Items of interest pertaining to the Mobeetie Schools

Staff

Editor, Ray Jones; assistant editor, Leroy Patton; sports editor, George B. Dunn; reporters, Carl Carter, George B. Dunn, Harold Hanning, Juanita Alexander, Betty Jo Brewster, Cleta Fae Davis, Freda Eubanks, Dorothy Goodnight, Maurita Lamont, Billie Lou Trimble, Juanita Walker.

M. H. S. Faculty Eats Turkey Dinner

The faculty of Mobeetie high school attended a Thanksgiving dinner, Monday night, November 20th at the high school building.

The table was attractively decorated with yellow crepe paper and big turkey gobblers. The remainder of the evening after dinner was spent in playing forty-two.

Those present were: Superintendent Jack Davis, Messers Biddy, Gatlin, Scribner; Mesdames Scribner, Marchbanks, Davis, Biddy, Reed, Gatlin; Misses Duren, Watt, Ward; Mrs. James L. Chase of Pampa, a former teacher in Mobeetie high school, was a guest.

Why We Shouldn't Waste Paper

We shouldn't waste paper because it is needed in the war effort. Paper is needed to make newspapers to send our boys overseas so they will know about the home front and how the election came out. Paper shouldn't be used as play pretties. I would feel very silly if a soldier came into our class room and I was wasting paper. Or if Mr. Davis came in, I would probably have to go to the office. If an inspector came in, the room wouldn't look very nice so it would give the school a bad name.

We need paper to make paper sacks for the grocery stores, so when we buy some apples we will have something to put them in. We definitely shouldn't do things in the class room to have to write a theme for, because this wastes paper, too.

—Joe Fred Leonard.

Abber And Jabber

Where does Juanita Walker get her Dentine chewing gum?
Who was Lorene Gabriel riding around with Sunday night?

Quintis, have Gabriels moved to Pampa?

When checking the American history test papers Mrs. Marchbanks found corncocks were a means of trade in the early American colonies. Do you know anything about this Ray J.?

NEWS OF OUR MEN and WOMEN IN UNIFORM

Mrs. O. C. Murrell, Mobeetie, received the following letter from her son who is in England.

Oct. 26, 1944

Dear Mother,

Here goes for the third time. I have written twice but didn't get to mail them. I am in England now and doing fine. Haven't quite got settled yet—everything is quite a bit different here but guess I will soon get used to that. From what I hear we are assigned to a good group and squadron.

The trip over here was rather interesting but we can't tell about it yet. We saw lots of strange places and people—some were quite interesting—to me, at least.

Have seen a few of the boys I trained with and I expect to see more. I guess they are pretty well scattered out here and I'll see some most any place I go.

How is every one at home—fat and sassy, I suppose, especially Floyd since he was a year old a couple of days ago. I thought about him but that was about all as we've been pretty much on the go since we left the States. Someone else will have a birthday soon but that will be just another day here. I only hope I don't have the toothache as I did a year ago.

Tell everyone hello and to write as often as they can. I will answer when I get around to it—which will be soon, I hope.

Did you get the things I sent home from Florida?
I wish you would send me some Air Mail stationery because it's awfully hard to get any kind here. I have to quit and cut some wood to keep warm tonight. With love,

J. H.

CARD OF THANKS

We wish to thank Dr. Nicholson, the nurses and the people of Wheeler for the care and kindness shown us during the illness of our family. These things will ever be remembered. May God bless you all.

Mr. and Mrs. Claude Mize and Family.
Mrs. A. A. Burgess and Son

Mr. and Mrs. W. B. Wileman were called to Amarillo Thursday to be with their daughter, Mrs. Helen Webb, who is ill.

Everyone is real anxious to hear from Cleta Fae and LeRoy since he may be leaving soon.

MOUNTAIN VIEW NEWS

(By Times Correspondent)

Second Annual

Registered Hereford Sale
Friday, December 8th

1:00 P. M.

at the

E. L. Martin Ranch

Seven Miles East and Three Miles North of Wheeler

Our first annual registered Hereford sale one year ago was enthusiastically received and supported by our many friends and customers, and it is because of their many requests that we are announcing our second sale and offering the same splendid type of cattle.

We are selecting fifty head of tops from our registered herd and are including fifteen choice bulls and thirty-five tippy heifers. The bulls are from ten to twenty-four months of age and include many herd sire prospects. The heifers are the kind everybody likes and if you're interested in fine Hereford cattle, you'll want one or more. All are individuals we are proud to offer to the public.

You will find in our catalog some of the most popular breeding of the day, names that suggest top cattle in recent important sales, shows and herds, the progeny of such sires as Beau Aster — Prince Domino Mischief — Hazford Rupert 81st — Hazford Tone 76th — Beau Randolph — the Woodfords — the Axtells — Real Domino 51st — Zato Rupert — Bocaldo 6th, and others.

