# TRANSLATOR SYSTEM NEEDS UPGRADING; SYSTEM WILL ALERT OF SEVERE STORM USERS NEED TO PAY DUES; DONATIONS ACCEPTED

Board members Gary Davis, Paul Macina, Dale Helton, Commissioner Bill Atherton, and District Soil Conservationist Fred Allison met with the managers of KAMR, KVII, KFDA, KCIT and their consultant Arnold Cruze on February 10, 1993 in Amarillo.

Discussion was held about upgrading the Old Equipment, adding KCIT channel 14, and a civil emergency alert system. KAMH, KVII, KFDA agreed to upgrade their equipment necessary to air their signal pending FCC approval. The stations looked very hard at the number of households paying dues. The translator needs more people paying their dues to be able to stay on the air so that the stations are justified with their ex-

The Translator Board and the Wheeler Fire Dept. has been working on a Civil Emergency alert System. This system will alert people in our area of a possible severe storm or any other emergency. It will be controlled and operated from our own local fire station. This system will have to be paid for by the people with their donations. Any donations can be sent to the Wheeler Translator, Box 737, Wheeler, TX 79096, or Wheeler Fire Dept., Box 711, Wheeler, or any local members or firemen.

These board members are all volunteers and are spending a lot of their time on this. A thank you or pat on the back would be appreciated.

#### Performance is the only proof of a cattle feed's value

You can tell something about a feed from the way cattle look in the feedlot.

But this doesn't tell you anything about what your total feed cost per pound of gain is going to be. Price per ton for the part of the ration you buy doesn't tell you much either. A cheap supplement often is anything but a good buy.

The only real proof is in performance-low total feed cost. That's where the worth of Moor-Man's really shows up.

Let's do some feed-cost figuring. Your MoorMan Representative,

806/826-5516 - 111 W. Texas - Wheeler, Texas

Just a line to let the near and dear know that we are home again after 23 long days in the Presbyterian Hospital where Joe had open heart surgery with four bypasses. He became ill on Saturday night, Jan. 23 and we took him to the ER at Elk Sunday they took him to OKC by helicopter. David and I followed in the car (brave souls!) About the time he was to come home, he had a setback and we didn't get to come until February 16. Coldest day of the winter. That ground hog sure knew his business when he said 6 more weeks of winter. Worst part is some of it may come in April. Been known to. At the minute, we are having a heat wave and most of the snow is gone.

Jewel Wilcox, Sam Burckhalter, Vera Burckhalter, Earl Hill, Hazel

Francis, Joyce Matlock, have been in the hospital. Quite a few have been suffering from the flu. See our Bulldogs are No. 4 in the

state and the girls swapped places with Reydon and are rated No. 8 now. Shay Mong was athlete of the week in Roger Mills and Beckham Counties.

We truly thank everyone for their prayers, cards, calls, flowers, visits. It really meant a lot to us. Joe's brother Paul and wife Rosa of Norman took David under their wing. S.T. and Heidi of Tulsa, Elsie and Wesley, Quitman, Ark, Arlie and Bonnie Bristow, all came. Joe Dale came and stayed guite a while. Tony recovered from the flu in time to fly in from Orlando and drive us home. Grandkids Ginger and Ken of Lubbock came for a weekend.

It is amazing how many strangers turn out to have ties with you. Francis Sprowls was there with her mother Mrs. Palmeter. She used to work in the ASCS office at Chevenne with Joe. Talked with a young woman in the pharmacy. Said she was Curtis

Hart's daughter. Some 60 years ago, the Breaks made no crops due to drouth. Mrs. Powell Hart brought Curtis, Ila, and Opal out to our place and helped us pick cotton all fall since the Sandy land made. Another man told me his granddaughter was married to Billy Lehew. Met the Jackson family who once lived at Cheyenne. One lady said I heard you mention Wheeler. I have relatives there named Harris. I said Sally? and she replied, that's my aunt. Met some Blackhawk folks from Hammon and they brought me dinner one day when they thought I wasn't eating enough. Met the family of Warren Morrow, Leedey. Mr. and Mrs. John Lain told me they were readers. He was County Supt. in Roger Mills in the late "40s.

