## NEWS FROM THE BOYS IN SERVICE

Vernon F. Davis, son of S. B. Davis of Briscoe and husband of Stella A. Davis of Briscoe, has arrived at the Field Artillery Replacement Training Center, Ft. Sill, Okla., where he will receive his 17-weeks of basic training.

Private Davis has been attached to Battery D, 28th Battalion, 7th Regiment. He was inducted Nov. 12. He was president of the Briscoe 4-H club for three years and played basketball on the Briscoe team for 4 years.

Pfc. Edward B. Clepper of Mobeetie is attending the Anti-Aircraft Artillery School, Camp Davis, North Carolina.

Donal Wesley Caramen of Wheeler is one of 312 aviation cadets from Texas taking preliminary courses to prepare them for actual flight training now stationed at the San Antonio Aviation Cadet Center. At the Cadet Center the cadets undergo thorough academic, military and physical training leading to subsequent flight training to prepare them for aerial combat.

C. W. Crafter, son of Mr. and Mrs. Carma W. Crafter of Wheeler, has arrived at the Field Artillery Replacement Center, Ft. Sill, Okla. where he will receive his 17-weeks of basic training. Private Crafter was inducted into the army October 22.

Mr. and Mrs. E. B. Robertson recently received the following V-Mail letter from their son, Cpl. Charles Robertson, stationed in the Mediterranean war theater:

"Dear Mother,  
Now don't get excited because I am writing so often. I just have a bit of special news. Harold (a brother) just spent the afternoon with me. I am so excited I can hardly write. It was just by luck that I found him so easily. We had quite a gossiping session.

Harold looks as young as he ever did except for his gray hair. He is getting rather gray like a lot of the boys in the army. Seems as if they are all getting gray young. It might be because I am getting older and don't realize it. So far though, I have very few gray hairs.

This V-Mail is the best to use but one can't write much so I will try to write often.

With all my love,  
Charles"

Lt. Phillip W. Clepper of the Army Signal Corps, who has been stationed in England for the past nine months, recently visited his parents, Mr. and Mrs. P. A. Clepper. Lt. Clepper left the first of the week for Florida where he will resume his work for Uncle Sam.

The following was recently received by Mr. and Mrs. C. C. Dyson of Mobeetie from their son, Pfc. Clarence Nelson Dyson, who is in training at Bradley Field, Conn.:

"Sitting on my GI bed, my GI hat upon my head, GI pants and GI shoes, everything is free and nothing to lose. GI razor, GI comb—GI wish I were home. They issue everything we need, paper to write on, books to read. They issue food to make you grow—GI want a long furlough. Your belts, your shoes, your GI tie, everything is free and nothing to buy. You get your food on GI plates, buy your needs at GI rates. It's GI this and GI that—GI hair cut and a GI hat. Everything here is government issue. GI wish I could kiss you."

Word has been received by Mr. and Mrs. Floyd Pennington that their son, Sgt. Wm. E. Pennington, is now training as an Aviation Cadet. Sgt. Pennington, who has completed radio and gunner training, is now located at the Army Air Base, Kearns, Utah.

First Lieut. John McCarroll, Jr., of Mobeetie, was one of 12 Texans in the 13th air force who have received the air medal. Pennsylvania led the list with 14 men from that state in the 13th force who had won the medal, Ohio was second with 13, and Texas and Illinois tied for third with 12 each.

Mrs. Tom Lamon, of Mobeetie, is on the sick list this week.

## Thanksgiving Game With Wellington Is Last For Mustangs

Even though they were handed a 20-0 defeat by Wellington in the Thanksgiving day tilt here, the Mustangs completed the most successful season in years having won four games and lost only two in conference play. The Mustangs finished third in the race for conference honors. During the season they have won games from Lakeview, Memphis, Lefors and McLean and besides losing to Wellington were defeated by conference champions, the Shamrock Irishmen.

The Mustangs are to be complimented for their accomplishment under the coaching of Rev. John English, Methodist pastor who took over when it looked as though the local school would have to drop out of the conference because they had no coach.

