WAR FUND OVER THE TOP BUT SOME HAVE NOT YET MADE CONTRIBUTION

A report from the local bank this morning shows that slightly over \$1200, north Wheeler county's goal, has been placed on deposit in interest of the National War Fund.

In addition to the list of contributors going over the top reported in last week's issue of The Times, the Kelton and Jowett communities have reported contributions totaling more than their quotas. \$107 had been turned in by the Jowett group and Kelton had raised \$176. Mobeetie reports that \$209 of their quota is raised and that their quota will be oversubscribed within a few days. Briscoe reports that several dollars have been received for the fund and that the drive will be completed when school is resumed as it is now recessed for cotton picking.

The local post of the American Legion conducted a canvas of the Saturday afternoon crowd last Saturday and expect to do the same thing next Saturday afternoon.

Dr. H. E. Nicholson, chairman of the local drive, this week complimented donors on their liberal contributions to the War Fund and urges everyone who has not already done so to make their contribution and to make it liberal since the true goal of the drive is not merely the quota, but an all-out contribution by every true American and that the goal is the 'floor' of giving, not the 'ceiling'.

The principal job of the National War Fund is to support our own men in uniform. True, the war fund also gives aid to our allies and to suffering humanity throughout the world... but its first and foremost task is in behalf of our own.

Today, tens of thousands of American fighting men... and among them are many thousands of Texans... are in enemy prisoner-of-war camps. There, they receive barely enough food to keep them alive, and practically nothing else. For all the many small things that bring comfort and hope, they look to War Prisoners Aid, the great National War Fund agency through which we at home can send help even into enemy prison camps.

War Prisoners Aid sends books, sports and athletic equipment, study courses, musical instruments and scores of other items designed to defeat the dread "barbed wire sickness." It is this "barbed wire sickness," born of boredom and loss of hope, that threatens the morale of all fighting men who have been captured by the enemy.

The war fund serves all fighting men, those in the hands of the enemy, those in training camps, and those in the thick of the fight. USO serves all sailors, soldiers and Marines everywhere, and sends USO Camp Show units to every fighting front, so that the boys may see "a little bit of home" even in France or the South Pacific.

Supplementing the list of donors in last week's issue of The Times are: Guynes Service Station, M. O. McKay, Pennington Store, Humble Oil Co., Wheeler Hospital, Bill Reno, Mr. Newkirk, Mrs. J. E. Risner, J. F. Carter, L. D. Coleman, J. D. Johnson, J. B. Calcote, J. V. Calcote, J. E. Risner, Loyd Davidson, G. Baird, Victor Barkdoll, John Barr, Maude Regan, Mrs. S. W. Shirey, Mrs. H. Flanagan, Mr. and Mrs. Jess Swink. These are only the names that have been turned into the Times editor and is not, necessarily, an entire list of those who have contributed. The Kelton news correspondent in her community news column lists contributors from that community.

Dr. Nicholson states that a portion of the money raised locally will be kept in the community to assist worthy cases that might come up, such as helping a stranded soldier or the families of those who are in service.

Postal Changes Are Effective Nov. 1st

The cost of special delivery letters and registered mail went up, effective Nov. 1, while postal money orders, insurance and COD fees, which were boosted last March, will be cut back, it has been announced by the U. S. Postal Department.

The fee for sending a special delivery letter will go from 10c to 13c, and registry fees will be increased about one-third, the department said. Money order fees, which were increased about two-thirds in March of this year, will be cut back to their previous rate.

Postal insurance fees, which were doubled in March, will drop to a range of from 3c to 25c, which is below the former range of 5c to 35c. COD fees, which were raised from a range of 12c to 15c up to 25c to 90c, will be cut back to range from 15c to 50c.

2ND LT. BETTY INEZ HUNTER, daughter of Mr. and Mrs. R. G. Hunter, left last week for Ft. Sam Houston, San Antonio. She will receive her basic training at Books hospital. 2nd Lt. Hunter graduated from St. Anthony's hospital, Amarillo, in June. Before entering nurses training, she worked in the Wheeler hospital.

McLean Tigers Meet Mustangs Here Friday

The McLean Tigers, from just across the county line, will meet the Wheeler Mustangs here tomorrow night at 8 o'clock in a conference game and the last home game of the season.

It will be remembered that the local team barely nosed out a 7-6 victory over McLean last year and that a game with that team always means a tough battle and usually one of close score.

With the exception of Hubbard of the backfield who is still suffering from an injury received two weeks ago in the Canadian game, the Mustangs will probably be back in full strength for the game.

Probable Mustang starters will include: Risner, LE; Guthrie, LT; Noah, LG; Mitchell, C; Maxwell, RG; Patterson, RT; B. Westmoreland, RE; Pendleton, LH; Crowder, RH; Reeves, FB and Farmer Q.

Probable McLean starters include: Batten, LE; Preston, LT; Stewart, LG; Dowell, C; Brooks, RG; Evans, RT; Preston, RE; Starling, QB; Carpenter, LH; Mounce, RH; and Hughes, FB.

