thought back through the years when he was himself a small boy and answered that he had made it by going ahead in the spelling class. He kept this dollar and others he acquired later in a long knitted purse until the purse was full.

In this story the well known stockman and banker revealed the active mind and the habit of saving that have played their part in making him prosperous.

Celebrates 84th Birthday

Today Mr. McDowell is celebrating his 84th birthday. He is hale and hearty, and as active in his work as a man twenty years his junior.

Mr. McDowell's parents were pioneers and passed on this love for an adventurous life to this son. They came from Pennsylvania to Ashland county, Ohio, when the country was a forest. There they settled on an 80-acre farm which they have since sold.

That the farms provided everything for living, the sheep were most important, for they provided wool for clothing and blankets. Sugar was made from sugar maple trees. Everything else necessary for comfortable living grew in abundance.

The House

There Mr. McDowell was born February 27, 1851. There was nothing small about the house he was born in. It was a large and roomy two-story house, weather-boarded and painted white. The foundation timbers were made of whole logs of solid oak. The timbers used in the house were hewn from maple, walnut and chestnut trees.

His Father

His father was of Scotch-Irish parentage, whose ancestors were themselves among the early pioneers. He was a very industrious, imposing and lordly looking figure, as his son remembered him. He was six feet tall and weighed nearly 200 pounds.

Mr. McDowell never saw his father in soiled working clothes. He always wore black broadcloth suits with a frock coat and tall silk hat. He was proud of his sons and kept them straight and working hard.

He played the violin himself and taught his sons to play also. He would not stand for misbehavior in the house, yet he was indulgent with them and very generous. He took them to town and had clothes made for them by the best tailor. He gave them the best horses and bargains they could be bought.

His Mother

Mr. McDowell remembered his mother as a very remarkable woman for any time and place. Her name was Elizabeth Sloan and she was of English parentage.

She was well informed. She read the papers in the family everyday and kept up with the news of the day. She was many-sided and could cook, how to spin flax and yarn thread, how to weave linen sheets and woolen blankets as well as wonderful covers in artistic colors and designs.

She loved flowers. Many a bucket of water was brought by the boys from the spring for her flowers. She had one son who inherited her love for the beautiful. Another shared her love for books, and he was said to have been more companionable to her than any of the others.

"This was the home environment that left its stamp on the mind and life of Mr. McDowell. The pioneering spirit in his blood made him so restless that he left his home for Texas in 1875, when he was 24.

He sought his fortune near San Angelo, buying a flock of sheep and settling there. That was in the wild west day in the history of Tom Green county and he had some dangerous experiences.

In the fall of 1884 he moved his flock to Glascock county and began to establish a ranch. Since then he has been engaged in all kinds of stock business. In other ways he has aided in the development of West Texas, taking an active part in the various enterprises that have been for the good of Big Spring.

Dates Fixed For Jamboree

Council Affair Set For May 3-4, Tom Ashley Heads Committee

Dates for the annual Buffalo Trail council jamboree were set for May 3 and 4 Tuesday evening by scouts of the Big Spring district.

The council jamboree, which this year will receive a different name since that title is being reserved for national and international gatherings, will attract approximately 500 scouts and scouters of this area to Big Spring on those dates.

Tom Ashley, chairman of the district camping committee, will be in charge of arrangements for the occasion. Heretofore, the activities committees, of which Dr. L. O. Rogers is chairman, had supervised arrangements. That committee's four district functions have been allocated to as many committees.

A training school will be started for advanced scouters immediately after the close of the evangelistic campaign which is to run in this city during March.

Plans were discussed for organizing new troops in the city. One troop has been suggested for the western section of the city, since no troop is working in that area.

Scouters discussed the feasibility of using troop committees for a troop review board. W. C. Blankenship indicated the plan would be given a trial here.

Nat Shick said Wednesday that a large party of scouters would be organized to attend the regional meeting Sunday in Sweetwater.

Attending the meeting are A. C. Williamson, Dr. T. B. Hoover, Dr. W. B. Hardy, George Gearty, Dr. Lee O. Rogers, W. C. Blankenship, Nat Shick, Tom Ashley, Allen Strippling, Joe Pickle, Jack Cummings, Merle Black, Bill Penn, Ralph Houston, and Edmund Notestine.

Goldman Back From The East

Visits Congressman Mahon In Washington; Mother Improved

Sam Goldman returned Sunday night from Philadelphia, where he was called on account of the serious illness of his mother, Mrs. Anna Goldman, who is in a Philadelphia hospital.

Goldman flew to Washington over American Airlines from Dallas, leaving the latter city at 9:10 a. m. and getting to the capitol city at 4 p. m. central time. Goldman praised the speed and service rendered by the American Airlines, saying the trip was most enjoyable.

He returned to Dallas by airplane. He reported his mother as improving.

Goldman spent a short time in Washington on his return trip, and was the guest of Congressman George Mahon. He reported the latter as a "very busy" man.

