## People Here Favor Anti-Strike Action

**Hundreds of Signers Endorse Plan Proposed by Times—Plea to Federal Lawmakers**

Firmly convinced that in view of the critical situation confronting our country and the imperative need for maximum production of war supplies of all kinds, The Times editor last week drafted an anti-strike measure which he believes will summarily end strikes in munitions and war equipment plants.

The measure finally evolved closely follows the preliminary statement published two weeks ago, and reads as follows:

"We, the undersigned adult American citizens, respectfully request that your utmost efforts be directed to the immediate introduction and enactment into law of the following strike control measure: That whenever any man directly or indirectly engaged in war work of any kind goes out on strike from any cause he shall, if physically fit, be inducted into the army at wages of \$21.00 per month, with no advancement nor increase in pay possible, for the duration. If not physically fit for active service, such person shall be deprived of all citizenship rights for a period of five years and sent to a concentration camp to be confined therein with Germans, Japs, wops, fifth columnists and other enemies of the United States for the duration."

Likewise convinced that all talk in the world, plus inaction, will not win a war, the editor proceeded to embody the foregoing proposition in petition form and invited eligible signers to call and subscribe to it—if it reflected their sentiments on the subject of trying to halt strikes in war work.

Although Saturday's weather was cold and disagreeable, keeping many people at home or causing them to scurry about their business and hasten back to the fireside, scores called and placed their names on the petitions. The total number of signers is now well over 200, with many more coming in daily.

The instruments are made in triplicate and are so signed. They will be mailed late Saturday afternoon of this week, one each going to Senator Tom Connally, Senator W. Lee O'Daniel and the office of Congressman Eugene Worley in Washington, D. C.

Your editor offers no apology for instigating this movement in the eastern Panhandle. On the contrary, he is proud of it, and hopes it will sweep over the country with increasing momentum that will force action. If not this identical bill, then one equally as severe should be placed on the nation's statute books without delay.

But it should be clearly remembered that no vindictiveness nor improper motives animates this action. Also, it may be remembered that no copyright, glory nor credit is claimed. The writer feels that he is only doing his duty as a loyal American citizen, just as have those who signed the petitions. Other newspapers, civic organizations and private citizens within range of this paper's circulation are urged to study this proposal—AND THEN DO SOMETHING.

Too long have we, as citizens, howled "there ought to be a law," and did nothing further. The writer is equally guilty with the rest on that score. But, feeling that our duly elected lawmakers will appreciate knowing what the folks back home want—and feeling it our duty to acquaint them with our desires—it was determined to do something and submit a definite, specific proposition for consideration of those who represent Texas in the national congress.

As a favor to scores of others who have not yet had the opportunity to sign the petitions, these documents will be held over until just before mail time—5 p. m., Saturday afternoon. Any who want to express their views by this method are urged to call at The Times office and affix their signatures. Because, in order to start action promptly, they must be sent to Washington as quickly as possible.

## COUNTY SINGERS TO MEET SUNDAY IN OLD MOBEETTIE

Because inclement weather reduced attendance at last month's Wheeler County Singing convention, held in the Church of God at Old Mobeettie, the convention will be returned to the same place again this month, announces Hester Dodson, member of the association. Next Sunday, March 15, is the date.

## ORCHARD AND GARDEN MEET AT WHEELER ON WEDNESDAY

J. F. Rosborough, horticulturist, and Miss Dorris Liggett, district agent for this area, both with headquarters at College Station, will be in Wheeler next Wednesday. Purpose of their visit will be to hold a conference with extension workers, gardeners and orchardists on the subject of gardens and orchards.

The conference will be a continuation of the Plant-for-Victory program which is being observed this week.

## Conservation Program Scheduled on Tuesday

"Since some difficult problems have been encountered in re-seeding eroded lands back to grass, the Soil Conservation service, in co-operation with the extension service, will present a program on that subject at the Close Brothers farm, nine miles west of Shamrock, starting at 2 p. m. next Tuesday afternoon, March 17," announces Jake Tarter, county agent.

Heretofore, Tarter explains, considerable land unfit for crops has been sown to Johnson grass with fairly satisfactory results, but the expressed wish of others to re-seed native grass occasions next Tuesday's program.

Members of the Soil Conservation service, in co-operation with local agents, will attend the meeting and disseminate information on best methods of restoring land that has been cultivated to the production of grass.

## Ben Wofford Director Local Campaign Dates

By mutual agreement among the candidates, W. B. (Ben) Wofford of Wheeler will again direct the county political schedule this year. Four years ago Wofford did a neat job of arranging pie suppers, speaking dates and other political activities with the minimum amount of conflict among these dates or with other affairs.

Principal duties of the calendar director is to keep informed on activities throughout the county and grant political assembly dates accordingly; to hold such meetings to a minimum (this season especially) to conserve tires and cars, and prevent impositions on the candidates. Every effort will be made to see that each community is allowed one entertainment, states Wofford, but efforts will also be directed toward limiting each community to only one.

Schools, clubs and other organizations planning political meetings of any kind are advised to contact Wofford. He, in turn, will release the calendar of dates to the newspapers as rapidly as available.

## Two Hale Brothers in Army Get Promotions

C. V. Hale of Wheeler has just received word from two of his sons serving in the army, Edwin N. and Chester C., announcing that each has recently received promotions as non-commissioned officers.

Edwin N. Hale, stationed at the cavalry replacement center, Fort Riley, Kans., has been advanced to the rank of corporal. His duty is that of instructor at the Fort Riley cavalry post.

The other son, Chester C. (or Buddy) is a member of Battery A, Twelfth Field Artillery battalion, at Fort Sam Houston, Texas, where he was transferred recently from Fort Sill, Okla. His letter, dated March 5, said he would be sent to another camp in an adjoining state further south about April 1. He will be advanced to the grade of sergeant before leaving the South Texas headquarters.

## FORMER COUNTY ATTORNEY HERE WITH ARMY IN JAVA

Recent news dispatches appearing in the larger dailies state that Clyde Fillmore, former Wheeler county attorney, together with a number of other men from the Wichita Falls area, is with the United States military forces on the island of Java, north of Australia.

His wife is reported by Mrs. Roe Green to have had a message from Fillmore last week, stating that he was all right at that time.

## Oklahoma Lady Visits Here

Corp. Weldon Courtney, who has been visiting with his parents, Mr. and Mrs. Will Courtney, and family at Roosevelt, Okla., came to Wheeler Thursday of last week to bring his grandmother, Mrs. Mary Lowrie, to spend a few days with her sons, J. H. and Elmer Lowrie, and families and her daughter and husband, Mr. and Mrs. J. M. Burgess.

