Ja'Nae Goad Memorial Golf Tourney Held Sat.

Though it rained and then it rained again the inaugural Ja'Nae Goad Memorial Golf Tournament was played Saturday, April 24th, at the Shamrock Country Club course. Ninety-six golfers from Oklahoma City, Canyon, Austin, Amarillo, Bandera, Vega, Pampa, Panhandle, Canadian, Goodwell, OK., and Wheeler County came to take part in the tournament. Both the morning and afternoon sessions were shortened to a 9-Hole Scramble format due to the rain.

Tournament directors, Denise Ware, Bobby Jennings and Cecil Thomas planned the event in memory of Ja'Nae Goad. Ja'Nae, a senior at Ft. Elliott High School, died in a car accident March 23, 1999. Ja'Nae played golf all four years of the Ft. Elliott Lady Cougars Golf Team. The team advanced to the Regional Tournament the past three years, and the last week the remaining players on the team qualified for the 1999 Regional Tournament. Last year, Ja'Nae qualified for the State Golf Tournament as Fourth Medalist at Regional. She placed among the top twenty medalists at state. Other activities Ja'Nae participated in were volleyball, basketball, track, baseball, and she was a cheerleader all four years.

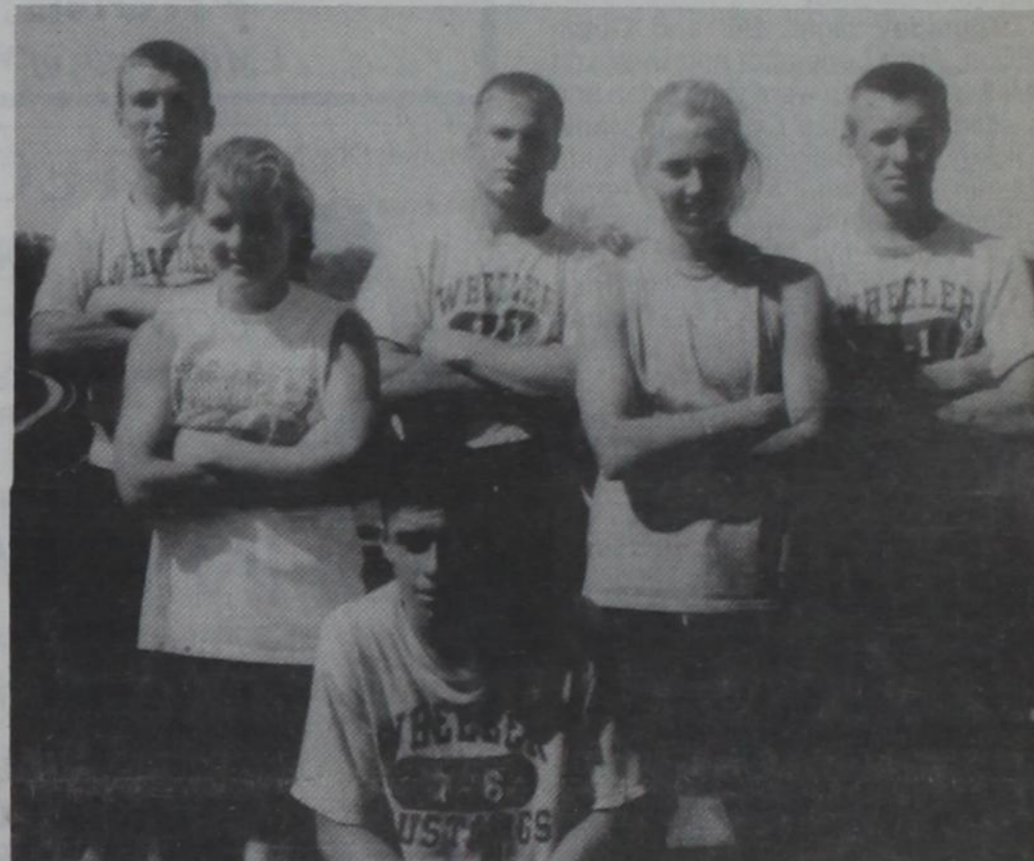

Proceeds from the tournament will be used to establish a scholarship fund. A scholarship will be presented to a graduating senior, who has played high school golf at Ft. Elliott, Allison, Shamrock or Wheeler. A committee will be established to choose the recipient each year.

