CWE CHAT WITH EDITOR
By Louis C. Stas

Tonight, the Wheeler Mustang fans get their first glimpse of the Mustangs in action. The annual "Meet the Mustangs" will kick-off with a scrimmage against West Texas High School at Nicholson Field.

Then, the fans get to do what many of us do so well—eat. Hamburgers with all the trimmings will be served with donations going into the Mustang Booster's till.

It is time once again to start on getting the names for the Football page. The first game of the season this year will be Homecoming.

There have been some changes at the Times. Tonya Finsterwald has decided to get some more education; last Thursday was her last day. She will be sharing-the-ride with some other WTA&M students.

I guess that means you will be seeing more of Barbara down here, trying to keep me in line. So many changes in our lives here all at once: facing the empty-nest syndrome and working together. To quote one of our correspondents—"W.O.W."

And, since we will probably need a referee or referees, Kelly McNeil will join the staff each day after school. Angela Bradstreet will also be here on a parttime basis.

You will notice in Ab's column that he was impressed with the fact that he made the front page a couple of weeks or so ago. Just worked out that way, Ab.

You will also notice that 'Here and There' is back. Mrs. Guthrie has the cast off her wrist and is again able to write. On one word I thought I just couldn't read her writing, but it went past the spell check—need to look that one up.

Noticed the first signs of fall Sunday morning. There were fall leaves on the driveway. We are supposed to have a very early fall if I understand the "first norther" theory.

Mrs. Flowers comments that her new year's prediction on the rainfall was correct—predicting the drought we are now in. When will we have the first frost this year, Mrs. Flowers. 60 days after the first norther after the first of July would make it the first part of September. I need to put these things in my memory storage.

Speaking of the 'empty nest', Barbara, Jennifer and Liz took Ronal and Jessica to meet Grandma Teresa; Juanita then came after them. You are missed, kids.

Jennifer and Liz are getting closer to their move to Weatherford. All we have to do now is get all of that 'stuff' transported.

No, it will not really be an empty nest; we still have Mother Stas.

Sweetwater News

By Lois Flowers

Hot and Dry. My January 1st onion forecast said no rain till September. That isn't too long off. Between heat, drouth, grasshoppers, crickets, and blister bugs, it looks like the garden is a lost cause. Something is shelling my peas and leaving the pods on the vines.

Billy and Gail Sutton are back from a trip to Huntsville, Alabama, to see their kids, Dwana and Darrell Davis. While there they all toured some ten Civil War sites and spent two days in Washington, D.C. sightseeing. Visited the Amish country. Glad to get home.

Patti Watts and children, Lisa, Lori and Matt, Susi and Rick Borges, Bree Ann and Greg, Tulare, CA have been back to see their grandma Bertha Dillingham and Aunt Carolyn Barham. Mary Barham (Mrs. Jeff) also Tulare, visited Carolyn and her dad, Glen Lancaster, who is a resident at Grand.

Other guests of Carolyn were her kids, Dan and Connie, Dusty, Cody and Jaci of Stephenville, Tx., Linda and Jerry Nabors, Rusty and Randy who also visited Wilbur and Theresa Nabors.

Amber, Heather, and Lindsey Anderson, (Johns) Laura and Michael, Sayre, (Larry's) Jamie and Shannon, (Pats) spent Monday night with their grandparents, Herssel and Betty. A cousin's reunion.

Helen Smith looked after the pets while Jo and Jack Brown went on a wonderful vacation thru the Northwest USA.

Karen Sue Gracey was on the Dena's summer Honor Roll at SWOSU Weatherford. Lillie Mitchell was Student of the Month at Burns Flat Vo-Tech where she enrolled in practical nursing.

Quate a todo over the abortionist getting killed. I don't hold with killing folks, born or unborn. Women do have a choice but it is whether or not to unzip, not whether or not to kill their babies. There was a cartoon in the Elk paper, St. Peter was looking down on a tiny figure. "You say, fetus. That a

doctor aborted you, a man killed the doctor. Now the man is pleading insanity to keep from being killed. What is going on down there?" The fetus says "I don't know. I wasn't there long enough to find out."

Gene and Wanda Kuykendall, San Antonio, were out to see his mother, Blanche at Erick. They all came out

here for church Sunday. Melton Gage, Elk, was guest speaker. Ed, Jeanie and Nick went to Greenville, TX, to attend the wedding of son Clark and Libby Renfro.

