THE COUNTY SEAT NEWSPAPER

RED CROSS FUND IS NEAR QUOTA

Dr. H. E. Nicholson, chairman of the Wheeler County Red Cross Chapter, today urged those who have not already made a substantial contribution to the 1945 War Fund to please do so at their earliest convenience. While reports indicate that the \$3,500 quota for the north section of Wheeler county will soon be subscribed, there are perhaps several who have not taken advantage of making their contribution.

Saturday, workers will be on the Wheeler streets again and those wishing to make contributions will have a chance to do so.

Reports from practically all communities indicate that they are nearing or have already surpassed their quotas in the drive. Jack Miller of Mobeetie said this morning that \$600 had been raised there on a quota of \$700 and it was hoped that several more hundred dollars would be contributed.

Additional donor lists turned in since last week include:

Wheeler Sophomores—Mr. Weems \$5, June Johnson \$1, Melba Little \$1, Charlene Bradshaw \$1, Peggy Weatherly \$1, Mr. Dyer \$1, Helen Little \$1, Vendell Starkey \$1, Clyde Revisus \$1, Bill Willingham \$1, Richard Jackson \$1, Joy Bradstreet \$1, Floy Bradstreet \$1.

Wheeler Juniors — Coene Carter \$5, Mr. Dyer \$1, Marjie Esslinger \$5, Don Alexander \$2, Mrs. Wiley \$10, Delbert McWhorter \$5, Benny Westmoreland \$5, Bobby Rodgers \$5, Iris Conner \$5, Josephine Noah \$5, Bettie Hix \$5, Edna Farmer \$1, Donald Reeves \$5, Pat Wiley \$5, and Hazel Fay Lee \$5.

Miscellaneous — Church of Christ \$50, T. J. Cole and family \$5, Mr. and Mrs. J. J. Ayers \$2.50, Mr. and Mrs. Charlie Sandifer \$5, Jacob's Cafe \$10, M. E. Smith \$5, H. N. Patterson \$5, J. P. Green \$10, Mrs. Davee \$25, C. H. Starkey \$2, C. W. Mitchell \$2 and Sherwood Blasdel \$20.

Cousin Of Local Woman Released From Jap Camp

Miss Nellie Dyer, missionary teacher and cousin of Mrs. Jim Risner of Wheeler, has been released from Los Bonas Camp 2, Manila, the war department notified her mother, Mrs. Elisha Dyer in Ft. Smith, Ark., recently.

Mrs. Dyer was informed she could send a 12-word message to her daughter, addressed to the war department at Washington, D. C.

Miss Dyer's work as a foreign missionary is supported by the women's missionary societies of the Northwest Arkansas Methodist conference and has many relatives and friends in and near Van Buren, Ark.

She has been in foreign missionary work since 1927. In her 16 years of service, Miss Dyer has twice been given leaves to return for a year's visit at home. She was for 14 years an instructor at Holston girls' school in Korea. Her last visit to the United States was in 1939. She went to Tokyo to study in March, 1941, and was there when the United States declared war against Japan following Pearl Harbor. She could have been evacuated at that time on a passport. Learning that volunteers had been requested to go to the Philippines as missionary teachers, and since she had been home on leave only a short time before, she volunteered.

Miss Dyer and other missionaries first were interned at Santo Tomas. They were transferred to Los Bonas. The message received by Mrs. Dyer informed her that her daughter was in "fair condition."

The last letter received by Mrs. Dyer from her daughter was written in 1942, and received a year later. The last direct information which came to her was in 1943 when a missionary who had been with Miss Dyer and who returned to the United States on the Gripsholm's first trip communicated with her.

Wounded In Action

Mrs. Genelta Poole of Wheeler received word Tuesday that her husband, Sgt. Argus Poole, had been wounded in action somewhere in Germany and is now in a hospital in France. Sgt. Poole met his brother, Pvt. Maxie Lawrence Poole, who is receiving treatment at the same hospital. This was the first time the brothers had seen one another in over a year. Sgt. Poole has been in service 28 months, serving overseas nine months. Pvt. Poole entered the army in May 1944 and has been overseas three months. The boys, sons of Mr. and Mrs. H. S. Poole of Twitty, have another brother, T5 Virgil M. Poole, serving with Patton's army in Belgium.

Mrs. Maxie L. Poole resides in Briscoe.

LETTERS DISCLAIM MESSAGE THAT PVT. RILEY IS MISSING

That terse message "Regret to inform you that your son is missing in action" came to the Newman Riley's late Saturday when the War Department stated that Pvt. Charles Ray had been missing in action in France since February 22, but the parents had in their possession letters from their son dated February 24th and 25th, and though anxious, could not believe their son was missing.

Tuesday the parents received another letter from their son. It was dated March 5 and stated that he had been in the hospital nine days with bad tonsils. In reply to inquiries made of the War Department, Mr. and Mrs. Riley yesterday received the following letter:

"In view of the distances involved and military requirements, some time may elapse before regular communications are established with personnel after they are transferred overseas. However, until such time as you may hear from him you should assume that Private Riley is safe and well."

Teen-Town Benefit Program Is Slated For Friday Night

Mobeetie high school students will stage a program beginning at 8:15 at the school gym Friday evening, March 16, for the benefit of a Teen-Town. The program will consist of several musical numbers and two one-act plays.

While no admission will be charged, contributions will be taken for purchasing several pair of roller skates. This is the first phase of a program to provide wholesome entertainment for the younger set of the community.

