THE COUNTY SEAT NEWSPAPER

Vocational Agriculture School For Veterans To Open In Wheeler In Jan.

George Gandy, coordinator of the Wheeler County Vocational Schools for Veterans, announced this week that there will be a vocational agriculture school started at Wheeler on January 12, 1948 for the veterans in and around Wheeler.

There are already three of these schools organized in the county. The first one being at Kelton and the second at Mobeetie and the third at Shamrock.

Many Wheeler County veterans are getting some much needed help on farming and vocational problems as result of the organization of these schools and at the same time are being paid the same substance fee as men going to college draw.

MUSTANGS PLAY MCLEAN HERE FRIDAY NIGHT

The Wheeler Mustangs won their opening engagement of the current season last Friday night when they downed the Kelton Lions by a 26 to 17 count. The Wheeler lassies dropped their opener to the Kelton girls by a count of 24 to 12.

The Mustangs had a contest scheduled with the Allison teams for Tuesday night but the Allison school officials were forced to call it off because of the weather, but the local teams played teams made up of former Wheeler high performers and won both contests.

Wednesday night the junior boys and girls journeyed to Kelton to play the Kelton teams and the lads won by a count of 30 to 23 while the girls lost by a score of 10 to 4.

Coach Grady Baker announced this week the local teams will participate in the Mobeetie tournament Friday and Saturday of this week and will meet the McLean High School girls and boys teams on the local court Friday night beginning at 7:30 o'clock.

Next Tuesday night at 7:30 o'clock the teams of Coach Baker and Coach James Clepper will vie with the corresponding teams from Darouette. Admission for all home games is 25c for adults and 15c for students.

Sleep Is A Necessity To Life And Health Says State Health Officer

Sleep is a necessity of life and health, according to Dr. Geo. W. Cox, State Health Officer, and habitual loss of sleep will tend to retard the body's recovery from the fatigue of the day's activities.

"We may be able to go without sleep for a night or two, but too little sleep for a prolonged length of time will undermine the health of a rugged person and sleep that is lost cannot be made up," Dr. Cox said. "When good health can be protected to such a large extent merely by sleeping, and thus allowing overtaxed bodies and minds to secure the proper rest, it is hard to understand why so many persons are heedless of this important health measure."

Some individuals require more sleep than others. How well we sleep is as important as how long we sleep. A "good night's rest" means a sufficient number of hours spent in sleep to enable the individual to feel well, do efficient work, and to keep in a cheerful humor the next day.

"A comfortable bed, and fresh air in our sleeping quarters," Dr. Cox said, "will help us to sleep soundly at night, especially after some outdoor exercise such as a brisk walk. Don't mull over your problems and ideas after you have gone to bed. Make your plans early in the evening for a good night's rest by slowing down from the physical and mental work of your daily life, and dismissing your problems from your mind. When you arise each morning, rested and with a feeling of general well-being, you will be amply repaid for your thought in planning a 'good night's sleep.'"

Visitors during the weekend in the home of Mr. and Mrs. Bill Smith of Wheeler were Mrs. Valerie Schlegel of Shamrock, S-I-C Richard Eubank, Phildelphia, Pa., who was enroute to Inyokern, Calif. and Mr. and Mrs. W. R. Sartor of Amarillo.

MOBEETIE TO HOLD TOURNNEY FRI. AND SAT.

Mobeetie High School will be holding the first basketball tournament of the current season in this section of the country when their annual tournament opens Friday morning with ten boys and eleven girls teams entered.

Competition will begin Friday morning and last all through the day Friday, Friday night, Saturday and Saturday night with the finals in both the championship and consolation brackets being played Saturday night.

Teams entered in this years tournament in the boys division include: Wheeler, Allison, Higgins, Mobeetie, Lefors, Kelton, Strong City, Lefors B. Booker and Mobeetie B. The eleven teams which will compete in the girls division include Mobeetie, Wheeler, Kelton, McLean, Briscoe, Canadian, Samnorwood, Strong City, Allison, Higgins and Booker.

First round pairings in the boys division include: Wheeler vs. Allison at 10:30 A. M. Friday, Higgins vs. Mobeetie at 12:30 P. M. Friday, Kelton vs. Strong City at 2:30 P. M. Friday, Lefors B vs. Booker, Lefors A team and Mobeetie B team draw byes in the first round.

Pairings in the girls bracket included: Mobeetie vs. Wheeler at 9:30 A. M. Friday, Kelton vs. McLean at 11:30 A. M. Friday, Briscoe vs. Canadian at 1:30 P. M. Friday, Strong City vs. Allison at 3:30 P. M. Friday and Higgins vs. Booker at 5:30 P. M. Friday. Samnorwood drew a bye in the first round.

FIRE HAZARDS GREATER NOW

The onset of winter increases fire hazards by more than a third, County Agent W. K. Frey warned this week.

"Winter means heated homes and barns and also an increase in fire hazards—a 34 per cent increase. Cracked chimneys, corroded flues, defective furnaces and improperly discarded hot ashes are the villains. Make sure that your heating plant is in good working condition."

"An annual farm fire loss of over \$90,000,000 is more than any country can afford—especially during the present food crisis," Mr. Frey declares.

