

## MUSTANGS WILL MEET EXES IN BRID CONTEST

The 1946 model Wheeler Mustang eleven will be on display Friday afternoon at 1:30 at the local auditorium where they will tackle a group of exes in a scrimmage contest, according to Coach W. O. Carrick. Everyone is extended a special invitation to attend this performance.

Friday afternoon's contest will mark the end of the four weeks session of spring training during which time Coach Carrick states a great deal of emphasis has been placed on the fundamentals of the game. The boys have spent a great deal of time practicing blocking, tackling, sidestepping, punning with the ball, pass catching, kicking and passing.

The football squad will sponsor a pie supper at the high school gymnasium, Tuesday night, May 7, the proceeds of which will go to pay for new football equipment for next season. Everyone is urgently invited to attend.

There have been between 20 and 25 boys working out for football this spring with at least eight of them lettermen from last season's team and two or three others squadmen from last season. Boys who have been participating in spring training include: two Coler boys, two McCormick boys, two Waters boys, Revious, J. Barr, Barr, B. Robinson, R. Jackson, C. Jackson, G. Hubbard, C. Robertson, G. Parks, D. Pendleton, M. Pettit, J. Weeks, C. R. Bailey, Red Crossland, Wayne Jolly, R. Lowe, H. Regan, J. T. Johnson, and Hubbard.

## MORE VETERANS ARE BACK HOME

Young Wheeler county men are returning to civilian life from all theatres of war. Former fighting men who have recently traded their guns for discharge buttons are:

Edward Leon Clay, SIC; Steve Roth, Jr., Sgt.; Dallas C. Lynch, Sgt.; W. L. Jolley, Fm2C; Albert Emmitt Thomas, S2C; Cecil Albert Parker, SC3C; J. T. Ed, S2C; Glenn R. Ladd; Harold E. Whitton, PFC; John Albert Vorley, PFC; Lawrence Thomas Davis, SIC; James Karr Trout, Tm3C; Russell Lewis Miles, EC; Allan Whirley Pettit, PFC; Charles J. Jester, PFC.

Joel O. Parrish, Cpl.; Stanley Bullock, SIC; Chester K. Bowers, SIC; John Kendall Reed, M2C; Homer Eugene Ewton, M2C; Harold Lloyd Kilman, EC; Ray S. Hassell, Sgt.; Robert Cain, Y2C; Carl L. Conner, PFC; J. R. Hefley, Jr., Cox.; Lonnie L. Kenney, PFC; Virgile G. Gabriel, Tec. 5; Olaf V. Sivage, Sgt.; John W. Walker, 1st Lt.; James C. Norrid, Tec. 5; Joseph R. Rice, Capt.; James A. Blake, Tec. 5.

William B. McDonald, PFC; Edmit L. Rider, Cpl.; William W. Lister, Tec. 4; Elmo Z. Harlow, PFC; Robert A. Kenney, S.Sgt.; George C. Steele, Capt.; George P. Henderson, Sgt.; Edwin Watts, Sgt.; Garvin F. Simpson, PFC; Vernon G. James, Tec. 5; O. B. Franks, 1st Lt.; Robert O. Lister, S.Sgt.; Jack H. Decker, Pvt.; Claude A. Revious, Flt. O.; Kenneth E. Koger, Major; Glyb Rives, Pl.

Charles J. Helms, Pvt.; Charles Gerald Carrthers, Chief CS; Bura Edridge Thompson, M2C; William Harvey Locke, Jr., M2C; Nathan Pierce Hawk, S2C; Joe B. Moore, Flt. C; John B. Bunter, T3; Frankie L. Fletcher, Cpl.

## Mrs. C. M. Duncan, 72, Claimed By Death

Mrs. C. M. Duncan, 72 years old, passed away at her home nine miles west of Wheeler on Tuesday, April 30. The body was shipped by Hunt Funeral Home Wednesday to Sliam Springs, Ark., where last rites will be conducted.

Mrs. Sara Florence Duncan was born in Indiana, and moved to Wheeler only a short time ago.

## Fourth Grade Pupils Entertain at P.-T.A.

The Wheeler Parent-Teachers Association met on Thursday last week at 8 p. m. in the grade school auditorium. Mrs. R. G. Cook, president, presided.

Following the business meeting, the fourth grade pupils presented a short program.

EDITH LITTLE, Evangelist

VIRGIE STEPHENS, Co-worker

## LARGE CROWDS ENJOY MEETING

Rev. M. C. Cox, pastor of the Assembly of God church, Briscoe, announced this week that Evangelist Edith Little is preaching an old time message on "Up to date experience" and large crowds are attending services nightly.

Many out-of-town visitors are planning to drive in from the surrounding territories to hear her amazing life story inter-mixed with Bible truths. The evangelist is telling of the happenings which occurred in her life while inside an insane asylum, as a patient, several years past. In her discussions, she will give her opinions concerning juvenile delinquency problems and offer help to parents who have home problems.

Children of all denominations are invited to attend the special Junior Revival beginning at 7:30 p. m., preceding the adult service each night. Virgie Stephens, a co-worker, uses some unique methods of teaching, since she tells a Bible story, omitting the names of the characters, then she offers an attractively wrapped gift to the first boy or girl who can answer the questions correctly. In this manner, the story is indelibly stamped upon the young minds, and some of the lessons are pantomimed in silence—these are most interesting to the grownups, too!

The evangelist, founder and former editor of the Fort Worth Evangel Publication, will continue the revival, and some of the subjects she plans to use are: "Balanced or Unbalanced," "Escaping Iron Bars," "The Golden Lily," "The Open Door," "Signs of the Times," and "America's Coming Dictator."

## Intermediate Day Is Observed at Kelton

Intermediate day was observed at the Kelton Baptist church Sunday. The intermediate class had charge of the entire Sunday school service.

After the services, members of the class took a covered dish to the home of Mrs. J. A. Tucker, the teacher. A spirit of good fellowship was enjoyed throughout the day.

The class roll is as follows: Eula Rae Carmen, Patricia Adams, Audrey Mae Pond, Koleene Finney, Claudine Davis, Jo Ann Abernathy, Betty Lou Ogle, Kenneth Killingsworth, John Green, Bobby Henderson, Max Baird and Joel D. Henderson.

The class had as their guests the senior Sunday school class which included: Misses Paula Bledsoe, Vaye Voyles and Robert Dunaway and Ruben Thomas. Rev. Leo McDonald of McLean was also a guest.

