THE COUNTY SEAT NEWSPAPER

WHEELER DRAFT BOARD RESIGNS

All three members of the Wheeler County Selective Service Board have voluntarily tendered their resignations. Letters of notification of the resignations were mailed to State Selective Service Headquarters last Tuesday.

T. M. Britt, P. T. Boston and D. A. Hunt were the members of the board with Britt having served as chairman since October 1940 when the board was first appointed by the late President Roosevelt.

Boston had served as board member since February 1942 and Hunt since July of this year. Original members of the board were Oliver Elliott of Mobeetie, Thurman Atkins of Shamrock and Britt who resides east of Wheeler. Because of Atkins being of draft age he was replaced by H. B. Hill of Shamrock. Hill served until February of 1942 when he resigned and Boston was appointed to take his place. Jesse Dyer of Wheeler replaced Elliott upon his resignation in May 1942 and Hunt was appointed to take the place of Dyer after Dyer resigned recently to Anthony, N. M. R. H. Forrester remains board appeal agent.

In commenting on the resignations the board chairman stated that some of the board members felt several months ago as though they had served their time but had resolved to serve until fighting had stopped in the Pacific theatre and now that the war is over and peace declared they feel as though they are not quitting on the job since work of the board will be much less complicated from now on.

There is no compensation for the work of a Selective Service Board member and many opinions have been expressed congratulating the local board for its smoothness of operation all during the past five critical years. Members have given a half day or more of their time each week and are to be complimented on their patriotic endeavors in sticking with a job that no one wanted but a job that had to be done by someone.

The resignation of the local board means that no calls can be filled from this county until the appointment of members making up a new board and this will probably take a few weeks pending routine matters relative to the draft set up.

Cpl. L. D. Beesley And Sgt. Charles Bryant Are Commended By General

Twentieth Air Force Headquarters, Guam — For the part they played in the historic series of five low level incendiary attacks on Japan during an all-out offensive, Corporal Lonnie D. Beesley and Sergeant Charles M. Bryant of Wheeler, Texas, and other enlisted men at B-29 bases in the Marianas have been commended by the Commanding General of the Twentieth Air Force.

They are members of the ground echelons supporting the almost daily Superfort assaults against the Japanese mainland.

"Your determination, skill and courage have delivered a stunning blow to the empire of the Rising Sun," the General said. "Combat crews and the hard-working maintenance and staff people are to be heartily commended for their accomplishments in these historic operations."

Throughout the period of sustained bombing attacks, these men and the ground staff worked night and day, virtually without rest, to keep the Army bombers in the air and striking at the enemy.

Corporal Beesley's mother, Mrs. Irene Beesley, and Sergeant Bryant's wife, Irene Faye, reside in Wheeler.

John Dunn of Mobeetie has recently purchased the J. Wade Duncan property southwest of Mobeetie and will move there the first of next year.

Wheeler County Tuberculosis Association Is Granted Charter

Efforts by civic-minded Wheeler county residents have resulted in the awarding of a charter to the Wheeler County Tuberculosis Association with its principal benefits being the retention within the county of 80 per cent of all funds derived from the annual Christmas Seal sale.

Officers for the association include: Dr. H. E. Nicholson, President; Flake George, First Vice-President; Mrs. Lee Barry, Second Vice-President; Harry Wofford, Secretary; and G. W. Hefley, Treasurer. Directors include Mrs. Charles Candler, Dr. Glenn R. Walker, Mrs. J. M. Tindall, B. F. Risinger, Mrs. H. E. Forgy, L. D. McCauley, Mrs. R. D. Holt, Mrs. Clarence Robison, Jack Miller, A. C. Wood, Mrs. Ernest Lassiter, Mrs. Ernest Zybach, Mrs. Clarence Zybach and Sam Begert.

Wheeler is the third county in this section of the state to be granted a charter with Grey and Potter counties being the other two with associations.

Principal function of the association will be the supervision of a child's health program to be carried on within the county to include case-finding, diagnosis, treatment and rehabilitation of the tuberculosis patients and to include a diagnostic clinic directed by trained personnel and equipped with facilities for tuberculin testing and chest X-rays, public health nursing, medical social workers and counseling.

With the granting of a charter to the newly formed association comes the appointment of the group as agents for the annual Christmas Seal Sale. Heretofore seals have been mailed from state headquarters and contributions mailed direct. This year the local set-up will have complete charge of sales. Funds derived from the sale will be used to fight against tuberculosis, its prevention and cure and with the organization of a local association it is hoped that every Wheeler county child will eventually be given the privilege of having a periodic examination and treatment, if necessary, in a campaign to stamp out the dreaded disease.

Scotty Risner Was In First B-29 Raid

S.Sgt. James S. (Scotty) Risner, son of Mr. and Mrs. Jim Risner of Wheeler and now ground crew instructor at the Roswell, N. M. B-29 school, has recently been awarded a medal representing the Distinguished Unit Citation for being a member of a crew of the first B-29 raid over Japan August 1944. Sgt. Risner has been back in the states for about five months.

