### CWE CHAT WITH EDITOR

By Louis C. Stas

Here we are at graduation once more. It is unbelievable another school year is past and another group of seniors will be turned out into the world.

— cwe —  
We wish them the best.  
— cwe —

The graduation paper was published last week and you guessed it; we left one senior story out. We checked and we did not have a biography for Nathan Benefield. It must have been misplaced somewhere between here and there. Our apologies.

### STORM REPORT

As Reported by...  
**Stormie Meriwether,**  
First Grade Student

Dear Friends, One day we went to IHOP. It was with Baba, Pop, Jenna and Seth. Uncle Gene and aunt Melba came too. It was too many—"seniors" for a "kid" to eat free. Seth and I love the macaroni and cheese and the fruit.

It was so fun to see Jaeden (Musae) do ballet! She is two years old. Jaeden was beautiful! I loved to give her the roses. She will be a swan someday!

This is so cute! My big dog, Wally, loves Cupcake! He stays with him all day long 'til I get home from school. They are best friends. Now school is almost over. Summer will be so much fun! I can play with my dogs and ride Cupcake.

I am a little happy and a little sad. I am so happy 'cause Ms Sue (Eads) is gone to be with Jesus and now she is not sick anymore. I am very sad 'cause I miss her and Mr. Ben will miss her. I think he has to come ride horses with me so he won't be so lonely. That's it.

## Charges For Use of Co. Ag & Family Life Center Adjusted

Wheeler County's new AgriLife and Family Center has been open for use for the past seven months. The income and expense sheets were compared. The income from the facility fell short by \$248.67.

The County Extension offices are located at the facility and the county agents handle the renting. The short fall in income (\$248.67) means the county is out only

\$35.52 per month.

As agreed when the rental fees were put in place, the advisory board met and considered the charges for the use of the different facilities available. The board agreed on lower rates for the building's use.

The new rates are shown below. The original rates are crossed out.

## Commissioners' Court Meets

The Commissioners' Court of Wheeler County, Texas, met in regular session on Monday, May 24, 2010, at 9:00 a.m. in the Commissioners' Courtroom of the Wheeler County Courthouse, 401 Main St. to consider prior bills and discuss matters of mutual concern.

Beginning at 10:00 a.m., twelve items on the agenda were acted upon.

The hourly payroll time sheets were approved for payment as

presented.

The court voted to pay the bills as approved for payment.

Tom Puryear, Commissioner, Pct. 2, requested the court's approval in transferring \$35,000 from his Oil and Gas Account to Equipment. The transfer was approved.

The commissioners approved the monthly reports by the Justice of Peace, Pct. 1 and the County Tax Assessor.

At a previous meeting the court had approved a \$500 fee for the crossing of county roads for the placement of pipelines. Enbridge requested the court check into the legality of charging for the crossing if the roadway was not cut. A check of the law showed a misinterpretation of the law by the county; a fee cannot be charged if the crossing is made via boring. If road damage results from the boring, the pipeline company will be responsible.

Enbridge Pipelines (A Texas Gathering), L.P. requested permission to cross County Road B with an underground Utility and/or pipeline crossing. Permission granted with a fee if the roadway is cut.

A maintenance agreement with Tascosa Office Machines for the Canon IR-505N copy machine was approved.

The court gave Tom Puryear permission to look into the purchase of a truck and trailer at a cost of over \$5,000.

Item #10: Consideration of resolution to make the Court-house pet free except for service animals was tabled.

Julian Torrez asked to be removed as Wheeler County Chief Deputy until personal matters could be "taken care of". Rowdy Clark was appointed temporary Chief Deputy for the County Sheriff's Department, effective May 24, 2010.

The court approved the adjustment (lowering) of rental fees for the Wheeler County AgriLife and Family Center. The adjusted rates can be found elsewhere in the paper. County Extension Agent Kenny Brdecko presented an income/loss tally for the seven months the facility has been in use. Income from the use of the facility totaled \$4,255.00; utilities amounted to \$4,503.67—\$248.67 above the income.

## DON'T NAME YOUR CHICKENS

Several months ago, I mentioned the fact that having a farm animal for a "pet" usually doesn't turn out to be such a good idea. Sooner or later, they wind up "going to town." At least, that's the way my experience turned out...more than once.

For several years, I recall that mom would order a bunch of baby chickens. There were always a few who were unusually colored, or maybe one might have a physical deformity, like a beak developed where the top and bottom didn't quite match.

It was always tempting to give names to the ones that I could recognize. That was all well and

THE WHEELER TIMES

PAGE 2 — Thursday, May 27, 2010

"Wheeler: town of friendship and pride."

good while they were small, but after about six weeks or so, mom started talking about "chicken-killing time," coming up pretty soon. When I asked her if we were going to eat the ones I'd given names to, she said, "Sure, but just the roosters." Seems like "Clarabelle," "Betty Grable," and "Arlene," would luck-out, and get to go to the henhouse. On the other hand...those fine looking young roosters with names like "Joe Palooka," "Jack Dempsey," and "John L.," would eventually end up in the frying pan.

