## MUSTANG BAND TO COMPETE AT REGIONAL MARCHING CONTEST

**CWE CHAT WITH EDITOR**  
By Louis C. Stas

**Congratulations, Andy King!** Andy presented the County's highest 4-H award Saturday evening, the 'Gold Star'. Andy has presented programs for the Kiwanis on different occasions and does an excellent job.

**Congratulations, Mustangs!** Now lets keep the winning streak alive!

**Good Luck, Mustang Band!** The band travels to Borger to compete in the Region I U.I.L. marching competition. Bring home the honors.

Canadian held their annual foliage tour last week. I did not go this year, but you don't have to go to Canadian to see pretty foliage. Drive by 1104 S. Canadian and look at our Caddo Maple. The tree is approximately 20 years old; we brought it from Hinton shortly after we built the house. The Caddo Maple used to be found only in Caddo County Oklahoma, but is being transplanted in other areas. Several of the trees are found in the Hinton area, but the prettiest is in the front yard of Mother Porter's home in Hinton; this tree is believed to be close to 100 years old.

Wheeler still does not exist on the weather maps in Amarillo. Once again, the weatherman has commented on the weather between Shamrock and Canadian. I suppose the reason Doppler Dave stopped in Mobeetie was because he was afraid he would drop off the edge if he came any farther east.

Watching a weather warning a short time back, three spots showed bright on the radar screen. One was right over Wheeler, and was not mentioned. It was small, but the color indicated it was the same severity as the two larger areas. Of course it was only sprinkling in Wheeler at the time.

Barbara and Jennifer made the trip to Oklahoma over the weekend and Mother Stas and I stayed home. As it turned out, we entertained Saturday evening. The Arnolds and Lesli and Troy Lee stopped by on their way back from Amarillo. And, yes, we had ice cream, Blueberry cheesecake.

The Wheeler Mustangs invaded Memphis Friday night and came away with their first District win since 1991. In a game which had numerous possibilities of repeating last week's disastrous first half, the Mustangs defense did a tremendous job of holding off the Memphis Cyclones until the Mustang offense could get untracked in the second half.

After receiving the opening kickoff, Wheeler moved into Memphis territory before the Ben Widener intercepted a Mustang pass and returned the ball to the Wheeler 45. The Stangs gave an indication of things to come by holding the Cyclones on downs. On Memphis' next possession the Cyclones appeared to score as quarterback Murphy Parks broke an apparent 54 yard TD run, but an illegal blocking penalty well behind the play resulted in the TD being called back and the ball spotted on the Mustangs 22. Given the second chance, the Mustangs held on downs once again, taking over on the 15. Quarterback Heath Sabbe had suffered a cracked collarbone on the Mustangs previous

possession, forcing Chad Dunnam to take over at QB with Ashley Brownfield moving to the running back position once again, the Stangs dodged bullets as the ball was fumbled in the first two plays but luckily the Mustangs kept possession and eventually punted from the 4. Marcus Hardcastle then got off his best punt of the year, kicking the ball 50 yards, and Ciraco Meraz tackled the punt receiver immediately, putting Memphis on their own 47, where the Stangs held them.

The second quarter featured a punting duel as Memphis twice pinned the Stangs inside the one yard line, forcing Wheeler to just try to avoid a turnover or a safety. Hardcastle was able to punt back out to the mid field area, keeping the Cyclones at bay. After Memphis' second punt inside the one, the Stangs were able to move the ball out to 26, from which Hardcastle then topped his previous best with a 54 yard effort that ended Memphis' chance of scoring before halftime. Memphis had missed their chance of winning because the second half was all Stangs.

After a Wheeler fumble on the first possession of the second half, the Stangs, by now routinely, held Memphis and took over on downs after four plays. After an exchange of punts, Andy Francis broke a thirty-eight yard run putting the ball on the Cyclone 19. The next play Ashley Brownfield showed his power as he ran over about half of Memphis' team to score the night's first TD.