PFC. ALVIN HEFLEY REPORTED WOUNDED

Pfc. Alvin C. Hefley was slightly wounded in action in Italy Oct. 16, according to a message received by his parents, Mr. and Mrs. J. L. Hefley, last Monday. Mr. and Mrs. Hefley reside in the Briscoe community.

BRISCOE REVIVAL MEET BEGINS NOVEMBER 5TH

Pastors Pansy Meech and Hazel Henry extend an invitation to everyone to attend a revival meeting at the Briscoe Assembly of God church beginning Sunday, Nov. 5. John M. Jacobs, evangelist of Durant, Okla., will conduct the services in which old time gospel preaching and special singing will be featured. Services will begin each evening at 8 o'clock.

61% County And State Taxes Are Collected

A large number of Wheeler county property owners have taken advantage of the larger discount rate offered for payment of taxes in October.

Tax assessor-collector Terrell Gunter in checking payments yesterday, reported that \$123,000 of the state, county and common school 1944 taxes had been paid. This is approximately 61 per cent of the taxes to be collected since total taxes this year amount to \$199,877.89. This report does not indicate that a majority of the citizens of the county have already paid their taxes since it is chiefly the large property owners, oil companies, pipe line companies and firms that have taken advantage of the 3 per cent discount offered for early payment. In November the discount rate on State and County taxes drops to 2 per cent.

PASTOR TO ATTEND ANNUAL CONFERENCE

Rev. Jno. English, local Methodist pastor, will leave Wednesday, Nov. 8, to attend the annual conference, which this year is being held at Sweetwater. The conference will continue through Sunday, Nov. 12, when pastoral appointments for the coming year will be read.

SIMPSON WILL BE RETURNED HERE ON HIT-RUN CHARGE

Military authorities at Ft. Leonard Wood, Mo., have assured District Attorney Walter Rogers that Pvt. Melvin L. Simpson, paratrooper, would be returned to Wheeler county in adequate time to stand trial on charge of hit-run driving in connection with the death of six-year-old Peggy Bohler, daughter of Mr. and Mrs. Charley Bohler of Shamrock.

The child was hit by an automobile while she was returning to school from the noon lunch hour October 11. She never regained consciousness and died in a Shamrock hospital a few days later.

Pvt. Simpson, who was arrested shortly after the child was hit by an unknown driver, denied the charges. He is now under \$1,000 bond for his appearance in the next term of court which convenes here November 13. His return was sought by the district attorney of the Thirty-first district court who, in a call to County Attorney Homer Moss this week, said that the military authorities would release Simpson to stand trial.

COUNTY'S SIXTH WAR LOAN QUOTA PLACED AT \$335,000.00

R. J. Holt, Chairman Wheeler County War Finance Committee, has been informed by State Chairman Nathan Adams that Wheeler County's quota for the Sixth War Loan is \$335,000 over all, \$155,000 of which is Series E bonds.

The Sixth War Loan Drive starts on November 20th and closes on December 16th, with subscriptions for all savings bonds and savings notes processed by the Federal Reserve Bank between November 1 and December 31 counting in the official sales figures.

The quota for the state in the new drive is \$414 million, of which \$105 million has been assigned for sales of Series E bonds. The primary objective of the Sixth War Loan, like the past several drives, will be to reach as many small investors as possible.

In speaking of the drive Adams states, "The war news is not nearly so optimistic as it was thirty days ago. Germany could last all winter—Japan several more years. Our job is to finance these military operations with sound legitimate sales to investors that will stay sold."

Wheeler county's over all quota in the Fifth War Loan was \$360,000 with \$170,000 of the E Series. Total sales in the county amounted to \$398,521.25 with \$186,568.75 in E Series bonds being sold.

Sgt. Garry Newsom In Longest Raid

Headquarters, 13th AAF, Southwest Pacific — Staff Sergeant Garry V. Newsom of Allison, was one of the gunners in the formation of 15th AAF's "Long Rangers" who struck at the vital aviation gas production center at Balikpapan in eastern Borneo.

In the first daylight strike against that target, "Long Rangers" Liberators carried on their history of making the longest range flights against new Jap targets. Recorded as the longest flight ever made by Liberators in formation, this crack outfit struck at Pandansari Refinery, containing the greater portion of the Japanese aviation fuel production facilities in that area, and at the paraffin base nearby. The formations knocked out the important power plant, a fractionating tower, started a huge fire with smoke rising to 6,000 feet, and in addition to numerous smaller fires, planted two direct hits on a 1,000 ton cargo ship at a nearby pier.

From 25 to 30 Zeros attacked the Liberators in eager passes that went straight through the formation. Anti-aircraft fire was the worst many of the veteran crews had seen since the early days of Munda, in the Northern Solomons, from where the "Long Rangers" made their first history in the Pacific warfare.

Sergeant Newsom is the son of Mr. and Mrs. W. T. Newsom of Allison. His wife is the former Eva Eagan of Arcadia, Florida.

FIRE DOES SLIGHT DAMAGE WEDNESDAY

The small one-room building located at the rear of Clay Food Store became ignited during the noon hour yesterday but the blaze was quickly extinguished by the prompt action of the fire department.

