THE COUNTY SEAT NEWSPAPER

War Board Says Scrap Must Be Moved Soon

Collection Trucks To Call at Farms

Because the scrap rubber, scrap iron and steel and other metals on farms are so badly needed, the USDA War Board in co-operation with the War Production Board is arranging for government collection trucks to call at farms over the county for scrap material. Owners can donate or sell their scrap to the government.

Today the mills making steel for ships and tanks as well as for new farm machinery are hungry for iron and steel scrap. The plants producing planes, guns, and shells need more copper, brass and other metals. Our war machines must roll on rubber reclaimed from the scrap pile. Abandoned farm machinery can be melted down to make the steel for an anti-aircraft gun or some other war weapon. The old copper tubing lying in the barn may become part of a shell that will blow up a Jap cruiser.

Scrap rubber can be reclaimed for use in a jeep tire and everyone is urged to turn in now every bit of scrap they do not need.

You can either donate or sell your scrap to the government. If you sell it, the government will pay you for it at prices indicated below. When your scrap is picked up it will be marked for identification if you are selling it. At the government concentration point it will be weighed and you will be mailed Defense Stamps (or a check if you prefer) equal to the value of your collection. If you wish you may be present when your material is weighed in.

The government will then sell the scrap on bid to dealers who must prepare it and ship it to war factories and mills within 60 days. Dealer prices will be in line with government scrap price ceilings. If you donate your scrap, the money from its sale all goes to your government and will aid it in the war; if you sell it, the sales value goes back to you in Defense Stamps or government check, whichever you prefer.

Here is what you should do—NOW!

1. Go over your farm, your buildings and house looking for all possible scrap.

2. Fill in and mail a questionnaire you are to receive within a few days. Indicate on it the amount of scrap materials you have and whether you want to give them or sell them to the government.

3. Remove from the pieces of scrap any usable parts that you may need. Shortly you will receive a notice from the government indicating the exact day on which a truck will call for your materials. When the truck calls every bit of scrap that you can move should be at your gate.

Prices offered by the government for scrap materials in your state: Scrap iron and steel—25c per cwt. Scrap rubber—1-2c per lb.

NOTE: In order to make collections on the simplest and speediest terms no separate prices are offered for nonferrous scrap metals, (copper, brass, lead, etc.), nor for inner tubes. The government will buy nonferrous metals at the scrap iron and steel price and inner tubes at the scrap rubber price. However, if you have a large collection of nonferrous scrap or of inner tubes, it may pay you to take these into town yourself and get a higher price from a dealer.

Whether you dispose of your scrap through the government, to a dealer, or by other arrangement does not matter. The important thing is to get it moving now.

Wales-Adams Vows Spoken Last Thursday

The marriage of Miss Roberta Wales of Amarillo and Mr. Carroll Adams, now of Amarillo, was solemnized at the home of the bridegroom's parents, Mr. and Mrs. W. W. Adams, Thursday, June 4, with Rev. A. C. Wood reading the ceremony. The only attendants were the bride's mother and W. C. Noah. The bride wore a blue dress and her accessories were of white.

Mrs. Adams is a graduate of the Amarillo high school and received her degree in Physical Education at West Texas State College, Canyon. Mr. Adams is the youngest son of Mr. and Mrs. W. W. Adams, pioneer Wheeler family, and graduated from Wheeler high school with the class of '41. He was an outstanding football player during his high school years and participated in the all-star classic which is a part of the annual Plains coaching school held each year at Plainview.

The young couple will make their home in Amarillo where he is employed at the defense plant.

OFFERS TO HAUL SCRAP RUBBER FREE TO PAMPA

A. B. Crump, manager of the Crump-Mundy Service station, is offering to haul all old tires, tubes and other rubber suitable for reclaiming purposes, free to a market in Pampa if persons will bring such articles to his station.

Money received from its sale would be turned over to help out on the county's USO quota or some other worthy organization.

Mr. Crump estimated that there are at least from 2 to 12 old tires lying around different farms over the country.

The main object is to get the rubber back into circulation to help in the war effort and postpone gasoline rationing in this part of the county, Mr. Crump Stated.

Assembly of God Revival Under Way

Rev. George L. Grayson, pastor of the Assembly of God church, announces that the revival now under way is meeting with success and invites the public to attend.

Miss Bertha Tate, evangelist, of St. Louis, Okla., is conducting the services, which are being held each night this week and next. An invitation is extended to everyone to attend each meeting.

Evangelist

Group Leave Sunday For Army Induction

In answer to a call for men from Wheeler county to enter training the following left here Sunday morning for pre-army physical examination and induction for those who pass:

Arthur A. Patterson, Mobeetie, transferred for induction (El Paso); Cecil Ellis Blake, Shamrock, transferred for induction (Las Vegas, Nev.); Dennis W. O'Brian, Jr., transferred for induction, (Temple City, Calif.); Bobby Quention Harrel, Shamrock, enlisted; John W. Walker, Shamrock; Alton L. Weeks, Wheeler; Dr. Paul Zeigler, Shamrock, enlisted; A. T. Pitcock, Twitty; Wayne T. Mitchell, Kelton; Howard Cecil Koehn, transferred for induction (Los Angeles, Calif.); Carol Scott Marshall, Kellerville; Earl R. Gobble, Shamrock.

Cleburne E. Westbrook, Shamrock; Louis Edward Griffin, Shamrock; Claude Lee Stapp, Twitty; Robert Dudley Roach, Jr., Shamrock; Rufus Wm. Beck, Mobeetie; Thomas Floyd Kelley, Mobeetie; William Samuel Mixon, Mobeetie; David Woodrow Cook, Shamrock; Isaac Floyd Anglen, Mobeetie; Joseph McKinney Evans, Shamrock; Jack Allen Jones, Wheeler; Tony Maxwell Griffin, Wheeler; Graddon Scott Burton, Shamrock, enlisted; Jerry Harvey Campbell, Shamrock.

HOSPITAL NEWS

Miss Charlene Bradshaw entered the hospital for treatment, June 5.

Paul Simpson, Gageby, underwent a tonsillectomy, June 5.

Mrs. Dan Hefley entered the hospital for treatment, June 5.

Mr. and Mrs. J. C. Lawler, Twitty, are parents of a son born June 6.

Mary Ruth Evans, Briscoe, entered the hospital for treatment June 6.

Mr. and Mrs. Doyle Standlee, Briscoe, are parents of a girl born June 6.

Mr. and Mrs. Virgil Burress, Mobeetie, are parents of a girl born June 6.

Rufus Coward, Shamrock, underwent a major operation, June 7.

Mr. and Mrs. Wylie Pettit, Corn Valley, are parents of a girl born June 7.

Mr. and Mrs. J. M. Harris, Shamrock, are parents of a girl born June 11.

Mr. and Mrs. Jack Bass, Sweetwater, Okla., are parents of a girl born June 10.

Mr. and Mrs. E. Walker, Allison, are parents of a daughter born June 11.

Remodeling, Repainting of Many Places Noted

Painting, papering, repairing and remodeling different homes and other buildings over Wheeler continues.

Listed below are several places showing recent improvements. There are probably others that should be included in the list and the editor will be glad to give them proper recognition at a future date if called to his attention.

Outstanding among recent improvements is that done by the local Baptists this week. Improvements amounting to over \$1,200 are being done by the church group and include repainting of ceiling, oiling of floor of the church and new seats are being installed in the auditorium. The parsonage is also having a new roof put on it.

Other newly improved places about town are:

E. Tillman home—new roof, new bathroom, new front porch and other improvements.

Lee Guthrie home—new bedroom. Clay Food Store—interior painting.

W. W. Adams and W. E. Wileman homes—new roofs.

D. E. Holt home—new sidewalk at front entrance.

Harold Shively home—addition of bedroom and bath.

Dr. H. E. Nicholson home—new roof.

H. M. Wiley home (recently moved to its new location)—to be completely remodeled.

Cliff Weatherly home—new roof and new interior decoration.

Bowers house on highway in South Wheeler—completely redecorated on the inside.

A. B. Crump home—repainting.

War Board Asks Farmers to Pool Ways of Transportation

Asking your neighbors if they need anything in town or want to ride in with you is more than just neighborliness these days—it's good sense and a good way to save wear and tear on tires.

That's why the Wheeler County USDA War board is urging farmers in the county to work out neighborhood plans for making the best possible use of transportation facilities.

As Clarence Zybach, board chairman points out, agricultural products must get to market if they're going to be sold and if the American people are going to eat, and tires are going to be mighty hard—maybe impossible—to get when the ones now on hand are gone.

"Arrange with one or more neighbors to exchange trips," the board advises farmers. "Do all your regular hauling, so far as possible, on that basis. Form a little group on your road to do this in a systematic way. Pool your loads."

As a future tire-saving step, the USDA War board advises against going into town "empty."

"If you have an errand in town, call up your neighbors and take everybody on the road who needs to go that day—then let them do the same by you." Make similar arrangements for small partloads of products. Don't make a trip alone with just a bushel of potatoes or a sack of grain, nor to get one or two small items of supplies. Double up. Co-operate with your neighbor."

AUTHENTIC INFORMATION OF C. FILLMORE EXPECTED SOON

Mrs. Clyde Fillmore of Wichita Falls, received communication from the government the first of the week, informing her that within the next five or six weeks they will be able to give her an authentic report on her husband, Clyde C. Fillmore, former Wheeler county attorney who was with the 131st Battery in Java and has not been heard from since the surrender of that place.

The battery, composed almost entirely of national guardsmen from this section of the state, also included Jack D. Moss of Pampa.

Young Moss is a nephew of Mrs. Fred Farmer. He enlisted nearly two years ago when only 17 years old.

The war department recently announced that the 131st Battery was on Java and that members were believed to be missing or prisoners of the Japanese.

Grandmother Rogers 100 Years Old June 18

Grandmother Martha Rogers invites her friends to visit her Thursday, June 18, which is her hundredth birthday.

Open house will be held for her in the Rippy home near Heald, by her niece, Mrs. Nida Green and daughter, Mrs. W. L. Rippy, from 2 until 5 p. m.

Health Program In Effect Soon

The Rural Health Service program for Wheeler county is certain and will go into operation as soon as 700 rural families have made arrangements to pay their first annual dues, county agricultural agent Jake Tarter announced this week and it is expected the plan will be in operation by July 1, as families over the county are paying their dues at a rapid rate.

Any farm family who has not signed up can do so now by going to the doctor's office, at the home demonstration agent's office, or the county agent's office. This should be done promptly by those who have not signed up.

Local Democratic Committeemen Meet Monday Morning

Members of the Wheeler County Democratic Executive committee will meet in the district court room of the court house here at 9:30 next Monday morning. In last week's issue of the Times it was announced that the meeting would be held at 9:30 p. m. This was an error and should have read "9:30 a. m., Monday."

The meeting will be for the purpose of assessing expense of the coming primary election, determining fees to be paid by candidates, drawing for places on the ballot, filling any vacancies that may have occurred on the county committee, appointing presiding election judges and other important matters, it is announced by County Democratic chairman A. B. Crump.