The Stangs recovered a Memphis fumble at the Memphis 45 on the following possession and went right to work. Behind the power running of Brownfield, the Mustangs scored once again with Brownfield's 2 yard run, capping an eight play drive. When Memphis had trouble fielding the following kickoff and ended up with the ball on their own 4, Mustang fans felt the game was essentially over. However Memphis had other ideas. On the first play, Parks hit Widener on a fly pattern. Two Mustang defenders missed tackles on Widner as he went 96 yards, putting Memphis back in the game. Neither team threatened again until Hardcastle intercepted a Parks

pass at the Cyclone 37. Francis then broke a 36 yard run to set up Brownfield's one yard TD with only 46 second remaining in the game.

On the ensuing kickoff, Memphis fumbled and the Stangs recovered on the Cyclone 15. Dunnam got to the one, then scored on the QB sneak to end the scoring with the Stangs second TD in 22 seconds.

The game was the Mustangs best offensive effort of the year as the Stangs gained 293 yards, with 226 of it in the second half. Francis and Brownfield were both over a hundred yards with 153 and 128 respectively. If the play of the Stangs in this game is an indication of what they can do the rest of the season, the Wheeler Mustangs are all the way back.

## MUSTANGS TRAVEL TO WELLINGTON

The Wheeler Mustangs hit the road again this week traveling to Wellington Friday night to take on the Skyrockets. The Mustangs record is even all around at 3-3-1 on the season and 1-1 in District. The Stangs need to win out to have a good shot at the play-offs.

Wellington is another good team with a deceptive 1-6 record due to playing stiff competition. The Skyrockets district record is 0-2 but the opponents were district co-favorites Canadian and Clarendon. Wellington lost by only 2 points (14-12) to Canadian and played Clarendon tough so they will be looking forward to playing the less highly regarded team of the district.

The Skyrockets main man is QB

Clifton Burns. Burns is a ten year veteran, who has been Wellington's starting QB since he was in the second grade. Okay, maybe that is a slight exaggeration, but Burns is a four year starter who Mustang fans have seen plenty of in the past. The Stang defense will certainly be tested trying to contain the speedy QB.

Heath Sabbe will not be playing after being injured in the Memphis game, so Chad Dunnam will be at QB with Ashley Brownfield at running back. This combination was very productive at Memphis. If the Stangs continue to play as they did in the second half of that game, they will have a very good chance to get their records, both district and non-district into positive numbers.

(from last week)

Crazy weather. Up in 80's with promise of a 50 high tomorrow. The geese woke us up Wednesday night, honking as they flew over headed south. Maybe they know something we don't. Plenty of fog but no rain. Joe had to be at Elk for an early doctor's appointment and we could hardly see the road. I had three trucks backed up behind me. They could have passed and didn't so maybe they thought 35 was the safe speed too.

Stella Jenkins has a new great grandson, Jeffrey Ian Adams born at Gaylord, Michigan. He has a very proud 8 year old sister Orda. Stacy, his mother is the daughter of Hansford an Alameda Jenkins of Texoma. They are up there getting to know the young fellow.

Hersel and Betty Anderson are back from a vacation in Garibaldi, Oregon. Went thru Cheyenne, Wyoming on the way. Hersel caught some salmon. We had a letter from brother Paul and Rosa. They had spent two weeks at Cobb Lake fishing and are going to bring us some more fish one of these days.

Seems the Elk City anti abortion protest was a great success. Good to know that there are over a thousand folks around opposed to killing babies.

Visiting Birdie Whipkey last week were Mr. and Mrs. Ray Clairborne of Lawton, Cleta Coffey, Elk, Leon Whipkey, Erick, Lena and Oscar B. Luman, Shamrock. She was expecting Elveta Koenik and daughter Kathryn of CA on Tuesday. Elveta is Pansy's girl. Birdie had talked to Cecil Whipkey in CA and he is very poorly. Going into the hospital for tests.

Theresa and Wilbert Nabors spent a few days in Amarillo while he had angioplasty (balloon) therapy. Irene McArthur has had knee surgery at Altus. Teddy Burckhalter has been a patient in an OKC hospital. Ruth Atkinson has been very ill in the Sayre Hospital. Gary Kirk of Cheyenne was borrowed for substitute mail carrier while Ed was with his mother. Our substitute Diana Crosby has resigned

and is going to college. Esther Dickey was taken ill and carried to the Elk ER by the Erick ambulance. She is doing very well at home now.

