

Canadian Game Critical To Playoffs

This Friday the Wheeler Mustangs travel to Canadian to play their most important game in two years. If the Mustangs can defeat the Wildcats,

they will assure themselves a piece of the district championship and at least two chances in three of making the playoffs. Less than a month ago such

an important game this year seemed to exist only in Mustang's dreams. Probably no team in Wheeler's past history has even made such a mid-season turnaround as have the 1993 Mustangs.

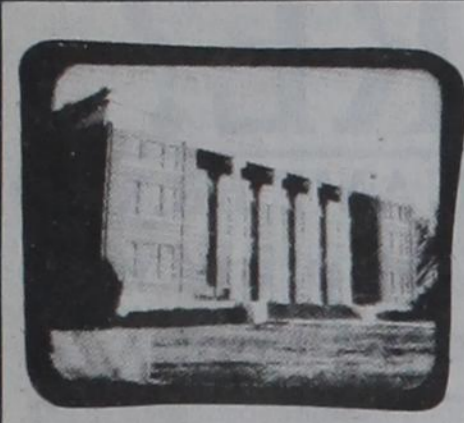

Canadian has been the district's most impressive team this year. After opening the season with a surprising loss to West Texas High, the Wildcats have rolled over an impressive list of opponents such as 1-AAA Champion Perryton; AAA perennial power, Childress; 1-AA Champ Stratford, and AA power Clarendon. They are undefeated in the district play and already assured of at least a portion of the 2AA championship; however to

claim the championship outright and assure themselves of a playoff spot, they must defeat the Mustangs.

If the Stangs win and Panhandle defeats Clarendon, there would be a three way tie for the championship with the two playoff teams and seedings being determined by coin flip. There are numerous other playoff possibilities involving these four teams, but the bottom line is the Stangs' playoff possibilities are much greater with a win than with a loss.

Canadian is not an overpowering team, but is a very quick and opportunistic team that has feasted on its opponents' mistakes. To defeat them, the Mustangs must avoid turnovers and make the game a four quarter slugfest in which the Wildcats fully earn every point they get. Also, the Stangs have to pay particular attention to the kicking game as Canadian has excelled at running back kicks. After Clarendon's success at blocking a Mustang punt, Canadian will also probably aggressively rush Mustang punter Marcus Hardcastle. Hopefully the only kicks the Wildcats will have a chance to run back will be after Mustang kickoffs.

The Mustangs continue to garner notice in the area press as the Amarillo Globe-News picked the Stangs as the "Team of the Week" for last week's victory over Clarendon. If the Stangs can pull off a victory over Canadian, they could well make it two weeks in a row.

Clarendon Win A Treat for Mustangs

Halloween arrived two days early for the Clarendon Broncos this year. As if playing football on a night when the chill factor was below zero wasn't bad enough, Ashley Brownfield and the Wheeler Mustangs showed them their personal version of the Monster Mash.

Brownfield carried the ball 41 times for 192 yards in a game that the Stangs totally dominated. Wheeler tripled Clarendon's total yardage and ran twice as many plays as the Broncos. In spite of their overwhelming statistical dominance, the Stangs made enough mistakes to allow Clarendon to stay in the game and the outcome was not decided until Wheeler ran out the clock on the Bronco three yard line.

With the north wind howling,

Clarendon won the toss and elected to kick to the Stangs and defend the north goal. This put the Mustangs in the same precarious position that doomed them in the Panhandle game, but the difference in the Stangs then and now was readily apparent as the Stangs moved out to mid-field. A fumble stopped the Stangs at this point, but they held Clarendon and forced a punt. As things have seemed to go all year, the punt was downed at the one yard line. Wheeler was subsequently faced to punt from the ten into the teeth of the wind and only got the ball out to the 31, but once again held Clarendon and forced another punt, this one reaching the end zone and putting Wheeler on their own 20.

The Stangs then went on a 16 play, 80 yard drive to eat up the rest of the

first quarter. With 8:16 left in the second quarter, Brownfield scored on a one yard run. The extra point kick failed, leaving the Stangs up 6-0 with Clarendon moving into the wind. Just as has been the case all year, prosperity seemed to disagree with the Stangs as Clarendon improbably mounted a passing game into the icy wind and marched right back downfield on the arm of Chad Campbell to score on a 23 yard pass to Greg Collins. After the extra point, the Broncos led 7-6.

