THURSDAY, SEPTEMBER 24, 1942

It is to the credit of certain farm organizations, such as the leading marketing cooperatives, that they have not opposed stringent control of agricultural prices so long as stringent control wages is imposed with it.

These organizations, in other words have simply objected to farmers being turned into shock troops to fight inflation—while other national groups go merrily ahead getting all the money possible.

The cost of farm labor alone has offset much of the increase in farm income—to say nothing of the higher costs the farmer must pay for equipment, feed, manufactured commodities, etc. Price stability must go all the way.

Out of self-interest alone, both labor and agriculture should accept equitable wage and price controls, applied to each on the same principle.

The first error any of us commits is not likely to prove very serious unless we follow it with the error of denying it.

The President's Labor Day speech on inflation laid down principles whose eventual adoption was inevitable as soon as we became involved in the war. There will be much disagreement as to details and as to best means of passing and enforcing necessary legislation. But there will be little disagreement as to the broad basis on which action must be taken.

The failure of past price control measures is simply explained. Many basic commodities, especially in the fresh-food field, were subjected to no ceilings. Wages, which constitute one of the biggest costs in manufacturing and agricultural operations continued to rise, thus creating a vast volume of excess purchasing power in the possession of the working groups. In short, price control wasn't tough enough—and it didn't go far enough.

The consumer should realize that inflation was in no way the fault of retail merchandising. The irate consumer who blames the storekeeper as a profiteer every time prices rise, is guilty of plain ignorance. As a matter of established fact, the retail trades, including big stores and little ones, chain stores and independent stores, have been at the forefront in the battle against inflation and they have been widely and justifiably praised by high OPA officials, including Leon Henderson, for their work. But they couldn't do the impossible. They couldn't keep on holding prices down in the face of strong and growing inflationary influences which were completely beyond their control.

Now an unprecedented effort is to be made to stabilize farm prices, wages, salaries and everything else that enters into price scales.

Why should anyone buy War Bonds? There is no compulsion to buy them. There is no winter relief—no SS man standing outside the door saying, "Buy, or else." Nothing is at stake but the future of the country—perhaps of the World.

What then is a stamp or bond but a vote of confidence in ourselves? In our capacity to drive on, to break all opposition and then to reconstruct upon a new and better design, a world that will be different. A world of surplus instead of one of scarcity.

But a bond is more than this. It is an investment. It is something of a miracle that freedom can be bought and that in addition it should pay a dividend of almost 3 per cent. And this is not all, bonds stand between us and the spiral of inflation which could engulf us more easily than any enemy outside our gates. For the first time in many years, demand backed by money exceeds supply, which normally equals demand, and even stimulates it by advertising and credit purchase plans. Are we to save money against the time when we may need it, or bid the few consumer goods that are left against ourselves?

There is one more reason for buying bonds. The President, who is also the commander in chief, has asked us to do so.

Meanwhile—when we hesitate—while we complain of nominal hardship—men die—not only fighting men, but women and small children also. They die for a good cause. A good reason—for freedom. But we who are not dying must pay in time and money, or we shall find ourselves dishonored. The time is short. It passes—and having passed, is forever lost.

Men in France, in Poland, in Norway—men all over Europe are regretting time—are saying: "If only we had known."

But we do know. The writing is on the wall. Corregidor, Pearl Harbor, Singapore, Dunkirk, are not dreams. The are evil things that have happened, and now this evil approaches us. It lies in wait off our coasts.

Time is money—but money cannot buy time, nor bring dead men to life, nor purchase freedom once it is lost.

That is why we must buy bonds now—today, and tomorrow, and the day after. Buy bonds until this thing is destroyed utterly—because time is not subject to manipulation—because the world cannot live half free and half slave. Nor we, the free, allow the mortgage upon our freedom to be foreclosed. Failing now, we fail forever. Never before could so much be bought for so little. Never so much lost for lack of that little.
—Stuart Cloete

The bump of benevolence is situated at the very top of most men's heads; as far away from the pocket-book as possible.

National rationing of gasoline, as recommended by the Boruch Committee, is not proposed because there is a shortage in motor fuel. To the contrary, there is an abundance of gasoline of all ordinary grades, and in the producing areas the oil companies are hardput for storage facilities. Gasoline rationing is to be imposed, instead, to save rubber and to save rail and water transportation facilities for other uses.

At the present time, gasoline is rationed in 17 Eastern states. According to Leon Henderson, it will be extended to the balance of the country on precisely the same basis. That means that the average motorist will be entitled to four gallons weekly—enough to carry him about 60 miles. Supplemental allowances are given to "essential" drivers. Practically all pleasure driving will be eliminated for the duration.

The effects of this will be felt most severely in the West. In the East, with great cities and heavily concentrated populations, the motor car has not been nearly so necessary as it is in the West, where distances are vast and cities are few and far between. Furthermore, public transportation has naturally attained a higher state of development in the big population areas. The street car and bus systems, outside of the largest cities, are simply not adequate to handle the load that has long been carried by private automobiles.

Drastic restrictions on automobile use will work a veritable revolution in this nation. West of the Mississippi, where distances are great

and interurban transportation limited no one can estimate the effect of the slow-down that will occur. The motor car dominated our fashion of living ever since the First World War. To millions of people, the family car is practically as necessary as food and shelter. During the twenties and thirties, there was an ever-increasing migration away from towns and cities into suburbs. Men and women lived ten and twenty or more miles from their places of business. Just how these people will get back and forth now that car operation is to be cut to the bone, is an unanswered question. It is impossible for them to move closer to their jobs, for the reason that there are severe housing shortages in all areas which have war industries of any kind.

The desirable solution to this problem is to produce enough artificial rubber to keep our cars moving. But it seems impossible to find out just how well or badly the synthetic rubber program is doing. The oil industry is making progress in the manufacture of rubber from oil derivatives. The tire companies say that they can produce tires from reclaimed rubber which will give fair service if driven slowly. A start is being made to produce another kind of synthetic rubber from grain alcohol. However, there seems little question but what the program in general is still moving too slowly—and that is largely the fault of the government. No two high public officials have been able to agree on just what should be done. As a result, it will probably be a long time before anything resembling even an emergency supply of rubber is available for civilians.

Within the next year, without rubber, transportation problems will become acute. Tires are really beginning to wear out in volume now, and more and more cars are going into dead storage for lack of rubber. This is going to hit farm production in a critical manner. Street car and bus companies are doing the best job possible, for the most part, but they simply haven't enough rolling stock to meet the need. Interurban transportation was abandoned long ago in many parts of the country, and the tracks were torn up. We in America depend almost entirely on the motor car for short-haul transport. So the lack of rubber remains our Number One domestic problem.

Because of the fact that a venereal disease is no respecter of persons, people of every class and color, rich and poor, educated and ignorant are numbered among the victims, asserts Dr. Geo. W. Cox, State Health Officer.

"Venereal diseases, of which syphilis and gonorrhoea are the more common, are among the most vital health problems in the state of Texas today," Dr. Cox said. "This state has been chosen as the location for dozens of army camps, training fields, naval bases, shipbuilding yards, airplane construction plants and other major defense industries. The resulting influx of workers and armed forces has emphasized the need for exerting every known means in the control of venereal diseases."

The State Health Officer pointed out that self-diagnosis and self-treatment are extremely dangerous and advised consulting a physician for determining definitely whether or not a venereal disease is present.

"Only a reputable physician can properly diagnose such a disease. The presence of gonorrhoea is not disclosed by a routine blood test, and the diagnosis of syphilis requires more than a blood examination," declared Dr. Cox. "Both syphilis and gonorrhoea are almost 100 per cent curable if discovered and treated in their very earliest stages. Thousands of deaths annually could be prevented," Dr. Cox said, "if sufficient attention were given to the early diagnosis and thorough treatment of syphilis. Delay reduces the chance of cure and in many cases is the direct cause of death."

LOOK AND SEE

God gave us eyes to see our way
And enjoy nature's beauties;
So why could there be any wrong
In watching pretty little cuties.

They all know our silly way,
And willingly try to please.
Of course it is just an accident
When we see their silken knees.

But men are never tempted,
And have hearts of gold—
That is, most of them do
Who are over ninety years old.
—Memphis Democrat Staff Poet

We think that the Rev. C. A. Gaertner, formerly of Plainview, uttered the most sensible statement about whispering campaigns that we have ever heard. It was to the effect that if we want to whisper, whisper a prayer to the Almighty.—Roy W. Hahn in the Briscoe County News.

Young men who return home from the war zones after an absence of some months are alarmed by the fact that here we are still sparring for advantages that war conditions are supposed to make possible. Apparently unaware that we not only can lose the war but are losing it every day high and low is jockeying to get in the best position to profit from the sacrifices our lads are making in jungle, desert and above and below the sea.—Homer Steen in the Floyd County Hesperian.

The rubber situation is no joke. In fact it is the most serious aspect of the war. It is something that every citizen can do something about. If all of the rubber on all of the cars of the nation were taken for the war, the rubber situation would be solved for the army. But if such drastic steps became necessary chaos would result. This nation has been on wheels so long that our entire economic system is built on the assumption that there would always be rubber to carry on our fast-moving commerce. This could not be interrupted without seriously jeopardizing our national safety. It was first recommended that driving time be set at 45 miles per hour; then this was reduced to 40 miles per hour; now the demand is 35 miles, and do not be surprised any day to see Congress pass a federal law setting the speed at 35 miles per hour.—Canyon News.

