## WHEELER'S NINTH ANNUAL

# 4<sup>th</sup> of JULY CELEBRATION MONDAY, JULY 4

**CWE** CHAT WITH EDITOR  
By Louis C. Stas

Summer arrives with suitable weather. The nice thing was, the wind was not blowing.

Our 4th of July Celebration a little over a week away. "The Outlaws" have been added to the celebration; they will stage wild west gunfights, etc. The parachutists will not be making their jump. Plan to attend, we are going to have lots of fun.

Fun is what was reported last week at the first annual Wheeler County Heritage Day. We were unable to attend, but have had lots of good reports. It will be an annual event, but the theme for next year has not been decided. Nor has the date for the event.

"Here and There" is missing this week and the date of its return is uncertain. Mrs. Guthrie fell and broke her wrist; the right one naturally. She is on the mend. You are missed, Mrs. Guthrie.

Speaking of the Guthries, (or Tim and Melinda Whorton), you have been reading of the home repairs underway (Continued Page 8)

**IN MEMORY:** The family of Goldie B. Calcote has donated a Blue Spruce to Parkview Hospital. The tree has been planted on the northwest corner of the lawn. A tree was donated to the hospital in 1967 in memory of Jim Calcote.

**REPRESENTING WHEELER CO.:** Helen Sabbe and Elva Wood made a quilt block to represent Wheeler County in the State Soil Conservation Auxiliary quilt. The money from this quilt pays for scholarships from some board member's or employee's child or grandchild. Chances are sold on this quilt for \$1.00 apiece at the state soil and water meeting. Wheeler County would not be represented were it not for these two ladies. They so unselfishly make a block every year. They are to be highly commended for this. These two ladies are doing something for someone quite often and should be given a vote of thanks.

BOY SCOUT TROOP 472

### Boy Scouts Parents To Sponsor Firework Stand

The parents of Boy Scout Troop 472 will be sponsoring the Blue and Gold Fireworks Stand again this year. The Scouts have had various money making projects throughout the year to help pay for Scout Camp and a white water rafting trip in New Mexico. Their goal now is to start saving money toward the purchase of a troop trailer to store and haul their camping gear. The money raised will also be used to aid the Cub Scout program when needed.

Fireworks will go on sale June 24 and sales will continue through July 4th. The stand officially opens at 10:00 A.M., Friday, June 24th. The stand will close nightly at 10:00 P.M.

The Boy Scouts will continue to take orders for **Handmade Tow Ropes** also. Anyone needing a tow rope may order one by contacting any Boy Scout or by calling Ben Ed Hillhouse, Scoutmaster, at 826-5821.

### Fireworks Donations Are Being Accepted

The Wheeler Chamber of Commerce will again sponsor the firework display at the end of the Fourth of July activities on Monday, July 4. The Wheeler Volunteer Fire Department and Jimmy Adams will ignite the 45 minute extravaganza.

A \$2000 assortment will be purchased for the display, and donations to help cover this cost are now being accepted. The firework show is scheduled for "dusk" at the city park.

An account has been opened at the First National Bank in Wheeler for deposit of donations toward the fireworks. Checks can be made payable to Wheeler Fireworks Display and taken or mailed to First National Bank, Box 1040, Wheeler, Texas 79096.

In addition, any Chamber of Commerce member will accept donations or contact Marci Wright at 826-5516 during the day.

### Summer Reading Program Enrollment Is June 6

Come, enroll in this program. We will have a story time and you may check out books. The enrollment date is Wednesday, July 6, from 1:30 - 2:30. Kindergarten through 5th grade are invited to enroll.

Those enrolling must have completed Kindergarten in May. We do not have space, staff, or volunteers to accommodate pre-school children.

This program is designed for grade school children. If you are interested in this program or one for pre-schoolers, consider volunteering to help out or to start a Pre-School Story Hour at the Library. The phone number is 826-5977.

The program will continue the whole month of July. We will have a story-time program on Wednesday, July 6, 1:30 - 2:30 and on Wednesday, July 27 at 9:30 - 10:30. We will not have programs on Wednesday, July 13 or July 20. Visit the library anytime during open hours 1:00 - 5:30 on weekdays and 9:00 - 12:00 on Saturday.

A reading log will be provided to record your time. Please keep good records. When your reading log is full, bring it to the library and get a new one. We must have the reading logs for our records and reports.

See you Wednesday, July 6 at the library.

The businesses who are helping with the reading program this year, are: Thriftway—Popsicles; Sparlins—Soft Drinks; Dairy Queen—Ice Cream coins; Speedi-Mart—Slush Puppies; Wheeler Flower Shop—helium balloons; V&S Variety—T-Shirts; Lee Hardware—Surprise and Hylands—Surprise. They deserve special thanks, we could not have this program without them.

### MYRTLE REEVES CELEBRATES 100TH BIRTHDAY

Myrtle McDonald Reeves celebrated her 100th birthday with a reception Sunday hosted by her children and grandchildren, at the First Baptist Church.

