## Farm Conditions In County Are Best In Years

### Season Is Ideal For Crop Production

By J. L. TARTER, County Agent

Agricultural conditions of Wheeler county were never better at this season of the year with the exception of beef and dairy cattle and all they need is feed. With a good season from snow, soil conditions are ideal for crop production for this year as old timers claim that good crops always follow good snows and this is true also of grass crops as well as field crops. The big reason is that snow settles on hill sides, thaws and goes in, when rain received rapidly runs off. Then too, snow also puts nitrogen in the soil which is not obtained from rainfall.

Wheat conditions are hardly normal as moisture was received late and wheat did not get off to a normal start in the fall but with the proper moisture, good yields are still possible. With lots of moisture and good freezes the soil is mulched better than any plowing could mulch it which also makes it possible for additional moisture to penetrate the soil and moisture tests made in Wheeler county prove that there is much more water in the soil at this time than a year ago. The predictions are that the best grass crop on pasture land will be produced in 1944 than since 1933 as the grass turf is good, it is regular with more water than ever known.

Grain sorghum prospects are ideal for the same reason of grass and small grain crops. With these proper conditions of the soil and high content of soil moisture, farmers are being urged to plant only type of grain sorghum such as combine maize and kafir that can be harvested by machinery for two good reasons. First, with the labor shortage, farmers will not be able to hand harvest maize or kafir. Another good reason is that those types are more productive and make higher yields in Wheeler county than the old type which have to be hand headed. There are two types of milos. The first type is Martin maize which has been thoroughly tried with unusual satisfaction.

## Sons In Service

PFC. JOHNNY H. MURRELL, a graduate of Mobeetie high school in '42 and the youngest son of Mrs. O. C. Murrell of Mobeetie, was inducted for service April 23, 1943, going from here to Ft. Sill, Okla. He received his basic training at Sheppard Field, Wichita Falls. He was sent in July to Scott Field, Ill. to radio school, graduating there Dec. 8, as a radio operator. He spent his first furlough at home during the Christmas holidays visiting with his mother and other relatives and friends. He is now with the 308th troop carrier squadron at Grenada, Mississippi.

PVT. CARLTON R. MURRELL is the eldest son of Mrs. Murrell and was inducted March 18, 1941, going to Ft. Bliss. He was sent to Ft. Benning, Ga., and placed in the 193rd tank battalion. He was sent overseas Dec. 28, 1941 without a furlough home. He has been stationed in Hawaii for some time. The latest news relatives received was that he had been in the battle of Makin Island. He was in the third tank to hit the shore, was assistant driver and gunner. The Murrell boys are brothers of Mrs. Jim Selby of Mobeetie.

## LOCAL OIL MILL TO BE MADE ONE OF BEST IN SOUTH

According to Frank Mitcham, manager of the Wheeler Cotton Oil Company, it is the intention of his company to continue to modernize the plant until it will be second to none.

Recently the company has purchased a large set of crushing rolls, the very latest type of seed cleaning and saw sharpening equipment and power units have been rebuilt and brought up-to-date. Now a laboratory is being installed as fast as equipment arrives and should be in operation in the next few weeks.

The cotton oil company has secured the services of Lowery Johnson of the Memphis Cotton Oil Company of Memphis, Texas. He has been Chemist and General Superintendent of that company the past 18 years. Johnson states there are only a few oil mills in Texas that own and operate their own laboratory and he believes he will have the edge on mills not so equipped as it will enable him to comply with the feed laws by knowing at all times the protein value of feed produced.

The Wheeler Cotton Oil Company invites its old friends, as well as new ones it hopes to make, to stop in and discuss feeding problems, formulas, etc., as well as any engineering problems that might come up.

## Man Due Here Today To Begin Installation Of Locker Equipment

Management of Wheeler's new food locker plant announced this morning that a man is expected to arrive today to supervise installation of the equipment in the plant. A considerable amount of equipment arrived the first of last week and more is said to now be in Shamrock. The locker compartments are at Oklahoma City and will be brought here to be installed as soon as all cooling mechanism is in operation.

## Soldier Cast Of "Strictly G. I." Makes Hit With Show

Twenty-two soldiers of the Pampa Air base staged a show before an audience of some 350 to 400 persons at the high school gym here Tuesday night in interest of the Fourth War Loan Drive. Indicative that the show was well received by those who saw it was the loud, long applause heard after each of the variety of skits, musicals, songs and other entertaining features put on by the boys from the air base.

Sgt. Hugh Best was in charge and Sgt. Howard Melson acted as master of ceremonies. Other young men appearing on the program were: Cpl. Salvatore Ferrara, Pfc. Joseph Krupa, Sgt. Julius Biro, Sgt. Hugh C. Best, Cpl. Harry Garson, Pvt. Warren Driscoll, Cpl. Pat Ryan, Cpl. Richard Sorrelle, Pfc. Fred Kobos, Cpl. Barney Buxton, Pvt. Olin Edleman.

Pvt. David Rubins, S/Sgt. Richard Robbins, Pvt. Joe Humac, Cpl. Roy Dudley, Cpl. George Bingham, Cpl. Vernon Wisdom, Sgt. Warren Walker, Sgt. Warner Walker, Cpl. Michael Greek and Cpl. E. J. Lachlin.

Numbers seen and heard were "The Show Is On" by Ferrara, Krupa, Bird, Best, Garson, and Driscoll; "Vamps From Pampa" by Ryan, Sorrelle, Kobos, Edleman, Rubins, and Robbins; "Stripe Happy" by Ferrara and Krupa; "My Heart Tells Me" by Humac; "The Ah Bit" by Cpl. Garson and four local high school students, Miss Bobbie Ashley, Joe Weatherly, Donald Hunt and Loyd Johnson; Vibraphone solo by Dudley; Hitler's Radio Speech by Bingham; "I'm Keeping Warm," by Wisdom; "Boogie Woogie" by Buxton; skit by Melson, Walker twins, and Ferrara; "Clean The Latrine" by Biro, Driscoll and Greek; "All or Nothing at All" by Ferrara; soft tone dance by Edleman; "Paper Doll" song and act by Wisdom, Lachlin, Sorrelle, Biro, Rubin, Robbins and Edleman and the National Anthem led by Wisdom and sung by audience.