The official citation reads: 462nd Bombardment Group (VH), XX Bomber Command, is cited for outstanding performance of duty in armed conflict with the enemy on 20 August 1944. The group dispatched * * * B-29 type aircraft to its forward bases to be disposed in two groups on D-Day as part of the XX Bomber Command mission. One-half of the group carried out a special night attack following the all out XX Bomber Command daylight precision attack. Fighter opposition was successfully overcome on the way to the target. Despite a steady hail of intense and accurate flak concentrations which accounted for damage to two aircraft which caused them to crash on the return run to their forward bases, and despite continued enemy fighter attacks employing suicide ramming tactics, the 462nd Group succeeded in destroying the Imperial Iron and Steel Works at Yawata on the Jap mainland. In the accomplishment of its primary mission, six enemy aircraft were damaged or destroyed. The success of its part of the mission was especially outstanding in that the method of attack used called for the utmost in daring and skill. The first daylight raid over the Japanese home islands since the historic raid of Tokyo in April 1942 proved the real effectiveness of daylight precision bombing by B-29s. The hazards of mechanical failure, fighter opposition, flak and barrage balloons on the mission of over 3,000 miles were all overcome by the valor and high professional ability of all members of the 462nd Bombardment Group, and by their courage, cooperative spirit and tireless energy, the individuals of this Group have reflected great credit on themselves and the Army Air Forces.

By Command of General Arnold: Lauris Norstad, Brigadier General, U. S. Army Chief of Staff

Mr. and Mrs. Tom Wilson of Oklahoma City visited from Saturday until Wednesday with Mrs. Wilson's sister, Mrs. J. E. Willard and brother, Charlie Roper, and other relatives. Mr. and Mrs. Buck Britt of Greenville, New Mexico came last night (Wednesday) for a few days visit with friends and relatives.

NEWS OF OUR MEN—WOMEN IN UNIFORM

With the 100th Division of Seventh Army in Germany — Pfc. Albert L. Orr is with the Headquarters Company of the 399th Infantry Regiment that has been awarded the Meritorious Service Unit Plaque, according to an announcement from 100th Division Headquarters in Stuttgart.

The award recognizes the "superior performance of duty and the achievement of a high standard of discipline by the Company from the time the Century Division entered combat early in November in the rugged Vosges Mountains, until V-E Day.

Fighting almost without rest for six months as a unit of the Seventh Army, the 100th played an important part in cracking the proposed German winter line along the Meurthe River and the subsequent breakthrough towards Strasbourg. Later the 100th Division sieged and captured the fortified city of Bitche for the first time in 200 war-torn years. While sieging the string of seven-story deep interconnected Maginot forts around Bitche the Centurymen repulsed a ferocious week-long counter-attack by three crack Nazi divisions early in January.

In mid-March the Centurymen made a sensational dash to the Rhine and pushed through the Province of Baden to the Neckar River. Here they were met with a desperate last-ditch stand at the key rail center of Heilbronn. After nine days of intense house-to-house street-fighting, described at the time as "the most bitter of the entire Western Front" Heilbronn fell to the 100th and the way to Southern Germany was clear.

SGT. FLYNT'S BOYS TRIUMPH

The big moment in the Division military meet, held in conjunction with the track and field meet, July 24, came when Sgt. John W. Flynt and his Co. D heavy machine-gun squad captured the HMG competition in brilliant time. These gunners put their weapon into action in 10 seconds, and brought it out of action in nine flat. These veterans proved they have the old know-how after getting plenty of practice through countless fields and cities of France and Germany.

Squad members are Sgt. Flynt, Pfc. Charles H. French, James W. Richardson, Thomas E. Allen, Arturo Trevino, Forrest E. Starr and Martin C. Wilkinson.

Lt. and Mrs. Charles A. Hix left last night after a ten day visit with his mother, Mrs. W. F. Hix. Lt. Hix recently returned from 17 months duty with the 51st Field Hospital in the ETO, where he participated in five major campaigns. Upon completion of his leave, Lt. Hix will report to Fort Benning, Georgia for further assignment.

Pvt. Gwynn Edward Crossland of Camp Maxey is visiting his parents, Mr. and Mrs. Tom Crossland. He will leave Sunday to report at a California base.

Captain Harold E. Nicholson, Jr. arrived in the States last night and called his parents, Dr. and Mrs. H. E. Nicholson. He has been in the southwest Pacific war zone since the first of April.

Cpl. Clyde Guynes, son of Mr. and Mrs. Dick Guynes, is home on furlough after having spent several months in Italy in the European battle area. Clyde is with the Medical Corps and has two campaign stars to his credit.

S.Sgt. Carl M. Wright and Mrs. Wright arrived in Wheeler Friday to visit Sgt. Wright's parents, Mr. and Mrs. W. F. Wright, while he is on a 30-day furlough. Sgt. Wright has spent the past year in the McCloskey General Hospital at Temple recovering from a shrapnel wound in the leg suffered June 11, 1944 in France four days after D-Day.

Sgt. Claude V. Wright, son of Mr. and Mrs. W. F. Wright, is now stationed at the air base near Oklahoma City, his parents learned this morning. After being stationed at Orlando, Fla., for several months he was stationed for three days at Kelley Field near San Antonio and then for a few days at Spokane, Wash. before being sent to Oklahoma City. His wife, Mrs. Dortha Wright, resides in Wheeler.

Pfc. Roy and Pfc. Coy Bradstreet, twin sons of Mr. and Mrs. M. N. Bradstreet, are together again in a camp near San Antonio. They have been separated since Aug. 7, 1944 when Coy was wounded, and he joined Roy at the San Antonio camp August 7 this year. Coy is being sent to Temple where he will undergo major surgery.

COUNTY WILL BE ASKED TO TAKE OVER AIRPORT

At Tuesday's Chamber of Commerce luncheon R. J. Holt, Geo. Hefley and R. H. Forrester were named as a committee to work with the County Commissioner's Court in a proposal that the county take over the intermediate airport at Twitty and use it as a municipal field to serve the citizenry of the county.

