## Mustangs Score Victory Over Dress Team

Wheeler Mustangs took a 14 to 13 victory from the Kittens in a closely fought game on Saturday night before a crowd of home folks. The game was a non-conference affair.

Mustangs will complete their schedule for this season when they meet the Tigers in a conference game on the local gridiron on Friday night at 8:00. Neither team is still playing for the district championship, but they both want the same records as they go into the contest as a thrilling battle between two fairly evenly matched clubs.

W. O. Carrick states charges will be in the air for the affray and he is doing everything

JOHN BARR

shown above is one of the hardest hitting ball players in the Mustang squad. John Barr is one of the very few Mustangs that will be in the lineup for the next season's play.

By courtesy Barrymore. Their power to close the home season with a win Friday night gave the lads a season of three wins and losses in conference play much better than the Mustangs have fared in recent years.

Saturday night's contest between two Mustang touch-down teams scored the first two touchdowns for the Mustangs. They got their hands on the ball on the run and returned yards for a counter. Next the Mustangs got hold of the ball. Lowrie scampered 32 yards for a double reverse for the Mustangs.

Both tries for extra points were scored once in the period and again in the period after the Mustangs led their third 6-pointer in the game. Both the Childrens came on short runs and scored drives up the field. John Barr, one of the very best players on this season's Mustang team, drove the third counter from the 1-yard line after being placed in scoring position by a series of ground passes. The try for extra points failed.

John Jolly, a substitute Mustang, played a bang up game on the defensive side of the ball intercepting two enemy passes and getting in on numerous line-ups were: Martin, C. Robertson and back tackles; Barr and ends; Waters and Hardaway; Robertson, Lowrie, and Barr, backs; Childers and Bush, ends; Holladay Temple, tackles; Collins and Jackson, guards; Rodgers, Hall, Aiberson, Bennett and Bell, backs.

## Most Firms To Close November 11; Legion Will Hold Fish Fry

Residents of Wheeler will take a holiday next Monday, November 11, with the courthouse and practically all places of business closing for the entire day.

Some firms such as cafes, drug stores and filling stations are undecided about their closing plans but have indicated most of them will be closed at least part of the day. The West-Passons Post of the American Legion will hold its annual fish fry at noon on Armistice Day and invites all members to attend.

## CONFERENCE OF METHODISTS IS HELD IN PAMPA

The Methodist pastors of Wheeler county are in Pampa attending the 37th annual session of the Northwest Texas Conference of the Methodist church which convened there Wednesday. The opening session of the 5-day meeting was held Wednesday afternoon with Bishop Charles C. Seaman presiding.

Activities of the conference will include the ordination of preachers, reading of reports on all phases of church activity, luncheons, platform speaking twice daily, and the making of appointments which will be announced Sunday afternoon.

Dr. W. B. Selah, pastor of the Galloway Memorial church, Jackson, Miss., formerly pastor of St. Luke's church, Oklahoma City, will be platform speaker during the conference. These services will be at 11:30 a. m. and 7:30 p. m. daily.

The following men, representing the general organization of the Methodist church, were on hand: Dr. Charles Schofield, general board of education, Nashville, Tenn.; B. L. Schabel, board of pensions, St. Louis, Mo.; Dr. Arthur B. Coole of North China board of missions and church extension; Robert L. Armor, Texas Missionary Home and Training school, San Antonio.

## SCHOOLS GIVEN FREE TB TESTS

The attention of all parents and teachers of Wheeler county is called by Superintendent Allen Kavanaugh that free tuberculosis tests of school children are available upon request.

Dr. H. E. Nicholson of Wheeler, chairman of the recently organized Wheeler County Tuberculosis association, has advised the county superintendent he will send a graduate nurse to give the tests to children in all schools making a request.

Kavanaugh urges school officials and parents to avail their towns and communities of this free service. By means of the tests the presence of tuberculosis can be discovered in time for successful treatment, he said.

The test is painless, consisting of simply placing a patch on the arms of those wishing tests. If a reaction shows, further examination including X-ray test is made. The Wheeler school children were given TB tests this week.

## Musical Program Given At C. of C. Luncheon

The Wheeler Chamber of Commerce held its regular semi-monthly luncheon at the home economics cottage on Tuesday with a large crowd of members and five guests present.

The program which was furnished by Archie Hibler consisted of musical numbers furnished by Ken Bennett, E. O. Wedgeworth and Mr. Steuber, one of the musical directors of radio station KP-DN, Pampa. Bennett and Wedgeworth are also entertainers from the radio station and Wedgeworth is the Pampa City Manager.

The guests included Lee Guthrie, Lee Delf, manager of the Southwestern Engineering Co. of Dallas, and Bennett, Wedgeworth and Steuber.

## RAIN AND SNOW HIT PANHANDLE THIS WEEK

Although wet weather and lowered temperatures held up work of harvesting crops and was disagreeable to Wheeler county folks the past week, this area was fortunate compared to some sections of Texas, New Mexico and the Panhandle of Oklahoma.

