## Banquet to Launch Mobeetie Church Building Campaign

The formal opening of the church building campaign of the Mobeetie Methodist church will be held in connection with a banquet there next Monday evening, October 15. The program will begin at 6:30 and Rev. Hugh H. Hunt, Wheeler Methodist pastor, will speak on "The Building in the Kingdom of God." Rev. E. D. Landreth, superintendent of the Clarendon District will be master of ceremonies and will open the solicitation campaign. Membership of the church, together with their many friends and neighbors, are urged to be present. Following the banquet will be a worship service conducted by Rev. Landreth who will also hold a short session of quarterly conference for the Mobeetie charge. The Mobeetie Methodists are holding a revival and the public is cordially invited to attend these meetings as well as urged to be present for the banquet Monday night. Rev. Homer Salley is pastor of the Mobeetie charge.

## County Has 282 Less Farms Than Five Years Ago

The number of farms in the County of Wheeler, as shown by the preliminary count of returns of the 1945 Census of Agriculture, was 984, as compared with 1,266 in 1940, and 1,763 in 1935. This was announced today by Weldon L. Boyles, supervisor for the 1945 farm census in the First Texas Census District with headquarters at Panhandle.

The total land in farms in Wheeler County, according to the preliminary 1945 census count, was 432,385 acres, as compared with 563,707 acres in 1940 and 520,317 acres in 1935. Average size of farm shown in the preliminary 1945 census count for Wheeler County was 439 acres, as compared with 445 acres in 1940, and 290 acres in 1935.

In announcing the 1945 census total of farms and land in farms in Wheeler County, Supervisor Boyles pointed out that the figures are preliminary and subject to correction. Final tabulations of Wheeler County farm census returns will be made by the Bureau of the Census and announced from Washington when completed, Mr. Boyles said.

## Mobeetie Makes Plans For Hallowe'en Carnival

The annual Hallowe'en carnival will be held at the Mobeetie high school gymnasium on Friday night, October 26. The doors will be open at 7 o'clock and the general admission is free.

Money spent at the school carnival will serve a double purpose — everyone is assured a good time and the money will be used for a good cause.

## J. B. Calcote's Nephew Dies Of Wounds On Okinawa

Pfc. John Dell Calcote, 23, of the Aberdeen community, near Wellington, died on Okinawa June 21 of wounds received two days earlier, his wife was notified recently by the war department. The nephew of J. B. Calcote of the Kelton community, was the son of Mr. and Mrs. John R. Calcote. He was born at Hollis and moved to Wheeler county while a child. The family moved to the Aberdeen community three years ago. He was married to Miss Thelma Raper in November, 1943. She and their 8-months-old son, David Lee, have been making their home with his parents and her parents, Mr. and Mrs. T. C. Raper of Quail.

In addition to his wife, son and parents, he is survived by five brothers and sisters, Miss Juanita Calcote, Miss Lorene Calcote, Miss Ruby Calcote, Roy Calcote and Raymond Calcote.

Misses Josephine and Patsy Ruth Noah were in Canadian Tuesday.

## NEWS OF OUR MEN—WOMEN IN UNIFORM

Private First Class Roy M. Bradstreet, son of Mr. and Mrs. Marvin N. Bradstreet, Wheeler, was among returning veterans arriving at Brooke Convalescent Hospital, Brooke Hospital Center, Fort Sam Houston, Texas.

Bradstreet served overseas ten months with Company A, 120th Infantry Regiment, 30th Division, in the European Theater of Operations. He saw combat in France, Belgium and in Germany, where he was wounded. He is entitled to wear the Purple Heart, Combat Infantryman Badge, and The European Theater of Operations ribbon. Bradstreet returned to the United States March 6, 1945.

Private Bradstreet entered the Army in August, 1943.

After processing in the Receiving Company at Brooke Convalescent Hospital, patients are assigned to various companies, depending upon the nature of their wounds or injuries, where a company medical officer personally supervises their return to full health.

Chabua, Assam, India — Pfc. Herman O. Topper, son of Mr. and Mrs. George Topper of Sweetwater, Okla., is a member of the 165th Ordnance Tire Repair Company, which has been awarded the Meritorious Service Unit Plaque.

The 165th has been operating in this area since May, 1944. Up to VJ day, the unit had a record of 98,449 tires repaired and 48,610 tubes repaired. All personnel have been awarded the bronze service star for the Burma campaign and all company men have also received Good Conduct Medals. The men will be authorized to wear the gold wreath on their sleeves to indicate receipt of the Meritorious Service Unit Plaque.

Alton Nations, AMMFLC, who has been overseas since September 1944, arrived in Seattle, Washington Monday from Tokyo. He will be home soon to visit his wife, Mrs. Wanda Nations, daughter and parents, Mr. and Mrs. O. Nations.

Pfc. Darville E. Atherton, son of Mr. and Mrs. Floyd Atherton of Briscoe, writes that he is being sent with the First Marine Division into Northern China for occupation duty. He had hoped to be home by Christmas but says it may be March before he gets to come home. Atherton went through the battle of Okinawa without an injury.

Pfc. Eugene L. McClain and Cpl. William T. McClain arrived the first of the week for a visit in the home of their mother, Mrs. R. L. McClain. The boys have served in the European theatre of war since early in 1943.