The Twitty airfield is one of 23 in Texas, now leased by the Civil Aeronautics Administration as intermediate airports.

According to the information received, any state, county or municipal government can take over the field if it agrees to continue it in operation in such a way that it is always available for emergency landings along the airways.

The 23 Texas fields are included in more than 200 airports in 41 states, which will be turned over to local authorities.

The fields were developed and maintained by the Federal Airways Service of the CAA beginning in 1927, and were located along the airways to serve as emergency havens for the short-range and the then less reliable aircraft. At the peak, the CAA maintained 900 small fields, but with the improvement of aircraft, those which were considered no longer necessary were returned to the owners.

During recent months, the field at Twitty has been used by training pilots from nearby Army airfields for practice landings and take-offs.

Sgt. Ishmael Sims Is Awarded Medal

For his outstanding courage and leadership in successfully defending a command post against an attack by a large enemy force, First Sergeant Ishmael Sims of Mobeetie, has been awarded the Silver Star Medal.

The gallantry in action for which Sergeant Sims was cited took place at Stoppach, Germany, on April 20. When positions of Co. A, 260th Infantry Regiment, were attacked by a force of 250 SS and Panzer infantry troops and 10 tanks, Sergeant Sims, in the absence of the company commander, organized a command post defense. As three of the attacking tanks proceeded to systematically demolish the command post building, he swiftly deployed his defensive force and took a position to observe the enemy more effectively.

The official citation, in further describing Sergeant Sims' actions, reads: "Disregarding the imminent danger, he led a bazooka team to within 20 yards of one tank and destroyed it. Then, leading his team towards another tank, he routed the crew with one shot. The Germans were killed trying to escape, and Sergeant Sims moved forward under cover to put the enemy tank out of action."

Sergeant Sims is the son of Mr. and Mrs. Odgy E. Sims of Mobeetie.

Bill Owen Purchases Texaco Service Station

Bill Owen, employed for ten years with the Crump-Mundy Service Station in Wheeler before going to Van Nuys, Calif., four years ago where he has been employed as field and service mechanic for the Lockheed Aircraft plant, has purchased the station where he formerly worked and assumed management last week.

Owen has been back in Wheeler for several weeks and had been working at Percy's garage as a mechanic.

The station was purchased from E. H. Kennedy who has managed it for the past eighteen or twenty months.

Kelton School Will Begin Term Monday

Superintendent W. H. Willoughby of the Kelton Consolidated School announces that the new 1945-46 term will get under way there next Monday, August 27.

Teachers besides the superintendent will include Miss Fay Voyles, Mrs. Lewis Bledsoe, Mrs. Johnnie Reed, Mrs. Frank P. Carvey, Jr., Miss Beth Styles, Mrs. S. B. Lovelady and Craig Willoughby.

CALLAN YOUTH INJURED WHEN TEAM RUNS AWAY

J. E. Callan, eleven year old son of Mr. and Mrs. Clayton Callan, was injured Monday when the team he was driving to a hay rake ran away. J. E. was caught in the rake and dragged about one half mile. He suffered a cracked rib, leg bone and minor cuts and bruises.

He is receiving treatment at the local hospital and is reported to be recovering nicely. The accident happened on the Britt ranch east of town.

The Cheatham Ferryton to Shamrock bus line began operation this week and is making its headquarters in Wheeler at the R. D. Holt Drug.

AMENDMENT AND REALLOCATION ELECTIONS ARE SET FOR SATURDAY

Cream Producers Are Asked To Improve Quality Of Product

With the recent condemnation by federal authorities of several thousands of dollars worth of creamery butter sent out by various creameries a nation-wide campaign is in the making to better the quality of raw dairy products being delivered to the buyer in the various communities over the country.

It is requested that farmers be informed that the Food and Drug Administration is seizing interstate shipments of butter, cheese and other items made from dirty cream and milk. Dairy product manufacturers operating insanitary plants and using filthy raw materials are being prosecuted. Authorities say that the delivery of dirty, filthy, or otherwise unsuitable cream to dairy processing plants should have long ago been stopped.

With the campaign for better dairy products aiming at their source of production the farmer is being advised to take every sanitary precaution within his means to see that the product is delivered to the buying station in the best condition possible. He will be asked to get rid of all sick stock — those with mastitis and Bang's disease. He will be asked to clean the animals properly before milking and thereafter cool and hold milk and cream at proper temperatures and to keep all insect life or other diverse forms of filth out of the milk bucket and cream can.

Wheeler Students Register Monday

L. G. Kammerdiener, recently elected superintendent of the Wheeler schools, has been quite busy since his arrival here last week making arrangements for the school term opening next Monday.

He announces that grade school students, those in grades one through eight, will report at 9 a. m. to their respective class rooms for enrollment and instructions that will take up most of the day.

High school students will report at the library for enrollment in the following manner: Ninth grade students from 9 until 11 a. m.; Tenth grade students from 11 a. m. to 1 p. m.; Eleventh grade students from 1 p. m. to 3 p. m.; and Twelfth grade students from 3 p. m. to 5 p. m.

All school buses are expected to have completed their routes by 9 a. m.

Services Held Today For Mrs. Griffin Hardin

Funeral services are to be held at 2:30 o'clock this afternoon from the Baptist church for Mrs. Griffin Hardin, 61, who passed away about five o'clock yesterday morning at her home east of town. She had been in ill health several years. Rev. P. D. Fullingim will officiate. Interment will be in Texola, Okla., cemetery with Hunt Funeral Home in charge.