In the face of a rising tide of demand of nationwide gasoline rationing, by Eastern leaders who appear to dominate Administration thinking, Governor Coke Stevenson of Texas is standing like "a stone wall" in defense of what he knows is for the best interests of Texas and her citizenship.

In many national issues there is a narrow provincialism apparent among Administration leaders, mostly from New England and north Eastern states, that is always unfair to West and Southwestern sections. Nowhere is this more clearly discernible than in the handling of the problem of gasoline difficulties. They demand that everyone else be rationed the

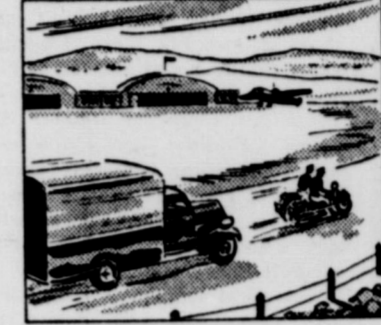

One War Week

A calendar of events on one war job in one recent week gives a graphic picture of how General Electric is working to meet wartime emergencies.

1. THURSDAY: An order was received at an eastern G-E factory for equipment needed by a U. S. warship near Australia. A special call went out.

2. THURSDAY NIGHT: As many workers as could be efficiently employed on the job worked all night, all day FRIDAY, assembling the equipment.

3. SATURDAY: Under police escort, the equipment was rushed to a nearby airport. Traveling by plane, it arrived in San Francisco on SUNDAY.

4. WEDNESDAY: A bombing plane landed the equipment at its Pacific destination—10,000 miles from the factory—six days after receipt of order.

General Electric believes that its first duty as a good citizen is to be a good soldier.
General Electric Company, Schenectady, N. Y.

GENERAL ELECTRIC

same as they, even though many states are overflowing with stocks of gasoline, with supply no problem of transportation at all.

Governor Stevenson, joined by General Bobbitt of the Texas Highway Commission is protesting this unfair demand to Texas, and asserts that it is the product of "mental confusion" at Washington. They say Texas will gladly lock up private automobiles at any moment when national needs call for such a sacrifice, but declare the rationing act would disrupt business and government income uselessly in the Lone Star State and lay prostrate our greatest industry and thousands of smaller dependent concerns.

The logical demands of every state should be given audience at Washington. The voice of Texas is magnified by her great war governor and his administration chiefs.

Texas people demand that her great distances and natural transportation needs be heeded in Washington. She stands solidly behind Governor Stevenson.—The Clarendon News.

Army Can Use Men With Physical Defects

The Army Air Forces can use men who cannot pass the physical examinations for general military service, according to report Saturday from Lt. Col. Marvin B. Durrette, District Recruiting & Induction Officer at Lubbock.

Age limits are 18 to 50 and the applicants should have some mechanical or radio experience. Those who have been placed in the I-B classification by their Local Boards are eligible for enlistment now.

Anyone mechanically inclined who has been making a livelihood through some mechanical trade, even though he has some physical defects, is thus eligible for enlistment into the Air Forces where he is needed, to help "Keep 'Em Flying."

Partial blindness in one eye, partial deafness, insufficient teeth, loss of a thumb, loss of as many as three fingers on one hand, defects of the feet and other physical disabilities are thus waived.

Now is the time to enlist. Recruiting sergeants at the following Army Recruiting Stations will be glad to discuss the many advantages of the service in the Air Forces with those interested. There are now family allowances for men with families and promotions for mechanics and technicians are usually rapid.

Times Wantads—5c a line.

Ask About the Special
Household Carton

Buy Your Lamp Bulbs Now--Avoid Fall Rush

● SEVEN LAMPS 72c

That is the price of the Special Household Carton which includes 1-100, 1-75, 3-60, and 2-40 watt Mazda Lamps.

● NO FALL ACTIVITY

Because of the restrictions on purchases from Lamp Manufacturers, it is essential that purchases by users be spread out more evenly throughout the year.

● NO HOME DELIVERIES

Because of the importance of conserving rubber for the war program, the delivery of lamp bulbs has been discontinued for the duration.

● SPARES ARE NEEDED

Lamp bulbs burn out without warning, leaving you in the dark unless you have spares on hand. Spares will eliminate special trips down town—and thereby save rubber too.

● PROMPT ACTION WISE

The usual fall rush for lamp bulbs could create at least a temporary shortage. The wise thing and the safe thing is to anticipate your needs and order NOW.

**SOUTHWESTERN PUBLIC
SERVICE COMPANY**
(Panhandle Division)

From out of the nowhere, all though life's storms and trials, and to the very threshold of the pearly gates, the home town newspaper carries the individual.

When Doctor Stork deposits six pounds of pink and shriveled cuss-ness, squalling, at the home of the parents, the home town paper assumes its helpful watchfulness over the new-born babe's destiny by adding four pounds and making him "a fine, bouncing ten-pound boy."

When he reaches manhood and wanders from the old nest and, through the influence of his Uncle George, gets a job driving a bus for the Insect Inn at Bingville, the old home paper comes through and puts in "a lucrative position of trust."

And when he persuades some misguided female to share his miserable fortune, the home paper describes him as "a sterling young business man, brave and handsome."

Then middle age has thinned his hair and put his waist line in the lead, the home paper brushes the dandruff off his coat, obscures the tobacco juice on his shirt front and makes him "A substantial citizen."

When politics gets into his system and he tries to get elected to the legislature, he is again made over by the same cheerful agency from the ordinary bonehead he is into "a friend of the people, whose statesmanlike qualities commend him to the thoughtful consideration of the voters."

And finally when his worthless old carcass is ready to return whence it came and Satan stands smiling, ready to receive the sin-singed soul, the home paper throws its last bluff and tries to sneak him past St. Peter with the choicest collection of fairy tales to which his career has given rise. On the off chance that he might run across a copy, it even tries to palliate the miseries of the hereafter by having his relieved and rejoicing widow prostrate with grief.

Dear old home paper, cheerful, hopeful, old liar that you are. How commonplace most of us would be, were it not for the great, big charitable heart that guides you.

Just imagine that you are traveling along over the Plains south of Amarillo and east of Canyon. Level as a floor for mile after mile in all directions, the earth stretches out before you. Then, wonder of wonders—there it is, the Palo Duro Canyon. You find yourself almost on the brink, looking down into the bed of a pre-historic river, far, far below—walls of rock, huge boulders, granite in all kinds of weird conformations.

No wonder that the unknown cowboy who first saw the canyon exclaimed, "Golly, what a gulch!"
Of course, you want to know what caused it; every visitor asks that question. Mason King has an answer for you. He says:

"An early-day banker in the Panhandle dropped a nickle in a prairie-dog hole and he dug all this out trying to recover the nickle!"
But Time, using wind and water and cold and heat, was the builder, naturally.

You see a story of untold ages spread before you in the different strata that form vari-colored streaks in the wall of the canyon, says Guy Studer, paleontologist, and he jingles hundreds of thousands of years so skillfully in his conversation that you would scarcely be surprised to see a dinosaur lumbering along. The lighthouse; the profile of Sat-

News From The County Agent's Office
BY J. L. TARTER

The special reason for rationing farm machinery is that the War Production Board is anxious that machinery, farm and other types, be placed where it is most needed and that none be let out for speculation as is some cases machines of various types have been bought for speculation as there is a ceiling price on new machines but none on used machines. So rationing on farm machinery is now instituted and farm machinery is frozen as of September 17.

The Rationing Board of farm machinery was appointed September 21, by the Wheeler county USDA War Board. This committee is composed of Clarence Zybach, who was designated by the U. S. Department of Agriculture as Chairman, J. Z. Baird and J. C. Moore. This committee was selected to their positions because of their ability and their selection will cause less travel to the office.

Alternates to this committee are J. A. Bryant and A. B. Pond. Any person wanting to buy a combine, thresher, hay bailer, peanut picker, tractor of any type, tractor implement of any type other than the one-row horse drawn kind may contact this committee.

Repair parts of any type of implement are not included in the rationing order but any of those machines named above have to be bought by and after a priority, or approval of the committee has been obtained. All farmers who desire to buy any of these machines can apply for a priority for same and his needs will be gone over carefully in the same manner as is done by the other rationing boards.

This rationing procedure does not mean that any one needing an implement cannot get it or cannot get a machine, but an approval has to be gotten to prevent machines going where they are not needed or for speculation.

Used machines of any type are not included in the rationing order as farmers or other can buy and trade on used machines as they see fit.

ARMY WORMS ARE RAGING

The leaf on a stalk of cotton feeds the stalk as well as the stalk getting plant food from the ground. If one does not believe this, go into the cotton field and strip the leaves off and see if the bolls which do not have mature lint fall to complete maturity of the lint.

Of course, paris green and sulphur are not as pleasant to use as

anta; the Captiol (you see the dome and one wing for the "House", the other for the "Senate") and other formations attract thousands of tourists yearly to Palo Duro Canyon.

LEGAL NOTICE

(First Published In The Wheeler Times, September 10, 1942) 3t

SHERIFF'S SALE
THE STATE OF TEXAS,
County of Wheeler.

