

Java War Continues Despite U. N. Order

Dutch Study Command To Cease Fire

Cabinet Meets At Hague In Special Session

By The Associated Press

Fighting in the Netherlands Indies continued Saturday while the Dutch cabinet at the Hague met in extraordinary session to consider Friday's cease fire order issued by the United Nations Security Council.

Dutch military forces in Java were consolidating their positions and claiming new advances in Sumatra.

At the same time, both the Netherlands and Indonesian governments debated the issue in the light of the U. N. demand. And in Washington, Ambassador Eelco Van Kleffens of the Netherlands, expressed confidence that a "peaceful solution" to the Pacific war could be reached.

Van Kleffens, following a half-hour conference with United States Undersecretary of State Robert Lovett, declared that he expected to hear further from his government on whether Netherlands forces in Indonesia now would suppress their offensive in view of U. N. and American moves toward a settlement.

The United States several days ago offered its "good offices" in hopes of bringing peace to Indonesia. Friday the U. N. security council called upon the Dutch and Indonesian governments to "cease hostilities forthwith."

In an interview in Batavia Saturday, H. J. Van Mook, acting governor general of the Netherlands East Indies, expressed doubt that the Republican government could enforce a cease fire order. "We can stop hostilities," he said. "But I wonder whether the other side can."

Some Indonesian quarters felt it would be practically impossible for them to notify all units of the Republican forces of such an order. Van Mook stated further that although he expected to be advised "tonight or tomorrow," (Saturday or Sunday) Dutch military operations were reported proceeding "without a hitch and days ahead of schedule."

In the Hague, while the Netherlands cabinet met, U. S. Ambassador Herman Baruch predicted "prompt and rapid developments." Baruch formerly presented the American offer of its "good offices" and declared that the offer "must be considered completely informal and elastic."

Reviewing The Big Spring -Week-

Joe Pickle

The big doings here this week will be the 14th annual Big Spring Rodeo, starting Wednesday for four consecutive evening performances. All signs point to a bang-up show and a good break from the weather should touch off record attendance. The plant is in good shape and some of the top names in rodeo realms will be contestants. Earl and Jack Sellers again are producers and the past two years they have built up a reputation here for a fast moving program.

We don't all see things alike. In the wake of an editorial on dog poisoning, one anonymous reader sent in a clipping which advocated a \$100 per year dog license fee and that "people who cannot live without a dog should move to the country." Roy Little 1009 E. 5rd, writes to say words won't stop dog poisoners, that they don't care who their victims might be. He agrees that there ought to be a tightening of the dog license ordinance, and would like to hear from others on the question.

The ordered review of hospital costs by the Veterans Administration has touched off some speculation here. There is nothing but Gen. Bradley's press statement on which to base opinion, but Big Spring's VA hospital was placed in the class of near completion on plans. This would, according to the release, mean a delay from 30 days to six months. It is known that the plans on the Big Spring unit are all but ready to go, hence there is some grounds for the optimistic belief that the delay will be in the minimum category.

Perry Walker and Jackie Cathey achieved an enviable record in grass identification contests at the district 4-B encampment. They correctly identified 65 grasses. Three other Howard county lads only missed one of the total. For the

ON FLIGHT FROM TOKYO—Grouped in front of their plane and the Texas flag, the crew of the eighth B-29 that flew to Andrews Field, Md., from Tokyo flash smiles despite their delay due to engine trouble. L to R, front: S/Sgt. Richard F. Jones, Ft. Worth; M/Sgt. Carl T. Moden, Ft. Worth; S/Sgt. Kristen J. Sorenson, Mineral Wells; Clyde J. Long, Mineral Wells; S/Sgt. Kenneth W. Coyne, Ft. Worth, owner of flag; M/Sgt. Carl W. Arey, Ft. Worth; S/Sgt. Troyce Waldred, Borger; back row, Capt. Charles C. Bethel, Dallas; Lt. Harold F. Gantert, Dallas; Lt. Fred R. Rote, Ft. Worth; Lt. Roy P. Whitfield, San Antonio; Lt. Eugene Butler, Ft. Worth; Capt. William Webster, Lubbock, pilot. All are from Texas. (AP Wirephoto.)

'Marathon' Fliers Happy To Get Home

FORT WORTH, Aug. 2. (AP)—Record-smashing Tokyo to Washington B-29 fliers got a trophy of lipstick smears when they landed happily and triumphantly at Fort Worth Army Air field today.

Wives and sweethearts of the squadron members rushed out on the field after the 29's peeled off spectacularly from a tight formation and landed quickly on alternative runways.

"Let's get out of here!" the fliers shouted as they piled out of eight silver ships and ran to embrace their loved ones.

The trip home from Washington today was a joyous one. The men of the 492nd Bomb squadron of the Seventh Bomb group who flew a 7,000 mile one-stop 30-hour, 55-minute mission from Tokyo to Washington had tasted the thrill of a Washington reception, had had a good night's sleep and were eager to get home. When they landed in Washington yesterday after flying the fastest and farthest bombardment mission ever flown, an official welcome hardly pierced their weariness.

But today the interior of every ship was charged with excitement. Repairs and laughter rang in the interphones and rode the radio waves from plane to plane.

Lt. Charles F. Duncan, navigator on one of the planes, gleefully pulled his ship six miles off course to fly over his hometown of Bemis, Tenn.

The Associated Press correspondent aboard one of the ships had Col. Howard F. Hugos squadron commander, informed by radio that the Texas-Gazette and News had been informed the planes

Coastal Storm Damages Crops

By The Associated Press

A Gulf storm which blew inland Friday night did an estimated \$1,000,000 damage to cotton crops in the Rio Grande valley, experts said late Saturday.

Heavy rains Friday and Saturday, attributed to the storm, caused the damage, although it benefitted crops in other parts of the Gulf Coast.

Agriculture Commissioner J. E. McDonald said Saturday that the yield had been cut 15,000 to 20,000 bales, worth \$350,000 in Willacy, Cameron and Hidalgo counties.

Ginners forecast a lower price for damaged unpicked cotton and said the total would be about \$650,000.

About 160,000 bales have been picked and 80,000 unpicked in the three counties.

Rains Friday and Saturday totaled 9.35 inches at Raymondville, and at Harlingen 4.16, Mercedes 4.27, Edinburg 4.89 and McAllen 2.27.

Ford Workers Get Authority To Walk Out

Last Chance For Settlement May Come Today

DETROIT, Aug. 2. (AP)—A strike against the vast Ford Motor Co. over the issues of a workers' pension and Taft-Hartley labor law provisions was authorized tonight.

The International Executive board of the CIO's United Auto Workers gave its assent for 107,000 Ford production workers to strike "not later than Tuesday."

One hope remained, however, that the costly shutdown might be averted.

Company and union negotiators meet again Sunday morning (10:30 a.m.) in what may be the last chance to reach an agreement.

Without this, the auto industry, long-troubled with materials shortages, will enter a crisis similar to that of the General Motors strike of 1946-47.

The strike-approval decision of the UAW-CIO board, reached after nearly six hours of consultations, was announced by Vice President Richard T. Leonard.

Leonard, chairman of the UAW's Ford department, came wearily out of the long board session. He seemed discouraged.

To a question whether a strike could be averted, he answered tersely:

"We're meeting again with the company on Sunday."

He said a strike was approved for "no later than Tuesday" but later declared "strike action will be taken as soon as we can arrange it."

There had been reports the union might call out the workers Monday.

Both the company and union have gone into extensive preparations for a strike.

Thomas Thompson, president of Ford local 600, the Rouge unit which is described as the world's largest union local issued a statement saying "we will strike reluctantly but determinedly in the knowledge that our cause is just."

There was no statement tonight from the company.

Reporters asked Leonard if the UAW's pension demand alone would have justified a strike had the company granted the UAW immunity from financial responsibility provisions of the Taft-Hartley act.

"If the company had done that," Leonard replied, "I'm certain the negotiations would have progressed much more satisfactorily."

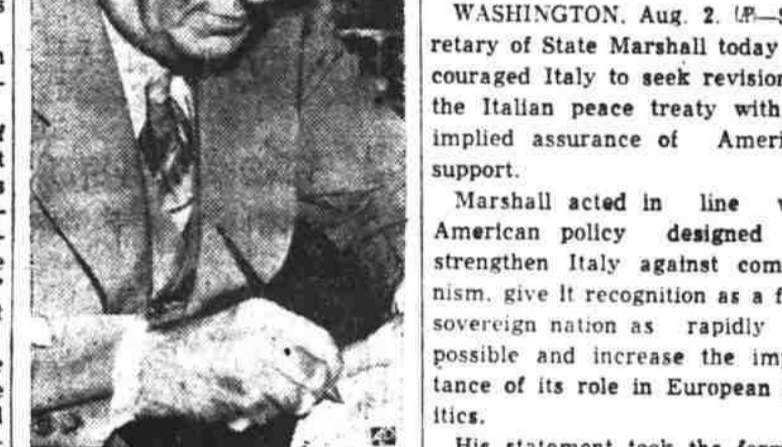

UAW President Walter P. Reuther, who flew here from Washington to preside at the board session, said the group unanimously approved a strike "after hearing and discussing all the facts and issues."

The board, Reuther said in a formal statement, was "satisfied" that "every reasonable effort" had been made by the union's negotiators to reach a "fair agreement."

Hughes Paid Tabs For Elliott And Pals

Marshall Tells Italy To Seek Treaty Changes

WASHINGTON, Aug. 2. (AP)—Secretary of State Marshall today encouraged Italy to seek revision of the Italian peace treaty with an implied assurance of American support.

Marshall acted in line with American policy designed to strengthen Italy against communism, give it recognition as a fully sovereign nation as rapidly as possible and increase the importance of its role in European politics.

His statement took the form of a telegram to the Italian foreign minister, Count Carlo Sforza, which was released by the State department along with Sforza's reply.

Both messages were pegged on recent approval by the Italian constituent assembly of ratification of the peace treaty.

The Italian government has yet to ratify the treaty formally and is waiting for Russia to act. However, the Soviet government has indicated its intention of not ratifying until after Italy does, so the treaty may be indefinitely delayed in becoming effective.

Despite this delay the United States already is conducting its relations with Italy almost as if the treaty were in effect and is making clear its dislike of many provisions and its intention to support their revision wherever possible.

Reed Lashes ICC Members

WASHINGTON, Aug. 2. (AP)—Senator Reed (R-Kas) said today he is "ready to impeach" members of the Interstate Commerce Commission if that is necessary to bring a change in the handling of some railroad bankruptcies.

St. Louisian Heads Baptist Alliance

COPENHAGEN, Aug. 2. (AP)—The Baptist World Alliance today elected Dr. C. Oscar Johnson, of St. Louis, president for a five-year term.

Referring to the Marshall proposal to aid Europe, Dr. Johnson said that "as for America, the peoples of the world may need our help but not more than we want to give it to them to save our souls." He added that the United States "would lose what it won" if help were not given.

Expense Accounts Given At Hearing

WASHINGTON, Aug. 2. (AP)—A story of \$5,083.79 worth of gay entertainment supplied to Elliott Roosevelt and companions at the expense of Howard Hughes was spread today on the records of the Senate war investigating committee looking into Hughes' wartime plane contracts.

John W. Meyer, free-spending publicity man for Hughes who "never saw anyone else pick up (a check) in my entire war," told of one New York night club party for Roosevelt costing \$106 on the day the president's son drafted a report recommending a multi-million-dollar government contract for Hughes' photo reconnaissance planes.

But before the senators got all the details of expense vouchers showing generous presents to girls, bills for liquor, theater tickets and even headache tablets, the hearing broke up until Monday in an angry dispute over Meyer's wartime draft record.

The plump publicity man testified that in 1943 he had introduced Roosevelt, then an air force colonel, to Fay Emerson, movie actress who became Mrs. Roosevelt.

Meyer insisted under questioning by Senator Ferguson (R-Mich), subcommittee chairman, that it was his "job" to pay entertainment bills for Roosevelt and his friends, including gifts to the girls invited to parties in California New York and Washington hotels and night clubs.

Everyone—Meyer, the senators and a huge crowd of spectators—appeared to be enjoying Meyer's quips about the price of liquor and his check-grabbing habits until Senator Cain (R-Wash) switched questions to Meyer's wartime draft deferment.

Tom A. Slack, Houston, Tex., attorney who has been representing the various Hughes companies at the hearing, protested that Meyer's draft record has no connection with the probe of airplane contracts.

Within a few moments Slack and Senators Ferguson, Cain and Brewster (R-Me) were shouting at each other.

Ferguson said Meyer's draft record is a "material issue." Cain noted that Meyer had claimed "four dependents" in testimony and no skill in the jobs on which draft deferments were based. Meyer identified them as "my Mother, my Dad and my two aunts."

Cain asked that the records of Meyer's "six deferments go to the department of justice for whatever action may be taken."

Slack demanded the right to make a statement and shouted that Ferguson as a former judge knew that a congressional hearing did not allow both sides to bring in all facts and cross-examine witnesses.

"This is no place to obtain the truth," the Hughes lawyer exploded as Ferguson rapped for order.

On Monday Elliott Roosevelt is scheduled to testify, and Hughes is due Wednesday. Meyer was told to remain here under subpoena while both Roosevelt and Hughes are on the stand.

A government accounting office report credited Meyer with spending \$169,661.17 during the wartime period of 1942 through 1946. The records indicated that \$5,083.79 of this went for entertainment of

T&P Man Hurt In Accident

L. M. Wright, fireman for the T&P rail road was knocked unconscious when struck by a switch engine in the local yards at 7:05 a. m. Saturday.

He was carried to the Big Spring Hospital for medical attention, where attending physicians said he was suffering from concussion.

Wright, a former member of the police department, has been employed by T&P since June 6, as fireman on a switch engine. Railroad officials said he had gone to work at 7 a. m. Saturday with Engineer D. W. Pierce. While preparing the engine for duty, Wright was struck on the head by a diesel switch engine, which was passing on an adjoining track. Apparently he had leaped from the cab to talk to Pierce, who was working beside the engine, officials said.

Anti Jewish Acts In Great Britain

LONDON, Aug. 2. (AP)—Anti-Jewish demonstrations were reported in various parts of Great Britain tonight.

In Liverpool, police reported that a Jewish doctor was attacked in a cafe and a synagogue and five shops suffered smashed windows. Several anti-Semitic notices were chalked on walls near the docks.

In Glasgow, there were demonstration in Gorbals, the Jewish quarter, and police reported that bricks were tossed through the windows of 11 Jewish shops. Anti-Jewish slogans were discovered on the pavements.

BUS STRIKE

TEXARKANA, Aug. 2. (AP)—City bus drivers in Texarkana are scheduled to walk off the job at midnight tonight, a government conciliator said, after the local union and owners failed to agree on a wage increase.

Hot Weather Lessons Danger

Cotton Insect Situation In Howard County Is Improving

The cotton insect situation in Howard county has shown considerable general improvement during the past few days, although some localized infestations still persist. Saturday reports indicated. The first crop of boll worms has accounted for some damage, but hot weather has helped to lessen the danger from that source. In fact, the weather has played an important part in curtailing all types of insects, especially during the past week.

County Agent Durward Lewter said he believed that virtually all danger from cotton fleas could be eliminated if high temperatures continue for a few more days. Lewter also said he was not expecting too much damage from boll worms, although he advised farmers who noted large first crops to be on the lookout for second and third generations beginning about Aug. 8.

Some damage was noted during the past week in one field from a new source, however. The cotton appeared to be diseased rather than plagued by insects. After making a thorough inspection Lewter said he believed the condition was caused by an insect commonly known as the "stink" bug. These bugs have been causing heavy damage in the irrigated section west of Monahan, he said, and the cotton examined here appeared to be suffering in the same manner. The bugs attack the bloom, which ultimately turns red as it does under normal circumstances, but later drops to the ground.

REDS CLAIM A 'CHUTE RECORD

MOSCOW, Aug. 2. (AP)—The Central Air Club of the U. S. S. R. announced today that a new Soviet parachute jump record of 11,200 meters (about 36,900 feet) was established yesterday by Lt. Col. V. G. Romanuk. The announcement said that Romanuk, who has made 1,576 jumps, was in the air 18 minutes and 40 seconds during yesterday's drop.

Scout Group Leaves For Camp Louis Farr

H. D. Norris, local Boy Scout field executive, and several local Scouts were to leave today for Camp Louis Farr, where a Big Spring delegation will participate in Buffalo Trail Council camping activities during the coming week. Other Scouts from the Big Spring district will leave Monday for the camp site. The second group will be accompanied by Arnold Seydler and George Melear.

Sulfur is used in many things from food to matches and medicine.

Leader Says Christian Laymen Must Rise Up, Change World

BUFFALO, N. Y., Aug. 2. (AP)—The President of the United Christian Missionary Society, declaring that Christianity now had more enemies than ever before, asserted today that "Christian laymen must change the world again by rising up in the name of Christ."

N. B. McCormick of Indianapolis, in a prepared address at the international convention of the Disciples of Christ, said that "humanity needs leadership today on a vast scale." Noting that men through the centuries had been reaching up until they achieved the Magna Charta in England and the Bill of Rights in America, McCormick said: "But lately they have ceased requesting and have been seizing power on a world scale. In China it was Sun Yat Sen overthrowing the Manchus; in Turkey it was the overthrow of the Sultan; in Spain, the King; in Germany, the Emperor; in Russia, the Czar." McCormick noted that Christian laymen's groups were forming in Europe and American and said: "Yes I believe in unlimited power in the men's movement because the early disciples showed that power, and in a crisis such as we have, the power which they demonstrated changed the world. Christian laymen must change the world again by rising up in the name of Christ."

Two Men, Woman Found Shackled To Bed In Minneapolis

MINNEAPOLIS, Aug. 2. (AP)—Two men and a woman, all suffering severe undernourishment, were found today bound or shackled to their beds in a Southside rooming house. The police said they were Martin Anderson, 42, his brother, Clarence, 38, and his sister, Vilet, 35. Captain of Detectives Herbert A. Paradeau said Mrs. Bertha Anderson, 72, who described the trio as "my children," was detained for questioning. Physicians at general hospital said, all three were emaciated, suffering from confinement and seriously ill. None was able to answer questions.

CAR LICENSING NEAR A RECORD

A near-record number of new vehicles were registered at the county tax collector-assessor's office during the month of July. A total of 118 passenger machines, 30 commercial automobiles and six farm vehicles were licensed here during that period—definite proof that the industry has attained full production.

