

## Wheeler County Scene Second Highway Death To Occur Within Week

Wheeler county was the scene of the second tragic death on highways within a week when Mrs. Vivian Kessler, 26 years old, of Grayford, Tex., was fatally injured in a car wreck near Mobeetie last Sunday.

Death came to Mrs. Kessler in the Wheeler Hospital Monday as the result of injuries sustained when the car in which she and her husband, Roy C. Kessler, and his brother, were riding turned over several times. Kessler and his brother were only slightly injured.

The accident occurred between New Mobeetie and Highway 152 about 10 o'clock Sunday morning.

Highway patrolmen said a 1932 Ford coupe, driven by Thomas Walker of Perryton, was going south on the road from New Mobeetie to Highway 152.

The Kessler car was a short distance behind when Walker pulled slightly to the right and started to turn around, apparently failing to see the 1936 Ford coach driven by Kessler.

Attempting to miss the Walker car, Kessler swerved his car, causing it to turn over several times.

Funeral services were held in New Castle, Tex., Thursday for Mrs. Kessler.

Mrs. Ruth Humphries, 46-year-old resident of Sapulpa, Okla., was killed on U. S. Highway 83, about six miles south of Wheeler on May 5.

## GRADE SCHOOL EXERCISES SET

Commencement exercises for Wheeler's elementary school will be held at the high school gymnasium at 8:30 o'clock Monday, May 27. W. O. Carrick, superintendent, announced this week.

Twenty-seven students comprise the graduating class, of which Dorothy Esslinger is valedictorian and J. T. Johnson is salutatorian. Lewis M. Goodrich of Shamrock, former district attorney who is now serving as County Veterans Service officer following his discharge from the U. S. Navy, will bring the commencement address. Goodrich is a veteran of both World Wars.

The program for the elementary school follows: processional, Mrs. R. H. Forrester; salutatory, J. T. Johnson; vocal trio, Doyle Waters, Corky Robertson and Garland Parks; valedictory, Dorothy Esslinger; accordion selection, Mary Alice Close; class will, Betty Brown; introduction of speaker, Supt. W. O. Carrick; address, Hon. Lewis M. Goodrich; presentation of diplomas, Principal Geo. A. Weems; benediction, A. C. Wood.

Members of the eighth grade graduating class are: Garland Parks, J. T. Johnson, Dwane Jackson, Corky Robertson, Doyle Waters, Jack Mitchell, Charles Pond, John Anglin, Linden Sanders, James Clark, Jerry Newberry, Imogene Reed, Winnie Reed, Barbara May, Dorothy Esslinger, Wanda Luton, Mary Alice Close, Betty Brown, Floy Belle Patterson, Joan Richardson, C. R. Bailey, Dale Crossland, Linda White, Martha Hastings Ruby Davis, Linnie Newkirk, and Wilma Hall.

## County Convention Of Singers Sunday

All singers and particularly members of the old Wheeler County Singing Convention are invited to attend a singing to be held at the Missionary Baptist church at Shamrock at 2:30 o'clock next Sunday afternoon when effort will be made to re-organize the county convention which was disbanded during the war.

Several singers have indicated their intention of attending. The singing is being advertised all over the county and it is hoped there will be sufficient interest to justify forming of a county singing convention.

## Farmers Grinning As One Inch Rain Falls

Farmers of the Wheeler area were grinning from ear to ear today following a rain Wednesday night which brought moisture averaging an inch over the Wheeler territory.

The rain was lighter to the south, Shamrock registering .55 of an inch.

As bad as The Times hates to admit it, John Henry Watts, came in our office early Wednesday afternoon and announced unequivocally it would rain hard before morning.

Glenn Renter of Mobeetie, was a Tuesday night house guest in the W. B. Wofford home. Mrs. Bert Shaw of Amarillo is visiting in the Homer Pitcock home this week.

## SCOUT TROOP BEING FORMED

Thirty-two boys from Wheeler and vicinity attended a meeting held at the West-Passons American Legion Hut Monday for the purpose of starting re-organization of a Boy Scout troop and Cub Pack.

Sixteen of the boys were 12 to qualify as adult Scouts while an equal number were between the ages of 9 and 12, making them eligible for the Cubs. One additional prospective Scout and one Cub has since contacted Buford Conwell who is assisting in the re-organization.

Work of perfecting organization is proceeding. Conwell is contacting Hugo Olsen of Pampa, area Scout executive, regarding the securing of a charter and the completion of routine details.

Another meeting of boys between the ages of 9 and 18 has been called for 8 o'clock next Monday night at the Legion Hut when it is hoped there will be additional prospective members for both the Scouts and Cubs. Attention of boys residing in nearby communities is called that they are welcome to attend and join.

Parents of prospective members are also invited.

## JOHN REED HAS 83RD BIRTHDAY

Thirty-one relatives and friends met at the home of Mr. and Mrs. John A. Reed last Sunday, honoring the 83rd birthday of Mr. Reed.

Mr. and Mrs. Reed moved to the Texas Panhandle from Springfield, Ill., more than half a century ago, settling near Pampa and later moving to Miami. They moved to Wheeler six years ago.

Active for his years, Mr. Reed walks down town often to visit friends and swap yarns with old settlers. He received many nice gifts on his birthday.

Among those present for the happy occasion were: F. D. Reed and Arlene of Bell Garden, Calif.; Mrs. Dick Land of Pampa; Mrs. P. M. Meador and Ruth, Cassie and Lucille of Dumas; William Walter Reed of Hayden, N. M.; Mr. and Mrs. Dick Reed and Rosa Lee of Waka; J. G. Ramsey and Peggy; Mr. and Mrs. Dave Wolfe and Carol; Mrs. Charles Lyons and Karen; Mrs. Annie Keen and Barbara; Mr. and Mrs. E. D. Duncan; Mr. and Mrs. O. R. Patterson and Lavonne of Miami; Mr. and Mrs. George Higgins and Miss Beatrice Harville of Wheeler, and Miss Carmen Camp of Canadian.

Mr. and Mrs. A. B. Crump called during the afternoon.

## Little Demand Here For Kindergarten

Unless more interest is shown in the proposed summer kindergarten before the school term ends on May 28, plans for one will be abandoned. W. O. Carrick, superintendent of Wheeler schools, said this week. He said it would be impossible to secure a teacher until more children are enrolled.

All persons interested in a kindergarten are requested to see Carrick at once.

## FUNERAL HELD WIDELY LOVED MOBEETIE LADY

Last rites were spoken at the Mobeetie Baptist church on Thursday of last week for Mrs. Mary Evelyn Redding, popular resident of Mobeetie for 31 years. The funeral service was conducted by Rev. A. C. Wood of Wheeler, assisted by Rev. Buren Higdon of Mobeetie and O. C. Evans of Briscoe.

