Entered as second-class matter Dec. 18, 1933, at the postoffice at Wheeler, Texas, under Act of March 3, 1879.

THURSDAY, AUGUST 19, 1943

With infantile paralysis claiming two victims out of four within a few days after striking in the county, most citizens are sufficiently alarmed to do some real cleaning up; however, as is usually the case, some have taken an indifferent attitude even though human lives are at stake.

Health officials have agreed that flies are the chief cause of the spread of infantile paralysis germs as well as typhoid, cholera infantum, dysentery, tuberculosis and many other diseases.

Because of this citizens are warned to place all their garbage in covered containers where flies cannot reach it when it is at all possible. A spray used around garbage containers, trash piles and other breeding places of flies is also most effective in killing the eggs and repelling the flies. Such a spray which has been found effective can be made from one pint of creosote dip to eight gallons of water. This solution sprayed around barns and lots also will help keep down flies. Mosquito breeding places should also be controlled. Besides mosquitoes and flies, cockroaches running wild over filth will transfer deadly germs to foods and are a menace to the health of citizens.

Last but not least, is the appalling condition of some outdoor toilets. Though there is a city ordinance in effect that privies must be made fly-proof, some in the city of Wheeler would be a disgrace to any town that claims to be incorporated. Whether landlords renting property or owners of their own premises, citizens should become aware of the fact that human lives are endangered by such unsanitary conditions and take steps to correct them.

A track supervisor received the following note from one of his foremen:

"Am sending in accident report on Casey's foot, which he struck with the spike maul. Now, under 'Remarks,' do you want mine or Casey's?"

Sayings of the wise:
Youth is the time to study wisdom; old age, to practice it.
The world oftener rewards the appearance of merit than merit itself.
A king's mistake costs dear.

Nomination for the old joke contest: "That fellow saved my life once; he shot at me and missed."
Nearly as old is the ranch country joke: "He saved a lot of live-one time; he killed the camp cook."

Under a new law, the state auditor is no longer appointed by the governor but is chosen by a committee of the legislature. The committee recently met and decided to retain the present state auditor, about the only change being to raise his salary from \$4,600 to \$7,500 a year—an increase of 62 per cent.
This should be interesting news to farmers, stock-raisers and dairymen of Texas, who report they find it difficult to make any profit on their products in the face of rising costs and increased taxes.
Also this news should interest thousands of workers in Texas whose salaries and wages have not been increased at all or very little.

The 189,000 elderly citizens whose pensions have been cut below the grant will find no consolation in the fact that a state official's salary has been hiked by \$2,900 a year.

Business men, struggling with coupons, report forms, shortage of sales force and with ceiling prices, may not be so enthusiastic about this news from Austin, either.

Oil men who have been trying in vain for a year to get a small increase in the price of oil ought to write to the legislative committee and get their recipe!

What will the school teachers, many of whom receive less than \$900 a year, think about it?

And, finally, what kind of news is this to the many thousands of fighting Texans who are plodding through the slime of jungles and are storming machine gun nests at \$50 a month?

A hike of 62 per cent in the salary of an already well-paid state official! Apparently, the legislative committee has never heard of price ceilings and salary freezing! Apparently, the committee has never heard of economy! Should someone break the news to them that there is a war on?

Because you lack a noble and successful past, is no real reason why you should lack a noble and successful future.—Thomas Dre'er.

RUPTURED?

Experimenting with questionable trusses at the expense of your health will prove costly. See your Physician at once for the proper diagnosis and we will fill his prescription to his entire satisfaction.
If your condition has already been determined and you are not securing the proper comfort or relief, pay us a visit at once and be convinced that under competent hands, truss fitting has been reduced to a science eliminating all guess work.

We feature the famous line of Non-Skid Spot Pad Trusses which hold the rupture with a fraction of the pressure required by other appliances. We also have a complete assortment of Abdominal Supporters, Elastic Suspenders, Shoulder Braces, etc.