I was shocked when I got the phone bill to find I had talked 6 minutes to Babcock, Tx. Never had heard of such a place but the more I looked the more familiar the number seemed. Sure enough, it was Joe Dale's San Antonio exchange. Live and learn.

Iva Thompson, Ollie Anderson, and Norma Zellmer went to Ponca City to the Arts and Crafts show where Norma had a booth. While there, they visited with Ollie's daughter Wanda and Bill Martin.

Gerald and Judy Tipton vacationed in Missouri and Kansas. Went to Toronto, KA where Judy's mother and grandparents went to school.

Joe had his cataract surgery Thursday morning. All has gone well so far. Doctor says everything looks good. David was thrilled to get to eat two meals in the cafeteria. Saw Esther Dickey, Imogene Pickering, Mr. and Mrs. R.E. Johnson, Mr. and Mrs. Frank Scofield, Johnny Jarvis, and Brenda Adcox there.

Roger Mills County sent 92 4H exhibits to the state fair and over half of

them placed. From Sweetwater, Robin Hagerman had 4th on Fine Arts, Colby Hagerman, 6th on Oats. Brendon Atkinson had 5th on poor grazing grasses, Brad Atkinson had 4th on good grazing grasses and 7th on poor grasses.

We still laugh about the time our kids scoured the orchard to find two plates of perfect apples for the Harvest Festival at Cheyenne, winning 1st and 2nd. After it was over, the Ag teacher says, "There's no class in apples at the state fair. We might as well eat these." Well, there was a class at state and the apples that placed 3rd in Cheyenne won 1st in the state.

Had a nice letter from Nolan and Dale Roberts at Reno, Nev. Was sorry to learn she is having eye trouble. Several years ago they came by and went to see the Kitchen Band at Grand Place. After the program was over, they said, "We have spent several days at Branson, and never saw anything better than the Kitchen Band there."

The Kitchen Band went to the Erick Home Tuesday for their regular meet. They have a celebrity there now. Bob Seeds, of Texola once. Bob played Center field for the New York Yankees in his heyday. After he quit professional baseball, he coached the Amarillo Sandies. Last I'd heard of him, he was living at Possum Kingdom Lake. When I was a child, the men used to get on the train and go to St. Louis, Kansas City, and such to see the games. Baseball was a big thing then and everyone was so pleased to have a local boy in the big leagues.

Band members were Basil and Billy Doss, Jack Criswell, Betty Brothers, Margaret Hiller, Iona Miller, Hazel Francis, Venus Payne, Sylvia Gray, Murray Orgain, and Loyd Addis. We three and Ole Five Strings, Jackie North was there fixing hair. She is our SW beautician and goes weekly to care for the residents needs. Also visited with Joy Brookshire, Earnest Brookshire, and Eulene Freeman.

Arnold is giving the non payers another week before he shuts the Delhi Tower down. We sent our check the first day. Be a dull winter if we only have Ch. 12.

Graveside rites were Saturday at Erick for My Hood Turner of Perry. She was one of my penpals for a number of years.

Justin Lohberger was elected VICA pm Sergeant at Arms at the VoTech at Burns Flat. Lillie Mitchell was named director in the VoTech Nursing program where she is enrolled.

Iona and Keith Miller went to the Fair at OKC to watch Bill show his hogs. Had one place.

(This Week's News)

Joe had to go to see his eye doctor today. Fog was as thick as pea soup. Enough to straighten a person's hair. Our neighbor Leiskin was hit by a truck last week in the fog. No injured tho, thank goodness.

Brendon and Brad Atkinson came by to bring our FFA sausage. They were just back from the Tulsa Fair. Others going were Robin, Mandy, and Colby Hagerman, Dusty, Elam, Dustin and Justin Hagerman, Butch Hagerman, Ed Elam and Lynn Hagerman. They showed 12 pigs and nine placed. Pretty good.