"Fire prevention on the farm is only half the job for complete fire safety. A farmer must make provision to protect his farm if he wants to keep it. He must take the time to instruct his family and his farm hands in the use of fire-fighting equipment. A farmer must see to it that a sufficient number of approved fire extinguishers are on his property and that they are placed in strategic locations."

County Agent Frey reminded all farmers that the first five minutes of a fire are the most important. "You can do more to control a fire in the first five minutes than can be done in the next five hours. Fight that fire the minute you discover it."

Legion Members Enjoy Barbecue Wed. Night

The Wheeler Post of the American Legion entertained members of the Miami and Mobeetie Posts with a barbecue at the local hut Wednesday night. J. S. Sanders, 18th District Commander, was on hand for the occasion and made a short talk.

After the meal and a short talk by Commander Harold Nicholson, Sanders and Earl Brown of Childers, who accompanied Sanders here, a social evening was enjoyed by those present.

Mobeetie P.-T. A To Sponsor Sox Supper

The Mobeetie P.-T. A. will sponsor a sox supper Wednesday, December 17 at 8:00 o'clock in the Mobeetie high school gymnasium. The proceeds will be used for the school and the public is cordially invited to come out and enjoy an evening of fun.

Shelby Pettit will serve as auctioneer for the group.

Mr. and Mrs. Bill Black visited in the home of Ed Patton and family of Mobeetie Sunday.

Tragedy Strikes Brittian Home Near Kelton, 2 Boys Die In Gasoline Explosion

Billy Darrel Brittian, 5, and Danny Ray Brittian, 3, were burned to death this morning (Thursday) and their sister Betty, 16, was critically burned when the C. T. Brittian home near Kelton caught fire and burned as the result of an explosion which was caused by the cleaning of clothes with gasoline. Mrs. C. T. Brittian, mother of the above named youngsters, also received severe burns on her hands and arms, legs and head.

The tragedy occurred at the C. T. Brittian home which is located 2 miles south and 1/4 mile west of Kelton this morning between 10:00 and 11:00 o'clock.

The girl, Betty, 16, and her mother are in the Wheeler Hospital and it was reported Betty is in a critical condition with burns almost all over her body. Mrs. Brittian was not believed to have been so seriously burned but had severe burns on her hands, fore arms, forehead and legs.

It was reported, Mr. Brittian was at the home of a neighbor, White Whitley, hunting at the time the accident occurred and an older brother, Charles Allen, 13, was in school at Kelton.

The Brittian home was burned to the ground in spite of the fact that both the Wheeler and Shamrock fire departments went to the scene of the fire.

Exact cause of the explosion was not known but relatives reported that all cooking and heating stoves in the Brittian home were turned out at the time the cleaning was taking place but it was thought that perhaps the pilot light on the gas refrigerator or the pilot on the cooking stove set off the explosion.

The bodies of the two boys, Billy Darrel and Danny Ray, which were burned beyond recognition are at the Clay Funeral Home in Shamrock pending funeral arrangements.

Besides Mr. and Mrs. C. T. Brittian, Betty and Charles Allen, survivors include an older sister, Mrs. R. C. Anderson.

Those people mailing packages can greatly aid the post office department in its work, if the packages are wrapped correctly, properly addresses, etc., the post master pointed out.

Here are a few of the things that can be done in cooperating with the postal employees:

1. Pre-pay postage fully on all mail matter.
2. Address all matter plainly and completely in ink, giving street address or box or rural route number whenever possible. Tags should not be used unless necessary, in which case a copy of the address and return card should be placed inside the parcel for identification if tag is lost.
3. Pack articles carefully in strong, durable containers. Wrap parcels securely, but do not seal them except when bearing a printed endorsement reading: "Contents, merchandise — Postmaster: This parcel may be opened for postal inspection if necessary."
4. If perishable articles are contained, the package should be prominently endorsed with the word "perishables" by the postal employees."

5. Parcels may not exceed 100 inches in length and girth combined.
6. The limit of weight of fourth-class and parcel-post matter, as well as first-class and air mail is 70 pounds.
7. You may write on the outside "do not open until Christmas," and you may place names or symbols on the articles inside the package, but do not enclose letters in parcels, as doing so would subject the entire package to letter postage.
8. Christmas seals or stickers should not be placed on the address side of mail.
9. Parcels should be insured. Inquire at post office for rates.
10. Attention is called to the fact that Christmas and other greeting cards bearing particles of glass, metal, mica, tinsel, or other similar substances for decorative substances which are likely to rub off and injure postal employees and cancelling machine must be enclosed in envelopes tightly sealed to the corners with postage prepaid at the first-class rate in order that such cards may be accepted for mailing.

Next of kin of the war dead were urged today not to go to San Antonio upon receipt of the initial telegram advising them that the remains have returned to the United States.

"When the ship reaches the port of entry telegrams are sent to the next of kin advising them of the return of the remains," Lt. Col. S. H. Partridge, Chief of the American Graves Registration Division at Fort Sam Houston, said. "The purpose of the telegram is to give the families ample time for funeral arrangements, to contact other relatives, and to give us a check on whether the next of kin will be available to receive the remains."