Mrs. Redding was laid to rest in the Mobeetie Cemetery beside her husband, Dr. H. C. Redding, pioneer Mobeetie physician who passed away in 1932 at the age of 91. Hunt Funeral Home of Wheeler was in charge of the funeral.

Mrs. Redding, a motherly type woman whose life revolved around her home, passed away on May 6. She had been in failing health since Christmas when she suffered an attack of the flu from which she never fully recovered.

Mary Evelyn Rich was born at Concord, N. C., on March 27, 1878, and was married to Thomas P. Almond in 1894. Mr. Almond passed away in 1905.

Coming to Texas in 1915, Mrs. Almond was married to Dr. H. C. Redding the same year. A medical practitioner in the Mobeetie country since 1902, Dr. Redding began to gradually retire from practice shortly after his marriage. In about 1920 he quit his practice altogether, save for an occasional summons from an old friend. Death came to him in 1932.

Mrs. Redding made her home in the same house at Old Mobeetie during her long residence there. Her daughter and only surviving child, Mrs. Carlton Murrell, and Mr. Murrell made their home with her.

Mrs. Redding was the mother of four children, two of whom died in infancy. A son, Will Redding, passed away in 1926. Besides her daughter, she is survived by one granddaughter, Mrs. Chuck Hogan of Pampa.

Mrs. Redding had been a member of the Presbyterian church since she was 12 years of age.

A host of Wheeler county people lost a dear friend in the death of Mrs. Redding. She was a fine Christian character who spread kindness and love wherever she went.

## BERGA GOAD IS NOT TO MARRY

The Wheeler Times last week printed an item mailed to us by Miss Berga Goad of Panhandle announcing her engagement and approaching marriage to Henry N. Bailey of McLean. This week we are in receipt of the following letter from Miss Goad, announcing she is not engaged.

Denver, Colo.  
May 14, 1946

"Wheeler Times  
Wheeler, Texas

"I would like to put a correction in the paper for last week's engagement notice. Please do print this. Maybe last week's notice was correct, but this is this week and a lady has the right to change her mind.

"Berga Goad who is in Denver, Colo., on a month's vacation trip to the West Coast from her job, says she is not engaged nor has any intention of marrying any one at present!

"Thank you, gentlemen, you have been very kind. Mail me a bill on both items and as soon as I return home I'll surely send you a check to cover.

Yours very truly,  
Miss Berga Goad  
Box 353  
Panhandle, Texas."

(EDITOR'S NOTE—The Times makes no charge, whatsoever, for running notices of engagement or any other news. We do endeavor to print only the truth and we regret very much if publication of the engagement announcement last week proved embarrassing to any one. We print only items that are signed and since this one was signed by Miss Goad, we assumed it to be correct.)

## Donkey Baseball To Be Played Wheeler

A donkey baseball game will be held at the Wheeler football field at 2:30 o'clock Saturday afternoon, May 25, sponsored by the Wheeler high school athletic department, Supt. W. O. Carrick has announced.

Admission prices will be announced later.

LA RUE FLANAGAN  
Valedictorian, Mobeetie

WILMA PROCK  
Salutatorian, Mobeetie

## Mobeetie Graduates 15 Seniors

Commencement exercises for Mobeetie's 1946 graduating class will be held at the high school at 8 o'clock tonight with Rev. Willford Jones bringing the address.

The program in full follows: processional, Beverly Caldwell; invocation, Rev. W. C. Clay; "Greetings," salutatory, Wilma Prock; "I Would Be True" and "Follow the Gleam," by choir; "Meeting the Challenge," valedictory, LaRue Flanagan; address, Rev. Willford Jones; presentation of diplomas, L. D. McCauley; acceptance of diplomas, Roy Sims; presentation of gift, Wallace Corse, acceptance, J. M. Boswell; school song by audience; recessional, Beverly Caldwell.

Baccalaureate services were held Sunday night when Rev. R. Q. Harvey brought an inspiring message to the 15 members of the 1946 Senior class, their families and a packed auditorium of friends and well-wishers.

The elementary commencement exercises were held Wednesday afternoon. Hon. R. H. Forrester of Wheeler delivered the address and Irene Ruff, salutatorian, and Pauline Corcoran, valedictorian, took part in the program.

Pictures and write-ups of members of the 1946 high school Senior class appear on pages four and five of this week's Times.

Members of the class are: La Rue Flanagan, C. W. Burch, Wallace Corse, Bud Carroll Scribner, Florene Corcoran, Belva Abbott, Wilma Prock, Bennie Barton, Marion Owens, Wanda Williams, Lorene Gabriel, Ray Sims, Virginia Futch, Quintis Godwin and Wylene Davis.

## MAY 27 NAMED CEMETERY DAY

Monday, May 27 has been set aside as "Cemetery Day" in Wheeler and a public appeal is made for help in beautifying the grounds which serve as the last resting place for so many beloved relatives and friends.

Persons residing outside of Wheeler who have relatives or friends buried in the cemetery here, are requested to join Wheeler families in working the lots.

Those in charge of the campaign to clean up the cemetery before Memorial Day (May 30) have adopted this slogan, "Come and work your lot and a friend's lot."

There are many unmarked graves in the old cemetery and it is necessary that these be worked by volunteer help.

## Church Basement Is Renovated By Class

Members of the Friendship class of the Wheeler Methodist church spent a busy evening Tuesday when after enjoying supper, they pitched in and worked on the church basement which is their meeting place.

Each member worked at painting, cleaning or repairing and the results of their labors were gratifying, indeed.

About 40 were present.

Cpl. Billie C. Candler of Fort Benning is in the hospital recuperating from a knee injury received while playing baseball. Cpl. Candler is taking courses in radio and telegraph.

C. W. BURCH  
Highest Boy's Average, Mobeetie

Above, we present the honor students of Mobeetie high school's 1946 graduating class, about which a great deal is said in this week's Times. Left above, is La Rue Flanagan, valedictorian, and secretary-treasurer of the class. Right above, Wilma Prock, who is salutatorian, and below is C. W. Burch, Senior vice president who made the highest grade average among Mobeetie boys.

## Mobeetie Business Men 100 Per Cent Behind Graduates

The business men and residents of Mobeetie are 100 per cent behind their high school graduating class as evidenced in two pages of greetings extended the grads in this week's issue of The Wheeler Times.

