The Wheeler merchants respectfully ask that you please foresee your needs as much as possible and buy accordingly in order that their closing for the holiday will not in any way inconvenience you.

## Hallowe'en Carnival At Briscoe Is Big Success

The Hallowe'en carnival which the Briscoe school sponsored Hallowe'en night was a great success according to A. B. Harrell, superintendent of the Briscoe school.

The gymnasium was attractively decorated in the traditional Hallowe'en colors and the ten booths worked into the scene nicely. The Home Ec booth was held in the lunchroom.

The carnival lasted until 12:30 at which time the grand prize was awarded "Bulldog" Walker. The school cleared over \$300.00 from the carnival.

Supt. Harrell stated this week that he wished to publicly apologize to the two Wheeler firms which were accidentally left off the list of firms which donated to the carnival last week. The two firms which were omitted last week included: Russ Variety and Holt Bros. Lbr. Co.

County Judge Geo. Hefley and Commissioners, S. P. Davis, Lloyd Anglin, Henry Sims and C. W. Wells, are attending the Texas County Judges' and Commissioners' Association convention at Laredo this week.

W. L. Williams announced the sale this week of one bull calf and three heifers for a new Anxiety herd of registered Herefords to John Sallee of Balco, Okla.

## COLTS WIN FROM CANADIAN TEAM TUESDAY NIGHT

The Wheeler Colts won their first football contest of the season Tuesday night when they downed a heavy Canadian eleven by a count of 14 to 7. The contest was played on the local gridiron.

The Wheeler lads looked like midgets beside the much better Canadian lads but were able to order their defense for gain after gain on the ground and when the going got stiff on the ground little Teedie Johnson dropped back and passed to little Bob Weatherly for the first Colt score. Joe Mitchell plunged over for the extra point.

Joe Mitchell, who was the big thorn in the sides of the Canadian team all evening plunged over from the 2-yard marker for the second Colt touchdown and Leonard Weeks carried the pigskin over for the extra point.

The lone Canadian counter came on an 80-yard sprint by one of the big backs who ran over the Colts at will in a previous game which was played at Canadian.

The starting line-up for the Colts included: Maurice Pettit, H. C. Johnson, James Clark, Jerry Newberry, James Gaines, Howe, Carlton, Teedie Johnson, Bob Weatherly, Leonard Weeks and Joe Mitchell. Other colts who saw action in the contest included: James Cox, Melvin May, Bobby Johnson and Dick Pendleton.

The Colts have two more contests this season both of which are with the junior Irishmen from Shamrock. The first of these two battles will be fought on the Wheeler gridiron Tuesday night, November 11 and the second and final contest of the year will be played at Shamrock Tuesday night, November 18.

## MR. FORRESTER AT BANK MEET

A greater volume of Land Bank loans was closed in Texas during 1946 than in any year since 1935, according to R. H. Forrester, Secretary-Treasurer of the Wheeler County National Farm Loan Association, who attended a conference of NFLA leaders held in Amarillo this week.

"This increase in loans indicates a desire of landowners to put their financing on a long-term basis and tie down today's low interest rates," Mr. Forrester said.

At the meeting in Amarillo, reports showed that the Land Bank has practically completed its program of decentralizing loan servicing functions begun 5 years ago. The result is that today most of the business farmers and ranchers have with the Land Bank can be transacted with their own home association. Operations of the local association and plans for the annual stockholders' meeting of the Federal Land Bank of Houston, in February were discussed.

The Federal Land Bank of Houston is completely owned by Texas as farmers and ranchers through the 143 local national farm loan associations. Mr. Forrester said. The Land Bank, with no government funds of any kind invested in it, now has combined capital, surplus, and reserves amounting to more than \$43,000,000. This is in addition to approximately \$6,000,000 in reserves and surplus of the associations in their own local accounts.

Early in the first period Gene Hubbard broke loose around his own right end to carry about 30 yards for the initial counter of the contest. Bill Robertson's try for extra point was wide and the score stood at 6 to 0 in favor of the Mustangs.