He urges that all members of the county committee and all candidates who can possibly do so, attend the meeting.

SATURDAY IS DEADLINE

County and precinct candidates have until Saturday to file petitions for a place on the ballot.

Virgil Tolliver to Be Co-op Gin Manager

Virgil Tolliver has been named manager of the Wheeler Co-op Gin it was announced early this week by the board of directors who met in a called meeting Saturday.

Mr. Tolliver takes the place of B. F. Holland, who recently moved to Briscoe to become manager of the Chickasha gin there.

Mr. Tolliver was employed for a number of years with his father at the local gin during the past. The elder Mr. Tolliver erected the gin and was its manager for several seasons.

MOBEETIE BAPTIST PLAN VACATION BIBLE SCHOOL

Rev. Ted H. Ewing, pastor of the Mobeetie Baptist church, announces that registration will take place Saturday afternoon, June 13, from 2:00 until 5:00 p. m. at the church for children wishing to attend a Vacation Bible School to be held the next two weeks.

Hours for the school will be announced Sunday. All children from the ages of 4 to 16 are invited and urged by the pastor to attend.

MARRIAGE LICENSES ISSUED

June 2: Margie Mary Mullin and William Albert Ford.

June 4: Roberta Amanda Wales and Carroll Porter Adams.

Downpours Detrimental To Newly Planted Crops

Flag Day Proclamation

On January 1, 1942, twenty six governments signed the Declaration of the United Nations. They pledged support to the principles of the Atlantic Charter of International Freedom. They pledged their full resources—military and economic—against those Axis nations with which they were at war. They pledged never to sign a separate armistice or peace with the enemy.

Each year, on June 14, the people of this community have observed Flag Day as a symbol of our allegiance to the ideals of our country. But, in this war of all-out war against tyranny, our allegiance is entwined with loyalty to all who battle alongside us, wherever they may be. As we have united in the past to build a mighty America out of pioneers who came here from many lands, so today we join with United Nations on every continent to fight for the age-old human ideal of freedom. We may differ with many of our allies in language, or religion, or form of government, but we are united on a basic principle now challenged by Axis aggressors. It is the principle that human being have a right to be free, that they have a right to decide for themselves what kind of government they wish, that they have the inalienable right to life, liberty and the pursuit of happiness.

To pay tribute to the unconquerable determination of the twenty-six (now twenty-seven) united nations—to give the citizens of this community an opportunity to express their conviction that the spirit of freedom will never die, and that our cause will be victorious—to express our confidence in the sincerity, the gallantry and the mutual respect of the united nations whether they are now on the battle-lines, whether their lands are temporarily under the heels of Axis tyranny, or whether they serve by supplying the vital materials of war.

As Mayor of the City of Wheeler, I hereby proclaim June 14, 1942, Flag Day and I ask all citizens to co-operate with the Flag Day committee in carrying out a fitting observance of this day. I ask the people of Wheeler to display the flag of the United States as well as the flags of other united nations which may be in their possession. I ask for full participation in all ceremonies which may be held in this community so that the world will know that Americans stand shoulder to shoulder with our allies in the undying determination to fight until victory is ours.

Signed: R. H. Forrester Mayor of the City of Wheeler.

Rev. and Mrs. E. L. Naugle of Briscoe, Mrs. Bert Keiper of Allison, Mrs. Veloise Wilhelm of Allison and Mrs. Roe Green of Wheeler, attended the district meeting of the Women's Society of Christian Service, held at the Methodist church in McLean, Wednesday.

Eight to Ten Inches Rain Falls Over Area

Rainfall of cloudburst proportions that started falling in this area Sunday morning have brought havoc to newly planted cotton and feed crops.

It is estimated that 8 to 10 inches of rain had fallen over most of the county during the first three days of the week, leveling listed fields, cutting deep ditches across others, washing out culverts, swelling streams, and, in some places, coming near to doing serious damage to paved roads by spilling over pavement in the low places.

It is estimated that from 60 to 75 per cent of the crops will have to be planted over which brings the farmers face to face with the serious situation of late planting and difficulty in securing cotton seed with high germination.

Some farmers report having already planted their cotton as many as three times before the recent rains set in.

Some are of the opinion that it is risky to plant cotton this late while others say that there is still plenty of time to plant both cotton and feed stuffs.

Along with the varied opinions one hears expressed, is that of the likelihood of the rain stopping for good, for a long spell at least, when the skies do clear. At any rate, farmers are hoping for two or three weeks of suitable weather for getting their crops started.

Grasshopper Poison Available at Lela

Grasshopper poison is available at the Lela Gin on Tuesday, Thursday and Saturday of each week until further notice, county agent Jake Tarter announced this week.

Farmers are to furnish their own sacks and do the mixing and pay a charge of 20 cents a sack. The small charge is for handling, paying the attendant and other expenses of the station as the government contends that if it furnishes the bran, sawdust and poison, the farmer should furnish the balance of the expense as poisoning of the hoppers should be done without expense to the county.

Poison will be available at Mobeetie as soon as there is sufficient need in that area, the county agent stated.

Because of the tire situation neighbors should pool their needs and send a truck or pickup for the poison for several farms. Groups of farmers in the same neighborhood should place the poison bait out at the same time to avoid some farmer freeing his farm of the pests only to have them come back on his farm when a neighbor poisons at a later date.

Potatoes and Bugs

The potato bug is doing a lot of damage in some potato patches over the county. To get rid of them use one-half pound of hard water soap and one teaspoon full of nicotine sulphate or black leaf 40 to one gallon of water and spray on the vines late in the evening. The soap should be laundry soap made from vegetable fat and not animal fat.

VACATION BIBLE SCHOOL WILL CLOSE SATURDAY

The Daily Vacation Bible School at Wheeler Methodist church started Monday, June 8, and will last through Saturday, June 13. The classes are from 3 until 5:30 each afternoon.

The school is divided in three groups. Mrs. Calvin Harmon is in charge of the Juniors; Primary, Mrs. Clarence Crowder, and Mrs. Luther Parks; Beginners, Mrs. Roe Green, Mrs. Ernest Henderson, Mrs. Wayne Cook.

Rev. Cook has the devotional period with the juniors and primary and Mrs. J. L. Gilmore and Miss LaVerne Savage have charge of the music; Mrs. Meek and Bonnie Harmon are in charge of the handwork for the juniors and are doing Red Cross work. The Primary group, in their handwork period, are making scrap books for children confined in hospitals.

The playground work is in charge of Mrs. Meek and Mrs. Wiley.

The boys and girls who have been attending the annual Vacation Bible School will present a program at the church Sunday night, June 14, beginning at 9:00 o'clock. All parents, teachers and friends are invited to attend this program and commencement exercise of the school.

Mrs. W. E. Bowen attended to business in Perryton Wednesday.

SUGAR FOR CANNING

Homemakers canning fruit this year will save themselves time and trouble if they do some advance preparation before applying to their local rationing board for certificates. "Be prepared to answer these three questions when you go," advised Winifred Jones, specialist in food preservation for the A. and M. Extension Service: How many quarts of fruit did you can last year? How many quarts of fruit do you plan to can this year? How many quarts of last year's fruit do you still have on hand? Another word of advice is: "Keep a record of the fruit you can with your rationed sugar because your rationing board will ask for it when you apply for more sugar."

Answering these questions will be relatively simple for the thousands of rural homemakers who have kept records and filled food preservation budgets as recommended by county home demonstration agents of the Extension Service.

Rural homemakers may stretch their sugar allowances by using thinner syrups for canning fruits and fruit juices and by using corn syrup or honey as substitutes in canning recipes, Miss Jones says. Information on these methods can be obtained from county home demonstration agents. She warns that saccharine, a coal tar product with an extremely sweet taste, cannot be used in canning because it becomes bitter when heated.

Here is the specialist's summary of the rationing regulations as they apply to sugar for canning:

"You will get one pound of sugar for every four quarts of finished fruit you are putting up, and you may can as much fruit as your family needs. You may have an additional pound of sugar for each person in your family to make a small supply of jams, jellies, and fruit butters."

WAR AND AGRICULTURE

Much is heard of current high prices of agricultural products. What people often overlook is the fact that war has also brought the farmer many a tough problem.

The price of everything he must buy is substantially higher now than in pre-war days. His taxes, like everyone else's, are at record highs. Shortages and priorities make it difficult and sometimes impossible for him to obtain new equipment and needed repairs, and building and maintenance materials.

Most serious of all, the agricultural labor situation is actually desperate in many localities. The best men have gone to work in war industry, attracted by big wages. The draft has taken many who would normally work on farms. Even when labor is available, the price demanded is beyond the average farmer's power to pay.

So all isn't milk and honey down on the farm.

Miss Arlie Lee and her brother, Roy Lee, attended the funeral services of Ben McGregor at Panhandle Sunday afternoon, and then drove on to Amarillo where interment was made.

Mr. and Mrs. Deward P. Wofford and son, Deward Dale, are visiting Mrs. Wofford's parents at Gross Plains, Texas this week.

ADVICE TO SWIMMERS

Some timely advice to vacationists concerning the proper precautions to be used in water sports was released from the State Health Department today by Dr. W. Cox, State Health officer.

It was pointed out that, in view of wartime restrictions, vacation pleasures are apt to be limited to excursions and picnics at nearby lakes, rivers, and ponds of unfamiliar depths and currents, and without the usual lifeguard supervision associated with bathing beaches and commercial swimming pools.

"Swimming and water sports are beneficial to good health provided one's physical condition justifies this type of exercise," Dr. Cox asserted; "nevertheless, they possess dangerous possibilities if the rules of safety, through carelessness or thoughtlessness, are disregarded."

The health officer outlined the following simple rules for bathing and swimming in safety:

1. At least one hour should elapse after a meal before entering the water.
2. Upon the first indication of fatigue, come ashore and call it a day. Don't re-enter the water.
3. If becoming chilled, leave the water immediately.
4. Do not enter the water when overheated.
5. Learn to float. This is most important.
6. Never attempt to rock a boat in a spirit of fun.
7. Never swim in water that may be polluted. Swimming close to or even a few miles below sewage outlets is inviting the possibility of acquiring disease.

"Excursions, picnics, and swimming parties contribute much to a healthy, happy, normal life, which is especially desirable at this particular time when the whole nation is tense and under a strain," Dr. Cox said. "It is by no means advisable to eliminate these excursions from our program, but it is important that they prove beneficial and not disastrous."

THIS YEAR IS TIME TO MAKE GOOD COTTON CROP

It's horse sense to build up cotton yields this year and hold down losses.

Low losses mean low premiums but high losses mean high premium rates under the Federal Crop Insurance program.

"Higher the premiums soar, less effective will become the program which helps stabilize farm income," Donald L. Cothran, state crop insurance supervisor, said in explaining that loss experience each year is used to determine premium rates in future years.

He pointed out that cotton crop insurance won't make a farmer profit on labor and investment but that it served as an income safeguard when conditions beyond control of the grower deprived him of a normal crop.