Having produced and fed many thousands of cattle before buying our first herd of registered Herefords in 1934, we had very definite ideas of individuality and certain characteristics of the easy feeding and a thrifty type of Herefords, we are told that because we have not deviated from this type, that we have the most uniformly good herd of mellow, deep fleshed, thick, low set individuals that many cattlemen have found in so large numbers.

Terms and Conditions

Each animal will be sold to the highest bidder without reserve. Cows with calves are regarded as a single.

The Auctioneer selling will settle any dispute as to bids by declaring all bids off and reselling the animal in question.

Each animal will be at the purchaser's risk as soon as sold, but will not be delivered until settlement has been made for same.

The terms of the sale are cash.

After sold, the animal will be fed and cared for free of charge to purchaser, but at his risk of loss or injury. Shipments made as directed within 48 hours after sale.

Cattle in the sale are sold to comply with the health regulations of the buyer's state and have been tested for T. B. and Bang's disease. All animals of breeding age are guaranteed breeders. Females in calf or with calf at foot are considered breeders without further guarantee. All untried animals are guaranteed to be without known defect but nothing further. Animals failing to breed after a trial of six months may be returned to the MARTIN RANCH if in good condition. The seller reserves the right for six months to try said animal and if it proves a breeder to return it to station of buyer at his expense. If the animal proves a nonbreeder, a satisfactory exchange will be made or purchase price refunded. All claims for adjustments must be made in writing within ninety days of sale.

Bulls are guaranteed breeders if properly cared for and not turned in with the herd until 16 months of age.

All persons who attend the sale, do so at their own risk in any way.

E. L. Martin & Son

ARTHUR W. THOMPSON, Auctioneer

PUBLIC SALE

At the White Hotel, North Side Wheeler Town Square

WEDNESDAY, DEC. 6, 1944

BRISCOE BRONCO

Items of interest pertaining to the Briscoe Schools

Staff

Editors in Chief—
Ewing Barnett, Lottie Marie Zybach
Boys' Sports Editor—Bobbie Candler
Girls' Sports Editor—
Sammie Dougherty
Social Editor—Armell Sorenson
Class Reporters—
Bessie Davis, Rozena Helton,
Juanita Clepper, Betty Jo Standlee

Senior Scents and Non-Scents

The Seniors have been having some trouble with comas in our English IV. Ewing gets embarrassed in Texas history class once in a while—over the lesson. Monday's class period was taken up with current events given by Bobby and Ewing.

Sophomore Strategies

The Sophomore class is back in the saddle again and are puzzling our wee little heads over algebra. We are studying linear equations and some of us have found out that we don't know our fractions as we should.

Our class enjoyed last Friday. Could it be because Mr. Mac was gone and there was a little excitement in the study hall?

Freshman Fish Pond

We are back in the harness again and enjoying it after our hard days in the cotton patch.

We are all looking forward to the gym party Tuesday night and are planning to have a swell time.

We understand that Dortha, Lorida, and Jean had a good time Saturday night.

We wonder why Mozelle was late to English I Monday. Was it because she spends so much time chasing the boys?

Boys Sports News

The Briscoe boys are still practicing hard on basketball. There are fifteen boys reporting daily for practice. We think that the Broncos will be more powerful than the previous teams here on the campus. Our strength lies in the long shots of the great guards, Francis, George and Hefley. We have no games scheduled as yet, but we will begin our season soon.

Seen and Heard

Several Kelton boys in the vicinity of Briscoe Sunday. Certain Senior girls could tell you why.

Did you boys have fun at the school house Sunday? Tearing off screens won't become a habit we hope.

Mac being locked in his own room. Shots carrying safety pins.

Dude being slightly scratched up Monday morning. It had something

to do with haystacks, didn't it, Dude?

Our fun being interrupted in study hall Monday morning.

Cecil getting cigarettes from Dude. Audie has a new car.

Something of the Headley tournament.

Bobby receiving a safety pin. Lottie Marie having trouble keeping up with her letters.

Eddie wanting to go to Canadian. (Is this getting to be a habit, Eddie?)

LaDell at school Friday. Mary Ruth wants to go see her husband.

Social Events

Dude Mooney spent Sunday in the Wallis home.

Rozena Helton spent Sunday with Roberta and Lottie Marie Zybach.

Mary Riley spent the week end with her sister, Mrs. Doc Wilhelm.

Wonder Why

High school students like to match pennies? (The teachers would like to know the answer to this question).

Ewing wouldn't finish reading "Will War Marriages Work?"

Bobby didn't eat with Armelle Monday?

We can't have a basketball game? (Come on, someone 'fess up.)

Eddie went over the line in the basketball game Friday. The game was between the boys and girls, remember?

Mac has so much unfinished business?