The remains do not reach the distribution center until 10 days or so after the ship arrives in port. It requires two or three weeks, after arrival at the distribution center, before deliveries can begin. Next of kin have come to San Antonio from considerable distance upon receipt of the initial telegram. Such a trip only adds to the expense and worry as there is nothing we can do for them.

"Telegrams announcing the actual date of shipment are sent to the next of kin or funeral directors four days before the remains are shipped from the distribution center."

Methodists Will Begin Vesper Series Sunday

Rev. S. Y. Allgood, pastor of the Methodist Church announced this week that beginning with Sunday, December 14 the evening service will inaugurate a series of Vesper Services in the place of the regular evening service. The Vesper Services will begin at 5:00 P. M. each Sunday.

Rev. Allgood stated the choir will bring special music for the occasion and the subject of his discussion will be "Mastery Magnificent".

The subject for the morning service Sunday will be "A Rivalry To Be Encouraged."

Allgood extends a welcome to everyone to attend services at the Methodist Church.

Aggies Need Practice, Will Kill Hogs Free

James Clepper, vocational agriculture instructor in the Wheeler Schools, announced this week that his boys needed some experience in butchering; so, he is offering to butcher hogs for anyone who will bring them in to the vocational agriculture building.

Clepper stated the only charge for the work would be 50c to cover the cost of heating the water and other small incidentals which are necessary.

Anyone who wishes any butchering done should get in touch with Clepper at the school and set a date when the boys can get to it.

NEXT OF KIN ARE ADVISED

Next of kin of the war dead were urged today not to go to San Antonio upon receipt of the initial telegram advising them that the remains have returned to the United States.

"When the ship reaches the port of entry telegrams are sent to the next of kin advising them of the return of the remains," Lt. Col. S. H. Partridge, Chief of the American Graves Registration Division at Fort Sam Houston, said. "The purpose of the telegram is to give the families ample time for funeral arrangements, to contact other relatives, and to give us a check on whether the next of kin will be available to receive the remains."

The remains do not reach the distribution center until 10 days or so after the ship arrives in port. It requires two or three weeks, after arrival at the distribution center, before deliveries can begin. Next of kin have come to San Antonio from considerable distance upon receipt of the initial telegram. Such a trip only adds to the expense and worry as there is nothing we can do for them.

Methodists Will Begin Vesper Series Sunday

Rev. S. Y. Allgood, pastor of the Methodist Church announced this week that beginning with Sunday, December 14 the evening service will inaugurate a series of Vesper Services in the place of the regular evening service. The Vesper Services will begin at 5:00 P. M. each Sunday.

Rev. Allgood stated the choir will bring special music for the occasion and the subject of his discussion will be "Mastery Magnificent".

The subject for the morning service Sunday will be "A Rivalry To Be Encouraged."

Allgood extends a welcome to everyone to attend services at the Methodist Church.

THE PURSUIT OF KNOWLEDGE

What is the main motive that induces people to take courses in the higher education? How far do they continue these studies because of a love for knowledge, or a wish to give themselves the best preparation for some desired life work?

How many people are influenced to take such studies by such motives as the belief that highly

THE OLD HOME TOWN By STANLEY

educated persons earn more money, or the desire for the athletic or social activity that may be found in a college career?

The fact that many young people enter colleges because one or more of the last named motives, does not prove that they may not become thoroughly interested in the pursuit of knowledge. They see many fascinating human problems in the study of history and literature, science gives them insight into some of the mysteries of the universe, and foreign languages give a revealing picture of life in those lands. There are high rewards for all study. The pursuit of knowledge has a way of attracting the keen interest of those who enter into it.

POPULAR WISH FOR LEARNING

The enormous circulation of newspapers and magazines, the great demand for books, and the countless number of people who listen to the great number of radio broadcasts appealing to intelligent people, are a sign that there is a strong desire in the minds of the people to acquire knowledge.

A high respect is felt for people who are well informed, and who have the answer to many questions on their tongue's end. The people who talk or write in an

enlightening way about the problems of the time, are heard or read with keen interest. Those who acquire knowledge are rewarded by the great increase in their power and influence.

Dried Prunes, Raisins Added To School Menus

Dried prunes, peaches and raisins will be added to the menus of community lunchrooms and eligible institutions in Texas when the fruit is received in the latter part of December.

Seven carlots each of prunes and raisins and two and one-half carlots of peaches have been purchased by USDA's Production and Marketing Administration, according to the announcement received from the Dallas office. The peaches will be distributed only to school lunch rooms, because of the small quantity of the fruit, but the prunes and raisins will go to schools and institutions.

The Food Distribution Programs Branch of PMA figures that there will be a two months supply, providing one-fourth pound per child per month, and one-half pound per month for persons in institutions.

The state of New Mexico boasts over 10,000 miles of highways, and enjoys a large tourist travel.

THE WHEELER TIMES classifieds offer more for less money, to both buyer and seller, than any other business device we know about.

FARM FACTS
WORTH KNOWING

Q. Which animals should the goat raiser cull?

1. All buck kids except those from registered, high-producing ancestry.
2. Under-sized doe kids. Cull out the poorest ones and save their feed to do a better job on the rest.
3. Old, unprofitable does who have passed their prime.
4. Milking or dry does with one or both halves of the udder unsound.

