TEST DRIVE ENDS IN KIDNAPPING

A test drive of a new Jeep Eagle at Gene Messer Cadillac and Jeep Eagle in Amarillo left the salesman duct taped to a tree north of Wheeler Wednesday morning. Gil Reeves, 42, of Amarillo was found around 1:30 p.m.

A couple, believed to be Jimmie Hays, 29, and Shannon Ludington, 17, both of Panhandle. Warrants were issued out of Wheeler County for aggravated kidnapping. The couple is also being sought for aggravated robbery in connection with a February incident in Lubbock.

The car salesman was found uninjured by Bill Rains. Rains was working on the North side of the Kelly place 6 miles north and 2 west of Wheeler on County Road G, when he heard someone calling for help. Reeves's mouth had been taped shut, but he had managed to work his mouth loose and call for help.

The Wheeler County Sheriff's Department was also notified by phone as to where to find the victim of the kidnapping by the suspects.

The couple approached Reeves in Amarillo at the dealership and requested a test drive of a charcoal Jeep Grand Cherokee. The driver stopped at the Travelodge in Amarillo, announced they were taking the vehicle for a couple of days, pulled a gun and told Reeves he was going with them.

The couple was calm and talkative during the drive to Wheeler County. Reeves was concerned as to what the couple intended to do with him. He had been told they were going to tie him up and call someone, but as they walked him into the trees, he was not sure what they had in mind.

The male suspect called the Wheeler County Sheriff, Jimmy Adams a few hours after the robbery

and told him where to find the suspect.

Rains had gone to the place to repair a windmill which had been layed down for three years. It was blown over by the 1995 tonado. Reeves was found 45 minutes after having been left taped to the tree.

When Reeves saw Rains pull into a gate, he licked the sticky off the duct tape and pushed it away from his mouth enough to yell.

Reeves wife though the situation was an "April Fools" joke on her. Deputy Finsterwald had to help convince Reeves wife that this was not an April Fool's joke.

Reeves was brought into the Wheeler Courthouse, a description of the suspects was obtained and warrants issued.

Lots of good reading waiting to go out.

Our first featured book for this week is *Blood Work* by Connolly. A former FBI agent renovating his retirement fishing boat learns a terrible truth. The donor of his transplanted heart was not killed in an accident, she was murdered. This is first rate reading by a popular author. Our second featured book is *This Never Happened* by E. W. Summers. This is a skillful first novel of psychological suspense. Secrets buried in a family's past can threaten to destroy the present and how Richard Hayes is able to work through his fears. Don't even think about starting this novel at night unless you don't mind staying up all night until you finish it. It is truly a sleep grabber!

Take a break from your yard work, garage sales and spring house cleaning and treat yourself, to some reading time. Come see us and we'll try to fix you up!

April Fool's Day has come and gone. For what it is worth, the rain crow woke me up this morning. April is erratic and most anything can happen. Sixty years ago this week, the April Blizzard of '38 came howling in after a mild winter. On April 9th, 1947, the Sweetwater tornado blew away a lot of buildings, including ours, and killed one man. However, Woodward blew away that night and around a hundred were killed. No one noticed ours.

Good things come in April too. Joe Dale and David were born then. It is one of the most beautiful months with so much in bloom. The red ants are out, and we hope for no more frost. Just worry about the IRS payment, spring the clocks forward and such minor things. I'm thankful we only have seven clocks.

Pauline Roberts, Annette Wingfield, Don Roberts, from here, Sue and Dale Roberts, Independence, KS, Royce, Anne and Tanner Roberts, OKC spent the weekend in Tahlequah helping Gladys Lewis celebrate her birthday. She is doing well.

Jada Alexander was home from SWSU to see her folks, Lisa and Jerry. Judy Tipton had lunch with them.

Annette Wingfield, Mike Blevins, and Clela Joy Cox met last week to plan the Sweetwater School Homecoming. It will be Saturday, July 4th, with a barbecue supper. More later.