The Stangs then tried to take advantage of having the wind at their back and try the passing game, but Clarendon intercepted a Chad Dunnam pass in the flat and appeared to be headed to the Mustang end zone when Dunnam fought off a blocker and made a touchdown saving tackle on the Mustang 17. Two plays reached the eleven and on third down, Campbell passed the ball into the end zone. As he has all year, Ciriaco Meraz made the big play as he cut off the receiver and intercepted in the end zone for a touchback. Neither team threatened again in the first half, but on the last play of the half, Andy Francis was injured and missed the rest of the game.

Wheeler chose to take the wind in the third quarter and kick off to Clarendon. After holding the Broncos to three plays and a punt, the Stangs took over on their own 46 and moved the 54 yards to the end zone in seven plays with Brownfield scoring on a two yard run. Since the Stangs had missed their first extra point, they went for two and Brownfield scored almost uncontested as the Mustang line to-

tally dominated the Broncos.

The kicking game then provided the next scare for the Stangs as a Marcus Hardcastle punt was blocked, forcing Hardcastle to make a touchdown saving tackle at the Wheeler 27 on a Bronco heading goalward with the loose ball. Two plays later, Dunnam made a spectacular end zone interception to once more turn away the Broncos.

The fourth quarter began with Stangs clinging to 14-7 lead, but with the explosive Broncos now having the wind at their back. When the Stangs had to punt into the wind from mid-field, Clarendon almost got their second block as Hardcastle's punt only traveled twelve yards. The Broncos moved to the Wheeler 39 where they faced 4th and 8. Clarendon lined up to punt, but faked the punt and ran the option with would be punter Cory Fields taking the pitch, but the Stangs stopped him two yards short and took over at their own 33 with almost eight minutes remaining. Wheeler then held the ball the rest of the night as they ran 15 plays to end the game with the ball on the Bronco 3.

Until his injury, Andy Francis was on his way to another 100 yard night as he had gained 44 yards on 10 carries. Chad Dunnam gained 58 yards on only 8 carries, including a very important 25 yard run on the game ending drive, as well as making two interceptions.

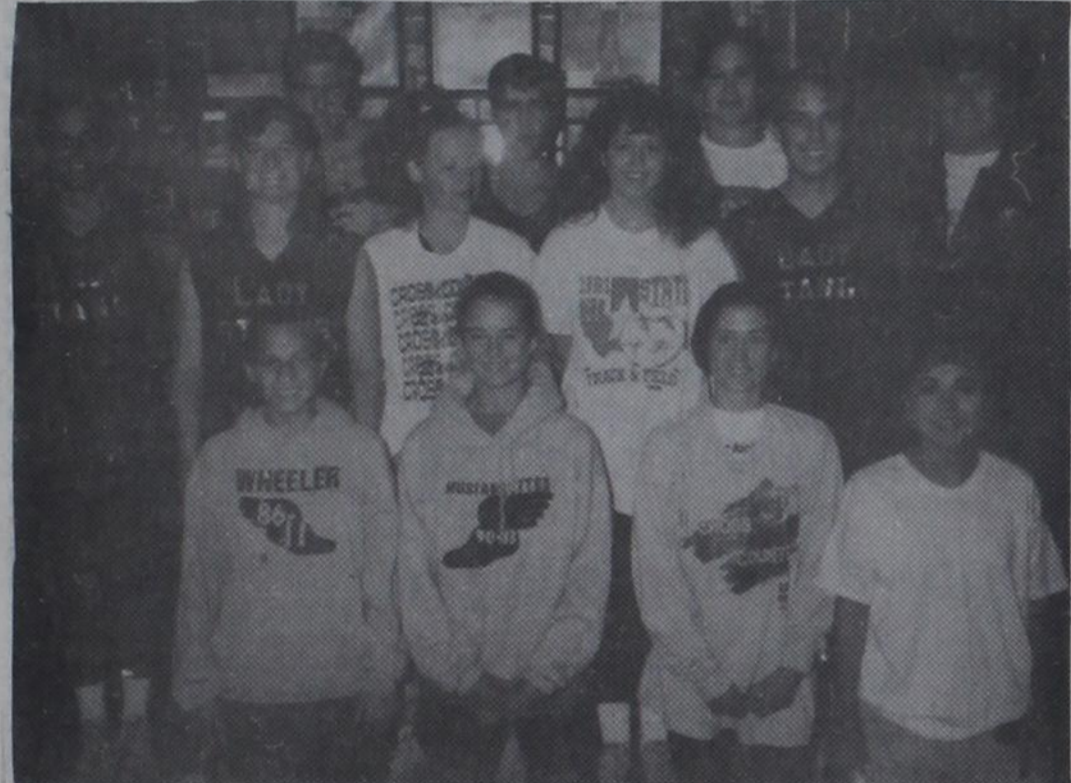

The Mustang defense played its best game of the year as they totally shut down the highest scoring team in

the district, holding them to only 101 yards total offense. If the Stangs can have a repeat performance next week at Canadian, they should bring home a portion of the district championship.