The building is used for storage by the Ernest Lee Hardware and contained approximately \$100 worth of tin cans. Considerable damage resulted to the stock of merchandise.

PVT. B. F. McDONALD SLIGHTLY WOUNDED

Mrs. B. F. McDonald, Jr., of Gageby has received a telegram from the War Department stating that her husband, Pvt. Benjamin F. McDonald, Jr., was slightly wounded in action somewhere in Germany on Oct. 6. He has written her that he will soon be out of the hospital. Pvt. McDonald is now stationed somewhere in France. Mrs. McDonald and children live at Gageby. B. F. is the son of Mr. and Mrs. Frank McDonald, also of Gageby. He left the states about the middle of September.

Instructions Given On How To Sell Cotton Outright To C. C. C.

V. B. Hardcastle, administrative officer Wheeler county ACA, gives the following steps producers take in selling cotton outright to the Commodity Credit Corporation:

1. Cotton delivered to warehouse or compress by producer. 2. Samples drawn and forwarded to Board of Cotton Examiners by bonded warehouseman. 3. Purchase form (1944 Cotton Producer's Sales Agreement) filled out by warehouseman, through first eight columns of table in Section I. 4. Producer pays any warehouse charges. 5. Producer takes purchase form along with warehouse receipt to purchasing agency within 10 days. (Any bank that has signed CCC Purchasing Agreement, Form UD, may serve as a purchasing agency.) 6. Purchasing agency fills in last two columns of table in Section I and assists producer in completing remainder of form. 7. Purchasing agency issues check to producer. 8. Corporation will pay purchase agents a fee of 50 cents per bale for service in handling the purchase and to cover interest on funds advanced to producers.

Example on cotton sold and placed in loan in Wheeler County:

1. Purchase program: 500 pound gross weight bale of 15 1/2 middling white cotton produced in Wheeler county and offered to purchasing agency, 500 x \$0.2173 — \$108.65. Purchased on gross weight. Title passes to purchaser.
2. Loan Program: The 500 pound bale of cotton, Wheeler county, 480 x \$0.2173 — \$104.30. Under Loan Program net weight, is basis. Producer retains title to cotton.

Prominent Mobeetie Resident Passes Away

Between eight and nine hundred persons gathered at the Mobeetie Methodist church at 3 o'clock Friday afternoon to pay tribute to their friend and neighbor, Bud Scribner, 54, who passed away at noon Thursday following several weeks serious illness.

William Albert Scribner, better known as "Bud," came to Mobeetie with his parents in 1907 and through the many years of residence there had won the friendship and respect of all who knew him. Prominent in school affairs and a member of the Methodist Board of Stewards, the man that knew him admired his quiet and unassuming manner. He spoke little but his words meant much and carried the weight of an honest man who knew of what he was talking.

Born January 25, 1890 at Evening Shade, Ark., the deceased when 7 years of age moved to Terrill, Okla., and was 17 when he came to Wheeler county. He was married to La Verne Sims January 1, 1914. The wife and three children survive. The children include Albert, Irvine and Bud Carroll. One daughter preceded her father in death. Two grand children; four sisters, Mrs. R. H. Crump, Pampa; Mrs. Fannie Bartram, Mobeetie, Mrs. Harley Gunter, Conway and Mrs. Cora McGregor, Amarillo; and two brothers, Arch and Buck of Mobeetie, also survive.

Mr. Scribner had been a member of the Mobeetie Methodist church since 1927.

Rev. J. N. Tinkle, Mobeetie Methodist pastor, was in charge of the funeral services and read the obituary and scripture while Rev. U. S. Sherrill, Dimmitt offered words of comfort to the relatives and many friends who had gathered to pay their last respect. Rev. W. B. Gilliam of Dodson and Rev. B. L. Higdon of Mobeetie also assisted with the last rites.

Pall bearers include: Tom Lamon, Ike Heare, Gene Prather, Henry Gordon, Clarence Dyson, and Henry Flanagan. Flower bearers were: Mesdames Si Marchbanks, G. L. Key, Arlie Jeffus, J. N. Tinkle, Oad Gatlin, Leonard Green, Miss Janie Sue Ward and Miss Virginia Watt.

Interment was in the Mobeetie cemetery under the direction of the Hunt Funeral Home of Wheeler.

NEWS OF OUR MEN AND WOMEN IN UNIFORM

Brothers

SSGT. W. C. JOHNSON, who in civilian life was director of the West Texas Ramblers, has been seen in numerous places around Wheeler county and says he is hoping to be seen again around the county some day. W. C. finished high school at Mobeetie in 1939, entered the army in April 1941 and while stationed at San Angelo was married to Miss Edna Jewel Martinets. He is stationed in England and has been overseas for about six months.

SSGT. EDWARD JOHNSON, who finished high school in Mobeetie in 1940 and entered the army in July of that same year, was on the football and basketball teams while attending school. Edward was assigned to the Medical Corps at Ft. Bliss for a period of two years and later transferred to the Air Corps at San Angelo. He has been overseas for about six months and is now in France.

