THE COUNTY SEAT NEWSPAPER

MUSTANGS WIN 2-A TRACK MEET

The Wheeler Mustangs came home with first place honors in the Conference 2-A track and field meet held in Shamrock last Saturday. Gaining a total of forty and one-third points the local boys barely nosed out ahead of Panhandle who congregated a total of 40 points.

Going with first place honors was a gold finished trophy depicting a running boy.

Seven teams, Wellington, Panhandle, White Deer, Canadian, Lakeview, Wheeler and Shamrock were entered in the track and field events.

The Mustangs placed as follows: pole vault, Gene Hall tied for first place; shot put, Charles Ray Riley first; broad jump, Lloyd Johnson, first; discus, Charles Ray Riley, first; 100 yard dash, Lloyd Johnson, second; 440 yard relay, Junior Pendleton, Donald Hunt, Charles Ray Riley, and Lloyd Johnson, first; 200 yard low hurdles, Carrol Pettit, fourth place; 120 yard high hurdles, Charles Ray Riley, third place; 440 dash, Junior Pendleton, second place. Mile race, Cotton Farmer, fourth place.

Local contestants in the 440 relay, shot put and broad jump are reported to be nearing a record for this area in schools of both 1-A and 2-A classification.

The nine Mustangs and their coach, Rev. Jno. English, go to the regional meet at Canyon Saturday. Winners in the regional meet will go to the state meet at Austin.

Mr. and Mrs. E. D. Guynes Receive Son's Purple Heart Medal, Certificate

Mr. and Mrs. E. D. Guynes this week received the Purple Heart Medal and Certificate awarded their late son, Robert Esten Guynes, Seaman First Class, United States Naval Reserve. The general order accompanying the certificate and medal reads:

"The Secretary of the Navy is further authorized and directed to award the Purple Heart posthumously, in the name of the President of the United States, to any persons who, while serving in any capacity with the Navy, Marine Corps or Coast Guard of the United States, since December 6, 1941, are killed in action or who die as a direct result of wounds received in action with an enemy of the United States, or as a result of an act of such enemy."

The certificate is as follows:
THE UNITED STATES OF AMERICA

To all who shall see these presents, Greeting: This is to certify that the President of The United States of America, pursuant to authority vested in him by congress, has awarded The Purple Heart, established by General George Washington at Newburgh, New York, August 7, 1782, to Robert Esten Guynes, Seaman First Class U. S. Naval Reserve, for military merit and for wounds received in action resulting in his death March 9, 1943. Given under my hand in the city of Washington this 18th day of March, 1944. Signed: Randall Jacobs, Rear Admiral, United States Navy, Chief of Naval Personnel, and Frank Knox, Secretary of the Navy.

Robert was aboard "a merchant ship and was one of five killed when their ship was torpedoed somewhere in the South Atlantic. He graduated from high school here in 1937 and enlisted for training in April, 1942 after being employed several years by a local dry goods store.

Local Boys Qualify For Army-Navy Training

Gene Hall and Donald Hunt have been notified by the government that they qualified in the Army-Navy V-12 Test which they took on March 15. At that time seven boys took the examination, but not all of the boys have received word about the results of the examination.

These boys are now eligible to receive from six months' to two years' training and college work at some government selected school with all of their expenses paid. There are some 360 colleges in the United States which the government has selected. It is optional with the boys as to whether they accept this training, but if they do, they must volunteer into the army under the same conditions as other enlistments.

The examination was given to High School graduates or to those who will graduate by July 1.

It is indeed an honor that two local youths have qualified in this V-12 program, and it is hoped that some of the other boys will also receive word that they have been accepted.

James O'Gorman spent the week end in Stinnett with his sister, Mrs. K. V. Monk and family.

Committee Named In Interest Of Carrying Out County Food Preservation Program

Realizing the need for maximum food preservation throughout the State of Texas, a meeting of interested agency representatives was held in Austin. It was attended by representatives from Vocational Agricultural and Home Economic directors Extension Service, Farm Security Administration, State School Lunch, State AAA, Utility Group, and Feed Distribution Administration. These representatives constitute the State War Food Committee.

It was the decision of the above group that a unified program of food preservation should be developed and carried out in each county by a war food committee composed of trained Home Economic and Agricultural workers.

This committee was called together Saturday by Mrs. Max Wiley, Vocational Home Economic teacher of Wheeler, at the Court House to discuss local plans.

Miss Betty Sue Bownds, County Home Demonstration Agent was elected chairman; Jack Spence, Vocational Agricultural teacher of Wheeler, vice chairman; and Miss Amy Sue Beckett, Assistant County Home Demonstration Agent, secretary.

Others attending were Raymond Sayre, Southwestern Public Service Co.; Altha Mae Duren, Vocational Home Economics teacher, Kelton; Mrs. Virdie P. Wheeler, Farm Security Administration; Jake Tarter, County Agricultural Agent; C. V. Hanning, Assistant County Agricultural Agent; V. B. Harcaste, AAA Administration officer; J. Vinson Younger, Farm Security Administration, and Mrs. Max Wiley, Vocational Home Economics teacher of Wheeler.

This committee will serve to promote full county-wide cooperation in developing and carrying out a unified program with special emphasis on food preservation.

Cpl. Taft Holloway To Conduct Services Here Next Sunday

Cpl. Taft Holloway, pastor of the First Baptist Church of Wheeler, will conduct both morning and evening services at the local church, Sunday, April 23. He has just concluded a very successful revival with Rev. Douglas Carver of Pampa at Tucumcari, N. Mex. His many friends and admirers are cordially invited to attend these services. Rev. Holloway is assistant to the post chaplain at Fort McIntosh, Laredo, Texas and is with the 1860th Service Unit. He is on his return to the post and will make the stop-over Sunday in Wheeler. He will be remembered as one of the more popular pastors in the entire history of the Wheeler Church. His friends are numbered by his acquaintances and he is always welcome in Wheeler.

McDowell Drug Begins Seventh Year In Wheeler

Six years ago yesterday, April 19, the McDowell Drug Co. first opened its doors for business in Wheeler. Ansel McDowell, owner and manager, this week expresses his sincere appreciation for the patronage and co-operation of the local people during these years and invites all his customers to call by his store often that he may be able to serve them.

LIGHT FROST AND FREEZE OVER AREA TUESDAY MORNING

Another "Easter cold spell" (about the fifth or sixth one of the season) was experienced by Wheeler county residents Monday night and they awoke early Tuesday to see considerable frost and ice. Despite the unusual amount of cold weather for this time of the year, several persons who have orchards say there is still a fair crop of some varieties left on trees. Several have stated that they believed that what fruit there was left would be of larger improved variety because trees are not likely to be overburdened with a large quantity of fruit to support.

TWO CASES DISPOSED OF IN DISTRICT COURT MONDAY

One adoption case and one divorce case was disposed of Monday by District Judge W. R. Ewing of Pampa when he presided in a light session of district court here. Jury cases are set for the fifth week of court beginning May 8.

ATTEND CONFERENCE

Mr. and Mrs. H. M. Wiley, Mrs. J. M. Porter, Rev. and Mrs. J. A. English, Mrs. Ollie Hubbard and daughter, Evonne, and Mr. and Mrs. Tom Britt were among those attending the District Conference of the Methodist Church held in Shamrock Tuesday, April 18.

NEWS OF OUR MEN and WOMEN IN UNIFORM

Wheeler Pilot Leads Mission Over Matsuwa

Capt. Thomas Wood of Wheeler, U. S. Army Eleventh Air Force veteran of the North Pacific air war, led a new bombing reconnaissance mission against the Japanese-held Kuriles Islands April 10th.

It was the second such strike by Army planes at Matsuwa Island. The mission represented the closest penetration by United States planes to Japan proper from the north. Matsuwa was raided the first time March 17.

Captain Wood, now commander of a liberator squadron, reported he was over Matsuwa by bright moonlight and could make out the enemy installations below at which the bombs were aimed.

The Wheeler aviator participated in the air blows to drive the Japanese from Attu and Kiska last year. He since has been on missions against the Kuriles several times by day and by night. He was pilot of one of the planes which participated in the damaging but costly daylight raid against Paramushiro last Sept. 11. Ten planes failed to return from that raid, but some are known to have reached the Asiatic mainland.

Capt. Wood is the son of Mr. and Mrs. A. C. Wood. He graduated from high school here and attended John Tarleton and Texas University before enlisting in the Army Air Corps January 1, 1941.

Cpl. Jeff Griffin Writes Interesting Letter

Mrs. A. B. Griffin has received the following interesting letter from her son, Cpl. Jeff Griffin:

Southwest Pacific, April 5, 1944
Dear Mom and All,

Just a few lines this afternoon to let you know that I am all right. I suppose you have read in the papers where we are now and what we have been doing. It's been pretty rough going but we are making out fine. You probably know by the papers where we are. We aren't allowed to say in a letter yet where we are, and about all I can tell you is that we are on an island somewhere in the Pacific.