The dryness and wind have really created a fire hazard. Last week a fire in northwest Roger Mills County burned over 3800 acres. Fire fighters from Oklahoma and Texas fought for hours. It came close to some houses, but they saved them. They

and broke his leg. Peggy and Leroy Dunlap, and Iva Thompson visited Dale, Sherry, and Jake Dunlap at Wellington, TX. Jake came home with them. Peggy and Leroy took him to OKC to the big child show and to the fire department. They gave him a ride in the fire truck. Being six years old, that really thrilled Jake. We went to Elk City Monday. Walmart was kind enough to replace Joe's razor that had died an early death. Wilma Fowler and Betty Sites went to Weatherford to visit Lucille Coffey.

who isn't very well. I was happy to get a card from her. Carolyn Smith introduced me to her little 17-month-old granddaughter, Baylee Abia. She is really a doll. Memorial services were April 2 at Highland Church of Christ, Tecumseh, for Gilbert Fuchs, 97. Mr. Fuchs was born in the Kiowa Indian Territory in 1901 and was raised in the Buffalo community here. Burial was in the Prairie View cemetery. A Coffey-Tipton get together was held at the Windmill in Texola Sunday. Those attending were Judy and Gerald Tipton, Frank and Betty Tipton, Billy and Norma Tipton, Bunk Tipton, Pat Tignor, Mr. and Mrs. Ross Coffey, Okemah and Wallace McDaniel, his brother and wife, Mr. and Mrs. McDaniel, Iowa. After lunch, they all went to Frank and Betty's in Erick. Mr. Creason and a number of students went to the OKC livestock show. They won quite a few ribbons, and Monica Bentley had a lamb in the sale. Others going were Lindsey Coffey, Brian Davis, Tiffany Sanders, Lindsey Anderson, Ben Tignor, Nathaniel Quinn, Nathan Reed, Levi Greer, Cade Sites, Terri Calverley and Colby Hagerman. Most of their parents went to the show.

Deborah brought Clifford Helley out to David and Phyllis Helley Monday to see the baby calves. Nice to have Mack and Patty Shields eat supper at Maxeys with us Thursday night. A surprise to see cousins Tommy and Jo Lewis from east of Wellington there at Maxeys. They had come to see Wheeler's one-act play. Granddaughter, Kara Emmert had a part. Also nice to see Preston and Elsie Glazner, Cecil and Jean Meadows there. We enjoyed going to Mobeetie XYZ Friday night and to each first Friday. Delicious food and fun, games of chicken foot and 42. Melba Corcoran had a great devotional. Lester Leonard makes a great dishwasher. Thanks, Lester. Louise took every one's blood pressures. Thanks!

Martha Meek and Lois Meadows visited Sammie Atherton in Rehab at Amarillo Thursday. Sammie has improved and hopes to be home this week. LaDell Atwood may stay a few days with her after she comes home. Praise the Lord! Keep praying! or she may stay at the Care Center so can have therapy to help her. J. P. had a doctor's appointment. Nice to visit with Era Jo (Bryant) and Ernest Henderson at Shamrock Hospital Tuesday. They were there to visit a sick relative. Also Melissa Lister, Jeanie Lucas and several others. We always enjoyed hearing Ernesting with Bus Dorman, Hester Dodson and Clois Hanner at Gageby. But they are all gone except Ernest. Sandra Morgan played the piano for them really well. Son Clifton Morgan came, too. Now he is married to Stacy (Knoll). They have twins, a boy, Drayton and girl, Destiny, and live in the Lela area. Sandra Morgan is still teaching school. Mostly Junior High subjects at Shamrock. Clifton is an area distributor for Evergreen feeds. Judge Wendell Morgan came, too, sometimes. Nice to have Wayne and Benonia Maddox from Miami and Homer Sanders and Edna May join us for lunch at the Canadian Restaurant (Motel) Wednesday. Good food. Nice to see Melvin and Eldon Walser, Mr. and Mrs. Don Powell and George Hand there.

Sincere sympathy to family and friends of Mary Urshel, 77, in her death. Best wishes to Cory Kinnaman and Audrey Nell Powers in their marriage at Wheeler Thursday. You'll want to try Estelle Hodges delicious Chicken Spaghetti: 1 1/2 cup short uncooked spaghetti, 2 cups cooked chicken (cut up), 1 can cream of chicken soup, 1 teaspoon salt, 1/8 teaspoon pepper, 1/2 lb. velveta cheese (cut up), broth from chicken as needed, about 2 cups or more. From The Minister's Desk:

A paradoxical character in the American Revolutionary War was Benedict Arnold. At the beginning of the war, Arnold was a general who served with impressive distinction in the army of the Patriots. But he eventually became a traitor and served in the British army until the war ended.