I can't name all the visitors but some others were Errol and Helen Myers, John and Wanda Haag, Edmond. Tricia and Michael Shirley, and baby, Choctaw, Verna Ford, Sherrill and Sabrina, Wanette, Henry and Emma Jean Newman, Dill City, Norman and Ramona Jones, Elk, Ray and Betty Sites, Bob and Frances Sprowls, her sister and granddaughter from Ohio. Eunice Gamble of Erick she and Lorena Males were there with rela-

Graveside rites were held at Poarch for Florence Wooldridge of Elk. Florence and Alfred were our neighbors

Services were Saturday for Jewel

Ray Smith. Burial was in the Erick Cemetery.

Tony and David stopped by to see Alma and Doyle Richardson Thursday. Went by the Stardust to see cousin Anita Cotton but she had called in sick. Richard McEntire took Tony Friday morning to catch the bus to OKC where he flew on home.

Sue Keathley is the new school board member.

Had a sad letter from Ruby Locke telling me of the death of her younger brother Carl. Carl graduated from Sweetwater School along with Joe's sister Edith. He was in the service a number of years and buried in the Arlington Cemetery. Another SW graduate buried there was Glen Long who graduated with my brother Frank.

Ed Logan got his picture in the Oklahoman for his services as rural weather man. It was a real nice article.

ENGAGEMENT ANNOUNCEMENT: Patty Haws would like to announce the engagement of her son, Robert Hall, to Tamra Julie Barnes of Guymon, Oklahoma. Robert's parents are Jim and Patty Haws of Wheeler and Bobby and Ruth Hall of Shamrock. Tamra is the daughter of Mr. and Mrs. James Barnes of Guymon. The bride-elect is a student at Oklahoma Panhandle State University majoring in elementary education and home economics. The prospective groom is employed by Guymon Vet Clinic. He is attending OPSU and majoring in agriculture business. Grandparents of the couple are Mrs. Ruby Beshears of Wheeler and Mrs. Irene Keys of Shamrock. Mr. and Mrs. Herman Ralstin of Guymon, Mr. and Mrs. Gene Barnes of Drumright. Family and friends are invited to the wedding set for March 6 at 1 p.m. in the Guymon Church of Christ at 4th and Academy Streets.

By Ab Gunter

My little fat wife says my mind is a thing of wonder. She says she always wonders what I am thinking about and so do I. Any how it sort of wandered back about 60 years and I looked out in our back yard and noticed and old oil reservoir that my brother Terrell had at his and Les Womacks service station there at home. I can still see myself turning the pump handle and filling a quart bottle or a half gallon jar with the oil in the container. Oh I had a problem as I wuz only about this tall and I had to sort of tiptoe to turn the handle, but I was an important part of their operation, I felt. I still have an old Magnolia round sign that was there at the G & W filling station. Just this morning at the Mall I wuz talking to a retired man that used to deliver the products, and he told me I wouldn't recognize Magnolias new name but they had sort of drifted out of this part

of the country. I can still remember the old water pump that was west of the courthouse where the horses could water and also we, at that time, had many folks that would come to town in wagons to shop, but it was always on Saturday cause that was when all the specials were and the little village would be sort of overcrowded till late at nite as that was shoppin and visitin day there as well as here I suppose.

Back then you could go to Oklahoma and honestly see Indains that had their hair in braids and the squaws with a shawl over their shoulders sort of like a coat with their hair in braids too and, yep, many of them would have on moccasins instead of Reboks. Pretty neat to see these native Americans going about their business just like anyone else, but many of them lived as they had for centuries in their kind of homes such as wikeups or wigwams or tepees.