A couple of the boys and myself went out the other day to do a little exploring in the jungles. We sure had a time; we were gone all day and found everything that we could carry back. We found a banana grove, watermelon patch, sweet potatoes, pawpaws and a flock of wild chickens. We threw a hand grenade at a flock of the chickens and there wasn't any of them left. So, the next day we went out again with carbines and killed two big roosters. We haven't eaten them yet but I imagine they will taste pretty good after eating so many canned rations.

Mom, when we landed on this island it had only been taken over by some more troops about twelve hours before and there were still a lot of Japs on it. There aren't anymore. They are all good ones now; you know the only good Jap is the dead one. They were piled in huge piles and they sure don't smell very good. They even used their own dead for barricades. I don't care what anyone says; a Jap is not a human; they live like a bunch of rats in holes. I have several souvenirs I am going to send you the first chance I have.

We haven't been doing much for the last two weeks as it has been raining every day and our tents are so full of water we can't even dry our clothes, but I suppose we shall manage somehow.

Mom, you remember the Chaplin I used to talk so much about. He is still here and still has the letter you wrote him. He is always asking about you and wants to know how you are getting along. We think he is the best Chaplain in any part of the Army. When a man goes to see him and asks his advice on anything he always gets the best.

Well, the rain is letting up a little so I think I will see what I can do about getting some clothes dried. I am enclosing a postal card of a Japanese woman I took out of a Jap's pocket. Answer soon with a long letter and tell me all the news.

Love always, your son, Jeff.

Sgt. H. A. Whitener, son of Mr. and Mrs. C. A. Whitener, has landed in Italy. Young Whitener enlisted in August, 1942, and is bottom turret gunner on a B-24.

Pfc. Willard Shirey, son of Mr. and Mrs. S. W. Shirey arrived Monday for a 30-day furlough with his parents. Pfc. Shirey has been stationed in Alaska for the past 21 months.

REALLY, ARE YOU DOING ALL YOU CAN TO HELP OUT IN THE WAR EFFORT?

There are so many jobs that must be tended to by some one these days, jobs regarding Red Cross, War Fund Drives, Selective Service work and Rationing. True, most of them carry no salary remuneration; they are all thankless and most of them carry with them a great deal of public criticism, but, someone has to do them.

Over the entire United States persons in little communities like Wheeler are shouldering these jobs and doing a good job of it. Wheeler has been complimented on its work being done for the Red Cross. War Fund Drives are going over the top. The local Selective Service Board has the record of having been operated as smoothly and with as little friction as any in the state.

Are we of Wheeler, with records like these, going to fall down on one little detail regarding the carrying out of the rationing program? Of course, we don't like it, but it's being administered for the good of the people of a great nation made up of little communities like ours.

Wheeler is badly in need of a few women members to serve on the local price control panel. Last Thursday a dozen local women were asked to attend a meeting in Shamrock regarding this phase of the rationing program. Not one showed up at the meeting. True it was impossible for some to have attended. Others could have been there. There were twenty-two women from Shamrock at the meeting and Mobeetie was well represented. OPA officials are calling for volunteers to help check cafes, dry goods stores, grocery stores, drug stores and what not. The work will not be burdensome nor will it take but a few hours each month.

Must we fall on this one particular little job after having such an enviable record? Or should we again be reminded of that little prayer that goes: "Dear Lord, Lest I continue my complacent way; help me to remember somewhere out there a man died for me today. As long as there be war; I then must ask and answer am I worth dying for?"

Another New Oil Well Location In County Announced

Another new oil well location, the third in as many weeks, has been announced for Wheeler County. The latest is the Jenkins and Portman, D. Potts, 1,380 feet from the west and 330 feet from the south lines of SE1-2 of NW4 Section 7, Block A-8, H. and G. Survey, 8½ miles due south of Wheeler.

Other locations recently announced for this county include the Elbar Oil, J. J. Perkins B-1, 330 feet from the north and 330 feet from the east lines of SE¼ Section 54, Block 24, H. and G. N. Survey, 2 miles east of Keller-ville and the J. C. Pennings A. Harvey well located 1,330 feet from the east and 330 feet from the south lines of the northeast quarter of Section 80, Block 17, H. and G. N. survey, six miles northeast of Shamrock.

Hog Feeder To Be Sold By FFA Boys Here Next Saturday

The FFA boys, who are high school boys studying vocational agriculture, will sell a hog feeder Saturday, April 22, at 5 p. m. on the court house square. The feeder was built by the boys and has 10 openings, 5 on each side, and will feed 40 hogs. It is made of flooring material.

If the person winning the feeder does not have any use for it, he may have it auctioned off to the highest bidder, vocational agriculture instructor Jack Spence said this week.

The FFA boys plan to use the money to buy gilts and to help defray their expenses on a field trip this summer.

All help in helping the boys with the sale of the feeder will be greatly appreciated, Mr. Spence said.

Gin Directors Are Re-elected

In a meeting of the stockholders of The Wheeler Co-op Gin held here last Saturday afternoon, three directors whose terms had expired, were renamed to their former positions. Elected were Emit Herd, president; Gordon Whitener, secretary; and J. D. Johnson.

Other directors are J. C. Moore, J. L. Bailey, A. M. Galmor and J. C. Bradstreet.

Frank Cocke is gin manager. Matters pertaining to the year's business were also discussed at the meeting which is held annually.

Plans Made for Canning Center to Open in July

Wellington Man Is Candidate For State Representative 122nd Legislative District

R. L. TEMPLETON

R. L. Templeton, of Wellington, announced his candidacy for Representative of the 122nd Legislative District this week. Templeton, who is a veteran of the early air battles in Europe and who was given a medical discharge from the R. A. F. after 16 raids over Germany, set forth his views in the following straightforward statement:

"My platform is simply that I will do my best to be a good representative. If elected I will carry out the duties of my office as my conscience and my desire to obey the will of the people tell me. I have no radical ideas. I will not be influenced by pressure or self-seeking office holders nor will I allow prejudice or partiality to influence me against my better judgment. I hope to be elected on my own merits.

"My primary interests are for the farmer, cattleman, and ordinary businessman because they are the people I know and understand best. I pro-

(Continued on Last Page)

Poultry Clinic To Be Held Here Tuesday

A poultry clinic for the benefit of Wheeler county farmers and poultrymen will be held beginning at 10 a. m. next Tuesday, April 25, at the county agriculture building in Wheeler, County Farm Agent Jake Tarter announced this week.

Conducting the clinic will be Dr. W. A. Boney, Jr., College Station, Extension Service poultry veterinarian, and S. A. Moore, Extension Service poultry husbandryman.

Both men and women are invited to the clinic and may bring ailing fowls for diagnosis and treatment prescription. Methods of keeping the poultry flock healthy and means of better production will be the main issues discussed by the experts.

At Shamrock Monday, a sub-district meeting was held by representatives of the Extension Service for the purpose of bringing county Home Demonstration Agents up to date with information on poultry production and the present egg situation. The meeting was presided over by Knox Parr, District Agent.

Poultry diseases, preventatives and treatments were taught by Dr. Boney and the egg situation was discussed by S. A. Moore who told of ways and means of disposing of surpluses and stated that so many farmers and poultrymen were selling their hens that anyone holding their hens over would really be proud of them later in the year. He said that laying hens should be kept if at all possible

(Continued on Last Page)

Briscoe Faculty Is Re-elected

O. C. Evans, superintendent of the Briscoe schools, announces that all members of the faculty of the school with the exception of one, were re-elected to their teaching positions in a meeting of the school board last Thursday night.

Miss Alta Daughtry will succeed Rev. R. A. Salsar who is moving to Perkins, Okla., when the present school term is finished. Other members of the teaching staff of the Briscoe schools besides Mr. Evans and Miss Daughtry are: W. M. Wood, principal and instructor of Social Science; Mrs. W. M. Wood, English; Miss Alta Duren, Home Economics; Mrs. C. H. Candler, Mrs. William Fillingim, and Mrs. Gladys Price, grade school. Miss Daughtry will also teach in the grades.

Some Equipment Has Arrived

Equipment for the Wheeler Canning Center has begun to arrive and plans to get the center in operation are being made.

Mrs. Max Wiley and Jack Spence have just finished several weeks of instruction on production and planning for the home garden for the people of Wheeler and communities close by.

The center will open in July, Mr. Spence, who teaches vocational agriculture in the local schools and is in charge of the project, announces.

The lady that will be in charge of the canning will operate the center 8 hours a day, 5 days a week until there is nothing else to can. There are to be no charges for using the center.

The contribution that home canned foods make to the war effort should not be minimized, Spence said, and to make best use of the canning facilities, plans for a complete canning budget should be outlined well in advance of the canning season. "Last season," Spence said, "some citizens with but little canning experience made the mistake of loading their pantry shelves with a great many cans of a few items and have since discovered that they are overstocked with these foods and understocked on many types of food that would help give variety to the family meals.

"Even though a complete canning program calls for variety, there are a few vegetables that should come first in every canner's plans. After adequate supplies of tomatoes, snap beans, corn and other vegetables such as beets, greens, peas, carrots, etc. should be included in the canning plan."