## Kindergarten Class To Be Organized

Supt. W. O. Carrick states that the school is interested in sponsoring a kindergarten class for children between the ages of 5 and 6 years next fall if enough people are interested in the project to defray expenses.

The rates will be determined by the number of children enrolled. Supt. Carrick declared, and he urges everyone interested in this project to get in touch with him in order that they can set up plans for it if the demand is great enough to justify their doing so.

## HONOR PUPILS FOR LAST SIX WEEKS LISTED

Many students of Wheeler schools rated the honor roll which was issued following the past six weeks of study.

High school students and grade school pupils whose grades justified their names appearing on the roll of honor were announced by Supt. W. O. Carrick as follows:

### High School Honor Roll

#### FRESHMEN:

A's—Patsy Sue Hunt, Margaret Holt, Peggy Rodgers.

A's and B's—Harold Hardcastle, Horace Lee Ragan, Doris Ragan, Duane Bradford, Melba May, Leona Skidmore, Wanda Weeks, Wilma Weeks, George Porter.

#### SOPHOMORES:

A's—Lois May.

B's—Yvonne Clark.

#### JUNIORS:

A's and B's—Floy Bradstreet, Ida Mae Martin, Vondell Starkey.

#### SENIORS:

A's—Glenna V. Hefley.

A's and B's—William Barton, Josephine Noah, Leon Weatherly.

### Grade School Honor Roll

#### FIRST GRADE:

A's—A. J. Isaak, Cecil Pierce, Harold Reid, Janet Bowerman, Lois Bridges, Patsy Burgess, Lanora Clark, Nancy Lee, Sheila Patterson, Peggy Jo Weeks, Jane Wofford.

A's and B's—Jo Jo Jaco, Darrell Moore, Gerald Satterfield, Dennis Wilsford, Odell Davis, Phyllis Kay Richerson, Mary Joselyn, Wallace Johnson, Barbara Ann Revious, Jerry Ann Pitcock, Bobby Howe, Alton Brooks.

#### SECOND GRADE:

A's—Donna Greenhouse, Glenda Ruth Weeks, Phyllis Kay Puckett, Joyce Sims, Margaret Sue Gaines, Barbara Mitchell, Wanda Sue Waters, William Whitener, Don Weeks, Donald Ray Weeks, Beau Weeks.

(Continued on Last Page)

## FLAKE GEORGE IS CHAIRMAN

AUSTIN, April 25 — Flake George, of Shamrock, was named this week as Wheeler county chairman of the campaign to raise \$15,000,000 toward the National Americanism Endowment Fund.

A national trust established by the American Legion, the Americanism Fund is designed to carry on a broad educational program combating all subversive "isms" in conflict with the principles of the United States Constitution. President Truman is honorary national chairman and Governor Coke R. Stevenson is national vice chairman. Chairman of the campaign to raise Texas' quota of \$450,000 is Fred F. Florence, president of the Republic National Bank of Dallas.

Wheeler county's quota is \$441. As stated by the 18 nationally known trustees, headed by Col. Alvin M. Owsley, of Dallas, the Americanism Fund's program proposes these specific undertakings:

1. Establishment of a permanent board of from three to five members—all leading educational authorities—to plan and direct a comprehensive, continuing program of teaching the understanding and active practice of Americanism.

2. Cooperation with all established educational systems, whether public, private, or denominational, for the purpose of stimulating the more intensive teaching of Constitutional Americanism.

3. Endowment of professorships in colleges and universities for the teaching of Constitutional history and law, clarifying and emphasizing the values of the Constitution, and giving training in the active application of these principles to the nation's needs, today and tomorrow.

Establishment of college and university scholarships for young men and women planning careers in statecraft and government.

Encouraging and assisting physical fitness programs which will

## Candidates To Speak At Kellerville Friday

There will be a candidates speaking at an entertainment to be held at the Kellerville school house at 8 p. m. Friday night, May 3, W. B. Wofford, manager of the County Candidates club, announced this week.

The gathering is being sponsored by the Kellerville boy scouts. There will be bingo and domino games and various other entertainments and refreshments will be sold but not auctioned. There will be a small admission fee.

## Club Women Will Observe Home Demonstration Week

The Council of the Wheeler County Home Demonstration clubs will sponsor a county-wide tea on Monday, May 6, from 5 to 7 p. m., in the home of Mrs. E. M. Hastings, home demonstration agent.

Every home demonstration club woman in the county is urged to call during these hours. County Judge George W. Hefley, members of the Commissioners Court and their wives are invited as special guests of the council and clubs.

The event is being held during National Home Demonstration Week which is May 5 to May 12.

The club women are observing National Home Demonstration Week by contributing cases of food to European relief. Every member is sending one or more garments or some piece of clothing to Philippine relief. This is being done all over the state and

this county is doing its part, Mrs. Hastings said.

Persons who are not club members may take part by bringing used cotton clothing for women or children to the Home Demonstration office.

For the benefit of those wishing to hear radio programs dealing with National Home Demonstration Week, the following schedule is given:

Saturday, May 4, NBC Consumer Time, 11:15 to 11:30 a. m.; Sunday, May 5, CBS Country Journal of the Air, 7:30 to 8:00 a. m.; Monday, May 6, DuPont's Cavalcade of America, 7:00 to 7:30 p. m.; Saturday, May 11, ABC (Blue Network), American Farmer program, 11:30 to 12:00 noon; Saturday, May 11, NBC Farm and Home Hour, 12 noon to 12:30 p. m.

## TRIBUTES HELD FOR MRS. J. C. TROUT

Mrs. James C. Trout, prominent pioneer resident of Wheeler county, passed away on Sunday, April 28.

Funeral services for the beloved character were conducted from the First Baptist church in Wheeler Monday, with Rev. A. C. Wood in charge. Interment was in the local cemetery with the Hunt Funeral Home officiating.

Melinda L. Warren was born in Raleigh, Mississippi, on June 1, 1856. She moved to Texas at the age of 10, and was united in marriage to James C. Trout in December, 1874, at Honeygrove, Tex.

Mr. Trout passed away on November 7, 1943, at the age of 92. The 89-year-old woman was the mother of seven children, two of whom died in infancy and a daughter, Dorma Ola Turner, preceded her in death on April 5, 1918.

The surviving children are: Newton Trout of Allison, Minnie Trout and Ben Trout, both of Wheeler, and Jim Trout of Lefors. Also surviving are 10 grandchildren and six great-grandchildren.