Harold Dean Whipkey came out and took Katie and Birdie back to Cleo Springs to the wedding of Ronnie and Tammy Whipkey. They had lunch in

Weatherford and toured the college complex. Birdie said it was sure different than it was when she went.

Birdie tells me she had a chaparral (road runner) drinking at their bird fountain. We had a wren and I think an orchard oriole. Haven't seen the blue birds lately.

Weren't the Goodwill games good? It is beyond comprehension how those gymnasts do all those things. We used to think we were very active if we could turn a somersault. We called them summersets. Our Shannon Miller did herself proud. Last time, I heard she won 2 gold medals and 2 silver.

Been a lot about Erick lately. Sheb Wooley Day coming up. Joe knew Sheb but I didn't. However, Skeet, his brother, came out stayed with his aunt, Mrs. Cox, I believe. Some 60 years ago. He, his Cox cousins, Frank and I picked cotton all fall for Horace Snider. Had a lot of fun and worked like slaves.

Then they are officially naming a strip of I-40 the Roger Miller Memorial Highway. One thing about it, Roger never forgot where he came from.

Love's is putting a 17 foot tall cowboy statue in front of the new Cowboy's Restaurant. There is the new Day Motel. And a dude ranch down in the Breaks.

They are boosting the Little Rascals now. I well remember how proud we all were because Darla Hood was the pretty little girl in the show. Think W. O. Hood was her uncle. Anyway, we all claimed her.

Dennis and Dena Henson and their four boys have been by to visit his parents, O. K. and Elma Henson and brother, Greg, and family. They had been to Colorado on vacation. Went fishing in the Mong lake and caught quite a few. Elma's daughter, Debby Barnes, Jonathan, Will, Lauren and Kaitlyn of Tulia visited them too.

Joe was sort of puny this week. We and the Kitchen Band didn't get out this Tuesday. Missed the Grand folks.

Pat and Debby Anderson, Jamie and Shannon had lunch with Helen and H. E. Smith. In the afternoon they all went to see Alta Nabors at the Hensley home.

Margaret Hiller spent several days at Amaillo with her son, Roy, and family. Roy is doing well and back on the job.

Curly and Ester Burris of Hammon, Juanita Coffey, Erick, Royce Coffey, Woodward, visited with Bertha Coffey. Juanita and Royce came over and brought David some tapes.

Doris and Ray Smith spent the weekend at Hugo enjoying the Blue Grass festival. Hot and humid and wonderful. Mr. and Mrs. Willie Lewis of Elk were the only folks they saw from home.

Carol and Chuck Griffin spent the weekend in the City with her dad, Glen Wilcox. He is back in the ReHab Center, improving.

The Honorable Gary Rader, another satisfied customer of Dobson Cellular Systems.

As Mayor of Weatherford, Gary Rader's cellular phone is both a time- and travel-saver. Keeping in touch with constituents, city departments and the office is a lot easier with his difference-making Dobson Cellular service along for the ride.

Gary's Story.

Not a day goes by that Gary doesn't rely on the convenience of his transportable cellular phone. Being Weatherford's mayor is an around-the-clock job, and Gary uses another Dobson time saver—Cellular Voice Mail—to squeeze more productive minutes into every day. "Rather than drive back to my office to get messages, my voice mail lets me get them as I go from one meeting to the next," says Mayor Rader.

Saving Time and Tax Dollars Every Day.

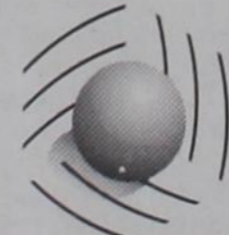

"Being responsive is a crucial part of this office, and my cellular phone helps me respond quickly to serve the city better. And if I see a maintenance problem while I'm driving, I can call and get action taken on it immediately, before it becomes a more costly problem."

Care Center Comments

By Barbara

Last week I introduced Alta Lee Pillars to you as a new resident, now we said good-bye to Alta Lee. She went home, back to Shamrock. We wish you well, Alta Lee.

Monday I read the paper to the residents. After that I did manicures. That afternoon I made room visits.

Tuesday Mrs. Hyatt had church with the residents. We sang and then had a devotion. Mary Ann Maxwell and Bernice Hefley came for mending. They had a big surprise when they got here; but they took care of it real fast. That afternoon we played bingo. It was a little confusing to the residents as we usually play on Wednesday. We had 15 residents to play and Geneva Hensley was our blackout winner. We also worked on crafts too that afternoon.