She is survived by her husband, eight children, Mrs. Mabel McWhorter of Amarillo, Lovella, Claud, John and Vernon Hardin of Wheeler, Charles of Shamrock, Archie of Texola, Oklahoma and Wilbur who is with the armed forces in the Philippines; her mother, Mrs. N. E. Henderson, of Morse, Texas, four sisters, two brothers and six grandchildren. Two children preceded her in death.

Final Kelton Election Carries By 33-0 Vote

In an election held at Kelton last Saturday an election favoring the assumption of outstanding indebtedness of the old districts and levying the tax for payment of such carried by a vote of 33 to 0. The new Kelton Consolidated Common School District No. 14 came into being as the result of separate elections held on July 28. The election Saturday was the last of a series in legal procedure of dissolving old districts and forming the consolidated one.

STOLEN TIRES AND WHEELS RECOVERED FOLLOWING THEFT

A local man has posted bond for \$1,000 following the recovery by Wheeler county officers of three wheels and tires, several wrenches, a chain and quantity of oil stolen late Friday from a pickup parked just off the highway between Wheeler and Mobeetie. The pickup belongs to J. K. Ribble of Mobeetie.

Miss Marcelle Farmer left last week for Las Cruces, New Mexico where she will teach in the high school.

Election Supplies Delivered To All Of Twenty-one Precincts

Saturday, August 25 will be the time of holding two elections, one on certain constitutional amendments, and one on tax reallocation for Wheeler County, the two elections to be held at the same time and in the same voting places by the same election officials.

It is to be noted that to be eligible to vote in the tax reallocation election, a person must be a legally qualified voter of the county, and a resident property tax payer who owns taxable property in the County and who has duly rendered the same for taxation. These requirements are the result of recent amendments to the State Constitution.

Any voter, regardless of the property tax paying requirement, may vote in the constitutional amendment election.

The election judges and assistants appointed by the Commissioners Court in February of this year for all elections and who are to hold these coming elections are:

Mobeetie, Pct. No. 1, Austin Caldwell and T. A. Greenhouse; Briscoe Pct. No. 2, T. A. Treadwell and Roy Waters; Wheeler Pct. No. 3, Lee Guthrie and D. O. Beene; Allison Pct. No. 4, W. S. Farmer and Clarence Zybach; Stanley Pct. No. 5, Ben Trout and Josiah Smith; McBee Pct. No. 6, Gordon Stiles and Leonard Rathjen; Porter Pct. No. 7, J. A. Welch and W. J. Stauffer; Gracey Pct. No. 8, L. L. McCombs and Joe Thompson; Heald Pct. No. 9, W. J. Chilton Jr. and Geo. Reneau; Lela Pct. No. 10, Robert Terry and John Turnbow.

Center Pct. No. 11, J. W. Henderson and J. W. Phipps; Shamrock Pct. No. 12, H. P. Mundy and J. H. Caperton; Benonie Pct. No. 13, J. E. Mitchell and R. A. Hill; Ramsdell Pct. No. 14, W. A. Lankford and O. B. Harvey; Locust Grove Pct. No. 15, Elmo Riley and R. C. Reeves; Kelton Pct. No. 16, L. W. Davidson and Claud D. Davis; Twitty Pct. No. 17, W. A. Jolly and L. L. See; Magic City Pct. No. 18, Hubert Bentley and Dee Crowder; Bethel Pct. No. 19, T. L. Daniel and Tom Timberlake; Pagan Pct. No. 20, Paul Macina and J. W. Stauffer; Shamrock Pct. No. 21, Henry Holmes, E. K. Caperton, H. R. Anderson and Mrs. Frank Exum.

Attention of elections officials is called to the fact these elections are to be handled separately in all respects with separate ballot boxes, but by the same officials and in the same room or place, separate sets of supplies being furnished in each instance. The results of both will be canvassed Monday, August 27.

Constitutional Amendments
Below is a brief resume of the proposed amendments to the Texas Constitution to be voted on August 25, and is given herein as each amendment will appear on your ballot:

Amendment No. 1.

This amendment provides that during the time the United States is engaged in fighting a war, or within one year after the close of the calendar year in which said war is terminated, no person, who at the time of holding any election in this State authorized by law, or who, within eighteen months immediately prior to the time of holding any such election was a member of the Armed Forces of the United States or of the Armed Force Reserve of the United States Maritime Service or the United States Merchant Marine, is required to pay a poll tax, or to hold a receipt for the payment of any poll tax assessed against him, in order to vote at any election. The foregoing amendment, if adopted, does not give any person the right to vote who is a member of the regular establishment of the United States Army, Navy or Marine Corps.

Amendment No. 2.

This amendment provides that members of the Legislature shall receive \$10.00 per day during their tenure of office, and in addition each member shall receive not to exceed \$2.50 for each twenty-five miles as mileage in going to and returning from the seat of government for sessions of the Legislature.

Amendment No. 3.

This amendment provides that the Supreme Court shall consist of a Chief Justice and eight Associate Justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case. Our present Court consists of three Justices and a Commission of Appeals composed of six Judges who now assist the Supreme Court without the power to vote and this amendment, if adopted, will make the six Commissioners full members of the Court with voting power on decisions.