Wheeler county escaped snow which tied up traffic between Guyton and Boise City, trapping 39 persons including a two-month old baby in a Panhandle farmhouse Tuesday. The baby caught pneumonia from exposure. At one point 25 miles west of Guyton rescue workers found 19 different vehicles stalled.

Fear was expressed for thousands of sheep sent into the Oklahoma Panhandle for feeding as Cimarron county reported fields buried under 18 inches of snow. All pasture was covered by the shifting drifts and roads were blocked making it impossible for farmers to haul in feed for starving animals.

Many highways in North Texas were closed by floodwaters the past week as streams left their banks.

A bus driver and 13 passengers were marooned seven miles north of Stratford on U. S. Highway 287 since 3 p. m. Sunday returned to Amarillo late Monday.

## PAYMENT DUE VET SURVIVORS

Survivors of any World War II veteran who has died since his discharge may be eligible now for payments under the Social Security Act even though the veteran never had a social security account number card and even though he never worked on a job covered by the Social Security Act according to announcement this week from the Amarillo Field Office of Social Security Administration.

These payments are made possible by a recent amendment to the Social Security Act, according to information received from John R. Sanderson, manager of the Amarillo, Texas Social Security Field Office. He pointed out that the new amendment does not provide any payment to the veteran himself, and that it does not provide for payment to the survivors of men who died before discharge or release from active duty in the armed forces.

The new action of the Act provides for the payment of monthly benefits to qualified survivors of veterans who died within three years after their honorable discharge from service and whose dependents are not qualified to receive compensation or pension from the Veterans Administration, National Service Life Insurance payments to survivors are not considered as compensation or pension from the Veterans Administration.

The measure provides for monthly benefits retroactive to the date of the veterans' death if the survivors file their benefit claims with the nearest office of the Social Security Administration on or before midnight February 10, 1947. Claims filed after that date will be retroactive for no more than the usual 3-month period.

Under these provisions, a widow with one child would receive monthly benefits of not less than \$39 until the child reached age 18, while a widow with three children would receive \$63 a month or more. Lump-sum payments may be made to eligible dependents if the veteran had no children under age 18.

As in the case of all other persons qualified for social security benefits, families of deceased veterans to whom this new section of the law applies should come to the nearest office of the social Security Administration to file their claim as soon as possible.

## Marie Finsterwald Is In Abilene Club

Marie Finsterwald, daughter of Mr. and Mrs. H. J. Finsterwald of Mobeetie, is a member of the Ellen H. Richards Club of Abilene Christian College, Abilene, Texas. This club is made up of 65 ACC students studying home economics. Meetings are held monthly to discuss various topics relating to home economics and to plan social activities.

## Friday Will Be Big Night At Mobeetie; It's Minstrel Time

Friday night is the big night at Mobeetie. It is the night of the big Lions club Negro Minstrel, an all home-talent production that promises to produce more laughs per minute than anything yet staged in the community, known as a mecca of amateur entertainers.

The cast is a good one and the lines are funny. There will be music and comedy—not a dull moment during the performance.

Proceeds of the minstrel will be applied on the fire fighting equipment recently purchased by the Mobeetie Lions club. The club recently sponsored organization of a volunteer fire department and bought \$1,100 worth of equipment.

If you want to see some good entertainment and at the same time help a worthy cause take the family to Mobeetie Friday night for an old-fashioned negro minstrel.

The north side of Wheeler county has raised a total of \$57 in the USO campaign which was supposed to have ended on October 31, Harry Wofford of Wheeler, co-chairman reported Wednesday. The Wheeler county quota was \$880 and the south part of the county reported contributions of slightly more than \$100 last week. No personal solicitation has been made but appeals have been made in both county newspapers, urging people to mail or bring in their contributions.

The present USO quota is one-fifth of the quota last year and will be the final campaign. The money is needed to provide comforts and entertainment for the hundreds of thousands of men still in military service.

Local chairmen hesitate to report the county falling down on its quota but there is no alternative unless contributions are sent in at once. Committee members point out they do not have time to make personal calls and will have to depend on citizens seeing that their money is sent in. Checks should be made payable to Harry Wofford, co-chairman of USO at Wheeler, or Treasurer W. H. Walker, Shamrock.

## Mrs. Brigham's Hens Laying Etched Eggs

Mrs. Pearl Brigham of Wheeler has a hen that lays eggs with various designs etched on their shells, at least one of her hens laid an egg with some etchings on it one day last week.

The egg which had the letters "JAP" etched on it in one place, a picture of a bear in one place and the map of Italy in another place was on display at the Times Office for a few days.

## Wheeler Legion Will Sponsor Dance Friday

The Tennessee Valley Folk orchestra from the Wichita Falls radio station will furnish music for a dance to be held at the Wheeler Hut next Friday night under sponsorship of the West-Passons Post of the American Legion. Dancing will start at 9 and admission will be one dollar per person.

## Kelton School Will End Vacation Nov. 11

The Kelton community will celebrate Armistice Day differently from most places. The Kelton school will take up on Monday according to announcement made this week by post commander, Dr. Harold Nicholson. All members of the post are urged to attend the celebration and enjoy their share of the good food and refreshments.