Many historians have tried to explain why General Arnold, an officer of outstanding military character, would "turn traitor". Some have suggested that it was because he thought that General George Washington received more praise from the Continental Congress than he did.

For example, it is reported that he once complained to another officer: "My troops are better trained, better dressed, and better fighters. My troops and I can even march better than Washington and his troops." "But," the other officer replied: "General Washington and his troops can march without a drummer."

To serve with little or no recognition, is more than a characteristic of a good soldier. It is a characteristic of disciples of Jesus. In the Sermon on the Mount, Jesus described His disciples as "--the light of the world." (Matthew 5:14)

As "--the light of the world--" the disciples of Jesus will attract attention. However, they should always direct this attention towards God and not themselves. When

Jesus described His disciples as "--the light of the world--" He also said: "Let your light shine before men in such a way that they may see your good works and glorify your Father who is in heaven." (Matthew 5:16)

Notice that Jesus stated that the purpose of His disciples' "--good works--" was to glorify God not the disciples who do them.

Throughout His ministry, Jesus sternly condemned the use of discipleship for personal glory. For example, Jesus taught: "Beware of practicing your righteousness before men to be noticed by them--." (Matthew 6:1) With this admonition, Jesus did not prohibit His disciples from practicing their righteousness--"before men--." "But He did prohibit His disciples from practicing their righteousness"--before men to be noticed by them--."

Disciples of Jesus are "--the light of the world--." "What stars are to the darkened sky, disciples of Jesus are to a world that is darkened by sin. Their righteous lives should shine brightly and distinctly "--before men--." But they should resist any temptation to glorify themselves and not God.

As the "--light of the world--", the disciples of Jesus should march without a drummer.

There was a 'skunk' on the south end of town Monday night. Jane was unable to host the card game Monday night, so it was 'boys night out'. Dwight and I outscored Benny and Mike. But not nearly as bad as Jane and I were outscored last week.

-cwe-

And, speaking of 'night out', it was the 'girl's weekend out' last weekend for the ladies at the bank. They were spotted at Quail Springs Mall in Oklahoma City and then at Braum's in Clinton on their way home.

I had to wait until the Chamber of Commerce meeting to learn why Kara Richardson was with the group. She is to become an employee of the bank in the near future.

Good Luck, Kara! You have done a good job as Chamber Secretary. You will be missed.

Two Wheeler Students Receive Scholarships

Two high school seniors from Wheeler have been awarded Carr Academic Scholarships at Angelo State University for 1998-99.

The students include Andy Bradstreet and Billie Carpenter from Wheeler High School. Approximately 300 Carr Academic Scholarships for 1998-99, ranging in value from \$1,500 to \$6,000, have been awarded to qualified high school seniors. During the current year over 900 students from throughout Texas and the nation, as well as numerous foreign countries are attending Angelo State University on Carr Academic Scholarships.

As a general rule, students must rank in the top 15 percent of their high school class and present either a combined math and verbal score of 1140 on the SAT 1 or a composite score of 25 on the ACT.

Supported by a growing multi-million dollar trust established by the late Robert G. and Nona K. Carr of San Angelo, the undergraduate scholarships may be renewed annually by the University for students who maintain the required academic record. During a four-year course of undergraduate study at ASU, Carr Academic Scholarships can be worth from \$6,000 to \$24,000.

Extension Update By Joan Gray, CEA-HE

Easter Egg Safety

If you're going to get a stomach-ache at Easter, you would rather be from eating too much candy than from eating a bad egg. As you prepare for the Easter tradition of decoration and hiding eggs, you need to keep safety in mind. Extension microbiologist Dr. Gary Acuff says one in 100-thousand eggs is contaminated. And he says over the past ten years or so we've seen a new form of Salmonella affecting eggs. Instead of being on the shell, it's inside the yolk and the only way to get rid of it is to properly cook the egg. It's recommended eggs boil for at least seven minutes. Then once you're done dyeing the Easter eggs, put them in the refrigerator and leave them there until right before you plan to hide them. Eggs should never be left out longer than two hours. And Extension poultry specialist Dr. Sarah

In many European countries Easter is called Pascha. The word comes from the Hebrew word pesah or Passover, the festival which Jesus celebrated shortly before he died.

Most Christians observe Easter on the first Sunday after the first full moon following the first day of spring in the Northern Hemisphere. In Eastern Orthodox churches, the celebration may take place later.