One And Five-Eighths Inch Rain Falls Here

Rain, measuring slightly over an inch and a half, fell in this vicinity yesterday (Wednesday) and will be of much benefit to wheat and pasture lands. It will also put row crop land in excellent condition for tilling and provide ample moisture for starting gardens and truck patches. Hard showers began falling at noon after the area had been blanketed by a thick fog most of the morning. Considerable lightning and thunder accompanied the fall.

8,500-Foot Oil Test Announced For County

According to the Amarillo News-Sinclair-Prairie has announced an 8,500-foot test for eastern Wheeler County. The location is on a 20,000 acre block known as the Davis Ranch and is 2 miles west of the Oklahoma line and 6 miles north and a mile and a half west of Benonine. This would make the location about two miles north of the North Fork of the Red River.

Mobeetie Superintendent Goes To Vinson, Okla.

Jack Davis, superintendent of the Mobeetie schools, left Sunday for Vinson, Okla., where he has accepted a similar position of the schools there. This was his third year in Mobeetie.

Replacing Davis is J. M. Boswell, principal of the Miami high school. Boswell has had a successful year in the Miami school, having coached the football and basketball teams which won first place in each division in the 2B district. He is expected to assume the duties of his new position within a few days.

Allison Program Nets \$123.90 For Red Cross

Superintendent Sam Begert reports that \$123.90 was netted Friday night at Allison when a benefit play and cake supper were staged to raise funds for the Red Cross. Of high interest during the program was the contest sale of ten cakes baked by school boys. Billy Bob Levitt received first prize award of \$2.50, Bobby Donaldson second prize of \$1 and Clifton Boydston third prize of \$0.50. A cake made by Tobe Frye sold for \$11.50. About 100 pies were also sold at auction by Shelby Pettit who served as auctioneer. A motion picture was also a part of the program.

Red Cross Theatre Collection Totals \$168.25

The Rogue Theatre took up audience collections for the Red Cross from Saturday through Monday. "The response was very gratifying," states Lee Guthrie. In all \$168.25 was raised and placed in the bank for the Red Cross. This amount will be over and above all quotas. All theatres in the United States are conducting similar drives.

T5 JOHN B. DAVIS, right, of Briscoe, is congratulated by his company commander, Capt. Jack J. Sunderman of Gary, Ind., upon being awarded the Soldier's Medal at a base in Italy. (Photo by T5 Herman A. Kalter.)

CORPORAL TECHNICIAN JOHN B. DAVIS AWARDED SOLDIER'S MEDAL IN ITALY

With an Engineer Aviation Battalion in Italy — Corporal Technician John B. Davis of Briscoe, was recently awarded the Soldier's Medal for heroism in ceremonies at a base in Italy.

The citation reads in part: "John B. Davis, Technician Fifth Grade, Corps of Engineers, United States Army. For heroism not involving actual conflict at an airport in Italy on 16 January 1944. While checking the runway, T5 Davis observed two low-flying B-24's collide, one of which crashed and burst into flames. The damaged condition of the aircraft prevented the escape of the crew members. Seeing the crew to be trapped in the burning plane T5 Davis ignored the raging flames and exploding ammunition and succeeded in cutting away portions of the fuselage and wings which allowed the removal of four members of the crew. Not until they were ordered to cease their efforts did T5 Davis and other members of the rescuing party stand clear. Throughout this activity T5 Davis ignored personal safety and exhibited an unusual amount of ingenuity and cool courage in effecting the rescue of these crew members. The heroic efforts of T5 Davis reflect great credit upon himself and the Armed Forces of the United States of America."

Cpl. Davis, a member of the surveying crew in the operations section of his unit, was presented the medal by Colonel Harold Kurstedt, newly appointed Commanding Officer of the Army Air Force Engineer Command, Mediterranean Theater of Operations in a ceremony attended by other officials of the Command. His battalion which this month completed two years overseas duty has built and maintained airfields in North Africa and Italy during that period.

Formerly employed in a furniture appliance concern in Borger, Cpl. Davis received his basic training at Fort Leonard Wood, Mo., in 1942. He was then assigned to his present unit, then at Desert Training Center, Camp Young, Calif. The son of Mrs. Stella Ann Davis of Briscoe, Cpl. Davis wears two campaign stars on his European-African-Middle East theater ribbon, having seen prior service in Australia and India. He has also been awarded the Good Conduct Medal.

Cpl. Clyde W. Schaub is now an instructor at Ft. Sill, Oklahoma. Mrs. Schaub is with him.

MRS. F. M. ROBISON KNITS THIRTY-EIGHT SWEATERS FOR RED CROSS IN PAST YEAR

Mrs. Jake Tarter, Red Cross war production chairman, reports Mrs. F. M. Robison knitted 38 sweaters between February 1944 and December 1944—and she didn't learn to make sweaters until February of last year, although she had knitted 33 pairs of socks, 18 wristlets and 10 helmets before she began making sweaters. She has also pieced several quilt tops and helped quilt 37 quilts for the Red Cross.

Mrs. W. R. Pennington has knitted 50 sweaters and has made 2 afghans from yarn scraps during the past three years of her Red Cross work.

Legion To Sponsor Red Cross Benefit Dance Here Tuesday

Fred Farmer, local American Legion Post Commander, states that a dance will be sponsored next Tuesday evening, March 20, at the Legion Hut for the benefit of the 1945 Red Cross War Fund. The dance will be held from 8 p. m. until 12.

Musicians, string instrument players, will donate their services and all proceeds will go to the War Fund. Chester Lewis will be floor manager.

