## GOOD NEIGHBOR CLUB FIRST IN EXHIBIT HERE

Exhibits by Wheeler County Home Demonstration Club members were well attended Friday and Saturday of last week. Ten of the 12 clubs in the county were represented.

Miss Helen Edwards, home demonstration agent of Hemphill county, awarded the first prize of \$20.00 to the Good Neighbor Club. Miss Edwards based her decision on how well the club tried to represent the current year's demonstration, the variety of items in the exhibit as well as the quality of the items. Displayed attractive items were: home canned foods, fresh bread, breads, clothing, a wall plaque, and cut flowers.

Second prize of \$3.00 went to the Davis Club for an educational exhibit showing 3 well-balanced meals for a day; breakfast, dinner and supper being set out on an attractive set table. Posters were the Texas Food Standard's list of foods one should eat daily and other material growing, preserving, and serving food.

Wheeler Club won the third prize of \$2.00 for an exhibit showing variety and originality. Home-made soap, milk and butter, purse, copperplate album, quilt, quilt top, pillow, oiled quilt pillows for holding baby's winter bonnet of pyramids, and household linens were among the items displayed.

Business firms of Wheeler contributed the cash prizes and the county clubs wish to thank them for their generosity.

Honorable mention went to duty for an exhibit showing variety, use of feed sacks and well-tailored suit as well as quality canned goods and (Continued on Last Page)

## HOME IMPROVED AT MAGIC CITY

The Magic City Home Demonstration Club held an Achievement Day Program in the home of Mrs. W. F. Fulk on Oct. 17 when Mrs. Suzanne Osborn, home demonstrator, displayed samples of her canned food and needle work.

Mrs. Osborn lives alone so she has a very small garden. She had peas, beans and tomatoes in three punts to can from her small plot. She bought and canned pints of fruits and vegetables.

Through she works as postmistress she found time to make dresses, three aprons, a gown, a bed jacket, and to embroider new pairs of pillow cases and set of cup towels.

Miss D. H. Porter, home improvement demonstrator, was away on a hunting trip when the Achievement Day Program was held. Mrs. Porter's report can be read as follows:

"My bedroom has an inexpensive and different type of bed-springing" top and finishing with eyelet embroidery. I lined it with a suitable material so I could use either side up. The bed also has a ruffle from two old sheets with some edging which hangs to the floor and shows up the spread to the best advantage. My sun-curtains for the bedroom have that ruffle about 8 inches that threads on the rod. The advantage of them is that they don't blow in the windows when they're open and they keep the windows from looking too

The living room drapes are a very familiar farm material, blue and white. They're just plain and pull across the window on wooden rollers and take the place of shades. I covered an overstuffed chair with a rag rug type material in different colors including the States and their state mottoes above the radio. It is a Mexican theme predominant in the kitchen with very colorful Mexican patterned curtains and chair pads.

The main room I wanted to re-decorate was the basement. I planned to paint the walls with "Aqua" and to moisture-proof and cover the floor red. Upon inquiry about the "Aqua" it seemed the walls had to be wet when applied and kept wet for (Continued on Last Page)

## Wheeler Men Report Winner, S. D. Officers Are Men Of Vision

R. J. Holt and Damaris Holt have returned from a successful pheasant hunt in South Dakota which was pleasant except for a fine assessed them at Winner, S. D., when the back of their parked car barely protruded over a traffic line. They said the stripe was so dim it was not noticeable unless you looked carefully.

The Holts advise pheasant hunters to steer clear of Winner or if you must enter the town, to park your car at the edge of town and walk in. Winner enjoys a thriving business from tourist money, they said.

The Holts flew to Dakota last Friday, making the trip in 4 hours and 35 minutes. They got their limit of birds.

## ASK FARMERS TO SELL JUNK

County farmers can hasten the manufacture of needed machinery and equipment by gathering up scrap on their places and selling it to junk dealers, Harold Nash, Wheeler implement dealer, said this week following receipt of the following letter from the J. I. Case company:

"Although the war is over, the need for more scrap is not over. It is reported that at this very moment there are several Steel Furnaces that are likely to 'go down' due to the shortage of scrap.

"The Farm Machinery Industry has been requested to help in getting the scrap off the farms. We are urged to stimulate activities in this important work. Everyone fully realizes that the dealers did a wonderful job in the past with regard to collection of scrap, but perhaps even more can be accomplished by re-combing with a fine tooth comb on each farm. The farmers are not being requested to donate the scrap to any local organization, but to take it to the nearest scrap yard and sell it at the market price.

"If you will bring this important matter to the attention of every farmer whom you contact, undoubtedly they will respond in the same spirit they always exhibited in every move of national importance, and this present critical situation will be adequately relieved."

## FARM DAMS AID IN SAVING SOIL

Farm and ranch dams will aid in controlling water and help prevent erosion in drainage areas, says V. B. Hardcastle adm. officer of the Wheeler County Agricultural Association committee.

A practice of the 1946 Agricultural Conservation Program is available to assist Wheeler County farmers in this valuable method of conservation, he points out. Dams conserve water and prevent excessive soil erosion caused by water runoff. In addition, widespread use of dams will help solve our flood control problems.

Conservation of water is important in providing for livestock on ranges and pastures. More water facilities insure widespread grazing and cut overgrazing around existing water. This is a valuable conservation gain. Pasture and ranges too heavily grazed lose their protective cover and become erosion hazards.

The expense of these necessary conservation devices is borne both by farmers and the Government. The Government's Agricultural Conservation Program pays farmers 10c per cubic yard of dirt moved in building dams.

"It all adds up to better soil (Continued on Last Page)

## Orphans Given Food By Wheeler Church

A total of 365 quarts of canned fruits and vegetables, valued at approximately \$130 were contributed to the Tipton, Okla. Orphanage by the ladies of the Wheeler Church of Christ. The ladies canned the food themselves.

Tipton Orphanage is one of the most popular homes of its kind in this section and several Wheeler county orphan children have made their home there.

## LIONS CLUB AT MOBEETIE WILL GIVE MINSTREL

Plans for a Negro Minstrel to be put on by local talent of Mobeetie at the Mobeetie high school gym on November 15, were discussed at the semi-monthly meeting of the Mobeetie Lions club held Tuesday night.

The Lions club is sponsoring the minstrel to raise funds to help pay for \$1,100 worth of fire fighting equipment recently purchased by the Lions club, which sponsored organization of a volunteer fire department.

Lions and guests were entertained Tuesday night by music furnished by Charles Mixson with his bass violin, Henry Johnson at the piano and Bill Bailey with an electric guitar. A comedy dance was rehearsed by "Judge" Holliday who will be one of the performers in the Negro Minstrel.

President Jack Miller who was in charge of the meeting expressed pleasure over the enthusiasm shown by club members and citizens in the forthcoming minstrel. He highly praised the widespread cooperation given the Lions club in past projects by Mobeetie citizens.

The Mobeetie Lions club which was organized last March has been very active in community affairs. It has sponsored a cemetery clean-up campaign which was very successful and formed the volunteer fire department.