Q. How much feed does it take to produce a 3 lb. broiler, and at what age should it reach this weight?

A. By feeding a good broiler ration such as Purina Broiler Chow and following a program which includes good breeding, sound management, and careful sanitation, a 3 lb. broiler can be produced on 10 lbs. of feed in 11 weeks. A program like this can result in a saving of 1/2 to 1 lb. of feed per pound of broiler meat, thus aiding in the national grain saving program.

Q. Should coal slack be fed to hogs?

A. We do not know of anything that proves that feeding coal slack to hogs is either beneficial or detrimental. It is better to have minerals supplied to hogs through a good protein concentrate added to your grains.

Q. Does fish meal in the laying mash cause eggs to have a fishy flavor?

A. No. At the Massachusetts Experiment Station years ago it was found that a fishy flavor was not caused by the use of even as much as 15 to 20% fish meal, which is many times the amount used in commercial laying mash today. Eggs can be tainted by feeding the birds fresh fish, but in most cases eggs with a fishy flavor are due to an ovarian disease. To overcome it, trap the birds, find out which are producing eggs with a fishy flavor and remove them from the flock.

Send your questions about livestock or poultry problems to FARM FACTS, 615 South English Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this column, as a service of this newspaper.

Here Are Ways To Rid Building of Termites

Whenever termites show up in a building, the owner feels like throwing up his hands at the very beginning of the fight. It seems to him that he has never-ending, hopeless battle on his hands.

There are two remedies for fighting termites, extension entomologists of Texas A. & M. College say. The best remedy is and always will be "Build Them Out." Most termite infestations are due to faulty construction when they can get in at filled porches, terraces and other entrances, or through the foundations. The thing to do is block them out with concrete or similar materials.

Since it isn't always practical to rebuild or repair, the entomologists suggest poisoning the soil around and under buildings. The poison will discourage the insects for some time.

Mississippi, and the Canal Zone (an area of severe infestations) there are nine chemicals that do a reasonably good job at getting rid of termites. Five of them proved good under most conditions of test: sodium arsenite, pentachlorophenol, trichlorobenzene, orthodichlorobenzene and coal-tar creosote. The other four appear promising: lead arsenate, sodium fluosilicate, cryolite and phenothiazine.
The soil treatment has to be thorough and complete job. Instructions on application of the chemicals should be obtained from county agent.

Veterans' News

QUESTIONS AND ANSWERS

Q—Will Veterans Administration guarantee a G. I. loan for an automobile house trailer that I can use during my vacation to house me and my family?

A—No! Loans for pleasure purposes cannot be guaranteed or insured by Veterans Administration.

Q—I would like to change the beneficiary on my National Service Life Insurance policy without letting the old beneficiary know about it. Can I do this?

A—Yes. A veteran may change the beneficiary or beneficiaries of his National Service Life Insurance at any time without their knowledge or consent.

Q—I have a G. I. loan and now have lost my job. Does the law

permit me to get the additional benefit or readjustment compensation?

A—Yes, you are entitled to readjustment allowance. Your home loan has no bearing on your right to unemployment compensation. You should apply to your state unemployment service to receive readjustment allowance.

Q—To what benefits is a veteran with a yellow or blue discharge entitled?

A—A yellow discharge from the Army is dishonorable and the veteran is not entitled to Veterans Administration benefits. A yellow discharge from the Navy may be dishonorable the veteran is entitled to file a claim and VA will determine whether or not the discharge was under dishonorable or other than dishonorable conditions. The latter also applies to blue discharge from the Army.

The Veterans Administration has announced that prima facie evidence will not be accepted as sufficient proof for veterans to

KITCHEN MEMO

Every housewife these days is constantly looking for low-cost meat dishes that are eye-appealing enough for the most jaded appetites. Here's plain old **Hamburger** which can be shaped to look like a steak. Mix well 1 lb. ground chuck beef, with 1/2 cup milk or water, 1 cup wholewheat cereal flakes, 1 tsp. salt, 1/4 tsp. pepper and 2 tbsp. minced onions. Put in a 10" metal pie plate shaping like a steak to about 1" thickness. Broil 8 to 12 mins. underneath medium high flame turning once with tongs. 5 servings.

A good way to save gas is to bake eggs under the broiler rack in bacon drippings while the bacon is broiling. Use medium flame.

If you find your broiler and oven lining heavily spattered with grease try putting a shallow dish filled with ammonia in each compartment, close the doors and leave for a while. The ammonia fumes help loosen the grease making the final cleansing that much easier.

High prices today call for lower-cost use of cheaper meats. Frankfurters can be teamed with cold cuts. Try wrapping a piece of bologna around a frankfurter, fasten with a toothpick, brown under medium flame in your broiler.

establish service-connection for medical and dental treatment after December 31, 1947.

On this date, veterans will have had a full year after the President announced the end of hostilities in which to secure treatment on the presumption of service-connection, based on prima facie evidence.

VA takes the position that this should have been ample time for emergency or clearly defined service-connected cases to have received treatment.

