### **Red Cross Quota Calls for Amount** Double That Raised In Last Call

#### \$800 of \$1700 Quota to Be Left at Home

"Citizens that reached down in their pockets and pulled out a dollar bill for a Red Cross membership during the last call are going to have to pull out two dollar bills when the March War Fund drive gets under way if the local chapter's quota is going to be met," Lyle R. Hoffman, War Fund representative for the Mid-Western Red Cross, said in a visit to Wheeler this week.

Miss Hoffman explained that of the \$1,700 quota to be raised locally, \$800 of the amount would be deducted and left in the funds of the chapter to be spent for emergencies and interests of the men in service.

Th local drive is expected to get under way next week as final plans are to be worked out at the regular meeting of the Lions club next Tues-

Dr. H. E. Nicholson is chairman of the Wheeler Chapter.

The American Red Cross today faces the second year of United States participation in World War II secure in the knowledge that its vast resources have withstood the rigid tests of wartime in the months since Pearl Harbor.

To meet its increased wartime responsibilities, the Red Cross has set a goal of \$125,000,000 for the 1943 War Fund now in progress. Of this sum, \$80,000,000 will go to the national organization to further its services to the armed forces.

At distant outposts where American fighting men are guarding freedom, from India to the tiny garrisoned islands of the South Pacific, Red Cross services have reached out to keep pace with the fast-changing requirements of global warfare.

On the home front, the Red Cross has broadened its program to guard against the unbridled spread of suffering and death in the wake of disaster from natural catastrophies or

War clouds had not yet settled over Pearl Harbor when Red Cross workers throughout the nation were called into action by Chairman Norman H.

Thousands of workers were trained to serve with the military forces as Red Cross field directors, hospital recreation workers, and medical social workers. They were assigned to posts at home, and all armed tasks Okla., visited in Wheeler Sunday. for foreign service were accompanied by Red Cross field directors and their

Overseas, the Red Cross organized an extensive club program for the recreation of the armed forces in leave areas. Staffed by American men and women who by experience and training were suited to the task, nearly 150 clubs were opened in Australia, Great Britain, Iceland, India, the Middle East, Alaska, Northern Ireland and China.

On the home front, Red Cross chapters and branches assumed an early lead preparing the nation for the disasters war might bring to the civilian population, training of an estimated 5,500,000 persons in first aid. Through the Red Cross Nurses War Reserve, 28,000 nurses were recruited for the armed forces and 15,000 for service at home. An estimated 50,000 Red Cross Nurse's Aides were trained to help relieve the shortage of nurses in hospitals, while 900,000 persons received instruction in home nursing techniques.

In Red Cross production rooms the nation over, patriotic women volunteers worked long hours making 520,-000,000 surgical dressings and 14,-300,000 garments for relief among civilian refugees of a war-torn world and for the armed forces.

The Red Cross Blood Donor Service was established in 24 cities where laboratory facilities were available, and thousands of people volunteered as donors. Approximately 1,800,000 pints of blood were contributed at these centers and at Red Cross mobile centers operating from

Young America joined the Red Cross call by enlisting in the American Junior Red Cross. With its 14,-500,000 members the Junior Red Cross carried on an extensive program of production for the armed forces.

When the war struck home to the American population as the first U. S. troops were captured in battle, the Red Cross Inquiry Service stood ready to assist in establishing communications between the prisoners and their families. At the same time, relief to American prisoners of war including food parcels, large quantities of cigarettes, tobacco, medical supplies and clothing were shipped by the Red Cross, and relief supplies were sent to victims of aggression in foreign

# **Proclamation**

DESIGNATING FEB. 28 THROUGH MARCH 6 AS TEXAS WEEK

WHEREAS, the approach of Texas Independence Day and Alamo Day herald a week of deep significance and profound meaning in the minds and hearts of all Tex-

WHEREAS, I am prompted by the patriotic members of the Forty-Second Legislature, as expressed in Senate Concurrent Resolution Number Eight, and by my own feelings of love, loyalty, and patriotism toward my State;

NOW THEREFORE, I, R. H. Forrester, Mayor of the City of Wheeler, Texas, do hereby proclaim the week of February 28 through March 6, 1943, as

TEXAS WEEK I urge all citizens of this municipality and of Texas to observe Texas Week in an appropriate manner. No one of us will fail to cherish the rich heritage which our founders and forefathers prepared for us of this generation.

