PALMER SIVAGE  
**PALMER SIVAGE IS CANDIDATE**

Palmer Sivage of four miles west of Wheeler this week authorized the announcement of his candidacy for Wheeler County Treasurer, subject to the action of voters in the Democratic Primary in July.

Palmer, 25 years old, is the son of Mr. and Mrs. W. C. Sivage. He has resided in Wheeler County since 1926, living in the Mobeetie and Briscoe area until a little more than a year ago.

In quoting his qualifications for the treasurer post, Sivage points out that he is a graduate of the Briscoe High School, graduating with the class of 1939. Later he took a course in bookkeeping and business machines at the Big Spring Business College, completing his studies there in 1944.

Sivage is a victim of paralysis of the nerves and wishes the public to know that he is not a war casualty. "Some people might get the idea that I was wounded in battle and vote for me because of that," Sivage said. "I do not want to create a false impression by allowing anyone to believe that I will say, however, that I am sorry that I was not physically able to fight for my country as others of my age did," he said.

"I would like to meet every one of you people and ask you for your vote personally, but I know that I will not be able to do that. I will serve to the best of my ability in the capacity of County Treasurer if the voters see fit to honor me with the job. If they do not see fit to elect me, there will be no hard feelings on my part."

### APRIL 27 DATE OF LAST ORDER FOR PINEAPPLE

The Home Demonstration Club Council of Wheeler county is sponsoring the cooperative buying of pineapple again this year and any one wishing to place an order is advised that April 27 is the deadline.

Pineapples will weigh five pounds each and cost \$4.65 per dozen. Orders are not taken for less than half a dozen and the money must accompany the order as the pineapples are paid for in advance.

All orders and money must be in the hands of Mrs. Clarence Zybach, county marketing chairman, by April 27.

Persons wishing pineapple should see their community marketing chairman or the person taking orders in their community if there is no home demonstration club there.

A list of women who are taking orders follows: Mrs. J. H. Watts, Wheeler; Mrs. Si Mason, Briscoe; Mrs. H. A. Hartman, China Flat; Mrs. Luther Bullock, Davis; Mrs. W. E. Elliott, Kellerville; Mrs. Catherine Osborn, Magic City; Mrs. E. R. Blocker, Kelton (Wheeler route); Mrs. Moat, Mobeetie; Mrs. Geo. Crow or Mrs. G. M. Seago, Lela; Mrs. Elmer Miller, Myrtle; Mrs. Wm. L. Walker or Miss Louise Rislan, Pakan; Mrs. S. P. Beasley, Shamrock; Mrs. Hester Dodson, Twitty; Mrs. Will Finsterwald, Jowett.

### RED CROSS TO TEACH SAFETY

To meet the increasing need for qualified Red Cross first aid instructors in the Panhandle area, the Pampa chapter of the American Red Cross will offer a first aid instructors course starting May 20, according to an announcement this week by H. M. Cone, chairman of the chapter first aid committee.

First aiders from Hutchinson, Roberts, Carson, McLean, Shamrock, Wheeler and Hansford county chapters will be invited to attend this course.

Edwin C. Cram, first aid, water safety and accident prevention field representative of the National Red Cross, will teach the class to qualify members for Red Cross instructor certificates. The 15-hour course will consist of five 3-hour sessions.

To be eligible for enrollment, prospective instructors must have completed the Red Cross advanced first aid course. Registration of qualified persons was begun at Red Cross chapter headquarters Monday, April 15.

LEWIS M. GOODRICH  
**VET OF 2 WARS SEEKS OFFICE**

Lewis M. Goodrich of Wheeler county, former district attorney who holds the distinction of being a veteran of both World wars, this week announced his candidacy for Judge of the court in which he served as prosecuting attorney for six years before the war.

Lewis is a candidate for Judge of the Thirty-first judicial district comprising Wheeler, Gray, Roberts and Lipscomb counties, to succeed Judge W. R. Ewing who is voluntarily retiring from the bench.

Goodrich's statement to the voters follows: "In making announcement for District Judge for the 31st Judicial District I fully realize the responsibilities of this office and its importance to the citizens of this District. If you select me to succeed Judge W. R. Ewing, who voluntarily retires this year, I shall devote my entire efforts to carry out the mandate of the people and perform the duties incumbent upon me as your District Judge and hope that Divine Providence will guide my actions and conduct as such."

