## Fall Court Term to Begin Monday

Artie Lee Hunt, district court clerk, this week announced the docket for the November term of district court, which convenes here next Monday, November 9.

Procedure will closely follow the usual routine with the following schedule by weeks:

First week, November 9—Non-jury.

Second week, November 16—Jury Civil.

Third week, November 23—Jury, Civil; subject to Criminal.

Fourth week, November 30—Jury, Civil; subject to Criminal.

Fifth week, December 7—Jury, Civil.

Sixth week, December 14—Jury, Civil; subject to Criminal.

Seventh week, December 21—Non-jury.

On Monday, November 9, at 10 o'clock a. m. the entire docket will be sounded and called for orders.

The entire jury docket, that is all cases now pending on the jury docket, are set for Monday of the second week and will be called for trial in their numerical order of filing as near as is practicable unless otherwise set.

The entire criminal docket is set for Monday of the third week and will be called for trial at that time. Cases that cannot be reached for trial during that week will be re-set for a later day during the term. The criminal docket is light, and jury, civil cases may also be set for this week.

There are three criminal cases listed on the docket and additional such cases will depend, of course, upon action of the grand jury, which convenes on the first day of the term. Criminal cases are listed as follows: The State of Texas vs. O. W. Sullivan, The State of Texas vs. G. B. Harris and The State of Texas vs. Emmett Smith.

Three jury civil cases, fifteen non-jury cases and twenty-three appearance cases are listed.

A total of thirty-seven divorce actions appear on the docket.

The coming term promises to be a light one, especially for jury trials.

## November 7-14 to Be Observed By 4-H Clubs

The week of November 7 to 14 has been set aside as National 4-H Achievement Week. This week marks the culmination of the work accomplished by 1,500,000 4-H club boys and girls during 1942 and sets the stage for the results to be achieved during 1943. 4-H members have been quick and willing during this time of stress to contribute to the farm and home front and to the Nation's war effort.

One of the high points of the week will be the coast to coast broadcast by Secretary of Agriculture, Claude R. Wickard, on the National Farm and Home Hour at 11:30 a. m. Central War Time, Saturday, November 7. On the same day Mr. L. L. Johnson and Miss Onah Jacks, State 4-H Club Agents, will broadcast on the Texas Farm and Home Program at 6 a. m. from Stations, WBAP, WOAI and KPRC. Their scripts will be devoted to 4-H achievements in Texas which should be well worth while to club members, their families and prospective club members.

Next weeks edition of The Times will carry special features on 4-H achievements in Wheeler County. Also, look for 4-H displays in show windows of stores in Wheeler and Shamrock.

## TODD FUNERAL RITES ARE HELD TODAY

Funeral services for W. J. (Jep) Todd, 56 years old, were to have been conducted at 3 o'clock this afternoon in the Canadian Methodist Church. Burial will be in Canadian Cemetery.

Mr. Todd, pioneer rancher and lawyer, died Tuesday afternoon of a gunshot wound.

Born in Mobeetie in 1886, Mr. Todd had spent his entire life in the Panhandle, most of it on ranches in Ochiltree and Hemphill counties.

He received a degree in law at Texas University and practiced law for a short time in Wellington. After the death of his father he moved to the family ranch in Hemphill county.

A few years ago he and Mrs. Todd moved to Canadian to make their home but Mr. Todd continued to actively manage the ranch on which grazed one of the Panhandle's outstanding herds of cattle.

Mr. Todd is survived by the wife, an adopted son, Capt. Dale Nix, stationed in California, a sister, Mrs. Mary Henson, Canadian, and a niece, Mrs. Georgene Henson, Amarillo.

Times Wants—5c a line.

## SCHOOL HOUSES ARE REGISTRATION SITES FOR MILEAGE RATION

The Allison, Briscoe, Mobeetie, Wheeler, Shamrock, Kelton and Kellerville schools will serve as registration sites in Wheeler county for mileage registration Nov. 12, 13 and 14.

All car owners must register and must have the serial number of their tires and their 1942 car registration certificate with them when they register.

Motorists who have not disposed of passenger-type tires in excess of five are urged to sell them to Uncle Sam now in order to be eligible for the basic "A" book. The Railway Express Agency is the authorized collection agency for excess tires. Persons are not allowed a spare tire for their two and four wheel trailers.

## More Men Leave For Armed Forces

Twelve Wheeler county men will leave here for Ft. Sill next Tuesday, November 10, and will report to the reception center to begin service in the army. They left here October 27 for Lubbock where they underwent their final physical examinations.

Men who passed their check-over and were inducted into the army include Jack Hoshor, Leo E. Oldham, Jr., Alton M. Brown, Rufus E. Pierce, Thomas E. Card, John H. May, Dennis F. James, Lloyd T. Braxton, Teddy A. Martin, Henry G. Easterling, Spurgeon Morgan and Henry L. Lane. Men who were included in the call but enlisted were Henry K. Johnson, Charlie M. Bryant, Hardy B. Deger, Alton C. Little, John C. Roth, Andy H. Wilson, Lindsey E. McCasland, Murray W. Tinsley, Grady F. Havenhill, Woodrow Carlton, Leroy S. Morgan, Richard D. Rogers, Dan T. Wise and Carroll P. Adams, William B. McCord, Edward H. Holmes Elmer L. Hammer, Cecil O. Washburn, Lonnie B. Pike and James L. Burress were transferred to other boards. Two men were held over.

