

## SHAMROCK MAN ARRESTED IN BURGLARIES

Gene Thurston of Shamrock is being held in the county jail at Wheeler for questioning in connection with the burglary of two Shamrock business houses Sunday night.

Thurston was arrested by Deputy Sheriff C. G. Cantrell, Sr., Monday after the Shamrock Steam Laundry & Dry Cleaners were broken into the night before.

C. G. Bumpass, owner and manager of the Shamrock Steam Laundry, stated that \$128.38 was taken from his fur storage vault, \$137.00 in checks, and furs of other clothing valued at \$42,000 were left.

Bumpass stated that the robbery occurred between 11 p. m. Sunday, when he went to his office to check on his business, and Monday morning when the store opened. The culprits entered through the skylight and used a sledge hammer, a railroad bar and a baseball bat to break into the fur storage vault. Damage to the vault door was estimated at between \$200.00 and \$300.00.

The thieves were not so successful at the Scott Service Station. S. Q. Scott, owner of the station and storage house, drove to his place of business at 6 o'clock to store his car for the night, and heard the burglars escaping on the roof. The culprits entered the building through a hole over the wash rack, which had been temporarily mended after having been broken into the previous Sunday night. On that occasion the thieves had broken the drink vending machine and stolen between \$10 and \$20. Nothing was missed following the latter break-in.

Officers working on the case believe that two, and maybe three, persons took part in both burglaries Sunday night. They are waiting reports of laboratory tests of evidence which they sent to Austin for analysis.

## COMMITTEES OF OF C NAMED

Appointment of standing committees for the Wheeler Chamber of Commerce by G. W. Hefley, president, occupied most of the time at the semi-monthly luncheon held in the basement of the First Methodist church Tuesday noon.

President Hefley announced that beginning with the next meeting each member would be required to bring up one program. L. R. Barry will be in charge of the program under the plan and members will follow in alphabetical order.

A list of committeemen named by Hefley follows:

Program: Allen Kavanaugh, Hubert Martin and Harry Wofford.

Reception: Rev. Hugh Hunt, T. Gunter and A. L. Hibler.

Public affairs: Dr. H. E. Nicholson, H. M. Wiley and Frank Wofford.

Attendance: L. A. Parks, Harry Wofford and Homer Moss.

Finance: R. J. Holt, Jr., A. B. Crump and L. R. Barry.

Projects (highways, airport, etc.): R. H. Forrester, R. J. Holt and Dr. C. C. Merritt.

Publicity: J. C. Howell, R. W. Payne and T. L. Gunter.

Inter club: Jess Swink, Vernon Brown and D. A. Hunt.

Rural relations: Cecil Johnson, H. Forrester and R. W. Sayre.

Membership: Hubert Martin, Max Wiley and C. J. Meek.

Dr. V. N. Hall was appointed "ball twister" with authority to the limit in providing fun at the meetings.

## No Auto Tax Stamp Required This Year

Tax-paying citizens have a slight relief in sight—they will not have to buy Federal auto stamps for their vehicles this year.

Instigated as an extra money-raising tax several years ago, auto operators have been required to secure the \$5 stickers at the post office by July 1, each year or face the consequences. But the act has been killed this year, and motorists have an extra \$5 to spend.

## Younger Ball Club Issues Challenge For Game Friday

Formation of a new baseball team among Wheeler's younger men to provide entertainment by matching games with the town's T-O league club as well as playing out of town outfits, has been announced by R. J. Holt. The new club has challenged Wheeler's T-O team for a game at 5:30 o'clock Friday afternoon, July 19, and promises two "dark horse" pitchers.

Included in the new club will be: Red Richerson, Gene Hall, Bob Holt, Jr., Joe Weatherly, Glen Robison, Clifford Farmer, Clyde Guynes, Chester Bowles, F. B. Craig, Leo Lamb, Carrol Pendleton and others.

Games with out-of-town teams will be welcomed.

## LEE LITTLES PLAN TO MOVE

Lee Little of Wheeler has accepted a position as secretary-manager of the Perryton chamber of commerce. He is now attending the Southwestern Institute for chamber of commerce managers at Dallas and will go to Perryton on July 22 to assume his duties.

Little plans moving his family to Perryton as soon as living quarters are available.

Little who served as Farm Security Administrator in Wheeler county during most of his residence here, was relieved of duties in that office when Frank Wofford, former administrator, was discharged from the armed service. Since then Little has served as a deputy in the office of T. L. Gunter, tax assessor-collector.

While he has never been engaged in professional civic work, Little has had considerable experience in that field. He put in five and one-half years as secretary of the Kiwanis club at Cheyenne, Okla., where the club functioned as a chamber of commerce. Little was president of the Wheeler chamber of commerce for a year.