The two young men are the sons of Mr. and Mrs. Wes Johnson of Mobeetie and brothers of Mrs. Vernon Hooker, also of Mobeetie. They have a brother, Leroy, who is in the Navy and member of a battleship crew.

RECOGNIZED GI GAGETEER

Technical Sergeant David C. Hammer of Wheeler, who is now somewhere in Italy, is now recognized as one of the more prominent "GI Gageteers," since he and his buddy, Staff Sergeant Milus H. McClung of Davidson, Texas, have solved the problem of transporting propellers.

Airplane propellers, although they fly through the air with the greatest ease when they are attached to an engine, must be hauled around by hand or on carts when they are on the ground. Technical Sergeant Hammer and Staff Sergeant McClung solved the problem on their base by utilizing odds and ends of lumber and channel iron to build a stand mounted on small wheels which will hold four complete propellers. Handy? Ask the prop repairmen; they know.

First Lt. Fred S. Farmer, who has completed his fifty missions over enemy territory with the Fifteenth Air Force stationed in Italy, arrived Monday for a visit with his parents, Mr. and Mrs. E. E. Farmer, and other relatives. He will report to Miami Beach, Florida upon his return November 21.

ATTEND AVIATION MEET

H. M. Wiley, Wheeler Lions Club president, and R. H. Forrester, Wheeler mayor, returned Friday from Amarillo where they attended an aviation conference in which airport planners and civic leaders interested in the development of aviation in smaller towns through Texas, Colorado, Kansas, New Mexico and Oklahoma heard aviation experts explain practical problems to be met and outline the vast potential development that lies ahead in aviation.

HEAVY BALLOTING IS EXPECTED IN NOV. 7 ELECTION

Comparatively heavy balloting is expected in the general election next Tuesday when it will be determined whether or not the present chief executive will be named for another four years of office or the reins turned over to some one else.

Controversial issues are reaching a new high and arguments, from the side walk type to main radio addresses, continue to grow more heated between the major parties.

Yesterday, county clerk Harry Wofford reported that his office had received 235 requests for absentee balloting which closes Friday.

Amendments Up For Vote

Two little-known proposals will go before the voters of Texas at the General Election on Nov. 7, when citizens will be asked to accept or reject two constitutional amendments submitted by the legislature.

One of these amendments would empower the commissioners court of each county (subject to property taxpayers' approval by vote) to reallocate county tax levies, which are now rigidly governed by a section of the state constitution which provides that 25c on the \$100 valuation goes to the general fund, 15c for roads and bridges, 15c to the jury fund and 25c for permanent improvements. The amendment makes no change in present rulings as to the total maximum rate of 80c on the hundred dollar valuation, but would permit counties to change the distribution of the tax dollar so as to provide more funds for certain purposes.

The other amendment would empower municipalities and, presumably, other political subdivisions to establish an insurance and retirement fund for their employees. The amendment does not provide for the establishment of any civil service system in these municipalities.

Election judges appointed by the county commissioners court for the various precincts of the county are as follows:

Mobeetie, Leonard Green; Briscoe, T. A. Treadwell; Wheeler, R. H. Forrester; Allison, W. S. Farmer; Stanley, Ben Trout; Mabee, Gordon Stiles; Porter, J. A. Welch; Gracey, L. L. McCombs; Heald, F. J. Bailey; Lela, Robert Terry; Center, J. W. Henderson; Shamrock 12, H. P. Mundy and Jess Small; Benonine, J. E. Mitchell; Ramsdell, A. L. Morgan; Locust Grove, Elmo Riley; Kelton, L. W. Davidson; Twitty, W. A. Jolly; Magic City, Hubert Bentley; Bethel, T. L. Daniel; Pakan, Paul Macina and Shamrock 21, Henry Holmes and H. R. Anderson.

Voting in the two Wheeler boxes, Stanley and Wheeler, will be at the customary locations, the commissioners court room of the court house and the American Legion hut.

Polls open at 8:00 a. m. and close at 7:00 p. m.

The County Clerk's office will remain open until 10:00 o'clock on the evening of the election and precinct judges are asked to notify the office of results, especially in the case of electors for president.

COTTON GINNING REPORT

Barney Burgess, manager of the local gin, stated this morning that 340 bales of cotton had been ginned here this season and that cotton is coming to the gin now at the rate of from 20 to 30 bales a day.

According to a card received from J. D. Walker, special agent Department of Commerce Bureau of the Census, 844 bales of cotton were ginned in Wheeler county from the crop of 1944 prior to Oct. 18, as compared with 2,625 bales for the crop of 1943.

Child Delinquency

Much is said on the subject of delinquency, proposals made and remedies tried. The wave of juvenile crime has continued to sweep the country since war started and hoodlumism has hit hard the cities. No matter the size of town, delinquency is an issue that affects the public welfare. Better parenthood has been one of the solutions to the problem. This is something that can be done right here at home, correcting child delinquency through understanding and sympathy. Behind each child is a parent, as a rule one parent is alive, who can affect a cure, due to each young one being born with a sense of good and bad.