Mrs. Reeves was born June 6, 1894, in Alabama, to Joseph Wheeler McDonald and Sarah Adeline Shaddox McDonald. When she was three months old, the family moved to Dallam County, Texas, later to Hollis, Oklahoma. On March 7, 1907 they moved from Hollis to Wheeler County, Texas.

The McDonalds, with their eight children, moved into a "half dugout" on a half section of land which they purchased for \$8.00 per acre. A two-room house was built after the first year and additional rooms were added at later dates.

Myrtle married Raymond Clinton Reeves on December 2, 1910. They had attended a neighborhood party the night before and decided to get married. She was only sixteen years of age at that time.

The newlyweds settled on a quarter section of land adjoining Raymond's parents, John and Molly Reeves. There, they reared five sons: Roy, Amos, J.C., Kenneth and Donald. Myrtle, along with her husband and five sons worked on the farm raising various crops, huge gardens and fruits of all kinds. It took a lot of hard work and a lot of food to feed five hungry boys.

Myrtle Reeves

Myrtle worked in the fields and then attended to all the many household chores as well. The boys helped when they could.

After Raymond's sudden death on February 15, 1955, Myrtle stayed on at the farm for several more years before moving into Shamrock where she continues to live in good health. She still plants a small vegetable garden and tends her many flowers. She was delighted to receive a brand new hoe as a Mother's Day gift from J.C. in May of this year.

Forty-eight of her fifty-one descendants are living and in various locations around the nation, nearly all in Texas.

Mrs. Reeves' four sons, Amos, J.C., Kenneth and Donald, were on hand to greet visitors. Roy passed away on September 1, 1990.

Seven of her nine great granddaughters served all those attending. The girls were: Casey Martindale, Candie Sessom, Kim Miller, Kathy Tate, Michelle Reeves, Heather Novak and Angie McArthur.

Among the out-of-town relatives attending the celebration were: Mr. and Mrs. Steven Wyatt and Bethany of Odessa; Jessie Wyatt, Lubbock; Mr. and Mrs. Roy Noack, Heather and Scott and Mr. and Mrs. Frank McArthur of Fort Worth; Paulette and John Michael Love and Kathy Tate of Bastrop; Mr. and Mrs. Wilbur Miller and Kim of Oildale, California; Mr. and Mrs. P.R. Bass of Canadian; Mr. and Mrs. Don Sessom and Candie of Sonora; Mr. and Mrs. Kenneth Reeves of Pampa; Mr. and Mrs. Kevin Reeves and children of Grand Junction, Colorado; Kent, Loren and Christa Reeves of Grandbury; Mr. and Mrs. Donald Reeves of Wheeler; Mr. and Mrs. Kim Martindale, Dane and Casey of Wellington; Thelma Evans, Tulia; Opal Hefley, Frances Hefley, Mr. and Mrs. Clifford Hefley, and Beth Alvey of Wheeler; Mr. and Mrs. Clarence Black of Dodson.

Among the many cards and greetings received by Mrs. Reeves were those from President Bill Clinton, Vice-President Al Gore, Governor Ann Richards, Senator Teel Bivins, Representative Warren Chisum and Mayor R.L. Roberts.

The Ninth Annual 4th of July Celebration will be held this year under the sponsorship of the Wheeler Chamber of Commerce. The activities start early with breakfast and end with the street dance downtown until 1:00 A.M. Park activities begin at 10:00 a.m. and continue to dusk with the free fireworks display. A day of fun in Wheeler, Texas, on Monday, July 4, 1994.

Monday morning will open with breakfast at the Masonic Lodge beginning at 6:30 A.M. You do not have to get up that early, serving will continue for some time. If you have not included this in your 4th of July activities, it is a must.

The Fun Run will be under the supervision of Robert and Marla Ford. Starting time will be 8:00 A.M. Individuals are being asked to sign up for the run in advance and the cost will be \$5.00. Each participant will receive a t-shirt commemorating the event. Forms are available at the Swimming Pool, Thriftway, Appearances and Speedi-Mart. It is not necessary to run, many just walk and enjoy the fellowship of fellow participants.

Punt, Pass and Kick will be at 8:30 A.M. at the Park. Dickie Burton has been asked to chair this activity. The event will be at the track, North Highway 83. This event is open to any youngster wishing to participate; the group will be divided by ages.

At 10:00 A.M. the activities at the park will begin. This year the chamber is offering a \$50 prize to the group with the most patriotic booth; judging of the decorations will be conducted by an appointed committee.

The park activities will kick-off with the raising of the flag and the singing of the National Anthem. Scheduled for the day will be the Turtle Races, Balloon Toss, Swim Meet and Tug of War.

Food and activity booths will be operated by non-profit groups throughout the day.

## WHEELER COUNTY

# HERITAGE DAY A SUCCESS

The First Wheeler County Heritage Day was a Great Success. The day was dedicated to the men, women and children who courageously came to the Texas Panhandle in 1875 to tame the wilderness of both men and beast, then living on the plains, clearing the way for those of us who now make our homes, raise our families and enjoy the same abundance of water, clean air, verdant vegetation and wildlife. The day started with prayer service around the flag pole at 7:30 by

### Letter Of Interest To Wheeler County Farmers

Dear Interested Farmer:  
The regional effort is in full swing now to obtain a Tyson Complex here in the area. The first and most critical information, however, is the availability of acres to house the chickens for growth. Some interest has been shown in your community for further information. At this time, we are able to schedule a regional conference for information due to limited response from the grower.