"I have had the honor to serve you as district attorney for the six year period from 1933 through 1938. Those of you who have been in court or know of my record during that period, will need no introduction to me. To those of you who do not know me or know of my record during that time I solicit your careful inquiry."

"This is my 19th year as a practicing Attorney. I am 48 years old. Forty of these years have been spent in the Panhandle of Texas except my two periods of active service in the U. S. Navy. When the Japs attacked us I volunteered in the early part of 1942, and served 39 1/2 months in the Pacific area throughout this recent war as an enlisted man all of this time."

"I feel that my experience, legal practice and qualifications justify me in seeking this honorable office. It is my intention to put forth every effort to personally solicit your support and vote at the coming election."

Goodrich's statement to the voters follows: "In making announcement for District Judge for the 31st Judicial District I fully realize the responsibilities of this office and its importance to the citizens of this District. If you select me to succeed Judge W. R. Ewing, who voluntarily retires this year, I shall devote my entire efforts to carry out the mandate of the people and perform the duties incumbent upon me as your District Judge and hope that Divine Providence will guide my actions and conduct as such."

### MANY TOPICS DISCUSSED BY CIVIC GROUP

A wide variety of subjects were discussed by members of the Wheeler Chamber of Commerce at their semi-monthly luncheon held in the basement of the First Methodist church Tuesday noon. The meeting was presided over by H. M. Wiley.

R. J. Holt reported a suitable landing field for small aircraft has been made available through private efforts and the cooperation of county commissioners court. It is located on the Bob Stiles place near the A. B. Griffin corner, just northeast of Wheeler, and is large enough to accommodate airplanes of the size that will be wanting to land here, Holt said. He is already using the field for his own plane.

Holt said he had received promise from several private pilots they would bring their planes to Wheeler at an early date as a friendly gesture to observe opening of the new field.

The Wheeler banker who recently attended a Texas Bankers convention reported it is the opinion of most financiers that borrowing money by veterans on the 7. I. plan will be difficult. He said some estimated as low as one out of 50 applications would be granted under existing regulations due largely to inflated valuations.

Frank Wofford, Farm Security supervisor, reported borrowers, including G. I.'s, are paying off farm loans ahead of schedule. He said some borrowers had paid loans which would not have been due for 25 years or more. Wofford praised the enterprise of FSA clients in Wheeler county, citing improvements they have made on farms purchased. Wofford had as his guest Martin Reece of Amarillo, FSA engineer.

County Agent Hubert Martin expressed optimism over the county's prospects of becoming a good fruit country with proper encouragement. He said an A & M horticulturist on a recent trip to Wheeler county reported part of the county ideal for apple culture. Martin said one farm was already producing an apple crop worth about \$12,000 annually. The agent said worms were the worst enemy and that they could be eliminated by proper spraying methods.

Harry Wofford told chamber of commerce members the Red Cross quota of \$1,985 for the Wheeler chapter which embraces the north part of the county, is still about \$500 short. He said a little money was dribbling in weekly and "the quota might be reached by the Fourth of July."

County School Superintendent Allen Kavanaugh briefly outlined the high points of the set-up for vocational schools for veterans, one of which has been proposed for Wheeler county. He said the project was worthy of consideration by community leaders and veterans.

Chairman Wiley pulled the vicecrack of the day when he stated veterans making application for G. I. Loans should fill out papers for Old Age Assistance at the same time as there was no telling which check would arrive first.

### County Board Studies Proposal To Organize Vet Vocational School

The Wheeler County School Board has taken under advisement the question of sponsoring a Veterans Vocational School after a meeting at Wheeler Tuesday night, attended by vocational agriculture officials, Veterans Administration representatives and citizens from four counties.

Ray L. Chapelle, head of the department of agricultural education, Texas Tech, explained workings of the veterans vocational plan whereby federal funds defray expenses of a school in addition to paying qualified veterans enrolling for instruction, \$65 to \$90 per month, depending on whether married.

The vocational plan is an involved one and would require considerable detailed groundwork on the part of a school board or a delegated authority, before its feasibility and practicability could be established.

It works along the lines of present on-the-job training in which scores of county veterans are enrolled, except the vocational plan is broader, offering instruction in agriculture, trades and distributive education such as retail store keeping and office management.

Veterans would only be required to attend class instruction a few hours a week, the remainder of the time being devoted to home study and demonstration. The school would be elastic as to where classes would meet and as to subjects offered, both being guided by the desires and convenience of veterans enrolled.