Now don't say Ab have you flipped your lid. No, really I haven't but a few days ago Mama and me were invited to one of our grandchildren's school at Indianapolis and I had taken a few things we have collected over the years to show these 9 and 10 year old students and we were amazed at the interest they had in the Indians of yore. There was about 50 young folks and their teachers and we really had a

time of it. One of the teachers was a Vietnamese lady that was raised and educated in France and is a language teacher in the school. We had met her

a few years ago and we call her Madam. She is very interested in our culture and wants to come visit us some day and find some of these artifacts herself.

I have tried to invision what artifacts we will leave that will be evident say 10,000 years from now. Can you imagine what we now use that could stand all the elements and damage for that period of time? Shucks, most of the stuff is worn out long before we get it paid for and most of the things we have are biodegradable to begin with so it would be a choice I guess between the small green coke bottle or maybe the Zippo lighter that wuz guaranteed for ever. I've heard it said that the coke bottle was the most unique container ever invented due to its shape and strength but they too are being replaced by throw aways.

Not too many months ago our granddaughter, Jessica, found a tiny arrow point that was perfect. It is said to be a couple of thousand years old. The little lady was quite thrilled at finding such a treasure and when she looked up she said "Papa, where are the rest of them?" I guess she thought they were like Easter eggs, just sittin there to be found. Thank goodness she still loves to go out hunting these trea-

EAT WELL TO BE WELL

The best way to ensure your Boyd takes in the vitamins it needs for optimum well-being is to make responsible nutritional choices.

A diet that contains more fruits and vegetables should take precedence. According to the National Cancer Institute (NCI) less than a tenth of the American population eats the minimum recommended amount of five or more servings a day of these important foods. The NCI currently suggests increasing that daily intake to three to five servings of vegetables and two to four servings of fruit.

As research of antioxidants continues, eating well may turn out to be the best method against the long list of debilitating diseases troubling modern society.

### Care Center Comments By Cathy

The sunshine is back and what a warm welcome it has given us. I hope the sun tries to stay around for awhile. We finally have our residents that were in the hospital back with us. So welcome back Edna Crow and Willie

Barbra Williams was with us Tuesday and showed us how to make roses out of brad and glue. The residents really liked this idea real well. The roses they made turned out really pretty. We also have been making mobiles to hang up in the residents

Janice Sparlin came to the nursing home to have Sunday school with the residents. She had a lobby full. Janice thank you so much for coming out each Wed. the residents really like the lessons you bring.

Mr. Hyatt has Family Alter each Tuesday. Mrs. Hyatt plays the piano and this Tues. Barbra Williams lead the singing. After the singing Mr. Hyatt read out of Hebrews. Fern Young, Rozena Zybach and

lla Collins come out each Thurs. to lead in singing and a devotional. These ladies always bring happiness when they come out to the nursing home.

On bingo day we had 20 residents to play our blackout winner was Irma Lanham and on Sat. they had 22 residents to play and 3 visitors our blackout winner was Nellie Lackey.

Our volunteers for the week was Craig Lovell, he helped out in bingo and then visited with the residents. Vida Brown served juice to the residents on Fri.

On Sun. we had our 10 year anniversary party. Over 200 guest showed up for the party. Mr. Hyatt welcomed the guest and Rev. Robert Helsley opened in prayer, then Rev. Ricky Pfeil lead the singing with Sylvia Shuler on the piano. Next, Sona Solano, form Pampa, provided entertainment for us! Sona sang 3 songs for us. Everyone really enjoyed this young lady. After the entertainment a memorial scroll was read. Mr. Hyatt mentioned that Icyl Littrell is our longest resident to live at the WCC and Dora McGuffin was our oldest resident. We will be celebrating Dora's 100th birthday in June. Wanda Herd paid tribute to Mr. Robertson, recognizing the Wheeler Care Center, Mr. Robertsons response was how he started and how grateful he was to the community of Wheeler. He also recognized the drs., medical staff, hospital and business of Wheeler, the churches and pastors and the volunteers. Rev. Bill Gunther closed

Cake and punch was served at the party. Amy Hunt is credited with baking and decorating the cakes.