## Group Leaves Friday for Service in Army

**Nineteen Young Men from County Go to Unnamed Reception Center for Induction**

Tomorrow, Friday, will see 19 more young men leave Wheeler county for an unnamed reception center for induction into the army. In compliance with the present precautionary program, and to avoid possibility of revealing information remotely valuable to the enemy, destination of the group is withheld from publication.

Those making up the contingent, as listed by the local Selective Service board, together with their addresses, are:

Roy Morris Green, Richard Ira Neeley, John Arlis Mize, Nicholas Gay Stedman, Elmer Lee Dollins, Wheeler; Randolph Clarence Lackey, Thomas Milton Henry, Roy Burheart Schlegel, Eual Newton Rushing, J. T. James, Lois Vernes Hanes, Al-mouth Dowden Dunlap, Shamrock; Chauncie DeLeon Clay, Twitty; Carl Lincoln Martin, Lela; Hosea Benton Weeks, Allison; Leonard Berlin Keeton, Mobeettie; John Bernice Davis, Briscoe; James Floyd Lynn, Plainview; Jimmy Lee Washburn, Abilene; Rue Jack Montgomery, Alamosa, Colo.

## Recent Registration Data

The county list of registrants on Feb. 16 is being compiled and should be posted by Friday, according to C. R. Weatherly, chief clerk to the local board.

The national drawing to determine order of call will be held next Tuesday, March 17. None of these will be released, however, for several days after the national lottery, it is reported.

The order in which numbers are drawn, regardless of size, will determine the order in which men will be called, just as in previous registrations and subsequent calls.

## AGED NEARBY FARMER DIES SUDDENLY THIS FORENOON

P. J. Sorensen, 83, died suddenly about 9 o'clock this forenoon at his farm home on Sweetwater creek, three miles northwest of Wheeler.

Late this evening funeral arrangements were pending arrival of a daughter, Miss Esther Sorensen, who was in Austin at the time of her father's death.

## Twitty Young Woman Oklahoma Youth Wed

Mr. and Mrs. Homer Sewell, Twitty, announce the marriage of their daughter, Miss Cleo, to Mr. Bill Green at Cordell, Okla., on Tuesday, Feb. 17.

Mrs. Green is a graduate of the Wheeler high school and is well known throughout the county. She has been employed as a nurse at the Wheeler hospital for the past two years and was loved by all who knew her.

Mr. Green is the son of Mr. and Mrs. T. F. Green of Binger, Okla., where he is well and favorably known.

## County Club Council Meeting Held Monday

The Wheeler County Home Demonstration Club council met in regular session at the club room in the court house here Monday, with the chairman presiding and nine clubs represented.

In a report by Miss Louise Risian some timely information regarding help-yourself canneries was heard. Mrs. Jim Trout, in submitting an expansion report, recommended that each club member bring at least one guest to club during the year in an effort to increase membership.

Mrs. Floyd Lively was appointed a member of the finance committee, replacing Mrs. Denver May.

Dates and hours of several broadcasts on various phases of agriculture were announced.

Those attending the meeting were Misses Lucile Chance, Evelyn Plummer, Louise Risian and May Ruth Stauffer; Mesdames J. W. Stauffer, Eva Rutledge, Floyd Lively, T. C. Harless, Glenn King, H. F. Krug, Zura Bullock, W. H. Murray, John Porter, Gilbert Guthrie, John Glasscock, Forest Carver, Tommy Henderson, Jim Trout, Jess Crowder, J. H. Watts, E. R. Blocker, Gus Wegner, Fred Ashley and N. M. Tipps.

## Open House for Mrs. Krug

The Wheeler county home demonstration council will honor Mrs. A. O. Krug, (Viola Jones) with a tea and open house at the home of Mrs. J. M. Porter next Monday afternoon, March 16, from 2 to 8 p. m.

Friends and neighbors are invited by this method since no formal invitations will be sent out.

## Ennis Favors Asking for His Second Term

**Pampa Man Makes Announcement for Re-Election to Office of State Representative**

State Representative Ennis Favors this week authorized The Times to announce his candidacy for a second term, subject to the action of the democratic primary in July, to the office of state representative, 122nd District, comprising Collingsworth, Donley, Gray and Wheeler counties.

Favors is married, with a family residing in Pampa, and made his first race for office two years ago winning over two opponents in the first primary without a run-off.

He was very active during the last session of the Texas legislature, and used common sense together with his legal ability in solving the many controversial problems, and the last

ENNIS FAVORS

legislature had its share of such problems and met them squarely, and as a result a number of constructive laws were passed.

Ennis Favors says: "I did my best during the last session of the legislature to represent all the people of my district and Texas, and if I am elected for a second term, I will do my best to represent all the people of my district and Texas."

## LOCAL GIRL RATES HIGH AT WEST TEXAS STATE COLLEGE

Thelma Hunter of Wheeler, a freshman at West Texas State college, Canyon, made an excellent scholastic record in the fall semester. Dr. D. A. Shirley, registrar, announces that Miss Hunter received three A's and two B's, or 18 grade points, for her work.

Only 22 students equalled Miss Hunter's record. Of these, nine were freshmen.

Miss Hunter is a daughter of Mr. and Mrs. R. G. Hunter, living northwest of town.

## WAKE UP, AMERICA; IT'S LATE!

Only when fully aware of existing perils will the United States do its utmost. Pray God that awareness will not come too late, as it did in France!

**Production Director Donald Nelson appeals for vastly increased industrial output on a 24-hour, seven-day basis—168 hours a week. Maximum production, in short.**

Can we get it?

Not on the present basis—not under the psychology of recent years.

Not until we quit thinking in terms of less work for more money.

Not while there is greater concern about overtime pay than overtime production.

Not while farm politicians are more interested in higher prices than raising more essentials.

Not while government bureaus—created to meet a depression emergency that is ended—continue trying to grab for themselves money needed for armaments.

Not while an army of federal press agents clamors to promote and perpetuate activities that have no present need or value.

Not while congressmen try to put over useless canals and river schemes and take up the time of defense officials clamoring for factories and contracts as if war were a great gravy train.

Not while WPA, despite a shortage of labor, seeks to carry on projects which it doesn't have the men to perform or the need for performing.

Not while CCC and NYA stretch greedy hands for funds to pamper young men who ought to be in the armed forces or the war plants.