A news release from headquarters of the West Texas Recruiting and Induction District of Lubbock, lists Hugh T. Reed, Jr., Ernest Cloyd Gordon, Chester M. Payne, Elbert G. Glasgow, Ray G. Mason and Boone A. Dollar as additional men from Wheeler county who have also enlisted. All have enlisted in the Air Corps branch.

Twenty-nine more men left here Monday morning for Lubbock for their final physical check. Of this group twenty-six were Wheeler county men and three were transferred from other boards. These, together with eight enlistments, made up the first November call from this county.

Two negroes were also inducted Monday at Lubbock and are to leave for reception center Friday, November 13.

## Cotton Acreage Allotment Announced

Approximately 90 per cent of all Texas cotton farms will receive the same cotton allotment in 1943 as they did in 1942.

According to B. F. Vance, administrative officer of the AAA in Texas, allotments will be available to individual growers by November 30.

Under the present law allotments can be changed from last year's allotments under only two circumstances, the AAA official explained. Citing the reasons for changes, Vance said that some individual allotments would be increased or decreased if the 1942 measured cropland increased or decreased over the 1942 measured cropland, or if the 1942 planted acreage was materially increased over the acreage planted to cotton during the three year period, 1939-41. These will vary only as crop land changes.

He said that the majority of individual cotton allotments could not be changed unless the Agricultural Adjustment Act of 1938 also was changed.

Producers who do not receive regular 1943 cotton allotments may request a 1943 new grower allotment by contacting their county AAA committees by Feb. 1, 1943. Farms on which cotton is planted in 1943 for the first time since January 1, 1940, are eligible for new grower allotments.

To date, approximately 31,000 cotton farm allotments under next year's AAA program have been calculated for 26 counties. Texas' cotton allotment under the 1942 AAA program was approximately 9,947,819 acres and the same acreage is expected under the 1943 program.

Sgt. and Mrs. H. E. Young, Jr., of Sherman are expected to arrive Thursday (today) for a visit with their parents, Mr. and Mrs. H. E. Young.

REV. AND MRS. R. A. ROBERTSON of Mountain View, Arkansas, celebrated their fiftieth wedding anniversary October 6. They are the parents of Mrs. W. D. Douthit of Briscoe, who was with them on their anniversary.

The couple was married at Mt. Olive, Arkansas October 6, 1892. Bro. Robertson farmed and taught school until he joined the White River conference in November, 1900. He served eighteen different churches and has had 1000 accessions to the church or profession of faith. He will be 73 years of age in February, and according to Methodist conference rules he will superannuate this annual conference which convenes the first of November.

Rev. and Mrs. Robertson had eleven children, nine of whom are living. They have eighteen grandchildren and nine great-grandchildren.

They plan to spend the winter with Mrs. Douthit.

## Red Cross to Assist In Verifying Status of Soldier Dependents

American Red Cross Field Directors at Army posts and local chapters will assist soldiers and their dependents to prepare the official application from under the servicemen's dependents allowance act signed by the President June 23, 1942, it was announced today.

Chapter Home Service workers and Field Directors are being supplied by the War Department with the official forms and a booklet explaining provisions of the law.

Application for a family allowance should be made by the soldier in every case where practicable. In certain instances, however, the application may be made by relatives or dependents.

Soldiers on duty overseas may obtain application forms from their commanding officers. Relatives or dependents may obtain application forms from the nearest army installation or their local Red Cross chapter.

If the application is made by a person other than the Serviceman, documentary evidence must accompany the application. On the other hand, if the soldier himself makes the application he is allowed six months in which to furnish documentary proof to the War Department. Field Directors will assist soldiers, and chapters will aid dependents in furnishing this evidence.

Pending the grant of allowances to dependents or servicemen, Red Cross chapters in nearly 4,000 communities are prepared to aid families who might otherwise suffer hardship because of the soldier's military service.

## Masons Enjoy Fish Fry Monday Night

The Wheeler Lodge No. 1099, A. F. & A. M. held its regular meeting Monday night and after the business matters were completed, enjoyed a fish fry in the Legion Hut. About 80 Masons attended and representations were from Borger, McLean, Pampa, Shamrock and Sapulpa, Okla. lodges. Other lodges were represented but their names are unavailable.

## NO CHANGE IN NOVEMBER FOOD STAMP LIST

Families participating in the food stamp program in Wheeler Co. will receive the same blue stamp foods in November as they did in October, Mr. Joe H. Brown, acting area supervisor, Agricultural Marketing Administration, said today.

The November list, announced by the Agricultural Marketing Administration of the Department of Agriculture, includes, fresh apples, all fresh vegetables including Irish and sweet potatoes, shell eggs, corn meal, hominy (corn) grits, dry edible beans, wheat flour, enriched wheat flour, self-rising flour, enriched self-rising flour, and whole wheat (Graham) flour.

## COUNTY AAA COMMITTEEMEN TO BE ELECTED NOV. 12-13

Farmer-committeemen who will help lead Texas farmers in 1943 agricultural war time production will be elected in Wheeler county November 12 and 13.