Wednesday, Barbara, Mrs. Hyatt, Joe Montgomery, Rachael Montgomery and I took off to Oklahoma City to get some plants for our waterfall. Robert and Ann Jones, formerly of Wheeler donated these plants to use. Joe was our driver for this event. He told me later he would never go again with a bunch of ladies. A big thank you to Robert and Ann for the plants. Robert and Ann, they really look great. Hope you can tell by the picture.

Thursday we had church with Fern Young, Rozena Zybach and Ila Collins. We sang songs with the help of Kerry Moore. Then we had devotion. After lunch Barbara and I went to the care plan meeting. Then we popped popcorn and served it to the residents. Mr. Hyatt and Karen took off to Amarillo to pick up Irene Stewart. She was dismissed from St. Anthony's hospital.

Friday, we had a podiatrist from Arlington. He will come every 2 months to cut toe nails for the residents. The residents really liked this man. They look forward to seeing him coming again. Barbara had exercises with the residents in the lobby. That afternoon they worked in arts and crafts. Roselee Keelin and Winnie Gilmer came by and sang for us. Roselee played the piano while Winnie Gilmer sang.

Saturday Mr. Robinson, owner of Wheeler Care Center had a picnic down at the park for the employees of W.C.C. Steve Walker catered the event with Barbecue. It was really good. We had volleyball and horseshoe games going on.

I almost forgot about our birthday party. The United Methodist Church was the host. They served cake and punch to the residents. Patti Brooks provided the entertainment for the residents. Chelsea Brooks and Megan Ford sang for us. They were really good and the residents just loved them. The hostesses for the party were Vida Brown, Mae Nash, Lula Buice, Emma Rogers, Bernice Hall, Eunice Odom and Mary Margaret Dodd. The residents having birthdays were Loma Clemens, Gertie Cornell, Evelyn Garrison, Dock Hogue and Fannie

Job 5: 8, 9, 10: "I would seek unto God, and unto God would I commit my cause; which doeth great things and unsearchable; marvellous things, without number; who giveth rain upon the earth, and sendeth waters upon the fields."

A nice cool Monday morning in Allison after a nice rain shower yesterday evening.

Here & There

By Laura Guthrie

Greetings, my friends and readers. I'm sorry about leaving the pages of the Times without a word to let you know that I wouldn't be present for a few weeks. But it came so suddenly for me. I was in the yard late in the evening, making ugly faces at the sprigs of grass growing in the flower bed. I tripped and splayed my hand across the curb and couldn't get up. Luckily my neighbor, Justin Rose, was near by playing ball with his small sons. I called for his help and he picked me up and helped me to the door. We called to Tim and Melinda, who were near the back door. Soon we were on our way to the emergency room. A broken wrist! On Dr. Mendiola's recommendation, the wrist was splinted and an appointment was made for me early the next morning, Sunday, at St. Anthony's Hospital in Amarillo.

So, about 8 weeks ago my wrist and fore-arm was put in a cast. This week it was removed and I can write a bit.

Now this was my right hand that was put out of commission. I'm just no good at using my left hand for anything except assisting my right hand. So I've been pretty awkward doing anything, especially eating with fork or spoon. So I've eaten a lot of sandwiches.

But I'm doing better this week. I hope the Times office can read this script.

I appreciate every visit, and good wish from friends.

Last weekend I had a wonderful surprise. On Saturday afternoon a friend, Orveta Persons, called from Shamrock and said she and her sister, Mae Johnston, were on their way to see me. So, Orveta and Mae (Pruitt, who lived in Wheeler years ago). So they were here and I was very happy about it. They called a few of their friends and told them to meet us at Maxey's at 5:00. Mary Wofford, Leona and Earl Farris, Elva Wood and Louise Roper Wallace met us there. After we had dinner, everyone came back to my house for another round of visiting. I enjoyed it so much.

Louise Wallace told me that she and her husband, Earl, are now living in Wimberly, Tx. They had lived in Amarillo for many years.

Melinda's mother, Lydia Guthrie, visited with us last weekend. Lydia is presently living with her son, Bobby Guthrie in Amarillo. She is seeing a Dr. frequently and taking physical therapy at Northwest Texas Hospital. She will probably continue to live in Amarillo.