Not while strikes hamper war production, despite a solemn promise that they would stop.

Not while the life-and-death need for uninterrupted production is used as a weapon to put over the closed shop.

Not while double time is demanded for Sunday work which is only part of a 40-hour week.

## SGT. McCLESKEY AND FAMILY VISITING HIS SICK FATHER

Sgt. and Mrs. E. C. McCleskey and children, Clinton, Nancy Sue and Donna Kay, of Fort Bliss came Sunday to be at the bedside of his father, E. T. McCleskey, who is critically ill; also to visit his mother and grandmother, Mrs. Mary Morris and sister, Mrs. Von Walker of Amarillo, who came last week.

Sgt. McCleskey is a member of the Eighth Cavalry division at Fort Bliss. He has been in army service for 12 years.

## Canadian Couple Hurt in Twitty Auto Crash

Mr. and Mrs. Buck Campbell of Canadian were seriously injured at 10 o'clock Sunday night when the automobile in which they were riding crashed head-on into an embankment a half mile south of Twitty.

Mrs. Campbell, 33, was reported in a critical condition early Monday at a Shamrock hospital. She suffered a fractured jaw, broken ankle and possible internal injuries. Her husband, also 33, was less seriously hurt. He suffered face lacerations, fractured ribs and possible internal injuries.

The car occupied by the couple was headed north. It apparently veered to the left hand side of the road and rammed an embankment. The impact flung the couple against the windshield and smashed the front of the car. Both Mr. and Mrs. Campbell were unconscious when found by passing motorists who took them to a Shamrock hospital.

Sheriff Jess Swink and highway traffic officers have been investigating cause of the accident but no statement has been released for publication.

## Elmer Miller in Race Commissioner of Pct. 2

Elmer Miller, long-time resident of the Myrtle community in Precinct No. 2, today authorized his announcement as a candidate for commissioner from that precinct, subject to the action of the voters in the Democratic primary on July 25. Miller plans to submit a formal statement to the voters of his precinct in an early issue of this paper. In the meantime, his name will be found in the official political announcement column on another page of The Times.

## ATTENTION, CITIZENS!

The Times has been requested to announce that next Tuesday, March 17, after school is dismissed the Wheeler Boy Scouts will call at business places and private homes to collect the old papers which have been saved for defense purposes. The fire truck will be used in making the rounds, it is said.

## Annual Fat Stock Stock Exhibit Fine

**Total of 61 Entries at Shamrock Event Saturday in Spite of Inclement Weather**

Although somewhat handicapped by unfavorable weather, high winds and snow flurries prevailing throughout much of the day, the annual Wheeler County Junior Fat Stock show at Shamrock Saturday attracted a fine group of exhibits. Individual entries in three species of farm animals totaled 61, distributed as follows: 38 head of calves, 10 head of lambs and 13 head of hogs.

Expectations of 100 entries had been held by Shamrock sponsors of the show and these, together with a much larger general attendance, could easily have resulted on some of the mild, spring-like days experienced here this week.

The show, as in past years, was held at the White House Lumber company and was open to all 4-H club boys and vocational agriculture students of the county. The premium list comprised approximately \$100, offered by the Shamrock Chamber of Commerce. Out-of-county judges officiated in the show ring.

Top place winners were: Harvey Reeves, grand champion calf, \$10.00 special award by the American Hereford association; Glen D. Hodges, reserve champion calf; W. H. Locke, jr., grand champion breeding gilt; E. M. Rives, reserve champion breeding gilt; Thurman Rives, grand champion and reserve champion porkers; Joe Johnson, grand champion lamb, and Marian Fry, reserve champion lamb.

Other awards included: Senior Calf, 850 lbs. or Over: Harvey Reeves, 1st; Glen D. Hodges, 1st and 6th; Junior Richerson, 3rd; R. L. Zybach, 4th; Alfred Treadwell, 5th; Richard Higgins, 7th; Duane George, 8th.

Junior Calf, Under 850 lbs.: H. V. Vermillion, jr., 1st and 2nd; Jean Hall, 3rd; R. L. Zybach, 4th; H. H. Williams, 5th; Richard Higgins, 6th; Charles Ray Riley, 7th; C. L. Pitcock, 8th.

Premiums in each group ranged from \$7.50 down to \$1.00. Fat Barrows, Gilts Under 225 lbs.: Thurman Rives, 1st and 2nd.

Fat Barrows, Gilts Over 225 lbs.: Thurman Rives, 1st and 2nd. Premiums, \$4.00 to \$1.50.

Breeding Gilts: W. H. Locke, jr., 1st; E. M. Rives, 2nd; Thurman Rives 3rd and 4th; Delbert McWhorter, 5th.

Fat Lambs: Joe Johnson, 1st; Marian Fry, 2nd; Giles Phillips, 3rd; Edgar T. Close, 4th; Bobby Close, 5th.

List of Exhibitors: Senior Calf—Glen D. Hodges, 2; George Henderson, jr., Richard Higgins, Alfred Treadwell, R. L. Zybach, 2; Harvey Reeves, Junior Richerson, Ed Clepper, Duane George, 2; Bill Cowan, Eddie Witt.

Junior Calf—Richard Higgins, 2; Truman Zybach, Darville Atherton, 2; C. L. Pitcock, Horace Rippey, Jasper Burrell, Jimmy Close, 4; George Henderson, jr., J. L. Phillips, 3; Billy Atherton, 2; H. B. Drug, Charles Ray Riley, H. V. Vermillion, R. L. Zybach, Jean Hall, Harold H. Williams.

Barrow or Gilt—Thurman Rives, 4. Breeding Gilt—Gwynn Crossland, Delbert McWhorter, Richard McWhorter, W. H. Locke, jr., Verlon Mayfield, E. M. Rives, Carl Martin, Thurman Rives, 2.

Fat Lambs—Bobby Close, 2; Giles Phillips, Marian Fry, 2; Edgar Close, Cesley Johnson, Joe Johnson, Ernie Fry, 2.

County exhibitors and their placings at the Amarillo Fat Stock show early this week were:

Senior Calves—Harry Reeves, Shamrock, 12th; Glenn Hodges, Mobeettie, 14th; Junior Richerson, Wheeler, 23rd.

Junior Calves—H. V. Vermillion, jr., Shamrock, 6th; John C. Vice, Briscoe, 11th; Alvin Hefley, Briscoe, 15th; Alvis Hefley, Briscoe, 21st.

Young Vermillion also received one of the special awards for "best calves in six counties" of the northeastern Panhandle.