Little was engaged in the teaching profession in Oklahoma for 15 years before coming to Wheeler. He was superintendent of Cheyenne schools for five years and Roger Hills county superintendent of schools for five years.

## COUNTY CLOSES FOOD CAMPAIGN

B. F. Risinger, chairman of the Emergency Food Collection Drive in Wheeler County, stated this week that the final report has been made to the national committee and that the drive is officially closed.

Risinger stated that a check for \$425.45 was sent to national headquarters and that 1,100 cans of food were shipped from here to help feed the starving people of war-devastated countries abroad.

Although the total contribution was far below the goal which was set locally, the money and food will play an important part in helping feed the hungry people whose livelihood has been made difficult because of war.

Risinger, in giving the final report of the drive, expressed his thanks and appreciation to the persons who worked during the campaign and those who contributed to the much-needed fund.

No more contributions will be accepted, he said.

## R. J. Holt's Barn And Contents Destroyed

A 15-months-old quarter horse, about \$2,000 worth of feed, a feed mill and other items were destroyed when R. J. Holt's barn at Silver Lake was destroyed by early Wednesday morning. The Wheeler fire department answered a call there but the fire was already beyond control. Cause of the blaze is undetermined. There was no insurance.

Harold Edgar Lester, 22, has been discharged from the Navy Reserve after serving two and one half years. Three months of this time was spent overseas. For the past eighteen months Harold was ship's cook.

He came home July 7 and is visiting friends and relatives at Wheeler, Mobeetie and Allison.

DR. HOMER P. RAINEY

## HOMER RAINEY OPTIMISTIC OF HIS PROGRESS

Dr. Homer Price Rainey made a handshaking tour of Wheeler Wednesday afternoon and told local friends and supporters he felt much better about his campaign for Governor after visiting the Panhandle.

"I believe the people are beginning to realize that all the lies and slander being used by my opponents in this campaign result from their recognizing me as the people's candidate in this fight against monopolistic control of our Texas State government."

"I have never in this campaign tried to gain votes by attacking a man's morality, and regret that my opponents have attacked mine. I feel confident that my reputation and leadership among the people will be endorsed overwhelmingly on July 27."

Dr. Rainey, former president of the University of Texas and two Christian universities, has never run for public office before. He is an educator by profession, and entered politics only because politicians interfered with his administration as an educator. He is aiming his fight at "Texas Regulars" in general, and monopolies in particular.

If elected, Dr. Rainey will advocate a severance tax on natural resources that are taken out of Texas each year without benefit to Texas people. He charges that most of the big profits are being taken out of Texas without much taxation, whereas Texans living here carry a heavy load. He wants to abolish the ad valorem taxes on land.

"Texas is the richest state in the Union, potentially, but our people aren't getting their just due," Rainey said.

He was accompanied to Wheeler by Wiek Fowler, The Dallas News; Roy Grimes, The Houston Post; Jim Lindsey, San Angelo Standard-Times; Weldon Brewer, former editor of The Daily Texan; Bob Kyle, Sherman; and Eddie Zeigler, Austin. Upon his arrival here, Dr. Rainey was met by A. B. Crump, Democratic county chairman.

## Prevention of Farm Fires Sought Here

The cooperation of Wheeler county farm families in observing Farm Safety Week is asked by Mrs. E. M. Hastings, Wheeler county home demonstration agent.

Prevention of farm fires is a major objective of the program. She lists leading causes of farm fires as: open fires under wash kettles, faulty flues and chimneys, misuse of electricity, spontaneous combustion, lightning, matches and smoking, gasoline and kerosene and combustible roofs.

Farm families are urged to check these sources of fires and to eliminate hazards.

## School Teachers Are Needed This County

Persons who have had experience teaching school or who have the qualifications for teaching, are asked to see County Superintendent Allen Kavanaugh who reports there is a shortage of both grade and high school instructors.

Mr. and Mrs. Sam Martin spent the week-end in Amarillo.

Mr. and Mrs. H. B. Hill of Shamrock were Wheeler callers Thursday morning.

## KELTON TAKES HALF SEASON LEAGUE HONORS

Team	Won	Lost	Pct.
Kelton	4	1	.800
Wheeler	3	2	.600
Sweetwater	3	2	.600
Mobeetie	3	2	.600
Briscoe	2	3	.400
Miami	0	5	.000

Kelton defeated Miami 22 to 11 in a game on Thursday of last week to sew up the championship of the first half of the Texas-Oklahoma baseball league.

The champions have four wins and one loss for a final standing of 800. Wheeler, Sweetwater and Mobeetie tied for second place with three wins and two losses each.