The Times had cut made of the Senior group and of honor students and class heads, all of which appear in this week's paper. Every Mobeetie firm solicited for a congratulatory ad by The Times, came through. We doubt if there is another community in West Texas which can say that.

## CANNING PLANT FOR PANHANDLE WHEELER NINE

EDITOR'S NOTE—On the editorial page of this week's Wheeler Times, we make the suggestion a canning plant might well be considered as a post-war industry, offering possibilities to the Wheeler area. Below we print a news item concerning a canning plant that is starting up at Hereford.

HEREFORD, May 15 — Construction was started this week on the first units of a new canning plant for the Deaf Smith County Foods Products Company which Manager Worth Ware says will represent an investment of between a quarter and a half million dollars within three years.

The plant will be located on a 15-acre tract three miles west of Hereford. The first kitchen unit, now under construction, will be an air-conditioned building walled with glass brick.

Ware plans to have the plant in operation in time for the current canning season. A meeting of farmers from this area has been called for May 17, at which time plans for planting and harvesting truck garden crops will be made. He said the company will furnish vegetable seed for planting and provide crews for the harvesting.

Mrs. J. H. Steen, accompanied by Miss Pearl Cowan, visited her daughter, Mrs. Mary Cansler in Canadian Friday.

## Times Is Starting On War Memorial Book For Wheeler County People

The Wheeler Times is now ready to make good a promise dating back to the early days of World War II, before present publishers acquired the newspaper.

We are starting work this week on compilation of a War Memorial permanent record book containing photographs and pertinent information about the war records of all men and women residing in Wheeler county or in adjacent counties within the territory.

A contract has been signed with the Universal Publishing Company of Dallas by The Wheeler Times and the Shamrock Texan whereby the large Dallas concern will do the printing and bindery work while the two papers will assume full responsibility for compilation and editing of the material.

It is an extraordinary contract signed by the Dallas concern which is one of the Southwest's largest publishers of college yearbooks and historical volumes. The Universal Publishing Company which has produced War Memorial Books by its own staff of editors in a score of larger Texas counties, was persuaded to publish the Wheeler county War book in collaboration with the two county newspapers, because of the experience gained by local staffs in the publication of Special Service editions of the two newspapers during the recent war.

## SENIORS START ON LAST MILE

As one Wheeler Senior boy put it, "We start walking that last mile next Monday."

Within another week the 21 members of Wheeler's 1946 graduating class will have ended their busy high school careers.

Baccalaureate services will be held at 8:30 o'clock Sunday night, May 26, in the high school gymnasium, when B. M. Litton, minister of the Wheeler Church of Christ will deliver the baccalaureate sermon. The program will be as follows: processional, Mrs. Geo. Porter; invocation, Geo. A. Weems; hymn, "Come Thou, Almighty King," by congregation; Scripture reading, Rev. P. D. Fullingim; special music, Frank Wofford; announcements, Supt. W. O. Carrick; sermon, B. M. Litton; hymn, "Onward Christian Soldiers," congregation; benediction, Gordon Whitener; recessional, Mrs. Geo. Porter.

The commencement exercise will be held at 8:30 o'clock Tuesday night, May 28, in the high school gym, the name of the main speaker to be announced. The remainder of the program follows: processional, Mrs. Geo. Porter; invocation, Geo. A. Weems; salutatory, Leon Weatherly; song, students; valedictory, Josephine Noah; introduction of speaker, W. O. Carrick; address, speaker to be announced; presentation of special awards, Principal J. E. Osborn; presentation of diplomas, C. F. Waters, pres. of school board; presentation of graduates, Supt. W. O. Carrick; benediction, Rev. P. D. Fullingim.

Members of the 1946 graduating class are: Donald Reeves, Delbert McWhorter, Leon Weatherly, William Barton, Bobby Rodgers, R. B. Mann, Benny Westmoreland, Bill Sides, Josephine Noah, Bonnie Prater, Betty Hix, Patsy Wiley, Glenna V. Hefley, Iris Conner, Coene Carter, Edna Farmer, Leona Bridges, Frankie Howe, Marjorie Esslinger, Marion (Corky) Guthrie, Don Alexander.

The newspaper offices have convenient information blanks for you to fill out and we ask that you bring the pictures to either the Wheeler or Shamrock office and fill out the blank when you are in the office. If you wish one or more copies of the book you may place your orders then.

The newspaper wishes to announce that it is absolutely necessary that photographs be submitted, even though the newspaper has a cut which may have run in a previous edition. Any size snapshot or photograph may be used although size 3 by 5 inches or 5 by 8 inches is preferable. All pictures will be returned undamaged, this the newspapers promise.

Pictures should be removed from frames before being brought in or they will be taken from the frames when turned in and the frames returned to the owner at once, as the staff cannot accept responsibility for their safe return.

Bring your photographs in and fill out information blanks at once. It will be a long and arduous task for the newspaper staffs and we cannot wait until the last week to accept all the needed material. It must come in steadily during the next four weeks for us to handle it efficiently and accurately. Please help us by bringing in pictures and information on your service men and women at once.

Mrs. Roy Currin who has been managing the telephone office for the past month, returned to Wellington Saturday. Miss Berdella Genthe has resumed charge of the Wheeler office after a 30-day leave of absence.

Pfc. Floyd D. Atherton of the M. P. force, Camp J. T. Robinson, spent the night with his parents, Mr. and Mrs. Floyd Atherton of Briscoe en route on some of his duties as an M. P.

Mrs. Henderson Coffman spent a few days this week in Wheeler visiting her grandmother, Mrs. J. M. Porter.

Mrs. C. E. Loter visited the Hallmans Sunday afternoon.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper will be gladly corrected upon due notice being given to the Editor personally at the office at Wheeler, Texas.

**A WHEELER CANNERY?**

As Wheeler views the post-war future and ponders the possibilities of industrial development and the bringing of payrolls and revenues to its territory, it might be well to consider the prospects of a small cannery.

Right here in our orchards and gardens we have an abundance of fruits and vegetables which might well be the means of launching such a project. Too often, communities overlook commodities and products native to them and to which they have become so accustomed they take them for granted, in searching for ways and means of industrial expansion. Automobile factories, airplane plants and the like, are not the only products a post-war world will be in the market to purchase. The fruit growing industry in

this area has largely happened, rather than being the result of intensive community planning. The proportions it has attained testify to the possibilities under intensified, intelligent encouragement. Only recently County Agent Martin quoted a Texas A & M extension horticulturalist as saying our possibilities as a fruit producing area were bright indeed.

The raising of foods should not be difficult and certainly the availability of native labor should be sufficient to operate a cannery of sizeable proportions.