Please identify the prospective number of acres (10 acres housing 2 growth complexes, with a minimum of three acres between the next complex—Tyson requirements) you would be interested in operating. Our success depends upon having 200 interested farmers with one 10 acre/2 growth complexes sites; or the equivalent thereof. Tyson has stated they would not be able to release contract data or estimated costs until this basic requirement is documented as sincere interest to participate.

Once again let me reiterate that the success of a regional effort of this magnitude is dependent on more acres and more commitment from the land owners of our area. This is not a contractual agreement, only a documented interest for further information.

Please sign the form below, or call the Childress Economic Development Corporation (817) 937-8629, as soon as possible and pledge some acres of support. Thank you for your assistance.

Respectfully,  
Larry Norton  
Childress Economic Development Corporation  
P.O. Box 10  
Childress, TX 79201

I, \_\_\_\_\_, pledge \_\_\_\_\_ acres  
with \_\_\_\_\_ complexes for proposed Tyson project.

Had me a birthday yesterday or close by and Mama had some of the neighbors over and what a meal she prepared. I not only gained a year, I must have gained 10 lbs. of weight. Enjoyed the company and all the friendly chatter by the adults and the kids. Got to visit with two of our children here and one by phone but I still don't feel old cause I have so many friends that call me kid and recon they always will.  
Got some disease that is going on in England a few cases over here aint got it yet. Lately a feller aint got much of a chance to find out his complications by gettin a free exam from his doctor over a cup of coffee like we used to do. Shucks now days if you aint got three insurances and a healthy bank account you better forget an exam from the doc. Would you believe that over 50% of our population aint ever seen a doctor mix up his own concoction of cough syrup or saline that he used to cure your ills. You need not mention it to a person under forty nine cause they have never gotten a pill or a little tin of salve unless it comes from the pharmacy or one of them health pill joints. We used to get such things from the Watkins man or from the Doc Tate show that would tour the south with his sort of tent show. Now them folks would put on the show and cure you all in one preparation but now days you have to sit in a waitin room at the docs office that you had the 9 o'clock appointment till about noontime and even then maybe have to come back next week cause the doc hadn't returned from his fishin trip or whatever.  
Hey cousin, would you just stop rite there and SMILE. Yep, just SMILE. It is one of the most contagious disease we have but it aint in epidemic stages as it should be these days. Honest you cant imagine how many cures a simple smile has in it. Smile at yourself in the mirror or smile at your spouse or the neighbor and see if it wont work. Show them how to make a smile and be sure you let the banker or the checkout folks at the store see that it works. I believe we could start an epidemic that would be worldwide in no time. Please let me know if it works in you home or office, might get a patent on it.

It was sure nice to wake up Saturday morning and to know the wind was calm. It really blowed hard all last week both day and night.  
Recently those visiting in the Bob and Lou Cornell home were Doyle and Ruth Ann Cornell from Loving, Tex., Tammy Newman, Jr., Chance and Roland from Panhandle, Katie and Sarah Cornell from Bessie, Okla., Becky Hefner, Max Lee and Josh from Stinnett, TX., and Gertie Cornell from Wheeler. This weekend Bob and Lou traveled to Coleman, TX., to attend Lou's family reunion, joining Bob and Lou going to Coleman were Joe and Beverly Smith, Rachel, Sally and Neal of Wheeler. They all returned home Sunday afternoon and Lou's mother, Mattie Elrod, came home with them from Anson for a few days visit.  
Wilma Gilmer's Saturday evening

and he even instigated foliage tours of that so called part of the world and thousands of folks from everywhere were reminded of this beauty. We all called him Oofie and he became known all over the country in his business ventures and respected in high places, but to the folks back in the Panhandle he wuz just Oofie an even though many of you never knew him I know you would have enjoyed visitin with him and he would impress you with his wit. I would just like for Oofie to know we will miss him and his love for that beautiful part of the Panhandle.  
I can hear them NASCAR vehicles whizzin around the big oval just a few blocks down the street. You can sure tell the difference in the sound of the engines but you can tell they are breakin the village speed limit. August 6 of this year there will be a race of all them folks called the Brickyard 400. I have never seen one of the races an hope to see all them vehicles this season. Hope you are there to enjoy it too.  
Ab and Mama, my sweetheart

Dear Editor,  
It seems to me that the proper way to solve the welfare mess would be take it away from the government and put it in charge of the Churches, where it should always have been from the beginning of time it was God's plan for His children to care for their own.  
If all Church members would pay a tithe of their income to their Churches there would be ample funds to take care of it. According to statistics the average Church's income is about one third of what it would be if all members tithed.  
There would be several advantages to the system. The cost of administration would be nearer 10% than the present 75%. Much of the work would be donated by volunteers. Fraud would be nearly eliminated. Neighbors know too much about things in the community.  
The tithers in some cases would save more in taxes than the tithe cost them. That is unless congress appropriated the savings for pay raises and perks.