"When I walked into our congressman's office in the house of representatives' office building, I found the congressman and his assistants very busy," said Goldman, "but George was not too busy to show me around the capitol. We went to the senate, and it happened on the day when Husey Lent introduced a resolution to investigate Jim Farley. I also visited the supreme court the day before the decision on the gold clause was handed down. My visit to the nation's capital was most enjoyable and I certainly appreciated the courtesies shown me by Mr. Mahon. Anyone that has not visited Washington, should do so, as it is a most beautiful city, and it makes a person appreciate our government, more," said Goldman.

"When I returned to Big Spring by Mrs. Goldman, who met her husband in Dallas. They spent Sunday with relatives at Colorado

School Census To Be Larger Than Before

There is every reason to believe that the scholastic census this year will show Big Spring school population larger than ever before," said W. C. Blankenship, city superintendent, Thursday.

Census enumeration in the Big Spring independent school district gets under way Friday afternoon when a group of 10 teachers start a house to house canvass.

Blankenship based his opinion on the fact that all schools of the city show a rise in enrollment figures over the same time last year.

He again called to mind the fact that parents can help the enumerator materially by having information concerning the ages and full names of their children in mind before the census enumerators call.

Big Spring scholastic population has more than doubled in the past ten years. Blankenship quoted figures to show that for the scholastic year of 1924-25 the census total was 1189 and for 1934-35 it stood at 2853. The biggest rise occurred in 1928 when the census rose from 1443 to 2377 for the school year of 1929-30.

Enumerators hope to complete the census within two days time.

State scholastic apportionment is based upon the number of children of school age included in the school census, said Blankenship in pointing to the necessity of obtaining a complete census.

Alabama Wets Are Defeated

Popular Referendum Shows Drys Ahead In Three Issues

BIRMINGHAM, Ala.—Alabama, which two years ago voted for repeal of national prohibition, was on record Wednesday night through a popular referendum in favor of retaining its own rigid dry laws.

Counties marked in the "wet" column on repeal of the eighteenth amendment returned dry majorities to whittle down an early modification lead and then overturn it.

The vote on three questions submitted to the electorate Tuesday on returns from 1,902 out of 2,156 ballot boxes gave the following results, subject to revision on official canvasses:

1. For modification of existing dry statutes, 89,254, and against 94,998.
2. For legalization of beer and wine 89,328, and against 93,572.
3. For legalization of hard liquor 87,963 and against 93,085.

While the referendum had no legal standing it would have served as a mandate to the legislature which reconvenes on April 30 to shape its course accordingly.

"The Texas Ranger," Texas U. Magazine, judged One Of Best

AUSTIN, (UP)—Texas Ranger, humor magazine published at the University of Texas, has been judged one of the best in America. It was announced here, Curtis Bishop, Big Spring, is editor.

In a poll of 60 college magazine editors, the Ranger was awarded first place over all Southern competitors, the University of Pennsylvania's Punch Bowl won in the east, University of Michigan's Gargoyle in the north and California's Pelican in the West.

Paul H. Bynke is in Big Spring for several days, coming here from Dallas.

Two Wildcats In Howard Co. Are Planned

John I. Moore, Dorn and Dall To Drill In East Howard

Howard county is to get two new wildcats, one by John I. Moore of San Angelo between the Shalk and Ogden areas, the other by Stacy B. Dorn of Fort Worth and Dr. G. F. Hall of Big Spring one mile west of Iron Mountain Oil Co.'s No. 1 C. D. Read, which marked a mile north extension of the Dodge-Dennan area.

John I. Moore has contracted to put a test well within sixty days from Feb. 26 in the southwest quarter of section 28, block 30, township 1 south, T. & P. Ry. Co. survey, on D. H. Snyder's land. It will be drilled to 3,000 feet unless production or sulphur water is struck in the Permian lime at a lesser depth. The wildcat will be about four miles south and slightly west of the Dennan pool and six miles north and slightly east of the Shalk area. Mr. Moore has assumed a block of about 2,600 acres.

Dorn & Hall will drill No. 1 T-P Land Trust 330 feet out of the southeast corner of section 45, block 30, township 1 north, T. P. Ry. Co. survey. They hold the lease to the south half and the southwest quarter of section 45.

H. L. Piner, 76, Of Sherman, Is Dead

SHERMAN (AP)—H. L. Piner, 76, died at his home here Tuesday after several days' illness. He was postmaster at Denison for the eight years of the Wilson administration and superintendent of the state school for the blind under Governor Sayers and Lanham.

In the 60's he was president of old Grayson college at Whitewright and later of Columbia college at Van Alstyne. He was the author of several books and in recent years contributed to magazines.

He is survived by his widow and one daughter, Bernie Elizabeth Piner.

H. L. Piner, who succumbed in Sherman Tuesday, was a cousin of E. T. Piner of Big Spring, who was notified of his death Tuesday.

Webber Resigns As J. C. Penney Manager Here

D. W. WEBBER

D. W. Webber, with J. C. Penney Company for the past sixteen years as manager of its stores in McAllen and Big Spring Wednesday tendered his resignation, effective at once, it became known here Thursday.

Mr. and Mrs. Webber will leave soon for Hot Springs, N. M., where he will enter the gent's furnishing and ladies' ready-to-wear business, having leased a building in that place to begin business as soon as possible. Mr. Webber will go to Dallas Friday, where he will purchase stocks for his new business.