Veterans not now enrolled in educational institutions or on-the-job training under the G. I. Bill, would be eligible to qualify, but they would not be permitted to take on the vocational instruction in addition to another subsistence plan. That is, they would not be permitted to receive federal funds from two sources. It would be optional with them whether they took on-the-job training or attended vocational school.

Chapelle has been in close touch with the vocational plan, being co-author of a guide-book used in Texas to acquaint prospective sponsors and students with details of the program. He said approximately 25 Texas counties have established the schools and about 50 more have made applications for them.

Chapelle who came here on invitation of Grady Harris, Mobeetie postmaster who started the agitation for a Wheeler county school, was enthusiastic as to its possibilities. He handed out pamphlets describing the plan to members of the various groups present at Tuesday's meeting.

Veterans and interested citizens of the county who wish information on the general school setup are asked to contact any of the following Wheeler county men: H. M. Wiley and Tom Britt of Wheeler and Dennis Glenn and G. G. Bell of Shamrock, who are members of the County School Board and who with J. H. McCarroll will have the responsibility to sponsor such a school; County Veterans Service Officer Lewis Goodrich of Shamrock; County School Superintendent Allen Kavanaugh at Wheeler; Grady Harris, Supt. J. M. Boswell or Jack Miller at Mobeetie; Mayor Bill Walker, Chamber of Commerce Secretary Bob Clark or Vocational Agriculture Instructor Howard Weatherly at Shamrock; City School Supt. W. O. Carriek, County Clerk Harry Wofford or County Judge George Hefley at Wheeler.

The above men were among those present at Tuesday night's meeting and will be able to answer most questions pertaining to the proposed school.

First step in organizing a school, should the county board deem one advisable, would be employment of a co-ordinator whose duty it would be to contact county G. I.'s and determine what courses of instruction, if any, they would be interested in. Classes would have to be organized in units not to exceed 25 vets and instructors employed. Chapelle said finding of instructors, standards for which are high, may prove the bottleneck of the program.

After a survey of veterans determines the number and type of classes, it would be the duty of the coordinator and school board, to determine where certain classes should be held to suit the convenience of a majority of students. Instructors would have to be employed and a detailed plan of operation submitted to the Veterans Administration with an application to qualify the school to instruct veterans.

Each veteran wishing to take advantage of the program would be (Continued on Last Page)

### TWITTY OPENS BAPTIST MEET

Rev. R. C. McCurley, Jr., pastor of the First Baptist Church of Twitty, announced this week that a revival meeting which opened at his church on Wednesday night, would continue through Sunday, April 28.

Rev. J. D. Horton, pastor of the Pierce Street Baptist Church of Amarillo, will be in the pulpit during the series of meetings. Rev. Horton is founder of the Twitty Baptist Church and pastored it for 36 years before accepting the pastorate of his present church. He has headed the Pierce Street Baptist Church for the past 14 years.

Services will be conducted twice daily, at 10 a. m. and 7:30 p. m. George Dodson will be in charge of the song services, with Mrs. Label Reynolds, pianist.

Rev. Horton needs no introduction to the people of this area. While serving as pastor of the Twitty Baptist Church and since going to Amarillo, he has conducted revival meetings or preached in practically every Baptist pulpit in his vicinity at one time or another.

Rev. McCurley, who has served the Twitty Baptist Church as pastor since February 1, extends a cordial welcome to the public to attend the gospel services.

### LIST MOBEETIE HONOR PUPILS

A list of the honor students of Mobeetie grade and high school for the fifth six-weeks term was announced this week by J. M. Boswell, superintendent.

High school students making four "A's" were: Onie Sims, Joy Davis, LaRue Flanagan and Wilma Prock.

Those making three "A's" were: Marie McCauley, Roberta Leonard and Ola Mae Scribner. Florene Corcoran was credited with two "A's" and two "B's," while Lorene Gabriel made two "A's" and one "B."

High school students with one "A" and two "B's" were: Betty Ruth Brewer, Curtis Ruff and Nancy Ware.

### LIST DONATIONS TO RED CROSS

Late contributions to the Red Cross fund have been announced as follows:

Streets, V. N. Hall, solicitor; Lula E. Thornton \$3, Jess Sweetnam \$2, Total \$5.  
Streets, American Legion, solicitor; Mrs. E. E. Farmer \$2, Mr. and Mrs. D. A. Hunt \$5, Total \$7.