The Negro Minstrel will be composed entirely of local talent obtained largely from the club. Practice has already begun and all members of the cast are working hard to make the show one of the best entertainments of the year.

Net proceeds of the show will be applied on the fire fighting equipment that has been purchased.

## HALLOWE'EN AT MOBEETIE RIOT

The Mobeetie Halloween Carnival will be bigger and better this year, said J. M. Boswell, Mobeetie school superintendent, who was in Wheeler this week.

The carnival, an annual event, will be held at the Mobeetie high school gymnasium at 6 p. m., Friday, November 1, climaxing a football game between Mobeetie and Miami.

The program starts with a lunch hour in the home-making department where luscious hamburgers, taste-appealing hot dogs, chili, pie, cake and coffee are on the menu.

Patrons are urged to come early for bingo, other games, and costume judging.

Proceeds will be used for the benefit of the entire school, going for books, magazines, home-making equipment, science department and other needs that may arise.

Mr. and Mrs. D. O. Beene are visitors in Austin this week.

## Lubbock Man Plans Subscribing Again When He Gets House

The Lubbock landlords must be making it hot for E. Royce Jones who writes The Wheeler Times as follows:

"Dear Sir:—When we have a permanent address, we will take the paper again. Right now we are living in an apartment just waiting for a house. Enjoy the news from Wheeler very much. Sorry to miss a copy."

## SOIL PRACTICE WARNING MADE

V. B. Hardcastle, AAA administrative officer, today advised all farmers and farm owners who have carried out a soil conservation practice under the 1946 program that they will need to make their report by December 1.

Hardcastle stated it is very important that this report be made on time as all approvals on practices not reported as carried out on this date will be cancelled and the money credited to the general fund to be used for the construction of terraces and dams and drilling of wells from December 1 to December 31, 1946.

Hardcastle also advised farmers to mail their report if they are too busy gathering their crops to make the report in person. He states that reports made by mail must be made on the approval given them when the practice was requested. If you have lost your approval you must make your report in person.

You may also sign your application for payment at this time. This report may be made at the County AAA Office on Monday, Tuesday, Thursday and Friday and at the Shamrock Chamber of Commerce on Wednesday of each week through November. Please do not come to the county office on Wednesday as all material will be at the Chamber of Commerce in Shamrock. The office is closed on Saturday of each week.

## Mobeetie, Kelton To Play on Friday Aft.

Mobeetie and Kelton football teams will play at Mobeetie at 3 o'clock Friday afternoon. Mobeetie will go into the game as the underdog although its squad held Booker to 18-0 last week, and Booker is undefeated in the north section of the conference. Booker held Mobeetie on the 3-yard line once.

Mobeetie's starting line-up will be: Donald Ray Waters and David Abbott, ends, Delton Burke, center, Marion Reed, quarter, Charles Waters, full, and Richard Hefley, half. Glenn Green, W. T. Skaggs and C. E. Trimble will be reserves.

Kelton's starting line-up was not available.

Mrs. Naomi Blackwell left Tuesday to join her husband in S. C. after visiting her parents, Dr. and Mrs. C. C. Merritt, the past few weeks.

## LOCAL MEN IN PURCHASE OF MCLEAN NEWS

Albert Cooper of Shamrock and Wheeler announced this week he and two associates have purchased The McLean News from T. A. Landers who has owned and operated Gray county's oldest newspaper for 25 years.

Lester Campbell who has been editor of the Memphis Democrat, one of Texas, outstanding weeklies, has moved to McLean to make some changes in the newspaper plant preliminary to taking charge on November 1. He will be editor-manager and Mrs. Campbell will assist her husband in the office.

Arval Montgomery of Shamrock, is the third partner in the McLean setup of which Cooper will be the publisher. Cooper plans to divide his time between Wheeler, Shamrock and McLean, continuing his residence at Shamrock.

Mr. Landers plans to retire to his 80-acre Wheeler county farm in the Heald community. His farm has been a hobby for many years and he has been spending an increasing amount of time there experimenting and growing plants and trees. His one-of-a-kind nursery-farm is a botanical showplace, unique in West Texas.

Mr. Landers will quit his editorial desk after a busy quarter-century of public life. He has been mayor, president of the chamber of commerce and Lions club, police judge, deacon and superintendent of the Baptist church, and member of scores of important civic committees. At present he is justice of the peace in addition to his other duties.

Mr. Landers has been a friend of Albert Cooper's for many years and the sale of his newspaper to the two Wheeler County men and Campbell is the result of conversation (Continued on Last Page)

## EXAM IS OPEN AT POSTOFFICE

Civil Service examinations for substitute clerk and substitute carrier in the postoffice at Wheeler, is now open, according to Postmaster Chester Lewis who is secretary of the Board of U. S. Civil Service examiners at the local postoffice.

Application forms and further information on this examination may be secured from the Fourteenth Regional Office or the U. S. Civil Service Commission at 210 S. Harwood, Dallas 1, Texas, or from Lewis at the Wheeler Postoffice.

Applications must be filed with the Regional Director, Fourteenth Regional Office of the U. S. Civil Service Commission, 210 S. Harwood, Dallas 1, Texas, not later than November 12, 1946. To be eligible to take the examination, applicants must actually reside within the delivery of the Wheeler Post Office, or be bona fide patrons thereof.

## Mustangs Open Home Stand With Win Over Memphis Cyclone Friday

The Wheeler Mustangs broke out of their corral last Friday night to win their second conference encounter of the current season by taming the Memphis Cyclone to the tune of 12 to 6 in an evenly matched contest which was played on the local gridiron.

The Mustangs will make their second home stand of the season Friday night when they meet the Clarendon Bronchos in a conference encounter which is scheduled to begin promptly at 8:00 o'clock according to an announcement made this week by coach W. O. Carrick.

## P-T. A. PLANS SHOW OCT. 30

The Wheeler Parent-Teacher Association is sponsoring a three-act comedy entitled, "Pep Parade", which will be presented by an all-local cast in the Wheeler high school gymnasium on Wednesday and Thursday nights, October 30 and 31.

Proceeds will go to the school library fund.

Reba Homan of Kansas City is directing the production and the cast will include: Margie Mullins, Louise Tillman, F. B. Craig, Lowell Pendleton, Mr. and Mrs. J. E. Osborn, Mrs. W. O. Carrick and Junior Johnson, additional characters.

The production will boast one of the hottest choruses seen in Wheeler in many seasons with its personnel being chosen from the 1945 Mustang football squad.

A baby contest will be held in connection with the production and any parents wishing to enter their children are asked to bring a photograph to Mrs. R. G. Russ.

## TERRACING IS CITED AS NEED

Cropland terraces save water and conserve soil, Chairman Shaffer of the Wheeler County Agricultural Conservation Association committee says. In the end, this means more and better food and improved health for all, he added.

Farmers cooperating with the Agricultural Conservation Program can receive assistance in terracing their farms, he continued. Properly constructed terraces slow water runoff and holds it on the land where it can be used by growing crops during the dry period of the year.