I've sort uv bit the bullit, so to speak. I took a bunch of the junk I been writing over 40 years down to a Critic. Now this Critic firstly is a female person, soreheaded as a First Soldier an as honest as a Used Car salesman. I ast the person to sort uv review the junk and see if it wuz fittin to publish. Now if I havent laid my body to full exposier I dont know but we will see what happens. I got to thinkin about Retirement, not for me but these folks had an honest job with benefits and have decided retirement aint as neat as you mite imagine, for the first time in 30 er maybe 40 years the wives have to have their mate with them day an nite for the rest uv their lives, wow that would mean giving up this and giving up that just to have the old grouchy coot underfoot. Just the other day I visited a couple that live near us that are not retired an they are happy as a howg on ice and get along very well, she has her housework and Hubby Al has his tinkerin shop. He makes cats, dogs, cows, horses an a gillion other things out uv scrapwood, mite not sound like much but you should see these finished things. Al had never done any wood work as he had been in the steelmills for these many years but not long ago he and wife were visitin with brother in law in Florida and the inlaw was doin some woodwork, got Al interested in it and now Al is in a trade an keepin quite busy an out from underfoot of his bride. over, we all have inherent capabilities that just haven't come to surface, shucks you mite be a Liberache er a famous artist but never had the chance to try it.

Not long ago in a new magazine I noticed an article about a writer, Elmer Kelton, I never paid much attention to it an later I got to thinkin up the name an looking back through some of our books and there wuz Elmer Kelton a writer an the book wuz "The Day the Cowboys Quit" I got the book out, read it an have enjoyed it. I wrote to Mr. Kelton and told him we had lived in a community in the Panhandle of Texas named Kelton. There are so many stories of our ancestors not written that maybe Mr. Kelton mite take interest and do them. Even you, wherever you live have folks that have made history one way or the other that should be recorded, believe it or not they would be of interest to readers all over the world, give it some thinkin and try to see their efforts will be rewarded in print fer say posterity.

More years that I wish to admit I wuz a recruit in the service uv our country an had a buddy that was sein sort uv interviewed by one uv the officers an this officer ast the buddy what was his profession prior to enlistin in the service. Oscar told him he was a cowboy.. the officer ask what that entailed an Oscar said "Just been a Cowboy" and the officer, from back East, said soldier I need to know what you did being a Cowboy and after a bit uv explaining Oscar said, You ought to try it sometime". The officer finally admitted he would just put down "Cowboy" on his occupation and let it go.

'By the way, I got to tell you that I made front page uv The Wheeler Times there in the Panhandle uv Texas. Cant imagine why the noterity but by golly there it wuz rite on the front page fer everbody to see. Somebody must have goofed. I had always hoped I could make outstandin citizen in one of their doins the Chamber uv Commerce has every year cause I've been outstandin on the curb, in the middle uv the street an on occasion er two just outstandin on the steps uv the Court House but maybe that aint the sort uv standin they are talkin about but I want to thank whoever made the boob uv the front page, shucks that is out standin enough fer me anyhow.

One time I did get purtiest baby contest first prize, they wuz only two uv us contestants and my brother Ralph wuz my campaign manager an I know he must uv pulled some strings to get me as the purtiest baby, he mite have stuffed the ballot box, huh?
Mama mite be a bit better from her dislocated hip but not much. She still has a lot uv pain.

"If you're one of those people that bought a water filter to hook up to your kitchen faucet here's good news from RainSoft. For a limited time, participating RainSoft Dealers are offering a generous refund on your old filter when you trade it in on a new RainSoft "Ultrafiner" Reverse Osmosis Unit. Now the difference between an ordinary filter and an "Ultrafiner" is enormous. The RainSoft "Ultrafiner" squeezes your tap water through a membrane that takes out virtually all of the impurities, including nitrates and lead. Gives you all the delicious pure water you want for drinking, mixing orange juice, making soup, and everything else you use water in, in the kitchen. The compact "Ultrafiner" unit fits under the kitchen sink, out of the way. And the cost is less than bottled water. Sympathy must be expressed to the family of June Hampton. Mrs. Hampton, who lived in Albuquerque, New Mexico, was the sister-in-law of Vera Brickey. The funeral was held last Monday afternoon in Wheeler.

Essie Finsterwald remains confined to her room at the Wheeler Care Center. Her condition remains extremely serious.

From the Minister's Desk:
Like many other people, I have been deeply concerned about the rapidly increasing cost of health insurance. For this reason, I was very intrigued by a newsletter that I recently received that was entitled, "Caring and Sharing".

This newsletter outlined an alternative to health insurance for disciples of Jesus. Rather than pay costly premiums for health insurance, disciples of Jesus can subscribe to the "Caring and Sharing" newsletter which monthly lists the medical expenses of its subscribers. Then the subscribers who have not had any medical expenses for the month can mail an assigned amount of money to the subscribers who have.