A. B. CRUMP'S HALF-SISTER DIES AT CHICKASHA, OKLA.

A. B. Crump and sister, Mrs. H. P. Mundy, Shamrock, were called to Chickasha, Okla., Saturday night to attend the funeral of their half-sister, Mrs. Lida Foster, which was held Sunday in Chickasha. Mr. Crump accompanied the remains to Paris, Mo., for burial where a second funeral service was held and interment made in a near-by cemetery.

Mr. Mundy accompanied Mrs. Mundy and Mr. Crump to Chickasha. The Mundys returned Sunday night while Mr. Crump returned Wednesday by train.

## BUTTON UP YOUR LIP

"The enemy is listening; he wants to know what YOU know. Keep it to yourself," warns a poster authorized by the Military Intelligence division, the Office of Naval Intelligence and the FBI.

If you happen to come in contact with military information of any kind, keep it to yourself. The government is now pushing a determined "serve in silence" drive and is receiving the full co-operation of industry.

Many a ship has been sunk, or other serious injury done, because someone talked too much. Telling what you know about military matters is giving "lip service" to the enemy with a vengeance. He has spies here aplenty—and one never knows who they are.

## FANATICISM HAMPERS EFFORT

The Portland Oregonian recently published the results of a local public poll on the subject of whether or not the drive for public ownership of power should be continued at this time. A substantial majority of the representative citizens queried said "No!" It was their belief that the socialized power drive should be dropped for the duration.

That poll is especially significant—for the Oregon country, in which Bonneville Dam is located, has been the scene of an aggressive campaign to force socialized power down the throats of the people, whether they liked it or not.

Any school child knows that electric power is the lifeblood of industrial production. Any school child knows that the security of this nation demands the full utilization of all the power resources of this country.

The private power industry is fully awake to its responsibility. It asks no favors. It asks only that there be an end to the political persecution which discourages management and investors alike, and makes maximum expansion impossible. It asks only the chance to do its best for the country, under strict regulation by the states and the federal government.

The proper place of the publicly-owned dams and plants in the power picture, is clear. Arms factories can locate at these dams and purchase power in large blocks. In other cases, power from the dams can be distributed over the splendid existing facilities of the private industry. Full and honest co-operation between

## A BOOMING BUSINESS

the government and industry will protect the rights of each—and provide the country with the last possible kilowatt of electrical energy.

Those who deliberately hamstringing industry today, serve the cause of our enemies. The political power fight is a disgraceful example of fanaticism being permitted to hamper the war effort.

## JAPAN'S PROGRAM REVEALED

There can be no question of Japan's intention to absolutely dominate all of Asia and the East Pacific, and to completely drive the white races from that vast, rich, little-developed area. For many years, Japanese foreign and military policy has been based squarely on the principle of "Asia for the Asiatics," and her statesmen and warlords publicly affirm that doctrine at every opportunity.

In addition, many an authority is convinced that, incredible as it may seem, Japan also intends to dominate and rule the world.

Basis for that belief is found in the famous—or infamous—"Tanaka Memorial." This astonishing document, so the story goes, was conceived and prepared by Baron Giichi Tanaka and handed by him to Emperor Hirohito in July, 1927. The emperor, the story continues, gave it his seal of approval and ever since it has been the official guide for Japanese diplomatic, naval and military strategy.

A copy of this memorial, according to the accepted story, was stolen by an agent of Felix Dzerzhinsky, who used to be the chief of the Russian Cheka and was considered one of the ablest spies in the world. When the text of the memorial was made public, the Japanese government promptly branded it a forgery. But Leon Trotsky, who was Soviet war commissar at the time of the incident, insisted that it was absolutely genuine, and accurately represented Japan's program for world conquest.

The memorial runs to some 10,000 words. It states that Japan must first conquer Manchuria, Inner Mongolia and other provinces—ends which Nippon has already achieved in whole or in part. It states further that this must be followed by seizure and conquest of the Philippines, Thailand, Malaya, Singapore, the South Sea Islands and Australia. Everyone who has followed the news since that fateful Dec. 7 of last year, knows what Japan is doing in that direction.

These Japanese victories, it continues, will permit the subjugation of India, and once that is accomplished, the way will be paved for invasion of Asia Minor and Europe. And, says the memorial flatly, to achieve these goals, it will be necessary to crush the United States and defeat Great Britain, Russia and other Pacific and Asiatic powers.

Additional evidence of Japan's intentions is found in a speech made some time ago by an admiral who is now in command of Nipponese naval forces. He said that his ambition was to invade, conquer and occupy the Pacific Coast, to drive the defending forces back toward the Middle West, and so eventually dictate the terms of peace to a helpless president in the White House at Washington.

The Japanese have obviously great faith in their enemies' indolence, blindness and pacific ways of thinking. That faith has already paid them great dividends. They have built up a highly efficient fifth column organization, which played a major part in the Malaya and Singapore disasters. Experts believe that a long-established organization of that kind exists in this country, and that unless it is destroyed we may suffer a disaster even greater than Pearl Harbor, somewhere within our continental boundaries—probably on the Pacific Coast, with its great plane factories, water-power plants, etc.

At any rate, all must have learn-

ed by now the suicidal folly of underestimating Japan, and of believing that we could end a Pacific war with unqualified victory in a matter of weeks or months, as we were long told. The Jap is a wily, cruel, fatalistic and intelligent enemy. His weapons and equipment are superbly well suited, from a military standpoint, to the various campaigns he has undertaken. He has been checked only by men who are his match in intelligence and foresightedness—such as General MacArthur. Wherever he has been opposed by armies headed by commanders who blindly believed that he wouldn't dare attack them, as in Singapore, he has won with relative ease and with astounding speed.

The shake-ups in the United Nations' military commands have been salutary. The American, British and Dutch commanders who have been given the vast job of repairing the mistakes made by their predecessors and building a military machine capable of attacking the enemy, are all of the daring type. They aren't bound by red tape and sterile traditions. Their heads haven't been turned by the gold braid of their uniforms.

The recent naval engagements, in which tremendous damage has been inflicted on Japanese troops and naval vessels, are considered models of modern strategy—strategy which is based on offensive, not defensive action. The work of these men, and the magnificent soldiers and sailors under them, augurs well for the cause of the United Nations.

## 13,204 NEWSPAPERS

This newspaper is one of 13,204 newspapers which are published in the United States. In addition, there are 5,709 magazines and other periodicals, bringing the total publications of all kinds to almost 20,000.