Recognizing the extensive need for terraces and the expense of their construction, the Federal Agricultural Conservation Program helps farmers to pay part of the costs. The Government's share of the cost is \$79.20 per acre or 15c per foot.

To make terraced fields completely successful, the USDA also cooperated with farmers in establishing and maintaining other good conservation measures. These include sound crop rotations, strip-cropping, cover crops, and contour tillage.

Southern States have led in the use of this practice and in 1944 over 1,500,000 acres of the 1,719,000 acres terraced under the program were in the South.

The committee recommends this practice as a means to prevent soil washing. Farmers may still terrace under the 1946 program and if they wish to do so, should contact the county office at Wheeler immediately.

## Hester Dodson Named Deputy by Daughtry

T. J. Daughtry, nominate for Wheeler county tax assessor and collector, announced the appointment of Hester Dodson of Twitty as deputy assessor and collector, this week. Daughtry will take office January 1.

Dodson is 44 years old and has resided in Wheeler county for 24 years. He recently sold his farm northeast of Twitty and plans moving to Wheeler soon.

Mrs. M. L. Gunter, Mrs. Charlie Garner and Terrell Gunter attended the funeral of H. L. Gunter at Plainview last Saturday.

Mr. and Mrs. Earl Barnes small daughter is gravely ill in a Pampa hospital suffering with double pneumonia and intestinal flu.

## Wheeler Lads Got Off to an Early Lead in Last Weeks Contest

as they scored the first time they got their hands on the pigskin. The Mustangs kicked off to Memphis, and after some running plays had failed to gain much ground a fumble on a bad pass from center on the fourth down caused the Cyclone to lose the ball on their 34 yard marker from where the Mustangs went on to score on four plays. The final 23 yard of the pay-off drive was covered via the air lanes as "Corky" Robertson pitched one to Nathan Barr who scampered the remaining distance to the counter.

The Wheelerites weren't out in front for long though, since the Cyclone took the ensuing kickoff and marched 61 yards to their lone counter with Davis and McElby doing the greater part of the ball toting.

The second and third periods were scoreless with both clubs playing good ball but neither being able to make a sustained score. (Continued on Last Page)

## LIGHTER COLOR ADDS TO HOUSE

The Kellerville home demonstration club had an Achievement Day Program at Mrs. Clarence Drums on October 23.

Mrs. Drum, home food supply demonstrator, displayed home canned and fresh foods and made everyone's mouth water by showing a bowl of large strawberries. Mrs. Drum reported she had fresh strawberries from the patch all summer.

Huge sweet potatoes attracted quite a bit of attention. Over 100 pounds of sweet potatoes were raised by the demonstrator. She also raised 2 bushels of onions. Other foods raised for use were fresh and canned green onions, beets, green beans, and tomatoes. Mrs. Drum canned 126 quarts of fruits and vegetables, including pineapple and boysenberry jelly.

Mrs. Brent Chapman, home improvement demonstrator, gave the following report:

"My home improvement this year was centered upon my kitchen and bathroom. Both rooms were finished in a two-tone green enamel. The kitchen was built long, 8 ft. by 13 ft. and the bath is 8 ft. by 9 ft. The size and the color of the rooms gave them both a close, dark look and also gave the effects of much smaller rooms.

"My stove was a light cream color and refrigerator was white, so I used a three tone effect with walls cream color and my stove faded into it. The refrigerator was placed at the cabinet end, so the cabinet was painted all white, as were the facings and accessories. The inside of the cabinet was a pretty shade of blue. The impression of one used to the small dark room is now one of much more space and light.

"The bath, with tub and accessories all white, was treated in the same way. The walls are cream and the facings are white. The linoleum is a cream background with touches of color. Decals of water lilies and long legged birds were added with white sheer curtain appliques in the same color of pink lilies and green leaves. The same effect of larger space and more light was achieved here as in the kitchen."

## Briscoe P-T. A. Plans Party On Hallowe'en

The Briscoe Parent-Teachers Unit met Tuesday night in the high school auditorium for a short business meeting. After the close of the meeting the members and their families enjoyed games and refreshments at the gym.

Announcement was made a Hallowe'en party will be held Thursday night, Oct. 31. Every one is invited.

THURSDAY, OCTOBER 24

**LET'S VOTE FOR THIS AMENDMENT**

Texas Legionnaires should all go  
 to the polls Thursday, November  
 7 and by their votes assure the  
 passage of a proposed constitu-  
 tional amendment which will create  
 a Veterans' Land Board which is  
 designed to give 10,000 Texas  
 veterans farms and ranches.

This amendment has twice re-  
 ceived the backing of the Ameri-  
 can Legion, at the Fort Worth  
 War Conference in 1945 and at  
 the recent state convention in  
 Galveston. Since our organization  
 is the leading one dedicated to  
 veterans' activities, it behooves us  
 all to make a special effort to  
 get out and vote for its passage.  
 And it will require a special  
 effort. It will be voted upon two  
 days following the general election  
 the first Tuesday in November.

A clerical slip-up made it necessary  
 to hold a separate election two  
 days later than the general elec-  
 tion.

Land Commissioner Bascom  
 Giles, who is sponsoring the bill,  
 has asked the Texas Legion News  
 to bring before Texas Legion-  
 naires the urgency of getting out  
 the vote on November 7.

Highlights of the amend-  
 ment are that it was passed unani-  
 mously by the house and senate of  
 the last legislature; that the  
 board will be composed of the  
 governor, attorney general and  
 general land commissioner; that  
 such board is given authority in  
 concurrence with the legislature  
 to issue bonds up to \$25,000,000  
 for the purchase of additional  
 land from the federal government,  
 individual and other state agen-  
 cies located in every sector of the  
 state; that bonds bearing three  
 per cent interest will be sold to  
 other state departments carrying  
 heavy surplus funds now un-  
 invested, thus ELIMINATING THE  
 NECESSITY OF ANY ADDI-  
 TIONAL TAXES.

It should be pointed out that  
 under the amendment veterans  
 would NOT be required to "home-  
 stead" or live upon their land.  
 They also would be prohibited  
 from selling their equity.

It is planned that farms ranging  
 from 50 acres to ranches up to  
 2500 acres be purchased by the  
 veterans, thus providing wide var-  
 iety of crop and livestock pro-  
 duction in various parts of Texas.  
 Each veteran would be limited to  
 a maximum purchase of \$5,000.  
 His bid and check would be ac-  
 companied with a photostatic  
 copy of his discharge. The entire  
 purchase routine is planned to be  
 dressed down to the simplest  
 possible form with a minimum of  
 usual red tape.

Only Texas veterans will be  
 allowed to enter bids. The land  
 would be sold either for cash or  
 for as low as one tenth down pay-  
 ment with notes to run for 40  
 years bearing four per cent in-  
 terest per annum. Finally the  
 veteran purchaser retains a seven  
 eighth mineral fee on sulphur and  
 fifteen sixteenth on oil and gas.

In this amendment, Texas is  
 proposing to do something tangible  
 for its own veterans. Many are  
 anxious to enter the ranching  
 and farming business on a modest  
 scale. Commissioner Giles has re-  
 ceived more than 5,000 inquiries  
 from men and women veterans.