Flour Shortage In New England States

BUFFALO, N. Y., Aug. 2. (AP)—A flour shortage began to be felt throughout New England today as prospects dimmed for early settlement of the 20-day-old strike in this nation's largest milling center. Representatives of the five struck flour mills and officials of striking local 21021 of the AFL flour mill workers wound up deadlocked in a conference that reportedly was near bringing the strike to an end. The union's 2,600 striking members seek a 15 percent increase over the average hourly wage of \$1.14.

Legion Sends Texas Boys To Washington

WASHINGTON, Aug. 2. (AP)—Three Texas boys are among the 103 youths here for a week's seminar sponsored by the American Legion. The trio, all on their first visit to the capital, are Roy Lee Dunn, 18, Berger, Travis (Chaddy) Lipscomb, 16, Bryan, and Raymond Lankford, 17, Houston. They enrolled yesterday at the American University for the "Boys' Forum On National Government." With other members of the group they inspected Senate and House chambers today and heard Democratic and Republican party officials explain how laws are made and presidents elected. "This is a wonderful experience for all of us," said Roy Dunn. "We are learning an awful lot that we could not expect to get out of text books. It should make us all better citizens." Dunn expressed keen interest in all governmental departments and in his tour of the capitol said he plans to pay a visit later to Rep. Worley (D-Tex.).

Mahon To Speak At West Texas Press Meeting

SNYDER, Aug. 2. —A report from Washington by Rep. George Mahon of the 19th congressional district will highlight the 17th annual West Texas Press association meeting in San Angelo Aug. 22-23 along with an address by Price Daniel, attorney general. In addition, Wick Fowler, roving reporter and former war correspondent for the Dallas News, will appear on the program, according to Willard Jones, WTPA secretary.

Roy Craig, Stamford, will lead a trade round-table, and Weldon Owens, Teague, will speak on the radio. Dean Chenoweth, editor of the Standard-Times at San Angelo will address a breakfast session on the second day. Announcement of winners in a weekly newspaper contest will be made at the concluding session.

W. E. Blanton, San Angelo, and Max Bentley, Abilene, West Texas Chamber of Commerce activities director, will preside over two of the meetings. President N. H. Pierce, Meander, and Vice-president George Baker, Fort Stockton, have announced.

Chennault's Sneeze Is Banned On Air

SHANGHAI, Aug. 2. (AP)—Maj. Gen. John P. Lucas, commander of the American military advisory group in China, said today he banned the broadcast of an Air Force Day address by Lt. Gen. Claire L. Chennault charging that "pennywise and pound foolish conservatism of politicians" was "one of the greatest foreseeable hazards to development of our air power." Chennault, wartime chief of the Flying Tigers and now head of air transport for the China National Relief and Rehabilitation Administration, had recorded the speech for broadcast over American armed forces radio station XMAG at Nanking.

Asked by a reporter why he banned broadcast of the address, Lucas said: "If you read it, you would understand why it could not have gone over an army station. If it had been a commercial radio, it would have been none of my business."

In the talk Chennault criticized "the conservatism that sits at polished desks and in legislative halls at Washington." The "danger," he said, was not the conservatism of plane builders, but "the pennywise and pound foolish conservatism of politicians that would rather spend hasty billions in wartime to catch up than invest millions in peacetime to keep abreast of technical advances."

"It is the conservatism which once grunted 'impossible' at the idea of a machinegun synchronized to fire through the arc of a propeller blade. x x x It is the conservatism that prepares for the possibility of the next war with the weapons and tactics of the last."

Chennault added that "the United States can ill afford any lag between technical developments in the air and their practical application to our national defense. x x x There was a time when we could dawdle and quibble and postpone. That time is fast running out."

Breeders Will Sponsor Tour

Howard County Hereford Breeders Association will sponsor a fall tour on Sept. 11-12, Leland Wallace, secretary, announced Saturday. During the two-day excursion herds owned by various members of the association. Hereford breeders from a wide area are expected here for the event. The local breeders association will hold its annual sale here next Feb. 21.

July's Water Consumption At Record High

Big Spring residents set a new record for water consumption during the month of July when 107,622,000 gallons went through the distribution system, City Manager H. W. Whitney announced Saturday.

The pumping figures represent a gain of well over 3,000,000 gallons above the total for July, 1946, previous record month for the city. The daily average during last month was 3,478,000 gallons.

Once again Moss and Powell lakes, city city's two surface reservoirs provided the lion's share, according to official pumping records. The two lakes supplied no less than 48,000,000 gallons, or 44.7 per cent of the month's total.

Other production shaped up as follows: O'Barr well field, 30,013,000 gallons, or 28 per cent; Sec. 23, 17,906,000 or 16.6 per cent; Sec. 17, 9,808,000 or 9.1 per cent; park wells, 1,805,000 or 1.6 per cent.

G. R. Reynolds Is Sentenced For Grocery Burglary

STANTON, Aug. 2.—A two-years suspended sentence was imposed last week by District Judge Cecil Collins on G. R. Reynolds, charged with burglary of the Madison Grocery here July 6. Reynolds was picked up the next day by Sheriff Morris Zimmerman and charged with the burglary.

F. L. Bass Installed As Knott IOOF Head

KNOTT, Aug. 2.—F. L. Bass was installed as noble grand at the meeting of the IOOF lodge here this week. Several visitors attenders present were R. H. Unger, J. T. Gross, P. P. Coker, Milton Gaskins, O. N. Gaskins, and Arnold Lloyd.

Week's Business

Local Livestock Markets Show More Strength

Livestock markets in Big Spring gained new strength during the past week, as bidders snapped up comparatively light offerings. Receipts dipped to approximately 1,100 head at two regularly scheduled auctions, but most consignments were good quality. Several fat yearlings brought 23.00 a cwt. and a few choice calves passed the 25.00 mark. Hogs were equally strong, but receipts were extremely light. Most offerings moved at 26.00 to 27.00 cwt.

Local building projects were still confined principally to residential units, and a slight overall decrease in estimated costs was noted throughout the month of July. The month's total was \$79,700, with 85 per cent accounted for by residential projects. Total for the first seven months of 1947 is \$790,624.

Real estate transactions failed to regain the pace during the past week, according to warranty deeds filed in the county clerk's office. Deals involving \$21,100 were recorded for the week, which increased the year's total to \$1,424,320. A drop was also noted in the movement of new motor vehicles. The county tax assessor-collector office issued licenses for five passenger cars, five trucks and two motorbikes during the week.

R. H. Puckett Fined For Drunken Driving

Charged with driving while intoxicated, Ray Herbert Puckett entered a plea of guilty in county court Saturday morning and was fined \$75 and costs. In addition, Puckett had his driving privileges suspended for six months.

The accused was picked up by members of the city police force Friday evening.

Economic Crisis Threatens Life Of British Empire

LONDON, Aug. 2.—Britain is struggling with an economic crisis which imperils the labor government's experiment in socialism and the national position as a world power.

Her reservoir of borrowed dollars is beginning to run dry. Her farms and factories are producing too little for her needs, and the proud nation is approaching what many believe will be her blackest and most dangerous hour since Dunkerque.

The sacrifices to be demanded of the people are expected to be com-

mensurate with the heroic stand asked of them after the black days on the beaches at Dunkerque seven years ago.

Prime Minister Attlee goes before the House of Commons Wednesday to explain exactly what are his plans. But the broad outlines of his crisis program already are known.

To Britain's little man, used to suffering and plagued by shortages, some more acute even than during the war, it will mean:

Even less food to eat, fewer clothes to replace his patched and threadbare garments, fewer consumer goods in the shops, longer hours of work for some, possibly

temporary unemployment for others, fewer cigarettes and movies, less gasoline, shorter holidays across the channel, and for many a compulsory change of jobs from "unessential" industries.

To the government of socialist planners, the hard times will bring the sternest test. Top-ranking officials privately acknowledge that if things do not go well the people may toss the labor regime out of office.

Nevertheless the cabinet plans to carry on with its drive to make Britain a socialist state.

To save dollars and release men the government already has said its armed forces will be reduced.

Planning Board Appointed At Colorado City

COLORADO CITY, Aug. 2.—J. Ralph Lee, owner of Colorado City's steam laundry and a citizen here since the early 'twenties, has been elected chairman of the city planning board. Eighteen Colorado City businessmen make up the board and were asked by the mayor, Peter Martin, to serve as a "non-political planning board" to act in an advisory capacity. The board will study all phases of city problems and developments and will make recommendations to the city council.

At the second meeting of the new city planning board the major discussion was concerned with the water shortage. The board went on record as approving action of the mayor and city council in the steps taken to conserve water until the new wells can be used. The council and mayor have asked voluntary rationing of water and the new board urged all citizens to cooperate.

One committee was named by chairman Lee. That committee will meet Monday evening with the mayor to make an intensive study of the water situation. They will then make a report to the board as a whole in a general meeting set for Thursday evening.

Bendix Co. Offers One Million In Prizes For Sales

With the possibility of sharing in a \$1,000,000 melon being cut by Bendix Home Appliances, Inc. and the Sun Electric company distributors of Abilene, the Big Spring Hardware's retail sales force swings into action this week.

Prize awards in a volume sales contest range from winter vacations to merchandise awards. Announcement was made in Abilene during the past week when T. B. Atkins and members of the Big Spring Hardware sales force heard the campaign outlined. Object is to plug volume in order to hold the Bendix automatic washers at current prices despite mounting manufacturing costs.

As a part of the special effort, demonstrations will be given on washing, drying and ironing at the Big Spring Hardware. Attending the Abilene meeting with Atkins were Charles White, Noel Hull and Mrs. Bell.

Some western red cedar trees are 18 feet in diameter and 200 feet high.

Nation Has Manpower Problem

Further Reductions Of U. S. Army In Europe Are Possible

That position has been under urgent review, however, because of the Army's manpower difficulties since the end of the draft. The size of the occupation force was based on a Regular Army establishment with total strength of 1,070,000 authorized by Congress. With the decline in voluntary enlistments it has shrunk to fewer than 1,000,000 and is expected to go down further.

and the stalemate over a settlement with Austria threatens to keep the force there indefinitely. WASHINGTON, Aug. 2. (AP)—The United States as well as Britain was reported today to be considering further reductions in the strength of occupation forces in Europe—but to save manpower rather than dollars.

The Texas Poll

People Know Little About Work Of Their Congressmen

By The Texas Poll

AUSTIN, Texas, August 2. — Texas Congressmen, returning home now after seven grueling months in Washington will find that large blocs of the "folks back home" have no opinion—pro or con—on the work they've been doing in the Nation's Capitol. In fact, more than half of the constituents of the Texas Representatives can't even recall their Congressman's name.

when asked if, in general, they approved or disapproved of the job their Congressman had done in Washington this year: Approve 87% Men 87% Women 87% Disapprove 10% Men 10% Women 10% No opinion 3% Men 3% Women 3%

Load On State Highway Dept. Is Increasing

AUSTIN, Aug. 2. (AP)—If the state highway department keeps taking over the maintenance of more roads, its cost of maintaining will eventually equal the total income for the department.

Regular maintenance of state highways will cost \$1,800,000 more next year than this year, the highway commission estimated in a report today, announcing approval of a \$12,547,156 budget for upkeep of 27,353 miles of highway on the state system.

Rehabilitation Of Lenorah Community Is Progressing

STANTON, Aug. 2. — Rehabilitation of the Lenorah community is progressing rapidly. The new school building, costing between \$6,000 and \$7,000 is due to be completed by Sept. 1.

Texas' Share Set In School Lunch Plan

DALLAS, Aug. 2. (AP)— Texas' share of the federal community school lunchroom appropriation is \$2,890,962, John J. Slaughter, field representative in charge of the program, announced today.

Radar Sets Will Be Given To Colleges

SAN FRANCISCO, Aug. 2. (AP)—A university or college which wants a \$33,000 radar set, and has the faculty and facilities for making good use of it, can have one free, the War Assets Administration said today.

FOREIGNER TO TEXAS, AT LEAST

HOUSTON, Aug. 2. (AP)—A 27-year-old negro seemed to be mixed up on his geography when booked at the Houston police station on a minor charge.

PAPER MAKES A LITTLE SLIP

DES MOINES, Aug. 2. (AP)—The Tribune printed the following editorial headed "Our Visage Is Crimson:"

"The other day we kidded the streets department about resurfacing Locust street, in front of the Register and Tribune building, and then returning a few days later to dig a hole in the new paving. Our comment was headed, "work planning."

"Of course, the streets department had planned the resurfacing of Locust street several weeks ago. Our newspapers carried stories about it. Now we discover that the firm that had to dig the hole there—less than a week after the city completed its resurfacing—is (as you probably have guessed) the Register and Tribune company!"

Father, Son Opening New Drug Store

One of Big Spring's latest father-son business combinations will undergo its first major expansion when the new Elliott Drug Store, 1002 Eleventh Place, observes its formal opening Monday.

The new store will have its doors open, chiefly for fountain patrons, this afternoon immediately after the baseball game, but the official opening has been set for Monday.

It will be the second unit for Q. Q. Elliott and son, Tommie, who have operated the State Drug store for more than two years. The State Drug store was opened on April 3, 1945 by his father while Tommie was still overseas in the armed forces. Tommie then returned and was associated with his father in the business.

Q. Q. Elliott will continue to manage the State Drug store, while Tommie will be in charge of the new unit. The Eleventh Place store will offer complete, modern fountain service, although the Elliotts plan to specialize more in drugs in order to provide a balanced community drug store.

The store is housed in an attractive new building, and the latest type of fixtures and appliances have been installed.

Norman-Roche Test May Yield Westbrook Pay

Norman & Roche No. 2-B Lucy Mildred Coleman, in the southeast quarter of section 70-97, H & TC, Saturday held possibilities of developing first production from the Westbrook pay in the Coleman Ranch pool of northwest Mitchell county.

The test was cleaning out with reverse circulation following a 628-quart shot from top of the Westbrook pay of the Clear Fork, topped at 3,095 feet, to 3,270 feet. It had shows also farther up the hole in the Coleman Ranch pay of the Clear Fork.

In southeastern Dawson county, Seaboard Oil Co. No. 6-A John Robinson, seeking the Ellenburger, picked up good shows in the Clear Fork. It had a slight gas blow on an hour and a half drillstem test from 6,500-6,615 feet and returned 550 feet of fluid, 75 per cent oil and 25 per cent drilling mud with no water. It previously had had 500 feet of oil and gas cut mud on an hour and a half test from 6,457-98 feet and was reportedly coring at 6,660 feet. Location is in the shallow Sprayberry pool and is 1,979 feet from the south and 660 feet from the west line of section 37-34-5n, T & P.

Outlook was good also for a quarter of a mile southward extension to the East Howard pool on the J. L. Cooper of McCammy No. 1 Percy Jones, in the northwest quarter of section 13-30-1s, T & P. The test was carrying several hundred feet of oil in the hole after setting pipe at 2,530 feet. Bottom of hole is 2,732 feet and shot has been recommended for 2,460-2,670 feet. Heavy saturation was noted from 2,630-70 feet. Cooper staked location for his No. 2 Percy Jones 330 feet from the west and 1,054 feet from the south lines of the same section, for a 3,000 cable tool exploration.

Magnolia No. 1 Guy Guffee, section 58-20 LaVaca, seeking the Vincent pay in northeast Howard, was below 4,300 feet.

In proven area of the East Howard pool, Cecil Guthrie No. 1 W. H. Read showed 164 barrels on an eight-hour pumping test.

F. A. Gillespie & Sons No. 1 Lay Powell, a southwest Mitchell county wildcat, was staked during the week for 330 feet from the south and east lines of section 44-29-1s, T & P, projected for 3,500 feet. It is 10 miles south of Iatan.

Signal Oil Company located its No. 1 J. G. Whitley in the C NE NE 548-97, H&TC, a Scurry county wildcat test.

Stanolind No. 1 T. H. Gaskin, Ellenburger projection for 12,300 feet, was below 10,200 feet and here were unconfirmed reports of coring as the ordovician zone was approached. The test is in section 33-1s, T & P, six miles south and west of Big Spring.

Registration Set For Senior Scouts' Camp

Registration blanks for the coming encampment for senior Boy Scouts may be obtained either at the Scout office or from Elra Phillips, scoutmaster of Troop No. 9, H. D. Norris, field executive, announced Saturday.

Senior scouts who register for the camp will leave Aug. 9 for Camp Philmont in New Mexico, where they will participate in a number of activities for approximately 10 days.

The local group will travel to the camp site with senior Scouts from Colorado City in a school bus. Camp fees, transportation and food will cost each Scout approximately \$17.50, Norris said.

Adult 4-H Club Group To Check Cotton Projects

The Howard county adult 4-H club committee will conduct inspections Monday and Tuesday at some 50 club cotton projects in the county.

Results of the inspection will help to determine ultimate winners of prizes in a contest for 4-H club boys which is sponsored by an unidentified local business man.

Judging for the prizes will be on a pre-arranged point system. During the two day inspection the projects will be scored on seed treatment, preparation of land, cultivation, weed control, insect control and club record book data. Another inspection will be made at harvest time to complete judging for the prizes.

The club projects range from five acres to 50 acres each. However, most projects contain from 10 acres to 15 acres.

The adult club committee is composed of Donald Lay, chairman, Sam Buchanan, W. J. Rogers, L. J. Davidson and R. E. Martin.

IT'S A BLACK EYE

AMHERST, Mass., Aug. 2.—(AP)—The next time you bump into a door the result is ecchymosis of the conjunctiva and the periorbital cuticular tissues, which the University of Massachusetts extension service says is the proper name for a common black eye.

Ellenburger Production Seen In Crockett, Goldsmith Areas

By JOHN B. BREWER

SAN ANGELO, Aug. 2. — Indicated opening of a second Ellenburger field in northeastern Crockett county within 10 days and development of the first Ellenburger production in the Goldsmith multiple-pay field in Ector county highlighted West Texas oil operations this week.

First production from the contact of the Devonian and Silurian in the Three Bar (Devonian) field in southwestern Andrews also was promised. A Wolfcamp strike in Reeves county was finalized. Locations were listed for a wildcat each in Pecos, Crockett, and Culberson counties and it was announced two wildcats will be drilled near a Sutton county discovery gas well.

From Ellenburger at 8,097-8,120 feet, Humble No. 1 Mrs. Grady Mitcham of San Angelo in northeastern Crockett county flowed 41.7 barrels of pipeline oil in one hour on a drillstem test. It recovered 60 feet of mud slightly cut with oil and gas in testing the next 20 feet and cored ahead.

The Ellenburger was entered at 8,025 feet, 5,564 feet below sea level, 64 feet lower than in Shell No. 1 University, a failure three miles north and three-quarters of a mile west, which was abandoned dry at 8,404 in the Cambrian. No. 1 Mitcham is near the C NE NE 12-AB-D&E, 14 miles northeast of Ozona.

