The Wheeler Times

Dear Mr. Aldrich

campaign.

vianing the war.

VOLUME X — NUMBER 46

WHEELER, TEXAS, THURSDAY, OCTOBER 28, 1943

WASHINGTON

All Americane and all American institutions are united in their determination to win this war. They are showing to our allies and to our ensaies a generous devotion and sacrifice that promises victory.

That unity and devotion are shown in the National Var Fund. In October it presents to our people an appeal for service to our fighting forces, for service to the unconquerable people of the United Nations, and for service to the home front in the United States. The U.S.O., the other agencies devoted to the comment war aim in foreign lands, and those guiding the families of servicemen and ver vorkers and their families toward necessary health, welfare, and recreation -- all these are joined in one comment.

With the strength of union, the economy of federation, and the banking of traditionally generous America, the National War Pund -- like all essential parts of our war sfort -- must be given abundant and prompt support toward its goal.

(SEAL)

TUST 75 years ago this week, October 30, 1868. rail was laid on the first unit of the Santa Fe System Lines-a 17-mile stretch in Kansas from Topeka to Carbondale.

Today, Santa Fe System Lines are over 13,000 miles long, serving people and products from Illinois to California, and from Colorado to the Gulf of Mexico.

Looking Ahead

Farsighted men, even years back, began looking ahead to the Southwest and West not only as a land of enchantment and natural resources but as the coming theater of industrial expansion in this country.

The war has brought home the soundness of this vision - big things are happening today in the states of Santa Fe land.

States served by the Santa Fe

Thousands are flocking to Texas-great state of farm, factory and free enterprise-to man its booming plants, cultivate its soil, and ride its farreaching ranges.

Kansas is becoming famous for its plane factories and munition plants, as well as its golden wheat fields.

Arizona is winning new fame in the fields of agriculture, live-stock, mining, and as an aviation center.

Oklahoma's oil is writing bright new pages in the science of war, and advances for the peace to come.

Freight cars are rolling out of New Mexico

loaded with essential copper, potash and zinc, as well as steers and sheep.

Illinois, Missouri and Iowa are saying it around the world with factory and food products.

The lead and silver and coal from Colorado's mineral-filled mountains are doing great things toward winning a war.

And in California, steel mills, shipyards, power dams, plane plants and lumber mills are working around the clock to supply more, more, and more of the sinews of war.

Santa Fe all the way for U.S.A.!

We of the Santa Fe are too busy "keeping 'em rolling" for Victory to take time off to celebrate the 75th anniversary of the laying of our first rail.

This is, however, an appropriate time to point out how important to the development of this New West has been the linking together of its States by Santa Fe rails. We are naturally proud to be part of this great development.

Hopalong Cassidy

Friday-Saturday, October 29-30 brings your old favorites, Hopalong Cassidy and California, to the screen in a good western picture called Border Patrol. We are sure that you will like this one because it has been about a month since Hoppy has been here, and besides there will not be but a few more of his pictures.

Five Graves To Cairo

Prevue-Sunday-Monday brings a very different type of picture to the screen. Five Graves to Cairo stars Franchot Tone, Anne Baxter, Akim Tamiroff and Erich von Stroheim. The plot and background is in North Africa during Rommel's retreat. The part of Rommel is played by Erich von Stroheim, and those who have seen the picture are very high in their praise of it. We really believe that we have something here that will more than please even the most discriminating movie fan.

Star Spangled Rhythm

Wednesday - Thursday, November 3-4 is the date. Star Spangled Rhythm starring Betty Hutton, Eddie Bracken and Victor Moore is the picture. It is in Technicolor and for star power it has everyone on Paramounts lot in the cast. Now, you just try missing it and you will always regret it. If it is not first class entertainment in every way, then we do not know pictures.

WHAT DO YOU THINK?

I noticed in the paper where it said that the government was going to pay the dairymen a subsidy from 50 cents to \$1.00 per cwt. on all salable milk and cream products for the last three months of this year. Now, I'm not arguing that the dairymen are not entitled to Wofford home. more money for their product. As a matter of fact, I think they are (especially on account of being in Shamrock, Sunday. the dairy business in a small way ourselves). Also, we might say, the poultrymen, the hog grower, and the fruit and truck growers and all others who are trying to produce enough food and feed to supply our soldiers, civilians and allies ought to receive more for their products. But why put ceilings on products to keep them from going up and then pay the producers of these same products a subsidy to enable them to have more money to buy more bonds and pay more taxes and bring more money into the national treasury so they can pay more subsidies and more government employees and thus create a necessity for more money, which in turn calls for more taxes and more bonds?

Maybe this has something to do with winning the war, but it is all as clear as mud to me. Can you see through it? -P. A. Clepper.

