#### PLEASURE LAST

Strictly non-essential travel on trains and buses must be eliminated and vacation travel must be rigidly limited. The Office of Defense Transportation directs this earnest warning to everyone, and adds that it is impractical to apply a system of travel priorities. Therefore, it i up to the individual. He can either assert his "privilege" to visit Aunt Hattie and possibly deprive a man of a trip home on furlough- after months of service- or forego the visit in favor of the service man. or the civilian on war business. The same seat cannot render double service. The public must see that the war comes first.

Organized troop movements by rail are proceeding at the rate of over 2,000,000 men a month. They require the constant service of over one-half of all Pullman sleeping cars and of nearly one-fourth (over 3,000) of all day coaches.

Soldiers make an average of eight moves by railroad between induction and embarkation for service overseas. It takes 356 passenger cars, as well as 82 baggage cars and over 900 freight cars, made up in 65 trains, to move an infantry division of 15,000 men and their equipment. Movement of an armored division and its vehicles requires 75 trains of from 28 to 45 cars each. Furlough travel on regularly scheduled passenger trains organized troop travel. Both are has made, three stand out because hide behind trees and rocks and to increase substancially during the of the means of transportation. months immediately ahead. No new railroad passenger cars or locomotives, and no new inter-city buses. are being constructed.

These are a few of the reasons why civilians are being asked to limit their traveling activities. It is no sacrifice to limit your traveling to necessity if it helps your boy get home on furlough or speeds freight on which his very life may depend.

DURING the first year of our toughest war, we-Trained a lot of men-made a lot of fighting toolsbuilt a lot of shipping.

And to help pay for it all, we bought War Bonds. Altogether, 50 millions of us bought War Bonds. And nearly 30 millions of us started putting, on the average, 10 percent of our pay into War Bonds every payday through the Payroll Savings Plan.

That was a good start. But, it was only a start. What we did in '42' is not enough for '43!

We've got to do more fighting this year. We've got to do more building, more training, more shipping-and more saving.

We've got to buy more War Bonds.

WHEELER

Is that too much to ask? Many of us are making more money than we have made for years. The things we'd like to buy with that money have either disappeared or are as "scarce as hen's teeth." So, why not put that money into War Bonds at good interest-\$4 for every \$3 when the Bonds mature? Money to help pay for the war-keep prices downprovide peacetime jobs and peacetime goods and a generally decent world for all of us when the war is won.

Chances are, you're already in the Payroll Savings Plan-buying War Bonds-doing your bit. But don't stop there. See if you can't boost your antel Do your best!

### FOR BERRIES

Grower prices for seven types of berries canned or frozen in 1943 have been announced by WFA. Processors will pay growers the following prices (cents per pound): red raspberries, 15; black raspberries, loganberries, and blackberries, 12; gooseberries, 8. Ceiling prices for frozen strawberries have been price of 12 cents a pound for stemmed berries. For all other berries each processor will pay 3 cents per pound more than the average price he paid under the OPA price regulations for the 1942 pack. The highest price processors may pay for red sour pitted cherries is 81/2 cents per pound.

#### VACATION TRIP FOR MOTORISTS

Motorists in the Northeastern gasoline restricted area may use their "A" rations, beginning July 15, for one round trip to a summer home or other vacation place, in the absence of adequate alternative transportation, Price Administrator Prentiss M. Brown has announced. Before making a trip, motorists must apply to their ration board for written authorization stating the starting point and destination of the trip and dates on which it will be made. Authorization does not give the motorists an extra ration of gasoline.

### SON OF MR. AND MRS BOYD BURKS ANXIOUS FOR ACTION

Mr. and Mrs. Boyd Burks, Wheeler, are in recept of the following letter from their son, Pfc. Geo. B. the branch cannot bear fruit of it-Burks, who has been in the service self, except it abide in the vine; eight months. He graduated from no more can ye, except ye abide Kelton high school in 1941.

> Rapid City, S. D. June 21, 1943.

Dear Folks:

Here I am at last in Rapid City. I had begun to think I would never get here. I've traveled over 3,000 miles since last Tuesday and I'm about ready for a rest. I've I've seen hills, mountains, plains forests and almost everything. I think right around Madison is the Jerry Mac. prettiest seen anywhere. The city s surrounded with lakes and there surprised if I go across before I are all kinds of green trees and can get a furlough. I've still got a grass. It was sure pretty. I'm sure lot of training to do. The squadron glad I didn't stay in Utah. I like I'm in is getting hot and that means here a lot better. This is an air they are about ready to sail. Don't base, planes come in and out all worry about it because I'd about the time.

service didn't you? Well, when I the next month, as soon as I get was at Hill Field, I had them take acquainted with the field. Don't me off and put me on general ser- count on it though. vice. I think I can do as much as I told you about seeing a boy service. three medical officers and had to Well, I guess I'll close and do a little talking before they write some more letters and get would take me off. I feel better some mail back in circulation. since they did and now I can do my part of the fighting. Don't be