Sinclair Prairie and Atlantic No. 1-66 University, 12 miles west and 1 1/2 miles north of No. 1 Mitcham, flowed naturally 727 barrels of oil in 15 hours preliminary to completion. The gauge was through a half inch tubing choke and perforations at 7,530-75 feet in 7-inch casing cemented at 7,665 feet, 14 feet off bottom. Location is the C SW NE 30-46-U, eight miles northeast of the Todd Deep field.

Continental started No. 1 University, proposed 9,800-foot wildcat in Crockett county C NE SE 13-47-U, six miles south of the Barnhart (Ellenburger) field in southeastern Reagan county.

A flow of 38 barrels of oil in 30 minutes—the first from the Ellenburger in the Goldsmith field in Ector county—was registered by Gulf No. 430-E Goldsmith on a drillstem test from 9,493-9,520 feet. The drillpipe when broken down yielded 6,000 feet of clean oil. Drilling continued.

The Ellenburger was topped at 9,495 feet, 6,365 feet below sea level, 205 feet higher than in Gulf No. 421-E Goldsmith, half mile south and quarter mile east. No. 421-E, after failing in the Ellenburger, was completed as No. 421-D Goldsmith, the discovery Devonian producer in the field. No. 430-E Goldsmith is near the C SE 15-44-1s-T&P, two miles south of the town of Goldsmith.

Linking of Clear Fork pays in the Goldsmith and Andector fields in Ector or opening of a pool was indicated by Phillips and Texaco No. 1 McIntire in flowing 27 barrels of oil in one hour on a drillstem test from 8,125-8,200 feet. Exploring the Ellenburger is planned, C NE NE 18-44-In-T&P.

Stanolind No. 1-AF University, southwest outpost to the Three Bar (Devonian) field in southwestern Andrews county flowed an estimated 16 barrels of oil in 30 minutes on a drillstem test from 8,128-8,266 feet and ran casing. With elevation 3,352 feet, it topped the pay at 8,200 in the Devonian and entered the Silurian at 8,240 feet.

Argo Oil Corp. of Denver No. 1 Mrs. Dora Roberts of Big Spring, southeastern Reeves county wildcat which touched off an extensive lease play in the spring of 1946 by flowing oil intermittently from a record depth in the Delaware Basin, was completed as a Wolfcamp discovery producer. It registered a 24-hour flowing potential of 71.73 barrels of 43.3 gravity oil from open-hole, sandy lime pay in streaks between 9,917-10,086 feet which had been treated with 8,000 gallons of acid. The well had been plugged back from 14,073 feet. It is in the C NE NE 29-13-H&CN, 13 miles northeast of Balmorhea.

Opener of the Lubbock (Clear Fork) pool in Lubbock county, L. C. Harrison and others No. 1 W. G. Nairn estate, finished early in Nov. 1941, as a 160-barrel-a-day pumper, was cleaned out and recompleted at 5,002 feet as the Nairn estate No. 1 fee with a 24-hour flowing potential of 70.72 barrels of oil. Pay topped at 4,870 feet had been reacidized with 9,500 gallons. The well is in the C SE SE 25-A-John H. Gibson.

TAKE A BETTER LOOK, LADY

BELLEVILLE, Ill., Aug. 2. (AP)—When Mrs. Harol Metzger grabbed for what she thought was the garden hose in her basement, it started to uncoil and grab right back at her.

She ran screaming from the basement. Neighbors called police. Patrolmen with clubs subdued the "hose"—a three foot black snake.

BETHLEHEM CO. LAYOFF

CORSICANA, Aug. 2. (AP)—A cut-back of 160 employees of the Bethlehem Supply Co. here, a branch of the Bethlehem Steel Corp., was reported today at the Corsicana office of the Texas Employment Commission. The company had no comment to make on the lay-off.

Visiting Lamesa Amateurs Draw Local Applause

Visiting entertainers from Lamesa presented the weekly amateur program in the City park amphitheatre Friday night.

At the request of the Lamesa group, no prizes were offered at the event.

However, such features as Richard Crawley's German band, Bubba Cotten and Otis Roberts, vocal soloists, drew liberal applause from the audience.

Judge Lewis Reed of the 116th judicial district, was master of ceremonies for the program.

The amphitheatre program schedule will be interrupted this week to avoid conflict with the annual Big Spring Rodeo.

Shine Philips To Attend Meeting Of Druggists' Group

Shine Philips will attend the joint meeting of the Texas Drug association and the Texas Texas Druggists association in Fort Worth Monday through Wednesday.

He will accompany Lester Short, Midland, president of the West Texas unit, to the session. While there, Philips also will participate in meetings by the state board of pharmacy, of which he is a member. He recently was reappointed to a six-year term by Gov. Beauford Jester.

Coca-Cola Profits

NEW YORK, Aug. 2. (AP)—The Coca-Cola Co. reported today for the June quarter net profit of \$7,856,549, equal to \$1.91 a common share, compared with \$7,060,952, or \$1.71 a share, in the second quarter of 1946. For the first six months profit of \$11,306,683 was equal to \$2.75 a common share, compared with \$10,361,675, or \$2.53 a share last year.

OUR APPOINTMENT AS AUTHORIZED DEALER FOR THE

Ford TRACTOR

and **Dearborn FARM EQUIPMENT**

22 New Advantages for FASTER FARMING

We are proud to announce our appointment, effective July 1, 1947, as authorized dealer for the new Ford Tractor and Dearborn Implements.

The new Ford Tractor combines twenty-two important improvements with the former advantages of Ford-built tractors. Come in and get all the interesting details. Also, for parts and service on any Ford-built tractor, be sure to call on us.

Designed by expert implement engineers and tested by practical farmers, Dearborn Implements are especially made to work with the Ford Tractor—either the new or the former model. And implements used with the former model will operate equally well with the new Ford Tractor. Let us tell you about them.

Working Agreements Signed To Pre-Date New Labor Laws

HOUSTON, Aug. 2. (AP)—What is believed to be the first of a series of important working agreements to be completed in the Houston area before the Taft-Hartley bill and the new Texas labor laws take effect has been signed between the Oil Workers International union, CIO, and the Southern Acid and Sulphur company.

Company and union representatives said the contract, first signed between the groups since a collective bargaining election at the Houston ship channel plant last June, includes two features that are contrary to the new laws:

Included, however, are provisions for 300 employees to receive wage boosts of unprecedented size for 1947 in the Houston area.

Officials said the agreement included:

1. The CIO was granted a union shop whereby the company can hire its employees but such personnel must join the union within 15 days or lose their jobs.
2. House bill 23 enacted by the 50th legislature and popularly termed "right to work bill," makes the union shop illegal. However, it is specified that agreements reached before the bill becomes law on September 6 are binding for the period of the contract.

2. "The company accepts the principle," the contract reads, "that when conferences are called by the company with the workmen's committee, members of the committee who are not on duty shall be paid time and one half. . . However, in view of the provisions of section 302 of the labor-management arbitration act of 1947 (Taft-Hartley bill) it is agreed that payment in accordance with this principle will not be made until a ruling is made by a court of competent jurisdiction."

The Week

(Continued From Page One)

third consecutive year Howard county club boys have won the contest.

Technically, sale of AAF buildings here gets underway this week. The hope is that RFC is to bid on practically all undesignated buildings on behalf of a Lubbock contractor. Whether any local contractors or business men asked before Saturday to bid for them is not known. It will be Aug. 15 before the situation begins to show any clarity at all.

Oil development in this area looks more favorable. It is possible a second (the Westbrook) pay may be added to the Coleman Ranch pool in northwest Mitchell. The East Howard pool is being given a quarter of a mile south extension. Clear Fork production is indicated in a southeastern Dawson county Ellenburger test.

Things run in cycles, and one broke out in burglaries within the past week. Some 10 to 12 places have been entered and ransacked. The average citizen can't do much, but he could help by reporting suspicious actions.

Men interested in electrical or automotive and airplane mechanical training will have an opportunity to organize a special class Tuesday evening in a special class Tuesday evening in a southeastern Dawson county vocational school is sponsoring the courses.

Water consumption broke records in July. The total was 107 million gallons, an average of about three and a half million a day. That's quite a lot of water.

A Coahoma correspondent writes that the penchant of Jack Graham for enlarging his pet collection has been halted. It started out with a parrot and a desire to domesticate a baby skunk. But Graham, so the writer says, misjudged the age of the skunk and the whole thing, including the skunk, backfired.

Odessa Killed, Six Injured in Crash

ODESSA, Aug. 2. (AP)—One Odessa was killed and six seriously injured in an auto-truck collision five miles west of here today.

Henry B. Hastings died in a local hospital shortly after the crash. He was believed to be the driver of a small sedan involved in the accident. Passengers in Hastings' car, all badly injured, were Howard McAdams, Leo Moles, H. H. Ward and Walter Bingham.

Injured passengers in the truck were F. A. Ambrewster and W. D. Turner.

A&M BOARD TO MEET

LUFKIN, Aug. 2. (AP)—The board of directors of Texas A & M college will meet here next Friday and Saturday together with College President Gibb Gilchrist and other school personnel.

MARRIAGE COST GOES UP, TOO

HARTFORD, Conn., Aug. 2. (AP)—The cost of marrying—the initial cost, that is—increases 100 per cent in Connecticut on October 1.

A law, passed virtually unnoticed by the public during the 1947 legislative session, boosts the cost of a marriage license from \$1 to \$2, it was disclosed here today.

A-Bomb Test Personnel Are Given Awards

WASHINGTON, Aug. 2. (AP)—The Navy today announced the award of 140 medals and citations to military and civilian personnel for service during the atomic bomb tests at Bikini.

The awards include: Legion of Merit: Rear Admirals—William S. Parsons, Fort Sumner, N. M.; John A. Snaekenberg, Seattle, Wash. Air Medal: Lieutenants—Thurston W. Grubbs, Weatherford. Enlisted men—Donald Tomassi, Raton, N. M. Letters of commendation: Commanders—Eugene P. Harris, Houston. Enlisted men—James R. Kay, Longview.

Germans Say Reds Get Arms

BERLIN, Aug. 2. (AP)—German foremen employed in two factories shuttered by U. S. officials for manufacturing war materials for an unnamed foreign power declared today that some of the products of these plants had been delivered to a Russian-controlled recipient in Germany's eastern zone.

American guards outside one of the factories said they were under orders to prevent removal of anything "by the Russians." U. S. authorities have taken into custody five German officials of the works, a big scientific instruments industry.

American occupation commander Gen. Lucius D. Clay said that if evidence being compiled demonstrated that any one of the four occupation powers was involved in receiving the war materials he would make an official protest in the allied control council.

He said, however, that thus far the evidence has not been complete and declined to make a definite statement as to whether there would be a protest.

Ex-AAF Captain Is Seeking Globe Circling Record

CHICAGO, Aug. 2. (AP)—William Odom, 27-year-old former Army Air Forces captain, completed last-minute preparations today to take off at 2 p. m. Sunday on a 19,600-mile speed flight around the earth.

Odom, flying the Bombshell, a converted Army A-26 twin-engine bomber owned by Milton Reynolds, Chicago pen manufacturer, said he expects to halve the 186-hour solo flight record made by the late Wiley Post in 1933.

His route calls for stops at Paris, France; Karachi, India; Shanghai, China; Tokyo, Japan, and Fairbanks, Alaska.

Commission Man At Fort Worth Dies

FORT WORTH, Aug. 2. (AP)—W. E. (Bill) Jary, 76, president of the Jary Commission company and oldest commission man in years of service at the Fort Worth stock yards, died at 7:30 p. m. today at his Fort Worth home.

Jary, a native of Norfolk, England, came to the United States and Texas by way of New Orleans in 1884 with his parents. They settled first at Seguin and later moved to San Antonio.

He began his career in the livestock commission business at San Antonio in 1900 with the company of his father-in-law, the late George W. Saunders.

Jester Family Plans Trip To Guatemala

AUSTIN, Aug. 2. (AP)—Gov. Beauford H. Jester and his family made tentative plans today to fly to Guatemala Aug. 14 for a week's vacation as official guests of the Guatemalan government.

Jester reported acceptance of the offer, which was transmitted to him through Ambassador E. J. Kyle.

The governor and Mrs. Jester will be accompanied by daughter Joan and son Beauford, Jr.

Mediterranean Beach Strips Are Closed

JERUSALEM, Aug. 2. (AP)—The British army placed three strips of Mediterranean beach, usually frequented by off-duty soldiers, out of bounds today when it was reported they had been mined by Jewish terrorists.

Jaffa beach, the most popular spot for both civil and military British personnel, was closed pending the arrival of mine detectors. Hundreds who came to swim here were turned away.

The beaches at Bat Yam and at the army's leave camp at Natanya also were placed out of bounds. The army said no mines had been found, but engineers still were probing the sands.

OFF TO THE RACES—An old-fashioned, horse-drawn coach carries group of French women, dressed in holiday attire, through Paris en route to the Auteuil Racetrack.

Sweden Bans Diving Horse

STOCKHOLM, Aug. 2. (AP)—Gorondel, an American performing horse which, according to its owner, has been jumping from a platform 45 feet high into a tank of water 10 feet deep for 15 years, refused to make the plunge last night and his act was banned in Sweden today as "cruelty to animals."

Before 20,000 shouting spectators at an amusement park, Gorondel's owner made repeated attempts to make the horse jump into the tank. Each time the animal refused, the uproar of protest became greater.

At least the place was cleared by police and a veterinary ambulance was summoned. Then, after five hours, Gorondel jumped. There was no other way to get him down from the platform.

The owner of the horse said, "My Gorondel, who jumped faithfully for 15 years, has failed me for the first time."

The Stockholm newspaper Aftonbladet commented: "If it is true that the horse has supported its owner for so long a time and in such a dreadful way, it would seem fair if the horse were allowed to retire and the owner did the jumping to support the horse."

BE GOOD TO YOUR WIVES, HE SAYS

PHILADELPHIA, Aug. 2. (AP)—Eighty-year-old Isaac Penn, whose first two wives died, got a marriage license today to wed Mrs. Grace Lawler, 67, and gave this formula for marital happiness:

"I don't hold to putting your foot on a brass rail and keeping your wife waiting for dinner. I believe that when a wife cooks a good meal she has a right to expect her husband to come home and eat it."

Local Residents Visit Oklahoma

Mrs. Clyde Waits, Jr. and her brother, Dick Hughes, were to leave during the weekend for Oklahoma where they will visit their father, H. A. Hughes, of Seminole.

Amateur Skit Takes Prize

COLORADO CITY, Aug. 2.—A novelty skit presented by Peggy Lamb and Burke Plant took top honors on the weekly amateur program here Friday night, when visiting talent from Big Spring appeared on the show.

The Big Spring delegation repaid a visit local entertainers made to that city a week ago. Roy Allen Hickman, novelty whistler, was selected for second place, while James Lee Underwood, vocalist, was third. J. H. Greene, manager of the Big Spring chamber of commerce, was master of ceremonies.

ASSESSED FINE: Dill Boone, arrested by members of the sheriff's office on a charge of carrying a pistol, entered a plea of guilty in county court Saturday morning and was fined \$100 plus expense.

Tip from the Smart Sex

Who is it that's first to spot—and quickest to go for—a really fresh new fashion idea when it comes along?

The ladies, of course!

And who is it that, according to careful surveys, put Buick far ahead of its price class and up among the lowest-priced three when they name the car of their innermost choice?

The fair sex—but naturally!

And who is it, when you come right down to it, that gets the most practical use from enough stirring Fireball power to handle the day's travel-jobs without strain and struggle?

Who relishes the most the restful ease of wide, cushiony seats, and the blissful gentleness of all-coil springs that make rough roads well-mannered and good roads glass-smooth?

Who goes for a car big enough to be company-minded—yet light and easy enough in handling to park without a tussle, and flit shadow-light through market-hour traffic?

Who, good friends, has the family's smartest eye-for-a-buy—the shrewdest size-up of what's really good?

No one but the Lady of the Household!

So we toss out this thought to you men-folks:

Chances are that you've been hankering for the kind of thrill that lurks in this great-hearted, great-powered beauty.

You'd sort of like to get your hands on a car as big and mighty as this—if you thought the better half could be sold on it.

Take our tip—she's already sold. Favored as it is by red-blooded males, no Buick we've ever offered has won the smart sex quite like this one.

So why not pull a pleasant surprise some evening soon? Just come home and say, "Well, I placed an order for a Buick today. They're taking 'em with or without a car to trade."

Then watch her fall all over your neck!

Hughes

(Continued From Page One)

Roosevelt, Miss Emerson and their friends since 1941.

Meyer thumbed through the huge stack of expense vouchers with dates, places, and brief items of what the money was spent for such as "dinner-drinks," "presents for two girls," "champagne," "liquor," and "girls at hotel (late) \$50."

Ferguson—What does that mean?

Meyer—They apparently hadn't had dinner. We went to the Stetler, and the girls joined us there.

Ferguson—What's the \$50—What did it have to do with the production of aircraft?

Meyer—I felt this was a Hughes Aircraft item, so I charged it to Hughes Aircraft.

At first, Meyer denied that on August 20, 1943 had flown from California to meet Roosevelt for a round of night club visits and dinners in New York. But later he said Hughes may have directed him to do so after he left California and obtained his airplane ticket priority.

Ferguson noted that Miss Emerson, who later became Mrs. Roosevelt, was aboard the same plane but Meyer called this "a pleasant coincidence."

The chairman asked about an expense item listed by Meyer as "present for girls; four, \$200."

"These presents for girls could have been anything I wanted to give 'em," Meyer replied. "It could have been pocketbooks, it could have been perfume, it could have been anything."

Ferguson asked why, in another voucher, Meyer charged as an expense against Hughes Aircraft a \$132 item for a gift of nylon hose to Miss Emerson, as well as a \$20 gift to her listed as "cash to travel."

Meyer—Because she was very charming.

Ferguson—What has that got to do with aircraft production?

Meyer—Because she just went along. Every company does that.

Ferguson constantly asked what the various entertainment items had to do with the production of aircraft.

Meyer said it was "my job" to be host to all officers and officials who visited the aircraft factory and other Hughes business ventures.

Eppler Drops A Close Decision To Scott In TAAF Tournament

Billy Whittington Qualifies For State Meet In Ft. Worth

ODESSA, Aug. 2. — Billy Scott of Odessa finally punched out a decision over Jimmy Eppler of Big Spring to cop the welterweight division of the district TAAF boxing tournament here Saturday night in one of the most closely contested matches of the entire meet.