Just got word from our nephew that a good friend in the Panhandle had passed away. He wuz 78 but as spry as a kid and very industrious in all his efforts. He and family had a cafe in Canadian, Tex., an just kept their heads above water for many years. Would nearly fail but always had a pleasant hello for you. His efforts were to let you see the beauty in all things around him and year he got work out that the cottonwood trees an the persimmons an all the shrubby would turn all colors of the spectrum every fall

Farmland Preserved By Use Of Terrace Systems

A terrace is defined as a series of ridges constructed across the slope to prevent excess water erosion. There are a lot of old terracing systems around Wheeler County. Terracing systems used in Wheeler County are either Level or Graded terrace. A Level terrace is used on sandy soils. This terrace is built on a level grade. These terraces can be found in south and west parts of Wheeler County. A Grade terrace is used on clay soils. This terrace is built on a grade. These terraces can be found in the North part of Wheeler County. Terraces systems could be a valuable asset on farmland with lot of runoff.  
A lot of the cropland fields in Wheeler County need to be terraced in order to preserve it, so it will produce crops in years to come. Farmers must not only farm for today but for the future. Terrace systems should be given a chance and not put down. Those farmers, who are sincere in preserving their land will make the terrace system work for them but their are those who aren't sincere in their conviction will be very critical of the terrace system.  
Farmers, who are scheduled to install a terrace system should do so before December 31, 1994 deadline. Farmers, who are participating in the farm programs must comply with those guidelines as soon as possible. If a Farmer decides not to comply with the guidelines, they could lose their government payments.  
For more information on terraces. Please come by your local Soil Conservation Service office or call us at 826-3565 between 7:00-4:30 p.m.

So early in morning. Wind blowing harder now than before I went to sleep. I have seen this in June. As long as dirt don't get in it. I have seen it so bad I couldn't see my plants. I was working the D. A. Pauls were out there once, I had dust and dirt. We could hardly see my okra. They thought it was a goner; it was saved, made a lot of okra.

Don't remind me of the past. Farmers have a time. Colie fed a hog some careless weeds; she died. Fed a calf some once; she died. Old cow died after eating Johnson grass; not so many, we was lucky. We had a lot of Johnson grass on our place; as well as weeds.

Tuesday, June 14, Melissa says hope everyone is better, health wise. Unav had to take someone to school, she said. Can remember those school days. Were they a pill; had 5 sometimes to go and more—lunches W.O.W. I enjoyed fixing lunches.

I wrote a whole page down other day that had gone on recently; probably more. Saw Maybell other day on her walker to see doctor; first I had seen her since her spell. I had talked to her kin.

So much sickness. Should be thankful I am as well as I am. Need to get my glasses. I need my hearing aid and glasses. Forget what I am doing. Well, Unav and Mac went home yesterday; wish they stayed another day.

Melissa got up. I'm not by myself.

Woke real hungry around 3 P.M. Wind blowing like mad, but its done that a long time. Used to blow our cotton out in June real bad. It would come a big rain.

Melissa has gone to Wheeler to grocery store. She needs to live close to town. I could go once a week and get all I needed for a week; that wasn't much.

Sure enjoyed Unav and Mac. She don't like way I write her name, Unav; she writes it Una V, separate.

Unav is little heavier; not much. I did not know her, my own sister; and my own cousin. I hadn't seen in long time. He had got white headed. Saw him next day, he looked just like his dad. I would have known him next day. I wasn't looking for him, that makes

different—also. He is 72; his wife died. Una V said cancer; anything is bad. Melissa got home; said she saw Doc down town. I say did you see anyone you know or get anything I can eat and not have to cook it? She got

some peaches.

Una V read some of my news at Wheeler yesterday. She said I was a Journalist. I don't know what a Journalist is. So, one that tells lot of Parker news. Yes. Haven't heard from Mickey

Atherton lately, or Henry's wife, or Darv Atherton or N. F. Young. All sick, had surgery, etc.

Andrew found 2 tiny birds. Fell out of the nest. Their dogs got them. Was playing with them. They put them back in nest. They didn't know a mother bird won't take the birds back after they are handled.

Melissa said there were places between here and Wheeler you couldn't see for dust. So she pulled my window down; it's stopping now. It's blown all evening. She was wiping dust on cabinets, etc. We didn't have any dust here in the air.

The nurse read my news to see if I mentioned her. When she got done she said no, all about Melissa and Andrew in the news.

Andrew should watered his garden all day yesterday, way it blew.

The sun is shining now. Rain is all gone guess.

The nurse, Janet, came. She said if I didn't cooperate with Debbie Simpson, nurse, they would quit me.

Troice wrote on my paper. She came; glad to see her. She was here an hour, guess. The nurse, Janet, came while she was here. Troice and Janet saw eye to eye with each other. I don't see to do something that hurts you so. I had a cousin that died; the therapy was so hard. Guess makes it harder for me. The therapy was while she was taking it. She was close to 90 years old.

The nurse, Janet, came. They tell you what's what or else. Well, guess I been boss all my life; one reason its harder for some than some that don't mind a boss. My youngest sister has had bosses all her life, she says. So its not hard for her to do.