## FULLINGIM TO ATTEND STATE BAPTIST MEET

Rev. P. D. Fullingim, pastor of the Wheeler Baptist church, and Mrs. Fullingim plan to attend the Baptist General Convention of Texas opening at Mineral Wells next Tuesday evening and running through a night session on Thursday.

E. D. Head of Ft. Worth is president of the convention. Other officers are: first vice-president, Forrest Feezor of Waco; second vice-president, Odell Jameson of Dallas; recording secretaries, D.

DR. HOWARD WILLIAMS

B. South of San Antonio and Roy L. Johnson of Canyon.

Texas personalities who will occupy prominent places on the convention program are: W. R. White of Austin, Carr P. Collins of Dallas, E. J. Gregory of San Antonio, C. E. Hereford of Corpus Christi, E. H. Westmoreland of Houston, W. H. McKenzie of Dallas, Forrest Feezor of Waco, Hal Buckner of Dallas and Thomas J. Watts of Dallas.

C. E. Matthews, superintendent of evangelism for Texas Baptist, will present his report at the Wednesday night session. Emphasis is being placed on simultaneous (Continued on Last Page)

## COUNTY VOTES ROAD MEASURE

R. H. Forrester, co-chairman of the Wheeler County Good Roads association, expressed Wednesday thanks to local people for the splendid majority given the Road Fund amendment on Tuesday's ballot.

The county voted 536 for the amendment and only 138 against, and reports from over the state indicate passage of the measure by a large majority.

Texans by their vote showed they knew passage of the Good Roads Constitutional Amendment means more than construction and maintenance of modern highways, Judge Forrester said. "Passage of the amendment will insure availability of funds for adequate highway patrol protection for the people of Texas who are paying for it already through gasoline taxes," he declared.

"Not only are the people entitled to modern highways but even more are they entitled to patrol protection from the speed demons and other irresponsible characters that daily menace highways.

"Since 1930, traffic accidents in Texas have claimed the lives of 27,161 persons according to the accident records of the Texas Department of Public Safety. This means an average of more than one white cross to each mile of our 26,000 miles of state highways. This tragic and needless loss of life is almost double the toll of Army personnel from Texas during four years of World War II."

## Legion To Hold Annual Armistice Day Fish Fry

The West-Passons Post of the American Legion will hold its annual Armistice Day celebration and fish fry at the Legion building beginning Monday at noon according to announcement made this week by post commander, Dr. Harold Nicholson. All members of the post are urged to attend the celebration and enjoy their share of the good food and refreshments.

## Gene Worley Given 3-to-1 Majority As All Democrats Win

Wheeler county voters went down the line for Democratic nominees for all district and state offices and supported two of the three proposed constitutional amendments in Tuesday's general election.

Home county constituents of Congressman Gene Worley gave him a 3-to-1 majority over Republican Frank T. O'Brien of Amarillo. Eighteen of the county's 21 voting boxes gave Worley 711 to O'Brien's 236, most of the latter's support being in the nature of protests against the dying OPA.

Wheeler county citizens approved the Good Roads amendment by a majority of 536 to 138, passed the John Tarleton appropriation measure 446 to 207 and turned thumbs down on the proposal to pension certain state and county employees, 362 to 291.

## LEVITT BURIAL IS AT ZYBACH

The Allison community was grieved last Saturday to learn of the death of Mrs. Charles Levitt, 84 years old, who died at the home of her daughter, Mrs. Myrtle Bryan at Canadian. She was the mother of Lester and Malcolm Levitt of Allison.

Funeral services were held in the Allison Baptist church and burial was in the Zybach cemetery. Maud Lorena Coggan was born November 1, 1862, at Kingston, Ont. She moved to Clay City, Ill., with her parents as a small child. She was married to Charles Levitt on Thanksgiving day, 1884, and to them were born four daughters and two sons.

She was a resident of Hemphill county for about 40 years. She is survived by Mrs. Myrtle Bryan, and Mrs. Martha Newman, of Canadian, Mrs. Ethel Scott of Miami, Mrs. Nora Blake of Panhandle and Lester and Malcolm Levitt of Allison, 14 grandchildren and 12 great-grandchildren. Her husband preceded her in death a few years ago.

## COUNTY GINS LESS COTTON

Cotton ginnings in Wheeler county this year are running far behind last year, a survey by The Times shows. A total of 1,129 bales had been ginned up to November 4, with the two Wheeler gins reporting 329 bales ginned and the three Shamrock and one Twitty gin listing a total of 798 bales through October.

Protracted rains while a boon to late cotton delayed maturity of this year's crop. Most of the cotton ginned to date was gathered during the two week clear, dry spell which preceded the cold damp weather of the past week.

County cotton ginnings up to October 18, the last date to be reported by the Bureau of Census, showed present production far behind that of the same time last year. The government figure was 575 bales for 1946 compared to 940 bales on October 18, 1945. The report was made public by O. J. Walker who replaced the late J. D. Walker as government reporter in this county.

The October 18 federal report listed Collingsworth county as ginning 1,859 bales in 1946 compared with 2,859 in 1945; Childers county 1,098 in 1946 and 1,276 in 1945, and Hall county 3,798 bales this year and 4,350 bales in 1945.