Don't forget on Feb. 26th the Erick Kitchen band will be here at 2 p.m.

In Luke 5:15, the Lord said that multitudes came to "hear" and "to be healed" of their infirmities. Hearing the truth about healing is extremely important to receiving healing. Sometimes people criticize those of us who tell people that the Lord wants to heal them. The criticism often is "If God wants to heal everybody, why don't you go and empty out the hospitals?" The fact is that in most cases it does no good to pray for people if you can't get them to listen. People who won't hear can't be

helped significantly. There is more to it than prayer. Jesus said in Matthew 13:15 that many people have closed their EARS and their EYES. Therefore, they do not understand truth in their hearts. He said in that verse that if they would listen and see, then they would understand and would be converted and healed. Nearly everybody who is a Christian will agree that you can't get anybody saved who will not listen. The Scripture says that whosoever shall call on the name of the Lord shall be saved. But is also says in the same Scripture passage that they must first "hear" the message before they can believe and know to call on the Lord.

I have found through the years that many Christians believe they are supposed to suffer sickness. They are so committed to that way of believing that it is often impossible to get them to HEAR what the Word of God actually says. In Proverbs 4:20-22, the Bible says that if we would INCLINE OUR EARS to the Word of God and not let it depart from our eyes, but keep it in our hearts, we would be healed. He plainly said in that Scripture that the Word of God would be health to our flesh. For those who insist that all the times the Bible mentions healing that is referring to only "spiritual" healing, I would like to point out to you that it said FLESH, and flesh is not spirit. Flesh is our physical body

In Exodus 15:26, God said that if people would diligently hearken (that means HEAR Him, LISTEN to Him), that they would be healed. It is abundantly clear for all who will listen that God is your healer. He doesn't want you to be sick. That is good news. I know from being in the ministry for 23 years though that many saints reject this good news. That's your choice, but as for me, I am so glad that I chose to listen and HEAR the truth of God's Word about healing. We have 40 "Healing Scriptures" typed on 3 pages free for the asking if you would like to have them. Also, we would be very happy to pray for your healing if you are sick. Don't just ask for prayer though. LISTEN to the good news of God's Word about

God bless you.

#### CARD OF THANKS I have watched many children's

benefit programs on TV for various diseases and thought, what a terrible thing for a child and a family to face. but the foremost in my mind was always, that kind of thing only happens to "other people". I have come to the realization that there is no such category as "other people" as my son had brain surgery in Amarillo recently to remove a cancerous tumor. In a mind set of "other people", a person might be inclined to ignore evident signs of a serious disease because it only happens to "other people". I am including a list of cancer warning signs for children. My son, Neal, had the obvious signs under H. Please read these signs, write them down, cut them out and keep them, but don't forget them and most of all, pay attention to your children. Don't convince yourself that something serious is just not possible. As I have already mentioned about

children's benefit programs, it always amazed me the support each family received from not only their family, but friends and others, who just wanted to help. We have received no less, my family extends a true heartfelt thank you to Dr. Galutia, friends and teachers at school, churches of various denomination, and so many other friends and people, who just want to help.

I will try to sum this Thank You the best way I know by saying, "May God richly bless all of you for the kindness you have shown."

Visiting Lindsey Fillingim to watch basketball tapes Sunday afternoon were Deidre and Andrea Dukes, Shelly Hunt and Misty and Dusty Walker.

Thursday Wheeler Christian Academy turned out early to go to a basket-ball game in Amarillo. Kaleb Meek couldn't play, as he has a brace on his leg. He is 14 and six feet tall; his bones are growing to fast for his muscles, etc. Pretty painful. Annette and Kaleb went to watch. Jocelyn Meek and Tamara Hartline visited Evelyn Meek after school and had a big time.