Briscoe won two and lost three while the hapless Miami club was unable to win a single game of the five played.

The deciding game between Kelton and Miami last week took the place of a game that had been postponed because of bad weather a few weeks before.

What will happen for the second half of the scheduled season remains to be seen, with reports coming in that Mobeetie may withdraw because of mis-understanding over eligibility of one of her players.

Last Sunday Wheeler defeated Kelton 26 to 9 in a game marked by the county seat team going wild at the bat.

Mobeetie won from Miami 7 to 3 while Briscoe defeated Sweetwater 16 to 7.

Games scheduled for Sunday, July 21 are: Wheeler at Miami, Kelton at Mobeetie, with Sweetwater and Briscoe-Allison having open dates.

## AGED RESIDENT DIES IN OKLA.

James Otis Kelly, pioneer resident of Sweetwater, Okla., and well known in Wheeler county, died at Hobart, Okla., on July 8 at the age of 95 years, 10 months and 8 days.

The father of Mrs. Ophelia Johnson of Mobeetie, and Mrs. Nealie Miller of Sweetwater, Mr. Kelly spent most of his life in this section. He and his wife moved to the Panhandle in 1891 and to Sweetwater in 1893. His last years were spent at Hobart.

Mr. Kelly was married to Margaret Egger at Johnson Station on November 9, 1873. There were 11 children, six of whom and their mother preceded Mr. Kelly's death.

The five surviving children are: Mrs. Ophelia Johnson of Mobeetie, Mrs. Nealie Miller of Sweetwater, Jim Tom Kelly of Nara Vista, N. M., George Kelly of Tucumcari, and Mrs. Minnie Kelly Ing of Duncan, Okla. All children were present for the funeral.

Mr. Kelly united with the Baptist church in his early youth.

He leaves a host of friends to mourn his death.

## Candidates Speak At Allison Friday

There will be a candidates speaking at Allison Friday night, July 19, according to W. B. Wofford, manager of the candidates club. The program is being sponsored by the Allison Home Demonstration club.

The public is invited and the speaking promises to be a good one as candidates are now entering the final lap of their campaign.

## County 4-H Girls Asked To Can 100 Quarts Food

By Mrs. E. M. HASTINGS  
Home Demonstration Agent

All 4-H club girls are encouraged to keep working even though not all are able to hold regular meetings. It is expected that an assistant home demonstration agent will be employed by the time school opens, so that regular meetings of all clubs may be resumed.

In the meantime, 4-H club girls are invited to join the 100-quart club. All that is required is to can 100 quarts of goods and send your name to the county home demonstration agent. Complete list of all 4-H club girls who can 100 quarts this summer is wanted for publication, so work hard and don't forget to send your name in when you reach the goal.

Should you need bulletins on home canning write your agent. Demonstrations on canning have

JOSEPH HERSCHEL COHEN

## JEW TO SPEAK ON WAR CRIMES HE WITNESSED

Joseph H. Cohen, representative of the Hebrew Evangelization society of Los Angeles, author, minister and teacher, will speak at the Wheeler Baptist church Sunday morning and at the Mobeetie Baptist church Sunday night.

"Russia and Christianity" will be Cohen's topic at the 11 o'clock service in Wheeler while his subject at Mobeetie for Sunday night will be, "The Jew, the Present War, and the Future World."

Dr. Cohen, who is a native of Charleston, S. C., declares he has spoken before nine million persons; he has brought 27,000 persons to accept Christ in his ministry; and he has spoken in 2,700 churches.

He was in Germany at the time victory came, and had been in Paris when France fell in 1940 to the Germans.

The last 15 years he has made five trips through Palestine and Europe.

Dr. Cohen says he believes the problem of Palestine and the Jews is one of politics, that he thinks the Jews and the Arabs could settle their differences if the British and Russians would cease their propaganda activities which, he thinks, both countries are carrying on in the interest of dominion. Russia, as everyone knows, he said, is seeking to extend her influence into the Mediterranean area; while the British are seeking to hold her so-called life-line to the Near and Far East.

Five people, he said, are aware of the fact that in 1918 there were about 80,000 Jews in Palestine, while today there are a million. The country is developing its agriculture. For instance in 1904 there were no fruit trees in Palestine; now there are 31 million.

"The best Arabs and the best Jews can get together now," he explained. "I think the whole problem of Jewish-Arabic relations will settle itself in time if politics is left out."

## With Election 10 Days Away, Candidates Start Last Spurt For Votes

With the July primary election only 10 days away, County, District and State candidates for office are experiencing busy days and, in many cases, sleepless nights, as they make final desperate pleas to the voters, showing why they should be favored at the polls.

