

# WHEELER INVADES BOOKER FRIDAY

The Wheeler Mustangs will be meeting an old foe this week as they travel to Booker to face the Kowas. Booker and Wheeler have played many memorable games over the past thirty

years as most of that time they have been in the same district and many of the games had playoff implications. Booker has a 2-1 record with their only loss to unbeaten Hooker, Okla. Even

though the game is a non-district game against a smaller classification opponent, Wheeler had better play their best because Booker has given Wheeler some long nights in Booker in past years.

Booker returns seven starters each way off last year's 4-6 team. The Kiowas will be the largest team the Mustangs have faced with a 240 lb.

average on defensive line and 215 lb. average offensive line. This will present an interesting challenge as the Mustangs have played primarily against smaller, quicker teams this year. Also, the Stangs must realize that no matter what else Booker does this year, the Kiowas can make it a successful year if they beat Wheeler.

## LOSS SPOILS WHEELER HOMECOMING

### Attention Reserved Stadium Seats Must Be Paid For Now

The Mustang Boosters needs individuals who have not paid for their reserved seats at Nicholson Field to please do so by Friday, September 24. Otherwise they will be resold.

Contact Dan Kenney at 826-3303 after 5.

### CWE CHAT WITH EDITOR By Louis C. Stas

Congratulations, Nissa Boedeker and Todd Baize upon being crowned Homecoming Queen and King.

We really did have nice weather for the coronation and the homecoming game, it's just a shame the score couldn't have been reversed.

Okay, Mustangs, we've had a tie, a win and a loss; isn't it more fun to win. We have met the toughest opponent of the season, so it's win all the way!

Hopefully the Golf Team made some money at the pre-game dinner. They served some delicious food. And I am not a Mexican Pile-on eater.

You will find a copy of a chart showing the cost of living for the retired individual and a comparison of the same individual in the proposed retirement center. Give it a look; it's interesting. A survey is being taken Sunday to determine the interest in having a retirement center built. If you do not have access to one of the surveys, contact the Sandhill Estates, P.O. Box 771, Wheeler, TX 79096.

We have been having some beautiful fall weather, but that is predicted to change this evening, Wednesday. We'll see.

It's Happy Birthday to Ronal Wayne! Can you really be that old?

Any doubts about the capabilities of the 1993 Wheeler Mustangs to match up with any team on their schedule were dispelled Friday night at Nicholson Field in the homecoming contest against the Spearman Lynx. Although the Mustangs came up nine points short in the 22-13 loss, they gave as good as they took against the highly regarded Lynx. In a game decided by big plays, Spearman simply made one more than the Mustangs.

Wheeler struck first as Heath Sabbe hit Jarrod Ledbetter behind the Lynx secondary for a 59 yard touchdown with 8:50 left in the first period. Ashley Brownfield kicked the extra point and Wheeler led 7-0. Three plays later, Spearman evened the score as Radar Garcia broke a twisting 71 yard run in which he outmaneuvered Mustang defenders by cutting back and forth across the field until he reached the end zone.

Later in first period, Spearman drove to the Mustang 20 where the Mustangs held on downs. Disaster struck Wheeler the first play following the change of possession as Wheeler fumbled the ball back to Spearman at the Wheeler 16. Five plays later, Brandon Vandenburg scored from the one on the first play of the second quarter.

On the extra point, Spearman caught the Mustangs sleeping as the holder pitched the ball and ran into the end zone for what easily could have been a very important two points. Neither team was able to score again in first half as Spearman went to the locker room leading 15-7.

Just as they had in the first two games, the Stangs came out fired up in the second half and dominated the third quarter. The Mustangs spent most of the third and fourth quarters in Lynx territory threatening to score.

Twice when the Stangs were inside the Spearman 20, ten yard penalties ended promising drives. Wheeler still seemed to be a play away from a potentially tying touchdown when Spearman took possession at their own 21 following a Mustang punt with 5:45 left in the game. When Spearman QB Jason Varner ran the option to the left, the Mustangs overcommitted to stopping the pitchman and no one tackled Varner. Seventy-nine yards later, he was in the end zone and pretty much took Wheeler's chances of winning with him. The Mustangs refused to quit and marched right back downfield following the kickoff. A thirty-eight yard pass from Sabbe to Ciriaco Meraz got the Stangs moving and six plays later, Chad Dunnam scored from the one. The run for points failed leaving Wheeler still down by nine points. When Spearman recovered the onside kick, the game was effectively over.

Although Spearman outgained Wheeler 291-219, over half of Spearman's yardage came on two plays, which shows how well the Stangs defense played overall. Spearman's offense only ran seventeen plays and made three first downs in the second half while Wheeler ran

thirty-two plays and made eight first downs. But for a costly penalty or dropped pass here and there, the game could have been much closer than the final score indicated. This game should

### Get on Board Children

A Children's Musical by Smart and Cansey

Children from four different churches have been participating in this effort and they are ready for the public!

We are inviting everyone to come and see this delightful musical about Noah's ark. It will be presented Sunday evening, September 26, 1993, at 7:00 P.M. at the Allison United Methodist Church. It is directed by Ariel Lohberger and accompanied by Darendá Begert. Please come.

### JOE B. HALL TO RETIRE SEPTEMBER 30

Joe B. Hall Maintenance Supervisor of the Wheeler County Texas Department of Transportation, will soon be retiring after 34 years of service, September 30, 1993.

Hall began his career with the Highway Department in September of 1959 at Munday, Texas, where he was a motor-grader operator.

After approximately ten years, he was transferred to Paducah in March 1970 as the Maintenance Foreman.

In December 1972, Hall began serving Wheeler County as the Maintenance Supervisor, replacing former supervisor, Curtis Kidwell.

When Hall first moved to Shamrock, the Highway Department had a total of 16 employees at the Shamrock and Wheeler offices. In less than a year of his arrival, that number grew to 21, but now currently employs 14.

"We now have a total of 650 lane miles in Wheeler County and more maintenance than every before, with fewer employees," said Hall.

While serving in Shamrock, there have been no lost time accidents in 22 years.

"The biggest change in my career was when the department went fully computerized sending information directly to Austin. The only things that have remained the same are the few pieces of yellow machinery," Hall said jokingly.

He married Sue Story on November 1, 1956. They have two children, Janet, married to Frankie Watts, currently residing in Pampa, and Jerry, married to Tammy, currently residing in Reardon, Oklahoma.

They have five grandchildren: Brian, Whitney, Michael, Tiffany and Timothy.

He and his wife, Sue, plan to travel during their retirement years, starting with the state of Texas, and trying to see every state in the United States. He laughingly stated they would be in the valley during the winter and New Mexico during the summer.