Bessie doesn't wear her white scarf anymore?

Sammie's hair caught on fire Sunday?

Some good lookin' boys don't join the Senior class?

We don't have more assembly programs?

Bobby calls the Senior girls "sweater girls"?

Dear Snooper: Why was Ewing so embarrassed Monday in class? Seniors.

You'd better ask him.

Dear Snooper: Why was Lottie so unhappy Monday morning.

I hear the boy friend is escaping.

Dear Snooper: Who were Bessie's visitors Sunday? Nelda.

Don't worry, just some Kelton boys.

LOCAL NEWS ITEMS

Mr. and Mrs. Cecil Denson and children, Mrs. Linda Clay and Mrs. Ernest Dyer were Pampa visitors Thursday.

Mr. and Mrs. J. H. Richards, Mrs. Roy Esslinger and daughter visited relatives in Borger last week.

Betty Lindsey of Memphis spent the week end with Ruthie Johnson. Nath Hudgins and Thomas Pyle of Memphis were Sunday visitors.

Lt. J. Donald Hall and family of Camp Gruber visited relatives here Friday.

Mr. and Mrs. Percy Rowe and two children and Dreka Mitchell of Pampa visited relatives here Friday and Saturday.

Betty Johnson arrived Monday for a two weeks visit with her parents, Mr. and Mrs. Lowery Johnson.

Lutie McIlhany of Shamrock and Mrs. V. N. Hall were Thursday guests of Mr. and Mrs. M. McIlhany.

Dear Snooper: Is there a Helton vs. Barnett case forming? Cupid

Evidently! Look out, last year's Senior.

STRAIGHT TALK

ABOUT THE

SIXTH WAR LOAN DRIVE

AS WE MOVE closer to victory, it wouldn't be surprising if you were saying to yourself—
"What's the big idea of asking for all this additional money now? Isn't the war almost over?"

No sir, it is not! Not by a long shot. Of course, for many months now you've heard mostly about the war with Germany, where our greatest effort is concentrated. That's why many people have the idea that the war's practically over.

But make no mistake about it—nothing could be farther from the truth! The Japanese war is a tremendous undertaking, and victory will come high. We'll have to fight every inch of the way.

Everything Costs More— in the Pacific War

The European war is expensive, but almost everything in the Pacific war will cost more. Take transport costs, for instance: Because of the longer distances, the same amount of freight costs 25 per cent more when shipped to the South Pacific than to Europe. And it takes twice as many cargo ships in the Pacific to support a task force of a given size because turn-around time is twice as great!

More Planes... Tanks... Ships... Oil

In addition, we shall need more of everything. More B-29 Superfortresses that cost \$600,000 each. More P-47 Thunderbolts that cost \$50,000 each. More M-4 Tanks, with bulldozer blades, that cost

\$67,417 each. More amphibious tanks—more aircraft carriers—more supply ships—more gasoline and oil than it took for the invasion of Europe!

Care for the Sick and Wounded

And lest anyone forget, we shall need more battalion aid stations—more clearing stations—more evacuation hospitals—more convalescent hospitals—more hospital ships.

For many, many years the sick, wounded, and otherwise disabled veterans will require medical attention and care. That's the least Uncle Sam can do in appreciation of what they've done for us.

Maintenance for Millions

Did you ever stop to think how much money it costs to maintain the 11 to 12 million men and women in our army and navy? Whether the men are actually fighting or not, they must be fed, housed, transported from one training center or battle area to another, cared for in a hundred and one different ways. That all costs money and will continue until the last man demobilized is back in civilian clothes.

In addition, millions of dollars will be required for mustering-out pay, for various benefits and services voted by Congress to help the boys get started in civilian life.

These are reasons enough why patriotic Americans will want to buy heavily during the Sixth War Loan. But here are still more—

Winning the Peace—for Your Country

If we're to win the peace as well as the war, the cost of living must be kept down and the purchasing power of money preserved. A reckless inflation that would necessarily be followed by the catastrophe of deflation—with its unemployment, bankruptcies, misery and heartache—must be prevented at all cost.

Let's make no mistake—a dangerous period lies ahead. The American people have nothing to fear, however, if they show in the future the same common sense they have shown in the past, and continue to put every penny over rock-bottom expenses into the purchase of more and more War Bonds.

Winning the Peace—for Yourself

Want another important reason? Yourself! There isn't a better or safer investment in the world today than War Bonds. In helping your country, you are also helping yourself! Never in our entire history has it been so necessary to save as right now. We'll need money, individually, for education, repairs, replacements, retirement—and we'll need a lot of it.

As you can see there are many reasons, important reasons, why our Government must have the financial support of everyone, and have it for many months to come.

Let all Americans do their part—for their own sake, for their country's.

BUY AT LEAST ONE EXTRA \$100 WAR BOND...TODAY!