Absentee voting began July 7, and persons who expect to be out of the county on election day, July 27, may express their opinions the absentee route by applying for ballots at the office of County Clerk Harry Wofford in Wheeler. Absentee voting ends July 23.

## PUBLIC INVITED ELECTION PARTY NIGHT JULY 27

As has been the custom for many years, an election party will be held on the Courthouse lawn on Saturday night, July 27, and A. B. Crump, county Democratic chairman, requests every election judge to report to him immediately after the unofficial count has been tabulated in his precinct.

Absentee voting which began July 8 will end Wednesday, July 24, Chairman Crump said. Persons wishing to vote the absentee route are advised to get a ballot from County Clerk Harry Wofford.

Voting at McBee box, precinct No. 6, of which Gordon Stiles is the presiding judge, will be held in the Leonard Rathjen home, Mr. Crump stated. The voting place for Locust Grove, precinct No. 15, of which Newman Riley is judge, will be the Newman Riley home.

All other voting places will be the same as they have been in the past.

A list of precinct election judges was announced by Chairman Crump as follows: Mobeetie, A. G. Adair; Briscoe, T. A. Treadwell; Wheeler, Lee Guthrie; Allison, U. S. Farmer; Stanley, C. R. Weatherly; McBee, Gordon Stiles; Porter, J. A. Welch; Gracey, W. E. Elliott; Heald, W. J. Chilton, Jr.; Lela, W. M. McMurtry; Center, J. W. Henderson; Shamrock (12), H. P. Mundy; Benonine, J. E. Mitchell; Ramsdell, A. L. Morgan; Locust, Newman Riley; Kelton, Claude D. Davis; Twitty, M. A. Pillers; Magic, Hubert Bentley; Bethel, Clint Collingsworth; Pakan, Paul Macina, and Shamrock (21), Bill Walker.

## School Transfers Are Due This Month

All parents who contemplate transferring students from one district to another in Wheeler County must fill out application forms and have them in County Superintendent Allen Kavanaugh's office not later than August 1.

The applications will then be passed on by the individual school districts and the county school board.

It is imperative that transfers be made before August 1.

## Former Resident Of Wheeler Dies In N. M.

Many Wheeler friends were grieved to learn of the death of Mrs. Eugenia Witt Chandler in a Clovis, N. M., hospital on July 9.

A resident of Portales, N. M., she became ill suddenly. Mrs. Chandler was 55 years old. She attended Wheeler schools and W. T. S. C. at Canyon. She is the daughter of Mrs. J. F. Witt of Wheeler.

## Assembly of God At Briscoe In Revival

Services are being held each evening at 8:30 during the revival at the Assembly of God church of Briscoe, and Rev. M. C. Cox, pastor, invites the public to attend. The revival opened Sunday with Rev. Floyd Garver, evangelist and soloist of Arkansas, in charge. There is old-time Gospel preaching and singing each night.

W. E. Pennington II of Pampa spent Sunday with his parents, Mr. and Mrs. C. F. Pennington.

Mr. and Mrs. Wesley Buice have gone to Lubbock where he is entering Texas Tech.

The ballots this year are longer than in 1944 by several names. The governor's race has the longest list of aspirants, with 14 names, and for lieutenant governor and U. S. Senator are five candidates each to tie for second place in the number of candidates.

Four men are seeking the office of state commissioner of agriculture, and four are seeking the office of judge of the court of criminal appeals.

Three candidates are seeking the office of railroad commissioner. One county office, that of sheriff, has three candidates, while the offices of commissioner of Precincts No. 2 and 3 are also sought by three candidates.

Other offices sought by more than one candidate are those of district judge, district clerk, county tax assessor and collector, treasurer, constable of Precincts 3 and 4, and justice of peace of Precincts 3 and 4.

Already virtually assured of election since they have no opposition, are the following:

Eugene Worley, U. S. congressman; Bascom Giles, commissioner of the general land office; L. A. Woods, superintendent of public instruction; J. E. Hiekman, associate justice of supreme court, place No. 3; Wm. Q. Boyce, associate justice of the court on civil appeal; Tom Braly, district attorney; R. L. Templeton, state representative; G. W. Hefley, county judge; Harry Wofford, county clerk; Allan Kavanaugh, county superintendent of public instruction; H. S. Sims, commissioner of precinct No. 4; Lloyd Anglin, commissioner Precinct No. 1; Homer Moss, county attorney.

A qualified voter is defined as follows:

Any person who has attained the age of 21 years, is a citizen of the U. S., has resided in the state for at least one year preceding the election, has resided the last six months within the district or county where he desires to vote, and who has paid the state poll tax, is allowed to vote.