Items of interest culled from newspapers on the Times' exchange list.

Manufacture of clothing in Germany has been ordered stopped, effective Sept. 30, the Berlin radio reported. There are two exceptions—"pilots uniforms and mourning clothes."

The demand for mourning clothes must be terrific if all of the Russian reports of the number of Germans slain are true.
—Higgins News.

Last week we were going to draft pre-Pearl Harbor dads by October 1. This week no one knows much about when dad is going to quit his civilian job and shoulder a gun. The Newsman advised a score or more of young fathers last week not to get excited about these orders. We felt certain that they would be changed, and sure enough they were changed within a few days. Until there exists an acute shortage of material for soldiers, we are opposed to the drafting of pre-Pearl Harbor fathers, especially those who are engaged in useful vocations. We shall see what we shall see.
—Canyon News.

Now lots of people in Washington think that Wallace is not a mouthpiece for the President. Instead he is a knight-errant for a combination of left-wing New Dealers and CIO labor, and his role is to create and lead public sentiment for "liberal principles", and to "woo Roosevelt back to the New Deal." The left-wingers feel that Roosevelt is getting "too conservative."

Roosevelt's postwar plan for servicemen is substantially made up of various bills pending in Congress. . . not administration sponsored. Now Roosevelt takes the lead, can claim the credit, and this is regarded with the New Deal as one of the many signs that he intends to run again.
—Ochiltree County Herald.

Remember that recent potato shortage? Well this week a Hereford potato grower is reported to have spent \$50 on long distance phone calls in an effort to get rid of a load of No. 2 Spuds. No takers, so the grower is feeding the potatoes to his hogs.
—Hereford Brand.

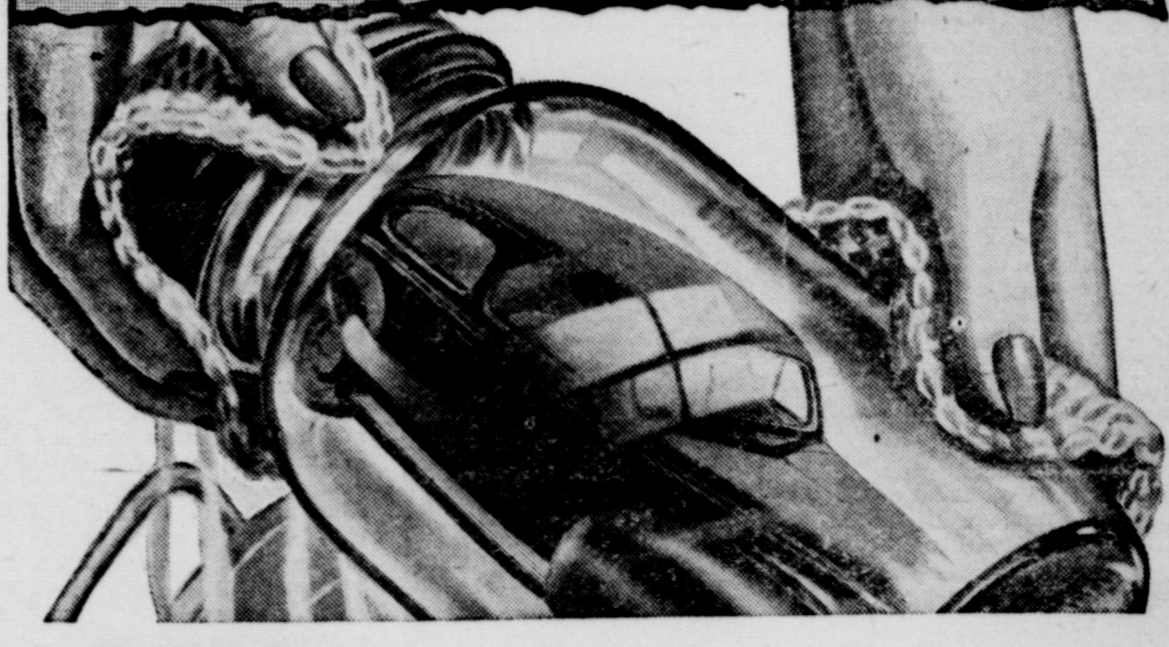

In his last radio talk, the President said:

"I confess that I myself am sometimes bewildered by conflicting statements that I see in the press. One day I read an "authoritative" statement that we shall win the war this year, 1943—and the next day comes another statement equally "authoritative" that the war will still be going on in 1949."

