THE COUNTY SEAT NEWSPAPER

Wheeler FSA Borrowers Repay \$71,141.09 On Loans During Fiscal Year

The Farm Security Administration in this region, which includes New Mexico and West Texas, received from borrowers nearly one-third more than it loaned during the fiscal year which ended June 30, 1944. Oris R. Bruner, District FSA Supervisor in charge of Wheeler County and twelve other surrounding counties, announced today from Ruidoso, N. Mexico, where he is attending a region-wide meeting to plan for the new year's activities.

"These figures prove what a little financial credit and technical supervision will do for the small farmer," Archie P. Bumpers, Chairman of the Wheeler County FSA Committee said in commenting upon the report.

The report shows that FSA during the year made 5,019 loans amounting to a total of \$3,313,394. Farmers, on the other hand, repaid to the government a total of \$4,190,873 on their loans. This compares with 6,028 loans made in the previous fiscal year amounting to \$3,517,413 and repayments of \$4,981,829.

Last year Wheeler county farmers borrowed \$56,373.00 from FSA and repaid \$71,141.09.

Sixty-two of the 5,019 loans made the year just closing were to help family-type farmers become land-owners. FSA makes these loans under its farm ownership program authorized by Congress in the Bankhead-Jones Tenant Purchase Act. The borrower has up to 40 years to repay his loan, at 3 percent interest. However, Mr. Bumpers declares many will repay much sooner, using the variable payment plan which enables them to make larger payments in good years and smaller payments in bad years. Fourteen repaid their loans in full during the year.

The bulk of the loans were made under the FSA rural rehabilitation program. These loans may run for five years, at five percent interest. They are to finance purchase of livestock, equipment and small improvements to get the little farmer into capacity production.

"FSA is not only proving economically sound, from the standpoint of the government getting its money back from borrowers, but it is raising the living standard of hundreds of American farm families," Mr. Bumpers added.

"This is particularly gratifying when it is considered that these farmers had little or nothing when they came on the program," Mr. Bumpers emphasized. "They were not even producing their own food, and many were in ill health and without hope. Today they are feeding their own families well and producing an amazing surplus for their nation at war."

FSA Supervisors at the Ruidoso meeting were told by Regional Director, Ray E. Davis, to be ready to assume an even bigger role in American agriculture when at the end of the war the government begins assisting returning veterans to establish themselves on family-type farms.

Demo Delegates Named To State Convention

R. D. Holt of Wheeler and Frank DuBose of Shamrock were named as delegates to attend the State Democratic Convention when representatives of three Wheeler county precincts met Saturday morning in the regular county convention. Precincts 3, 21 and 5 were the only ones represented at the county meeting.

A. B. Crump of Wheeler and Bill Walker of Shamrock were named as alternates to the state convention that will be held in Dallas Sept. 12.

Wheeler county delegates will go to the state convention uninstructed as to any new matters to come before that body of delegates.

Purchases Registered Jersey

A registered Jersey, Coronation Fern Bea Fille, 1308470, was recently purchased by Elma Mae Satterfield, Mobeetie, it is learned from the American Jersey Cattle Club that records each change of ownership, each production record and each type classification of Jerseys in the forty-eight states of America.

Hospital News

O. F. Conner entered the hospital for treatment July 29.

Mrs. J. L. Shumate entered the hospital for treatment July 29.

J. A. Ackley entered the hospital for treatment July 30.

Mrs. Sid Morgan entered the hospital for treatment August 3.

John H. Stillwell entered the hospital for treatment August 3.

Mrs. Cicero Craig entered the hospital for treatment August 3.

Mrs. C. G. Asbery underwent an appendectomy August 3.

1944 Support Price For Cottonseed Same As '43

By V. B. HARDCASTLE
Administrative Officer Wheeler County ACA

The minimum support price for cottonseed established for the 1943 crop will be extended by the War Food Administration to cover the 1944 crop of cottonseed. This support price is \$55 per ton, F. O. B. shipping point in Oklahoma, Texas, and New Mexico; and \$56 per ton, F. O. B. shipping point in all other producing states. The support price reflects existing OPA ceiling prices on cottonseed products, which also remain unchanged.

The 1944 support price will be effective through an "open offer" by the Commodity Credit Corporation to support the market for cottonseed products. Operators of cottonseed crushing mills who accept the offer agree to pay for all cottonseed of the 1944 crop purchased in lots of 5 tons or more between August 1, 1944 and July 31, 1945, not less than the specified minimum support price, f. o. b. shipping point, basis 'U. S. Standard Grades,' as amended July 18, 1939, subject to the rules, regulations, and standard methods covering the handling, sampling, and analysis of cottonseed for grading purposes established by the War Food Administration.

For all oil mills which accept the offer, Commodity Credit Corporation will support prices for cottonseed products through July 31, 1945, with an offer to purchase cottonseed oil at 18th cent per pound below the ceiling price; bulk cottonseed meal, 41 per cent protein minimum, at \$43 per ton in Louisiana, Mississippi, Arkansas, Tennessee, Missouri, and Illinois; \$44 per ton in North and South Carolina, Georgia, Alabama, and Florida; and \$45 per ton in Texas, Oklahoma, New Mexico, Arizona and California; and 'chemical grade' linters at the ceiling price.

Prices actually received by growers will, of course, vary from time to time and by areas according to the quality of seed being marketed, the prices being paid by mills, and the growers' margin in effect at the time of marketing. Weather during the harvest period will affect the quality of the seed. Lower moisture in the seed will make each pound more valuable; wet weather will increase the moisture content and decrease the value.

NEW 1944-45 COUNTY FARM MACHINERY QUOTAS WILL BECOME EFFECTIVE OCT. 1

Farm machinery and equipment controlled by WPB, Order L-257, under the 1943-44 order ended June 30, 1944. This was designated as schedule A period, extending from July 1, 1943 to June 30, 1944. On July 1, 1944 schedule A will be succeeded by schedule B which authorize production for period July 1, 1944 to June 30, 1945.