Ginnings since October 15 brought the Collingsworth county total ginnings to 4,500 bales on November 1, the Wellington Leader reported, while more than 3,000 bales were reported ginned in Hall county on November 1.

## Mobeetie Man Hurt In Pampa Accident

C. F. Dawson of Mobeetie, was rushed to Pampa hospital early Saturday afternoon after he had fallen on the pavement in the 500 block of S. Barnes St. at Pampa.

Attendants at the ambulance service said they had received the call around 1:35 p. m. and that they were told Dawson was walking along the pavement when he suddenly stumbled and fell. Attendants at Pampa hospital stated that Dawson sustained a fractured leg and was unconscious upon arrival there.

## Senator Tom Connally received 825 votes to his Republican opponent's 121. Beauford H. Jester, Democratic candidate for governor, polled 864 votes to Republican Nolte's 80.

A breakdown of Congressman Worley's county vote shows his strongest opposition was at Mobeetie where he led his Republican opponent by only 10 votes out of the 72 ballots polled. The Wheeler box was 2-to-1 for the home county man. The Shamrock boxes went for Worley by large majorities.

Republican leadings of the Mobeetie box were further reflected in the senator and governor races. 20 votes being cast against Connally and 11 against Jester. It was Democrats about 10 to 1 over the state. Floods, mud and snow, combined with a lack of interest in an election that was a foregone conclusion, held the vote low.

Re-elected easily were Sen. Tom Connally, Speaker Sam Rayburn, Democrats for 20 other seats in congress, and a full slate of state officers, headed by Governor Beauford Jester.

The Wednesday returns from the Texas Election Bureau, with 104 out of 254 counties reporting four complete, and with a total of 66,310 votes counted, gave these figures:

Senator—Connally 59,749, Murray Sells 6,855.

Governor—Jester 61,631, Eugene Nolte, Jr., 4,679.

The three state amendments were carrying, too, although the one for pensions for state employees was close. This was the count on amendments:

John Tarleton appropriation—For 40,874, against 12,696.

State employe pensions—For 30,876, against 22,790.

Road fund—For 42,552, against 10,650.

## COLLEGE WORK PLANNED HERE

A college extension course will likely be organized in Wheeler county soon, County School Superintendent Allen Kavanaugh said following a check with school teachers and prospective students.

Dr. J. A. Hill, president of West Texas State College at Canyon recently told Kavanaugh the college would send an instructor to this county if as many as 25 students could be enrolled. Kavanaugh said this week he has prospects of seven students each from Wheeler and Shamrock and five from Briscoe and Mobeetie. He thinks five from Kelton will be interested.

The county superintendent said he would arrange a meeting of prospective students with a representative of the college soon at Wheeler when a course would be decided on and a class organized.

The class, if organized, would have 18 meetings of two and one-half hours each. The meeting time and place will be worked out to suit the schedule of the instructor and the desires of class members.

Any one interested in taking a vocational course to receive additional college credits is asked to contact Superintendent Kavanaugh as soon as possible.

Mr. and Mrs. J. H. Wiginton of Lakeview spent the week visiting in the homes of his sister, Mrs. Ollie Hubbard, and his brother, W. Q. Wiginton.

Mrs. J. M. Porter and Rev. and Mrs. H. H. Hunt are attending the Methodist Convention that is being held in Pampa this week.

THURSDAY, NOVEMBER 7,  
 ARMISTICE DAY AND  
 SAVINGS BONDS

The Treasury Department has  
 chosen Armistice Day to launch  
 its most intensive publicity effort  
 in behalf of United States Sav-  
 ings Bonds since the Victory Loan  
 one year ago.

In many factories and business  
 firms, on the farms, in banks and  
 many other places of public and

private business you will be reach-  
 ed by all the means of modern  
 communication to re-emphasize  
 what you already know—that  
 savings bonds are the safest, the  
 best investment you can make to-  
 day. If you are on a payroll you  
 will be asked to "sign up for sec-  
 urity" by authorizing your em-  
 ployer to deduct the amount you  
 stipulate for the purchase of  
 bonds.

There is every reason for Arm-  
 istice Day to be the starting  
 day for such a national endeavor  
 to fortify the security of individ-  
 ual citizens and their families.  
 Armistice Day is a day for recon-  
 secration to the American way of  
 life for which thousands upon  
 thousands of heroic Americans  
 died. All of us have a solemn duty  
 to make our measure of contribu-  
 tion toward a better America,  
 to more secure America.

When you talk about a better  
 America, you talk about a better  
 American life for yourself and  
 your family. Savings Bonds have  
 an important place in any individ-  
 ual American's plan for his future.  
 By helping yourself to a more se-  
 cure future you are at the same  
 time contributing your bit toward  
 building a better America—be-  
 cause America is people. And  
 people are you and yours. Pay  
 your tribute to the nation's heroic  
 dead on Armistice Day. Act with  
 equal sincerity for your own and  
 the country's good. Buy your extra  
 savings bond now.