Lt. William A. Leonard arrived home Thursday last week after receiving his discharge from the army. He volunteered for service and left May 12, 1942 and spent several months overseas. His wife and son, Billy, who have been making their home in Miami, Fla., are with him. His brother, Sgt. Dinzal D. Leonard, is home on furlough. He has been in the army for two years and eight months and has spent 16 months overseas. The past 11 months have been spent in the hospital after his being wounded in Germany. The boys, sons of Mr. and Mrs. R. B. Leonard of Mobeetie, are enjoying their visit with each other as well as with their parents and other relatives and friends.

Out of town visitors have included Mrs. Fay Bearden and daughter, Mrs. Jim Johnson, of Lefors, Mrs. Ben Anderson of Olton, Mrs. Doshia Dix and daughters, Johnndelen and Mrs. Garner, of Dalhart, Mrs. H. B. Patterner, Maxine and Evelyn of Pampa, Mrs. Ernest Seitz, Ernestine and W. T. of Amarillo. W. T. has recently received his discharge from the army.

Sgt. Dinzal will report back to Hammond General Hospital for treatment. The two other sons of Mr. and Mrs. Leonard are still in service. Mrs. Leonard is stationed in North Carolina and Aubrey Lee is in Brazil.

## Funeral Services Are Held For Grady Young

Funeral services were held at 3:30 p. m. from the Clay Funeral Home in Shamrock Monday for Grady Young, Shamrock, who died in Amarillo Saturday afternoon. Mr. Young had been in bad health for the past four years. The former employe of the Puckett stores of Shamrock and Wheeler resided in Amarillo. He is survived by his wife, a son in the army and a daughter of Ft. Worth. Interment was in the Kelton cemetery.

## Gene Matthews Elected To College Who's Who

Gene Matthews, son of Mr. and Mrs. Homer Matthews of Mobeetie, received one of the highest honors his college could give him this week. Mr. Matthews, a junior student at McMurry College, Abilene, Texas, was elected to the membership of the National Who's Who in American Universities and Colleges.

Students are elected to the Who's Who on the basis of character, leadership, scholarship, and potentialities of future usefulness to business and society.

Gene made a new record when he was elected vice-president of the Students Association during his freshman year. He has served as president of Theta Tau Mu, one of the boys social clubs on the campus, and at present is president of the junior class and head yell leader.

## WAR FUND DRIVE LAGGING BEHIND IN FIRST REPORT

Harry Wofford, local chairman of the United War Chest drive which opened October 1, reports this week that contributions so far accounted for in the drive amount to only \$200 compared with a north side county quota of \$1,400.00. This, of course, does not include all collections to date since several community committeemen have as yet made no report.

Dr. V. N. Hall, first local committeeman to report, lists the following contributors: Hibler Implement Co., \$10; Bowen Implement Co., \$10; Percy's Garage, \$5; Owen's Service Station, \$5; Mrs. Dorris Forrester, \$5; Clarence Robinson, \$5; Wheeler Lockers, \$5; Lawrence Hatchery, \$5; Farmer's Service Station, \$5; Shamrock Service Station, \$5; Wheeler Co-op Gin, \$5; Tillman and Traylor, \$3.50; Wheeler Laundry, \$2.

A collection on the down town streets Saturday amounted to \$75.

One change of community committeemen was noted by Wofford who stated that Henry Hink and Albert Johnson will be responsible for the drive in the Kelton community in place of the committeemen formerly named.

"Be Generous in Victory" is the slogan in this last national war fund drive. End of the war, which has given men of the armed forces more leisure, has increased the demands on war fund agencies in most overseas theaters. Curtailments in some areas have been offset by new demands elsewhere. Victory brought demands from peoples of former German-occupied countries for the Allied Powers to make good their wartime promises of much needed relief.

Wheeler county has gone over the top in both previous drives.

The current, going-out-of-business drive is intended to support these agencies until most of them cease their activities. In addition to financing operation of 3,000 USO clubs and units, the United Seaman's Service, and other activities for the benefit of the American service man, the war fund makes possible regular shipments of food to Greece, China, and European countries which until recently were starved by the Axis; shipments of medical aid and supplies to civilian populations of these countries; sending of clothing to those who have lost their homes; providing of seed for replanting and giving assistance to war-displaced refugees.

Such relief, extended in areas occupied by American troops, makes the work of these service men much easier and safer.

"American military forces and our allies have won the war; we cannot let them down now," Wofford said.

L. C. Jones Dies Early Wednesday  
L. C. "Casey" Jones, 56, died at a Shamrock hospital at 4:00 a. m. Wednesday morning, October 10, after a critical illness of three days. His death was due to a ruptured main artery, caused two years ago September 15. He had been in ill health since that time.

Funeral services will be held at 2:30 p. m. today from the Wellington Methodist church with the Rev. Marvin Norwood, Shamrock pastor, in charge. Masonic rites will be held at the Wellington cemetery where interment will take place. The former resident of the Wheeler and Shamrock communities also resided at Wellington for a number of years where he was in the car business. While living near Wheeler the Jones family made their home two miles east of the city.

Mr. Jones is survived by his widow: one daughter, Mrs. Mannon Nix, and one granddaughter, June, of Shamrock. Three brothers and three sisters also survive.

Mrs. Holt Green attended a finger wave, cold wave permanent demonstration in Amarillo Sunday.

## VICTORY LOAN QUOTA IS SET AT \$225,000

R. J. Holt, Wheeler County War Finance chairman, has been advised by state chairman Nathan Adams that the Victory Loan Drive quota for Wheeler county has been set at: Series E, \$140,000 and over-all, \$225,000.