We have some 30 odd in FFA. Ed Elam is the teacher. Brendon Atkinson is Chapter president. Vice president is Dusty Elam, Secretary is Mandy Hagerman and Robin Hagerman is Treasurer. Jennifer Taylor is Reporter. Jerry Robison, Sentinel and Norman Robinson, Chaplain. Their FFA supper and slave sale is this week.

Never saw the sunflowers and cowlot daisies more beautiful. Seems like it is their Last Hurrah. The fruit trees and other flowers have been the same. Fruit loaded until the limbs broke.

Gail Sutton spent several days helping Twila and Larry Adams move to Kingfisher where he will be manager of the Walmart Pharmacy. She'll find some homefolks there. Denna Wilson and Judy Hutchison.

See the signs are up for Sheb Woolly Avenue in Erick. I had Sheb in a crossword puzzle last week. That is indeed fame!

Iva Thompson wants me to tell everyone that she wasn't the Iva who broke a traffic rule and was fined at Elk. Said all she met wanted to know what she did so bad.

Ruth York is home from the Altus Hospital after back surgery. Irene McArthur is also home. Our little Mrs. Boney is in an OKC hospital recovering from a broken hip. Roy Swagger is out of the Amarillo hospital after breaking his hip and is at the home of his nephew, Gene Hobbs in Borger. Johnny Reed is in the Wheeler hospital.

Betty Brothers went over Friday and helped the Walkers and Wingfields entertain at the Meals on Wheels at Fairview Village. Said they did some fancy twin fiddling. Sunday night, she and Jack attended a birthday party for Kathy Badillo at Allison.

Funeral Services were Thursday for Belo Puryear, 94, at the Rose Chapel in Sayre. Graveside rites at the Mulberry Cemetery at Sweetwater. She was a longtime resident of this community before going to Sayre to make her home.

Brendon and Brad Atkinson and Dusty Elam have been to a Youth Action 4-H Conference at OKC. Earlier, Brendon and Dusty gave speeches in the Upper Washita Conservation Speaking contest. Brendon

won 2nd and Dusty 5th.

Seems to me it might be a good thing to bring our troops home and let the other nations rule themselves as they please. It's a wonder the UN didn't sent troops over here to straighten us out after the LA riots, Waco fiasco, foreign tourists killed in Florida and such.

Wheeler called and asked the Kitchen Band to come on Friday, October 29, this month due to a conflict of events. See you there then.

We had lunch at Cals Sunday after church. Saw a lot of folks we knew. Dolores Bockman, Frankie Bruner, Arlis Stagg, Curtis Austin, Marion and Edith Ford, Mr. and Mrs. Harley Swearingen, Verda Meissner, Georgia Reed, J. M. and Eunice Gamble, Shirley and Jim Anderson.

The Sweetwater 4-H Club has elected officers. President is Robin Hagerman, Vice President is Mandy Hagerman, Secretary, Brendon Atkinson and Reporter is Dusty Elam. Eva Atkinson and Randa Coffey are adult leaders.

Had a fluke in the weather and got ch. 4, Amarillo, and there was Roy

McCoy, big as life. Gave me a boost. Went to town and there were vehicles and machinery around the ch. 8 building. Thought maybe we were about to get it back but heard later it was Dobson Telephone Co. doing something about their Cellular network. I hope those who are cheating on paying their dues on the translator kick in. TV, tacky as it is, is our main entertainment.

The Erick Kitchen Band went to Grand Place Tuesday. Had a fine time with a large crowd out and a number of visitors. Band folks were Basil and Billy Doss, Margaret Hiller, Betty Brothers, Jack Criswell, Iona Miller, Joyce Matlock, Bessie Perkins, Hazel Francis, Donna Mercer, Loyd Addis, Murray Orgain, Sylvia Gray, Venus Payne. We three and Ole Five Strings. We visited in town with Clarence

Blevins, Melvin Jarnagin, Lucille Hardy, Opal Nabors, Mamie O'Neal and Naomi Wright. Randy McEntire stopped by. He's Attending college at Altus.

Jack Criswell and Betty Brothers were among the several hundred attending the Fiddlers Breakfast at the Senior Citizen Center in Elk.