Community meeting places at which committeemen will be elected and the time of the meetings are listed by county agent Jake Tarter as follows:

November 12—Mobeetie—11:00 a. m. November 12—Briscoe—2:00 p. m. November 12—Allison—8:00 p. m. November 13—Wheeler—10:00 a. m. (District court room.)

November 13—Kelton—2:00 p. m. November 13—Twitty—4:00 p. m. November 13—Shamrock—8:00 p. m. (C. C. office.)

At these meetings some explanation of the 1943 program will be given, and the county agent will conduct an educational meeting in connection with the election. This is to be the last series of educational meetings before gas rationing and a good attendance on the part of the farmers is urged by the county agent. Always a vital part of the AAA organization, next year's committeemen also will help chart the course of farmers in the Food for Freedom program. Fred Rennels, assistant administrative officer of the AAA in Texas, said this week.

One of the first responsibilities of AAA committees elected at the November meeting will be to lead in the production sign-up which gets underway in December after national Food for Freedom goals are announced.

Other responsible wartime jobs appear definitely headed in their direction, the AAA official pointed out.

Although county AAA committeemen have been doing wartime jobs throughout 1942, more responsibility will be placed on community committeemen during 1943. For that reason, the most capable and dependable men of Texas communities are needed as AAA committeemen, Rennels said.

Community meeting places at which committeemen will be elected are being scheduled by county AAA offices and will be announced later, he said.

## Funeral Rites For Don Frye Pending

Mr. and Mrs. Will H. Frye were called to Dallas Wednesday morning by the death of his son, Donald Patrick Frye, 36 years old, president of Frye Aircraft Company, a school for training aircraft workers.

W. L. Sterrett, Dallas Justice, said Frye shot and killed himself early Wednesday in his room at a Dallas hotel.

Funeral arrangements are incomplete, pending the arrival of his brother, Jack Frye, president of the TWA airlines.

## MOBEETIE RED CROSS COMPLETES TWENTY-SEVEN RED CROSS KITS

Fourteen ladies met at the Red Cross Room in Mobeetie, Thursday of last week for an all day meeting. Each lady bringing a covered dish and inviting her husband at the noon hour.

Twenty-seven Red Cross Kits, 4 regulation hospital gowns, one man's bath-robe and Red Cross tags sewn on all garments made previously, was the result of the day's work.

Everyone reported enjoying the day very much and planned to meet again soon. All ladies are invited to come. The sewing room is open each Tuesday and Thursday afternoons at 2 p. m.

Those present for the days work were Mesdames J. P. Painter, Stacy Arnold, Tom Lamon, J. B. Oswalt, Jack Miller, Ernest Moore, H. Eisenmenger, Geo. B. Dunn, Bud Scribner, G. W. McLain, John Dunn, Fay Bearden, Nep Trew and E. E. Johnson.

## FRANK ROGERS INJURED IN COMBINE MISHAP

Frank Rogers was critically injured Friday afternoon while he was combining, when his foot slipped and he fell on the power take-off, throwing him in the take-off machinery, badly mangled his body. His clothing was sheared from his body and he was forced to remain in the machinery entanglement while he gave instructions to a co-worker for stopping the motor and releasing him. He received a fractured ankle, twisted knee, injured arm, a badly injured back and three or four broken ribs.

Mr. Rogers is at the Wheeler Hospital and is doing as well as can be expected.

One contribution for the Red Cross Kits has been received by the treasurer, Miss Clara Finsterwald this week. The contributor was Mrs. J. C. Moore—\$1.00.

## Wheeler Business Houses to Close Armistice, Nov. 11

The majority of Wheeler's business houses and offices, today, expressed their desire to close all day next Wednesday, November 11.

Wheeler retail stores in all lines who can do so without undue inconvenience to the public, are expected to close to observe Armistice day. Drug stores, cafes, gas stations and others, who because of the nature of their business might inflict a hardship to potential customers, expect to remain open.

No special program has been announced for the day.

## MUSTANGS MEET IRISHMEN FRIDAY

The past several days have found the Mustang football squad and their coach working long and hard preparing for what looms to be their biggest football game so far this year—their annual clash with the vaunted Irish of Shamrock. Much work has been stressed on fundamentals of blocking, tackling and line play. The Wheeler lads are likely to throw some vicious blocks and tackles if they can get stirred up (and a little mad), as Coach Phillips has had them doing in practice sessions this week. They want the Irish to know that they have been hit for keeps this time. Various strategy has been stressed to stop the potent Irish and to allow the fleet-footed Mustang backs to romp for scores.

The Mustangs showed real promise of playing championship ball last Friday night as they defeated the Pampa Reapers 37 to 6, with the "B" team playing nearly half the game. Concerning this game, Coach Phillips states that the Pampa authorities knew who they were to play and he has no apologies to make—other than the Pampa boys were not as good as they had been doped.

Scholastic standing, a few bruises and colds have handicapped several members of the local squad in practice this week; but despite this, the squad as a whole should report for Friday night's game in pretty good shape. Whatever happens, Coach Phillips says no alibies are to be offered. The Mustangs are asking no favors and only hope the breaks of the game will come evenly. It is reported that very competent officials have been secured. The game is scheduled to begin at 8 o'clock.