The President could have given plenty of additional examples of this confusion.

But it should be remembered that the newspaper reporters do not make up these conflicting statements. They merely do an honest

How to preserve your Car

It's a good idea to "put up" fruits and vegetables for next winter . . . but if you put up your car instead of using it for essential transportation, you actually throw an additional burden on overloaded streetcars, buses, and trains.

In the national interest, as well as in your own, the way to preserve your car is to give it the care it needs and deserves in times like these.

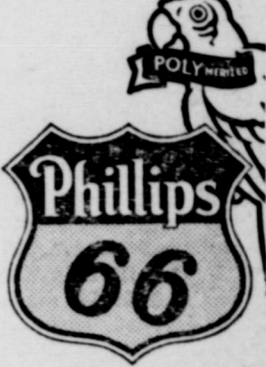

Save rubber, gasoline, and oil by cutting down driving speed. And get expert help to make your car and your tires go farther and last longer.

This expert help is waiting for you at every Phillips 66 Service Station. Go there at least once a week so that the Phillips 66 Service Man can check tire

inflation. In hot weather, twice-a-week tire checks are even better. Remember, under-inflation not only increases tire wear but places an unnecessary drag on the engine and thus wastes gasoline.

The Phillips 66 Service Man will also inspect your tires for cuts and bruises, will crisscross them with the spare every 3,000 miles, will tell you when re-capping is advisable. He will check your radiator, battery, and air filter. Will change crank-case oil, and lubricate chassis parts at the nationally recommended 60-day intervals.

Remember, whether you buy one coupon's worth of famous Phillips 66-gasoline, or merely want water or air, Good Neighbor Service is always waiting for you at the Orange and Black 66 Shield.

FOR VICTORY... Buy U.S. War Bonds and Stamps

reporting job of telling what those in power in Washington have to say. It is discouraging to the press to have to report one day that gasoline rationing will be relaxed and the next day that it will be tightened. But it is the duty of the press to publish both reports if both come from men who are supposed to be in authority.

It is obvious, therefore, that confusion in newspaper headlines will end on the same day that Washington officials end their disagreements and reach an accord on problems which are of interest to

the public. . . —Paducah Post.

The place to cure juvenile delinquency is to begin with the parents. After the child has learned to disregard parental control, or, what is worse, pattern his life after the wrong kind of parents there is little left that anyone can do but to let the law take its course.

1943 Cotton Loan Program Announced

Fair prices for their cotton are assured Texas farmers under this year's cotton loan program.

Based on ninety percent of parity price as of August 1, 1943, the beginning of the marketing year, the average basic loan rate for Texas approximates 19.90 cents per pound but will vary in different parts of the state because of distance from warehouses to mills. Under the 1942 program, the average loan rate was 17.92 cents per pound.

As in previous years, the loan rate will be on the net weight of cotton. Premiums and discounts for grade and staple will be calculated in relation to the loan rate on 15-16 middling cotton.

Citing differences in the basic loan rate for key cotton points in the state, P. C. Colgin, commodity loan specialist for the AAA in Texas, said the price varied from 19.75 cents per pound in El Paso to 19.96 cents per pound in Galveston and to 19.96 in Jacksonville.

Other leading points and the rates on a per pound basis include Abilene, 19.89; Big Spring, 19.84; Corpus Christi, 19.78; Greenville, 19.96; Harlingen, 19.84; Vernon, 19.91; Waco, 19.91, and Lubbock, 19.84.