Eppler and Scott literally battled over every inch of the canvas, and both fighters were congratulated warmly by tournament officials and spectators at conclusion of the bout.

Billy Whittington emerged as the only district winner from Big Spring, when Billy Carlisle, also of Big Spring forfeited his match. Carlisle was suffering from two broken ribs of which he was unaware until X-rays revealed them Saturday morning.

J. W. Thompson scored a knockout over Cliff Prather of Big Spring in one minute and 27 seconds of the first round to sack up the district TAAF heavyweight crown.

District winners in each weight division will compete in the State TAAF tourney on Aug. 14-15-16 in Ft. Worth.

The Odessa team, captained by Bill Wooster, took the district team championship easily.

Spartans' Enter TAAF Tourney

Doyle Tourney will take his Big Spring Hardware softball team to Midland the coming week for the district TAAF tournament getting underway there Monday.

Tourney is recruiting a powerful nine for the district joust and the Spartans will make an all-out bid for a place in the state meet, which will be unreel at San Antonio later in the month.

Lew Worsham Takes Lead In St. Paul Open

ST. PAUL, Aug. 2. (AP)—Lew Worsham, the Pittsburgh pro who holds the National Open championship, carved out a 66, six strokes off par for the Keller Golf course, to grab the lead in the St. Paul open tournament today with a 36-hole total of 202. His total was a stroke better than that of Fred Haas, Jr., New Orleans golfer-insurance broker who missed a three-foot putt on the 18th green and finished with a 68 for a 203.

STASEY IN RUNNERUP SLOT

Cowser Pulling Away In Batting Scramble

Big Spring's Pat Stasey has taken over the runner-up spot to Bob Cowser of Sweetwater in the race for batting honors in the Longhorn baseball league but the Sports' mammoth outfielder is in no present danger of losing his hold on the top position.

Through games of last Tuesday, Cowser was batting at a .454 clip while Stasey's mark was .419, four percentage points better than Jim Prince of Midland. Stu Williams, the pace-setter a month ago, had dropped to fourth place with a .414 mark, one point ahead of Joe Dotlich of Sweetwater.

Jose Cindan of Big Spring continued to lead the pitchers with a record of 16 wins and four losses while Claude Gray, Midland had an earned-run-average of 3.49, tops in that department. LeRoy Jones, Sweetwater, boasted the most strikeouts, 193.

South Ward Loses To Ellis Homes

Ellis Homes' Tigers surged from behind with an eight-run outburst in the sixth and final inning to nose out South Ward's Southerners, 16-15, in a softball game played at Ellis Homes Friday.

The Bengals were kept away from the plate for the first two innings by Harley Harrell, Southerner hurler, but slammed in six tallies in the sixth.

This Speaker played a few games at first base for Washington in 1927.

Hosses Shelled By Sweetwater Friday, 12-7

Concentrating their attack in two big innings, the Sweetwater Sports routed the Big Spring Bronchos for the second night in a row here Friday, winning, 12-7.

The outbursts—in the first and eighth innings—came at the expense of big Lloyd "Pat" Patterson, who plainly showed the effects of a recent illness. The Sports combed Patterson's offerings for 14 assorted, including Bob Cowser's 34th home run and the second round-tripper in two nights for Kenny Peacock.

Orlando Moreno wasted little time in getting his hit—the 39th game in succession in which he has hit safely—by driving out a circuit fly in the first pitch in the initial round.

Homey Garner rode out an early storm to chalk up his third win of the season for the Sports. He scattered a dozen Big Spring safeties.

Third Putting Meet Scheduled For Today

Mixed couples will swarm over the country club's new putting green Tuesday night in quest of the short-game title and the merchandise prize that goes with it. Jake Morgan won the men's crown two weeks ago while Dorothy Baye Edwards was the queen last Tuesday.

TOMMY BERRY, veteran reinsman, holds Way Yonder, a three-year-old entered in the \$55,000 Hamiltonian trotting race at Goshen, N. Y., which will be run Wednesday, Aug. 6. Way Yonder is an early favorite.

Gigliello Hired By Texas Loop

Ernest A. (Gig) Gigliello, 28, who came out of George Barr's umpiring school last spring, has resigned from the Longhorn league to become a member of the Texas league arbiting staff. League President Howard Green announced Saturday.

One Big Inning Gives Reds Win

CINCINNATI, Aug. 2. (AP)—The Cincinnati Reds took advantage of a lapse of Boston's defense play in the eighth inning today to chase over seven quick runs which gave them a 7-6 victory over the Braves.

A's Blast Browns

PHILADELPHIA, Aug. 2. (AP)—Pounding Jack Kramer off the mound, the Philadelphia Athletics came from behind to beat the St. Louis Browns in an 8-5 slugfest before 5787 at Shibe park today.

Cayuses Host Felines Here In 3 O'Clock Tilt Today

Double Header Slated Monday

In the home stretch for the Longhorn league crown, the Big Spring Bronchos and Ballinger's Cats open a three-game series at Steer park around 3 o'clock this afternoon and close it with a double header Monday evening.

The twin bill, scheduled to begin at 6:30 p. m. tomorrow, is the first such arrangement of the season for the home park and is expected to attract a capacity house.

Managers Pat Stasey of Our Town and Ballinger's Buddy Hancken agreed to the double header after the Felines had two games rained out here on their previous visit. Another double bill will be arranged on Ballinger's next visit here—Aug. 29-30.

Jose Cindan will probably do the slub for the locals this afternoon. He will be seeking his 18th win.

The Hosses hit the road after the Ballinger series, playing in Sweetwater, Ballinger and Vernon before coming back Aug. 13 with Midland. They make their final regular appearance of the campaign in all three places.

Grey weather has descended upon the Big Spring Broncho baseball club.

Sweetwater's aggressive Sports mauled the Hosses for the third time in a row here Saturday night, registering a 13-1 victory behind the stylish elbowing of Calien McPike with remarkable ease.

The issue was never in doubt from the first inning on, at which time the invaders picked up four runs.

McPike struck out nine men, scattered ten hits and would have had a shutout but for an erratic throw by right fielder Mac Dunlop, who tried catching Jake McClain at third base after fielding Gaspard Del Toro's ball along the foul line.

Jimmy Perez, Big Spring lefty, was no mystery to the Sweetwater powerhouse. He departed in the second after giving up six runs and Charley Parlier and Pat Patterson finished up.

Orlando Moreno went hitless until the ninth but doubled in that frame to extend his consecutive game streak to 40. His blow dropped into right field and brought a mighty cheer from the 1,400 or so patrons on hand.

Despite the loss, the Cayuses retained first place, second-place Midland having been rained out in their scheduled game with Ballinger. The Hoss advantage has now been sliced to a mere half-game.

One Big Inning Gives Reds Win

CINCINNATI, Aug. 2. (AP)—The Cincinnati Reds took advantage of a lapse of Boston's defense play in the eighth inning today to chase over seven quick runs which gave them a 7-6 victory over the Braves.

California Net Reign Broken As Behrens Cops Junior Title

KALAMAZOO, Mich., Aug. 2. (AP)—Herbert (Buddy) Behrens, Fort Lauderdale, Fla., whizzed through Richard Mouldous, New Orleans, La., 6-2, 6-1, 6-1, today to annex the 1947 National Junior tennis title.

It was a fitting climax to the colorful Floridan's career as a junior, for he lost out to Herbie Flam, Beverly Hills, Calif., in the 1945 semifinals and the 1946 finals.

Mouldous, who captured the boys championship in 1945 and reached the junior quarterfinals last year, will have his final chance at the title in 1948.

Not only did Behrens win his first national championship, but he helped to break a 14-year California monopoly on the junior singles title.

Both Behrens and Mouldous eliminated Californians in the semifinals.

As in all his earlier tournament matches, Behrens never was seriously pressed in his final encounter.

Earlier, Robert Perry of Los Angeles gained the boys singles crown by defeating Allen Cleveland, Santa Monica, Calif., 6-3, 6-3.

The 14-year-old Los Angeles shotmaker, who has one more year of competition in the boys' division, played a cautious game and seldom came to the net. The two finalists belong to the Los Angeles Tennis Club and live only a mile apart.

The unseeded Cleveland has another season of boys' play.

Perry, who succeeds Gil Bogley of Chevy Chase, Md., lost five of his six game losses on his own service.

The No. 1 seeded team in the boys' doubles coasted to the championship as Richard Holyroyd of Delray Beach, Fla., and Hamilton Richardson of Baton Rouge, La., defeated Fred Hagist of Hollister, Calif., and Whitney Reed of Alameda, Calif., 6-1, 6-4.

Junior Golf Tourney Moves Into 2nd Round

Clarence Shafer has already assured himself a spot in the first flight finals of the City Junior Golf tournament Saturday evening, as first round play concluded in all flights.

As others finished their first round play, Clarence went ahead and eliminated Charley Wright 4-3 in a second round match.

Shafer had won Hiram Glover, 6-5 in first round play, while Wright had moved up by trimming Jimmy Webb, 2-1.

Other first round results follow: Championship flight—Charles Bailey over Sam Thurman Jr., 4-3; Marv Wright over Dickey Cloud, 5-3; Paul Shafer over Bobby Hertz, 4-2; Darrell Hohertz into second round on a bye.

First flight: Charles Rainwater over Olney Thurman, 4-3; Billy Bob Watson over D. W. Day, 8-7; Charles Wright over Jimmy Webb, 2-1; Clarence Shafer over Hiram Glover, 6-5.

Second flight: Walter Charles Rose over Grady Dorsey, 8-6; Dewey Byers over Billy Steyer, default; Larry Hall over Marvin Wise, 6-5; Charley Hall clipped Kenneth Howell, 6-4, in the third flight, which had only two entries.

Second round play will continue next week.

Hardware Licks Stanton, 17-5

STANTON, Aug. 2. — Big Spring defenses of the VFW All-Stars to defeat the Stanton club, 17-5, in a benefit softball game played here Friday night.

The Spartans made good use of 18 hits, including four by Ocie Henson, to rout the home nine.

L. D. Cunningham, Leon Brede-meyer, Johnny Daylong and Winnie Cunningham combined to limit the VFW aggregation to four licks.

J. E. Harland collected a single, double and triple in the Spartan attack. Charley Teague had a single and two doubles. Jack Griffin had a one-baser and a home run. Ted Gross a single and triple. Daylong the same. L. D. Cunningham a homer and John Wolf a single.

McLane Nips Titleholder In 400-Meter Free Style

New Haven Ace Comes In 20 Meters Ahead

TYLER, Aug. 2. (P)—Young Jimmy McLane of the New Haven (Conn.) Swimming club whipped Bill Smith of Ohio State in the 400-meter free style, feature event of the National AAU swimming and diving championships tonight, besting the holder of the national record by 20 meters.

This race, bringing together Smith, the ace of the shorter distances, and 16-year-old McLane, top man of the distance events, was a thriller. The powerful Ohio State speedster gained a half length in the first lap and increased it to a length at 100 meters, but McLane overtook him and was even with him at 150. From then on McLane gained with each stroke.

The time was 4:41.9 which was 2.3 seconds over the national record set by Smith in 1942.

Finishing a close third was Charles Oda of the Hawaii swim club with Matt Mann, III, of the University of Michigan, fourth. Bunnell Nakama of the Hawaii swim club was fifth.

Allan Stack of the New Haven club won the 100-meter backstroke in 1:07.8 to dethrone defending champion Harry Holiday of the University of Michigan, who finished third. Stack's time was a second and a half over the national record. Second was Robert DeGroot of Ohio State with Jack Weiden of San Francisco Olympic club fourth.

The archery family numbers some 400 plant kinds and species estimated between 5,000 to 15,000.

Pat Murphy, Aides Depart Today For Football Coaching School

Big Spring's delegation to the Texas High School Coaches Association meeting was to converge upon the host city, El Paso, this afternoon.

Six men, including Head Mentor Pat Murphy, compose the representation. Others making the trip were Herschel "Mule" Stockton, head line coach, J. B. Neely and Conn Isaacs, B string tutors, Jim McWhorter and Good Graves, Yearling instructors, and John Malaise, head basketball coach.

Bo McMillan, Indiana university, and Jess Neely, Rice Institute, will serve as instructors for the clinic and will direct the all-star football squads for the annual game Friday night. McMillan will handle the North team, Neely the South.

LOOKING 'EM OVER

August 10 or thereabouts will see Lloyd "Pat" Patterson, ace of the Big Spring Bronco's pitching staff, take leave of our town . . . Patterson is departing the village and professional baseball for Fort Worth where he will become a salesman for a growing concern in that section . . . He would rather have parted with his right arm than step out of baseball but felt that the proffered opportunity could not be passed up . . . He was attaining top shape, would have been of tremendous help in the stretch drive and the approaching playoffs if he had been able to stick around . . . As it stands now, the Cuban boys—Bert Baez, Gerry Rodriguez, Jose Cindan and the newcomer, Jimmy Perez—will share the burden during the remainder of the campaign . . . Perez looked cool and collected in his first appearance Thursday night against Sweetwater . . . Claude McAden, general manager of the local spread, says the Hosses have a fire-ball pitcher named "Trampeloco" Rodriguez on the way who simply fogs the pelota past the batters . . . Such a flinger would be a novelty in the Longhorn league, since there hasn't been one in the circuit all season . . . Jose Cindan and not Stubby Blevins received credit for that victory Tuesday night in Odessa . . . The official scorer first gave it to Blevins, then switched to Cindan . . . It was Jose's 17th win of the campaign . . . LeRoy Jones, the Sweetwater flinger who dreads to throw against Big Spring, had notched 19 victories as against eight defeats through Thursday night . . . Blevins, incidentally, has been pink-slipped and is on his way to join Ada in the Sooner State league.

Russell Has Good Word For Hosses

Local ball players report that Odessa fans, at long last, are beginning to come out of the ether and show a little life. . . Bob Russell, the Longhorn league's umpire-in-chief, says Pat Stasey of Our Town gives him less trouble than any man he ever encountered in baseball. . . Russell also has a word of praise for Armando Traspueto, the Hosses' catcher, who, he said, is misunderstood by his own backers. . . Leamon Bostick the Cayuse first sacker, hurt his thumb Thursday night, which is why he retired in favor of Traspueto. . . Stasey couldn't use Ray Mendosa because he was on the inactive list. . . The official records don't show it but big Bob Cowsar of the Sweetwater team had hit 33 home runs when he hit town here Thursday. . . Eighteen of his first 20 blows were delivered in the Sweetwater park. . . Cowsar, who was a whale of a football end at Hardin-Simmons and wants

Midland Hosts Bengals Today

Ynez Ynez and his Big Spring baseball Tigers host Midland this afternoon for a 3:30 bout with that city's Colts.

In two starts against the Midland teams to date, the Bengals have succeeded in winning one time.

Isa Mendosa is slated to toe the rubber for the locals today. Mendosa plastered a defeat on Monahan's last weekend.

Jewelers Play Knott Brigade

Beaten twice since they resumed play, the Nathan Jewelers, local semi-pro baseball nine, visit Knott this afternoon for a 3 o'clock battle with that community's aggregation.

The Gem-Setters dropped a close decision to Forsan last Sunday and then were nudged by the Big Spring Colored Sluggers later in the week.

Freddy Acton, Nathan's manager, will take his contingent to Roscoe next Sunday.

ART BRADY
West Coast Smoothie

Brady Returns To Meet Poggi Monday Night

Monday night will mark the return to the Big Spring athletic club of clever Art Brady, the Huntington Park, Calif., smoothie who has been likened in looks to Van Johnson and in ability to Dory Detton.

Brady is going into action against Gorilla Poggi in the preliminary on Pat O'Dowdy's wrestling card while Billy Weidner, the bushy-browed veteran from Boston, will get at Al Getz in the afterpiece.

Art has come along since debuting here late last year. At that time, he was just swinging back into action after a hitch in the Army and was slightly off-ky. However, he's since been honing his game and is said to be top-drawer.

Poggi is the bullet-headed Argentine who has perhaps appeared in a local ring more times than any other operative working the circuit. He's colorful, efficient and sometimes savage in his approach to other hands.

If Weidner gets by Getz, he deserves another shot at Sailor Tex Watkins but Aloysius is bidding for the same chance. Big Al disputes the claim that Watkins is the best man to appear here since O'Dowdy opened the fun-house. He points to his own record, which, he maintains, deserves a few accolades.

Williams' Homer Shades Tigers, 2-1

BOSTON, Aug. 2. (P)—Ted Williams' 24th home run of the year, a two run smash which he drove into the left center field screen in the first inning tonight enabled the Boston Red Sox to shade the Detroit Tigers 2-1 and snap a losing streak which had extended through four games.

Texas Gridders To Play In Big D Game Sept. 19

DALLAS, Aug. 2. (P)—What may be a preview of the National league championship next December will be played here the night of Sept. 19 in the Cotton Bowl when the Chicago Cardinals and Boston Yanks battle in the interest of a new boys camp now being built near here by the Dallas Salesmanship club.

These two professional teams are accorded top chance to win their respective divisions in the National league race this fall. This would throw them together for a play-off.

Proceeds from the game, which Felix McKnight, acting president of the Salesmanship club, says should draw a capacity crowd, will go toward the boys camp which will be built on 200 acres.

The game, undoubtedly, will bring together the greatest array of stars ever to cleat the Cotton bowl. All-American Charlie Trippi of Georgia, Pat Harder of Wisconsin, Paul Christian of Missouri, Marshall Goldberg of Pittsburgh, Ray Mallouf of Southern Methodist and Jack Crain of Texas are some of the backs Coach Jimmy Conzelman of the Cardinals will send into the game.

There will be a large number of Southwest Conference stars in the lineups of both teams. At ends for the Cardinals will be Malcolm Kuttner, the All-American from Texas, and Billy Dewell, SMU's great athlete of several years ago. Joe Parker, another great Texas end, is Spot Collins of Texas. John Bond of TCU, John Treadaway from Hardin-Simmons and the fleet Joe Golding from Oklahoma. Dean and Maley will be playing their second season with the Yanks. The others will be in their first year.

Dodgers Bopped A Second Time By Cubs, 12-7

CHICAGO, Aug. 2. (P)—Harry (Peanuts) Lowrey and Eddie Waitkus, first two batters in the lineup, each walloped five hits in six times at bat and drove in four runs apiece as the Chicago Cubs hammered seven Brooklyn Dodger pitchers for 17 hits and a 12-7 victory today.

It was the Cubs' consecutive triumph over the Dodgers who had beaten the Cubs 10 straight times earlier.

Lowrey hammered a home run, two doubles and two singles, and his homer coming in the second inning with two men aboard. The circuit clout gave the Cubs a 4-2 lead which they never lost during the three hours and nine minute struggle. The Dodgers cut the margin to 5-4 in the top half of the fourth, but a six-run Chicago rally in the fifth put the game out of reach.