The discontinuance of determination on prima facie evidence in no way denies veterans any right they are granted by law, nor does

limit services given those whose conditions are rated as service-connected.

Applications for treatment received on or before December 31st after that date with a December 31st postmark will be determined on prima facie evidence. After December 31st applications will have to be formally adjudicated under the Regulations before treatment other than emergency can be given.

This ruling in no way affects the year's presumption of service-connection to which all veterans are entitled after discharge.

Rhode Island's chief industries are weaving and manufacturing.

Idle money isn't worth a cent

What good is money if it's never used? Money must be kept in circulation—invested, traded for goods or services, to be of value. Your local banks or savings and loan associations put money to work to build homes and stores, to provide capital for industry, to tide over the farmer until harvest time.

Just as your banker conserves and gives value to money, so there are others who conserve the things we hold dear in Texas—our lives, our land, our freedom to think and live as we please.

Natural gas is a lot like money. It has little value until it is made available for use. Not until it is taken to market and put to use for the benefit of mankind does it acquire value. United Gas is serving a constantly increasing number of Texas cities and towns, is making available for use much gas that might otherwise remain worthless under the earth. This is practical conservation... for it gives value to this finest of fuels, stimulates industrial development, creates jobs, and benefits all the families in Texas.

UNITED GAS
Union Producing Company
... Serving the Gulf South

You'll want the proper announcements or cards for it. You'll want them worded correctly, printed perfectly, on fine quality paper stock. We're ready with the answers to your questions, the experience, and the equipment to serve you well.

SOCIETY

Mrs. Willis Hostess To Blue Bonnet Club

The Blue Bonnet Study Club met December 4 in the home of Mrs. Tracy Willis for a program on Radio Broadcasting.

Roll call was answered by naming a favorite radio program. Mrs. Levine Hathaway presided over the short business session.

Mrs. Thelma Dunn, leader of the program gave a very instructive talk on "Censorship of

Radio". Mrs. Edith Flanagan discussed the "Engineering of Radio" and Mrs. Juanita Matthews told of the life of Fred Waring, her "Favorite Radio Personality", and also conducted a very interesting radio quiz. Two piano numbers were rendered by Mrs. Katherine Carmichael.

Delicious refreshments were served to Mrs. Art Nelson of Borger and Mrs. Jim Stinson, guests, and the following members: Mesdames Elsie Scribner, Para Rendere, Lavine Hathaway, Katherine

Carmichael, Mary Hazel Van Zandt, Thelma Dunn, Edith Flanagan, Juanita Matthews, Edith Johnston and the hostess, Mrs. Willis.

Miss Luttrell Honored With Birthday Party

Mrs. Roy Bailey honored her granddaughter, Linda Luttrell of Denver, Colo. with a party on her third birthday recently, when she and her parents were guests in her maternal grandparents home.

The birthday cake with streamers provided the centerpiece for the lace covered dining table with the Christmas motif being carried out in the entertaining room.

Those present were: Paula Sue Helton, Peggy, Billie and Sherry Gail Douthit, Richard Parks, Phil Russ, Ann Johnson, Sherry and Jerry Moore, Gene Havenhill and the honoree, Linda Luttrell.

Mrs. Harrison Hostess To Wednesday Study Club

Mrs. Harrison Hall was hostess to members of the Wednesday Study Club December 3.

The program, "America Through Biography", was led by Mrs. Lee Guthrie who gave the life of Justice Holmes. Mrs. Nelson Porter told of Susan B. Anthony's life-long fight for equal suffrage for women and Mrs. H. M. Wiley gave the lives of Benjamin Franklin and Thomas Jefferson.

Mrs. Ben Wofford of Ft. Worth was a guest of the club.

Members present were: Mesdames S. Y. Allgood, Frank Wofford, Harold Nash, R. Wm. Brown, Floyd Pennington, Nelson Porter, Harry Wofford, Lee Guthrie, M. McIlhenny, Max Wiley, H. M. Wiley, the hostess and daughter, Dorothy.

Eastern Star Ladies Hold Christmas Party

The Order of the Eastern Star held their annual Christmas party Friday night, December 5 at the Masonic Hall in Wheeler.

Forty-two was enjoyed throughout the evening after which gifts were exchanged. The Worthy Matron, Mrs. Chester Lewis, presented each officer with a gift.

Refreshments were served to the following: Messers and Mesdames Ed Johnston, Bob Galmor, John Dunn, Aubrey Greenhouse, Chester Lewis, J. I. Maloy, D. O. Reese, Lloyd Lee, C. B. Kirk, Floyd Pennington, Lonnie Lee, Lee Guthrie, O. Nations, Miss Marcelle Farmer, Mrs. Fred Farmer, Mrs. Ebb Farmer, Mrs. R. G. Russ and Mrs. Cora Hyatt.

CARD OF THANKS

We take this method of expressing our heartfelt thanks to each one who helped in anyway during our recent beverment. The flowers were beautiful. May God bless each one.

Mrs. L. J. Holt and sons, Canadian
Mr. and Mrs. Ross Purcell, Eriscoe

ALLISON NEWS

Mrs. Lester Levitt

Mr. and Mrs. Donald McMillen are the proud parents of a baby daughter born December 7 at an Amarillo Hospital. She has been given the name Linda Ann.