You know, it was always hard for me to eat a chicken that I had named. Just didn't seem right! It never seemed to make mom or dad any difference when we ate one of them. I came to the conclusion right away... I preferred "anonymous chicken" on the platter.

## Sayre C. Theatre To Hold Auditions

Sayre Community Theatre will hold its auditions for GREATER TUNA at the Sayre Methodist Church, 802 N. 4<sup>th</sup>.

Auditions will be held for two days Sunday, June 13, at 4 pm and Monday, June 14, at 6 pm.

Guest professional director Patt Ward Curtin describes the play as a hilarious comedy about Texas' third smallest town, Tuna. "It's a great opportunity to become involved in theatre. The way this play is set up many rehearsals should be able to be arranged where everyone doesn't have to rehearse every night. Plus it's just a fun show," she said.

Anyone needing more information should call Curtin at 405-255-1218 or Sayre Floral at 580-928-3355.

"Honor your father and your mother: that your days may be long on the land which the Lord thy God gives you. You shall not kill; you shall not commit adultery; you shall not steal; you shall not bear false witness against your neighbor. You shall not covet your neighbor's house or his wife nor anything that is thy neighbor's" (Exodus 20:12-17).

## Miracle Network Visits Kelton Sch.

The Kelton School raised money for the Children's Miracle Network. The school had a competition to help earn money for the organization which involved students placing money into teachers cans. The top three teachers who earned the largest amount of money were given the privilege of drawing for three different categories.

1. A Class Ice Cream Party
2. "Kiss a Pig"
3. Wild Card - which allowed the teacher to change the game in any manner.

The top three teachers who were selected to draw envelopes included: Roy Herndon 1st Place, Jay Watson 2nd place, Sarah Harless 3rd Place. Mr. Herndon ended up with the Ice Cream party, Mrs. Harless drew kiss a pig, and Mr. Watson drew the wild card. The wild card was used and Mr. Watson chose to have Ms. Boswell kiss the pig. The Children's Miracle Network attended the Kelton Assembly and they brought ice cream for each student.

The Classrooms with the highest earnings also earned a special day. Mrs. Koens second grade class and Mrs. Orrs pre-kindergarten class will spend a morning at the Wheeler City Park for their hard work in earning money for the Children's Miracle Network.

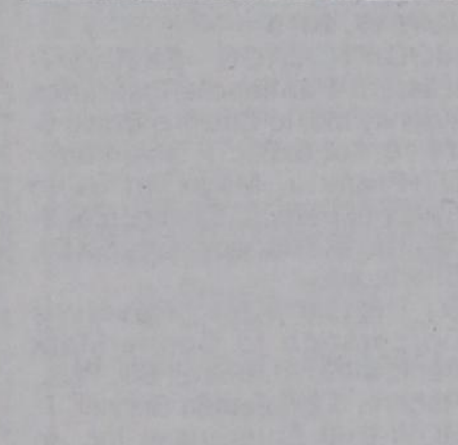

## THANK YOU

Coach Houska and Mrs. Kimbro would like to extend a special "Thank You" to all of the organizations that attended the Kelton School's health fair.

## Speaking from the heart

Dad was diagnosed with Parkinson's disease 10 years ago. Recently, he started suffering from arthritis in his knees, extreme shaking and stiffness. The problem wasn't that he couldn't move, it was that his movement was too small to get anything done. That's when I talked to him about getting treatment from Accolade HomeCare.

Just a couple of weeks into the program and his muscles feel stronger. He's taking bigger steps, walking up and down the stairs and getting into bed without any problems. He can even bend over to pick up the remote. Thanks to the help from Accolade, everything in his life is much better.

## ALLISON NEWS

By Juanita Boydston

PRAISE ye the Lord. Praise, O ye servants of the Lord, praise the name of the Lord. Blessed be the name of the Lord from this time forth and for evermore. From the rising of the sun unto the going down of the same the Lord's name is to be praised. The Lord is high above all nations, and his glory above the heavens. Who is like unto the Lord our God, who dwelleth on high. Who humbleth himself to behold the things that are in heaven, and in the earth! He raiseth up the poor out of the dust, and lifteth the needy out of the dunghill. That he may set him with princes, even with the princes of his people. Psalm 13:1-8

O GIVE thanks unto the Lord; call upon his name: make known his deeds among the people. Sing unto him, sing psalms unto him: talk ye of his wondrous works. Glory ye in his holy name: let the heart of them rejoice that seed the Lord. Seek the Lord, and his strength: seed his face evermore. Remember his marvellous works that he hath done; his wonders, and the judgement of his mouth; Psalm 105:1-5

The weather in Allison is beautiful this morning, but was a bumpy ride for last night. Severe weather over the panhandle and tornadoes all over. Yes, Wheeler County had several tornado warnings. Very scary evening and night. But Praise be to Jesus!! He kept us thru it all and spared Allison from large hail and tornadoes. This reporter is so very thankful. Sounds like we will have to pray again for this Tuesday evening and Wednesday evening as well. But God is gracious to answer our prayers and is close as the mention of his name. And there is POWER in the name of JESUS!! Praise God!!