Elders might cope better with this problem by not allowing children to keep all kinds of night hours, avoid proper education, frequent night spots that are questionable, to relax supervision because "children will be children" and an easier way out of doing our parental duty. Many refuse to curb a child's pleasure since you are only young once! The remedy for ill attacking the nation's youth is the bettering of home conditions, of not being neglected in overlooking the spiritual education of the child, considering his companions, noticing his pursuits in relaxation. See if his desires are normal, healthy, happy ones, that he is groping for the right. The effort to make of ourselves better parents will result in better children.

How About You?

The country editor finds the part of his paper which directly appeals to most readers in that section he reserves for news from servicemen and women. The activities in camps at home, letters from overseas, attract the notice and interest of Wheeler county readers. Soldier news is practically sacred news, here and everywhere. The large daily papers have columns of soldier news, for even when one might not be known to individuals, the matter is still attractive in action and human interest. Your editor tries to keep up with the local boys in service, through personal letters and consideration of the boys parents and friends, who give items. We appreciate this concern and since our subscribers find these contributions good reading, they too testify to the thoughtfulness.

Facts and Fancy

The sponsoring of settlements for returning soldiers and sailors to produce farmers for after the war, is appearing prominently in print. Inasmuch as there is widespread interest among the boys in the field of agriculture, it might help solve some of the readjustment problems, but even this wholesale farming isn't entirely satisfactory. Because one has a desire to farm or wants the land as a way out of unemployment, doesn't mean a farmer. To come from cities into rural areas and qualify for agriculture is not as simple as it sounds. Some are suited in temperament for farmers, others would never make a success, if they stuck to it all their lives. This should be kept in mind in any discussion of moving veterans into cultivation. Training and experience count for much. Advise them that farming is bed rock husbandry.

Mr. and Mrs. Buford Reynolds and baby and Henry J. McDonald of Shamrock were Sunday dinner guests of Mr. and Mrs. Bronson Green and Jimmie.

Pertinent Paragraphs from Panhandle Press

Items of interest culled from news papers on the Times' exchange list.

Our political candidates in these closing days of the campaign are inclined to get rather rough. Both Dewey and Roosevelt have belabored each other, in their speeches, with a vigor and frankness seldom heard at such high political levels. In presidential contests of past years there has generally been an effort on both sides to preserve dignity and propriety. And our people in general, while not averse to a healthy dog fight, still have a sense of shame when the fellows at the top start calling names and kicking each other around.

The average American, for the rest of the campaign, would prefer to hear from the contestants logic instead of wrath, and issues instead of personalities. —Amarillo Times

National politics seem to be getting hotter every day. Will be glad when Nov. 7 is past and one won't tune in on a political every time the radio is turned on. Looks as though Dewey might be gaining on Roosevelt but the president is still in the lead. Judging from the campaign promises and past performances of both parties, the Democrats look the best on international questions while the Republicans give promise of being better on domestic issues. We were born and reared in the Democratic party, both grandfathers were Confederate soldiers, but we're up in the air this year. We know for certain that we are not going to support Dewey. We sure do not want to vote for the New Deal party and throw in with Sidney Hillman and his C.I.O. and Communistic gang, who with the political bosses of the big cities and the negro leaders, have taken over the party formerly known as the Democratic Party, the white man's party. It sorter looks like the only thing left for real Texas democrats is to support the Texas Regulars, but if we do, we're sure going to have to hold our nose for we now have "Pappy" O'Daniel ranging up and down Texas exhorting the people to vote Texas Regular and against Roosevelt. It sure is a mess insofar as we're concerned. —Ochiltree County Herald

Any Democrat can vote as he pleases for presidential electors in November and not lose any part of his standing as a party member. The pledge has no reference to presidential electors, and many Democrats vote as they please in this matter. Even Mr. Roosevelt and the late lamented Mr. Willkie voted for the man on the other side when conditions justified. —McLean News

Hitler will be killed as a war criminal if some of the Germans do not take this little act of world-kindness into their own hands. He has transported 10 million able bodied conquered men into Germany to work in his war plants. These men are slaves and two million of them will be useless to their homelands when the war is over because of mal-treatment. Hitler has turned his soldiers loose to propagate more German babies. He is looking to the future by taking care of these babies in state camps, where they are being well cared for and indoctrinated with Nazi ideals. I was in a hotel the other day in Houston — an old-fashioned hotel. Why, that hotel was so old-fashioned you could actually read a newspaper by the lights in the lobby.

A sign in Sherman: "Shoes shined, 15 cents; muddy, 5 cents extra." Fair enough.

No greater service could be rendered by the bar of Texas than to do something to speed up justice in this State.

With no intention of criticizing any individual but with every intention of criticizing the slow and cumbersome court system in Texas, consider the loan shark case, which was filed on August 10, 1943 in district court.

On August 25, 1944, the district judge overruled a motion for a new trial. In other words, it took one year and 15 days just to get the case through district court.