"Strictly G. I." is a brand new hit being staged by the young men before audiences in towns of this area in interest of the present war loan drive. Included in with several new numbers are features taken from the recent shows, "At Ease" and "Take It Off" staged recently at the air field.

## \$13,000 Worth Of Bonds Sold At Briscoe Rally Friday Night

\$13,000 worth of war bonds were sold at the Briscoe Bond Rally last Friday evening when pies were sold for bonds to the highest bidder and \$3,337.75 of the amount was accounted for the election of a school queen. Votes were valued at a penny a point in either stamps or bonds. Sammie Lee Daugherty, Junior class representative, was elected over runner-up candidate Juanita Clepper, Eighth grade representative.

R. H. Forrester, Raymond Holt, Chester Lewis and Harry Wofford of Wheeler were on hand and engaged in a question and answer program pertaining to wartime munitions and conditions.

Quota for the community, based on purchase value of bonds, is \$9,800.

## JAMES S. RISNER IS NOW SERGEANT

Corporal James S. Risner, has recently been promoted to the grade of sergeant in the Army Air Forces stationed at Walker Army Air Field, Kansas.

Sergeant Risner, who has been in the army for 18 months, is the son of Mr. and Mrs. Jim Risner of Wheeler, a graduate of the Wheeler high school and a former student at the Sull Ross State College.

## Will Frye Taken To Albuquerque Hospital

Will Frye, longtime resident of Wheeler county, was taken to an Amarillo hospital Monday afternoon by the Hunt ambulance. His son, Jack Frye, president of Transcontinental and Western Airways, flew from Washington to be at his father's bedside and took him on to an Albuquerque hospital Tuesday. Word has been received that Mr. Frye will probably be operated on today.

Mr. Frye has made his home in Wheeler county, with the exception of a brief time spent in Van, for the past 35 years.

## Miss Joy Williams Is Named 4-H Gold Star Girl For 1943

Miss Joy Williams, daughter of Mr. and Mrs. Milt Williams of Shamrock, has been awarded the honor of Wheeler county 4-H Gold Star Girl for 1943. This has been announced recently by the judging committee and Betty Sue Bownds, county home demonstration agent. To be eligible for the award a girl must have been in 4-H Club for at least three years and must have kept a complete record and history of her work.

Joy is a sophomore in Shamrock High School and has been in 4-H club work for five years. She was a member of the Twitty 4-H club for four years and has continued with her club work since entering Shamrock high school. She has done outstanding club work during this time. She was garden demonstrator for her club during 1943.

The following is Joy's own story of her 1943 work:

"As a fifth year 4-H club member I completed all of my goals which I set. Last summer I made a dress, pajamas, and a skirt. I started a set of cupboards and made a bib for a baby. I learned to care for children as I took care of my year old niece this summer.

"I also completed all of my garden goals. Planted 20 kinds of vegetables, canned 300 quarts from our garden. My garden was 183 ft. by 120 ft. and we averaged getting 10c worth of vegetables each day during garden season. The results from garden were satisfactory, but the year was a little dry.

"I also built a frame garden as one of my goals. Since it was wartime, I made a makeshift frame. I got four large locust posts and placed one at each end and side. The dimensions were 6 ft. by 15 ft. I took tin cans with ends cut out, placed them on some dirt and a layer of manure. I had an iron pipe sticking out connected onto the tin cans, this was to water it. I raised many fresh vegetables and tomato plants. At Dallas, I helped my sister with her small victory garden. She grew Kentucky Wonder beans on poles in the flower beds. I enjoyed my garden.

"The total cost was \$6.55 for seeds. The profit (on basis of 10 cents per day during garden season) was \$23.35 with a total profit of \$16.80 from fresh vegetables.

"I also canned 300 quarts of vegetables from the garden, with a value of thirty-five cents per quart which would amount to \$105 in canned food. I was garden demonstrator of my club and chairman of the county 4-H Council.

"I enjoyed my years of club work and intend to continue it. It has meant so much to me!"

## TWO DIVORCES GRANTED IN DISTRICT COURT

Two divorces were granted in Judge Ewing's district court session held here yesterday afternoon.

Foundations are being installed and other improvements made to the two box car houses moved to Wheeler recently by Cecil Denson.

## Farmers To Meet Here Saturday Nite

As announced in last week's issue of the Wheeler Times, new and critical issues facing farmers in 1944 will be discussed in a meeting at the court house here Saturday, Feb. 12, beginning at 8:00 p. m.

The meeting is sponsored by the Texas Farm Bureau Federation and is one of a series of 15 being held over the state to consider problems of paramount importance affecting agriculture.

Principal speakers will be J. Walter Hammond, president of the Texas Farm Bureau Federation and Judge C. C. Randle of Ellis County, chairman of the state committee on membership.

## Artie Lee Hunt Asks Re-election To Office Of District Clerk

Artie Lee Hunt, well known both here and through the county, this week authorizes publication of her announcement as a candidate for another term as district clerk, subject to the action of the voters in the Democratic primary on July 22nd.

She wishes to stress her deep appreciation of the confidence placed in her by the voters of Wheeler County when they elected her to this office. Courtesy and accommodation reveal her gratefulness, yet the careful and efficient manner in which she has conducted the affairs of the

ARTIE LEE HUNT

office bear the strongest possible testimony to her appreciation.

Mrs. Hunt pledges that, if re-elected, it will be her constant aim and endeavor to give the same courteous and efficient service that has made her many enthusiastic supporters since taking office.

She will appreciate the support and votes of all who feel that she has rendered and will continue to render satisfactory service as district clerk of Wheeler county.

## McBee-Kelton Bond Rally Nets \$16,000

Including bonds purchased and requested to be included, a rally at the Kelton school last Friday evening netted near \$16,000 in the purchase price of bonds for the Fourth War Loan Drive. The rally included persons of the McBee and Kelton voting precincts.