We urge every post commander  
 to bring this matter to the at-  
 tention of his members and to do  
 everything in his power to get  
 out a vote Thursday November 7  
 to assure passage of this amend-  
 ment.—From Texas Legion News.

People don't get round-should-  
 ered from following a hunch.

We were served a steak the  
 other day which the chef said was  
 "a piece de resistance." And it  
 sure did resist.

 Sophomore Reporter: Pat Williams  
 Freshman Reporter: Mary Alice Close

**AROUND WHEELER HIGH**  
 Dolores Ahler in a blue 36 Ford Wheeler, Sunday.  
 Clyde mad Friday night after game. After all, Clyde, she didn't stay in town all night waiting for you.  
 Gene walking in on business arithmetic hunting for the algebra class. Do you like arithmetic that well, Gene?  
 Mary Alice thinking that Lloyd Furman coming to school.  
 Peggy with two dollars. Ask Clyde where they came from.  
 Several girls riding in C. Pendleton's car.  
 Ida sleeping when she should be studying, and sleep again when she had a date. Sleepy head.  
 Furman coming to school.  
 Mr. Osborn making a speech

Friday night. How about that Corkey Guthrie "from the house of Robertson"?  
 Miss Wiley getting in at 10:30 Sunday night. How about Saturday night, Miss Wiley?  
 Coach losing his keys.  
 The Green Hornet buzzing. If you are curious, that is the Coach's car.  
 Mustangs stampeding to a victory Friday night.  
 Memphis was hungry Friday night at the game. But after all they didn't have to try to eat our Mustangs, did they boys?  
 Peggy quit watching Glenn's whiskers so close.

**IMAGINE**  
 Vondell went to business arithmetic one day without fussing. Joy didn't get her bookkeeping. Floy didn't fight all time. Nell was late to school.  
 June stayed in Wheeler on Saturday night.  
 Glen got up in time to shave before coming to school.  
 Clyde could find Pat on Friday night.  
 Furman got his lessons.  
 Don came to school.  
 Betty was seen around.  
 Ida being in an Oldsmobile.  
 Peggy going home early and with her folks.

**WONDER WHY**  
 Clyde came to the study hall so much Monday morning? Couldn't have been because Pat was sitting with Gene, could it, Clyde?  
 Every body was so thrilled Friday night.  
 Wanda L. didn't go with R. F. Saturday night? Silly girl.  
 Anna V. didn't know what she was talking about. Read the news next time, Anna.  
 Dolores doesn't like to wear evening dresses. Do they get in your way, D.?  
 Ruby is always aggravating us junior girls?  
 Jody hugged Johnny's neck? Maybe it was for the touchdown he made, Friday night.  
 Betty seems so happy. Couldn't be on account of a certain boy.  
 Joyce Brown works so much and so hard.  
 Yvonne had such a good time Sunday night. Well, it had been quite some time since she had gone with him.  
 Wayne would do if he couldn't talk to La Verne in American history.  
 Richard stayed in the senior row instead of the sophomore row in the study hall.

**SOPHOMORE BLABB**  
 We sophomores are proud of our boys who helped win the game Friday night.  
 Bill Robertson has been unable to laugh all week.  
 Richard M. has a new car. We sure would like to go somewhere, Rich.  
 Anita and Clyde G. have been fussing again. Poor Clyde.  
 Georgia is still sticking to her war veterans. We still catch her staring at a certain sophomore boy, though. Maybe she's remembering old times.  
 We are very glad to have Horace back after a long absence.  
 We want to know why Yreva was wandering up and down the study hall, Monday morning saying "I want something in the paper about me".  
 We think Melba, Pat and Peggy looked mighty "purty" Friday night.  
 Glenn Robertson used to be a wolf but we have decided he is a greyhound. He's too fast for an ordinary wolf.  
 Margaret we hear you now have two new cars in your family. Hint, Hint.

## NAVY FIGHTER, MODERN VOGUE

The "Tiny Tim" rocket, a projectile 10 feet long and weighing 1,200 pounds, unlooses a demonstration of the offensive power of the Navy F4U Corsair. The celebration of Navy Day, 1946, focuses attention on a peacetime Navy combining, through the Office of Research and Invention and the Bureau of Aeronautics, ideas and efforts to provide the nation with offensive and defensive weapons of a supersonic age. (Official Navy Photograph)

Wanda L. didn't go with R. F. Saturday night? Silly girl.  
 Anna V. didn't know what she was talking about. Read the news next time, Anna.  
 Dolores doesn't like to wear evening dresses. Do they get in your way, D.?  
 Ruby is always aggravating us junior girls?  
 Jody hugged Johnny's neck? Maybe it was for the touchdown he made, Friday night.  
 Betty seems so happy. Couldn't be on account of a certain boy.  
 Joyce Brown works so much and so hard.  
 Yvonne had such a good time Sunday night. Well, it had been quite some time since she had gone with him.  
 Wayne would do if he couldn't talk to La Verne in American history.  
 Richard stayed in the senior row instead of the sophomore row in the study hall.

We want to thank the Pep Squad for doing such a swell job of marching and yelling, Friday night.  
 Gene we hear you think Anita's cousin from Memphis is kinda cute.

### SPORTS AROUND THE CORRAL

The Mustangs galloped to a victory over the Memphis Cyclones Friday night. The first score was made when Corky Robertson threw a long pass to Nathan Barr. Nathan then ran 30 yards to pay dirt. A lot of playing and good blocking was made by the outstanding line who were Happy Martin, Bill Robertson, Richard Gaines, Loyde Goad, Doyle Waters, Harold Hardcastle, James McCormick, Clyde Revius, Johnny Weeks, Wayne Jolly and Robert Lowrie.  
 Later on in the game Johnny Barr intercepted a pass and raced 99 yards for another six points. Before this the score was tied 6-6. Richard Gaines showed brilliant playing in his powerful tackles. Robert Lowrie made many gains for W. H. S.  
 The Mustangs play Clarendon next Friday night and we hope they show us they can win again.  
 Q. B. Gene Hubbard was unable to play because of an injured hand.

**FRESHMAN CLASS**  
 Members of the freshman class were entertained with a Halloween Cake Party at the home of Mr. and Mrs. Harvey Close Monday night.  
 Mrs. Close was assisted in the arrangements by her daughter, Mary Alice.  
 Besides the 25 freshmen who attended, those present included: Mr. and Mrs. J. E. Osborn, Supt. and Mrs. W. O. Carrick, Mr. and Mrs. L. A. Parks, Class Parents, and Mrs. Close, class sponsor.  
 The Liberator war plane is technically known as the B-24.

## Special Announcement

The machinery at the Richerson elevator is all set and the elevator is ready to receive grain.

We have made arrangements with either the Wheeler Co-op. Gin or the Planters Gin to use their truck scales this season. This kind of co-operation is appreciated.

It is our conviction that to have a thriving business it must be operated on a fair and equitable basis. We are in the business of buying and selling grain on a fair margin. It is our responsibility to sell your grain for as high a price as possible. Also we are here to buy your grain at any time you want to sell it, whether the market is up or down, whether the grain is of good or poor quality.