Over the nation many of these food processing plants are in operation. They are flourishing because of the recognition of the growing importance of home production and preservation of food. That there is a need for these community canning centers is shown by these facts: increasing scarcity of foods, excessive cost in both ration points and money of some foods, and the fact that many families find it difficult to provide adequate, nutritious meals when the food must be purchased. Another factor is the need of our armed forces and allies for additional food supplies, and by home production more products can be released for such uses.

The government has noted these conditions and has appropriated specific amounts for the setting up of community canning centers in progressive communities over the United States. The government also recognizes the importance of trained instructors and helps in making them accessible for each phase of the work.

The local community takes the initiative in the physical organization of centers and provides an appropriate building, utilities, and sees that the equipment is used by a large enough number to make its retention worthwhile.

The canning center in Wheeler will be located in the Home Economics building of the local school.

A capable supervisor is to be in attendance at all times and will be qualified to instruct in the best methods of preparing and processing foods. Equipment and facilities will be available to can several hundred cans (cans, jars and bottles) daily.

Quantities of vegetables and fruits not grown in this section may be shipped in and canned to advantage. This has been done with a great degree of success in many centers but with the great number of vegetables, fruits, berries, etc. that are usually grown in this area, the vast majority of foods will, of course, be grown at home.

Rev. and Mrs. Ted Ewing have moved to near White Deer where he is pastor of the Halle Baptist Church. They moved April 6 from Mobeetie where he did similar work with the Baptist Church there.

PUBLIC SALES Leonard Green—Auctioneer

J. R. Austin, who resides five miles northwest of Wheeler is having an auction sale next Wednesday, April 26, of fifty head of dairy stock, several household items, farming tools and several miscellaneous items. Mr. Austin states that he is offering some of the finest milk cows for sale that have ever been placed in the sales ring in this area. The sale will begin promptly at 1 p. m. Leonard Green of Mobeetie will be auctioneer and Dick Craig of Wheeler will act as clerk.

Take A Hint

Twelve children representing that many communities in the U. S., met in Washington to give a report to the bureau organized to meet and combat problems for wartime youth, of the national youth problem. They spoke for various organizations of young people back home, as well as for themselves. They seem to want education more streamlined and vocational. They ask that recreations be available to all and of more of a variety. They ask their elders to be less prejudiced against race. From a town where war workers are crowding the place, the local "X" club suggests that high schools take care of the social and business interests of most of the students who would not have a chance at college, anyway. Boys spoke of textile towns where youths quit school in the eighth grade to make money, of another where school two weeks and work two weeks has proven effective and efficient. College opportunities are sought for others than the wealthy. One chap who quit school to work in a defense factory, said the boys "bum on the corners" and that "they can't wait until they turn 16 to get a job, a new suit and a car." Two Negroes and a Chinese girl brought up the point of race prejudice and asked whether the young people, who were much broader, couldn't hold meetings where their elders could listen and learn. A representative said home-town school-boys are crowded from amusement places by soldiers and asked for recreational centers for the younger ones. More homes should open their doors to their children's friends for recreation, said another. All of which sounds like a number of pointers for Wheeler parents who have their own young folk's interests and welfare at heart.

Hail The Jeep

This desk recently received literature dealing with the future of the soldier's jalopy, called "Jeep." Through the necessity of war, the scout car has served in 50 separate military jobs, we are told. A jeep, outfitted with iron wheels, was equipped to pull freight cars full of supplies on a crowded dock in Australia. It is hailed as a vehicle that could be operated as a 63 horsepower engine fire-fighter for use in small communities or large factories, where larger equipment is impossible or impractical. It is suggested as valuable in mosquito control with its spraying equipment, which has proven of great aid at Guadalcanal in combating the menace. On rough country roads, the men who deliver the rural mail, suggest the Jeep would serve their purpose manfully. Anyone interested in sport and desiring to take their hunting and fishing in the real wilds could get there better in a jeep. The fact that game wardens could follow more easily in jeeps of their own, would perhaps complicate matters. On the farm where the jeep would be of the most benefit, it is felt. On trials the jeep hauled a 16-disk drill (3 horse) over a 20-acre field, using 10 gallons of gas, making just a half-gallon an acre, while a tractor required 3.3 gallons of gas to the acre. It pulls 1,300 pounds without wheel slippage, which is something! Some farmers suggest that with certain changes, this scout car can be used as a power unit to operate machinery for milking cows, to herd cattle, clear land and cut wood. Whether fighting forest fires or helping to construct highways, whether harrowing on farmland or going to the backwoods and pioneering, the civilian use of the jeep after the war promises to be widespread.

Pertinent Paragraphs from Panhandle Press

Items of interest culled from newspapers on the Times' exchange list.

Sometime when we have time to enjoy a real headache, I want to discuss the national debt with the readers. Right now I can inform you that it has jumped to an estimated two hundred and six billion dollars. That represents 1,486.00 for every man, woman and child in America. I'm telling the world that I am broke, if I owe that much money for myself and family. The gross debt has jumped from about 22 billion dollars when F. D. R. took over in 1933 to the present indebtedness. But let's forget it until after war, and maybe it will take care of itself somehow.

—Bill Miller in The Spearman Reporter

And now the boys in Office of Price Administration circles down at Washington are talking, according to a news article in the Amarillo Daily News of Tuesday, about taking six million little pigs and calves out to be shot just as was done by our paranoiac administration back in 1934-35 to repeat the "economy of scarcity." The poor little pigs and poor little calves were unfortunate to be born under the sign of OPA.

The contemplated slaughter of young livestock recalls the story of the China boy who was reading the story of the Prodigal Son. China boy in telling a friend of what he had read, wound up his narrative by saying: "When the boy come home, old man get mad and kill fat calf. Calf hadn't done a thing."

—Higgins News

Merchants have a difficult time during war to maintain customer good will, on account of inefficient help or lack of help. This is where newspaper advertising is indicated. Advertising can play an important

part in protecting the merchant's present and future business. Of course, it will not satisfy a disgruntled customer who has been served by a disinterested clerk, but it will keep the store owner in a clear position.

—McLean News

Whatever is wrong down at A. & M. College should be promptly corrected so as not to cripple that great institution. The deposed President blames the Board of Regents; the Regents claim the college has run off and left the President. Being head of a great institution is a tough job; likewise being a regent, responsible for the future development of the college, is a tough job. No doubt the legislature will have a complete airing of the situation. In the meanwhile, those of us who know nothing of the situation should read and listen rather than jump to hasty conclusions.

—Canyon News

Failure to hold Odessa must have been a great disappointment to Hitler and his gang. He wanted it greatly, but was forced to let it go. It would have been a valuable prize. Odessa is the second largest city of the Ukraine, on a noble site commanding the Black Sea, with five excellent harbors, in a mild climate. It is a great business center and also a center of culture. Odessa would mean much more than a "king's ransom." It has been an important city since the Middle Ages, and is sure to grow rapidly from its half-million population from now on. That noble city now represents one of Hitler's big failures. His temporary occupation may mark the limit of his recent eastern drive. From now on, his career as a conqueror will be a gradual retreat until the inevitable end of his dreams. Russia has now recovered nearly all her losses in the west, and it may not be long now—say a few months to a year—until Hitler's weary conquerors have fallen back to defend their worried fatherland.

—Amarillo Times

Turning over a new leaf too often may make you lose your place.

By BOYCE HOUSE

In yonder life upon that Great Divide, Where souls of men come to rest, Our dreams will come true, cast up by the tide,

As it washes us in from the west.

The above lines were composed by Virgil E. Goodman, the versatile legislator from Tarrant County.

There are amusing little things that happen in connection with being the author of a book. For example, a friend called this columnist by long distance to order five copies of "I Give You Texas: 500 Jokes of the Lone Star State." So I went over to a department store to buy five copies of my own book! I was standing there, waiting to be waited on, when a lady picked up a copy and asked, "Have you read this book?"

It was a temptation to say, "Yes, ma'am, and it's really terrific!" But it would be just my luck for some friend to have walked up immediately afterward and asked, "Boyce, how's your book going?" So I replied, "Madam, not only have I read it, but I'm the fellow who wrote it."

She looked at the book, looked at me, looked back at the book and said, "Well, I believe I'll buy a copy, anyhow!"

A not-so-widely-known Roy Bean story:

Scaffolding on the famous high Pecos bridge collapsed and ten men fell 300 feet to the rocks. Seven were

killed instantly and the other three were so badly injured that there was no chance of recovery. Judge Bean was summoned and arrived on a mule from Langtry.

The ten victims were laid out in a row. Over each one he pronounced, "This man seems to have come from his death by them big timbers fallin' on him." When a member of the coroner's jury objected that three were not yet dead, Bean replied, "They're gonna die! Do you think I'm gonna

make another 30-mile ride on a sore-back mule to hold another inquest? Officially and legally, them fellers is dead."

"Smiling service has been rationed," an advertisement says. This isn't correct—certain services have been rationed or abolished entirely but smiles haven't, so it wouldn't hurt a few sellers, when they have to say "No," to throw in a smile.