Manufacturers were given a grace period of 30 days on the '43-'44 production, extending through July 31 to finish schedule A equipment, after which unfinished '43-'44 production is automatically cancelled. This applies to all L-257 implements except combines over 10 feet, corn pickers, field and silage cutters, peanut pickers, corn shellers, hay balers, feed grinders and crushers for which manufacturers have until September 30 to complete schedule A authorizations.

Therefore, machinery mentioned above and machinery manufactured prior to July 31, 1944 is the only machinery which certificates can be issued on until October quotas become effective.

According to our records certificates are still being held by individuals. These are badly needed by others to purchase machinery now available on the floor. If you are a holder of one of these certificates and do not plan to make immediate purchase please return this certificate to the County Farm Rationing Committee in order that machinery now available can be purchased and placed in operation.

All county quotas have been exhausted on all rationed machinery leaving several producers in dire need of implements, such as tractors and combines, and apparently the only means that the committee have in helping these producers until October are for unused certificates to be returned.

CARL WRIGHT IS NOW IN McCLOSKEY GENERAL HOSPITAL

Sgt. Carl M. Wright, now at McCloskey General Hospital at Temple, called his mother, Mrs. W. F. Wright, last night and told her he would probably be in the hospital quite a while but he was getting along fine. Sgt. Wright was wounded in the right leg June 11 in France when a bomb exploded near him.

C. S. Dison visited his son, Bill Dison, and family Tuesday.

Mary Alice Waters is a new employee at McIlhany's.

Rain, Lack Of Asphalt Delaying Highway Paving

Occasional rains and lack of an available supply of asphalt have somewhat delayed the progress of the crew repaving highway 152 from the Gray-Wheeler county line to a point five miles east of Wheeler. About six miles of the road base had been reworked when the crew took off today because of a lack of asphalt. On this stretch, however, two coats of asphalt topping and small rock are to be added.

The road is being rebuilt by the Uvalde Construction Company of Dallas and will be one of the finest in this part of the state when completed.

Wheeler Suffers With Heat With Rest Of State

Temperatures climbed above the century mark in Wheeler for the fourth straight day today hitting a season high of 103 degrees yesterday afternoon. A good rain, ranging from one and three-fourth inches, fell over practically the entire county Saturday night and furnished crops with an abundance of moisture helping materially in preventing them from suffering too severely from the heat wave that has blanketed the state this week.

The Amarillo paper reported this morning that city had experienced 104 degree temperature for the third straight day to set a new heat record. Blistering weather continued downstate for the ninth consecutive day. There has been no rain in Corpus Christi and outlying regions in that coastal section in 66 days and the Austin area has been without rain for an entire month. The Dallas paper this morning reported that in that city since July 25 the mercury has pushed above the century mark every day except on two days, when it lagged only one degree behind. Two of those days, July 27 and 28, brought the season's high of 104 and 105.

Major Wood Speaks To Lions Club Group

Major Thomas Wood, son of A. C. Wood, and former Wheeler young man, arrived here Tuesday while on a 21-day furlough and spoke briefly to the group of men attending the Lions Club luncheon Tuesday afternoon.

Veteran crew leader of an Eleventh AAF heavy bomber that recently climaxed their participation in driving the Japanese from the Aleutians by following the enemy to his homeland with long-ranged bombing raids to the Kuriles and holder of the Air Medal for his accomplishments, Woods talked very little of actual enemy engagement because of censorship regulations. He did, however, mention the splendid job the American young men are doing in beating back the enemy to their homeland and told of how anxious they are to march down the streets of Tokyo in completion of the task assigned them. He said that morale among the men is high despite the fact that they are anxious to return to their homes and the regular American way of living. He complimented highly the care that the army affords the men and stated that the majority would return to their homes much better off physically than when they joined the forces of Uncle Sam.

Other visitors at the luncheon were C. R. Stahl, Lew Roberts and Grady Thompson of the Southwestern Public Service Co., J. T. Dearen and C. S. Dison of Amarillo, Pfc. Max Wiley, Nebraska; Bill Perrin and Joe Tilley of Wheeler; H. S. Little, new Wheeler County FSA supervisor, is a new member.

Emergency Crop Loans Are Now Available

Emergency Crop Loans for the production of winter wheat and other small grains are now available to farmers in Wheeler County, and applications for these loans are now being received at the county agent's office by F. A. Peek, Field Supervisor of the Emergency Crop and Feed Loan Division of the Farm Credit Administration.

These loans will be made, as in the past, only to farmers whose cash requirements are small and who cannot obtain a loan from banks or other sources.

As in former years, the money loaned will be limited to the applicant's necessary cash needs in preparing his land and seeding his 1944 grain crops. Eligibility rules are the same as in former years. The amount which may be loaned to any one farmer in 1944 may not exceed \$400.00.

Borrowers who obtain loans for the production of grain crops are required to give as security a first lien on the crop financed.

AWARDED COMBAT DECORATION

With the Fifth Army, Italy — Technical Sergeant Reaford D. Harris, son of Mrs. Minnie Dee Harris, who lives in Kelton, has been cited by his regiment of the 36th "Texas" Infantry Division and awarded the Combat Infantryman Badge of actual participation in combat with the enemy while serving on the Fifth Army front in Italy.

Standards for the Badge are high. The decoration, which was recently authorized by the War Department, is awarded to the infantry soldier who has proved his fighting ability in combat.

The handsome badge consists of a silver rifle set against a background of infantry blue, enclosed in a silver wreath.

MR. AND MRS. BOWLES HEAR FROM SON

Mr. and Mrs. R. M. Bowles have received the following letter from their son who is somewhere in the Pacific. He is also the grandson of Mr. and Mrs. John Cornelius.

July 16, 1944

Dear Mother and Daddy,

Well, here comes a line or so from that son of yours. Bet Daddy is busy scaring the crows off the watermelons. Wish I were there for the first melon and some corn on the cob with lots of Mom's good butter.

