

## COTTON REGION SHUNS CEILING ON PULLING

Further light has been shed on the cotton pulling ceiling situation which brief mention was made in The Times last week to effect no ceiling price would be paid in Wheeler county this year.

No ceiling has been set in any of the 16 cotton producing counties of the Panhandle. In a recent meeting at Paducah, Wheeler county was the only one whose delegates sought to put a ceiling on pulling.

Discussion brought out that the OPA program June 30 and the subsequent failure of OPA to make the controls as wide as previously, left loop-holes by which any grower could circumvent the ceiling price.

Following the meeting on ceiling prices, Andy Adams of the farm labor program of the Extension Service conferred with a group of the need for migratory workers from South Texas to meet this year's crop.

There will be as many Mexican laborers available this year as last, if not more, he said. The group estimated that there will be a real need for the workers before October 1, and Mr. Adams agreed that the farm labor service will start directing them to this area at that time.

Growers throughout the area are now paying from \$1.50 to \$1.75 per hundred for pulling.

## CITES LIQUOR BROKEN HOMES

There were 10,000 divorces to 1000 marriages in the Dallas area where beer and liquor are sold, Mrs. Gordon Whitener, W. C. T. U. president, told local Women's Christian Temperance Union members at a meeting in the Wheeler Baptist church recently.

Mrs. Whitener cited the amazing statistics on broken homes when she presented a Texas map showing wet and dry areas of the state. There were 140 counties entirely dry, 80 partially dry and 34 entirely wet, she said.

Books for three shelves at elementary, junior high and senior high school were examined and loaned to Mrs. Porter who has placed them in the school. The books are free to the school.

Cash prizes are also offered students of each section for essays on which credit is also given in the English department.

## SCARLET FEVER MAY HIT SOON

The State Department of Health has just issued a warning in regard to scarlet fever, as the number of cases usually increases during the fall months. The majority of deaths from this disease occur from October through February.

Scarlet fever is a very contagious and serious disease. Grown people may contract it, but children under 15 years are especially apt to have it, if exposed. It is especially dangerous for children under 5 years, and Dr. Geo. W. Cox, State Health Officer, warns mothers to "not let your children take any chances with scarlet fever. Call the doctor as soon as the first symptoms appear."

If your child has contracted scarlet fever, the first signs you may notice are that he seems tired, restless and out of sorts. Usually, there is a sore throat, chills, vomiting, or convulsions and fever. His skin is dry and hot. His tongue is furred, and under this white covering, it is red and swollen. In ordinary cases, these early signs are followed in a day or two by a rash. Little flat red points, close together, appear first on the neck and chest and soon the rash, very red in color, spreads over most of the body.

Do your part by following carefully the quarantine instructions since a severe or fatal case of scarlet fever may develop from contact with some one who has only a light attack. Children who have been exposed, must not return to school until permission is given by the physician.

Lucille Hutchison left Sunday for a two weeks vacation in New Mexico and El Paso, Texas.

## Brother Wheeler Man Will Preach Sunday

Rev. J. C. Adams of Franklin, Georgia, brother of W. W. Adams, will occupy the pulpit at the Wheeler Methodist church Sunday. Rev. Adams will preach at the Briscoe Methodist church Sunday night.

The public is extended a cordial invitation to attend these services.

## VETS CONSIDER BUILDING PLANS

The building committee of the West-Passons Post plans a meeting within the next few days to consider plans for erecting a new home for the Wheeler post.

The City of Wheeler recently offered to lease local war veterans the city-owned park as a site for its new building, and a petition has been signed by the necessary number of property owners, calling for a city election to vote on the proposal.

Mayor R. H. Forrester said the petition has not yet been presented to the city council but that an election will be called to submit the proposal to voters when legal requirements have been met.

Legion members said they will probably call the election at a later date to ratify action of the city council so as to make sure leasing of the park meets all statutory requirements.

Legion officials said as far as they know no legal action has been taken or is contemplated which would seek to prevent the city from making the city-owned park available as a site for a legion building. A large quonset hut has been suggested as suitable for a Legion building and will be considered by the building committee, it was said.

## SUGAR STAMPS BEAR WATCHING

Sugar dealers, you had better watch those stamps you get in return for the only rationed product of today, for there are ways of fooling you.

One merchant in Memphis got caught with a number of the false stamps last week, but curiosity on the part of a clerk paid off and the stamps were discovered as being "no good" before it was too late.

The trick is this: Spare stamps 49 and 51 are now good for sugar, and some one was short of those two numbers. So some one merely took stamps numbered 41, 42, 43, etc., cut the small No. 6 off other stamps and glued those sixes upside down over the 1, 2 and 3, etc. of the 41, 42, and 43 stamps. Thus they had plenty of No. 49 stamps.