While I was intrigued by this newsletter and its suggested alternative for health insurance, I was a little confused by the qualification that subscribers had to meet. The newsletter said that subscribers had to be "—faithful Christians who do not forsake the assembling of themselves with other saints, who abstain from the use of alcohol, tobacco, illegal drugs, and who do not engage in immoral sexual practices."

As I thought about this qualification, I concluded that its concept of faithfulness was too limited. The Bible teaches that there are some other characteristics that faithful disciples of Jesus must not have. For example, I John 2:15-16 says: "Do not love the world, not the things in the world. If anyone loves the world, the love of the Father is not in him. For all that is in the world, the lust of the flesh and the lust of the eyes and the boastful pride of life, is not from the Father, but is from the world."

Notice carefully verse 16. This verse lists three general characteristics that faithful disciples of Jesus must not have. These three characteristics are:—

1. "—The lust of the flesh—" This characteristic consists of such sins as adultery, drunkenness, fornication, and homosexuality. These highly visible sins are clear-cut violations of the will of God and disciples of Jesus who wish to faithfully serve God will not commit these sins.

2. "—The Lust of the eyes—" This characteristic consists of such sins as greed, materialism, love of money, and covetousness. These sins are not as visible as the sins that compose "—the lust of the flesh—" but they are clear-cut violations of the will of God. Therefore, disciples of Jesus who wish to faithfully serve God will also not commit these sins.

TUESDAY: Breakfast: Buttered Toast, Choice of Cereal, Jelly, Juice, Milk.

Lunch: Spaghetti w / meat sauce, Toss Salad, Corn, Cake, Bread Sticks, Milk or Tea.

WEDNESDAY: Breakfast: Hot Biscuits, Eggs, Jelly, Juice, Milk.

Lunch: Steak, Broccoli w / cheese, Fried Okra, Jello, Hot Rolls w / butter, Milk or Tea.

THURSDAY: Breakfast: Cowboy Bread, Hot Cereal, Juice, Milk.

Lunch: Fish, Mac & cheese, Blackeye peas, Rolls, Fruit, Milk or Tea.

FRIDAY: Breakfast: Waffles w / syrup, Ham, Juice, Milk.

Lunch: Hamburger w / cheese, Lettuce, Tomatoes, Onion, Pickles, French Fries, Cookies, Milk or Tea.

Disciples of Jesus who wish to faithfully serve God will not have the attitude of the Pharisee. They will always guard against the "—boastful pride of life—" knowing that pride can nullify their righteous and godly lives.

I John 2:15-17 lists the characteristics that disciples of Jesus must not have if they wish to faithfully serve God. When these characteristics are compared with the qualification that subscribers to the "Caring and Sharing" newsletter must have, an interesting observation can be made. This observation is that disciples of Jesus cannot faithfully serve God if they are characterized by the sins that compose "—the lust of the flesh—" and they cannot subscribe to the "Caring and Sharing" newsletter. However, they can subscribe to the "Caring and Sharing" newsletter if they are characterized by the sins that compose "—the lust of the eyes—" and "—the boastful pride of life—" but they cannot faithfully serve God.

Mrs. Chad Bentley

Forgerson-Bentley Vows Exchanged

Penni Jan Fogerson became the
bride of William Chad Bentley in a
candlelight wedding ceremony at 5:00
p.m. Saturday, July 30, in the Church
of Christ in Silverton. Bill Morrison,
minister of the Church of Christ in
Wheeler, officiated the double ring
ceremony.

Parents of the couple are Stan and
Lynda Fogerson of Tulia and Mack
and Sue Bentley of Wheeler. Grand-
parents are Sylvia Fogerson of
Silverton, Bailey Elliott of Matador,
Martha Ott of Earth, and Mildred
Bentley of White Deer.

Presented in marriage by her father,
the bride wore and above the knee
sheath dress of white bengaline with
matching floor-length over coat that
swept into a chapel length train edged
in pearls. The bodice of the dress was
adorned with iridescent sequins and
pearls. The coat featured an off the
shoulder neckline embellished with
alencón lace and iridescent sequins.

A large draped bow accented the back
of the dress, which was made by the
bride's mother. A finger tip veil of tulle
illusion edged with pearls fell from the
bride's hat. She carried an arm bou-
quet of white gladiolas tied with white
satin ribbon and tulle.