Probable starting line-ups are as follows:

Shamrock	Wheeler
Lister, R. O.	LE Johnson
Whitten	LT Noah, W. C.
Pepper	LG Craig, L.
O'Gorman	C Pendleton, C.
Callan	RG Pettit
Lister, K.	RT Weatherly
Clych	RE Hunt
Pruitt	QB Craig, F. B.
Fooshee	LH Burton
Clay	RH Robertson
Montgomery	FB Riley

Next Wednesday afternoon, Nov. 11, the "B" team will go to Pampa and play the Pampa reapers a return engagement. This should be a good game. Then, next Friday night, Nov. 13, the Mustangs will meet the McLean Tigers on the Wheeler field for another home game.

## Legionnaires Plan Armistice Feed

For a number of years local Legionnaires have held an annual feed on Armistice day and members of the local post are again making preparations for the event next Wednesday.

All ex-service men and men home on leave from the army are invited to attend and take part in the fellowship during the occasion. No special program is planned.

The local post has some 30 members at present and it is hoped that a quota of 40 will be met in a special membership drive for the occasion. The feed will be held at noon.

## Eaton Named Assistant Gray County Agent

David F. Eaton, administrative officer for the Wheeler county AAA since June 26 of this year, has been named assistant county agricultural agent for Gray county. His appointment becomes effective next Monday, November 9.

This week no one had been named to take Eaton's place, but it is likely that Mrs. Clare Garrison will take over as acting administrative officer for the time being.

Mr. and Mrs. Ralph Oldham, Mr. and Mrs. F. P. Adams and son, Ray, Mr. and Mrs. H. E. Matthews of Jowett, attended the showing of Sergeant York at the Rogue Theatre, Monday night.

## COUNTY POLLS 678 BALLOTS IN TUES. ELECTION

Wheeler county polled only 678 ballots in the general election Tuesday. Less than a fourth of the county's qualified voters took part in the election.

W. Lee O'Daniel, U. S. Senatorial candidate received 594 votes compared with 39 for Dudley Lawson and 3 for Charles Lavergne Somerville, Republican and Peoples Unity candidates for the same office. Stevenson received 630 votes compared to Republican McDowell's 29 for the governorship.

Nationwide returns show the Democratic party electing a bare majority of the house in Tuesday's voting. House returns, almost complete, showed 218 Democrats elected, as against 205 Republicans. Eight contests had still to be reported. A majority of the house is 218.

Senate returns gave the Democrats 56 senate seats and the Republicans 38. Forty-nine is a majority. Whatever the final congressional count, it was obvious that in time of war, the party of the administration faced a difficult problem—perhaps to all practical intents rivalling that of 1918 when, despite the pleas of Woodrow Wilson, a Republican house was elected.

## Mobeetie Woman Passes Away Early Saturday

Funeral services were held at the Mobeetie Methodist church at 3:00 o'clock Saturday afternoon for Mrs. Asenath Otelia Melton, wife of A. B. Melton. Mrs. Melton passed away early Saturday morning following an operation that was performed earlier in the week.

Mr. and Mrs. Melton had lived in the Mobeetie community for the past twenty-nine years.

Mrs. Melton was born August 21, 1878 in Louisiana and married A. B. Melton February 1, 1898. Three children survive.

They are: one son, Billie Melton of Melrose, N. M., and two daughters, Mrs. Ruth Kidd of Dallas and Mrs. Ely Hancock of Pampa. Three brothers, George and Willie Moore of Nocona, Okla., and Bud Moore of Quanah, and four sisters, Mrs. Edmonia Williams of Dallas, Mrs. Mollie Reed of Ringland, Texas, Mrs. Emoline Bibb and Mrs. Minnie Bibb, both of Cement, Okla., also survive.

Rev. G. W. McLain, pastor of the Mobeetie Methodist church conducted the last rites.

Pallbearers included Frank Toddy, Pierce Walker, Marvin Robert, Tom Hathaway, Doug Beard and George Warren. Flower bearers were Nettie Walker, Lizzie Roberts, Oreta Beard and Mrs. Williams.

Interment was in the Mobeetie cemetery under the direction of the Hunt Funeral Home.

## Temporary "Freeze" of Farm Machinery

Due to the difficulties connected with establishing quotas needed to govern permanent rationing of farm equipment and machinery, it has been determined that it is necessary to temporarily "freeze" farm machinery. In the meanwhile, it is expected that quotas can be established during a period when needs for farm machinery will be at a minimum.

This "freeze" became effective Nov. 1. In general it provides that new farm machinery listed in Schedule IV of Amendment 2, Temporary Rationing Order A, may not be sold by dealers, distributors, or manufacturers, and that no one may purchase such machinery from them. However, other machinery (including peanut pickers which are listed in Schedule IV) may be sold by retail dealers out of stocks on hand. Such dealers will be unable, however, to restock during the duration of the "freeze." All machinery is "frozen" above retail levels and may be moved only within a county, and then for storage purposes, without obtaining special permission from this office. Machinery which is in transit may be delivered, but machinery on order, but not in transit, may not be delivered.

## FATHER PASSES AWAY

Mr. and Mrs. A. M. Galmor, accompanied by Mr. and Mrs. Mathew Cantrell, were called to Forrestburg, Texas Friday night because of the death of Mrs. Galmor's father, C. M. Tucker. Funeral services were held there Sunday.