During this week let us make much of the spiritual values of our history and of our traditions. Let us dedicate our lives afresh to ideals of statesmanship, character, leadership, and service. Let us make is possible, as did our forebears, for our own and for future generations to enjoy liberty as of conscience, of speech, of the press, of worship, of public assembly, and all of the other liberties which we cherish.

In this critical hour when democracy, even civilization itself, is at stake, it is more than ever fitting to commemorate the glorious deeds of those who laid the cornerstone of the Texas Empire. Let us prove ourselves not unworthy of the incomparable heritage left to us by pioneers and martyrs.

What they fought for in the past we are determined to hold. Remember Goliad, Remember

the Alamo, REMEMBER PEARL HARBOR.

IN TESTIMONY WHEREOF, I hereunto signed my name officially to be impressed hereon at Wheeler, Texas, this 25th day of February, A. D., 1948.

R. H. FORRESTER Mayor of Wheeler, Texas

#### BRING YOUR DECLARATION FORM TO SIGN-UP FOR WAR RATION BOOK 2

Superintendent J. L. Gilmore this morning asked The Times to request that persons signing up for ration book 2 clip a declaration form from some newspaper and fill it out because the supply of forms at the school house has been exhausted. Students of the schools were given blank forms to take home to their parents but some of these are not being brought to the school for the signup. In addition to these the form has been printed in all of the newspapers lately and one of these may be clipped out and used

by persons for registering. Registration for book 2 will continue throughout the county through Saturday.

Registration sites are the Shamrock, Wheeler, Kelton, Kellerville, Mobeetie, Briscoe, Allison and Davis Schools.

#### 3 Cans Per Month Allowed Individual

Residents of Wheeler county who have considerable home canned food stuff on hand had a right this week to compliment themselves on their farsightedness as time comes for the rationing of canned goods to go into

American householders are to be allowed less than half of the canned fruits and vegetables they have been in the habit of eating under a "scant ration" program starting next Mon-

The March allowance announced by the Office of Price Administration provides, on an average, for only about three cans per person for the

Price Administrator Prentiss Brown estimated the civilian supply from March 1 to September, 1944, would average a little more than 13,000,000 cases a month compared with 30,000,-000 in 1941-42.

This week all families must live on the canned goods they have, and next week, when sales are resumed, they take a new kind of ration book to the store.

Everyone has 48 points to "spend" in March, and families may pool their points. It will take, for example, 14 points to buy a standard size can of corn or green beans, 16 for peas or tomatoes, 21 for peaches or pears, 10 for grapefruit, 23 for grapefruit juice, 32 for large cans of tomato or pineapple juice, 6 for soup, 1 for baby food, about 13 points a pound

for frozen fruits or vegetables. Besides thumbing cookbooks in search of fresh vegetable recipes this week, every family must send an adult representative to register for the new ration books.

The blue coupons in the book are blue coupons may be "spent" in or any other combination on stamps adding up to 16 will buy a can of peas.

April's ration will become useable on March 25 in conjuction with any March stamps left. This one-week overlap will prevent people from being stuck with a small number of points which can't buy anything.

The table of point values will be about 4 weeks and then have 30 days point values will be marked on each leave. He asks if there are any can or shelf in the store, but house-persons formerly of Wheeler living wives will want to clip copies wher--ever available in order to figure

This week the government has Crowder enlisted in the Navy in clamped emergency price ceilings at May of 1940 and has spent the past present levels over several of the major fresh vegetables.

THURSDAY, FEBRUARY 25, 1943

Farm prices in 1943 will continue to rise despite regulations, T. E. La-Mont, assistant professor of farm management at Cornell University, Ithaca, N. Y., declared in a General Electric Farm Forum address.

The advance in farm prices during this war has been approximately the same as that during World War I, Professor LaMont said.

'During the first 40 months of both wars, farm prices in the United States rose about 80 per cent," he continued. "That does not mean that each product rose 80 per cent since the war started. Some rose more, such as hogs and potatoes, and some rose less, such as eggs and butter."

"We have had price control for nearly a year now and the advance in farm prices has continued," Professor LaMont pointed out. "The nation needs food for our armies, our allies and ourselves. Before the war we consumed just about what we produced.

The agricultural program for 1943 is to export 20 per cent of our production. That means that there will be less for the people at home. When food is hard to get, consumers do not kick about the price of it."