The same thing was done for the No. 51 stamps—carefully cutting out the No. 1 and gluing those ones on other 50-series stamps.

The job was so painstakingly done that the clerk in the local store could not tell the false stamps from real ones by merely examining the stamps by looking. The stamps had a slightly thicker feeling than the regular ones, but the thinness of the paper prevented the clerk from being able to tell which was which. Finally a knife blade was run across the stamps—and sure enough, the clerk was able to tell that some patching had been done. Fortunately, the sugar had not been picked up, so the merchant was able to refuse the sale.

In some of the Eastern states, this practice has been tried successfully several times.

Local merchants now send in the ration stamps to Fort Worth, where all the stamps are carefully examined. If any false stamps are found, the merchant is the loser, for his allotment of sugar is cut by the amount of the false stamps.

No sugar buyers, don't be embarrassed if a local merchant examines your sugar stamp closely—he can hardly afford to take chances on losing any of his small allotment of sugar.

## NOTICE!

There will be a special called meeting of the Women's Auxiliary of the American Legion at the Legion building Monday night at 7:30 o'clock. All members are urged to be present as there is important business to be attended to.

## BETTER ROADS CAN BE HAD IF PUBLIC FAVORS

Good roads advocates of Wheeler county are expected to swing into action soon in an effort to pile up a big vote in favor of Amendment Number Three, the good roads constitutional amendment, which will appear on the November 5th general election ballot.

Bob Clark who was recently named Wheeler county chairman of the state good roads committee, is asking good roads advocates to organize sentiment in their respective communities in favor of the amendment.

The Good Roads Constitutional Amendment guarantees the availability of motor vehicle registration fees and gasoline taxes exclusively for road purposes, with the exception of one-fourth of the gas tax which will continue to be allocated to the Available Free School Fund.

Clark pointed out that the Texas Safety Association, Texas Farm Bureau Federation, State Board of Education and thirty other state organizations have adopted resolutions strongly endorsing the amendment.

"With so many outstanding organizations backing the Amendment," Clark continued, "we feel that every citizen in Wheeler County should be fully informed of the provisions of the measure and the benefits they will derive from it. For this reason, we are asking good roads boosters to help conduct vigorous educational campaign to point out the merits of this amendment."

Chief purpose of this proposal, it was emphasized by the Good Roads Association executive vice-president, is to assure the ultimate construction of rural mail and school bus routes, and all-weather farm-to-market roads. Also, it will insure improvement, maintenance and policing of all roads and urban thoroughfares.

## 1945 COTTON TO BE POOLED

All cotton still under the 1945 crop loan on October 1, 1946, will be pooled for producers' account by the Commodity Credit Corporation, Texas ACA officials, reminded farmers this week.

According to F. C. Elliott, cotton work specialist of the Texas A. and M. College extension service, Texas farmers who have 1945 crop cotton under loan now should give serious consideration to marketing the cotton before it is placed in pools. The average 1945 loan rate for 15-16-inch middling cotton, gross weight, was 21.09 cents per pound. Since the price now has climbed considerably, producers should be able to dispose of this cotton at prices that will give them a substantial profit.

The 1945 crop loan cotton which is not redeemed before October 1 will, as provided in the loan agreements, go into pools. Not until all the cotton in the pools is liquidated will the producer receive any payment. Net proceeds, if any, will then be distributed among the producers whose cotton was placed in the pools in proportion to their interest.

From the proceeds of the pool cotton will be deducted all advances and accrued costs—including storage, insurance and handling charges. No payment will be made to producers at the time their cotton is placed in pools and will not be entitled to order the sale of cotton now under loan.

## J. Wade Duncan Opens An Office In Pampa

J. Wade Duncan announces in this week's Times he has opened a real estate and cattle brokerage office in Pampa and asks persons having anything to sell, to list it with him.

Duncan who resided at Pampa before moving to Wheeler county 15 years ago, has assumed management of the J. N. Duncan estate at Pampa, and will make his home there. He is one of three sons of the late J. N. Duncan, first mayor of Pampa who also set up the first hardware store there.

Bill Owens was a business visitor in Amarillo Tuesday.

## First Freeze Dates Given Past 4 Years

Farmers speculating on when the first freeze will hit will be interested in the following first freeze records made public by Burl Golson of Shamrock, unofficial weather observer: Oct. 21 in 1945, Nov. 20 in 1944, Oct. 27 in 1943 and Oct. 26 in 1942.

Golson recorded the following temperatures Sept. 1 to 17, 1946; high 98 on Sept. 3, low 62 on Sept. 13, 14 and 15. Low for 1946 was 56 on Aug. 29.

## 4-H PIG SHOW WON BY BAIRD

Max Baird of Kelton, walked away with first place in the Wheeler County 4-H Club Pig Show held at Wheeler Tuesday when club boys brought in some outstanding gilts.

