## A Sure Test

Of one thing we can be certain, in spite of the accusations flying back and forth between government officials and food producers - the producers, being in the last analysis mostly independent farmers, will produce as long as there is a shadow of possible profit. When profits cease to exist, they must cease to operate because they do not have the capital to produce merely out of patriotism. Thus, as time goes on and specific items disappear from the market, you may be pretty certain that costs prohibit production. Once the immediate pressure of government pur-

Every four minutes of the night and day, one American home goes up in smoke! And, every two minutes, fire destroys or damages some place of business or other nondwelling property! Are YOU adequately protected if fire sweeps your home, your furnishings, your business property? Is your insurance coverage sufficient to meet the loss? Is ALL your property included? Have you examined your insurance policies to make sure that you have the protection you think you have?

patterns of wallpaper you'll find ready for delivery in our store. Brighten up those dull, dirty walls caused by the smoke, soot and steam of the winter months. You'll be surprised how little it costs to beautify the interior of your home for happier living. Many patterns are fade-proof and washable . . . and remember - spring time is time to clean-up, paint-up and fix-up, and before the busy crop season begins would be a good time to get those rooms papered.

Beautify Your Dwellings Inside And Out With **BPS QUALITY PAINT** 

We urge you to try FLATLUX, the real oil base paint, for painting walls, ceilings and wallpaper. Ready for use-easy to apply-easy to wash-quick to dry-and costs so little.

For long lasting beauty and greater protection give your home a prime coat of BPS Foundation Coat and give it a finish coat of BPS House Paint. For kitchens, bathrooms, furniture and woodwork we recommend BPS GLOFAST-easy to apply and dries in 4 hours.

# It sure is a headache!

Sure, everybody knows that right now quality oil is more important than ever before...but even motorists who are twenty times as old as our troubled little friend, don't know how easy it is to choose a quality lubricant.

They may be misled by bad advice from well-meaning friends, befuddled by claims, or low in sales-resistance to high-pressure selling. So choosing a quality oil can become a chore, a bore, and a headache.

Well, Phillips puts an end to your oil worries, and tells you how you can pick quality with certainty every time.

You know that oils may differ greatly...in chemical composition, in lasting power, in sta-bility...and in other ways. And Phillips offers a number of differing lubricants to meet various preferences of car-owners.

But if you want our best oil, remember that Phillips tells you frankly that Phillips 66 Motor Oil is our finest quality...the highest grade and greatest value...among all the oils we offer to motorists like yourself.

PROVED IN 50 BILLION MILES OF SERVICE

It's Phillips Finest Quality Don't forget! It's time to drain and refill with fresh, summer-grade Phillips 66 Motor Oil.

A man who is twelve years old. We never may know what the future will make Of the boys that we carelessly meet, For many a statesman is now at school nd presidents play in the street.