Loans will be made directly by the Commodity Credit Corporation or through lending agencies, principally banks, approved by the Corporation. Also in effect for the second year are farm storage provisions which apply to all cotton counties.

Producers' notes will bear interest at the rate of 3 per cent per annum and will mature July 1, 1944, but will be callable on demand. Loans will be available until May 1, 1944.

According to state AAA records, Texas has approximately 333,000 cotton farms, the majority of which are expected to participate in this year's loan program.

Dr. and Mrs. V. N. Hall returned Thursday evening from Birmingham, Alabama, where they visited a week with his mother, Mrs. J. C. Hall.

MOBEETIE HAPPENINGS

(By Times Correspondent)

Pvt. and Mrs. Earl Wallace of Paris, Texas, visited her parents, Mr. and Mrs. C. E. Roper and her brothers, Mr. and Mrs. Wayne Roper and son, Donald Wayne, and Mr. and Mrs. Rip Roper.

Miss Clara Corcoran and Miss Florence Corcoran returned home Monday after visiting Mr. and Mrs. Dewey Hicks and children and other friends and relatives in Amarillo.

Mr. and Mrs. W. C. Stoneman of Gageby visited in the homes of Mr. and Mrs. A. A. Burch and son, C. W., and Mr. and Mrs. Jingles Beck Saturday.

Mr. and Mrs. J. V. Orr and children and Kenneth Cleon Orr of Encine, New Mexico, who have been visiting Mr. and Mrs. Standley Beck and Mr. and Mrs. Jingles Beck returned home Saturday night.

Mrs. Ocie Milan of Long Beach, California, spent Saturday night with Mr. and Mrs. J. M. Mixon and family.

Mr. and Mrs. Earl Riley and son, E. W., and Mr. and Mrs. Chalmer Keeton and children, of Lefors were Sunday guests in the home of Mr. and Mrs. Paul Corcoran and children.

Mrs. R. W. Beck of Miami, Texas, returned home Friday night after spending several days visiting Mr. and Mrs. Standley Beck and Mr. and Mrs. Jingles Beck.

J. K. Ribble and J. M. Mixon transacted business in Hollis, Oklahoma Wednesday.

Mr. and Mrs. Bill Corcoran and son, Tommy George, spent Sunday in the home of Mr. and Mrs. J. F. Hanning and son, Harold Gilbert.

Sgt. and Mrs. Dale Brown of Pampa visited in the home of Mrs. Clarence Lee and daughters, Mrs. Jim Hathaway and Mrs. Bill Dart over the weekend.

Mr. and Mrs. J. M. Mixon and daughter, Clara Omega, were called to Canadian Wednesday because of the sickness and death of her father, H. W. Riddles.

Mr. and Mrs. Guy Ward and son, Darris, spent the weekend visiting friends and relatives in Oklahoma.

Mrs. L. E. Keith of Pampa visited in the home of Mr. and Mrs. A. A. Burch and son, E. W., and Mr. and Mrs. Jingles Beck from Sunday until Wednesday when she returned home.

David Dysart of Wichita, Kansas, Mr. and Mrs. Art McPherson of Waynoka, Oklahoma, and Norman Dysart of Fort Worth, Texas, and Mrs. Alwyn Savage of Wheeler were called to Mobeetie because of the sickness and the death of their brother, Carey A. Dysart.

Leroy Johnson of San Diego, California, is visiting friends and relatives this week. Leroy joined the Navy about six weeks ago.

LOCAL NEWS ITEMS

Mr. and Mrs. Ward Kelley and daughter, Frankie, of Los Vegas, Nevada, were guests Monday in the home of Mr. and Mrs. T. T. Wallace.

Mrs. Elsie Maye Hood has returned from Amarillo and will move this week to Canadian where she will teach in the school there.

Mrs. J. M. Kemper, Tulia, is visiting her mother, Mrs. A. F. Stovall, who is receiving treatment at the hospital.