### Candidates To Speak In Wheeler Friday

There will be a candidates speaking at an entertainment to be held at the Wheeler gymnasium at 8 o'clock Friday night under sponsorship of the Wheeler Parent-Teachers Association, W. B. Wofford, manager of the County Candidates club, announced this week.

Proceeds will go toward buying a new cook stove for the Wheeler home economics cottage. There will be bingo and domino games and pie will be sold but not auctioned. Admission will be 25c per person.

### M. L. Gunter, Jr., Now Lieutenant, Sr. Grade

Mrs. M. L. Gunter received a letter from her son M. L. Jr., stating he had been promoted to Lt. Senior Grade April 1.

### Former Wheelers With Alaska Church

The Church of Christ at Wheeler recently received a bulletin from the Craig Children's Home in Craig, Alaska, concerning the work of the home and the Church of Christ in that area. It was noted that several former Wheelers were behind this worthy cause.

### Price Raise Okayed For Work Clothes

OPA Wednesday authorized an immediate increase of 12 to 15 per cent in retail prices for work clothes.

The increase, applicable to such garments as overalls, work shirts and overall jackets, is the result, OPA said, of higher prices for raw cotton and textiles, and recent wage increases in the clothing industry.

### Child Welfare Body To Be Established

To help combat the rising tide of juvenile delinquency a state children's committee will be organized.

Welfare, educational, health and law enforcement agencies which operate on a state-wide basis agreed to establishment of the committee in a meeting at Austin.

The committee will be composed of two members from each participating organization. The committee will co-ordinate research and planning in connection with child welfare problems.

It looks like the Wheeler vicinities we've only been here 7 months may get through Easter without a freeze after last week's. Now if we could only get some moisture. Wheat is suffering badly.

**A GENERAL SPEAKS**

By GENERAL DWIGHT B.  
EISENHOWER

During the current Red Cross  
Fund Campaign vast numbers of  
patriotic Americans have respon-  
ded generously to the cause. Al-  
ready the majority of chapters  
have reached or exceeded their  
goals. In some communities, how-  
ever, I understand the campaign  
is lagging, and am surprised to  
learn that one of the reasons given  
is that complaints are being  
levied at the organization's over-  
seas operations by returning ser-  
vicemen. For the most part these  
criticisms have grown out of a  
Red Cross policy of making nomi-  
nal charges to our forces for food  
and lodgings in fixed Red Cross  
installations abroad. These com-  
plaints are distressing to me since  
this particular Red Cross policy  
was adopted at the request of the  
army so as to insure an equitable  
distribution among all service per-  
sonnel of Red Cross resources.

I know the Red Cross. I have  
seen it in action. Overseas it per-  
formed with the precision of a  
well trained army. It would be a  
grave injustice to the splendid  
work of the Red Cross if its cam-  
paign should be retarded any-  
where by mistaken criticism.

In providing millions of pints of  
lifesaving blood plasma, thou-  
sands upon thousands of packages  
for prisoners of war, in relaying  
countless of heartwarming mes-  
sages regarding conditions at  
home, bringing comfort and enter-  
tainment and cheer to hospitals,  
leave areas and battle fronts, the  
Red Cross accomplished a prodig-  
ious task. In Africa, in England,  
later on the continent, we learned  
how much it meant to find the  
companionship, the friendliness,  
the link with home the Red Cross  
managed to provide.

The services of the Red Cross  
are as urgently needed today by

our occupation troops, our men in  
hospitals, and our veterans as they  
ever were by our fighting forces  
in time of war. The Red Cross  
needs and deserves our continued  
support. At the moment it is in  
the closing days of its greatest  
peacetime campaign for funds. It  
stands now in the shadow of the  
goal posts. I hope to see it promptly  
pushed across by oversubscription  
of its 1946 Fund Campaign.

**Officers Elected  
By Briscoe P.-T.A.**

The Briscoe Parent-Teachers  
Association met April 10, with the  
president, Mrs. Anna Zybach in  
charge.

A committee was appointed to  
buy needed material to repair  
playground equipment, and Tues-  
day, April 16 was set as "Repair  
Day."

Officers elected were: pres.  
Mrs. Milton Wilson; vice pres.  
Mrs. Claudia Brotherton; sec.  
Mrs. Gladys Price; treas., Mrs. Lee  
Barry; Parliamentarian, Mrs.  
Brady Meadow.