If you have grain to sell, we believe it will be to your interest to see us before selling—sometimes in the event of short supply, and good demand, the market fluctuates widely.

## Hollywood On The Hudson

Dick Haymes and Ann Sheridan were caught by the camera while sailing around Manhattan Island on a special party cruise attended by Hollywood and Broadway notables. For the occasion, Miss Sheridan chose a black and grey suit of light wool, black crepe pill box hat tied with veiling and long black suede gloves.

Earl Miller, Olan Smith and the hostess, Mrs. Zella McClellan, agents' secretary, Miss Louise Hicks, Assistant Home Demonstration Agent, and Mrs. E. M. Hastings County Agent were present.

### H. E. Matthews' Hosts To Group of Friends

Mr. and Mrs. H. E. Matthews entertained with a dinner in their home Friday evening, Oct. 18. Autumn flowers were arranged throughout the house. Dominoes provided entertainment in the evening.

Those enjoying the evening were: Mr. and Mrs. Tracy Willis, Mr. and Mrs. E. E. Johnston, Mr. and Mrs. Willard Godwin, Mr. and Mrs. J. H. Scribner, Mr. and Mrs. C. H. Chandler, Miss Nellie B. Chandler, Ernest Ridgeway and the host and hostess, Mr. and Mrs. H. E. Matthews.

### Mrs. Raymond Johnson Is Shower Honoree

Mrs. Raymond Johnson was honored with a pink and blue shower Friday afternoon, Oct. 18, at the home of Mrs. Dwayne Williams, with Mrs. Williams and Mrs. Will Powers as hostesses.

The afternoon was spent playing games. Refreshments were served and the gifts presented to the honoree.

Those attending and sending gifts were: Mesdames Byron Simpson, Nep Trew, Pearl Ferguson, H. H. Bonds, Wallace Robinson, Wes Johnson, Floyd Hunter, Jeff Williams, Allen Leonard, Elby Patton, A. A. Burch, A. H. Burke, W. E. Gaines, Pauline Hooker, Doris Hooker, Allen Williams, Tom Beck, Audrey Alexander, Reed, N. J. Tyson and Nantette and Mrs. Leon Brown of Perryton.

Misses Claudia and Betty Jean Patton, Evelyn Robison, the honoree, Mrs. Raymond Johnson and the hostesses, Mrs. Will Powers and Mrs. Dwayne Williams.

### ALLISON NEWS

Mrs. Lester Levitt

Mr. and Mrs. A. E. Dillon left Saturday for Springfield, Mo. where they will visit relatives for a week.

Those attending the singing convention at Gageby Sunday were: Mr. and Mrs. Lee Kiker, Mr. and Mrs. Ray Brown and daughters, Mr. and Mrs. Lester Levitt and daughter, Evelyn. The convention voted to meet at Allison the next third Sunday, which will be November 17 at the Baptist church.

The Methodist quarterly conference was held at the local church Sunday morning and several out of town people were present. Rev. Landreth of Clarendon presiding elder, delivered the sermon.

Bill Farmer visited his daughter at Strong City, Okla. over the weekend.

Leon Waldrip, who is stationed at Oklahoma City, visited his parents, Mr. and Mrs. Ross Waldrip and family Friday. David Waldrip accompanied him to the City Saturday.

Patsy Huff, who is attending school at Canadian, spent the weekend here with her parents.

Mr. and Mrs. Boyd Burks motored to Pampa Friday, returning the same day.

Lloyd Jones and family spent the weekend in Borger with his brother, Clarence Jones and family.

Jim Wilkerson returned home last week from the Wheeler hospital.

Mr. and Mrs. W. J. Allen and children of Borger spent the weekend in the L. S. Aderholt home.

Mr. and Mrs. John A. Reed moved to Miami Monday to make their home.

### Science Topic Heard By Blue Bonnet Club

Mrs. H. E. Matthews was hostess to the Blue Bonnet Study Club in her home Thursday afternoon.

Mrs. Mayme Patterson, president, presided and opened club by reading the club collect. Roll call was then answered by all present.

Mrs. Tracy Willis was program leader, the study topic being on science. "New Things Coming in Textiles" was given by Thelma Dunn and Mrs. Tracy Willis gave a very interesting talk on "Something New in Plastics". Mrs. Ruth Boswell led the group in singing two numbers.

Gifts of Pink and Blue were presented to Mrs. Kathryn Carmichael and Mrs. Lavine Hathaway. The group sang "That Little Boy of Mine" and Mayme Patterson read "Little Master Mischievous."

Delicious refreshments were served to Mesdames: Thelma Dunn, Ella Johnston, Lavine Hathaway, Elsie Scribner, Kathryn Carmichael, Mayme Patterson, Ruth Boswell, Gladys Salley, Carrie Willis and the hostess, H. E. Matthews.

### Girls' Auxiliary Of Baptist In Meeting

The Girls' Auxiliary of the First Baptist Church of Wheeler met October 21 at the home of Nelda Barry, when officers were elected as follows: President, Patsy Ruth Noah; Vice-President, Betty Jo Brewster; Secretary-Treasurer,

Nelda Bess Barry, Reporter, Coene Carter.

The president appointed Anita Weatherly and Yreva Carter as program chairmen.

The program on "Christianity and Economics". The first part, "Business Needs Christianity" was given by Coene Carter; the second part, "Christianity Transforms Morals" was given by Nelda Barry; the third part was given by Anita Weatherly, and the last part, "Possessing Our Possessions" was given by Nelda Weatherly.

Those enjoying the occasion were: Patsy Ruth Noah, Peggy Jo Rodgers, Nelda and Anita Weatherly, Yreva and Coene Carter, Jo Rean and Mrs. Moore, Betty Jo Brewster, Vendell Starkey, Lillie McClain, and the hostess, Nelda and Mrs. Barry.

The next meeting will be at Patsy Ruth Noah's on November 4.

### Myrtle Club Meets With Mrs. R. Miller

The Myrtle home demonstration club met Thursday night, Oct. 27 at 7:30 in the home of Mrs. Rex Miller. Roll call was answered with reports by each club member. Longer reports were given by the demonstrators.

Mrs. Lenard Hagerman's report published in last week's Times was given, and Mrs. Clayton Callan's report was read. Mrs. Callan is home food supply demonstrator. Besides raising vegetables and watermelons for use fresh, a quantity of fruits and vegetables were canned. She also has milk, butter, chicken, eggs, pork and beef produced at home, as well as lard and home-made soap.

Club members present were: Mesdame Troy Miller, president; Elmer Miller, Jack Miller, W. A. Sorensen, Hagerman, R. E. Watt,

**ER TIMES.** 42-3tp.  
**SHADE TREES, evergreens, flowering shrubs, and fruit trees.** Will Warren. 43-1tc.

Is there a man in Wheeler County who is dissatisfied with his present occupation? We want a healthy, ambitious man under 55 who has the intelligence and willingness to take suggestions and who is competent to work five or six days each week without a boss or a time clock to keep him on the job. To such a man is offered a Watkins Dealership which will pay far above the wages of skilled labor. A car or truck is necessary and, unless you have \$1000.00 to invest in stock you will need friends to guarantee your honesty. Don't answer unless you possess the above qualifications. We have already had too great a turnover due to lazy men looking for something for nothing. If interested, write A. Lewis, 70 West Iowa, cr. The J. R. Watkins Company, Memphis, Tennessee. 43-3tc.