Maxine Dillon, niece of Archie Dillon, is helping out at Mac's Cafe during the holidays.

Mrs. L. S. Aderholt and daughter, Armenda, went to Dallas the last of the week for medical treatment for Armenda.

A large number of quail hunters were seen in the community during the week. Among them were former Allison folks, Oscar Traylor, son Morris, Leon Fields, Joe Hayes, Keith McMillen, Roger Ray Rogers and Louis Webb.

Rev. Helm and family of Briscoe were dinner guests in the Ray Brown home Sunday.

The P-T. A. sponsored a pie supper Friday night at the school house to raise funds for the lunch room. Approximately \$200.00 was raised.

Mr. and Mrs. W. L. Williams and Mr. and Mrs. Gordon Whitener attended the Anxiety Hereford Sale in Amarillo last week.

Mr. and Mrs. R. L. Westbrook of Ft. Worth spent Friday night and Saturday with her sister and husband, Mr. and Mrs. Barney Williams.

BASKETBALL NEWS

The Wheeler boys and girls played Kelton Friday night and the girls hated it about losing their first game. Everyone was pulling for the teams and we think that helped a lot, there was a very large crowd there. The girls lost their game with a final score of 24-12. The boys won theirs with a score of 26-17. There was some good playing in both games although the girls fumbled the ball more than was necessary. The girls think they can do much better next time.

SENIOR NEWS

Jody, where did you get that black eye? Yes, we know you've been trying to tell everyone you

got it in the basketball game. But you seem proud of it, did he get mad' and slug you? I don't blame him!

Dolores! did Mr. Carrick scare you into coming to the game last Friday night? Ruby didn't look that bad to you did she?
The seniors held a class meeting Monday morning after assembly. It was decided that our vice president would replace the recently resigned president. We then decided to elect a new vice president who is VaNeta Brewer. A decision was reached that the seniors would sell chances on a turkey which is to be given away December 20, 1947. Chances will cost 25 cents a piece. The funds will go to the senior class for their trip they are planning to take at the end of school. We urge each and everyone to buy a chance on this turkey. For who knows? You may win this turkey. The motion was made and seconded; the meeting adjourned.

Robert, why in the world didn't you act enthused over the selling of the turkey? You mean to say you aren't industrious enough to get out and try to sell some chances. Oh well, don't worry, probably some more of us aren't either.

We hear the girls weren't very happy over the game last Friday night. But that OK girls, everyone has to lose a game every once in awhile. Besides you played a

SCOTT'S SCRAP BOOK

By R.J. SCOTT

SPOT NEWS PICTURE OF 1831-

THE DE WITT CLINTON RAILROAD TRAIN MAKING ITS FIRST TRIP BETWEEN ALBANY AND SCHENECTADY, N.Y. A DISTANCE OF 17 MILES.

SCRAPS
WAS MR. RAINIER IN WASHINGTON AT ONE TIME A SEETHING VOLCANO?
YES

IF THE TWO LOAVES OF BREAD HELD BY THIS YOUNG LADY OF NORMANDY WERE PLACED END TO END THEY WOULD MEASURE NEARLY SIX FEET LONG - SLICES SERVED AT MEALS ARE BIG AS LARGE PLATES.

The bookkeeping students are having quiet a time with their outside work aren't we kids? Oh well, if we could understand anything we wouldn't have to do outside work.

Everyone is trying to get in all their lessons before Christmas so they won't have to worry about coming back to school with so much to do. That's the thing to do though.

We heard someone getting a little tanning Monday afternoon. Wonder who that was Robert, and Neal, and Johnny.

Mr. Carrick we wish you would quit beating up on Mrs. Carrick. Can she help it if she needs a new dress, or sees one she wants.

Joyce, who was that with you and Wayne at the basketball game Friday night? Wayne's cousin maybe?

Va Neta, how did you like the show Sunday? We didn't see you but we would surely hear you laughing.

Lain, why weren't you at school Friday?

Yvonne, we see you come to school with a smile for a change. D. O. really caught thunder while he was gone.

Ruby, what's that we hear about you putting Cecil's car out of the mud hole? Poor boy though sure the thing had got and walked out of it.

SOPHOMORE NEWS

Doris, how many times did you call Friday night?

DeWaine, don't make it a habit of missing school.

Urgente, you look good behind a counter. But you'd look better dressed in.

We heard Dorothy say "there is a certain boy from Briscoe that drives a green dodge that could keep his mouth shut."

Red, you really took care of the magazine sale.

Jo Ann had a smile on her face Monday morning, wonder why? Linnie called a boy, horse-face. We wonder why? Did he by any chance make you mad?

C. R. why do you want to include the eighth grade everytime we plan anything?

We heard Jo Ann say she was going back next Saturday night but she can't say where.

Winnie, where did you get those pictures of that certain boy? Uh huh, caught him with his eyes closed, and snatched them out of his billfold.

Jack, will you please stop growing? You'll soon hit the top of the school building.

Floy, we miss you in basketball. Linton surely works hard in the first period study hall.
Why are the Home Ec. girls always finding an excuse to go to the Ag. building?
Jerry, a certain sophomore girl would love to have her hand book back. Have you read it all?
Martha and Ruby sure seem quiet here lately.