To read all of the material which is printed in one week would take any one individual a good number of lifetimes. But the interesting thing about America's publications is that each one is published to fulfill a definite desire of a specific group of people.

There is a different magazine to discuss the problems of each line of business. There is a magazine to satisfy the requirements of every type of literary taste. There are magazines to aid you with hobbies, with housework, with domestic problems and with the care of children.

The reason so many newspapers are necessary is because people are primarily interested in local news. The big dailies report the news events of the whole world, but even in these days of war an analysis of any daily shows column after column devoted to the news of the particular city in which it is published.

A Chicagoan cannot hope to enjoy reading a New York newspaper as much as he does one of his local city papers which report what is happening in his home city.

To fulfill the demand for local news is the sole reason for the publication of this newspaper and for the publication of weekly or semi-weekly newspapers in 10,000 communities throughout the nation.

Of all the thousands of publications, only one is concerned with our local activities. As one community publisher says in his masthead, "This is the only newspaper in the world which gives a darn about our town." So, in spite of the thousands of publications our readers could read each week, we feel that this newspaper gives them something they want which they could not obtain in any other way.

Parmer county representatives Tuesday attended a meeting in Amarillo to consider use of the Surplus Marketing administration food stamp plan in this county. ## Pertinent Paragraphs from Panhandle Press

Items of interest culled from newspapers on The Times' exchange list.

An able man in congress to vote the sentiments of this district; to stop strikes, to eliminate inefficiency, to effectively speed the winning of the war—could be the means of saving the lives of thousands of Panhandle boys. It might be a factor in whether we win or lose the war. Remember that the revision of the Neutrality act passed the lower house only by the margin of one vote. After the recent election in Texas, Congressman Martin Dies had personal reasons for voting against the wishes of the president. But he loved his country more than he cherished his personal desires. His vote could have defeated the revision of the Neutrality act.—Wellington Leader.

Notice from the postmaster general, Washington, D. C., of the appointment as acting postmaster was received Friday by Mrs. C. F. Burnett, taking the position of Stephen E. Fitzgerald, deceased. Mrs. Burnett was checked in and began her duties in the Miami postoffice Saturday by Jack E. Cauley, post office inspector, who works out of the Amarillo office.—Miami Chief.

The greatest danger that this country faces today is that too many of its citizens will fail to take the task of national defense seriously enough. With the example of Pearl Harbor still fresh before us we may experience, because of our lethargy, other and greater Pearl Harbors.—Tulia Herald.

Hemphill county is included on Food Stamp program, according to a telegram received here last Saturday from Washington and signed by Altavene Clark, secretary to Gene Worley, congressman from the 18th district. It is estimated there will be 200 families using the food stamps in this county two months from now, provided the merchants here agree to use the program.—Canadian Record.

Texas bankers are talking of cutting the observance of too many holidays, for the duration. The war may affect all of us before it is over.—McLean News.

Canyon will be organized for air raids by Saturday morning. Every town in the nation has been instructed to have its organization complete and in effect at that time. Everyone hopes that the organization shall never be called upon for service, but preparations must be made in the event of an unexpected raid. Under the organization plans, the mayor, county judge and sheriff compose the directing committee.—Canyon News.

We now have a good start toward the bumper crop that we are to raise this year. Or have we; anyway things are looking good now. Congress is even talking about bringing the foreign population of the coast over the mountains to help harvest this crop. If it happens we can go to bed listening to Italian music. When we get up we can look into the face of the setting Sun.—Spearman Reporter.

Wendell Thomas Smith, 28, driver of the bus which was in collision with a train a half mile west of Enid, Okla., Feb. 26, when six soldiers were killed and 25 others injured, was formerly a White Deer resident. Smith himself was hurt, but not seriously, in the accident. He was employed here with the Ed-endorough Drug store, and came to White Deer from Groom.—White Deer Review.

Mrs. Mollie Shaw passed away this (Thursday) morning at 10:20 after a week's illness. She was 72 years of age. She is the widow of the late Lloyd D. Mr. Shaw preceded her in death, July 6, 1939.—Higgins News.

Declining to say whether or not the internment of 3,000 Japanese in New Mexico might increase the possibility of sabotage in the Panhandle of Texas, W. C. Abbott, state highway patrolman stationed here declared today that residents of Donley county must be awakened to the fact that in war the enemy endeavors to strike unexpectedly.—Clarendon News.

And you may not know it, but the business man who is a consistent advertiser with newspaper space, seldom ever asks for free space. But to the federal and state agencies goes the fur-lined pot award for space chisellers and we think at the top of this heap should go the Department of Agriculture. They are also the winners of the dumb bell trophy for being the champion of all paper wasters. Every mail brings pages of space chiseling copy. It's funny that these departments

have plenty of money to spend for everything but newspaper space.—Ochiltree County Herald.

Snow to the depth of 12 inches fell here Saturday, Saturday night, and Sunday, the heaviest in several years, according to J. J. McMickin, local weather observer. The snow was accompanied by very little wind and therefore did not drift to any great extent, but gave an even moisture to the soil amounting to one and one-fourth inches, it was estimated by McMickin.—Memphis Democrat.

## DE LAVAL Cream Separators

THE PERFECTED 1942 CREAM SEPARATORS

## Some Outstanding Advantages of De Laval

Separates more milk in less time and with less effort.

Skims cleaner under all conditions of use, such as with cool milk and heavy cream.

Produces more cream of better quality, which will make more and better butter.

Easiest running separator because of scientific bowl design, ball bearings protected against rust and corrosion, improved oiling system and superior workmanship.

Most convenient of all separators to handle and operate.

Easier to clear and wash.

All parts coming in contact with milk can be washed, under farm conditions in five minutes' time.

Most beautiful of all separators, easy to keep in a clean and shiny condition.

Most durable of all separators because it is precision made—35 to 45 years' use of a De Laval is not uncommon, and 20 to 25 years is about their average life.

## Prices on the De Laval Start at \$29.95

Installment terms on the above price are \$3.95 down and \$3.18 per month for 9 months. Terms on other prices in proportion. The installment method makes buying easy—let us give you further particulars.

### BRISCOE BRONCO

(By Briscoe School)

#### School Carnival a Success

The annual school carnival was held Tuesday night with a large crowd and much fun for everyone. The coronation of Miss LaVerne Ellison, carnival queen, was a beautiful event. Eugene Matthews was coronation king. The band played the processional.