A program was staged by the school and co-county bond chairman R. J. Holt and Dick Guynes of Wheeler were on hand. Holt directed the bond sales and Guynes favored the audience with several violin selections.

Tom Britt is chairman of the drive in the McBee precinct and Albert Holcomb is chairman in the Kelton precinct.

## Basketball, Professional Style, Here Sat. Nite

Basketball fans of this area will have a chance to see some real professional style basketball here Saturday night when a team made up of American soldier personnel from the McLean Internment camp will play the local team at the Wheeler High school gym. The team from the camp is made up of several young men who have played professional ball at various towns over the nation.

Two games with the Internment camp team will be played during the evening with the first scheduled to begin at 7:30.

## JAMES CREEKMORE RECEIVES WINGS OF FLYING OFFICER

Ft. Sumner, N. M., A.A.F. Pilot School, Feb. 9 — Aviation Cadet James T. Creekmore, son of Mr. and Mrs. J. H. Creekmore, of Long Beach, California, graduated Feb. 8, from this Advanced Pilot School, which is one of the schools of the Training Command of the Army Air Forces and received wings of a flying officer.

Aviation Cadet Creekmore is a member of Class 44-B.

## County Still Short \$80,391.75 In Fourth War Loan

### Only 4 More Days Left In Bond Drive

Co-county chairman R. J. Holt reported today that War Bond sales in Wheeler county up until last night amounted to \$282,608.25. The quota for the 4th War Loan Drive is \$363,000 leaving a total of \$80,391.75 to be sold during the next few days before the campaign comes to a close February 15.

Sales are being made at banks and postoffices over the county and several successful rallies have already been held in various communities.

Several of the large companies which operate in Wheeler county have made purchases of bonds locally during the past week. There is, however, considerable money yet to be invested in bonds if the county is to go over the top on its quota.

Community chairmen urge everyone to buy their bonds at once and not wait until the last day of the campaign.

With a determination to bring the field force of aroused public opinion into play in making the Fourth War Loan drive an even greater success than any of the previous three very successful drives, more than thirty (30) Texas broadcasting stations will hook together Friday night to tell the horror-story brought back to the United States by Lt. Col. William Edwin Dyess of Albany, Texas.

Originating at Dallas, the Dyess report will flood the air from 8:00 to 8:30 p. m. in a half-hour dramatization written by Captain Robert Nail, Public Relations Officer of the Eighth Service Command and boyhood friend of Col. Dyess, working in collaboration with Richard Dyess, father of the Albany lad and member of the Shackelford County War Finance Committee.

In messages to all chairmen of the War Finance Committee county organizations throughout Texas, Nathan Adams of Dallas, Chairman of the Texas-wide volunteer sales group, is urging intensified solicitations for

## Company Representative Here Next Monday To Interview Workers

A representative of the L. O. Stocker Company of Borger will be in Wheeler at the county agent's office Monday, Feb. 14, to interview persons interested in doing construction work on the aviation gasoline plant for Phillips Petroleum Company. Agricultural workers are being accepted 30 to 60 days in compliance with War Manpower Commission.

## HEARINGS FOR SIX YOUTHS ARE HELD LAST FRIDAY

At a hearing in county court Friday one youth was sentenced to serve 3 years in the state reform school at Gatesville and three more were given 5 years parole in connection with the recent burglaries of filling stations in the south side of the county. The case against one youth was dismissed.

Heard the same afternoon was the case against another youth in connection with the burglary of the Rock Island depot of Shamrock. This youngster was also given a 5 year parole.

Pfc. R. C. Parker, son of Mr. and Mrs. Claude Parker of Mobeetie, has arrived "somewhere overseas" his parents learned last week.

Clyde Guynes, who is in the Medical Corps at Camp Hale, Colorado, was promoted to a corporal last week. Cpl. Guynes is the son of Mr. and Mrs. Dick Guynes of Wheeler.

A. C. (Bud) Martin, former 31st district attorney from Wheeler county, has returned to his father's ranch east of here after being discharged from the hospital at McKinney and receiving his honorable discharge from the army.

### Small Town Business

So much attention is given big industrial organizations that we might lose sight of the fact that the great bulk of all business enterprise in this country is in the hands of the small business man. For instance, the small towns account for 50 per cent of the gasoline sold, 60 per cent of Cadillac cars sold, sends a larger percentage of youngsters to colleges per thousand population than the city, that a little over 99 per cent of the manufacturing companies in our country employ less than 1,000 people each. This is why we stress small business, the importance of appealing to the small town sentiment. Look to what field a man eventually appeals for his vote getting, for your proof is the power of the small town market. Let us keep it free, unhampered and unprejudiced.

### The Man Lincoln

Today with events pointing to great figures of the past who have met wars and helped win them, the mind draws instantly to the man Lincoln. Can we deny that human nature is different than those 80-odd years ago when a nation was making a desperate struggle? Man may have different reasons, different policies, varied attacks, but man's nature is the same as when Lincoln piloted the ship. He had a more difficult time preparing for war. He fought appeasers and arm-chair strategists. There was the war profiteer who puts today's gouger to shame. The draft bill he issued caused a terrible bout. Politics and the army was so intertwined that they were one. The spoils system was a professional game compared to our amateur standing today. Inflation ran wild. His foes were many from political-minded laymen through scheming Congressmen, some of his cabinet members, his generals and too many of his party members.

We speak of Lincoln as the symbol of democracy. We quote him on keeping intact our freedom. We refer to him as the man for the ages. Consider him and the extent of his wisdom. His birthday is not needed to remind us of the immeasurable good of the man, his understanding and his predictions. He proves democracy and its possibilities as he went from cabin to Capitol. He practiced democracy in every act, every idea, every word and plan conceived.

What would Lincoln do today? Perhaps he puzzled mightily and not really know, but inasmuch as his own life had taught him the lesson of living it is certain his wisdom and patience, gained from personal defeats, with his disregard for personal glory, would work us through a trial today as of yesterday.