Saying the wrong thing is misfortune; but trying to explain it is disaster.

# Cotton Fights On EVERY FRONT

The Quartermaster Corps of the U.S. Army recently stated:

"COTTON IS SECOND ONLY TO STEEL AS THE MOST VITAL WAR MATERIAL"

No wonder that the Quartermaster Corps says that-when you consider the hundreds of uses of cotton in the war. In addition to cotton lint's importance, cottonseed supplies our basic products, all helping to supply essential needs of those who fight and work for freedom.

No other crop supplies all of these materials, either . . . Cotton linters, for example, come only from cotton and a single bale of linters makes enough powder to fire 100,000 bullets.

That's why it's so important to plant every acre of cotton we can in '43 . . . to fight weeds and insects as hard as we can . . . and finally, to grow every possible pound of cotton to use in helping win this war.

As an industry producing basic war materials, the farmers, ginners and oil millers of the Cotton Belt have a common task and a common goal in '43-WE'RE GOING TO FIGHT HARDER BY PRODUC-ING MORE AND BETTER "VITAL WAR MATER-

# LIDS WILL BEKIDS

With so much to see and read these days they're apt to strain their eyes more than ever. Here's some practical advice for protecting your children's eyesight . . .

#### 1. WATCH THEIR LIGHTING!

Even if there were a reading lamp in this picture, the bulb would be too far away from the floor to give Johnny the light he needs. When your kids read or study, see that they're near a good reading lamp . . . in some other position than this!

2. HAVE THEIR EYES EXAMINED

regularly by a competent eyesight specialist. One out of five children in school, two out of five in college, have poor eyesight. And, remember, if your child wears glasses, that defective eyes need good light even more than normal eyes.

#### Canned Goods Ration Is of Little Worry to Pakan H. D. Member

The rationing of canned food stuffs will have any more business in the should hold no worry to many Wheeler county families because of the large quantities of foods that have been home processed from their gardens and truck patches. In an item The members of the faculty held appearing in this month's Progresa meeting last Tusday night in the sive Farmer, Miss Louise Risian of cuss food rationing. After the dissible and most timely under present cussion, forty-two, checkers and conditions.

The item is as follows:

Miss Louise Risian, Wheeler County, Texas, shows in these words an unusual understanding of the food situation as related to the war:

"It had always been my habit to follow a carefully planned schedule The Bluebonnet Study Club met at to give my family of three adults

"It is not every year that we can burns it, or the drouth dries it. But Two songs were sung by Aubrey in 1941, as if the good Lord wanted able, using only the highest-quality products. In fact, I had 18 different kinds of vegetables prepared in 27 different ways.

"Since we had an abundance of Corse, Bud Carroll Scribner, Rex supply. I used only local products-

"As for meat, I've always preferred fresh on the farm at all times, and because often I don't have time to prepare fresh meat. So I canned the 7-cents-a-pound cockerels, part of the cull hens, and, of the two hogs we butchered, all but the hams, the bacon, and the fresh meat used at butchering time.

"In 1942 the war clouds had burst into storm. "Food will win the war!" we heard on every side. So I signed regarding my canning budget this time. I canned everything in sight that we could not eat or sell on the market, nor was I as particular about quality. I didn't stop to worry about was sound, I canned it. When I felt they have gone to Amarillo? that I could buy no more jars and

"I'm very glad now that I did over- Why doesn't anyone want to study aged to can about 120 quarts of fruit this year, though, and I still have apples to do. I also added a new fruit to my shelves: The home demon- man boy rides that bus? stration clubs in our county bought 135 dozen pineapples cooperatively, so I canned 39 pints. Although this is the first time I ever tried pineapples, they are delicious.

"My 1942 meat schedule is little different from the one in 1941. Usually I don't can beef, but with the tire and gasoline shortage, I may can some beef too before the end of the year, since I live 16 miles from a grocery store.

"In the past 18 months I haven't It is my special privilege to write bought one item of canned food other than sea foods and citrus fruit juices. stove, hours I might have spent and that my family can go on eating an adequate diet in spite of the war and rationing."

room for improvement.

There are several privileges that American people have that other countries do not have. One that I recall to mind now is the privilege of going to school. Not all countries have that privilege today. No matter how we say we do not like our teachers, we should go to school. It may be hard for some but where ever there is a will there is a way.