Paul Erickson, fourth Cub pitcher, received credit for the win with the loss charged to Harry Taylor who started.

Checker Experts To State Meet

Several local experts are planning to take part in the Texas State Checker association's annual tournament, which will be held at the Hotel Brownwood in Brownwood Aug. 4-5-6.

Some \$30 in prize money will be awarded to the kingpins while all participants completing games will be given an appropriate prize a checkerboard.

The tournament is open to anyone. Entry fee has been pegged at \$3, which entitles the player to take out membership in the association. The Junior Chamber of Commerce of Brownwood will sponsor a barbecue for the players Aug. 4.

Champion player will receive a loving cup with proper engraving. If the cup is won by any one party three times running, it becomes his permanent possession.

Learnie Champ To Be Decided

COLORADO CITY, Aug. 2. — The first in a three-of-five game series to decide the champion of the Colorado City Jaycee softball league will be played between Vincent of Howard County and the Cuthbert contingent beginning at 8 p. m. Tuesday night.

Vincent, with Leon Glenn Brede-meyer pitching every game, sailed through first play unbeaten in seven games while Suthbert boasted the same record in the second half. Vincent's only reversal was suffered at the hands of Cuthbert, which nipped them, 8-3.

Other playoff games will be staged Aug. 7 and 9 and, if necessary, Aug. 12 and 14.

Capacity turnouts are expected for all the contests.

Farm Products Bring Higher Prices In July

AUSTIN, Aug. 2. (UP)—Eighteen of 29 farm commodities brought the Texas farmer "slightly to moderately higher prices" for the month ending July 15, the United States department of agriculture reported today.

Its mid-month local market price report noted price declines for five farm products, while prices of six products were the same as a month earlier.

Price advances included the following:

Hogs—20 cents up to \$23.20 per hundred pounds.

Beef cattle and calves—up 20 and 30 cents to average \$17.20 and \$19.50.

Wheat—6-cent increase for mid-month average of \$2 per bushel.

Corn—21 cents higher, and rice, 30 cents.

The only grain crop to decline was cotton sorghums at \$2.65 per hundred pounds, 10 cents below the mid-June price and 40 cents under a year ago.

Cotton was bringing an average of 36 cents per pound, 1.9 cents more than the mid-June price, but cottonseed dropped \$7 to average \$79 per ton.

Paisano Baptist Encampment To Close Sunday

MARFA, Aug. 2. (UP)—The Paisano Baptist Encampment will conclude its 27th consecutive session in 5,000-foot Paisano Pass country in the Davis Mountains near here Sunday.

The Rev. W. M. Turner, Pecos executive vice-president, announced last night that this year's encampment registered a record attendance.

Dr. R. G. Lee, pastor of the Bellevue Baptist Church in Memphis, Tenn., was selected as one of the 1948 encampment preachers, to serve with Dr. Perry F. Webb of San Antonio.

A memorial service this week tributes were paid to memories of Dr. Fred H. Cole of El Paso, W. R. Smyers of Monahan, Miss Jennie Myers of Marfa, Mrs. Katie Collins of Pecos and Mrs. W. C. Carson of Sierra Blanca. Mrs. Carson was for many years leader of the encampment women's work.

Ex-LST Men Want To Organize Company

HOUSTON, Aug. 2. (UP)—Future operations of a Gulf Coast Post War Company organized by servicemen who had handled LST's in Pacific and European campaigns loomed brighter today following a recommendation made by an examiner for the interstate commerce commission.

Examiner O. L. Mohundro, following hearings here and at New Orleans, has recommended that the Gulf-Canal Lines be permitted to add barge service to its present operations and to handle below-deck cargo.

The company, with main offices in Houston, operates at 16 Texas ports, four in Mississippi, four in Louisiana and one in Alabama.

Chicago Has Great Rush Of Eviction Suits
Chicago reported the biggest rush of eviction suits since the depression Saturday, and several other cities either noted marked increases in the number of suits filed under the new rent control act, or expected them the first of September.

Chicago Has Great Rush Of Eviction Suits

Chicago reported the biggest rush of eviction suits since the depression Saturday, and several other cities either noted marked increases in the number of suits filed under the new rent control act, or expected them the first of September.

Under the new law landlords, after 30 days' notice, can file eviction suits without government rent office certificates which, under the old law, usually meant a six months' waiting period. However, evictions still are permitted only for certain reasons, including nonpayment of rent, maintaining a nuisance, or to permit the landlord to occupy the premises for his own residence.

In Chicago, at the expiration of 30-day notices filed by landlords when the new rent control act became effective July 1, municipal court clerks reported a "landoffice crush" of eviction suits. On Aug. 1, 288 suits were filed, compared with 56 July 31 and 42 a week ago.

Mrs. John Rudeseal, Jr.

Wedding Bells....

Wedding bells are ringing in Big Spring churches and homes with the marriage of five couples and the announcement of three approaching marriages. The first two days of August were marked with two formal weddings, one in the First Baptist church and one read in the First Presbyterian church.

Wedding rites for Wilma Jo Taylor and John L. Rudeseal, Jr., were read Friday evening in a service in the First Baptist church. The marriage was solemnized by the Rev. Roy Clayton, of Plainview. The couple will live at 710 East 13th street, when they return from a wedding trip.

Earlyne Reid and David Charles Williams were united in marriage Saturday evening in the First Presbyterian church in a formal ceremony read by the pastor, the Rev. Gage Lloyd. Mrs. Williams' home is in Coahoma and Williams is from Post. The couple will live in Borger where Williams is employed.

Mr. and Mrs. S. R. Nobles are participating in two marriages in the month of August with the marriage of their son, John Nobles and Flora Haymes Friday evening and the approaching marriage of their daughter, Betty Alice Nobles to Sewell Couch, August 22. Miss Haymes and Nobles were married in the home of the bride's parents, Mr. and Mrs. Lee Haymes in Munday. They will live in Big Spring. Miss Nobles and Couch will be married in the First Methodist church of Big Spring with the pastor, Dr. C. A. Long reading the service.

Announcement was made last week of the engagement and approaching marriage of Marjorie Ann Laswell and Good Crawford Graves. They will repeat wedding vows August 15 in the First Methodist church with Dr. C. A. Long reading the service.

Mrs. Robert J. Halbrook was LeVeda Davis before her marriage Thursday evening in the home of the bridegroom's parents, Mr. and Mrs. R. H. Halbrook. The ceremony was solemnized by the Rev. T. R. Hawkins, pastor of the First Baptist church in Stanton. After a short wedding trip the couple will live in Stanton.

Mamie Jo Neal, daughter of Mrs. Thelma Neal of Big Spring, will become the bride of Dan Powell, son of Mr. and Mrs. W. A. Powell of Forsan August 10 in the home of the bride's mother. The couple will live in Forsan after a wedding trip to Corpus Christi.

Wilma Jo Taylor, John L. Rudeseal, Jr. Marry In First Baptist Church Rites

Rev. Roy Clayton Of Plainview Reads Double Ring Ceremony

In a formal ceremony solemnized by candlelight Friday evening in the First Baptist church, Wilma Jo Taylor and John L. Rudeseal, Jr., were united in marriage. The bride is the daughter of Mrs. Horton Taylor of Phoenix, Ariz., and Elton Taylor of Big Spring, and Rudeseal is the son of Mr. and Mrs. J. L. Rudeseal, Sr., of Ackerly.

Preceding the ceremony Mrs. Omar Pitman, organist, played a medley of love songs and Marilyn Keaton, vocalist, wearing a white formal dress, sang "Always" and "Because." Mrs. Pitman played as the professional of the wedding march from "Lohengrin" (Wagner).

The Rev. Roy Clayton of Plainview read the double ring rites before an altar banked profusely with fernery and flanked with tall baskets of maroon daisies. Double and single candelabra held lighted tapers in the background. The couple stood before a kneeling bench covered in white satin.

Nancy Lee and Jo Ann Smith lighted candles. They wore identical dresses of shaded green styled with a full skirt and dropped shoulder with ribbon trim. They wore matching net bonnets tied with a large bow and had wrist corsages of shattered white daisies.

Attending the bride as matron of honor, Mrs. Dudley Ray Coleman of Ackerly was attired in a full skirted gown of yellow organza with a drop shoulder accented by a collar-effect voke. Betty Lou McGinnis and Anna Claire Waters, bridesmaids, wore identical dresses of blue organza patterned after that of the matron of honor. Their matching bonnets had a wide back bow below an open crown. Large colonial bouquets of yellow asters and blue cornflowers carried out the bride's colors.

Dudley Ray Coleman of Ackerly served as best man and groomsmen were Bill Hambrick and Troy Brown of Ackerly. Culin Cristy, Jr., and Zack Taylor were ushers.

Given in marriage by her father, Elton Taylor, the bride wore a traditional wedding gown of white brocaded satin styled with a fitted bodice and necktie with Peter Pan collar. Long fitted sleeves came to a point below the wrists. A floor length veil of illusion edged with lace was attached to a coronet of seed pearls. For something old, the bride wore a slip of silver imported lace, a 75-year-old heirloom belonging to Mrs. T. A. Harris. Something new was symbolized by a pair of nylon hose, and she carried a Chinese linen handkerchief borrowed from Mrs. T. B. McGinnis. The bride had a penny in her shoe for luck. She carried a colonial bouquet of white maroon and shasta daisies tied with floor length wide satin ribbon showered with the same flowers.

Following the ceremony the couple was complimented with a garden reception at the Elton Taylor home, 710 East 13th street.

Receiving guests were the bride and bridegroom, their parents, Mrs. Horton Taylor, Elton Taylor, and Mr. and Mrs. John L. Rudeseal, Sr., Mrs. Zack Taylor, Betty Lou McGinnis, Anna Claire Waters and Mr. and Mrs. Dudley Ray Coleman.

Centered with the three-tiered wedding cake, the refreshment table was spread with a lace cloth and bouquets of the bride's attendants were placed at each corner.

Mrs. John Beale poured punch and cake was served by Mrs. Mickey Nall.

The bride's bouquet centered the registry table where Marilyn Keaton presided. Other members of the houseparty were Mrs. O. M. Waters, Mrs. T. B. McGinnis and Mrs. H. G. Keston.

Out-of-town guests at the wedding were Pat Rudeseal, Keith Rudeseal, Mr. and Mrs. Tommie Myler, Mr. and Mrs. Tom Baum, W. T. Baum and Nelda Sue Baum, all of Ackerly; Mr. and Mrs. R. A. Horton, Dickey Horton, Patsy Horton and Mrs. Zack Taylor, all of Sweetwater; Kenneth Baggett, Leon White, Mrs. Carl Albert, Mr. and Mrs. Lester Brown, Judy Kay Brown, Mr. and Mrs. Bill Hambrick, also of Ackerly, and Mildred Houchin of Sparenberg.

The bride is a graduate of 1946 from Big Spring high school where she was a majorette with the band in '45 and a member of the Sub-Deb club in her junior and senior years. She attended Howard County Junior college this year.

Rudeseal, a graduate of Ackerly high school in 1943, served with the AAF two and one-half years including 16 months duty in the European theater. He attended Howard County Junior College this year as a business administration major.

For her wedding trip the bride wore a white sharkskin suit with an aqua blouse and black accessories. Her corsage was of amaryllis lilies. Upon their return Mr. and Mrs. Rudeseal will live in Big Spring.

Forsan Residents Entertain Guests, Others Take Vacations

FORSAN, Aug. 2. (Spl)—Recent guests in the R. E. Hughes home were his sister, Mrs. Elmer Petty, and Mrs. Petty of Paducah, and Mrs. Huhes' parents, Mr. and Mrs. J. L. W. Coleman of Ackerly and Margaret Coleman, Mrs. Letha Piper and sons, David and Ronald of San Angelo.

Betty Alice Nobles, Sewell Couch To Wed Aug. 22 In Methodist Rites

Mr. and Mrs. S. R. Nobles are announcing the betrothal of their daughter, Betty Alice, to Sewell Couch, son of Mr. and Mrs. O. E. Couch. The couple will be married August 22. Dr. C. A. Long will officiate at the double ring ceremony, which will be solemnized at 8 p. m. in the First Methodist church.

Miss Nobles was graduated from Big Spring high school in 1945. She is employed by the First National Bank.

Couch, a 1944 graduate of Big Spring high school, is at present assistant manager of the G. F. Wacker store in Kermit.

Following a short wedding trip the couple will live in Kermit.

New Pastor Honored At Reception

The Rev. James Parks, new pastor of the East Fourth Baptist church, and Mrs. Parks were complimented with a reception Friday evening in the parlor of the church.

Guests were received at the door by Mrs. A. S. Woods with Mrs. Dick Davis and Rev. and Mrs. Parks in the receiving line. Zinnias and fern decorated the church parlor.

The lace laid refreshment table was centered with a bouquet of rose gladioli and purple asters flanked with white candles. Presiding at the crystal service was Mrs. Walker Bailey assisted by Mrs. Garland Sanders, Mrs. J. W. Croan, Mrs. Otto Couch and Mrs. Emorie Rainey.

Mrs. A. W. Page was in charge of a program which included numbers by a men's double quartet including J. W. and Sam Bennett, Emorie and Elmer Rainey, Otto Couch, R. Y. Cloud, M. F. Ray and Leroy Minchew, accompanied by Mrs. Woods.

A welcome talk was given by Walker Bailey and Mrs. Page spoke on "Things We Owe Our New Pastor". The Rev. and Mrs. Parks gave responses. Approximately 150 guests called during the reception.

Earlyne Reid Is Bride Of David C. Williams

Earlyne Reid, daughter of Mr. and Mrs. Earl Reid of Coahoma, was given in marriage Saturday evening to David Charles Williams, son of Dr. and Mrs. D. C. Williams of Post, in a formal ceremony solemnized by candlelight in the First Presbyterian church.

The Rev. Gage Lloyd, pastor, read the double ring rites at the altar where tall baskets of white gladioli and fern fronted three pairs of double candelabra. Greenery covered the chancel rail on which burned tapers in single candelabra.

Wearing white robes, Mary King of Graham and Alice Birdwell of Snyder lighted candles. Betty Williams, sister of the bridegroom, played "Claire de Lune" (DeBussy) and a medley of traditional wedding songs. Iris Parker, soloist, wearing a white robe, sang "I Love Thee" and "O Perfect Love." During the ceremony Miss Williams, at the organ, played the Las Chaparritas sorority and Centaur fraternity songs.

The Rev. Gage Lloyd, pastor, read the double ring rites at the altar where tall baskets of white gladioli and fern fronted three pairs of double candelabra. Greenery covered the chancel rail on which burned tapers in single candelabra.

Attending her sister as matron of honor, Mrs. Eddie Anderson wore a white marquisette gown styled with full sleeves, round neckline and a drop-shoulder effect ruffle. She carried a bouquet of white flowers matching a floral headdress.

Bridesmaids were Jerry Taylor of Muleshoe, Jamie Trainer of Sonora, Mrs. Dick Copeland of Lubbock and Mrs. Richard Storey of Midland. Mrs. Copeland and Mrs. Trainer wore dresses in pastel pink marquisette and carried colonial bouquets of blue flowers. Wearing pastel blue marquisette gowns, Miss Taylor and Miss Trainer carried colonial bouquets of pink flowers. All wore matching floral headdresses.

Dan V. Rodgers of Big Spring served as best man and ushers were Jason Allen of Lubbock, Olin Monk of Lubbock, Elwood Wright of Post and Arville Ponton of Lubbock.

Given in marriage by her father, the bride wore a white gown of slipper satin extending into a medium train and styled with a marquisette yoke and leg-of-mutton sleeves. Her lace-edged veil was caught by a white net tiara covered with seed pearls and lilies of the valley framing the face. She carried an arrangement of gardenias tied with narrow streamers atop a white prayer book borrowed from Dan Rodgers.

Following the ceremony a reception was given for the couple in the church parlor. Receiving guests were the bridal couple, their parents and members of the wedding party.

The candle-light refreshment table was centered with the three-tiered cake, and bouquets of the bride's attendants were placed at the corners. Lois Jean Weeks of Lamesa and Lou and Sue Lawson of Lubbock presided.

Mrs. Raymond Arthur, sister of the bride, registered guests. The bride is a graduate of Coahoma high school and received her degree from Texas Technological college in June of this year. At Tech she was a member of Las Chaparritas sorority.

Williams attended Post schools and was graduated from Texas Tech in June with a degree in mechanical engineering. Prior to his college work, Williams was a first lieutenant in the Army for three years. He is a member of Centaur fraternity and Tau Beta Pi honorary engineering fraternity.

Following a short wedding trip, Mr. and Mrs. Williams will live in Borger, where Williams is associated with the United Carbon company.

Mamie Jo Neal To Become Bride Of Dan Rowell

Mamie Jo Neal, daughter of Mrs. Thelma Neal will become the bride of Dan Rowell, son of Mr. and Mrs. W. A. Rowell of Forsan, August 16 at 10 a. m.

The double ring ceremony will be read by Herbert L. Newman, pastor of the Church of Christ, in the home of the bride's mother, 709 Washington Blvd.

Miss Neal is employed at Margo's and Rowell is employed with the Gulf Oil Co. in Forsan. The couple will be attended by Geneva Ray and R. L. Neely.

Following a short wedding trip to Corpus Christi they will live in Forsan.

More sulfur is used in America than copper, rubber, tobacco or nickel.

Nancy Lovelace Is Named To Staff Of HS Yell Leaders

Nancy Lovelace, daughter of Mrs. Amabelle Lovelace, was elected by the student council and yell leaders Saturday at a special meeting to succeed Joyce Worrell as a member of the yell leader staff.

Miss Worrell is moving to Lubbock. Miss Lovelace will serve with Dot Cauble, Dot Wasson, Sara Ann Crocker, Katie Jones and Ernest Farmer on the staff. A special committee was named to arrange for new uniforms for the yell leaders.

Attending the meeting were the yell leaders and these members of the council: B. B. Lees, president, Roy Lee Pool, Eddie Houser, Beene, Sara Ann Crocker, Petty Joops. The council also named Jane Stripling to be secretary of the council.

Three great mountain ranges dominate the interior of Colombia.

JayCee Auxiliary Is Organized At Colorado City

COLORADO CITY, Aug. 2—An organization meeting for the wives of Colorado City members of the Junior Chamber of Commerce was held this week under sponsorship of Jaycee-ettes from Sweetwater.

Election of officers and appointment of a constitution and by-laws committee was completed.