The Ideal Sophomore Girl:
Hair like—Imogene Reid

Hair like—Garland Parks
Height like—Corky Robertson
Girlfriend like—C. R. Bailey
Car like—J. T. Johnson
Mean like—Jerry Newberry
Smile like—Jack Mitchell
Studies like—Linton Sanders
Eyes like—Charlie Blevins

FRESHMAN NEWS

Glenda, that was certainly a beautiful shot you made Friday night. Mr. Clepper will have to put you on the main string.

Dick, you were high point man in the game Friday night weren't you? Congratulations, not all freshmen get that privilege.

Wanda, we like your hair since you got it cut.

Georgia, what did you do? Dare him to come out to your house after you, and make him meet you in town.

Janet, just what eighth grader were you with Saturday night?

All the freshman girls seem to like "bananas". The boys asked them if they had had the bangs test.

We drew names this week for our Christmas tree.

EIGHTH GRADE NEWS

Leon, don't you intend to come

to school at least three days out of five once in a while?
Bobby, one of these days your mouth is going to get you in trouble.
Jamie, we were all wanting to know the answer to your question, you asked Mr. Williams.
We really do wish you would talk louder, Darrell.
Joe, you had better start coming to school. C. C. misses you.
Bob, all the eighth grade think you have pretty blue eyes, especially one.
We don't see much of you Eugene H.
Maurice, you really have chang-

ed since last year.
We wonder why H. C. has been to school lately. How about that H. C.?
Wake up Billy! You are going school at Wheeler.
On Boy kids, Charlie has some real cowboyboots now.
Richard, why are you always jumping? I'll bet Don could answer that.
James, we felt sorry for you too.
Melvin, everyone knows well that certain girl is in the eighth grade.
Mr. Williams tells us that Douglas is bad about speaking out. (Continued on Next Page)

you make the rest ashamed of
themselves.
Carmelita, your green sweater
is pretty.
Everyone is sorry about Anita's
glasses getting broken.
Wonder why Marlene wasn't at
church Sunday. She usually is, or
is she?
Doris, we are surprised to have
some 4-H money left from last
year.
Martha and Anne are really
playing basketball now. Keep the
good work up, kids.
Claudell, we are glad we didn't
get stuck too.
Jimmy, why didn't you go to
that party all the seventh grad-
es were there.
Where did all this medicine
come from?
Mr. Baker, we wish we had
wavy hair. How long does one
permanent have to stay in?

PARTY LATE—BUT NOT TOO LATE

INCURABLE Li from cancer. 'Miss' Cornell, is shown with her mother, Mrs. Barbara Cornell of Clinton, Iowa, and the birthday cake given her for a breast birthday party. The child had just returned home from the Bob Roberts Hospital, Chicago, where she was treated. (International)

Future Seems Bright For The Dairy Farmer

Farmers in the dairy business have a pretty good future ahead of them, if...
That's what extension dairymen at Texas A. & M. College are saying and that "if" is mighty important.
If the best replacements are the result of a good bull, if the feeding program is built around good pastures, high quality hay and plenty of silage, and if the job of managing the herd is handled in such a way that the cows produce quality products for the market, then the dairy outlook is good.
Good dairy management goes back, in the end, to one thing: The right kind of sire for the herd. The feeding program won't help much if the cows are culls; there won't be plenty of quality products for the market if the cows aren't good producers and aren't handled right. The way to get the best results, all the way around, is to pick out a good bull.
The extension dairymen say that a prospective buyer should thoroughly investigate the bull under consideration. Go back to the records of his sire and dam and his grand sire and grand dam. The production records and type classifications of tested daughters of all three generations are especially important. His physical condition, feet and legs, disposition, general appearance and size should be considered. The health of the herd from which he came should be examined. The needs of the herd for which he is being bought should always be kept in mind.

The future of the dairy business depends on the breeding program, and the breeding program depends on the bull.

The Housac railway tunnel through the Housac mountains in Massachusetts is nearly five miles long.

"Turrible, Turrible, Turrible!"

Ben Spier is back! After twenty
years in Capital City, Ben has re-
turned and come to enjoy life in the
family home on Maple Street.
First thing Ben does is write us
complaining how Our Town has
changed. "Why, there's no mud in
the streets to sink up to your
ankles in!" he says. "No pistol
feeding in the town square! No
mountain liquor on Saturday
night evenings! Nothing to do but
smile for a temperance glass of beer
in a law-abiding tavern!"
"Turrible, turrible, turrible," Ben

10 ACRES PER HOUR

"YES SIR! Ten acres per hour is real plowing. I did it with my giant Krause One-Way." . . . And you, too, can do it.
With a Krause One-Way you'll do more plowing with less power—and that means extra dollars in your pocket.

TIMKEN BEARINGS
Dustproof Disc Bearings now available for Krause One-Way Plows.

SELF-SHARPENING DISCS
They sharpen as they plow—outwearing 3 to 5 ordinary discs

HERE'S HOW Krause can make this saving for you—more efficient design, discs and wheels on Timken bearings, self-sharpening discs and perfect balance combine to make Krause the lightest pulling plow of any near its size. See your Krause dealer today or write us for more information.