BY VIRTUE of a certain execution issued out of the Honorable District Court of 44th Judicial District, Dallas County, on the 13th day of August 1942, by Pearl Smith, Clerk of said court against Homer B. Duke, A. O. Sweat and T. C. Cheatwood, jointly and severally, for the sum of \$968.16 with interest thereon at 6% per annum from March 16, 1937, less a credit of \$500.00 as of September 30th 1939, and for the sum of fifty-two and ninety-five hundredths (\$52.95) Dollars costs of suit, in cause No. 26859-B in said Court, styled The J. R. Watkins Company, a corporation versus Homer B. Duke, as principal, and John E. Reynolds, A. O. Sweat and T. C. Cheatwood, as sureties and placed in my hands for service, I, Jess Swink as Sheriff of Wheeler County, Texas, did, on the 3rd day of September 1942, levy on certain Real Estate, situated in Wheeler County, described as follows, to-wit:

All of the right, title and interest of T. C. Cheatwood in and to All of the E 1/2 of the NW 1/4 and SW 1/4 of NW 1/4 of Section No. 23 in Block No. 13, and the SE 1/4 of Section No. 92 in Block No. 17 of the H & G N Ry Co. Surveys in Wheeler County, Texas
and levied upon as the property of said T. C. Cheatwood And on Tuesday, the 6th day of October 1942, at the Court House door of Wheeler County, in the town of Wheeler, Texas, between the hours of ten A. M. and four P. M. I will sell said real estate at public vendue, for cash, to the highest bidder, as the property of said T. C. Cheatwood by virtue of said levy and said execution.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale in The Wheeler Times a newspaper published in Wheeler County, Texas. WITNESS my hand, this 8th day of September 1942.

JESS SWINK
Sheriff Wheeler County, Texas.

calcium arsenate but ever available supply of calcium arsenate has been exhausted and paris green is the only alternative to turn to, so use it. There is a sufficient supply being financed by the Shamrock Cotton Oil Company as that firm furnished the funds with which all poison materials have been brought into the county. Cotton prices seem to be very favorable in comparison to prices in

the past years and farmers have an opportunity of getting better money from their cotton than for many years. At the same time the seed are badly needed in the war effort because of the oil content, so all farmers who can possibly do so, are urged to poison the worms in their cotton. The old scare of pickers being killed by picking cotton after cot-

ton has been poisoned is very erroneous as Wheeler county has poisoned cotton for many years and no pickers have been killed yet. Neither has anyone lost livestock from the poison by grazing the fields in winter after cotton was poisoned in fall; so it is well that we take care of the cotton and not listen to so many rumors about calamities that have not happened.

Mr. and Mrs. G. B. Wood of Texoma, Okla., visited Tuesday in the home of their daughter and family, Mr. and Mrs. C. B. Witt.

I. C. Thurmond of Amarillo transacted business in Wheeler, Tuesday and visited old friends.

Mrs. Gene Tucker of Pampa was a guest at her parents, Mr. and Mrs. A. B. Griffin, Thursday.

We Have the Courage
Briscoe Parent-Teacher Unit
We will reach our goals. We are all working for the same cause: "To promote the welfare of our children and youth in home, school, church and community." Our effort will help in securing for them a higher advantage in physical, mental, social and spiritual education. Each of us doing his part is the strength that brings success to our community projects. An example: The mute voices of trays and pans of cookies, of outdoor lights and seats, of tables and table games expressed the willingness and thoughtfulness of each, at the Community party last week. The efficient leadership and hearty cooperation of room mothers and class committees lent an added wave of confidence and pride. We realize the value of and appreciate knowing our school faculty. No name in the home excepting mother and dad is more often mentioned than that of the child's teacher.

Thus, our working together brings a sympathetic understanding between parent and teacher and that needful feeling of security and harmony, in the child's everyday life. Our urgent needs are: Getting lunch room operating and supplementing library. We have set the 3rd Wednesday night, October 21, as next meeting date. With all of us working together, we will soon find a solution for our problems.

—Mrs. Lee Barry
The following chairmen and committees have been appointed: Membership, O. C. Evans; Finance, Mrs. Farmer Hefley and C. H. Candler; Program, Mrs. Wood and Mrs. Matthews; Entertainment, Mesdames W. Barnett, Will Finsterwald; Publicity, Mrs. Sterling Price; Welfare, Mrs. Ern Zybach, Mrs. Brown, Mrs. Herbert Finsterwald; Hospitality, Lee Barry, Miss Wilson, and Clarence Zybach; Refreshments, Mesdames Lester Johnson, Fred Waters and J. C. Moore.

News from the First Grade
The first grade room has twenty children in it now. Eddie Walker had a tooth pulled at school a few days ago. He said it didn't hurt much. Mrs. Cash Walker and Mrs. G. H. Treadwell are room mothers for the

first grade. Donald Finsterwald was absent from school one day last week on account of illness. We have a new gold fish bowl and two gold fish in our room. We like to watch the fish eat. Monroe and John Helton were absent from school yesterday.

Books Added to Library
The senior graduating class of '42 dedicated its memorial of \$8.75 to be used in buying new books for the High School library. These books were placed on the library shelf Tuesday morning. They include the following: The Glass Slipper by Elberhart; The Man of the Desert by Hill; When Patty Went to College by Webster; In His Steps by Sheldon; One Foot in Heaven by Spence; Victory by Conrad; The Red Lamp by Rinehart; The Rosary by Barclay; Gay Courage by Loring; When Knighthood Was in Flower by C. Major; The Secret Garden by Burnett; Happiness Hill by Grace Hill; Rebecca by Daphne DuMaurier; Arabian Nights by Burton and Air-War by Pierce.

Biology Class Enjoys Field Trip
Tuesday morning the Biology class sponsored by its teacher, W. M. Wood touring some meadows, hills and valleys in the vicinity of Briscoe, collecting species of different animals for class work, taking notes on natural surroundings and commenting much on plant life.

P. T. A. Sponsors Entertainment
Last Wednesday night, September 16 the Parents-Teacher Association gave a reception and a social for the Briscoe Teachers and community. Almost all the young people and parents were present. Games were heartily entered by everyone and enjoyed by all. After the games were ended an abundance of refreshments consisting of cookies and pop was served. Everyone seemed to have a delightful time and a big spirit of friendliness and cooperation prevailed everywhere.

Second and Third Grade News
We have a new student in the third grade. His name is Richard Harris who comes from Sayre, Okla. We got to start eating in the lunch room yesterday and like to eat there. Several of us got our flowers pressed and in our books and they are pretty. We missed Ailenna Evans four days last week. She was gone to Okla. City. We got to hear Miss Fisher, the missionary from India, last Friday and enjoyed hearing about the boys and girls there.

Senior Scratchings
The seniors are looking forward to Tuesday's Biology Class, because we are going on a field trip, we hope. Some of the boys are getting restless for a party. Won't someone

please give one? Willie said, he just about drowned last Friday afternoon in the rain, but it was just our luck, he didn't. Andy seems to be quite the man about town since he got his new car.

Briscoe Young People Leave for College
The last two Sundays have witnessed some vacant pews in the different church in Briscoe, due to the fact that these young people have launched forward in the beginning of life's careers. Edd Clepper has entered Denton College, Mary Evelyn Wood, Modeen Wilson and Harmon Clepper entered Canyon. Others are planning for their future's success.

Our Gang Happenings (Sophomore)
Bessie Davis was absent from school Monday due to illness. The Sophomore Home Economics girls are beginning on their general wear dresses which they will make this term. Hazel Harvey visited friends in Pampa, Saturday night. Who is he, Hazel? Anita O'Brien is quickly improving from her operation.

Sophomore Personality
Name: Lottie Marie Zybach; nickname, Peggy; color of eyes, blue; color of hair, brown; age 14; weight, 118; height, 5 ft. 4 in.; favorite radio star, Leslie Deymon, favorite teacher, all; favorite subject, algebra; favorite actor, Dennis Morgan; favorite actress, Priscilla Lane; favorite food, soda crackers; likes, boys, red headed preferably; dislikes, catty people; pet expression, Don't do nothin' 'yell' regret; ambition, red cross nurse; condition at time of this interview, bad as usual.

Wonder Why?
We aren't disturbed fourth period by the band? Wayne and Warren didn't pay attention in English class Monday? All the Briscoe girls are so quite and the boys so loud? The Biology class was going on a bug hunt? Andy talks to Wayne so much? The students aren't studying more? Bessie is so mean? Alice is scared of snakes? Melvins always looking over someone's shoulder?

Seen and Heard
Warren saying in English, "I don't know how to do this." A certain couple "busted up" for good. Laverne being so happy Monday morning. Pat Clepper being "grandpaw." Gene putting too many things in the paper. Melvin being late to class. Estelle being signalled at church Saturday night. That we have fifteen new fiction books. The American History Class working on an outline. Zane Grey goin west. Dollie Jo and Marion making up new hair do's.

Junior Scribblings
Junior Characteristics
Jimmie Venable—Smart; Estelle Aderholt—Graceful; Roy H. Johnson—Mischievous; Zetha Dickinson—friendly; Bill Cowan—Quiet; Mable Alice Smith—Pretty; Wayne Meek—Witty; Joyce Sorensen—Attractive; Carl Simpson—Talkative; Clara H. Seedig—Nice; R. H. Dyson—Cute; Alva Lee—Considerate; Warren Witt—Likeable; Alice Cowan—Athletic; R. L. Zybach—Good Looking; Marie Finsterwald—Understanding; Doyle Ramsey—Industrious; Inez McCraw—Wishful; Hiram Cowan—Tactful.