Outpost Inns

Outpost inns is a method of architects and hotel managers for looking after the comfort of the weary motorist on the crowded highways when peace makes travel possible. These over night lodges will be in rural areas, small communities, on the outskirts of metropolitan districts. Just as banks and department stores have established branches in outlying neighborhoods for the convenience of us (an additional business), so the outpost inn is to serve as a branch of a hotel. They speak of a central building and cottages and it sounds like the overnight cabins one finds dotting the highways all over the country today. But no! These are to offer better accommodations than trailer camps and cabins, not like an ordinary tourist court. A year round proposition, they insist with the hotel service that is a standard not "just cabin service." Many a traveler can tell you of stopping in mighty fine cabins along the road where they had all the conveniences offered by a hotel except perhaps a phone and shoe shining service. Attractive rooms, nicely furnished, pretty drapes, spreads and blankets, heating, twin or double beds, modern baths in colored tile, writing paper provided, often a garage attached and even air conditioning. Restaurants are generally right at hand, too.

Some returning veteran with money to invest might investigate such a project.

More Doctors

The accomplishments of the Medical Corps are daily recounted in the press. Their record is indeed a noble one, their long-honored profession adding to its glory in this war. World War II has been a fight employing every device brain could conceive for slaughter. Yet, out of every hundred wounded, 97 of the soldiers are saved. Every man breathes gratitude to God and a revered profession. They continue to serve though peace comes. Doctors die in war, others take their place, for there is no let-up in healing. The releasing of many doctors to return to civilian practice, will help the many towns suffering from a shortage of medical men. We must still spare that hard-worked doctor, whose majority of cases are probably more serious than ours.

For Tomorrow?

It points of things to come, the statement made by the president of the United Automobile, Aircraft and Agricultural Workers, R. J. Thomas says: "I don't know whether one would say that we're going to pull the pin when the war ends, but there will be a lot of strikes. We will authorize strikes in every plant where a present grievance continues to exist." So we face strikes ahead while we are trying to work an effective re-conversion program. With labor threatening to quit, the nation tries to find jobs for men now unemployed. The idea of releasing the bomb as soon as war has ended, looks as though the leader of labor puts a time-limit on patriotism.

The old songs are the best because they haven't been given a modern interpretation, but when they are—then look out!

Pertinent Paragraphs from Panhandle Press

Items of interest culled from newspapers on the Times' exchange list.

We like a statement issued by Railroad Commissioner Olin Culberson recently in which he pointed out that people of the southwest need not and should not look for a wholesale migration of plant and factories from the north and east to our part of the world because new freight rates are to be applied based on the recent order of the Interstate Commerce Commission.

What the new rates eventually will do will be to give our part of the nation an opportunity to develop its own resources, to build factories and to distribute manufactured goods to which our resources and our business initiative best fit us. Our area will be able to do these things on equal basis with competing areas of the nation. Heretofore, we have been penalized. Industry which by natural laws would have located in Texas was forced to locate elsewhere by this artificial barrier.

Undoubtedly the date of the Interstate Commerce Commission's order will go down in history of the nation. No doubt the order will to a great degree untie the hands of people with initiative and new ideas in the southwest. No doubt a step has been taken to right a great and grave injustice. But the freight rate is only one of the factors, as the commissioner points out. Under wise leadership we must develop in our own way industries which fit our resources and environment.

That long-looked for and costly victory has been won. After six long years of dread of war and actual participation in war, the people of America, as well as that of the whole world, can now turn their thoughts to peacetime activities and the return of sons, brothers, husbands and fathers, and daughters, sisters and wives, from the various parts of the globe. They have made a good fight and are entitled to rest from war making.

Thousands have paid the supreme sacrifice, many of them from this county. There are many sad hearts because of that fact. I hope that all people of all nations have learned that war is futile and unnecessary, costly and barbaric, so that the loved ones of those who paid with their lives may be comforted with the knowledge that their loved ones did not die in vain.

All hope that the occupation of Japan will not turn into another Pearl Harbor, but will not know for sure until that occupation and disarmament has taken place.

From the time Germany started her conquest September 1, 1939, Americans knew that it would be a question of time until we would be in the big middle of fighting. The dread was there. Then came Pearl Harbor December 7, 1941. And the efforts that followed were strenuous and it was a long climb to the point where we began to get the best of the Axis. From then on it was a question of when the climax would be reached.

Russia entered the war against Japan, and the atomic bomb added soon brought Japan to her knees — the first time she has ever had to surrender in some 800 years.

No, we are not a reformer. We learned years ago that it was pure bunk to attempt telling people how to live or act.

The cigarette manufacturers did the most effective kind of advertising a few years ago when they pictured beautiful women with a cigarette between her teeth. Today, it seems that a large majority of the women around public places are smoking.

Whether this is good for the women, or good for the nation is something over which we have no control.

When Michael Arlen, author of "The Green Hat," was introduced to someone as an Armenian, the other man exclaimed, "If you're an Armenian, where are your rugs?" And when your columnist was introduced recently as an author, the other party snorted, "If you're an author, where's your dog?"

And, come to think of it, nearly always the photograph of an author shows him with his dog.

This deficiency—lack of a canine—was overcome when some friends asked, "How would you like to own a dog?" And so Bessie came upon the scene. Bessie was then one month old, a fox terrier, black and white. Her mother had been killed and now she was separated from her little brothers and sisters, so life was very sad to the pup and she whined continually despite kind words and petting.

There were a few bright spots in the day for Bessie, however — mealtimes. She would start lapping up milk and, as this continued, her short legs spread apart until her little body — now round as a keg — almost touched the floor. Then she would curl up and enjoy a nap.