Hall has a very active Christian life serving as an Elder at the Shamrock Church of Christ.

He is a member of the Shamrock Rotary Club and will have a perfect attendance record of 20 years at the beginning of November.

Joe B. Hall to Retire

### WHEELER COUNTY RANGE AND PASTURE TOUR OFFERED

Area ranchers will have an opportunity to sharpen their range management skills during the annual Wheeler County Range and Pasture Tour. Collingsworth County is joining Wheeler County for this year's tour.

The tour begins at 9:00 a.m. at the Prof. Weatherby Agriculture Center west of Shamrock on Tuesday, September 28.

The participants will visit various range sites to learn range evaluation techniques. J.F. Cadenhead, Extension Range and Brush Control Specialist, will show how to determine forage availability and how to develop a photo guide for quick estimation of forage quantity. Local Social Conservation personnel from Wheeler and Wellington will demonstrate determining range condition and range trends and will discuss grass identification.

After a barbecue dinner sponsored by the Federal Land Bank of Childress, Cadenhead will discuss chemical brush control and herbicide safety. Also, Lavon Harmon and Martha Edwards of the Texas Department of Agriculture will explain record keeping requirements for private pesticide applicators and licensing requirements for pesticide applicators.

Licensed private pesticide applicators will receive two continuing education units (CEU's) for attending the tour and meeting. Those planning to attend the tour are asked to contact Don King, Wheeler County Extension Agent at 826-5243 or Dale Dunlap, Collingsworth County Extension Agent at 447-2313 by noon Friday, September 24 so plans can be made for dinner.

**INSTALLATION:** Wheeler Kiwanis Club has entered its 48th year of active service to the community. Installation of officers Monday evening, September 20, marked the beginning of a new year. Installation was by the Lieutenant Governor of Texas-Oklahoma Division IV Bob Brockman of Canyon. Shown above are: (l. to r.) Adrian Risner, secretary-treasurer; Gary Ware, retiring president; Bob Brockman; Glyndol Holland, newly installed president, and Ben Ed Hillhouse, newly installed vice-president. Wheeler Kiwanis Club meets each Monday at noon at the United Methodist Church Atrium.

### RETIREMENT CENTER SURVEY TO BE OFFERED SUNDAY

Next Sunday, members of area church families will be given the opportunity to indicate their interest in safe, quality housing for active senior adults in a Christian setting, to be located in the Wheeler area.

Creation of a quality, Christian oriented retirement center in the area will enable seniors to live here rather than having to move to a large city far away.

On the survey form to be provided next Sunday, September 26, senior adults will have a chance to indicate interest they may have in living in such an environment. In addition, younger adults will have an opportunity to supply names of parents, relatives, or friends who might also desire this concept of safe, Christian housing in a setting located near their church and friends.

This independent living community will enable many members to enjoy secure, carefree living in their golden years without leaving the area or their church family activities. No investment endowment will be required of residents, which should provide access to many which could not do so otherwise.

Next Sunday's survey should take only five minutes to complete, and your help is needed in this worthy

undertaking for a deserving group of senior saints!

If you do not receive a survey, or would like additional information, please contact Sandhill Estates, P.O. Box 771, Wheeler, Texas 79096.

### MOBETTIE BAPTIST TO OBSERVE ANNIVERSARY

Those attending from Mobeetie were Hugh and Mae Bailey, Joe Shelton, Sam and Amanda Childress, Jackie and Sallie May, and Denzil and Jaunell Eberting from Albuquerque, New Mexico, Mac and Peggy Shelton, Loretta Mitch, Audrey and Jenny from Perryton and lots of friends.

On Sunday afternoon Hugh and Mae Bailey were honored with a house warming. Many Friends and relatives

were again exquisite.

On your lovely Court House apron, a young married couple (she "with child") were selling their produce. We stopped to ask them if they knew a ranching couple named Jerry and Ann. They puzzled over the question until I further identified Ann as a teacher. Then the young man exclaimed, "That's the Killingsworths. Mrs. Killingsworth was my teacher!"

So off to the convenience store we went to look up their address. The clerk, who (not surprisingly) had kind words for our "Good Samaritans" as well, helped us correctly identify the Killingsworths in Shamrock.

We dropped the Killingsworths a thank you note but somehow that doesn't seem to be enough. We want all of Wheeler county to know what grand people you have in your midst. You are fortunate to have them as neighbors. If many people are like the K's in your "neck of the woods", Wheeler county must be one fine place to live!

We've passed through your town many times in the past and have always enjoyed the beauty of your stately court house. In the future, we'll add the warm memory of the kindness we received from the Killingsworths on that hot August day in 1993.

Sincerely,  
Frank J. Silovsky.

To the Editor  
The Wheeler Times

Dear Editor,  
Recently, while returning to Oklahoma City from a vacation in New Mexico, we had the misfortune to suffer a major automobile breakdown on Highway 152, twenty-one miles east of Pampa. With the temperature hovering in triple digits over two hundred miles from home, it didn't take long for my wife and I to feel lonely, frustrated and helpless.

Before too long though, we had the good fortune to catch the attention of a Wheeler county rancher and his teacher wife on their way to Amarillo to fetch some calves. They knew about a car dealer in Pampa who might be able to repair our car so they drove us straight to the dealer's door, waited around to make sure we were helped, showed us where to find a good motel and restaurant in case we needed to spend the night and made sure we weren't in need of money. Their kindness was overwhelming.

In our anxious preoccupation with our car problem we didn't pay careful enough attention to the surname of our helping friends, so when our car was repaired (that same day) and we were once again heading east on 152, we decided to stop in Wheeler to see if we could find their address. Our luck

Nice to have Cornelia (Fillingim) Lehman visit us a few Days. Edna May, Homer Sanders, and Lois Meadows came over for supper Tuesday night and played 88. Wednesday night we went over and played 72 with J.P. and Martha Meek, after church. Thursday we shopped in Pampa. Nice to see Lisa (Craig) Farmer, Al Griffin and Lynn (Hefley) Smith there. Lynn was meeting a friend, Susan Braddox for lunch at Furr's. Cornelia also visited Horace and Juanita Fillingim, Leon and Vea Fillingim and E.G. and Willa Fillingim and went home to McGregor, Minnesota on Saturday by American Eagle.

We got back from Amarillo in time to see most of the teams play in the Fort Elliott Tournament. Fort Elliott Varsity

won first, Alamo Catholic, second, West Texas Christian, Third, (but Fort Elliott J.V. gave them a run for it). Kelton defeated Wheeler Christian to win. Consolation, W.C.A. defeated Lefors.

Also Playing was San Jacinto Christian. All teams showed improvement and did a good job. Delicious concessions and lots of fans to cheer them on.