LEGAL NOTICE
(First Published in the Wheeler Times September 24, 1942) 1t
THE STATE OF TEXAS TO THE SHERIFF OR ANY CONSTABLE OF WHEELER COUNTY, GREETING:
Willie B. Tate, Administratrix of the Estate of Joe Wright Tate, deceased, having filed in our County Court her final account of the condition of the estate of the said Joe Wright Tate, deceased, together with an application to be discharged from said administration, you are hereby commanded, that by publication of this writ once in a newspaper regularly published in the County of Wheeler, and said publication shall be not less than ten days before the return day hereof, you give due notice to all persons interested in the account for final settlement of said estate, if any they have, in said court on or before Monday, the 5th day of October, A. D. 1942, when said account and application will be considered by said court.

Witness, Harry Wofford, Clerk of the County Court of Wheeler County. Given under my hand and seal of said court at my office, in the City of Wheeler, this 23rd day of September A. D. 1942. (Seal)
HARRY WOFFORD Clerk, County Court, Wheeler Co., Tex.
A true copy, I certify:
JESS SWINK Sheriff

APPLES VICTORY FOOD DRIVE ENDS SATURDAY
Reports of local merchants indicate the first portion of the Victory Food Special drive featuring fresh apples (ending this Saturday) was a complete success, according to Mr. P. G. Boston, Food Industry Committee Chairman.

Mr. Boston pointed out fresh apples will again be designated as a Victory Food Special during the period of October 22 through 31 by the Agricultural Marketing Administration. Apples were selected a Victory Food Special to encourage full use of this fruit, which is now quite plentiful. By homemakers using Victory Food Specials, such as fresh apples, abundant supplies are not wasted and other vital foods may be released to meet war needs.

Sixth Grade News
The sixth grade met Thursday, September 10 to elect the following class officer: President, Thurman Horn; Vice-President, Betty Joe Standlee; Secretary and Reporter, Janell Aderholt; Program Committee, Rosemary Finsterwald and Richard Higgins; Room Parents, Mr. and Mrs. C. Zybach, Mr. and Mrs. Bill Finsterwald. We are very sorry that Joann Michel cannot be with us this year.

What If?
Melvin didn't like all the girls? "Grandpaw didn't like "Grandmaw,"? Mr. Brown didn't like to teach American History?

DEFINITION: Nonsense — An elephant hanging over a cliff with his tail tied to a daisy.

The meek haven't inherited the earth, but they have inherited most of its bills.

Allison News

(By Times Correspondent)
Mr. and Mrs. H. J. Wright are the proud parents of a baby girl born at the Wheeler Hospital, Tuesday.
Mr. and Mrs. L. C. Reed who are looking after their crop at Dalhart spent the week end here. WOMEN'S CLUBS AND SOCIAL EVENTS

MRS JOHN LEWIS IS STUDY CLUB HOSTESS

Mrs. John Lewis was hostess for the Wednesday Study club, Wednesday, Sept. 23 in the Methodist church parlor.

A short business session was held before the program. Practical Life was the theme of the discussion with Mrs. Jimmie Mitchener, as leader; Do we fail in teaching love, gratitude and respect was discussed by Mrs. J. W. Barr; True Obedience and Modern Methods of Securing it was given by Mrs. T. C. Harless of Magic City; Earnings and Saving as Factors in Development and Character was presented by Mrs. Holt Green; Mrs. Lee Guthrie, president, gave an interesting talk on Self Culture and it's Results. The club answered the roll call by naming some character actor having Self Culture and Greatness.

Mrs. George Porter, guest, gave several piano numbers and the club adjourned by repeating the club creed.

Refreshments were served to Mrs. George Porter, a guest, and the following members: Mesdames J. W. Barr, Holt Green, M. L. Gunter, Lee Guthrie, R. J. Holt, Joe Hyatt, T. C. Harless, R. D. Holt, Jimmie Mitchener, Ansel McDowell, Floyd Pennington, J. M. Porter, H. M. Wiley, Ed Watson, W. L. Williams, W. C. Zirkle, D. A. Hunt, Wayne Cook, and the hostess, Mrs. John Lewis.

KAPPA BETTAS HONOR MRS. BEN HELTON WITH SHOWER

The Kappa Beta club honored Mrs. Ben Helton with a shower Tuesday evening at the home of Miss Leona Crossland.

Following the delicious dinner table games were enjoyed by Mrs. Max Wiley, Mrs. Calvin Harmon, Misses Elva Willard, Mary Eunice Noah, Mary Helen Jones, Evonne Hubbard, Helen Green, Arlie Lee, Mrs. H. E. Nicholson, sponsor, Miss Florence Merriman, a guest, Mrs. Ben Helton, the honoree and the hostess, Miss Leona Crossland.

Those sending gifts were Mrs. Dudley Callan, Miss Ina Fay Robinson and Marie Herd.

SUNSHINE SEWING CLUB MEETS WITH MRS. MARTIN

The Sunshine Sewing club met September 17 with Mrs. J. C. Martin. After the business meeting, refreshments were served to the following: Mesdames Cliff Mason, Roy Weatherly, Floyd Davidson, Weldon Weatherly, Lloyd Davidson, T. M. Bradstreet, Joe Weatherly, Otho Gains, J. G. Davidson, Misses Alpha Games and Iva Davidson and the hostess, Mrs. J. C. Martin.

The next meeting will be with Mrs. G. W. Mason.

BAPTIST W.M.S. MET MONDAY IN PENNINGTON HOME

The W.M.S. met in the home of Mrs. Floyd Pennington Monday afternoon for a Royal Service Program, with Mrs. C. B. Witt as program leader, assisted by Mrs. C. N. Wofford, Mrs. Jimmie Mitchener, Mrs. George Porter and Mrs. Lee Guthrie.

A short business meeting was conducted by Mrs. Bob Rodgers during the afternoon.

Others attending were Mrs. O. O. Holladay, Mrs. Minnie Farmer, Mrs. A. C. Wood, Mrs. Lile, Mrs. Carl

Lafflin, Mrs. Williams and the hostess, Mrs. Pennington. Delicious refreshments were served at the close of the meeting.

WSCS MEETS AT CHURCH MONDAY

The W.S.C.S. met at the church Monday afternoon for another study of Latin America, with Mrs. J. M. Porter as leader. Mrs. Cook led the devotional and Mrs. Davidson held a short business session in which she reported the society had bought their second one hundred dollar bond, and purchased new table linens.

Those present were Mrs. J. M. Porter, Mrs. Roe Green, Mrs. J. D. Merriman, Mrs. Wayne Cook, Mrs. Loyd Davidson, Mrs. Albert Hayter, Mrs. Luther Parks, Mrs. W. C. Zirkle, Mrs. A. Bryant and Mrs. G. W. Wren.

Pleasant Hill

(By Helen Waldo)

Mrs. J. L. Shumate and son, Paul, had for Sunday dinner guests, Mr. and Mrs. Harmon Grimes.

Mr. and Mrs. Harvey Patterson and children, Mr. and Mrs. D. H. Caswell and Mr. and Mrs. Taylor Patterson and family motored to Perryton, Sunday, and spent the day with Mr. and Mrs. Frank Patterson.

Mr. and Mrs. Cliff Weatherly and son, Joe, of Wheeler and Mr. and Mrs. Roy Weatherly and children spent Sunday with Mr. and Mrs. Weldon Weatherly and children, Peggy, and Bobby Jack.

Mr. and Mrs. Zerald Been and children of Pampa, and Mr. and Mrs. Harold Hill and Misses Myrtle Etier, Louise Gillenwater, Wilma Jean Cox and Billie Sue Grimes spent Sunday with Mr. and Mrs. Arnold Waldo and children.

Miss LaVerne Cox of Briscoe and Maxine Babbs of Wheeler spent Sunday with Mr. and Mrs. Claude Cox.

Misses Louise Gillenwater and Helen Waldo and Orrie Young, J. B. Rogers and Clifton Patterson were guests of Miss Nadine Brumley Saturday night.

Ball Game With White Deer Called Off

The Wheeler Mustang-White Deer football game scheduled for last Friday evening to be played in White Deer was called off because of heavy rains.

No game is scheduled for this week. Friday, October 2, the local team is scheduled to play their first conference tilt with Lakeview. The game is to be played there.

WHAT SAY YOU?

For as the body is one and hath many members and all the members of that one body being many, are one body, so also is Christ for by one spirit are we all baptised into one body whether we be Jews or Gentiles, whether we be bond or free and have been all made to drink into one spirit for the body is not one member but many. I Cor. 12: 12-13-14.

—W. J. BRUMLEY

Mobeetie Happenings

(By Times Correspondent)

Sunday School Class Entertained

The younger boys Intermediate S. S. Class was entertained Thursday night by their teacher, Mrs. Willard Godwin. The class invited the younger Intermediate Girls Class.