Mr. and Mrs. Lem Guthrie Honored On Golden Wedding Anniversary

By Mrs. Charles Warren
One of the most outstanding social events in the social calendar of Wheeler was the lovely golden wedding anniversary reception, tendered Mr. and Mrs. Lem Guthrie, Friday, at the home of their son, Lee Guthrie. All of their six children and other relatives were here for the celebration.

A luncheon Friday preceding the formal reception, for the family, also at the home of Mr. and Mrs. Lee Guthrie was another feature of the day's entertainment. In this luncheon, the entire family of Guthries sat down together, as of old, to eat and chat together. The family party were: Mr. and Mrs. Lem Guthrie, the honorees; Mrs. Lemmie Day, Lubbock; Mr. and Mrs. A. S. Edmondson, Tipton, Oklahoma; Mrs. J. T. Jackson, Eden, Texas; Mrs. L. H. Dirickson, Matador; Mr. and Mrs. Lamar Guthrie, and Gail, Erick, Oklahoma; Mr. and Mrs. Lee Guthrie and Mrs. P. L. Wimberly, Plainview, Texas; and Mr. and Mrs. Lee Guthrie and Marion Lee, of Wheeler.

For the formal reception, the entire Lee Guthrie home was thrown open for the occasion. The decorations followed out the golden wed-

ding color theme, but the house was a magnificent bower of beautiful flowers sent as gifts from their many friends from throughout the state and other states. Among these floral gifts was one bouquet of red roses, sent from a friend who remembered that Mr. Guthrie's favorite flower was the red rose.

Guests calling in the afternoon between the hours of 3 and 6, were ushered into the large living room—where lovely cut flowers of yellow jonquils and white carnations predominated. On the receiving line were the honorees, Mr. and Mrs. Lem Guthrie, Lamar Guthrie, Mrs. A. S. Edmondson, Mrs. L. H. Dirickson, Mrs. P. L. Wimberly, Mrs. Lemmie Day and Mrs. J. I. Jackson. Mrs. Bessie Robertson presided at the guest book.

The resplendent refreshment table, covered with an exquisite lace cloth was presided over by Mrs. Lamar Guthrie. The mirrored centerpiece was gracefully decorated with a crystal bowl of yellow jonquils and white carnations between crystal candle holders with yellow candles. Also the gold and white three-tiered wedding cake, topped with a minia-

F. M. SHAWVER TO SUCCEED DYER AS SUPERINTENDENT

F. M. Shawver, superintendent of the Kellerville school for the past three years, was named by the Wheeler School Board Friday night to take over the superintendency of the Wheeler Schools effective July 1.

Shawver, who has his B. S. degree from NTSTC at Denton and has done work on his Masters at Texas Tech, succeeds Jesse J. Dyer, superintendent for the past two years. Dyer, for the time being at least, will be acting County School Superintendent, a position he held before he was named local superintendent. "I'm planning on being paid for not teaching," he says since he is completing 27 years in the teaching profession and is eligible for teacher's retirement benefits. During these many years, Dyer has missed being in the school room year a total of one and one-half days because of illness. His teaching career started at Center, in Johnson County, where he served the same district for 15 years. The remainder of his instructing has been in one other county, that of Wheeler. He holds B. S. and M. A. degrees from East Texas State College and a Masters degree from West Texas State College of Canyon. In addition to these, he has also been issued an Administrative Certificate from the Canyon College.

When Dyer took over the local administrative job two years ago the school owed non-bonded debts of some \$7,000 dollars. "With good luck the remainder of the school year, this will all have been paid," Dyer states. The \$69,000 bonded indebtedness has also been substantially reduced during his administration.

Shawver has seven years teaching experience and before going to Kellerville he was principal of the McLean schools. While at McLean he was also athletic director of the Junior teams. This, together with three years of high school and four years of college football, will qualify the new superintendent for coaching duties until a full time coach is obtained.

Mr. and Mrs. Shawver and their twin daughters, age six, plan to move to Wheeler as soon after July 1 as living quarters are available.

Foundation Headquarters Praise Citizens For Efforts In Polio Drive

Harry Wofford, Wheeler County Campaign Director for the March of Dimes Drive, is in receipt of a letter from Basil O'Connor, President of the National Foundation for Infantile Paralysis, in which O'Connor states: "In acknowledging receipt of the financial report and remittance from your county, I wish to express my appreciation for your splendid efforts during the 1945 Fund Raising Appeal."

"It is comforting for me to know that I have the support of so many good Americans in the fight against infantile paralysis. You and those who have volunteered to assist you are entitled to the highest praise from the American people. You have given of your precious time that the children of our nation may live in hope of good health and happiness."

"From all indications, it appears that this Appeal will be the best we have ever had."

"Please accept my warmest personal thanks for a job well done." \$1,138.15 was contributed by Wheeler county people compared with the \$500 asked for by the National Foundation.

Wofford stated that he especially wanted to thank everyone who contributed their time or their money—in many cases both—in making the local drive more than a success.

Second City Paper Collection Friday

The Wheeler Boy Scouts will make their second city-wide collection of waste paper Friday evening. Again persons are urged to have the paper tied securely and out where it may be seen as the Scouts make the rounds up and down the streets.

So far, the Scout paper drive has been enthusiastically supported with each member of the troop doing his bit in an attempt to gather one thousand pounds per Scout that the troop may be eligible for the General Eisenhower award. It is estimated that something over seven tons of paper have already been collected on the drive.