**PROSPER & BE IN HEALTH (Part 2)**

People often try to explain away the good promises of God that are in the Bible. They will say things such as "that's not for today", "that passed away", or "you're taking that out of context". I don't know how many times I have heard that last one. Whenever you quote a wonderful promise from the Word of God, people can often see that it indeed says what you are telling them, but they decided that it must be out of context. Here is something very interesting. In my 24 years of ministry, no one has ever said I was taking the verse out of context when I quoted John 3:16. It says that God so loved the world that He gave His only begotten Son that whoever believeth in Him should not perish but have everlasting life. Nobody has ever told me that this verse has passed away. Nobody has ever told me that it isn't for today. Nobody has ever told me that I was taking it out of context and therefore it couldn't mean what it says, even though in most cases they had no idea what John 3:15 said or what John 3:17 said. They didn't even know the context, yet they believed that God meant what He said.

Don't misunderstand me. Taking Scriptures out of context will get you into error. But the fact is, it is not out of context to tell you that God's plan for your life includes an abundant supply for you and health. The Apostle John writing under the inspiration of the Holy Spirit said in III John, verse 2, "Beloved, I wish above all things that thou mayest prosper and be in health, even as thy soul prospereth." If those words are from the Holy Spirit and not just John, there it is the desire of the Lord for the person being written to to prosper and be in health, even as the soul prospers. Not only that, it is a wish from the Lord that He said is "above all things". He gives it high priority. He really wants people to prosper and be in health. Now, if you take the position that it is the Lord's wish all right, but it is for Gaius and not us because the book was written to him, then will you be consistent and conclude that the entire book is not for us? Statements in the book about walking in truth and following good instead of evil certainly would be God's will for us today. If so, then the statement about God wanting prosperity and health is for us today too.

Keep in mind that John was not a novice. This man was elderly. He had walked with God a long time when He wrote this. He had been with Jesus in his earlier years. He sat next to Jesus at supper. He was an original apostle as well as an elder of the church. The man had a great deal of spiritual maturity and knowledge about God and God's will. For him to say that the Lord wanted prosperity and health carries a lot of weight. Someone else that just started preaching last week might be considered ignorant about the real will of God in making such a statement.

I have stressed this so strongly because so many people allow themselves to be cheated in life out of things that God really desires for them. Now, after going into such detail about that, I will point out to you that a teaching should not be emphasized strongly if there is only one verse of Scripture in the entire Bible about it. However, there is much in the Word about God's plan for prosperity and health for His children. I'll show you more of these promises next time. For now, go ahead and believe III John 2 because it expresses in a concise nutshell form what God wants in your life.

By Ab Gunter

Little woman is going to have a birthday start in the mornin. As yet she aint told me how many years old or young she is, but I got a purty good idea. I'm aint to take her to White Castle or maybe the Dairy Cream for a meal, aint decided where yet, but I will. She's entitled more than I can afford, but she would fuss if I splurged an I know it.

One time we wuz down in Mexico on her birthday and we had quite a time. Parades and a rodeo an all the doins and she wondered why all the tado over her birthday which is Sept. 16. I failed to tell her that that particular day wuz Mexico's Independence Day. She still thinks I done it all for her. Hope no one tells her we just lucked out on this occasion.

The other day a young man that our son went to school with some years ago came by to visit and jest had to bring his new truck an trailer by to show us. His new truck wuz a freightliner and the trailer is a refer one an one of the residential streets it shore wuz notice. Jim and I got to talkin and I mentioned that I had just reread a book about Carl Farley, the founder of Boys Ranch of Texas, and Jim said his father worked there with the boys. Quite a coincidence to say the least. I knew Mr. and Mrs. Farley and knew what a dedicated couple they had been to their love of boys.

This ranch was at Tascosa, Tex., one of the first towns in the Panhandle and I had been there many years ago with my mother and knew Frenchy McCormick, an early day citizen of the place. Mother had known of Frenchy for a long time and knew she wuz gettin old and had to visit this friend one more time.

Many of you wonder what Boys Ranch is. Well it is more than a ranch it was and is the home of thousands of wayward boys who really never had a home. Boys that were headed for reform schools or worse. The Farleys were seriously interested in the young outlaws and knew they could become good citizens if only given a chance. At first the ranch wuz just a rundown town that had been bypassed by civilization. The old courthouse wuz the first home for the boys and then it became over crowded and another addition wuz in order. A used military barracks moved in and then another, but nowadays all the homes are made of Colorado limestone and the kids can start from the 1st grade and graduate right there on the premises.

There are no fences, other than to hold the cattle, and no bars to confine the youths, but there is love there in abundance. I have seen some of these new citizens of the ranch and they are a bit bronky at first, but when they find there are no beatings or confinement they straighten out and you could be

quite proud of them.

If anytime you are in the Panhandle of Texas you should give yourselves a break and go by Boys Ranch. You couldnt keep from being proud that you did. As we all know children are our future and these little shavers will be the reward of recycling a lost youth. I know lots of folks there in the Panhandle that have never been there, but will thank me for lettin them know of such a wonderful place.

By the way pilgrim, if you would like to sort of help with the program you could be rewarded by sendin a bit of

money to them and that would give you an excuse to see how your contributions are used. You just send what

## Here & There

By Laura Guthrie

Last week when I was digging into a box of "keep sakes" I came across a yellowed page of letter paper. I unfolded it and it was headed the Buccaneer Hotel, Galveston, Texas. There was a short paragraph handwritten that went like this: A non-too modest hunter, on a hunting trip took aim and fired but the bird sailed on undisturbed. The marksman, watched it in dazed silence, then dashed his gun to the ground and shouted: "Fly on you blankety blank fool bird, Fly on with your gol derved heart shot out."

I didn't recognize the handwriting but it sounds like our old time friend called Pete Forrester. Do you think I should keep this in my "memory box." This is sort of a quite weekend with us. Melinda and Tim went to Dallas to visit Tim's sister. Lydia came over from Elk City to stay with me. We chat, she feeds the dogs, we take a nap, play a game of Skip Bo and go to bed. None of that is noisy, so you can see why it's so quiet around here.

In a round about way I heard from Louella Watts, our neighbor on the south, end of Main St. She is now in Tulsa, OK with her mother. She takes the Wheeler Times and from Here and There she found out Lydia lived at Fairview, Ok. So she wrote Lydia and told her that her granddaughter lived near Fairview and would love to have contact with someone who had lived in this vicinity. But Lydia was in the process of getting moved to Elk City, and didn't get to make the contact. I hope Mrs. Watts is still reading Here and There and finds out why she didn't hear from Lydia.