## WTSC TO HOLD MEMORIAL SUN.

CANYON, May 2 — Panhandle folk are being invited to join relatives of West Texas State College students and ex-students killed in World War II in a memorial service here Sunday, May 5, at 3:20 p. m.

The college's list of war dead has grown to nearly half a hundred, and the total is mounting as additional names are verified.

The program, arranged by a committee headed by Dr. B. F. Fronbarger, will be as follows: Preliminary music as the audience quietly assembles in the main auditorium.

Invocation, President J. A. Hill. Music, Double Sextet.

Memorial talk, Dr. R. Thomson of Amarillo.

Reading, selections from Lowell's "Commemoration Ode" and verse found on the body of an Australian soldier, Dr. A. Kirk Knott.

Music, Double Sextet.

Presentation of memorial statements, President J. A. Hill.

Benediction.

Music, as audience quietly leaves the auditorium.

## New Dry Cleaning Establishment Opens

D. W. Trimble and C. J. Moore announce the opening Monday of a new dry cleaning and hat cleaning and blocking establishment in Wheeler. The new establishment will be located in the service station building directly across the street from the post office.

Trimble and Moore offer expert dry cleaning and hatting in a display ad elsewhere in this issue of The Times.

## Briscoe High Graduate Is ACC Honor Student

Marie Finsterwald, 1944 graduate of Briscoe high school, and the daughter of Mr. and Mrs. H. J. Finsterwald, had her name placed on the honor roll for the first nine weeks at Abilene Christian College, Abilene, Texas, as a result of her making a grade of "Superior" in one subject.

Marie is a sophomore at the school.

## LOCAL WOMAN LAID TO REST

Funeral services for Mrs. E. R. Newberry were conducted from the Church of Christ on Thursday, April 25, with Rev. P. D. Fullingim, pastor of the First Baptist church, and B. M. Litton, minister of the Church of Christ, in charge.

Mrs. Newberry succumbed in the Shamrock Clinical Hospital on Tuesday, April 23, following a short illness.

Funeral services were held at the home of Mrs. Newberry on Tuesday, April 23, following a short illness. Pallbearers were: T. L. Gunter, Harry Wofford, Chester Lewis, Floyd Pennington, Walter Adams and Glen Roberson. Flower attendants were: Mrs. T. L. Gunter, Mrs. Holt Green, Mrs. Buford Conwell, Mrs. Charlie Mitchell, Mrs. Carl Levitt and Mrs. G. D. Ledbetter.

Interment was in the Wheeler cemetery with Hunt Funeral Home in charge of arrangements.

Lillian Dean Rosser was born March 26, 1914, at Holland, Texas. On April 17, 1935, she was married to E. R. Newberry, who along with three sons, Jerry, Charles and Glen Dean, survive her.

Other survivors include her parents, Mr. and Mrs. Sid Rosser of Allison, a sister, Mrs. Elsie Cooper of Huntington Park, Calif., and near relatives, Clay Cooper and Billie B. and Chester Roy Moore.

Mrs. Newberry had been a member of the Church of Christ since August 8, 1932.

Out-of-town relatives here to attend the funeral services were: Mr. and Mrs. Harlon Gholston of Goodlett, Texas; Mrs. Tom McGuerry of Kirklind, Texas; Mr. and Mrs. J. H. Newberry and sons, Paul and Irvin of Floydada, Texas; W. I. Newberry and son, W. C., of Cimarron, Colo.; Mr. and Mrs. Harve Conger, Olustie, Okla.; and Tom Rosser, Mineral Wells, Texas.

## Many Certificates Filed Incorrectly

Many certificates of transfer on the sale of new cars are being filed incorrectly, Ray McKernan, general chairman of the local Price Control Board, stated today.

According to MPR 594, all dealers of new cars are required to file a certificate of transfer with the board not later than five days from the date of sale. According to the regulation, the certificate must be completed in all respects, including pricing order number, make of automobile, series, year model, body type, model, serial number, motor number, complete name and address of both buyer and seller, date of sale, trade-in information and prices on extra, special and optional equipment.

Only those items of such equipment which appear in the pricing order may be entered on the certificate. The charge made for gasoline, oil and antifreeze must be specified as to amount and price of each, instead of a flat-rate for the three. Any charges for extras, such as tire, tube, etc., must be invoiced on a separate sales slip and attached to the certificate of transfer.

## Second Grade Wins Shamrock Program

The second grade pupils of Mrs. Ebb Farmer won third place in the Amateur Program which was held in the Clark Auditorium at Shamrock last Friday night.

As winners of this event they will be presented in a broadcast from radio station KGNC Amarillo in the near future. The exact date will be announced in The Times soon.

J. D. FRYE

## J. D. FRYE IS NEW CANDIDATE

J. D. Frye, resident of Wheeler and Gray counties for the past 34 years, this week authorized the announcement of his candidacy for Sheriff of Wheeler county.

Mr. Frye, who is 50 years old and from a long line of peace officers, stated that although he had been encouraged by residents throughout the county to make the race for Sheriff, he is entering the campaign on his own merits and is not obligated to any individual or clique.

Mr. Frye is a Protestant, a Mason and an Odd Fellow. He served in World War I, has had considerable experience in child welfare and has done considerable secret service work. "I believe the proper handling of the youth of our county is one of the primary duties of enforcement officers. If elected, I will cooperate with church and civic organizations as well as fathers and mothers in this line of work," he stated.

"If the voters of Wheeler county see fit to elect me as their Sheriff it is my intention to place my deputies throughout the county, selecting them to serve in the communities in which they reside, with the instructions to take care of any infractions of the law in their area. Before any appointments are made, the wishes of the people will be considered.

"In addition to this," Mr. Frye said, "when I am not working in the courts, I will be making tours of the county seeing that law and order are maintained at all times."

Mr. Frye's long residence in this area has acquainted him with the problems and duties facing a county peace officer. He has served on petit and grand juries in both Wheeler and Gray counties and is familiar with the interworkings of the county and district courts.

"Under the Democratic role, I do not believe that a Sheriff should seek more than two terms of office. If the people elect me to serve as their county peace officer, I will not seek a third term under any circumstances," the candidate said.

Mr. Frye said that he intends to make a thorough canvass of the county, presenting his platform to all the voters. "I know that a majority of residents are desirous of strict and fair enforcement of the law, and if I am elected Sheriff, I will see that their desires along this line are realized.