Another privilege we have is that of going to church. There are some countries that would give anything to get to go to church. After all that is why we are in war today-the freedom of religion. But still we do not take advantage of the privilege that is ours.

One other of the many privileges that is ours is the freedom of speech. We speak what we want to but it is not always the best thing to speak. Why not speak words of comfort

and cheer for there are those who we need to cheer and comfort. We need to help the sad, the weak, and the poor.

There are those who trust us, there are those who care for us, and there are those who love us. Why not take our freedom of speech, and our church freedom, and the freedom to go to school and use them to honor and bring Glory to God, the head of

-A. F. M.

Mr. and Mrs. Racy Morris of Leors visited Sunday with Mrs. Sadie

### Phill-up with Phillips

OVER...AROUND...and IN 65 different countries or islands, American soldiers, sailors, and marines are in training or already risking their lives to win the war.

At how many of these places, their tanks and jeeps, their planes and PT-boats, are fueled with Phillips gasolines, we do not know. And even we did, the exact information would be a military secret.

This much can be told: On the battlefronts of the world, the products of the American Petroleum In-

dustry are playing an ever-increasing, swiftly growing part. So as you tear the little coupon from your gasoline ration book, remember that your tire and fuel savings are your minor contribution to victory; and be grateful that your boy and your neighbor's boy need no coupons to fill the tanks of their war vehicles, need no ration certificates for tires.

To help make your car and your tires go farther and last longer, your Phillips 66 Service Man has many services. Ask about them when you stop at any Orange and Black 66 Shield for Phillips 66 Poly Gas, famous for fast starting pep and extra mileage . . . and Phillips 66 Motor Oil, 100% paraffin base.

#### ALFALFA HAY PRICE SET

Price ceiling of \$20 a short ton was set by OPA for alfalfa hay at the farm level in California, Oregon, and Washington where prices recently had climbed sharply. Parity level for alfalfa hay is \$19.85 a short ton, and since parity price had not been reached in other states, no action was taken in other areas.

#### NURSES SHOULD REGISTER

Every graduate nurse in the country is urged to register with the Nursing, Health and Medical committee, Office of Defense Health and Welfare Services of the Federal Security Agency. Fifty per cent have already returned their cards, according to the War Manpower Commission, but the need is urgent because nursing units will be formed on a voluntary basis as fast as possible.

#### BURAL ROLL CALL

All rural women will be visited beween March 1 to 20 and asked to pledge to produce as much of their home food supply as possible. Goal of the Victory Home food supply pro-gram and roll call is to get every rural family to produce about a ton a year of the right kinds of foods for every member of the family.

#### Pampa visited Mr. and Mrs. Dan Mr. and Mrs. Frank Worthington

(By a Rogue)

"Jungle Princess"

never-the-less it is a fact that "Jungle picture. The date is Preview, Sun-Princess" will be at the Rogue Thea-Rev. John S. Gales visited his fa-with Mr. and Mrs. Willard Godwin her in Oklahoma City Wednesday. and children. tre Friday and Saturday, February and children. and 29 at the Rogue. Mrs. Byron Simpson and children in Technicolor and the stars are Dorothy Lamour, Ray Milland and Mrss. M. S. Beck visited Mrs. Ver- Lynne Overman. Regular admission prices will prevail-11 and 25 cents. Gales visited Mrs. Glenn McCray and Mrs. Joe Reynolds and Mrs. Jack It is true that this picture ran at the Rogue Theatre in 1937 when it was new, but now Paramount has made new prints and it is coming back by popular demand. It is sold to you on a money-back guarantee, and we know you will be more than pleased.

"Somewhere I'll Find You"

and it is our honest opinion that it and the stars are Monty Woolley and is Clark's BEST picture of all times. Roddy McDowell. And you will agree with us that Lana Turner has never turned on more glamour. Besides all this it is the most timely picture that has come in Stinnet Sunday, in the home of out of Hollywood. Basically, it is a their son and family, Mr. and Mrs. day from Troy, where she visited her

it is just as timely as the World War MOVIE CHATTER itself. It starts in with the sneak attack of Pearl Harbor and carries on through the various phases of the war on up to the present time. You will glory with the American fighting forces as they go into actual combat with the enemy. You will be a We know it is hard to believe, but better American after seeing the day and Monday, February 27, 28

"The Pied Piper"

"The Pied Piper" is the story of an Englishman who in the year 1940 sets out for Paris just as it is about to fall to the Nazis. He takes with him two small children whom he has promised to safe guard. Other children join him at various points. Finally on the point of escaping by a hired boat, the party is apprehended by Nazis who accuse them of espionage. The picture depicts the ruthlessness of the Nazis in terms of You have never seen anything until deeds rather than words, and places you see "Somewhere I'll Find You," in contrast the merits of the demowhich stars Clark Gable and Lana cracies. The playdate is Wednes-Turner. We have seen this picture day and Thursday, March 3 and 4

Mr. and Mrs. D. E. Holt visited newspaper correspondent story, and Clarence Holt and children.