Here & There

By Laura Guthrie

If summer comes, can winter be far behind (sic). Well, we surely haven't forgotten our hot dog summer. Nor can we deny the fact that the last few days have been pretty cool. So, it just has to be that winter is at hand. Besides, this is Nov. 1, and of course November is a winter month, in our country at least. So if you haven't winterized your house, irrigation system, your clothing, your car and barn, you'd better be with it. Yes, I know. The gas bill goes up, but probable the

electric bill goes down. The few cubic feet of gas we've used so far has been worth the money. (But this is only the beginning.)

Ab Gunter called me a few nights ago. He sent greetings to all his friends here. And I'd say that that is a lot of people. Ab is a Wheeler lad. He has sort of a gotten lost up in Indianapolis, but he has a lot of Wheeler County grit in his craw. Our late friend, Shorty Sechrist was a good friend of Abs, so he was trying to get in touch with Mrs. Sechrist. At this printing I can't help him out. I'll try to get in touch tomorrow.

Election Day tomorrow. I haven't sharpened my decisions on all items on the ballot, but I've tried. Somebody is going to have a lot of work to do after the voting is over.

However I could make a suggestion to the committee. Just ask Rush Limbaugh! He knows everything! He doesn't mind telling you so!

We had a quiet Halloween Evening. But some Trick or Treaters came. How polite they were. Elva Wood's grandchildren, the ones from Dimmit, were in the game. It was so nice of the adults with them, she told me who they were. But I wasn't very alert, because I didn't ask the woman if she was their mother. I'm sorry, friend. Someday maybe my manners will be better.

We are losing part of the family tonight. Traci and LaDonna Milburn have been with us 2 or 3 weeks and have been in school Their mother, Rose, has moved here and the girls will be with her. They like school here very much. Traci was with the pep squad for the Colts, with an out of town game last Friday. LaDonna has joined the Band. I'd say she's doing fine. She's only a beginner but I can recognize a tune or two on the flute.

Last week a couple of bus loads of people from Hollis, Okla. passed through Wheeler on their way to Canadian's Fall Festival. On their way home they stopped at Maxey's #1 to eat. A sister-in-law of mine was in the group. She wrote me that they liked Maxey's very much. (So do we all) Wanda and Maxey Herd are Wheeler kids grown up-making their mark in the world.

Lavelle Stephens is all stuffed up with a cold. Hope this is her spell for the winter. But if it's a real thing, a lot of the rest of us will be having it. It's getting an early winter start.

Marie Gudel vice-president, called the meeting to order. There was only one birthday to be celebrated, and after singing the Happy Birthday song, Willis Fillingim asked the meal blessing.

Following the tasty meal, Marie called the meeting to order for a short business meeting—the Blood Pressure people and also the Hearing Aid people will be here on the first Thursday morning for checking the Senior Citizens, if they so desire. After the business meeting, seventeen members enjoyed games of eighty-eight and Canasta.

Those present were Birdie Hudson, Marie Gudel, Tom and Alice Belle Helton, Claudy and Ina Mae Brotherton, Katherine Holt, Beulah and Doyle Grimes, Elva Wood, Willis and Laverna Fillingim, J.P. and Martha Meek, Helen Sabbe, Leon and Veal Fillingim.

The next regular meeting will be Dec. 5, and we urge all senior citizens to be there and enjoy the meal and fellowship.

What To Do If You Need Healing

I have written for these columns several times in past months about the fact that God has provided healing for the physical body. There are many Scriptures that show us the will of God concerning healing. We have a 3-page typed list of "Healing Scriptures" available upon request. Even though there are 40 Scriptures on the list, it is just a partial list of Scriptures that could be given. If you take just the Bible, and not the teachings of unbelieving theologians, you will see that God wants to heal you. After settling the question of whether it is His will or not, the question raised is "How do I get it?"