We can now do your cemetery work. Grave markers, covers, and curbing. Will Warren. Wheeler. 29-1tc.

**NOW IN STOCK**—Bates staple-

**New Idea In Salad Dressing**  
**Combines Syrup, Vinegar, Oil**

Sweet-sour dressing is delightful for fall menus.

A delicious sweet-sour salad dressing is made from vinegar, light corn syrup, spices and salad oil. A pleasant combination. Spicy Salad Dressing is particularly good over fruit salads.

**Spicy Salad Dressing**  
(Makes 1 cup)  
1/2 cup vinegar  
1 2-inch piece cinnamon  
1/2 teaspoon whole cloves  
6 whole allspice  
2 teaspoons salt  
1/2 teaspoon paprika  
Dash cayenne pepper  
1/2 cup bottled corn syrup (light)

1 teaspoon onion juice  
1 tablespoon minced celery  
1 tablespoon minced green pepper  
1/4 teaspoon Worcestershire sauce  
1/4 cup bottled salad oil

Pour vinegar into small saucepan, add spices and let simmer for five minutes. Cool. Strain before adding to dressing. Combine salt, paprika and cayenne pepper, add corn syrup and stir until well blended. Add spiced vinegar and remaining ingredients in order mentioned. Beat, or pour into bottle and shake well before serving.

**HOSPITAL NEWS**

**MILES OF BENEFITS FOR YOU!**

Every mile of new transmission line that goes up in your area brings you added benefits.

If you already have electric power in your home, you'll find that new industries are bringing more prosperity to your area. You'll find your stores and shops better lighted.

If one of the many new lines in our 12 million dollar expansion program brings electricity to you, you won't have to tell you of its advantages, you'll soon be singing its praises yourself.

In our 22nd year, we're a pioneer in building ahead for the future. We're bringing electric power, man's greatest servant, to more and more people at a lower cost than ever before.

### PIE SUPPER GOOD RESULTS

We wish to thank everyone who brought pies and to the men who helped buy them, also we wish to thank Shelby Pettit for auctioning off the pies.

We took in \$108.00, for which we will buy new equipment for the Home Ec Department.

### SENIOR NEWS

We've been taking tests this week and everyone made pretty good. We're ending the queen race on Oct. 18 to determine who is annual queen.

### SOPHOMORE NONSENSE

We have been having tests this week. Hope everyone makes a good grade. (Because they sure were hard.)

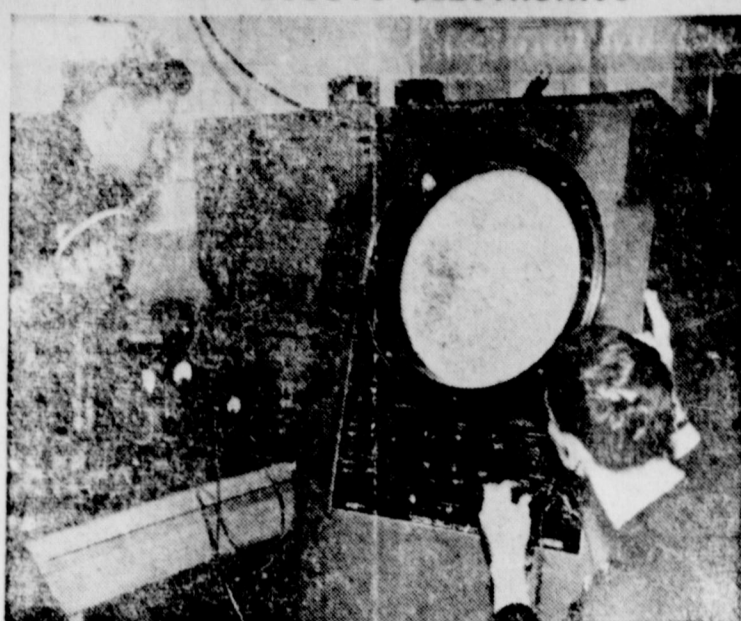

### FRESHMAN NEWS

We are sorry that some of the boys and girls have to stay out and pull bolls. And we hope that they will get back to school soon.

### SEVENTH GRADE NEWS

We are just serving from our

## NAVY BOOSTS ELECTRONICS

Navy Day, 1946, heralds a new step forward in the United States Navy's expansion of its electronic development program, which is designed to equip it as a Guardian in Peace, just as electronic progress enabled it to emerge a Victor in War. The Bureau of Naval Personnel has announced that, beginning November 4, 1946, the basic course of Electronic Technicians' Mates and Aviation Electronic Technicians' Mates will be broadened from 20 to 42 weeks under a program aimed at filling 7,900 billets now open in these ratings. There are more than 3,700 different types of modern, complex electronic equipment aboard ships of the Fleet, in Navy planes and at shore stations. Photo shows advanced students at the ETM school in Anacostia, Washington, D. C., using an oscilloscope, a device for demonstrating the functioning of electronic equipment. (Official Navy Photograph)

er why?

 Four conceited boys leaving the pie supper. Were you broke, boys?  
 The boys getting two play periods. We demand equal rights among all the students.  
 The seventh grade boys having to write 5 and 10 page themes. Better be good next time boys.  
 Elvin making the kids on the bus behave.  
 T. G. eating pie with Dorothy. Lucky guy.  
 Edd Hall getting Jean Lee's pie. Wayne better get on his toes.  
 Melba S. with a new boy friend. Rosemary wishing she could put off the ball game.

### HOME EC. NEWS

The first and second year Home Ec. girls met Oct. 17 and elected the officers. The meeting was called to order by Miss Dougherty. The officers are as follows: President, La Verne Finsterwald; Vice-President, Roberta Zybach; Secretary-Treasurer, Iris Clepper; Reporter, Bettye Standlee.

It takes a lot to please the women. They want the first style, the middle of the road, and the last word.

He is a wise man who leaves his wife alone when a line full of clothes comes down in the mud.

We feel awful out-of-date because we have had nothing yet to do with smashing, perfecting or testing the atom.

A scientist maintains that it isn't the eyes that reveal one's thoughts, but the lower part of the face. Meaning the mouth, of course.

Scurvy, pellagra, and beriberi are three of the recognized diseases that are directly traceable to a lack of sufficient vitamins in food.

From where I sit... by Joe Marsh

### On Playing the Fiddle Badly

A favorite recreation in our town is getting together in one or another's home and making music. There's somebody at the piano; a guitar; a fiddle player; and Molly Birtles even has a harp!

What comes out isn't the best music in the whole world. In fact, a lot of it is downright bad. But nobody even thinks to question or to criticize.

Because the spirit of harmony is there—harmony between folks who like each other's company, who enjoy the simple, homey atmosphere

—with nothing more exciting than old songs, and a glass of moderate beer or cider.