"We are approaching this final drive with the knowledge that it won't be easy, but with the greatest determination we have had during the entire war financing program to see it succeed. Certainly we must not fail to back our country in Victory with our dollars. Costs of demobilization, rehabilitation, care of wounded and contract termination are tremendous. We must finance this final phase of the war in the same sound way that we have the actual period of hostility. It is a great duty and privilege to invest in Victory!" the state chairman wrote Holt in a letter received this week.

The drive starts on October 29th and closes on December 8th, with the tabulation on Series E, F and G Savings Bonds and Series C Savings Notes running through December 31.

## 1945 Cotton Storage Condition Explained

In commenting on the 1945 cotton storage situation that has developed in Wheeler county, V. B. Hardcastle, ACA administrative officer, today made the following comment:

"As some seemed to misunderstand an article quoted elsewhere in this paper, I wish to give the following explanation. I quoted that I had been advised by local warehousemen that storage will be available for most all of the 1945 cotton crop, if not all.

"After further check with warehousemen this statement stands as is under the following conditions. Warehouses are badly congested with old cotton and warehousemen handicapped with labor shortage. Shipping orders have been received for several hundred bales of cotton that must be moved before help and room is available for new cotton. While discussing the storage situation with warehousemen, I personally read and was informed of information showing that unlimited efforts have been made by them to get old cotton moved out in order to take the new crop.

"Cotton producers should make arrangements to hold their cotton until such time that storage is available. Farmers that do not have buildings for farm storage should discuss this matter with their ginners and make arrangements to hold their cotton on gin yard until movement can be made. Your ginner can advise you how cotton held in this manner can be cared for with the smallest amount of damage."

## Baptist Workers To Meet On October 18

The program of the North Fork Baptist Association Workers Conference to be held with the Briscoe church on Tuesday, October 18, has been announced. The meeting will open at 10:30 with a song service led by Duward Price followed by a devotion conducted by W. E. Brown.

Mrs. W. D. Howell of McKinney, Texas, who is recording secretary of the Texas W. M. U. will give a 30 minute report on associational work, followed by mission reports. Following special music by the Briscoe church a sermon will be brought by Rev. Clifton Tension, pastor of the First Baptist church of Shamrock.

W. M. U. and board meeting will be held after lunch, followed by a song service. Miss Inez Lung of Austin, will be presented in a 30 minute program starting at 2 o'clock after which Rev. B. L. Higdon will bring a message. Adjournment will be at 3 o'clock.

## H. D. COUNCIL TO MEET OCTOBER 20

The Council to the county home demonstration clubs will meet at 2:30 o'clock Saturday afternoon, October 20, in the district court room. This meeting, one week earlier than regular schedule, is for the purpose of completing programs for the new yearbooks.

As new officers for the coming year will be elected at this meeting, all council members are urged to be present.

Mr. and Mrs. Holt Green, Mrs. L. J. Shoop and son, Sherman, of Amarillo visited Mr. and Mrs. S. G. Holley in Littlefield Sunday night and Monday. Little Billie Joe Holley returned to Wheeler with them.

Mrs. C. E. Vincent returned to her home in Lefors today after a visit in the R. J. Holt home.

Mrs. J. C. Moore, Sr., is reported to be seriously ill in a Dallas hospital after undergoing a major operation.

Mrs. F. C. Peace of Mobeetie was a Wheeler caller Tuesday evening.

**Pertinent Paragraphs  
from Panhandle Press**

Items of interest culled from newspapers on the Times' exchange list.

It is interesting and reassuring to learn how many of our young veterans are coming back home determined to go to school again. War apparently is not only a school in itself, but an experience which gives a young man a pretty good outlook in sizing up the world and estimating present and future values. Here, for example, is the way one young photographer's mate sizes up the situation.

"I'm pretty well convinced," he says, "that for the long pull I'll go farther if I have a college education. It seems kind of odd to go to college after I get out of service, but there are plenty of others doing it these days, and I guess it's the smart thing to do."

The new system adopted by Uncle Sam for helping to educate such of his fighting boys as want it is one of the finest ideas that ever came out of a war, and wise are the lads who make the most of it.

—Amarillo Times

The whole dairy industry of this region is threatened by the stringent rules now being enforced by Federal inspectors. The first step for every cream producer to take is to make a serious effort to keep his cream fresh and clean. Observe every rule given you in the recent advertisements in this paper. Milk your cows in clean places. Keep your cream cool. Sell it at least twice a week. And strain it with strainers approved by the Federal inspectors. An intensive effort will lay a foundation on which the dairy farmers can take action in an effort to save the industry here in the southwest. Spare no effort to live up to every requirement. Remember that it is not the local cream stations that are making these demands. It is the Federal Government.

A food such as sweet cream must be kept pure and wholesome. But even so there are some aspects of the present rigid enforcement that should be brought to the attention of our Congressmen and our Senators. This matter does not apply to the Wellington trade area alone. It applies to this whole area.

—Wellington Leader

As one congressman remarked the other day. It is right down disgraceful, discouraging and criminal to draft any boy out of school before he is 21 years of age. Most boys will never be persuaded to return to school work, after being drafted out of school because their class mates are so far ahead of them, and studies have been broken into, hence they never return to school again. By proper management and inducements, we will be able to get all the volunteer's inflation show us when we are well off, can't we be satisfied until we get back on a reasonable level for people who want to work? The patient shows fever, the pulse is rapid, prosperity is mistaken for prostration, anguish and suffering will soon follow the pain pangs unless a purging is effective.