I have a few things I want to ask you, Mother. If I don't return from this trip, don't feel as you often said you would. You remember you said if you signed the papers and I didn't return you would feel as if it was your fault. But just think, if you hadn't signed those papers I would have to go to the army soon, and Mother, I love the Navy. Don't worry. Here is the way I look at it if it comes my time to go, no matter where I am I will go. And another thing, I'm glad I can serve my country, the good old United States of America. So please try to reason what I am trying to ask of you.

When this is over, you will see many a boy coming home and your son is going to be one of them. So keep praying and our "Father Who Art in Heaven" will take care of us.

Mother, we have the nicest Chaplain aboard our ship. He had the best sermon for we boys yesterday. I go to church every Sunday. Mother and Daddy, I pray for you every night and somehow I know you are well. Really it's a grand thing God can make you know when we are so far apart. But He understands because He is our leader.

Lots of love, your son,
Chester K. Bowles
P. S. Tell every one hello! and I love to get letters from the old home town.

CPL. TEMPLE HOOKER WRITES

France, July 14, 1944

Hello Sir:
I suppose that you will be very surprised to hear from me, although you didn't know me at the time I came into the army, I am very happy to have had the pleasure of being raised in the town of Wheeler.

Until I arrived here I didn't know just what the meaning of total war was, but right now I think I know just what it means. I am very happy to know that I am having my chance to do my very small part.

Words cannot describe things as they really are and if I hadn't seen this I don't believe I could understand just what is taking place.

I want to thank the draft board for giving me my chance, because I have everything to gain and nothing to lose.

Being that I am a very poor hand at writing I will close with a hello to everyone and God Bless America.
Cpl. Temple Hooker

Funeral Services Held Monday For Lowrie Boy

Funeral services were held at 5:00 o'clock Monday afternoon at the Church of Christ for Douglas Arthur Lowrie, two year old son of Mr. and Mrs. Elmer Lowrie.

The baby passed away at 10:00 a. m. Monday after being seriously ill for nineteen days.

Survivors besides the child's parents are four brothers, Harold Lee, Kenneth Joe, Huey and David. Pallbearers included Levi Reid, Truman Wright, Rueben May and Narville Arganbright.

Judge A. C. Wood and C. V. Haning officiated at the last rites. Burial was in the Wheeler Cemetery under the direction of the Hunt Funeral Home.

D. O. Beene returned Tuesday from a ten-day visit at Hot Springs, New Mexico.

Former Wheeler Youth Burned In Explosion

Don Rowe, about 16, son of Mr. and Mrs. P. V. Rowe, former Wheeler residents, is in a Pampa hospital recovering from severe burns received when gasoline exploded Monday while he was filling the fuel tank of a combine while working six and one-half miles west of Pampa.

The boy was burned about the arms, face, chest and legs and is suffering internally from fumes he inhaled.

Both the youth's grandparents, Mr. and Mrs. A. C. Mitchell and Mr. and Mrs. Fred Rowe, reside here. A long distance call to Pampa this morning reported him little improved and that it would be two or three days before he passed the critical stage.

Thirty Men Take Preinduction Physical

The following Wheeler county selectees were forwarded to Lubbock for pre-induction examination July 30.

Charles A. Elliott, William E. Beesley, Floyd I. Norrid, Roy H. Johnson, L. B. Valentine, Oscar D. Rogan, Jr., Olin I. Montgomery, Alford L. Martin, J. Frank Lummas, Marion J. Williams, Charles Lee Bohler, Lovel Hiram Johnson, Carl W. Martin and George A. Wright.

MORE MEN LEAVE TODAY

The following group of men left Wheeler this morning to go to Oklahoma City for their preinduction physical examination. This is the first group to go to Oklahoma City from here since the Lubbock preinduction station was closed July 31.

William O. Sloss, Porter Lee Wiginton, Jesse Deon Anderson, Harvey Russell Wright, Willie B. Hughes, J. L. Hampton, James Royce Reneau, Billie Jack Kemper, Norman Orrval Marler, Milford Lesley Robinson, Jim George Howell, Robert Lee Orrick, Roscoe Pershing Allen.

Transferred out: Wilbur Kenneth Roberts and Carl Newman Wright.

Transferred in: James Gulf Blasdel.

4-H Club Girls

Encampment Aug. 3

4-H club girls of Wheeler County will have their annual encampment August 3-4, at the Riley place between Wheeler and Twitty. Registration will begin Thursday, August 3, at 2:00 p. m. with council officers in charge. Each club will be accompanied by their sponsor.

One of the outstanding features of the program will be a talent show. Each 4-H club will participate in this program. Other features will be handicraft, hikes, games and other forms of recreation.

Briscoe Revival

To Begin Friday

Rev. Melvin L. Porter announces that revival services at the Briscoe Baptist church will begin Friday night, Aug. 4, and continue through Sunday, Aug. 13. Rev. R. L. Porter of Lela will do the preaching. Morning services will begin at 11 o'clock and evening services will begin at 9 o'clock. "Everyone is invited to come and worship with us."

HELPING BUILD CITY

The May issue of Forbes Magazine, American Builder for April and May, Practical Builder for May have all featured Midwest City, Oklahoma City's war city with a post war plan.

In June, Look magazine carried a story about the unique city. Ben C. Wileman, former Wheeler man and son of Mr. and Mrs. W. B. Wileman, and building contractor, has supervised the building of 153 single-family homes of frame construction in the new addition to Oklahoma City. This is a large number of single-family homes than constructed by any other contractor in the war time and post-war project.

Primitive Baptists Will Hold Annual Meeting

The Primitive Baptists will hold their annual association meeting beginning Thursday night, Aug. 10, in the high school gymnasium. The meeting will be concluded Sunday with preaching services.