Patricia had a nice weekend. She didn't take a trip, but stayed at home to do some left over chores. Yor remember that the Forresters completely re-did the inside of their house during the spring. Patricia had never completely finished her part of the job. So, her sister, Janette Cathey, from White Deer came for a couple of days to help put out the what nots and the hangings on the walls. They had fun, and the house looks great.

I found a fuller meaning of the phrase "Care Package" the other day. This package could be one of anything we need when we need it most: sympathy, visit's, help, kind words and acts. Surely we could find some one that needs these things. God gave his son when the world needed him.

## Alpha Mu Alpha Hold First Meeting of 1993-94

Alpha Mu Alpha held their first meeting of the 1993-94 year September 13, 1993 at the home of Marci Wright. Members present were Marci Wright, Marla Ford, Brenda Hefley, Ravonda Hardcastle, Sherri Jones, Tyna Horn and Karen Alston. Guests present were Becky Johnson and Brenda Smith. Plans were discussed for the new year and a date was set for the Holiday Style Show and the Senior Citizens Thanksgiving Dinner. Melissa Chapman was elected as the sorority's little sister for 1993-94. After the meeting dinner was served. Alpha Mu Alpha's next meeting will be September 27th.

Ty Ferguson is a 16 year old sophomore who plays tight end and outside linebacker for the W.H.S. J.V. Ty enjoys eating steak, watching for girls listening to George Jones and watching the Yearwood on the radio.

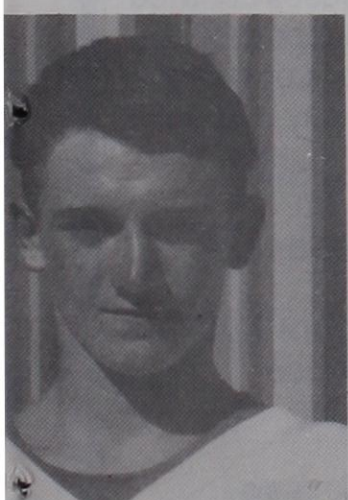

Russell Woolard is a 17 year old senior who plays as the offensive center and defensive end for the Stangs. He enjoys eating pizza and driving uptown. Russell's favorite movie is D.R.I.

Toby Devenport is a 16 year old junior at W.H.S. who plays as a strong guard and as a defensive lineman. His favorite food is pizza and enjoys hunting and fishing. Toby listens to all types of music and enjoyed watching the Sports Illustrated Swimsuit Edition as his favorite movie.

Casey Riemer plays split-end and an outside linebacker for the Stangs in this his senior season. Casey's taste are pretty plain as he enjoys hamburgers and "eating" as his favorite pastime.

Keith Rose is a 15 year old sophomore who plays as running back and outside linebacker for the J.V. Keith's favorite food is chicken and he enjoys hanging up town and hanging out. His favorite movie was Son-In-Law and he listens to rap music turned up really

T.A. Taylor is a multifunctional athlete who plays a myriad of positions for the W.H.S. Junior Varsity. He enjoys eating pizza and watching out for girls. T.A.'s favorite movie was and always will be Basic Instinct and he listens to Country and Western Music.

**EMERGENCY FARM LOAN APPLICATIONS BEING ACCEPTED**  
 Applications for emergency farm loans for losses caused by excessive rain, flash flooding, hail, and high winds, which occurred on July 6, 1993 are being accepted at the Farmers Home Administration (FmHA) office located at 1224 N. Hobart, Suite 102, FmHA County Supervisor, Johnny W. Earp IV, said today.

Wheeler and Gray Counties are two of the five contiguous counties to Collingsworth County in Texas recently named by Secretary of Agriculture Mike Espy as eligible for loans to cover part of actual production losses resulting from excessive rain, flash flooding, hail, and high winds, which occurred on July 6, 1993.

Mr. Earp said farmers may be eligible for loans of up to 80 percent of their actual losses, or the operating loan needed to continue in business or \$5000,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest rate is 4.5 percent.

"As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an FmHA emergency loan," Earp said. Farmers participating in the PIK or Federal Crop Insurance programs will have to figure in proceeds from those programs in determining their loss.

"Applications for loans under this emergency designation will be accepted until 5/2/94, but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possibly over into the new farming season," Mr. Earp said.

FmHA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FmHA office is located at 1224 N. Hobart, Suite 102, Pampa, Texas. Our hours are 8:00 A.M. to 12:00 noon and 1:00 P.M. to 4:00 P.M. Monday through Friday.

Farmers Home Administration is an Equal Opportunity Lender FmHA Complaints of Discrimination should be sent to: Secretary of Agriculture, Washington, D.C. 20250.

In our recent "On the Air" Auction, KPDR raised a little over \$4,000 in a 5 1/2 hour broadcast to help fund the Amarillo Project. The F.C.C. has granted approval for us to construct a new radio station with full power at 20,000 watts, which will cover a lot of area and reach many more people with Christian and informational radio. Our total need is \$99,000 to build the new radio station.

The people of Wheeler were so helpful. Numerous businesses donated items to be auctioned. We want to thank you for your support of this project. Our efforts at broadcasting are becoming a network of stations and translators. The auction was a boost to us. We want to say a Special Thanks to the following businesses in Wheeler.

- The General Store & Bobby's Corner
  - Hyland's Pharmacy
  - Bob's Tackle Box
  - Thriftway Supermarket
  - Wheeler Lumber Company
  - Wheeler Veterinary Clinic
  - Lee Hardware & Furniture
  - Hibler Implement
  - Shear Delight Hair Salon

**MAKING MUFFINS BETTER THAN GOOD**

Muffins are easy to prepare and are good as a snack, dessert or breakfast food. These quick breads have become so much a part of our diet in recent years, that last year the Tuft's University Diet and Nutrition Letter ran a muffin contest. Their goal was to pick a muffin that was not only delicious, but also low enough in fat, calories and sodium to be considered a part of a low-fat eating plan.

For those who enjoy including muffins as part of their healthful diet, here are some tips on improving the nutrition profile of muffins and other baked goods without sacrificing taste:

- \* Use nonfat yogurt to replace sour cream.
- \* Replace one whole egg with 1/4 cup egg substitute or two egg whites.
- \* Include spices such as ginger, cinnamon, allspice and grated orange peel to make up for any flavor losses that might occur when fat is reduced.
- \* Substitute brown sugar for granulated sugar for a richer taste.
- \* Cut down on nuts; don't eliminate them. Although they are high in fat, a few can add taste and texture without damaging a healthful eating plan.
- \* Use a rubber spatula to stir dry and wet ingredients together just until dry ingredients are moistened. Over working a muffin batter will develop the gluten in the flour and yield a tougher product.