A picnic supper was served to the following: Clifford Smith, John Tabor, Verney Mixon, LeRoy Patton, Qunitis Godwin, Glenn Edwin and James Hogan, Norman Lowery, Benny Barton, Joe Eubanks, Billie and Drew Godwin, Claudia Mae Patton, Ernestine Seitz, LaRue Flanagan, Elma Mat Satterfield and Vera Mixon, the three hostesses, Mrs. Foy Satterfield, Augusta Matthews and Mrs. Godwin.

Blue Bonnet Study Club Meets

The Blue Bonnet Study Club met in the home of Mrs. Henry Flanagan with Mrs. Ralph Martin and Mrs. G. W. McLain in charge of the program.

Refreshments were served to eight members and two guests. Those present were Mrs. E. E. Johnston, Mrs. Willard Godwin and son, Jay, Mrs. G. W. McLain, Mrs. Emmitt Tabor, Mrs. G. L. Key, Mrs. John Dunn, Mrs. Ralph Martin and the hostess, Mrs. Flanagan.

Miscellaneous Shower Given

A miscellaneous shower was given in honor of Mrs. Sparks, Saturday afternoon, in the home of Mrs. Ted Ewing.

Those present were: Mesdames A. F. Rush, C. A. Dysart, Jess Patterson, R. B. Leonard, Arzie Corcoran, Frank Worthington, Alvis Burke, Ernest Seitz, Doyal Grimes, Frank Mote, Alwyn Savage, Albert Newman, the honoree and the hostess, Mrs. Ted Ewing.

Louise St. John is spending the week with Mrs. Ted Ewing while Rev. Ewing is at Skelleytown in a revival.

Joe Tilley who is employed at Dumas is spending the week in Wheeler with his family.

Miss Lucile Chance, county home demonstration agent, Miss Betty Sue Bownds, assistant county home demonstration agent, Jake Tarter, County agent and Victor Joiner, assistant county agent, returned the first of the week from College Station, where they attended an agents conference at Texas A. and M.

Davis News

(By Mrs. Zura Bullock)

There was a nice crowd at Davis Sunday for Sunday School and the Singing Convention in the afternoon. Out of community visitors included Mr. and Mrs. Leon Prescott and daughter, Juanita, Mr. Smith, George Foulkes and Mr. and Mrs. Meek and daughter, Lola, of Mobeetie, Mr. and Mrs. Sam Davis and daughters and Mrs. Davis' mother of Elk City, Okla., Mrs. Troy Welty, Mrs. Wegner, Mr. and Mrs. Lee Gipson and family, Mr. and Mrs. Hester Dodson, Mr. and Mrs. Will Harris and son, Bill Joe of Center, Mr. and Mrs. M. F. Shinn and Mrs. Jess Meason of Muleshoe and Mrs. Bill Johnson and daughter, Janiece of Newolla, Okla.

Mr. and Mrs. Ray Aderholt and son, Gary, returned home Sunday after spending several weeks in this community.

E. J. Cooper came home Friday from Dallas where he spent the week with his father and other relatives.

Mrs. O. L. Slaton spent the week end with her daughter, Mrs. Willard Ingram and Mr. Ingram near Wheeler, her brother from Calif., was also a visitor of the Ingrams.

Mr. and Mrs. Earl Gordon of Sayre spent the week end with his brother, D. R. Gordon and family.

Mr. and Mrs. Elmer Brown and children were Sunday guests of relatives in Reydon, Okla., and little Patricia had the misfortune of breaking her arm while playing Sunday afternoon. She remained in Reydon for a few days.

Martha Nell Womack had her tonsils removed Friday. She came home Saturday and is doing fine.

Mr. and Mrs. Rufus McCathern and children of Mobeetie and Mrs. Marion McCathern and Mr. Black of Wheeler were Sunday guests of Mr. and Mrs. Joe Anderson. They attended singing at Davis Sunday afternoon.

Mr. and Mrs. M. F. Shinn, Mrs. Bill Johnson and Janiece and Mrs. Jess Meason were Saturday night guests of Mr. and Mrs. Oscar Kenney and went to Reydon Sunday afternoon to spend the night with Mr. and Mrs. Walter Merrick. They returned home Monday, Mrs. Johnson going by bus to her home in Newolla, Okla.

Mr. and Mrs. Oscar Kenney attended to business in Shamrock, Monday.

The truck from Tipton Orphan's Home was here Saturday Sept. 19 and brought five-hundred empty jars. Most of them half gallons. We are making an effort to fill these jars with surplus commodities from this vicinity. Contributions from this community, from Kelton and two individual contributions from the Twitty community made up a load of 546 quarts for the truck to take back. We are expecting members of the Church of Christ at Twitty and Shamrock to aid in filling the empty jars we now have on hand. Officials of the Home sent the truck here on a special mission to pick up the load of full jars and to bring empty jars to us for use latter.

The leaders of the Church of Christ are grateful to all those who have helped in the last few weeks in making the first campaign highly successful.

Others desiring to have a part in this great benevolent work, and have

PEEPING IN THE WHEELER TIMES WINDOW

This week The Times window has on display, a miniature bale of cotton presented by B. F. Holland, manager of the Briscoe Gin; also, the rattlers from two large snakes killed by Mr. and Mrs. Otis Reed last Tuesday six miles southwest of town. One has nine rattlers and a button while the other has eight rattlers and a button.

W. H. White brought in for display, a very large purple globe turnip, measuring 17 in. in circumference. Display material always welcome.

Community Entertains Teachers

The people of the community gave a "get acquainted supper" Friday night at the Masonic Hall for the new teachers. Each one brought a dish and dinner was served buffet style.

Leonard Green was master of ceremonies. A welcome was extended to the teachers by various men; Jack Miller represented the business men; Rev. G. W. McLain the churches; Jess Patterson, the rural districts; L. D. McCauley the School Board; Mrs. Willard Godwin, the Blue Bonnet Study Club; Mrs. John Dunn, the Red Cross Chapter. Each teacher was then introduced and made short responses to the welcome extended them. About fifty people attended.

F. F. A. Boys Collect Bones

The F. F. A. boys have been hunting bones the past week. Nearly all the boys went to school horseback Thursday. They went out to Wade Duncan's and P. P. Corcoran's. They found a lot of bones and are going to get them one day this week with wagons. They left at 3:15 Thursday evening. The bones are to be sold to the Government for \$16.00 a ton.

Don't Fry Men, Fry The Fish

The following sentence was taken from a Freshmen English theme. LaRue Flanagan might tell you whose theme it was: "Thursday Daddy and two other men went fishing on the bay and that night we fried them over an open fire place."

Schools Order New Magazines

The following magazines have been ordered for the Mobeetie High School Library and the Grade School: Readers Digest, Time, Hygiea, Goodhousekeeping, Forecast, Cattlemen, Grade Teacher, Instructor, Children's Activities, American Childhood and

Flying & Poplar Aviation.

New Student Makes Hit

Our new student has been in school more than some of the pupils. He wanted to get into the brightest class, so when a senior opened the door to the senior home room the new student just walked in. After the class had put him out he came right back (just like some people who cannot take a hint). The other day he got his feelings hurt when hit by someone and left our school, never to return. The school misses our friend and classmate, the dog.

Introducing The New Teachers

Mobeetie High School opened with three new teachers. They are: Superintendent Jack Davis, Miss Dorothy Burton, and Mr. Leo Meier. Mr. Davis has attended five colleges. He attained his Bachelor Degree at Southwestern State Teachers College. Later he received his Master of Art Degree at Western State College in Colorado. Mr. Davis has had ten years teaching experience, his latter being at Dodson, Texas.

Miss Dorothy Burton is the new Homemaking teacher. She attended the Texas Technological College at Lubbock. Her home is in Pampa.

Mr. Leo Meier is the new agriculture teacher. He went to Texas Technological College at Lubbock. Mr. Meier taught two years at New Deal Public Schools at Lubbock, Texas, and one year at Fort Hancock, His home is in Shattuck, Okla.

Picked Up—Here And There

It has been told that Annas Hodges is worrying quite a lot. No one seems to know why.

Stacy Arnold was seen hunting prairie dogs this week at an undisclosed spot. Do you suppose M. Lamman could shed any light on this subject?

Several people have noticed C. Seitz looking like he didn't have a friend in the world. This was noticed soon after Marjorie Hefley left.

A number of people were hunting the postmistress Sunday afternoon. No one seemed to know where she was!

Ex-Students Enroll in College

Several of the former students of Mobeetie High School are entering college as Freshmen this semester.

Junior Barton and Wayne Sims have enrolled in Texas Technological College at Lubbock.

J. B. Oswalt and Doris Goodnight will register at West Texas State College this week.

Mrs. Arthur Carmichael is attending Oklahoma College for Women at Chickasha, Okla.

Gossip—An Editorial

Gossip is idle talk. It seems to be the main hobby of many of the student in the M. H. S.

Anyone can see two or three gathered and you bet they are gossiping. It could be about their boy friend or somebody else's girl friend or nearly any other subject.

Gossip is a draw back to civilization. It seems that humanity would draw to an immediate close without gossip, but a large per cent of it could be cut out to make room for things of more importance such as studying.

Mrs. C. M. Garner of Allison, transacted business in Wheeler, Monday.

Mrs. J. M. Porter and Mrs. Albert Hayter made a business trip to Shamrock, Friday afternoon.