Persons living out of town are asked to please tie their waste paper securely in flat bundles and leave it at the Scout hut, just east of the City Bakery, Saturday when Scouts will be on hand to receive it.

Paying The Cost

Each day reading of the further horrors perpetrated by the Japs, we are more positive that the enemy in the Pacific is not human, but a loathsome figure that must be eradicated as soon as possible before it can think of new viciousness. The many current reports coming to us from those who have been returning home after suffering in Jap prison camps, or fighting with guerrilla bands against the enemy, leave the reader horrified and nauseated. Think of those who still have loved ones imprisoned in Japanese territory! There is a price we pay to win, a price in blood for victory. The losses our armed forces are suffering now, are heavy. Continuous attack, pushing forward step by step, the battle rages and a fanatic enemy fights to hold. We must end this quickly, but that, to a large extent, depends upon how we meet the issue right here at home.

The ambitious gardener thumbs through the seed books and mentally drools over the picture of huge red tomatoes. He visualizes those roasting ears as not on the stalk but steaming hot on a platter in the center of his dining table. He reads of a quick growing, small watermelon and finds the reading good. Comes peas, beans and squash according to catalogue order. Plant in March, till the soil for the summer canning transplant in a month or six weeks, fertilize well, water, weed and thin. Resist the radish with its crispness, the lettuce with its green frill? Spading starts and seeds line up for attention when frost is out of the ground. Buds swell on the trees and the earthworm, bestirred by the movement of the spade, wriggles back to his brown home. This latter development reminds the gardener of a fishing season not too far off. Hope springs for hoes and forks and rakes, as for anemones, forsythia and pussywillow.

No Doles

When questioned concerning their position in regard to the government giving money to support war workers of today during a period of unemployment in the post-war world, the weekly editors of a cross-section of rural America, made it plain as to their stand on the topic. It is their almost united belief that war workers should NOT be given government money. They reason that with wartime wages high these workers have had an opportunity to put money away by bonds or savings. The man who can open a pay envelope has enough common sense to know the war salary isn't going to last forever and that it will mean a depression afterwards unless the worker looks ahead. Of the editors questioned, 91 per cent say "NO," even though there were some who qualified this emphatic reply with the hope that government would be able to supply jobs for the unemployed. They do not want a "dole." They further this by stating that outright grants of money tend to kill a man's self-respect, to destroy his initiative. Past history has shown what happens to war workers and high wages and high living and wide spending with no thought for the tomorrow. We are dealing with men and women, not with irresponsible children, the editors remind. This issue which was brought before the weekly editor for consideration, only asks the question. It can't solve the problem. That will come up for discussion later, and

Pertinent Paragraphs from Panhandle Press

Items of interest culled from newspapers on the Times' exchange list.

The young man who has used every means to evade military service is going to regret his action after the war is over. This does not apply to the men who in their hearts are willing to go and ready to go but are serving in an essential industry that really requires their services. Their consciences at least are clear. It does, however, apply to the fellow who deliberately resorts to every means to escape service, who rushes into an exempt industry, who makes feeble gestures at farming, and who knows he is only doing half of a job of it. He is escaping service but he will wish in his heart a thousand times after it is over that he had stood up and been counted along with the rest of the boys when his country really needed him. —Tulia Herald

Several months ago we heard a foreign correspondent say that Germany would not collapse. He predicted that guerrilla warfare would continue for two or three years as Hitler withdrew his forces to the mountains. At that time we thought of what had happened in 1918. In fact, this theory sounded batty. Now we see that this opinion is adopted by many military observers as the actual program of Hitler—if he has a program. The German people have no hope. If the United Nations do not kill them, Hitler's henchmen will shoot them in the back. In spite of the promises of the Big Three not to punish the German people, Hitler seems to have a stronger hold on the nation than was ever anticipated. —Canyon News

The legislative redistricting bill was killed in the house Thursday, with half of the total membership voting against it. This action was taken in disregard of the plain letter of the constitution which legislators are sworn to uphold.

The same house of representatives, not very long ago, voted to ask the people of Texas to give it a 500 per cent increase in pay. It thinks it should be thus rewarded for trampling on the constitution. —Wichita Times

Saturday night we saw a very foreign-looking person on our street who was wearing a big round Red Cross emblem such as was given during a drive some 2 or 3 years ago. Persons who stoop to such crass unintelligent chiseling are fooling no one but themselves. In fact they are laying bare the very depth of their measly character.

We also heard of a man with a we hope it will be meditated upon today, by the war worker himself. —Amarillo Times

Folks I'll tell you:
My Grandpa was telling me about the longest and biggest rain he ever saw.

Feeling that telltale smudges on shirts and collars are a potent cause of divorce, a Tennessee state legislator would outlaw lipstick by making its use punishable by heavy fine and imprisonment.

It isn't likely that such a law would do much good. We imagine that a lot of suspicious wives would still be able to see red. —Pampa News

How the German business man often proved the advance agent of Nazism has been shown again from France. About 1936 a Leipzig bookseller opened a branch in Paris under one Karl Frank. As French booksellers had not always proved very energetic in running down out-of-print books, and as this German dealer had been very successful in his work, American libraries were much pleased, and gave Frank a good deal of their French business.