### If You Care

Scarcely a spot that hasn't had its siege of flu, the death rate from the disease not being of epidemic proportions but at least enough to warn us that influenza can spread in intensity. We have not finished with winter colds and germs and those who have had a touch of flu or averted having it, can still get more and worse. The epidemic of flu that visited us during World War I has not had an opportunity to catch up this time and we will take care to prevent it doing so. Protect ourselves by getting enough fresh air and sunshine, drink plenty of clean water, eat wholesome food, dress for sufficient warmth and get enough rest, and of course keep away from other's colds. Prevent rather than cure.

"With four worn out tires and no gasoline," sighs a certain man "I might as well be in the army."

### Pertinent Paragraphs from Panhandle Press

Items of interest culled from newspapers on the Times' exchange list.

Higgins has no Jews, no Negroes, and few if any Catholics. Yet since we have been residents here we have heard considerable contempt and hatred expressed for the two races and for the religious faith of the latter. With such intolerance and hate existing in our own little community without obvious provocation, it is reasonable to believe that such feeling exists to some extent in every like and larger community of these United States. When we look at the picture in that light this collective intolerance becomes appalling. We wonder if America is as Christian and as democratic as we have been teaching ourselves to believe. Are we really ready for the lasting, ennobling peace that our beloved young men are dying to bring about?

Along with the remark made by a politically minded Congressman that the Roosevelt boys were being given special privileges in this war, place the statement of Senator O'Daniel and the intimation of Roger Babson to the effect that this war is, or will be prolonged by Roosevelt and Churchill for political reasons.

Such remarks, in my estimation, are treasonable and the authors should be brought to an accounting. Even if it were so, which no good American has any right to believe, it should not be made public. The most rabid anti-New Dealer won't for one minute believe that President Roosevelt would, at any price, delay this war one single round. Such remarks are unbecoming an average citizen, much less a United States Senator or a man as well known as Roger Babson.

Chief of Police T. C. Morton is to be commended on his efforts to rid Perryton of a number of loafers who work just enough to provide the bare necessities of life. Morton says most of these loafers are men of military age, and he has issued them the ultimatum of going to work or getting out of Perryton.

In these days of manpower shortages, the man who won't work is a pretty sorry subject, not much above a slacker, in our opinion. And by the way, since so many of these birds are of military age, why wouldn't it be a good idea to check up on their selective service standing. You know that there are a lot of men not working in the occupation for which they obtained deferment.

Facts on the rubber situation by  
**Phillips Petroleum Company, operating a 90,000,000 pound butadiene plant, for an annual production of rubber equivalent to 11,000,000 tires**

THE RACE FOR RUBBER is right now entering the homestretch. Swiftly and surely, the nation's synthetic rubber plants are approaching peak annual production of 850,000 tons.

Despite this record-breaking achievement, the next six months are the time of crisis, because the full fighting power of rubber is needed for war: Tires for planes, and combat trucks and cars; rubber for life rafts and landing boats; rubber for bullet-sealing tanks and electrical insulation; rubber for a thousand and one victory needs.

This is why only the most essential civilian drivers can be supplied with new tires of synthetic rubber at least until late in the year. The

rest of us must continue to save miles and rubber, and recap in time to keep rolling.

As a major producer of butadiene (the chief ingredient in synthetic rubber) and 100 octane aviation gasoline, the Phillips Petroleum Company presents these facts as a contribution to general understanding of the present transportation problem.

With us, as with every American motorist, the needs of war come first. But when victory is won, car owners will begin enjoying the benefits and product-improvements flowing from Phillips gigantic chemical plants, devoted to producing new and better things from petroleum gases as well as petroleum. Phillips Petroleum Co., Bartlesville, Okla.

**FOR VICTORY... Buy U. S. War Bonds and Stamps**

Everywhere in this global war, our armed forces are relentlessly pressing the offensive against the enemy.

Thanks to their heroic efforts, total victory is undoubtedly closer but military leaders warn us this is no time for donning rose-colored glasses.

The decisive battles are still to be fought. Millions of dollars worth of equipment must be made and delivered to the fighting fronts. There can be no let-up in the flow of arms our men must have to overwhelm and destroy the enemy.

So no matter what your bond buying has been in the past, step it up, increase it, buy at least one extra \$100 bond during the Fourth War Loan, and more if possible.

Whatever sacrifice it may involve, it's nothing compared to those being made every day by the men at grips with the enemy. Help them finish the job—bring them home sooner—by buying extra WAR BONDS NOW!

The bond rally was held Friday night at the Briscoe school and the supper netted a total of \$10,000 in stamps and bonds. A pie supper was held in connection with the rally with the pies bringing from \$18.75 to \$350 each.

A queen race was also sponsored by the different high school classes. The senior candidate was Alva Lee, junior candidate was Sammie Lee Dougherty, freshman candidate was Armell Sorenson and the eighth grade candidate was Juanita Clepper. Sammie Lee Dougherty was proclaimed bond queen and received a beautiful cake, which was made by Mrs. DeSpain for the occasion. The sales from defense stamps and bonds issued in honor of the different class queen candidates amounted to more than \$3,000. Juanita Clepper received the next highest vote and was just 300 less than the junior queen.

**Seen and Heard**

Mr. Duren and Mr. Hefley at the pie supper Friday night. Inez and Billy Jean bursting up. Cecil and Coleen together Saturday night. (Keep up the good work, kids!) Billy Atherton being so mischievous. Plans being made for a basketball game with Kelton Friday, February 11.

**What If?**

Wayne Meek weren't cute? Clara Helen were short? Iva Marie keeping something of Doyle's as a keep sake and reading an inscription on it which said, "I don't like English and never will!" Billie Jean were rowdy? Mr. Evans did everything to suit everybody? Cecil and Coleen weren't so bashful? Roy Harold and Mabel Alice were not friends? Estelle and Jack Sweatnam became "sweeties"? Mr. Wood didn't have so much pateince? Lottie Marie and Mary Ruth hated each other? Bessie and Sammie weren't always together? Mrs. Wood brought little Johnny to school? Jimmie were six feet tall with black hair and eyes? Miss Duren and Mr. Hefley went together? All the Broncos stayed at home Thursday and Friday of this week?