COUNTY BOARD OF EDUCATION MEETS SATURDAY AFTERNOON

The County Board of Education will meet Saturday afternoon, Aug. 5, in the office of the county school superintendent in the court house to approve transfers, classify schools and approve the budget for the coming year.

The board is composed of H. M. Wiley, chairman, John McCarroll, precinct No. 1, Tom Britt, precinct No. 2, A. N. Anderson, precinct No. 3 and Glen Bell, precinct No. 4.

SID T. MORGAN, PROMINENT PIONEER, PASSES AWAY

Another prominent Panhandle pioneer farmer and community builder has passed. Funeral services were held at 1:00 o'clock yesterday (Wednesday) afternoon for Sidney Thomas (Sid) Morgan, resident of this community since 1919. Mr. Morgan had been seriously ill for several weeks and had recently undergone major surgery in an effort to save his life but passed away at 3:45 a. m. Monday at the age of 72 years, 4 months and 26 days.

Mr. Morgan was born December 5, 1871 in Poplar Springs, Henderson County, Tennessee and made his home in Tennessee until he was twenty-one when he moved to Jericho, Texas and homesteaded land. He lived there until 1919 when he came to Wheeler county and established his home four miles north of Wheeler where he was living at the time of his death.

While living in Tennessee, at the age of 16, he surrendered his life to Christ and joined the Baptist church and he had lived a life of service, always ready to help his fellowman and neighbor, even to the time of his last illness.

While living at Jericho he was married to Miss Jettie Mae Schaffer February 21, 1894. To this union 13 children were born. Two preceded their father in death. All eleven surviving children were present for the last rites held in the Wheeler Baptist church. They include Chester Sidney Morgan, Mrs. Alta Lamb, Miss Alice Morgan and Mrs. Helen Martin, Wheeler; Mrs. Julia Williams, Mobeetie; Willie Morgan, Pampa; Mrs. Dottie Phillips and James Alex (Pete) Morgan, Amarillo; Bennie Morgan and Mrs. Chlorine Spruell, Los Angeles, Calif.; and Mary Banta of Topeka, Kansas. His devoted wife, 29 grand children, 3 great-grand children, other relatives and a host of friends are among other survivors. Three of the grandsons are in the service for their country.

After funeral services here the body was taken to the Jericho cemetery where it was laid to rest in the family burial plot. Mr. Morgan's father had donated land for the Jericho cemetery and it was his request that he be buried there.

Rev. A. C. Wood officiated at the last rites in Wheeler and graveside rites at the cemetery. Burial was under the direction of the Hunt Funeral Home of Wheeler.

Pall bearers were Harry Wofford, Terrell Gunter, Ernest Lee, Walter Sorenson, Claud Barker, and Evert Smith. Dorothy Greenhouse, Mrs. Katie Finsterwald, Lucille Hutchinson, Florine Wright, Lillie McClain, Mrs. Fay May and Pearl Hanning of Canadian acted as flower bearers.

The passing of Mr. Morgan is the passing of another noble character in the history of Wheeler county. It was the rugged pioneer like him that helped in making the Texas Panhandle what it is today.

Canning Center Open 8:00 A. M. To 6:00 P. M.

Mrs. Bill Perrin, supervisor in charge of the Wheeler Canning Center, asks that persons who bring food stuffs to the center to get to the center early enough in the day that they can complete their canning before 6:00 p. m. Hours set for the center to remain open are 8:00 a. m. until 6:00 p. m. Mondays through Fridays. Mrs. Perrin suggests that only enough food be brought at one time that may be canned that day and a similar amount brought on following days rather than try to bring everything the individual hopes to can in an effort to get it over with in one day.

Use of all the equipment is free and scores of persons are now taking advantage of the center since there is an abundance of produce now ready.

Motorists Advised To Keep Basic A Gas Book

Miss Bonnie Hall, chief clerk of the Wheeler County Rationing office, asks that passenger car owners keep their old basic A gas books since it will be necessary to turn them in when applying for renewal gasoline ration coupons. The office has no official information as to the exact date for renewals of A books but it will probably be around August 15, Miss Hall stated.

DONALD HUNT BEGINS ARMY-NAVY TRAINING

Donald Hunt left Tuesday to report to Baylor University, Waco, to begin his training in the Army-Navy V-12 program for high school graduates.

We Remind Again

Perhaps it doesn't matter to you that the government is worried about the indifference of the majority of the public, in their disregard for war-time speed for autos and of indifference to saving tires. You may feel that your means of transportation is secure until that time when tires and cars will be available to the public. When war was declared in this country, the cars had on them 140 million tires that would last for about three years. In 1942 no passenger car tires were manufactured and in 1943 only 2 million, so just figure it out for yourself. Synthetic tires won't be available in quantities until next year. War workers are said to be the worst in regard to saving in speed and tires, since they feel they have a right for replacement. Highways around war plants are the most crowded, with speed at a pre-war level. We must conserve if for no other reason than that about 150 thousand cars are leaving the country's highways each month, without replacements.

Look To Tomorrow

A hint of what lies in store as gift suggestions in men's apparel, is appalling. It seems that ties, socks, handkerchiefs, shirts and so on, will rival the ladies what-nots in color. There will be braces and ties to match of the wildest colors and weirdest designs, that may not appeal to a conservative papa but something that mama will go for! Lipstick red shirts will go to the office instead of the woods. Plaids will run rampant and probably alter the white collar man into a thing of beauty and a joy forever. Ties with guns, quail, dogs, painted on them will have an appeal to the outdoor type. Those suede and cape-skin front jackets that Junior felt was in his own particular class now catches up the duds, and it's about time he had his fling into the jaunty, that guy.

They Need Blood

We who read, can't fail to notice the constant appeal for more blood donors in order to get blood plasma with which to treat the wounded. The surgeon generals of the army and navy have asked for a fourth more blood this year than last. This means 5 million pints to sustain life maybe in your own son or daughter. As we strike faster and further in this war there is more of a demand for this precious plasma. We have seen pictures of the wounded on fields of battle, being given transfusions, perhaps from your own blood supply, or of a friend, or from this town. With all of the needs of this war, nothing holds a more important place in the line than blood for the dying. Visit a blood station whenever in the neighborhood of one.