## Nash Announces New Products And Service

Harold Nash, owner of Nash Appliance and Supply store, announces three new items and services, just received, in advertisements elsewhere in this weeks issue of The Times. These new items or services include: the new Norge Rotator Refrigerator, Weed-No-More, magic weed killer, and Hydro-Flation, the Firestone method of weighting tractor tires.

The new Norge Rotator Refrigerator has many new features which make it one of the outstanding mechanical refrigerators on the market. The Norge freezing unit has only three moving parts, Nash states. The new refrigerator is now on display at the Nash store.

Weed-No-More is a liquid which when sprayed on your lawn will kill the weeds but will not hurt the grass or soil.

The Hydro-Flation method of weighting tractor tires with a liquid gives the tractor greater pulling power yet makes it easier riding and the tires last longer. Nash is equipped to perform this service either at his store or on your farm.

## FARMERS URGED TO LEND WHEAT TO GOVERNMENT

Wheeler County farmers who have 1945 wheat on their farms are urged to lend it to the government now and collect any time they want to until March 31, 1947.

This plan is under the government program which will bring the farmers 30c per bushel premium in addition to the market price of their grade of wheat.

The county ACA office has a supply of forms for the use of producers and warehousemen in making the sale agreement with the Commodity Credit Corporation.

Wheat eligible for purchase is that which would have been eligible for CCC loans under the 1945 program. On or after the date of delivery, the seller may name the date on which he wishes the purchase price to be determined, but he must submit his request as to purchase date in writing. If no such request is submitted, he will get the market price as of March 31, 1947.

The offer to purchase under this plan will remain open until July 1, 1946.

Purpose of the so-called "wheat certificate plan" is to bring out wheat which is stored on farms awaiting higher prices, since the government has been unable to meet its full quota of wheat for shipment to famine areas.

## FORMER KELTON RESIDENT DIES

Mrs. James Killingsworth, mother of Clarence, Tom and Edward Killingsworth of Kelton and former resident of that community, was buried at Shamrock Friday afternoon.

Mrs. Killingsworth passed away at her home in Erick, Okla., about 1:15 o'clock on April 25. Funeral services were conducted from the First Methodist church in Erick Friday afternoon with Rev. Ray W. Menard, pastor of the First Methodist church of that city in charge, assisted by Rev. Vernon Willard and Rev. B. C. Stonecipher.

Following the services in Erick, the body was taken to Shamrock for interment.

Martha Ann Zeigler was born at North, South Carolina, on January 7, 1876. She was married to James Killingsworth on November 4, 1896, at Dodge, Texas. The family lived in Shamrock from 1908 until 1919, moving to Erick.

Mrs. Killingsworth was a school teacher and for many years taught Sunday School classes.

Mr. Killingsworth and one daughter, Edith, preceded her in death. Surviving are three daughters and six sons: Mrs. Eula Hardin, Marlow, Okla.; Mrs. Lucia Johnson, Erick, Okla.; Mrs. Blanche Smith, Mayfield, Okla.; Elvert Killingsworth, Grimes, Okla.; Joe Killingsworth, Mayfield, Okla.; Clarence, Tom and Edward Killingsworth, all of Kelton; Roland Killingsworth, Anaheim, California.

Other survivors include one brother, J. B. Zeigler, and two sisters, Miss Geneva Zeigler of Shamrock and Mrs. Myrtle Killingsworth, Amarillo; 20 grandchildren, four great-grandchildren and a host of friends.

## Public Is Invited To Shamrock Rodeo

A group of Shamrock resident, dressed in western regalia, were in Wheeler this morning to extend local people an invitation to attend the Shamrock Rodeo to be staged on Friday, Saturday and Sunday.

Bob Clark, secretary-manager of the Chamber of Commerce and promoter of the rodeo, said the stage was set for the big three-day show. Performances will be held Friday night, Saturday afternoon, Saturday night and Sunday afternoon. Street parades will be held.

More than \$1,000.00 in cash plus merchandise prizes will be presented winners in the various rodeo contests which include saddle bronc riding, bareback bronc riding, bull riding, bulldogging, calf roping and wild cow milking.

Dances will be held at the Lonnie Burks Implement Building on Friday and Saturday nights where those who attend may dance to both oldtime and modern music.

Mr. and Mrs. L. C. Laflin spent a few days in Wichita Falls this week visiting with relatives and attending to business.

**DEPENDS ON WHICH SIDE YOU SUPPORT**

Harold L. Ickes, erstwhile cabinet member turned columnist comes right out, in true curmudgeonic style, to say:  
"President Truman is perfectly right in objecting to the lobbying of naval personnel against the bill to consolidate the army and navy."  
He goes right ahead giving his new dealish reasons why the army and navy officers should keep their traps shut, inasmuch as the chief executive has made up his mind about the navy merger bill. Ickes spends a whole column trying to convince his readers.  
Without arguing the merits or demerits of army-navy merger, we should like to point out that Ickes is like a number of other columnists in America. In this particular case, he casts a good deal of asperity with the term "lobby" at those who oppose the merger; but those who advocate it are not "lobbyists," but "supporters."  
Another example of name-calling

ing to confuse the people — or wave red flags—is that of the man who opposes the administration. They are called "columnists."

Another example: National Association of Manufacturer President Wason appeared before a committee this week in opposition to OPA. He told the committee the organization, which represents the big manufacturers of this country, had spent almost \$400,000 a newspaper and radio advertisement in advocating repeal, lock, stock and barrel, of OPA. When a committee member showed him some 400 telegrams which had advocated maintenance of OPA without amendment, Pres. Wason said that was just propaganda!

In this last example we have cited the case just to show how some people in this country are thinking.

If you oppose someone in something you are either a "communist," a "lobbyist," or a "propagandist."

Such buncombe as that can destroy America just about as easily as any other way.—From Pampa Daily News.

**Good Neighbors Club Entertained Tuesday**

The Good Neighbors club met with Mrs. L. A. Treadwell Tuesday, April 23, with 9 members present for a demonstration of killing chickens.

Mrs. E. M. Hastings, county, some demonstration agent, said that it had been suggested that each club send a case of food to Europe. It was also suggested that each member and anyone else wishing to should send at least one garment for relief of the war ridden people. White socks, baby's clothing and socks and women's clothing are in greatest demand, anything would be appreciated. Anyone wishing to send anything please leave it at Mrs. Cash Walker's by the 9th of May, at which time and place the next meeting will be held. Everyone is invited.