A community party was enjoyed  
in connection with the meeting.  
The grade school children played  
in the gym, the high school stu-  
dents played outside, and the men  
played dominoes in the gym.

Refreshments were served by  
the recreation committee.

May 1 will be the last meeting  
date. The program will be "A Tri-  
bute to Mother and Dad."  
Everyone is invited.

**Book Review Heard  
By Good Neighbors**

The Good Neighbors club met  
with Mrs. Dyson on April 11, the  
roll call was answered with a  
memory gem. Katie Finsterwald  
gave a book review which was  
very interesting. Mrs. Walker was  
nominated as secretary as Mrs.  
Barnett resigned. The next meeting  
will be on Tuesday, April 23 as  
Mrs. E. M. Hastings, county dem-  
onstrator could not be present on  
Thursday. It will be in the home  
of Mrs. Treadwell.

Refreshments were served to  
the following members: Mmes.  
Walker, Milton, Finsterwald, Pow-  
ell, Treadwell, Ramsey, Baird,  
Barnett, Bill Finsterwald and one  
visitor, Mrs. Dick Powell and the  
hostess, Mrs. Dyson.

### OLD AGE BILL IS SUGGESTED

Oklahoma's entire representation in the House and Senator Elmer Thomas have joined in an unparalleled drive to bring to the floor by discharge petition, H. R. 1831, a bill introduced by Paul Stewart of Oklahoma's Third District, to amend the Social Security Law to equalize old age assistance.

A letter addressed to each of the 435 members of the House stated that "H. R. 1831 is offered as an amendment to the Social Security Act to equalize old age assistance in each of our states. It would permit a recipient to have an income from other sources not to exceed \$1,200 per annum for a man and wife or \$750 for a single person; and or have capital assets not to exceed \$15,000 for a man and wife or \$10,000 for a single beneficiary. It would also remove the eternal dread of the old folks of having their pension reduced by a case worker."

"The entire Oklahoma Delegation," the letter continued, "is in full agreement in support of this measure. Senate Bill 436 by Thomas of Oklahoma, is a companion bill. We would certainly appreciate your signing Discharge Petition No. 21 to bring this bill to the floor subject to amendments." It was signed by Congressmen Paul Stewart, Ross Rizzley, W. G. Stigler, George B. Schwabe, Jed Johnson, Victor Wickersham, Lyle H. Boren, Mike Moroney and Senator Elmer Thomas. This is a rare instance of unanimous backing by a state delegation for action on a bill. It will take 218 signatures on the discharge petition to withdraw the bill from the Ways and Means Committee where it is now.

H. R. 1831 has been supported in Oklahoma by the Welfare Federation Inc., whose resident, O. J. Fox, has been in Washington for the past thirty days in the interest of this bill.

Mrs. Cecil Richerson and children spent the weekend in Borger and Canyon visiting friends and relatives.

Worth Fullingim of Brownwood spent Wednesday night with his parents, Rev. and Mrs. P. D. Fullingim.

### LEGAL NOTICE

(First Published in The Wheeler Times March 28, 1946) 4tc.  
**CITATION BY PUBLICATION**  
THE STATE OF TEXAS  
TO: JAMES GIDEON AND OWEN WHITE, Defendants.  
GREETING:

You are hereby commanded to appear before the Honorable Justice Court of Precinct 1 of Wheeler County at the Court House thereof, in Wheeler, Texas, at or before 10 o'clock A. M., on the first day of the first term of said court which convenes next after the expiration of forty-two days from the date of the issuance of this citation, same being Monday, the 13th day of May, A. D. 1946, then and there to answer Plaintiff's Petition filed in said Court, on the 16th day of March, A. D. 1946, in this cause, numbered 478 on the docket of said court and styled R. L. Jackson vs. Owen White and James Gideon, Defendants.

A brief statement of the nature of this suit is as follows, to wit: Suit for full title and right to possession of one 1936 model Ford Coupe, Motor No. 2388220, State Highway Dept. recorded certificate of title No. A. 581071 issued in the name of James T. Gideon, Bronte, Texas, recording a first lien in the amount of \$200.00 in favor of Owen White of Bronte, Texas.

Plaintiff alleges purchase in good faith on or about Dec. 1, 1943 through Homer Pitcock, with permission of defendants and further alleges peaceful, exclusive adverse possession under good faith claim of ownership of said automobile for more than two years, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Wheeler, Texas this 23 day of March A. D. 1946.