WHEELER, TEXAS

Dear Son:

I have given much thought to your question, "what are we fighting for?"

My answer is the same as millions of other American fathers would give to their fighting sons. Some call it preserving our heritage, or defending our freedoms, or protecting the right to think and act and live as we want.

Call it what you will, the answer is YOU. For YOU are the America of the future...the symbol of all the freedoms

and liberties we value so highly. When Victory is won this will be your America—a land where the better things of life are limited only by each individual's effort to attain them.

As many hours as we put in war work and as many bonds as we buy, the part we are doing is nothing compared to the sacrifices, hardships and deprivations our fighting forces are enduring for final Victory.

★ ★ ★

Give liberally to the Red Cross. Buy War Bonds and Stamps regularly.

Don't miss a day's effort that will help win the war.

KELTON NEWS

(By Rena Johnson)

Mr. and Mrs. George Henderson were business visitors in Wheeler Monday morning.

Miss Rena Johnson visited in Wheeler Saturday with Mrs. Claude Rust.

Mr. and Mrs. Tommy Henderson and Gloria Joyce of Borger, and Mrs. H. H. Walsler of Wheeler were Sunday dinner guests of Mr. and Mrs. George Henderson.

Mr. and Mrs. Tom Wright, Patsy and Ray of California, Cpl. and Mrs. Kelly Wright of North Carolina attended church here Sunday.

Mesdames Leo Hubble, Wesley Leitner and Miss Faye Voyles spent Sunday in Erick with Mr. and Mrs. John Oren and family.

Mr. and Mrs. George Davidson and Georgana spent the week end in Fort Worth with Mr. and Mrs. Alfred Washam and family.

Mr. and Mrs. Bub Whitehurst of Shamrock were visitors here Sunday afternoon.

Mrs. Onetta Pierce and daughter, Carlene, spent the week here with Miss Rena Johnson.

Mrs. R. O. Johnson and Marye Emma, Elwanda Simmons, and L. H. Tucker were Sunday dinner guests in the home of Mr. and Mrs. J. A. Tucker.

Miss Rena Johnson was a Sunday dinner guest in the home of Mr. and Mrs. Clive Splawn.

WHAT SAY YOU?

Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report, if there be any virtue, and if there be any praise, think in these things. Those things, which ye have learned, and received, and heard, and seen in me, do: and the God of peace shall be with you. —Philippians 4:8-9
—W. J. Brumley

Mr. and Mrs. Fred Ashley and son, Oscar, of Amarillo spent the week end in Wheeler with friends.

Dr. H. E. Nicholson is attending a medical association convention in Austin this week.

LEGAL NOTICE

(First published in The Wheeler Times, April 13, 1944)

CITATION BY PUBLICATION ON FINAL ACCOUNT

THE STATE OF TEXAS, To all Persons Interested in the Estate of William C. Vittum, Deceased:

Harry Wofford, Executor of the Estate of said William C. Vittum, Deceased, has filed in the County Court of Wheeler County his Final Account of the condition of said estate, together with an application to be discharged as Executor thereof, which will be heard by our said Court on the 2nd Monday in May, A. D. 1944, same being the 8th day of May, A. D. 1944, at the Court House of said Wheeler County, in Wheeler, Texas at which time and place all persons interested in said estate are required to appear and contest said Final Account and application, if they see proper.

Witness, Harry Wofford Clerk of the County Court of Wheeler County. Given under my hand and seal of said Court, at my office in Wheeler, Texas on this, the 13th day of April, A. D. 1944.

(Seal) HARRY WOFFORD, Clerk, County Court, Wheeler County, Texas.

MOBEETIE HAPPENINGS

By Mrs. F. C. Peace

Cpl. and Mrs. Will Powers of Las Vegas, New Mexico returned Tuesday after spending a 15-day furlough with his parents and friends in Mobeetie. Cpl. Powers has charge of overseas processing of shipments at the Air Transport Command Replacement Center at Camp Luna.

Mr. and Mrs. Herk Atkins of Pampa were dinner guests of Mr. and Mrs. Brannon Sunday. While here they visited Mr. and Mrs. Billie Morgan and Mrs. Floyd Ritchie.

Mr. and Mrs. H. E. Matthews have purchased a home in Mobeetie.

S/Sgt. and Mrs. DeVERN Coleman and baby of Camp Gruber, Okla., and Mr. and Mrs. Zack Coleman of Wheeler visited their son and brother, Luther Coleman, last week.

Pvt. Woody Hudson is now stationed in New Guinea.

S/Sgt. Leon A. Barton is home on a furlough. S/Sgt. Barton was overseas 12 months, was in active service ten months and was on the direct firing line for 53 days. He was wounded in September but kept on fighting until Christmas day when he finally had to give up and go to a hospital. He will now be stationed at Camp Fannin, and will train troops for service.

The Coleman girls entertained with a social Thursday evening in their home honoring Nadine and Virginia Henderson whose birthdays are both in April. A large crowd was present and an enjoyable time was reported

by all. Mrs. Bryan Simpson, Mrs. Claude Parker, Mrs. Billie Morgan and Mrs. Floyd Ritchie were all shopping in Pampa last week.

J. B. McFarland of Wayside called by and visited Mrs. F. C. Peace last Monday. Mr. McFarland and the late Mr. Peace were very close friends.

Mrs. R. C. Martin and sons, Cecil and Joy Bill, of Corpus Christi, are visiting her parents, Mr. and Mrs. E. E. Johnston, and brother, J. T. Johnston.

Mr. and Mrs. Raymond Waters and family of Lubbock spent the week end in Wheeler and Mobeetie.

Mrs. J. W. Dart is visiting her husband, Sgt. J. W. Dart, in North Carolina.

Mr. and Mrs. I. N. Lea were visiting their son and family, George Hunsucker, and other relatives, last week. The Leas are old timers of Wheeler county. They now live in Portales, New Mexico.

J. T. Johnson, SK2/c of the U. S. N. Seabees has returned to the states

LOCAL NEWS ITEMS

J. T. Baird Coxswain, stationed at Treasure Island, is spending a fourteen-day leave with his parents, Mr. and Mrs. Zeb Baird, and other relatives. J. T. states that he has observed on his trips across that the boys "over there" are really doing a swell job and have confidence in the people back home.

Pfc. Ralph Magee of Pendleton Field, Oregon is visiting relatives in Wheeler this week.

Mrs. Gene Tucker of Pampa, daughter of Mrs. A. B. Griffin, has returned from an extended trip to California. She visited her sister, Mrs. George Nordin in San Francisco, her brother, Bill, of San Jose, and her uncle, Cliff Fair, of Richmond, California. Mr. Fair is Mrs. Griffin's brother, formerly of Pampa. Mrs. Tucker, accompanied by Mr. John Scranton of Oklahoma City, formerly of Pampa, visited in the home of Mrs. Griffin Thursday and Friday. Mr. Scranton is an old time friend of the Griffin family.

Mr. and Mrs. W. L. Jolly, Jr., and sons of Shamrock visited her parents, Mr. and Mrs. Levi Reid, the first of the week.

Mr. and Mrs. Cecil Murrel and son and Mrs. O. C. Murrel of Mobeetie visited her parents, Mr. and Mrs. Jabe Cook, Sunday.

after serving two years overseas. He is visiting his parents, Mr. and Mrs. E. E. Johnston, of Mobeetie. During a thirty-day leave J. T. spent nine days on Midway Island. The remainder of the time he spent in Hawaii.

RUPTURED?

Experimenting with questionable trusses at the expense of your health will prove costly. See your Physician at once for the proper diagnosis and we will fill his prescription to his entire satisfaction. If your condition has already been determined and you are not securing the proper comfort or relief, pay us a visit at once and be convinced that under competent hands, true fitting has been reduced to a science eliminating all guess work.

We feature the famous line of Non-Skid Spot Pad Trusses which hold the rupture with a fraction of the pressure required by other appliances. We also have a complete assortment of Abdominal Supporters, Elastic Belts, Shoulder Braces, etc.
MEDOWELL DRUG CO.