Kenneth Richardson of Kelton won second place, Bill Godwin of Mobettie, third, Doyle Greenhouse of Mobettie, fourth, and Charles F. Ambler of Twitty, fifth.

Ike Dahlberg, acting head of the animal husbandry department of Texas A. and M. College, was the judge. Dahlberg stated that these were eight very outstanding gilts and would be a credit to anyone's stock of hogs.

Kenneth Whitely of Kelton brought in his male hog for display which will be used to breed the eight gilts. As the male hog was shown, Mr. Dahlberg mentioned the good characteristics of a perfect male hog.

In placing the eight gilts, Mr. Dahlberg gave his reasons for placing them as he did.

As a result of winning first place in the county show, Max Baird will be granted the privilege of showing his gilt at the district show in Amarillo on September 28. The first place winner in each county will be presented with a jersey heifer and will choose it according to his place in the district show. Kenneth Whitely, owner of the boar hog, will also show his hog in the district show.

Second, third, fourth and fifth place winners in each county will receive 100 baby chicks next spring.

Dr. Grist, extension veterinarian, accompanied Mr. Dahlberg and after the pigs were placed he gave a demonstration on the new B. T. V. vaccine for hog cholera which is now being used in the prevention of this disease.

## USO DRIVE TO BE FINAL ONE

Appointment of community chairmen to head the next and final USO campaign in Wheeler county is expected to be announced soon by E. K. Caperton who has been named county chairman by Governor Coke R. Stevenson, general chairman.

Stevenson predicted the state quota of \$800,000 would be reached with similar top leadership in all of Texas' 254 counties. Carl L. Phinney, State Chairman in a letter to Mr. Caperton said, "The final USO drive is an important undertaking. Having had the honor of serving 18 months with the 36th Division in the Italian theater, I learned first hand what USO means to the boys overseas. I also have known of the billion acts of kindness to our millions of men in this country."

"Continuation of these morale services is, if anything, more important than ever. The combat phase of the war is finished but the transition period presents fully as many morale problems. The life of the men in the service is not glamorous. They need and deserve the "home away from home" that USO Clubs and USO Camp Shows give them.

"USO in 1947 will concentrate its services for those who are still hospitalized, those overseas and our kid brother now in training."

## Mrs. Cash Walker Has Narrow Wreck Escape

Mrs. Cash Walker and her son miraculously escaped serious injury Thursday of last week when their car turned completely over, stopping right side up. The accident occurred near the J. C. Derryberry home, one and one-half miles west of the pavement on the Briscoe to Mobettie road.

## MUSTANGS ARE UNABLE CLICK AGAINST IRISH

Wheeler fans went to Shamrock in a body last Friday night for the annual Wheeler Mustang-Shamrock Irishmen game which the more experienced Shamrock team won by a score of 32 to 0. The entire stand on the East side of Denver Field was packed with Wheeler fans.

Coach W. O. Carrick's Mustangs could not get to clicking in the contest. A jinx seemed to haunt them from the start and fans who witnessed the Wheeler-Lakeview game the week before said Carrick's lads lacked the fight that gave them a two-touchdown win over the Hall county squad.

Shamrock put across two counters in the first period and one each in the other three quarters.

The first Irish scores were made when Close made 22 and 17 yard sprints. Shamrock came within scoring position the first time when a Mustang punt fizzled to its own 22-yard line. The second counter came a few minutes later when Wheeler lost the ball on downs on her own 39-yard line. Close picked up 3, Ramsey carted the ball 19 yards, then Close raced 17 to the pay strip.

Lile made the third touchdown after Cox and Ramsey carried the ball 20 yards to put the Irish in scoring position. Lile then scored the fourth counter after a 29-yard run by Ramsey. The final touchdown was by Ramsey after Lile made 13 and 7 yard runs.

Late in the third quarter Wheeler set Shamrock back on her heels when Bob Lowrie quick-kicked to the Irish 12-yard line. Close tried to pass but was covered before he could find an opening and downed on his own 2. Close punted to Shamrock's 25-yard line and the Mustangs possessed the ball for 10 yards. After three running plays bogged down and a pass failed the ball went over to Shamrock.

Wheeler had made a less serious threat in the second quarter, penetrating the 20-yard zone but losing the advantage, once on a penalty and again on a fumble. Barr, Hubbard and C. Robertson bore the brunt of the Mustangs offense while Bob Lowrie who stood out in the Lakeview game had a bad night. Lowrie made costly fumbles and was unable to get a click on his usually good ball carrying.

Although ragged at times, Shamrock's line from end to end performed like veterans, their nice blocking enabling Irish backs to get away for good yardage repeatedly. Friday's game was not an exhibition game of stars for either team, with linemen and backs sharing alike in the performance.

