IRISH TRAMPLED IN MUSTANG STAMPEDE

Jacob Britt, #17, carries it over for 6 points

WHEELER WINS CO. CHAMPIONSHIP, 66-8

The Wheeler Mustangs hosted the Shamrock Irish last Friday night at Nicholson Field. Another District ball game for both teams. Shamrock Irish entered the game with a record of 2-6 overall 0-3 in district play. While the Wheeler Mustangs entered the game with a 8-0 overall 3-0 in district.

Mustangs won the toss and elect to defer to the second half the Wheeler Mustangs kicking off to the Shamrock Irish. After the kick off to the Irish the Mustang defense holds forcing the Irish to punt. The Wheeler offense will take over. It takes 6 plays to go 56 yds. as Casey Childress get a final 5 yd. on his TD run. The kick is no good and the Mustangs take a 6-0 lead with 6:42 left in first quarter.

The Mustangs defense comes up on a big turnover on the next possession giving the Mustangs the ball on the Shamrock 31 yard line at this time the Wheeler Mustangs would try quick as Justin Chapman receives a 31 yd. pass from Brook Brown for a TD. Casey Childress goes over left tackle for the 2 point conversion giving the Wheeler Mustangs a 14-0 lead with 6:17 to go in the first quarter.

Again the Wheeler Mustangs defense would pull the Shamrock offense and would come up with big play and turn the ball over to the Mustangs offense on the 37 yd. line of the Shamrock. The Mustang would start a quick and it takes them to 2 plays to go 37 yds. Brooks Brown hits Kyle Masters on the 37 yd. TD pass. Ben Dollars kick is good. Mustangs upped the lead to 21-0 with 4:08 to go in the first quarter.

Second quarter would see the Wheeler Mustangs get 2 quick scores. First score Brooks Brown goes over the right end for 23 yd. kick failed as the Mustangs up their lead after 12 plays and 69 yds. scoring drive with 9:25 left in second quarter.

The defense would again come up big as they would pen Shamrock deep on their own end after a punt. The Mustangs would take 3 plays to go 43 yds. as Brooks Brown goes over 1 yd. out. The run failed and the Mustangs have upped their lead to 33-0 with 8:04 to go in the second quarter.

The second quarter would see the Mustang substitute the backup ends and would give most the kids a rest. As they go in with the Mustangs leading 33-0.

Wheeler would take the opening kick off of the second half. Brooks Brown would start scoring with a 19 yd. run covering a 8 plays and 47 yds. run for the Mustangs. Ben Dollars kick is good the Mustangs are again on the board increasing the lead to 40-0 with 8:26 left in the third quarter.

On the next Shamrock possession Bret Goad stripped the football from Shamrock running back, and recovered in the end zone for a TD as the defense gets on the scoring and gets in with the scoring the kick is blocked and the Mustangs would up their lead to 46-0 with 8:12 left in third quarter.

Again the defense comes up big turns the ball back over to the Mustangs.

Chamber of Commerce Project

DRIVE UNDERWAY FOR NEW LIGHTS

Wheeler's Christmas lights are in need of replacement; the cost of the Chamber of Commerce project will be \$2,000.

At a meeting of the Wheeler Chamber of Commerce Tuesday, the group decided to undertake the task of raising the money needed to replace the entire lighting system around the square. In an earlier meeting, the chamber discussed the replacement of the lights as needed, but investigation showed the need for a complete new system for five years.

The lights, which outline the buildings on the square and some of the outlying businesses, are held in place with plastic holders. In many cases, these have become brittle and break when the need for a replacement bulb is needed. An improved holder is now on the market.

The lights when originally put into place were multi-colored. As the bulbs needed replacement, it was necessary to have all four colors of bulbs at hand in order to insert the correct color. Over time, the colors become faded and or peel. At the meeting Tuesday, the decision was made to purchase clear bulbs.

Lots of help is needed, both labor and money. The community is being asked to dig deep and help finance the project. The installing of the system, under the direction of David Wright, will take the help and cooperation of chamber members and other individuals. The date of the 'workday' will be announced at a later time.