He was 87 years of age and died suddenly Friday of a heart attack. Mr. Tucker has visited here on numerous occasions.

War on the scale that it is being fought today, involving civilian and military forces alike, has caused forebodings of the gloomiest character. It has been predicted that civilization could easily crack under the strain, dragging all of us to doom along with the dictators we are fighting.

The most hopeful sign that this will not happen lies in the progress that has been made in the field of scientific medical research and in the wide application of the results of that research. Such death-dealing diseases as smallpox, typhoid, tuberculosis, pneumonia and others too numerous to mention have either been eradicated or largely controlled. Most of this miraculous progress has taken place right here in our own country in a comparatively few years. Our medical men have been able to work in unique freedom. No social dogmas or political oppression in any form hampered their work. In addition to their own research, they were able to utilize to the fullest extent the scientific knowledge painfully accumulated by medical martyrs amid disease, death and tyranny the world over.

The surest guarantees for the future health of soldiers and civilians alike, are our efficient medical officers and private physicians who can bring into play the scientific resources of centuries to protect and save life.

Without this safeguard for our physical welfare, our spiritual foundations could be sadly shaken. And though the pioneering work of medicine will never be completed, it has advanced sufficiently to be the white hope of mankind in the present horror.

You don't have to be a fisherman to miss a good catch because of a weak line.

An expert is a man who can tell the difference between an evening dress and a bathing suit.

Unless the authorities wake up soon, a wholly unnecessary food shortage is imminent. Thousands upon thousands of farmers are going out of business totally, or substantially curtailing production. Lack of labor and a feeling that those in high places don't understand their problems, are the main reasons given for such action.

There have been plenty of reported studies made in regard to manpower needs of the armed services and war industries, which are commonly designated as armament, airplane and shipbuilding. We have been told that all able-bodied men and women will ultimately be forced into industries "essential" to our war program. Thus, millions of men have been faced with the choice of a gun or a welder's torch, apparently in the belief that we could live, eat and fight with these instruments alone.

The time has long passed when attention should have been given to the manpower needs of the industries that keep the "essential" industries going.

## Pertinent Paragraphs from Panhandle Press

Items of interest culled from newspapers on The Times' exchange list.

When the new income tax law goes into effect, a lot of fellows will join the army to escape making out returns. Maybe that was the idea the designers had in mind.—Donley County Leader.

According to an article in the November American Mercury by Major Alexander P. DeSersversky, entitled "Is Our Army Too Large?" about 18 civilians in agriculture and industry are needed to keep one soldier continually supplied and equipped. The U. S. is contemplating an army of 13,000,000 men. Thirteen million men in the armed forces will require 13 times 18 civilians which is 234,000,000—nearly twice our entire population. It appears that FDR and John Lewis and company will have to forget about the 40-hour week and work 80 or 84 hours or whatever is necessary to keep things moving at home and toward the front.—Higgins News.

War necessities is making a lot of changes in business. Hitherto the customer expected to drive up to the curb, blast his horn and receive sudden service. This was extra service, but a severe drain on the business institution. Many a person has driven up to a drug store, called for a postage stamp and asked the merchant to charge it. The deal cost the store real money, but the citizen thought he was entitled to such foolish extra service. But we are finding out that this extra service must be eliminated. Most business firms are finding out that curb service must be eliminated. It is hard enough to get enough help to run a business within a store building, let alone trying to run a business which covers a curb of a 100 feet or more. Do not ask for curb service. It is a useless luxury.—The Canyon News.

Since the announcement that coffee will be rationed soon, grocery stores have been doing a big coffee business. People are buying coffee like they did sugar when it was announced sugar would be rationed. More sugar has been bought under rationing than ever before, I am told. Will the coffee rationing cause more coffee to be bought? A pound of coffee per person every five weeks is more coffee than most people have used in the past. Gas rationing is the thing that is going to cause a lot of worry, but Americans can put up with a lot of things if such are necessary to win the war.—Memphis Democrat.

We've been trying as a nation to think up new ways and means of getting in more scrap metals to junk yards, have even read of public buildings being razed to get reinforcement steel and have all this time overlooked the juke boxes of the nation. From the way music blares forth from most juke boxes we could well do without them for the duration—without involving the loss of life or property. In fact the junking of most juke boxes would prove the sweetest music to ears of the general public—believe it or not. Which is the juke box worth the most as—a public nuisance or machine guns for soldiers?—Scurry County Times.

A lot of people are getting excited over the probability of a dehydration plant in Hereford. These plants are definitely worth while, and have a wonderful future. Nine ship loads of produce can be put through a plant—and then placed in one ship. After the war, we will see a tremendous amount of air freight. Dehydration fits in closely with the future.—Jimmie Gillentine in The Hereford Brand.

D. 1942 in this cause, numbered 3419 on the docket of said court and styled Louis Landauer, Plaintiff, vs. B. L. Throneberry, if living and if not living, then all of the unknown heirs of the said B. L. Throneberry, deceased, and also Lula Belle Throneberry, wife of the said B. L. Throneberry, T. P. Higgins, N. W. Ross and wife, Lizzie Ross, Defendants.