From where I sit, it's a heap more important to be a poor fiddle player, than not to play at all. More important to be a part of the American scene—with its community music, home entertainment, friendly glass of beer—than to hold out for professional perfection. (Besides, I like to play the fiddle—even badly!)

### Veterans' News

**QUESTIONS & ANSWERS**

Q. I served only four months in the army before I got a demerency discharge. Now I'm in need of an operation. Am I eligible to enter a Veterans hospital?

A. Any veteran is eligible for hospitalization at a VA hospital providing he served at least 90 days in the armed forces and that his discharge is other than dishonorable. However, to be hospitalized for non-service connected ailments, you must sign a statement that you are financially unable to pay for private treatment.

Q. Can a veteran be cared for in private hospital at the expense of the government?

A. Yes, provided the ailment was

incurred in or aggravated by service in the armed forces and prior authorization is obtained from VA Regional office. In the case of female veterans, the ailment need not be service-connected.

Q. Can I be treated at a VA hospital for malaria that didn't evidence itself until after I was discharged from the Army?

A. Yes, The VA rules that malaria may be service-connected even though no attacks occurred prior to the veteran's release from service. Therefore, you may be hospitalized in a private hospital if an emergency or in a VA hospital. If your illness is serious enough, you may also file a disability claim.

Q. Is a veteran's family entitled to care in a VA hospital?

A. Not unless they have attained eligibility in their own right by reason of service in the armed forces.

Q. May I be furnished a wheel chair by the VA?

A. Yes, if you have a service-connected disability requiring the use of one.

Q. May an honorably discharged member of the WAC obtain hos-

### FARM FACTS WORTH KNOWING

Q. Will a cow produce more milk if milked three times a day rather than twice?

A. Yes, provided that the cow has inherited the ability to produce large amounts of milk. Milk secretion is continuous, and when the udder is filled to capacity the nutrients for making milk return to the body. By milking more often, more milk is made.

Q. Do laying hens need more feed when their egg production is high?

A. Yes. When egg production is high, hens need more feed to keep up their body weight. If feed rations are not sufficient, body weight will go down and production will slump. The Research Farm of the Ralston Purina Company recommends feeding according to the following table:

When Egg Production Is	Total Feed Required Daily
40%	20 to 22 lbs. per 100 birds
50%	23 to 25 lbs. per 100 birds
60%	26 to 28 lbs. per 100 birds
70%	29 to 32 lbs. per 100 birds

Q. Do champion swine producers make use of pasture?

A. During the past two years, several swine producers in Michigan have made enviable production records. In every case, the proper use of pasture played an important part in their success. It was reported that 15% to 20% less feed was required when pigs could have plenty of good forage. About half of the protein needed was supplied by the pasture.

Q. How much coal is required for brooding broiler chicks?

A. About four to seven pounds of coal per chick is required, depending upon the region and the season of the year.

Send your questions about livestock or poultry problems to FARM FACTS, 815 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this column, as a service of this newspaper.

### NAVY WEAPONS OF THE FUTURE

The first peacetime Navy Day in five years emphasizes the Navy's preoccupation with scientific advancement as a means of preserving the security of the nation it fought to insure between Pearl Harbor and V-J Day. Highlighting the development of offensive and defensive weapons and devices accelerated by World War II are robot aircraft such as the "Glomb," "Gordon," and "Gargoyle," heralds of a super-sonic age in which only the mind of man can match the speed of the deadly creatures his genius has conceived. Largest member of this trio is the "Glomb," or glider-bomber (above). The LBE-1 is a television-controlled aircraft which will stand 300 miles an hour in a four-G dive. (Official Navy Photograph)

The guy who was all wool and a yard wide is now 50 per cent rayon, 30 per cent cotton and 20 per cent shoddy.

Even a good egg has to be careful when the wife is boiling.

The medical profession is the only one that works continually to destroy itself.

We wrote a book one time entitled "The Revolving Door", and the publishers rejected it as too revolutionary.

**Take Time to Be Careful . . .**  
In the Operation of Tractors and Implements

**Do Your Tractor Driving on SEAT OR PLATFORM!**

**ALWAYS RIDE ON The TRACTOR SEAT!**

I TRIED RIDING THE DRAWBAR, DOGGONE IT!!

**BE CAREFUL**

1. Reduce speed when turning or applying individual brakes.
2. Watch for obstructions. Be cautious near ditches or steep hillsides.
3. Allow no riders unless seat is provided.
4. Never operate tractor unless power take-off is shielded.
5. Do not fill fuel tank with engine running.

Wheeler, Texas      Geo. Warren, Mgr.

million contacts were handled by VA representatives in Texas, Louisiana and Mississippi.

More than 1,334,000 were personal contacts.

Some 391,444 veterans phoned in questions and requests for information, while 279,752 contacts

involved legislation enacted by Congress in August drew large numbers of ex-servicemen to VA contact offices during September. Veterans getting ready to go back to school in September also paid thousands of calls to VA offices for guidance.

Another phase of contact activity—that of preparing benefit applications—went forward as usual with Contact Representatives preparing 41,138 applications in August and 35,373 in September.

Since V-J Day the number of patients in Veterans Administration hospitals of Texas, Louisiana and Mississippi has increased 42 per cent. VA medical service officials report.

The total on V-J Day was 5,296 compared with 7,503 on September 30th of this year.

The number of patients in VA hospitals throughout the nation has increased 29 per cent since the Japanese surrender.

To meet the mounting need for veterans' hospitalization, VA will construct nine new hospitals in the tri-state Dallas branch during the next two and one-half years.

World War II veterans entering business on VA-guaranteed loans are setting out on some unusual enterprises.

A Jackson, Miss., Air Corps veteran operates a complete children's shop. Down in New Orleans, La., a former artilleryman has opened a frozen food factory. Two former nurses in Seguin, Texas, have bought and are now managing a hospital.

## OUTWEARS PREWAR TIRES

**FOR EXTRA SAFETY AND EXTRA MILEAGE THE NEW B. F. Goodrich Silvertown IS WORTH THE WAIT**

There's no getting away from it! When you have a good thing—word gets around—and FAST! And from our view, it seems everyone is demanding the tire that OUTWEARS PREWAR TIRES.

The new Silvertown tires have been setting records for long mileage, safety and economy not only on taxi fleets, police cars and special test cars but in regular car owner use.

These new tires are built with a broader, flatter tread that puts more rubber in contact with the road, spreading the wear over a larger area. To hold this heavier tread, B. F. Goodrich engineers developed a 35% stronger cord body with stronger cords and more of them. This meant better bruise resistance, greater safety.

If you want the tire that OUTWEARS PREWAR TIRES, place your order today. A little wait will be rewarded with today's biggest money's worth in tires.

Mrs. W. L. Shelton of Amarillo spent a few days last week with her daughter, Mrs. S. B. Black and family and returned to Amarillo Thursday.

**COUNTY FACES 'SOOR' FUTURE**

Wheeler County housewives can not look forward to a larger supply of sugar in the immediate future.