Now it appears that Frank was spying out the ground for the Nazis, and with the fall of France he was made dictator of the French book business. His German superior about that time became an officer in the Gestapo, and at last accounts had advanced to colonel. —Amarillo Times

And now it has been suggested that trees be planted as memorials to the dead, instead of tombstones. The trees could have a metal tablet attached with whatever information is needed, and would be a much better memorial than a sagging stone. Cemeteries under the new plan would become places of loveliness rather than the morbid ugliness they now possess. —McLean News

WITH ALL 8 GUNS firing, this Republic P-47 Thunderbolt is one of many types of fighting planes which fly with Phillips high-octane fuel on all the world's fighting fronts.

The United States Produces 85% of the World's Aviation Gasoline

...and Phillips is one of the Six Largest U. S. Producers!

WONDERFUL GASOLINES after the war? . . . Of course, because of today's greatly intensified program of research and production.

The headline above clearly and simply states the outstanding position achieved by Phillips in the wartime production of combat aviation fuels. It is more than a hint of what you can expect from Phillips in peacetime gasolines for postwar cars.

Phillips is also a major producer of butadiene for synthetic rubber.

PHILLIPS PETROLEUM COMPANY, Bartlesville, Oklahoma

And high-octane fuel and butadiene are both synthetic chemicals . . . two of the limitless thousands of products which can be made by using petroleum and petroleum gases as a chemical raw material.

That is why we say, every time you see the Orange and Black Phillips 66 Shield, let it remind you that Phillips refineries . . . in addition to producing gasolines, lubricants, and fuel oils . . . are also gigantic chemical plants pouring out weapons for victory.

30 years and it was still raining. So he bought him one of them little yellow slickers that folks carry in their pocket down there (when it ain't raining) and he was leaning up against a lamp post a trying to look city-fied.

He said the only person that spoke to him was a big yellow catfish that come a swimming up Washington Avenue. He said that fish come over and says, "Brother if you are aim-

My little poem today will be:

Some folks like to cover up
The weakness in their kin,
And others loan them money
When they need it themselves to spend.

You can hardly afford to turn 'em down.

Or tell 'em where to go;
For brother, they are on your trail
A weeping out their woe.

Historical Sketch of These Prominent Texans

The foregoing grand reception was a fitting culmination of fifty years (a half century), of successful married life of two of the best of native Texas citizens — whose lives are splendid examples of what worthy, industrious Texans may attain in life.

As Lee Guthrie, a son and a splendid Wheeler citizen and business man, said: "Dad is a wonderful success. He started with nothing but his two hands, a wife and six children, but he made the grade, gave his six children college educations, saved enough to retire comfortably on,

and we are all very proud of him and mother."

Mrs. Guthrie's hobby is knitting and crocheting. During World War I she knitted constantly from the beginning to the close. She was in charge of the knitting for the Red Cross. Knitting helmets was her specialty.

After moving to Wheeler she became interested in crocheting and has crocheted 10 bedspreads, 10 table covers, numerous scarfs, divan covers, doilies and many other articles, nearly all of which she has given away. She has been in bad health and has not been able to do much during this war.

Mr. Guthrie has a cannon ball from the famous Twin Sisters cannon which was a relic in his father's family.

Lem Guthrie was born in Lavacca county, October 7, 1872, and Mrs. Guthrie, (Lena Beeson) was born in the adjoining county, Fayette county, June 5, 1874, and moved to Lavacca county when a month old. They both grew up in Lavacca county, and attended the rural schools — were neighbors all of their lives. They are Primitive Baptists in belief, but at one time, about 1925, they joined the Methodist church. They were married in Fayette county March 9, 1895. They are the parents of six children, two sons and four daughters, all of whom are successful business people, all are in the motion picture theatre business. They own a modern, comfortable home in Wheeler, and Mr. Guthrie said they expect to make their home here the rest of their lives where they are practically surrounded by their children, all of whom are near enough to visit them frequently. Each summer they travel extensively, and have been in every county in Texas; have traveled in twelve states and Mexico. They have many pictures and relics, gathered in their travels.

Mr. Lem Guthrie's parents, Mr. and Mrs. S. M. Guthrie, came to Texas in 1851, ten years before the Civil War broke out. His father, in that early period, owned considerable land in Lavacca county, and he enlisted in the Southern Confederate Army, and went through the four years as a cavalryman, and came home nearly starved at the close of the war.

In reminiscing of old times, Mr. Guthrie said that he was reared in the saddle on his father's farm and ranch, and did all kinds of hard work in his youth. He left Lavacca county in 1906. Came to Baylor county where he farmed, bought and sold cattle. They moved to Motley county in 1912, January 1. When they were settled in Matador, Mr. Guthrie engaged in freighting. He would haul freight from Paducah, Childress,

By BOYCE HOUSE

History, the way most historians tell it, is a story of glory — but it is not all plumed knights and heroism and sacrifice; there is sometimes a sorry and sordid side, too.

Take for example the battle of San Jacinto. When Houston and his little army were falling back before the hosts of Santa Anna (prior to the battle, of course), the Texans camped on the premises of a well-to-do settler named Donahoe. The men needed wood for camp fires and they began to chop down some trees, whereupon Donahoe (with no gratitude for the service that these men

Floydada, to Matador. There were no railroads, very few dirt roads, and the trip required from three to four days. A group of freighters would go together, each with his roll of bedding, but they camped and cooked together. When the dirt roads were muddy, it required 14 to 16 span of mules to pull each wagon out of the mud, and when they were badly "stuck," they traveled as much as six miles a day. At night they would feed their tired horses in mornals, and turn them out to graze, but would hobble one, in order to have a mount to catch the other horses in the morning. Mr. Guthrie said that there was only one dirt road leading from Matador each way when he first located there.