The Court of Civil Appeals is yet ahead; so, no doubt, is the State Supreme Court. It is even possible that an effort will be made to carry the case to the Supreme Court of the United States.

One year has already dragged by and, at that rate, two or three more years may pass before the case is decided. Meanwhile, loan sharks are free to gouge their victims — including soldiers, sailors and war plant workers — to the tune of 200, 300 or even 500 per cent interest.

Graham is a town that still has much of the atmosphere of the old West. The Texas and Southwestern Cattle Raisers Association was organized there in 1877 under a tree that was just back of a saloon—a coincidence, no doubt.

The saloon of course has long since gone but the tree is still standing, in the yard of the Dolman House.

The story of salt in the early days, the famous hot water well, oil, cattle, old-time shootings—maybe somebody ought to write a novel about Graham.

other war torn nations has dropped to a very low point. When the war is over these nations will be weak in manpower, and with no great numbers growing to face the millions of children which Hitler has been able to raise in spite of the war. The only way to keep peace in Europe for the next 50 years will be for an adequate police force to be furnished from the United Nations to see to it that the Nazi ideals, which are being sown among the children of today in spite of the certainty of defeat, shall not break out in the future. —Canyon News

Bermuda Mystery

Preston Foster and Ann Rutherford furnish the excitement Friday-Saturday, November 3-4, at the Rogue Theatre in Bermuda Mystery. This picture promises something different to the usual week-end attraction, because in it you will find action, thrills, mystery, comedy and romance. There is never a dull moment and it will keep you guessing from the very beginning to the final curtain.

And The Angels Sing

Dorothy Lamour, Fred MacMurray and Betty Hutton are coming to the Rogue for Prevue - Sunday - Monday, November 4-5-6, in their newest picture, And The Angels Sing. Any one of these three stars would insure a good picture, but with them all in the same picture you will readily understand why the Angels Sing. You, too, will sing with unconfining joy when you see the picture. It is not war. It is not melodrama, but rather just good old plain American fun. Just the kind of picture that preview audiences will eat up. Be there.

Once Upon A Time

Cary Grant and Janet Blair bring you another fast rolling comedy in Once Upon A Time. It is not about anything in particular; it goes nowhere at all, but you can be assured that you will have a whimsical, chucklesome time if you see Once Upon A Time at the Rogue Wednesday - Thursday, November 8-9. It is built for the sole purpose of making you forget this too sober world and relax for a short time.

available for rationing in November is set at 3,000 by the Office of Price Administration, or the same number as in the past two months. In addition a regional and national reserve of 600 cars has been authorized. The stockpile of new cars available for rationing is now under 20,000 — less than a normal pre-war two-day supply.

Summer Worker Loss Hits War Work

The return of students and teachers to their classrooms, plus women who have gone back to being housewives and workers who have quit war-time jobs to go into post-war jobs with the notion the war is about over has resulted in a seasonal loss to war plants of over one million workers, according to September figures of the War Manpower Commission. Despite concern over this loss in workers, Government officials agree that the return of students to schools is in the best interests of our Democracy.

More Children's Apparel On Way

America's consumers from six months to 16 years — not to mention their mothers will be cheered by the fact that the War Production Board has taken further steps toward allocating materials in its third infants' and children's apparel program calling for production and distribution of roughly 30,000,000 units from December 1 through next February 28. WPB has given priority assistance to producers to obtain cotton and flannel fabrics. Outerwear, pajamas and underwear are included in the current children's apparel program. Low cost goods of durable quality is stressed. The increased quantities of apparel are expected to be available to retail stores during the first quarter of 1945. The first program, announced December 24, 1943, called for 24,852,000 garments and the second, on May 10, 1944, scheduled output of 24,781,000 units.

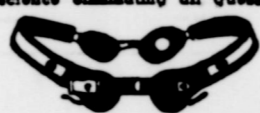

Clothing Controls To Protect Public

leather and cotton textile industries be maintained after the fall of Germany to guard against possible disruptive shortages in those fields. J. A. Krug, WPB Chairman, said. He cited considerable depletions of inventories of these commodities as a factor. "These basic commodities are in tight supply and will be protected through continuance of WPB directive powers and allocation controls after controls in most other fields have been abolished," said Chairman Krug. "However, even in these industries the controls will be removed as soon as production is seen to be meeting minimum essential civilian requirements." On the basis of current figures it would take some time after the end of the war in Europe to replace existing shortages and return to a minimum working supply level.

Soldiers Better Educated Now

American soldiers in this war are better educated than those who fought in the last war, studies by the United States Office of Education, Federal Security Agency and the War Department indicate. Medium level of education of soldiers in this war is the second year of high school, whereas that level was only the sixth grade grammar school in the last war. In this war 23.3 per cent of our fighters had completed four years of high school in contrast with only 3.5 per cent of the soldiers in the previous war. The two largest groups in both wars included those who had completed no more than five to eight years of grade school, with a percentage of 27.4 in this war as against 55.5 per cent in the last war.