Pfc. Floyd Wiginton left Friday for Dodge City, Kansas after spending a three-day furlough with his parents, Mr. and Mrs. W. Q. Wiginton.

Mr. and Mrs. W. C. Zirkle of Erick, Oklahoma, spent Friday and Saturday in Wheeler visiting friends and attending to business.

Mr. and Mrs. Ansel McDowell moved Tuesday to the property formerly occupied by Mr. and Mrs. W. C. Zirkle.

Mrs. Bert Kennedy left Monday to spend a few days in Altus with her husband who is working near there.

Some Things 'Won't Wash'

There are many fine fabrics which will not stand the ordeal of the wash tub. Some of the most desirable goods cannot be made shrink-proof, nor can some of the most attractive colors be fixed in the fabrics so as to combat the effect of water.

These fabrics ought to be sent to us for cleaning by our modern, scientific methods. When this is done they are returned to you as good as new—brightened and restored in color and without the slightest harm done to them.

CRESCENT CLEANERS

NO LIMIT ON 1944 WHEAT CROP

There is no limit on the wheat acreage that may be seeded this fall. Although wheat allotments have been retained, farmers are not required to abide by them, and so far no penalty has been announced for overseeding of allotments.

As stated in the press release issued by the War Food Administration on July 13, 1943, a specific goal of 68 million acres of wheat for 1944 harvest has been requested. The attainment of this goal will be influenced by various factors depending on the area involved. Since the greater portion of the expanded wheat acreage will be planted in the Great Plains area, particular attention should be directed toward those practices which will not only produce 1944 requirements but which will also sustain production in 1945 and subsequent years.

There will be no farm acreage allotments established as in past years. The state goal will be broken down by the State War Board into county goals. County goals may be broken down into suggested goals for individual farms if such action is deemed necessary to reach the county goals.

Present legislation does not provide for wheat payments in 1944. No wheat marketing quotas will apply for the 1944 marketing year and no payments will be conditioned upon meeting or planting within goals. Soil-building practice payments will be made for approved practices carried out during the 1944 program year.

Parity payments are being prepared on 1942 wheat for eligible producers.

The 1944 loan level cannot be announced at this time. However, loans are provided for at not less than 85 percent of parity and the 1944 wheat loan rate will be announced as early as possible in 1944.

It is contemplated that any producer of acceptable wheat will be eligible to participate in the loan program unless he has adopted farming practices inconsistent with good farming practices for the area in which his farm is located.

With plowing and planting of wheat ground due to start as soon as the county receives a general rain farmers are urged to keep this new regulation in mind and hold land for increase acreages in grain sorghum, and feed grains when preparing their 1944 wheat crop. —V. B. Hardcastle, Administrative officer, ACA.

Farmers Eligible For Loans to Repair Homes And Water Facilities

Farmers in Wheeler county who need government financing with which to repair their home and farmstead water facilities or to install new equipment with which to produce food and care for livestock may obtain loans for these purposes from the Farm Security Administration, Ralph E. Griffiths, rural rehabilitation supervisor announced this week.

Farm Security loans, Mr. Griffiths advised, are now available to farmers who cannot obtain credit elsewhere for farmstead and domestic water needs. Loans are open to both tenants and owners.

Drilling wells, windmills, stock tanks, storage tanks for home and farm supplies and for irrigating gardens up to one acre are some of the purposes for which these loans will be made.

Mr. Griffiths said these water facility loans are not to be confused with the FSA's irrigation loans which are available only in certain approved areas. The water facility loans available now in Wheeler county will be made immediately to all qualified borrowers of this agency of U. S. Department of Agriculture.

Applications for loans should be filed with Mr. Griffiths at his office in the court house at Wheeler.

"Today, more than ever before, more food is needed in this country for use here at home and for shipment to our Allies and to the people in countries set free by our armies." "The Federal Government, through the Farm Security Administration, recognizes the importance of adequate water supplies on American farms and it is to meet this need that this agency's water facilities loans are being made accessible."