Grace Porter, 98, Will Be Buried Here Friday

Mary Grace Porter, 98, died Monday, November 8, 1999 at Columbia Medical Center in Conroe, Texas. Graveside services will be at 2:00 P.M., Friday, November 12, 1999 in the Wheeler Cemetery with Rev. Rob Lindley, pastor of the First United Methodist Church in Wheeler officiating. Burial will be in the Wheeler Cemetery by Wright Funeral Home in Wheeler.

Mrs. Porter was born on November 7, 1901 in Troy, Texas to James and Daisy McLin Griffin. Grace was a graduate of Troy High School. She attended Mary Hardin Baylor College and Southwest Texas State University. She married James Nelson Porter in 1929 at Wheeler. Grace was a long time resident of Wheeler before she moved to Houston several years ago. She was a member of the First United Methodist Church, Wednesday Study Club and the Garden Club. She is preceded in death by her husband in 1970.

Survivors include 2 daughters and sons-in-law, Frances and David Crouch of Conroe and Rosemary and Douglas Lewis of San Antonio; 1 sister, Ruth Hardgrave of Ft. Stockton, 6 grandchildren and 8 great-grandchildren.

This is not just a chamber project, it is a community project.

Joyce Martin's bake sale has raised \$145.00 for the purchase of the new lights. Rather than make a cash donation toward the project, Mrs. Martin is taking orders for baked goods with the proceeds from the sale going to the chamber.

Wheeler County

Translator System Needs New Equipment

Over 300 people in north Wheeler county make use of the television translator System. Last year 151 people donated a total of \$7,908.00 to allow the continuation of the translator services. This year viewers face a new challenge. Those currently watching the channels 4, 7, 10, and Fox, out of Amarillo, have no doubt noticed the poor reception on all but channel 7.

At this time channel 7 is the only one that is solid state and therefore the best received station those without cable can obtain. The price of the new solid state transmitter for the remaining channels is \$16,000.00 each for a total of \$48,000.00. The television stations of KFDD channel 10 or (43 on your dial), KCIT channel 14, (received as 45) and KAMR channel 4 (also 41) have agreed to pay half of the cost for the new translators.

This offers a significant help to the people and make the goal of \$24,000.00 more obtainable. It is now that the translator board must look to the viewers who enjoy watching the channels to assist in updating the system. Representatives for the board state that the translators are now outdated and in desperate need of an upgrade, a point clearly understood by those attempting to view channel's 4, 10, and 14. The translator board would like to provide better service, but to do so need help to accomplish the goal. Currently residents cannot pick up the channels via personal satellite dishes.

Co.Show Hog Validation Will Be Tuesday, Nov. 30

All hogs that are to be shown in the Wheeler County Junior Livestock Show or the major Texas shows must be validated in November.

State validations will include ear tagging, tattooing and recording ear notches. Validation forms must be signed by the exhibitor and the exhibitor's parent. The exhibitor and parent is responsible for seeing that all information on the validation form is correct. County show hogs will be tagged. There tags will be the entry number for the County Stock Show. Extension programs serve people of all ages regardless of socioeconomic level, race, color, sex, religion, disability or national origin. All donations are tax exempt and the tax I.D. number will be provided if needed. It is extremely important at this point and time that the stations be brought up to the solid state level. MEMORIAL STORIES

About Veterans on County Memorial

Memorial Stories

On the Home front Americans wanted to do more to help the cause. They bought War Bonds, saved kitchen fat, used V-mail and collected scrap metal.

Drives were held for rubber, aluminum, tin cans, tin foil, waste paper and toothpaste tubes. Milkweed floss, 600,000 pounds of it, was collected for life preservers. Blood was the most valuable donation of all. The 13 million pints collected, combined with technological developments that allowed transfusions on the battlefield, saved many lives.

"Junk ain't junk no more" went the song, "cause your junk will win the war". One old car rolled off a scrap pile with a sign reading "Praise the Lord, I'll Soon be Ammunition."

An anti-inflation feature read "Use It Up, Wear It Out, Make It Do or Do Without" was a monthly full page feature in hundreds of magazines.