Labor costs and prices of fertilizer and insecticides are likely to be higher this year, but lint is bringing around \$100 a bale, and cottonseed, none too plentiful, is selling at higher prices than in past years. To capitalize on these more profitable returns, Cothran urges farmers to produce as nearly a full crop as conditions permit.

While crop insurance contracts protect growers against losses due to unavoidable crop hazards, insured farmers must follow good farming practices and exercise reasonable precautions to avoid losses before indemnity payments will be paid by FCIC.

"We buy federal crop insurance for protection, not for dividends, and like fire insurance, it certainly comes in handy when calamity knocks on the door," he explained.

Mr. and Mrs. D. A. Wilcox and Mr. and Mrs. A. T. Davidson of Canadian came Sunday for a few days visit with Mrs. Neva Sampson.

Pertinent Paragraphs from Panhandle Press

Items of interest culled from newspapers on The Times' exchange list.

Sugar and gasoline rationing are only the beginning—the American people are going to have to pull in their belts more and more. It has been estimated that half of the nation's 40 billion dollar armament output scheduled for 1942 must be supplied by men and machines that produced civilian goods last year.

The construction of new plant facilities has just about reached the end—except where absolutely necessary. Strategic metals and materials that go into building cannot be shot at or sent at the enemy in the form of bullets and bombing planes.

Our peacetime industries employing nearly 13 million workers are rapidly converting to war production.

A recent survey has shown that fifteen weeks after Pearl Harbor eleven major lines of civilian production were already under conversion or drastic curtailment orders from the government.

This is sharply significant to civilian consumers, who must forego more and more comforts and luxuries. It means no more refrigerators, no more radios, no more automobiles, no more vacuum cleaners. Our washing machines are now being made into bomb fins and anti-aircraft machine gun mounts. Our refrigerators are becoming searchlights. Our typewriters are becoming rifles and fire-control instruments.

The men on the fighting front need weapons and more weapons—we must not let them down. To take care of their needs the shortage of consumer goods will grow, and hence the need for rationing. Cheerful acceptance of rationing is one of the things everyone can do to help win the war.—Ochiltree County Herald.

American soldiers who are marrying Australian and Irish girls are in for a shock after the war is over, one of our contemporaries points out, when wife suggests a visit to mother. On the other hand, consider how seldom wife's mother can visit them.—The Memphis Democrat.

There seems to be about as much reason for rationing gasoline in Texas as it would be to tell Arkansas farmers they must not eat strawberries in season, because other parts of the country cannot enjoy them on account of transportation problems. Easterners who cry "undemocratic" are wrong to try to stop production and sale of gasoline when the wells and plants are in our own back yards. If it is to save tires and the government needs tires, why not confiscate every tire in the country? Nobody will complain, if it takes this to win the war, but to ration gasoline here just because it must be rationed elsewhere doesn't look right from this distance.—The McLain News.

As regrettable as it may seem, the German people as a whole must be taught the inevitable lessons of aggressive and oppressive warfare.

For centuries Germany has managed to escape any material destruction and laying waste of her home lands by the acts of an invader, while at the same time her people have been taught that they are a super-race destined to rule over the entire earth. Her people have been taught to be ruthless in dealings with her enemies, since that is the easiest and simplest route to victory over her foes.

It is a mistake, therefore, to believe or assert that the German people as a whole are not responsible for the acts of Hitler and his Nazi captives. They not only condone their heartless cruelties against neighboring peoples; they applaud

FSA Families Get Mattresses

Eighteen thousand families on small farms and ranches in Texas enjoyed comfortable home-made mattresses and warm comforters during the past winter, according to Miss Mattie A. Trickey, state home management supervisor of the Farm Security administration.

"Under the direction of FSA home management supervisors, men and women from low-income farm families made 23,745 mattresses and 34,474 comforters during the past year and a half," Miss Trickey said. Cotton and cotton goods furnished by the Agricultural Marketing administration, another agency of the U. S. Department of Agriculture, went into the mattresses and comforters.

and glory in it. Since this is the case, there can be no correction of the German national viewpoint except by wrecking a just vengeance against Germany, her cities and her people.

Since this ugly fact must be realized by the Allies, there is no hope of any lasting peace with a people so obsessed with the brutal ideas of conquest, except to blast and overrun, to bring visible and terrible destruction to the very heart of the German states—to divide and hamstring German movements for long enough to blast out of the German mentality such ideas of super-race and cruelties against weaker neighbors—however long that may take.

The German people must be taught to be civilized in their dealings with mankind. Any course short of this necessity would be an error in judgment and wisdom, which could only bring another ordeal of horror and bloodshed to the world.

A Christian world can now only be made possible by the elimination of every wicked and selfish ambition of the Teuton, the Jap, the Italian—the chief wreckers of brotherhood and peace. After that comes the purification of the Russian, the English and the American.—The Clarendon News.

The printing business is being affected by the war. In addition to the fact that many are being called into the service the defense plants are taking their toll of printers and linotype operators. A modern printing plant today requires complicated and intricate machinery, some of which requires great mechanical skill to successfully operate. Such men can be used without much extra training in the more intricate work in the defense plants. They are familiar with modern machines and know how to keep complicated equipment in order and in repair.—The Tulsa Herald.

A traveling salesman stopped at a general store away out in the country and by way of opening conversation, remarked:

"General MacArthur sure put up a stand at Bataan, didn't he?"

"Who?" asked the surprised storekeeper.

"Douglas MacArthur," answered the salesman. "You know, the general in the big war."

"What war?" asked the storekeeper.

"Never mind," said the salesman, "just load a hundred pounds of sugar in my car and put on four new tires." —The Hereford Brand.

The Japs are reported to be using poison gas on the Chinese. This might be expected. The Japs know that they must win the war or be blasted off the face of the globe. Much to the surprise and chargin of the United States, the Japs continue winning every battle. Their aim is to knock out the Chinese before we can get aid across the Pacific. It is too late now for the United States to mourn that we did not heed the warnings of so many students of Eastern affairs. We sold them scrap iron, gasoline and other munitions, against the advice of those who knew the Japs and now are paying the penalty for this foolishness of profits.—The Canyon News.

"BELT TIGHTENING" ALL AROUND

There can be no real check on inflation without maximum economy in government non-war spending. Prodigal government is one of the strongest inflationary influences.

If we are to curb inflation, excess purchasing power must be sharply reduced. And government itself is the greatest creator of excess purchasing power. "Belt tightening" by individuals alone will achieve nothing if it is not accompanied by equally rigorous belt tightening by government, and conservation of every tax dollar.

Mr. and Mrs. Gordon Stiles and daughter, Sandra Sue, spent Sunday and Monday in Amarillo attending to business.

Lowell Farmer who has recently gone to Amarillo to work on the Ordnance Plant, spent the week end in Wheeler visiting his parents, Mr. and Mrs. Percy Farmer.

Mrs. Ray Lee and children spent Thursday afternoon in Shamrock visiting friends.

CUSTOMER: Both these cars appeal to me, but . . .

SALESMAN: You won't find a better second-hand car anywhere than either of these. Wonderful buys!

CUSTOMER: If I only knew how the engines had been treated . . . what oil the ex-owners used.

SALESMAN: This one, I don't know. But this red job I happen to know had nothing but Conoco Nth motor oil from its first mile!

CUSTOMER: Well, why didn't you say so! Conoco Nth! I'll take the red job, of course! First of all, whoever owned that car knew what was best for a car when they used Conoco Nth. With Conoco Nth in the crankcase, I'm sure the cylinders and moving parts were protected by OIL-PLATING—lubricant that doesn't all drain down at every chance, but stays on the job.

SALESMAN: Well, that'd sell me the red one.

CUSTOMER: Why, man, Conoco Nth can help keep an engine so clean of sludge and carbon that it easily ought to mean good long life. I'm going to cash in on this car's value—and keep on using Conoco Nth.

You can cash in, too. Cash in by getting all the engine life and good oil mileage that are winning sensational sales success for Conoco Nth oil. See Your Conoco Mileage Merchant today! Continental Oil Company

FOR THE DURATION of your car

Don't depend on spasmodic and hurried stops for gasoline to have your tires and car checked. Join my ONCE-A-WEEK CLUB. Choose one day each week to bring in your car. I will check and properly inflate your tires, check oil, radiator, and battery. I will look for and report anything beyond this that appears to need attention. I will keep a careful record of greasing and oil change and remind you whenever these services are needed. I'm here to help you get the maximum service and life from your car at the least possible cost and trouble to you. *Your Mileage Merchant*

State Fair at Dallas Called Off This Year

There will be no 1942 State Fair of Texas.

Decision to forego the annual exposition, known as "The world's largest and most beautiful State Fair," was reached by the board of directors after Harry L. Seay, president of the institution, made a report on his survey of the conditions brought about by the national emergency.

Lack of transportation for both exhibits and patrons decided the issue. Tire shortage, possible gasoline rationing and a scarcity of shipping facilities influenced the decision. Many of the leading fairs of both the United States and Canada have been called off for the duration.

Mr. and Mrs. Edgar Flynt and daughter, Nannette, returned Wednesday from Clarendon where they had visited his brother and wife, Mr. and Mrs. Walter Flynt.

Mrs. Charlie Burch recently underwent an operation at the Station hospital in Fort Sam Houston. Mr. Burch is with the second Engineer's Division at Fort Sam Houston, and the Burch family were formerly of Mobeetie.

Exterior view of The Mother Church

ANNUAL MEETING OF THE FIRST CHURCH OF CHRIST SCIENTIST, JUNE 8, 1942

BOSTON, Mass., June 8—The great task now confronting a liberated America, which more than three quarters of a century ago fought a four-years war to free the slaves, is to aid in working out the freedom of the whole world from slavery. The Christian Science board of directors told several thousand Christian Scientist gathered in annual meeting in Boston today.

Declaring that this would be the sentiment expressed by the nation's martyred president, Abraham Lincoln, where he here today, the directors pointed out that "through the ages tyrants have endeavored to govern and control men by engendering fear."

The directors' statement was the high light of the annual meeting of the Mother Church, The First Church of Christ Scientist, in Boston, Mass., which annually draws thousands of visitors to the Hub City from all parts of the world. This year, however, the audience was more localized due to unprecedented world conditions that keynoted most of the reports to the meeting. The directors emphasized the world-wide emergency as presaging a more universal turning to spiritual enlightenment as the pathway to future world peace.

Meeting in their mother church under the world-enveloping shadow of what is probably the gravest threat to political and religious freedom since the advent of Christianity, the visitors were reminded in a report by The Christian Science board of lectureship that the union of Britain and America was foreseen forty-four years ago by Mary Baker Eddy, discoverer and founder of Christian Science, as the instrument through which the rights of free peoples everywhere might be permanently established and protected.

The directors also announced the election of Mrs. Elizabeth F. Norwood of Brookline, Mass., as president of the Mother Church for the ensuing year. The chief duty of the president is to preside at the annual meeting.