Kristy Dorman of Postville, Iowa,
sister of the bride, was matron of honor.
Bridal attendants were Julie Brunson
of Portales, New Mexico, Julie Towe
of Groom, and Valli Annamalai of
College Station. They wore black
sheath dresses with white off the
shoulder collars and carried arm
bouquets of white gladiolas tied with
black satin bows and tulle. Flower girl
was Jessica Bentley of Amarillo, niece
of the groom. She was attired in a
dress similar to those of the bridal
attendants.

Jeff Morrison of Lubbock was best
man. Groomsmen were Wade Bentley

of Pampa and Paul Bentley of Amarillo,
brothers of the groom; and Mike
Alderson of College Station. Jeff
Dorman of Postville, Iowa, brother-in-
law of the bride, and Paul Bentley
were ushers. Jeff Dorman also lighted
the candles.

Susan Brown of College Station
presided at the guest registry.

Music included taped selections of
contemporary and traditional wedding
music. "Standing Right Next to Me"
was played as the couple lighted the
unity candle. Spiral and arch cande-
labra entwined with English ivy and
adorned with black and white satin
bows and vases of white gladiolas
decorated the nuptial area.

A reception was held in the Pioneer
Room of First State Bank. Both the
bride's and groom's tables were cov-
ered with a white cloth with black
skirting. The bride's cake was a three-
tier white confection topped with
gladiola blossoms. Serving at the
bride's table were Tracy Stark of
Canyon and Susan Brown of College
Station. The groom's table featured a
German chocolate cake served by
Kim Bentley of Pampa and Ann Sipes
of Canyon. Other members of the
houseparty were Ruby Graham, Patsy
Towe, Janice Hill, Marsha Brunson,
and Betty Stephens.

Following the reception the families
of the couple hosted a celebration
dance and buffet at the county show
barn. The groom's family hosted a
rehearsal dinner catered by Royce Pigg
at the Quitaque Community Center.
Bridal showers for the couple were
held in Silverton and Wheeler.

Following a wedding trip to Cancun,
Mexico, the couple will reside in
Amarillo where the bridegroom will
teach science at Alamo Catholic
School.

Farmers Should Consider Wildlife Habitat

The first Conservation Reserve
Program (CRP) contracts signed by
Texas landowners will begin expiring
in 1995. According to Soil Conserva-
tion Service officials, now is the time to
start making plans for the use of those
acres.

Congress established CRP in the
1985 Farm Bill to take marginal crop-
land out of production and most often,
plant it to grass. Texas landowners
traded 4 million acres of cropland
production for 10 years of annual rental
payments. Eighty percent of those
acres is in a 55-county area in the
southern high plains and panhandle
area.

Charles Coffman, Soil Conservation
Service resource conservationist,
Lubbock, said landowners shouldn't
overlook the wildlife options available
to them on CRP acres.

"We have developed a management
note that outlines options to consider
when planning the future of CRP
acres," Coffman said. "Wildlife habitat
options are important whether you
plan to leave the acres in grass or
return them to crop production."

The management note is targeted for
the high plains and panhandle area
and describes four basic options:

1. Managing the total grass acreage
for wildlife habitat.
2. Managing the grass acreage for
grazing livestock and wildlife habitat.
3. Returning part of the acreage to
crop production and managing the
remaining grass for wildlife habitat.
4. Returning the total acreage to
crop production and managing for
wildlife habitat.

The management note is another in
a series of management notes devel-

oped by Texas Tech University. The
Soil Conservation Service, Texas
Parks and Wildlife, and the Texas
Extension Service also assisted in
developing the note. Additional finan-
cial support was provided by the High
Plains Chapter of Quail Unlimited and
Pheasants Forever.

Wildlife and other options will be
discussed at CRP meetings scheduled
for Amarillo, Aug. 23, and Lubbock,
Aug. 25. The Amarillo meeting will be
at the Sunset Convention Center from
9 a.m. to 4 p.m. The Lubbock meeting
will be at the Civic Center Auditorium
from 9 a.m. to 4 p.m.

CRP contract holders can get a
management note from the Soil Con-
servation Service, Texas Parks and
Wildlife, Texas Extension Service, and
Texas Tech University. It will also be
available at the CRP meetings in
Lubbock and Amarillo.

"Income from wildlife is untapped in
this area," Coffman said. "Many land
holders don't charge a lease fee for
hunting on their property. There is a
potential for this because of the in-
creased numbers wildlife on CRP
acres."

"Football and golf" were
banned by the parliament of King
James II of Scotland in 1457
because their popularity threat-
ened the practice of archery for
national defense.