Attest:  
A. C. WOOD,  
Justice of the Peace, Prec. 1  
Wheeler County, Texas

Mr. and Mrs. Bill Perrin and daughters of Lefors spent one day last week with her parents, Mr. and Mrs. Bill Black.

Mr. and Mrs. Bill Lowrie and Virginia spent Thursday in Pampa.

### Retailers Demonstrate How OPA Causes "Camouflaged Inflation"

On the basis that unrealistic OPA policies are raising the cost of living in the United States, the National Retail Dry Goods Association displayed before members of Congress in Washington examples of what it calls "camouflaged inflation."

The National Retail Dry Goods Association does not seek the immediate end of government price control but it asks that Congress amend the Price Control Act so as to increase the production of good quality, low priced consumer goods.

As Benjamin H. Namm, president of the Association said: "Production can stop inflation if we can only stop OPA from stopping production."

Officials of the Association described "camouflaged inflation" as "holding the line" against rises in the prices of reputable goods while granting higher ceiling prices to inferior merchandise.

The exhibit depicted this discrepancy with the comparison of the women's slips shown above and more than 100 other items received from member stores.

Among these others were a pair of men's white woven broadcloth shorts with an elastic waistband on which was placed an OPA price of \$10.50 a dozen. The manufacturer has discontinued production. Beside them were pink shorts of lesser quality bearing an OPA price of \$13.50 a dozen.

Also shown were two electric heaters, one of first rate quality made by a prominent manufacturer and priced by the OPA at \$9.99 retail while a decidedly poorer model next to it from another maker bore an OPA price of \$15.67 retail. The other exhibits were similarly striking.

Mrs. L. F. Tompkins of Cleborne and Mrs. Harold Presley of Cameron spent a week visiting their sister, Mrs. F. M. Robison and other relatives.

Mr. and Mrs. Dink Hunt attended business in Shamrock Monday.

Mr. and Mrs. E. V. Davis of Pampa spent Sunday in the Bill Black home. Mrs. Mollie Black, mother of Bill Black, is spending a week with them.

Mrs. Clayton Kelley and daughter of Dalhart spent Sunday night in the Shelby Pettit home.

"Okay, just so the engine's OIL-PLATED!"

"This one is . . . and you're 101% right," the car salesman agrees. He goes on to explain, "We want this car to show you real engine endurance—which means the least carbon, sludge, and upkeep you can have. That's goodwill for us. And all it takes to keep your engine's insides OIL-PLATED is Conoco N<sup>th</sup> motor oil. . . . Say, this time you're figuring to treat your new car right!" . . .

Many of the oldest cars, too, are being kept in the running by having their engines OIL-PLATED. This internal wear-fighter—OIL-PLATING—is created by magnet-like action. That comes from 1 Conoco N<sup>th</sup> oil's added ingredient—surfacing your engine's insides with durable OIL-PLATING. There's your barrier against lots of wear. You can have it in any car—any model or year—by driving around to Your Conoco Mileage Merchant's station. You'll get your correct Spring grade of Conoco N<sup>th</sup> oil—and an OIL-PLATED engine. ### Miss Ruth Barr Is Bride Shamrock Men

An impressive double ring ceremony was performed to unite Miss Ruth Barr and Wesley Buice in marriage at the home of the bride's parents Wednesday noon, April 10.

In a green and white bower on the south lawn, the vows were recited in the presence of the immediate families and a few close friends with Rev. Hugh H. Hunt, pastor of the Methodist Church of Wheeler, officiating.

The bride was attired in a smart grey beige dress suit with black and white accessories. Her

flowers were gardenias. For something old, she stood on a small rug on which her grandmother stood when she was married over 62 years ago.

Mrs. Lindsey McCasland, sister of the bride was matron of honor, wearing a white flannel suit and a corsage of white carnations.

W. Z. Baker, Jr., of Shamrock, brother-in-law of the groom was best man. Other attendants were Mrs. W. Z. Baker, Jr., sister of the groom, wearing a beige crepe dress and a corsage of white carnations and Lindsey McCasland brother-in-law of the bride. Honored guests were Mr. and Mrs. W.

H. Buice and Mrs. D. E. Holt, wearing white carnations.

Mrs. Buice is the daughter of Mr. and Mrs. J. W. Barr of Wheeler. She graduated from Wheeler high school and received her business education in Oklahoma City. At present she is employed by Farm Security Administration.