**Care Center Comments**  
By Cathy

We have a new resident to welcome to the Care Center. Her name is Vivian Mann. Mrs. Mann is from Pampa, Tx. Welcome Mrs. Mann.

Barbra Williams was here on Monday to check up on how things are going on in the activity department. We discussed lots of arts and crafts for the upcoming holidays. We even ended up in Amarillo with a patient.

Tuesday we had Family Altar with Mr. and Mrs. Hyatt. We sang several songs then Mr. Hyatt had a short devotional for the residents.

Janice Sparlin came to have Sunday School with the residents Wednesday. She had an extra big crown that day. The residents really enjoyed the lesson a lot.

For bingo we had 18 residents to play. Jamie Gilmore was our blackout winner.

Thursday Fern Young and Ila Collins came to have Inspirational with the residents. They sang songs and had a devotional. Friday nine residents went to the Homecoming parade up town with Paula Jones and I. The residents that went were Ruth Hoggard, Vena Richardson, Elsie Wagner, Verna Corcoran, Harold Jones, C.H. Spencer, Dub Mason, Essie Finsterwald and Zinnie Bailey. They told me that they had a great time. Congratulations to the queen and king. A big thank you to Paula Jones for helping me out.

The Church of Christ gave the September birthday party. The hostesses were Bea Smotherland, Linda Daughtery, Joyce Martin, Christine Underwood, Mary Ann Maxwell. Cake and punch was served to the residents and Happy Birthday was sung to the residents.

Those residents having birthdays were Thelma Gierhart 9-2-01 (92), Mamie Spencer 9-7-04 (89), Joe Richardson 9-11-04 (89), Mary Bowen 9-13-06 (87), Mildred Hamilton 9-13-13 (80). Happy Birthday to these residents.

We still have some residents in the hospital. They are Lera Weehunt and Fern Rose. Doc Hogue and Addie Hilburn are back with us.

**4-H Leadership Training Meeting Held, Sept. 12**

On Sunday, September 12 a 4-H leadership training meeting was held in the Coin and Copper Room of the First National Bank in Wheeler.

At the meeting, Don King and Joan Gray taught us about parliamentary procedure and what each delegates responsibilities are. We also learned how to conduct a meeting.

a Book Fair starting Sept. 21.  
The Kelton High School Cheerleaders will have a car wash at the school on Sept. 25 from 9 A.M. to 5 P.M. and the 5th and 6th grade will have a Bake Sale.  
On Sept. 29, there will not be any school at Kelton. The teachers will be attending a workshop.

The meeting was lots of fun and we learned a lot. I hope it will help us to be better 4-H leaders.

Those who attended included: Allison Club-Laurie Lane; Shamrock Club-Shonda Prescher, Morgan Nall, Meagan Wright; and from the Wheeler Club-Andy King, Kyle Masters, Katie Shipp, Savannah Shipp and Liz Shipp.

**THE ACCOMPANYING TAX NOTICE IS WRONG!**

The ALLISON Independent School District is required by state law to publish the accompanying tax notice in this form, even though the notice is deceptive.

Because of an omission in the recently-enacted state law, ALLISON I.S.D. may not include revenue collected by the county education district in the calculation of taxes for the 1992-93 school year. The effect of this is to understate last year's actual school tax rate and produce an inaccurate comparison of last year's tax rate to this year's tax rate.

The correct comparison of tax rates is as follows:

Last year's (1992-93) total school tax rate (including county education district taxes):	1.22027 / \$100
This year's (1993-94) proposed school tax rate:	1.30 / \$100
Percentage change:	6.5%

**Notice of Vote on Tax Rate**

The ALLISON ISD conducted a public hearing on a proposal to increase your property taxes by 364.66 percent on SEPTEMBER 16, 1993

The ALLISON ISD BOARD OF TRUSTEES is scheduled to vote on the tax rate at a public meeting to be held on SEPTEMBER 27, 1993 at 7:00 P.M., ALLISON BOARD ROOM

Association of Home Care Convention in Ft. Worth. Accepting the award was Teresa Henson, President of the Helping Hands Board.

The purpose of the Volunteerism Award is to recognize individuals and or groups who are outstanding in their efforts to meet the health needs of the elderly.

Shepherd's Helping Hands was established in 1990 by Shepherd's Crook Nursing Agency to help the elderly on over-extended budgets purchase necessary medications. In its 3 year history this organization has grown from serving one community to serving five cities in an eight county area. Without duplication of services, Shepherd's Helping Hands also has been known to provide groceries, pay utilities, arrange for transportation to physician visits and provide volunteers to assist with home projects. Their Board of Directors consists of 10 volunteer members who are active in organizing fund raising events. Funds for Shepherd's Helping Hands are raised through community fund raisers and by private donations.

## WHEELER FOOTBALL

The Wheeler J.V. Mustangs scored early and then late to earn a victory over the Wellington Skyrockets in Wellington last week. The 18-6 win brings the season mark to 2 wins against 1 loss. The speedy Clarendon Broncos will visit Wheeler next Thursday.

Against the Skyrockets, quarterback Dusty Case recorded 62 of his 118 yards on a first quarter TD run. The PAT failed. The remainder of the 1st half was highlighted by some fine defensive plays by Wheeler but was lowlighted by some sloppy offensive execution. Two first half drives ended inside the Wellington 20 with no points put on the board. Fortunately, Wellington was unable to mount much offense either. Safety Jason Porton ended one Rocket drive with a leaping interception. Outside linebackers T.A. Taylor and Travis Stevens did a fine job of forcing outside runs back to the inside leading to many tackles by linebackers Case and Dustin Weatherly.

A scoreless 3rd quarter kept the score at 6-0 in favor of the Mustangs. In the final period, the Mustangs struck for scores by Travis Stevens and Jeremy Kenney to increase the lead to 18 to 0 as both extra point conversions failed. Wellington got on the board with 9 seconds remaining via a seven-teen yard run.

The Mustang offense totalled 226 yards on the ground. Besides Case's 118 yards, Jason Bradley had 31 yards, Kenney had 21 yards and Travis Stevens added 56 yards. Center Darby Dorman did a fantastic job handling the Wellington nose guard. On special teams, Daniel Keelin made two key blocks.

### 8TH GRADE VS. MEMPHIS

The Wheeler Colt 8th Grade Team invaded the Whirlwinds of Memphis last Thursday night. The Colts opened up the scoring first on a 2 yard Jeremy Davis run. Then followed in the 2nd quarter with a 65 yard scoring run again by Jeremy Davis and a 50 yard run for another touchdown by Bryan Judd. Memphis came back in the 4th Quarter with a quick score by McFalls. However, not to be out done the Colts scored two more times, both by Bryan Judd. The 8th Grade Colts went on to win 32-8. Bryan Judd rushed for a total of 167 yards, Jeremy Davis rushed for 106 yards, Shea Weatherly

added in 7 yards and Marshall Flowers carried the ball for a total of 13 yards Coach Scott reported that overall he was encouraged by this performance and hoped the defense would continue to get better. The Colts continue their trek to a successful season by taking on the Wellington Firecrackers this Thursday night.