Other class queens and their escorts were: Mary Evelyn Wood and Edd Clepper; Sammie Lee Dougherty and Wayne McDonald; Billie Jean Baird and Zane Grey Francis.

The tiny crown bearer and flower girls were Martha Sue Dickinson, Martha Lou Barnett, Jane Ann Zybach, Deanie Tipps and Leroy Hudson.

#### P. T. A. Meeting Wednesday

Next Wednesday night, March 18, is the regular Parent-Teacher association meeting date for the local chapter. At that time a music appreciation program will be presented. Numbers will include band music, glee club, solo and trio selections, also talks on music.

Band parents are to be special guests and a meeting well worth attending is promised. Refreshments will be served.

#### Baptist Ladies Meet

The Women's Missionary society of the Baptist church met with Mrs. Wood Tuesday evening. An interesting program on the theme, "Whatsoever Things are Just," from the Royal Service was presented by the following ladies: Mesdames Waters, Ledbetter, Price Sorensen, Greenhouse, McDonald and Wood.

#### Red Cross Chapter Active

The Briscoe Red Cross chapter met on Tuesday of this week. Labels were sewn on all finished garments. The regular meeting day is Thursday. Everyone is invited to attend and help with the work.

#### Defense Stamps Bought

Defense stamps bought during the past week by the several classes are as follows:

First Grade	\$ 1.55
Second and Third Grades	2.30
Fourth and Fifth Grades	7.10
Sixth and Seventh Grades	12.80
Freshman Class	6.80
Sophomore Class	4.20
Junior Class	1.70
Senior Class	1.20
Total	\$37.65

Hurrah for the sixth and seventh grades, which again lead by a good margin with the number of stamps purchased.

#### Assembly Program

The fifth grade will present the assembly program this Friday morning. Numbers will include:

Flag Salute—Led by C. B. Brother-ton.  
Reading—Rosemary Finsterwald.  
Selections—Junior Glee Club.  
Playlet, "The First Shave"—Thurman Horn, Jack Hefley, Rosemary Finsterwald and Jonell Aderholt.

#### Senior Class Notes

We are very proud of Mary Evelyn for looking so pretty Tuesday night; also proud of Edd because he looked handsome, too.

We received proofs of our pictures Thursday, selected the ones we liked best, and sent them back Friday. We are very anxious to get the finished pictures.

Everyone is excited because this is six weeks test week. We wish to thank everyone who helped us fix our carnival booths.

#### Personality of the Week

Melvin Helton is an outstanding member of the junior class. He had an important part in the junior play and takes part in many literary and sports events.

Age—16.  
Hair—Brown.  
Eyes—Brown.  
Favorite Study—Civics.  
Favorite Color—Maroon.

Sammie Lee Daughtry got second.

#### Seen and Heard

Joyce knitting a pair of socks for Gene.

The high school classes doing some real campaigning during the past week.

Thelma looking forward to the carnival with great anticipation. (Per-

haps she expected a certain visitor from Wheeler to be present).

The debating team making steady progress.

Bessie Davis inventing some kind of new color in home ec. class.

#### Snooping

Dear Snooper—What happened that Colleen and Mary Alice do not have much fingernail polish left? Just Wondering.

Dear Just Wondering—Could it have been because they used it on the seventh grade boys' fingernails?

Dear Snooper—Why was Mary Evelyn so blue Monday? Curious.

Dear Curious—Maybe it was because a certain black-headed, brown-eyed, good-looking senior boy was not there.

Dear Snooper—Why did so many people yell and jump in the "Hall of Horrors" Tuesday night? Shockfully Yours.

Dear Shockfully Yours—Maybe it was because electricity hit them.

### Kelton News

Waymon was Herd to say that Nina Pond is cute.

We wonder why Robert is as tall as a Bean stalk.

Imogene is always trying to Crowder last word in.

We wonder if John were ever Wright.

Billie Ruth is always hearing something Ring.

We wonder if Donald has ever

learned to Hunt.

What if Mary Elizabeth were Jupiter rather than Marrs?

If Carrol's finger was hurt wonder if he would Pettit?

Why couldn't Earl have been a house as easy as a Barnes?

Why isn't Gwynn crosswater rather than Crossland?

Why couldn't Garland have been days or years rather than Weeks?

Since Tommy is a Ford why is he partial to a Chevrolet?

What if Leo were a lion instead

Happenings of Interest by and for Home Demonstration Club Women of the County.

**Country Neighbors Club**  
"Good shelter for chickens is very important in Wheeler county," said Mrs. Hester Dodson in a talk on brooder and housing equipment to the Country Neighbors Home Demonstration club which met in the home of Mrs. Roger O'Gorman on Friday, Feb. 27. "Be sure the brooder house is well ventilated; also river sand is as good for chicks as oyster shell," she continued.

Mrs. Gus Wegner gave an interesting talk on control of coccidiosis and Mrs. Forest Carver talked on controlling mites, blue bugs and fleas.

Those present were Mesdames John Harvey, Shamrock, and Mrs. G. L. Braxton and G. W. Pillers, visitors; Mesdames Gus Wegner, H. N. Carver, Forest Carver, M. A. Pillers, W. A. Nelson, Johnnie O'Gorman, Thomas Todd, H. H. Liles, Hester Dodson, Lee Gipson and Milt Williams, Miss Cecelia O'Gorman and the hostess, Mrs. Roger O'Gorman, members.

The next meeting will be with Mrs. W. A. Nelson on Friday, March 13, at 2:30 p. m., war time. All members urged to attend; visitors welcome.—MRS. THOMAS TODD, Reporter.

**Allison-Myrtle Clubs Meet**

The Myrtle Home Demonstration club met with the Allison Home-makers club Feb. 19 in the home of Mrs. J. L. Davidson for a health program conducted by Miss Lucile Chance, home demonstration agent, says a delayed report just received.

The importance of correct diet for growing children as well as adults was discussed. Among other important information, it was learned that children on dietaries containing much less than a quart of milk per day are being kept unduly long in a calcium-poor condition of body, however good the physical appearance of the body may be.

Vegetables are one of the best base-forming foods and the tissues depend on maintaining a slight excess of bases over acids in the body, often spoken of as the "alkali-reserve." Potatoes are one of the best alkaline or base-forming foods.

In order to have a variety which will furnish a well balanced diet for the family, these facts should be kept in mind when planting the garden.

A plan was presented by which each club member will strive to meet the required food standard this year through raising all products possible at home.