Gradually, Bessie ceased to feel like a stranger and began to romp happily.

If someone objects that she isn't much of a dog, some good friend can be counted on to reply, "Well, but Boyce isn't much of an author, either."

Texans feel honored in the selection by President Truman of a Texan for the high office of Attorney Gen-

eral of the United States: Tom C. Clark of Dallas.

Many years ago, a humorously-inclined editor wrote an article in which he pointed out that in his city there were countless stray cats and that nearby was desert land which could be bought for a dollar an acre and that on the land were innumerable rats. He then proposed — just in jest — to buy a large tract, round

up the stray cats, skin them and sell the hides, and toss the carcasses to the rats. The cats would eat the rats and the rats would eat the cats, he said; thus there would be no overhead, everything would be clear profit and the whole thing would be self-perpetuating.

Some readers took him seriously and actually wanted to buy stock in the Cat-and-Rat Ranch!

There is no substitute for newspapers! That fact was clearly demonstrated during the recent 17-day strike of newspaper delivermen in New York. Surveys undertaken at the request of the Bureau of Advertising of the American Newspaper Publishers Association proved beyond question of doubt that the American public depends almost wholly upon newspapers for accurate information and guidance.

In the survey, the principal questions asked were: "You probably are getting most of your news from the radio. Is radio completely filling your need for news?"

During the first week of the strike, replies indicated 76.6 per cent as saying "No" and 23.4 per cent saying "Yes." But after the readers had been deprived of their newspapers for another week, the percentage was: 89.2 per cent "No," and 10.8 per cent "Yes."

Not only did the great majority of folks participating in the survey favor the newspapers for national and war news, but no less for local news and advertisements.

Landing Wheels of a Boeing B-29 Superfortress

You're Looking At A "Run-Down Heel"!

Out where the palm trees wave and they carve the air strips out of coral, the ground crews were going nuts.

It was the tires on those rear landing-wheels! Like the heels on a well-walked pair of shoes, those big tires just seemed to get an awful lot of the gaff.

Result—at one time those big rubber doughnuts were being chewed up and torn to shreds in about fifteen landings!

Suppose you had to have new heels after wearing a pair of shoes only fifteen times! It would mean plenty of expense, trouble, and bother, wouldn't it? Well mister, just multiply that worn-out heel on the B-29 by all the jeeps and peeps and planes and you'll begin to get some idea of Uncle Sam's rubber troubles!

That's why it was so important

that some way be found to keep America's mechanized might rolling on rubber. America's Synthetic Rubber Program had to work out!

Well, it did work out. And one of the most important reasons why it did was the tremendous production of butadiene—essential ingredient of synthetic rubber—by oil companies such as Phillips!

Today, we know that when you see the Orange and Black 66 sign, you think of good motor oil and gasoline. In the future, when peace comes, we hope you'll remember Phillips as one of the greatest producers of wartime butadiene, and of the essential chemical ingredients for medicines, explosives, aviation fuel, and dozens of other things vital to the defeat of Germany and Japan.

FOR VICTORY... Buy U.S. War Bonds and Stamps

eral of the United States: Tom C. Clark of Dallas.

Many years ago, a humorously-inclined editor wrote an article in which he pointed out that in his city there were countless stray cats and that nearby was desert land which could be bought for a dollar an acre and that on the land were innumerable rats. He then proposed — just in jest — to buy a large tract, round

up the stray cats, skin them and sell the hides, and toss the carcasses to the rats. The cats would eat the rats and the rats would eat the cats, he said; thus there would be no overhead, everything would be clear profit and the whole thing would be self-perpetuating.

Some readers took him seriously and actually wanted to buy stock in the Cat-and-Rat Ranch!

OUR COMPANY'S "HIGHLINE HIGHWAY" Vital to Victory

From our power stations—over our Company's "Highline Highway"—from town to town—to war plants, encampments and other military installations, flows the electricity so vital to Victory. Without his huge generating capacity and many miles of highlines, we would have been unable to accomplish our important job of helping win the war.

And, to the homes and farms, stores and shops, this same dependable electric service is on the job 24 hours a day at a cost which is the lowest in the history of our company.

With the 42nd Infantry (Rainbow) Division of the Third Army in Austria — The chain armor uniforms of an ancient era of war are inspected by 42nd Rainbow Division doughboys Sgt. John W. Flynt (left), of Wheeler, and Pfc. Herman W. Strauss of Taft, Texas. A vast armory of weapons, and uniforms hundreds of years old were found by the GI's in Tratzberg Castle, near Schwaz, Austria where the Rainbow Division is stationed as semi-permanent troops of occupation. The 453 year old structure served as an Alpine vacation spot for generations of Hapsburg emperors. The Countess Enzenberg today occupies a small room in the castle and supervises the scrupulous maintenance of the building in addition to conducting tours for American soldiers. Sgt. Flynt is the son of Mr. and Mrs. Charles Flynt of Wheeler. His wife, Leta, lives at 2048 Drescher St., San Diego, California. Inducted in June 1943, Flynt was assigned to the Rainbow Division at Camp Gruber, in October 1944. As a platoon leader of a heavy machine gun squad he participated in the famous 42nd's 450 mile smash from the Hardt Mountains in France, through the Siegfried Line, across the Rhine and Danube Rivers into the very heart of Nazi Germany. He wears the coveted Combat Infantryman's Badge awarded for exemplary performance of duty in ground combat.