Hereford, Texas, started this week on the first units of a new canning plant for a food products company which plans an investment of a quarter million dollars. The company will furnish vegetable seed and assist in recruiting crews for the harvesting.

Wheeler certainly has nothing to lose by checking into the possibilities of such a venture.

**Veterans' News**

(This official veterans' information service is prepared by the St. Louis branch office of the Veterans Administration.)

Many veterans in this area plan to attend college next fall—and they're going to have a lot of company. The Veterans Administration has just completed a survey of 1029 universities and colleges throughout the country, and the survey makes it clear that smaller schools will offer the most openings to veterans.

Sixty-nine universities and colleges in Missouri, Kansas, Arkansas and Oklahoma have indicated that they will be able to accept 16,237 enrollment applications from veterans, and all the larger schools expect to be jam-packed. Here are some high points of the VA survey:

In Missouri, 21 schools will accept a total of 4066 veterans. About 2000 of these openings will be at state teachers' colleges, 1300 at the state's smaller liberal arts colleges, 300 at professional and theological schools, and 250 at junior colleges.

Smaller schools in Arkansas expect to accommodate 1644 veterans, with about 200 in junior agricultural colleges and over 1400 in liberal arts and teachers' colleges.

About 4366 vets are expected at 21 Kansas schools. Of these

vacancies 1800 will be in liberal arts colleges, 1200 in teachers' colleges and 1350 in junior colleges.

Nineteen Oklahoma schools will accept 6167 veterans, with 2900 at teachers' colleges, 2130 at junior colleges and 1130 in the smaller liberal arts schools.

Veterans were enrolled at all the schools when the survey was made, and it appears certain that G. I. Joe will be well represented at every college in the country when the fall term opens.

Veterans planning to go to college should apply at any Veterans Administration office for a certificate entitling them to free educational benefits. This should be done well in advance of the opening of the school term—so why not do it now?

By BOYCE HOUSE

Uncle Hank says, "There may be a shortage of shirts in Texas but there's no shortage of stuffed shirts."

Getting around over the state: A touch of the Southwest, on the southside lawn in Plainview is a windmill—Saw a cowboy leading his horse across the Colorado River bridge at Austin—and they were walking on the bridge sidewalk... P. B. Ralls of Ralls has a collection of walking canes, 84 of them... Sign in O'Donnell, "Hamburger and chili king; 141 miles to the next."

A little Texas story: A farmer living near one of the big cities became quite noted for his weather predictions, which were more accurate than the official forecasts. At last, the weather forecaster of the city decided to learn what the other's system was, so he drove to the farm and found the old fellow plowing. The visitor (let's call him Brown) did not introduce himself but opened the conversation with:

"You are very successful in predicting the weather; how do you

do it?"  
 The farmer replied, "My method is simple; just see what that fool Brown predicts, then I predict just the opposite and I hit it nearly every time."

That story suggests the one about the pioneer who was asked, "Are you pretty good about figuring out what the weather is going to be?" He answered, "I was until the government took the weather over—and now I can't figure what it's going to do, at all."

Somewhere on the high seas is a present destined for this columnist: it is a Japanese sword, 440 years old, and is the gift of Lt. Col. Ralph Yarborough of Austin, whose Army division—the 97th—was the only one to serve in both Europe and the Pacific. Among his many important assignments has been directing the military government in an area containing one-seventh of the population of Japan. Col. Yarborough has received two battle stars, a bronze star, a commendation citation and ribbon.

**Mrs. Cash Walker Is Hostess to H. D. Club**

The Good Neighbors club met with Mrs. Cash Walker on May 9. The program was on attractive ways of serving refreshments. Several good hints were given in a discussion after the regular meeting.

A Mother's Day program was arranged by the hostess, when a beautiful poem was given by Mrs. Oldman and others.

Misses Iris and Juanita Clepper and Mozelle Wilson played and sang at intervals during the afternoon.

The next meeting will be with Mrs. Herbert Finsterwald on May 23. New members are welcome at any time.

Refreshments were served to 10 members and five visitors: Mmes. Milton Finsterwald, Powell, Treadwell, Herbert Finsterwald, Baird, Oldman, Barnett, Bill Finsterwald, Newman, Upchurch, Dick Powell, Misses Iris and Juanita Clepper and Mozelle Wilson.

Leo Lamb returned home Saturday with a discharge from the Navy.

Mr. and Mrs. Bill Lowrie and Don attended business in Denver, Colo., the first of the week.

Mr. and Mrs. R. G. Robison of Springfield, Colo., visited Saturday through Monday with Mr. and Mrs. C. C. Robison. They went to Morton Tuesday morning to visit Mrs. Robison's parents.

Monday night guests in the Lee Little home were Mrs. J. J. Little, Mrs. Boyd Hyman, Ballard Little and Gilbert Rhoten.

*Maybe you aren't this big a nut about cars*

Maybe you're able to resist taking your engine apart—as long as it runs swell. That's generally enough for most anybody—no matter how curious he is to see Conoco N<sup>th</sup> motor oil in the act of OIL-PLATING the engine's insides.

OIL-PLATED engines aren't forever having the top opened up to see about carbon—nor having the bottom opened up to see about sludge. Carbon and sludge are the camp-followers of wear. But OIL-PLATING is in the best position to oppose wear—because it is fastened and held direct to inner sur-

faces. This is accomplished by the magnet-like action of an added material in Conoco N<sup>th</sup> oil—patented.

OIL-PLATING is an addition—a durable protection—to the engine's fine inner finish. Ask new car owners and you'll find them widely adopting OIL-PLATING. This time, with this new car, they want to start out right. . . . And should an older car logically have anything less than the safeguard of OIL-PLATING! Then get Conoco N<sup>th</sup> motor oil—at Your Mileage Merchant's Conoco station—now. Continental Oil Company

**Our dealers join us in making this frank report to THE FARMERS OF AMERICA**

**INTERNATIONAL Harvester** is getting back into production with all possible speed. Extra shifts are being employed wherever conditions permit, to try to overcome the production losses of the recent strike. Everything is being done to get parts and machines to you.

While we and our dealers would like to tell you that this means an immediate end to the shortage of service parts and machines, it is more accurate to say that it means the beginning of the end of it. If illness or bad weather delays you seriously in the Spring, you know how much it throws you off your schedule. The strike has thrown our schedules off balance, too. There are many "chores" we must do before new machines reach you.

**Material shortages**

The preliminary chores of getting our plants back into shape for full production are finished. But disturbances in other industries and resulting material shortages may affect our plans. Light gauge steel sheets, brass and copper, fractional horse power motors, and many other items are all very short. The coal situation may also prove serious—we hope not.