## Tent Show Will Open In Wheeler Thursday

The Standley Players featuring Dr. Gaffney, master magician, and his company will be presented in their large tent, south of the Legion hall, under auspices of the West-Passons Post on Thursday, Friday and Saturday nights.

Mr. and Mrs. Len Porter of Shamrock were supper guests in the home of Mr. and Mrs. Owen Jones Tuesday night.

Scotty and Adrian Risner left Sunday for Dallas where they will enroll in Southern Methodist University.

## Please Get War Books This Week

Persons wishing copies of the Wheeler County World War II Book are asked to call at The Wheeler Times office at once.

There are several extra books available to the public at \$4.75. Persons living out of town are asked to include 10c for postage in ordering copies.

Almost 100 persons who made deposits on books two or three months ago have failed to call for their copies, as well as pictures of service men and women left with us for use in the publication. One thousand pictures and write-ups of the county's fighting men and women were printed in the book.

The Times management would like to dispose of all books and pictures at once and asks those having pictures or wishing to buy books to please come after them. We will mail copies of book if postage is sent but we ask that all pictures be called for to make sure they are received in good condition.

## DRIVERS GIVEN LICENSE BREAK

Of interest to county motorists is the recent announcement from Austin that out-of-date drivers' licenses may now be renewed without examination because of the overload on license examiners.

Director Homer Garrison of the department of public safety announced this change in policy noting that it was on a temporary basis only, to permit examiners to catch up on their work.

Eighty examiners gave 308,488 examinations in the first seven months of this year, compared with 180,261 examinations in the same period last year. This 81 per cent increase in work was handled without any increase in personnel.

"The situation has become utterly impossible," drivers license Chief A. F. Temple said. "In Dallas and Houston there are enough applications by 10 a. m. each day to keep the examiners busy until 6 p. m. For the entire state there is a daily average of twice the number of applicants the examiners can handle. The examiners are working an average of 2.2 hours overtime each day, without pay.

To cope with additional work that the non-examination renewal policy will cause in the Austin office, Temple will immediately put on a crew of 30 to work five hours a night, five nights a week. They will be paid out of contingent funds that become available at the beginning of the new fiscal year Sept. 1. "When the contingent runs out, I don't know what we will do," Temple said.

"Persons holding old type licenses with two detachable stubs, issued prior to October, 1941, must send in the old license and an application folder which is available only from examiners," Temple said.

Those holding new type licenses consisting of two parts, issued since October, 1941, must send in the top half of the license with the application. Application forms are available at fire stations, court houses, city halls, and department of public safety offices.

## Gate City Creamery Pays 85c This Week

The attention of cream producers is called that the Gate City Creamery at Childress is paying 85 cents for number one grade butterfat delivered at Childress, instead of 80 cents as stated in a large advertisement in this week's Wheeler Times. Due to a sudden increase in the market the price was raised from 80c to 85c after the advertisement had been printed.

The Gate City Creamery says it guarantees cans and checks will be returned the same day received. The firm has been serving West Texas for 23 consecutive years.

## CHURCH ANNOUNCEMENT

The Sunday School at the First Baptist Church of Briscoe begins at 10:30 A. M.

The Ladies Adult Class will have charge of the Devotional. You are cordially invited. Mrs. Bill Finsterwald, teacher.

## GAME SUNDAY WILL DECIDE LEAGUE CHAMP

Kelton will be the scene of the important championship-deciding game between the Texas-Oklahoma league contenders, Kelton and Briscoe-Allison, at 3 o'clock next Sunday afternoon.

A large crowd of baseball fans who have watched the hotly contested T-O league race extend well up into autumn, will be on hand for the tussle that decides to whom the championship series goes.

Kelton fought back at Briscoe last Sunday to tie up the league playoff. In a free hitting game, marred by several misplays not a few of which were due to the high wind, Kelton came out on top by a score of 13 to 10.

Oscar Johnson of Kelton and Lawrence Prater of Briscoe-Allison, went all the way on the mound. Both pitched good ball and not over half the runs off each were earned. Each sent six men back to the bench on strikeouts.

Kelton got off to an early lead but lost it when B-A scored 4 runs in the sixth and went ahead 10 to 9. Kelton, however, came back with one run in the top of the seventh and 3 in the eighth to stay out in front, blanking B-A in the last three innings.

Fielding gems of the day were turned in by Kid Henderson, playing second for Kelton, who made a nice running catch of a fly ball and scooped up a hot grounder to the right of first base for a fast putout. Both plays came with two men away and runners in a position to score. Joe Henderson played a good steady game at first for the same team.

Prater not only hurled a steady game for B-A but led his team in hitting, getting three of his team's 14 hits. Incidentally, this was the first loss for Prater this season.

## WHEELER GOES TO LEFORS FRI.

The Mustang herd of Coach W. O. Carrick is going through rigorous workouts this week in preparation for a tough assignment at Lefors next Friday night when Wheeler invades the Pirate hideout.