300 Dogs Needed For Overseas Duty With U. S. Forces

While recruiting of dogs for defense in the service of their country has been dormant for the past several months, a call has just gone out again for 300 top dogs which are needed immediately for overseas service.

This appeal is sounded by R. D. Holt, regional director of Dogs for Defense, Inc., who reports that the dogs are wanted at Fort Robinson, Neb., for training as silent scout dogs.

Holt said that several hundred dogs have been shipped out of the Panhandle.

The army ground forces have endorsed silent scout dogs in combat and arrangements have been made to conduct a technical school at Fort Robinson. Selected personnel will undergo an extensive course of instruction with the dogs before being attached to combat units in war theatres.

Colonel Frank Carr of the office of the quartermaster general has advised Dogs for Defense, Inc., that, "The lives of many of our boys will depend on the stamina, alertness and intelligence of the dogs," and reports from officers in the field continue to emphasize the need for the very best dogs that can be procured. Acceptable breeds are: German and Belgian Shepherds, Farm Collies, Doberman Pinschers, Alaskan Malamutes and Huskies and crosses of these breeds. These dogs must weigh between 60 and 80 pounds, stand 22 inches or over at the shoulder, and be between 14 months and 3 years of age.

These specifications are stiffer than ever before, and this order for 300 top dogs is a challenge to Dogs for Defense, Inc., whose job it is to supply the dogs needed. In the past, Dogs for Defense has met every government order in full and on time. To maintain this outstanding record everyone having a dog that meets these requirements is asked to communicate with R. D. Holt, regional director of Dogs for Defense, Inc., Citizens State Bank, Wheeler, Texas.

Paul Miller of Edmond, Okla., spent from Wednesday until Sunday with her parents, Mr. and Mrs. Henry Miller.

Mrs. Holt Green, Mrs. Buford Conwell and sons were Pampa visitors Thursday.

Retreads For Skirts

To hold that line in a slim-cut woolen skirt, tack in a "retread"—a protective lining designed to help preserve shape, keep a neat press in pleats, and protect against wear or scratchiness of harsh wool. The idea for these protective shields for women's skirts was borrowed from the retreads which tailors put in the knees and seat of men's trousers.

Clothing specialists of the U. S. Department of Agriculture say it is easy to make the feminine version of retreads. They suggest making the shields of a smooth, light-weight rayon lining material, preferably of the same color as the skirt.

Before cutting the lining material, first lay out the skirt and cut a paper pattern exactly to fit the back—making a half-inch allowance for fastening to the side seams. The retread should be long enough to reach below the hipline. If the skirt material is sheer, it may be advisable to make a retread for the front as well as the back, cutting both just a little shorter than the skirt. Fasten in the retread, with running stitches to the side seams and across the waistline, but leave it free at the bottom so it will hang smoothly without puckering.

Neat Pleats

To press a neat pleat in wool or rayon skirts so the fold will not leave an imprint or shiny mark that shows when the pleat swings open, take a tip from the tailor and use a strip of light weight cardboard or heavy paper. Use the strip from an old suit box or the cardboard stiffening in shirts returned from the laundry. Have the strip the length of the longest pleat and 3 or 4 inches wide. The strip must be wide enough to slip into the inside fold of the pleat and also extend several inches past the outside fold. Insert the cardboard and press. Remove just before finishing the press job. A cardboard is also helpful in pressing facings or seam edges that are likely to mark through.

ANNOUNCING OUR SERVEL

PRIORITY PLAN

Stays silent. Lasts longer
SERVEL
ELECTROLUX
GAS
REFRIGERATOR

**NO NEW
SERVELS
AVAILABLE
NOW**

\$1 DOWN

\$5 MONTH

Gives you a priority on the first Servel gas refrigerators released for sale.

As you know, we are forbidden to sell Servel Gas Refrigerators at present by government order. But many people have asked us to give them first chance to buy a new Servel when they again become available for sale.

In order to establish a priority list and also to help you save for that Servel you want, we present our Servel Priority Plan. Briefly, the plan is this:

Come to our store this week and sign up for the plan. Pay \$1 down, and agree to deposit \$5 a month thereafter. All applicants will be given an opportunity to buy the first Servel Refrigerators which become available to them in the order of their applications, subject of course, to government regulations as to prices, terms and sales.

Your monthly deposits may be applied on the purchase of your new Servel when available. Or you may discontinue your deposits at any time and everything you have deposited, except the original \$1, will be refunded to you.

You do not have to decide now as to model or price. You do not even obligate yourself to buy any refrigerator at all. The Priority Plan simply offers you the opportunity to be one of the first to buy one of the New Servels when they again become available for sale and a chance to save money toward its purchase.

Come in and let us explain the plan more fully. But don't wait. Remember: **FIRST COME—FIRST SERVEL!**