**Victory Loan Drive**  
Continued faith in this country, in its courage and its future, its striving to arrive at a normal balance, its hope to reduce indebtedness through wars needs, calls for action from Wheeler county in the Victory Loan Drive of October 29. The campaign is to bring additional sums to the Treasury for costs that come with war's end. Listed among these is mustering-out pay, expense of returning troops home, rehabilitation, hospitalization, contract settlement. This government will need this money by December, to finish up the job. With this post-war prosperity, our national savings will put the drive across.

**CLEAN**

AS A HOUND'S TOOTH!

That's  
**Phillips 66**

THE HONEST OIL—FROM DEEP  
IN THE HEART OF OKLAHOMA!

Brother, if you want a clean, sweet, protective oil for your car—lay your dough down for Phillips!

It's clean because it starts clean, and we refine it cleaner. Yessir, we've got a grudge against sludge—and the greatest cause of engine gunk and muck is an oil that isn't as clean as it ought to be.

And the greatest thing about Phillips 66 is—all its God-given lubricating qualities are unimpaired.

We don't claim the credit for this wonderful oil. We just had enough sense to recognize a great job by Mother Nature—to take it out of the ground—and not to fool with it too much!

So when you change your oil every two months (as you should if you want to keep a car under you) just tell that man—"Fill 'er full o' Phillips!"

You won't find a more honest, natural lubricating oil in America!

*"Fill 'er Full o' Phillips!"*

**Be Generous In Victory**

The war has ended and once again the world basks in the light of peace.

Yet millions of American service men remain in foreign lands, as far from home and as lonely as when the guns still roared. And in war-torn lands throughout the world other millions wander in hopeless misery. They are our liberated allies—little children, the aged, the maimed and the starved.

Unless we help them, all that we fought for will be forgotten. Unless America extends a helping hand, the peace will be lost, though the war has been won.

And as long as a single American lad remains abroad, there can be no thought of abandoning him. Wherever they may be, whether standing guard in battered Germany or on some lonely Pacific isle, we at home must continue to serve our men who won the glorious victory.

The United War Chest Drive which opened October 1 is the last fundraising campaign ever to be started by the National War Fund. In appreciation of the sacrifices of our fighting men and our allies, it must be the greatest in success.

We, as free Americans, must be as generous in victory as we were determined in war.

We can't let them down now!

**Getting Sicker Daily**

Labor unions warned us that when the war was over we were in for it, and here they come, ready or not! The daily walk-out of workers pinches the entire nation. Cleveland and Detroit nursing their ills, strikitis spreads to more Midwest and Southwest cities and the contagion increases. Asking here for less hours, there for more pay, the nation is in the grip of an illness that will eventually so affect us that we will become a mighty sick country. We know the symptoms of the disease but like the common cold, who knows the cure, if there is one? Inflation is the most devastating after-effect of strikitis and leaves its victim in such a weakened state he spends precious years of his life, recovering. Many cases have been lost through the infection of inflation. The bereaved afterwards, in most cases, wore sackcloth and ashes for knowingly permitting the illness to progress to such a degree when they knew a cure could have been effected earlier. IS THERE A DOCTOR IN THE HOUSE?

As the refineries close, fuel oil output diminishes, transportation affected, some cities already voluntarily rationing themselves, conferences called to prevent new strikes, steel plants halt due to shortages of fuel oil, next winter's heating already damaged, filling stations closing hourly. And in the next column of a front page newspaper is Florida's prediction for 175,000 state jobless within a year. Closing down, opening up, zigging, zagging, high wages, higher prices, empty pockets, bread lines, dole! And the middle class sits with his same income as before the war, his pension or retirement fund just as usual, going his unheralded way, backing his country, supporting his family, holding up his head in the face of the storm, wiping his glasses as he reads the handwriting on the wall. What are we planning on doing to ourselves, can't the lessons of other

teers over 21 years of age to handle the army, navy and marines. Probably we could get twice as many volunteers as we need if we stopped this eternal drafting of boys in peace time. There is a "nigger in the woodpile" and a free nation should find out where he is located and get him out.

—Claude News

An observer of events in Washington says that Truman is at the critical point. He must take a definite stand or he will lose out with the probable result that he will be defeated in 1948. This is the way things are shaping up: The radical element in the nation want no one but Wallace: The conservatives thought that Truman was going to the right, but are now disappointed in him. He is left sitting high and dry between the two fires with neither side claiming him. Roosevelt allowed domestic problems to pile up while he put his whole mind and soul into the war. Truman has these problems on his back, and there is no side-stepping. The war is over; the big problem of peace is not

troubling the average American so much as it is troubling the President. We hope that Truman will be able to get hold of domestic issues before the nation swings to the Republican party in 1946.

House numbering in Hereford is erratic—and that's putting it mildly, according to B. & P. W. club members who this week discussed the matter of getting correct numbers on houses and having Hereford street names properly marked. Examples of numbering "Hereford style" included houses on the same street—and with the same number. And Cecil Williams declares that she knows of

one Hereford woman who said that she choose her house number "out of a hat."

Anyway, the club is trying to do something about this matter. And any newcomer—or old timer for that matter—who has engaged in the pastime of knocking on wrong doors and starting out to find a certain street with the vague idea that it is "on the east side of town" would like to see the numbering project succeed.