The game last Thursday was the last for Carroll Pendleton, Lloyd Johnson, Harvey Wright, Donald Hunt, Carroll Pettit, Joe Weatherly, Gene Hall and Charles Riley. Each have done a remarkable job in making the Wheeler team one of the surprise elevens of this section this year. Main stringers who have each played an equally remarkable part in the season's contests and who are eligible for playing next year are John Noah, Cotton Farmer, Junior Pendleton and Henry Risner. Corkey Guthrie, Kenneth Crowder, Oscar Ashley, Junior Ahler, Furman Maxwell, Delbert McWhorter, Bobby Rodgers and Benny Westmoreland are also expected to develop into some real talent by the time another year rolls around.

Start Basketball Practice  
Coach English reports that basketball practice for both boys and girls started yesterday. 18 boys reported for the initial practice.

## 432 Red Cross Kit Bags Are Needed To Meet Local Quota

The Wheeler Chapter of the Red Cross and surrounding units are again called upon to make Red Cross Kit Bags for soldiers who are embarking for foreign duty. The new quota has been set at 432 bags which will have to be made and financed. The approximate cost of each bag is about \$1.00.

All people who would like to help make kits or donate to the cost of the bags, are urged to contact some of the Red Cross workers. They will be given to each soldier when he leaves the port of embarkation.

Clubs or organizations are requested to assist in making and packing the kits. This work should be done as soon as material is received, so the soldiers will have these necessity kits which were once considered a luxury.

## W. J. BRUMLEY HAS EXCEPTIONALLY FINE '43 COTTON TURN OUT

W. J. Brumley is wondering if he hasn't established some sort of a local record this year in the way of lint turn out of cotton. Mr. Brumley harvested 2,782 pounds of lint cotton from 5-110 acres of land on his place northeast of Wheeler. Of the more than five bales gathered three were picked. The picked bales classed 15 16 middling. Reports of classification of the other cotton that had been pulled had not been received.

## Christmas Packages Should Be Mailed Within Next Few Days

Postmaster Chester Lewis this week calls the attention of citizens to the fact that time for mailing Christmas packages is rapidly nearing the deadline.

Postal authorities have urged persons to mail Christmas packages within the United States at an early date in order to insure delivery by Christmas. Owing to the heavy mails during December and the manpower situation on the railroads as well as in the postoffices, packages which are not mailed until a few days before Christmas may not reach their destination on time.

Postmaster Lewis again calls attention to the fact that outgoing mail must be in the office by 3:30 p. m. It may be possible that the window will be closed from 3:30 p. m. until 4:00 p. m. during the December rush to enable him to dispatch the outgoing mail, Lewis stated. He also is requesting that persons sending money orders make out their own applications and states that an ample supply of such blanks will be on hand on the large table in the postoffice lobby.

## Pearl Harbor Sunday To Be Remembered

Sunday, December 5, has been designated by the American Legion as Pearl Harbor Sunday. The Legion suggests that all patriots make a special effort to attend church on that day.

The Wheeler churches are cooperating with this effort by having a group of soldiers from the Pampa Air Field base as their guests. The soldiers will be invited to attend the Sunday morning services of the Methodist and Baptist churches and after church services will be invited to dine in different homes for Sunday dinner. It is planned that 75 men from the air base will be in Wheeler Sunday as guests. At least 25 will be invited by the Methodists and about twice that many by the Baptists. It is planned that several will be invited by individuals outside these churches.

## Farmers Must File Tax Statements By Dec. 15 Deadline

Farmers who have sufficient income to require filing a declaration of estimated 1943 income and Victory tax are required to file and make a payment on or before December 15, unless they complied with this requirement on the September 15 date that applied to most other persons, explains Robert E. Hannegan, Commissioner of Internal Revenue. Farmers and others making their first report this time will receive no declaration forms but must ask for them if they do not still have the forms mailed them in August.

Because of the difficulty farmers have in estimating their tax, they have been given until December 15 to file their declarations, whereas others were required to file September 15. Farmers are also given greater leeway in estimating and are not subject to penalty unless they underestimate their tax by more than 35-13 per cent.