**Senior News**

Someone heard that: Clara Helen was talking to a certain senior boy from Mobeetie Thursday night at the ball game. Doyle made most of the points that were made by the Briscoe boys Thursday night. Mabel Alice and Roy Harold were present at the game. Alva Lee was the girl selected to run for the queen from the senior class. The seniors had a biology test after a basketball game. Clara Helen was monitor of the study hall. The seniors are having mid-term exams.

Facing Farmers in 1944 will be discussed in a meeting at the Courthouse

**SATURDAY EVENING**  
**FEBRUARY 12**  
**8:00 o'clock**

Meeting Sponsored by Texas Farm Bureau Federation

J. WALTER HAMMOND

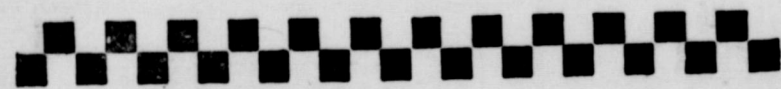

JUDGE C. C. RANDLE

Among the major problems, and possible solutions, to be discussed include adequate machinery, supplies and labor, reasonable floor prices under all farm and livestock products on a year-in and year-out basis, subsidies and rollback prices on farm products, parity prices to include increased labor costs, should the farmer have a voice in setting fair prices for his own products, and necessary legislation and appropriations adequate for the successful operation of Farm Credit, Rural Electrification, AAA, Soil Conservation, Extension Service and Farm Security.

Principal speakers will be J. Walter Hammond, president of the Texas Farm Bureau Federation, and Judge C. C. Randle of Ellis county, chairman of the state committee on membership.

W. M. Deck of Perryton, member of the state board of directors from this district will preside. The meeting will start at 8 p. m. in the courthouse at Wheeler.

"You've earned some sort of medal yourself, I'd say, for giving lots of us drivers safe warning. Good thing you kept harping on rationing. You said limited driving couldn't keep clearing out the rank acids always left from combustion; they'd linger and corrode the engine. But you said that plating, of course, wouldn't soon let metals corrode. And you convinced me, all right, about keeping my engine OIL-PLATED with your patented Conoco Nth oil. Now my OIL-PLATED engine is seeing me through, and I say good for you! . . . helping the home front! They all should know how Conoco Nth gives engines protective OIL-PLATING!"

The how of it is that Conoco Nth motor oil—popular-priced—includes a costly modern synthetic. Its strong "power of attraction" fastens and maintains the OIL-PLATING on inner surfaces. Despite engine inactivity, the unavoidable acids aren't "working right through" the OIL-PLATING, and so the

wartime risk of corrosion is cut! The more extras you're doing to hustle the boys home, the more you need your car and Your Mileage Merchant's Conoco Nth. OIL-PLATE today. Continental Oil Company

**Editorial**

"Do you know any easy subjects I can take this semester?" To a few shirkers these words may seem vaguely familiar. This, of course, was uttered by the students who want an education but aren't willing to pay for it.

Perhaps they do not realize what they are doing when they pass by such an opportunity paid for by parents and citizens who were interested enough to make such an opportunity possible.

You don't see one of these persons buy a ticket to a basketball game, and then not go because it was too much trouble to walk to the gym. They paid to see the game, and they want their money's worth, yet some students try to take only the courses which are "easy," the so-called "snaps," that don't take much work. They haven't stopped to realize that they are throwing away a ticket that costs many times the price of a basketball ticket.

A new semester has just begun. Fellow students, are you getting your money's worth?

**Library Attractions**

A new book which every high school student will be interested in reading has been placed on the biography shelf in the high school library this week. It is titled, "These Men Shall Never Die," by Lowell Thomas. The author says that his purpose in writing the book is "to give some hint of the glory of individual courage that has only been partly disclosed to us; in many cases not disclosed at all." It is the story of 72 honored heroes selected for distinction by competent military judgment, and it is illustrated by official photographs of the U. S. Army Air Corps, U. S. Army Signal Corps, U. S. Navy and the U. S. Marine Corps. Lowell Thomas has written many gripping stories of courage and adventure, but in this account of America's heroes, he finds his greatest theme.

**F. F. A. News**

The Ag boys who attended the judging contest at Miami last Saturday won places in this order: Henry Risner won second place in judging roosters and eggs; the livestock team won fifth place in judging livestock; the sheep judging team won fourth place.

**Surprise Party**

The eighth grade gave Mrs. Norman, their English teacher, a surprise party, February seventh, at school when the students brought gifts to her to show their appreciation for her interest in their class. The party came as a complete surprise to her and was reported to be a success.

**Guess Who?**

She is 5 feet and 9 inches tall, brown eyes and hair, nice personality, plays basketball, very studious and well liked by all of the seniors. Her nickname is Tilly.

**Senior Personality**

Name, R. J. Holt, Jr.; years in W. H. S., 3; favorite subject, biology; favorite teacher, Mrs. Brown; favorite actor, Alan Ladd; favorite actress, Betty Grable; favorite like, blondes; favorite dislike, quiet people; favorite song, Trumpet Blues; favorite food, banana pudding; hobby, hunting; ambition, banker.

**Junior News**

We wonder what has happened to our Junior reporter. We wonder why Junior A. is sad? Could it be that a certain little freshman girl has moved to Kelton? We wonder if Donnie and Wilma enjoyed the basketball game Friday night or did they go? Who were the two that missed the bus last Friday?

**Appropriate Descriptions**

Mary Lee, studious; Wilma Jean, silly; Junior A., cute; Don, flirty; Albert, comical; Virginia, mischievous; Kenneth, not bad at all; Junior P., noisy; Harold Ray, smart; W. J., nice; Marie, good sport.

**Guess Who?**

She has brown hair and blue-green eyes, 5 feet and 3 inches tall, weighs 116. Plays basketball, has a sweet personality, corresponds with a certain Marine from Briscoe.

We were sorry to lose two students this week, Lucille and Marie Asbery. We see Hazel, Coene and Bettie Hix together a lot now, just like the "Three Musket Eaters," and what about Josephine Noah and Marjorie Esslinger? Quite a few sophomores have had their noses in "Gone With the Wind" this week. We've heard that Frank Sinatra of Wheeler High is \_\_\_\_\_, and have you heard him singing as he walks down the hall with his love sick voice? Some of the sophomore girls are having to drop basketball to take up Home Ec. Don't they just adore it?