Persons more than 60 years of age, or who are blind or deaf or dumb or permanently disabled, or have lost a hand or foot, or is a disabled veteran of a foreign war (where such disability is 40 per cent or more), may vote without payment of a poll tax.

Also exempt from payment of poll taxes are veterans who were discharged not more than 18 months prior to the date of the election. No exemption certificate is required for such veterans, and it is not necessary that they show their discharge papers if voting in towns of less than 10,000 population.

Important dates remaining before the date of the primary are as follows:

July 18—Last day for filing second statement of campaign expense.

July 21—At least five days prior to the primary, the tax collector shall deliver to the county chairman certified and supplemental lists of qualified voters of each precinct.

July 22—If a voter moves his residence to a new voting precinct, he must apply to the tax collector, not less than four days before election, to qualify to vote.

July 23—Last day for absentee voting in the first primary.

July 25—County clerks must mail to presiding judges of proper precincts absentee ballots on second day prior to primary. According to custom, county executive committee will meet on this day at the county seat for election supplies and to receive election instructions from the county chairman.

July 26—County executive committee charged with responsibility for distribution of election supplies, not later than 24 hours prior to the opening of the polls. This is usually done the day before.

**'SALES GUNS AIMED AT FARMERS'**

The farmers of America had better put padlocks on their pocketbooks.

At least they should be warned that the nation's biggest manufacturers have suddenly "discovered" them, and have put them down as the nation's juiciest market for the sale of postwar products.

The reason for this new interest in the "farm market" is evident in the figures on farm income and savings. The reports show that the farmer is earning almost three times the income which he earned in 1940 and that he has accumulated savings averaging \$4,500 per family.

The farmers of the nation, as a group, are said to have earned 28 billion dollars in 1945, as compared with 11 billion in 1940.

With figures like that being bandied about, there is little wonder that the farmer has suddenly been elevated to the position of "Market No. 1" in the eyes of alert sales managers.—From Spearman Reporter.

**School Girls Given Demonstration Tuesday**

(Written for Last Week)  
 The Briscoe high school and grade school girls met July 2, in the Home Making department. After the business part of the meeting was over, a very interesting demonstration was given on canning fruits by the hot water bath method. It may take a little longer but in the end it is better because you have a better looking and tasting product. The fruit holds its shape and color and less vitamins are lost.

Those present were Mertice Mae Cox, LaDell Atherton, Sybil Wells, Wilma Lou Pruitt, Iris Clepper, Jane Ann Zybach, Nita Clepper, Patsy Waters, Roberta Zybach, Rozena Helton, sponsors, Mrs. Lee Barry and Mrs. Ernest Zybach.

**Mrs. Price Hostess Briscoe H. D. Club**

(Written for Last Week)  
 "Ways of Serving Fruits" was the subject of discussion at the Briscoe Home Demonstration club which met in the home of Mrs. Gladys Price, July 2. Mrs. Emma Hastings demonstrated Apple Dowdy.

Refreshments were served to the following: Mmes. Alvada Levitt, Josie Lee, Ernest Zybach, Sy Mason, Elbert Zybach, Clarence Zybach, Miss Tamsey Riley, Mrs. Emma Hastings and the hostess.

The next meeting will be in the home of Mrs. Alvada Levitt, July 16. Everyone is welcome.

**Cornelia Fullingim Weds Minnesota Man**

Miss Cornelie Fullingim, daughter of Mr. and Mrs. I. G. Fullingim of Briscoe, became the bride of Robert W. Lehman, son of Mr. and Mrs. Lehman of Chisolom, Minnesota, Sunday, June 23, at 10 o'clock p. m.

The wedding vows were solemnized at the home of the bride before an improvised altar banked with fresh flowers and greenery. Rev. O. C. Evans officiated at the table ring ceremony. Misses Lola Cook and Vonnelle George who wore identical street-length dresses of white with pink corsages, acted as bridesmaids. "Always" and "I Love You" preceded the ceremony.

The bride was attired in a gown of white chiffon and her corsage consisted of pink roses. Her fingertip ring fell from a coronet of white flowers.

Miss Jack Riley as matron of honor wore a white crepe dress and her corsage of pink. Mr. Horace Fullingim, brother of the bride, acted as best man.

Mrs. Lehman graduated from

the Canadian high school and was attending West Texas State College at Canyon.

Mr. Lehman is a graduate of Chisolom, Minnesota schools and was recently discharged from the Air Corps.

The couple left immediately following the ceremony and reception for a short wedding trip. They plan to attend school in Chisolom this fall.

