THE COUNTY SEAT NEWSPAPER

Announces Revival

GEORGE L. GRAYSON, above, pastor of the Assembly of God church, wishes to announce an old time revival meeting at the church beginning next Sunday, June 7, conducted by Evangelist Bertha Tate of St. Louis, Okla. Evangelist Tate held a three weeks' revival here last fall and Rev. Grayson announces that he is sure local persons will be glad to hear her again. All are invited to attend the services.

Poison bait will be available in Shamrock within the next few days. Farmers can learn where to get the poison by calling the chamber of commerce there.

Poison will also be available at Mobeetie at the bank building in Old Mobeetie, but there is not sufficient demand for poison to go to the expense of opening a mixing station at Wheeler and to date a place in Wheeler has not been secured to store and mix the bait. If sufficient demand for the poison is had at a later date, a mixing station will be opened here.

All poison, bran and saw dust will be at the stations named and farmers will not have to buy anything, but a sack charge of 20 cents per sack will be made for the expense of hauling, paying operator and

other items Farmers will have to furnish their own sacks and do the mixing unless they can hire some one, the county agent explained.

18-20 Year Olds Will Register on June 30

President Roosevelt has set June 30 as registration day for men between 18 and 20 years of age.

This will complete for the present the registration of the nation's manpower for both fighting and noncombatant war duty.

Men 18 and 19 years of age who will register between 7 a. m. and 9 p. m. on June 30 will not be subject to the military draft until they reach the age of 20.

Approximately 40,000,000 persons between 20 and 65 have been registered in the four previous drafts.

The first, in October 1940, registered approximately 17,000,000 persons between 21 and 36. The second, in July 1941, listed about 750,000 who had turned 21 since the first draft. The third, on Feb. 16, 1942, registered around 9,000,000 between 20 through 44. The fourth held last month, listed around 13,000,000 men between 45 and 65.

The President's proclamation called for registration on June 30 of all male citizens born on or before Jan. 1, 1922 (or on and before June WHEELER, TEXAS, THURSDAY, JUNE 4, 1942

Deputy Issuing Officers For Sugar Ration to be **Stationed Over County**

Offices for issuing canning sugar rationing certificates are being set up over the county to eliminate the necessity of everyone having to come to Wheeler for this purpose, Raymon Holt, member of the Wheeler County Price Control and Rationing board, announced this morning.

Persons are asked to go to the City Drug store at Mobeetie and the rationing office in Wheeler on Monday afternoons and to the Douglas Hardware in Shamrock on Saturday afternoons to secure the canning sugar permit. Deputies appointed by the board will be in charge.

Information to be brought to the war price and rationing board for making application, includes:

1. No. quarts of fruits and vegetables canned in 1941.

2. No. quarts on hand now.

3. No quarts to be canned with sugar applied for.

4. No. pounds of sugar on hand at

time of application. 5. Bring war rationing books No. 1. The local war price and rationing board announced this week that they have received a new ruling on the amount of sugar citizens may be entitled to for canning purposes. Instead of a maximum of five extra pounds of sugar per person to be used for canning as recently announced, family units will be allowed one pound of sugar for canning for every four quarts of fruit, up to an amount considered reasonable by the board. One pound of sugar will be allowed each individual per annum for making preserves, jellies and fruit butters.

Committee Meeting Called for June 15

County Democratic chairman A. B. Crump announced this week that a meeting of the Wheeler County Democratic executive committee is being called for 9:30 p. m. in the district court room June 15.

Chairman Crump explained that the meeting is prescribed by law and will be for the purpose of assessing expenses of the election, determining fees to be paid by candidates, drawing for places on ballot, filling vacancies that may have occured on the county committee, appointing presiding election judges for the coming primaries and other important matters that may come up.

"It is very important that all members of the committee be present and as many candidates as can possibly do so are urged to attend," Mr. Crump stated.

Saturday, June 13, is the last day that candidates may file for county and precinct offices

Between June 15 and 20 candidates must pay the amount assessed against them to have their names placed on the ballot.

June 22 the primary ballot committee will meet to prepare ballot. Between June 25 and 30 each candidate must file a campaign expense report.

Wheeler county precinct committeemen elected July 27, 1940 are as follows:

1-Mobeetie, Jno. Dunn; 2-Briscoe, W. H. Taylor; 3-Wheeler, R. H. Forrester; 4-Allison (to be named); 5-Stanley, R. D. Holt; 6-McBee, Tom Britt; 7-Porter, J. A. Candidates Responsible For Seeing Job Is Done

In the regular semi-monthly meeting of the Lions club Tuesday of this week the club passed a resolution asking Wheeler's mayor to proclaim June 6-13 weed-cutting week in the city of Wheeler.

It is not only a most appropriate time to get rid of the unsightly growths in back yards, alleys, streeet ways and on vacant lots but comes just before the dead line for county and precinct candidates to file for office and it was strongly hinted at the club's luncheon that the efficiency of candidates, those with or without opponents, in making the campaign a success might have a strong bearing on the number of entries to be listed on the primary ballot.

In conforming to the request that Mayor Forrester issue the weed-cutting and clean-up proclamation in a straight-forward and plainly-to-the point manner, leaving off all "whereas" and other unnecessary highsounding words and phrases, he is appealing to the citizens in a message appearing on this page. The cooperation of everyone is earnestly solicited.

Wheeler Boy Scouts are to assist in the campaign.

No country on earth has as many automobiles per capita as the United States. In no country is the automobile such a necessity in the daily life of the people. We have used it so universally that steam and electric railroads long ago discontinued the bulk of their interurban service throughout the country, and interurban tracks have been generally abandoned and torn up. Now, as a war necessity, people are required to give up, to a large extent, this basic means of transportation.

Clean Before Storing

Do not put a soiled hat in storage. With felt and other winter fabric types it is particularly necessary that all possible dust and stains be removed before hats are stored. If this is not done, soil may become the storage period. It is also true that unclean fabrics attract moths more rapidly than clean ones. GEORGE KREPS MEMBER PERRIN FIELD AIR SCHOOL

Wheeler's representation numbers one in the class of 42-H at Perrin Field, Texas, the army air forces' first basic flying school. Included in the group is George Kreps of Wheeler.

The present class is in the midst of the three-part flight training program of the army air forces. This basic phase carries with it important points in determining the ability of the young pilots-to-be and their introduction to more advanced and technical points in aircraft operation. They are flying the 450-horsepower Vultee B. T. 13A's in comparison with the 175- horsepower Fairchilds they flew in primary training.

From Perrin Field, the cadets will go either to single or twin-engine advanced schools where, upon being graduated, they will receive their wings and commissions in the army air forces reserves.

INSPECTORS TO CHECK

Inspectors from the Office of Price Administration plan to visit establishments from the largest merchandising organization down to the smallest cross-roads store in Texas, Oklahoma, Arkansas, Louisiana, Mis-

ouri and Kansas. Retailers were reminded by Max L. McCullough, region OPA administrator, that they must mark ceiling prices on all cost-of-living commodities in their stores. The statement, "Ceiling Price \$-" or "Our Ceil-" must be plainly marked on the article itself or on the shelf

or bin where the commodity is kept.