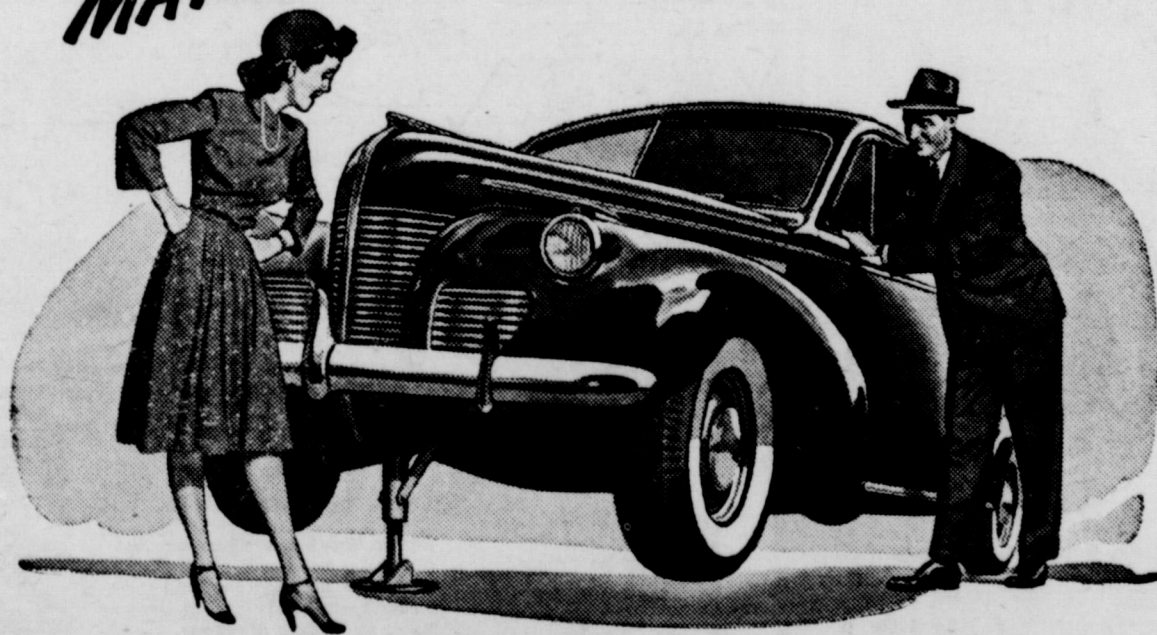

BABY CHICK

season will soon close, and we thank you for a good season. We still have unsold a limited number of baby chicks each week until May 15, and will have small numbers of started chicks for the same period. Will appreciate your orders as far in advance as possible if you can use any of these.

MAYBE... Pressing-the-Button will Jack Up future cars

BUT... OIL-PLATING YOUR ENGINE
is like outdoing the future—today

An optimist can still hope to trade his car for a 1945 model—with "wild" or mild advancements.

A realist might do the same. But he'll "cast an anchor to windward" by changing to Conoco Nth motor oil for Spring, at once adopting that big inexpensive advance—an engine internally OIL-PLATED.

Be a realist! Realize that any engine's explosions always form real biting acid inside. Realize that long trips, heating at least some acid away, went out of style as rationing started. Realize that limited driving—incomplete engine heat—has been endangering engines not OIL-PLATED. Too bad; any harm that's been done is done. But with Conoco Nth oil, and

all the acid-resistance of OIL-PLATING, you're in shape to discontinue extreme acid damage, starting now.

Patented Conoco Nth oil—popular-priced—includes a pioneer synthetic, with the advanced "magnet-like" ability to surface inner parts with OIL-PLATING. That's why you can really be an optimist about your engine's future, after changing to Your Mileage Merchant's station for Conoco Nth oil. Continental Oil Co.

KEEP YOUR CAR IN GOOD CONDITION FOR THE DURATION

You may be driving fewer miles, but that's no reason to neglect your car. We suggest that . . .

1. Do not neglect to change oil. Use HAVOLINE OIL.
2. Have thorough greasing jobs. Use MARFAX and other TEXACO GREASES.
3. Keep gas in your tank. Use TEXACO GAS.
4. Conserve tires. DO NOT DRIVE TOO FAST.
5. Have tires checked regularly. We have a nice assortment of FIRST LINE TIRES if you are eligible.

WE ARE EXPECTING A SHIPMENT OF NEW FACTORY SECOND GRADE TIRES

that can now be purchased with a Third Grade Certificate. We will also have New Tubes that will require no certificate. See us for your tire and tube needs.

We take orders from farmers and ranchmen for Texaco Products in wholesale quantities. Prompt delivery assured.

Cues-News-Views
For Wartime Housewives

Military and lend-lease demands upon our food supplies — make it more difficult but not impossible to consume some form of animal protein daily. This often means using the "less popular cuts" of meat or meat alternates. Poultry, fish and eggs are particularly good when the ration points are low. Dried peas, beans legumes and nuts also supply protein of vegetable origin. All may be used to stretch the meat supply. The recipes listed below should prove helpful. With ingenious use of meat alternates, the wise homemakers should be able to serve appetizing meals every day.

POTATO CHEESE PUFF

- | | |
|---------------------------|------------------------|
| 1 tablespoon butter | ½ teaspoon salt |
| 1 tablespoon flour | Dash of pepper |
| ½ cup milk | 2 cups mashed potatoes |
| 1 cup grated cheese | 3 egg yolks |
| 1 tablespoon grated onion | 3 egg whites |

Melt the butter, add flour and blend. Add milk and cook, stirring constantly, until thick. Add cheese, seasoning, potatoes and well beaten egg yolks. Fold in stiffly beaten egg whites. Turn into buttered casserole. Bake 325 degree F. for 40 to 60 minutes. Serves 6.

EGG CASSEROLE

- | | |
|------------------------------------|-----------------------------|
| 2½ cups tomatoes | 2 tablespoons butter or fat |
| 1 tablespoon chopped onion | 4 tablespoons flour |
| 2 tablespoons chopped green pepper | 1 cup milk |
| ½ cup celery, chopped | ½ cup grated cheese |
| Salt and pepper to taste | 1 cup soft bread crumbs |
| | 6 eggs |

Combine tomatoes, onion, pepper, celery and seasoning, and cook until all vegetables are tender. Make a white sauce of the fat, flour and milk. Stir white sauce gradually into vegetable mixture. Divide the bread crumbs evenly between six individual buttered baking dishes. Break an egg into the center of each. Pour tomato mixture over eggs. Top with additional bread crumbs mixed with cheese. Bake 25 minutes at 350 degree F.

SOYBEAN CASSEROLE

- | | |
|--|----------------------------------|
| 3 cups cooked, or 1 cup dried soybeans | ¼ teaspoon pepper |
| ¼ cup grated cheese | 1 teaspoon salt |
| 2 cups whole kernel corn | 2 teaspoons Worcestershire sauce |
| 2 cups stewed tomatoes | ½ cup buttered, browned crumbs |
| | 2 tablespoons flour |

Soak dried beans in 2½ cups water over-night. Next morning cook until soft, in covered utensil. Thicken tomatoes with flour, add seasoning and Worcestershire sauce. Arrange, in a greased casserole, alternate layers of beans, corn, cheese and tomatoes. Cover with browned crumbs and bake for 30 minutes in preheated 350 degree F. oven. Serves 8.

DRIED PEA OR BEAN SOUP

- | | |
|---------------------------|--------------------------|
| 1 cup dried peas or beans | ½ cup chopped celery |
| 2 quarts water | ½ cup chopped carrot |
| ¼ lb. diced salt pork | 1 tablespoon flour |
| 1 minced onion | Salt and pepper to taste |

Wash dried peas or beans and soak overnight in 1 quart of water. In the morning, add the other quart of water, diced pork, onion, celery and carrot. Simmer until beans or peas are tender. Add flour, mixed with a little water. Reheat and season with salt and pepper. This makes a hearty soup which could be used as the main dish of a meal.

Haynes-Smith Are At It Again In Senior Play

The continual argument between L. D. Smith and Glorice Haynes is continued in the Senior play "The Valley of Ghosts." L. D. plays the part of Jack Martin who has been disappointed in love. Glorice is Helen Wayne, who was the cause of Jack's disappointment. Their troubles in addition to ghosts, strangled brides, ghostly pianos, shooting and secret doors provide a good night's entertainment.

Stacy, as usual, is the smooth talking lawyer, that isn't exactly to be trusted. The "as usual" refers to Stacy's parts in plays, not to himself actually.

Mrs. Scott, the escaped lunatic, is played by Lucille Gordon who gets her ideas for the part by watching the juniors at noon or during check period.

Minnie Strange, who talks with spirits and ghosts and is a firm believer in such mysterious things, is portrayed by Nadine Henderson.

Besides the play, entertainment between acts will be furnished by the chorus under the direction of Mrs. Jack Davis. The Slaymeyer twins of Pampa will also entertain with selections on their accordions.

The play begins at 8:45, April 27, at the Mobeetie gymnasium. The admission is 20c and 35c.

Congratulations to:

Paul Jones for making the highest grade on the six-week's English examination.

Every junior and senior handed

METHODIST W. S. C. S. STUDY
"WE WHO ARE AMERICANS"

Ladies of the Methodist Womens Society of Christian Service met in the church parlor Monday, April 17, for a study of the book, "We Who Are Americans." Mrs. J. M. Porter gave the second chapter of the book. Those present were: Mesdames J. M. Porter, Ollie Hubbard, J. A. English, D. E. Holt, Clarence Robinson, Lloyd Davidson, H. M. Wiley, Ansel McDowell and Luther Parks.

INTERMEDIATE GIRLS GROUP
MET TUESDAY, APRIL 18

The Intermediate Girl's Auxiliary of the Baptist church met in the home of their counselor, Miss Dyer, Tuesday, April 18 with Hazel Faye Lee giving the devotional. Miss Dyer gave a Bible story. Refreshments were served to Betty Richerson, Hazel Faye Lee, Josephine Noah, Virginia Rose Marrs, Edna Helen Farmer and the hostess, Miss Dyer. The next meeting will be in the home of Betty Richerson, Monday, May 1.