**JOB FOR SANTA CLAUS  
 HIMSELF**

Now is the season of the year  
 when the not-always pleasant  
 spirit of Christmas shopping is  
 abroad. Some prudent people are  
 already at their gift buying, and  
 the stores are urging the laggards  
 to do likewise. And to the prudent  
 and hesitant alike the worry of  
 what to buy, where to find it,  
 and how to pay for it, has been  
 added to their chronic troubles.

Being afflicted with the same  
 worry we can pass along only  
 one comforting thought. We are  
 glad, at Christmas time, that we  
 are not Mr. and Mrs. August  
 Wickey of Berne, Ind., who the  
 other day were blessed with their  
 106th (and 98th living) grand-  
 child.

Think of being haunted annu-  
 ally by the voices of a chorus,  
 nearly a hundred strong, saying,  
 "Wonder what Grampa and Grand-  
 ma are going to give me!" And  
 think, if you dare, of the birth-  
 days!—From Record News.

**WORKERS TO BE  
 INSURED UNDER  
 FEDERAL PLAN**

"October 1946 is the first month  
 in which workers under the old-  
 age and survivors insurance pro-  
 gram may become permanently in-  
 sured," John R. Sanderson, man-  
 ager of the Amarillo Social Security  
 Administration field office said  
 today.

The program of old-age and sur-  
 vivors insurance went into effect  
 on January 1, 1937. The 40th  
 quarter, required by the Social  
 Security Act for permanent in-  
 sured status, has just been reach-  
 ed. Therefore, workers who have  
 earned as much as \$50 of credit-  
 able wages in every calendar  
 quarter since January 1, 1937,  
 and who have earned \$50 since  
 October 1, 1946, have passed that  
 milestone and are permanently in-  
 sured.

"It works like this," Sanderson  
 explained. "As a general rule,  
 to be insured, a worker must have  
 been in covered employment at  
 least half the number of calendar  
 quarters between January 1937  
 and the time of reaching age 65.  
 Exceptions to the general rule oc-  
 cur in cases of people who were  
 65 before or soon after the law  
 went into effect, and people who  
 become 21 after January 1937. No  
 one qualifies for payments if he  
 has worked on jobs covered by the  
 law for less than six quarters.  
 After working 40 quarters, this  
 general rule need not be applied.

The special significance of hav-  
 ing 40 quarters of coverage is  
 that the wage earner has at least  
 some permanent insurance for  
 old-age—or for his survivors—  
 should he be unfortunate enough  
 to be forced to quit work before  
 he is 65."

The law requires, however, that  
 all workers in commerce and in-  
 dustry must continue their one  
 per cent contributions and that  
 their employer must contribute  
 one per cent of payroll as long as  
 they earn wages. Continuing to  
 work under the social security  
 program builds the value of the  
 worker's insurance account.

With the passing of each calen-  
 dar quarter from now on, other  
 workers will be gaining that per-  
 manently insured status under the  
 old-age and survivors insurance  
 provisions of the Social Security

**FARM FACTS  
 WORTH  
 KNOWING**

Q How can I get my cows to  
 drink enough water during the cold  
 winter months?

A In winter, the water tank  
 should be kept as close to the barn  
 as possible, and it should be well  
 protected so that the cows will not  
 get too cold and refuse to drink. In  
 cold climates, a tank warmer is al-  
 most an essential. Failure of cows  
 to drink enough during severe cold  
 snaps often results in constipation  
 and sharp drops in milk flow.

Q How much artificial light  
 should be used for lighting turkey  
 hens?

A Provide one watt for every 3 to  
 4 square feet of floor or yard space.

Q What is "blinking" in hunting  
 dogs and what causes it?

A A "blinker" is a good hunter  
 until he finds the birds; then he  
 changes his course to avoid them or  
 shows extreme nervousness if he  
 does point. In "Handling Your  
 Hunting Dog," a book published by  
 the Ralston Purina Company and  
 written by J. Earl Bufkin, well-  
 known authority on dogs, the author  
 states that blinking is usually caused  
 by too much severe punishment, im-  
 properly administered, in connection  
 with the dog's work on game, or by  
 trying to shoot over a dog that is  
 gun shy. In either case, the dog's  
 experience with birds has been so  
 unpleasant that he prefers to avoid  
 them.

Q How many lambs may be ex-  
 pected from a flock of 100 ewes?

A The ten year average lamb crop  
 for the United States is 85. The  
 1946 lamb crop has equaled the re-  
 cord of 89.5 lambs for each 100 ewes  
 one year old and over, established in  
 1941. Many flocks will have more  
 than 100% lamb crop, because twin-  
 ning is common in sheep.

Q Will range livestock take more  
 salt if it is placed near water?

A Research workers of the Soil  
 Conservation Service in Texas report  
 that cattle eat nearly twice as much  
 salt when it is distributed at several  
 places in a pasture as when all the  
 salt is placed near the watering  
 trough.

Send your questions about livestock  
 or poultry problems to FARM FACTS,  
 215 South Eighth Street, St. Louis 2,  
 Missouri. Questions will be answered  
 without charge either by mail or in the  
 column, at a service of this newspaper.

Act as they too will get that  
 fortieth quarter of coverage.