Mr. Buice is the son of Mr. and Mrs. W. H. Buice of Shamrock. He graduated from Shamrock high school, served four years in the U. S. Marine Corps, 43 months on the U. S. S. Pennsylvania. He received his discharge January 11.

A buffet luncheon was served immediately following the wedding ceremony. The rooms were decorated with bouquets of white pirea. The lace-covered refreshment table was centered with arrangement of flowers consisting of various colors of sweet peas, pink snap dragons and ferns. The double-decked wedding cake was topped with a small heart shaped cake and the traditional statuette of the miniature bride and groom.

Following the reception the bridal couple departed amid showers of rice for a short wedding trip to points in New Mexico.

# Now...no wheat used in beer or ale

And wheat alone can solve the problem of feeding the world's hungry

Actually wheat has never been a large item in the brewing process—only  $\frac{8}{10,000}$  of the entire U. S. wheat crop was used in 1945.

In accordance with United States Government policy, the brewing industry has used no wheat whatever since March 1, 1946.

**OTHER MATERIALS CUT 30%**  
 The other grains used have been reduced by 30%—that is, to 70% of the 1945 amount.

Wheat alone can solve the problem of feeding the hungry. The grains to which the industry is now restricted, are of a variety and grade not normally consumed by the people of the world as food.

**LESS BEER AND ALE**  
 Altogether, the brewing industry is using 30%

less materials than in 1945. This results in a proportionately lower production. But since the current demand for beer and ale is about 25% greater than a year ago, the real shortage is nearer 50%.

Consequently, your dealer will not be able to supply you with all the beer and ale you would like. We know you will understand the reason for this.

Your attention is earnestly directed to the recommendations of President Truman's Famine Emergency Committee, which are summarized in the box below.

This statement tells in clear, simple terms what each of us *individually* can do to help during the emergency.

### What the President's Famine Emergency Committee asks us all to do

1. Save and share wheat and fat products... Go light on all foods that take wheat, fats and oils—save breads, macaroni, cakes, cookies, pastries and deep-fried foods. Use drippings for pan-frying. Save salad oil—use boiled dressings.
2. Buy and serve more plentiful foods... Balance diets with the more plentiful foods, such as potatoes, fresh fruits and vegetables.
3. Waste NO food... Dress up today's leftovers for tomorrow. Make every crust count with melba toast, crumb-toppings, bread puddings and stuffings. Take no more than you can eat. Clean your plate. Turn in unusable fat salvage promptly.

## INSURANCE RENEWABLE

This official veterans' information service is prepared by the St. Louis branch office of the Veterans Administration.)

Best veterans' news of the week was General Omar N. Braden's announcement that ex-servicemen whose National Service Insurance policies have lapsed may now reinstate them without examination, if they submitted a statement that they are as good health as at the time of lapse.

Liberalization of reinstatement privileges will remain in effect until Jan. 1, 1947, and also apply to any NSLI policies lapsed between now and that date. After Dec. 31, 1946, regulations that applied before the liberalization will again be in effect.

Regulations governing reinstatement require a physical examination if the date of reinstatement is more than six months after the veteran's separation from service, or more than three years from the date of lapse, whichever is later.

The liberalization does not effect the requirements regarding payment of premiums upon reinstatement of lapsed policies. In case of National Service Life Insurance which has not been

converted to a permanent form, only two monthly premiums must accompany the application for reinstatement. In the case of policies which have been converted, payments which have been missed must be repaid with interest.

This new ruling is a boon to many veterans, including those with disabilities who might never be able to qualify for other insurance, it is pointed out by Harold W. Breining, VA insurance chief.

Breining also noted that veterans receiving disability pensions may authorize VA to deduct their service insurance premiums from their pension payments. Such deductions are not automatic, and veterans who desire to pay their premiums by this method must authorize VA to do so.

Veterans who are totally disabled for a period of at least six consecutive months may apply to VA for a waiver of premiums on their insurance, Breining added. Before the granting of the waiver, however, the veteran must continue premium payments. Premiums which have been paid and which are then waived are refunded to the veteran.

The VA contact representative in this area will be glad to help local veterans apply for reinstatement of their insurance under the liberalized plan announced this week.

**County Board—**

(Continued from First Page)  
 required to apply for and receive a certificate of eligibility similar to that required for on-the-job training.