America was at war! "Work or Fight". Lets look at some who fought. Major John Wallace Fields son of Mr. and Mrs. H. T. Fields of Shamrock. He was a graduate of Texas Tech. He entered the AAF in 1940 and trained in Ca. He served in East Indies, New Guinea, Guadalcanal, Solomons and Coral Sea. Wallace was awarded DFC with Cluster and the 19th Group Unit Citation with 3 Clusters.

1st Lt. Alvie O. Vanpool son of Mr. and Mrs. J. A. Vanpool of Chickasha, husband of Novella Whitener of Wheeler. He attended Kelton High School and entered the Army in 1941. He was awarded Merit Service Unit, American Defense, A-P Ribbon, 2 Bronze Stars, 1 Arrowhead, AT, Victory, Philippines Liberation Ribbon and 1 Bronze Star. He was discharged in 1945.

Meeting To Discuss Finding New Businesses

Many people in Wheeler County are interested in finding ways to develop new businesses and maintaining the businesses that are now in operation.

This past spring the Texas Agricultural Extension Service conducted the Texas Community Futures Forum process to determine what issues wheeler residents thought would affect Wheeler County in the next three to four years. Economic development and job development were two of the issues considered most important to the future of the county.

The Wheeler County Extension Office and the Extension Program Council is sponsoring a county-wide meeting to discuss ways to promote business activity in the county. Speaker for the program will be Mr. Don Taylor, director of the Small Business Development Center at West Texas A&M University. The meeting will be held in the fellowship hall of the United Methodist Church at 7:00 p.m. Monday, November 22, 1999.

Mr. Taylor's program will present ideas for new businesses and directions that organizations such as Chambers of Commerce and Economic Development Boards can take to develop new business opportunities and maintain the health of current businesses. He will also address developing businesses based on tourism and the Internet.

Mr. Taylor and the Small Business Development Center has assisted many small businessmen over the past years. Taylor is well known in this area for his column in the Sunday Amarillo Globe News and for his book, "Up Against the Wal-Marts."

Sweetwater News

By Lois Flowers

Here it is November and we had a slight freeze one night. The weatherman says we can now call our nice warm weather "Indian Summer". No rain yet and it is serious.

Halloween came but we had few spooks. It was time to set our clocks back, I don't feel competent to set there new fangled watches so keep two. One on each time set. Sure enough the old one I brought out was on the dot. Mon. 11-1.

Esther Pearl and Joe Dale sent a box of homemade cookies from San Antonio to the Erick Nursing Home for Halloween. They were served at the Halloween party and greatly appreciated.

Anne and L. G. Reed attended the birthday party at Cheyenne Saturday night for their three year old granddaughter, Tracy Beavin. She received a lot of gifts, including a darling costume from Anne. They took a lot of pictures.

Nice to visit a minute in town with Elsie Curry, Charlotte Tignor, Betty Hill, and Snooks Jagers.

Recent quests of Ruby Sutton were Walter and Joyce Jones, Cordell; Bess Wilson, Sayre; Laura Anderson, Weatherford; Daryle and Linda Cox, Bryan and Matthew.

Visiting Stella Jenkins last week were Hershel and Betty Anderson, Ollie Anderson, Norma Zellmer, and Helen Smith.

Our Erick-Sweetwater Bearcats beat Canute in their first game of the season. The Lady Bearcats weren't so lucky and were defeated. They will play Granite tonight at Erick.

Don Roberts will be retiring in December after 38 years with the Sayre College.

Villard and Janiece Sanders were over Sunday afternoon to see Helen Smith.

Scientists are studying the remains of a dinosaur found in Oklahoma in 1994. They think it was over 60 feet high and would have weighed as much as 60 tons. Was supposed to have lived over 100 million years ago.

J. M. and Eunice Gamble, Pauline Roberts and Betty Anderson attended the recent Beckham-Roger Mills OREA meeting at Elk City.

There's being a lot of phone calls made lately and no one answers when Hello is said. If the caller realizes he has a wrong number, he should say he's sorry.

Birthday folks are Betty Brothers, Francis McCathern, Lucy White, Lindsey Anderson, Albert Bryan. Anniversary folks are Viola and Earl

Stewart. Happiness to all. November 11 is Veterans Day. Honor our veterans and we have many.