A brief statement of the nature of the suit is as follows, to-wit: Plaintiff sues to establish and foreclose as against all defendants a certain mortgage and mortgage lien securing a certain mortgage note in the principal sum of Two Thousand (\$2,000.00) Dollars, dated January 25, 1926, due November 1st, 1932, payable to the order of The Pittsburg Mortgage Investment Company, a corporation, with interest at the rate of Six Per Cent (6%) per annum from date, said mortgage and note given and signed by Pearl Been, a widow, covering the South Half of Northeast Quarter and East Half of Southeast Quarter of Section 1, Township 8 North, of Range 27, WIM Beckham County, Oklahoma, it having been determined by decision of the Supreme Court of the United States, dated March 17, 1930, that 22.67 acres off the west side of the above described land is located in Wheeler County, Texas. Said 22.67 acres has been surveyed and is now known as Section 86, in Block OS, in Wheeler County, Texas. Under the terms of Article 5330a of the Revised Civil Statutes of Texas, the plaintiff, being the owner and holder of said mortgage and note, as lienholder made application for patent to the said Section 86, Block OS, from the State of Texas and paid \$26.71 purchase money, costs and fees to secure said patent to said land in the name of B. L. Throneberry and Lula Belle Throneberry, the March 17, 1930 record owners according to the deed records and other public records of the State of Oklahoma, and plaintiff now sues to establish and foreclose his lien for the said sum of \$2,000.00 and \$26.71 aforesaid, together with all interest and Ten Per Cent (10%) of principal and interest as attorney's fees as provided by said mortgage and for order of sale, all as is more fully shown by Plaintiff's Original Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Wheeler, Texas this the 28th day of October, A. D. 1942.

#### CITATION BY PUBLICATION

#### THE STATE OF TEXAS

To Nettie Faye Miller, defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court of Wheeler County at the Court House thereof, in Wheeler, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 30th day of November A. D. 1942, then and there to answer Plaintiff's Petition filed in said Court, on the 14th day of October A. D. 1942, in this cause, numbered 3414 on the docket of said court and styled John L. Miller, plaintiff, vs. Nettie Faye Miller, defendant.

A brief statement of the nature of this suit is as follows, to-wit: Suit for divorce, plaintiff alleging defendant guilty of cruel, harsh and mean conduct toward the plaintiff of such nature as to render their further living together insupportable as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Wheeler, Texas, this the 14th day of October A. D. 1942.

(SEAL) Attest:

# Buy Your Lamp Bulbs Now--Avoid Fall Rush

### • SEVEN LAMPS 72c

That is the price of the Special Household Carton which includes 1-100, 1-75, 3-60, and 2-40 watt Mazda Lamps.

### • NO FALL ACTIVITY

Because of the restrictions on purchases from Lamp Manufacturers, it is essential that purchases by users be spread out more evenly throughout the year.

### • NO HOME DELIVERIES

Because of the importance of conserving rubber for the war program, the delivery of lamp bulbs has been discontinued for the duration.

### • SPARES ARE NEEDED

Lamp bulbs burn out without warning, leaving you in the dark unless you have spares on hand. Spares will eliminate special trips down town—and thereby save rubber too.

### • PROMPT ACTION WISE

The usual fall rush for lamp bulbs could create at least a temporary shortage. The wise thing and the safe thing is to anticipate your needs and order NOW.

### Sophomore News

The sophomores regret to report the loss of a member, Peggy Owens. She has returned to Canadian to attend school.

We are proud to have in our class, Katherine Bynum from Borger. We are also proud of Albert Griffin as the sophomore member in high school who collected the highest amount of scrap iron.

### Geometry Difficulties

Although the plane geometry students are rather brilliant, the classes are very interesting, and the teacher extremely efficient, there are always quite a few headaches when Mr. Mastermind, Mr. Gilmore for short, slings exercises, notebooks, questions, and propositions, at the students like a hash slinger "slings" his hash. At present, the classes have been studying a deepening mixture of hypotenuses, loci, congruent triangles, and every other thing an Einstein could account for. Perhaps we should explain to the Moms and Pops that this is the reason for those low grades in geometry or, as Mr. Dyer would say, for all the "weeping and wailing and gnashing of teeth."

WHAT SAY YOU?

He that despised Moses' law died without mercy under two or three witnesses; Of how much sorer punishment, suppose ye, shall he be thought worthy, who hath trodden under foot the Son of God and hath counted the blood of the covenant, wherewith he was sanctified, an unholy thing, and hath done despite unto the Spirit of grace? For we know him that hath said, Vengeance belongeth unto me, I will recompense, saith the Lord. And again, The Lord shall judge his people. Hebrews 10: 28-29-30.

Rev. James MacKrell of Little Rock, Arkansas, who conducted a revival in Wheeler a little over a year ago, is now Lieutenant MacKrell. He will remain in Little Rock and continue to do his radio work and also preach for the East Side Missionary Baptist Church, with his chaplaincy headquarters at Little Rock Airport and from there he will

go all over the country preaching to the air men. He is an aviator as well as a preacher and he flies from one place to another when needed to work for the spiritual good of the soldiers.

Dr. MacKrell is now in Chicago preaching to great crowds.