As soon as the school became qualified and its students became eligible under the G. I. Bill, federal funds would be forthcoming to sponsors and students.

The Veterans Administration allows \$2.5 per month per student for operation of the school, the County School Board being judge of how much shall be spent for salaries and how much for administration. Buildings would not be required because of the small class units, the groups making use of space in public buildings.

Chapelle estimated six months might be required in organization work before federal checks would be forthcoming. By inference he suggested a small start might be advisable, adding classes as the demand required.

It would be necessary for the county to defray expenses of school pending federal qualification, he said, requiring a few thousand dollars if a large school were formed.

A barrage of questions from the audience indicated intense interest on the part of veterans and representatives of various county organizations.

The Veterans Administration was represented by Mr. Deaby and Otis R. Terry of Canyon area guidance officers, both of whom pledged cooperation in furthering the program if launched in Wheeler county.

Grady Harris presided at the meeting after being introduced by H. M. Wiley, president of the County School Board. Denby and Terry both made brief talks.

At the conclusion of the meeting the school board announced it would delay a decision until a detailed survey could be made of local factors involved.

**Menu for Easter Morning**

**Simplicity itself is this holiday breakfast—sliced peaches, shirred eggs, raisin toast, fragrant coffee.**

Easter breakfast, or brunch—shared with friends—is a tradition in many households.

When it is served after church, the menu must be one that is simple and requires little last-minute preparation. Such a breakfast is the one following, the peaches and shirred eggs bright yellow, the color of Easter.

**Sliced Peaches.** Allow one No. 2 1/2 duraglas jar of sliced peaches for each six servings.

**Method:** Place glassed peaches in refrigerator to chill at least two hours in advance. At serving time, simply pry off lid of jar, transfer peaches to bowl and serve at the table.

**Shirred Eggs.** Allow two eggs per serving.

**Method:** With table fat, grease

individual baking or casserole dishes. Break eggs and slip carefully into each dish. Sprinkle with salt, pepper and bits of butter. Pour one tablespoon cream into each dish. Bake in moderate oven (325 deg. F.) for 15 minutes, or until firm.

**Raisin Toast.** Allow at least two slices per person.

**Method:** Toast in electric toaster or under broiler of oven. Butter at once and place in covered dish.

**Coffee.** Use coffee of propert grind for your coffee maker, vacuum-packed in jar with resealable lid.

**Method:** Brew coffee at the last moment, according to method for your coffee maker. If it must stand, keep over very low heat so that coffee does not boil.

Mrs. Vernon Hooker of Mobeetie was a caller in Wheeler Tuesday.

**Q. Are weed seeds normally long-lived?**  
**A. It is hard to believe, but nevertheless true, that weed seeds may produce plants as long as forty years after the seeds ripened. For this reason, the fight against weeds must be continuous and unrelenting.**

**Q. What causes some turkeys to develop a crop which is excessively long, flabby, and pendulous?**  
**A. A pendulous crop may be due to heredity, to climatic conditions, or both. Gorging water after going without it during hot, dry periods, or the consumption of coarse dry grass or other high fibrous materials are contributing factors.**

**Q. How much does it cost the farmer for each pig that dies?**  
**A. Considering the feed cost to be 2 cents per pound, the U. S. Department of Agriculture estimates that the money-loss for a dead pig is as follows:**

Pig dead at birth ..... \$2.80  
 Pig dead at weaning ..... 5.20  
 Pig dead 8 weeks after weaning ..... 7.20

Adding the cost of labor and overhead, the cost of each dead pig reaches an even higher total. Fortunately, scientific management and sanitation practices have substantially reduced losses from cholera and other preventable diseases.

**Q. Does the feeding of wheat germ oil boost the fertility of dairy bulls?**

**A. No; this conclusion was reached after extensive research at the Research Farm of Purina Mills in 1936, and has since been confirmed by work done at Cornell University.**

**Q. Does the presence of large and numerous "milk veins" in the udder of a cow indicate that she will be a heavy milk producer?**

**A. Probably not, says the U. S. Department of Agriculture. These external veins assist in carrying blood away from, and not to, the udder. Moreover, the internal veins are apparently large enough to return all the blood from the udder.**

Send your questions about any phase of farm management to FARM FACTS, 815 South Eighth Street, St. Louis 2, Mo. Questions will be answered without charge, either by mail or in this column, as a service to this newspaper.