Rodney, Sharon and Johnny Smith of Sayre were out to see us this week. Her dad, Melvin, was our neighbor and renter.

Laura Nell Mong was guest speaker at the Womens' Aglow meeting Saturday at the Flamingo. She is just back from Womens' Aglow conference in Phoenix.

Don't forget that Halloween we are going to turn our clocks back and get that hour of sleep we missed last spring when we jumped forward. Take care.

Another week! They come so often. I like everyone of them of course, but they are always in such a rush to pass on. This one has been especially nice — I've gotten several letters from relatives. I do love to keep in touch.

I came across a poem the other day that should be beautiful to all of us whose years are slowing us down. I won't give it all here but it goes like this:

Blessed are they who understand  
My faltering step and palsied hand,  
Blessed are they who know that my ears today  
must strain to catch the things they say.

We older people do (or should) so appreciate people who care when we are not so active and energy filled as we used to be. I am grateful and thank God every day for those with such concern.

Mr. and Mrs. Otto Forrester and Ed and Patricia Forrester enjoyed a visit from a son and brother Glen and Shirley Forrester from Bowie on the weekend.

Patricia and Ed went to Amarillo on Sunday to check on Patricia's mother who is still in a hospital there.

I noticed in the paper last week that Jenny Smith also was in an Amarillo hospital. Do hope she has been released by now.

Melinda's neices, Traci and LaDonna Milburn are coming this week to stay with us and enter school here. Their mother will be moving here in a couple of weeks.

Tim Whorton is representing his company at a workshop in Liberal, Kansas this week. Melinda his wife will drive to Liberal Wednesday its birthday.

Melinda and I drove to Elk City one day last week to visit with her mother Lydia Guthrie. She is getting settled in and is on the job at the nursery in the hospital.

weapons. Ice picks, two by four boards and ice cycles used as a dagger, but Mama came up with one of the neatest ones I have ever seen. Now many of you may not know of the Ware Chevrolet Col, in Wheeler, Tex., but I have known them about 50 years. You ask what connection between a Chevrolet agency an lethal weapons, well here tis. The other morning I had opened the door to our connected garage and a small mouse entered the kitchen through this door. I screamed and jumped up in a chair and told mama to keep that fircous critter from attackin me. She looked at the butcher knife and the meat smasher but couldnt come up with a proper tool and I seen our Ware Flyswatter they had given us those many years ago and handed it to her. She swatted and the mouse went under the stove and she tried to get it scooted out and then the refrigerator and she got it from under it and the creature headed across the floor, which wuz a mistake cause Mama, my little fat wife, got the good crushing blow with this red swatter and did away with Frederick, the fiel mouse. you ask why I knew it wuz Frederick. Well, I didn't till we had the funeral for him and we put that name on his tombstone, thats why.

What Im sayin is that we have known the Wares who came to Texas from Oklahoma all these many years and never thought of them givin such a dangerous weapon to their customers, all the time knowin it wuz a lethal weapon. We still love all them four generations of Wares even though they supply such items. shucks me and Mama have many Okie friends. Actually her ancestors made the run in 98 or what ever the year wuz, and homesteaded in the Indian Territory.

I think I have mentioned me and some of my shad-etree mecnical friends are aimin to make a little black box that will make the cable companies some what obselete. our only problem is tryin to figer out the sillycone ships and where to wire them in. They got these floppy disk and these hydrometimusal three pronged ones that we are a bit enflagerated about all this junk, but you just watch wont be long till them Cable birds will be huntin another job cause its just around the corner. Our only problem is trying to keep the Feral Government out of our business. The Government durn near put the mousetrap folks out of business as them folks said the mousetrap wuz inhuman and wanted to have all the mousetrap folks put in jail for the henious acts.

did you notice on the tube where we are allowin these folks to come over from foreign countries and work in these computer business places? Yep, we seem to encourage such things. I notice where some of the biggest businesses in the country brought folks in, fed them junk food and let them sleep in the closed just to make these big companues more money.

Recon all of us are a bit too gentle but looks like we could come up with some idea that would make it more practical to trade here at home and not ship all of our business to some other country that aint going to pay any tax, any benefits or any protection for the employee.