### 7TH GRADE VS. WELLINGTON

The Wheeler 7th Grade Colts took on the Wellington Firecrackers last Thursday night at Wellington. Wheeler came out strong with a quick score by Aaron Dunnam, the extra point try by Marcus Rose failing and the Colts were up 6-0. However, the young Colts could not hold on to the lead as Wellington countered with their own T.D. after the Colt Runningbacks fumbled the ball. The Firecrackers went on to score two more times and the Colts only once making the final outcome 18-12 in favor of Wellington. "Our Defense let us down today", reported Coach Scott, "but the biggest factor in the defeat was our costly turnovers and mental errors. We fumbled the ball five times and have way too many penalties. I can take being defeated, but we beat ourselves." The Colts are expected to rebound this Thursday as they play host to the Clarendon Bronco's.

### 8TH GRADE VS. WELLINGTON

The Wheeler 8th grade Colts remained unbeaten with a 32 to 6 shelling of the Wellington Firecrackers in Wellington. The victory was costly as running back Bryan Judd had to leave the game with a broken collar bone after rushing for 76 yards through 3 quarters. The Colts will put their undefeated mark on the line Thursday as Clarendon will invade Nicholson Field.

Against Wellington, the Colts offense was razor sharp needing only 23 plays to amass three of the days four touchdowns. The precision of the offense was noticed in another vital play as no penalties were thrown against the Colts. In the opening drive, the Colts used up 4:39 seconds before scoring on a 13 yard pass from Marshall Flowers to Judd. Jeremy Davis tacked on the 2 point conversion for an easy 8-0 lead. However, Wellington responded with a fine drive of their own to put their first points of the day on the board. The run for two failed leaving the Colts ahead 8-6.

Unfortunately for the Firecrackers the rest of the game fizzled as the Colts sizzled. On the ensuing kick off, Jeremy Davis ran through the middle of the wedge, broke two tackles, weaved to the sidelined and outran the Firecrackers to the end zone for a

#### Facts About Dried Fruits

Dried fruits have concentrated nutrients because drying reduces water. As a result, dry fruit is generally high in minerals and sometimes in beta-carotene. Dried fruit is also high in fiber and is fat-free. However, dried fruit loses most of its vitamin C in the drying process and the sugar, like the minerals, is concentrated. Dried fruit may contain as much as 70 percent sugar by weight, which approaches the level in some candies. Dried fruits often contain sulfites, a preservative, to which some people are allergic. Dried fruits tend to stick to your teeth and can promote tooth decay. Brushing and flossing soon after eating dried fruits is important.

### OWNING YOUR OWN HOME MAY ACTUALLY COST YOU MORE THAN YOU REALIZE!

The value of a "paid for" home can often be much greater than the shelter it provides, as the figures above indicate. Your homeowners equity is NOT working for you in a paid-for home!

If you are over 55 and sell your home, the government allows you a one-time exclusion on the sale up to a \$125,000 gain

In the example above, if you take the money from the sale of your home and invest the proceeds--at just 9% it will generate \$487.50 from a \$65,000 investment, or \$650.00 a month from a \$90,000 investment! Creating this additional income for yourself will go a long way toward providing the advantages of a Christian Retirement Center lifestyle.

\* Monthly rental for a one bedroom apartment should run approximately \$975 a month.

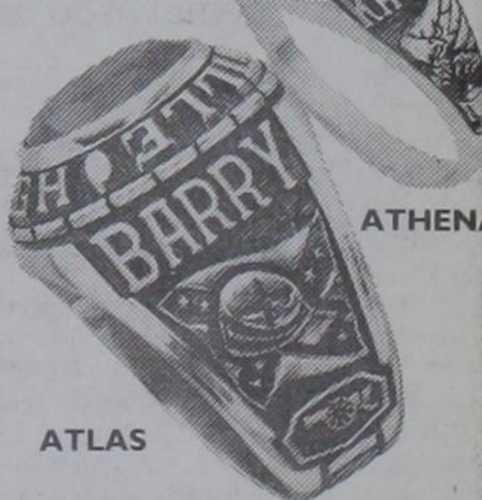

\*\* Assuming your home is paid for or you have equity from the home sale, your monthly additional income generated would be \$487.50 and \$675 respectively.

### PRISONER CUSTODY AGREEMENT-TDCJ

Boyd Hiltbrunner made a motion which was seconded by Hubert Moore to enter into the following agreement with the Texas Department of Criminal Justice; Motion carried unanimously.

### PRISONER CUSTODY AGREEMENT

This Prisoner Custody Agreement ("Agreement") is entered into as of August 23, 1993 by and between the Commissioners Court of Wheeler

County ("County") and the Texas Department of Criminal Justice, Pardons and Paroles Division.

### RECITALS

WHEREAS, the Texas Department of Criminal Justice, Pardons and Paroles Division ("TDCJ-PPD") has an agreement with a private organization to operate an intermediate sanction facility ("Facility") as a secure correctional center for certain persons described herein who are under the jurisdiction of TDCJ-PPD and in the custody of County authorities, and who have violated the terms and/or conditions of their parole;

WHEREAS, TDCJ-PPD and the County desire to enter into this agreement to which the State of Texas shall assume responsibility for the physical custody and care of certain prisoners previously incarcerated by County pursuant to the County's authority to detain prisoners in a secure detention facility operated by a private organization under Local Government Code Section 351.101;

1. ASSUMPTION OF CUSTODY—In accordance with a subject to the terms of this agreement, TDCJ-PPD shall assume physical custody, care and control of certain prisoners for whom a blue warrant has been issued by the TDCJ-PPD (hereinafter referred to as Blue Warrant Prisoners) with constructive custody maintained by the County. Except as otherwise set forth here in, TDCJ-PPD shall bear all expenses associated with such physical custody, care and control of these Blue Warrant Prisoners transferred to a Facility.