Betty and Valere Riley left Friday for a few days visit in Amarillo before enrolling at W.T.S.C., Canyon.

LEGAL NOTICE

CITATION BY PUBLICATION
(First Published in The Wheeler Times September 24, 1942) 4t

THE STATE OF TEXAS

TO: Gussie Andrews and her husband, James Andrews, Iver Hansen, if living, or if dead, then the unknown heirs of the said Iver Hansen, deceased, and the unknown heirs of Grace Vaught, deceased, Defendants, GREETING:

You are hereby commanded to appear before the Honorable Thirty First District Court of Wheeler County, Texas, at the Court House thereof, in Wheeler, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, the same being the 9th day of November, A. D. 1942, then and there to answer plaintiff's first amended original petition filed in said court on the 21st day of September, A. D. 1942 in lieu of plaintiff's original petition filed in said court on the 19th day of June, A. D. 1942, in this cause, numbered 3396 on the docket of said court and styled Commissioners of the Land Office of the State of Oklahoma, said Commissioners now being Leon C. Phillips, C. C. Childers, Frank C. Carter, Joe C. Scott and A. L. Crable, constituting said board of Commissioners, Plaintiff's vs. Ernest Purcell, Homer Purcell, Laverne Purcell, Gussie Andrews, James Andrews, Bernice Giddens, Norval Giddens, Jas. C. Moore, E. R. (Gene) Brewer, Ruby Brewer, Iver Hansen, if living, or if dead, then the unknown heirs of the said Iver Hansen, deceased, and the unknown heirs of Grace Vaught, deceased, defendants. A brief statement of the nature of the suit is as follows, to-wit:

Plaintiffs in their official capacity sue to establish and foreclose as against all defendants a certain mortgage and mortgage lien securing a certain mortgage note in the principal sum of Eighteen Hundred and No-100 (\$1800.00) Dollars, dated May 15, 1923, due May 15, 1928, payable to the order of the Commissioners of the Land Office of the State of Oklahoma, with interest at the rate of Five Per Cent per annum, said mortgage and note given and signed by Charles A. Purcell and wife, Ada Purcell, said mortgage covering Lots 2, 3 and 4 and the East Half of the Southeast Quarter of Section 18, and Lots 1, 2, 3 and 4 and the East Half of the Southeast Quarter and the East Half of the Northeast Quarter of Section 19, and Lots 1 and 2 of Section 30, all in Township 13 North, of Range 26, West of the Indian Meridian, containing 463.34 acres, it having been determined by decision of the Supreme Court of the United States, dated March 17, 1930, that 303.67 acres off the west side of the above described land is located in Wheeler County, Texas. Said 303.67 acres has been surveyed and is now known as Section 34, Block OS-2, Wheeler County, Texas. Under the terms of Article 5330a of the Revised Civil Statutes of Texas, the plaintiffs as lienholders made application for patent to said Section 34, Block OS-2 from the State of Texas and paid \$387.64, purchase money, costs and fees to secure said patent to said land in the name of the March 17th, 1930 owner, and plaintiffs now sue to establish and foreclose their lien for the said sum of \$1800.00 and \$387.64 aforesaid; together with all interest and Ten Per Cent of the principal as attorney's fees as provided by said mortgage and for order of sale, all as is more fully shown by the Plaintiffs' First Amended Original Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Wheeler, Texas this the 21st day of September, A. D. 1942.

Sleepytime Gal
The picture for Friday and Saturday, September 25 and 26, at the Rogue is Sleepytime Gal starring Judy Canova with Skinnay Ennis and his orchestra. This, of course, is guaranteed to drive the blues away and makes you forget the war for a while. It is the kind of picture that will make you "unlax" as Amos and Andy would say. We believe that you will thoroughly enjoy it.

Ship Ahoj
You folks have been asking us for some time when we are going to have Red Skelton and Eleanor Powell in Ship Ahoj. Well, we are happy to announce that the date is Preview, Sunday and Monday, September 26, 27 and 28. This is another light, happy-go-lucky comedy that is sure to please preview audiences everywhere. And don't forget that Tommy Dorsey and his orchestra will be there doing their stuff, to say nothing of Eleanor Powell and her tap dancing and Red Skelton and his line of bla-bla.

The Remarkable Andrew
For Wednesday and Thursday, September 30 and October 1, we bring you The Remarkable Andrew with Brian Donlevy, William Holden and Ellen Drew. This is strictly a comedy farce in which a young clerk who has been jailed because of a superior's shady dealings, is visited by the spirits of famous historical personages representative of Andrew Jackson, Benjamin Franklin and George Washington. These ghosts guide the young lover back to the right road and uncover evidence

It's been a fair contest, folks, but the Purina-fed hog looks like a sure winner! Its grain-fed opponent just can't keep up with this fast growing Purina-fed heavyweight.

About three months ago, you remember, we picked out two young pigs from the same litter. They had just been weaned, and looked as much alike as two peas in a pod. We brought these two little pigs into our store and put them in separate pens. One of them was fed on grain, and the other on grain plus Purina Hog Chow Supplement. Otherwise, their care was exactly the same.

You ought to see the difference in these two pigs today! It looks like the "Hog Chow plus grain" hog might weigh twice as much as the one fed on straight grain when the final weighing-in day comes. It's really something to see, folks, the difference in these two pigs. And the surprising thing is, the Purina-fed pig has actually eaten less feed per pound of gain. He not only put on more pounds of pork, but also at lower cost!

Bring your cream, poultry and eggs—You'll find us right on price—right on count and test and right happy to serve you. Your neighbor brings his produce to us—ask him.

Fight! Work! and Save!

A War Message on WAR BONDS

from the President of the United States

"... The American people know that if we would raise the billions which we now need to pay for the war and at the same time prevent a disastrous rise in the cost of living, we shall have to double and more than double the scale of our savings.

"Every dime and dollar not vitally needed for absolute necessities should go into WAR BONDS and STAMPS to add to the striking power of our armed forces.

"If these purchases are to have a material effect in restraining price increases they must be made out of current income.

"In almost every individual case they should be big enough to mean rigid self-denial, a substantial reduction for most of us in the scale of expenditure that is comfortable and easy for us.

"We cannot fight this war, we cannot exert our maximum effort, on a spend-as-usual basis.

"We cannot have all we want if our soldiers and sailors are to have all they need."

... Franklin D. Roosevelt

On The Home Front

If you tried to buy a new piece of farm machinery or equipment within the past week, you found, no doubt that Uncle Sam had placed control on such sales—a prelude to rationing.

Government agencies have decided that the all-out agricultural production program scheduled for the coming year is so important that it is necessary to place present stocks of new farm machinery and equipment into hands of farmers who need it most. Stocks of such equipment were ordered temporarily "frozen" by the U. S. Agriculture Department, with the order to remain in effect until machinery for rationing can be set up by the USDA.

Under the proposed rationing plans, details in each state will be handled by State USDA War Boards, and in each county by the County Farm War Board, of which the county AAA committee chairman is the head. In addition to the chairman, the county rationing committee will be composed of two farmer members and their alternates, appointed by the County War Board. In the Southwestern region, the State War Board chairmen are B. F. Vance, College Station, Texas; G. J. Durbin, Baton Rouge, La.; and C. T. Cameron (acting), Stillwater, Okla.

The temporary rationing plan classifies farm machinery and equipment in three groups.

Items in the first group (Group A) include farm machinery vitally essential to current agricultural needs and which hereafter may not be sold by a dealer unless the farmer has obtained a purchase certificate from his county rationing committee—not the county war price and rationing board. In this group are included combines, disc harrows, feed grinders, grain drills, hay balers, milking machines, beet lifters, beet loaders, corn pickers, grain elevators, lime and manure spreaders, milk coolers, pickup balers, potato diggers, shredders and tractors (including garden tractors).

In the second group (Group B) are other farm machinery and equipment not in the first group, and may be sold on certification by the farmer to his dealer that the equipment is essential for current agricultural production needs. In the third group are such items as hand tools and smaller horse-drawn equipment which may be sold without restrictions. The temporary rationing plan does not apply to repair parts.

In the last week, the Office of Price Administration took cognizance of contests to Maximum Price Regulation No. 211 (cotton ginning service) by the Southwest's ginners. The OPA issued an amendment to permit a ginner to seek a price adjustment if he can show that his ceiling and those of substantially all the ginners in the same competitive area are "out of line" with maximum prices prevailing in the nearest competitive area and that this condition subjects him to substantial hardship. Another change in the regulation provides that the "hauling" of cotton to and from gins by the ginner shall no longer be included in the ginning services for which ceilings are established by MRP No. 211. The first change was made to

take care of ginners who might have become engaged in a price war and were caught with an exceptionally low base period price. Petitions for adjustments should be filed with the regional OPA office in Dallas if the petitioner's gin is located in Texas, Louisiana, Missouri, Oklahoma, Arkansas or Kansas.

Another item of interest to the Home Front army during the past week was the announcement by Regional OPA Administrator Max McCullough that the tentacles of inflation were again clutching at the nation's pocketbook—that the cost of living was still rising in the Southwest despite price control. He pointed out that price control was proving an effective deterrent, because figures issued by the Bureau of Labor Statistics showed that prices of controlled items were remaining stable, but prices of uncontrolled items were rising. A survey of the major cities in the nation showed that from July 15 to August 15 the cost of living climbed 2.2 per cent.