None of us are losing much sleep over who will win the Nobel Peace Prize this year.

It would be a help if rabbits liked ragweed and poison ivy instead of our garden produce.

Some of our fishermen are telling just as many big tales about the length of the carrots and radishes they grow.

A woman can talk in the sweetest tone to a woman she dislikes the most.

Pertinent Paragraphs from Panhandle Press

Items of interest culled from newspapers on the Times' exchange list.

And so, unless you are really flagrantly violating the OPA driving rules, why you might as well be above-board about it and help out the local news page. If you insist we could probably fix it something like this: "Mr. and Mrs. Johnnie Doe spent Sunday in Blanktown on business. After starting their business at the Sunday dinner table, they carried on further business discussions at the lake near that city. Business was concluded late Sunday evening at the midnight show." —Roy Hahn
In the Briscoe County News

Some of our capable economic and political observers and writers advance the opinion that it will not matter much who is elected this time, that the United States is headed for a radical change anyhow.

With big business getting richer and richer on war contracts and labor drunk with power and administration coddling, a lot of things can and will happen before equitable grounds and understandings are reached for the good of all.

And don't forget the Communists of America are now lined up with the Roosevelt party. —Higgins News

Some of the pictures the news photographers are sending back from France are so realistic that they almost tear your heart out. They serve the needful purpose, however, of making our home-fronters realize, at long last, that the war our boys are waging is not something dreamed up in Hollywood.

Among them are pictures of General Eisenhower—chatting, grinning and in such sincere fellowship with his Yanks, washing his face in a ten wash basin up front—just being himself, "Ike."

Somehow they make us trust him all the more—particularly after remembrances we have of frozen-faced militarists thrusting out their granite chins, apparently forgetful of the humanness of us all.

—Ochiltree County Herald

Hitler may not know it, but his military men know that Germany is whipped. The revolt against Hitler may be serious, or may be another case of propaganda, hoping that the United Nations will not push the war too hard. Hitler is said to be urging his troops to hold out until after election in November, hoping that Dewey will win and that America will be willing for a more lenient peace by that time. Maybe some more propaganda. —Canyon News

We are glad to see Governor Stevenson reelected and most of Texas must feel the same way, if the large vote is an indication. Governor Stevenson has reduced the state deficit six million dollars, following Mr. O'Daniel, who ran into debt some 15 million dollars after being elected as a "business man." The state should be out of the red by the first of the year, a most desirable condition for any state or country. —McLean News

If the regular election in November doesn't create any more interest than was shown in the primary election last Saturday in Hall County, most anything can happen. After the national Democratic convention selected Senator Truman of Missouri as running mate for President Roosevelt, there is little doubt about the outcome — the Democratic ticket will win. It is doubtful if it could have won had Vice President Wallace been nominated instead of Truman. —Memphis Democrat

Mrs. Alvis Reeves and daughter, Alvetta, of Jowett Station, were Wheeler callers Monday.

LEGAL NOTICE

(First published in the Wheeler Times August 3, 1944) 4tc

H. J. R. No. 8

HOUSE JOINT RESOLUTION

proposing an amendment to Section 51 of Article 3 of the Constitution of the State of Texas, by adding thereto Sections 51-e and 51-f; Section 51-e providing that cities and towns in this State shall have the power and authority to provide a system of retirement and disability pensions for their employees, provided, however, that no pension system shall be set up in any city until it has been approved at an election by qualified voters entitled to vote at an election on the question of the issuance of tax supported bonds; Section 51-f providing that the Legislature shall have authority to provide a system of retirement and disability pensions for appointive officers and employees of cities and towns to operate Statewide or by districts under such plan or program as the Legislature shall direct and shall provide that participation therein by cities and towns shall be voluntary; provided that the Legislature shall never make an appropriation to pay any of the cost of any system authorized by this Section; providing for an election on the question of the adoption or rejection of such an amendment and making an appropriation therefor; providing for the proclamation and publication therefor and prescribing the form of ballot.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51 of Article 3 of the Constitution of the State of Texas be amended by adding thereto Sections 51-e and 51-f, which shall read as follows:

"Section 51-e. Each incorporated city and town in this State shall have the power and authority to provide a system of retirement and disability pensions for its appointive officers and employees who have become disabled as a direct and proximate result of the performance of their duties, or have passed their sixty-fifth birthday, or have been employed by such city or town for more than twenty-five (25) years and have passed their sixtieth birthday, when and if, but only when and if, such system has been approved at an election by the qualified voters of such city or town entitled to vote on the question of issuance of tax supported bonds; provided that no city or town shall contribute more than the equivalent of seven and one half (7½) per centum of salaries and wages of the officers and employees entitled to participate in its pension system, and that said officers and employees shall contribute a like amount; and this Amendment shall not reduce the authority nor duty of any city or town otherwise existing.

"Section 51-f. The Legislature of this State shall have the authority to provide for a system of retirement and disability pensions for appointive officers and employees of cities and towns to operate Statewide or by districts under such a plan and program as the Legislature shall direct and shall provide that participation therein by cities and towns shall be voluntary; provided that the Legislature shall never make an appropriation to pay any of the cost of any system authorized by this Section."

Sec. 2. The foregoing Constitutional Amendments shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State in November, 1944, at which all ballots shall have printed thereon, "For the Constitutional Amendment providing that the cities and towns in this State shall have the power and authority to provide a system of pensions for their appointive officers and employees." All ballots at such election shall also have printed thereon, "For the Constitutional Amendment giving authority to the Legislature to provide for a system of retirement and disability pensions for appointive officers and employees of cities and towns." Each voter shall scratch out two (2) of said clauses on the ballot, leaving the two (2) expressing his vote on the proposed Amendments.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

Sec. 4. The sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

Helen Haddix of Ft. Worth recently visited Miss Amy Sue Beckett.