2. ELIGIBILITY REQUIREMENTS—Prisoners eligible for transfer to the Facility shall be limited to technical parole violators incarcerated by County who are under the jurisdiction of TDCJ-PPD by virtue of having had issued against them a Blue Warrant, which shall remain in effect, and who (a) have violated their parole, (b) are in reasonably good health, with no current and/or existing medical problem that could cause hospitalization or would prevent participation in the

program, and (c) have had a specified time of confinement authorized by TDCJ-PPD as a condition of the continuation of their parole. TDCJ-PPD or its designee shall be authorized to refuse to accept for incarceration, or after incarceration shall be authorized to return to the physical custody of the County at County's expense, any prisoner who does not meet the eligibility requirements for incarceration at the Facility as set forth in this paragraph pursuant to Tex. Health and Safety Code Ann. Art. 89.054, (Vernon Supp. 1993). County shall provide a copy of a Blue Warrant Prisoners medical record at the time of transfer to the facility.

3. MAXIMUM PRISONERS—County may initially transfer Blue Warrant Prisoners for incarceration at the Facility, beginning on the date specified by notice which shall be given by the TDCJ-PPD to County at least seven (7) days in advance with the maximum number of prisoners to be designated by TDCJ-PPD subject to increase or decrease upon two (2) days notice to County.

4. JAIL STANDARDS—The Facility shall be operated and maintained in accordance with minimum jail standards of Texas Commission on Jail Standards ("Commission"), including such variances from Jail Standards as may be approved by the Commission or TDCJ-PPD. If the commission of TDCJ-PPD, at any time, determines that the facility does not meet Jail Standards, either party may terminate this agreement without penalty at which time all Blue Warrant Prisoners shall be returned to the physical custody of County.

5. TRANSPORTATION—The County shall provide transportation from the county jail to the Transportation Site as designated by TDCJ-PPD. Upon County's request, the TDCJ-PPD's designee shall provide, at the TDCJ-PPD's or its designee's expense, transportation of all eligible Blue Warrant Prisoners from a transportation site to the facility and back to the transportation sites.

6. RELEASE OF PRISONERS—Blue Warrant Prisoners who are to be released from the Facility shall be re-

turned to the physical custody of the County at the Transportation Site for release or transfer to the Institutional Division of the Texas Department of Criminal Justice by the County that incarcerated the prisoner.

7. PRISONER CLOTHING—Blue warrant prisoners in the County Jail who are indigent or otherwise without appropriate clothing upon release to the Facility shall be provided with appropriate clothing by the County before transferring prisoners to the facility.

8. INITIAL TERM—This Agreement is effective on the date set forth in the initial paragraph of this agreement and shall continue in full force and effect, subject to appropriations, or unless earlier terminated as hereinafter provided, for the initial one (1) year term.

9. RENEWAL—Following the initial term this agreement may automatically be renewed for each successive year thereafter upon written notice from the County to TDCJ-PPD, given at least sixty (60) days prior to the then current expiration date, or unless either party delivers to the other its written intention not to so extend at least (30) days prior to the ten current term expiration date, at which time TDCJ-PPD shall return to the physical custody of the county each of its Blue Warrant Prisoners.

10. NOTICE—All notices required to be given hereunder shall be effective upon receipt by the party to which notice is given. Notice shall be given, if to County, to:

Wendall Morgan, County Judge  
Box 486  
Wheeler, Texas 79096  
and if to TDCJ-PPD to:

Bob Owens, Division Director  
Texas Department of Criminal Justice  
Pardons and Paroles Division  
P.O. Box 13401  
Capitol Station  
Austin, Texas 78711

11. ASSIGNMENT OF OBLIGATIONS—County acknowledges that it is aware that the TDCJ-PPD has contracted with the private organization to provide for the care, physical custody and control of prisoners at the Facility, and hereby consents to TDCJ-PPD's assignment to the private organization of all its obligations hereunder with respect to the physical custody, care and control of County Blue Warrant Prisoners.

12. TERMINATION AND RETURN OF PRISONERS—In the event that (a) TDCJ-PPD's contract with the private organization for the care and physical custody of the prisoners at the Facility is terminated for any reason, or (b) TDCJ-PPD is for any reason prevented from using the Facility to house Blue Warrant Prisoners, then this Agreement shall terminate immediately and TDCJ-PPD or its designee shall return the Blue Warrant Prisoners to the physical custody of the County at the Transportation site, and County shall accept into its custody any Blue Warrant Prisoners incarcerated at the Facility who were previously incarcerated by County.

EXECUTED as of the date set forth in the initial paragraph of this Agreement.

## Wheeler Church of Christ

**From The Minister's Desk:**  
On this coming Sunday, July 29th, this congregation will participate in a survey that will be used to assess the need for a retirement center in Wheeler. This survey should only take about five minutes to complete, but it will be very useful in the planning for this retirement center.

A national protest against abortion will be held on Sunday, October 3, 1993. If you would like to participate in this protest, please read the information that is posted on the bulletin board in the lobby.

The grocery truck from Tipton Home will be in Wheeler on Monday, September 27th. If you would like to make a financial contribution towards groceries for Tipton Home, please give your money to Mark Frankenbery.

On Sunday, September 12th, a special contribution was taken by this congregation to financially help some families in this community. A total of \$1500.00 was given in this special contribution. Besides this \$1500.00, the weekly contribution was \$1350.50.

Ann Beutler, the daughter of Marie Wright, was recently hurt in a car wreck.  
Joy Reed, the sister-in-law of Kenny Reed, is seriously ill. She is confined to her home in LaVernia, Texas.  
Sympathy must be expressed to Jerry Dorman upon the recent death of his son-in-law, Dan Chamberlain.

**From The Minister's Desk:**  
A black evangelist once said: "There be two sides to the gospel. There be the believing side and there be behaving side. "In my opinion, this observation is absolutely correct. The Bible does not teach that Christianity is merely a theoretical faith. Rather it teaches that Christianity is a practical faith which should be demonstrated by disciples of Jesus in every aspect of their lives."

Perhaps the best description of this practical faith is found in the book of James. This New Testament book consists of several admonitions which emphasize the practical faith that disciples of Jesus should have. For example, James 1:27 says: "This is pure and undefiled religion in the sight of our God and Father, to visit orphans and widows in their distress, and to keep oneself unstained by the world."

But what does this text mean when it teaches disciples of Jesus "--to visit orphans and widows in their distress--"? A good answer to this question is given in a sermon that was written by Bob Barnhill, the vice President of the Covenant Group which is a company that helps communities built retirement centers. This sermon is entitled "What Care Really Means" and it says: ----

Since God expects us to "care" for the elderly and widows, let's spell "care" and see what it really involves. Sadly "care" is often reduced to an occasional visit or an emergency act of benevolence.

1. "C"--Concern For Their Welfare.  
a. Consider the saddest words in the English language.  
1. "I am old, sick, and lonely."  
I am poor and neglected." "I am abused and exploited."