MR. AND MRS. CARL LAFLIN
ENTERTAIN WITH DINNER

Mr. and Mrs. Carl Laflin were host and hostess to a dinner given for Mrs. Tom Osborn and Mrs. Addie Thariss, sisters of Mrs. Laflin, in their home Sunday, April 16. Those present for the occasion were: Mr. and Mrs. Tom Osborn, Mr. and Mrs. Leroy Osborn, Mrs. Morris Osborn and son, Tony, of Claude, Mrs. Addie Thariss of Amarillo, Virginia Rose Marrs and the host and hostess.

Hospital News

Mr. and Mrs. Cecil Ebevins are the parents of a daughter born Friday, April 14.

Mr. and Mrs. I. E. Barker, Mobeetie, are the parents of a daughter born Saturday, April 15.

Mr. and Mrs. Jess Hartley, Allison, are the parents of a daughter born Thursday, April 13.

Mr. and Mrs. D. C. Dukes, Allison, are the parents of a daughter born Thursday, April 13.

Raymond Welch, Sweetwater, Okla., underwent a tonsillectomy Thursday, April 13.

Mrs. Jack Guynes entered the hospital for treatment Friday, April 14. Mrs. Rich Brown entered the hospital for treatment Monday, April 17.

Mr. and Mrs. C. G. Asbery and daughters, Wanda Joe and Nelda Jean, of Borger spent the week end with his sister and family, Mr. and Mrs. M. O. McKay, and son, Donald Ray.

Mrs. Mary Johnson and daughter, Mrs. Claude Rutz, of Amarillo came Friday for a visit with Mrs. Ollie Hubbard and daughter, Evonne.

PAKAN WOMEN LEARN
USEFUL HOUSEHOLD HINTS

"Soda water is good to clean wood work that has been painted or enameled, as it will not cause the paint or enamel to come off of the wood. Put small scraps of hand soap in a bag and use to wash blankets, hand soap leaves a more pleasant odor than laundry soap will." These were household hints pointed out by members when the Pakan Home Demonstration Club met in the home of Mrs. J. W. Stauffer, Thursday afternoon, April 13. "Household Helps and Kitchen Aids" was the subject of the afternoon with such hints as, use a potato peeler to peel fruits and vegetables. Scissors are good to trim sandwich bread instead of a knife. For a hose damper use an old electric light bulb, a paint brush is good to remove sand and dust from corners and window sills. This was pointed out by Mrs. W. L. Walker. The finger of an old glove placed on the end of a curtain rod will keep the curtain from catching on the rod, paste sandpaper on the back of pictures to keep them hanging straight on the wall, use screen wire cut in small pieces and rolled in a ball to take the place of a "chore girl" in the kitchen. These were ideas given by the members of the club at the meeting.

In a regular business session a motion was carried to have the club meetings on the second and fourth Fridays of each month instead of the second Thursday and the fourth Friday. This change was made to avoid confusion of the days for the meetings. All members are asked to note this change.

For some of the refreshments Mrs. W. B. Bertram served Jelly made from peach seeds. After the seeds are cooked a short while the juice was thickened with pectin and then let cool before being served.

The next meeting will be April 28, with Mrs. Paul Macina as hostess. Miss Betty Sue Bownds will give a demonstration.

Those present were: Mesdames W. P. Seago, Joe Kilman, Cecil Seago, Henry E. Thompson, W. L. Walker, W. B. Bertram, Paul Macina, W. A. Allen, Ruby Johnston and May Ruth Stauffer.

GOOD NEIGHBOR GROUP
MET LAST THURSDAY

The Good Neighbor Home Demonstration Club met Thursday, April 13 in the home of Mrs. Essie Finsterwald. The president, Mrs. Harolson, called the meeting to order for a short business session. The program of the afternoon consisted of a round table discussion of the uses, correct cooking and serving of eggs. Eleven members were present with two new members of the club.

The next meeting will be April 27 with Mrs. Harolson as hostess.

Mrs. Jim Wood and little son, Bobbie, visited in the home of her mother, Mrs. A. B. Griffin, Sunday.

LOCAL NEWS ITEMS

Alma Waters returned Wednesday to her work at the Cactus Ordnance Works near Dumas after spending several days with her parents, Mr. and Mrs. C. P. Waters.

Mrs. G. A. Bolton of Canyon has been visiting her daughter, Mrs. Cecil Richerson and family and has gone from here to Oklahoma City to visit another daughter, Mrs. J. T. Tate, and husband.

Sgt. and Mrs. Harrison Hall and daughter, Dorothy Helen, of Perrin Field, Sherman, are visiting his mother, Mrs. Cora Hyatt. Sgt. Hall has a ten-day furlough.

Mr. and Mrs. R. W. Oldham are spending the week in Amarillo visiting their daughter and family, Mr. and Mrs. T. E. Rhoton. Their son, Lt. W. J. Oldham, arrived there Sunday for a visit before going to San Diego, California.

SHRINERS TO GATHER IN
AMARILLO MAY 22ND

Khiva Temple, Nobles of the Mystic Shrine, will honor the pioneer Shriners of the Panhandle at its Pioneer Ceremonial in Amarillo on May 22. A special invitation has been extended to all charter and early members of the Temple to attend the ceremonial. A John Snider barbeque will be held at noon and the entire ceremonial will be held in the Masonic Temple building which the Shrine purchased a few weeks ago. John McCarty is the Illustrious Potentate of Khiva Temple and Fred Galle is Recorder. The Potentate's aides of Wheeler county are W. H. Walker of Shamrock and H. E. Nicholson of Wheeler.

Mrs. Fred Farmer spent from Thursday until Monday with her daughter, Marcielle, who is attending college in Canyon.

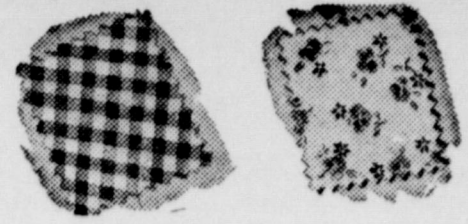

CARD OF THANKS

We wish to express our sincere thanks to our many friends for the sympathy shown us during our recent illness, for the beautiful flowers and lovely cards.

Especially do we thank the good doctors and the entire hospital staff. May God's blessings rest upon each of you.

Items of interest pertaining to the Wheeler Schools

Mustangs Victorious

Saturday, April 15, was a great day for the Wheeler High Mustang track team, for they were victorious over the district track meet held at Shamrock. The Mustangs brought home the first place trophy which portrays a boy running. It is about eight inches tall, and is made of gold, it is mounted on a base four inches in diameter and 12 inches tall.

Track fans witnessed an exhibition well worth their time. The Mustangs won with a margin of one-third point, with a total score of forty and one-third points, with Plainview close behind with 40 points.

The Mustangs placed as follows: pole vault, Gene Hall tied for first place; shot put, Charles Ray Riley first; broad jump, Lloyd Johnson, first; discus, Charles Ray Riley, first; 100 yard dash, Lloyd Johnson, second; 440 yard relay, Junior Pendle-

ton, Donald Hunt, Charles Ray Riley, and Lloyd Johnson, first; 200 yard low hurdles, Carrol Pettit, fourth place; 120 yard high hurdles, Charles Ray Riley, third place; 440 dash, Junior Pendleton, second place. Mile race, Cotton Farmer, fourth place. The Mustangs go to regional meet at Canyon, April 22. The Regional Track meet is an elimination to see what teams will go to state at Austin. The students of Wheeler High wish you Mustangs the best of luck!

Thoughts Of A Student

If you borrow a magazine or a book from someone, do you tear it up, mark in it, cut it up, or deface it some way? If you own a book would you like for it to be treated in such a manner? Or do you even like to try to read a book or magazine which has been treated thus? Most certainly you do not. Yet we have observed that some of our high school students do just these things to the books and magazines which are furnished to us through our library! We are privileged to have current magazines, good books, and a

daily paper for our reading pleasure. Yet we sometimes forget that other students might like to read a nice clean book or magazine too.

Let's try to keep our library in better condition. When we read let's take care of our property so that the other fellow may enjoy his reading later. Let's try to remember that the Golden Rule will apply here in the use of our library just as it does in almost everything.

History Notes

Some of the History II students are very happy. We hear that Mr. Dyer is letting the ones who have already studied the Constitution miss class. Most all of the Seniors have had it, so they now have an extra period a day for other work — and let us hope it is work!

Lloyd was overheard to say to Donald who has already had the Constitution, "You lucky dog!" History notebooks, term themes, and large maps of the United States are all due this week.

Here's wishing all of you who are taking the Constitution lots of luck!

Answer to last week's guess who: Junior Pendleton.

This And That

I hear that the Mustangs won the track tournament at Shamrock, and when I asked what a track tournament was, I was answered in this manner, "A track tournament is where some fool tries to bust an entrant seeing who can run the fastest, or breaking his neck trying to see who can jump the highest."