Mr. Griffiths invites farmers to contact him at his office for complete further details or for making application for a loan.

Culling of Flocks Now Will Save Feed

Assistant county agent C. V. Hanning states that poultry owners can cull 20 percent or more of their hens now if they have not already done so. He states that a reduction of 20 percent of culls in all flocks in Texas would mean a saving of approximately 72,000,000 pounds of feed during the next two months. Feed is scarce, so help save it by culling now, the assist-

ant agent said, and urged poultry raisers to confine hens to the house during the night and next morning use a catching hook and work quietly among them. Take out all that have shriveled combs, yellow legs and beaks, molters, the weak and emaciated, those with grey eyes, saggy abdomen, coarse masculine heads and ALL ROOSTERS.

By weeding the culs and feeding the layers raisers will accomplish four important things, namely; save feed, have meat for table and save ration points, have canned chicken for year-around use or get cash for the loafers. "While chickens are a good price it is a good time to sell all culs. Cull today so you can feed tomorrow," Hanning stated.

Oatmeal is a good meat stretcher. Use it uncooked as you would cracker crumbs—as the binding material in meat loaves, croquettes, and patties.

Let's Talk About Money ... and WAR

When you hear that bombing planes cost \$335,000, tanks \$75,000, anti-aircraft guns \$50,000—And when you hear, too, that America needs 60,000 planes, 45,000 tanks, and 20,000 anti-aircraft guns at once—

It doesn't take much figuring to see that winning this war calls for every dollar all of us can scrape together. With our freedom at stake—with our farms, families, even our very lives depending upon the outcome, we'd gladly give this money.

But we aren't asked to do that. Our Government asks us only to lend the money—to put our increased earnings into War Bonds—month after month—until this war is won. In doing so, we save for our own security as well. For we get back \$4 for every \$3 we

invest, when the Bonds are held 10 years. And if we need the money, we can get it all back any time after 60 days from issue date. This is the American way—the volunteer way—to raise the billions needed for Victory. And the money can ... will ... must be raised.

So let's show them that the farmers of America are helping to win this war in two vitally important ways—by producing more Food for Freedom and by saving more in War Bonds. Make Every Market Day "Bond Day"—Invest At Least 10%.

MOVIE CHATTER

(By a Rogue)

Laurel and Hardy

Those goofy comedians, Stan Laurel and Oliver Hardy, will be at the Rogue Theatre Friday-Saturday, August 20-21, in their newest picture, "Air Raid Wardens." We do not claim that you will be a bit wiser by seeing this picture, but we do claim that you will be thoroughly entertained, that you will completely forget your troubles and come away refreshed. It is strictly comedy from beginning to end—the kind of picture that W. L. Williams and R. H. Forrester will go for in a big way. We know that these two gentlemen prefer comedy, and not blondes—having reached the age when blondes are not nearly so important as Bonds

Shadow of Doubt

"Shadow of Doubt" is another of those mystery stories from Alfred Hitchcock who is a master at the art. Every foot of the film will hold you spellbound and guarantee that you will not be able to unfold the mystery until the final scene has been presented. The leading roles are played by Teresa Wright and Joseph Cotten. This is an "A" picture and has played all the first run theatres in the country for extended runs. We feel that you will be entirely satisfied with it. The date is Prevue Saturday night, Sunday and Monday, August 21-22-23.

The Moon Is Down

Wednesday-Thursday, August 25-26, brings John Steinbeck's famous novel, "The Moon is Down" to the screen at the Rogue Theatre. Mr. Steinbeck is well known to the American public as an author of distinction. At the present time he is seeing the war first hand in Europe and writing articles that appear in the leading daily papers of the country. It will be remembered that a few years ago his "Grapes of Wrath" made its appearance on the silver screen. "The Moon is Down" is the story of one of the subjugated cities in Hitler's Europe. So if you like Steinbeck you will want to see this one.