Those persons, including farmers, who must file on or before December 15 are:

1. Persons who did file on or before September 15 but who underestimated their tax by more than 20 per cent (more than 33-13 per cent in the case of farmers) and who should file "amended declarations" to avoid penalties.

2. Persons who did not file in September because their estimated income at that time was insufficient to require filing, but now meet with any one of the following requirements. These requirements also determine which farmers have to file income declarations.

a. Anyone who expects to have during 1943 more than \$100 gross income from a source outside of wages which are subject to withholding and who also expects sufficient gross income to require filing an income tax return (\$500 for a single person, \$1,200 for a married couple, or \$624 for an individual married person).

b. Any single person expecting wages of more than \$2,700 subject to withholding during the year.

c. Any married person or any married couple expecting individually or together more than \$3,500 from wages subject to withholding during this year.

d. Any person who was required to file an income tax return for 1942 and who expects his wages in 1943 to be less than in 1942.

Persons who have questions should address them to their local Collector of Internal Revenue. Collectors' offices again will provide advice and technical assistance to taxpayers who request it. Local Collectors will send bills to taxpayers who filed declarations in September and who have an installment to pay December 15, 1943.

## Wheeler County 4-H Club Boys Help Feed Nation

Wheeler county 4-H club boys are doing an excellent job of helping feed the nation and armed forces. This is revealed in a detailed report by C. V. Hanning, assistant county agent directing the boys in their work.

This year there were 12 organized 4-H boys clubs with a total enrollment of 293 boys. These clubs were very active and met twice monthly. The most valuable demonstration was beef cattle. Beef cattle valued \$28,074.00 in 4-H clubs of Wheeler county. Swine was the next with a value of \$16,335.51. The swine was improved by the adding of nine registered Durocs. 4-H club boys have 72 registered Hampshires. Feed comes third with a total value of \$8,571.57. Dairying is becoming more important among 4-H club boys for in 1943 the value of their dairy cattle amounted to \$1,518.33. The boys are realizing that a well rounded program is more profitable from year to year. Poultry came in fifth with a total value of \$737.43. With all this increase in value of the 4-H demonstrations the boys have not failed to buy bonds. The 4-H club boys of Wheeler county have purchased \$3,842.50 worth of bonds and stamps to help hasten the day of victory. Their contributions did not stop with money for they collected 63,062 pounds of metal and 5,187 pounds of rubber. This they did to make bombs to drop on bums.

Wheeler county boys participated in district one boys encampment at Lake McClellan. There were 16 boys attending this encampment. The encampment was enjoyed by all the boys who attended. A county encampment was planned but on account of infantile paralysis was postponed. This encampment was postponed on advice of the health officer and county judge.

Wheeler county 4-H club boys held a 4-H pig show. This show was held at the county seat of Wheeler with prizes being donated by the Lions club. There were 12 4-H club boys who won prizes at the show. The first place registered Duroc gilt was then taken to Amarillo where she placed fourth in district.

Wheeler county 4-H club boys fed out nine baby beef calves which they took to Amarillo to the Amarillo Fat Stock show.

Ten Wheeler county 4-H club boys were honored with a trip to Amarillo to tour the Amarillo Air School. This was given to 4-H club boys who had fed a fighter. These boys were given distinction because of their accomplishments.

1943 has been very successful from the standpoint of interest and work on the 4-H club boys part. Many boys have made hands in the harvest field besides feeding out 54 to 73 hogs. These same boys have time to attend 4-H club meetings.

In 1944 there will be 14 organized boys 4-H clubs in Wheeler county. Since there has been a decrease in some other agricultural departments there has been an increase in 4-H club work. The boys are very interested in their work, and are looking forward to 1944 and a heart to work and victory.