I have heard the story bout my Grandpa Gunter that made some of the best moonshine in Erath County, Texas. Grandpa had customers from all over and even had a Judge or two and many of the elected officials as customers. some how the Feds got hold of the knowledge that Grandpa wasnt usin locally grown corn for his main ingredient and swooped down on the pore ole feller for illegal ingredients. He had a cousin in Indiana that had some of the best sweet corn available and that wuz his secret of good shine. One of them birds from Indiana accused Grandpa of not paying ezise tax on the wagon that hauled the corn to Texas, Shame aint it? (Grandpa had stole the wagon).

From the Minister's Desk:

A recent issue of **Amarillo Daily News** contained an editorial that was written by Suzanne Fields, a reporter for the **Los Angeles Times**. This editorial was entitled, "Moral Stands Should Be Taken" and it said:--

Hip parents of the '60's boasted of smoking pot with their teen-age children: "Better than beer". Lawlessness, moral authority, mixed messages—None of these was the issue. Making a statement was.

That's easy to judge today: Bad. Last Week in Potomac, Md., an affluent suburb of Washington, parents of children at Churchill High School charted two buses to take them to a post-homecoming night beer party. Not all parents knew about the alcohol, but all were afraid of drunken driving. Renting the buses, they thought was "being responsible".

They put no stock in exercising moral authority. They couldn't prevent their children from drinking, even though it's against the law, so they did the next best thing. They waived moral sanction and excused themselves of responsibility.

That's less east to judge, isn't it? Or is it?

Teenagers themselves are of mixed minds on the issue. One teen-age girl, age 15, defends the parents. "I know the parents who rented the buses, and they don't condone drinking." Maybe not, but they didn't trouble themselves to stop it either.

"I thought it was kind of irresponsible of the parents," says another teenager- age 14. "They knew (their kids) were going to a beer party and they could get drunk and might get themselves killed."

Driving, of course, is not the only risk for teen-age drinkers. Self-control and sexual instincts are altered. Bad habits become bad habits for a lifetime.

Parents complain easily about cultural messages their children receive from television, as well as about peer pressure that it's "cool" to drink. But children receive cultural messages at home, too, and parents submit to "peer" pressures from other parents too busy to be parents.

Parents put themselves on a slippery slope when they try to

protect their young without taking the trouble—and it is trouble—to set firm standards. You don't have to be Catholic—and I'm Not—to agree with the moral argument raised by Pope John Paul II in his 10th encyclical, "Veritatis Splendor". He examines freedom distorted in the name of individual rights, bringing down moral disaster on free societies: "Certain currents of modern thought have gone so far as to exalt freedom to such an extent that it becomes an absolute, which would then be the source of values."

He's writing to theologians, but his arguments are food for thought for anyone troubled by the lack of moral standards in our society today. And who isn't?

How did we ever get where we are, reducing morality to whatever works? How can we expect a child to listen to his conscience when we haven't helped him develop one? How did we lose sight of the fundamental law, as absolute as a physics equation, that personal behavior has consequences for others as well as self?

Anyone who pays respect to the ancient moral codes, as I occasionally do on TV talk shows, must expect to be accused of lacking a sense of realism. The argument stopper is something like, "We can't return to the '50's' What's a parent to do? If they are "sexually active". Let the school get them a gross of condoms. If they're drug addicts, should we lay in a supply of clean needles?

A young child watching a TV horror may plead, in a dozen ways, for his parents to tell him to turn it off. But the parents have to be there to hear that cry, the cry from a child's heart to save him from himself. It's the grown-ups, so called, who have lost their way, by abandoning their responsibility to provide that authority.

Epilogue

In my opinion, this editorial hit the "nail on the head" It is primarily the responsibility of parents to instill morality in the lives of their children. It is not the responsibility of the government, the school, or the church.