While in Big Spring Webber has been prominently identified in business and civic activities, having been elected president of the Big Spring Chamber of Commerce in January.

Webber will be succeeded here as manager by P. B. Alexander, formerly manager of the J. C. Penney company at Lamesa. Mr. Alexander will assume management of the local store immediately.

Webber has recently returned from Hot Springs, N. M., where he completed arrangements for opening his new business. He said Hot Springs was a town of some 2500 inhabitants and was about 150 miles northwest of El Paso.

Hotel, Restaurant Workers To Meet Here Wednesday

Donney Childs, organizer for the Hotel and Restaurant Employees and Beverage Dispensers International Alliance and A. F. of L. affiliate, said a meeting of all restaurant employees and beverage dispensers would be held 102 1-2 East Third street 8:30 p. m. Wednesday.

Purpose of the meeting, he said, is to "discuss problems of this group of workers." He indicated an attempt would be made to organize locally here. Chief purpose of the organization, said Childs, is to protect the employe and employer in this industry through legislative channels of the state.

BILLIE WILCOX ABLE TO GO TO PARENTS' HOME

Billie Wilcox, son of Mr. and Mrs. Ray Wilcox, who was injured recently in an automobile collision on Scury street, was able to go to the home of his parents last Sunday. He continues to improve, although he will be confined to his bed for two or three weeks more. He has been in Bivings hospital.

THE CREAM YOU NEVER DARED TO HOPE FOR VITA-RAY

(made with Vitamin D)

Why didn't you think it possible, but here it is! A cream that makes a noticeable improvement in your skin in 23 days.

Pores will be smaller—lines fainter—dryness less. For every jar of Vita-Ray Cream contains 750 A.D.M.A. vitamin D units—to make your skin grow young again.

Hard to believe? Then our Vita-Ray consultant will gladly show you microphotographs of skin before and after its use. A cleanser, too, Vita-Ray is the only cream you need. See a pleasing difference in 23 days—or we will refund the \$1.00 cost.

Whirligig

(Continued From Page 1)

ing and those with the money will be satisfied because his program was blocked. The big test will come next year when Minnesota distributes rich votes and poor votes between Olson and Senator Schall.

Gamble

Comptroller General McCarl, who always keeps a few money wrenches handy in his desk drawer, has just tossed one into the already creaking machinery of the Subsistence Homesteads Division of PWA. The house auditor returned to Administrator Ickes without approval more than a thousand vouchers totaling some \$2,000,000.

Flop

At this writing the general accounting office hasn't finally closed the door but has merely asked for more information. Public Works lawyers are thumbing their Blackstones far into the night for an adequate rebuttal. Most of them think amending legislation would be the easiest way out.

Lethal

That AAA licensing bill which caused so much trouble last session is on the horizon once more. Assistant Secretary of Agriculture Rex Tugwell again is quietly behind it. The measure would require licensing for all business directly or indirectly related to agriculture. Last year, for example, the distillers found it might hit them and raised an AWA men say they wouldn't carry the provision this far. Tugwell still sees it as a lethal club.

Split

The Washington administration doesn't care for symptoms pointing to a gasoline price war of serious proportions in New York, Michigan, Ohio, Pennsylvania, Indiana and Illinois. Congress has been struggling with an oil control bill that will stick ever since the supreme court's "hot oil" decision. So far the struggle is confined to committee.

Money

Washington hears that as soon as James Cromwell, the New York financial writer, comes back from his tobacco hiatus with Doris Duke, the tobacco heiress, he will pound his typewriter here in the capital in behalf of the Sound Money League. Prof. Irving Fisher and former Senator Robert L. Owen, of Okla., are among the League's big gunners.

Notes

A dozen drafts of a proposed constitutional amendment to permit the government to carry on business in TVA are floating around the capital. The two wings of the bonus army in congress don't yet

flap together. Senator Borah has snatched a forgery purporting to show that George Washington favored international political cooperation. Big army and navy appropriations are scheduled to pass. Some legislators favor them because they give unemployment and show some return for the money.

NEW YORK By JAMES McMULLIN

Slipping

New York is holding its breath for the outcome of the current tug-of-war between FDR and congress. Not even the cold decision suspense stirred such animated debate in financial circles as the senate revolt on prevailing wages. The informed contend that one of the dominant factors behind the scenes is the senate's desire to reassert its importance.

Snuk

The ballyhooed "cooperation" between government and business has turned out to be mostly lip service. Not even professed backers of the administration in industrial and financial circles have done anything tangible to stimulate employment or circulation of credit.

Aces

There are three New York schools of thought about the probable results of the impasse. Many conservatives are extremely nervous. They have a overwhelming love for the President's policies but they feel that at least he had some idea of where he was going—and congress hasn't. They fear an epidemic of fantastic proposals—some of which might pass—that will keep the country in a uproar for months and checkmate economic progress.

Sidelights

A number of small factories are buying Diesel equipment to substitute for electric power. As if the utilities didn't have enough to worry about already. Orders for 425,000 tons of rails have recently been placed with PWA assistance. Comment runs that the steel companies should at least make a polite bow to Mr. Tokes.