To The Editor

The Wheeler Times
Wheeler, TX 79096

2 November, 1999

The Wheeler Times:

Today I received this paper of October 28, 1999, here in Wheat Ridge, Colorado. My wife, Lois, got a call from the Baptist Church that we attend here stating that tomorrow a dinner would be given to those of us who have birthdays in November.

I was born in the old Wheeler Jail November 9, 1915. My father was the sheriff of Wheeler County. I was given the initials of my father, Malcomb Lee, and my mother, Margaret Louisa, as M. L. When I first attended Texas A&M and used initials, I was told that I must have a name. I misspelled Malcomb because in taking *Shakespeare* Malcomb was not like my father's name was spelled.

I will be 84 November 9, 1999. I will say that life has been good to me in so many ways. I was not hurt in two battles when we landed marines on Tulagi in the Solomons. I worked with over 450 Japanese P.O.W's that we took from Guadalcanal in New Caladonia. I was able to go from New Daledonia to New York City to become an Ensign in the U.S. Navy.

While there I met a wonderful girl, Lois Dubuar, whom I married after spending 22 months on the USS Patoka (AO-9) a tanker. We were together only one month before the Patoka was sent to Okinawa, where we survived 3 typhoons before WWII ended. The Patoka returned from Japan to Galveston, where I retired so that I could be with Lois. The GI bill enabled me to get a degree in agriculture from A&M. I went back to teaching. I taught 20 years in Texas and 20 years in New Jersey before Lois and I moved here in Colorado. We have 3 children and their families here. Our oldest daughter, Pamela, still lives in New Jersey.

I forgot to mention that my first 22 months as an Ensign on the USS Patoka, we hauled oil off the east coast of South America, from Uruguay up to the Amazon River and many ports in between. I was single then. We were in Rio De Janerio, Brazil 8 times. If one got a date with a Brazilian girl, they had to have a chaperon. Portuguese is Brazil's language. The rest of South America uses Spanish. I learned Spanish when I attended Wheeler High.

LA RESPUESTA
CRISTO le ha dado dones y talentos espirituales a la Iglesia. Con esos dones los creyentes pueden contribuir al ministerio y al crecimiento de la Iglesia. Si no esta seguro de cual es su don ni como puede usted ayudar en su Iglesia pidale a DIOS que se lo muestre. El le ayudara a entender sus dones y le dara oportunidad para que los use en la edificacion de la Iglesia.

Just Desserts
When the glaze is off the turkey
And is on our eyes instead,
When nothing looks more tempting
Than a pillow on a bed,

When the guests are full of stuffing
And the bird is clearly not,
Oh, then's the time the best dessert
Would be a folding cot."
—Alma Denny, Reader's Digest.
Doris Finsterwald has had trouble with a knee locking down. The doctor at Amarillo Friday put a shot in the knee. She is supposed to wait a month. If it isn't better they will try something else. Maybe arthroscopy. (probably misspelled)
Brad and Sarita Dawson and Dallas and Micaela spent Wednesday night with Ed and Laurel Hershman and all went to the First Baptist Church for supper and Bible Study. Something for all ages.
Melody Morgan was a weekend visitor to James and Mardi Ogle. She is on vacation. Recently Melody went with her grandparents, T. K. and Lorene Carter from Amarillo to Louisiana to visit Melody's brother and family, Greg and Stephanie Morgan and Keith and Cody. Misty Gilmer also visited and they made an attractive headboard for Melody's bed from old boards.
Visiting Kevin and Jona Meek and Shantell and Tommy from Thursday to Sunday morning were their pastor and wife, Gary and Ann Deskins from Missouri. They all went to the football game Friday night. Kevin and Gary rode horses some, also. Ft. Elliott won over Lefors.
Sat. at the Cross Country run at Lubbock. Ft. Elliott girls team was 8th out of 25, but only the top three teams advanced to state. Kyleigh Trimble was 9th, so will advance to State, as the top ten individuals go on. Congratulations to all!
Sincere sympathy to family and friends of Terry Tidwell, 41, in his death.