LEGAL NOTICE

(First published in The Wheeler Times August 23, 1945) 4tc

CITATION BY PUBLICATION OF THE STATE OF TEXAS

TO: The Unknown Heirs, Devisees, Legatees, and Legal Representatives, of Paul Jenson, deceased. Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 8th day of October, A. D. 1945, at or before 10 o'clock A. M., before the Honorable District Court of Wheeler County, at the Court House

in Wheeler, Texas.

Said Plaintiff's petition was filed on the 21st day of August, 1945.

The file number of said suit being No. 3624.

The names of the parties in said suit are: P. S. Darlington as Plaintiff, and The Unknown Heirs, Devisees, Legatees, and Legal Representatives of Paul Jenson, deceased, as Defendants.

The nature of said suit being substantially as follows, to-wit:

Suit in trespass to try the title to the following described real estate located in Wheeler County, Texas, to-wit: All of the Northeast Quarter (NE 1/4) of Section No. 2, B. S. & F.,

Original Grantees, Certificate No. 1665, and containing 160 acres of land, more or less, and alleging that on Jan. 1, 1943, plaintiff was the owner of said land in fee simple title, and was in possession of the same, and that on Jan. 2, 1943, the defendants unlawfully entered upon and dispossessed him of such land and premises. Plaintiff also pleads the four year statute of limitation against all unreleased liens, and all encumbrances, and apparent encumbrances against said land, and against defendant, and also pleads the Five and Ten Year Statute of limitations, against any claims of the defendants in and to said land. Prayer is for title

and possession of said land, and that defendants be decreed to have no title, right or interest in and to said land, and that any encumbrance or apparent encumbrance, or unreleased lien or liens against said land, be held to be barred by the four year statute of limitation, all cost of suit, and general and special relief, etc.

Issued this the 21st day of August, 1945.

Given under my hand and seal of said Court, at office in Wheeler, Texas, this the 21st day of August A. D. 1945.

1944-45 Cotton Loan Extended

The Department of Agriculture has announced that the Commodity Credit Corporation will continue to carry 1944 cotton loans, with the producer having the right of repayment after the maturity date of the notes on July 31, 1945. The loans will be carried in past due status for an indefinite period, subject to call by the Corporation. This will permit producers to repay their loans and obtain possession of the pledged cotton or to sell their equity in the cotton after July 31, 1945, in the same manner as prior to the maturity date of the notes.

1945 Cotton Purchase Program

Following are the details of the 1945 cotton purchase program to be operated by the Commodity Credit Corporation, U. S. Department of Agriculture, under provisions of the Stabilization Extension Act of 1945.

Lending agencies are prepared to purchase cotton under this program. Therefore, farmers should get full details before disposing of their 1945 cotton as several thousand dollars were lost in 1944 by producers failing to take advantage of this opportunity.

Purchase Prices: CCC will buy 1945-crop Middling 15-16-inch cotton, basis gross weight flat cotton, at Memphis, Tenn., at the following schedule of prices in cents per pound for the months indicated: August 22.15; September 22.20; October 22.25; November 22.30; December 22.35; January 22.40; February 22.45; March 22.50; April 22.55; May 22.60; and June 22.65.

Premiums and discounts for grades and staple lengths, and location differentials under the purchase program will be those in effect under the 1945 loan program. An allowance of 20 cents per 100 pounds in Arizona and California and in all other States outside the zoned area will be made for cotton compressed to high density. An allowance of seven pounds will be made on bales covered with cotton bagging.

Purchasing agencies will be approved by the Corporation to purchase cotton. The purchasing agencies, in general, will be local banks and others approved as lending agencies under the loan program. Requests for approval as purchasing agencies should be directed to Commodity Credit Corporation, Regional Office, New Orleans, Louisiana. Purchases will be made direct by the Corporation only where facilities are not available to handle the cotton through purchasing agencies.

Purchasing agents will pay the full purchase price to the producers upon the tender of warehouse receipts and sales agreements. Producers are not required to pay the purchasing agency any fee for the preparation of sales documents that are used in connection with the purchase program. Purchasing agents will receive a fee of 50 cents per bale, to be paid by the Corporation, for services rendered in handling purchases, and to

Cowboy in the Clouds

Charles Starrett will be at the Rogue Friday - Saturday, August 24-25, in a western picture called Cowboy in the Clouds. In this one the boys will use airplanes as well as horses to accomplish their missions. We feel that this modernized version will add a lot of suspenses, as well as action, to the story.

Practically Yours

Fred MacMurray and Claudette Colbert bring a hilarious comedy drama to the screen in Practically Yours. It's all about a G. While on the other hand her mind seems to be made up. We believe you will thoroughly enjoy Practically Yours at the Rogue Preview - Sunday - Monday, August 25-26-27.

Woman in the Window

Edward G. Robinson and Joan Bennett furnish the star power in Woman in the Window which comes to the Rogue Wednesday - Thursday, August 29-30. Here we have a combination of love, intrigue, drama, mystery, and romance. In fact, there are certain elements of this picture that will appeal to everyone who sees it. cover interest on the funds advanced to producers. If the purchasing agent so elects, reimbursement to him will be made by issuance of the Corporation's demand note bearing interest at the rate of one per cent a year.