Nobody who ever came to Jesus for healing failed to get it. How could that be if it is sometimes His will for people to remain sick and even die of disease? There were multiplied thousands of people who came to Jesus for healing, and they all got healed. The reason nobody ever showed up in His ministry that it wasn't God's will to heal is because there are no such people. It is God's perfect will to heal the same people that it is His will to save from sins. That's everybody. He didn't bear the sins of just some people on the cross. Neither did He bear the sicknesses of just some people on the cross. The total price for the double cure was paid for all people through the sacrifice of Jesus. That being the case, how do we get it?

Do what the people in the Bible did to receive miracles, and you will receive the same kind of miracles. Somebody said that healing rests on the Sovereignty and timing of God. But, God didn't say that. Over and over again, Jesus told people that it was their faith that made them whole. He did not tell people, "You are healed because I am the son of God." Neither did He teach people that sometimes God heals and sometimes He doesn't based on His Sovereignty. Instead, He said repeatedly, "Thy faith hath healed thee," or "Thy faith hath made thee whole." Friends, if it is on the basis of faith and not on the basis of His Sovereignty, then it is available to any and all of us who will develop and build our faith. If salvation from sins was presented to people on the same basis that healing is presented, there wouldn't be very many people saved. For example, if people were told by preachers from the pulpit or in books that God may or may not want you to go to Heaven, that is totally based on His Sovereignty and timing, most people would go to hell. But, most preachers teach the truth about that. They preach that a sinner must come in faith to God. They are told that if they have faith in God, they will be born again and become a child of God.

We preachers and teachers who tell people that you should come to God in faith if you have a sickness are criticized for putting a guilt trip on folks though. But, that is what God told us in the Bible. He said that anybody among Christians who is sick should call for prayer and that the prayer of faith would heal the sick one. Do what people in the Bible did who needed healing, and you will be healed too. Don't let the devil cheat you out of it. Make up your mind to believe and obey the Bible. If you are sick, don't say, "Well, the will of the Lord be done." Instead, since He has already revealed His will, do what He said. Call for prayer and stand your ground against the devil. Be bold, aggressive, and feisty. Healing belongs to you.

Ain't It The Truth

By Ab Gunter

Mama and I got to go to a doins at the Speedway Motel and enjoyed the visit and the goodies that were served. It is called Octofest and as we headed for the gatharin place you could smell the pleasant odor of the sour kraut very noticeably. I've always enjoyed kraut, but being a country boy, I had never eaten red sourkraut and both Mama and I enjoyed it. Want to try it again one of these days. Bless these nice folks that put on this wonderful feast and hope to be invited again next year.

THE WHEELER TIMES

Page 3—Thursday, November 4, 1993
"Wheeler, town of friendship and pride."

One of our close friends passes away and I tried to call the family but couldn't find their phone number, but we will miss this friend as honestly we were true friends and our being together will always be one of my fondest memories. We hunted Indian artifacts many years and oft times we found nothing, but the outing wuz sufficient as we visited and sort of broke bread together. Many times we would come home with a bunch of old bottles or whatever we had found at an old fort sight and our wives would frown on us bringin them into the kitchen to wash, dry and fuss over them but somehow women understand we grey headed youths and just over look our messes we have made. That is one of the fun parts of life I recon just being a kid for a few hours prowl in fields and pastures lookin for so called trash that had been left by a previous civilization. Maybe there will be another time me and Shorty will be together just prowl over grounds seekin some prehistorical treasures left there just for us. Thanks for these memories my good friend.

We are still tryin to get things together here at the house and feel we are gainin on the end results. Golly what a bunch of junk I have collected over about fifty years of matrimony. Mama says I am undoubtedly the biggest pack rat she has ever seen, recon so. Ha.

As yet we don't take a paper here and haven't taken time to watch the tube much so am a bit behind on the world news that goin on but I bet it is about like the world news of yester year. We are always talkin about gainin on this and that and durned if I see any news of eradicatin the common cold. Mater of fact I think they are findin that there are more kinds of colds and flu viruses that we just never knew about. Recon we will take them flu shots this year. They say us senior folks are more seceptable to all of them. This will be my first shots. Over the past many years we wuz too busy or maybe

to durn broke to take them, but recon we will try to do what we know to do and take the durn things. Have you taken yours? Ought to.

Recon Hilery and Willie will have been makin progress on their new job, but like I said, we just haven't kept up with things lately but will try when winter sets in and keeps us confined to the house.