A prominent stockman gives us a fine example of conservation under the various and sundry conflicting and competing regulatory agencies. First the stockman is told that he must conserve gas and tires in order to win the war; next, he is told that he must put in longer hours as help is scarce and men are needed in war plants and in the armed service; following this, he is required to produce more food for those who are so engaged in war effort, in spite of the fact that he can secure no machinery with which to raise this food; but while producing meat another agency limits him to the amount of cotton seed meal that he can buy at one time, with the result that he must make a long trip to market every third day in order to buy a few sacks of feed, thereby wasting time and wearing out his tires as well as burning valuable gasoline. That's a fine mess, but a true picture of what our farmers and stockmen are up against as they patriotically try to do their part in raising more food to win the war.

Service Smiles: "No," said the girl returning from a date with a Navy man, "I don't know what his rank was, but I think he was a chief petting officer."—"And where is Cadet Smith?"—"A. W. O. L."—"After women or liquor?"—"A dusky soldier who said he was in the Artillery was asked: "What do you do in the Artillery?"—"Ah opens the big gun, puts in a big shell, closes the gun, points it in the right direction, pulls the trigger and says, 'Mista Hitler, recount your army!'"—"A couple of colored boys were crouched in a shell hole while a barrage whanged over their heads. "Look here, Rastus," said one, "ain't you skeert?"—"Not me," boasted the other. "Ain't no shell gonna come along got my name on it."—"Me neither," said the first fellow. "I ain't worried about my name on no shell. What I am worried about is, maybe there's one marked 'To whom it may concern.'"—Ochiltree County Herald

No Nonsense Here  
 Some have called us "easy marks" in our treatment of prisoners of war, inasmuch as we give them the same food as our own men in the field, tend them in sickness with the same concern as our soldiers receive. There is a marked difference in the treatment accorded American prisoners of war in certain enemy countries, we agree. We recently had to stop trouble in a camp here at home where Japs are interned, by bringing in machine guns, tanks, troops and bayonets. The internees held practically as prisoners 100 white people and the National Relocation Director. We will not turn to barbarism but we will not tolerate this sort of uprising among troublesome internees. Prison camps are not recreation centers where the occupants hold song fests to learn the words of the Star Spangled Banner. They hold enemies, and we must not forget this.

Happy Holiday  
 We are going to have a festive Christmas, if store displays are indicative of what is ahead. There are still lovely dolls and an increased number of toy soldiers and drum majors it seems. Mechanical toys are numerous and play dishes and toy houses can be found in any gift department. Early shopping has shown us a splendid line of books for children and we find the tie and sock departments are catching the masculine eye as usual with a colorful array. Women will be able to oh and ah as usual over lingerie, perfume and jewelry, hose, cosmetics and leather goods. Flowers and candy will again be the perfect present, and available. Tissue, ribbon, cards all point to a happy holiday. We are in the midst of plenty in the force of war. Let us show our gratitude by cooperating and doing our buying earlier this year.

Remember Pearl Harbor.  
 The second anniversary of that dastardly attack by the Japs will be here Dec. 7. The Treasury Department has asked the press of the nation to urge people to buy extra bonds in revenge on that day.

No rationing can be so bad that still permits mince pie in local homes.

**WANT TO KNOW WHY?** Because Daddy and I no longer have to worry and wonder about which oil to buy to make our car last longer. We discovered the answer in an ad—just like this one. And it said:

One of the best precautions you can take to protect and lengthen the life of your motor is to use good oil. But which oil is good? The following facts should help you decide.

Phillips makes this straightforward statement: If you want our best oil, remember we specify Phillips 66 Motor Oil is our finest quality . . . the highest grade and greatest value . . . among all the oils we offer to average motorists.

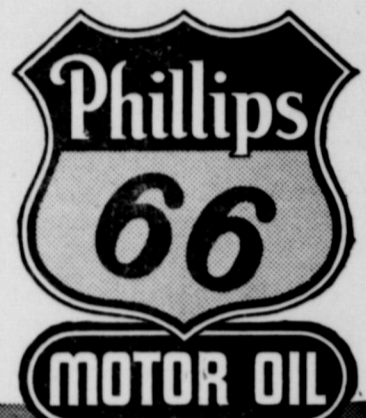

Phillips 66 is the name to remember when you replace summer-thinned lubricant, or make the recommended every-two-months oil change.