POLITICAL ANNOUNCEMENTS

Subject to the action of voters in the Second Democratic Primary, August 26, 1944.

For County Tax Assessor-Collector:

JAMES O'GORMAN

T. L. GUNTER

For Commissioner:

Precinct No. 1:

LLOYD ANGLIN

J. P. KEETON

RUPTURED?

Experimenting with questionable trusses at the expense of your health will prove costly. See your Physician at once for the proper diagnosis and we will fill his prescription to his entire satisfaction.

If your condition has already been determined and you are not securing the proper comfort or relief, pay us a visit at once and be convinced that under competent hands, truss fitting has been reduced to a science eliminating all guess work.

We feature the famous line of Men-Side Spot Pad Trusses which hold the rupture with a fraction of the pressure required by other appliances. We also have a complete assortment of Abdominal Supporters, Bands, Suspenders, Shoulder Braces, etc.

McDOWELL DRUG CO.

NOTICE!

NOW AS THE CAMPAIGN IS OVER AND IN VIEW OF MR. R. L. TEMPLETON'S NEWSPAPER ADS

We desire to make this statement of facts, R. L. Templeton only wrote a letter to us, and never did file a formal application requesting his name be placed on the Democratic Primary Ballot, and has not filed with either of us such application until this day. We knew the law, and knew we could not place his name on the ballot, but trying to avoid criticism we asked the Attorney General of Texas for his opinion, and he advised us we were without authority to place the name of R. L. Templeton on the July Primary Ballot.

Mr. Ennis Favours knew nothing about our action, and had nothing whatever to do with the same. In fact, he never talked to either of us in regard to the matter.

WHEELER COUNTY DEMOCRATIC EXECUTIVE COMMITTEE,

A. B. CRUMP

Chairman, Wheeler, Texas

GRAY COUNTY DEMOCRATIC EXECUTIVE COMMITTEE

JOHN V. ANDREWS

Chairman, Pampa, Texas

OF COURSE

THERE ARE NO ISSUES INVOLVED IN OUR FRIENDLY RACE FOR TAX ASSESSOR-COLLECTOR

The office to which I seek re-election is purely a clerical and bookkeeping job—although a most important one. The assessing and collecting of county taxes is a responsible situation where experience and training are extremely helpful, to say the least.

The books of my office are open to any citizen and I will be pleased to show you the manner in which I have attended to the duties of my office while I have been your tax assessor-collector.

Many Thanks!

To those of you who voted for me in the First Primary I want you to know I appreciate it very, very much and on the basis of the work I have done, I ask for your vote in the August 26th run-off.

I would like for each of you to know that I appreciate the confidence you have shown in me in the past, and if you see fit to re-elect me, you may rest assured that I will continue to perform the work in the same courteous and prompt manner you have known.

T. L. GUNTER

Candidate for Re-election as Your

TAX ASSESSOR-COLLECTOR

The election is over, and I wish to say, that I ran my race on my own merits and not the demerits of any one. I feel that the many unfounded and untrue charges made against me and my family, were made in the heat of the campaign and without due consideration, and despite the sting, I hold no ill will towards any one, and will do my best to represent all the people of the District during the next two years as I have done in the past.

ENNIS FAVORS

Society

MR. AND MRS. CALLAN HOSTS TO PICNIC GROUP

Mr. and Mrs. Martin Callan were hosts at a picnic held at their home Sunday honoring Pvt. Ted Clay, who has been visiting here, and Harold Callan, who is to leave August 8 for service in the Air Corps.

Those enjoying the occasion were: Mr. and Mrs. Henry Miller, Mr. and Mrs. John Conner, Mr. and Mrs. Shelby Pettit and children, Carol and Maurice, Misses Pauline Miller, Louise Whitener, and Gladys Pettit, Mrs. Verna Callan, Mr. and Mrs. J. I. Malloy, Mr. and Mrs. T. S. Puckett and children, Tony Gene and Phillis Kay, Mr. and Mrs. Rayford Purnell and daughter, Gail, Henry Bailey, Pvt. and Mrs. Ted Clay, Harold Callan and Mr. and Mrs. Martin Callan.

H. D. CLUB MEETS AT PAKAN SCHOOL HOUSE

"Many of the same things apply to a commercial pattern as to a foundation pattern in making them fit," stated Mrs. Boultinghouse, county home demonstration agent, to members of the Pakan club when they met Friday afternoon at the school house.

Mrs. Boultinghouse showed how a pattern could be changed so that darts would be from waist line to the shoulder, or from one place to another in a pattern and have the same width in the pattern, but a different type or style of dress. She gave some illustrations on this to the members. Others in the community who are interested in this may get a copy from Mrs. J. W. Stauffer.

Refreshments were served by Mrs. J. W. Stauffer and Mrs. Roy McMullen, hostesses to Mrs. Betty Sue Boultinghouse, Mrs. W. A. Allen, and Miss Mary Ruth Stauffer.

The next meeting will be with Mrs. W. B. Bertram August 11. The demonstration will be on "Rug Making."

MRS. RUSS ENTERTAINS WITH BIRTHDAY PARTY

Mrs. R. G. Russ was hostess to a group of children at her home Monday evening at a party honoring her daughter, Janet, on her seventh birthday. Among those present were: Tony Gene and Phyllis Kay Puckett, Donald and Jo Ann Hardcastle, Wheeler and Larry Don Zirkle, of Erick, Oklahoma.

METHODIST LADIES MEET IN CHURCH PARLOR

The Woman's Society of Christian Service met at 2:30 o'clock in the parlor of the Methodist Church Monday afternoon to continue their study of "God and the Problem of Suffering." Mrs. J. M. Porter was in charge of the study. Others present were: Mesdames Elizabeth Wren, Pete Mayfield, John English, Lloyd Davidson and Ollie V. Hubbard.