H. H. Herd and family, Mrs. J. D.

Herd, Otis Ford and family visited in the home of Mr. and Mrs. Amos May, Sunday.

Mr. and Mrs. Noel George of Hum-pherys, Oklahoma arrived Monday for a visit with her parents, Mr. and Mrs. S. D. Maxwell, of near Wheel-er and his parents, Mr. and Mrs. White George, of Magic City.

Pvt. John Wright, Sgt. Claude Wright and Miss Dorothy Lamb went to Pampa Wednesday afternoon to visit relatives.

Mrs. Jesse J. Dyer left Wednes-day morning for Granbury to visit her parents, Mr. and Mrs. C. W. Jones.

Miss Evelyn Mason spent the week end with her parents, Mr. and Mrs. Cliff Mason, east of Wheeler.

Mr. and Mrs. Enos Morgan and children, Jovena, Claude and Darrell, and Mrs. C. V. Morgan of Pampa and Mr. and Mrs. Dorsie Hutchinson and daughter, Annette, Mrs. Alvin Hamp-ton and son, Richard, were supper guests Sunday night in the home of Mr. and Mrs. C. M. Hampton.

Mrs. Alvin Hampton and son, Ric-hard, and Mrs. Dorsie Hutchinson, returned last Tuesday night from Savannah, Georgia, where they had been visiting Pfc. Alvin R. Hamp-ton of Camp Stewart, Georgia.

The first printing press used in the United States was in 1629. The first newspaper advertisement appeared in 1652. The first post office was in 1464.

**THE ALLISONIAN**

A Publication of the Allison Schools

It seems that everyone got a good night's sleep after the "exams" were over, but there are more to follow.

**High School Party**

The Sophomores gave a party for the high school Friday night, February 5, at "Uncle Bill Farmers." Refreshments were served to: Betty and Don Alexander, Bobbie and Jane Donaldson, Anna Lee, Toots and Billy Wise, Bobby J. Grayson, R. C. and Clifton Taylor, Jerry Proctor, Faye and Mary Campbell, Harold Jones, Max Alexander, Evelyn and Lyn Levitt, Lavelle Hall, Boyd Huff David Waldrip and "Uncle Bill Farmer."

**Wonder Why?**

Frances M. wasn't at the party Friday night? Some of the kids wanted to go to Reydon after the party? Toots was so blue Friday night? (Could it have been because of her soldier not showing up on his last night here?) T. W. and F. M. were so surprised when they saw last week's paper? A certain senior girl hasn't heard from that soldier at McLean lately.

**Junior and Senior Class News**

We are thinking of putting on our senior play after the mid-term exams are over. There are only three seniors, so the juniors and maybe the sophomores will help. (We hope). Margie Wallace spent the week end in Amarillo. We were glad to have a visitor, Eddie Miller, in school last week.

**Seen and Heard**

T. W. not thinking so much of the party Friday night. (When asked why, she said, "It was a flop. It turned out like the rest of them does, a necking party." What's wrong "T. W."? Have you reformed 'er some-

**LET US CHECK ON MOTHER SHIPTON'S PROPHECY**

Mother Shipton, author of the following prophetic poem, was born in Norfolk, England, and died in Clifton, Yorkshire, 1449, A. D., forty-three years before Columbus discovered America. How many of her prophecies have come true can be checked readily by the most casual reader. How many are yet to come true remains for the future to disclose. The poem has often been printed and has probably appeared in The Wheeler Times, but for the benefit of those who would like to read it again, we reprint it in this week's paper.

**A Woman's Prophecy**

(Made 500 Years Ago)  
A carriage without horses shall go,  
Disaster fill the world with woe;  
In London Primrose Hill shall be  
Its center hold a Bishop's See,  
Around the world men's thoughts shall fly,  
Quick as the twinkling of an eye.

And waters shall great wonders do—  
How strange, and yet it shall come true.  
Then upside down the world shall be,  
And gold found at the foot of tree;  
Thro' towering hills proud man shall ride,  
Nor horse nor ass move by his side.

Beneath the waters men shall walk;  
Shall ride, shall sleep, and even talk;  
And in the air men shall be seen,  
In white, in black, as well as green,  
A great man then shall come and go,  
For prophecy declares it so.

In water iron then shall float  
As easy as a wooden boat.  
Gold shall be found in stream or stone,  
In land that is as yet unknown.  
Water and fire shall wonders do,  
And England shall admit a Jew.

The Jew that once was held in scorn,  
Shall of a Christian then be born.  
A house of glass shall come to pass  
In England—but alas! alas!  
A war will follow with the work  
Where dwells the pagan and the Turk.

The States will lock in fierce strife,  
And seek to take each other's life;  
When North shall thus divide the South

thing? The Junior and Senior girls are always talking about having some "unfinished business" to attend to and then away they go to the English room. What's in there or who's in there? The high school students don't want to be forgotten, so they just sign their names on the wall in a certain room. Taylor making it to school three and one-half days last week. You are doing good, Taylor! A certain senior girl with "that" handsome soldier from Briscoe Wednesday night. They made a very cute couple too. Keep up the good work, kid.

**Can You Imagine?**

Paul F. complimenting the juniors and seniors on their good work in geometry, but nothing else! A. C. T. not wanting a date with a certain girl Friday night? What has happened to those kids? Harold J. being scared Friday night? T. W. having trouble with a red headed boy from Briscoe? (Or was he from Arkansas?) F. M. wanting to go to church at 10:05 Sunday night? (Better think up a better excuse next time, Fran!) The high school boys eating candy in the study hall? It seems that B. J. G. almost got choked when the teacher said something to him.

**WHAT SAY YOU?**

And hath made of one blood all nations of men for to dwell on all the face of the earth, and hath determined the times before appointed, and the bounds of their habitation;

That they should seek the Lord, if haply they might feel after him, and find him, though he be not far from every one of us:

For in him we live, and move, and have our being; as certain also of your own poets have said, for we are also his offspring.