20 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

### One Decent Jap Found By Capt. C. Fillmore

All of the Japs weren't bad — there was one encountered during his 41 months of imprisonment who seemed fairly decent, Capt. Clyde C. Fillmore, adjutant of Battery D of the "Lost Battalion" reported upon his return to Wichita Falls Sept. 29.

One sergeant, who spoke a little English, treated the prisoners well. "But I imagine some of the other groups of prisoners weren't so fortunate and didn't find even one decent Jap," the captain, former assistant district attorney, grinned.

Back at last to his family, Mrs. Thelma Fillmore and daughters, Lynell, 7, and Carol Beth, 11, the captain has discovered that everyone he sees looks "fat and healthy and well dressed, and the girls all seem to be beautiful."

Captain Fillmore made the heart-breaking, back-cracking journey assigned to the gallant band of Texans who surrendered in Java March 8, 1942. From the tea plantation where the Texans realized futility of further resistance to 80,000 Japs, to Bicycle camp near Batavia, to Singapore, to Prial, to the terrible railroad camps through Burma and Thailand, to Tamarikan, to Chungkai and Kanberri, to Bangkok, the Texans marched grimly, doggedly, burying their dead, adding new pages every day to the chronicle of gallantry under the most trying conditions a brutal cap-

tor and a miserable climate could impose.

"There was never any doubt in any of our minds that the United States would win the war," the captain recalls. "But we were worried that the United States might not win before we had lost."

The members of the "Lost Battalion" and the survivors of the USS Houston all freely predicted the end of the war. "There were 'two-month men' and 'six-month men,' depending upon their optimism," the captain recalls. "We lived from period to period, and when one expired without liberation, we would set another."

Bombed in a prison convoy almost a year after the fall of Java, the Texans saw their first sample of American air power, but it was more than a year before they saw American planes again. Stationed at Tamarikan, in Thailand, their camp was surrounded by military objectives — two bridges, a dock, a rail line, several ack-ack batteries — and the B-24's came over from India.

Encouraged by the sight? "Yes," said the captain, "and terrified, too. We didn't worry much about Japanese bombing, but when those big planes came over it was different. It's terrifying when they're against you instead of with you. They looked like a man emptying his pocket of small change."

Some of the prison huts were hit and 18 men were killed. None of these were Americans, who were out

in a prison parade at the time.

The beatings were frequent and severe. "The Japs used to hide behind something and when you failed to see them and salute they'd step out and say 'no salute. Why no salute?' and you'd try to explain, knowing they didn't understand. They screamed louder and louder, finally working themselves into a frenzy, and then the beating would start."

One time the captain saved himself from a beating by quick thinking. One big Japanese sergeant, Ah Ra, a 175-pounder who said he was a former prizefighter, was sitting on a log over a pit half full of water, washing the mud off his leggings. Arising, he held out his hand to Fillmore to help him off the log. The captain, caught unawares, slipped and the Jap fell into the water, which reached to his waist.

"I knew he had lost face," the captain said, "so I started teetering and tottering and finally let myself fall into the water with him. He laughed and we were great friends there in the water. Yes sir, I made it a real comedy fall."

Captain Fillmore maintained a diary most of the time, listing as best he could the names of the Jap captors, known mostly by nicknames, and the events of the almost eventless days. The diary was lost just before he started back to the United States.

But with many other Americans he was closely interrogated by American intelligence officers and told them all he could about prison conditions. Much evidence of this sort is being compiled for possible use in war crimes prosecutions.

The food, already described by other survivors, was terrible. "If we brushed the worms and bugs out of it, we lost our only meat rations," the captain grinned. Like many other prisoners, he managed, only too infrequently, to supplement his meager menu by trading. He went into captivity owning four watches and five rings, prepared for the emergency, and managed to sell them to friendly Chinese or to the Japs themselves.

One ring brought 80 rupees, but the best trade he made was for a 17-jewel watch. It brought four cans of pork and beans, three cans of sardines, two cans of salmon, two cans of beans, two bottles of sake and 100 native cigars. "That was a wonderful trade, because any of those cans would have brought me \$10 if I had sold them," he recalled.

When the end of the war came, the men were not overjoyed, but managed to raise a few cheers. It had been expected so long that it was hard to believe. The news came Aug. 15, when the group was under orders to proceed 47 miles beyond Bangkok into a new officers camp. They refused to move, told the Japs they expected to wait in Bangkok for release. The Japs, until this time very unreasonable, could not refuse.

"We marched about seven miles to

a 'go-down' or dock," the captain said, "and on the way we saw a native coming with four quarts of milk. We ran over to buy them. The Japs told us to fall in and the native was scared, but we told the Japs to chase themselves, and they didn't dare get tough. We bought that milk for \$3 a quart, the first we'd had in four years." Later on the men ate as much as they could hold, purchasing bananas and other foodstuffs from the natives.

At Bangkok American transport planes came for the prisoners and they were speedily evacuated, about 150 of them Americans.

Back home at 1621 Lucile, the captain is getting acquainted again with his two daughters. He was prepared for their growth by pictures which reached him in two groups of letters after nearly two years of imprisonment. First word from him came to Mrs. Fillmore Dec. 22, 1943.

After a few days in Wichita Falls, the captain will report to San Antonio and then begin a long leave prior to discharge. Then he plans to return to Wichita Falls although his plans beyond that are pleasantly hazy. Just to be home is enough for him right now.—Wichita Falls Record-News.