The tournament directors are pleased to announce the inaugural tournament raised \$4,470.00 to establish the scholarship fund. They also announced this will be an annual event and will be played about this same time in the spring.

Most everyone appreciated the rain over the weekend. I measured 2.14" when we got in Sunday afternoon and 0.26" Monday morning.

—cwe—

I say 'most everyone' because Wheeler Flower and Gift Shop had a mess. The wind storm the week before had rolled the roof off the front of the building and there was nothing left to keep the rain out. Repair work was done Tuesday.

—cwe—

Have you started getting ready for the City-Wide Garage Sale. It is going to be here before you know it.

I mentioned the obituary of John E. Pond in the column last week; he had been listed as a teacher at Wheeler. Chester Jones, Superintendent at Kelton came through with the information. Mr. Pond was an ag teacher at Kelton for the years 1985-86 and 1986-87.

"God Walks Beside You
When life's road seems dark and foreboding,
And the hills too steep to climb,
And you just know you're going to stumble

In simply a matter of time,
Don't ever stop walking—just slow down,

And you'll find some time each day
To enjoy the countless wonders
God has placed along the way.
If the going every gets too tough
And you really could use a friend—
Remember God walks beside you,
And He will till your journey end."

My birds have been doing well. Some report bluebirds, but all of my blue ones are jays. Have towhees, cardinals, woodpeckers, and all kinds of sparrows and little birds.

Thank you, Geraldine Stallings, Santa Maria, CA. We used to have a neighbor named John Stallings, who had kids named Willard and Mildred. Cleo Simecek, San Antonio, spent

nearly three weeks at Erick visiting Iona Miller, her friend of forty years. Her son from Lawton brought her. Other friends, Harry Hodges and Roy Hodge of Ft. Worth dropped by to see Iona. They were on their way home from California.

I ran across this remedy for Arthritis relief in a paper. Had been in a church newsletter. Dump a box of golden raisins in a shallow dish. Cover completely with gin (cheapest kind). Let set uncovered till liquid disappears. About 7 days. Put in covered container and eat nine raisins a day. Supposed to do wonders. I never tried it.

Monica Bentley, Brian Davis and Colby Hagerman, of the Sweetwater FFA Chapter have been nominated for State Farmer degrees. This is the highest honor in the state. The state convention will be at the Myriad Convention Center, April 27-28. John Creason is their ag instructor.

Bonnie Rice, our postmaster, spent three days at Lake Texoma attending the State Postmasters' Convention. She said it was very informative and she really enjoyed it.

Hansford and Almeda Jenkins were up from Texoma to visit his mother, Stella Jenkins. They mowed the yard and did some chores as well as visiting.

Renita Holland and Laura Anderson have been in the hospital. We hope they are improved.

Ray and Doris Smith visited Edward at Okarche. He has a new home and they really enjoyed seeing it.

Cousin Andrew McCathern called from Pampa to see how we are. They are just back from spending the winter in South Texas. Zapata, I think. He called the wrong number and got Iva Thompson. They are sort of kin too, so had a nice visit.

They are talking about the wonderful new TV's; they have invented. Puts those we have now to shame. Will only cost \$7,000 to \$8,000 per set. I'm hoping they will keep the present kind of TV programs for all of us who can't afford the new sets.

Mobeetie Fire Dept. Has Storm Watch Training

The Mobeetie Fire Department held their annual storm training April 20, 1999 at the Fire Department meeting room. The two hour training session was given by Doug Crowley Amarillo National Weather Service Warning Coordinator meteorologist. Rob Hogan introduced him. The following fire departments were in attendance Briscoe, Canadian, Allison, Miami, Hoover, Wheeler and Mobeetie. There were about 50 in attendance. The Mobeetie Fire Department served refreshments. Those from Mobeetie attending were Tim and Sallie Adcock, Doug and Aline Corse, Rob and Geniva Hogan, Tony and Francis Dickey, Bill and Virginia Ridgway, Jack and Bernice Helley, Amanda Mick, Louise Hogan, Ronnie Hungate, and Joe VanZandt. Following the training session the Mobeetie Fire Department held their monthly meeting with Assistance Fire Chief Tim Adcock in charge. He called the meeting to order at 9:35 P. M. Tim read the Minutes for the March meeting. Rob Hogan made a motion to approve the minutes as read. Seconded by Ronnie Hungate. Bill Ridgway gave the financial report. Rob reported that the grants to outfit the new truck was ready for signature and ready to mail. Tim reported that they had got several donations to help with the truck. He also reported on the work being done by Ronnie Hungate on serving the truck and repairs. Canadian gave them a bed for the truck. Doug Corse and Tim Adcock had picked it up. For now they will use the old pump. They need to get the cab for the truck. Randy Barr will fix the brakes on it. The group decided to get a committee to see about the cab. Rob Hogan made a motion for James Gatlin and Tim Adcock to appoint a committee of three to serve on this. Seconded by Ronnie Hungate. Carried.