"But remember," said Sanderson,  
 "if you should quit work be-  
 fore reaching age 65, or if your  
 wages should be reduced, the amount  
 of your eventual benefits  
 would be decreased accordingly.  
 It is the average of your monthly  
 earnings, figured since January 1,  
 1937, or since reaching age 21  
 (whichever is later) and to the  
 time of reaching age 65 that de-  
 termines your benefits."

**Forces of Attraction  
 Hold the Moon "Up"

 OIL-PLATE  
 Your Engine!**

THE moon isn't really "up" in the  
 sky, but it is held from flying off  
 into space by gravitational attraction  
 between it and the earth.

Exploring the realms of molecular  
 attraction, Conoco chemists have been  
 able to bring America new and better  
 oils. In fact, the force of molecular at-  
 traction bonds a special ingredient in  
 Conoco N<sup>th</sup> motor oil to working sur-  
 faces of your engine. So strong is this  
 attraction that cylinder walls and other  
 parts are OIL-PLATED.

And because molecular attraction  
 holds Conoco OIL-PLATING up where it  
 belongs... prevents it from all draining  
 down to the crankcase, even overnight,  
 you get these benefits:

- added protection when your engine starts up
- added protection from corrosive ac-  
 tion
- added protection from wear that  
 leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now... at  
 Your Conoco Mileage Merchant's. Look

### SENIOR NEWS

The seniors had their pictures  
made at the Smith Studio in Pam-  
pa, Tuesday. The proofs were re-  
ceived Thursday and almost every-  
one was satisfied with them.  
Everybody who was flattered ap-  
preciated that.

### HALLOWEEN GOSSIP

Roberta would appreciate it if  
so much.

Lou and Paul Jones didn't agree  
Patsy Ruth, don't ever go  
through the House of Horrors if  
you want to get out. That window  
was a little too small.

Joyce, was it nice to have two  
boys to help you through the  
window?

Virginia H., you should be more  
careful on Hallowe'en.

Betty Jean, did you just go with  
Tom for the fun of it, or just for  
the pranks?

Mr. Boswell must have been a  
Barker in the circus before he  
became Supt. of Mobeetie.

All the girls would have swamp-  
ed the House of Horrors if they  
had known Mr. Smith would hug  
them like he did the boys. We  
heard Nellie Jean went through  
four times.

Irvine loves to wash dishes  
while Lou goes with her boyfriend.

### WHAT IF

Marie didn't argue with her  
twin brother?

Roberta hadn't gone to bed so  
early Saturday night?

C. E. didn't have so many girls?

Claudia had red hair?

Peggy didn't have pretty legs?

Oda Jean had natural curly  
hair?

### ★ Fashions ★

For the woman with the true  
misses' figure the button-front rayon  
dress with contrasting stitching,  
shown above as pictured in the  
November issue of Good House-  
keeping magazine, is ideal.

Vernie was an angel?

All the girls hadn't stayed up  
all night Hallowe'en night?

Helen had some pretty pajamas  
to sleep in at Lou's?

Mary Alice didn't have to spend  
the week-ends in Pampa with her  
husband?

Norma could have gone with  
Ray Jones while he was home?

C. E. didn't have to wear one  
tennis shoe and one boot?

Helen didn't like to go with  
Soda Jerks?

Art didn't work in Borger?

Nancy wasn't so loud?

Louise St. John wasn't nice?

Evelyn's mother didn't care for  
her to go with Delton?

Mr. Sally was mean?

Mrs. Seitz wasn't so sweet?

Mrs. Van Zandt could keep  
order in class?

Joy Davis made D's?

### HORNETS BUZZIN'

C. E., when one applauds it's  
not always for you.

Marie, do you like boys from  
Miami?

Betty, you look like too many  
people's granddaughters, at least,  
that's the way it appeared in  
Pampa Tuesday.

Evelyn and Roberta like city  
boys from Laketon.

Roberta has learned it's best  
not to go to bed early on Satur-  
day night.

Betty, when you go to the show  
with Bill, watch where you sit.

Peggy Williams, do you like  
Sunday drives with Delton?

Geneva, how did you feel when

you heard that Arthur and Bennie  
Fae, were going to get married?  
Helen, don't feel bad, it doesn't  
rain every Sunday.

Bonnie and Charles had to  
make a trip to Pampa Monday to  
get his picture made.

Dinzel, you never will get  
married if you don't start staying  
out later.

Vernie, what do you and Glen  
find to talk about that's so  
funny?

Ma had to keep Marie from  
skating Tuesday night.

Girls, don't you know it's not  
polite to climb over fences?

Jimmy W., you couldn't have  
been with Joyce Saturday night,  
could you?

Mrs. L. E. Lairson and Mrs. D.  
N. Rocha and sons of Montica,  
Calif. are visiting their parents,  
Mr. and Mrs. J. W. Shirley and  
their sister, Mrs. O. L. Tuttle.

Mr. and Mrs. Frank Hyatt, Joe  
Hyatt and Mr. and Mrs. W. C.  
Hyatt and family visited their  
sister, Mrs. R. S. Monney of  
Borger Friday and attended the  
Plainview-Borger football game at  
Plainview Friday night and visit-  
ed with their brother, Jim Hyatt  
and family of Olton.