Got to talkin to one of my lady friends the other nite on the phone and asked how she wuz doin. She said failly well for a lady that is nearin 80 but she is fat. I hardly knew what to say since I aint fat but mighty potbellied and said Kiddo your mama wuz fat and you have been fat as long as I can remember and I enjoyed knowin you cause you were always so jovial and friendly and a good cook. I doubt I would know her if she trimmed down like twiggy or one of them other ladies who ware size 2 or maybe size four duds. We come in all sizes and shapes and I wonder what would happen if we wuz all five foot two and eyes of blue and wuz all Democrat or maybe Republicans, wouldn't that be a hell of a world.

Me, I got big ears and a long nose and wrinkled as a road map and have even had folks try to reshape my nose and ears, but golly I enjoy livin as much as the mocho movie stars, sides all of that Mama says she still loves me, so there.

Potassium-The Mineral Readily Available in Food

Potassium is a mineral readily available in foods you eat daily. To be considered a good source of potassium, a food should contain at least 200 milligrams per serving. Major dietary sources of potassium include fruits and vegetables, milk and yogurt, meat and whole grains.

The mineral potassium functions along with sodium and chloride, as an electrolyte which helps maintain water and fluid balance in the cells. Potassium happens to be the electrolyte found in highest concentrations within the body cells, while sodium and chloride are found outside the cells. The kidney regulates the level of electrolytes by excreting any surplus.

Potassium functions in assisting in muscle contraction, sending nerve impulses and releasing energy from protein, fat and carbohydrate during metabolism. There is considerable evidence that dietary potassium may help lower blood pressure and protect against strokes. Potassium requirements could be increased to 3,500 milligrams per day. Also potassium's beneficial effect on hypertension has been suggested; that a diet high in potassium and low in sodium can help lower blood pressure in people with hypertension.

This link may help explain why there is a higher incidence of high blood pressure and related complications—such as stroke and end-stage renal disease—among blacks, who tend to have a much lower potassium intake than whites.

People eating a diet consisting of a variety of foods are not at risk of developing a potassium deficiency. Large losses of potassium can occur through prolonged vomiting, chronic diarrhea and long-term laxative or diuretic use. Symptoms of potassium deficiency include weakness, lethargy, loss of appetite, nausea and abnormal heart rhythm.

SWEETWATER NEWS
By Mrs. Joe Flowers

We went to Cheyenne Thursday. Looked like Wonderland up and down the draws and creeks. Oklahoma doesn't have much red, mainly sumac, poison ivy and some shinnyer yet, but the shades of yellow to orange make for any lack.

ALLISON NEWS
By Christine Gilmer

Hebrews 12-28 & 29. Wherefore we receiving a Kingdom which cannot be moved, let us have grace, whereby we may serve God acceptably with reverence and godly fear. For our God is a consuming fire. Had a cold touch of winter this last week with the first snow of the seasons, it was just snow flurries with high north winds.

Pastor and Mrs. Roy Jones were the good Samaritans to a hitch-hiker that came through Allison late Wednesday evening and stopped at the U.P. Church just before Church time. They fed him supper and he attended the services at Church and he spent the night in the evangelist quarters of the Church. Pastor Jones took him to Wheeler Thursday morning and bought the man his breakfast. He was trying to get to Amarillo. Also heard there was another one through here Thursday morning making the pastor of the Church's for a donation of money.

Len and Betty Brown of Dumas spent a few days at their Allison home this past week, and them and their relatives visited with each other. Bruce and Pearl Harrison's last Tuesdays dinner guest was Pastor and Mrs. Roy Jones and Wanda Walker.

Sorry to hear of the death of Alice (Estes) Franks last Thursday, she passed away that morning. The Estes family lived in the Allison community for several year's. Alice taught school at Briscoe for a while.

Ruby Craigs overnight guest both Thursday and Friday were Lisa Farmer, Ryan and Matthew from Pampa. Ruby took Lisa and the boys home Saturday. Saturday evening guest with Ruby were Jerry and Susan Finney, Jesse and Samantha from Pampa.

Still partly cloudy this Monday morning in Allison but not as cold as the weekend.

Sorry to hear that Louis Grayson has lung cancer. Louis our prayers are with you.

Clifton and Louise Boydston and Virgil and Jean Stinnett fished a couple of days last week at Gracemont in Oklahoma. Clifton and Louise last Sunday dinner guest were Henry and Cheryl Dupont, Sabrina and Cody.

Those attending the funeral of Alice (Estes) Franks last Saturday at Dalhart were Louise Boydston, Opal and Juanita Boydston, Pearl Harrison, Lanora Morse and Wanda Walker.