In 1915 he secured the agency for the Waters-Pierce Oil Company, and installed the first curb pump in Matador. A few years later he put in the first "drive-in" filling station. In about 1920, he put in his own independent business, and quit the wholesale business of Waters-Pierce Company, and continued that business until 1928. In 1915 the railroad came into Matador. "It was a small branch line, nine miles long, which made a junction with the Q. A. & P., which operated about ten years, and was known as the Motley county Railway. He quit freighting when the railway came to Matador, but started a drey system of hauling local freight.

About this time he put in a variety store and became agent for the American Railway Express Co., both of which he operated in connection with his other businesses. In about 1920, Mr. Guthrie acquired the agency for the Dodge cars, and continued selling Dodge cars until in 1926, when he got the agency for Chevrolet cars. He put in a garage in connection and dropped the Railway Express agency and the Waters-Pierce agency. He continued in automobile distributing business until April, 1930, when he sold out and came to Wheeler.

He retired from active work and has lived in Wheeler since, except he and Mrs. Guthrie spent the summers traveling. All of their children and four grandchildren are living, and a peculiar coincidence is that all of their names begin with L as their's also do.

were rendering to Texas, including him) complained to Houston.

The General called his soldiers together and said, "Under no circumstances shall you lay an axe to Mr. Donahoe's trees" — and that gentleman's breast swelled with joy. Houston continued, "Don't you see that Mr. Donahoe's rail fence will provide the fuel needed?"

So these men who, in a few days were to offer their blood and their lives for the freedom of Texas and, incidentally to make secure the land title of Mr. Donahoe, proceeded to use the fence rails for fuel.

We have a few individuals of the type and stripe of Donahoe in Texas today — who want the far fought without inconvenience to themselves.

LEGAL NOTICE

(First published in The Wheeler Times March 8, 1945.) 4-tp

CITATION BY PUBLICATION THE STATE OF TEXAS TO:

Elmer Hudson, Defendant, Greeting: You are hereby commanded to appear before the Honorable District Court of Wheeler County at the Court House thereof, in Wheeler, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 16 day of April A. D. 1945, then and there to answer Plaintiff's Petition filed in said Court, on the 27 day of February A. D. 1945, in this cause, numbered 3573 on the docket of said court and styled Fannie Hudson Plaintiff, vs. Elmer Hudson Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

Suit for divorce, plaintiff alleging in substance as follows:

Residence for statutory time in State and County; that she was legally married to defendant in Wichita County, Texas on March 31, 1941, they living together as husband and wife until February 13, 1945, when on account of cruel treatment on the part of defendant toward plaintiff she was compelled to finally separate from him, which cruel treatment was of such a nature as to render their further living together insupportable, and which had continued with slight intermission throughout such marriage. Plaintiff prays for divorce and restoration of former name of Fannie Baker as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Wheeler, Texas this 27 day of February A. D. 1945.

(Seal) Attest: OLLIE W. BEENE, Clerk, District Court, Wheeler County, Texas

every statement with an offer to bet. When he predicted the election of a certain candidate, another citizen expressed disagreement, whereupon the first man said, "I'll bet you a hundred dollars." The other replied, "I'll call you on one condition — that is, if I win, you are to pay the \$100 as, and when, I want it." This was agreed to — and Sir Oracle's candidate lost. But when the loser offered to pay off, the other said, "No — I don't want the money now."

Next day, the know-it-all was holding forth in the postoffice to a group waiting for the mail to be put up when the winner walked in and interrupted, "Bill, I want a dollar."

The sum was paid and the bystanders knowing of the terms of the wager, laughed. A day or so later, Bill was again giving his views to a cluster when the winner broke in, "I want another dollar." This was paid over.

But when the third such occurrence took place, the loser said, "Here's all the rest of that money, you blankety-blank; I'm not going to have you come up to me 97 more times this way."

The aggressive individual makes the wolf at the door into a rug for his floor.

VICTORY CLUB MEETS WITH MRS. CARVER

"If Irish potatoes having small corky or scabby spots on the surface are planted, the resulting crops will be scabby, too. To avoid danger of harvesting a scabby crop dip the seed potatoes for two hours prior to cutting and planting, in a solution of two ounce of bichloride of mercury to 16 gallons water, stated Mrs. Zeman, county home demonstration agent, to the Victory club at the home of Mrs. Forrest Carver Friday afternoon.

"Put a few radish seed in with your beets and carrots when planting and you will get a better stand," said Mrs. Zeman.

Those present were Mrs. M. A. Pillers, a guest; Mesdames Geo. Braxton, H. M. Carver, Hester Dodson, Gus Wegner, Forrest Carver, Troy Welty, Henry Wegner, John O'Gorman, V. J. Zeman, members.

The next meeting will be in the home of Mrs. Gus Wegner March 23, at 2 p. m. The demonstration will be "How to Make an Asparagus Bed."

MRS. GRUBBS IS HOSTESS TO CHINA FLAT H. D. CLUB

Mrs. Evelyn Grubbs was hostess to the China Flat home demonstration club at an all day meeting last Wednesday. A covered dish luncheon was served at the noon hour. The business session was opened with the song, "Brighten The Corner Where You Are." Games provided entertainment during the social hour.

Mrs. Grubbs gave a demonstration on "Stain Removal and Care of Fabrics." She stated, "Most stains can be removed easily at home if reliable methods are known and a few precautions taken. Prompt treatment is one of the most important rules. The nature of the stain should be known before removal because this determines the treatment to be used. The kind of fabric should be known and the treatment chosen which will affect that particular fabric the least."