Sun shining bright, no rain in sight. All my news isn't very interesting. The doctor told Darv not to work for a year.

Still have my toe—am gonna loose my toe nail if don't watch out. When you get blood poison, you can't do much for it.

Gave one of our kittens to my nurse for one of her boys. They took the others except a runt to our grainery. They went out there; two kittens were gone. Old mother laying by grainery, full as could be. Melissa and Andy trying to find them. She is so afraid something will happen to them. I thought the kittens would stay with the mother.

Melissa is going after our commodi-

ties tomorrow.

Had two cataracts out—no lazar beams. Was afraid of them; they blinded our Willie. I said no lazar beam for me.

Melissa has gone to Canadian this morning. Hasn't got back. Hope she didn't get lost.

Slept most of morning. My sister, Troice, came yesterday. We had a kitten, not as big as a rat in house. Troice told Melissa to get it out of the house. The dog would kill it, so didn't put it outside.

She is back from Wheeler. A quick trip Scared me for her to be gone a long time; afraid she had car trouble or wreck or something happened. They

got me a moon pie. Looked for me a bar of candy like Paulene used to get me. It was all nuts, no chocolate, but I had no sweets here of late. The moon pie was like Aunt Bessie used to get us, an Eskimo Pie; it was almost too much.

Troice is home, started early this morn—already home. Henry and Mildred usually follow her or lead; but Mildred had surgery and N. F. Young had surgery—poor kids.

Melissa and Andrew got back from Allison.

My baby boy came to see me. He rough necks around Muskogee, Okla. Nelson came by from work. He read my news. He said, Mother you just have Parker news. Don't do that, call people, don't just get Parker News.

They have business back where they came from. For two days, Weidon's youngest girl, Michelle, is coming to stay with me. I did not need anyone to stay with me; just cook, bathe me, wash dishes, etc.. Melissa and Andrew go to east to do up chores.

I think Hoyle and J. O need someone to help them out. They are so weak.

## Fourth Of July Safety Caution Issued By DPS

The Fourth of July is one of the most highly celebrated of all holidays throughout the United States, and rightly so. This occasion should be remembered and celebrated, because of the rights and freedoms that each of us possess.

We are also reminded this time each year that far too many will not have much to celebrate in this great state of Texas by losing a loved one in a wreck caused by an alcohol impaired driver. Trooper L.B. Snider with the Texas Department of Public Safety states, "At least 50% of all traffic deaths are alcohol related and during this holiday many people will celebrate by consuming alcoholic beverages". We urge those that drink to plan ahead to have a sober driver behind the wheel, or risk finding themselves behind the bars of a jail. To help us protect you, as well as others on our state streets and highways, remember; If You Drink, Don't Drive—If You Drive, Don't Drink.

The tailorbird builds its nest in a large folded leaf. It sews the edges together with stripes of silk or wool thread, or vegetable fiber, using its bill as a needle.

# Sweetwater News

By Lois Flowers

Oklahoma 1 "Where the wind blows free—hot and dry too." My records show 10.5 rain during May and June of '93. So far, in this May and June, we've had 1.6 inches. Been raining some places tho. Heard a tourist came along down by the Canute tornado or whatever. He looked at the closed Interstate, the trucks and cars blown off the road. Well, he said, this is my first trip to Oklahoma and what's more, it's the last!

Todd Hutchison, grandson of H. E. and Hellen Smith has been stationed in Japan and is now in Pensacola, Fla. He's been home visiting his folks at Kingfisher. Helen and H. E. met him, his mother, Judy, and sister, Jerilyn Duffy at Elk at the home of Millie Greene for a get together.

Ann Hix has had surgery at OKC. Baptist Hospital. Judy visited her there. Saw Jimmy and Donald. First time in years.

Lisa and Monte Tucker were on the Dean's honor roll at OSU. Their parents are Mr. and Mrs. Tommy Tucker.

They told on TV that some sharp folks at Elk City McDonalds recognized the little kidnaped girl and the women who took her. The police were able to find her due to their call.

I'm not really up to this serve yourself gas deal. Pulled in to the station and couldn't get the gas tank cap off. The lady at the other pump came over and got me started. Next thing I knew a young man and a little boy were helping me. Got the tank filled and gas paid for. Started to leave and a man on a motorcycle said, Oh your cap isn't shut and he ran over and tended to that. There sure are some nice folks in the world. He and his wife had been to the Porter reunion up by Cheyenne and were on the way to San Jon.

Our brother Paul of Norman had eye surgery. Was doing well when I called. See my favorite Cowboy, Neal Schmidt, was seriously hurt in a fall. Had surgery at OKC Monday. We wish him well.

We had a real bluebird this week. Judy Tipton says they have been having painted bunnings too. See turkey tracks each day. Some are reporting deer.

We visited with Earl Reed and son Joshua, Ray Clay, Nanny Lou and Harvey Sanders in town.

Judy and Gerald Tipton, Lisa and Jerry Alexander, Jada and Joel spent the weekend at Lugert.

Sure been a lot of boats pushing cars down the highway. Even saw one pushing a travel trailer and car. Vacation time.