Opal and Juanita Boydston and Sylvia Brown from Wheeler were las. Sunday dinner guest with Roma and Billy Brown.

Roma and Billy Brown were in Clinton last Saturday taking care of business.

Peggy Chandler and Jennie Walker visited Gertie Cornell last Thursday at the Wheeler Care Center and took her out to lunch, and Jennie visited with Gertie on Sunday while Peggy visited with her son and family, the Brad Chandlers at Wheeler.

Pete and Margaret Gilmer's weekend guest were Becky and Jeannie Gilmer from Amarillo. The girls also attended Sunday morning church service with their parents.

Effie Hays last weeks house guest were her brother Kenneth and Lois Write from Topeka, Kansas and Virginia Remling from Amarillo. They all left this Monday morning going to their homes.

Alan and Sheryl Lane were in Elk City last Sunday doing some shopping. Both of Sheryl's little boys were sick with a stomach virus and I talked to others also that were being sick with it, seems it makes its rounds just ever so often.

Homer Sanders and Edna May visited at Morse and Stinnett, Texas with relatives and friends last Sunday.

Recently Allen and Nadine Reynolds supper guest was Nadine's brother Durwood and Romona Burress from Canadian and Nadine's sister Madalene and Hugh Terry from Miami, Texas and Bennie and Debbie Boydston, Heather and Jason.

Nelda Dukes has a new great grandson born to Christy and Joe Willingham of Duncan, Oklahoma. His name is Caylen Joe, he was born October 28th at Lawton, Oklahoma. He weighed 7 lbs. and 6 oz. They are all excited and happy about his arrival.

Vance and Caroline Boydston and Lanora Morse met Kyle Boydston in Pampa last Friday and they went to Furs to eat and did some shopping.

Eddy and Wanda Walker, Jonathon and Justins last Sunday dinner guest were Ray and Arlene Nokes and J.R. and Ona Black.

(Marginal Note) Even worse than a storm or a riot is a big bunch of kids who are suddenly quiet.

Good to see Betty Kendall back at work. She's been pretty puny. Ethel Dodd is home from an OKC hospital. Johnny Reed and Denzil Reed are out of the Wheeler hospital. Darville Atherton has also been a patient there. Joyce Matlock and Basil Doss had eye surgery at Elk. Gene and Geneva Hobbs brought Roy Swagger home today. He spent quite a while in the Amarillo Veterans Hospital following a broken hip.

J. R., Ellen and Sue Coffey of Burkburnett spent the weekend here seeing about the place and visiting Bertha Coffey.

The First American Bank presented the Sweetwater FFA Chapter with a check for \$450 since none of them were able to attend the Slave sale. Billy Hill is bank president.

David and I talked a little with Frankie Lee Sutton of Sitka Alaska. He and little Amy came by to visit his mother,

Mariah Dawn Marshall is the 2 month old daughter of Mack and Heidi Marshall of Wheeler.

Zuma, at Erick and Billy Mack and family. They were moving Cathy's mother, Mary Grace Cook of Cherokee to Alaska to make her home. Frankie is a hospital administrator up there. Have two children.

Jack Criswell, Betty Brothers and friends took a foliage tour Sunday. Went by Lake Cobb, Carnegie and on to Chickasha for lunch.

Greg Henson was welcomed as a new EMT by the Erick Ambulance Service. He has passed state and national registry tests and is licensed to work for any ambulance service in Oklahoma. Other SW folk who serve as EMTs or First Responders for the Erick Ambulance Service are Tommy Calverly, Glenda Calverly and Sally Sites and I think Kervin Davis.

Met Betty Conway of Cheyenne, who is one of my good readers. She was interested in Dawg and the pet Snake. Well Dawg is no more. I'm thinking of giving Snake his walking papers. Saw him slithering up the road when he should have been in the yard doing something about the gophers; they are about to take us.

Also visited with Luella Trammell and her mother, Ruby Baker, cousins

Happy Anniversary to Richard and Bonnie Meadows on Nov. 9; Gary and Carolyn May on Nov. 11. Happy 90th Birthday to May Muse on Oct. 23. Congratulations! Glad you are doing well. She is in a nursing home at Clarendon.

Next Sunday night, Nov. 7, at 6:30 will be singing night at Gageby Church with Gaye Hale in charge. Guests expected. Refreshments. Please come.