Mrs. Brady Warren was chosen president of the new Colorado City Jaycee-ette group. She is the wife of one of the first Jaycee presidents here. Mrs. Eldon Mahon was named vice-president; Mrs. Walter Grubbs, secretary; Mrs. Charles Godwin, treasurer; and Mrs. E. L. Graves, reporter. Two directors, Mrs. Jay Craddock and Mrs. Harold Bennett were also elected by the 17 members present.

First project of the group was a picnic supper carried to the 20 Jaycees who turned pipe layers for benefit of the city water system this week.

AFTER DRAFT DODGERS
WASHINGTON, Aug. 2—Justice department officials said today the policy of prosecuting all known, willful selective service violators continues in "full force" although the draft law has expired.

Ladies Golf Association Has Lunch

Mrs. Ted Groehl, Mrs. Sam Goldman, Mrs. Jack Roden and Mrs. Carl Blomsheld were hostesses Friday for the August luncheon meeting of the Ladies Golf Association of the Big Spring Country Club.

The luncheon tables were decorated with bowls of multicolored zinnias.

During the business meeting plans were discussed for a golf tournament to be held in September.

Guests for the meeting were Mrs. Clyde Thomas, Jr. and Mrs. Frank Searcy.

In bridge games which followed the lunch Mrs. Roy C. Anderson won high score, Mrs. Blomsheld second high and Mrs. Thomas Hutto and Mrs. Blomsheld, bingo.

Others present were Mrs. Roxie Dobbins, Mrs. Bob Scott, Mrs. Richard Johnson, Mrs. T. E. Jordan, Mrs. Joe Black, Mrs. H. W. Thompson, Mrs. J. W. Burrell, Mrs. R. V. Reeder, Mrs. Obie Bristow, Mrs. John Hodges, Mrs. M. H. Bennett, Mrs. Lee Rogers, Mrs. Elmo Wason, Mrs. O. O. Craig, Mrs. H. W. Whitney, Mrs. Jimmy Moon, Mrs. Bob Hodges, Mrs. George Tillinghast, Mrs. Otis Grafa, Jr., Mrs. B. F. Evans, Mrs. C. J. Staples, Mrs. Lloyd Wasson, Mrs. Shirley Robbins and Mrs. Zollie Boykin.

Marriage Of Christine Anderson, Norvin M. Smith, Jr. Solemnized

The marriage of Christine Anderson, daughter of Mr. and Mrs. Walter Anderson, to Norvin M. Smith, Jr., son of Mr. and Mrs. Norvin M. Smith, Sr. of Luther was solemnized Saturday afternoon in the ranch home of the bride's parents, northeast of Big Spring.

The Rev. C. O. Watts read the double ring vows before

traditional something borrowed. Her fingertip veil of illusion fell from a circlet of orange blossoms. She carried a colonial bouquet of white carnations and gladioli centered with gardenias.

As something old the bride wore a wedding ring, which belonged to her maternal grandmother; something blue was a handkerchief from Paris and something new was a string of pearls, a gift of the bridegroom.

Neil Spencer of Big Spring served as best man.

Mrs. Anderson, mother of the bride, wore a powder blue dress with black accessories and a corsage of white gardenias. Mrs. Smith wore a Navy blue and pink dress with black accessories and a corsage of pink carnations.

A reception followed the ceremony. The lace laid table was centered with an arrangement of pink asters. The first piece of the rosette decorated two-tiered wedding cake, was sent to Mrs. J. P. Anderson of Bay City, grandmother of the bride, who was unable to attend the wedding.

Bonnie Anderson and Mrs. Roy Eastland presided at the bridal table and Jeanne Slaughter registered guests.

For a wedding trip to a Denver and Colorado Spring, Colo. the bride wore a Navy blue and white crepe dress with black accessories and a corsage of gardenias.

Out-of-town guests at the wedding included Mr. and Mrs. Norvin Smith, Sr. of Luther, Mr. and Mrs. Roy Eastland, Jr. of Amarillo, and Mr. and Mrs. Cecil Spencer of Kilgore.

The bride is a graduate of Big Spring high school and was a member of the Rainbow Girls. The bridegroom attended Big Spring high school and served in the Pacific theater with the Army. He is now engaged in farming and ranching near Luther.

New Idea Sewing Club Meets In Home Of Mrs. Shine Philips

Mrs. Shine Philips was hostess at her home Thursday morning to members of the New Idea Sewing club.

Guests attendin the meeting were Mrs. Nina Carter, Mrs. Joe

Huddleston and Mrs. Earl Ezell of Abilene.

Refreshments were served on the lawn to Mrs. L. W. Croft, Mrs. M. K. House, Mrs. Bob Piner, Mrs. Fred Stevens, Mrs. Buck Richardson, Mrs. Lee Hanson, Mrs. Grover Cunningham, Mrs. Bill Inkman, and Ova Mae Edwards.

Charlie Peterson is in Dallas where he has been called by the serious illness of his mother. Mr. and Mrs. Chester D. Matheny are due to leave this week on a vacation trip to New Mexico.

Columbia's best coffee is grown at elevations of between 3,000 and 6,000 feet.

Attending her sister as maid of honor was Bonnie Dale Anderson, who wore a formal dress of aqua marine satin covered with net. The dress was fashioned with a fitted bodice and a full skirt. Her hat was of ruffled matching net and she carried a bouquet of amaryllis lilies.

The bride wore a wedding dress of ivory satin fashioned with a sweetheart neckline decorated with seed pearls, long fitted sleeves, shaping to a point over the wrists and a fitted bodice and full skirt. The dress was worn by the bride's sister, Mrs. Roy Eastland of Amarillo in a ceremony in the Little Church Around the Corner in New York and served as the

Madalyn Guess attended the West Texas Area Girl Scout Camp at Camp Tonkawa near Abilene last week.

HERALD WANT ADS GET RESULTS

WHAT GIVES 'ROUND TOWN

By Leatrice Ross

These vagabond Big Springers' Tales of ailing sights, reunions with old buddies and encounters with renowned faces are pouring in from points 2,500 miles away. Helon Blount and Kay Tollett have left Nova Scotia for Mackinac Island, the Isle of Resort hotels off the Canadian coast, and will embark on a five-day cruise along the coastline. While in Chicago, Ill., Helon and Kay saw Jalulah Bankhead in person from second row down front, and they got onto four boys who at one time were stationed at the Big Spring AAFBS. The girls danced to the tunes of Henry Busse and his orchestra at Edgewater Beach there in Chicago with Johnny Frontero and Dave Heesch, both of whom will be remembered here.

Marijo Thurman gets into New York City today. She left the nation's capital Friday after making the route through Alabama and Tennessee. Marijo spent about two days in Washington, D. C. and will stay as long in New York City. Out on the other coast Barbara McEwen has been wandering about all over California. Stewart Smith is still working in Fresno on a relative's tobacco farm.

George Clark takes off Monday for Dallas where that night he will be guest of the YMCA there. Tuesday George and other boys from the state will begin a YMCA trip to Canada where they are to spend three weeks canoeing through the mountains and so-called "Canadian wilds."

Mary Frances and Helen McDonnell, who have been in Big Spring less than two months, departed Friday for Baton Rouge, La., where their Dad has been transferred. Lee Christian, former localite now living in Lubbock, was in town early in the week. Darrell Hickman, laboring still on a farm in Oklahoma is undecided whether to return home or work through the winter there.

Amber Tuttle, visiting here from Houston for some two weeks left for home Thursday. Amber, by the way, will be a cheer leader at San Jacinto high in Houston come fall. Joyce Howard and Ray Hickman were program guests at the American Business Club luncheon Friday.

Note to a couple of would-be practical jokers: Those spark plug wires you pulled the other night on the car of newly-wed buddies to detain their take-off caused no ill-effects immediately. The auto got some three miles on the few plugs left!

The gang on Wednesday's rodeo booster trip had quite a time. In Midland they dined gratis at the Scharbauer hotel. Jean Cornelison, Pat Phillips and Maxie Younger covered about 60 miles on a motorcycle. Jan Dickerson vacated the motorcycle side-car in Garden City. Dave Flat pulled the motorcade just as it jelled out of town. A police escort with sirens open wide heralded the boosters into Midland.

Mary Ann Goodson has been taking in New York City and she went dancing on Staten Island. Back in Penn's Grove, J. J., her base of operations while in the east, she is getting the usual razz for her "Texas drawl."

Jimmy Peden is home today to observe a birthday. Jimmy is working with the T&P in El Paso. Billie Jo Bates is in this weekend from H-S-U. Brought home a fellow student, Jean Coble of San Antonio.

Cpl. Guy Burrows, stationed at Cheyenne, Wyoming phones home that his swimming team in contests at San Antonio came out second place. The 21st of this month Guy and the boys will compete in matches in Denver, Colo. Should they win there, they will be eligible for the national meet.

Early this week at the Big Spring flying school Betty Jean Priest became the first gal to solo here in about seven years.

Cosden Chatter

Abilene Plant For Cosden Is Near Completion

M. M. Miller was in Abilene the past week inspecting the company's new products terminal which is nearing completion and to which the company expects to commence shipments of gasoline within the next two weeks.

R. K. W. McCoy with the Hughes Oil company of Chicago will visit the company offices and refinery Monday and Tuesday.

C. W. Smith and R. M. Johnson spent Friday in Monument on company business.

Wm. A. Tracey, district salesman working out of the Fort Worth office, was a visitor in the office Thursday and Friday.

J. A. Coffey left Friday on a business trip to Sweetwater, Abilene and Graham.

C. W. Smith and family are leaving Wednesday on a vacation trip to New Mexico, Arizona and Colorado.

Mrs. A. V. Karcher and her father, J. O. Brown, are in Littlefield visiting. Brown's sister, Mrs. Anna Hanks.

Mrs. H. C. Stipp and son, Louis, and her father, W. F. Cushing, left Saturday morning on a trip to Boston, Mass., New York and Washington.

Mrs. Verna Lawson left Saturday on a two-week vacation trip to the Pacific Northwest.

Mr. and Mrs. A. L. Souders have returned from a month's vacation which was spent in California.

Mr. and Mrs. E. W. Richardson and son, Ronnie, have returned from a three-week vacation and business trip to California and Canada.

George Grimes and family will leave Wednesday on a three-week vacation and business trip to Canada and the Eastern States.

The Cosden golf team is in Colorado City today playing Coltex in a 6-man match. The men are returning a match played in Big Spring 3 weeks ago. Cosden being the victors.

Mike Phelan returned to work Monday after recovering from a snake bite.

Mrs. S. N. Moreland is in the hospital recovering from a major operation.

The following refinery employees are on vacation: Marvin J. Francis, D. O. Cummings, T. A. Proctor, C. M. Williams, Brandon Curry, S. N. Moreland, L. E. Burks, J. W. Sanderson, O. C. Jenkins, A. B. Brown and C. H. Harrison.

Flora Haymes Is Married To John Nobles In Munday

In a ceremony read at high noon Friday in the First Methodist church in Munday Flora Haymes, daughter of Mr. and Mrs. Lee Haymes of Munday, became the bride of John Nobles, son of Mr. and Mrs. S. R. Nobles of Big Spring.

Dr. J. O. Haymes of Lubbock, uncle of the bride, officiated for the double ring rites. The improvised altar was banked with lattice work covered with fern, and baskets of white gladioli stood on either side.

Myra Lee Birney of Abilene sang "O Promise Me" and "Because," accompanied by Louise Slegmire of Fort Worth, who also played traditional wedding music.

Patsy Kirk of Big Spring, maid of honor, wore a blue linen dress with matching hat trimmed with a large back bow. Helen Haymes, sister of the bride, was bridesmaid and wore a peach linen dress and matching hat styled after that of the maid of honor.

Attending the bridegroom were John Bill Gary of Big Spring, best man, and Bobby Haymes, brother of the bride, usher. Willard Reeves of Munday was house usher.

Given in marriage by her father, Lee Haymes, the bride wore a white linen dress with trim in eyelet embroidery, and a large white linen hat. Other accessories were also white and she carried a white gladioli corsage topped a white Bible belonging to the Kappi Phi sorority.

Immediately following the ceremony, the couple left on a wedding trip. Upon their return, Mr. and Mrs. Nobles will live in Big Spring.

Baptist Homemaker's Class Has Meeting

Members of the Homemaker's Class of the First Baptist church met Friday afternoon for a devotional period, sewing and a social hour.

The meeting was held in the home of Mrs. T. A. Rogers. Mrs. M. E. Holland led the opening prayer followed by a devotional on "Love" by Mrs. R. C. Hatch.

The group sang the song "Bless Be the Tie That Binds". Roll call was answered with scripture verses.

Others present were Mrs. J. F. Skalicky, Mrs. H. W. Bartlett, Mrs. V. W. Fuglaar, Mrs. Mabel

Nobles was graduated in 1942 from Big Spring high school and served in the army about two years. At present he is employed by the Jess Bailey welding company.

Mary Martha Class Has Watermelon Supper

Members of the Mary Martha class of the First Baptist church and their guests were entertained with a watermelon supper Thursday evening at the City park.

Those attending were Mr. and Mrs. Otis Grafe, Mr. and Mrs. Glenn Smith and son, Jimmy, Mrs. Wayne Williams and sons, Gary and Van Kent, Mrs. Leola Clere, Mrs. J. L. Billings, Mrs. A. A. Chapman, Mrs. J. S. Peden and Mrs. C. L. Lumpkins.

Baptist Homemaker's Class Has Meeting

Members of the Homemaker's Class of the First Baptist church met Friday afternoon for a devotional period, sewing and a social hour.

The meeting was held in the home of Mrs. T. A. Rogers. Mrs. M. E. Holland led the opening prayer followed by a devotional on "Love" by Mrs. R. C. Hatch.

The group sang the song "Bless Be the Tie That Binds". Roll call was answered with scripture verses.

Others present were Mrs. J. F. Skalicky, Mrs. H. W. Bartlett, Mrs. V. W. Fuglaar, Mrs. Mabel

Nobles was graduated in 1942 from Big Spring high school and served in the army about two years. At present he is employed by the Jess Bailey welding company.

HERE IS THE Proof From Your Texas Neighbors THAT YOU CAN TAKE OFF Ugly Fat IT'S SIMPLE. IT'S AMAZING. how quickly one may lose pounds of bulky unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoons twice a day. That's all there is to it. and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. You don't have to starve yourself; eat sensibly according to instructions on bottle. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active. NEARLY A MILLION BOTTLES SOLD IN TEXAS IN THREE YEARS During the War years and NOW, increasing volume has made it possible to sell Barcentrate at the low price of \$1.00

McALLEN LADY LOSES 50 POUNDS

"I want to tell you that I have lost 50 pounds since taking Barcentrate. I still want to lose 20 more pounds as I now weigh 167, a reduction from my former weight of 217 pounds." Mrs. C. M. Earnsh, 303 N. 12th St., McAllen, Texas.

LOST 25 POUNDS AT COST OF \$2.00

"I want to tell you that I lost 25 pounds on the first two bottles of Barcentrate and I am still taking it faithfully, for it relieves me of that tired, run-down feeling; also that sluggish feeling so many women have. I can say that Barcentrate keeps me peppy and always ready to go." Mrs. Tony Meek, 429 Lipscomb Street, Fort Worth, Texas.

25 POUNDS LOST TAKING BARCENTRATE

"When I started taking Barcentrate, I weighed 195 pounds. I now weigh 170. I certainly praise Barcentrate." G. W. Miller, Weatherford, Texas.

18 1/2 POUNDS LOST BY SAN ANTONIO LADY

"I have taken Barcentrate in Grapefruit juice and found it very satisfactory. I had to lose weight for an operation and I took Barcentrate and lost 18 1/2 pounds." Mrs. Dollie Douglas, 918 W. Kings Highway, San Antonio, Texas.

WACO LADY LOSES 24 POUNDS

"I want to tell you that I lost 24 pounds taking Barcentrate. I believe that I would have lost more if I had left off potatoes and sweets. I think Barcentrate is a wonderful medicine as it not only takes the weight off, but is a wonderful regulator for faulty elimination." Mrs. Anna Clay, Route 5, Box 26, Waco, Texas.

LOST 20 POUNDS WITH BARCENTRATE

"I have lost 20 pounds taking Barcentrate and did not diet. I ate anything I wanted and when I wanted it. Barcentrate not only keeps the weight down, but makes one feel fine." S. B. McClure, 703 Adams, Amarillo, Texas.

CROWS CAN'T TELL THE DIFFERENCE

It isn't hard to fool a crow. Just hang some tattered clothes on a stick—and the crow thinks he's looking at a man. That's why the ragged gentleman in the picture has been so successful in keeping the field to himself.

But we know he's just a "scarecrow." We can tell the difference!

We can tell a real man from an imitation of a man . . . and we can tell a man of moral strength from one of moral weakness. We are not easily deceived by false fronts; we look for **character** in the people we meet.

We seek to **build** character, also. That's why our churches are so important. We rely on our churches to mold the character of our children through religious education. And in our churches we fortify our own character through regular worship of God.

Thoughtful men and women attend worship services and support the Church. They **see the difference** that religious faith makes in the life of the individual and the welfare of the community! Go to church this Sunday.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

Birthdays Observed By Jessie Overton

FORSAN, Aug. 2 (Sp)—Jesse Overton observed his 37th birthday anniversary Thursday evening with a 42 party at his home. Refreshments were served to Mr. and Mrs. J. J. Phillips, Sr., Mr. and Mrs. Jewell White, Arlen and George Allen, Mr. and Mrs. E. C. McArthur and sons, Roland and Wayne, J. J. Phillips and sons, John J. and Don Charles, Mr. and Mrs. Floyd Phillips, Mr. and Mrs. G. W. Overton and Mrs. Jesse Overton and children.

School Registration Is Making Progress

Response has been good thus far to an appeal for new students to register at the high school. Principal Walter L. Reed said Saturday. He urged others who might be entering the high school for the first time (other than eighth graders from Big Spring schools) contact his office as soon as possible to effect enrollment and schedules. All students who were in school last spring but who contemplate changes in schedules must attend to this by Aug. 11, said Reed.

Flying School Open To The Public Today

The Big Spring Flying Service school will be open today for inspection by the public from 4 to 6 p. m., it is announced by the new owners, W. K. Edwards and "Mule" Kaiser. Visitors will see the school's flying equipment, class rooms and shops. Acrobatic demonstrations and other aerial stunts are scheduled for 5 p. m.

'Little Shop' To Observe Formal Opening Monday

Pleasing designs, unique and practical fixtures, and branded merchandise blend together in contributing to distinctiveness in Big Spring's newest women's wear store—the Little Shop—which has its formal opening Monday from 7 p. m. to 10 p. m. at 214 Runnels. Backed by years of merchandising experience in the field, the operators of the Little Shop are Alice Cravens, Grace Miller, Friday Corbin and Georgia Johnson. All are well known to shoppers in the Big Spring area.