Straws

New York advocates of international monetary stabilization are keeping quiet from under. Stabilization would release huge sums of hoarded gold and the demand for new metal would be sharply curtailed. The Bank of France has been selling Italian lire at a great rate recently. The lire is theoretically a gold currency but has been acting very free hand in Abyssinia.

Women

Attune New York observers believe the government is aiming at an impossible target in trying to plan jobs for everyone from high school graduates in their teens up to the age of 65. They predict we must eventually readjust our ideas to a normal employment span covering only the 30 years from 25 to 55—at least for routine work.

Sun

Financial sources which have followed the implied financial commitments in proposals pending before congress are rather appalled. Everyone knows about \$4,500,000,000 for relief but that's only a starter. Here are a few other trifles: The Bankhead billion-dollar corporation to finance tenant purchases of farms; \$1,500,000,000 Home Owners Loan debentures to be guaranteed by the government; a \$400,000,000 tax on industrial payrolls for unemployment insurance (which would multiply with the passing years); and the Kopselman plan for intermediate credit banks which would have the right to issue a billion in debentures—also to be fully guaranteed by Uncle Sam.

THE MATINEE IDOL RETURNS TO FAVOR ON SCREEN

The matinee idol is with us again. Not that he ever really left us, but he is in particular demand in Hollywood as the classic profiles have crowded out the males of more rugged countenance and the current demand for screen heroes like Warren William (top, left), John Barrymore (bottom, left), John Boles (top, center), Fredric March (top, right), and Warner Baxter (bottom, right). (Associated Press Photos)

ed liabilities are only contingent—but try to comfort conservatives with that!

Precedent

Western Pacific's recently announced financial woes were no shock to Wall Street. Insiders have seen them coming for a long time. The most important thing about this development is that a major railroad is taking the reorganization plunge—and its background is such that no one will get unduly excited. This establishes a useful and comparatively painless precedent which will make other needed revampings seem less discouraging.

Preferable

The New York firm of Eastman Dillon was one of the most successful from 1928-30—when the late John Pope was calling market turns with uncanny accuracy. Now its membership is being changed to give more weight to bond dealing and underwriting and less to the brokerage business.

Sponsors

Sponsors of the giant project, biggest of its kind in the state, have consulted with the Texas board of water engineers and commissioner of agriculture, and are developing the program in conjunction with the proposed \$50,000,000 water control and power dam system for the Brazos.

Signers

Signers of the project are Dr. A. B. Conner, chief of A. & M. extension service; R. E. Dickson, H. V. Geib, L. P. Merrill and H. H. Finnell. The plan stated: "The area of the Brazos watershed is more than 27,000,000 acres, and embraces a portion of every important soil and climate region of the state. The practices adopted in this watershed would be of an estimable value as a demonstration of practical, economical and effective methods of erosion and flood prevention."

Relief

Only enough money for two days operations remained Friday, and the state office had made no commitment for the month of March pending action of the Texas legislature on sale of \$2,500,000 bonds remaining of a \$20,000,000 relief bond issue.

Friday

Friday Watson went to Morton where he is to install a rural work center. Burkes will continue to the Panhandle where he will engage in terracing work.

Infant Dies

Bedside services were said at 2:30 this afternoon at Eberly Funeral Home chapel for Donald Gene Townsend, infant son of Mr. and Mrs. S. R. Townsend, born Thursday night, and dying a short time after birth. Rev. B. G. Ribourg was in charge. Interment followed in New Mount Olive cemetery.

Court in Session

County commissioner's court was in session Friday to pass on bills and other routine business.

Help by Officers

James E. Hinkle is being held by county officers for investigation.

capable workers of both sexes must depend on the more proficient. Employment has become a question for the community rather than the family.

Ten-Year Soil Erosion Plan Is Submitted

Encouraged by wide interest manifested in the event, the Howard County Chapter of the Game and Fish Protective association of Texas was ready today for the opening of its live raven shoot Saturday afternoon.

Program For Brazos Watershed Embraces 27 Million Acres

AUSTIN—A \$20,000,000 ten-year soil erosion program for the Brazos watershed, to be operated through six control stations ranging from Temple northwest, has been drafted by Texas agricultural and soil erosion service officials for submission to the public works administration.

What officials

What officials of the game chapter here consider as important as the shoot is a meeting to be held Saturday 8 p. m. in the Gary Building on Main street. J. W. Chapman, engineer of Co-operative Dam Building, will bring a message on the possibilities of low water dams for this county. He was due to arrive here Friday afternoon and make a hurried inspection of possible dam sites Saturday morning and afternoon.

Three events

Three events, two with 25 clay targets and one with 10 live birds will be run Saturday afternoon starting at 1 o'clock. Beginning at 9 a. m. Sunday, nine events will be run including three ten live bird events. Regular ATA rules will govern clay target events while rules on ravens will be governed by live pigeon rules as nearly as possible. If time permits, the live bird program will be extended according to the amount of shooters present.