To the incoming president the times appeared to constitute a challenge to Christian Scientists to face unflinchingly "a duty beyond anything they have ever before been called upon to face." Yet in the face of this duty, she said, there is

the authority of the Bible that "the Lord's hand is not shortened that it cannot save" and that "Christ's Christianity will free mankind from the bondage in which it is being held."

Today the board found that the establishment of Christian Scientist in some countries was being limited by the dictators, that some churches and institutions were being closed and confiscated. "But wherever multitudes of plain people in ordinary, everyday living cherish and practice the truths of their religion," the board said, "its resurrection is assured."

The frequent reports of increasing wartime interest in religion as the streams of dependence upon material systems run low were accentuated by the announcement of the trustees of the Christian Science Publishing Society that the sales of Bibles this year "are the largest in the history of the Publishing Society." Increased circulation of the Christian Science Journal, the Christian Science Sentinel and the Christian Science Monitor was also reported for the last 12 months. Literature of the society was said still to be going to many parts of the world, arriving sometimes on delayed schedules, but nevertheless reaching Switzerland, unoccupied France, Spain, Portugal, all parts of Africa, Australia, the British Isles, South America, New Zealand, India and Ceylon.

The report of the treasurer for the fiscal year ending April 30, 1942, showed that the finances of the Mother Church were in sound condition, that aside from current bills and accrued taxes there was no indebtedness.

Other reports made to the meeting stressed the theme of greater opportunity in the emergency to base the future peace of the world upon a higher platform of human rights, one dictated by recourse to divine rather than to human intelligence.

Lumber Amendment to Ease Storage Problem

Texas farmers may now order lumber from local dealers for farm storage construction, packing or boxing 1942 crops.

The Texas USDA War Board announces an amendment to the recent war production board lumber freeze which permits release of mill stocks of lumber. This is expected to help ease the difficulty farmers in some areas are having in obtaining materials to build and repair farm storage needed to handle the 1942 grain crops.

Farmers desiring lumber must sign endorsements to the effect that the lumber is obtained for purposes specified as exempt from the lumber freeze order. If dealers do not have necessary lumber on hand, they may use farmers' statements to obtain stocks from lumber mills, the board said.

Lumber dealers also may endorse orders to mills so long as material in the order is restricted to specified purposes. Dealers operating under this plan will not have to await sufficient farmer endorsements to obtain full carloads before placing order to mills.

Certain grades and sizes of lumber which are not being purchased for war purposes at the present time also are released. Included are short lengths and sizes suitable for side wall and roof framing, for sheathing and sub-flooring in all types of housing and small buildings.

Any construction made from lumber obtained as a result of the WPB ruling will be subject to the limitation under the recent conservation order which requires permission for farm construction costing more than \$1,000. In such cases, farmers may file applications with the county USDA War Boards, just as they have been during past weeks.

Mr. and Mrs. Lem Guthrie and grandson, Marion Lee, spent Tuesday and Wednesday in Erick visiting their son and wife, Mr. and Mrs. Lamar Guthrie.

NEWS in the WORLD of RELIGION by W.W. REID

At Muhlenberg College, Allentown, Pa., there was celebrated recently the bicentenary of the arrival in Charleston, S. C. of Patriarch Henry Melchior Muhlenberg, a key figure in the establishment of the Lutheran church in America. Vice president Henry A. Wallace was chairman of the U. S. government-appointed commission celebrating the event. Other members included President Roosevelt, Gov. Prentice Cooper of Tennessee, Senators Shipstead, Barkley, Guffey and Davis; Representatives Moser, Gerlach, Rayburn, Kinzer and Walter; Dr. Frederick H. Knobel (Lutheran), Bishop Edwin H. Huges (Methodist), and Dr. Daniel Poling (Baptist).

The Rev. Charles E. Winter, of Hingwa, China, reports that many Chinese Christians, unable to help support their churches with gifts of money because of the war situation, are giving gifts "in kind." The farmers, especially, are giving of their products and this is helping preachers and teachers tide over a period of skyrocketing prices. In the Hingwa Conference of the Methodist church, he estimates, Christian farmers have contributed 40,000 pounds of rice, sweet potatoes, wheat, peanuts, beans and other vegetables during the past year.

A number of authorities on Africa are announced to take part in the "Conference on Africa Affairs" at Otterbein College, Westerville, Ohio, June 19 to 25, under the auspices

DEPENDABLE IMMUNITY

of the college and of the Africa committee of the Foreign Missions Conference. The speakers and leaders will be in North America.

"We are in one of the critical and fateful hours of human history," said Bishop Arthur J. Moore, of Atlanta, Ga., recently. "The furnace of life is hotter than ever before. It is not an overstatement to declare that the world of tomorrow will be determined by the ideals we cherish, the goals we seek, and the convictions we hold about man, about brotherhood, and about immortality. The healing of the world's woes will not come through this or that social or political theory, nor through violent or ill-considered changes in government, but through the silent and sure process of the Christian gospel."

Reports from churches in Great Britain, coming through Dr. A. L. Warnshuis of the International Missionary Council, show a continuance of their support of overseas missions despite the inroads of the war into national and private wealth. The London Missionary Society reports gifts to mission work during the past twelve months amounting to 130,091 pounds—an increase of 6,543 pounds over the previous similar period. The Baptist Missionary

Society of England reported an increase of 9,200 pounds in its receipts for the year. This latter society, founded 150 years ago by William Carey, is now engaged in raising 150,000 guineas, in addition to its regular income, for advance work overseas and for essential projects in England.

Professor Owen Lattimore, American advisor to Generalissimo Chiang Kai-shek, declares that only the knowledge that they are on the way to self-government will rally the people of the far east to the allied side in the present war. "We have thought of China as a country that some day may hope to get democracy," he says. "But if you are in the far east and you ask today who is leader of the democratic cause in Asia, the people do not say America or Britain. They say China. We must realize that we are not bestowing democracy in Asia. The leadership of the democratic cause in Asia is with the Chinese, and if we are going to support it we must follow their lead."

Mr. and Mrs. Jno. B. Zybach of Briscoe recently attended the funeral of Mrs. Zybach's mother, Mrs. Wm. Thiessen of Marysville, Kans. Mrs. Thiessen passed away at the age of 87.

TEACHERS AVIATION COURSE STARTS AT CANYON MONDAY

CANYON, June 10.—In answer to a government plea for training of high school teachers in elementary aviation, West Texas State College will offer a special course beginning Monday, June 15.

It will be a course with graduate or undergraduate credit of six semester hours. Classes will meet three hours a day for six weeks. The cost of the course will be \$20 including fees and books. The instructor will be Supt. J. W. (Ted) Reid of Dumas, licensed pilot who was a flier in World War I.

The purpose of the course is to prepare high school teachers to offer pre-flight training to high school boys and girls next term. Thousands of American high schools will offer this work in the fall.

Phases of the special course will include airplane design and structure, communications, meteorology, aerodynamics, aircraft engines, elementary air navigation, safety and civil air regulations, and specialization. These subjects are prescribed by federal agencies.

Many Panhandle principals and superintendents will designate teachers to take the course, according to Dean R. P. Jarrett, coordinator of college aviation courses. Dean Jarrett is attempting to fill a quota of ten students for a summer CPT course scheduled to start about June 15. Young men of 18 to 26 years are eligible to take this course which leads to the civilian pilot license.

Victory Demonstrator's Pledge
As a Victory Demonstrator doing my best to help win the war I will produce food, feed and fiber to assure good health for myself, my family and others.

I will take good care of everything I use—food, clothes, furnishings, equipment, machinery, buildings, livestock and the soil as well as scarce articles such as rubber and metals.

I will buy carefully anything I must have and I will buy U. S. Defense Stamps and Bonds with all the money I can.

I will work hard with my family and neighbors and help people to be cheerful, to have courage and to take part in all war activities.

Every American should and will feel it their duty and pleasure to sign and live up to one of these pledges for in no other way can we help our boys at the front so well.

TWITTY YOUTHS RECEIVE CIVIL SERVICE COMMISSIONS

Milton L. Gierhart and E. M. Rives of Twitty, who have been employed at the Corpus Christi NYA War Work center, recently were appointed by the Civil Service commission to the Corpus Christi Naval Air Station as Helper Trainees at \$120 a month each, according to information received here this week.

While assigned to the NYA War Work center in Corpus Christi, these young men received work experience at the naval air station there in the repair, construction, and maintenance of airplanes and airplane engines.

Gierhart and Rives were referred to this center by the United States Employment service. Besides the work experience which these boys obtained at the Corpus Christi naval air station, they also attended related information and training classes taught by instructors furnished through the Corpus Christi Public School and the state board for vocational education.

BOY INJURED MONDAY IN DOWNTOWN MISHAP

An eleven year old boy, giving his name as Keith Duree, narrowly escaped serious and possible fatal injury here late Monday evening when he alighted from a bus and was struck by a pick-up driven by a Wellington man.

The bus, headed east, had made its usual stop at the City Drug when the boy alighted and started to dart across the street toward the Crump-Mundy Service Station, running into the pick-up.

After being treated by Dr. Walker for minor cuts and bruises the boy was able to continue on his way to his home in Sayre.

Miss Louise Britt, daughter of Mr. and Mrs. Tom Britt, left Wednesday morning for Boulder, Colo., where she will enroll at the University of Colorado. Mrs. Tom Britt took her to Amarillo, where she caught the train for Boulder.

Mountain View News

(By Times Correspondent)

Mrs. Eula Trimble and daughter, Barbara Nell, Mrs. R. H. Williams of Glazier and Roy Fultz of Phillips, left late Saturday afternoon for California to be with their father, John Fultz, who is seriously ill. Mrs. Jesse Burns joined them at Albuquerque, N. Mex., and Mrs. Otis Orr at Magdalena, N. Mex.

Mrs. Alvis Burke and children spent Friday with Mrs. L. W. Williams and Don.

Mrs. Fred Skaggs and son, Jerry, are spending a few days with her parents, Mr. and Mrs. E. V. Herd, before moving to Amarillo to make their home.

Mrs. and Mrs. Joe B. Williams of Pampa and Miss Sybil Rae Williams of Glazier and LeRoy Williams of Laketon were Sunday dinner guests of Mr. and Mrs. L. W. Williams.

Misses Nadine Henderson and Imogene Herd visited in Pampa Saturday.

Mr. and Mrs. Doug Baird had as Sunday dinner guests, Mr. and Mrs. Alvis Burke and children.

Mr. and Mrs. Barney Gatlin were in Pampa on business Saturday.

Mr. and Mrs. A. C. Mitchell have as guests this week their daughter, Mrs. Calvin Hockett, and daughters, Jerry and Joe, and Mrs. Frances Schmitz of Anacostia, D. C. They plan to leave Friday for their home.

Miss Genevieve Britt and cousin, Max Britt, accompanied by their grandmother, Mrs. S. P. Britt, left Tuesday for the Britt ranch at Passamonte, N. Mex., where they expect to stay about ten days.

A district meeting of the rationing board was held in Childress Wednesday with the following representing Wheeler county: Bob Douglas, Shamrock; Raymon D. Holt, Wheeler; John Dunn, Mobeetie. C. B. Witt, ration board clerk, also attended the meeting.