**Local News Items**

Pvt. James W. Rogers of Camp Edwards, Mass., arrived Thursday (today) to visit his parents, Mr. and Mrs. Frank Rogers. He has been in the service 22 months.

Mr. and Mrs. Weldon Sandifer and daughter, Sandra, of Mineral Wells, are here visiting their parents, Mr. and Mrs. W. L. Williams and Mr. and Mrs. Charley Sandifer.

Mrs. J. M. Burgess returned Wednesday evening from a ten day visit in San Antonio.

Mr. and Mrs. C. G. Miller returned Monday from a few days business and pleasure trip. They visited Greenburg, Kansas, where they formerly published a newspaper; in Kingman, Kansas, where Miller attended a Masonic pastmasters' night, with banquet and degree work. It was their first visit in 14 years at Kingman where Miller was employed for 12 years on a newspaper. After a brief stop in Wichita, Kansas, they came home by way of Oklahoma City, Butler and Elk City, Okla., calling on relatives in each place.

**Girls Sport News**  
 (Intended for last week)  
 The girls made their trip to Kelton Friday night to play ball. The score was a tie at the end of the game. The tie was played off in three minutes. The Kelton girls were fortunate enough to win by a score of 26-29.

The girls making the trip were: Bessie Davis, Estelle Aderholt, Clara Helen Seedig, Thelma Hefley, Sammie Lee Daughtry, Lola Fay Woods, Alva Lee and Marie Finsterwald.

**Our Gang Happenings (Sophomore)**  
 The Sophomore girls will soon have their Home Ec dresses finished. We hear some of the Sophomore boys went Hallowe'ning Saturday night. What about it boys? We are very proud of the part the Sophomore boys and girls had in winning the games Friday night. The Sophomores have been having headaches over algebra the last two weeks. Could Mr. Evans give us some light on the situation? Anita spent the week end with Sammie. Sophomores are enjoying the new books in the library. We think Bobbie Evans, Cecil and Jack Swetnam make very dainty waitresses. Also they seem very efficient. Some eighth grade girls think so, anyway.

**Snooper**  
 Dear Snooper—Why was Nelson so enthused Monday?—Senior girls. Dear S. G.—Could he have been happy because he got to bring Dolly Jo to play practice Sunday? Dear Snooper—It seems that "Gene" would be a good storekeeper if he had enough practice. Could you help him?—Suspicious. Dear S.—Sorry! I don't think I can help him. He might see Mr. Haralson. He might give him a few lessons. Dear Snooper—Why have all of the students been dodging the teachers in their classes lately?—Why. Dear W.—Everyone has been finding fresh peanuts very tasty during class, but don't ask him where they got them.

**THANKS, KIDS----**

I want to express my thanks to the youngsters of Wheeler for satisfying their "Hallowe'en Spirits" with minor pranks. Every child can be called a true, patriotic soldier because of his cooperation in not doing a single destructive act.

Of course, we all know that "kids must be kids" and must have some fun and play a few jokes on neighbors and friends. We would not deny them this right—but so often this fun is carried too far and some property is damaged or destroyed. I am glad this was not the case in Wheeler this year and our young people are to be complimented on their patriotic spirit.

"Car of the Future" from MECHANIX ILLUSTRATED Magazine, by Marial & Scull, N. Y.

## what will your new car be like?

GREAT CHANGES in automobiles are certain after the war. What will they be?

Will your post-war car be teardrop in shape? ... Will it have sealed plastic windows to preserve air-conditioned interior temperature? ... Have "shiftless" transmission? ... Longer-lasting synthetic rubber tires? ... A smaller engine using higher octane gasoline to deliver greatly increased horsepower per pound of weight?

The answer to the first of these questions is still uncertain. But to the two final queries, synthetic tires and engine power, Phillips Petroleum Company can suggest affirmative replies.

Phillips is prepared for the coming great improvements in personal transportation, because long

before Pearl Harbor, Phillips scientists were engaged in never-ending study, research, experiment, exploring the limitless possibilities of petroleum chemistry.

Slowly but surely, there emerged new processes, new products, new benefits. Even before the war, much of this purposeful knowledge was channeled into the national defense effort. Now, all of it has been "enlisted" for the duration.

Phillips vast resources of raw materials and Phillips knowledge have made the company one of the largest suppliers of 100 octane aviation gasoline to the Army Air Corps, the Navy, and the United Nations' air forces; have made the company an important participant in the U. S. synthetic rubber program.

As a user of Phillips 66 Poly Gas and Phillips 66 Motor Oil, you surely share with us the pride that comes of knowing that Phillips is doing its part in the Nation's victory effort.

### MOBEETIE HALLOWE'EN CARNIVAL A SUCCESS

The Mobeetie Hallowe'en was a success. The amount cleared was about \$125.00. Everyone reported a good time. The noise was almost unbearable but that goes to prove that everyone had a grand evening. The proceeds go to buy supplies for the school.

The bingo stand had a very large crowd participating. This place was full all of the time. It seemed to be one of the most popular places. Those

that played received some very nice things. Mr. Joe Thompson won the blanket that was given away at 11:30, Friday night. Mrs. J. H. Scribner had charge of the bingo stand.

Mr. F. M. Biddy, the grade school principal was responsible for the cake walk. He gave away several large angel-food cakes.