Coach Carrick was not pleased with Wheeler's showing at Shamrock last week and is making no secret of it. He has told his Mustangs it is going to take a lot more hustling and head-up football if they expect to win any of the tough contests ahead.

Lefors is going to be a tough opponent, Carrick believes. The Pirates dropped a hard ball game to Canadian last week by a score of 26 to 20 in a sensational scoring duel between Bill Cross, salty Canadian half back, and Wade Stracener, flint Lefors fullback.

Lefors in addition to a power running attack, is capable of breaking out in the air. Last week the Pirates completed 7 out of 11 passes against Canadian and Wheeler has been alerted to watch out for an air show.

The Mustangs, however, are expected to present a more seasoned style of play next Friday with two games behind them in which they picked up lessons the hard way.

School leaders are hopeful a large crowd of fans will accompany the Mustangs to Lefors. Persons having room in their cars are asked to take some student or fan with them.

Levi Reid, Bob Rodgers, W. M. Burgess, Morris Burgess, Amos May, Johnnie Red, John Lewis, Floyd Morris, and Charlie Brittain returned Wednesday night after enjoying a weeks fishing trip to Possum Kingdom and Lake Kemp.

**QUESTIONS AND ANSWERS**

Q How can I arrange to have my  
 National Service Life Insurance  
 premiums deducted from the  
 disability compensation checks  
 I receive from Veterans Admin-

 tions from your compensation

of an organization that could and  
 would watch at all times and be  
 on guard against any and all who  
 would try to exert subversive in-  
 fluence against the masses, through  
 the government; hence the legisla-  
 tive committee of the American  
 Legion. The representatives of  
 this committee represent the  
 Legion in Washington at all times,  
 and by so doing form an unbroken  
 chain, so to speak, of contact from  
 each community, where there is  
 an American Legion Post, to the  
 congress and the President of this  
 Nation. Through this well organ-  
 ized chain of committees it is pos-  
 sible for any citizen, or group of  
 citizens, to voice their disappro-  
 val of any attempted deviation  
 constitutional government that  
 might appear imminent.

The American Legion is absolu-  
 tely non-partisan in politics, but  
 have pledged themselves to watch  
 over and guard the sanctity of the  
 constitution of this nation and to  
 defend it, with their lives if  
 need be, in peace as well as they  
 have in war.

The American Legion is an or-  
 ganization that devotes itself en-  
 tirely to the service of the Com-  
 munity, State and Nation. They  
 earnestly solicit the support of  
 every loyal American in their ef-  
 forts; believing, as they do, that  
 a well organized society consis-  
 tently alerted against the foes of  
 free government, to be the only  
 way to promote and maintain  
 peace and harmony among men  
 and Nations. The Vital reason for  
 the existence of the American Leg-  
 ion is therefore obvious; they  
 have no secrets to hide from the  
 people; they merit the support of  
 every patriotic citizen in all their  
 efforts, whether local or national.

payments.

Q I have been turned down by a  
 lending institution for a G. I.  
 guaranteed loan to buy a busi-  
 ness. Does this mean that I  
 can't get a G. I. guaranteed  
 loan to go into business?

A No. If one lender turns you  
 down, try another one. The  
 fact that one lender is not in-  
 terested does not indicate that  
 your proposition is not sound.

Q Before the G. I. Bill was a-  
 mended, I used up my whole  
 guarantee of \$2,000 to buy a  
 farm. Now that the maximum  
 guarantee has been increased  
 to \$4,000 would I be entitled to an  
 additional \$2,000 loan-guaran-  
 tee if I wish to purchase more  
 land?

A Yes. If you used part or all of  
 your loan guarantee before the  
 Servicemen's Readjustment Act  
 (G. I.) Bill was amended last  
 winter, the amount of loan-  
 guarantee credit used is deduct-  
 ed from the amount for which  
 you are eligible under the a-  
 mended bill, and the remainder  
 is the amount of guaranteed  
 credit which you may use in  
 obtaining future loans.

Q Can I change the beneficiary  
 or beneficiaries of my National  
 Service Life Insurance without  
 letting the beneficiaries know  
 anything about it?

A Yes. A veteran may change the  
 beneficiary or beneficiaries of  
 his National Service Life In-  
 surance at any time without  
 their knowledge or consent by  
 notifying Veterans Administra-  
 tion. For further information,  
 the veteran should consult the  
 nearest VA office.

Contracts with the Louisiana  
 and Texas state medical societies  
 to provide home-town medical  
 care for veterans with service-  
 connected disabilities are in the  
 final stages of negotiation, the  
 Veterans Administration revealed  
 this week.