Refreshments were served to Mesdames Walker, Barnett, Baird, Milton Finsterwald, Dyson, Bill Finsterwald, Hastings, one new member, Mrs. McClesky, and the hostess.

People over 45 years of age now comprise more than a quarter of the population of the United States, or about twice the proportion of a century ago.

By BOYCE HOUSE

Byron once remarked about an acquaintance that he had "just enough learning to misquote." The Bible does not say that "money" is "the root of all evil." The Scriptures say that "love of money is the root of all evil"—and that is quite a different thing.

As Lincoln said in one of his debates with Stephen A. Douglas "Judge Douglas would have you believe that a horse-chestnut and a chestnut horse are the same thing."

The Psalmist is quoted as saying, "All men are liars." But what he actually wrote was, "I said in my haste, All men are liars."

And one of the most garbled of all utterances is Jefferson's "That government is best which governs least." If that is true, then a government with only one law would be the very best of governments. What Jefferson said, (I don't have the book at hand, so must give the substance from memory) was that after the lives, property and happiness of the people are made secure, that government is best which governs least.

A saying of Jefferson's which many have challenged is, "All men are created equal." Of course, that is not literally true because one man is stronger or swifter of foot or handsomer or taller or more adept at making music or money or a speech than another. I think what Jefferson meant was that all men are created equal insofar as having equal rights because after the first statement, he adds that men are endowed by their Creator with certain inalienable rights—among them being "the right to life, liberty and the pursuit of happiness."

So if a fellow is going to quote, he ought to quote it right—and not rip a sentence out by its roots from the context. "A little learn-

ing is a dangerous thing." But even if the quotation is correctly given, it still may not be true, though a great man may have said it. Alexander Pope wrote, "Be not the first by whom the new is tried." If everyone adopted that principle, all of us would wait for somebody else to try out the new idea—flying in a plane or swallowing a raw oyster whole—and so all progress would cease.

**Mrs. Zack Miller Is H. D. Club Hostess**

The Myrtle Home Demonstration club met Thursday afternoon in the home of Mrs. Zack Miller. The afternoon was spent quilting.

Ice cream and coke were served to two visitors, Mrs. Orville Hagerman and Mrs. C. E. Peterman, and members: Mesdames Clayton Callan, Troy Miller, Rex Miller, Clyde Worley, Leonard Hagerman, Walter Sausen, Elmer Miller and Zack Miller, hostess.

The next meeting will be May 2 with Mrs. Albert Anderson. A building and grafting demonstration will be given by the county agent. Everyone is cordially invited.

**CARD OF THANKS**

We take this means of expressing our thanks to the many friends for the kindness shown us during our recent bereavement. We also wish to express our thanks for the beautiful floral offerings and the food which was served at our house.

E. R. Newberry and sons,  
Jerry, Charles and Glen Dean  
Mr. and Mrs. Sid Rosser  
Mrs. Elsie Cooper  
Mrs. Chester Ray Moore.

**County To Benefit By Money Spent On Rural Repair Jobs**

Expenditures totaling more than \$218,000 will be made in the next few years by home owners on farms and small communities of Wheeler county to improve present electric service and home plumbing.

These outlays will mean additional income to practically every local business and will finance additional wiring, bathroom improvements and new electrical equipment for the county's 799 farm and rural homes already served with electricity, according to a study released by the Tile Council of America.

Introduction of running water, installation of tiled bathrooms and replacement of out-moded plumbing fixtures head the list of most wanted farm home features, D. P. Frost, chairman of the Council's Residential Construction Committee, revealed. One in five farm families throughout the nation plan bathroom improvements.

**RUPTURED?**

Experimenting with questionable trusses at the expense of your health will prove costly. See your Physician at once for the proper diagnosis and we will fill his prescription to his entire satisfaction. If your condition has already been determined and you are not securing the proper comfort or relief, pay us a visit at once and be convinced that under competent hands, true fitting has been reduced to a science eliminating all guess work.

We feature the famous line of Non-Skid Spot and Trusses which hold the rupture with a traction of the pressure required by other appliances. We also have a complete assortment of Abdominal Supporters, Elastic Hosiery, Shoulder Braces, etc.

he said.  
Additional wiring is needed in practically every farm home with electricity, according to the study. A huge market likewise exists for milking machines, quick freezing units, electric motors, baby chick brooders and other equipment.  
Expenditures in the county are part of a \$94,617,000 program to be undertaken by Texas farm and rural home owners in the next five years, the study revealed. An estimated \$2,294,000 on similar improvements to present electrical service will be spent in the nation during that time.

**International**  
No. 106 "Maxi-shok" **ELECTRIC FENCER**

**OUTSHOCKS ALL OTHERS... ON DRY GROUND OR OTHERWISE**

This unit is nationally famous. It delivers a terrific wallop, even during dry weather, yet it is perfectly safe and dependable under all conditions. MAXI SHOK Fencers have a shock penetration different from all others—rubber boots will not prevent shock. For these reasons, it outperforms all other makes where soil is dry. Strong shocks are transmitted on fences up to 20 miles in length.

**HOLDS ALL KINDS OF LIVESTOCK And the Stock Respect Their Shock**

MAXI-SHOK Fencers are successful in holding Hogs, Sheep, Goats, Cattle, Horses and Mules. Many counties have over 1000 No. 106 Units, which proves their popularity. Order your Fencer today! End once and for all your stock fencing worries.

We carry a complete assortment — 6 models to choose from — a fencer to fit every purpose.

### Mobeetie Happenings

By Louise St. John

Mrs. Frank Dawson and children, Jerry and Nella Rose of Borger were weekend guests of Mr. and Mrs. J. L. Waters. Mrs. Dawson is Mrs. Waters' sister.

Mrs. B. L. Higdon and children spent the weekend in Amarillo visiting her parents.

Ed Gibson of Childress spent last week in the home of his daughter, Mrs. Leslie Waters of Mobeetie. He went on to Borger Sunday to visit another daughter, Mrs. Frank Dawson.

The Union Quilting Club and families met on the creek Easter Sunday and enjoyed a basket dinner and egg hunt.

Mr. and Mrs. Fred Cary of Pampa visited in the J. L. Waters home Sunday.

Jimmy Walker and Charles Waters were visitors in Canadian Sunday.

The Juniors honored the Seniors with a banquet Saturday night. Most of them went to the preview at Wheeler afterwards. Everyone had a nice time.