A student's opinion of exam week. "That's when the teacher gets his revenge, and you know what I mean."

It seems that a columnist of the Corral has been running since the last edition. In her column "Spring is here" she gave a report of the work cupid was doing and various students did not like it.

We hear Gwendolyn and Bobbie Ashley are on the best of terms. That is when he sees her first and in time to duck. Then he takes off at a gait that would win any track tournament.

Mrs. Norman was heard to say "I have so many troubles, I will be a nervous wreck if that eighth grade class doesn't slow down."

For the past six months the coach has been threatening to do some drastic measure. He finally got around to it last Thursday, when he made Glenn Downs, Lloyd Tipton and Lougene Lamb stand in the corner of study hall all day. This is just a warning to the next fellow that gets sent out of class.

Now that election time is near the students are debating as to what party will win. One student put his opinion in these words: "Heck I'm for Roosevelt and always have been, why worry about the G. O. P. because at the present Roosevelt is delivering the post offices."

Six weeks tests come this week. Oh me, oh my! Guess that's why everyone's studying. Could be!

Sophomores

We wonder why Roy Ford was moved from the back to the front of the study hall?

When you see three Wheeler girls riding around with Shamrock boys it's time to wonder?

We wonder what kind of letters Iris is receiving from overseas now? We wonder why Benny asked everyone he met for a pin Tuesday?

We wonder if Patsy is jealous of Betty Jean when she sits with a certain freshman boy? What about it Patsy?

It seems as though Leon still likes Margie.

We wonder who is wearing Benny's ring?

We wonder who was running around loose Sunday night and waking the people up?

LEGAL NOTICE

(First published in The Wheeler Times April 20, 1944) 4tp

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: Edward W. Barber, Defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court of Wheeler County at the Court House thereof, in Wheeler, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 5th day of June, A. D. 1944, then and there to answer Plaintiff's Petition filed in said Court, on the 18th day of April, A. D. 1944, in this cause, numbered 3512 on the docket of said court and styled Elner Maxine Barber, Plaintiff, vs. Edward W. Barber, defendant.

A brief statement of the nature of this suit is as follows, to wit:

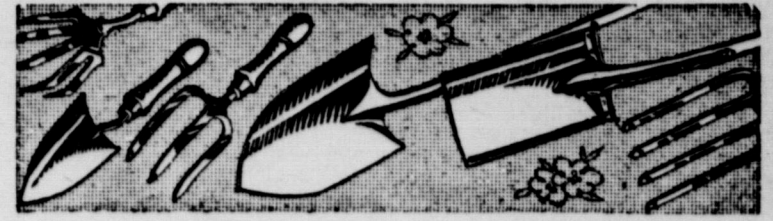

Suit for divorce, plaintiff alleges that she married defendant on February 9, 1944 and they lived together as husband and wife until February 14, 1944 on which latter date because of cruel treatment, unkind acts and excesses on the part of defendant (which had transpired continuously since their marriage) she was finally compelled to separate from him. That such cruel treatment was of such a nature as to render their further living together insupportable. Plaintiff prays for a divorce and the restoration of her maiden name of Elner Maxine Huie.

as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and Seal of said Court, at office in Wheeler, Texas this 18th day of April, A. D. 1944.

(SEAL) Attest: OLLIE W. BEENE, Clerk, District Court, Wheeler County Texas

BETTY SUE BOWNS, County Home Demonstration Agent

CLEAR THE SHELVES FOR A NEW CANNING SEASON

A spring inventory of canned goods on hand can be as helpful to the housewife as to the grocer in making best use of food supplies. Grocery store inventories are taken as a preparation for clearing the shelves of last years stock and making ready for the new season's pack. The grocer knows that canned fruits and vegetables lose quality if they stand too long on the shelf so he makes a practice of selling off his stock at least once a year. The housewife also should know that, even though her home-canned garden products may keep for years without actual spoilage, they lose their vitamin value in time and also change in color, flavor and texture. She may be proud of that jar of peaches she canned in 1938, but sawdust would contain about as much real food value. In general, canning specialist recommend keeping canned fruits and vegetables only from one canning season to the next. Holding canned food too long is a way of cheating the family of nutritive value and also the best flavor and other appetizing qualities.

After counting and listing stocks on hand this spring, the housewife can plan menus to use these supplies and clear her shelves for the new food she will put up this season. Such an inventory will also help her in planning for more adequate canning this year. If she finds an oversupply of relishes, pickles, and preserves, for example, but few of the more essential foods like tomatoes and beans, she can adjust this year's canning plans accordingly.

And here is a reminder on the canning sugar situation. From March 1, 1944 to February 28, 1945 every consumer will be able to obtain coupons for twenty pounds of sugar for home canning of fruits, fruit juices, or vegetables. That should be adequate for the average family if it is

used wisely in making light syrups for the fruits and not in making jellies and preserves. When making application for this sugar, Spare Stamp No. 37 in War Ration Book Four should be used.

APRIL IS TIME FOR SETTING TOMATO PLANTS

By Amy Sue Beckett
Ass't. Co. Home Dem. Agent

April, the month Texas gardeners plant tomatoes, is here.

Home gardeners want the best return from their plantings, and they will get it if they prepare the ground and cultivate the plants in the right way. Jimmie Rosborough, horticulturist for the A. and M. College Extension Service, offers some simple suggestions for doing the job right.

If it is possible apply a shovelful of rotted manure where each tomato plant is to grow. This material will loosen the soil and help the plants to make maximum growth. In sandy soils commercial fertilizer can be used. A teaspoonful of 4-10-7 or 3-8-7 (the Victory garden fertilizer), may be chopped into the earth where each plant will be placed. In setting the plants be sure to pack the soil firmly around the stem of the little plants in a cone shape to support them.

Where there is danger of cutworms the horticulturist suggests wrapping plant stem with paper one or two inches above the ground and below the ground. Tin cans with both ends cut out and pushed about two inches into the soil also will give satisfactory protection against the worms. Also if the cutworm bait is broadcast over the field before planting it will kill the cutworms. The cutworm bait consists of the mixture of 5 lbs. bran, 1 tablespoonful Paris Green, 1-2 pint cheap molasses, 1-2 gallon water. Put out late in afternoon. Dusting the plant thoroughly with 1-2 to 3-4 per cent rotenone will kill other pests of the tomato such as the common tomato fruit worm. Remember to dust the under side as well as the outer. In order to give the young plants a good start, water them each evening for the first week.

Tomato growing is one of the subjects of greatest interest to 4-H Club girls this year. Last month at our 4-H club meeting 4-H'ers learned to make seed flats and this month 4-H girls are learning to transplant tomato plants and how to care for them and protect them against insects and get maximum production.

MOVIE CHATTER

(By a Rogue)

Tarzan's Desert Mystery

Calling all boys and girls from 5 to 75 years of age! Tarzan's Desert Mystery will be on at the Rogue Theatre Friday-Saturday, April 21-22 with the original Tarzan, Johnny Weismuller, and the part of Boy played by young John Sheffield. This will be a typical Tarzan picture and we are sure that it will appeal to folks of all ages, because after all, who does not have enough youth left in him to like Tarzan?

Sweet Rosie O'Grady

For Prevue-Sunday-Monday, April 22-23-24 it's Sweet Rosie O'Grady. The background is Irish. The photography is Technicolor. The stars are Betty Grable and Robert Young. You will be there. You will enjoy it. We will all be happy. Need we say more? If so, you say it.

Government Girl

Olivia DeHavilland and Sonny Tufts will be here Wednesday-Thursday, April 26-27 in Government Girl. It is a story all about the mad whirl going on at our National Capitol. Will it be good? Well, what do you think? You are perhaps a better critic of the cinema than we who operate the local theatre. Use your own judgment—because after all this is what you will do anyway. Personally, we cast a positive vote for the picture.

PHILLIPS ANNOUNCED \$6,600 VICTORY GARDEN CONTEST

Meeting the government's plea for more victory gardens to help combat the growing food shortage, Phillips Petroleum Company has announced a \$6600 Victory Garden contest for employees and their families, with awards for best gardeners, canners, essayists and photographers.

Contestants will be classed according to their individual talents and can enter any of the four separate divisions with a chance to win war bond prizes for best entry. In addition, Frank Phillips, chairman of the company, who is a sponsor of the National Victory Garden Institute and a member of the Industrial Advisory Garden Committee, will present a trophy to the top-ranking canner, while a similar award will be made by K. S. Adams, president of the company, to the best gardener.

The contest has been designed to appeal to every member of the family. A total of \$2000 in war bonds will be split up among best gardeners, \$8000 among children writing winning essays on "Why Raise A Victory Garden?", \$800 among employees submitting best photos of gardens, and \$3000 among best canners. Judging will be by an impartial board, not connected with the company.

Although the contest is just getting underway, response has already been spirited and Phillips Petroleum Company expects to contribute substantially toward the government-announced goal of 22 million victory gardens this year.