After Miss Chance had concluded these interesting demonstrations, the hostess served cherry pie a la mode and coffee to the following: Mes-

**Soldier Writes Poetry**

Pvt. Carlton R. (Fat) Murrell recently wrote Dr. Glenn R. Walker an interesting personal letter which says in part: "Say, you know that I never was much of a poet. Well, I am sending you a sample of my work and I wish you would have it printed in The Wheeler Times so all my friends and pals can read it. I think I'll try another one soon and if I do any good I'll send it to you." Murrell's address is Hq. Co., 193rd Tank Bn., Schofield Barracks, Honolulu, Hawaii. The poem follows.

**"Off to Get Old Hitler"**

I've roamed the plains of Texas, Also the Southern states; I've rode a few passenger trains And a helluva lot of freights.

I'm a soldier unfurled with buddies from all parts of the world, I've soldiered at Pt. Denning since March of '41; And now I'm going to get Old Hitler,

The dirty son-of-a-gun. I'll puncture his carcass with poison Tommy lead,

And to the flag "Old Glory," I'll make him bow his head.

We'll treat him wild and reckless, As is our western style; And have him doing our command As if he were a child.

Old Hitler will stop and listen To the things he might have heard, Of the rough and tough ability of the fighting 93rd.

We'll go to his country With our truck, tank and gun, We'll make him regret all the wicked things he's done.

We don't like Old Hitler, And sure don't like the Japs; We'll show them what a big mistake they made

When they gave "Old Glory" a rap. And if Hitler thinks that he, With the help of the dirty Japs, Can whip the good old U. S. A., They are a bunch of saps.

**Davis H. D. Club Meets**

"There is no acreage on the farm that can produce more for the welfare of the family than a garden," was the opening statement by Miss Lucile Chance, Wheeler county home demonstration agent, speaking before the Davis Home Demonstration club which met Tuesday afternoon, Feb. 24, in the home of Mrs. Luther Bullock.

Among other facts developed, Miss Chance stated that sweetcorn loses its sweetness if allowed to stand very long after it is gathered for canning. Mrs. A. O. Krug explained that soaking English peas seed in nitrogen inoculation before planting helps the yield.

Miss Chance distributed garden planting charts for the year to club members.

Those present were Mesdames Claud Gipson, Oscar Kenney, Rodger Smith, C. L. Womack, Jack Bass, R. A. Watts, H. F. Krug, A. O. Krug, Miss Chance and the hostess.

The next meeting will be with Mrs. Oscar Kenney on Tuesday, March 10.—MRS. CLAUD GIPSON, Reporter.

**Liberty H. D. Club Meets**

The Liberty Home Demonstration club met Wednesday night at the school house. Roll call was answered with "A Grammatical Error that I Make," and a round table discussion on grammatical errors was conducted.

It was developed that it is easier to notice speech errors in others than oneself, but each can correct his or her grammar by observing their speech more, because errors are often made by people who really know better. It was stressed that slang and grunts butcher grammar.

Committees, the first named being chairman, were announced as follows: Education—Mrs. Olen Davis, Mrs. A. L. Wall and Mrs. Luther Petty; finance—Mrs. B. L. Stokes, Mrs. C. T. Calvert and Mrs. Olen Davis; recreation—Mrs. Floyd Lively, Mrs. A. L. Morgan and Mrs. H. L. Dorsey; exhibits—Mrs. H. M. Roth, Mrs. Truman Smith and Mrs. A. L. Morgan; yearbook—Mrs. Luther Petty, Mrs. Kate Stokes and Mrs. T. H. Hardin.

The business session was in charge of Mrs. Davis, vice president; a song, America, pledge to the flag and club prayer were given by members in unison.

Those present were Mesdames Davis, Stokes, Morgan, Calvert, Dorsey, Lively, Hardin and Petty.

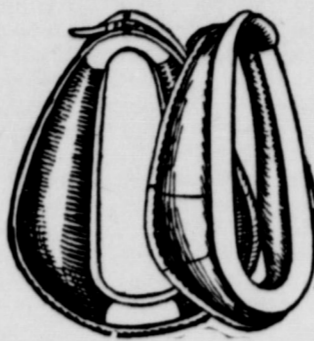

The next meeting will be in the home of Mrs. Truman Smith on Wednesday afternoon, March 18, at 2:00 p. m., with a demonstration "Streamlined Building" by Miss Lucile Chance, home demonstration agent. The lesson subject will be "Your Carriage, Madam." All women of the community are urged to attend and more members are solicited.—MRS. LUTHER PETTY, Reporter.

**EYE WITNESS STORY OF RAID ON PEARL HARBOR**

The following eye witness account of the Japanese attack on Pearl Harbor, as related by Mrs. Joe Dale Byrd of Hollis, Okla., recently appeared in a Hollis newspaper. Mrs. Byrd is an old friend of Mrs. U. B. Trayler, living northeast of Wheeler, and a copy of the story was sent to Mrs. Trayler by her mother, Mrs. M. M. Butler, who resides at Hollis.

**Mrs. Byrd Witnesses Attack**

Mrs. Joe Dale Byrd and 17 months old daughter, Carla Judy, arrived home recently from Pearl City, Honolulu, Hawaiian Islands, after witnessing the sneak attack of the Japs on Pearl Harbor.

Mrs. Byrd, who was formerly Miss Alma Williams, appeared on the Rotary program Thursday at the noon luncheon of that organization and also on the Business and Professional Women's program Thursday night.

Mrs. Byrd was interviewed by a reporter of the Hollis Post-Herald this week and she stated that the raid started at 8:30 Sunday morning, Dec. 7, and that her husband and daughter were in the kitchen eating breakfast and she was in her bedroom at the time.

They thought for a few minutes that it was practice maneuvers but when the first bomb broke all the dishes and knocked them from the shelves they finally realized that it was really war. They looked out and saw the airplanes overhead with the Rising Sun insignia of the Japs on the underneath.

People were by this time rushing into the streets in their nightclothes, crying and running up and down in the streets until ordered off and told to stay in their homes.

There were three raids about 15 minutes apart with each raid lasting about 20 minutes. The Rising Sun bombers came in droves of about 50 in each wave, or so it seemed to Mrs. Byrd. After the first wave of bombing the U. S. airmen were in the air and she saw two Jap planes fall into the harbor ablaze.

Her husband left the house after the first wave of planes and took his post on the harbor in one of the boats going into action with other radiomen. (Byrd is a First Class Aviator Radioman, U. S. navy).

By the time the last wave of Japs came over the harbor many U. S. airmen were in the air and doing their best to defend the fleet. Mrs. Byrd saw the Arizona and other ships go down.