Drew and Billy Godwin, Doyle Greenhouse and Douglas Carse

enjoyed a fishing trip Saturday night.

Intermediate Day was held at the Baptist church Sunday. They had charge of all the services except the preaching which was held by Rev. Higdon as usual.

Laurence Scribner spent the weekend with his parents.

Miss Jaunita Walker and Mr. Glen Scribner were married at the home of Rev. Higdon at 7:00 o'clock on April 22. Mr. and Mrs. Dalton Scribner and Lanele and Ola Mae Scribner were present at the wedding.

Funeral services were held for Robert Y. Sims Wednesday afternoon at 2:30 p. m.

### Questions, Answers For Vets, Dependents

**Q** If a veteran dies after discharge from service, may a burial allowance be awarded by the Veterans Administration?

**A** When a veteran of any war, discharged or released from active service under conditions other than dishonorable, a veteran of any war in receipt of compensation or pension, or a veteran of other than wartime service discharged for disability incurred in line of duty or in receipt of a

pension for service-connected disability dies after discharge, the Veterans Administration may pay for burial and funeral expenses and transportation of the body to the place of burial, a sum not exceeding \$100.

**Q** What veterans are entitled to special privileges under the homestead laws of the United States?

**A** Any veteran who served not less than 90 days, and who was honorably discharged and makes a homestead entry, is entitled to have the term of his service in the armed forces, not exceeding two years, deducted from the 3 years' residence required under the homestead laws. Further information may be secured from the General Land Office, Department of Interior, Washington 25, D. C.

**Q** May a veteran who has no service-connected disability be entitled to a pension?

**A** A veteran may be paid a pension for a non-service-connected disease or injury only if the disability resulting therefrom is rated as permanent and total, and providing such condition is not due to the veteran's own willful misconduct. The veteran must have more than 90 days active military service terminated by a discharge other than dishonorable.

**4-H CLUB BOYS STUDY USE D.D.T.**

The 4-H club boys in Wheeler county are learning in their club meetings about the use of D. D. T. Several of the boys have been inquiring about the use of the insecticide so Assistant Agent C. E. "Red" Garrison has been giving demonstrations to some of the clubs and will to all the club within the next week.

D. D. T. was discovered just before the war. The government immediately saw its value to the war effort as an insecticide for the protection of our army as it occupied foreign countries. During the war the government had full control of the product and distribution of its various uses. At the end of the war information was made available and the product was released to the public in large quantities. A lot of this information is unauthorized and the public, to a certain extent, is misinformed as to the uses of the product.

One of the reasons that D. D. T. is such a good insecticide is that it is a permanent control. It is a contact and stomach poison making a good insecticide for several different insects. D. D. T. does not disappear immediately but reacts to contact with flies, mosquitoes, lice, roaches, bedbugs, etc., over a long period of time.

D. D. T. can be applied either as a spray or as a dust. For control of fleas and roaches it is best to use the dust form of 10 per cent D. D. T.

In spraying, D. D. T. can be used as an oil emulsion or suspension. Oil sprays should be 5 per cent solution. To form the solution D. D. T. is mixed with greases: kerosene. This solution should never be mixed by an inexperienced individual. It can be used to spray on door facings, and various kinds of furniture for the control of flies, mosquitoes, and bedbugs. It is wise to check for oil solution on scrap wood or cloth for stains before using.

Emulsions are best used by placing the solution on screen doors or wood walls with a paint brush. 5 per cent solution should be used at the rate of one gallon per 1000 square feet. To make an emulsion use 25 per cent D. D. T. powder, 65 percent xylene and 10 per cent triton X-100. One part of this mixture with four parts of water will make 5 per cent D. D. T. emulsion.

The best and most economical form of spray to be applied to livestock and in dairy barns for

the control of flies and lice is the suspension. This suspension can be applied to cattle, horses, or hogs as a spray or dip. As a dip the solution should be one tenth of one per cent and as a spray it should be two tenths of one per cent. In dipping or spraying for lice two applications are sufficient to kill all the lice. Dip or spray, then wait 15 to 18 days and repeat the application. For the control of fleas on livestock after the first application, wait 15 days then make the second application, waiting 21 days before making the third application. The third application will be effective for 30 days. Records show that over a three month period the cattle that were sprayed weighed from 50 to 85 pounds more than those that were not. The three sprayings were applied at a cost of three cents per head.

The suspension is made by mixing 50 per cent D. D. T. powder with water. A formula used to make the desired per cent solution is as follows: no. of gallons of spray to be used times 8.3 (weight of water per gallon) divided by the strength of D. D. T. powder to be used. This equals the number of pounds of powder to be used to make the desired percentage in the suspension.

In applying this suspension on barn walls or doors it is best to use one gallon of 2.5 per cent solution to 300 square feet. For use as an insecticide for fruits and vegetables, D. D. T. is still in the experimental stage. However, reports have come from the United States Department of Agriculture which indicate that it might be a wonderful insecticide for a lot of insects that are harmful to fruits and vegetables.

Following are certain precautionary measures that should be taken when using D. D. T.:

1. Never spray D. D. T. in the house unless all food is covered.
2. Do not put any form of D. D. T. on cats because cats have a tendency to lick themselves.
3. Do not put any D. D. T. oil solution on livestock.
4. Do not spray the suspension on any nicely finished wall or woodwork as it tends to spot it.
5. In spraying on any kind of furniture or bed clothing, spray on very lightly.

As for the D. D. T. gas bomb - it is not dangerous or poisonous to humans. It is not a permanent treatment. It lasts only two to four hours.

**Twitty H. D. Club Is Guest of Mrs. Whitley**

The Twitty Home Demonstration club met in the home of Mrs. U. S. Whitley on Friday, April 26. After a short business session with the president, Mrs. Gus Wegner, in charge, pineapple orders were taken.

Mrs. U. S. Whitley had charge of a demonstration on gift making and displayed a number of lovely home made gifts.

Refreshments were served to the following: Mrs. H. C. Houk, Mrs. George Braxton, Mrs. Elmo Riley, Mrs. Gus Wegner, Mrs. U. S. Whitley, Bonnie Lee Braxton, W. H. Riley, Jerry Riley, Jaunell Wegner and Janice Wegner.

Allen Harp, veteran of service in both the Army and Navy in World War II, has returned to his former job as official shorthand reporter for the district court of the 100th Judicial District. Mr. Harp lives at Childress.