Some people were surprised at what Madame Sanduskie told them about their future. Madame Sanduskie, the great fortune teller, was brought to Mobeetie by Miss Dewie Gibson.

Miss Janie Sue Ward sold popcorn, candy and pop. Everyone really supported this stand.

The children's favorite spot was as usual, the fish pond. Mrs. Leonard Green was responsible for the cute little novelties that they received.

Bottle racks are still bringing in money. Mr. Leo Meier made about twenty-three dollars.

Some people must weigh an awful little or else Mrs. Biddy just didn't want to hurt their feelings. She can very nearly guess your weight.

Mrs. George Robinson seemed to be taking in more money than she had to give out it would seem by the sound of ringing the money.

Mrs. Jack Davis showed the picture "Rawhide" in the study hall. This also was a favorite spot.

The Home Ec. department served hamburgers and sandwiches, also drinks. This was Miss Burton's part in the carnival.

#### Assembly Program On Navy

An assembly program was held in the study hall last Friday evening. The entire program was on the Navy. Leroy Patton gave a talk on "What is Navy Day." Aubrey Leonard gave a talk on "Naval Aircraft." The group sang songs and at the end of the program, all went outside and gave the Pledge to the Flag and stood at attention while it was lowered.

#### Why People Borrow

Just why people borrow is sure hard to understand. Especially when you are always having to loan. The most common thing they borrow is notebook paper and fountain pens. Some people borrow to copy, and never intend to return what they got.

There aren't many people that like to loan their fountain pens because there isn't any one that uses a pen alike. It is very seldom taken care of like you would take care of it.

If the student body would make it a habit to get what they need, they would not have to borrow and this would build up a good reputation for the students and the school.

So when you know you are out of anything, do not wait until you need the supplies—keep them on hand.

I believe every teacher would say a great, big "AMEN" to the above opinion.

#### Senior Class Sees Show

The senior class went to Pampa, Wednesday night, October 28, to see the show, "Mrs. Miniver." Three of the boys used their cars to furnish transportation for the class. Those going were: R. Z. Ford, Talmadge

Moore, Art Ridgway, Vernon Sivage, Cecil Seitz, Carey A. Dysart, Aubrey Lee Leonard, Mary Bell Heare, Mildred Grammer, Pauline Shelton, J. T. Jeffus, Janoise Ridgway, Jessie Ray Leonard and Mrs. Si Marchbanks as sponsor.

#### Henderson Elected FFA Sweetheart

Nadine Henderson, junior candidate, was elected F. F. A. Chapter Sweetheart Friday afternoon. The contest closed at 2:30 p. m. with the junior candidate 197 votes ahead of the senior candidate. The senior candidate had 1,398 votes. The F. F. A. Chapter made \$43.00 from the contest.

The Sweetheart will receive a beautiful F. F. A. jacket with the title Sweetheart on the back.

#### Thanks

The junior class wishes to take this means of thanking the merchants and individuals of Mobeetie that supported their candidate, Nadine Henderson, in the F. F. A. Sweetheart contest.

#### F. F. A. Initiation

The F. F. A. Green hands were initiated Wednesday. There were 17 of them. They were blindfolded and led over a rope about eight inches from the ground. Then they were told that they were to walk up a bench and jump from a table over a tub of water. Part of them were led over the tub of water. They were then put on a table and held while a chicken picked grain off their stomach. A paste was put into their mouths and then the blindfolds were taken off and they were turned loose.

#### Noticed Lately

Every one thinks that Melba Robison is terribly patriotic. She has changed from a Dodge Pick-up to a uniform.—Lindy Mason has been seen talking to Helen Trout lately. Is it getting serious?—It was noticed Sunday evening that the Opal Smith and Bill Bailey case is still in progress.—H. H. was seen driving up and down the road about four miles north of Laketon Sunday evening.—Wonder why Agnes Corcoran sets close to the front of the bus some evenings. Could it be because of the substitute bus driver?—Wonder why there has been no pop corn in school this week?—The agriculture dept. wishes to thank the Home Ec. dept. for the lovely flowers.

(By a Rogue)

### The World at War

Friday and Saturday, November 6-7, brings to the Rogue Theatre a big double attraction. There will be a Three Mesquiteer western feature picture called Code of the Outlaw and also a 40 minute film entitled The World at War. This latter picture was made and is being distributed by the United States government and will show the principal highlights of the war up to the present time. It alone will be worth the price of admission, and please remember that admission will be the same as all times,—no increase.

### Beyond the Blue Horizon

For Preview, Sunday and Monday, November 7, 8, and 9, the picture is Beyond the Blue Horizon with Dorothy Lamour, Richard Renning, Jack Haley and Walter Abel. It is photographed in Technicolor and compares with such former Lamour pictures as Her Jungle Lover and Jungle Princess. In fact it is the best Dorothy Lamour picture for the past four years, and in case you do not know, it is a jungle picture. So make your plans to see one of the performances at the Rogue.

### The Gay Sisters

Barbara Stanwyck, George Brent, and Geraldine Fitzgerald are the stars of The Gay Sisters which comes to the Rogue Wednesday and Thursday, November 11 and 12. To say this is a good picture would be putting it mildly. It is more than that. It is an outstanding achievement, and you will really be missing something if you fail to see The Gay Sisters.