Andrea Dukes, Lindsey Fillingim, Justin and Jason Westbrooks and a friend of Jason's met Dieder Dukes in Amarillo Friday night and went to some concerts at the civic center.

Going to Canadian Sunday night to their 5th Sunday singing with several Churches involved were Lois Meadows, Evelyn Meek, Martha Meek, Willis and Verna Fillingim and Willa Fillingim. It was at the Methodist Church with singers from Abundant Life Assembly, Baptist, also.

Dan Trimble and Teresa Andrews were united in marriage October 9, Saturday at 7:00 P.M. in a candlelight wedding at the ranch home of Bill and Sue Morris near Canadian. Relatives and friends were there for the happy occasion. Teresa brought her horse and cowdog and they live on county line road a few miles east of the Co-op. Best Wishes! Larry and Ticia Trimble live at Canyon. Larry works at a feedyard in Hereford and Ticia works at Amarillo.

Nice to have Homer Sanders, Edna May, Lavell Stephens and Martha Meek go to Pampa Community Center with us Wednesday. The guys swarm in the deep end of the pool while we had aerobic class. Good exercise. Then we ate lunch at Furr's.

Willis and I went to Sayre Tuesday and ate supper with Bob and Charleen Carey and got to see Dustin Yowell and meet his girlfriend. Then I went to the bridal shower for Alicia Yowell and Brandon Logan at the home of Mrs. Leroy Dunlap south of Sayre with Charleen. She got a very nice shower. Friends are invited to their wedding Saturday, November 6, at 1:00 P.M. at the Methodist Church in Sayre. They will be making their home west of Sayre a few miles.

"Just as the fires of the kiln give porcelain and pottery pieces the strength to survive so, too, with faith in God, our own trials can strengthen us now and in the years to come."

Thank you, Cecil Meadows, for the delicious turnips. I had been wishing for some.

Nice to meet three fine young people: Sarah, Rebecca and Raymond Gentry, Tuesday. They live east of Wheeler.

Kristi Meek had nose repair surgery at Lubbock last Wednesday, so she can breathe better. It has been very painful. Phyllis brought her home with her while she recuperates for a few days. Kristi has a new job with a C.P.A. starting soon in Levelland, where Keith is employed in the college. Kristi's nose had been broken a few years ago. She was out to Tuesday nights' ball game at Briscoe with David and Phyllis and is doing better. Also out to the Ft. Elliott carnival.

We had a nice Hallelujah party at Gageby Church Wednesday night with everyone dressed as a Bible character and each gave a skit to describe them. Lots of treats and goodies.

Philippians 4:13: "I can do all things through Christ which strengtheneth me."

Sincere sympathy to family and friends of Bill South in his death.

THE WHEELER TIMES
Page 6—Thursday, November 4, 1993

Fat and Wanda Childress recently visited Thad and Tammy Greene and Bobby Ka in Westcliffe, Colo. Cecilia is also back with them. They all went to a football game where Cecilia was a cheerleader and is enjoying school there.

There was a large crowd out to the Ft. Elliott Carnival Saturday night and all seemed to be having fun. There were interesting games for all ages sponsored by different classes. Some of the most popular were Bingo, cake walk, concession stand and dunking booth. Some we saw getting dunked were Misty Morgan, Rolands Meadows, Curtis Smith, Jake Swigart. (It's the most fun to dunk the teachers!) People from many places present. Nice to see Becky Tipps and Zach, Adam and Casey from Fritch, Virginia and Ronnie Hungate and Veronica from Booker.

Most of the kids and some teachers were in costume. One of the cutest was Beauty (A real fat, ugly lady—Misty Mumford) and the Beast, Shelly Hunt.

Carissa Dukes was a Hershey kiss; Misty Morgan's sister, Melody, was a cute munchkin; Londa Crownover was part black and part white faced. Many cute costumes. Shana Reeves was a fairy princess.

Nice to meet son, Danny, and Chris and Lindsey and Dallas Fillingim and Amy Purcell at Maxey's for lunch. Sunday. Danny has been gone several months working on pipelines in Wisconsin and around. Good to see them. Also there, Chuck and Louise Hogan with Robert and Geniva Hogan and Michael.

A group of Gageby youth and Adults went to Pampa to the Calvary Baptist church Halloween program Sunday night. Some going were Gaye Hale and Sarah, Charles and LaJo Crownover and Jodie, Londa and Terri James and Alesha Moffett and John, Aaron Laverty, David and Doug Helton and April and Andy Finsterwald.