Lt. and Mrs. F. O. Koher and baby left Tuesday for Courtland, Alabama to visit Mrs. Koher's brother, Cpt. W. W. Noah, and family before going on to Ft. McClellan, Alabama.

MRS. W. A. GOAD HOSTESS AT PICNIC THURSDAY

Mrs. Andrew Goad was hostess at a picnic held Thursday at McCracken Lake in honor of several Camp Fannin service men who were visiting here last week. Those present were: Pvt. W. A. Goad, Pvt. and Mrs. M. T. Cantrell; Pvt. and Mrs. Marvin L. (Ted) Clay; Pvt. and Mrs. Buster Walsler; Wayne Treadwell, Mr. and Mrs. Henry Walsler; Mr. and Mrs. Taylor Patterson and children; Mrs. J. B. Ogleby; Mr. and Mrs. Lloyd Anglin and children; Mrs. McCracken and brother; Mrs. T. A. Treadwell and children; Mr. and Mrs. A. M. Galmor, Ed Cosper and Mrs. Goad and children.

G. A.'s MET AUGUST 1

The G. A.'s held their regular meeting at the home of their sponsor, Miss Margaret Dyer, Tuesday evening at eight o'clock. Miss Dyer was in charge of the program, "What We Owe The American Indian." Others present were: Virginia Rose Marrs, Mary Alice Waters, Billie Jean Pond, Edna Helen Farmer, Patsy Wiley, Josephine Noah, Melba and Helen Little and Fontilla Montgomery.

THEATER AND SLUMBER PARTY ENJOYED SATURDAY

Frances Porter was hostess to a group of friends at a theater and slumber party Saturday night. Girls enjoying the occasion were: Patsy June Williams, Billie V. Brown, Patsy Noah, Sue Giles, Borger, Peggy Jo Rodgers, Georgia Gay Porter, Yreva Sue Carter and the hostess, Frances Porter.

There's A Reason

MR. POULTRYMAN: THERE'S A REASON IF YOUR HENS DON'T LAY

First are they free of worms? If you have not given them a good worming within the past 90 days, they are probably wormy. Wormy hens don't lay. A good wormer is Purina Check-R-Ton — a flock treatment. Also see that they are free of lice and mites.

The hen is a factory. She will lay if she is healthy, and has the necessary ingredients out of which she can make an egg. These ingredients include Protein, Carbohydrates, Calcium, Phosphorus, and Fats. All these vital ingredients are furnished in the right quantities in Purina Lay Chow.

A good way to get your hens to eat enough in hot weather is to look and see what shade they are loafing under and put plenty of Purina Lay Chow and fresh water handy for them.

H. J. R. No. 18

HOUSE JOINT RESOLUTION proposing an Amendment to Section 9 of Article 8 of the Constitution of the State of Texas, by changing said Section 9 so as to provide that the Commissioners Court in any county may re-allocate the county tax levies authorized in said section by changing the rates provided for any of the purposes authorized in said section by either increasing or decreasing the same, but in no event shall the total of such taxes exceed eighty (80) cents on the one hundred dollars valuation for any one year; providing that before such Commissioners Court may make such re-allocation and changes in such levies that the same shall be submitted to the qualified property tax paying voters of such county at a general or special election and shall be approved by a majority of the qualified property tax paying voters, voting in such election; providing that if and when such re-allocations and changes in such county tax levies have been approved by the qualified property tax paying voters of any county as herein provided, such re-allocations and changes shall remain in force and effect for a period of six (6) years from the date of the election at which same shall be approved, unless the same again shall have been changed by a majority vote of the qualified property tax paying voters of such county, voting on the proposition, after submission by the Commissioners Court at a general or special election for that purpose; providing that this section shall not be construed as a limitation on powers delegated to counties, cities or towns by any other section or sections of this Constitution; fixing the time for the election for the adoption or rejection of said proposed Constitutional Amendment; making certain provisions for said election and ballots thereof and the method thereof; directing the issuance of proclamation therefor; prescribing certain duties of the Governor of the State of Texas; and making an appropriation to defray the expenses of said election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9 of Article 8 of the Constitution of the State of Texas, be so amended that the same will hereafter read as follows:

"Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed thirty-five (35) cents on the one hundred dollars valuation; and no county, city or town shall levy more than twenty-five (25) cents for city or county purposes, and not exceeding fifteen (15) cents for roads and bridges, and not exceeding fifteen (15) cents to pay jurors, on the one hundred dollars valuation, except for the payment of debts incurred prior to the adoption of the Amendment September 25, 1883; and for the erection of public buildings, streets, sewers, waterworks and other permanent improvements, not to exceed twenty-five (25) cents on the one hundred dollars valuation, in any one year, and except as is in this Constitution otherwise provided; provided, however, that the Commissioners Court in any county may re-allocate the foregoing county taxes