At the same time, VA, through  
 its Central Office in Washington,  
 D. C., is seeking contracts with  
 state hospital associations in the  
 Southwest on a standard schedule  
 of hospital costs so that VA can  
 utilize more private hospital  
 facilities for veterans with ser-  
 vice-connected ailments.

Signing of these contracts will  
 enable eligible veterans to get  
 good medical care in their own  
 communities and in many in-  
 stances will eliminate the necessity  
 of making long trips to VA hos-  
 pitals for treatment.

 without disturbing others in the  
 ward.

Institutions of higher education  
 in Texas, Louisiana and Missis-  
 sippi are expecting a record en-  
 rollment of about 133,000 stu-  
 dents this fall, according to pre-  
 liminary reports reaching VA.  
 Former service men and women  
 are enrolling in tremendous  
 numbers, these reports indicated.

Q At what age should roosts be  
 provided for growing chicks?

A Tests indicate that best results  
 are obtained by providing roosts  
 when chicks are about three weeks  
 of age. Early roosting reduces crowd-  
 ing, promotes better feathers, and  
 results in more rapid growth. Early  
 roosting is not associated with  
 crooked breast bones.

Q Someone told me that a calf  
 should hold its head up when drink-  
 ing milk. What is the reason for  
 this?

A The Research Farm of the  
 Ralston Purina Company has found  
 that making a calf stretch its neck  
 while drinking milk helps prevent  
 scours. The milk bucket should be  
 placed 1 ft. above the floor and  
 tipped toward the calf so that the  
 calf must keep its head up and neck  
 stretched in drinking. This is nearer  
 the natural position for the calf in  
 nursing and tends to force milk past  
 the first three stomachs to the  
 fourth or true stomach where milk  
 should be digested. When milk goes  
 into the first three stomachs, it may  
 sour, causing scours.

Q We have been getting watery  
 eggs from our hens. What causes  
 this?

A Watery eggs may be caused by  
 the storage place being too warm,  
 or this may be an inherited con-  
 dition which can be corrected only  
 by culling the diseased birds.

Q In our rabbit litters we occa-  
 sionally have a long-haired or woolly  
 individual. Is this the same as an  
 Angora?

A No. The Angora rabbit has been  
 purposely developed through careful  
 selection and breeding for fancy  
 points. The occurrence of woolly or  
 long-haired rabbits is a throwback,  
 and this characteristic is an unde-  
 sirable trait. To eliminate the woolly  
 from the rabbitry, avoid breeding  
 from carriers of the gene.

Q How hot should water be for  
 picking broilers?

A The temperature should be  
 about 125 to 128 degrees Fahrenheit,  
 and the broilers should be immersed  
 for about thirty seconds. If the  
 water is warmer, the skin may be  
 scald-blotched.

**SET YOUR SIGHTS**

It takes  
 planning  
 to achieve  
 a goal

Some young men know what they want and plan for it. Others are  
 still looking for their niche. The new Regular Army can help both.

Perhaps you want to go to college but can't afford it. If you  
 enlist in the Army, you'll get your chance. Honorably discharged  
 after a three-year enlistment, you are eligible for 48 months of edu-  
 cation at any college, trade, or business school for which you can  
 qualify. The Government will pay your tuition, laboratory fees,  
 etc., up to \$500 per ordinary school year, plus \$65 a month living  
 allowance—\$90 a month if you have dependents.

If you haven't found your spot, an Army enlistment offers you  
 training in any of 200 trades and skills. You leave the service eligible  
 for further training at the best civilian schools.

You can assure yourself of the benefits of the GI Bill of  
 Rights if you enter the Army on or before October 5, 1946.  
 See your nearest Army Recruiting Station for details.

**HIGHLIGHTS OF REGULAR ARMY ENLISTMENT**

- Enlistments for 1 1/2, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
- Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may reenlist at any age, and former service men depending on length of service.
- A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
- A furlough for men who reenlist within 20 days. Full details of other furlough privileges can be obtained from Recruiting Offices.
- Mustering-out pay (based upon length of service) to all men who are discharged to enlist or reenlist.
- Option to retire at half pay for the rest of your life after 20 years service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
- Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

**Who Will Benefit?**

That's the 12 Million Dollar Question of your Public Service Co.

A PIONEER  
 IN BUILDING  
 AHEAD FOR  
 THE FUTURE

There are just about as many answers to that question as there are people in the Panhandle Plains Pecos Valley area.

Your Public Service Company's 12 million dollar expansion program will benefit everyone.

There'll be many new industries using low cost, reliable electric power, more homes with the advantages of electrical living, more farmers taking on Reddy Kilowatt as their new "hired hand."

We're happy that in our 22nd year, we're a pioneer in building ahead for the future. Our expansion program will bring better living, electrically, to everyone in the years to come.

**Tempting Dish for Fall Menus**

Sherry Sauce adds distinction to easily prepared Peach Cobbler.