HOSPITALITY

Since the basketball tournament is coming up this week we should stress hospitality. You know when you go somewhere, there's nothing like feeling welcome, so everyone try to make the visitors feel welcome. Of course we want to win all our games, but if we lose we should not let that affect our hospitality. This does not mean just be-

tween games but during the games too. We should be courteous to the teams that are playing and not say hateful things to them while they are on the court or at any time. Let's be good clean sports all the time.

BASKETBALL

The girls played their first conference game Tuesday night, December 2 at Briscoe. They were defeated by 9 points the score was 25-16. The line-up was: forwards, Sidney Lancaster, Lou Beck, Virginia Henderson; Guards, Mary Louise Matthews, Beverly Caldwell, Evelyn Robinson. The substitute was Dorothy Matthews.

They played Allison Thursday night December 4 at Mobeetie. They won by 15 points. The score being 36-21. The girls really enjoyed playing Allison and Briscoe and hope to play them again soon.

BASKETBALL

The basketball boys were defeated by Briscoe Tuesday night by a score of 34 to 22.

The boys defeated Allison Thursday 23-19. It was a well matched game all the way through. The

score was 19-19 at the end of the game and a three minute period was played in which Mobeetie gained a four point lead which they held.

The Mobeetie Basketball Tournament will be held on Friday and Saturday in the Mobeetie Gym. There are ten boys teams entered and eleven girls teams. Season tickets will be sold at \$1.75 for adults and \$1.00 for students. Session tickets will be 25c and 35c.

GUESS WHO?

ANSWER:—Doyle Greenhouse. He is a senior favorite. He is of medium height, has blue eyes, and has real curly hair. He is a lot of fun and is the whole school favorite.

EIGHTH GRADE NEWS

The eighth grade had class meetings twice this week one postponing their party and the other to decide when to have it again. They decided but it was bad so they couldn't have it then either.

"GOSSIP"

Evelyn, Mary Louise and Beverly, we really don't think you have any sportsmanship about you or should we call it "trying to act cute"? You forwards must have been pretty good to score with all that was going on.

Who was it in Canadian that Verne and Delton wanted Hugh to call?

Sidney, who said you couldn't guard? Fooled her didn't you?

We are all in suspense about who is the football sweetheart, but we have a pretty good idea.

Bonnie is an aunt now and Edwin is an uncle.

So you talk too much Doyle? So we heard.

Quida, did Jay Troy buy two tickets to the show again last Saturday night?

Do some of the girls think they are too good for the boys around here?

Joe, you don't have your ring any more. Ginger would you know anything about it?

Mrs. Buster Black and Daughter of Amarillo spent the weekend in Wheeler.

Mrs. Homer Phinck and Jan returned home Monday evening after visiting relatives in Calif. Her father W. E. Dollins of Pampa, returned home with them after having been visiting in Calif. since August.

NOTICE

The Good Neighbors Club will have their annual Christmas party December 18 at 2:00 P. M. in the home of Mrs. R. W. Oldham. All members are urged to attend and visitors are welcome. Each one is to bring a gift and gifts will be exchanged in the usual manner.

Mrs. M. C. Burgess and two daughters returned to Wheeler Tuesday evening after visiting relatives in Lubbock the past few days.

Friends of Buddy Errington will be happy to know that he underwent surgery in Oklahoma City, December 6, and is recovering nicely and hopes to be home soon. Mr. Errington's arm was broken in a car accident east of Wheeler in the summer.

Mr. and Mrs. Norman Fulps of Pampa visited in the home of Mr. and Mrs. Barney Williams Sunday.

Mr. and Mrs. W. O. Carrick were visitors in Shattuck, Okla. Saturday.

When admitted to the Union Oklahoma had a population larger than twenty-one other states. Mt. Ranier National park, in state of Washington, was established by act of Congress in 1902.

Announcing . . .

THE OPENING OF A NEW FEED, SEED & GRAIN STORE IN WHEELER

We have completed our new building on highway 83 just across the street from the Wheeler County Jail and will be open for business SATURDAY, DECEMBER 13 with a complete line of the famous Chic-O-Line Feeds for poultry, dairy and range cattle and hogs. We will also handle shorts, bran, proteins and other types of feed.

During the planting season we will carry a complete line of high quality planting seeds of all types.

We are in the market for your grain at all times and will guarantee you highest market prices for all types of grain sorghums, wheat and other types of grain.

CHIC-O-LINE

You're missing something if you haven't tried **CHIC-O-LINE**. Thousands of Southwestern farmers are getting on the "CHIC-O-LINE" because it's enriched with vitamins, proteins and minerals as recommended by the most up-to-date nutritional authorities. It is the result of over a quarter of a century of lab tests and farm checks! For better, more economical farm production, remember you'll do fine with **CHIC-O-LINE**.

FREE!

To the first 40 customers in our store we will give absolutely **FREE** 1—25-pound sack of **CHIC-O-LINE LAYING MASH**

A Product of Chickasha Cotton Oil Co. Serving Southwestern Farmers for more than 45 years!