The host and Hostesses from the Baptist Church were Bob and Evangeline Wills, Janice Sparlin and Sindy Chapman. Sylvia Shuler played the piano. Friday Maria and I decorated the dining room for our sandwich shop. Once a month we have a sandwiches or we serve something different that they might not have. This also allows our residents that might be on a certain diet to splurge that one time. This time we had a theme that was "Last time for a Picnic". We served sandwiches, chips, soup and for dessert cherry cobbler topped with ice cream. The sandwich and chips were served in individual sacks to each resident along with their soup and dessert.

Sat. Maria served ice cream to the residents. They also played bingo. They had 17 residents to play. Icy Littrell and Jane Knoll were the black-out winners.

## Card of Thanks

The Wheeler Vol. Fire Department would like to thank B.A. Hyatt and the Wheeler Care Center for donating a calf to the fire department. We also would like to thank Tommy Puryear for feeding out the calf and arranging for the sale. Proceeds from the sale will be used to pay for equipment purchases and repair. Generous people such as ourselves are the only way our fire department can exist. We appreciate your donation very much.

#### GUIDING KIDS TO A HEALTHY DIET

Sorting out the basics of the children's nutrition can be confusing to parents as well as professionals due to so many conflicting reports on foods, health and nutrition.

Some good advice for getting children started on a lifetime of healthy eating habits can be taken from Ronald Kleinman, M.D., chief of the Pediatric Gastrointestinal and Nutrition Unit at Massachusetts General Hospital and chairman of the American Academy of Pediatrics Committee on Nutrition.

An important factor is whether dietary recommendations to reduce disease risk in adults should also be applied to children.

"The ultimate goal of any nutrition recommendation for children is to promote optimal growth and development," Kleinman said at the American Medical Association (AMA)/International Food Information Council (IFIC) media briefing in New York. "If we concurrently improve the long-term health of children, that would be ideal. But there is no proof that a change in children's eating patterns will reduce the risk of certain illnesses as adults."

Health and nutrition experts recommend that 30 percent of calories in the diet, averaged over a period of several days, should come from fat for children 2 and older. About 10 percent of total fat should be saturated, 10 percent monounsaturated and 10 percent polyunsaturated.

Children should be able to eat with the rest of the family and have ample nutrients to support normal growth. They should eat a varied diet with lots of fruits and vegetables, lean meats, grains, low-fat dairy products and fish.

Some nutrition recommendations for children may not be based on sound evidence, according to Kleinman. For example, removing salt from your children's diets does not mean that they will not get hypertension, nor does reducing sugar prevent diabetes.

"Any parent who tries to micro-manage a child's diet by counting the grams of fat in each food or counting the grams of fat on a day-by-day basis is headed for disaster," he said. "It's obsessive-compulsive behavior that yields no rewards whatsoever, and it just creates more tension."

Instead of labeling foods as "good" or "bad" try to influence your child's food choices. Also, provide a variety of food, including alternatives for specific foods.

## WHEELER 8TH GRADE STOMPS MEMPHIS WHIRLWINDS

The Wheeler 8th grade Colts won their fifth game of the year with a 34 to 7 stomping of the Memphis Whirlwinds. The Colts dominated all facets of the game as they needed only 27 plays to amass 300 yards of total offense in what was a close until the closing minutes of the first half. "We played super football. These young men played their best game of the year," Commented Coach Read.

The scoring opened early as the Colts scored on their third play from scrimmage following a Memphis punt. Jeremy Davis scored the first of his five touchdowns on a 59 yard sweep. The play was well-executed as the line and other backs cleared a path that allowed Davis to go untouched to the end zone. Marshall Flowers added the 2 point conversion for an 8 to nothing lead.

On their next possession, the Colts took over on their own five following a Memphis fumble. The offense covered the 95 yards to paydirt in four plays capped by an eleven yard run by Davis. The drive was highlighted by a

20 yard reception to Ray Immel by Jorge Salas. The extra point failed with just 2:42 remaining it looked as though the score would remain 14 to 0 at the half. Memphis tried to sustain a drive but turned the ball over with 2 seconds remaining. On the last play of the half, Salad hit Davis with a short pass who then cut to the sideline and scored his third TD of the half on a 41 yard reception. Davis also tacked on the 2 point conversion. At the half, the Colts held a commanding 22 to 0 lead.