Mrs. R.A. Payne Dies Thursday

Mrs. Viola Payne wife of the late R. A. Payne, succumbed Thursday afternoon at 2:40 at the family home, 115 East Fourteenth street, following a lingering illness. Her husband died on Dec. 12, 1934.

Funeral Rites Said Friday Afternoon At Eberly Chapel

Funeral services will be held Friday afternoon at 4 o'clock from the Eberly Funeral Home chapel, with Rev. S. J. Shettleworth, in charge. Mrs. Harry Stalcup had charge of music arrangements. Interment followed in New Mount Olive cemetery by the side of her husband.

Mrs. C. T. Watson Spends Night In Big Spring

C. T. Watson, former manager of the Big Spring Chamber of Commerce and now assistant state manager of Texas Rural Communities, Inc., and Moorion Burkes, soil erosion engineer, spent Thursday night here.

Friday Watson went to Morton

Friday Watson went to Morton where he is to install a rural work center. Burkes will continue to the Panhandle where he will engage in terracing work.

Infant Dies

Bedside services were said at 2:30 this afternoon at Eberly Funeral Home chapel for Donald Gene Townsend, infant son of Mr. and Mrs. S. R. Townsend, born Thursday night, and dying a short time after birth. Rev. B. G. Ribourg was in charge. Interment followed in New Mount Olive cemetery.

Court in Session

County commissioner's court was in session Friday to pass on bills and other routine business.

Help by Officers

James E. Hinkle is being held by county officers for investigation.

DEAN LEAVES FOR FLORIDA TO TRAIN UNDER HORNSBY

Jack Dean, 180-pound six foot three inch youngster who aspires to baseball fame, left early Saturday morning for West Palm Beach, Fla., where he is to train for five weeks with the St. Louis Browns under the critical eye of Rogers Hornsby.

As a high school athlete here Jack played football and basketball two years and track one year.

After his graduation two years ago he made plans to attend college, but illness kept him out.

A little less than a year ago he made a trip to San Antonio in an effort to secure a try-out with the San Antonio Missions, Texas League baseball club.

The ambitious Dean boy made a favorable impression and had no trouble securing a contract. A few weeks after he had returned to Big Spring he was met by officials of the San Antonio club who informed him that Hornsby had asked that he be sent to train with his St. Louis Browns.

The Houston Buffs, Cardinal farm, made a bid for young Dean's services but a contract had already been signed with the Missions. He received more publicity than any other player in the country not to have had pro experience.

Jack gained his experience as an amateur twirler with the Conden Oilers, Mexican Tigers, high school team and a club in New Mexico. He had a reputation as a fast pitcher but with little control.

Five Weeks in Florida Dean will train with the Browns for five weeks in Florida where twenty-three exhibition games will be scheduled. The Browns will

Florida Bound

Jack Dean, ambitious young Big Spring Sandlotter, left Saturday morning for Florida, where he will train for five weeks with the St. Louis Browns.

Casing For No. 1 McDowell Ordered

Orders for casing, valves, fittings, set shoes, cement plugs, etc., have been placed by Jack Loffland of Loffland Brothers, drilling contractors, Tulsa, for the McDowell ordocyclan test in Glasscock county, it was learned here Thursday.

All valves and fittings need to equip the well, including 3100 feet of 7 5/8 inch casing has been secured from Group No. 1 Oil Company at Texas, and will be sent to the well site immediately.

The balance of casing, approximately 6500 feet, has been purchased through the National Supply Company. Shipment from Spang & Chalfant Co., Inc., mill at Allentown, Pennsylvania, will be made Saturday night, with arrival in Big Spring scheduled Wednesday morning. The casing will be taken to the well as soon as possible, and work of casing the well will begin as soon thereafter as possible, it was stated here Thursday.

Approximately 2,000 sacks of cement will be required in cementing the casing. Orders for this material will be placed soon.

Reports from the well Thursday stated that the flow of oil and gas from the test had increased slightly.

Aikin Dickson Buried In Paris

PARIS—Word was received here of the death Tuesday night of Aikin Dickson of Wichita Falls, youngest son of Mr. and Mrs. John T. Dickson. He had been ill with influenza less than a week, pneumonia developing. About two years ago, he had undergone a serious operation, but had been slowly regaining his health.

The body is being brought here for interment at Evergreen cemetery, funeral services to be held at the residence of his parents, 240 Bonham street, at 10 o'clock Thursday morning, conducted by the Rev. Dr. Owen of Longview, assisted by the Rev. E. G. Beckman of First Presbyterian church. Mr. Dickson, who was about 40 years old, is survived by his widow and two small daughters, Mary and Sarah Merle and one brother, Connor Dickson of Wichita Falls, besides his parents.

Mr. Dickson was well known in Big Spring, having resided here for nearly two years. He was credit manager for Albert M. Flaher Co. department store, resigning that position in July, 1933, to accept a position with McClurkin's in Wichita Falls.

Druggist Officials Confer With Hotel Men About Meeting

Saturday evening officials of the West Texas Pharmaceutical association conferred with local hotel men relative to housing accommodations for the association's convention here late in March.

George A. Fitch, Abilene, Frank A. Myers, Abilene, and Shine Phillips, Big Spring, all members of the board, spoke for their association.