Mr. and Mrs. Byrd and daughter lived at Pearl City, Honolulu, on the water front facing Pearl Harbor, and saw the entire battle, stating that the harbor was full of black smoke and flames and that it seemed as though all that part of the world was on fire.

Following the terrifying raid everyone was ordered to stay at their homes and keep off the streets. Mrs. Byrd and daughter were indoors for a week and had to purchase their groceries and other supplies the best way they could. Usually several families would go in together, she said, and get the supplies brought to them.

They were given a two weeks notice to evacuate Honolulu and to be ready to leave on 12-hour notice. Mrs. Byrd and baby came over from the islands in a slow convoy and docked at San Francisco with about 250 other women and children.

She stated that there was no fear among the evacuees on the ship as they felt that they were fully protected by the great battleships and other sea-going craft on either side of the convoys.

Mrs. Byrd did not state when she left Pearl Harbor or when she arrived at San Francisco as they were given implicit instructions before leaving the islands on what to say and what not to say to questioners.

She did state, however, that it was a terrible experience but that Uncle Sam's defenders were now on the job and the Japs would pay for the attack, in her opinion.

Mrs. Byrd is the daughter of Mr. and Mrs. H. L. Williams, who live west of Hollis on one of the J. M. Coley farms. The Williams family

has recently moved here from Texas. Mr. and Mrs. Byrd were born in Texas, Mr. Byrd at Clyde and Mrs. Byrd at Sulphur Springs. They are both graduates of the Millsap high school near Fort Worth. Carla Judy, the young daughter of the family, was born at Mineral Wells, Texas.

Mrs. Byrd and baby were at Pearl Harbor six months. Mr. Byrd is at Pearl Harbor now, having remained there where he will be indefinitely.

Cagney and Bette Davis. Anyone who has ever seen Cagney or Davis in any picture will need no invitation to see them together in this picture. It has been proclaimed by the audiences of America as an outstanding accomplishment, and to miss it is to miss a chance of a lifetime. So be on hand when the curtain goes up for the preview, and we know you will thank us for calling your attention to the picture.

**Manpower**

Manpower and more manpower! Yest organized manpower is what America and the United Nations are calling for today to beat the Axis. Manpower to handle our ships, manpower to fly our planes, manpower to handle the guns, and more manpower to keep the wheels of production humming and to feed a hungry world. All of these things reflect the attitude of Americans wherever you find them. Yes, Manpower is a powerful word just now. See Edward G. Robinson, George Raft and Marlene Dietrich in their newest picture, Manpower, at the Rogue next Tuesday, Bargain Nite. We believe you will like it.

**Unfinished Business**

And now for a picture of the more subtle side of life we bring you Irene Dunne and Robert Montgomery in their newest hit, Unfinished Business, which comes to the Rogue Theatre Wednesday and Thursday, March 18-19. It will take your mind off the worries of a troubled world with its spicy comedy and fast moving narrative. Think you would like it?

**International Squadron**

There is no doubt that the two most famous squadrons in the British Royal Air force are the American Eagle squadron and the International Squadron. And it is the story of the latter that we bring you in the picture by the same name which comes to the Rogue Theatre Friday and Saturday, March 13-14, starring Ronald Reagan, Olympe Bradna and Jas. Stephenson. This picture is the most authentic one to be released. It will give you a bird's eye view of the actual fighting in the air in the present war. Never has a picture been filled with more realism than International Squadron. You simply must see it.

Mr. and Mrs. R. C. Green and children, Annetta Kay and Keith Royce, of Turkey came Sunday and spent the day with his mother, Mrs. J. N. Green, and sister, Mrs. Elsie May Hood, and daughter, Johnette.

## Advantages of Cotton Insurance Enumerated

"When you put money in the bank, it means that money becomes available for use by folks who need it. It goes to work for these folks in the form of loans. Yet, when you need it yourself, it's there for you," explains James A. Harris, administrative officer with the AAA office here, who continues:

"When you pay your premium for cotton crop insurance, you're putting cotton in the bank, so to speak, where it will work for the good of all insured cotton growers, protecting them against crop losses. At the same time, the premiums other farmers put in the reserve are working for you too, because when you take out crop insurance you are guaranteed at least 75 per cent of an average crop, rain or shine.

"Back of this guarantee is the total amount of premiums paid in by all insured growers. This reserve is held in trust for the one purpose of meeting unavoidable losses of insured growers.

"Crop insurance makes it easy for individual growers to protect themselves against crop failure. Although you must pay a small annual premium, the effect is just the same as if you had put aside 75 per cent of a crop, and labeled it 'to be used in case of crop failure.' Yet, the crop insurance reserve does not wear out. Even if you have two or three crop failures in a row, your investment in the reserve protects you as long as you pay in your own small share.

"Your county AAA committee will gladly tell you what your guaranteed cotton production can be next year, and how much it will cost."

## Help Your Poultry to Show More Profit

with Gizzard Capsule and Triple-Action Germozone

### QUICK, EFFECTIVE Gizzard Capsule

Start your fight against "profit-robbing" worms during the growing period. Give your young stock Gizzard Capsule now and watch results. Gizzard Capsule is tough on all three kinds of worms—large round, large tape and pin worms—but easy on birds. No bad after-effects or loss of production.

### TRIPLE-ACTION Germozone

First, acts in drink: Against germs and bacteria with which it comes in contact there. Second, acts in crop: Ordinary drinking water disinfectants may act there, but many germs are picked up from litter. Germozone acts in crop, also. Third, acts in intestines: Germozone fights bacteria here also.

## HARDWARE

LARGE STOCK OF GENERAL VARIETY

A large and complete stock of general hardware, together with allied lines usually sold by modern hardware stores, is the class of merchandise to be found here. Another important feature—in addition to quality—is the economy prices at which everything is sold. In addition to hardware, other lines include practically everything needed about the city or country home or farm.

## Gas and Oil Ranges

If in need of a cook stove, come in and see the new models designed for service and satisfaction at economy prices. These stoves are made in two lines—one group burns gas and the other kerosene.

### Floor Coverings

We have on hand a large stock of the famous Bird Brand rugs and yard goods in new and pretty patterns.

### New Line of Oilcloth

A recent addition to this store's already complete stock is a nice new line of oilcloth. It's brand new.

## GARDEN SEEDS OF ALL KINDS

Let us help you with suggestions for that Victory Garden you will want to raise and help win the war. We can supply your wants with all kinds of seeds.