5-Year Rural Electrification Proposed

A five-year rural electrification program that would create a \$5,546,283,000 outlet for goods and services and provide electric service to 3,655,000 rural homes was declared possible in a preliminary report submitted by the Rural Electrification Administration Post-War Committee to the United States Department of Agriculture.

Farmers Aiding Veterans On Farming

Some 11,000 practical farmers in two-thirds of the nation's counties, in cooperation with the United States Department of Agriculture Extension Service, are checking land values and other agricultural facts in preparation for service as personal advisers to returning veterans interested in farming. Veterans Agricultural Advisory Committees have been organized in 2,162 counties of 43 states. There are a total of 3,070 counties in the nation.

December 1 Last Date To Get Canning Sugar

Sugar for home canning will continue to be issued eligible applicants in the 71 counties of the Lubbock OPA District until December 1, Food Rationing Officer Opal L. Wood has announced in replay to many inquiries.

"The second period for issuance of home canning sugar was designated to run through November because of

late fall fruits in many parts of this District." The original plan is to be continued to provide sugar for canning late fall fruits, she pointed out.

Many local boards have reported an influx of applications for home canning sugar following a recent report that October 31 was the application deadline in some Districts in Texas.

Miss Isabelle Huselby and Mrs. Will Ellis of Mobeetie were business callers in Wheeler Tuesday.

Insurance

Every four minutes of the night and day, one American home goes up in smoke! And, every two minutes, fire destroys or damages some place of business or other non-dwelling property! Are YOU adequately protected if fire sweeps your home, your furnishings, your business property? Is your insurance coverage sufficient to meet the loss? Is ALL your property included? Have you examined your insurance policies to make sure that you have the protection you think you have?

The Times War Time Reporter Says

Folks I'll tell you:

My Grandpa was a man that rested so much that every day he had worked in his life stood out like a mole on an old maids face. I heard a fellow say to him one day, "Grandpa, do you remember the day the big blizzard struck in '89 and icicles formed on the ground a pointing up, and the sharp points put the cattle's eyes out when they tried to eat grass." And Grandpa says, "Yes I do. I worked that day and when I come home it started snowing and there was a knot hole in the north wall of the cabin and hit come in so fast thru that knot hole that me and Grandma couldn't keep it shoveled out the back door."

My Grandma was a woman that liked to make friends so she could worry over their troubles. I want you to know she was a regular trouble shooter. I asked her one time, "Grandma, what on earth are you a goin' to worry about today." And she said, "I was just a thinking, supposing my daughter let her little daughter get close to the hot stove when she was a frying side meat, and hot grease would pop in her face and put her poor little eyes out." And today in honor of Grandma, I want to dedicate my little poem to her.

I'll never forget when I was a kid And it always gave me a pain. The trips that Grandmother took. When she rode on a railroad train.

No matter to her, if for only ten miles. She carried great gobs of grub. And what couldn't go in a telescope grip Was packed in a shiny new tub.

She met all the folks that rode in the train And knew them each—Tom, Dick or Pete. Then she spread out her lunch and passed it around

All friends of hers must eat.

NEWS OF OUR MEN AND WOMEN IN UNIFORM

Mr. and Mrs. C. P. Carriker of Sayer have received a letter from their son, Sgt. Jim Carriker, who has been a German prisoner of war since last February. He writes that he is well, sends greetings to all and asks for more letters.

Mr. and Mrs. Floyd Atherton have received the following letter from their son, Pfc. Darville E. Atherton, who is in the Southwest Pacific.

October 9
Dear Mother and Dad,
How is everyone today? I am just fine. I guess you thought I'd never write but I've been in action and haven't had a chance. I am in the hospital now but there isn't anything to worry about. Just got knocked out by concussion—a shell exploded too close to me. I have a headache once in a while. I expect to report back for duty soon.

I got to come back by air—at least part of the way. We ran out of gas and crashed; they had to come get us in a boat. I guess we were pretty lucky—as we were over an island. We didn't know anything about it until five minutes before we crashed. They came back and told us to fasten our safety belts. I guess that was the most scared I've ever been. The motors stopped and you could feel the plane coming down. Then it began to hit the tree tops and it wasn't long until we were on the ground. It was just a small island—no one except natives there. They were friendly—in fact too friendly. You had to shake hands with all of them. Every time you started to do something, they had to help. Of course they couldn't speak English so we had quite a time trying to talk to them. Of course our first question was about Japs on the island. We had quite a time explaining to the natives and felt lots better when we learned there were no Japs on the island.

We traded cigarettes for some souvenirs. I guess I will close for today. Hope you are all well. Now there is nothing to worry about. I am just fine. Love, Darville

S/Sgt. J. T. "Scotty" Risner, who is in India, writes his parents the following letter.

October 14
Dearest Mom, Pop and Henry:
Howdy. How's everything at home? I am fine. Washington announced that our planes pulled another raid today. I didn't make it.

Got the cake you sent. Boy-o-boy! It sure was good. All of the boys said you could send another anytime you wanted to. I had to hide a piece to save some for tomorrow. I've only had the cake about two and one half hours. The can you mailed it in kept it from being mashed. It arrived in very good shape. Also got a Wheeler paper today but no mail. The paper was the Sept. 7 issue. It had a letter from Albert and Harry in it. I wish you'd send me their addresses. Guess I had better close. Love to all, Scotty.