**ALLEN HARP IS ON FORMER JOB**

Allen Harp, veteran of service in both the Army and Navy in World War II, has returned to Childress and has taken over the job he formerly held as official shorthand reporter for the district court, Luther Gribble, Judge of the 100th Judicial District announced.

Allen is the son of Childress County Judge P. J. Harp, and was born in the Kirkland community of Childress county. He is a graduate of Kirkland High School and Abilene Christian college.

After teaching in Childress and Motley county schools Harp served as a member of the Texas House of Representatives. He was the most youthful candidate in the "free for all" race for Congress in 1940.

He saw foreign service during the war, having served as gunnery officer aboard the S. S. Mary Austin. After being detached from his ship last fall he held the position of Assistant Educational Officer at the U. S. Naval hospital, Corpus Christi, until his recent release from active duty.

At the time of induction into the service, Harp was a member of the Board of Directors of the Childress Chamber of Commerce and served on various committees. He is a member of the Lions Club and has taken an active part in civic and political activities of this area.

**Mrs. Ben Helton Is Hostess to H. D. Club**

(Written for Last Week)  
The County Line Home Demonstration Club met Thursday April 18 with Mrs. Ben Helton as hostess.

Mrs. Farmer Hefley made cottage cheese at the meeting. "Most foods like the sort of person who is difficult to learn." Cottage cheese may be served attractively in many different ways. It contains calcium for bones and teeth, riboflavin of the vitamin B family.

Orders were taken by marketing committees for pineapple to be bought cooperatively by the county home demonstration club members.

Council reports were given by Mrs. Hefley in absence of council delegate, Mrs. Meadows.

Those present were Mrs. Hazel Helton and Mrs. Meadows, Hazel Helton, Clyde Meek, Jim Selby and the hostess.

The next meeting will be May 2 in the home of Mrs. Brady Meadows. Visitors are always welcome.

**Homemade Butter at the Flick of a Switch**

Ready for Action

New Churn Easy To Clean

New—a portable electric churn that whips up butter and buttermilk for home consumption. Filled three-quarters full of cream or rich whole milk, it turns out a pound and a half of butter at the flick of a switch. Large duraglas barrel allows you to watch the churning progress.

The V-shaped aluminum dasher of a new household churn is detachable for easy cleaning after the butter and buttermilk are made. The duraglas barrel contains a pound and a half of butter and a supply of buttermilk after the churning is completed. The streamlined unit weighs only 16 pounds and features a high-speed motor. It's designed to operate either on cream or rich whole milk. The glass barrel, available in a three or five-gallon size, provides handy storage space when the churn is idle. Its beater also can serve double duty as a mixer for any type of liquids.

**HOW TO OBTAIN CORRECT SOCIAL SECURITY FACTS**

It's much better to get the real facts on your questions concerning social security than it is to rely upon the word of some one not familiar with the law. Social Security Board field offices furnish facts on many problems, such as:

Why is a social security account card necessary?

What jobs are covered under the law?

Why benefits may be endangered by a worker having more than one account card?

What are retirement benefits and to whom are they paid?

What are survivors' benefits and who gets them?

What the account number means to a wage earner?

How may a wage earner find out about his wage record?

How much will "my own" benefits amount to at age 65?

How may a wage earner get a correction on his wage statement?

Answers to these and many other similar questions are contained in Social Security Board pamphlet No. 35 which may be obtained by calling at or writing to the Social Security Board Field Office, Amarillo. Also, the personnel in the Amarillo office are always glad to answer any questions of persons calling at that office.

The late Commodore Vanderbilt earned well over \$100,000,000 after he was seventy years of age, by increasing the extent of his railroads from 120 to 10,000 miles.

**Mt. View News**

By Mrs. L. W. Williams

(Written for Last Week)

The people of the Mt. View community met Sunday for their annual Easter picnic. Everyone enjoyed the basket lunch which was followed by an egg hunt for the children and visiting and games for the grown ups.

Mr. and Mrs. Marvin Roberts of Cotton, Okla., visited relatives and friends here over the weekend and attended the Easter picnic.

Coy Thomas of Borger visited his mother, Mrs. Will Thomas, and other relatives and friends Sunday.

Mr. and Mrs. Charlie Seitz attended to business at Groom Thursday.

Mr. and Mrs. LeRoy Williams and children of Sunray visited their parents and friends Sunday.

Mr. and Mrs. L. W. Williams spent the day with Mr. and Mrs. Charlie Seitz Monday.

Mr. and Mrs. Boots Martin and son, Bobbie, visited with Mr. and Mrs. Alvis Burke last week.

Elwyn Dysart, county agent of Hartley county, visited his parents, Mr. and Mrs. C. A. Dysart, Sunday.

L. W. Williams was in Pampa on business last week.

Mr. and Mrs. Doug Baird and children visited in the Jess Mixon home Sunday.

Mr. and Mrs. Johnnie Murrell of Pampa visited relatives over the weekend.

Neil Herd of the U. S. Navy is home visiting his parents, Mr. and Mrs. E. V. Herd, and other relatives and friends.

Wednesday with Mrs. J. H. Romines.

Those visiting Easter Sunday in the J. H. Romines home were her father, W. J. Messer of Childress, her sister and children, Mrs. Rufe Same, Margaret, Cathy and Dick Hill all of Borger.

Mr. and Mrs. Clebe Turner spent the night Monday in the Doug Baird home.

**FARM FACTS**  
WORTH KNOWING

**Q. How much rabbit meat can one doe produce annually?**  
A. In a well managed rabbitry, a doe should raise approximately twenty-five young rabbits that should weigh four pounds in ten weeks, making a total of 100 pounds of rabbit meat per year for one doe.

**Q. Is it better to use day-old cockerels or straight-run chicks for broilers?**  
A. Either may be used, but commercial broiler raisers purchase straight-run chicks, feeling that mixed sexes do well in confinement.

**Q. What concentration of DDT is effective in controlling potato pests?**  
A. A three per cent DDT dust will control the potato leaf hopper, the potato fleabeetle, and the potato aphid. DDT in this concentration has no damaging effects on the potato plant.

**Q. Why should dairy cows receive a special grain ration during the dry period?**  
A. High producing cows are unable to consume enough food nutrients to nourish the unborn calf, produce a heavy flow of milk, and keep up their bodies. Therefore, they need a special grain ration, high in minerals and vitamins, during the dry period. Data from the Research Farm of the Ralston Purina Company indicate that each pound of condition put on dry Holstein cows means 25 pounds extra milk next lactation period.