Those attending were Mrs. W. H. Morgan, a guest and Mesdames W. M. Alexander and sons, Grover Copeland, C. D. Evans, Evelyn Grubbs and sons, E. E. Sheegog, W. E. Sheegog, A. B. Sims, T. H. Morgan and Guy Valentine.

The club will meet with Mrs. W. E. Sheegog, 907 N. Nebraska for an all day meeting and each member is requested to bring some kind of fruit for the "Fruit Bowl." Visitors will be welcomed.

Red Cross Report

The Briscoe school was asked to raise \$100 for the Red Cross drive. By three o'clock Monday afternoon \$145.22 had been donated through the school. Mrs. Daughtry's room, the fourth and fifth grades, has turned in more than any other one room. The amount turned in by that room was a little over thirty dollars. The grand response by the school is a credit to the community.

Senior News

We seniors have finished all of our six weeks tests and are very glad to have them over.

We began our play practice Monday, and plan to present the play March 30.

We are planning to have all book reports and poetry in by the last of this six weeks, so we can forget it the last few weeks of school.

Boys' Tennis Eliminations

The Briscoe boys had their first set of tennis eliminations last week. It was a Round Robin affair with each boy playing sixteen games. The three top players will play until next eliminations. The games came out as follows: Candler won 13, lost 3; Hefley won 10, lost 6; Price won 10, lost 6; Barnett won 9, lost 7; Lee won 5, lost 11; George won 5, lost 11; Kite won 5, lost 11 and Riley won 5, lost 11. Before the county meet there will be another set of eliminations.

Teen Town Meeting

A large number of high school students and their parents attended a meeting in the study hall Friday night. They discussed further plans for the Teen Town. The constitution was read and then ratified by the parents by a two-thirds vote. It was decided that organized games and skating would be the entertainment. Some skates with steel wheels have been located and some wooden wheels are being ordered.

Abber and Jabber

Dorothy Eubanks, Betty Sue Kilcrease and Francis Corcoran and their boy friends had quite a time pushing their Model T up every hill Sunday afternoon. Beverly Colwell certainly seems to get around fast. She already has a senior ring. He graduated in '44. Congratulations Evelyn. Florene Corcoran's new nickname is Salty. Wonder why? Wonder who asked Beverly to go with him last week? Edwin Hogan seems to be doing pretty well, he has been going with Betty Sue Kilcrease. Peeler can you understand Evelyn's language? Edwin, how fast can you run when Al gets after you? Mrs. Scribner did you buy that new suit with the Red Cross contributions? Miss Duren was seen in Pampa Saturday night. Who is he, Miss Duren?

La Rue seems to be well informed on the subject of Jesse Ray Leonard. Angela said she didn't want her name in the paper so here it is. Does anyone know the definition of "smooching"? Wallace, where did you get your pop bottle caps? What did you do with them? Stacy Arnold isn't seen around Mobeetie much any more. Where do you keep yourself, Stacy? Glenn Green, Donald Ray Waters, and Bud Carroll all went swimming Sunday. Was the water cold, boys?

WHEELER MAN INHERITS SLICE OF DUNN AND BRADSTREET STOCK

By Mrs. Charles Warren

Thomas Milton Bradstreet of Wheeler, a direct descendant of John M. Bradstreet, founder of the nationally known firm of Bradstreet and Company of New York, also, a direct descendant of Governor Simon Bradstreet (in the 1600's), of the Massachusetts Colony (under England), has recently inherited a slice of the Dunn and Bradstreet stock, from his late father's estate, and has purchased a lovely home — the former Stillwell home — in east Wheeler.

Mr. and Mrs. Bradstreet moved to Wheeler County on Christmas Day, 1912, and located near Wheeler. They moved to Allison, in 1920 and remained there until 1936 — when they moved six miles east of Wheeler. They resided there until February 19, 1945, when they purchased their new, permanent home in Wheeler.

Both Mr. and Mrs. Bradstreet have worked very hard, since they were old enough to work to earn a livelihood for themselves and their children. Mr. Bradstreet has worked at farming, carpentering and ginning, having been employed at the gins here in Wheeler more than ten years. Their friends rejoice with them that they have come into this inheritance, which will enable them to retire from hard work and have a little more ease and leisure in their declining years.

Tom Bradstreet has a quiet and retiring disposition, and when asked about his future plans, he said: "I expect to continue working, but principally around my place — improving it, planting trees and otherwise beautifying the home." When asked concerning his recent inheritance, he said that he did not know the extent of his inheritance yet, as the estate had not been settled yet, and there were four others to share with.

Mr. Bradstreet's father, H. C. Bradstreet died February 9 in Clifton, Texas, where he had lived for 67 years. Some of his ancestors had secured land on Childress Creek in 1851, three years before Bosque county was organized. H. C. Bradstreet first went to Clifton in 1877. The old cattle trail crossed the Bradstreet ranch. He remembered the great herds of cattle that were driven from South Texas to Kansas over the trail.