Lois Meadows visited Evelyn Sunday and ate lunch. They picked up Fannie Mae Bradstreet and all went to the anniversary celebration at the Wheeler Care Center in Wheeler Sunday afternoon. They really enjoyed the program, especially the songs by Sona Salano.

Sincere sympathy to the family of Bobby Henderson in his death.

Coach Jerry Browns boys team from Aline — Cleo played at Vici, Oklahoma for Regional Saturday night and hope to got to state. Some from here going were Jimmy and Tammy Maddox and Amber and Jenifer, David and Rita Pearson, Dallas and Lindsey Fillingim, Amy Purcell, Dusty Walker, Carl and Lori Baker and Stephanie, Blane and Blake. The Bakers spent Saturday night at Lori Baker's folks at

Glad to hear that Hoot Tepe came through his surgeries at Houston real well. If all goes well, he shouldn't have any more seizures and hopes to come home Thursday. Keep praying for Hoot and his family.

Garland Cavitt was the speaker at Allison Methodist Church Sunday and they had dinner at the church. Garland teaches at the prison and his wife teaches at a school in Amarillo.

Londa Crownover spent Friday night with Catrina Wash. They went to

Wheeler and got movies to watch. Ft. Elliott was No.2 in our District 10-1A. Hartley was No. 1 in their district. So we did well to beat them. Fort Elliott will play Groom Tuesday night, Feb. 23 at Borger, and then hopefully,

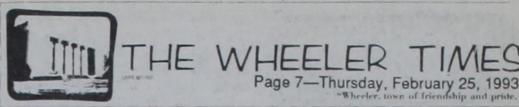

There was a celebration at the home of Gayle and Helen Singleton and Maralie in Amarillo to celebrate the 22nd birthdays of Andy Singleton and Sarita Hershman on Saturday. Soon after she got there, Sarita got very ill and in much pain from kidney stones and was taken to Northwest Texas Hospital emergency room.

Ones there for the dinner at Gayles were Willa Fillingim, Jodie and Terri Crownover, Andy and Lisa Singleton, Harold and Katherine Jones, Randy Singleton (Kathi had to work), Marvin and Kellie Grimes, Darren Grimes and girl friend Shelia, Mrs. Underwood

(Katherine's mom) and the hosts. J.P. and Martha Meek were Sunday dinner guests of Mack and Linda Sides. Also there were Jimmy and Shannon

Sarita Hershman had "The Blast" at St. Anthonys Monday, but x-rays showed part of the stone was still in her kidney. So may have more blast or surgery. Pray for her. She's had kidney stones before and is awfully young.

There were many relatives, friends, and other fans out to Stinnett Friday night to watch Fort Elliott Lady Cougars play Hartley girls and win. Hartley has a strong team. We led most of the way, but not a comfortable margin. Very close. By quarters 18-15, 39-34, 55-48, and 76-68. Lindsey got 3 fouls in the first quarter, so had to sit out much of the game. Deidre fouled out with over two minutes left on the clock, but she played a mighty good game with 31 points, Andrea 26, Lindsey 11, Missy Laverty 5, Shelly Hunt 3. Hartley girls were hitting most of what they shot at and got lots of fouls, too. Ron and Debbie Van Vranken and Tywere there from Texline. Amy and Jenny played on Texline's team against Follett following our game, but were defeated by Follett. Nice to see Dean and Linda Lieb there. Especially appreciate the cheerleaders efforts putting black and red ribbons and balloons along the road to show support. Then they did a great job of cheering at the game and included Misty Morgan, Brandi Luttrell, Stacie Dukes, Dana Luttrell and April Purcell.

Stacey Phillis works four days a week at the Pets Unique Shop, 910 West Kentucky, (that's the address in phone book, but I really thought it was just east of Hobart on Foster Street. They have some very pretty birds of different kinds and "pound puppies", real live wrinkled puppies. Can't pronounce their names. Also cats and many interesting pets and things for pets. Really interesting place and Stacey is a real special girl. She commutes to college Tuesdays and Thursdays and gets her classes all in at W.T. A&M