Calendar Change

"Mission to Moscow" has been taken off the August movie calendar and replaced with the All Negro picture, "Stormy Weather" for August 28-30. Moscow will be shown at a later date.

CARD OF THANKS

We wish to express our deepest appreciation for every act of kindness and words of sympathy shown us in our recent bereavement in the loss of our brother, Arlos E. Adams. Also we wish to express our thanks for the beautiful floral offering. May God richly bless all.
—The Adams family.

KELTON NEWS

(By Rena Johnson)

Mr. and Mrs. Cleve Splawn were Sunday dinner guests of Mr. and Mrs. Leonard Mills.

Miss Rena Johnson returned home Saturday after a week's visit in Mangum, with Mr. and Mrs. E. P. Joiner and family.

Mrs. Thomas Austin was severely burned Thursday when her pressure cooker exploded. Her many friends wish her a speedy recovery.

Miss Velda Stansel is spending the week in Jack county with her brother and wife, Mr. and Mrs. James Stansel.

Mr. and Mrs. Leonard Newton of Erick spent Sunday afternoon with Mr. and Mrs. George Richardson.

Mr. and Mrs. J. M. Tindall and daughter, Mrs. Marvin Norwood and daughter and Mrs. J. D. Bulls of Shamrock and Mr. and Mrs. Loyd Davidson of Wheeler attended the Methodist revival here Sunday night.

Mrs. Otto Blocker and son returned to their home in California, Monday, after an extended visit here with her parents, Mr. and Mrs. Jim Henderson.

Mrs. Bearden of Pampa is visiting friends here this week.

The trustees met Monday night and decided not to start school on Monday, August 23, as scheduled. The plan now is to begin a week later.

Mrs. J. B. Woodring was called to Norman, Oklahoma, last week to attend the funeral of his sister.

Mr. and Mrs. A. C. Johnson spent Sunday afternoon with Mr. and Mrs. George Davidson.

The Methodist revival closed Sunday night. Rev. Marvin Norwood was in charge. Rev. F. R. Pickens, local pastor, was in charge of the singing. There were five additions to the church.

CARD OF THANKS

This is to express our sincere thanks and appreciation of any kindness during the recent illness and death of our darling son and brother, Carey. We especially thank Rev. Ted Ewing, Rev. J. C. McKenzie, Dr. David Patton and the nurses of Amarillo and the Duenkel-Carmichael Funeral Home.

—Mr. and Mrs. C. A. Dysart; Mr. and Mrs. A. B. McPherson and children; Mrs. Alwyn Savage and children; Elwyn Dysart; Mr. and Mrs. Norman Dysart and children, and Mr. and Mrs. David Dysart.

J. P. Keeton & Son

purchases some of the best Poland China hogs to be found for foundation stock. They contemplate staying in this business. Just a few years back Mr. Keeton bred and raised some of the best Poland China hogs to be found anywhere. Mr. Keeton captured lots of the highest awards to be offered, winning the state contest two years in succession, having the honor of winning two fifty dollar gold medals besides some large cash prizes. So far as can be learned, Keeton still holds a world's record on the weight of a single hog. This one tipped the beam at 428 pounds at the age of 180 days. A photo of this hog can be seen in The Times window. Mr. Keeton says proper breeding and feeding will greatly contribute to our war effort. We are glad to see such a quality herd start in Wheeler county. When wanting good hogs write to—
J. P. KEETON & SON, Mobeetie, Texas. Good breeding stock for sale at all times.

Let's Clean Up The Town of Wheeler

The City of Wheeler in an effort to aid the county in the general clean-up campaign, and particularly to further the campaign in Wheeler, desires to remind the public that there exists a city ordinance against maintaining hogs in the city and against the existence of unscreened toilets. All weeds around all premises, on vacant lots, alleys and streets should be cut and the city put in the most sanitary condition possible.

The general rules of health dictates that all breeding places of flies should be abolished and the City of Wheeler asks you to cooperate in this necessary clean-up campaign so as to lessen the dangers of what is commonly called infantile paralysis.