# Now 4 POINTS FOR USED FATS

Help Increase Supplies of Soap and Other Peacetime Products By Saving More Used Fats

Industrial fats far short of last year! We are almost down to the bottom of the barrel. The nation's industrial fat supply is millions of pounds less than it was in 1944. We need fully as much as last year to help make the soaps and other civilian goods you want and need so badly. So...

If you want more soap and soap flakes... if you're dreaming of nylons, sheets, cotton fabrics and want them to hurry back to the store counters... you can help by saving those used kitchen fats as you never saved before! Save every drop, every day!

These fats are vitally necessary to help speed greater supplies of soaps and hundreds of other things—like new cars, electric washers, irons, refrigerators and tires. Industry must have these fats... to help get to you more quickly the peacetime products you've been longing to have for years!

So skim and scrape and scoop just as you did so faithfully before V-J Day. To prove how important it is, your government has increased the point bonus. So help meet this nation's need by continuing to save used fats. If you can't find a store that accepts used fats, call Home Demonstration or County Agent.

**OUR BACKS ARE TO THE GOAL**

The dairy business in Texas today is in very much the same position as a football team that finds itself two yards from its own goal at a time when the opponent has the ball first down and goal to go.

In our case we have our backs to the wall. We have got to produce, and we have got to do it now. Sediment in cream is our opponent. We have got to take the ball away from him and move it on down the field or we will be forced to close up and get out of the dairy business. This much is evident from the recent visits which every creamery and cream station has had from the Federal Food and Drug authorities.

If we are going to avoid losses by not having rejected cream we will have to keep all sediment, such as excess dust, flies and other insects, hair of all kinds (rat hair, cow hair and human hair), out of our cream.

Let us put up a good fight to produce good, clean cream thereby realizing more profit from our product.

Your welfare at heart.

**ENGAGEMENT OF COUPLE ANNOUNCED**

Announcement of the engagement of Mrs. Helen Tidwell to T. S. Taft Holloway, Camp Howze, Texas, was made Friday evening at an announcement party given in the home of Mrs. Raymond L. Berry with Mrs. Henry P. Iba, Mrs. Real Pitts and Mrs. Franklin Gray assisting.

Mrs. Lyda Tidwell presided at the punch bowl. Mrs. F. M. Tidwell and her young daughter, Felicia Carol, were in charge of the bride's book.

The mantle was beautifully decorated with tall tapers at each end and a bowl of yellow asters in the center and an Irish linen outwork table cloth covered the table. The napkins were attractively laid to read the names in gold lettering of "Helen and Taft" in the corner of each.

The date for the wedding has not been definitely set but will take place the first part of December at Marietta, Oklahoma. Mrs. Tidwell graduated from Little Rock high school, Little Rock, Arkansas. She completed a course at Draughon's business college, San Antonio, Texas. Since living in Stillwater, Mrs. Tidwell has been active in church work. She is a member of the Alpha Nu chapter of Beta Sigma Phi.

Holloway graduated from Wayland academy, Plainview, Texas, attended Oklahoma Baptist university, Shawnee, and was attending Hardin-Simmons at Abilene, Texas, when he entered the army in August of 1942. He was pastor of the First Baptist church in Wheeler for four years and at Sanderson, Texas three years. He is now pastor of the First Baptist church, Marietta, Oklahoma.

The couple plan to make their home in Marietta.

**New Library Books**

Several new books, all biographies, were bought with the fine money and put in the library last week.

"The Mayos, Pioneers in Medicine" by Adolph Regh is the story of Dr. William Mayo and his sons, Doctor Will and Doctor Charlie, who in the early days of America adventured into little known fields and later founded the famous Mayo Clinic at Rochester, Minnesota.

"General Ike" Eisenhower" by Delos Lovelace tells the story of the famous General Ike's typically American boyhood and later life. This story helps to reveal the human side of the great hero.

"My Sister and I" by Dirk Vander Heide and translated by Mrs. Antoon Deventer is the diary of a Dutch boy who escaped from Holland during the blitz Ruge and came with his sister to England, and finally to America.

"Our Hearts were Young and Gay" by Comelia Otis Rinner and Emily Kimbrough is the amusing story of two girls who went abroad together and of the fun and trouble they had.

"General Douglas MacArthur" by Frances Miller is the story of one of our greatest war heroes and the life that made him great.

"Winston Churchill" by Rene Kraus gives the life story of Churchill.

"Madame Curie" by Eve Curie, translated by Vincent Sheehan tells of the world's greatest woman scientist, and discoverer of radium.

"George Washington Cawser" by Rackham Holt tells of that great scientist and his interesting profitable life.

"The Changs of China" by Elmer T. Clark tells of the part these great leaders have played in the develop-

## July, August and September Dairy Production Payments Period From Oct. 1 to Nov. 30

We are now ready to take your application for cream and milk payments, although no drafts will be issued until after October 12 as the new drafts that are being printed are not available at this time. The rate of pay for this period is 13 cents per pound on butterfat and 55 cents per hundred weight on milk.

Please arrange your tickets in numerical order as to dates, see that all tickets are properly dated, have your name on tickets, and be sure that they are signed by the purchaser. Do not present tickets received after September 30. By properly arranging your tickets in order as to date, before mailing or bringing them to the office, valuable time can be saved and your payments can be made at an earlier date.