The Wheeler Times  
Wheeler, Texas  
Dear Sir:

Enjoyed my first Wheeler Times in Florida yesterday. I'm stationed down here to go to Radar Tech School, sixteen weeks of Basic Fundamentals. I like it fine.

I didn't get your paper for about a month due to my transfer from San Antonio, where I took basic, and believe me it helps to get a home town paper. I enjoy the sports addition that the schools put in as much as any thing else. I went to Kelton Hi for the last three years and have played ball against most of the boys that are playing now. I lost all track of sports there until I received your paper. I really enjoy reading it.

# ARMISTICE DAY

## MONDAY

### NOVEMBER 11

Armistice Day 1946 means a lot more to many more people than it ever did before even though it doesn't mark the end of the most recent war we have been engaged in. It means more to more people because more people have come in contact with the horrors of war in the past few years than they had in the past. Let us all observe ARMISTICE DAY 1946 in a fitting manner and with a word of silent prayer for those who were left behind on the world's battle fields.

**Young Girls Can Be Trained To Become Beautiful Women**

Everyone wants their daughter to grow into a beautiful woman.

To attain this end it is advisable to start training her in that direction early because even as a toddler she may form the pattern of a lifetime.

Installing the proper habits in your young daughter is most important, an article in the November issue of Good Housekeeping magazine states:

"Train her to eat for health, and you train her for beauty, too, since vitality, a strong body, and a clear skin so largely depend on diet," the article states in part. "Resist your instinct to do everything for her; teach her to help herself. Above all, remember that she loves you and copies you; so set a good example."

"Learn several good posture exercises, and do them with her as a game. The way she sits, stands, and moves now may mean a good or bad figure later. Even a very small girl loves to splash in the tub, preen herself in a fresh dress. Build on this a habit of cleanliness and neatness that, at age twelve, should be automatic."

"Teach her to scrub her nails

with a brush, how to push back cuticle after washing her hands. As soon as she can manage it, give her a maniere set. Watch her little feet, check any tendency to turn her toes out. Be sure her shoes fit. Train her early to hang up her coat and hat, to put soiled clothes in the hamper. Step by step, show her how to brush, sew on a button, clean shoes.

"As early as possible, let her brush and comb her own hair—perhaps roll up the easy front curls. A knack with hair is a valuable asset for any girl. For sparkling teeth, teach her to brush thoroughly after each meal, stroking away from the gums.

"Clothes sense helps a girl to do much with little. As soon as your daughter shows a spark of interest, begin to train her in color, line and style."

benefit of the policyholders and their beneficiaries.

The Veterans Administration this week urged veterans who have National Service Life Insurance to designate beneficiaries for their insurance if they have not already done so.

Don Pray, VA's director of insurance in Texas, Louisiana and Mississippi, explained that the Insurance Act of 1946 completely changed the situation with respect to beneficiaries. The old provision for an automatic order of succession, in the event no beneficiary was named, is no longer in effect for insurance maturing after July 31, 1946.

Under the new law, Pray said, if the insured is not survived by a designated beneficiary, the insurance proceeds will be paid in a single sum to his estate at his death.

A veteran who does not designate beneficiaries exposes his dependents to the risk of unnecessary expense and delay, Pray pointed out.

A 200-bed general medical and surgical hospital at Marlin, Texas was among 13 new Veterans Administration hospitals approved last week by President Truman.

This brings the total of new VA hospitals planned for the Texas, Louisiana and Mississippi area to ten. Additions to existing installations also are planned.

New hospitals previously announced will be erected at New Orleans and Shreveport, Louisiana; Big Spring, Bonham, Dallas, El Paso and Houston, Texas; and Tupelo, Mississippi. Another hospital will be built in Mississippi at a site to be selected later.

Fewer veterans were paid readjustment allowances for unemployment during the week ending Oct. 12 than in any week since last January, Ray R. Adams, Readjustment Allowance Director of VA, reported. During that week about 1,122,000 veterans claimed unemployment allowances, a nationwide survey revealed.

**QUESTIONS AND ANSWERS**

Q. Does the amount of money I make on the job affect the amount of subsistence I receive while attending school under Public Law 346?

A. Yes. While taking a full time course in school, you are entitled to subsistence of \$65 per month if without a dependent or dependents and \$90 per month if you have a dependent or dependents but if you also are employed, the rate of such allowances plus compensation received, shall not exceed \$175 per month if you are without a dependent or dependents or \$200 per month if with dependent or dependents.

Q. What is the National Service Life Insurance Fund?

A. National Service Life Insurance is mutual insurance. All premiums paid on this insurance and all interest earned thereon are deposited and covered into a separate trust fund in the United States Treasury designated as the NSLI fund. The Government derives no profit from its administration and sets in the capacity of trustee of the fund for the sole

A. Yes, but since you've used up \$1500 of your \$4000 guarantee entitlement, your entitlement on any future real estate loan cannot exceed \$2500.

Q. Does a discharge "under conditions other than dishonorable" mean any kind of discharge except a dishonorable discharge?