From time to time, the Office of Price Administration has taken steps to maintain quality—an important part of the price control picture. There have been many reports that manufacturers have cut the quantity or quality of a commodity but have maintained their March highest price. OPA has vigorously warned such dealers that lowering of quantity and quality must be accompanied by a similar reduction in price. After a thorough investigation, OPA found many of the nation's packers upgrading their meats, thus forcing the country's housewives to pay a high price for poor quality meats. As a corrective measure, the OPA has directed that all beef and veal carcasses and cuts sold as "choice" quality must be so graded and grade-marked under supervision of official Department of Agriculture graders. These choice varieties, which have been graded, as AA, normally constituted approximately five per cent of the total output and are used primarily by the hotel and restaurant trade. However, in recent months of short beef supply, buyers have encountered an enormously increased percentage of the total output privately marked by packers as choice grade AA, which is the highest price grade. Such increased volume in the top grades represents upgrading in which purchasers—anxious to secure supplies regardless of price—have acquiesced.

Fewer Types of Bulbs To Be Produced
Almost 2000 electric light bulbs and lamps of various voltage, wattage and color will go out of production when WPB's new order L-28-A goes into operation on November 1. No curtailment in the total production of electric bulbs will result from the action, as adequate supplies of the permitted types will be produced.

Reclamation Of Goods Planned
Reclamation of Army clothing, blankets, mattress covers, barrack bags and other items of equipment will be undertaken to the WPA on a nation-wide scale, with the Army furnishing the thread, buttons, material and patches and the WPA furnishing the labor without charge. In addition to the service to the Army and the important savings, the clothing projects will enable thousands of women WPA workers, barred by age or other considerations from war industries, to help materially in the war effort. On small-scale operations in New England, WPA clothing projects have reclaimed more than 200,000 items of clothing and equipment for reissue during the last four months.

Rails Will Go To War
Rail from the Elkhart and Santa Fe line, which once carried produce and cattle between Boise City, Okla., and Farley, New Mexico, soon will go to war, under a WPB requisitioning order. WPB Chairman Donald Nelson stated the rails are urgently needed in naval supply depots of the Pacific Coast. In addition, a large amount of the 980,000 feet of track to be recovered will be used to speed completion of the giant new arsenal at McAlester, Okla.

Nine New Areas To Get Rent Control
Stabilization of rents under federal control is scheduled on October 1 for nine more defense-rental areas in the Southwest OPA region. Opening of the new area rent offices will bring to 36 the total number of areas in this region under federal regulation. The offices will administer rent control in the following areas: Choteau, Okla.; Borger, Texas; Eagle Pass, Texas; Gainesville, Texas; Greenville, Texas; Marshall, Texas; Blytheville, Ark.; Hot Springs-Malvern, Ark.; and Benton-Bauxite, Ark. In eight areas, rents will be cut back to levels of March 1 this year. At Choteau, Okla. the freeze date is October 1, 1942.

Dallasite Gets ODT Post
Appointment of Daniel E. Clifford of Dallas as an assistant deputy associate director in ODT's division of railway transport has been announced by W. T. Long, Jr., deputy associate director. Mr. Clifford will be stationed at El Paso and will travel in West Texas, New Mexico and Arizona. He is a veteran railway man, formerly associated with

"Git along little doggie...you're a Fraud"

SLEEPING DOGS MAY LIE, but so do some that stand upright. Yet one sniff satisfies Foxy that his little pal is a fake.

Too bad you can't just as readily smell quality in oil. Neither can you see it, feel it, or taste it. This doesn't mean that there's no way to spot the genuine article.

So here are facts to help you pick a quality oil: Phillips offers a number of oils because car owners' preferences vary almost as much as their cars and pocketbooks. But when you want our best oil, there's no need for doubt or question. Phillips speaks out plainly. Tells you frankly that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to car-owners like yourself.

You can readily make sure of quality when you are replacing summer-worn lubricant with the correct winter grade, or when you are making the regular 1,000-mile change, by asking for Phillips 66 Motor Oil.

IT'S PHILLIPS FINEST QUALITY

the Texas and Pacific Railway Co.

Bond Named Manpower Director
James E. Bond, named region director of the War Manpower Commission for Texas, New Mexico and Louisiana, soon will establish headquarters at Dallas. Formerly head of the U. S. Employment Service for Texas at Austin, Mr. Bond's appointment as WMC region director follows his recent designation as special representative to set up manpower committees in Texas to help administer the new anti-labor-policy in the nonferrous metals and lumbering industries.

Record Made in Oil Shipments
A new peak for tank car oil shipments to the east coast reached during the week ending September 12, when an average of 838,440 barrels daily moved to the shortage area.

Tenant Scores in Civil Suit
Award of \$50 damages and attorney's fees to a Wichita, Kansas, tenant for excess rent charges resulted from the first civil suit decided in the Southwest OPA region under the treble damage clause of the Price Control Act of 1942. Evicted by his landlord, who wished to remodel the premises, the tenant brought a cross action alleging a 50-cent a week overcharge on rent from June 1, 1942, when federal rent control became effective in Wichita. Under the rent control law, the tenant may sue his landlord for treble the amount of rent overcharge, or \$50, plus costs and attorney's fees, whichever is greater. Rent control has been invoked in 27 areas in the six states comprising the Southwest OPA region, and will be invoked in nine additional areas on October 1.

Sugar Can Be Replaced
Sugar purchase certificates may be issued by the Army Exchange Service to replace sugar used in products delivered to Army post exchanges, OPA announced. Details about the replacement may be obtained from the exchange officer at the post where the products are delivered. Manufacturers who use sugar in finished products delivered to the Army or Navy, principally for ration kits, also can qualify for replacement of the sugar they used, through application to the local war price and rationing board with which they are registered.

All-Purpose Ration Book Sent To Printer
OPA last week sent to the printer the first of the nation's all-purpose ration books, designed to provide a swift means for rationing any commodity as soon as a critical shortage appears imminent. The book is adequate for rationing of at least two major groups of commodities for a maximum of six months. Three more ration books of similar character are now in preparation by OPA. One hundred fifty million copies of the new books will be printed, and probably will be ready for distribution shortly before Christmas.

Blanks Will Be Mailed By ODT
Owners of commercial vehicles will be mailed blanks on which to apply for the certificates of necessity required by ODT for continued operation of their vehicles after November 15. Due to begin about September 23, mailing of the blanks will be completed in time for each eligible operator to obtain his certificate. Each application blank will be accompanied by a self-addressed envelope in which it is to be returned to the central ODT mailing office in Detroit, Mich.

Mrs. Raymon, D. Holt returned from Haskell, Texas, Thursday. She visited her parents, there, who are ill.

Wholesalers and manufacturers have been established by OPA. Prices for retailers and wholesalers are governed through Maximum Price Regulation No. 210, on fall and winter seasonal commodities. Manufacturers' prices are set to MPR No. 221, which also sets standards for undergarments, in order to prevent inflation through deterioration of quality.

Ceiling Prices Set On Prunes and Raisins
Ceiling prices at levels representing about 110 per cent of parity to the grower soon will be set for dried prunes and raisins, OPA has announced. These price curbs, when issued, will be the first to be fixed on any fruit at the grower level.

Truck Pooling Program Boosted
Texas OPA Director Mark McGee, in a series of meetings with farmers, dairymen, lumbermen and business men in various sections of the state, is recommending transportation pooling and mileage rationing as the best quick solutions for the acute rubber shortage. More than 300 representatives of East Texas agricultural industries attended the meeting held last week at Sulphur Springs. Elimination of duplicating and competing routes, and pooling of hauling facilities were recommended by the OPA official.

OCD Aid Mexican Officials
Mexico's civilian defense organization has adopted insignia identical to that used by the U. S. Office of Civilian Defense, and has published a handbook, "Proteccion de la Poblacion Civil," modeled after OCD's handbook. Cooperation of the two civilian organizations has been fostered by a series of goodwill visits to Mexico by R. E. Smith of San Antonio, director of the Eighth Civilian Defense Region.

SHORT TERM EMPLOYEES MUST GET SOCIAL SECURITY ACCOUNT NUMBER CARDS

In this part of the state there are a great many men and women who spend most of their time working on farms or in domestic service, except for the summer months, when they find employment covered by the Social Security law, it was stated today by Dewey Reed, manager of the Amarillo field office of the Social Security Board.

Each of these workers should have a Social Security Account number card, said Mr. Reed because wages earned in such jobs are credited to an account maintained under this social security account number. Upon their death before age 65 or re-

tirement after age 65, they or their survivors may qualify for an old-age and survivors insurance benefits. Many of these people do not believe that this short period of employment from one to three months, could affect their entitlement to an old-age insurance benefit. However, it is just this type of employment that might fulfill their requirements for entitlement at some future date. Each wage earner should have one and only one social security account number, which he should keep at all times. The office of the Social Security Board located at 324 New Post Office Building, will furnish a social security account number card to anyone who applies for such a number.

Have You Heard?

An editorial appearing in Wednesday's Amarillo Daily News.

Have you heard about the fellow who has managed to stay out of the draft? About the man who has obtained a divorce and isn't supporting his former family? About the man who got a deferment for farm work and got a job downtown? About married men being called and single men not called?