In spite of the fact that people in the United States get a very large share of the available supplies, the individual share per person this year is the lowest since 1941, the Office of Price Administration announced recently.

The war has caused a critical shortage of sugar, not only in the U. S. but in all parts of the world, according to OPA reports. In order to meet all needs the entire world pool, and each country is allotted a share by the International Food Council.

For this year, the U. S., Britain and Canada will get shares that average about 73 pounds per person. This allotment must meet all of our household and industrial needs. Other countries are allotted lesser amounts, some receiving as little as 20 pounds per person, OPA stated.

A large beet sugar crop this year will add to our supply, still we produce only about 25 percent of our own requirements. Until we can import more, even our expanded beet sugar production cannot bring our supplies back to pre-war levels.

OPA pointed out, that in normal years we import a large part of our sugar from the Philippines but the war cut off this source of supply in 1942. The war damaged or destroyed both cotton crops and refineries with the result that it may take several years to produce at the pre-war rate.

Until all sugar-producing areas can get back into full production, both here and in other parts of the world, sugar will continue to be an acute shortage item, OPA said.

★ FASHIONS ★

Beauty and serviceability in women's clothes and cars are by no means incompatible. Shown above as pictured in the September issue of Good Housekeeping magazine is a beige-and-brown suit which combines these qualities. Also available in raspberry, taupe. New Oldsmobile is shown in background.

**Good Neighbor**

(Continued from Page One)

household linens. Briscoe received honorable mention on an educational type exhibit illustrating by dolls the good efforts of a well-balanced diet and the ill effects of a poor diet.

Kellerville also received honorable mention on a display of beautiful handwork including crocheted leather work, crocheted bedspread, table cloth, dollies, pillow cases, afghan, home-made rug, and many other beautiful items.

Received praise by visitors was a crocheted table cloth by Mrs. Mary Williams of the Three Leaf Club of Shamrock; child's blue jeans by Mrs. Troy Miller, Myrtle club; feed sack dresses by Mrs. C. W. Fulks, Magic City club; a gingham dress, rag rug and pillow cases in the China Flat exhibit.

A covered dish luncheon was enjoyed in the Wheeler clubroom in the courthouse basement at noon. There were 55 present. The doxology was led by Mrs. A. O. Krug of Davis. Food was then served from a long, bountiful laden table. A committee of Wheeler club ladies, Mrs. J. H. Watts, Mrs. Bill Owens, Mrs. V. B. Hubbard, Mrs. Cecil Clark prepared the table and served coffee.

At one o'clock the group moved in the district club room for a program. Games were led by Mrs. Bertha Burkhalter, Mrs. C. G. Cantrell, Sr. of Shamrock; Miss Tamsey Riley, Briscoe; and Mrs. R. W. Oldham, Good Neighbors; delegates to the T. H. D. A. meeting in Amarillo in August told of their enjoyable trip.

Mrs. J. M. Finsterwald, chairman of the county exhibit committee introduced Miss Edwards who commented on each exhibit and announced the winners. Mrs. Finsterwald presented the prize money and read the names of Wheeler business firms that donated the money.

Mrs. A. O. Krug of Davis made a tall: about the size and value of the T. H. D. A. and told a very entertaining story.

Humorous stunts were presented by the club members from Good Neighbors and Kellerville clubs.

Mrs. E. M. Hastings, county home demonstration agent, presided during the program.

**Mustangs Open Home**

(Continued from First Page)

With only seconds remaining in the contest and the Cyclone perched on the Mustang 20-yard stripe and throwing desperation passes trying to drag the contest out of the fire, big John Barr grabbed one of the enemy heaves and raced 90 yards behind some beautiful blocking by his teammates.

Even though the Mustangs were playing without the services of their regular quarterback, Gene Hubbard, and Bill Robertson a regular tackle saw very little action on account of an injury suffered in practice, the entire squad showed more pep and fight than they had displayed at any time this season.

The all around team play of the Mustang squad was promising as ever member of the group who saw action in the contest ran, tackled and blocked with a zest which has been lacking in earlier performances of the team.

The starting line-ups were:

Wheeler	Pos.	Memphis
N. Barr	End	Hickey
Good	Tackle	Rich
Waters	Guard	Howard
J. Barr	Center	Stimms
Hardcastle	Guard	Chapel
McCormick	Tackle	Lester
Revious	End	Jenkins
Robison	Back	McQueen
Lowrie	Back	McElby
Colliers	Back	Davis
C. Robertson	Back	Kilgore

Substitutes for Wheeler included: Weeks, Jolly, Martin and B. Robertson.

J. C. Moore, the man who furnishes raw turnip greens to everybody who will cook and season them, reports Ira Passons has a 400-lb. sow which brought one pig and Mrs. Passons says she is going to raise the pig to go with Mr. Moore's greens.

**Local Men In**

(Continued from Page One)

ations begun several years ago.

The new editor-manager of the McLean News, Mr. Campbell, was reared at Wellington where he graduated from high school. He attended Oklahoma A & M. College one year, the University of Oklahoma one year, and was graduated from the University of Texas with a bachelor of journalism degree in 1939.

Campbell began work on The Memphis Democrat immediately after his graduation and has been with that publication continuously with exception of a few months in 1941 when he was with the Galveston News and during his service in World War II. He entered the U. S. Navy in February, 1942 as storekeeper, third class, and served in the Pacific at Iwo Jima, Okinawa, Philippines and China, being discharged as a Lieutenant (jg) in November, 1945. He is 30 years old.

Campbell announces he will enlarge the McLean publication immediately. He will also make some changes in the office arrangement and add to the office supply department. He plans to install some new fixtures and equipment as they become available.

**SURPLUS AUTO PARTS ON SALE**

J. M. Rogers, representative of War Assets Administration, Fort Worth, will make a two-day visit to Amarillo on Oct. 28 and 29, to familiarize automotive and parts dealers, veterans, service garages and fleet owners with surplus automotive parts the WAA has for sale.

Rogers has for interested parties, a National Consolidated Inventory, giving the number, name and price of all surplus automotive parts available in the entire United States.

Repair shops and garages receive a 50 per cent discount from the manufacturers' current list; fleet owners get a 45 per cent discount; dealers, both automotive and parts, receive a 55 per cent discount, and wholesalers and distributors receive a 75 per cent discount. Veterans, in any of the above categories get a 75 per cent discount.

All purchasers, except veterans, must place a minimum order of \$500 net. Veterans, in an emergency, can buy automotive parts without any minimum.

During his two day stay in Amarillo, Rogers will be located in the Chamber of Commerce offices, Amarillo Building.

**Farm Dams Aid**

(Continued from page 1)

and good and improved health for the nation," the adm. officer said.

The County Committee will help farmers decide where dams should be located for best conservation purposes, he added. The committee will also arrange for laying out of the dam site.

This activity can be successfully carried out during the fall month. Farmers who are interested in developing reservoirs on their farms under the 1946 program can get all information on this practice at the county ACA office in Wheeler, he said.

Last year under the program, 95,240 cubic yards of dirt was moved in building 73 dams in this county.