We got a new TV the other day in hopes Joe could get some good out of a larger screen. It's smarter than us. Already strained my brain. Had to call Randy three times for advice.

Guess you all saw the story about Rosewood when the mobs came in to a little town, burned the homes and killed some 40 colored folks sixty years ago. I remember long ago—I'd say in the '20's when they ran the colored folks out of Erick.

One of our neighbors had an old man working for him. We saw the caravan of cars go by honking and people yelling as they went to tell him to leave. Joe's grandfather had a colored lady taking care of Grandma. Grandad set in the yard with a shotgun and they left her alone. I don't know if it was county-wide or just local. I'm glad things are better now.

The Brown-Green reunion was held last weekend at the hall behind the Sayre courthouse. Attending from here were Leonard, Lois, and Tim Bryan, Kent and Conny Bryan, Dale and Misti Bryan of Chattanooga, OK.

Tim Bryan, Mary Hall, Heather Dean and Jason Mong were among the students from the Wheeler Academy who attended the International ACE Convention at Purdue University, Lafayette, Ill.

## '94 Weatherly Reunion Held June 17th & 18th

The family of Joseph and Virginia Weatherly met June 17th and 18th, 1994 for fun, food and fellowship.

Friday afternoon at 6:00 P.M. we met at the Deer Creek Ranch of Joe and Mary Weatherly and had ice cream and cookies and visited.

Saturday morning we met again at Deer Creek Ranch and had coffee and Wanda Herd's rolls and doughnuts and more visiting. At noon we went to Maxey's and had fried chicken with all the trimmings. After lunch we returned to Deer Creek and looked at pictures and scrapbooks and talked about old times until about 5:00 p.m.

Those present from Wheeler were Joe and Mary Weatherly; Rodney, Dustin and Shea Weatherly; Nancy, Rowdy, Casey and Rachel Riemer; Dell, Mary, Megan and P.J. Ford; Chelsea Brooks; Beth Mills; and Peggy Ford. From out of town were Leon and Dot Weatherly, Pampa; and grandson John Nachlinger, Katy, TX; Kearby and Peggy Weatherly, Okmulgee, OK; Oneill and Sue Weatherly, Hedley, TX; and grandson Curtis Weatherly, Security, Co; Hal (Sonny) Weatherly, Boise, ID; Furman, Neva and Andrea Maxwell, Berger, TX; Carrol Weatherly, Madill, OK; Joe Dene (Bud) Weatherly, Gordonville, TX; Clyde and Anita Guynes, Spring Branch, TX; Charles and Charlotte Pond; Tony Weatherly; Lesa Hawthorne; Tom Whitlow and son, Evan of Amarillo; Margie Edwards and Beatrice Mullin, Turkey; Lloyd and Margaret Weatherly, Littleton, CO; and Bob Weatherly of Wellington.

Hosts for this year's reunion were Bob Weatherly and Peggy Ford. Next year's hosts will be the children of Roy and Emma Weatherly.

Iva Thompson was honored with a birthday dinner at the Catfish Place. Hosts were Leroy and Peggy Dunlap and Darrin.

Lori Barber, Health Watch therapist tell us that she and Bruce and the Dysons have bought out the Bob Maine Ford Agency at Elk.

The Erick Kitchen Band went to Grand Place Tuesday for their regular program. Had a large crowd out. Band folks were Billy and Basil Doss, Iona Miller, Hazel Francis, Richard Crawford, Roy Swagger, Murray Orgain, Dollie Green. Lynette treated everyone to a watermelon and cantaloupe feast plus punch and other goodies. Oh yes, we three and ole five string!

Heard that our little friend, Mrs. McGuffin was 101 at the Wheeler Care Center. They had a party for her and her niece, Vacie Bradley of Lawton, who had the same birthday was able to attend. Vacie used to teach school at Sweetwater. She is in her 90's.

Our Florida kids, Tony and Carleene, came Wednesday. They came by San Antonio to see Joe Dales and College Station to see her brother, Milton and wife. Went on to Albuquerque to see their girl Ginger and husband, Ken. They will also see her folks, Carl and Inea McDaniel at Willow. Tonight we all visited Bertha Coffey. John and Martha Haag came down Wednesday to spend the day. They were flying to Houston Thursday for the wedding of their nephew Phillip. Lucille's son.

Jan Lowder carried the mail a couple of days while Eb took off. Bonnie was still in the post office.

Hope everyone had a Happy Father's Day and heard from their kids and grandkids.

# GREAT FEED From GREAT SEED

## Sweet Sioux V

(Sorgo x sudangrass)  
A sweet sorghum that provides excellent palatability. We recommend cutting Sweet Sioux V four to six inches above the ground to encourage rapid regrowth. Sweet Sioux V can be grazed, put up as hay or haylage, or fed as a green crop. An excellent early pasture that is ready to feed three to six weeks after planting. Smaller seeds and profuse tillering allows you to plant more acres per bag that with other products. Protein content as high as 15-17% when properly managed. Excellent choice for a multiple cut system.