There is a lot of whispering going around, and it's all—though not intended—in favor of the enemy. It all hurts moral. Some of it permanently harms patriotic individuals.

Perhaps you do know a man who has obtained a divorce but remains in the married men classification. You feel that the draft board should look into the matter. But is won't do any good for you to whisper it to your neighbor and for the neighbor to whisper it to the man on the bus.

What you should do is discuss the matter with the draft board. The board is anxious to track down such cases. Every week the two boards in Potter County check all divorce proceedings in the county to determine whether any registrant has appeared before the court. But the

draft boards in this county cannot check the records of all other counties.

Furthermore, some of the men "being talked about" are as patriotic and ready to serve as anyone. The whispering does them no good; it does their families no good; it does the country and the war effort no good.

A man violating the Selective Service Act is as guilty as a man violating any other law. If you saw a man burglarizing a house you likely would report it and appear as a witness against the man. If you know that a man is violating the Selective Service Act, either directly or by subterfuge, it is your duty to report it to proper authorities—the members of the draft board. When you go to the board, you will be asked to sign your name to the report.

You don't want to do that? Well, in this war it is put up or shut up.

Why spread a rumor about something you think is hurting the country if you are not willing to sign your name to the report?

Idle talk and gossip are dangerous. You are working for the enemy if you spread rumors.

FSA Is Placed On Wartime Footing

Returning this week from Lubbock, Texas where he attended a district meeting of the Farm Security Administration, Frank O. Wofford, Rural rehabilitation supervisor of the Federal agency, said the FSA's program has been placed on a wartime footing.

"Every activity of the Farm Security program will be considered on the basis of its contribution to the nation's war needs," he said. "This means that food production comes first and that we will do nothing which does not contribute directly to the Food for Freedom program."

Of special interest to Wheeler County farmers was Mr. Wofford's announcement that loan funds are immediately available for food and feed preservation needs this fall and for food and feed production operations next spring.

"Farm Security," said Mr. Wofford has the responsibility for giving the needy, low income farmer a chance to participate effectively in the nation's war effort. With our help he can make a valuable contribution to America's food produc-

tion program. Without our help, his strength and power will be weakened.

"We have instructions," he continued, "to begin making loans immediately and to dig down deeper than ever before in order to help the greatest number of farm families."

"With the prospect of serious shortages in certain foods, the nation must depend upon the small farm operators to utilize their full labor and skills if the United States and the other United Nations are to pull through the present crisis to victory."

Wheeler county farmers may obtain complete details about the FSA's wartime lending program by contacting Mr. Wofford at his office in the court house at Wheeler.

Mr. and Mrs. M. H. Vaughn of the Briscoe community transacted business in Wheeler, Tuesday.

Mr. and Mrs. Bill Owens and children of Rosco, Calif., arrived Monday for a visit with her sister and family, Mr. and Mrs. C. B. Witt. They plan to visit her brother, Tom Wood, stationed at Sheppard Field before returning to Calif.

Six Wheeler County Men Have Enlisted In Navy This Month

R. D. Holt, county navy recruiting chairman, received word Tuesday from the U. S. Navy Recruiting Substation of Amarillo, that as of September 21, there have been six men from Wheeler county enlisted in the navy this month.

Those who have enlisted include Walter Clinton Sharp and James Lewis Smith, Jr., of Mobeetie, Ralph Hadin Harris and Delbert Leon Mitchell of Keltos, Kenneth Lloyd Young of Shamrock and Harold Sidney Austin of Wheeler.

The enlistments give Wheeler county approximately 48 per cent of the assigned quota of 13 men for the month of September.

The two-week "Lexington Volunteers" recruiting drive, launched by the Navy Department last Monday, is expected to lend stimulus to Naval enlistments for the North Texas district during September and serve to boost the month's total past the goal of 3,600 recruits. Lieut. L. H. Ridout Jr., officer in charge has announced.

Latest figures show that nearly 2,500 enlistments have been handled at the main station in Dallas, and Lieutenant Ridout pointed out that a whirlwind campaign during the final days of September will bring in the recruits necessary to round out the month's quota of 3,600 men.

Every man recruited during the two-week "Lexington Volunteer" campaign, promoted by the launching Sept. 26 of a new aircraft carrier bearing that name, will receive certificates which they may keep as mementoes. Lieutenant Ridout explained that 10,000 more bluejackets than are ordinarily enlisted nationally during a two-week period are anticipated.

Leaf Worm Infestation Worst in Years

By F. A. Fenton, Head Entomology Department, Oklahoma Agricultural and Mechanical College.

The present leaf worm infestation is the worst in years. Such enormous numbers of worms hatched that there simply wasn't enough cotton leaves in the field for them. As a result they are leaving the fields by the thousands and are also forced to eat into bolls half mature or younger. The leaf worm is very easily controlled if this is done in time. The older the caterpillars get the more poison it takes to kill them. And the more leaves they will eat before they die. Also in cases of severe infestations when half or more of the leaves are gone there isn't much foliage left to poison. Under these conditions poisoning isn't as successful as it is earlier.

The leaf worm can still cause serious damage to late cotton by stripping the fields. This will mean the young bolls will not mature properly, will open later and will contain lint of an inferior quality. Any farmer who has late cotton should dust it by all means. Even though his field may be rugged, that is partly defoliated, if there are enough leaves left, he should dust it. This will leave enough leaves to mature the bolls properly and will do much to check worm damage to bolls.

We recommend calcium arsenate at the rate of 6-8 lbs. per acre depending on the size of the cotton, or a mixture of 1 lb. paris green, 1 lb. flour, 5 lbs. of hydrated lime at 7.8 lbs. per acre, or mixture of 80 per cent dusting sulphur, 20 per cent paris green or 90 per cent dusting sulphur, 10 per cent paris green at a rate sufficient to equal 1 1/4 to 1 1/2 lbs. of paris green per acre. If corn earworms are causing the damage, increase the amount of paris green to 1 3-4 to 2 lbs per acre.

If no duster is available the farmer may use a sprayer mixing his calcium arsenate or paris green in water. In small fields the dust can be applied with bags on poles.

Change Announced On Income Tax Savings Notes

Secretary Morgenthau has announced changes in the terms of the Treasury Tax Savings Notes, which have been on sale since August 1, 1941, for the convenience of taxpayers and which are receivable at par and accrued interest in payment of Federal income, estate, and gift taxes.

The changes are effective in new Treasury Notes of Tax Series A-1945 and Tax Series C-1945, which will be offered for sale beginning September 14, although the new notes will not be ready for delivery before the latter part of the month. The notes of Tax Series A-1944 and Tax Series B-1944, which have been available since January 1, 1942, were withdrawn from sale at the close of business September 12, 1942.

The new notes of Tax Series C are adaptable for dual purposes: (1) for the accumulation of tax reserves and (2) for the temporary or short-term investment of cash balances which are at present idle. This new series of Treasury Notes, the Secretary said, will furnish a security well adapted to corporations and other investors for the mobilization of their idle funds for the War program. The new terms provide greater flexibility, and, through provision for

cash redemption with interest, permit holders of Tax Series S notes to realize on the notes without loss of interest.

The notes of Tax Series A-1945, like those of prior Series A notes, are intended primarily for the smaller taxpayer. The new notes will be dated September 1, 1942, and will mature September 1, 1945, thus providing a maturity of three rather than two years from issue date. The limitation on the principal amount that may be presented on account of any one taxpayer's liability for each class of taxes (income, estate, or gift) for each taxable period has been raised from \$1,200 to \$5,000. The new limitation will also apply to prior Tax Series A-1943 and A-1944, or to any combination of the three series. In other respects the terms of notes of Tax Series A-1945 remain the same as those of A-1944. Interest will accrue from September 1942 at the rate of 16 cents per month per \$100, equivalent to a yield of approximately 1.92 per cent per annum. The notes will be issued at par and accrued interest. If not presented in payment of taxes, the notes will be redeemed at the purchase price only, either at or before

maturity, without advance notice. The notes will be available in the denominations of \$25, \$50, \$100, \$500, \$1,000 and \$5,000.

LIMIT PLACED ON AIR MAIL GOING TO FOREIGN POSTS

A weight limit has been placed on mail to foreign destinations by the postal department, according to new regulations received by postmaster Chester Lewis.

Hereafter air mail letters cannot weigh more than two ounces. This will eliminate newspapers and packages of all kinds.

The postal department has found that too much heavy mail was being sent to soldiers abroad for the planes available and this new regulation was necessary to reduce the load. Practically all of the foreign air mail has been addressed to men in service.

Mr. and Mrs. G. T. Gunter of Allison transacted business in Wheeler, Tuesday.

Sam Watson of Canadian was a Wheeler visitor, Tuesday.

Get More Cash FROM YOUR HOGS

When your pigs are healthy and eat well, it's only natural that they grow faster if they get all of the good from the feed. Watkins Mineral Compound for Hogs simulates the appetite and helps digestion so that hogs eat more and get more good from their feed. It is not a medicine but does supply the minerals that are needed for strong, sturdy bones that will carry a lot of pork. My customers tell me that their hogs get to market sooner at a lower cost when they feed Watkins Mineral. Give me a chance to prove how it will make money for you. I'll tell you more about it when I call to show you my bargains in the famous Watkins Products.