The meeting grew out of a letter sent out by one local hotel in referring to make further reservations because of the press of business.

Interest In Raven Shoot Increasing

Local Officers Receive Much Mail Relative To Event

Correspondence pouring in in increasing streams to officials of the live raven shoot to be held here Saturday and Sunday, reflected mounting interest in the event Thursday.

Sponsored by the Howard county chapter of the Game and Fish Protective association of Texas, the shoot is being billed as the "world's first live raven shoot."

Letters received from sportsmen in widely separated areas indicated that shooters from El Paso, Austin, Amarillo, Sweetwater and many other cities would be here.

Dr. C. W. Deas, in charge of the shoot, announced Thursday that W. H. Dean, Brownwood, would clerk the shoot. Dean's reputation is ace high with trap shooters in this end of the nation.

A strange request came Wednesday from R. L. Miense, Amarillo, expressing regret that he could not attend the shoot. Miense asked that a pair of ravens be shipped him. He wants them for pets. As soon as some member of the local chapter can ascertain which two of more than 1,000 trapped ravens constitutes a pair, Miense will have his order filled.

Saturday evening an important meeting of sportsmen and farmers will be held in the Big Spring Athletic quarters in the Gary building on Main street. Among the outstanding speakers for the occasion will be J. W. Chapman, engineer of Cooperative Dam Building, Beal Jester, Texas Game and Fish commission, and Frank Elder, president of the Game and Fish Protective association of Texas.

Chapman, in a letter received here Thursday, said he planned to arrive here Friday and make a hurried survey of low water dams in the county Saturday so that he might speak more authoritatively Saturday evening.

More than 7,000 clay pigeons, to be used in part for the shoot, have been received here.

Trophies to be awarded to the three high shooters are now on display at the Chamber of Commerce. In addition to these trophies, approximately 50 merchandise prizes will be given to shooters.

TO CONDUCT UNION REVIVAL IN BIG SPRING MARCH 3-31

REV. JAMES RAYBURN, D. D., Newton, Kansas. Rev. Rayburn will conduct the union revival meeting at the old Deats garage building, beginning Sunday morning, March 3, under auspices of eight churches of Big Spring.

Pastors' Association Expresses Appreciation For Interest Shown In Coming Union Revival Meeting

On behalf of the Pastors' Association appreciation is expressed to the business, professional and laymen and fine ladies of the city for the many responses that have been made and the interest already shown in the Union Revival meeting beginning next Sunday morning at the Deats' Garage building. We feel that it is a real event when so many of the churches are enlisted in one united program and our earnest desire is that great blessings may come to our beloved city through this concerted effort.

The workers of the churches will be going out to call upon our citizens during the next three days to sell "Human Interest Bonds" and in this remarkable way seek to provide in advance the funds necessary to finance all local obligations. If this effort meets with the anticipated response, then it will entirely eliminate the necessity of taking any offerings at all during the entire campaign, except in the Sunday morning services, which funds go back to the local churches to carry on their regular programs.

Not only will the possession of these bonds indicate an interest in the spiritual and moral welfare of our city, but they will serve as wonderful souvenirs to retain through the years as a reminder of this great period of Christian fellowship among the church people and citizenship of our city. We have never had any fears but what this part of the program would be a wonderful success for the spirit of Big Spring is to do all worthwhile things in a big way.

PASTORS' ASSOCIATION, By S. J. Shettleworth, Secretary.

NEW MEXICO CATTLEMAN IS SLAIN

SILVER CITY, N. M.—A dispute of long standing over the boundary between adjoining properties of Thomas Nichols and Jack Curston, neighbors at Red Rock, Monday led to Curston being fatally wounded and Nichols being lodged in the Silver City jail.

The shooting, which occurred near Red Rock, a community west of Silver City, Nichols walked into the sheriff's office in Silver City and said to Deputy Sheriff Sam Stearnman, "I just shot Jack Curston."

Investigation disclosed that Curston had just died at his home in Red Rock, where he was taken following the shooting. Nichols was unaware when he surrendered that Curston had died.

Nichols, 61, was placed in jail while authorities proceeded with an inquest at Red Rock.

Corner Post Removed. Seaman said that there had been blood between Curston and Nichols for some while. The quarrel, which ended in Curston's death apparently started over the alleged removal of a corner post marking the boundary line between the men's property, he said.

Sheriff Owen Matthews and District Attorney J. W. Hodges were in Red Rock today attending the inquest and investigating the shooting further.

Nichols would not discuss the tragedy.

Visits Five Brothers In Baton Rouge, La. Mrs. Howard Peters returned Sunday night from Baton Rouge, Louisiana, where she was the guest of her five brothers, the Traynors.

H. D. C. News

Beginning with a new house and yard, Mrs. S. T. Johnson of the Knott Home Demonstration club plans to landscape her yard completely over a three-year period.

This year she is putting out two aycorners at the side of the house and four Chinese stims for shade at the rear, which is toward the west. These will make a beautiful background for the house.

She is using buckbush, native fuschia, abelia, lantana, and jamine hurs' around the low porch of concrete. The walk is also of concrete.

She is now growing cuttings for planting next year.