**Refilling the well**

Both our dealers and our branches have run dry on parts and new machines. So the biggest chore is to get their working stocks back to normal. It will take time to fill the pipeline to dealers—just as it takes time for you to refill a well or cistern after it has run dry. Stock and display rooms of our dealers represent not one, but ten thousand reservoirs which must be refilled. The most heroic pro-

duction efforts will mean that your local dealer can expect only a small number of parts and machines at a time. Since we must play fair with all our customers, there will be a sprinkle of parts and machines all over the country—not a downpour in any one section.

You will be glad to know that all repair parts production schedules are far beyond normal.

**No hoarding**

You may be sure that every machine will be shipped to dealers as soon as completed. We do not and will not hold machines off the market.

At the start of the strike we had on hand at all our factories and branches just 837 tractors of all kinds—less than two days' production—and 405 of these were not completed. Many of those on hand had one or more important parts missing—principally radiator cores. Most of the rest represented the normal daily "float" between the end of the assembly line and the shipping platform. Naturally no tractors were made during the strike.

**What dealers may have for you**

We can report to you that our current production on TRACTORS is good and we are shipping at a normal rate. Even so, there will not be enough to go around. The situation on PLOWS

and DISK HARROWS is reasonably good. On COMBINES, MOWERS, HAY RAKES, ONE-MAN HAY BALERS, CORN PICKERS and many other items, our schedules have been seriously disrupted. We must in fairness say that many of our customers are likely to be disappointed on delivery of these machines. On MILKING MACHINES, STATIONARY ENGINES, and some other small units we are hopeful of making practically normal delivery.

We know you will understand the reasons why your dealer cannot fill your orders overnight. He would like to give you the kind of delivery on machines you would like to get, but his situation is a difficult one and not of his own making. He is doing the best he can.

**No cutting corners on quality**

There is one thing you can be absolutely certain about: We will NOT cut corners on quality in order to increase production in this emergency. For years we have said: "QUALITY IS THE FOUNDATION OF OUR BUSINESS." Today we say it—and mean it—as much as ever.

We know you need new machines—and need them badly. But we believe it will pay you to wait just a little while longer if you cannot get all you want immediately. By waiting you can be sure your new equipment will have the quality so rightly associated with INTERNATIONAL HARVESTER for so many years.

**BRING IN YOUR CAR OR TRUCK NOW!**

**WE'LL FIX IT . . . RIGHT, and at REASONABLE COST**

You'll get much better performance, greater economy and longer life out of a car or truck serviced by our trained mechanics, using factory-engineered parts.

**See Us NOW—to PREVENT Trouble, Too!**

We've seen so many cases where a little foresight would have prevented costly repairs that we earnestly urge you to let us check your Dodge—car or truck—NOW! Our work is dependable—and our prices are reasonable!

FOR  
DISTRICT ATTORNEY

Mr. and Mrs. James Haysley and daughter of Shamrock visited in the R. G. Russ home Sunday evening.  
Miss Katherine Price, who teaches in Lefors, spent Sunday with Miss Nellie Bea Candler of Jowett.

**Mobeetie Happenings**

By Louise St. John

Mrs. Lard of Pampa is visiting her mother, Mrs. Reeves.

The Texas Valley Folks presented a program here Thursday night. Ola Mae Scribner and Mr. and Mrs. Glen Scribner spent the weekend at Spearman.

The grade school pupils presented a program Friday night. Between acts the homemaking girls modeled their dresses.

Mrs. Leonard Hollis of Pampa spent the weekend with her parents, Mr. and Mrs. Tracy Willis.

Mrs. Z. W. Wilhite of Hollis, Okla., is visiting her mother, Grandma Beck and her brother, Stanley Beck and family.

Mr. and Mrs. R. W. Beck of Miami spent Sunday with his parents, Mr. and Mrs. Stanley Beck. Lynda Higdon has the measles. Maurita Fay Prock of Laketon spent the weekend with Lavada Hogan.

Mr. and Mrs. Tiry Harding and children of Clinton visited her brother, Arthur Carmichael and family over the weekend.

Travis Patterson is home with a discharge.

Mr. and Mrs. Art McPhearson and sons of Waynoka, Okla., and Edwin Dysart of Channing spent the weekend with Mr. and Mrs. C. A. Dysart.

**MARRIAGES**

Miss Imogene Kerr and Raymond R. Lorenz, May 11, Isabella, Okla.

Miss Bernice Pledger and John Jarel, May 11, Binger, Okla.

Miss Mary Roberts and Leonard Martin, May 11, Binger, Okla.

Miss Judith Lavee Smith and Owen S. Robertson, May 13, Canyon.

**Mrs. P. H. Schaub Is Honored Mothers Day**

First Mother's Day dinner in 3 years at Mr. and Mrs. P. H. Schaub in Pampa when their children brought dinner and had a good time at home once again. As Clyde Larmie has been over seas, those that were home and enjoyed the day were Mrs. R. T. Watts and daughter, Mr. and Mrs. Lawrence Forrest of Almeta, Mr. and Mrs. Clyde Schaub and son, Mr. and Mrs. Lonnie Schaub and daughter, Mr. and Mrs. Robert Wright, Mr. and Mrs. Morgan Pride and family. After dinner all went to the Park and played ball and took pictures.

**Baptist W. M. U. Hold Shower, House Warming**

A shower and house warming honoring Mrs. Alton Nations and Mrs. Lester Robertson, Jr., was sponsored by the Ladies of the Baptist W. M. U. Monday afternoon, May 6. Attending were Mesdames: Frank Hyatt, Gordon Whitener, Minnie Farmer, C. N. Wofford, Narville Arganbright, Cliff Weatherly, Harry Wofford, M. L. Gunter, Bob Rodgers, Lee

Guthrie, Jack Guynes, and Bess Robertson.

Sending gifts were Mesdames George Hefley, J. M. Burgess, Ruben May, Bill Black, E. E. Farmer, P. D. Fullingim, A. C. Mitchell, Charlie Carter, M. McIlhany, Ed Robertson, R. L. McClain, Ira Passons, H. N. Patterson, Levi Reid, Miss Lillie McClain and Mr. Glen Robertson and Mrs. Elbert Zybach, Mrs. Floyd Atherton, and Mrs. S. B. Davis of Briscoe.

**RUPTURED?**

Experimenting with questionable trusses at the expense of your health will prove costly. See your physician at once for the proper diagnosis and we will fill his prescription to his entire satisfaction.

If your condition has already been determined and you are not securing the proper comfort or relief, pay us a visit: at once and be convinced that under competent hands, truss fitting has been reduced to a science eliminating all guess work.