## Mor-Cane II

(Sorgo x sorgo)  
Male sterile characteristics allow more sugars to accumulate in the stalk, providing more palatable and digestible feed for livestock. All purpose sweet forage sorghum is valued as a hay, green chop or as a late planting silage. Excellent for a single cut system that produces high tonnage. Outstanding post-frost grazing forage.

## Annual Conference Of United Methodist Church

The 85th Session of Annual Conference of the Northwest Texas Conference of the United Methodist Church met at First United Methodist Church in Midland June 6-9, 1994. Under the direction of Bishop Alfred L. Norris, 685 people worshipped and sought God's guidance.

During the four-day event, Bishop Norris led 278 clergy members and 306 lay members in the business of the conference. Each day brought new challenges with discussions on (1) insurance and budget, (2) global ministries, (3) health care, (4) volunteers in missions, (5) missionaries, and (6) race and religion.

Focused on the theme "Consecrated Lord to Thee," the Conference worshipped each day with Dr. James Moore of Houston inspiring his audience.

On Thursday, he touched those assembled when he said, "We have to love unconditionally, forgive unreserv-

## American Maine-Anjou Welcomes New Member

The American Maine-Anjou Association is pleased to announce that L & W Cattle Co., Richard Wallace of Wheeler has joined the AMAA as a new Active member.

The AMAA is an association of progressive cattlemen dedicated to the promotion and future growth of the Maine-Anjou breed. Among the many advantages of membership, Mr. Wallace will have his name listed in the annual membership directory, and be automatically placed on the mailing list for the breed journal, *The American Maine-Anjou Voice*.

edly, and serve unselfishly." That was just one example of the insights he imparted to those in attendance.

On Tuesday, the Vision 2000 Committee challenged the Conference to visualize its mission. Each person present received sunglasses which reminded the elected members of the charge to "bring the future into focus."

Highlights of the evening included country, jazz, and rock music as well as a children's choir, a ladies' harmony quartet, and traditional hymns. A juggler told the story of the Prodigal son as he juggled, and Angela Johnson, the daughter of Bishop and Mrs. Norris, performed a liturgical dance. Dr. Moore's topic was "The God Whose Shoes Don't Match," and Bishop Norris challenged those in attendance to take the gospel to every culture.

The Wednesday evening ordination and consecration service saw five persons ordained elders and seven ordained deacons. Bishop Norris challenged the honorees to be proud to be United Methodist preachers to equip and empower people to be disciples in the world. The work of the kingdom is the most important work of the world, Norris said.

The closing worship on Thursday morning included the giving and receiving of appointments. Wheeler United Methodist Church is pleased to welcome Rev. Warren Schoenecker back to lead the congregation in the coming year.

The overall atmosphere of the meeting was warm, harmonious and caring with a lot of participation by young people.

Wheeler delegates to the conference James and Myrtle Verden visited with former pastors: Carlton Thomson, Ernie McGaughey (who is going to First UMC in Snyder), Weldon Rives, and Mike Struve (taking a disability leave of absence).

The clergy and lay members came away with the task of bringing the world around us into harmony with God's Kingdom. What will our churches look like when this happens?

The overall conference budget of \$4,880,741.00 included a 1.25% decrease. In 1993 total membership fell from 74,399 to 74,057. Worship attendance fell by 182 persons per week. Sunday School attendance fell 430 persons per week; however, enrollment rose .004%. Churches reported expenditures of \$30,428,296.00—a

### Card of Thanks

We wish to take this opportunity to acknowledge all the wonderful expressions of kindness and sympathy shown to us at the death of our mother, grandmother, and great-grandmother Arizona Rodgers.

Your support of our family by providing prayer, calls, cards, food for the family at home, and especially the meal by the First Baptist Church made us realize how blessed we are to have you as friends, neighbors, and church family. The care given by the staff of Parkview Hospital was greatly appreciated as was the memorial service conducted at the First Baptist Church by Pastors Robert Helsing and M.B. Smith and the assistance provided by Wright's Funeral Home.

## New Arrival

THROUGH THE EYES OF BAYLEE BAKER  
It is a warm and cloudy day  
In 1994, on April 23rd  
My family is waiting anxiously  
For my arrival into the world

Grandparents, Aunts, Uncles, and Cousins  
So many of them are here  
Waiting for all of their answers  
How big was I? Would I have hair?

We are at Coronado Hospital in Pampa  
My mom is in room 324  
We're headed for the delivery room  
It is down on the bottom floor

It is 4:01 am, the time has come  
For me to enter into the world  
"We need a pink hat" says Dr. Hampton  
"It's a beautiful baby girl."

I'm here, I finally made it  
I'm healthy and I'm strong  
I weigh 8 pounds 1.5 ounces  
And I'm 21 inches long

That must be my Mommy  
She looks so proud of me  
I must see whose arms I'm in

This has got to be my Daddy  
They're calling me Baylee  
That must be my name  
"BAYLEE DAWN BAKER"  
I like it, Glad I came.

With Love,  
Aunt Kristi

### From the Minister's Desk:

I think that the most of us are concerned about the lack of moral fabric in the character of many teenagers. But who is responsible for this lack of moral fabric?