—Acts 17:26-27-28  
—W. J. Brumley

Mr. and Mrs. A. B. Crump are to leave Thursday for Mineral Wells and Fort Worth. They plan to be back by the first of the month.

Mr. and Mrs. Bronson Green and son, Jimmy, went to Amarillo Tuesday night of last week and returned to Wheeler Wednesday.

The eagle builds in lion's mouth. Then tax and blood and cruel war Shall come to every humble door.

Three times shall sunny, lovely France Be led to play a bloody dance; Before the people shall be free Three tyrant rulers shall she see? Three rulers, in succession be, Each sprung from different dynasty.

Then when the fiercest fight is done, England and France shall be as one. The British olive next shall twine In marriage with the German vine, Man walk beneath and over the streams— Fulfilled shall be our strangest dreams.

All England's sons shall plow the land, Shall oft be seen with book in hand. The poor shall now most wisdom know, And water wind where corn did grow; Great houses stand in far-flung vale, All covered o'er with snow and hail.

And now a word in uncouth rhyme; Of what shall be in future time; For in those wondrous, far-off days The women shall adopt a craze To dress like men and trousers wear, And cut off their lovely locks of hair.

They'll ride astride with brazen brow, As witches on a broomstick now, Then love shall die and marriage cease, And nations wane as babes decrease. The wives shall fondle cats and dogs, And men live much the same as hogs.

In nineteen hundred twenty-six Build houses light of straw and sticks, For then shall mighty wars be planned, And fire and sword shall sweep the land. But those who live the century through, In fear and trembling this will do.

Flee to the mountains and the dens, To bog and forests and wild fens— For storms shall rage and oceans roar When Gabriel stands on the sea and shore; And as he blows his wondrous horn, Old worlds shall die and new be born.

Sent in by Mrs. W. L. Murphey.

**Pirates of the Prairie**

Friday-Saturday, February 11-12, brings Tim Holt to the Rogue Theatre in Pirates of the Prairie. This picture has all the action of the twentieth century style; which is to say that it is a western of the pioneer days in early America. We are sure that you will enjoy it thoroughly.

**Behind the Rising Sun**

For Prevue-Sunday-Monday, February 12-13-14, we offer Behind the Rising Sun which is the story of the infamy or treachery of Japan. This picture is comparable to Hitler's Children which showed what was actually behind the Nazi movement in Germany. In a like manner, Behind the Rising Sun, portrays the treachery of the yellow-bellied, Emperor worshipping, Sons of Heaven of the Empire of Japan. But to Americans they appear more as the Sons of Satan, the lowest thing that ever crawled upon the face of the earth. And in connection with the picture, Behind the Rising Sun, we want to warn our patrons that it is not a pretty thing to see. You will be boiling mad after you have witnessed the picture, but do not take it out on the management. We hate the Japs as badly as you do. So, in order to let off that extra steam, go and buy yourself another War Bond and help rid the world of this yellow scourge. And to you folks who live in Wheeler, if you can arrange to come Sunday or Monday we believe you can be taken care of more easily, thereby leaving the preview for those who live out of town. Frankly, we would not give a dime to see this picture; but on the other hand we would not miss it for five dollars. Neither did we want this war—but here it is. So what?

**Leopard Man**

Wednesday - Thursday, February 16-17, brings Leopard Man to the screen at the Rogue Theatre. This will be a respite from war type pictures. This is a super-mystery thriller, and we defy you to figure it out before the final scene has been shown. If you like mystery and suspense coupled with the detective angle, you are sure to find a picture right down your alley in the Leo-

pard Man. We are especially recommending this picture to one R. H. Forrester and inviting him to match his reward wit toward its solution. It will make the Thin Man series look like kid stuff. What do you think? Or, do you? Period.

The following was written by Mrs. Elmer Simpson in honor of Lt. (jg) Earl W. Dodd, 2nd in command of a sub chaser.

**A Few ??'s To Ask The Printing Peddler**

When the Peddler Selling Stationery and Printing Supplies Solicits Your Business There Are A Few Questions Which He Should Be Willing to Answer to Your Satisfaction.

**Among Them Being:**

- ? Does he pay taxes in this community?
- ? Does he donate space in his newspaper to your local community enterprises?
- ? Does he pay wages to a force of employees located in this City, County, or State?
- ? Does his paper devote its entire space toward the betterment and upbuilding of this community?
- ? Does he grant you every favor that you would ordinarily ask of a local newspaper?
- ? Does the quality of his merchandise stand inspection—is it on quality paper stock and the printed matter attractively arranged?
- ? Will he submit proof of your work before finishing and mailing it to you C. O. D.?
- ? Does his price include postage and insurance charges?
- ? Can he supply your order on short notice?

If he can answer all the questions in the affirmative, he is entitled to your business.

# Welcome these Soldiers of Victory!

THE "shock troops" of your Government's 4th War Loan Drive—a drive that must raise \$14 billion to put the punch behind the punch that may make 1944 the date of doom for the Nazis—will soon call on you to buy your personal quota of Bonds. For, of the \$14 billion that must be raised in this Drive, \$5.5 billion worth must come from individuals.

Welcome these American men and women—5 million of them—who are not only buying their share of Bonds but are giving their time to call on you, personally.

Every office, every plant, every home, every individual in America has a quota to meet. Your personal quota is at least one extra \$100 Bond. That's above your regular Bond buying.

If possible, buy your extra Bonds during this drive at the plant or office where you work. A volunteer Bond worker will sell you there. Otherwise, welcome him to your home when he calls. Or find one in the thousands of retail stores all over the United States. They want to find you—you must help see that they do.