The Zybach Cemetery Trustee's would like to Thank everyone for coming out and cleaning up the cemetery. The trustee's are: Bennie Boydston, Vance Boydston, Bevard Dukes, Alton Lohberger, Dean Tipps, Bob Zybach and R.L. Zybach. Again they say thanks. Bob reported a very good turn out for the cleaning.

This stormy weather keeps you on your toes. And also keeps you praying very much. The weather people kept extending the tornado and severe weather watches till Mom, Opal Boydston and this reporter, Juanita Boydston just went to bed in a cellar and forgot it all. Had a good nights rest anyway. Praise God for his peace that he gives you when you pray.

The Lord watered our flowers and gardens this time. He does a much better job than we do for sure. That way you don't have to drag the hoses around everywhere.

There is so many weddings and graduations these days, it keeps everyone busy going here and there to honor those graduating or getting married!! Congratulations to them all!! God Bless and Keep ya'll till next time!!

## Parkview Artery Memorial Day and Patriotism

Every true American has felt it: that shudder of joy so vast it can hardly be contained, that heart-pounding pride at the sight of the American flag. It is a sense of belonging to something greater than oneself, of belonging to a great nation. It floods us as we listen to the National Anthem with tears stinging, throat choking, pride and triumph welling up within. And although describing any such great emotion is difficult, we embody this feeling in one word: patriotism.

Patriotism is looking at the flag of the United States of America, and seeing beyond the cloth, the colors and seeing what our Flag embodies.

The Flag of the United States of America represents freedom, truth, honor, justice. All of the things this country stands for and is based upon is depicted in one symbol - our Flag.

Patriotism is knowing the difference between freedom of expression, art, and desecration of our Flag.

Patriotism is looking at our Flag and seeing the faces of all those who gave their lives to defend our way of life.

Patriotism is loving your country as you would love a family member.

Patriotism is looking at the American Flag and feeling part of something greater than any one of us individually.

Patriotism is knowing the Pledge of Allegiance, what it means, and believing it.

Patriotism is like having that feeling in your heart on Independence Day all year round.

Patriotism is being asked your nationality and proudly saying that you are an American.

Dedicated to All who serve.

Medcat  
This nation will remain the land of the free only so long as it is the home of the brave.

## Nerve & skin damage Cold Therapy

Ice cooler devices, prescribed by surgeons and podiatrists for pain and swelling, may cause frostbite-like injuries to the skin and underlying nerves. Manufacturers like Donjoy Iceman, Breg Polar Care and EB Ice, often chose not to provide adequate instruction or warning that would have avoided these permanent, life-altering injuries. If you or a loved one has been hurt by a cold therapy machine, please call today for professional insight.

## Information On Renewable Energy

As the Public Utility Commission of Texas (Texas PUC or "PUCT") prepares to review 21 cases to build electric transmission lines between May and October, many Texas landowners want to know how the proposed power line routes may affect their properties.

"When an electricity company submits its preferred route for a new power line, many landowners may give sighs of relief," says Shawn St. Clair, partner at McGinnis, Lochridge & Kilgore, L.L.P., an Austin-based law firm that regularly represents clients before state administrative agencies including the Texas PUC. "But you can't assume your land won't be affected because you're not on the utility's preferred route. You could still wind up with a power line in your yard."

"Every application for a new transmission line is evaluated on many factors, including its environmental impact, the number of homes and businesses that are affected, the length and cost of the line, how it crosses private property and whether it makes good use of existing rights of way," says St. Clair.

As recently as late April, St. Clair and other attorneys have appeared before the PUCT and administrative law judges to present information and arguments about how power lines affect landowners' properties. In most cases, the PUCT selects a recommended route after a hearing; other times, the PUCT may tell the utility company to go back and present a new solution. The PUCT did just that in a recent LCRA case. The PUCT may also approve or modify the preferred route, or any of the alternative routes, described in the utility company's application to build a power line.

"Three new cases were filed at the Texas PUC during the first week in May, with almost a dozen more to be filed over the next three months," says St. Clair.

Landowners in nearly 50 counties are likely to be affected by the newly proposed transmission lines, including the counties of Archer, Armstrong, Borden, Briscoe, Carson, Castro, Childress, Collin, Collingsworth, Cottle, Crockett, Deaf Smith, Denton, Dickens, Donley, Ector, Fisher, Floyd, Foard, Glasscock, Gray, Hall, Hardeman, Haskell,