## 1945 Cotton Storage Loan and Sale Program

I have been advised by local warehousemen that storage will be available for most all, if not all, of the 1945 cotton crop. Producers placing their cotton in approved warehouses and receiving warehouse certificates and class and grade cards can sell their cotton out-right to Commodity Credit Corporation at 21.98 based on middling 15-16, price varying up or down, according to grade and staple. The producer will be required to pay the first month's storage on the cotton and CCC will pay the purchasing agency for handling the papers.

Cotton stored in an approved warehouse or stored on the farm and has received a class and grade card, can be placed in the loan based on a price of 20.92 for middling 15-16, prices varying up or down according to grade and staple. If your cotton is stored in an approved warehouse any approved loan clerk can prepare your papers, but, if you plan to store your

# NEWS OF OUR MEN and WOMEN IN UNIFORM

With the 40th Infantry Division in the Philippines—Pvt. Roy L. Jones, husband of Mrs. Nadine Jones of Wheeler, became a shake down artist as he assisted in searching nearly 1,700 surrendering Japanese on Panay.

Even before the formal surrender, September 2, this doughboy of the 160th regiment, 40th Infantry Division, was searching the steady stream of prisoners for concealed weapons, documents and items of military value.

The surrender point was Maasin where American troops had capitulated three years before. There were no smiles as these veteran infantrymen made their complete and orderly investigation. Without distinction Japanese officers and enlisted men ran the search gantlet to be relieved of weapons and equipment.

The burden of the examination fell on members of the Ammunition and Pioneer platoon of which Jones is a member. During combat these demolition and flame thrower experts were called in to crack enemy positions too tough for riflemen to handle. Their efforts were materially responsible for the destruction of numerous caves and machine gun emplacements on Luzon, Panay and Negros.

When fighting was toughest and opposition greatest these specialists could expect the familiar call, "Bring in the A. & P. platoon."

Jones served one year with the Navy before entering the army a year ago. He has been overseas since May.

H. N. Patterson of Wheeler route one has received an interesting letter from his son, T. Sgt. Nile Patterson who is now on Luzon. He has been in the army 32 months and has been overseas since March, last year.

Excerpts from the letter dated September 9th follow:

"I was one of the bunch that transferred out of the 222nd into the 224th. Boy I sure hated to leave that outfit and all the boys that I knew. I am not with Alvin any more. The 222nd split and some are here and some there.

"This outfit is really G. I. It is worse than basic training. I was stationed at Lengayen and around there

No doubt some of the older readers heard Bob Taylor of Tennessee deliver his famous lecture "The Fiddle and the Bow." He told of listening to a great master play on his wondrous violin and of how the music conjured up a dream:

I saw a cottage among the elms and oaks and a little curly head at the door. He toddled among the trees, prattling to the birds and playing with the ripening apples that fell upon the ground. He toddled among the roses, and plucked their leaves, strewing their glory upon the green grass at his feet. He chased the butterflies from flower to flower and shouted with glee as they eluded his shout and sailed away upon the summer air. Here I thought his childish fancy had built a paradise and peopled it with dainty seraphim and made himself its Adam.

all the time until a week ago when I was transferred. I landed at Lengayen Gulf on January 9 and that's when I saw my first excitement, and it was plenty.

"I was scheduled for another invasion when the war ended. Now I am waiting for my turn to go home. I have 60 points including the recount. There are a lot of guys who don't have many, so I may get there in a year.

"Censorship is no longer in effect so we can tell almost anything except what we will do in the future. I can't think of many things to say now but will put in a little each time.

"I saw General Wainwright three days ago, also a British General. The day before that I saw 21 Japanese Generals and that one who captured General Wainwright. The Japs didn't look so happy, with about 1,000 G. I's watching them.

"The chow is good now but I have seen the times when I would eat okra if I could have got it. We had fried chicken today and we have steak pretty often now. I have been to Manila twice and had a good time on both passes. That city is really torn up. Two thirds of it was blown into dust almost. If you ever see a news reel of it, I'll bet it will not be any worse than it really is.

"I am still a little sore from riding in a truck about 300 miles the past week over the roughest roads I ever saw. I hope I am settled for a while but don't know.

"Talk about prices, everything here is twice or three times as high as it was there. I gave 50 cents a suit for laundry when I came here but the government soon controlled that. Everything else is plenty high. One thing, I can get all the bananas I want. Well, it is about bedtime so good luck to all."

He saw the sunlight of Eden glint on every leaf and beam in every petal. The flitting honey bee, the whirling June bug, the fluttering breeze, the silvery pulse-beat of the dashing brook sounded in his ears notes of its swelling music. The ir-winged humming bird, darting like a sunbeam to kiss the pouting lips of the upturned flowers, was to him the impersonation of its beauty. And I said, "Truly, childhood is the nearest approach in this world to the paradise of long ago."

Then I saw him slip on his tiptoes into the pantry; and there was the clink of glassware, as though a mouse were playing among the jam pots and preserves. There two little dimpled hands made trip after trip to a rose-colored mouth, bearing burdens of mingling sweets that dripped from cheek and chin and shirt and shoes, subduing the snowy white with the amber of the peach and the purple of the raspberry as he ate of the forbidden fruit.

Then I saw him glide into the

## DEAD CALM IN A HURRICANE ? YES NO

In the very midst of a hurricane you'd be safe! Its center is sort of "hollow" . . . calm. All weather packs surprises, you bet—especially Winter weather. Yet you can bet on having your aging car face it safely, with the engine's insides under guard of OIL-PLATING!