BELIEVE IT OR NOT-MEAL **HUNTERS CAUSE TRAFFIC JAM** 

Here's a story you wouldn't have believed a few years ago, when stocks were large, but T. A. Hughston, Past President of the Texas Cottonseed Crushers' Association and a Director of the National Cottonseed Products Association, is our authority for the information.

Several days recently, police cars have had to help regulate traffic on South Fitzhugh Street in Dallas because of trucks lined up, before daylight, to buy meal. Supplies of cottonseed meal ground during the night often are exhausted by noon and many would-be buyers are turned away. This has happened in spite of the fact that amounts per customer have been "rationed" to spread the supply as much as possible.

This incident, which is being duplicated, with variations, at many other mills, is being used effectively by the Educational Service in publicity calling attention to the need for more protein production in the Cotton Belt. and the dependability of cotton as a "protein feed crop."

Mrs. Nelson Porter returned Saturmother, Mrs. Daisy Griffin.

#### **Commercial Vehicle Operators Urged to Have Tires Checked**

Failure of commercial motor vehicle operators to get their tires inspected immediately may result in expensive delay when the last minute rush starts to meet the February 28 deadline, N. F. Nelson, Amarillo District Manager, Office of Defense Transportation, division of motor transport, said today. Crowding of inspection stations at the last minute with resultant delay in necessary operations for many vehicles, cannot be avoided except by prompt

Delay will be particularly costly to the operator whose vehicle or tires need some minor repair or adjustment before the inspector can give his approval, Mr. Nelson pointed out.

Certificates of War Necessity should be presented to the inspector for his endorsement on the back. in the space provided, after he has determined conditions are satisfactory or after recommended repairs and adjustments have been made.

#### **Recapping Restrictions Are Now Removed**

The move, constituting the first was actually urged by Jeffers as a rubber conservation measure.

OPA sources said the basic critical rubber situation was in no way C. Davis and Lawrence Davis execuinvolved, since the program will require no synthetic rubber and only Champ Davis, deceased and George minute quantities of crude necessary | Champion Davis, Executor of the last before receiving the wings and bars to cement the camelback to the tire will and testament of Orpha Davis

# Your Cooperation Will Be Appreciated

Due to the number of trucks that were forced out of the transportation business for lack of replacement parts we are being swamped with calls from all over the Panhandle.

We intend to give priority to this immediate territory and we will appreciate the cooperation of Stock Raisers as follows:

1. If you call a truck for a certain day and we have to put you off for a day or two or have to move you up a day or two, please bear with us for that is all we can do.

2. If you have only 2 or 3 head, try to pool them with your neighbor, so as to have at least a third or half a load. Or bring the one or two head to our lot where we have a good chute and we will put them in our stock pick-up loads of which we have one or two a week. Or else see your local buyer.

In 1942 we delivered from farm to the markets of Oklahoma City and Fort Worth a total of 263 loads that averaged 38 head of cattle and hogs per load or a total of 4,997,000 pounds.

Also we moved from ranches to feed lots or from places of no grazing to places of plenty of grass 599 loads an average of 122 miles per load or a total of 22,762 cattle approximating 11,381,000 pounds.

Besides all this livestock we delivered 41 loads of grain and feed of 10 tons each, an average of 210 miles to a load.

The total mileage on this 12 months was around 272,000 miles for our three trucks which figuring the time for driving, loading, unloading and servicing them took around the clock on the job to keep the trucks going. For this reason we decided to continue keeping our Tower Service Station open day and night to keep ours and hundreds of trucks of other transportation companies serviced.

We now have a mechanic in the East side of our truck barn who will have the responsibility of keeping these trucks in good running condition—our trucks as well as those of other transport companies.

We appreciate your business and will thank you for your cooperation as outlined above so that we may continue to give you good service.