Randi and Kathi Singleton adopted Sarah Lillian Singleton on October 22, 1999. "Our bundle of JOY will be a very healthy one-year-old on November 6. We thank God for this incredible blessing and ask you to please keep Sarah and us in your prayers." Lovingly, Randy and Kathi Singleton. We are so happy for you all! She's a beautiful baby.
Mardi Ogle was saddened when her Brittainy Spaniel, Joe, got run over in front of their house and had to be killed. She had him four years and was really attached to him. She did get a new Brittainy Spaniel, Orange and White, 9 weeks old. Just like the other one. He is real active.
Friends of Juanita Prater will be glad to know she got to come home Sunday night after her stroke and stay in BSA. They sent a walker, but she doesn't have to use it and is talking o.k. Keep praying for Juanita and family.
Jeremy and Shellie Johnson and Tanner from Miami spent Sunday with James and Mardi Ogle. They also brought their little dog, and he got run over. Had to take him to Ben Ed and he had to stay. The Ogles plan to have a yard fence very soon. They don't want to take any chances with the grandbabies or the puppies. Busy corner there. The Johnsons also visited grandparents, Cliff and Dorothy Ogle.
Mike Bradstreet, son of Roy and Nell Bradstreet, came to the funeral for Terry Tidwell Wednesday. They were classmates and good friends. Mike lives at Wascum, Texas, but

came for the funeral. Wascum is on the Texas, Louisiana line. Mike was always very musical. Rosalie enjoyed a visit from Mike on Thursday afternoon. Rosalie has two old guitars. One she paid one dollar for and put new strings from a garage sale. Mike made it sound real good. Rosalie has been practicing playing it some. Hope to hear you play soon, Rosalie.

Jeremiah 10: 10-12: But the Lord is the true God, he is the living God, and an everlasting King; at his wrath the earth shall tremble and the nations shall not be able to abide his indignation.

He hath made the earth by his power, he hath established the world by his wisdom, and hath stretched out the heavens by his discretion.

Another beautiful Monday morning here in Allison. There has been moisture on the grass the last two mornings.

Jerry and Cathy Gilmer of Amarillo called and asked me to meet them in Wheeler last Sunday to eat dinner with them at Maxeys. Then we came back to Allison. Cathy went out to Stephanie Walker's to give training lesson for Home Interior work to Stephanie and some other ladies from Elk City, who joined them there. Jerry spent the afternoon with me, enjoyed the short visit and just being with them.

Rhonda McWhorter, Tanner and Tyler from Wheeler visited Ruby Craig a while Sunday afternoon. Ruby and Wilma Gilmer were in Wheeler Monday morning from there they went on to Pampa to do some shopping.

Leota Black's weekend guests were Tim and Tina Thomas and Savanna, Robert Williams and family, Don and Roger Hadley and Tyrel Evans.

Last Wednesday, Opal, Juanita and Curtis Boydston visited Forrest and Janice Boydston in the afternoon.

Last Thursday, Opal, Juanita and Curtis were in Wheeler and then in Pampa in the afternoon.

Golden Agers Are On The Go To Elk City

Golden Agers, First Baptist Church, Wheeler, were on the road again to the Red Carpet Theatre at Elk City on Nov. 2, to see the last production of the season, "Deathtrap".

The van was ready to go as fifteen people began to climb on board. With everyone seated and ready to travel, the van headed east.

After the play, everyone was ready to have ice cream at Braum's, if the van happened to stall or suddenly pull to the right. It seems to know when it is approaching a Braum's store in any and every town. Sure enough, we had to give it a rest, so all the passengers climbed out without complaint and headed straight for Braum's door. No one waited for anyone!

Thus refreshed and chilled, we headed west toward Texas and Wheeler to be specific. As usual we arrived home the same day we left.

Those enjoying the evening were: Betty Howard, Ed and Laurel Hershman, Lois Meadows, Evelyn Meek, Marie Gudgel, Mary Margaret Dodd, Marie Baker, Vea Fillingim, Jo Redding, Ann and Joe Ellison, Mae Brazeal and Donald and Anita Reeves.