Heckler Yard. Mrs. W. F. Heckler, yard demonstrator for the R-Bar H. D. club, has planted a number of trees and a splendid screen or border planting of lilac and Washington bowler. She will use salt cedar (tamarix) for two other screens, one to hide the storm cellar and another for background in the backyard. She has an excellent flagstone walk.

She is growing cuttings of lantana, althea, and roses in her cutting bed.

Vealmeor Club. The Vealmeor H. D. club met with Mrs. Carl McKee Friday. Mrs. Clanton showed the club how to make a farm food supply budget, also giving instruction in making individual budgets.

Mrs. Parr will meet with the club at its next meeting and demonstrate judging canned snap peas, snap beans and corn. Members present were: Meses, Luke Blythe, Jim Clanton, Berl Bassengill, H. N. Zant, Porter Hanks, Jim Hanks, Emmett Richardson, Miss Zant, W. D. Caldwell.

Visitors were: Meses, Colon Thompson, Grandmother Smith Newson, Walter Harris and Paul Baggan.

The next meeting will be at Mrs. T. E. Polly's home.

Monday: office. Tuesday: Gay Hill girls 4-H club; Luther Women's H. D. club, Mrs. Virgil Keel, hostess; Elbow H. D. club, Mrs. Floyd Ashley, hostess.

Wednesday: Soash girls 4-H club at 11 a. m.; Soash Women's H. D. club.

Thursday: Overton H. D. club; Fairview H. D. club, Mrs. Jim Jones, hostess.

Hutto Talks To Lions Of Scout Work

Club Hears Of Work Accomplished In Club Sponsored Troop

John R. Hutto, scoutmaster of the Lions club sponsored Troop No. 7, told the club Wednesday of the work being accomplished by the troop.

Thursday the troop's application for registration went into the mails. This time, said Hutto, twenty-five boys will register with the troop.

He recounted progress made by the boys in spite of many difficulties.

A. C. Williamson, area executive, spoke briefly, lauding the club for its work in sponsoring the only all-Mexican troop in the entire Buffalo Trail council.

Charles Corley, club president, told the club of initial steps taken toward obtaining the district 2-T convention for Big Spring in 1936.

The club was entertained by the "Arkansas Hillbillies", a quartet of fun makers who played music on such commonplace articles as banana handles, fly sprays, and saws. Buel T. Cardwell was in charge of the program.

Wiley Post Says Engine Is Tamed

Says Has Evidence That Another Pilot Filled Engine With Emery Dust

KANSAS CITY (CP)—Wiley Post charged Thursday that nearly two pounds of steel filing and powdered emery were placed in the engine of his airplane probably at the instigation of "another pilot" to cause failure of his recent projected stratosphere flight across the country.

Post, here enroute to New York, did not name the pilot. He said he had enough evidence of alleged sabotage to convince him the foreign matter was placed in his engine deliberately.

Catholic Mission To Open In Midland. MIDLAND—The Reverend Geo. F. Sexton, O. M. L. of the Southwestern Oblate Mission band, will arrive in Midland the latter part of this week to conduct a layman's mission in St. George Catholic church from March 3 to March 10.

Services will be held at 7:45 o'clock each evening and will consist of the question box, sermon and benediction of the Most Blessed Sacrament.

COFFEYS RETURN FROM FUNERAL OF RELATIVE. Mr. and Mrs. L. A. Coffey have returned from near Larasa, where they were called on the death of Mrs. Norman O'Brien, sister of Mrs. Coffey. A 5-year-old O'Brien girl is dangerously ill of pneumonia in the same malady which claimed her mother.

BAD WEATHER HOLDS UP MUSEUM DRIVE

The Museum Association is not concluding its membership drive until all workers have contacted every citizen of Big Spring, announced Dr. P. W. Malone, president, Monday morning.

Bad weather has made it impossible to see all prospects, he continued. It would be unfair to a majority of interested citizens to deprive them of this opportunity to aid one of the most worthy projects of the city, he said.

Because workers have been so hampered, Dr. Malone and his corps of leaders have asked that people who have not been seen make a point to get in touch with some of the majors and leave their membership fee and names.

These acting as majors in the campaign were: Dr. Leo Rogers, Elmo Wasson, Mrs. W. J. McAdams and Mrs. J. L. Thomas.

The drive will continue until the whole city has been well canvassed.

School Census To Start Here Next Friday

The annual school census enumeration will begin here Friday when a group of teachers from the local schools will start a house to house canvass.

The scholastic census is taken each year to serve as a basis for the state department of education's allocating the tax money received from the state bond.

"We do not get our state money appropriated according to the amount of taxes received by the state department of education from Howard county but by the number of children of school age in the Big Spring independent school district enumerated in this census," W. C. Blankenship, superintendent, stated.

All residents of the district who will be six and under eighteen on the first of September, 1935, or children whose parents or guardians reside in the district, should be enumerated. The public schools are entitled to per capita appropriations on all children within the age limits specified, and marriage or completion of the school course does not bar them from the rolls.

"Big Spring parents will aid enumerators materially," Blankenship said, "if they will get information concerning the children's ages and dates of birth well in mind before the enumerator's visit."