by changing the rates provided for any of the foregoing purposes, by either increasing or decreasing the same, but in no event shall the total of said foregoing county taxes exceed eighty (80) cents on the one hundred dollars valuation, in any one year; provided further, that before the said Commissioners Court may make such re-allocations and changes in said county taxes that the same shall be submitted to the qualified property tax paying voters of such county at a general or special election, and shall be approved by a majority of the qualified property tax paying voters, voting in such election; and, provided further, that if and when such re-allocations and changes in the aforesaid county taxes have been approved by the qualified property tax paying voters of any county, as herein provided, such re-allocations and changes shall remain in force and effect for a period of six (6) years from the date of the election at which the same shall be approved, unless the same again shall have been changed by a majority vote of the qualified property tax paying voters of such county, voting on the proposition, after submission by the Commissioners Court at a general or special election for that purpose; and the Legislature may also authorize an additional annual ad valorem tax to be levied and collected for the further maintenance of the public roads; provided, that a majority of the qualified property tax paying voters of the county voting at an election to be held for that purpose shall vote such tax, not to exceed fifteen (15) cents on the one hundred dollars valuation of the property subject to taxation in such county. And the Legislature may pass local laws for the maintenance of the public roads and highways, without the local notice required for special or local laws. This section shall not be construed as a limitation of powers delegated to counties, cities or towns by any other section or sections of this Constitution."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a general election to be held throughout the State of Texas on the seventh day of November, 1944, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"For the Amendment to Section 9 of Article 8 of the Constitution of the State of Texas, so as to provide that the Commissioners Court in any county may re-allocate the county tax levies authorized in said section by changing the rates provided for any of the purposes authorized in said section by either increasing or decreasing the same, but in no event shall the total of such taxes exceed eighty (80) cents on the one hundred dollars valuation for any one year; providing that before such Commissioners Court may make such re-allocations and changes in such levies that the same shall be submitted to the qualified property tax paying voters of such county at a general or special election and shall be approved by a majority of the qualified property tax paying voters, voting in such election; providing that if and when such re-allocations and changes in such county tax levies have been approved by the qualified property tax paying voters of any county as herein provided, such re-allocations and changes shall remain in force and effect for a period of six (6) years from the date of the election at which same shall be approved, unless

LOCAL NEWS ITEMS

Mrs. L. L. Harris of Ada, Okla., is visiting her parents, Mr. and Mrs. C. F. Claussen, of Wheeler, for about three weeks.

Mr. and Mrs. E. N. Hammer and daughter, Mary Ruth, of Pampa were business visitors in Wheeler Saturday.

Mr. and Mrs. O. O. Beaty, of Briscoe, were in Wheeler Saturday.

Mrs. Byron Pendleton was a Pampa visitor last Wednesday.

The same shall have been changed by a majority vote of the qualified property tax paying voters of such county, voting on the proposition, after submission by the Commissioners Court at a general or special election for that purpose; and providing that this Amendment shall not be construed as a limitation on powers delegated to counties, cities or towns by any other section or sections of the Constitution."

Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

"Against the Amendment to Section 9 of Article 8 of the Constitution of the State of Texas, so as to provide that the Commissioners Court in any county may re-allocate the county tax levies authorized in said section by changing the rates provided for any of the purposes authorized in said section by either increasing or decreasing the same, but in no event shall the total of such taxes exceed eighty (80) cents on the one hundred dollars valuation for any one year; providing that before such Commissioners Court may make such re-allocations and changes in such levies that the same shall be submitted to the qualified property tax paying voters of such county at a general or special election and shall be approved by a majority of the qualified property tax paying voters, voting in such election; providing that if and when such re-allocations and changes in such county tax levies have been approved by the qualified property tax paying voters of any county as herein provided, such re-allocations and changes shall remain in force and effect for a period of six (6) years from the date of election at which same shall be approved, unless the same shall have been changed by a majority vote of the qualified property tax paying voters of such county, voting on the proposition, after submission by the Commissioners Court at a general or special election for that purpose; and providing that this Amendment shall not be construed as a limitation on powers delegated to counties, cities or towns by any other section or sections of the Constitution."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and Laws of this State.

Sec. 4. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

The Times War Time Reporter Says

Folks I'll tell you:

I never will forget the time Grandpa was a lying around the house a sleepin' and sippin' his corn licker and Grandma slipped some hard sharp rocks in his pillow. After awhile he roused up and was settin' on the bed holding his head in his hands and he says to Grandma, "I ain't a aiming to drink no more. For 40 years man and boy, I been a sippin' drinking liker; hit's done a lot of things inside my head but this is the fust time it ever put knots outside of hit."

Grandpa was a telling me about a drought down there in his country. He said it got so dry he had to set coon traps for cat fish and he said before that drought was over folks had to wet gun powder fore it would shoot. But he said when that drought broke it rained so hard it drove up all the fence post flush with the ground.

My Granddad would a been a good man to handle these here war strikes. I rekolect one time he was in the chicken business and his hens all went on a set down strike and wouldn't lay—and he broke that up.

He says to 'em, "That's just a fowl idea you old hens has hatched up," and he further states to 'em, "You old hens that is in the age limit is a goin' in the pot iffen you don't produce," and they produced.

And today I am dedicating my little poem to Granddad.

I've always wanted to farm some-time
Down where the post oak grow;
A one eyed mule and a Georgia stock
And a broken handled hoe.

I've never cared for riches,
Just friends that I admired,
Plenty to eat and a shady spot
To rest when I got tired.

Bradstreet wouldn't rate me
For I'd be short on dough,
But boy, it would be grand
Just me and a mule and a hoe.

Mr. and Mrs. G. A. Asbery Jr., of Borger spent the week end with Mr. and Mrs. M. O. McKay and son, Donald Ray.

Mrs. Ben Wileman and children, Bennie and Ann, of Oklahoma City, and Rev. and Mrs. C. F. Carmack, of Los Angeles, Calif., were guests in the W. B. Wileman home Friday and Saturday.

L. R. Alexander of Allison was a Wheeler visitor Saturday.

"I'm Fighting It Out Along This Line!"
..... says

Reddy Kilowatt
YOUR ELECTRICAL SERVANT

The electric power line is busy backing up the front line, and it's one the Axis can't break. I'm doing my bit along this line. It's a mighty big bit, too—because the United States has more electric generating capacity than Germany, Japan and Italy combined. It's helping build tanks, planes and guns all over the country.

When you consider how many war plants right in this section depend on me for power to keep them going, you'll see why I'm really a war worker like a lot of you folks. Then remember that I am helping out on thousands of farms here, to maintain the food supply

that both our armed forces and our home-front workers need in the big push for final Victory. In the home, too, you'll find me running all kinds of appliances so that women can spend more time doing their share.

I'm devoting everything I can to working for Victory—and I've never been too little or too late. Yet you haven't had to go without my services elsewhere just because I was doing war work.

(Reddy Kilowatt, your electrical servant, is the symbol and spokesman of the electricity furnished by your electric service company.)