**Curtain Material Is Good Neighbor Topic**

The Good Neighbors Club met with Mrs. Charlie Candler July 11 when several interesting views were given on attractive ways of making curtains from sacks, cheese cloth, and different materials.

The next meeting will be at Mrs. McClesky's on July 23 instead of 25 so the demonstrator can be present. Every one is invited.

Refreshments were served to Mesdames Newman, Mary Finsterwald, Ethel Lee Dyson, McClesky, Oldman, Katie Finsterwald, Barnett, Sivage, Baird and the hostesses.

**Large Group Present Briscoe Youth Rally**

The Briscoe Baptist Youth Rally met July 9 when there was a large group of young people present. The pastor of the Baptist church from Twitty made a talk.

Games and refreshments were enjoyed by everyone. The next meeting will be Tuesday night, July 23. All the young people of the community are invited.

**TO THE VOTERS OF WHEELER COUNTY**

As you know I have been your COUNTY TREASURER for the past term and have enjoyed and appreciated the office very much. I feel that with the knowledge that I have gained in the past that I will be more able to serve you in the future. So in asking you for a second term I wish to extend an invitation to each and every one of you to come by the office to investigate the records and see for yourself the work that has been done.

I am closely connected with the Commissioners Court and handle the finances of the County. So that when you go to the polls to cast your vote in the July election my wish is for you to consider the word EXPERIENCE and what it means in a public office and my hope is for you to cast your ballot for me and return me to office for my second term.

**LILLIE McCLAIN**

**TO THE PEOPLE AND VOTERS OF PRECINCT 2**

I feel like most all of you know me and know what I have done for the precinct and county.

The precinct is clear of indebtedness and is in fair condition considering what funds and machinery I have had to operate with.

I thank you all for the splendid cooperation you have shown me in the past.

To those of you whom I may not be able to see will you please consider this a personal appeal for your vote and influence both of which will be greatly appreciated.

**"JOB DIVIDENDS" at General Electric**

**For the year 1945, \$35,000,000 in addition to wages was spent by General Electric in extra benefits for employees**

It isn't a new thing for General Electric to put more than money into pay envelopes for its employees.

"Job dividends"—these extras that G-E employees get in addition to wages—have a sound business reason. To be successful, a company must be efficient. A man with fewer worries can produce more efficiently, which makes further benefits possible.

Profit-sharing plans, relief and loan plans began over 10 years ago at General Electric. Life insurance for em-

ployees, cash for suggestions began over 20 years ago. Pension plans were started 33 years ago. And vacations with pay began 53 years ago.

Every employee has a stake in the future of General Electric. For out of its success—and only out of success—can come further advances in living standards. That is the aim of General Electric, not alone for its employees, but for the public, who gain by new and better products, continuously improved.

**GENERAL ELECTRIC**

**TO THE VOTERS OF WHEELER COUNTY**

I wish to take this means of expressing my regret at not being able to make a more extensive campaign in behalf of my candidacy for Treasurer of Wheeler County. I would like to have met every one of you and personally solicited your support, but it has not been possible for me to make a house-to-house canvass, so I am using this method.

I will greatly appreciate your vote and support.

Some of my friends have inquired as to whether I would be able, because of my physical handicap, to go back and forth from the court house if I were elected. I appreciate this concern and want to assure the public that I have attempted, with success, climbing the steps to the Treasurer's office and I know that I can do it.

I wish to take this opportunity to thank my friends for the support and encouragement I have received, and for the votes I will get on election day. To those of you who do not know me, I want to declare that if I am elected, I will serve faithfully and to the best of my ability.

Respectfully,

**DAIRY SUBSIDY PAYMENTS END**

All subsidy payments made by the government through the AAA office were discontinued June 30, and evidence of sale for cattle and sheep had to be on file in the county office by that date. V. B. Hardcastle, administrative officer of the Wheeler county ACA, announced, April, May and June Dairy Applications must be filed by August 30, as no payments can be issued after that date, he said.

Purchase and sale price of dairy products were kept down to pre-war basis by subsidy payments being made to the producer to help off set the high cost of feed, Hardcastle explained. If it had not been for these payments producers would have had to discontinue business or receive a much higher price for their product, he said.

It is now entirely up to the producer to look to the purchas-

er for payments that will justify the continuation of producing the product. Purchase prices have increased some, but are far below retail prices in comparison to the cost of production and the sale price during 1943 and 1944 and the first part of 1945. Cost of production has advanced at least one third in the last few weeks and payment to the producer has advanced approximately one fifth.

NATIONAL PRESS BUILDING WASHINGTON, D. C.