We feature the famous line of Non-Child Spot Pad Trusses which hold the rupture with a fraction of the pressure required by other appliances. We also have a complete assortment of Abdominal Supporters, Elastic Hosiery, Shoulder Braces, etc.

As one of this community's oldest business firms, we naturally look upon ourselves as the friend of every family. We have been with you and your fathers and mothers in good days and bad, and have watched many graduates grow up, get their diplomas, and get started in the business world. As history repeats itself again this Spring, once more we come forward with our congratulations and good wishes to the boys and girls who have done so well in school and who are now about to embark upon new and important adventures. Please regard us as an old friend of the family always at your service.

## Mobeetie Seniors End Busy School Careers As Graduation Comes

**EDITOR'S NOTE**—Mobeetie high school has the reputation of turning out well-balanced young men and women in its graduating classes, and this year's group of Seniors is no exception. The Wheeler Times is happy to present sketches of members of the 1946 graduating class, written by members of the school's own staff.

Arthur Wallace Corse was born November 21, 1928, at Canadian. He has attended school at Mobeetie for eleven years.

Wallace has taken an active part in athletics, having played basketball four years. He was selected on two all-tournament teams. Wallace also played football for four years, being captain of the team this past year.

He has taken an active part in his class activities, serving as president of the Junior and Senior classes.

Wallace is the oldest son of Mr. and Mrs. K. S. Corse. He plans to be a farmer.

Virginia Jane Futch names Mobeetie her birthplace on October 12, 1928. She started to school when she was six, and attended school here until she was in the fifth grade when she moved to Kelton and attended school for three years.

During her past four years at Mobeetie Virginia has taken an

active part in athletics. She lettered three years in basketball, was captain of the team last year and selected on the all-district team. Virginia has won two basketballs at other tournaments.

To the people of Kelton and Wheeler she is known as Jane. Around Mobeetie she is known as Virginia or "Pernie."

Her ambition is to be a housewife.

She is the daughter of Mr. and Mrs. J. D. Futch.

Ray Cecil Sims, son of Mr. and Mrs. O. L. Sims, was born in Galveston, on April 1, 1927. At the age of four months his parents moved to Childress, later moving to Mobeetie where Ray started to school. After attending school about a year and a half, he moved to Amarillo.

Ray spent several years in school there and then in Chicago, where he rode in the races as a jockey. His Junior and Senior years have been spent in Mobeetie.

Ray plans to enter into radio work after finishing school. He may attend Oklahoma University.

Marion Ell Owens, daughter of Mr. and Mrs. T. A. Owens, was born at Mobeetie, December 8, 1928, and has attended school at Mobeetie eleven years. She has lettered in basketball two years.

Her ambition is to be a nurse.

Quintis George B. Godwin was born December 29, 1928, at Mobeetie. He has attended Mobeetie schools for the past eleven years. He is Senior editor of the Mobeetie Hi-Life, printed each week in The Wheeler Times. He plans to be a farmer after graduation.

Florene Corcoran, daughter of Mr. and Mrs. J. B. Corcoran, was born June 23, 1930. After attending Union for the first four years, she enrolled in Mobeetie schools. Florene was salutatorian of the eighth grade. She plans to attend Business College in Wichita Falls in September.

LaRue Flanagan, daughter of Mr. and Mrs. Henry Flanagan, was born December 16, 1928, in Mobeetie. Her entire school life has been spent in the Mobeetie schools. She was valedictorian of her eighth grade and is the valedictorian of the present senior class with an average of 92.4.

LaRue was president of the Freshman class and secretary-treasurer of both the Junior and Senior classes.

She plans to attend college.

# Greetings to the GRADUATES of '46

**WE HAVE BEEN TOLD THAT "GOLD IS WHERE YOU FIND IT"**

In the same way, good fortune waits upon him or her who seek it intelligently and perseveringly. Then, too, there are other kinds of good fortune, which have nothing to do with dollars and cents. So, here's wishing the best of everything to every member of the

**MOBEETIE HIGH SCHOOL**

**CLASS OF 1946**

**CICERO-SMITH LUMBER CO.**

Mobeetie, Texas

TO THE GRADUATES OF 1946

In planning for the future remember there are many ways in which we could fit nicely into your plans, for there are many, many ways in which we can serve you well. Meanwhile accept our hearty congratulations upon your achievement.

**COWARD'S LAUNDRY AND GARAGE**  
Mobeetie, Texas

Mrs. Si Marchbanks has been a busy person, looking after the affairs of Mobeetie's 1946 graduating class, in addition to her other school duties. Mrs. Marchbanks graduated from West Texas State College, Canyon, with a B. A. degree and has been teaching in the Mobeetie schools for the past seven years. She teaches English and is principal of the high school.

**GRADUATES OF MOBEETIE END BUSY CAREERS**

Clarence W. Burch was born February 9, 1928, at Quanah. C. W., the son of Mr. and Mrs. A. A. Burch, has attended Mobeetie schools all of his life. He lettered one year in both basketball and football and is vice-president of the senior class. His ambition is to study law.

C. W. is the honor boy of the senior class.

Bennie Barton, son of Mr. and Mrs. J. W. Barton, was born October 8, 1928, at Mangum. He has been interested in all sports, having lettered two years in basketball and football.

Bennie is the third Barton boy to graduate from Mobeetie High School.

Wanda Williams was born December 1, 1928, in Mobeetie. Wanda, who is the daughter of Mr. and Mrs. Allen Williams, has attended the Mobeetie Schools for eleven years. Her ambition is to be a telephone operator.

Wilma Prock was born May 14, 1928, at Erick. She attended Mayfield and Sweetwater schools before coming to Mobeetie in her Sophomore year. She was vice-president of the junior class and is now assistant-editor of the Mobeetie Hi-Life. Wilma is the salutatorian of the senior class with an average of 92.

She is the daughter of Elmer Prock.

Belva Frances Abbott was born February 16, 1929, at Hale Center. She has attended four schools, Amarillo, McLean, Canyon, and Mobeetie. While attending school at McLean, Belva was president of the Freshman class and a drum major of the band.

Belva has lettered three years in basketball, winning the honor of being on the all-county team this year. She has been co-captain of the team for the past two years.