A San Antonio store advertises "Cheerful credit." And a shine parlor has this sign, "We invite criticism; come in and raise h—!"

There were many optimistic souls who thought the long fight against loan sharks had been won when the recent legislature gave the Attorney General and district attorneys the power to ask injunctions against 250 per cent racketeers. But those who thought that the loan sharks would give up without a struggle did not take into consideration the ruthless determination and the cold, inhuman greed of the tribe.

Without commenting on the merits of any legal questions involved in the lawsuit, it does seem strange that the sharks — after violating the provisions of the Texas Constitution for years — have actually appealed to the courts that are set up under the very Constitution which these leeches have flaunted and are asking that the Attorney General and district attorneys be prevented from putting the new law into effect.

Thousands of dollars, even tens of thousands of dollars, for attorneys' fees and expenses would be "chicken feed" compared to the \$30,000,000 which is estimated as annually extorted in usury in this State — a toll which the sharks want to be allowed to continue to levy.

**Personality Is A "Must"**

So often we hear a person say, "This talk about personality is just bunk. What could such things as words or phrases have to do with building a better personality?"

The words we use along the way deepens our gladness of each day. Our words but echo a sigh or a song, that matches the moods of what we say. Our words can greatly influence our personal lives toward happiness or unhappiness.

The doors that lead to a dreamed of personality do not always yield to iron keys. Courtesy, rather than power, wins in life. There is no door that can withstand a genuine "thank you" or a "please."

It seems that we should always be on guard of all our harsh statements. Avoiding "catty" words may be hard, but if said, these words cost us our best friends.

The corridors that lead to the things worth while seem the hardest to squeeze through. Tact and courtesy are irresistible, but there is no heart that can close out a smile that means a "thank you" or a "please."

**Eyes And Ears**

We wonder why Donald and Gene were disappointed Monday. (We hear General Brown stopped it.) Why Lloyd could be so happy this week. (We heard it was Neva's birthday present.) Virginia and Noi Lou looked so sleepy Friday. (Ask the telephone operator) Why was La Rue skating Thursday night. (We heard that a certain soldier from McLean was coming.) Naomi seemed so sad Friday. (Could it have been one of those guys in the black convertible?) We hear Betty has a sore knee. Why? (It couldn't be because her brother is getting reckless.) We hear Iris had a good time Saturday night. (Ask Louis M.)

**Seen And Heard**

Mary Lee blushes every time a certain senior boy's name is mentioned. (We wonder if Donald knows anything about this.) I heard that the reason that Bro. English's wife asked him to marry her was because "He was too bashful."

**Socials**

It seems that school activities have slowed down since Thanksgiving. The only party this week was a hobo party at Patsy Wileys.

**Visitors**

Pvt. Jim Johnson, who is stationed at Sheppard Field, visited school Friday. Elois Sandifer visited school Friday.

**Senior Personality**

Name, Lloyd Johnson; age, 16; years in W. H. S., three; favorite teacher, Mrs. R. William Brown; favorite subject, English; favorite song, "Paper Doll"; favorite actor, Spencer Tracy; favorite actress, Judy Garland; favorite like, pretty girls; favorite dislike, Mobeetie boys; favorite hobby, swimming and photography; favorite ambition, to pilot a Mosquito Boat; favorite girl friend, Neva Jane Weatherly.

**Weather Report**

For the boys and girls who are going to play basket ball, the weather will be fair for a while since practice starts soon. For some students, it will be cloudy since the skating rink has gone.

**Miami Defeats Mobeetie**

The Miami Warriors defeated Mobeetie Hornets 21-7 in the second of a two game series. The Hornets scored about the middle of the second quarter. Leonard received a kick and with excellent interference ran 50 yards for a touchdown. Reed carried the ball over left tackle for the free point. Miami scored the first of the third quarter, then scored two more touchdowns at the last part of the game.