**Q. How can the weight of dairy animals be determined when scales are not available?**  
A. A specially developed tape, marked off in pounds, will give a close estimate of the body weight. The tape should be placed around the animal's body directly back of the front legs.

**This is "BE-KIND-TO-COMBINES" WEEK!**

YES SIR! Here at McCormick-Deering headquarters we've decided it's high time somebody started doing something for the combines in this community. They did a big job this year and we want to make sure they will be in shape for the next harvest. So we're ready to give yours whatever it needs—anything from a simple adjustment to the works!

The same thing goes for your tractor and every implement and tool on the place. We are specialists in farm equipment repairs. That's our business. When you bring a machine in here it's treated right. We don't wonder how to fix it—we know, and on this knowledge we stake our good reputation as a McCormick-Deering dealer.

Make this a "be-kind-to-equipment" week on your farm. Check your machines. List the parts you need. Order them now. Tell us what repairs should be made and let us schedule your work so that it will be ready on time. We guarantee good service, genuine IHC parts and the best deal you can make on new equipment.

**Local Seaman Partakes In "Crossroads Project"**

Robert Lee Elliott, 18, seaman, second class, Wheeler, is stationed aboard the USS Mustin, a destroyer-escort which will take part in the "Crossroads Project." The Mustin will be fitted with special equipment to measure the extent of damage a destroyer of her type can withstand. She will be part of the Task Force riding at anchor in Bikini Atoll when the atomic bomb tests are made.

The mission of the Joint Army-Navy Task Force One is primarily to determine the effect of the atomic bomb upon naval vessels and military equipment in order to gain information of value to the national defense.

**Mrs. Pennington Is Study Club Hostess**

The Wednesday Study Club assembled at Mrs. W. E. Pennington's April 24 for the following program led by Mrs. H. M. Wiley. Mrs. J. M. Porter gave "Aims and Accomplishments of Federation" and Mrs. Lee Guthrie told the "Story of Clara Driscoll."

Tasty refreshments were served to three guests, Mesdames Bob Rodgers, Paul Green, and Lee Little. Members present were: Mmes. D. A. Hunt, Glen Porter, Frank Wofford, Jimmie Mitchner, H. H. Hunt, H. E. Nicholson, George Porter, Carl Lafin, T. S. Puckett, and Joe Barr.

**Mary Lois Bledsoe In TSCW Sorority**

Mary Lois Bledsoe, daughter of Mr. and Mrs. L. C. Bledsoe of Kellon, was initiated April 15 into Phi Upsilon Omicron, National Honorary Home Economics Sorority, at Texas State College for Women. Miss Bledsoe, a sophomore, is majoring in home economics education.

The honorary sorority has as its purpose the promotion and advancement of the ideals of home economics. It seeks to obtain its good through high academic standards, leadership, and the personal development of its individual members.

raise the health level of all Americans.

6. Intensifying support of existing youth-guidance agencies toward elimination of juvenile delinquency.

7. Development of an educational program designed to build support for the American system of competitive enterprise.

8. Training and employment of a permanent staff in the several Legion departments to assist and encourage all worthy Americanism projects.

9. Maintenance of a comprehensive public relations program—by means of newspapers and magazines, radio, motion pictures, and a speakers' bureau—to expound and explain the meaning of Americanism and the processes by which it must be kept the living creed of the nation.

10. Research into all methods designed to further international understanding as a way to world peace; and support of those found to be in conformity with the spirit of the San Francisco Charter of the United Nations Organization.

Those enjoying Sunday dinner in the home of Mr. and Mrs. James Alexander of Mobeetie were: Mr. and Mrs. C. C. Hallman of Wheeler, Mr. and Mrs. Horbun Murry of Briscoe and Mr. and Mrs. Lonnie Powell of Mobeetie.

Mental maturity is not reached until forty, and even continues to increase slowly until sixty.

**Our Arctic G. I.**

As one of the soldiers in Operation Muskox, a joint enterprise of the U. S. and Canadian armies to test Arctic conditions, the G. I. shown above as pictured in the April issue of Science Illustrated magazine wears seven layers of apparel: "fishnet" undersear, regulation underwear, heavy flannel shirt, high-neck sweater, water-repellent battle dress, parka pile liner, parka trimmed with wolf, and two scarves as insulators.

**Lost, 57,500 New Case Farm Machines**

In its first 95 days, the strike at plants of the J. I. Case Co. prevented manufacture of approximately 57,500 new farm machines—tractors, combines, balers, plows, planters, disk harrows, etc.

It also stopped production of replacement parts.

The strike was called because the company rejected the union's demand for a 30 percent wage increase, the closed-all-union shop, the check-off, payment of union representatives for time spent on union business, and preference in overtime work for union officials.

Case is not in favor of low wages. Up to the start of the strike there had been no cutback in war-time hours or earnings of Case employees. No such cutback was in prospect.

The Case company feels an obligation to prevent as far as possible, any inflation of costs and prices on the equipment it builds for farmers. It is only common sense that large increases in the cost of manufacture must result in higher prices for farm machinery.

Recently the strikers at two of the company's smaller plants have gone back to work, making certain machines available in the near future.

If you can possibly do so, we suggest that you wait until you can have the Case machine or implement of your choice. Meanwhile we will do everything within our power to keep your present equipment going.—Nash Appliance & Supply. Paid Advt.

Dan Farmer of Canyon spent the weekend in Wheeler with his parents, Mr. and Mrs. O. L. Farmer.

Nature provides a compensation for the early decline of our physi-

**New Glues Boon To Housewives**

Glue that will hold together, virtually anything but a shattered romance will be available to housewives, partly because the demands of the United States Navy for wooden vessels during the war forced the development of special adhesives.

During the war the Navy's demand for wooden vessels was unprecedented. To fasten their heavy timbers a superglue was needed. Not only did it have to be strong and absolutely waterproof, it had to be set without high temperature.

"An order like that is a researcher's nightmare, but the job was done by one of the most remarkable glues of all time, a cold-setting resorcinol resin which you can buy under various trade names, among them, Cascophen," according to an article in the April issue of Science Illustrated, new science magazine. "Many sea-going keels and frames were 'welded' with the glue brush."

Because of wartime demands, literally thousands of new adhesives have been developed in laboratories during the last few years, each tailor-made for a specific purpose.

Our senses work at their highest efficiency during the second decade of life.