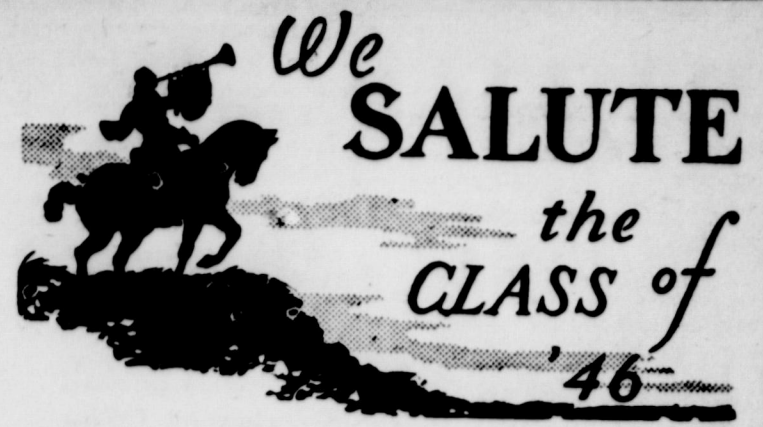

Belva plans to attend a business college and then be a stenographer.

She is the daughter of Mr. and Mrs. E. D. Abbott.

Wylene Davis, daughter of Mr. and Mrs. Wiley Davis, was born in Wheeler, September 24, 1927. Wylene has attended school in (Continued on Next Page)

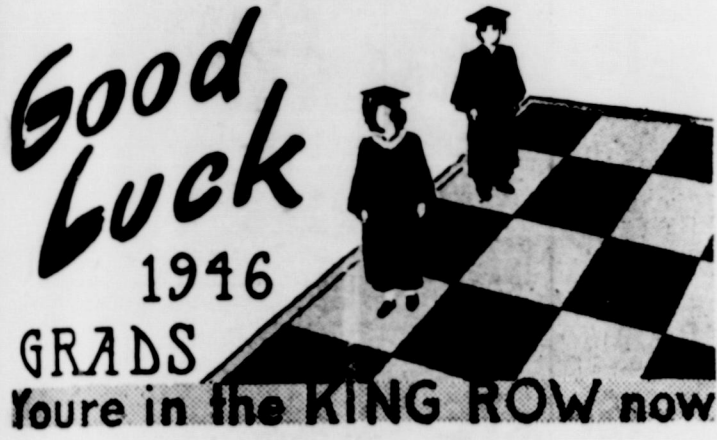

Wallace Corse who is president of this year's Senior class at Mobeetie, also headed the group as Juniors. The son of Mr. and Mrs. K. S. Corse, Wallace has attended school at Mobeetie for 11 years and has taken an active part in athletics, having played both basketball and football for four years.

EACH OF YOU HAS A GOAL, A MARK AT WHICH YOU ARE SHOOTING

Whether this goal be an extension of your studies, immediate earning capacity, or some other aim, we are with you, heart and soul, in the hope that your goal may be reached. We hope you will count us among your warmest friends.

**BURCH'S VARIETY**  
Mobeetie, Texas

**YOUR HIGH SCHOOL DAYS ARE OVER**

So now roll up your sleeves and tackle the bigger problems that may loom ahead. We are confident that if you will persevere in the same spirit that has marked your days in high school nothing can stop you. And always remember that we over here are your friends, always anxious to serve you, and still more anxious to please.

**MOBEETIE VARIETY AND DRY GOODS**  
Mobeetie, Texas

Our very best wishes for your success in the days which lie ahead.

**Burke Grocery**  
Mobeetie, Texas

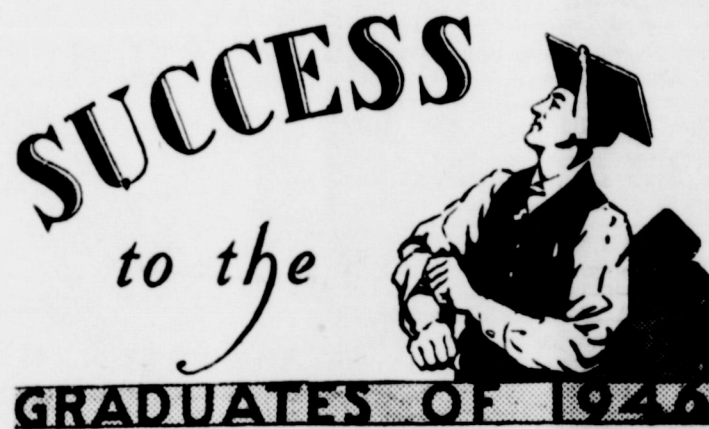

Happy journey, boys and girls! The road is long, but may the way be smooth. Happy journey, every foot of the way!

**Hi-Glo Cafe**  
Mr. & Mrs. Earl Wallace  
Mobeetie, Texas

Nothing would please us more than to congratulate each of the graduates of the Mobeetie school in person. As this is not possible unless you come to see us, we take this opportunity of extending to you our heartiest congratulations and best wishes for your success.

**B. & B. GROCERY**  
Mobeetie, Texas

The Proud traditions of your alma mater have been nobly upheld by the Class of 1946. Accept our congratulations upon this achievement, as well as our good wishes for success in your endeavors.

**ATKINS & RUFF IGA GROCERY**  
Mobeetie, Texas

**SO YOU ARE GRADUATING!**

This is indeed an honor. It is doubly an honor these days, when scholastic requirements are so high. With such a splendid record we feel sure that the graduates of 1946 will more than measure up to any demand that is made upon them. Every good wish to you on this happy occasion.

**FIRST STATE BANK**  
Mobeetie, Texas

As you step across the threshold of the classroom toward the wider opportunities just outside the door, remember that the good wishes of this community are with you. Each of our employes joins in extending to you the most hearty congratulations.

**RUEL SMITH GIN**  
Mobeetie, Texas

And now, having completed your high school education, the question is,

**"WHERE DO WE GO FROM HERE?"**

Undoubtedly, each of you has already answered that question, or at least given it considerable thought. Whatever your plans may be, may you steer a straight course to your objective. Certain it is that we wish you "bon voyage" and good sailing. Come over and get acquainted with us if, indeed, we are not already fast friends.

**SIMPSON SERVICE STATION**  
Mobeetie, Texas

**Mt. View News**

Mr. and Mrs. Art McPhearson and sons spent Mother's Day with Mrs. McPhearson's parents, Mr. and Mrs. C. A. Dysart.

Mrs. Don Lang and Jean and Mr. and Mrs. Walter Gaudberry and son spent the weekend in the Alvis Burke home.

Mrs. Monroe Setz and children and Dave Collins visited last weekend in Eastland with Mr. and Mrs. Dean Collins and family.

Mrs. A. E. Lancaster visited

last week with Mr. and Mrs. Richard Lancaster of Borger.

Mr. and Mrs. Doyle Grimes spent Sunday with Mr. and Mrs. Jeff Brewer.