Ronnie Hungate reported that he might be able to get some used air seats for the truck. He will check further on it. The group wanted to get them if possible. There was a discus-

sion on what to do with truck 41. Ronnie Hungate made a motion to sell the truck in an auction with a 800-1000 dollar floor. Seconded by Doug Corse. Carried.

They purchased the air compressor from the Hogan auction. Rob will help them get it wired and ready to go. They also have the new breaker box and Tim will order more breakers to put at the arbor for the Bluegrass Festival for the concession stand.

Tim announced that they need two people to help in Wheeler on May 4 for the Fire Safety House Project. They will help with the school children going through the exhibit. Melba Corcoran and Tim will be there.

The group decided that James or Tim should go on the signature card at the bank along with Bill and take Rob Hogan off as he is leaving.

The May meeting they will have to make all the discussion on the Bluegrass Festival.

Doug Corse made a motion to adjourn at 10:15 P.M.

Those attending the meeting were Tim Adcock, Rob Hogan, Bill and Virginia Ridgway, Doug and Aline Corse, Ronnie Hungate, Joe VanZandt and Melba Corcoran.

Visitation (from Page 1)

the week of visitation if you cannot come on your child's day.

The State of Texas requires the following before your child can be enrolled this fall:

1. Birth certificate — Certified Copy, not hospital copy.
2. Immunization records verified by a valid clinic or physician.

The Wheeler school requires your child's social security number for accounting and record keeping purposes.

You must have these documents in order to enroll your child in the fall. Some of them take time to be processed, so it is a good idea to apply for them immediately.

On the day of visitation, please bring a copy of your child's immunization records to leave at the school. If you don't have a copy, stop in the superintendent's office on your way in, and they will make a copy for you. The nurse needs these records to review before school starts. Leave your child's other records at home. Bring all records when you come to enroll your child in the fall.

in itself. Soaking ones feet in tea will solve the problem of smelly feet. Using that much tea for something other than drinking was a problem for me.

Once again the weekend included a trip to Oklahoma City and Hinton.

No cards until Sunday afternoon.

Robert joined us at the card table and had me as his partner; We won all three games and finished just a little after 9. Dwight and Paul almost won the second game.

and third grade students on May 4, at 7:00 p.m. in the High School Auditorium. There will be a small admission fee of \$1.00 per person. This money will go to purchase new music and instruments for the elementary music program. Any additional contributions will also be welcome and appreciated. We hope everyone will come and enjoy a night of fun at "The Granny Awards."

Fog, clouds and dew, but no rain here yet. One of my neighbors said it had rained on all the just so maybe it would rain on us "unjust" now. My onions said dry for the year. The long range forecasters say dry for several months, at least. In fact, some of them are saying it may be from now on, due to El Nino, global warming, etc.

My lilacs are about through blooming. I have had old timers tell me they could remember them being this tall and in bloom in 1918. The yellow roses are in bloom.

This deal in Colorado has been terrible. Our kids used to live in Littleton and we visited them there.

The Volunteer Supper was a great success, as always. We are proud of them. Board members are Charles Hagerman, Donnie Walker, Charles Arrington, and Teresa Locke. Fire officers are Greg Henson, Chief; Tim Bryan, Asst. Chief; Training officer is Scott Locke; Safety officer, Wesley Powers. Other firemen and EMTs are Ryan Arrington, Tyler Heinsohn, Ray Stafford, Joel Alexander, Marshall Henson, Justin Passmore, Mike Sites, Kenny Newell and Chad Blevins. Ben Olson has retired as secretary and Teresa Locke has taken the job.

Does everyone get these weird telephone calls? We had one at 2 a.m. Really frightened us. We were afraid it was a death message. Have had several at seven a.m. That is too early to be asking for contributions.

Jada Alexander and Judy Tipton shopped in Oklahoma City yesterday. Had fun finding bargains.