2. "A"--Assist Them Financially.  
a. One out of every 4 senior citizens live below the poverty level.  
b. Housing is one of the primary needs that senior citizens have. They seek a home that is safe and secure. They seek to live in a home that is free of maintenance problems.

3. "R"--Recreate A Quality Life Style.  
a. All experts agree the #1 problem for senior citizens is loneliness.  
b. In a retirement center, the quality of life dramatically increases.

4. "E"--Encourage Them To Serve.  
a. God reserves advantages to age, such as wisdom and understanding. (Job 12:12)  
b. Older people can be very productive in their "golden years".

1. Pablo Casals gave concerts when he was ninety years old. Benjamin Franklin helped to write the constitution when he was eighty years old. Noah Webster was seventy years old when he produced his dictionary.

Genuine disciples of Jesus must "--visit orphans and widows in their distress--"

## Wheeler Competes in Cross Country

The Wheeler Cross Country teams traveled to Hereford last Saturday to participate in the Hereford Invitational meet. The Hereford course has been changed from previous years and is more difficult than expected.

The varsity girls began the morning of races, placing 14th in a field of 25 strong teams. Dena Compton finished the course in 13:58, Amanda Rives in 15:02, Marcie Rose in 15:05, Nissa Boedeker in 15:31, Melissa Chapman in 15:41, and Angie Thomas in 15:42. Vanessa Shepard was unable to finish due to illness. Approximately 200 individuals competed in the Division I race.

The J.V. girls finish with a good

showing by placing 7th. Christy Glassey was the first finisher for the J.V. team, completing the course in 16:38. Cassi Wallace finished in 16:48, Jeseka Wallace in 16:56, Vanessa Baize in 17:33, and Stacy Maddox in 18:05. Kasey McCasland finished her ankle and was unable to finish.

Two boys ran in the boy division with Greg Bryant finishing in 78th place. Phillip Strolz was followed by bad luck again, after working his way into the top ten, he twisted his ankle and had to drop out of the race.

All of the individuals did a good job this week. The Wheeler Teams will travel to Amarillo next Saturday.

## Cancer Specialist To Speak In Elk City, Sept. 17

Talton L. Francis, FACHE, Administrator at Great Plains Regional medical Center in Elk City, Oklahoma announces that arrangements have been made with physicians who are cancer specialists from M.D. Anderson Cancer Center in Houston, Texas to present free information seminars pertaining to different types of cancer.

M.D. Anderson is affiliated with the University of Texas in Houston.

The first of these public seminars will be held on Friday, September 17 from 2:00-3:00 p.m. in the Elk/Busch Room at the Holiday Inn.

Anas Younes, M.D. will be the speaker for the first seminar. Dr. Younes will be speaking on Hodgkin's disease and non-Hodgkins lymphoma. Dr. Younes serves as the Assistant Professor of Medicine in the Hematology Department at M.D. Anderson.

He is a member of the American Society of Hematology, The American Association for Cancer Research, and

the American Society of Clinical Oncology. He is Board Certified in Internal Medicine and Medical Oncology.

Younes completed a fellowship in medical oncology at the Memorial-Sloan Kettering Cancer Center in New York. He received the Sloan-Kettering Institute Clinical Scholars Award for biomedical research and the Dana Research Fellow Award (only five awards are given annually in the United States).

Dr. Younes is a prolific writer for professional journals. He has had several abstracts published, in addition to other publications in books, manuals and teachers' aids.

Francis would like to invite anyone who is interested in Hodgkins disease or other types of cancer and its treatment to attend the seminar at the Holiday Inn. For more information, contact Charmaine Weber or Pam Coym at the hospital at 225-2511.

## Cyclist Fulfills Lifelong Dream By Circling Globe

Fulfilling a lifelong dream, Long Island resident David Ginsberg set out in the fall of 1990 to cycle across the globe. Not content to just see the world, he also wanted to help make it a better place.

From Norway to Nepal, Colombia to Cambodia, and Belgium to Bangladesh, the 34-year-old amateur cyclist has since pedaled his way through 43 countries on five continents to raise money for Oxfam American. The Boston-based nonprofit agency works to fight the root causes of poverty and hunger by funding self-help development and disaster-relief projects in Africa, Asia and the Americas.

"David's humanitarian odyssey has been an ongoing inspiration for Oxfam America staff and supporters" says John Hammock, the agency's executive director. "His courage, stamina and concern for the world's poor is remarkable."

Ginsberg and his partner, Elizabeth Hartman, began their adventure by riding down the east coast of the United States, then around the Caribbean and South America. They then bicycled through Europe, Scandinavia, the Arctic Circle, the former Soviet republics, the Middle East and eastern Africa. After 480 days and more than 12,000 miles, David returned home for a much-needed respite before setting out again. Ms. Hartman chose to return to her job in New York.

Ginsberg flew to Munich in June, 1992 to begin the second leg of his trek, in which he travelled across the former Soviet Union; became one of the first Westerners to cycle across Mongolia and China; and toured south-east Asia.

He returned to the U.S. in June, and

has since visited Oxfam supporters and cycling enthusiasts in Los Angeles, San Francisco, Seattle, Salt Lake City, Boulder, Co. and other towns and cities. Ginsberg will cycle across the U.S. this summer; he is now en route to Texas from Wheeler.

During his travels, Ginsberg was warmly welcomed by locals and fellow travelers, and was interviewed in China by cartoonist Stan Mack for his "Real Life Funnies" strip in the *Village Voice*. Ginsberg also had his share of adventures—among them, being detained by Mongolian security forces, handed bones and U.S. dogtags by a former View Cong soldier and escorted from a Chinese city closed to foreigners.

Ginsberg—who visited Oxfam-funded development projects in Bangladesh and Ecuador—has so far raised more than \$6,000 for Oxfam America's work. He hopes to collect thousands more during his travels across the U.S.

Thanks to all my new friends in Mobeetie and Wheeler.

## Extension Update

### TELEVISION RESTRICTIONS AND SCHOOL DROP-OUTS

It has been determined that parents monitoring and restricting television viewing times of their school-age children can lower the chances of the child dropping out of school. A group of eighth graders were monitored and 19 percent of those having no television restrictions dropped out of school. nine percent fewer students dropped out when television viewing was restricted.

## TexSCAN...A Lone Star Steal

For as little as \$250, you can place a classified ad in newspapers across the state of Texas with a combined circulation of 1.7 million. This is truly a Texas-size bargain.

TexSCAN, the Texas state-wide classified advertising network, is now in its second year of providing results for every type of client. We have helped sell products, sell land, find employment, announce auctions, sell vacation property, announce business opportunities and even find homes for exchange students.

We can work for you, too. You should try us. After all, we reach more than 3 million people in the Lone Star State for only \$10 per word. Now, that's a steal.