The second period opened with the Mustangs in possession of the pigskin on their opponents 17-yard marker and in a few plays Bill Robertson carried over from the 1-yard line. Corky Robertson's try for extra point was good. Mustangs 13, Gorillas 0.

The Wheeler Mustangs will engage the Amarillo Yannagins in a non-conference encounter on the local gridiron Friday night beginning promptly at 7:30 o'clock, coaches and officials pointed out.

The Mustangs will be in fairly good shape physically for the contest according to Coach Grady Baker and should win their second encounter of the current season.

After Friday night's contest, there will be only one other game at home this season and that will be a conference affair with the Wellington sky-rockets. The Mustangs journey to Childress for a non-conference tangle with the B team Thursday night November 13.

Gorillas at the opening of the second half and the Pampa lads drove to the Wheeler 10 before losing possession of the pigskin on a fumble. A play or so later the Mustangs fumbled and the Gorilla's Don English recovered on the Mustang 12 and Gail Smith circled the Wheeler end for the first Pampa score. Conversion attempt failed. Mustangs 13, Gorillas 6.

The Mustangs took the ensuing kick-off and drove the length of the gridiron for their third tally with Corky Robertson taking the ball across the double stripe. Corky Robertson failed to convert. Mustangs 19, Gorillas 6.

Early in the fourth period, Bill Robertson hit the line and a beautiful hole opened up and he went 20 yards for the final Mustang goal. Mustangs 26, Gorillas 6.

The Gorillas final tally was counted on a beautiful 90-yard run by Gail Smith as he circled his own right end then cut back up the middle to go all the way without being touched. The conversion was good. Mustangs 26, Gorillas 13.

## Wheeler County 4-H Girls Clubs Review The Year

(By Mrs. Emma M. Hastings)  
November 2 through the 8th is National 4-H Achievement Week. It is only fitting to give recognition to the girls in the county who have done outstanding work this year.

First a few facts about our clubs. Do you know how many clubs we have? Where they are located? And how many girls are in the county? There are 15 girls in the county; one each at the following schools; Bethel, Allison, Twitty, Kellerville, and Lela; two each at these; Shamrock, Kelton, Wheeler, Mobettie, and Briscoe. There are approximately 375 girls enrolled in these clubs. Each club has officers and learns democratic living through group activities. The clubs meet twice a month, once with a local adult leader or sponsor, once with

the agent. The demonstrations this year have been on yard improvement, bedrooms, and clothing. Most of the work of the girls is carried on at home, by those who are enrolled as demonstrators in the above, and also in gardening and poultry. Girls are encouraged to keep a written record or history of their activities year by year as these are very valuable in competing in county, state and national contests. (A note to the girls—your records or histories are due in the home demonstration office anytime between November and December 10th. Give them to your sponsor or agent or mail them in. From the records will be chosen a Gold Star girl for 1947. It might be you! Get these records in.)

There has been some good work done by club girls who have help-

ed with gardening, canning, raising poultry, helping with dairying, yard work, care of the bedroom, and sewing.

In July 36 girls took part in a county-wide dress and apron review, with 24 of these making a grade of above 90 and receiving pins. Six received nice prizes furnished by the Home Demonstration Club Women.

In August, it was announced that Rozena Helton Zybach, Briscoe club girl, won the \$50.00 prize given by the Producers Grain Corp. of Amarillo for the best essay on "Cooperatives in my County". Rozena was a guest to the Producers Grain Corp. annual meeting the 21st of August and read her essay.

The Home Demonstration Council paid the expenses of three 4-H club girls and a sponsor to the 4-H

Round-Up in College Station, September 4 and 5. Those having the honor of going were: La Dell Atherton (county dress review winner); Briscoe; Jean Lee, Briscoe; Gladys Pierce, Shamrock; and Mrs. E. E. Shegog, Shamrock.

On the State Dress Review La Dell was one of 24 girls winning an electric iron (which was the 3rd prize given.) All those making a certain grade were given a prize.

La Dell has been sent a pin by the Simplicity Pattern Co. as a reward for being the county winner in the Dress Review.