Editha Hildebrand and Edith Alexander have been in the hospital with pneumonia. Clara Lou McGuire is home and doing well. Richard McEntire came home Saturday.

Guess I've got a one track mind. Got to watching my Utah Jazz play ball and forgot about my Ranger Walker show. I'm glad he is back on for awhile.

Proverbs 14: 12 & 34: There is a way which seemeth right unto a man, but the end thereof are the ways of death.

Righteousness exalteth a nation; but sin is a reproach to any people.

It's a cool partly cloudy Monday morning with a little fog early this morning, but the sun came through and it's a beautiful day.

Glen and Nona Elmore, Arden and Kimberly Jones, Garrett and Eden of Ft. Smith, Ark., attended the 89th birthday celebration for Glen's sister at a nephew's home at Wellington, Tx, last Sunday. Others there were Ray and Sue Giddens and Larry Elmore. Sunday over night guests with Glen and Nona were Clara Sue Jones, Arden and Kimberly, Garrett and Eden.

Bob and Lou Cornell attended the Rattlesnake Derby at Mangum, Okla., this past weekend.

Pete and Margaret Gilmer took Peggy Chandler and Jennie Walker to Elk City last Friday to the El Charito Mexican restaurant to celebrate Peggy's birthday.

My last Saturday dinner guests were Darrel and Johnnie Harrison from Amarillo. Johnnie comes down every weekend and fixes my hair for me. I really do appreciate her doing that.

Saturday the 17th, Opal and Juanita Boydston were in Amarillo and spent Saturday and Sunday night with Warren and Charlene Brown. On Sunday morning they attended church with Warren and Charlene at the Jubilee U.P. church; Sunday night they went to the North Side United Pentecostal Church. Wheeler Elementary, Jr. High Plans Read-A-Thon

The Wheeler Jr. High and Elementary students will once again participate in their second annual READ-ATHON for books contest. The students will be asking for pledges for the Accelerated Reading books that they read and for the Accelerated Reading tests that they pass, for a two-week period. The contest will be May 3-17.

Prizes will be awarded to the student in K-2, 3-5, and 6-8, who accumulates the largest number of books read, test points and money earned. Additional prizes will be awarded to the first, second and third runners-up in each division. The Wheeler Banking Center will sponsor the prizes.

Going to high school is a time for growth, decision making and celebration for young people. Unfortunately, many students decide to celebrate by drinking alcohol or using mind altering chemicals. Too often, this produces disastrous results. With help and encouragement, young people can break this tradition!

Project graduation was initially developed in Maine, under the title "Project Celebration" as a way to stem the deaths and disabilities associated with drinking, taking drugs and driving. In 1985, 95% of the schools in Maine hosted successful chemical free parties. At the end of the 1985-86 school year, approximately 200 Texas High Schools reported that they had successfully hosted chemical free celebrations around graduation time.

The primary aim of project celebration activities is to reduce the number of young people involved in drug and/or alcohol related driving accidents. Communities can offer an alternative method of celebrating special occasions. In many communities a chemical free party is in stark contrast to a tradition of student/parent sponsored drinking or keg parties. Implementing a local version of project celebration often involves changing many established norms, attitudes and behaviors related to alcohol and other drug use.

A factor in drinking and driving behavior is the lack of accurate information concerning alcohol. Adult and youth drivers have a lack of knowledge in the areas:

Effects of alcohol on teen's driving skills;
Amount of alcohol needed to produce impairment
Alcoholic content of various drinks
Time required to oxidize alcohol
Ineffectiveness of popular methods of sobering up
Penalties of drinking and driving
Nature and effectiveness of chemical tests.

Some parents who sponsor drinking parties for young persons are unaware of their moral and legal responsibilities for the health and safety of their minor guests. Typical excuses parents have offered for serving alcoholic beverages to minors are:
"I'd rather have the kids drink here—it's safer"
"It's my kids turn to have a party and all her friends have had a keg at their parties"
"We won't serve hard liquor, just beer."
"All the parents allow it"
"If my kid doesn't drink at home, he'll do it some place else"
"I'd rather know what's going on"
"High school kids are under a lot of pressure. I want our kid to think of us as friends"

Project celebration involves establishing a new tradition in many communities. Students and adults can learn that it is possible to have a good time at a party without the drinking or using drugs. In many Texas communities, the chemical free party idea has transcended graduation night, and now includes proms, end of sport season parties and other special activities.