Allison Methodist Church Revival starts next Sunday, Nov. 7, and runs through Wednesday, Nov. 10. Services are 7:00 A.M. (with breakfast at 6:30) and 7:00 P.M. Steve Rogers, former Shamrock pastor, will be preaching. Everyone invited.

neat records for future generations. The majority of the records in the office are to be kept permanently and therefore it is vital that I keep abreast with the latest laws in order to stay in compliance with the State requirements. I have attended numerous schools and seminars and have always surpassed the mandatory 20 hours of Continuing Education required for all clerks.

She also said, "Even though I have actually worked in the County Clerk's office for 17 years, I try to learn something new everyday, because the records in the office are the most varied in any county office. A portion of these include: recording of legal instruments concerning real and personal property, commercial activities, and identity of persons; misdemeanor criminal cases; civil cases; probate cases; clerk of the Commissioners Court; conduct of county-wide special and general elections including Early Voting for county-wide elections; issuing marriage licenses; filing birth and death certificates; and mental health commitment records.

"I pledge to each of you that if re-elected, I will continue to give my best effort in all ways and will use my experience and schooling to serve you, the citizens of Wheeler County."

Congregational Concerns:
 On this coming Sunday night, November 7th, Floyd Stumbo, the superintendent of the children's Home of Lubbock, will speak during the evening worship service.

This congregation will conduct a lectureship on Saturday night, November 13th, and Sunday, November 14th. The theme of this lectureship will be "New Bible Discoveries Confirm Great Bible Miracles." Virgil Yocham, the director of the International Bible School at Sunset School of Preaching in Lubbock, will be the lecturer. The schedule for this lectureship is posted on the bulletin board in the lobby.

Ben Griffin is hospitalized in High Plains Baptist Hospital in Amarillo, recovering from surgery. His condition is slowly improving.

Essie Finsterwald has been released from the local hospital. She has returned to Wheeler Care Center.

Sympathy must be expressed to the family of Mike Newland. Mike died last Friday morning and his funeral was held last Sunday afternoon in Wheeler.

From the Minister's Desk:
 When I learned of the recent death of Mike Newland, I immediately remembered a statement that I made when I was a member of Wheeler School Board. This statement was: "I regret one or two votes that I have cast while I have been a member of the Wheeler School Board. But I have never regretted the vote I cast to hire Mike Newland as a principal for Wheeler Schools."

I still do not regret that vote. I believed that Mike would be an excellent principal. I was right too! Although he became seriously ill after he was hired, Mike served for two years as a principal for Wheeler Schools. During these two years, Mike courageously battled his illness and faithfully fulfilled his responsibilities as principal. For this reason, he was respected by this entire community.

But Mike did not always enjoy such respect. Before he was hired as principal, he was the coach of the boys basketball team. As a coach, he was often criticized because his won/loss record was not what some of us thought that it should be. Yet after Mike was hired as principal and became seriously ill, many of us began to recognize that he possessed some very admirable qualities.

What changed? Did Mike possess these qualities before he became ill? Did he suddenly develop these qualities after he was hired as a principal or did he possess them when he was a coach? Mike may not have been the best coach that Wheeler Schools ever employed, but he may have been one of the best individuals.

In my opinion, it is very tragic that Mike had to become seriously ill before some of us recognized what an outstanding individual that he was. Perhaps some of us will eventually learn that the worth of people cannot be and should not be determined by athletic accomplishments.

I respected Mike because he was a "great guy not because was a great coach. While he was ill, I often prayed for Mike. With his death, I will pray for him one time, saying: --

He's gone, Lord.
 At least as far as his body is concerned.
 The pain and suffering ended last Friday.
 Though he is gone, He will not be forgotten.
 He has touched many lives.
 I hope that he knew how much I respected him.
 I should have told him.
 Take care of him. Please. He deserved to rest.
 In Jesus' name, amen.

Chat (From Page 1)
 Tuesday morning and Robert Shuggart greeted me with the 'Mr Stas'. I commented and his response was to the effect of that was what he called me when he was growing up.

At the Chamber meeting Tuesday, it was disclosed that the retirement center is still go. The committee will continue with a 48 unit complex as their goal. A news release will be forthcoming.

Looks like the political activity will be in full force next year, as we have three announcements this week.

We spent the weekend in Oklahoma; we left in the 'blizzard'. The snow, as usual, got a little heavier as we approached Elk City. But the accumulation in Hinton was only a light powdering with snow visible on the grass.