Changing to Conoco N<sup>th</sup> motor oil is all it takes for an OIL-PLATED engine—fortified throughout with lubricant bonded to metal direct, by the magnet-like action of Conoco N<sup>th</sup> oil's added ingredient! OIL-PLATED metal defies corrosion and other wear. Surfaces kept OIL-PLATED during long cold waits have protective lubricant ready in advance to minimize starting wear. And always—the less wear, the less reason for carbon, sludge, and breakdown. You bet you want Conoco N<sup>th</sup> oil for Winter. Change today.

### For Station Identification!

The big red Conoco triangle identifies Your Mileage Merchant's Conoco station. There's where to get good gasoline today. But look for new hushed power—new high-octane—in his NEW-DAY GASOLINE! It's coming quick! —WHERE YOU SEE THAT RED CONOCO TRIANGLE! Continental Oil Company

## Doin' it with Diesels on the Santa Fe

Hauling heavy freights over the steep mountain grades calls for plenty of head-end power.

Santa Fe is providing a lot of that power with the greatest fleet of 5400 horse-power Diesel locomotives in American railroading.

80 of these blue and yellow giant "head-ends"—the most powerful

freight Diesels in the world—are now in operation on the Santa Fe.

This dieselization program is one of many important steps by Santa Fe in providing the most modern freight equipment for the peacetime transportation needs of America's West and Southwest.

### MIAMI STORMS OVER KELTON 34-20 IN GAME LAST FRIDAY

Before the fair crowd of several hundred the Miami Warriors defeated the Kelton Lions to the tune of 34-20 on the Kelton gridiron. Miami received the opening kick-off but were held and lost the ball on downs. On the first play that Kelton had the ball they fumbled and Miami recovered. On three plays Miami scored with the last 20 yards being made on a pass. The kick for the extra point was good and the score was 8-0. After receiving the kick-off Kelton could not gain and were forced to punt. The Warriors marched 50 yards to another score and the try for point was good again and the score rose to 16-0. It looked as if Miami was going to score at will but Keelin swept left end on a double reverse and cut back to the center of the field and went 55 yards untouched for the score. The try for the extra point wasn't successful and the first quarter ended with the score 16-6 in favor of Miami. Miami scored once in the second quarter and the score at the half was 22-6. During the half-time ceremonies Miss Paula Biedsoe was crowned "football queen," chosen by the students and friends.

When the second half opened Miami received the kick-off and marched right down the field and scored. The try for the extra point wasn't good and the score went to 28-6. Neither team threatened again in the third quarter. When the fourth quarter started Kelton started a drive which ended in a forty yard touchdown pass from Britt to Keelin. The try for the extra point was no good and the score was 28-12. This seemed to put new life in the Kelton team. Miami received the kick-off but couldn't gain a thing. The Lions took the ball on their 35 yard line and drove to their third score. Keelin carried it over from the three. Britt kicked the extra point and the score was 28-20. Kelton kicked off and Coffee of Miami returned the kick 75 yards for a touchdown. Kelton blocked the kick for the extra point and the score was 34-20. After receiving the kick-off Kelton started throwing passes but the game ended before much ground could be gained. The final score: Miami 34, Kelton 20.

**Gruver Defeats Kelton**  
The Kelton Lions were defeated Friday afternoon, September 28, at Gruver 6-0. Gruver received the opening kick-off and marched 60 yards to

score in five plays. The kick on the try for the extra point was blocked and this touchdown was the only score of the day. The teams played the remainder of the first half without any threats by either team except just as the half ended Gruver was trying for another score. In the second half it looked as if Kelton was going to get back in the ball game. They took the kick-off and on several running plays and passes they went to the Gruver 15 yard line where Gruver recovered a fumble. After Gruver gained possession of the play they drove to the Kelton 8 yard line where four straight passes were incomplete. The rest of the game was a see-saw battle with Gruver outplaying the visitors most of the time. The final score was 6-0.

**Journeys To Higgins**  
Friday afternoon, October 12, the Kelton Lions will go to Higgins to play that club in a non-conference game. Kelton defeated Higgins earlier in the season 14-0 but expect to be pushed to win this one. Cars are trying to be found to carry the pep squad girls. Anybody that can take a car and some girls please get in touch with Mr. Willoughby. The team will leave about 10 o'clock.

The probable starters for Kelton are: le, Crabtree or Garner; c, O. Calcote; re, Killingsworth; qb, Britt; lh, Keelin; rh, Harris.

### Gruver Defeats Hornets 32-8

The Mobeetie Hornets journeyed to Gruver Friday. Although the score was 32-8, in Gruver's favor, the Hornets played heads-up football.

The starting line-up for Mobeetie was Wallace Corse, C. W. Burch, Charles Waters, David Abbott, Jimmy Walker, and Bennie Barton. Scarbey, Herd, Reed and Clay were substituted later in the game.

The Darrouzett Longhorns will meet the Hornets on the Mobeetie field Friday at 1:30 p. m. The admission will be 20c and 35c.

**To Play Kelton**  
Fans are urged not to miss the Kelton football game, Friday, October 19, at 3 p. m. at the Mobeetie field. The teams have met previously with Kelton winning by a score of 21 to 6. Since the Hornets are out to win this game, a hard fought fray is expected. The admission is 20c and 35c.