Design of the store is such that a sense of spaciousness is conveyed, yet an abundance of shelf and departmental facilities are provided. Fixtures are by the same company which makes the Neiman-Marcus appointments. Shelves are glass and open, and various stands and holders are plastic. Counters are in heavy blond oak and the wrapping counter is along sweeping lines. The shadow box technique is employed on displays.

Unusual treatments include an open millinery department which nevertheless conveys the semi-privacy of the dressing room; large mirror panels at the rear near the dress section; profuse use of mirrors throughout, even in the private dressing rooms; walls finished in wide-stripe dusty rose paper and floral paper at the end

of the large display room; carpet throughout; and ample stockroom and office facilities.

The shop will specialize in ladies' ready-to-wear, all in branded and nationally advertised lines purchased in trips to New York and Los Angeles; a gift and antique section; accessories including purses, gloves, handkerchiefs, and millinery.

Mrs. Jene Rives Honored At Party

STANTON, Aug. 2—Mrs. Jene Rives, the former Courine Turner was honored with a bridal gift party Wednesday in the home of Mrs. Wallace Kelly by Mrs. G. B. Shelburn, Mrs. Earl Douglass, Mrs. A. J. Graham, Mrs. Dale Kelly, Mrs. Jim McCoy and Mrs. Jack Jones.

Roses, Lilies and summer garden flowers decorated the Kelly home. Guests were received by Betty Carroll Bennett, Joan Jones and Alta Mae Coggins. Anita Shankle presided at the registry.

Presiding at the refreshment table were Patsy Kelly and Pat Roguemoore.

Joan Jones and Betty Bennett, accompanied by Mrs. James Jones at the piano, sang "Always."

Present were Mrs. Lawrence Black of Odessa, Mrs. Walter Kelly, Mrs. Jack Turner, Mrs. Mason Coggins, Mrs. Charlie Martin, Mrs. Alton Turner, Mrs. H. S. Bloaker, Mrs. Leo Turner, Mrs. G. W. Morrow, Mrs. Elvie Henson, Mrs. Johnny Wells, Mrs. C. C. Kelly, Mrs. J. W. Stephens and Mrs. J. N. Clark of Big Lake.

Housing Problem Still With Us

It has been quite awhile since anyone has had anything to say about housing in Big Spring. Those who are having to search for quarters certainly are aware of a problem, and none of the rest of us should forget it.

There is hardly any room for debate on the matter. Housing—more and better—is needed in Big Spring. It is entirely possible that the next three to six months will see the need accentuated.

Building has been making a steady progress this year, but it is not on a level in many communities of comparable size. There are many problems, only a few of them peculiar to our community. One of these peculiar problems is a feeling among some that we shouldn't over-build. This intangible is hard to pin down, yet it has existed for at least 15 years. Yet even in depression days Big Spring never had a surplus of good housing. Another is an ultra conservative viewpoint. This is easy to observe in thinking in terms of the other fellow's money, but it is nevertheless a factor in our situation.

Still another problem is cost, and it is more or less universal. However, there is much to be said about the Big Spring situation. Among some reports from builders, contractors, suppliers, etc., Big Spring is listed right at the top in costs on housing. We do not vouch for this opinion, but it will stand inquiry. Supplies have mitigated against a substantial building program, but this problem is easing both as to quantity and quality.

For some reason, Big Spring has felt a lack of some strong organizations in the housing business. With some exceptions, old line companies

have shown an appalling reserve, timidity and reluctance—or whatever you want to call it—toward an aggressive program. The heavy end of building in the past few years has been by independents who got into the trade because of demand. Until recent years, we have bucked a tough financial problem, but agents for various companies have taken some constructive steps so that sound investments in housing today can be handled quickly. Home ownership here has been considerably easier for the small man.

There is much to be accomplished by an accelerated building program. One is satisfying current needs. Another is the creation of units which will free others, some of which may become rental houses. This is a pressing matter. From a town where home ownership was below par, Big Spring has swung far to the other extreme.

Other benefits include the utilization of vacant property, making beautification more practical and easier; enhancing property values, increasing the base for city, county and school; facilitating the development of paving programs; closing gaps and overcoming the sprawling appearance of the city.

We do not propose that we engage in a foolish race with other communities. We do believe that there is sufficient need that every effort ought to be made to encourage sound building programs and that anything which would tend to modify costs of materials, make labor more effective and efficient, of reasonable real estate values, and reasonable profits would result in benefit for everyone.

"YOU SAY YOU SEE FLYING SECRETS?"

Mal Boyle's Notebook

Annapolis Progress

ANNAPOLIS, Md. (AP)—Midshipmen at the U. S. Naval Academy are being treated less like pistons and more like men these days.

The century-old center of American naval training is streamlining its teaching program and giving its midshipmen more freedom in order to prepare Uncle Sam's future fleet officers for the broader demands of the post-war world.

The old tradition of rigid discipline that practically ordered every moment of a midshipman's life from the day he entered the academy until the day he graduated goes back many decades.

It developed slowly from the founding period in 1845, when cadets were boisterous and difficult to control. For evening fun then they often grabbed up poker and engaged in pitched battles with the Annapolis citizenry.

The cadets of that day took their shore education so lightly that only 269 of the first 1,209 admitted ever graduated.

But the thumb of authority gradually came down more heavily as standards were raised. Some critics complained that the martinet-like discipline tended to iron out the individuality and initiative the midshipmen would need if they ever commanded ships in battle. They said there had developed too big a gap between the rigid and precision-regulated life the midshipmen led in the academy and the more flexible human giving-and-taking life that awaited them in their future careers.

Rear Admiral James L. Holloway, Jr., present academy superintendent, wants to close that gap. A forward-looking educator,

he also is placing new emphasis in the Annapolis curriculum on the humanities—such as economics and government—in the belief that the midshipmen should study technical specialties in the Navy post-graduate school.

"But of course the curriculum is still pointed toward a sea career," a senior officer pointed out.

The importance of air combat is also being increasingly stressed, and one officer said: "It's not that we plan to train pilots here, but they must be thoroughly indoctrinated in the importance of air as a second ocean. Air must be in their soul just as the sea was in the soul of the old salt water sailor."

Old line admirals need have no fear that the midshipmen are being coddled. The normal high academy discipline is being maintained, but Holloway feels that midshipmen will develop qualities of leadership better if given more personal responsibility in their conduct.

One custom that has been abandoned is that of marching silently to classes in drill step formation of the beat of a drum. The middies are also being allowed more weekend leaves, enabling them to keep in closer touch with civilian life.

Midshipmen and cadets spend two weeks each summer in joint amphibious landings, and so each midshipman in his final year now spends a week-end at West Point, and each graduating cadet comes to Annapolis for a similar stay.

"It's really helped morale," smiled one commander. "Two of the Army cadets have already Naval officers here."

The Last Laugh For A Philosopher

By FRANK GRIMES

"Aged Recluse Leaves Fortune" is a headline you see every now and then. We stubbed our eye on one such only the other day, and followed the subject down into the body of the story just to see if it didn't fall into a sort of pattern.

Sure enough it did. It might have served as the model for dozens of such stories printed in the American press every year.

This one was about an old fellow of 80 who died in his packing-box shack, trimmed with tin, in a village near Los Angeles. After they'd carted the old fellow off to be buried, the coroner got to poking around in his affairs to see what he could find. He found a fortune estimated at \$125,000, "amassed by astute playing of the stock market," according to the press dispatch.

The old boy had lived alone in his thorny-together shack with only spiders for company. "They are my friends," he had said in a burst of confidence one day. He had no light, gas or water connections. He did his own cooking on a wood stove and owned no radio, no automobile. He bicycled into town once a week to indulge in his favorite disipation—chess playing.

But he was "worth" \$125,000.

Was he a miser? Did he love money so much that he denied himself even the simple comforts of living in order to pile up more and more money?

Well, there was no evidence to indicate as much, and we might be charitable enough to give him the benefit of the doubt.

What, then, must have motivated his money-getting?

Maybe the old fellow was what we call a philosopher which, in its purest translation, means one who loves wisdom. By accumulating \$125,000 while denying himself bodily comforts he was not demonstrating an inordinate love of money, but a contempt of it.

"See," he could say, "money is nothing. Anybody can accumulate it, even a halfwit. Men cut each other's throats for its possession. They lie

and cheat and steal and beg for it. It gives them a certain prestige, a sense of power, a feeling of superiority. The more they pile up the more important they feel. The more they get the more they want. It becomes a sort of disease; it possesses them body and soul.

"And for what? For thieves to break through and steal? For survivors to wrangle over? Or simply to build mansions and own yachts and make a big splurge to astonish the hoi-polloi?"

"Not me. Mere money meant nothing to me. I showed my contempt for money-getters by proving how easy it was for even an old man like me to accumulate a lot of it. Could it buy me happiness? Could it cure my loneliness? My only friends were the spiders that spun webs across my doorway. With \$125,000 I could have had a lot of 'friends.' I could have uncovered hundreds of relatives anxious to claim kin with me, or with my bank account. I could have bought a sporty automobile, owned a modest yacht, endowed a chair in economics, or got my name on the list of donors to the Society for the Eradication of Poverty.

"Nothing doing. I was determined that money should not dominate me and possess my soul. I was determined to be its master, not its slave. Who gets what I leave is not of the slightest concern. I might have stuffed it in the cracks to keep the winds away, as the poet said of Caesar's dust, but rags served the purpose better. I might have given it to some of my cronies, but I valued their friendship and did not wish to compromise it.

"So they call me a miser. I, who had no earthly use for money or the things it would buy! I kept it about me as a reminder of the things it cannot purchase—peace of mind, true companionship and a soul as free as a bird's. The last laugh will be mine—watching the courts and the lawyers and my thousands of unknown kin fighting it out for possession of my so-called fortune."

That must have been what the old man was thinking.

True Stories Of West Texas—N. H. Kincaid

Trail Drive On A Shoestring

The five cowhands gazed at the decrepit chuck wagon with a baffled look on their dust-seamed faces. That it should fall then and there so close to their goal, seemed incredible.

The drive itself had been undertaken on a shoe string by the previous year, 1885. So he had left Missouri for Texas and there had launched himself into the cattle business. Buying a herd of about 500 steers at seventy-five cents around, and that on credit, and hiring five cowboy friends at forty dollars, also on credit, with promises to pay only in the event they made a profit on the cattle, they then headed for Sedalia, Missouri.

In lieu of a chuck wagon their provisions were carried on a pack mule until they reached Denton County, Texas, where young boss Jim had friends. After a yoke of oxen and an old bucket wagon were bought and it was stocked with provisions for the trip, Jim had one dollar and fifteen cents left.

"But shucks!" he told his cowhands, "What more expense could there be! We have our provisions and our equipment, and we won't hit a town until we get there!" And with the sublime confidence of youth their long four months' trek began.

They had fought the hardships and endured the elements, which varied from thunder storms to drought, and had traversed the badlands to within thirty miles of Ft. Scott, Kansas, their new goal. And now their chuck wagon, which had been crying in protest of the hot, dry weather for days, had buckled. The rims would not stay on and the wheels were coming

Texas Today—Jack Rutledge

Kilgore Named For Congressman

Kilgore has had a hectic past. In the early days, there was a lot of killing and a lot of gore. But that is not where it got its name.

Winston Gardner says it was named for Rep. Constantine Buckley Kilgore, who represented the district in Congress from 1877 to 1895, and who founded the city in 1872.

Lamesa was named from the Spanish "La Mesa" meaning table land or table top. It is characteristic of the surrounding territory.

Sand, near Lamesa, was named that because sand was about all that surrounded the place.

Five Mile: Because it was five miles to the nearest water hole.

Tahoka: From an Indian word meaning "bitter water" from a nearby lake.

Wichita Falls: Derived its name from a long-gone falls in the Wichita River which coursed through the northern part of the city.

Elysian Fields (Pop. 250), 12 miles southeast of Marshall, in Harrison county, has an interesting history. In 1818 Capt. Edward Smith and others came to Texas on horseback. They returned home via New Orleans. While telling his friends of his experiences, he described a beautiful village with large trees and gushing springs, and made his story so vivid that one commented, "why, you found the Elysian fields." Smith returned with his family in 1834, and gave the town that name.

Navarro county was named for Jose Antonio Navarro. Texas patriot, native of San Antonio. It was organized in 1846.

Chatfield in northeast Navarro county was named for an old man named Chatfield who peddled tinware and household articles to early settlers there. He lived in a tent near a spring. Chatfield once was known as Mesquite, but after the civil war was named Chatfield.

Blooming Grove was once called Gradyville, but when a post office was secured it was renamed Blooming Grove because there was a beautiful grove of trees near the site. Later the town moved closer to a railroad, but retained its name.

TEN YEARS AGO

Morris Clanton, Paul Clanton, Silas Clanton and Assa Couch awarded trips to Galveston and A. M. W. W. Inkman named head of Big Spring Life Underwriters.

Washington Merry-Go-Round—Drew Pearson

Cowboy Senator Planning Tour

WASHINGTON.— Senator Glen Taylor of Idaho, a former cowboy vaudeville crooner, who has come to win the respect of his senatorial colleagues, will take an unusual trip this summer.

While some senators will be junketing to Alaska or touring Europe, Taylor will ride horseback from the Pacific to the Atlantic coast.

The Senator from Idaho candidly admits that it is a publicity stunt, but not for Taylor, for peace. Along the way, Taylor plans to speak for the United Nations and world cooperation. He has just helped introduced a bill to strengthen the United Nations and help eliminate the veto power by which one nation can hold up the peace efforts of the rest of the world. Taylor feels that the Middle West is becoming isolationist, is worried over the threat of war, and wants to dramatize the problem of peace.

The Idaho Senator has planned to buy two horses in California and begin his trek east from the Golden Gate Bridge, San Francisco. One horse will follow behind on a trailer, while he rides the other, alternating each day. Taylor says he plans to ride horseback every inch of the way, evening including western deserts and the Rocky Mountains. He figures the trip will take him three months.

JUNKET VETOED

While Senator Brewster's battle between Pan American Airways and Howard Hughes' Trans World Airline held the headlines on Capitol Hill, some interesting wire-pulling was attempted down Pennsylvania Avenue. It illustrates how determined Pan American Airways is to put across its policy of "one company" to operate overseas air routes.

What happened was that twelve congressmen were planning to fly overseas, largely at the instance of Pan American Airways, to "study" the one-company idea. However, for once in the history of government, the civil aeronautics board put its foot down, ruled that the

congressmen would have to pay their own way. This came as a rude shock, and the junket is now off.

The request for a free ride came from GOP Congressman Charles Wolvorton of New Jersey, able chairman of the house interstate and foreign commerce committee. Under CAB rules, the airlines cannot carry passengers free without special permission of the CAB, so Wolvorton wrote asking for that permission.

However, Ex-Senator Josh Lee of Oklahoma, acting chairman of civil aeronautics, after consulting with other board members, said no.

Incidentally, one of the congressmen who wanted to go along to "study air routes" was Evan Howell, Illinois Republican. Even though Howell has just been appointed a judge of the U. S. court of claims, and would not be back in Congress to vote on the "one company" plan for overseas airlines, he was included in the proposed free ride.

The committee, incidentally, had held up its vote on the one-company idea until members could take this overseas trip inspired by Pan American Airways. And when the CAB turned thumbs down, Pan American was so eager to put the junket across that Pan Am officials suggested a trip on airplane credit cards, by which the congressmen would travel on credit until Congress could appropriate the money next January.

However, this struck a snag when Alfred Bulwinkle, North Carolina Democrat, and William J. Miller, Connecticut Republican, flatly refused to make the trip unless Congress appropriated the money or they paid for it personally.

Note: The Pan Am officials who did the dicker were smart Sam Pryor, Republican national committee man from Connecticut, and Bill McAvoy, Pan American publicity genius. Pan American, with a longtime monopoly in Latin America, has wanted Howard Hughes' Trans World Airline to cooperate in the "one company" idea for overseas routes. Hughes claims that his refusal to go along is the reason he is being probed. KKK RIDES AGAIN

Despite the Georgia court order officially dissolving the charter of the Ku Klux Klan, here are the minutes of a recent meeting of the Nathan Bedford Forrest KKK Klavern No. 1, held at 198 1/2 Whitehall Street, Atlanta:

Approximately 90 Klansmen attended. The Klakon committee approved 31 new applications for membership. Copies of the Georgia Tribune were distributed to all entering the Klavern, and Grand Dragon Dr. Samuel Green talked about the fine work of the editor, Parson Jack Johnston, who was active in the Klan in 1928 and will be the Exalted Cyclops of the New Klavern to be set up in Columbus, Ga.

Grand Dragon Green spoke at length about the articles in the Georgia Tribune in which Parson Jack accused city, county and state officials of fraud in their prosecution of the pro-Nazi Columbians.

Plans also discussed for a public demonstration and cross-burning on Missionary Ridge at Rossville, Ga. It was explained that Klansmen dressed in robes would be on each highway leading into the town to show all Klansmen to the initiation spot. Three cars leaving Atlanta were to be driven by Jimmie Helms of the Atlanta police, Klansman Pulliam, and Dr. Green.

Dr. Green urged all Klansmen who have cars to take as many Klansmen as possible who have robes. It was apparent from the plans to direct traffic that the Grand Dragon had the full and complete cooperation of the city police. It was also announced that on Aug. 2 a watermelon cutting would be held in Grant Park with all Klansmen invited to come. Dr. Eubanks, a dentist in the Candler building, closed the meeting with a five-minute talk on klancraft.

Note—The Baptist minister, Parson Jack Johnston, editor of the Georgia Tribune, is not a member of the Southern Baptist Convention, has frequently attacked Rev. Louis Newton, president of the convention. (Copyright, 1947, The Ball Syndicate)

The Nation Today—James Marlow

Britons Nationalize Electricity

English lad's dream of becoming a prince of industry has received another dash of cold water in further major nationalization by the socialist government—this time the taking over of electricity generating and distributing companies.

Parliament has adopted the bill—barring some minor amendments—socializing 190 private concerns, at an estimated cost of \$1,400,000,000. The project will become effective next January 1, and the government plans expansion to meet a critical need for more power.

Well, if nationalization results in unification of Britain's electric companies it will be a boon to the country, dreams or no dreams. In London, for instance, many separate concerns serve this world's great metropolis, and there is little uniformity. The family, or business, which moves even a block to a new home is likely to find that the electric current is AC whereas in the former place it was DC. This means that all the electric machines have to be changed over at much cost and inconvenience.