Judges Chosen For Elections

Commissioner's Court Releases Appointments This Week

Election judges have been named by the county commissioner's court. Judges by precincts follow:

No. 1 Big Spring—Ben Carpenter, P. C. Leatherwood, L. L. Bugg, C. S. Coughlan.

No. 3 Big Spring—W. R. Purcell, Robert Stripling, H. L. Bohannon, Mrs. Fox Stripling.

No. 4 Big Spring—P. F. Cantrell, G. O. Rice, J. S. Nabors, Mrs. J. R. Creath.

No. 5 Vincent—J. H. Appleton, Willis Winters.

No. 6 Gay Hill—C. B. Lawrence, J. C. Clanton.

No. 7 Bar—W. C. Rogers, I. E. Martin.

No. 8 Highway—W. W. Long, J. N. McGinnis.

No. 9 Coahoma—W. W. Loy, Mrs. E. T. Daniels, Leroy Echols, Mrs. K. G. Birkhead.

No. 10 Foras—W. E. Harriott, C. L. Coulson, Mrs. F. G. Alexander, G. L. Bettijon.

No. 11 Center Point—C. B. Edwards, Glenn Cantrell, J. L. Nix, Flem Anderson.

No. 12 Moore—A. K. Merrick, W. F. Cook.

No. 13 Knott—S. T. Johnson, F. O. Shortes.

No. 14 Morris—W. L. Wilson, Lloyd Brannon.

No. 15 Soash—I. W. Rogers, Harry Graham.

Knott School New

On Friday evening, February 15th, the Parent-Teachers association presented a play, "Morning Lily" Wild. The packed house laughed continually at the antics of Orpheus and Babe Joan, played by J. D. McGregor and Pauline Haynes, respectively. Although the comedy of these two stole the show, considerable interest was displayed in the courtship of Rosey and two rivals for her hand. Color was added to the play by the characterizations of two dorkies, Uncle Joe and Mammy Belle. Nor the emotional phase entirely lacking for the hopeless search of Aunt Hester, Rose's aunt, for happiness held the intense interest of the audience at times.

On Thursday night, February 28, the play will be presented at Moore schoolhouse.

In the Junior boys basketball tournament the Knott boys were eliminated. The powerful Foran five. The senior boys, however, advanced to the finals only to bow before the determined Foran girls. Thus, Foran blasted the hopes of both of Knott's entries.

District Court In Session At Midland

District court got off to a five-week start this week in Midland with a light criminal and comparatively light civil docket.

Monday old criminal cases will be called. Among them will be the case of Alex Huffman, charged in connection with a cotton seed cake theft. Shorty Spires, principal defendant, was freed in a companion case in a previous term of court.

Seventy-two year old W. J. Moore will go on trial for embezzling \$144 in rental payment from Mrs. E. Elizabeth Hoffenkamp of Springfield, Ill. Francisco Torres will stand trial for statutory rape, being charged with illicit association with a 12 year old Mexican girl, L. L. Lewis, who is reported to be back at his home now, is due to have his child desertion case called.

The court grand jury returned 6 indictments this week, two of them for cattle theft.

Read The Herald Want-Ad

FIRST RECTOR

REV. P. W. HENCKELL

The Rev. Paul Walter Henckell A. B. D. D. has the honor of being the first rector ever to serve St. Mary's Episcopal church in Big Spring. Mr. Henckell will deliver his second sermon Sunday morning at the church on the topic, "What Think Ye of Jesus?"

Last Rites For Carl Fitzgerald

Funeral services for Carl Alvin Fitzgerald, son of Mr. and Mrs. R. Fitzgerald, residing at 511 Benton street, who died Friday at 9:48 a. m. of injuries received in an automobile accident on West Third street early Friday morning, were held at 4 p. m. Saturday from the Eberly funeral home with Rev. C. A. Bickley, pastor of the First Methodist church, in charge. Mrs. Charles Morris had charge of music arrangements.

Interment followed in New Mount Olive cemetery.

Palbearers were: Earl Wilson, Charlie Wilson, Albert Norrell, Donald Brown, Cecil Whisenant, Hugh Smith and Jack Hull.

Besides his parents, deceased is survived by one brother, Ambus, and a sister, Naomi. Other relatives here to attend final rites were his grandmother, Mrs. W. A. Fitzgerald, Sulphur Springs; Mr. and Mrs. Jewell Hodges, Sulphur Springs; Mrs. R. W. York, Overton, Miss Artis Fitzgerald, Sulphur Springs; and Mr. and Mrs. Ollie Fitzgerald of Aspermont.

Martin County Commissioners In Order Delay

Delegations from Big Spring and Andrews Saturday listened to Martin county commissioners, were discuss the proposed road from Stanton to Andrews without final action.

A mild controversy arose over the contemplated route. One commissioner, speaking for his precinct, said his constituents are interested in the road, but would like it to traverse their section of Martin county.

"Though no decision was reached Saturday, it was assured that some disposition of the matter will be made this week. There existed little doubt that the road will pass an order to provide the right of way for the road. Exact route of the road is somewhat in question."