The county is without an assistant agent to work with the girls at present but Mrs. Hastings and the sponsors are carrying on the work as best they can and looking forward to having an assistant agent as soon as possible.

FARM FACTS WORTH KNOWING

Q. How can a poultry raiser overcome the duck egg? A. To insure the egg from your hens, observe the following practices:

- 1. Provide one nest for each seven hens. 2. Keep floor covered with good litter. 3. Keep nests well littered with shavings, excelsior or straw.

Q. What percentage of pigs that are farrowed are raised to market? A. According to the U.S.D.A., normally only 56% of the pigs that are farrowed reach market age.

Q. Should broilers fed an all-mash ration be given grit? A. No, grit is unnecessary as chickens can digest such a ration without use of grit just as well.

Q. What causes milk to become ropery after it has stood a while, and how can this condition be prevented? A. Ropy milk should not be confused with stringy, clotted, gargety milk from mastitis infected cows.

Send your questions about livestock or poultry problems to FARM FACTS, 619 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this column, at a service of this newspaper.

A few of the kids went to Shamrock after the football game Friday night. How about it Richard and Happy?

We wonder which is going to win: the girl at Shamrock, Johnny W., or Duane Bradford?

We missed Yvonne and VaNeta Monday. I'll bet they were playing hookie.

Our "House of Horrors" seemed to go over quite well. Some of the girls came out just raising cane. Maybe some of the senior boys could tell you more about that.

The seventh grade worked hard for the Queen contest, and their candidate won. She was Queen Helen Johnson, and her king was Darrel Johnson. They were both awarded with boxes of chocolates as a gift from the senior class.

Just how on earth could you rate three guys Sunday night and the other girls only one and some of them none, Ruby?

Lennie, whose watch was that you had on Monday morning?

Charlotte surely does like to stay out of school. She was pulling cotton.

Bernice didn't get to school until lunch Monday. What's wrong with you kid?

#### FRESHMAN NEWS

Dick, we like your new coat.

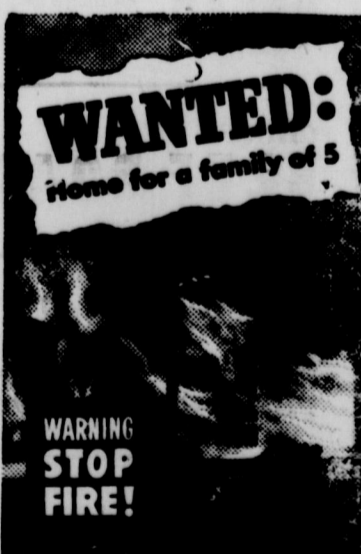

James Scott, you sure look good in red and black plaid.

Bonnie, don't you like Miss Mahaffey?

James Gaines, you little cute thing.

Maurice, you shouldn't have kept such late hours Friday night. Billy, can you really draw?

### Rhem Home Demo Club Adopts Higgins Family

There have been many stories of the adoption of destitute European families by Americans. But here is a story of the adoption of a Texas family by a Texas group.

When a tornado hit the little town of Higgins last spring, the destruction was equal to any "blitz." Assistance for the stricken town poured in from all over the country.

Members of the Rhem Home Demonstration Club in Hartley county knew that it would take time for family life to recover from the loss of home and property. So they decided to "adopt" a Higgins family.

The ladies of the club met together last month and canned 100 quarts of corn and 30 quarts of green beans to be delivered to their adopted family, a concrete example of the kind of help they are giving.

The project has been very popular with every one in the community. Norma Lee Lantz, county home demonstration agent, says, and other clubs in the county are adopting families, too.

From where I sit... by Joe Marsh

Square Biscuits, Yet!

I see by a neighboring paper, that the round biscuit is on the way out. Yes, sir, home-management specialists have found that the square biscuit lends itself to assembly-line production and easy storage better than those customary ovals.

Well, we're all for progress, but that's one new idea we just don't cotton to. A round biscuit, spread nicely amidst with snappy country cheese, looks like a biscuit! And accompanied by a mellow glass of beer, it's a combination that you can't improve on!