Mr. and Mrs. I. M. Barrington and family of Amarillo returned to their home Sunday after visiting three days with his parents, Mr. and Mrs. W. A. Barrington. They also visited Mrs. Barrington's brother, Sol Ward, and family at Kelton.

Garnett Reeves, secretary of the board of City Development, Pampa, Frank Morris of the Trailway Bus Line located in Pampa, and Fred Ashley, local chairman of the Highway Committee, attended a meeting in Sayre, Okla., Thursday afternoon (today) called by the president of the Oilfield Highway 41 association.

Rev. and Mrs. Murray Fuquay and daughter, D'Ann, left Monday by way of Shawnee, Okla., where Mrs. Fuquay and daughter will remain with her parents while he enters Chaplain Training School at Fort Benjamin Harrison, Ind.

DAUGHTERS OF MR. AND MRS. TOM BRITT RETURN HOME

Miss Genevieve Britt, accomplished daughter of Mr. and Mrs. Tom Britt, received her Bachelor of Science degree at the 102nd commencement exercises at Southwestern University at Georgetown, Monday morning. Miss Britt majored in Elementary Education and minored in English. Mr. and Mrs. Tom Britt and son David left Thursday for Georgetown and attended the baccalaureate services Sunday and the graduating exercises Monday morning. Genevieve and Louise, who is also a student at Southwestern University, returned to Wheeler with their parents.

BAPTIST ENJOY PICNIC LAST THURSDAY EVENING

The Baptist picnic held Thursday evening at the Finsterwald ranch at Gageby was attended by a large group, despite the weather. Games and contests furnished the evening's entertainment, including the men playing leap frog. Late in the evening a bountiful meal was enjoyed by everyone attending.

KAPPA BETA'S HAVE FLAG WEEK PROGRAM

The Kappa Beta club met at the Methodist church park Wednesday evening and a very interesting program on flags and flag week was given by Miss Helen Green, program leader. Those enjoying the bacon and egg supper cooked on the outdoor fireplace were: Mrs. H. E. Nicholson, sponsor; Mrs. Harold Nicholson, Miss Frances Noah and Miss Clare O'Gorman, guests; and the following club members: Mrs. Max Wiley, Mrs. Calvin Harmon, Misses Ina Fay Robison, Leona Crossland, Marguerite Ficke, Mary Eunice Noah, Helen Green, Arlie Lee, Lois Farmer and Elva Willard. The next meeting will be with Miss Leona Crossland and Marguerite Ficke will be program leader.

JOLLY DOZEN GROUP MEET WITH MRS. GRIFFITS

The Jolly Dozen club met with Mrs. R. E. Griffiths, June 4. The afternoon was spent knitting for the Red Cross. Mrs. Marlow Dill won the toothpick prize. Refreshments were served to one guest, Mrs. Lee Guthrie, and the following club members: Mesdames Tobe Giles, J. B. Johnston, Marlow Dill and the hostess.

STUDY BY W.S.C.S. GROUP LED BY MRS. J. M. PORTER

The W.S.C.S. met Monday afternoon in the church parlor at 2:30 for the third lesson on Christian Roots of Democracy. Mrs. J. M. Porter led the study assisted by Mesdames McDowell, Wiley, Nicholson and Loyd Davidson. Mrs. Roe Green gave a report on her trip to the District Conference at McLean. Those present were Mesdames J. M. Porter, Roe Green, Ansel McDowell, Wayne Cook, H. E. Nicholson, J. D. Merriman, J. L. Gilmore, C. J. Meek, H. M. Wiley and Mrs. Elizabeth Wren.

MISS OPAL DUNCAN IS EMPLOYED BY GOVERNMENT

Miss Opal Duncan who is a Junior at W. T. S. C., Canyon, and a former Wheeler girl, has accepted a position with the government in Washington, D. C. and reported for duty May 14. Miss Duncan was employed in the office of the county Home Demonstration agent about a year before leaving for school at Canyon and is a cousin of Mrs. Milt Williams of Twitty. Mr. and Mrs. Percy Rowe and children of Pampa are here for a few days visit with her parents, Mr. and Mrs. A. C. Mitchell.

Club Notes

Happenings of Interest by and for Home Demonstration Club Women of the County.

GROUP AT LIBERTY ENJOY SOCIAL MEETING

Producing better eggs was discussed by members of Liberty Home Demonstration club at their semi-monthly meeting at Liberty school house, Wednesday night. Mrs. Floyd Lively discussed, "Infertile versus Fertile Eggs." Mrs. Howard Hardin discussed, "Why Produce Better Quality?" Mrs. Olen Davis discussed, "To Secure Better Quality." Mrs. Luther Petty discussed "To Secure a Better Market," with Mrs. Henry Dorsey as leader. The discussions showed an infertile egg would keep much better than a fertile one, so it is advisable to rid the flock after hatching season of cockerals either by selling or penning. Better quality eggs are produced by proper feeding and should be encouraged in order to create a better market which may be secured by a community banding together, meeting above mentioned methods and demanding a higher price and when the purchasing class learn of better quality eggs, they will be glad to pay a better price for them.

Roll call was answered by giving number of dozen eggs sold within last year. Besides the above mentioned, Mrs. C. A. Myatt and Mrs. C. T. Calvert answered roll call with a total of about 340 dozen eggs. Mrs. W. T. Lewis was received as a new member. Miss Lucile Chance, county home demonstration agent was unable to be present at the last meeting so it was called off and the same lesson will be given June 17 at Mrs. C. T. Calvert's with an all day meeting, in charge of the agent, with a demonstration on salads before noon and testing pressure cookers in the afternoon.

During the meeting of the women, the men, young people and children were enjoying various games.

Those present were: A. L. Morgan, J. F. Corbin and son, Bobby John; Mr. and Mrs. C. T. Calvert; Mrs. C. A. Myatt and children, Norma Lee, C. A., Jr., Barney and Keith; Mrs. Luther Petty and daughter, Zora Idabel; Mr. and Mrs. Floyd Lively and daughters, Eulema, Minnie and Sue; Mr. and Mrs. Howard Hardin and daughter, Oma Lee; Mr. and Mrs. Henry Dorsey and sons, Clinton and Ray; Mr. and Mrs. Olen Davis and children, Kenneth and Dorothy Sue.

Mr. and Mrs. W. T. Lewis and daughter, Ava; Misses Viola Corbin, Fleeta Cunningham, Betty Lou Roth, Lou Ann Wall, Annie and Cleo Jones; Messrs. Troy Corbin, J. D. Roth, Clyde Blocker, Ronald and Conald Cunningham.

WHEELER H. D. COUNCIL MET LAST MONDAY

Vitamin A content of butter is low when cows are fed little or no green feed, was a good point brought out by Miss Lucile Chance, Wheeler county home demonstration agent, at the regular county demonstration council meeting, Monday afternoon, June 8, in the court house club room.

Miss Chance urged council members who have not had their cows tested for bangs to do so as soon as possible and pasteurize milk until the herd has been tested and pronounced safe, to safe-guard the family from undulant fever.

It seems mi-lady as well as his "lord-ship" the head of the house is going to have to give up non-essentials of her dress for the duration, two-inch belts, two-inch hems, narrow sleeves and skirts not more than two-yards wide are the order of the day. American women are not given to complaint and grumbling of the new styles is expected on the same scale as the sugar rationing, to-wit: absolutely NONE.

Council will recognize the club member who gets the most signers of Victory Demonstrator's Pledges by October, 1, with a gift.

Meal planning will be the August demonstration instead of July as planned in the year books.

Those present at the meeting were: Mrs. Luther Bullock, Davis; Mrs. E. R. Blocker, Kelton; Mrs. Cliff Mason, Sunshine; Jeanette Fern Blocker, Kelton; Mrs. Laura Brown, Shamrock; Mrs. Mary Williams, Shamrock; Mrs. D. D. Vines, Kelton; Mrs. J. T. Reynolds, China Flat; Mrs. Jess Crowder, and Miss Iva Davidson, Wheeler.

Mrs. J. G. Davidson, Sunshine; Mrs. Groves Copeland and Mrs. Alma Easterling, Bethel; Mrs. Gus Wegner, Country Neighbors; Evelyn Plummer, ass't county home demonstration agent; Mrs. J. H. Watts and Evelyn Patterson, Wheeler.

J. J. Smith, who is stationed at Fort Bliss near El Paso, has a ten day furlough and arrived Friday to visit his mother, Mrs. M. E. Smith and two brothers, Albert and Billy.

Mr. and Mrs. C. C. Tate, their grandson, James Brown Bordus, and Mr. and Mrs. Dexter Curl of DeLeon, Texas, visited in Wheeler Wednesday. Mr. Curl and J. M. Burgess are step-brothers.

IMPORTANCE OF SALADS STRESSED DURING HD MEET

"The days plans for meals in many homes are not considered complete unless at least one salad is included," Lucile Chance told members of the Wheeler Home Demonstration club at the home of Mrs. J. M. Porter, Wednesday afternoon. Continuing, she said, "Attractiveness of salads depends on size and shape of pieces of food used. Often times vegetables are more attractive if not cut too fine.

One of the attractive salads served was made of raw spinach, mustard, turnip greens, lettuce, radishes and onions with French Dressing, the recipe for which is given below:

French Dressing

4 T. salad oil; 1 T. sugar; 1-8 t. paprika; 1 t. salt; one 1-2 to 2 T. lemon juice or mild vinegar; 1-2 cup catsup; 1-2 cup chili sauce.

Mix vinegar and dry ingredients and add salad oil; add a small piece of ice, and beat with a silver fork or shake in a covered jar until it is thick and creamy. Serve immediately or re-shake before serving.

Those attending were: Mesdames F. J. Noah, Denver May, G. H. Mains of Bartlesville, Okla., Luther Parks, Glenn R. Walker, Curtis Pond, Fred Ashley, C. J. Meek, Ernest Lee, Cliff Weatherly, J. L. Gilmore, Jess Crowder, O. O. Sandifer and daughter, Yvonne, J. M. Roper and Miss Lucile Chance.

GROUP HEARS H. D. AGENT GIVE TIPS ON CANNING

"Pressure cooker gauges should be checked with a maximum thermometer at least once a year, oftener would be better," Lucile Chance, county home demonstration agent, told a group of men and women, Tuesday night at a demonstration at the home of Mr. and Mrs. Ernest Lee.

"Products which are low in acid, high in protein content and contain spore bearing bacteria requires a higher temperature and longer processing. To raise temperature above boiling, pressure must be applied. All non-acid vegetables should be canned in pressure cookers.

Those attending this demonstration were Mr. and Mrs. Curtis Pond, Mr. and Mrs. C. B. Witt, Mr. and Mrs. C. J. Meek, Mrs. Nelson Porter, Mrs. O. O. Sandifer, Mrs. J. M. Porter, Mrs. J. E. Willard, Mr. and Mrs. Jess Crowder, Mrs. Lee Guthrie, Miss Elva Willard, Miss Lucile Chance and Mr. and Mrs. Ernest Lee.