In the second half, Davis and the Colts continued to roll. On the first play following a failed Memphis fourth down attempt, Wheeler scored again. Davis did the honors by going 48 yards between tackle Billy Umsted and tight end Shane Stribling. The try for two was stopped leaving the score 28 to 0. After trading fumbles, the whirlwinds finally scored and kicked the PAT to cut the lead to 21 points. However the Colts answered with a 56 yard drive to make the score final at 34 to 7. Davis scored his 5th TD and reserve fullback Brandon Simmons scored the 2 point conversion.

On the day, Davis had 211 yards on 8 carries. Salas carried the ball three times for 37 yards as well as completing both of his pass attempts for 61 yards. Defensively, Shea Weatherly and Mike Johnson were the leading tacklers. Next game for the Colts is the tough Wellington Firecrackers. The game is scheduled for Thursday at 6 P.M. at Nicholson Field.

## FIRST BAPTIST GOLDEN AGERS ARE ON THE ROAD AGAIN

The Golden Agers from Wheeler First Baptist church were on the road again. Along with them were friends from Gageby and the Methodist church. The church van glided smoothly through the early morning fog Friday, October 15 to gather local folks ready to roll through fog down 83. It was still dark at 7:00 A.M. Everyone was awake, bright, and ready to travel! We headed for Granbury and Glen Rose. We left the fog behind. It remained cloudy all day. We kept the faith, and sure enough, the skies cleared before evening.

Robert Helsley, pastor, van driver, and tour guide informed us he was taking us to the Nutt House where we would spend the night! Now, the Nutt

## Services Supplied By Wheeler Soil Conservation

The Wheeler County Soil and Water Conservation district was formed on April 6, 1948, with the protection and enhancement of the available renewable natural resources as its primary purpose. Its boundaries coincide with the boundaries of Wheeler County. It is governed by a board of five elected directors who are resident land owners in the District and are actively engaged in farming or ranching.

The current Board of Directors consists of Paul Macina, Jim Batton, Darville Atherton, Eric Zybach, and John Vermillion.

The District entered into a memo of understanding with the Soil Conservation Service in 1948 to provide personnel specially trained in the field of erosion control. The current SCS staff consists of Fred Allison Jr., District Conservatorist; Kenneth Reed, Range Conservatorist; and Calvin Devereaux, Soil Conservatorist.

Rhonda Ferguson is employed as a District Clerk. Don Humphreys is a Green Thumb employee.

The SWCD works closely with the SCS to promote all phases of conservation. Your SWCD is proud to present this report of some of the work and accomplishments during the 1993 fiscal year.

Wheeler County SWCD has been involved with the development, servicing, and revising of Food Security Act (FSA) plans. The Food Security Act of 1985 mandated that every farmer who produces crops on highly erodible soils must have developed a conservation plan by January 1, 1990. These plans must be fully applied by January 1, 1995. Wheeler County has approximately 872 Food Security Act plans.

Other programs must be carried out in addition to the Food Security Act provisions. We currently have three active Great Plains (GPCP) contracts, one Long Term Agreement (LTA) contract, and various Resources Conservation and Development (RC&D) projects. Fencing, livestock water development, pasture planting, range seeding, critical area treatment, and brush management are being performed under GPCP and LTA.

Some of the accomplishments of the SWCD/SCS for 1993 include: New District Cooperators-186 for 15, 194 Acres; Conservation plans prepared-168, for 8,107 Acres; Conservation plans revised-225 for 38,824 Acres; Individuals and Units of Government assisted-510; Individuals applying a practice-297; Grass Seeding-3,000 Acres; Deferred Grazing-12,000 Acres; Cropland Benefited from applying a practice-36,024 Acres; Range and Pastureland Benefited from applying a practice-25,762 Acres; Ponds-3 No.; Brush Management-1,200 Acres; Prescribed burning-3,500 Acres; Cross fences-10,500 Feet; Livestock pipeline-2,000 Feet; Wells-10; Water Storage Facility-21; Terraces 60,000 feet; Cover Crops 5,000 Acres; Wind Strips 400 Acres; Conservation presentations and tours-3 with 100 people in attendance.