The starting line-up included: Dunn, L. Tackle; Carter, R. Tackle; Byrne, L. Guard; Brewer, R. End; Shahan, R. Guard; Roberts, L. End; Leonard, Quarter Back; Bailey, R. H. Hack; Reed, L. H. Back; and Corse F. Back.

Substitutes were: Patton, Thomas, Eubanks, G. B. Dunn, Williams, waters and Barton.

The Hornets wish to thank Ewing for his coaching; English, Pendleton and Caldwell for calling the game; and C. E. Trimble for acting as water boy.

though she made it pretty well since T. J. insisted on holding her up. Did you see all the show Glorice? Have you noticed Lanelle Scribner going around singing Kentucky? She couldn't be thinking of a read-headed Seitz boy could she? Seems Kenneth Shahan and Arlene Red are getting up a case. Here's hoping Arlene's boy friend in Kelton doesn't read this. Who was that walking Nadine Henderson home from church Sunday night? Couldn't have been Beck Ruff, could it, Nadine. Bennie Barton's new girl friend seems to be Wylene Davis.

**Nicknames**

Billie Lou Trimble is being called "Kelton." Has she got friends in Kelton? L. D. Smith is known as "Blackie" around school. Johnnie Reed and Hoyt Dunn were also along when he picked up his nickname. (Reprint by request). By the way, after consulting my English teacher, I find that "Love Divine" isn't a nickname, it's genuine. "Double Nothing" isn't new but at the suggestion of Carley Beck it will also be reprinted; it is Melba Robinson's nickname and it originated in Briscoe. Some people call Mrs. Marchbanks "Joe." Who started that? Jessie Ray Leonard; she also is known as "Aunt Snag." We began calling Carley Beck "Speedy," lately because of his super speed in typing. Heard someone call Stacy Arnold "Red" yesterday. Did that come up over some red headed Wheeler girl? He is also known as "Miami" around school.

**WHAT SAY YOU?**

For the Lord shall rise up as in Mount Perazim, he shall be wrath as in the valley of Gibeon, that he may do his work, his strange work; and bring to pass his act, his strange act. Now therefore be ye not mockers, lest your hands be made strong; for I have heard from the Lord God of hosts a consumption, even determined upon the whole earth. Give ye ear, and hear my voice; hearken, and hear my speech. Isaiah 28:21-22-23

**School Resumed**

School has been going on for two weeks since we took up from cotton picking. Everyone's pocket book is somewhat larger and everyone is feeling the effects of picking cotton.

**Skating Party**

The Juniors and Seniors gave a skating party for the high school, Thursday night, November 18. Everyone reported a good time. Several were seen on the floor who were just learning. (Ask Bett, Jane and Margie Faye?) We skated two hours.

**Odds And Ends**

Ask Jane how it feels to fall on the hard floor? Wonder why Harold and Jerold didn't want to leave the dance Thursday night? Wonder why everyone was sleepy Friday morning? Ask Betty, Lois, Laveta and Margie. Which girls went to sleep in Government class Friday? Everyone has it in for Bobbie Donaldson. Somehow the corner didn't meet Betty right Thursday night and she was limping around Friday. Tootsy being seen in a convertible coupe. Whew! Not bad.

**Junior News**

We are going to lose Lois Gillenwater as she is moving to California next week. We will be sorry to lose her, as Lois was a very good friend of ours. We wish her lots of luck. Margie Faye not being seen with Mobeetie lately. Lucella and Ruby Lee are back in school with us. It seems as if Violet Bee and Frances M. are getting tickled in geometry class too much.

**Senior Class**

The Seniors are getting impatient

for their rings. Hope it won't be long. Our pictures will be made November 29. It is said that Betty may go to Wheeler to school before long. Our class will miss her, if she goes, but we don't think she wants to go.

Sit down, make yourself at home, says the hospitable South African to the visiting American. Have a "Coke", says his guest, and he's understood at once. It's a phrase that says, Welcome, neighbor, from Capetown to Cape Cod. The world over, Coca-Cola is the symbol of the pause that refreshes—the happy meeting ground for kindly-minded strangers.