Kelton Pre-K Takes Field Trip To Canyon Museum

The Kelton Pre-K, Kindergarten, and 2nd grade went to Canyon on a field trip to the Panhandle Plains Museum on Wednesday, November 3rd. The students learned how the Indians lived, hunted, and survived with the land around them. They also saw first hand Indian spears, knives, attire, and what the Indians used to make a fire. The group toured the Indian section of the museum and was most impressed with the wardrobe and the different ways the Indians wore their hair. The students, teacher, and the parents also took a small tour of the West Texas A&M campus after they left the museum. The trip was enjoyed by the whole group.

The students who attended the field trip: Maggie Jones, Elizabeth Moore, Jacob Presley, Robert Ruiz Jr., Bailey Presley, Tabitha Ruiz, and Mrs. Reynolds the Pre-K/K teacher. The parents who went along as chaperons were Taire Knight, Lisa Presley, and Brandy Knight.

A billion in America and France is a thousand million. In Great Britain and Germany it is a million million.

Fat and Wanda Childress left Monday, Nov. 1, to go to the Caddo Lake area. They visited Vernon and Sandy Reid at Bloomberg and toured the area by pontoon boat and car. Also fished some. There is a lot of history about the area. Government workers worked in the area in the 1930s to make a waterway around the lake. When Fat and Wanda first got to Atlanta they stopped to eat at the Golden Corral. A familiar looking couple came in to eat. They got to visiting with them and found they were Mr. and Mrs. Roy Hathaway. Roy is a brother to Paul Hathaway. The Roy Hathaways raise chickens for a company. Friday night Fat and Wanda went with Vernon and Sandy to a fish place for a company supper as honored guests. They came home Saturday. Cathy Hunt fed their cows while they were gone.

Nice to have Lance, Caroland and brother-in-law, James Fortner, come Friday night to do a little hunting and visit over the weekend. Thanks, guys, for fixing leaky faucets and other jobs. They went to church with us Sunday and to Maxey's for lunch. They went home Sunday night to their wives at Lubbock. They also helped dig out a leaking water line. Thanks.

Visiting Addie Swift a few days was her son, Roy, from Eastland. They went to Pampa one day and shopped a little and ate at Long John Silvers. They went out to see Dub Swift, but he wasn't home. They came back through Wheeler to see Bob Swift, but he was gone, too.

Nice to see Clifford and Euline Walser at Maxey's Sunday. Also Preston and Elsie Glazner with Leona Coates at Maxeys.

Addie Swift enjoyed going to the football game at Briscoe Friday night. Nice we won.

We had a real good singing and a nice crowd and good fellowships at Mobeetie First Sunday Singing Sunday night. Some singing were Nadine Lane, Bob Meller, Marion Grimes, Carolan Aycock, Johnny Crawford, Martha and Evelyn Meek, Lois Meadows and congregational songs led by Marion Grimes. With poems, readings, jokes and talking were Chuck Hogan, Mary Cornell, Aaron Laverty, Melba Corcoran, Willa Fillingim, Johnny Crawford. Pianists were Doris Finsterwald, Estelle Hodges, Rozalie Keelin, Evelyn Meek. All sounded real good. Martha Meek and Willis Fillingim played harmonicas. Denzil Leonard was M. C. Lots of delicious food. Next singing will be Sunday night, December 5, at 6:00 p.m. at Allison. Visitors always welcome.

Donald Hill preached at Briscoe Community Church Sunday. He brought his son, Ben, and a group of boys and Greg and DeRhonda Crosby. The Crosbys sang. The boys sang with them and some of the boys gave their testimonies. Briscoe really enjoyed them all.

Pauline Hefley and I enjoyed a nice "Sisters Day Out" Tuesday with lots of visiting and eating at Hystys in Shamrock and a little shopping at Dollar General. It turned out to be a beautiful day, crisp but pretty calm. Foliage has stayed pretty and gorgeous on the drive to Shamrock. I went south from County Line to avoid highway construction going on through Briscoe on dirt road past Lou Dean Douthitt's house to dead end then back to 83. Lots of golden trees.

Visiting Willa Fillingim Thursday were Brad and Sarita Dawson and Dallas and Micaela. The guys were looking into the hunting situation. Micaela enjoys the kittens and rats and other animals and the trampoline.

At Paducah Thursday night Ft. Elliott High School volleyball team defeated Chillicothe 15-7, 15-4 in Bi-District play off. For area they will play Bronte at Knox City Tuesday night, Nov. 9 at 6:30. Good Luck.