Take one jar of peaches and add a tender, golden biscuit topping. Over this serve a well-flavored wine sauce—and you have a delightful dessert for any meal the year 'round. Peach Cobbler with Sherry Foamy Sauce is particularly good on early fall menus.

**Peach Cobbler**  
 (6-8 servings)  
 1 No. 2 1/2 jar peaches  
 1/2 tablespoon cornstarch  
 2 tablespoons sugar  
 1/2 teaspoon salt  
 1 tablespoon butter or margarine  
 Drain peaches, pouring juice into saucepan. Bring juice to boiling point. Blend cornstarch, sugar and salt and add to juice. Stir constantly until thick. Remove from heat. Add butter or margarine.

Now place peaches in well-greased casserole. Pour thickened juice over them. Place in hot oven (425 deg. F.) until the syrup bubbles around edges. Remove from oven and drop rich biscuit dough on top. Then return to oven and bake for 15 to 20 minutes until topping is baked and brown. Serve hot with Sherry Foamy Sauce.

**Rich Biscuit Topping**  
 2 cups sifted flour  
 2 teaspoons baking powder  
 1 teaspoon salt

2 tablespoons sugar  
 6 tablespoons shortening  
 3/4 cup bottled milk (approx.)  
 Sift flour, baking powder, salt and sugar together. Cut in shortening with pastry blender or two knives, blending it until the mixture resembles coarse corn meal. Add milk, stirring with fork to make soft dough of consistency that will drop from spoon onto fruit in casserole (slightly more milk may be needed).

**Sherry Foamy Sauce**  
 (6-8 servings)  
 Cream 3 tablespoons butter or margarine. Add 3 tablespoons confectioners' sugar and stir until smooth. Measure out 3/4 cup boiling water and place in saucepan over heat. Blend together 2 teaspoons cornstarch, 2 tablespoons sugar and 1/4 teaspoon salt. Add this mixture to boiling water slowly, stirring constantly until thick. Now add creamed mixture. Beat 3 egg yolks slightly, add small quantity of cornstarch mixture to them, stirring until smooth. Then add to mixture in saucepan. Stir over low heat until mixture coats spoon. Remove from heat, add 1/4 cup bottled sherry wine slowly, stirring constantly. Beat 3 egg whites until stiff and add to sauce. Serve at once over Peach Cobbler.

wheels of fire, whirling dervishes in the sky will be produced. Comedy numbers will be included.

A finale of aerial bombshells will paint the clouds with every color of the rainbow as the American flag waves in flashing lines of flame. Feature numbers will be changed nightly to afford visitors a complete variety, Mr. Hitzelberger said.

**Stronger Body Helps This New Tire OUTWEAR PREWAR TIRES**

See Us for this Extra-Safe, Extra-Trouble-Free, Extra-Mileage Tire

No sensible driver would deliberately run his tires over a rock like the one in the picture. But sometimes it can't be helped... and that's when you will be glad if you have new B.F. Goodrich passenger car tires. Built with more and stronger cords, the tire body is better engineered and 35% stronger than in wartime tires. This extra strength was needed to carry the wider, flatter tread. But in building this stronger body to hold the more durable tread, B.F. Goodrich engineers built into it greater resistance to "road shock."

Of course, supplies of tires are still limited. In spite of greatly increased production, demand is even greater. This is especially true of the B.F. Goodrich tire that **OUTWEARS PREWAR TIRES**. Please check your needs well in advance. Talk to us. We'll do our best to keep your car rolling until we can get new tires for you.

From where I sit... by Joe Marsh

**Going Fishing? Here's How!**

To hear Willie Wells and Basil Strube arguing about trout fishing, you'd think it was more important than the atom bomb.

Willie favors dry flies, Basil pooh-poos anything but wet flies. Willie swears by a Royal Coachman; Basil won't hear of anything but a Silver Doctor. And by the time it comes to steel rods versus bamboo rods... #1X&\*!!

But on Saturday, each got back from Seward's creek with a catch that couldn't have differed by more than several ounces!

Each had used his favorite kind of fly, his favorite rod and his favorite place to cast. So over a friendly glass of beer, they allowed as how maybe they were both right... which is how so many arguments should end.

From where I sit, if we all respected one another's different opinions—whether about trout flies, or drinking beer, or voting, life would be a whole lot pleasanter.

Joe Marsh

### HOME EC. II

The Home Ec. girls have start-

ed working on their plans for Home Projects. The projects consists of: Cooking at least five meals, sewing and repairing clothes, embroidering, redecorating rooms, refinishing furniture, caring for children, making and refinishing children's toys.

The Home Ec. girls are going to serve the Chamber of Commerce twice a month this year. Each girl will serve as manager, waitress and dishwasher during the year.

Because the Homemaking girls are classed as "Food Handlers" each one took a Wasserman Blood Test, last week.