Movie Chatter

(By a Rogue)

In Old Cheyenne

Roy Rogers and Gabby Hayes will be back with us Friday and Saturday, June 12-13 in a real thrilling western picture called In Old Cheyenne. You will enjoy a good western story that has been made better by Roy's cowboy songs and Gabby's line of comedy. You are assured of an evening's entertainment you won't soon forget.

The Lady Has Plans

Ray Milland and Paulette Goddard furnish the stellar role in The Lady Has Plans which comes to the Rogue Theatre for Preview, Sunday, and Monday, June 13-14-15. This picture is just sparkling with brilliant dialogue and a real modern plot that will hold you spellbound in your seats. It is all based upon a case of mistaken identity, and you will revel with joy as Paulette leads you through an amazing series of events that makes even Ray Milland wonder just how he can keep up with the Lady.

Rings On Her Fingers

Henry Fonda is nuts for Gene Tierney in Rings On Her Fingers, and you will be nuts for them both if you see the picture. And you will sure enough be just plain nuts if you let it get by without seeing it. The date is Wednesday and Thursday, June 17-18 at the Rogue, and remember that it is a brand new one, fresh from Hollywood. We believe that it will be to your liking, so make a date with your best girl or boy friend and grab yourself a grand piece of relief from the war torn world of today.

How's Your Nerve?

Yes, folks, we mean it when we say that we will give a free pass to everyone who sits through a complete show Wednesday or Thursday, June 24-25. The picture is Ghost of Frankenstein, and if you come either night and remain long enough to see a full show you will get that free pass. However, remember, you should bring your own smelling salts if you are kinda weak hearted. But if you think your nerves are all right, and that you can take it, we will have the pass awaiting you. Do you think you can take it?

GIRL SCOUTS ARE ENTERTAINED AT THEATRE

The Girl Scouts were entertained at a theatre party Monday night when they saw "The Courtship of Andy Hardy." After the show, they had refreshments at the drug store. Those attending were: Patsy Wiley, Billie Jean Pond, Frances Andrews, Patsy and Josephine Noah, Eloyce and Yvonne Sandifer, Wilma Hall, Joeline Witt, Dolores Ahler, Patsy Williams, Bonnie Harmon and Caroline McBee.

MYRTLE H. D. CLUB MEETS IN TROY MILLER HOME

The Myrtle Home Demonstration club met last Thursday with Mrs. Troy Miller. Roll call was answered by each member stating the number of eggs she had sold since the last club meeting. Mrs. Elmer was elected vice-president.

Those present included: Mesdames R. E. Johnson, Olin Smith, Buster Walsler, Elmer Miller, Frosty Whiteley, Clayton Callins, Albert Anderson, Walter Sorensen, Misses Doris Faye Miller.

GIRL SCOUTS ENJOY HIKE AT SILVER LAKE

The Girl Scouts hiked to Silver Lake last Friday afternoon where they enjoyed swimming and a picnic supper.

Those attending were Josephine Noah, Jo Evelyn and Winnie Reed, Dolores Ahler, Wilma Hall, Sue Giles, Eloyce and Yvonne Sandifer, Patsy Williams, Bille Jean Pond, Margaret Ann Holt, June Johnson, Joline Witt, Mrs. Robert Holt, Bonnie Harmon and Caroline McBee.

LESTER BOONE

of Tarrant County
pledges

"All-Out War Effort"

BOONE has called attention to the importance of the Texas Railroad Commission in the United Nations war effort . . .

He calls attention to the fact that for more than one year only two members of the Commission, have attended meetings.

HE PLEDGES HIMSELF TO ATTEND ALL COMMISSION MEETINGS

Political Adv. Paid for by Lester Boone

Because it well might be considered a tribute to doctors everywhere—and especially the small-town doctors—the following poem, "A Tribute to Dr. Thomas A. Lowery" and signed simply "A Friend," is reproduced from the Chillicothe Valley News:

Out of his bed at midnight;
Over a snowbound trail;
Watching a case 'till daylight;
Braving a winter gale—

Up from a meal at mid-day,
Off on a hurry call;
Miles on a lonely highway;
Out through a summer squall—

Called from an evening's pleasure
Into the bitter night;
Lured from a moment's leisure
Into a patient's plight—

Rushing away at daybreak
Into a blizzard wild;
Soothing a mother's heart-ache
Over a suffering child—

Ever willing servant,
Never a selfish end;
Solace, kind, observant,
Doctor, adviser and friend!

When Rip Van Winkle woke up (so we head in the Stanton Reporter) and wandered back to the old home town, he was neither recognized nor remembered. He found his wife gone, his daughter married, his native village remodeled and America independent. He had slept clear through the Revolution!

Nevertheless, Rip was a lucky man, because we'd never have known about him to this day if Washington Irving hadn't written him up. Any industry that is contemplating hibernation from advertising during World II might well consider the plight in which Rip found himself. For after this war, even a Washington Irving—if you could find one—might not be able to bring back into public favor a once popular trade name. It always pays to advertise!

Yes sir, and yes, ma'am, your columnist is in the race for Lieutenant Governor of Texas. And if the editor will be kind enough to let this by his blue pencil, any reader who feels he can come to know me through this weekly message about Texas and would like to hand some campaign cards to friends and neighbors, just drop a postal card—and say how many you can use—to Boyce House, 3329 Park Ridge, Fort Worth. Thanks.

Here's a new (at least new to me) Texas joke to close on: A cowboy complained to the ranch cook, "There ain't no chicken in this chicken soup." The cook replied, "No—and there ain't no horse in the horse-radish, either."

Friends of C. C. Blocker will be interested to learn that he has recently been promoted to the rank of sergeant. This word was received recently by Edgar Blocker, uncle of the youth. C. C. attended school at Kelton and has been in the army for the past five years. His address is: C. C. Blocker, 6260768, Btry. A—76th CARA, APO 942, Seattle, Wash.

Kelton News

(By Rena Johnson)

Mrs. G. E. Robertson, who has made her home in Shamrock the past few months, returned here Monday to spend the summer months. The community is glad to welcome her back.

Mrs. Joe Elliot of Aledo spent a few days here in the home of Mr. and Mrs. Albert Holcomb and children.

Mrs. Henry Riley and daughter, and Mrs. Myrtle Riley of Sundown are spending the week here in the home of relatives.

Mr. and Mrs. Grady Henderson and daughter of California, J. D. Henderson of Illinois and Truman Henderson of Vernon spent the week here in the home of their parents, Mr. and Mrs. Jim Henderson.

Mrs. Albert Holcomb and Mrs. A. C. Johnson were business visitors in Shamrock Thursday afternoon.

Mr. and Mrs. J. D. Beatty of Pampa spent the week end here in the home of Mr. and Mrs. J. A. Beatty.

L. F. Forrest left this week for Dumans where he will be employed.

Mr. and Mrs. Leroy Wall of Shamrock spent Wednesday evening here in the home of Mr. and Mrs. George Davidson and daughter.

Mr. and Mrs. Charlie Brittan are the proud parents of a baby son, who was born Thursday night.

Mr. and Mrs. Layman Stovall of White Deer spent the week end here in the home of Mrs. A. F. Stovall.

Misses Lorena Wall of Shamrock and Vera Mae Wooten of Elk City, Okla., spent Friday afternoon here in the home of Mr. and Mrs. George Davidson and daughter.

Rena Johnson and Kelley Wright returned home Saturday from Abilene where they spent the week attending summer assembly, a Methodist Young Folk meeting.

Mrs. L. F. Forrest and daughter, Amelida, spent the week end in Wheeler with Mr. and Mrs. P. H. Schaub.

(Intended for last week)

Miss Bette Jean Billingsly of Lela is spending the week here in the home of her grandparents, Mr. and Mrs. E. P. Joiner.

Mr. and Mrs. Bill Johnson and son, Mrs. Kenneth Jones and son and Mrs. Lewis of Muleshoe spent the week end here in the home of relatives.

Mrs. L. F. Forrest and daughter spent the week at Briscoe with Mr. and Mrs. Morgan Pride and family. Mr. and Mrs. Neal Davis of Paducah spent the week here in the Claude Davis home.

Mrs. Ollie Hubbard and daughters, Yvonne and Bula, and Mrs. Buster Johnson and sons of Wheeler were visitors here Sunday afternoon.

Rev. Charles Torrance left Sunday for Fort Worth for an evangelistic meeting.

Miss Celestial Lister left Friday for Arlington where she will enroll in school.

Mrs. Albert Holcomb and Miss Rena Johnson were business visitors in Shamrock Friday afternoon.

Mrs. R. O. Johnson and Mrs. J. A. Tucker were business visitors in Wheeler Thursday afternoon.

Mr. and Mrs. Carl Pierce of Durham, Okla., Mr. and Mrs. Otto Miller of Twitty and Miss Berneice Joiner of Shamrock spent the week end here in the E. P. Joiner home.

Mr. and Mrs. Clive Splawn were Sunday dinner guests of Mr. and Mrs. Leonard Mills and daughter.

Mr. and Mrs. Jabe Darnell of Texola were visitors here Sunday after-

noon.

Loyd Keeney left for Shamrock Tuesday where he will be employed.

Mr. and Mrs. Frank Chilton, Jr., and son of Tulsa and Mr. and Mrs. R. D. Barron of Amarillo spent the week here in the home of Mr. and Mrs. Frank Chilton.

Mr. and Mrs. Albert Holcomb and Mrs. Joe Elliot were business visitors in Amarillo Tuesday.

Twitty News

(By Mary Ella Westmoreland)

Pvt. Melvin A. Todd of Sheppard field spent the week end with his father, Thomas Todd, and family.

Mr. and Mrs. L. L. See and daughters, Madamae and Wanda Fern, are spending the week with his mother and brother, Pvt. Vernon See, at Shawnee, Okla.

Mrs. Harvey Houck has gone to

Pitching In for Uncle Sam!

Hardware Furniture Radios

Mineral Wells for treatment. We wish her a speedy improvement.

Little Frank Clay Westmoreland returned home Saturday from a week's visit with his grandparents, Mr. and Mrs. Lonzo Clay of Kelton.

Mr. and Mrs. Thomas Todd and Misses Mary Ella Westmoreland and Vanda Newman spent the week end at McLean with Mr. and Mrs. Brice Clay and family.

Mr. and Mrs. Buck Elerbee and son, Alvis Don, of Amarillo are spending a few days with relatives here.

Fred Jackson of Groom was a business caller in this community Saturday.

Rev. Lloyd Rice preached to a full house Sunday at the Church of Christ.

Miss Harriet Dean Tinney of Jacksboro is spending a few days with home folks.

Mr. and Mrs. Thomas Doughtry, Mr. and Mrs. E. Baker and Mr. and Mrs. Clell Westmoreland spent Sunday at Lake McClellan.

Fern Williamson and James Smith of Dumas came Saturday after their mother, Mrs. Smith, who had been visiting relatives here for the past week. Evelyn Mason returned to Dumas with them Sunday for a visit.