Nice to have Homer Sanders and Edna May join us for supper at Maxeys Tuesday night. Thankful we are all still able to go and visit.

Nice to see Daphne and Charlie Sullivan at Pampa Pool Wednesday. Doing good. They are from Lefors.

Wednesday Mary Lou Carter and Jeanette Jahnel and Deseray were eating at Furr's. Deseray is beautiful and lets you know when it's dinner time.

Bouquets to the man at the Singer Center on Cuyler Street in Pampa. I didn't get his name. My foot pedal wasn't making contact or power on my sewing machine. A wire was loose or broke. He fixed it and some other things. Runs great and no charge. Took care of it while we were in town. Many thanks!

Dean and Georgia enjoyed supper at Maxeys Saturday night. Try this delicious

Mexican Stew

- 1 lb. sausage
- 1 lb. hamburger meat
- 2 cans of Rotel tomatoes and Green chilis
- 2 or 3 cans of chili beans
- 3 cans of Minestrone
- 1 onion chopped fine
- Beef or chicken bouillon cubes.

Saute onion in butter and set aside. Sauté the two meats in deep skillet. Pour into colander to drain grease and pour hot water over it to rinse. Combine meats with onion and other ingredients. Simmer in crock pot for hours as that melds the flavor.

Wal-Mart has Progreaso Minestrone in soup section, which is cheaper. Or other veggie soups can be used. Also other kinds of beans, rice, macaroni, etc. can be used. Serve with Mexican cornbread if you wish. Just add 1 can creamed style corn and 1/2 cup Jalapino peppers to your regular cornbread, or serve with crackers. Recipe from Willa Fillingim. Sent by Joyce Hardage.

We enjoyed going to Miami Fun Bunch Monday night.

Some others there were Martha Meek, Doyle and Bulah Grimes, Sid and Betty Talley, June Wheeler, Esther Bowers, Twyla Taylor, Jane Bright, June Heare, Evelyn Huff, JoAnn Morgenstern, Cecil and Laverne Smyth, Gladys Smyth, Vera Nolly, Vera Murphy, Evelyn and Frank Heare.

Lots of delicious food. 4 tables 42 and one of canasta. Hostesses were Grimes and Talleys. Next meeting will be Nov. 22 at 6:00. Visitors always welcome to this friendly place.

Sincere sympathy to family and friends of Cleo Barry Davis, 91, in her death. Used to live in Mobeetie area and was related to Lee Lawrence Barry.

Our numbers were down a little at Mobeetie XYZ Friday night. But we had a delicious meal. Martha Meek had a good devotional. Melba Corcoran took blood pressure. We had one table of Chicken Foot and two of 42. Some others there were JoAnn Morgenstern from Miami, Dale Corcoran, J. P. Meek, Glenn D. and Estelle Hodges, Doyle and Bulah Grimes, Willis and Verna Fillingim, Doris Finsterwald, Lorene Rector and Orville Greenhouse. Always fun.

We missed Louise and Chuck Hogan. She had been ill. Also Marion Grimes went over to Briscoe to help with the Fifth Quarter, after the football game youth activities.

Ft. Elliott defeated Lefors 63-34 in High School Football Friday night. The last game. Good crowd. "God be with you till we meet again."

Extension Update

Debbie Epperley, CEA-HE

November 9, 1999
New Family Consumer Science Agent for Wheeler County

Hello residents of Wheeler, my name is Debbie Epperley and I have been given the great opportunity to serve as your Family Consumer Science Agent.

Working for the Extension service has been a dream of mine since I was ten years old, helping my grandmother with her fair projects, watching my grandfather and father confer with agents on farming issues - seeing, first hand how the Extension professionals give of themselves to provide for rural and now urban America the information and expertise needed to be a successful and viable country.

I was raised on a farm/ranch operation in Southeastern Oklahoma, where my grandparents and my parents were engaged in peanut, corn, hay, vegetable production and cattle.

My family still raises cattle for commercial use today. This generation marks the fifth generation to continue on the traditions set forth by my ancestors, "the love for the land and the ability to be self sufficient."