### SENIOR FLASH

The Seniors have had their pictures made. In fact, Tuesday September 24, was the exact date. The pictures were made by Mr. Barrymore, Bromotone Studios, of Wheeler, Texas.

### IMAGINE

Floy and Joy looking alike.  
 June not wanting to play guard.  
 Ida not with Dub.  
 Vendell behind in her lessons.  
 Nell with her hair not combed.  
 Betty talking all time.

Richard not smiling.  
 Wayne giving La Verne chewing gum.

Glenn not flirting.  
 Clyde not going with Pat.  
 Peggy staying at home.  
 Nelda being short.  
 Miss Wiley getting up at 4 a. m.  
 Furman coming to English IV class.

Don missing an English question.  
 Bill not being in the Library.  
 Anna V. being shy on the Basketball court.

The Seniors having their pictures taken.  
 Having our good ole "Pep Squad of 1945."

### HERE AND YONDER

Yes, Coach, the basketball girls still believe that point you made was an accident.

Betty, Joyce, Ruby, and Jodie, really had a good time Sunday, at Lake McClellan.

Mr. Osborn, better known as "Smiley", doesn't trust two of his American History students, June, can you and Peggy further inform us about this?

Yvonne spent Sunday with Dolors. Did you girls enjoy the show?

Mrs. Brown likes her Speech class best of all. Reason: Practically all boys.

Jodie, who was that we saw you with Saturday night? Well.

It seems as if Mrs. Carrick "looks up" to Coach. Well, who around here, doesn't?

Ruby, who was that we saw you at the preview with? Uh huh. Cecil Francis, again.

Don't you think you'd have a hard time teaching and marrying people all at the same time? Well, that's what Bro. Woods does. Miss Wiley won't even have to miss school a single day when she gets married. Bro. Woods can perform the ceremony in the Study Hall.

Joyce Bowman, we bet you are really glad 'cause Wayne is back. Lois, and La Verne really look cute in those Levis. Why don't you wear them more often?

Joyce Brown, we saw you at the ball game Friday night.

Jo Rean is back with us and we are certainly happy about it.

### SPORT NEWS

OUR MUSTANGS were beat Friday night by the Shamrock Irishmen, 32-0. The Pep Squad accompanied them to the game. We're still for you, boys.

The next game will be with Lefors, there, Friday night as far as we know, the Pep Squad will go to Lefors, too.

### Business Women's Club Is Entertained Tuesday

Members of The Business Women's Club were entertained on Tuesday evening with a chicken barbecue, featuring the opening of the club year activities. The barbecue was given in the backyard of the R. H. Forrester home.

Members enjoying the occasion were: Mrs. Hubert Martin, Leona Crossland, Audrey Pearce, Para Cobb, Mrs. Bonnie Holt and Mrs. Claire Garrison.

### Blue Bonnet Study Club Is Entertained

Seasonal flowers decorated the home of Mrs. Jim Hathaway in Mobeetie when she entertained

members of the Blue Bonnet Study Club Thursday afternoon.

Mrs. Mayme Patterson, conducted the business meeting.

Topic of study was the Atomic Bomb. Those taking part in the program were Mrs. Mayme Patterson, Mrs. Elsie Scribner and Claudia Martin.

Refreshments were then served to the following members: Mesdames Elsie Scribner, Mayme Patterson, Ella Johnston, Frances Boswell, Kathryn Carmichael, Jaunita Matthews, Carrie Willis, Claudia Martin and the hostess, Lavine Hathaway.

### Mrs. Williams' Home Is Site of Study Club Meet

Seasonal flowers decorated the home of Mrs. W. L. Williams Sept. 25 when she acted as hostess to the Wednesday Study Club.

The meeting was called to order by the president, Mrs. D. A. Hunt, presiding. Mrs. Jimmie Mitchener acted as leader after the business meeting and gave a very interesting talk on the subjects, "Art of Happiness" and "How to Stay Young". Other entertainment was furnished by students of the public speaking class, who gave a skit on the "Do's and Don'ts of Public Speaking" under the direction of Mrs. R.

Wm. Brown. Mrs. Harold Nash gave a short talk on the same subject, after which the president resumed her duties.

Refreshments were served to the following club members: Mesdames R. Wm. Brown, T. M. Britt, M. L. Gunter, Lee Guthrie, R. J. Holt, D. A. Hunt, Jimmie Mitchener, Harold Nash, Floyd Pennington, Glen Porter, J. M. Porter, H. M. Wiley and the hostess, Mrs. W. L. Williams.

Pitch, run, score and slide are words used in baseball, and in music.

Brother Jonathan is a designation often used as a friendly, humorous reference to the American people.

There are many different calendars in use in the world. Four types predominate. They are the Gregorian (U. S., Europe, South America), the Chinese, the Jewish, and the Mohammedan Calendars.