Besides electricity, the socialists have now nationalized the coal mines, the Bank of England, inland transportation (rail, motor, waterways, ports), civil aviation, and overseas communications (inland communications were taken over by the state long ago). The socialist program still calls for nationalization of iron and steel, and the coal-gas industry, during the remaining three years of the present government's life.

If this program is achieved it will mean, according to government estimates, the nationalization of 20 per cent of business, leaving 80 per cent in private hands.

Socialist Prime Minister Attlee's government has been adhering to the nationalization program which was approved by the voters at the last general election that brought about the sensational overthrow of the conservative Churchill government. Attlee is well aware of the danger in over-reaching while carrying out such a revolutionary program. Indiscretion not only might result in catastrophe for the socialists at the next election, but a major mistake in nationalization might raise havoc with the economy of the country.

Whatever else may be the outcome, the consensus in Britain seems to be that the days of industrial princes are over. Some great fortunes still exist, but death duties will wipe them out in due course, and no more can be created.

Socialization and taxation are remodeling England fast.

Race Track Drama Provides Action, Color At The Ritz

With "The Homestretch," which plays today and Monday at the Ritz theatre, with Cornel Wilde and Maureen O'Hara in the starring roles, the Technicolor cameras have been turned on the sport of kings, to come up with what is called a picture that combines all the drama and color of the turf with an exciting love story.

been assigned roles of interest, and the story itself is a swiftly paced one, set against brilliant backgrounds.

The romance this picture unfolds is that of two contrasting personalities—a carefree, reckless spendthrift who dreams of conquering the racing world, and a reserved and sensitive Boston girl whose love is put to an unusual test in the turbulent atmosphere of international horse racing. The story tosses the two across three continents in a race against misunderstanding, jealousy and fortune.

Besides this romantic angle, the film is notable for its outstanding racing sequences. The Ascot Gold Cup, the Gran Premio Nacional, the Kentucky Derby and other famous track events are brought to the screen in scenes that capture the colorful spectacle, the drama, suspense and thrills of these turf classics.

In supporting roles, there are Glenn Langan, Helen Walker, James Gleason, Henry Stephenson, Margaret Bannerman, and Tommy Cook.

Texas Citrus Growers Praised

DALLAS, Aug. 2. (AP)—The Texas citrus industry got the limelight in this month's business review of the Dallas federal reserve bank.

Of the 16 pages, nine extolled the growth of Texas citrus orchards that have "increased 50-fold during the past 20 years and now accounts for about 15 per cent of the U. S. crop."

The review, written by William A. Faught, agricultural economist for the bank, points out that the value of the Texas crop rose from \$6,730,000 in 1929-30 to \$41,664,000 in the 1945-46 season.

ROMANCE PLUS THRILLS—Cornel Wilde and Maureen O'Hara are seen as the romantic leads of the Technicolor film, "The Homestretch," which plays at the Ritz theatre today and Monday. The story combines romance with the thrills and excitement of the sport of kings. Several sequences are built around famous horse races.

LIFE'S WONDERFUL—James Stewart and Donna Reed have co-starring honors in the State theatre's feature for today and Monday, "It's a Wonderful Life." The Frank Capra story about how pleasant the world can be when fellowmen help one another.

--Highlights On KBST--

Having recently completed a session before the movie cameras in the role of a radio advertising executive in M-G-M's film, "The Hucksters," Clark Gable will have an opportunity to become a radio performer himself when he appears as guest on Louella Parsons' program over KBST this evening at 8:15.

TITLE BOUT

The 15-round bout for the world's lightweight championship between Ike Williams, National Boxing Association title-holder, and Bob Montgomery, holder of the New York and Associated States crown, scheduled for Philadelphia's huge municipal stadium Monday, will be aired over KBST beginning at 8 o'clock.

"TED MALONE"
Inez Gerhard, widely read syndicated columnist, will be interviewed by human interest storyteller Ted Malone during his broadcast Monday at 10:45 a.m. over KBST. Malone will make an award to Miss Gerhard for her outstanding work as columnist for the Western Newspaper Union syndicate.

"THE GREATEST STORY"

A glimpse into the distant past when men could be mortgaged like real estate or chattels is provided in "A House Built On Rock," the dramatization to be heard during the KBST broadcast of The Greatest Story Ever Told today at 5:30 p. m.

"A DATE WITH DUCHIN"

Monica Lewis, whose distinctive vocalizing has brightened many of the major musical programs, will be the guest singer of the three KBST broadcasts of A Date with Duchin to be heard on Monday, Wednesday, and Friday at 3:30 p. m.

BOSTON SYMPHONY

In the final broadcast of the season and the last this year from the Berkshire Music Festival at Tanglewood, Mass., the Boston Symphony Orchestra, Serge Koussevitzky conducting, will be heard Tuesday over KBST in Beethoven's "Ninth Symphony." The broadcast will be on an extended time, starting at 7:30 and concluding at 8:45 p. m.

Record Shipment Of Wool Loaded

HOUSTON, Aug. 2. (AP)—The largest load of wool to leave Houston since end of the war was being loaded today aboard the Carroll Victory at Port Houston.

The ship, owned by the Newtex Steamship Corporation, was held an extra day because so much wool was arriving at the port. J. F. Webre, freight agent for the lines, said.

Webre estimated that 2,000,000 pounds of wool will be taken to Boston by train, and milled just in time to be made into fall clothing.

Most of the wool came from San Angelo, Webre said.

10 To Receive HS Diplomas

Ten seniors will complete work for diplomas with the conclusion of summer school Saturday, W. L. Reed, high school principal, has announced.

In addition, two others who completed work elsewhere have transferred credits here to obtain diplomas from the Big Spring high school.

Completing requirements for graduation are Gertrud Wilkerson, Gilbert Webb, Eugene Shannon, Virginia Ann Neel, Hoyious Royalty, Hank McDaniel, Harold G. Jones, Ronald Johnston, Lois Marie Thames and Nelda Ann Shaw. John Currie transferred his final credits from Schreiner Institute, and Clyde Smith, Jr., Pampa, had his remaining credits transferred from Pampa to Big Spring, where he attended high school for three and a half years.

Eighth-graders who will finish work for entrance into high school are Geraldine Helen Cross, Ann Winford, formerly of Lamesa, Albert Rodriguez, Eula Mae Masters and B. W. Day.

Stewart Stars In State's Feature, 'Wonderful Life'

James Stewart scores new honors in the Frank Capra production, "It's a Wonderful Life," in which comedy, drama, romance and fantasy are blended in rich proportions. Donna Reed is co-starred in the picture, which is the featured attraction at the State theatre today and Monday.

Locale of the story is the small town of Bedford Falls, the home of George Bailey (Stewart) who is burning to get away from the drudgery and see the world. Four times he nearly succeeds, only to be foiled—chiefly by the needs of a building and loan company founded years before by his father for the purpose of getting the townspeople out of old Henry Potter's slums into decent homes.

Owing to its lenient policy, and the efforts of Face it, the company has to dissolve, and George is forced to take over the presidency from his unbusinesslike but benevolent Uncle Billy, he almost resigns himself to small town life. He marries his childhood sweetheart, Mary Hatch (Miss Reed) and they have four children.

George's world nearly comes to an end when Uncle Billy mistakes \$8,000 of company cash the day the examiner is making an audit. George passionately declares that he wishes he had never been born. At that point a "heavenly messenger" arrives and shows him what would have happened if he had never been a mortal on this earth. Appalled, George decides he wants to live, and contentment and happiness come to him when his loyal friends rally to his aid.

Lionel Barrymore, Thomas Mitchell and Beulah Bondi have principal supporting roles in a picture that has been described as one of the most thoroughly heart-warming stories to be filmed in years.

The Week's Playbill

RITZ
SUN.-MON.—"The Homestretch," with Maureen O'Hara and Cornel Wilde.
TUES.-WED.—"Little Mr. Jim," with James Craig and Frances Gifford.

RIO
SUN.-MON.-TUES.—"Una Virgen Moreno," Spanish language show.
SAT.-SUN.—"Boot Hill Bandits," with the Range Busters.

Lyric Picture Portrays Man's Love For Horse

Lovers of horses are given a story they will "go for" in the Lyric theatre's offering for today and Monday, "Gallant Bess."

It is a moving story of a 16-year-old boy whose loss of his parents is made up for by his love for an intelligent and devoted mare named "Bess." Although the boy, Tex, wants to make a beginning at owning a horse ranch, he is moved by the call of patriotism and joins the Seabees. Their "Bess" dies while in foal, and not even the excitement of being shipped to a Pacific atoll can take the lonely Tex's mind from the horse he loved.

But in the midst of the island fighting, Tex discovers another horse who has been abandoned by her owner and before long she fills the void in the young rancher's heart. And when Tex, wounded, is about to be shipped back to the United States, the faithful and devoted new Bess refuses to be left behind and swims after the LST which is carrying her master away.

This moving story is depicted by young Marshall Thompson who lends credibility to the role of Tex. George Tobias, Chilis Wills, Clem Bevan, Jim Davis, Murray Alper, Henry Morgan and Don Curtis are others in the cast.

The picture was filmed in Cinecolor, a new natural-color photography process.

Seven Are Seeking Congressional Post

EL PASO, Aug. 2. (AP)—Seven candidates seek to fill the vacant congressional post from the 16th district. A special election will be held Aug. 25.

Those filing at the 5 p. m. deadline yesterday were James W. Metcalf, Odessa; Ken Regan, Midland; and Louis A. Fall, Pat Hargrove, Ord; Gary Victor G. Gilbert and Woodrow Wilson Bean, all of El Paso.

The congressional seat became vacant when Rep. R. E. Thomson resigned to become federal judge for the western district of Texas. Thomson was sworn into office here yesterday.

HEART DISEASE DEATHS

NEW YORK, Aug. 2. (AP)—Heart disease accounted for one-third of all deaths among policy holders in 1946, and more than 400,000 policies were paid as claims for heart disease deaths, the Institute of Life Insurance reported today.

Joe Dooley Assumes Duties As Judge

AMARILLO, Aug. 2. (AP)—It was Judge Joe B. Dooley today. The Amarillo attorney assumed duties of federal district judge for northern Texas in brief ceremonies here yesterday.

Retiring Judge James C. Wilson administered the oath of office. Two of three federal judges taking part in the ceremonies mentioned Texas Senator W. Lee O'Daniel's long and bitter battle against confirmation of Dooley.

"I favor legislation by Congress to remove the word 'obnoxious' from the English language," said Wilson.

Judge Marvin Jones, Chief Justice of the U. S. court of claims, remarked that there could be no blemish in Dooley's record or it would have come out in the investigation.

O'Daniel had said Dooley was "personally obnoxious" to him. Lengthy committee hearings preceded confirmation of Dooley, nominated by Texas' senior senator Tom Connally.

Sharp Curtailment Predicted In Texas School Lunch Program

AUSTIN, Aug. 2.—Sharp curtailment of the school lunch program in Texas next school year is a foregone conclusion, even though Congress has not yet completed action on appropriations. According to M. F. Thurman, the state department of education's school lunch supervisor, this curtailment inevitably will be in the schools where the lunch program is most needed—the poorer schools. It will come about because of two things:

1. The projected appropriations for the next school year have not been finally determined, but it is taken for granted that they'll be considerably cut. The bill passed

by the House which is now awaiting Senate action would cut the Texas funds from last year's \$4,152,884 to \$1,540,299. There are hopes that the Senate will increase this amount somewhat. 2. Apparently the Congress is going to require matching of the Federal funds by contributed funds; that is, the bill as it passed the house definitely stipulates that income from the sale of lunches cannot be used to match the Federal funds. Since the state of Texas has no appropriation for this purpose whatsoever, it follows that the school lunch program can be put only into those schools with sufficient local resources to match

the Federal grants. This automatically eliminates the poorer schools—where the program is most needed. Supervisor Thurman, who has nothing to do until Congress acts so he will know what to do, is also apprehensive over anticipated administrative difficulties. A part of the school lunch program always has been the distribution of surplus commodities. Surplus commodities are those purchased by the U. S. department of agriculture when farm commodity prices went below the "floors" set on them. Great quantities of these commodities have been distributed in the past, by the production and marketing administration of the U. S. department of agriculture.

But the current retrenchment in Washington has hit this particular branch of the government, too. The extensive setup which the production and marketing administration formerly maintained has now been reduced to a headquarters staff of six persons in Dallas—with a four-state area to administer. So Thurman fears that his office may be given the burden of distributing whatever surplus commodities become available; and his state appropriation for the entire job of administering the school lunch program amounts to \$27,000. The school lunch program is NOT a "free lunch" program; it is a program to help the schools install and maintain lunchrooms, with the stipulation that children who are not able to pay for their lunches be served the same lunch, without cost, that paying children have. Last school year there were 3,716,472 free lunches out of a total of more than 46 million meals served in the program. Last year 2,475 schools participated in the program. Thurman believes that if Congress puts the present legislation through unchanged, it will eliminate at least one-third of these schools, and make it impossible to start the program in other schools.

Lamb Crop To Be Smallest Since '25

WASHINGTON, Aug. 2. (AP)—The agriculture department reported today that this year's lamb crop was the smallest since 1925, totaling 22,369,000 head or nine percent smaller than last year's crop. A further decrease was forecast for 1948. The decline has been a factor in recent increases in prices of lamb meat.

New Record Goal Set For Wheat Crop

WASHINGTON, Aug. 2. (AP)—Forecasting at least two more years of world grain shortages, the government today set a 1948 wheat planting goal topping any wartime or postwar target to date. The agriculture department called upon farmers to seed at least 75,000,000 acres to the bread grain to permit this country to continue large shipments to shortage areas abroad at least until the fall harvests of 1949. The planting season for winter wheat is only a few weeks away.

Joy Riding Youth Steal 15 Cars

HOUSTON, Aug. 2. (AP)—Fifteen automobiles disappeared here one night after another for three weeks. All were later found—their gas tanks bone dry. Police nabbed a 16-year-old youth who admitted he would climb in a parked car and drive it until all the gas was exhausted. "I'd rather drive than eat," he told County Probation Agent E. E. Robertson. He will be tried Aug. 7.

TEACHERS TO MEET

COLLEGE STATION, Aug. 2. (AP)—The Texas teachers of vocational agriculture will hold their annual meeting at Texas A. & M. College August 5-8. About 200 vocational agriculture teachers and vocational agriculture students from various parts of the state will attend the three-day session.

STRANGE CARRIAGE

NIAGARA FALLS, N. Y., Aug. 2. (AP)—Honeymooners visit Niagara Falls in vehicles of all vintage, sizes and shapes. Parking attendants said a honeymoon pair showed up in a cement mixer.

"How Long Is Long?"

Are you spending half of your waking hours and most of your night—wondering about how long your dress or coat length should be for Fall? Well, then you are suffering from what has suddenly become an acute nation-wide attack of "Length-a-Huppollia" induced by mixed information picked up at various meetings and sundry magazines in which "inches" are carelessly bandied about without apparent realization of the confusing results.

Most of the discussion ask "How Long Is Long" and that question has No One answer—because of the varying type, size and character of the varying people who will be wearing the new lengths.

We believe "Longer" is the "New Look" for Fall but there is No One Length That is Right for every customer determined in actual inches. We believe that the right length depends entirely upon the type of customer and proportions of each customer. There is a "Right Length" for each of you that is some longer but there is no one length that is universally right.

Our prediction is that you will find "Mid-Calf" becoming or a bit longer if you can carry it gracefully. As for inches off the floor—How High Is Up? Generally, 14" or 15" (with heels) will be about average—if any such average exists.

We further predict that there is, or shortly will be, a striking becoming garment that will be "just right" for you here—in a grand assortment of fine fabrics, well-bred styles by famous makers—that you will consider a good investment. Drop in to see us often these days, selections are going.

'Club Naturel' Is Planning Expansion

HOUSTON, Aug. 2. (AP)—Texas' only chartered nudist colony is planning an expansion program. Percy T. Wilkinson, laboratory technician for a Houston chemical plant and president of Club Naturel, says his organization is planning a 100-acre camp where members can build their own homes. The club's only problem is locating a site in a remote area that particularly is removed from the traffic patterns of low-flying aircraft. "That means we can't locate near an airport," Wilkinson said in explaining the long-range program planned by his 18 member organization. Club Naturel, originally organized in Galveston county, received its charter from the American Sunbathing Association in September, 1944, and is the only one of four Texas nudist organizations. Wilkinson said to be so affiliated and recognized by the national organization. He said nudist groups also meet regularly at El Paso, Fort Worth and Dallas, but that none have completed requirements to receive a charter from the parent organization. Club Naturel was conceived by Wilkinson in 1940 when he had a nervous breakdown and after he said, he had spent months in visiting physicians and doctors without success. "Someone told me sunshine and fresh air were the finest treat-

ments for nerves. I took off my clothing and soaked up all the sun I could," Wilkinson said. "And I learned there was nothing like sunshine for relaxing the nerves," he added. "I was so impressed with the results that I wrote a letter to a nudist publication and asked how I could start a club," he said in explaining the history of his Harris county group. "My letter was published and within a short while I received replies from approximately 60 people who expressed interest in forming a club in the Texas coastal area," he said. Members began to meet at private homes on weekends and holidays and practice nudism, and today the club, after having been investigated by the national organization for more than two years, Wilkinson said, has 18 members from Galveston, Houston and Harris county. Membership is limited to people of good character. Married couples are preferred but single persons are admitted on probation but are dropped from membership if they have not introduced to the group a fiancée within six months. Applicants who make use of alcohol are turned down and tobacco is prohibited during club meetings. Wilkinson, who is 5 feet 10 inches tall and weighs 174 pounds, says Club Naturel has as its

Local Woman's Father Expires

George W. Frazier, 75, father of Mrs. Douglas Orme, died Friday at 7:23 p. m. in a Fort Worth hospital. Services have been set for Monday at 2 p. m. at the Gause-Ware chapel in Fort Worth. Interment will be in the Greenwood cemetery. Although he was a long-time resident of Fort Worth, "Ugele George" Frazier, as he was known among the railroad and Masonic circles, was none the less well known here. For years before his retirement on Sept. 1, 1937, he had made the T & P Fort Worth-Big Spring passenger run as a brakeman. He had been long active in Masonic circles, having lectured more than a thousand candidates in the masters degree. He also was a member of the Central Methodist church in Fort Worth. Mr. Frazier last visited Big Spring when he and Mrs. Frazier came here on Mother's Day to visit Mrs. Orme. He told at his home at 1117 Sixth avenue on July 13 and death resulted from complications. Surviving are his wife and Mrs. Orme who has been at her father's bedside.