P. S.—Watch Life and all other picture magazines closely.

Mr. and Mrs. C. J. Meek, Mrs. Elizabeth Wren, Mrs. Wendell Meek and daughters spent Sunday with Mr. and Mrs. J. T. Dearen in Amarillo.

Mrs. Olin Pendleton and sons were Shamrock visitors Saturday night. Sunday guests of Charlene Bradshaw were Jo Rean Moore, Billie Jean Pendleton, Coene Carter, Jo Evelyn and Winnie Reid.

Did you ever stop to think that the druggist has a real, vital interest in the home community? The druggist is always there when he and his services are needed. Many of them are excellent and practical advisers in emergencies—all of them are obliging, efficient merchants.

Give a thought occasionally to the druggist and his relation to the community. He makes a specialty of stocking those things needed when other stores are closed. He prices them modestly, for the simple reason that he wants trade—not for today, but year after year.

Beginning, Monday, when we receive cigarettes once each week, they will all be displayed and sold.

DON'T DOUBLE DECK JARS

Don't double-deck glass jars of home canned food in your pantry—even though that procedure is O. K. for tin cans. This warning comes from Mrs. Winifred J. Leverenz, specialist in food preservation for the A. and M. College Extension Service. Aside from the danger of a jar toppling off and breaking, there is the greater danger that seals may be broken, authorities say.

Mrs. Leverenz explains that the best procedure is to have shelves the right height for different size jars. Usually two inches for ventilation and handling is sufficient to allow beyond the height of the can. For complete directions on proper storing of home canned food, get a copy of the new bulletin, "Pantry Suggestions." It's available from your county home demonstration agent. Remember the name, "Pantry Suggestions."

IT WAS HIS BIRTHDAY SO WHY NOT A FREE DINNER?

R. A. Kelley of Quanah, representative of Blair products, is thoroughly convinced that western hospitality still flourishes—that is, it still flourishes in Wheeler. While striking up a conversation with Marl Jaco, local cafe owner, here a few days ago, Jaco learned that it was Kelley's birthday and that he was 71 years of age and told the traveling man that the dinner was "on the house." And now Kelley, who looks more as if he were celebrating his fiftieth birthday instead of his seventy-first, is quite convinced that the good old days are not gone forever—that is for those who have Wheeler for their home town.

LOUISE TILLMAN LISTED ON HONOR ROLL

Louise Tillman, 1944 graduate of Wheeler high school and the daughter of Mr. and Mrs. E. Tillman, Wheeler, had her name placed on the honor roll for the first six weeks at Abilene Christian College, Abilene, as a result of her making a grade of "Superior" in two subjects. Louise is a freshman in Abilene Christian College and is majoring in mathematics.

Cecil Denson and son, Robert, and Mrs. Linda Clay were business callers in Pampa Wednesday.

At Camp Fannin

Pvt. Charles Ray Riley, Camp Fannin, son of Mr. and Mrs. Newman Riley, writes his parents everyday. He graduated from the local high school last spring and has been in training since July. Mr. and Mrs. Riley received the following letter

from their son October 9.

Dear Folks: I have just finished eating some of the best cookies I ever ate. They were really good — just the kind I like. They way I like to get them too.

I have just signed out for Tyler—thought I'd write you while waiting for a bus. I'm also going tomorrow if nothing happens. I weighed last night—193 pounds. I have gained some since I've started eating. Getting to where I can hardly stand the mess hall.

We fired all day today. We shot our rifles with grenades on them. Speaking of kicking, I saw those rifles kick a bunch of boys right back on their backs (from a kneeling position.) My shoulder is rather sore. I held my chin out of the way today. If I had not, I would have gotten the darn thing kicked off.

A man was killed yesterday while shooting them. He didn't listen to instructions. He pulled the pin on the grenade and, got scared and didn't shoot and it exploded.

You should see the loafing around here. I have never seen the like! There's no use trying to get out of work—because they're given more. We had a parade this evening. I'm

MRS. FLOYD ATHERTON'S CONDITION IS IMPROVED

The condition of Mrs. Floyd Atherton, who was seriously injured in a car-train collision Oct. 21, is reported by hospital attendants to be improved and that she is able to sit up in bed for short periods now.

CARD OF THANKS

We wish to thank each and every one for their words of kindness and sympathy during the death of our husband and father and loved one. We also want to thank those responsible for the beautiful floral offering. May God bless each of you.

Mrs. C. A. Patterson and sons Sanders and Patterson families

going to a football game Monday night at Tyler. A. and M. and the 11th Reg. from our camp will play. I'm thinking of checking in my suit. I decided the other night if I were to hurt my ankle and have to go back and start another cycle I wouldn't get to be at home Christmas. It takes up too much of my time—I could be having a good time on.

I will probably write tomorrow if I get back from town in time. Bye! Thanks for those good cookies. Tell Gene hello. Love, your son.