Mr. and Mrs. Homer Hathaway and children of Borger, Mr. and Mrs. Barney Gatlin and children of Laketon and Mr. and Mrs. Eldon Carter of Lefors spent Sunday in the E. V. Herd home.

Mrs. Dasey Thomas and Miss Chestnut visited Mrs. L. W. Williams.

**Graduates Of—**

(Continued From Page Five)  
Mobeetie and the surrounding communities. He exceptional ability has been writing the school gossip.

She is planning to work in Arrillito after graduating.

Bud Carrol Scribner, son of Mrs. W. A. Scribner, was born August 5, 1929, in Mobeetie. He has gone to Mobeetie schools for eleven years. Bud lettered in basketball the past year and was a member of the cast in both the Junior and Senior plays.

He is going to be a farmer.

Lorene Gabriel, daughter of Mr. and Mrs. J. G. Gabriel of Mobeetie, was born March 8, 1929, in Mobeetie. She attended school at Union for five years and then came to Mobeetie where she has attended for the past six years. She plans to work in Pampa after graduation.

T. S. Puckett of Clinton spent the weekend in Wheeler with his wife and children.

Junior Ahler came home Saturday for an 8-day leave with friends and relatives. Junior is in the Navy, stationed at San Diego.

Mrs. M. McIlhany visited friends in Mobeetie Sunday.

Mrs. Hazel Watson and Dolores of Pampa spent the weekend with Ed Watson and friends.

Guests in the home of Mr. and Mrs. Zeb Baird Sunday were Mr. and Mrs. John Baird of Kelton, Mr. and Mrs. G. Baird of Mobeetie, Mr. and Mrs. W. K. Davis of Lefors, and Mr. and Mrs. B. L. Anderson of Pampa.

**FARM FACTS WORTH KNOWING**

**Q. Should DDT spray and whitewash be applied simultaneously to walls and ceilings of dairy barns?**

**A. No.** The strong alkali in whitewash will decompose the DDT preparation so that it will lose its killing effect very quickly. However, DDT can safely be applied to walls after the whitewash has thoroughly dried. For best results, an interval of two to three weeks should elapse before DDT is applied to whitewashed walls. If salt is added at the rate of 1 pound of salt to each 16 pounds of lime, the whitewash will adhere to the walls better, and it will cause the DDT to remain effective longer.

**Q. Do rabbits produce meat economically?**

**A. Yes.** Three and one-half to four pounds of feed produces a pound of rabbit meat. This amount includes roughage.

**Q. Can range sheepmen anticipate any great reduction of their overhead costs in the immediate future?**

**A. Unfortunately,** the present condition of the industry does not produce any great reduction of overhead costs for range sheepmen. However, by increasing the efficiency of his operations the range sheepman will be able to produce more wool and lambs without increasing his running costs.

**Q. How does the birth weight of pigs correlate with the health, vigor and livability of pigs farrowed?**

**A. Experience at the Ralston Purina Research Farm** proves that the birth weight of pigs is an excellent indication of vigor and livability. Of pigs weighing one and one-half pounds at birth, only 13% were alive at weaning time. Of pigs weighing three pounds or more at birth, 77%-85% were weaned.

**Q. Is the average size of turkeys marketed in the United States getting larger or smaller?**

**A. The size of turkeys marketed is steadily increasing.** According to the United States Department of Agriculture, the average live weight of turkeys at market time was 14.5 pounds in 1935, and 17.4 pounds in 1945, an increase of almost three pounds.

Send your questions about any phase of farm management to FARM FACTS, 835 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this column, as a service of the newspaper.

**BPS HOUSE PAINT THE ECONOMY PAINT**

**Congress Has Taken The First Step  
In The Right Direction To STOP  
INFLATION**

The House of Representatives of the U. S. Congress recently passed a bill extending the life of the Office of Price Administration, but amended the law to the extent of eliminating some of the past unsound OPA policies and practices. These past policies of OPA were hamstringing production, creating Black Markets and retarding distribution. This is the first step in the right direction to eliminate inflation and indicate to the people that eventually the OPA War Measures will be terminated.

**PRODUCTION**, not some Government Regulation or Press Release is the only cure of Inflation. We know America has the agricultural, manufacturing and distribution facilities to satisfy not only our own needs but those of much of the world. However, since V. J. Day this producing capacity has been slowed down and forced out of production the type of goods we need, as the result of maladministration of OPA.

**YOU HAVE SEEN THE RESULTS OF PAST OPA BUNGLING**

We can all see with our own eyes the Black Market increasing daily and the high prices which we are actually paying. Inflation is already here. Workmen have seen their factories forced to either reduce hours or actually close because OPA policies had either shut off raw material supplies, or had made their factory's product unprofitable to manufacture. Agriculture has seen its production, distribution system and markets distorted by OPA policies.

The home-seeking Veteran has found that he must pay Black Market prices because OPA has channeled building materials away from the legitimate Building Industry and seriously reduced the already inadequate supply of building materials. OPA policies funneled the majority of products into needlessly high-priced lines. These are but a few examples of the troubles that impractical and unsound OPA policies have gotten us into. You personally have observed these results.

**OPA HAD ITS DAY IN COURT**

Congress acted only after free and open hearings at which evidence was presented by OPA, the Bureaucrats, Agriculture, Labor, Business and Consumer Groups. Thousands of pages of evidence, charts and statistics were presented. The House of Representatives, acting only after it had the full FACTS and, by a majority greater than 8 to 1, decided that the past maladministration of OPA must be corrected, if the INFLATION we already have was to be stopped.

**WHAT DID CONGRESS DO?**

**BRIEFLY STATED:**

1. The House extended the life of OPA beyond June 30, 1946. OPA asked for that extension.
2. The House did not remove the powers of OPA to prevent run-away prices.
3. The House Bill said that in order to get PRODUCTION, since this is the one important factor to prevent INFLATION and Black Market, future prices put into effect on any product must be based on current cost, plus a reasonable profit. This House action looks like "just plain common sense." Past OPA policy has been exactly the contrary and OPA is howling over this amendment because it does not want to be required to fix prices based on current costs plus a reasonable profit. Why?
4. The House said the vast hidden costs and inflation, existing in the present OPA program, must be brought out in the open. This inflation and the hidden costs amount to BILLIONS of dollars per year disguised as SUBSIDIES and are paid for by the taxpayer.
5. Finally, the House served notice on OPA that it could not expect to be a vast and costly, self-perpetuating Bureaucracy arbitrarily ruling the lives of Americans forever. The House stated it proposed to return America to the people at the earliest date practical.