A. Yes. An honorable discharge under honorable conditions qualifies a veteran for benefits under the Servicemen's Readjustment Act (G. I. Bill); a dishonorable discharge disqualifies him, but a discharge that is neither honorable or dishonorable may qualify or disqualify him, depending upon the determination of the "conditions" under which he receives it. Veterans Administration determines all such cases.

**Who Gets Off Easiest— Men or Women?**

Maybe you saw that poll on who has the easiest life—men or women? Of course, the men voted that the women did, and the women vice versa.

It would be the same in our town—take any family. Thad Phibbs envies his Missus spending the day at home, with no hot office to attend to. And Sue envies Thad his luncheons with the boys; and his evening glass of beer with friends (while she cleans up the dishes in the kitchen).

Of course, none of it goes very deep. Thad knows way deep down that the Missus has plenty of work running a house; and Sue knows Thad's friendly glass of beer is well-deserved relaxation after a long hard day's work.

From where I sit, most husbands and wives may grumble now and then—but they know in their hearts it's a case of live and let live, give and take, that comes out pretty even in the end.

### Cecelia Mann Sunday School Class Has Party

The Cecelia Mann Sunday School Class of the Methodist Church met for a social and business session in the home of Mrs. J. E. Willard, Tuesday evening, Oct. 29.

The entertaining rooms were attractively decorated with mums in the popular fall colors.

Delicious refreshments were served to: Mesdames C. C. Robinson, Fred Farmer, Chester Hampton, Clarence Crowder, Linda Clay, M. McIlhany, Hugh Hunt, T. M. Britt, C. J. Meek and the hostess, Mrs. Willard.

show. Floy burned a blister on her finger when she held a firecracker in her hand too long. Peggy and Anna V. got left at the Bumber-to-Bumper and had to walk to the stop light. Roy acted as handyman for Miss Wiley and took the "destructive weapons" away from Peggy. Vondell and Miss Wiley were partners-in-scheming. Clyde, June and D. O. decorated the Shamrock shop windows. Wayne was happy because La Verne was along (with him, of course). Betty and Floy enjoyed their pleasant ride in the back of their pickup from Wheeler to Shamrock. Nell had a date. Glenn had to stay at home for being a mean little boy. Nelda and Ed went to Georgia's party. Ita Mae was home at 9:30. All in all we had a swell time, didn't we, seniors?

Miss Beulah Hubbard, who is teaching in Amarillo, spent last weekend at home visiting her mother, Mrs. Ollie Hubbard, and other friends and relatives.

The Pampa church was host to the church conference in 1940, under the pastorate of Dr. W. M. Pierce. This time the Pampa congregation will entertain the conference without the services of a pastor, due to the fact that the Rev. E. B. Bowen was transferred last week to Elk City, Okla.

Other former pastors expected to attend the conference are the Rev. B. J. Osborn of Cisco, the Rev. C. A. Long, superintendent of the Sweetwater district; the Rev. Will C. House of Dallas and Dr. Pierce, superintendent of the Vernon district.

 cious evangelism. Under the current plan churches in a given area will engage in revival meetings at the same time. To date 107 of the 114 associational areas of Texas are committed to such concerted campaigns. About 2,700 churches will participate in these simultaneous efforts during 1947.

Dr. J. Howard Williams of Dallas will climax the sessions when he brings the first annual report of his current tenure as Executive Secretary of Texas Baptist on Thursday night. Dr. Williams will report a year in which accomplishments have outstripped all previous years in every phase of endeavor. He will report state office receipts for all causes totaling over \$3,500,000.00. This figure is more than three million above the receipts in 1935. The World Emergency Relief Offering which has claimed recent Baptist attention has reached the staggering total of \$725,000.00 when Texas Baptists were asked to give only \$458,200.

00. Preliminary reports from the churches indicate that more persons were baptized in 1946 than in 1945 which was the year of the Centennial Evangelistic Crusade. Texas Baptists have experienced remarkable growth in the last ten years. In 1945 the churches raised \$18,796,270.00 for all purposes as compared with \$4,282,609 in 1935. Memberships of the churches have grown from 599,793 in 1935 to 920,952 in 1945. It is likely that reports for 1946 will bring the total to a million. Church property values have increased by \$15,000,000.00 in the decade.

## FIXING UP the HOME

By Diane Greeter

**CHEST UNDER WINDOW**  
 ONE of the charms of old houses is the bay windows found in them and the window seats that provide a view of the outdoors in sunny or rainy weather and a place to sit alone with one's thoughts. The small size of the average modern house or apartment makes a bay window impossible but the space below a window may be used advantageously to capture some of the charm of the houses of the last century. A cedar hope chest veneered in woods to harmonize with the other furnishings of your room, may be banked with pillows or

topped with a colorful cushion to become a window seat. Thus, you will make use of space that would otherwise be wasted. And, in addition to the beauty and extra seating space given your living room, you will have increased storage space of the best possible kind for your woollens and furs. The rich fragrance of red cedar wood is the best of all weapons against the menace of moth damage. The aroma, so pleasant to human beings, paralyzes moth larvae so that they are unable to eat. Consequently they starve to death leaving fine fabrics and furs untouched. The airtight construction of the modern cedar hope chest is a guarantee against damage from dust as well.