By Anne Goods

Clever mothers are making use of sturdy garments brought home by ex-service members of the family. The new all purpose dye eliminates the color barrier after which khaki trousers, or shorts cut from their new fiesta shades. Summer sunstans, thus brightened, also cut down into wonderful play togs for the under-six set.

Women have always wished, at intervals, that they had three or even four hands. Sometimes a mending job needs one hand for holding, another for pouring, a third for sifting and still another for beating or mixing. Utensils such as one-handed flour sifters and one-handed egg beaters are beginning to attack this age-old problem in a constructive way!

Through the hot months extra care is needed to make sure that every bit of fat intended for use as food is carefully guarded against rancidity. Irresistible season drippings, your good vitaminized margarine, your cooking oil or shortening if you've been able to get any—all must go into the refrigerator and be covered against infringing food odors.

One piece of magic neither Orso Welles nor anyone else has been able to work out is one that will create anything else as good on salads as real mayonnaise. However, there are many new and almost magical tricks for making lots from little when you can get any.

**Q. How long does it take 2-4r, the new selective hormone weed killer, to kill weeds?**

**A. Plants will die in two to four weeks after application, the first indication being a twisting of leaves and stems.**

**Q. Do hens laying at a high rate consume more feed than those laying at a lower rate?**

**A. Yes. 100 hens laying 70 eggs a day will take 29 to 32 lbs. of feed daily. 100 hens laying 40 eggs a day will take only 20 to 22 lbs.**

**Q. Should special attention be given to feeding and handling the herd boar?**

**A. Yes. Records at the Ralston Purina Company's Research Farm indicate that any improper feeding, mis-handling, or neglect of the most important single individual in the hog herd, the herd boar, will be reflected in smaller litters, lowered production, and less profit.**

**Q. Should tom turkeys be separated from females during the growing season?**

**A. It is probably not necessary until the last six weeks or two months of the growing period. Such a separation makes the birds more docile, they grow better, and there is less bruising or skin-tearing as the result of fighting.**

**Q. What was the change in the International Livestock Exposition recently announced?**

**A. Carlot feeder cattle will be dropped this year from the International's competition. Carlot feeder cattle will be featured at a special show to be held at the Chicago Stock Yards, October 28 and 29, under the sponsorship of the Union Stock Yard and Transit Company and the Angus, Hereford, and Shorthorn Breed Associations.**

**Veterans' News**

Q. Can a member of the women's armed services obtain medical aid from the Veterans Administration in pregnancy cases?

A. Veterans Administration has ruled that pregnancy is not a disease or a disability but a natural phenomenon or process and therefore it is not a responsibility of the government. However, if there are pathological complications, the ex-service-woman can receive medical aid.

Q. Can a merchant seaman who is disabled in World War II receive vocational rehabilitation?

A. Not from the Veterans Administration, for the reason that he is not a veteran. He may secure it from the Federal-State rehabilitation program under the Federal Security Administration.

Q. For what purposes may a veteran get a guaranteed loan?

A. To buy, build, alter or improve a home; buy a farm, livestock, equipment or supplies or to acquire working capital; construct a farmhouse or other buildings on a farm; repair, alter or improve a farmhouse or outbuildings; improve farm land or equipment; conduct farming operations; purchase stock in a cooperative association where the purchase of such stock is required by Federal Law in connection with obtaining a farm loan; buy a business; buy a building or land for business purposes; buy business supplies and inventory; buy machinery, tools and equipment for operating a business; construct, repair or improve a business building or personal property; obtain working capital for a business or profes-

**New! Onions Without Tears**

**NO MORE CRYING** over the kitchen sink when onions are called for in the recipe. New, dehydrated "teaspoon" onions are ready to use from a duraglas jar. Use them to flavor omelets, as shown above, chops, steaks, roasts, potatoes, soups and other dishes. One teaspoon of this product equals one medium sized fresh onion and does away with tears and scented hands.

Q. Can a veteran get a guaranteed loan to pay off a debt that is past due?

A. Yes, under certain conditions. Full information may be secured from the lender or from the local VA loan guarantee officer.

Q. What interest rate is charged?

A. The interest rate on a guaranteed loan cannot exceed 4 per-

cent. The interest rate on a non-real estate loan which is to be insured for the lender instead of guaranteed may be as much as 5.70 per cent.

Q. What loans can be insured by VA?

A. Any loan eligible for guaranty when made by a supervised lender.

Veterans planning to enter

school this fall should make their arrangements immediately, Veterans Administration authorities warned this week.

A record enrollment is anticipated, VA said. Prospective students were advised to contact schools they expect to attend and to obtain certificates of eligibility from the nearest VA office.

A new physical medicine program for paraplegics (spinal cord cases) and amputees has been started by the VA hospital at Dallas. Promising results already have been obtained.