Perhaps the best answer to this question is found in an editorial that was printed in a recent edition of *The Pampa News*. This editorial was entitled, "Adults Need to Take the Blame" and it said:--

"A lot of adults these days are blaming youth for having bad values. That is an example of adults avoiding responsibility for their own failures."

"Where do these characters suppose that young people get their values? From rainfall? From elves whispering in their ears while they are asleep? No, all children derive their values from adults around them. If children have bad values, it is the fault of adults, not the children."

"Given the self-indulgence, lack of discipline, greed and selfishness I see in the adult population, I'd say American children are certainly learning in the normal fashion. Who produces the incessant violence on television and in the movie theatres? Who goes after TV ratings by collecting the nation's misfits, weirdos, psychoneurotics, killers and other assorted trash? Who has defined news as weird, violence, sex or conflict?"

"The answer to all those questions is adults. I don't know of any child who runs a studio, network, newspaper, book publishing firm, television show or sports franchise."

"One of the current phrases that really ticks me off is 'adults only'. There is no such thing as an adult world and children's world. There is only one world, both children and adults inhabit it. Unfortunately for the current generation of children, adults run it."

"As sorry as the current generation of adults is, they ought at least to have the minimal decency not to dump their own failures on the shoulders of children. Think of it this way. If you were a kid today,

who would you adopt as your role model? Hey, how about the great example our government sets? Profligate spending. Lying and evasions. Personal perks. Breaking the laws. Exempting themselves from the laws. Selling out their country for campaign contributions. Great example."

"Or maybe you'd like the example of business. Ruthless pursuit of profits. No concern for their employees or communities. Often big polluters, payers of bribes and kickbacks. More interested in paper deals and stock scams than in producing products. Greedy beyond imagination. Great perpetrators of deceptive labeling and advertising. World-class hypocrite."

"No, it's not the kids. It's us. They look to us for instruction and we teach them the wrong things. They look to us for encouragement and we give the nihilism. They yearn for order and discipline and we give them chaos and commend laziness. They want a future and we've mortgaged it and blown the money. They want inspiration and we demoralize them."

"Who's telling the youngsters they should be brave, honest, compassionate, industrious, disciplined, frugal, chaste, just and humble? Name one movie or TV show that presents those characteristics as virtues."

"No, it's not the kids. We adults have avoided our responsibility to provide a healthy—physically and psychologically—environment. We have shirked our responsibility to teach them morality. Having victimized children, we commit the ultimate sin—we blame the victims."

"There will be no change for the better until adults decide to assume responsibility for the effects of what they do for profit—the effects on children and on society as a whole. That goes for everyone, no matter what their work product is."

in "Here and There"; drive by and see how nice the house looks.

The tree at Parkview is a nice addition to the lawn. A living memorial can be enjoyed for a long time. I did not notice a marker. Each of the doors at Parkview have markers noting the donations toward the furnishing of the patient rooms.

Welcome Home, Jim Verden. Jim was recently hired as the Athletic Director at Wheeler High School. I am sure he is happy to be in Wheeler after his time in Houston.

We celebrated the grandson's 13th birthday Thursday evening. Yes, we had ice cream. It was chocolate night with chocolate cake with chocolate icing and rocky road ice cream—a delicious experiment.

Speaking of birthdays, today, June 23, is Courtney Kinnard's first birthday; she is the daughter of Monty and Stacie of Borger. The party is going to be Saturday. Happy Birthday, Courtney!

We took to grandkids to Oklahoma City to the other grandmother Friday evening; they were in Hinton with their parents for Father's Day and then back to Sherman for a week or two before their next visit.

Noticed in the paper where one of the ice creams entered in the competition at Childress last year were made with pinto beans. The article said the flavor was not great—maybe sort of like buttermilk ice cream. (Buttermilk pies are so good, that flavor has to have possibilities.)

Nearly a third of the United States is covered with forest.

This set of pictures shows the Wheeler Scouts of Troop 472 and their adult sponsors shooting the "Sunset Rapids" at the end of the Rio Grande Box Canyon at Taos, N.M. The troop raised the money for the trip through the sale of locally made tow ropes and other projects.

**Picture 1:** (front, l. to r.) James Masters, J. C. Brooks, Jeremy Davis, Drew Hillhouse, David Wright, Mark Gill and guide. Shortly after this picture was taken, the raft was nearly overturned, throwing James Masters, Jeremy Davis and the guide from the raft. All were pulled back into the raft and the trip was completed uneventfully.

**Picture 2:** (front, l. to r.) Bryan Judd, Ben Ed Hillhouse, Ben Britt, Colby Rowley, Alan Gill, Will Woollard and the guide. This group made the entire 27-mile trip without having anyone ejected from the raft.

**Picture 3:** Kyle Masters, Charlie Flanagan, Jed Brooks, Britton Davis, Andy Bradstreet, Josh Lee and the guide. This raft made it through the sunset rapids without mishap, but two of the occupants had lost their seat and been in the water earlier in the day.

**CATCH OF THE DAY:** Tillie Snelgrooves proudly shows her catch for the day, May 28, 1994 at Foss Lake. To the left is a 12 lb. catfish and to the right a 9 lb. catfish. Both catches were made with a rod and reel.