In the published chronological work of "The Bradstreet Family," is found reproductions (engraved) of old family crests — including one of Governor Bradstreet, the Todd coat-of-arms, and the insignia of the Helmerhausische — where many of the ancestors were educated from 1646 to 1848 (the Helmerhausens) before migrating to America. Another extraordinary notation in the genealogical work is the mention of nine Bradstreets — as they appear in the Quinquennial Catalogue of Harvard University, Cambridge, Mass., listing them from 1653 to 1834. (Nine generations of Harvard graduates must be an educational record.) In this remarkable old book are listed generals, artists, financiers, governors, famous politicians of two centuries ago, people of rank and nobility of

foreign countries — that all constitute the family background of Wheeler's citizen — Thomas Milton Bradstreet and his family. From published works, we glean:

"In 1849, John M. Bradstreet, (great-grandfather of Thomas Milton Bradstreet of Wheeler), a Cincinnati lawyer who had learned an amazing amount of other people's affairs, as an assignor of an insolvent estate, also started to sell his knowledge, and the Bradstreet Company bloomed into the second largest credit agency with 183 offices in the United States and Canada, and 17 offices in foreign lands."

Later this gigantic organization was merged with the R. G. Dunn and Company, and the name was changed to Dunn and Bradstreet, Inc. The first officers of Dunn and Bradstreet were: A. D. Whiteside, president; C. E. Terrell, vice president; A. W. Ferguson, vice president and treasurer; and T. W. Cunliffe, secretary. The board of directors was increased from 12 to 15 members and three directors were elected to represent the Bradstreet interests. The notation stated:

"Reason for the merger was the complete duplication of services. Each knew approximately the same things about 2,000,000 United States people and their businesses. Each had offices in every important city, each had its own investigators and correspondents — putting the same questions to the same 2,000,000 people and their friends and enemies. Each had its own method of rating a man's credit, but the net result was the same. Huge savings would be effected by elimination of costly duplications."

Abraham Lincoln, while an Illinois lawyer, was one of their correspondents, and still in their files was a Lincoln report, noting that a rat-hole in the office of a concern he was investigating, suggested that it "should be looked into."

Getting back to T. M. Bradstreet in Wheeler, the subject of this story, Mr. Bradstreet says that he has lived a very "commonplace" life. He is a member of the Sandy Basin Baptist Church, has been superintendent of the Sunday school there for about four years. Mrs. Bradstreet is a teacher in the Baptist Sunday school at Sandy Basin. They expect to move their membership to Wheeler at an early date. They are the parents of three daughters, one of whom has passed on.

The two daughters are: Mrs. Juanita Levitt of Allison, and Mrs. Dorothy Beene, of Andrews, Texas. The Bradstreets have eight grandchildren, two girls and six boys. Their daughters both finished high school here in Wheeler, and both were baptized by Rev. A. C. Wood, of Wheeler.

Mr. Bradstreet was born in Bosque County, near Clifton, November 20, 1883. He received his education in the Clifton public schools. He has one brother and three sisters living; has been a Baptist around 40 years, having first joined the Womack Baptist Church. He was married on Christmas Day, 1907 to Miss Clara Bell

BEES NEED BUMBERSHOOTS?

YES NO

They say that "bees never get caught in the rain." Maybe you claim you've seen different. But the changed natural light as a storm approaches is supposed to make bees get busy and fly home. They may be weather-wise or not. But you've simply got to be! — for Spring weather demands an oil change in the car you cannot replace, and Conoco Nth motor oil will OIL-PLATE your engine for extreme resistance to wear —

That's really how to hold down carbon, gum and sludge.

That's really how to keep up engine power.

That's really how to get good mileage from your oil and your gasoline.

The special life-giving quality of OIL-PLATING comes from patented

Conoco Nth oil's additional ingredient—a climax of notable research. This effort developed the magnet-like effect that makes metal attract OIL-PLATING—lubricant fastened square in the path of friction. And you can credit the same intensive research with making your OIL-PLATED engine defy corrosion.

Then both worst causes of wear are curbed. And you're safer from lay-ups—junking—walking! Surely Conoco Nth is worth its slight extra cost. OIL-PLATE today. Continental Oil Company

4-H Club Girls Set Achievement Goals
The committee for setting forth goals to be achieved before attending the annual county 4-H encampment met Saturday in the county home demonstration agent's office. Rozena Helton, Ruth Downs, and Georgie Gaye Porter served on the committee. The goals set were: garden goals plant at least 5 vegetables in a garden, can at least 10 containers of vegetables or fruit or can at least 5 containers of fruits and vegetables and plant at least 1 small fruit tree or seedling as cherry, apple or peach, prepare and serve at least 2 new vegetable dishes. Clothing goals: must make 3 articles, one of these can be a re-made garment, and make one other article with handwork. This same committee also set forth

THE ALLISONIAN
A Publication of the Allison Schools

The Allison school library has received a valuable donation of near 300 books from various people including the large collection of Mr. and Mrs. Bert Keiper and the Tobe Frye collection, which includes an early day Texas history. These books make a valuable addition to our library and the faculty and students express their thanks and appreciation to those making the donations.

The freshman class has lost a student, Edna Mae Dyer. She moved to Briscoe.

The basketball girls are going to play the outsiders Thursday. Six week tests are over at last—and what grades! Some of them were so low we might have to begin in the first grade again.

Patsy spent Saturday night and Sunday with Reta and Joe.

Most of the teachers and students were at the "big rodeo" Sunday.

We raised \$115 for the Red Cross fund Friday night.

basis to select the most outstanding girl for 1945 in each 4-H club. The most outstanding girl will receive an award at the annual county encampment. To receive this recognition every contestant must write a history of work accomplished this year and a judging committee appointed by chairman of home demonstration council will visit each contestant and make the decision.

Our fishing days are days of eternal expectation and perpetual disappointment.

H. B. HILL SAYS:
I watched a prairie dog scudding for his hole, which reminded me that some people do the same thing when they are needed.