The Wheeler Times, Wheeler, Texas, Thursday, October 28, 1943

Old Age Assistance Plan Reorganized

issued by Johnny Winters, executive determining need. judging need.

that "the amount of a grant is determined by itemizing and totaling the cost of necessities and deducting income. The deficit thus found determines the assistance granted. Therefore, rules governing the consideration of each necessity and kind of resource have been made.

"We have found, for instance," Winters continued, "that the amount allowed for incidentals varies widely and since this is a semi-essential item we are placing a \$2 per month limit on allowances to meet this need so that everyone will receive equal treatment. The incidental allowance has included such items as bus fare, small church contributions, tobacco, stamps, stationery, newspapers, etc.

"We have found a wide variance in the amount allowed for the purchase of glasses and teeth. Hereafter we feel that we cannot grant more than \$15 for the purchase of glasses or \$40 for teeth. The welfare department has been following the practice of providing money to enable aged persons to pay their prorata share of rent and utilities when living in the home of a son or daughter. While this department is prohibited by law from inquiring into the ability of a child to support, we have found that such allowances Miss Agnes Reynolds of Shamrock are often not used for payment of visited friends in Wheeler Monday. rent. In the future no money will Mrs. Ralph Griffitts and daughter be granted for rent unless the aged person's presence in the home actually increases the cost of rent." Heretofore, the welfare department under specified circumstances did not count as a resource certain

Editorial

No matter where you go you will always find, "A know it all"; he thinks he is brilliant and does not need to be courteous. He is sure that of Texas.' success is simple for him, just a matter of reaching out and grasping it, because he is the one that knows how it is done. He thinks he has the brains, and makes no mistakes, the world he thinks is already won and at his feet. But there is one thing he must heed right here before the game begins. It is more than brains he needs. He will find that it is courtesy that always wins

Close by, you will probably find "the one who's bright," so bright in fact, that he cannot fail. He thinks it is great to know an awful lot. He feels dead sure that he will reach that he possesses he still could be an awful flop.

Of course you will find the "bluffer" too. He thinks that he can bluff his way to success. Just remember, success is not fooled by men too smart, for it doesn't need conceited grins. You have got to have a heart and soul. It is always courtesy that wins.

A Letter Of Thanks

original wrapper, bearing the indorsement, "Return To Sender, Insufficient Address," must be submitted with the correctly addressed package to prove that it originally was mailed before the October 15 deadline. Christmas packages also may be mailed to soldiers going overseas between now and Christmas. When the sender presents his package to the post office for mailing he must bring the Change of Address Form containing the APO address to which the package is being sent.

Get Points To Send Food **Overseas**

Persons who wish to send a package of rationed food overseas may get the necessary points by applying to OPA. Those who wish to have the dealer from whom the food is bought arrange for shipment, may make the purchase without giving up ration stamps, since OPA will replace the point value of the foods the dealer exports. When extra ration points are issued, a copy of the Export Declaration or a Certificate of Mailing must be turned over to the OPA office which granted the points.

EARL GILMORE RECEIVES ENSIGN COMMISSION

Earl H. Gilmore, son of Mr. and Mrs. J. L. Gilmore, of Canyon, received his commissioin as an ensign in the United States Naval Reserve October 20, after completing the fifteen-week V-7 training course at the School.

In impressive ceremonies conducted in the Cathedral of St. John the Divine, the largest gothic cathedral in the world, the graduating class was sworn in by Captain John K. Richards, USN, the School's Commanding Officer.

It was the 14th class to be graduated from the school since its inception 3 years ago aboard the U.S.S. Prairie State, formerly the U.S.S. Illinois, flagship of the "Great White In these three years the Fleet." school has expanded to three Columbia University dormitories and has become this country's largest source of new naval officers ready for combat duty afloat. With the graduation of this class, the number of reserve ensigns trained at this school alone has been increased to over 11,000.

is charged with the responsibility of raising funds for the comfort and relief of our gallant fighting men wherever their duty takes them -- it will help rehabilitate the unfortunates who have been trampled under the Axis heel, and aid our fighting allies. Call it charity if you dare. Better to call it YOUR war jcb. Your dollars will maintain the morale of our own men wherever they fight. They will be used to help our allies — to keep them in the fight. The seventeen American war agencies have banded together into the National War Fund. They are asking you to give only once this time — instead of coming to you separately throughout the year. And because you are asked to give but once ... you are asked to give unstintingly for victory. Give in one sum the contributions you would normally make for these causes in a year and then ask yourself if that is enough to pay for your share of the victory.

Wheeler County Is Called On For \$4,641.00

A donation averaging \$5 for each man that has gone from the county to the fighting forces will raise the guota. You may, if you prefer, designate that your entire contribution go to any particular agency or agencies included in the drive.

Campaign Dates Are Oct. 25 to Nov. 5

Are YOU willing to do YOUR part for the USO and the 16 other war relief agencies included in the National War Fund?

This space contributed by The Wheeler Times in interest of the drive