Mr. and Mrs. Lloyd Davidson, Mr. and Mrs. Floyd Davidson, Mrs. J. G. Davidson, Iva Davidson, Mrs. J. L. Shurtate and Paul Shumate were Sunday dinner guests of Mr. and Mrs. G. W. Mason.

There Is Plenty of Proof that

Just True Facts— Not Boasting!

Recent reference to the nice lot of new and renewal subscribers to The Times is an expression of appreciation and not boasting. The publisher realizes that those who subscribe do so with the knowledge they are expected to pay the usual rate. But the appreciation results from the evidence that so many present subscribers (plus a good percentage of new ones) want the paper and readily pay their money for it—knowing The Wheeler Times is one of the biggest subscription values in this entire region.

After all, there's no substitute for NEWS in a NEWSPAPER.

Women Read the Times

...because they find in The Times so many things they want to know. Women like news, just as do the men, but first of their clubs and organizations, special articles for women, home-making hints, reports of social events, local items and news from the several communities published in the paper. Next they, too, want to keep informed on subjects of general interest pertaining to county, town and community—and hundreds of them have learned this can be done quicker and easier by reading The Times. In addition, women like to plan their shopping through the advertisements in this paper, because they know them to be accurate and helpful as well as a dependable guide to economical buying of supplies. Records show that by far the larger part of all shopping for the home is done by women, therefore advertisers find it profitable to present their messages through the columns of The Times.

On The Home Front

The Office of Price Administration wants to know how price control is coming along in the Southwest. So it has decided to find out.

As a part of a nation-wide program, the OPA region headquarters at Dallas has started a thorough survey in each of the states in the region—Texas, Oklahoma, Louisiana, Arkansas, Missouri and Kansas.

Principal purpose of the survey will be to observe how retailers of all kinds are complying with the requirements for marking of ceiling prices on or near all cost-of-living commodities as listed in the general maximum price regulations.

Trained inspectors are making the survey. Starting from Dallas they are formed into teams and assigned to work in and near representative cities and communities throughout the six-state region. No itinerary has been announced for the survey, but each retail seller should not be surprised to receive visits by an inspector.

Visits by the inspectors will be friendly, OPA officials have emphasized. Dual purposes will be filled: instruction on proper marking of cost-of-living ceiling prices of how the seller is complying. Each inspector will carry instructional material to leave with the visited seller.

"The OPA realizes that many retailers want to comply with the law but don't know how," Max L. McCullough, regional OPA administrator said. "The OPA has the full power to enforce the price control measure, but desires to gain compliance by co-operation. Consequently, we are equipping the inspectors with instruction data to help answer some of the retailers' questions."

There are three key things which the retailer must do to comply with the general maximum price regulation:

1. He must mark his ceiling prices on all cost-of-living articles in a manner which is plainly visible to the public. The cost-of-living articles are listed in the back of General Maximum Price Regulation, Bulletin No. 1, which he can obtain by writing any of the OPA offices. This price must be marked plainly and visibly on the article itself, or on the rack, bin or shelf where the article is offered for sale with this indication: "Our Ceiling \$—." or "Ceiling Price \$—."

2. The retailer must file with his local war price and rationing board (county rationing board) a list of these cost-of-living commodities with his ceiling prices by July 1.

3. The retailer must have a list of all commodities which he handles with his ceiling price for each commodity, prepared by July 1. He must keep this list available for public inspection. This will be in addition to the cost-of-living commodity price marking requirement that has been in effect since May 18.

Other important developments of the week in the OPA included the appointment of a regional rationing executive and chiefs of four rationing divisions: gasoline and fuel, foods, automobiles, and miscellaneous. Several types of rationing already are in effect, but the OPA wants to get set-up to handle any type of rationing for which the necessity demands.

With the liberalization of the sugar-for-canning regulations, the OPA consumer division is encouraging canning so that more foodstuffs can be put up this summer as a direct contribution to the war effort.

The week also was marked by several rulings on price control. Poles, posts and similar semi-finished timber products were ruled subject to control. Sales of packed lunches to be eaten off the premises of the seller also were ruled as under price control.

Increasing evidence of the seriousness of the rubber situation appeared during the week. Appeals were issued to farmers to increase their co-operation for conservation and more efficient use of farm trucks and automobiles. Nationwide rubber rationing by control over the sale of gasoline is under study, and in the meantime all users of tires are asked to ration themselves by eliminating driving that is not essential.

And, rubber is not the only war material of which there is a critical shortage.

Because we are pouring everything we have into the war, shortages will grow even more serious as the war progresses, the war production board has warned. This means—and will continue to mean—there will be less and less of everything for the civilian, widespread substitute of less vital materials for the crucial materials, and an increasing necessity for getting scrap metals and other materials back to the processing plants.

Only by scraping the bottom of the barrel will we have enough materials for victory. This was true some months ago. Today it is a matter of pressing, immediate, continual need. Unless we get in the scrap through the activities of local salvage committees, furnaces will grow cold, and cold furnaces can lose wars.

All typewriter production will end early next autumn when enough

typewriters will have been made to take care of army and navy needs for two full years.

The OPA reminds you that if you're still looking for a war ration book or a sugar purchase certificate the place to apply for it is at your local rationing board—not the school house where the original registration took place.

Work will Win

Relaxation of hiring methods based on prejudice, upgrading of workers into supervisors and foremen and employment of youths, women and white-collar workers in farm labor scarcity areas are among the methods suggested by the war manpower commission to obtain all-out manpower mobilization. In a pamphlet, "Work Will Win," the commission outlines the manpower needs of industry, agriculture and the armed forces, and offers suggestions for workers and citizens not presently employed to aid in the war production drive.

Patch And Pray

Declaring that industry must get ready to "patch and pray" to keep existing equipment at work, William L. Batt, chairman of WPB's requirements committee, said recently that vital materials can no longer be used except for war and for the maintenance of those things necessary to carry on the war. Widespread use of substitute and increased civilian co-operation in the national salvage campaign were recommended by Mr. Batt as methods of combating the materials shortage.

Imports Controlled

Except for commodities imported overland or by air from Mexico and Canada, the war production board now has taken over control of all imports for civilian use as well as strategic war materials. The new order, effective July 2, is designed to put available shipping space to maximum use in the war effort, and will require that commodities be imported in the order of their importance.

Retreading to Improve

Immediate steps to eliminate careless workmanship in tire retreading and to provide technical advice for retreaders not experienced in using reclaimed "camelback" for retreading must be taken, OPA state directors have been advised. Names and addresses of retreaders against whom an excessive number of consumer complaints have been lodged with local boards are to be supplied to state directors, with names of their camelback suppliers. Technical difficulties then would be ironed out with retreaders through the supplying company, according to plans.

Physically Handicapped On Job

More than 7,500 placements of physically handicapped workers were made by U. S. Employment offices during April. Job opportunities for the physically handicapped are expanding rapidly under the impetus of the war program, war manpower commissioner McNutt said.

More Fishing Tackle

Manufacture of fishing tackle from critical materials on hand in fabricated form on April 23 is permitted for another month, under the terms of an amendment to WPB limitation order. Effective date of the stop order is postponed from May 31 to June 30.

Cutlery Production Cut

An annual saving of 2,000 tons of stainless steel will result from a recent WPB order curtailing manufacture of cutlery, including tableware, pocket knives and scissors. Only metals that may be used in fabrication of the cutlery items listed are unalloyed iron or steel, gold and silver.

Warning On Old Tire Use

Use of worn-out tires for anything except scrap rubber is a violation of priority orders, officials of WPB's priorities field service have warned junk dealers and others. A lucrative traffic in tire re-liners and boots, reported in some sections of the Southwest, is in direct violation of order M-16-b and its amendments, which control the use of reclaimed rubber.

Music Instruments Hit

Manufacture of practically all musical instruments will end soon, in compliance with a WPB order which halts manufacture of instruments containing more than 10 per cent, by weight, of critical materials. Only violins, cellos and some guitars are not included.

Bicycles Given Plant

Consolidated Aircraft Corp., of Fort Worth is one of several war production plants to which bicycles have been released by OPA in advance of rationing. Consolidated Aircraft received permission to buy 250 bicycles, needed for transportation of workers and for messenger service. Plans for rationing of adults' bicycles by OPA may be announced soon, but for the present all retail sales are frozen.

Truck Rationing Appeals

Appeals from decisions of local ODT allocation officers in Texas on applications to buy new trucks under rationing now will be heard by an ODT appeal board recently establish-

ed at Fort Worth. Such appeals formerly were heard by a special board in Washington, which considered 1,583 appeals from April 7 to May 21. Decisions of the Fort Worth board will be subject to final approval of the Allocation Section of the Office of Defense Transportation in Washington. Applications for truck purchase certificates still must be made to ODT allocation offices, of Bureau of Motor Carriers, ICC.

Scrap Must Move

Scrap metals must be moved promptly from dealers' yards, or the government may be forced to request steel mills to buy scrap metal direct and prepare it for the furnaces in their own yards, WPB's Bureau of Industrial Conservation has warned. Salvage metals are piling up in dealers' yards as a result of the nationwide "Get in the Scrap" campaign, but some dealers have been lax in handling the increasing volume, officials pointed out.

Steel Warehouses to Be Checked

Field examiners of the Department of Labor's wage and hour division soon will begin a check of 800 large steel warehouses, to determine the degree of compliance with priority

orders. The survey will be made under the supervision of WPB's compliance branch. Where violations are shown, WPB will take punitive action.

Salvage Speed-Up

A special industrial committee to speed up salvage of scrap metals and rubber from shops and plants has been named for the Wichita Falls, Tex., area. This committee will supplement the activities of the general salvage committee. More than 25 million pounds of scrap already have been gathered and shipped from this area.

New Gas Rationing System

The new coupon plan for rationing gasoline in the east coast area, to go into effect in July, will eliminate "X" cards, which provided for restricted purchase of gasoline. All users will be issued an "A" book, containing 48 coupons, good for one year. To obtain more than this basic ration, a car owner will have to satisfy his local board that the "A" book will not supply enough gasoline to enable him to carry on his occupation or work. A coupon must be detached from the book with each purchase of gasoline and these cou-

pons, turned in by dealers to get new stocks from suppliers, will furnish an audit control of the total amount distributed under rationing.

Lumber For Housing

Procedure to exempt more than 2,000 of the most essential war housing units now under construction in the southwest from delivery restrictions of WPB's softwood lumber "freeze" order has been announced by the war production board. Supplies of construction lumber in local retail yards were not sufficient to allow completion of these urgently needed houses. Relief for both publicly and privately financed projects is allowed under the WPB order. The "freeze" order applies only to mills.

Mr. and Mrs. Fred Ashley and son, Oscar, and Mrs. G. H. Mains attended the show in Shamrock Sunday afternoon.

Mr. and Mrs. W. L. Jolly, Jr., and son, Alden Dean, visited her parents, Mr. and Mrs. Levi Reid, Saturday.

Mr. and Mrs. Max Wiley and Miss Mary Eunice Noah visited in Shamrock Sunday afternoon.