Purchase Requirements: Cotton will be purchased only from farmers who produced the cotton in 1945 and who have retained their interest in the cotton at all times. Cotton will be purchased when stored in warehouses approved by the Corporation and the producer will pay all charges on the cotton until the date of purchase. The cotton must be classed by a Board of Cotton Examiners of the Department of Agriculture on the basis of samples submitted by warehouses, except that the classification of cotton classed on a Form 1 memorandum will be accepted. The classification of cotton previously classed for the loan program will be acceptable under the purchase program. Only qualities of cotton will be purchased for which a loan schedule has been announced on the 1945 crop.

United War Chest To Hold Conference At Amarillo August 30

War chest leaders from this area will attend the United War Chest regional conference at Amarillo Army Air Field, Amarillo, Thursday, August 30, 1945, will hear from one of America's prettiest and most talented USO-Camp Shows entertainmenters a report on services being provided for our fighting men through agencies of the National War Fund.

At the same time, while laying the groundwork for the October war chest campaign in Texas, they will hear from one of the nation's most outstanding battle heroes a personal account of the fighting abroad.

The USO entertainer, Miss Paula Bane, has just returned from a tour of both the Atlantic and Pacific fronts, during which she sang for thousands of American troops. She will appear at the war chest conference in uniform, to tell of USO work abroad in an informal talk entitled, "This is the Foxhole Circuit."

Capt. R. G. Morere, twice-wounded battle veteran and holder of the nation's second highest award for bravery, will give a first-hand account of modern warfare.

Captain Morere is now a patient at McCloskey General Hospital, where he is recuperating from serious wounds, but volunteered to make a tour of Texas because of his intense interest in the success of the National War Fund Drive in Texas.

Judge W. N. Stokes, chairman of war chest Region 18, will preside at the conference, at which Wayland D. Towner, general manager of the United War Chest of Texas, will discuss plans for another over-the-top campaign in Texas. The meeting will be attended by war chest leaders and workers from every county and com-

PRETTY PAULA BANE, USO-Camp Shows Singer (top) and CAPT. R. G. MORERE, holder of the nation's second highest award for bravery, will be principal speakers at regional conference of war chest leaders. At the conference, plans will be laid for the October Campaign on behalf of the National War Fund.

munity in the region. All local persons interested in the October campaign have been invited to attend.

The conference will open at 10:00 a. m. Following the business discussion, all delegates will be guests at luncheon.

During the afternoon, the entire group will be conducted on a tour of the Amarillo Army Air Field.

"THE OLD GRAY MARE" EDUCATED HORSE ACT TO BE STAGED AT ACKLEY PARK

Elk City, August 23 — Ken Boen and his educated horse act, "The Old Gray Mare," which has been featured at the Madison Square Garden Rodeo in New York for the past six years, will be seen for the first time in Oklahoma at the Ackley Park rodeo in Elk City on September 1 and 2.

Other specialty acts will include trick riding, trick roping, clowns, high jumping acts, juvenile buffalo riding and others. These added to the main contests of calf roping, bronc riding, steer wrestling and steer riding will make the two-day event western Oklahoma's greatest rodeo.

A big free street parade will be seen at 11 o'clock Saturday morning, September 1, with rodeo performances at Ackley Park set for 2:30 and 8:30 p. m., and also at 2:30 Sunday afternoon, September 2. Cheyenne Indians in colorful tribal dress, clowns, floats, and many of the Southwest's best horses will be featured at the street parade.

Sport of the old west will be seen at its best in Elk City on September 1 and 2. Increased prize money will attract many of the nation's top-flight rodeo contestants. Some are coming direct to the Elk City show from the Colorado state fair at Pueblo.

Lynn Beutler will again be arena director and he promises three rapid-fire performances for the pleasure and entertainment of the rodeo fans.

5 Good Country Tricks for Saving More Used Fats

This year our domestic supply of fats and oils will be approximately one and one-half billion pounds less than last year. Right now, we are facing our worst fat shortage since the war began. To make up for this staggering loss, the government is depending on the women of America—and particularly women on farms and in smaller cities.

Every spoonful, every drop of fat is needed to help make battlefield and homefront essentials. So roll up your sleeves and do an all-out job, won't you? Clip this checklist and pin it up in your kitchen as a reminder.

1. FRIED SALT PORK—with milk gravy. Salt pork yields so much grease, you won't need it all for gravy. Pour the rest into the salvage can.
2. DEEP FAT FRYING—use the fat over and over, but when it's too dark and smelly to use any more, don't forget Uncle Sam wants it!
3. ROASTS AND CHOPS—save all trimmings (scrapes from plates, too.) Keep them in a small bowl; once a week melt them down.
4. SAUSAGES—they're better if you parboil them first. Skim the fat off the cooking water—scrape the fat from the frying pan.
5. CHICKEN SOUP—chill it before you use it. Scoop off the hardened grease (soup tastes better, too!)

When the salvage can is full, take it to your butcher promptly. He will give you 2 red points and up to 4¢ for every pound of used fat you turn in.

100,000,000 More Pounds of Used Fats Are Needed This Year
Approved by WPA and OPA. Paid for by Industry.

Amendment Election

(Continued from First Page)

Amendment No. 4. This amendment, if adopted, will empower the Legislature to increase the amount for old age assistance from \$15.00 per month, (as now provided by the Constitution) to \$20.00 per month of State funds to be matched by the Federal Government with a like amount, which in effect

would be, with both State and Federal money, the pensioner could be paid an amount up to \$40.00 per month.

This amendment further provides that a maximum of Thirty Five Million Dollars can be raised by the State for its part in expenditures for the needy aged, the needy blind and needy children under 16 years of age.