If you are unable to make your purchases from a soldier of victory be sure to go to one of these other special War Bond stations to buy your extra Bonds:

- BANKS AND TRUST COMPANIES
- U. S. POST OFFICES
- SAVINGS AND LOAN ASSOCIATIONS
- BUILDING AND LOAN ASSOCIATIONS
- BROKERAGE AND INVESTMENT FIRMS
- MOTION PICTURE THEATRES
- CREDIT UNIONS
- CERTAIN GOVERNMENT AGENCIES
- NUMEROUS CORPORATIONS AND FIRMS FOR THEIR EMPLOYEES
- PRODUCTION CREDIT ASSOCIATIONS
- NATIONAL FARM LOAN ASSOCIATIONS
- MISCELLANEOUS BOND BOOTHS
- RADIO STATIONS
- RETAIL STORES
- NEWSPAPERS

Remember your job in this Drive is to buy more than your share of Bonds. That's the only way you can be certain you are still backing the attack. So be ready to meet your War Bond representative with an open check book.

This sticker in your window means you have bought 4th War Loan securities.

Let's all BACK THE ATTACK!

## Son Of Wheeler Couple Is Training Men For Army Air Force

AAF Flying Training Detachment, Chickasha, Okla., Feb. 9 — (Special) — Clint G. Frye, of Anadarko, Okla., is launching aviation cadets on their flying careers at the Chickasha Army Air Forces primary school.

The expert flier is a civilian pilot instructor at the school and gives each cadet assigned to him some 65 hours of aerial training in 175-horsepower training planes. He coaches his students through their first solo flights and continues their training through aerial acrobatics and other maneuvers.

Frye was owner of the Frye Sewing Machine Company at Anadarko for eight years. He began his flying assignment in February of 1943.

He is the son of Mr. and Mrs. Tobe Frye of Wheeler and is a cousin of Jack Frye, president of Transcontinental Western Airlines. He has a son, Elster Ray Frye, 18, who is serving in the navy in the Pacific.

The Army Air Forces Training Command supervises the training of thousands of aviation cadets by expert civilian fliers at contract flying schools, with the AAF Central Flying Training Command at Randolph Field, Texas, forming the hub for the mammoth program.

Hundreds of civilian fliers receive standardized army aerial instruction at Randolph Field as the foundation for their duties as instructors. Their students at primary schools are cadets who have completed five-month courses at College Training Detachments.

## Local FSA Borrowers Repay 50% More Money Than Borrowed In '43

Nearly fifty percent more money was repaid to the Farm Security Administration in this region during the last fiscal year than was loaned by the agency, J. Vinson Younger, FSA Supervisor in Wheeler county, said here today. FSA loaned \$3,517,422 in the region, while borrowers repaid \$5,049,339.

These figures are part of the complete report being given FSA district supervisors by Regional Director Ray E. Davis, at the supervisors' meeting being held in Amarillo Tuesday through Friday of this week. Wheeler County and 18 surrounding counties comprising District I are being represented at this meeting by Oris R. Bruner, District Supervisor, and Miss Bessie Mae Love, associate District Supervisor. Region 12 comprises New Mexico, the Oklahoma Panhandle, and the western portion of Texas.

"We believe these repayment figures afford ample proof of what financial assistance plus supervision will do for small farmers," Mr. Younger said. "Such repayment record means that the contribution of these people to the Nation's food production effort was enormous."

The farm ownership division of FSA, which makes loans to help former tenants become landowners, also will show a remarkable repayment record, according to Mr. Davis' report. The regional director declared that most of these borrowers were on the variable payment plan, which enables them to make larger payments in good years and smaller payments in bad years. As a result, many are as much as fifteen years ahead of schedule on repayments. Six borrowers paid off their FSA loans in full this year entirely from farm earnings.

Mr. Davis will review for benefit of district supervisors and associate supervisors event of a recent meeting in Cincinnati, where regional directors met for the first time with the new FSA national administrator, Frank C. Hancock, former North Carolina Congressman.

"Mr. Hancock means for FSA to be run on a businesslike basis, for the protection of the government's money and improvement of the lot of the low-income farm families it is charged with serving," Mr. Davis declared. He said the new administrator had won new support for FSA inside and outside Congress by his

tion. The other type is Plainsman maize which stands up better than Martin maize and further down state yields much better than Martin milo but has not been tried extensively in Wheeler county. 21 farmers have signed up to give Plainsman maize a trial. They should not plant their entire crop in this variety but only 10 to 20 acres or sufficient area to give it a trial and then after a thorough trial, if it proves better in Wheeler county, we will plant larger areas. This was a plan used in spreading the Martin maize. If after one year it proves profitable, we will have plenty of native seed.

Hogs cannot be grown profitably in large volume without green pasture and tenants and others who do not have pastures fenced off and can not get hog wire can use electric fence very economically. This type of fence is easy for tenants to move.

All poultry flocks should be culled very closely. The difference for feed and egg prices does not permit a farmer to feed non-layers so the closer culled, the more profits from those left and at the same time make room for baby chicks they expect to get in the future.

bond purchases to be made in each community immediately following the broadcast; and that banks and other issuing agencies take specific steps to keep sales offices open and amply staffed until late on Saturday, February 12th, so that every possible person who hears the Friday night Dyess-inspired broadcast can purchase an extra bond or two during the following day.

The fighting men from Wheeler county don't talk much about our bond sales. Neither do they talk about their chances of coming back. And there's a connection all right. They're risking their lives . . . for you. What are you doing?

There are battles coming . . . tough, bloody, hard-to-win battles . . . before this war is over. And while our boys are invading and clawing their way onto strange shores . . . for us . . . shall we here in this typical American attitude demanding efficiency of administration and strict adherence to Congressional decrees.

can county surrender by failing to do our part in reaching our 4th War Loan quota? That would be equal to losing a battle.

It all depends on you! Obviously we can't make our county quota unless you first make yours. In the same way, the state and national quotas depend for success on what we and other communities do . . . buy at least one extra Series E \$100 bond. Invest more if you possibly can . . . \$500, \$1,000, \$5,000, \$10,000 . . . invest to the very limit of your ability. Think how welcome the \$4 for \$3

you get when you invest in Series E War Bonds will be when these bonds mature, and the war is won. And think how welcome the news will be to our fighting men when we've gone over the top in making our 4th War Loan quota. Do your part today!

Mr. and Mrs. G. A. Asbery and family moved this week to Berger. Albert Holcomb of Kelton was a visitor in Wheeler Wednesday. District attorney Walter E. Rogers was a business visitor in Wheeler today.