Mrs. G. H. Mains left Monday for her home in Bartlesville, Okla., after spending four weeks visiting her granddaughter, Mrs. Fred Ashley and family.

Miss Mittie Beck and Miss Margaret Russell of Miami visited relatives and friends in Mobeetie and Wheeler Sunday. Miss Beck's brother left with the group of selectees Sunday.

Silk may go.
BUT
This
MUST
SURVIVE!

We can do without Japan's silk with no serious consequences... We can carry on normally much more easily without Japan's silk than Japan can carry on without our market for her silk. Already, we have worthy American substitutes for this major Nipponese export product.

It is our task now to defeat Japan, to prevent her from overpowering us and taking our democracy away from us, along with all the other fine things that we have to enjoy here in America. To wrest from us the things that have made America great—free speech, free thought, free opportunity, free religious worship—is the aim of Japan and her power-mad partners.

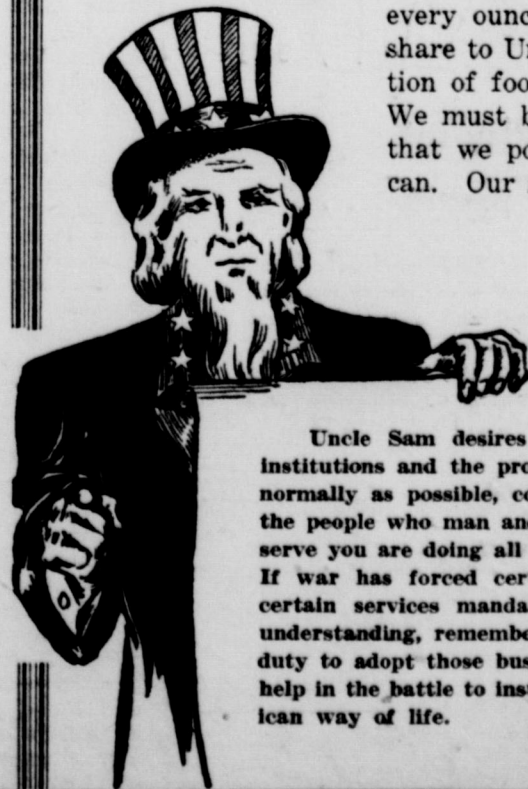

They seek to destroy our way of life, our homes, our churches, our schools... to place a yoke around our necks... to enslave us. We must not permit an Axis victory. Our way of life must survive.

Whipping Japan and her partners is a job for all of us. The duty of every American citizen is well defined, clear-cut. Our armed forces are fighting with traditional courage and determination. They are making sacrifices to void our enemies' designs.

Any sacrifice that we make, as civilians, is trivial compared to what these hard fighting men are doing. They are risking their lives that we may remain free people... that our American way of life may survive.

We owe it to these brave, self-sacrificing men up front on the battle lines to keep them armed, fed and clothed abundantly. We must work hard to fulfil our obligation to them. We must use every ounce of our energy to contribute our share to Uncle Sam's goal of adequate production of food, clothing, arms, and ammunition. We must buy Defense Bonds and Stamps, all that we possibly can, as soon as we possibly can. Our American way of life must survive.

Uncle Sam desires that the retail merchants, the service institutions and the professional men of our nation carry on as normally as possible, considering that we are at war. Locally, the people who man and manage the firms and institutions that serve you are doing all they can to serve you the best they can. If war has forced certain restrictions or made limitations of certain services mandatory, accept the changes with gracious understanding, remembering that it is both their wish and their duty to adopt those business practices designed to lend greatest help in the battle to insure victory and the survival of our American way of life.

Work Hard For Uncle Sam That You Will Be Free To Work For Yourself Tomorrow

SIX COUNTIES ARE ADDED IN FOOD STAMP PROGRAM

Six Panhandle counties have been added to agricultural marketing administration's food stamp program in this district in a recent reshuffling and the counties purchased \$23,420.50 in blue food stamps during May, according to a compilation of reports by each county's food industry committee chairman.

Approximately 8,600 persons participated in the program.

Hall county was the largest participant, 2,985 persons purchasing

\$8,950 in stamps. Other counties were Wheeler, \$3,524.50, 1,397 participants; Briscoe \$1,905.05, 783 participants; Donley \$2,669.50, 998 participants; Collingsworth \$3,887, 1,468 participants; Gray \$2,844, 1,010 participants.

Food industry committee chairmen are P. T. Boston, Wheeler; Otis Jones, Hall; M. L. Roberson, Briscoe; W. E. Clifford, Donley; O. B. Raburn, Collingsworth; Otis R. Pumphrey, Gray.

C. R. Flynt and son, Edgar Flynt, went to Amarillo Friday on business.

LESTER BOONE

Pledging himself to "an all-out war effort," Lester Boone, Fort Worth Representative, has formally announced his candidacy for the Texas Railroad Commission, and called attention to the fact that it was one of Texas' most vital factors in the war effort. He further pledged in his announcement to attend all commission meetings.

Boone, who is now serving in the Texas Legislature from Fort Worth, sponsored the Omnibus Tax Bill which made possible the payment of old age pensions, teachers retirement pay, aid to the blind, and aid to crippled and dependent children. As a member of the House Military Affairs Committee, he aided in the passage of the Texas Defense Guard Bill, which became a law, thereby giving Texas greater security in the present crisis.

"I pledge an administration of harmony and will cooperate with other members of the commission," Boone said in his announcement. "I pledge myself to an all-out war effort in this vital department of State Government and will attend all commission meetings."

Two Kellerville Boys Join Navy

GREAT LAKES, Ill. — Doffing "civies" and donning the navy's summer "whites" were two Kellerville, Texas men last week when they reported for duty at the U. S. Naval Training station here.

These future sailors now are going through recruit training, learning the fundamentals of seamanship. They will shortly be given aptitude tests to determine whether they will go to one of the navy's many service schools, or to active duty at sea or some other naval station.

The two new recruits from Kellerville are Willie Burton Earles, 18, son of Mr. and Mrs. F. M. Earles, and William F. Marshall, 18, son of Mrs. Sylvia M. Marshall.

Mobeetie Happenings

(By Times Correspondent)

Mrs. Freeland Cowan and son, Joe, of Mangum, Okla., are visiting Mrs. Ruby Seitz.

Gerald Scribner, Jack Osborne and Donald Enterline of Perryton, and Misses Viola and Joyce Jones of Spearman were week end guests of Mr. and Mrs. Arch Scribner and family.

Mr. and Mrs. Joe Thompson went to Vera Saturday.

Dorothy Eubanks is visiting Miss Lavonne Eubanks of Pampa this week.

Mrs. R. E. Matthews is at Perryton taking care of her son and daughter-in-law, who are ill.

Virgil Gabriel, who is working at Perryton, was visiting his parents over the week end.

Word has been received that John Fultz of California, formerly of Mobeetie is seriously ill.

Mr. and Mrs. L. C. Eubanks and children, Clinton and Lavonne of Pampa, visited Mr. and Mrs. Bud Eubanks and family Saturday.

Mr. and Mrs. Oad Gatlin and sons spent Monday night with Mrs. N. M. Gary.

Junior Barton is leaving this week for Spearman where he will work during the summer.

Rev. Anderson of Panhandle delivered the sermon at the First Baptist church Sunday.

Calvin Hogan left Friday to visit his uncle, Ross Hogan, and family at Bryson, Texas.

Mrs. Fred Skaggs and son, Jerry, are spending the week with her parents, Mr. and Mrs. E. V. Herd.

Mrs. Ora Mae Jones of Spearman visited Mrs. Mabel Ware over the week end.

Miss Nadine Henderson spent Saturday night with Miss Imogene Herd.

Funeral services were held for Ben McGregor at Panhandle, Sunday. He was an old time resident of this community. Those attending the funeral from Mobeetie were Mr. and Mrs. Bud Scribner and family, Mrs. Fannie Bartram, Mr. and Mrs. Doug Sims, Mr. and Mrs. Buck Scribner and Mr. and Mrs. Arch Scribner and family.

J. J. Stice is visiting with his sister, Mrs. E. V. Herd, and family.

Corp. Raymond Hooker and Elvin Satterwhite of Fort Sill, Okla., were visiting Mr. and Mrs. S. H. Hooker over the week end.

Mr. and Mrs. J. E. Roberts of Corpus Christie and Mrs. Ike Lee of Portales, N. Mex., have been visiting their mother, Mrs. Willie Roberts.

Mrs. S. B. Rose and son, Kenneth, of Pampa are visiting her mother, Mrs. Willie Roberts.

Glen D. Hodges is attending a mechanic's school in Pampa.

Private Dalton Scribner, the son of Mr. and Mrs. Arch Scribner, who was stationed at Camp Wolters, Mineral Wells, has recently been transferred to Angel Island, Calif.

The summer homemaking project chosen by Imogene Herd is helping win the war. Her victory garden is already helping out with the family's food. Some of the things she has gotten from her garden are: radishes, onions, English peas, green beans, lettuce and mustard greens.

Imogene is also helping build up the family's moral by improving the yard. Her dad and brother fenced the yard and she planted cosmos, cannas, marigolds, roses, trumpet vines, madira vines, bouncing betty, calindolos, zinnias, verbainas and mums and set out grass. She has certainly made a great improvement.

She is going to start knitting on a small sweater for the Red Cross this week. Imogene is proving to us that there is something everyone of us can do to help win this war.

"Improving my bedroom" was the project that Lanelle Scribner, one of the second year homemaking girls chose. She has certainly lived up to the name of her project. The first thing she did was to tear down the old paper off the walls and then tack building paper on the walls and canvas the ceiling. If anyone happened to pass by that day and heard shouting it was just Miss Crowell and Lanelle trying to talk to each other above the hammering of tacks.

Lanelle's parents are quite enthused over her project and she certainly got a surprise when her dad bought her a new bedroom

Local News Items

Mrs. Clarence Beasley of Denver, Colo., is at the bedside of her father, G. A. Bolton, who is quite ill.

Mr. and Mrs. R. O. Darnell and children have gone to Porterville, Calif., where Mr. Darnell is employed.

Miss Arlie Ruth Waters of Lubbock is visiting a few days with Melba and Celeste Wiley.

Miss Marilyn Carol Swink left by bus Saturday for Lubbock to spend the week with her grandparents, Mr. and Mrs. V. B. Harris.

Mrs. Glen Lile of Shamrock was a week end guest of her parents, Mr. and Mrs. G. W. Mason.

Miss Virginia Sue Giles who has been visiting her grandmother, Mrs. R. S. Huddleston at Childress, came home by bus Friday afternoon.

Mrs. Oma Dyer has returned to her home at Zybach after spending the week end as the house guest of Mr. and Mrs. H. E. Cole.

Mr. and Mrs. Ray Wileman of Altus, Okla., and Mr. and Mrs. Lee George of Gageby, were Sunday guests of Mr. and Mrs. W. B. Wileman.

Ray Keelin spent the week end with Bob Dile at the home of his grandparents, Mr. and Mrs. G. W. Mason.