My formal education was received at East Central University, located in Ada, Oklahoma, where I graduated with honors with a Bachelor of Science degree in Family Consumer Sciences.

My work experience has been with the Department of Human Resources (Child Welfare) Dietary Management, and teaching.

I am married and have one son. My husband graduated from Oklahoma State University with a Vocational Agriculture Education degree and taught Vocational Ag in the public school system for thirteen years and my son is a Senior at Hooker High School.

Again, I would like to say I am glad to be here in your community and look forward to serving as your Extension Agent in Family and Consumer Science.

tangs at the Shamrock 13 yd. line at this time Brooks Brown will hit Craig Bass on a 13 yd. pass. Dollar kick is good. Mustangs lead 5-0 now 53-0 with 6:08 to go in the third quarter.

The first team of the Mustangs will again score before the end of the third quarter with .46 seconds to go in the third quarter. Brooks Brown gets a 5 yd. run, Ben Dollars kick is good, to cap 6 plays 28 yds. drive to increase the lead to 60-0 for the Mustangs.

This will be last time the starter will touch the field until the last play of the game. The backup picks up where the starters left off. The next Mustang offense position Jake Britt goes 7 yds. for a TD completed 6 plays 31 yd. drive. The run fails the Mustangs now have upped the score to 66-0 with 11:36 left to go in the game.

The Mustangs would substitute freely letting their substitutes play. Letting the J.V. kids play throughout the fourth quarter as they would move the ball down the Mustangs had one which looked like one last scoring opportunity as Mark Silas would hit Patrick Burrell for a long pass down to the 1 yd. line, but that play was nullified to a holding penalty, and the Mustangs would turn the ball over on downs, and Shamrock would move the ball on down the field in the waiting minutes of the ball game as Ty Owens is able to hit Cole Bond with a 15 yd. TD pass and then Owens passes to Cole Vinyard for the 2 point conversion with .13 seconds to go in the ball game.

The Wheeler Mustangs will travel this Friday night to Memphis for their final District ball game with the Memphis Cyclones.

Funds Available For Medicare Recipients

"A lot of people with disabilities or who are 65 or older are missing out on substantial savings," says Marcia C. Rachofsky, a Texas Legal Services Center staff attorney. Part of Rachofsky's job is to get the word out about several little-used programs for Medicare recipients. Indeed, some people haven't even applied for Medicare fearing that they won't be able to pay the premium, she says.

Yet "QMB, SLMB and QI-1 will pay the monthly Medicare premium for people who are eligible," Rachofsky says. "And QMB goes even further. It pays the deductibles and co-payments too." An additional program which pays a smaller portion is QI-2.

So why aren't people using these programs? "In large measure," Rachofsky says, "they don't know about them. Or they don't know who to call or even how to ask about them." This, in part, is due to the complicated nomenclature: QMB meaning Qualified Medicare Beneficiary, SLMB meaning Specified Low Income Medicare Beneficiary, and QI meaning Qualified Individual. "We're hoping our outreach will fix this."

Rachofsky's plan is to post the state with pamphlets, posters, placemats and stadium cups publicizing the savings that the programs have to offer. "We're trying to get them into all of the places that the elderly and people with disabilities who have limited resources are likely to go." For starters, Rachofsky will be placing the products in senior centers and sending them to group meal sites, hospital waiting rooms, and assisted living centers. All of the materials are free.

Those interested in applying for QMB, SLMB, QI-1 and QI-2 programs should contact their local Texas Department of Human Services office for information, Rachofsky advises. "If the local office handles Medicaid," says Rachofsky, "It will handle QMB. If it doesn't handle QMB, it can refer the caller to the nearest office that does." The number for the regional office serving your county is 1-806-472-2504.

Rachofsky also points out that "the application process has been simplified. The form is short and callers can have it sent to them at home. No affidavits or proof of income or resources is required with the completed application, and it can be mailed back in."

What is more, the value of the applicant's homestead is never counted when resources are totaled. The value of one car is usually not included either. "It's pretty easy for a person to find out if he or she is eligible," Rachofsky concludes, "and it would certainly be worthwhile to do that. After all, the savings can add up to over \$500 a year."