LEGAL NOTICE

(First published in the Wheeler Times, March 30, 1944)

CITATION BY PUBLICATION

THE STATE OF TEXAS

To: Pearl Vermillion, Mrs. Hattie Raney, and husband, J. O. Raney; Earl Vermillion, Minnie Sap, Mrs. Edith Rollins, Mrs. Dessie Vermillion, Magdalene Vermillion, Alva Vermillion Jr., Dale Rollins and Garvis Rollins, Jeff Vermillion and Mrs. Jeff Vermillion, John R. Vermillion, Irene Ray Vermillion and Orwin Vermillion, if living and if not living their unknown heirs and legal representatives.

GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 8th day of May, A. D. 1944, at or before 10 o'clock A. M., before the Honorable District Court of Wheeler County, at the Court House in Wheeler, Texas.

Said plaintiff's petition was filed on the 24th day of March, 1944. The file number of said suit being No. 3505.

The names of the parties in said suit are: Isabel Huseby and Mabel Arrington, individually and as executrices of the Estate of M. L. Huseby, Deceased, and under her will and John Arrington, as plaintiff, and Pearl Vermillion, Mrs. Anna Blair and husband, W. D. Blair; Mrs. Hattie Raney and husband, J. O. Raney; Earl Vermillion, Minnie Sap, Mrs. Edith Rollins, Mrs. Dessie Vermillion, Magdalene Vermillion and Alva Vermillion, Jr., Dale Rollins and Garvis Rollins; Jeff Vermillion and Mrs. Jeff Vermillion; John R. Vermillion and Orwin Vermillion; if living and if not living, their unknown heirs and legal representatives, as Defendants.

The nature of said suit being substantially as follows, to-wit:

Tresspass to Try Title with counts in limitation.

A brief statement of the nature of this suit is as follows, to-wit:

FIRST COUNT:

Plaintiffs sue in tresspass to try title claiming that on the 1st day of January, 1944, plaintiffs Isabel Huseby and Mabel Arrington were and are the owners in fee simple of the following described premises situated in Wheeler County, Texas:

All of the North-East Quarter (NE $\frac{1}{4}$) of Section Four (4), Blk. A-5, Certificate No. 14,2896, H&GN RR. CO. Surveys, and

All of the South-East Quarter (SE $\frac{1}{4}$) Section Seventeen, Blk. A-5, H&GN RR. CO. Surveys, Certificate No. 14,2903.

That on the day and year last aforesaid, plaintiffs were in possession of such premises and afterwards on the 3rd day of January, 1944, the defendants unlawfully entered upon and dispossessed them of such premises and withholds from them the possession thereof.

SECOND COUNT:

Plaintiffs further sue for title and possession of the lands above described upon the ten, five, and three year statutes of limitation, claiming as follows:

A. That they and their grantors have had and held continuous, peaceable and adverse possession of said land, cultivating, using and enjoying the same for a period of more than ten years after defendants' cause of action, if any they had, accrued.

B. That claiming said land under deeds duly registered, and that their grantors have had and held peaceable, continuous, and adverse possession of such land, cultivating, using and enjoying the same and paying all taxes due thereon, for a period of more than five years after defendants' cause of action, if any they had, accrued.

C. That they and their grantors have had and held continuous, peaceable and adverse possession, under title and color of title by transfer from and under the State of Texas, of such land, claiming, cultivating, using and enjoying the same for more than three years after defendants' cause of action, if any they had, accrued.

Plaintiffs pray that they have judgment for title and possession of such lands, upon each and all counts and sub counts alleged, for general and special, legal and equitable relief.

Issued this the 24th day of March, 1944.

Given under my hand and seal of said Court, at office in Wheeler, Texas, this the 24th day of March A. D. 1944.

(SEAL) **OLLIE W. BEENE,**
Clerk, District Court,
Wheeler County, Texas

Carl Chaudoin, superintendent of the McLean schools for the past two years, has tendered his resignation to the school board to become effective at the close of this school year. Mrs. Chaudoin has also resigned as band director and public school music instructor. The couple have recently purchased the Colonial Hotel at Norman, Oklahoma and will take over active management of it July 1. Mr. Chaudoin is a former instructor in the Mobeetie schools.

Wellington Man

(Continued from First Page)

pose to do my best to be of service to every legitimate business organization in my district, whether it be big or small; I want to help the new as well as the old industries in Texas. Great steps such as in aviation and shipbuilding developments have shifted thriving industries to Texas; we must do what we can to keep them here. I believe in helping and improving the welfare and interests of farmers but at the same time I am a firm believer in the industrial development of this great state.

"I favor less government control from Washington especially in matters of agriculture because I believe if there is to be any control at all over farmers it should be handled locally by people familiar with local circumstances and not by bureaucrats in Washington who are too far removed from the immediate problems of our farmers.

"As for old age pensions, my grandmother gets a pension and through her I have been able to see how much that little income means to all lonely people like her. The independence and security she gets from that pension is the only bright spot in her lonely life. I am not one to make glowing promises that I might not be able to fulfill, so I will only say this: you can depend on me to support old age pensions.

"I believe my experience on the battle front together with my lifelong association with the men of this district qualifies me for the job of representing the interests of all the men in the armed services until the conclusion of this conflict, and especially in matters concerning their rehabilitation upon returning home. I have fought and bled and suffered, been homesick and hungry in the same way that some of our boys are right now. After two years away from home, one year of which was spent on the battle front, I had to experience rehabilitation to civilian life without any help. I am fully aware of the problem returning men will have to face. It is my hope that I can do what is needed to see that they profit from my experience. In matters of injuries or loss of loved ones my heart has suffered as much as any. My nineteen-year-old brother was killed only twenty miles from where I lay in a hospital bed in England, but my condition was such that it was twenty-two days before I was notified of my brother's death.

"Many fine young men of this district have already given their lives, others have sacrificed their health. And still more have endured long suffering in prisoner of war camps. Most of them are boys I have known all of my life. Grievous losses still lie ahead for many families and friends of ours. These unfortunate losses we cannot avoid. We can make steps to see that the boys are treated right when they come home. It will be our job to welcome them with a country worthy of the sacrifices they have made for it."

R. L. Templeton is the son of the late Judge R. H. Templeton and Mrs. Lutie Templeton of Wellington. He is the grandson of Newton Gresham, founder of the Farmers Union of America, and is named after his uncle, the late Hon. R. L. Templeton, former State Representative of this district and first judge of the 100th Judicial District of Texas.

He has been interested in military preparedness for this country since he was sixteen. At that age he enrolled in the Citizens Military Training Camp at Ft. Sill, Oklahoma, and voluntarily reported for military training during the summers of '36, '37 and '38.

Born and raised in the same home that is now his residence, he spent his early life, outside of college and military duties, in Wellington, graduating from Wellington High School in 1937. At that time he entered the University of Texas where he completed two years of academic study before entering the Law School.

He withdrew from law school in 1940 to enter the U. S. Army Air Corps, voluntarily postponing his education because he could see that war would sooner or later come to this country. After receiving his appointment for pilot training, Templeton reported to California to begin his training as a flying cadet but the Army found his flying unsatisfactory and he was given an honorable discharge from the U. S. Army Air Corps in November, 1940.

R. L. Templeton could see that the war would eventually engulf the United States and he was determined to be ready to do his part. He and his younger brother, Pat Templeton, enlisted in the Royal Canadian Air Force for training as pilots. R. L. joined the R. C. A. F. because he was too young to fly in the U. S. Air Corps. The two brothers won their

Anniversary . . .

On our Sixth Anniversary in business here, we cannot hold a sale and offer reduced prices on out-of-date merchandise because our stock is new — but we would like to remind you that our aim is, and always has been, to render the highest type of pharmaceutical and merchandising service to our customers, and now at a period when your time is more valuable both to yourself and to the nation than ever before, we will try even harder to give the high standard of service you desire.

We stock our shelves with the best recommended lines of merchandise, backed by the firms that manufacture them. This is true in every department of our complete store.

We have a registered pharmacist, trained in experience and skilled to fill your prescriptions in a reputable manner using only the finest drug ingredients obtainable.

As in the past six years, you will continue to receive the uniform and courteous service that has made McDowell's a friendly place to trade.

We sincerely appreciate all past courtesies and want to invite your continued co-operation and patronage.

wings in the R. C. A. F., graduating as pilots in November, 1941, and both asked to be sent into the thick of the fighting.

They met in England in March, 1942. Pat served as a combat flying instructor and R. L. participated in 16 raids over Germany with the Royal Air Force, which were made before the American Air Force arrived in England. In September 1942 Pat was killed when the bomber he was flying crashed in flames. At that time R. L. was in a hospital in England due to injuries in a flying accident. Due to his condition he was not notified of his brother's death for 22 days. Later he was given a medical discharge and sent home and was granted a pension from the British government.

Since his discharge, R. L. Templeton worked for a year as an instructor and engineer at the North American Aircraft Plant in Dallas. Although handicapped physically, he feels that he has many long years of useful service in front of him which he would like to devote to the same causes and the same people and the same country for which he once risked his life.