Dr. John J. Sazama, director of the program, said new physiotherapy techniques and exercises developed by VA specialists are of special benefit in the rehabilitation of these handicapped veterans.

Veterans who left Army or VA hospitals without benefit of this new rehabilitation program can re-enter VA hospitals for the instruction, Dr. Sazama said.

VA personal counselors will soon serve veterans throughout the country. These experts are now taking a series of special university courses on counseling.

Very soon they will be available in VA regional offices to help veterans baffled by blind alleys in their education or on-the-job training.

Every ex-serviceman should make sure his wife, children and parents are familiar with the laws concerning pensions for survivors of veterans. The information may not seem especially important now, but some day it may mean the difference between security and poverty for the veteran's family.

Not all veterans' survivors are eligible for pensions. This article will discuss one of the two types of cases in which pensions are payable, and next week's article will outline the other type. Clip

both articles and give them to some member of your family for safekeeping, so that the information will be available to the family if they ever need it.

The Veterans Administration will pay a pension to the widow, child or children, or dependent parents of a veteran who dies as the result of a disability incurred in (or aggravated by) service in line of duty in World War II. The monthly payments in such cases are: widow, \$50; widow with one child, \$65; with \$13 for each additional child; no widow but one child, \$25; no widow but two children, \$38 (equally divided) with \$10 for each additional child (the total to be evenly divided); dependent mother or father, \$45; two dependent parents, \$25 each. As to the widow, child or children, the total pension payable cannot exceed \$100 a month.

Pension is payable to a widow until she remarries, and is payable to an unmarried child until it is 18 years old. Payment to a child may be continued beyond that age if he is pursuing a course of instruction approved by VA, but not after he is 21 years old.

Separation from the service under conditions other than dishonorable is a requirement of all laws governing payment of pensions to dependents of World War II veterans who die after leaving the service.

Whenever a widow, children or dependent parents become eligible to receive pensions, they should immediately visit the nearest Veterans Administration regional office or a VA contact office in a smaller community. Death pensions are paid only by the Veterans Administration, and not by the branch of the armed forces in which the veteran served.

It is almost impossible to find a person 40 years of age, man or woman, who has perfect sight. Smooth bark trees, such as birch, shed their bark annually.

Air-conditioned stores get the business—and wise business men have their stores GAS-CONDITIONED. Modern natural gas air-conditioning installations maintain constant temperatures regardless of the season, provide ideal working conditions—never too hot, never too cold. Smaller units will soon be available for the average home... at a price you can afford to pay! They're low in cost, economical to operate, and as dependable as the system that stands back of them. We who live in the Gulf South enjoy rich advantages over residents of other areas... advantages of comfort, convenience and economy... because we have dependable natural gas service. In 313 Gulf South communities, the facilities of the United Gas Pipe Line Company assure that dependability. They link your gas burners with 6,000 miles of main pipe lines, connect them with more than 1,000 producing gas wells in hundreds of fields. That's dependability—unequaled anywhere in the country.

### "God's Love" Topic At Program of W. M. S.

The W. M. S. met Monday afternoon at the First Baptist church at Wheeler when Mrs. Gordon Whitener led the opening prayer and presided over the business.

Mrs. Lee Guthrie made a talk on "God's Love," and Mrs. C. N. Wofford discussed women characters of the Bible. Mrs. Marl Jaco read a few verses from the Book of John, and the closing prayer was given by Mrs. Bob Rodgers.

Those present were: Mmes. Lee Guthrie, Gordon Whitener, Bob Rodgers, Bud Burgess, George Helley, Marl Jaco, C. N. Wofford, Johnnie Reid, Harold Hill, E. Reid, Harold Hill, E. Farmer and Arvilla Vanpool.

J. P. Keeton of Gageby stopped by the Times office the other day and said he believes he has the largest sun flowers to be grown in all the Panhandle. He said there was a candidate for office who was making some claims that his sun flowers were the largest but Mr. Keeton said after the election he would measure them and compare them with his own. Besides, Mr. Keeton said his flowers are still growing.

### Friendship Class Entertains At 42

## BETTER FARMING Electrically

WE'RE BUILDING AHEAD OF A FAST GROWING TERRITORY!

Ask any farmer who has electric service about its conveniences, its advantages and how it brings more production and more profits.

He'll say, "I wouldn't be without cheap electric power. I will never go back to the old fashioned method of farming."

Our vast expansion program is designed to bring more power to more farms at a lower cost than ever before. Of course, you are interested in electrifying your farm. Your nearest Public Service office or R.E.A. office can tell you how.

No. 28 of a series of advertisements designed to help build this fast growing territory in which we serve.