So at the risk of being called old-fashioned, I'm voting for round biscuits, that fit a hungry man's mouth like no square imitation ever will... and for American beer served in the good old-fashioned way, in tall, cool mugs or ordinary glasses, with frosty sides and bubbles winking at the brim!

Think I'll step out to the kitchen for a snack right now!

### JUNIOR NEWS

The juniors cheerfully greet each other when they arrive at school. (Even if someone has to twist their arms.) Then they go right to their classes, just ask the boys if this isn't true.

Everyone studied extra hard Tuesday for English, or at least it appeared that way.

C. B. is making good progress in typing class. Keep up the good work C. B. and you'll catch up with the rest of us, even if you are the only boy in the class. Truman is awfully quite lately.

What's the matter Truman, has Betty been beating on you again?

Truman is awfully nervous in English class. What's the matter Truman are your eyes getting bad or something?

Richard enjoys talking to Mrs. Adams in English class. That's no way to take up time Richard. Billie is always seen at school and never heard. Why so silent Billie?

Janice seems to enjoy the gym period. We would too, if we could make goals like she does.

Gloria is seen almost every Sunday in Wheeler. What's so interesting in Wheeler Gloria? Not some boy surely?

Betty says every day that she is going to finish her skirt in Home Ec. II. Don't be so slow Betty, and get that jacket done.

Rosemary says every day she is going to quit eating candy, but she has to have something sweet between Saturday night and Wednesday.

### SOPHOMORE CHATTER

After much debate, the sophomores with the help of Mr. Harrel, have decided on an assembly program. We are going to act out a play Mr. Harrel wrote while he

was in college.

We still have no sponsor, since only high school teachers can be sponsors. Mr. Harrel is too busy with office work to be a sponsor and there are only three high school teachers. It would be perfectly legal for us to take the freshman sponsor but we think they need her as badly as we do. If some kind hearted person would offer any help or suggestions, they would be muchly appreciated.

The blouses the first year home making girls are making are due this week. Some of them are finished and all of them are near completion. Some of us have had a little trouble but we got it worked out alright with the help of Mrs. Meadows. The only thing we are worried about now are the grades. Here's hoping we will do alright.

### SENIOR NEWS

The seniors got the most votes on their candidate for queen and crowned Faye our queen Friday night. Jack acted as her escort.

We did very good on our booth at the carnival and we are real proud of ourselves. We sponsored the Chanking at the Bottles and Pitching Goals.

In case anyone wants to know what all the little slips of paper that are being passed around school are, they are questionnaires that the juniors and seniors are supposed to get filled out and then write a theme on them in English class.

The seniors are supposed to pick their play soon but as of yet we have not mentioned it to some of the boys. We would hate to see some of them surprised so we are going to surprise them.

### GIRLS SPORT NEWS

The girls have not been reporting very regularly for basketball practice these last two weeks. Just plain laziness you know. Some very spectacular shots have been practiced the last few days by some of the girls that have been coming out. For instance shooting with your back toward the goal proves to be very interesting for the girls.

Mrs. Adams has been showing several of the girls how to limber up their muscles by exercise. Most of the girls do more than exercise don't they Laverne?

If you happened to be out in the gym the girls period these last few days you may have wondered what those queer streaks were that kept flashing in front of your eyes. Well, there isn't much mystery it's just the girls limbering up by running around the gym a few times.

### FRESHMAN NEWS

The freshman presented their play, "Not Quite Perfect" Friday. We put it on much better than we thought we could and were real proud of ourselves. Everyone was in the play except Leotus Murray, Kenneth Levitt and Billie Jo Finer and they proved to be very useful as our stage managers and handy men.

### F. H. T. News

The Future Homemakers of Texas met on October 17, in the

Home Ec. Department. The Home Ec. booth for the Halloween Carnival was discussed all though several members were absent we still had a good meeting. Interesting "Teen Talks", were given by Shirley, Mary Jo, Helen, Doris, Melba, Roberta and Dorothy. Juanita lead the group in singing and the meeting was adjourned.

### SEEN AND HEARD

Rosemary wishing Johnnie had a new car. Rosie we like the one he has.

Girls playing the boys in basketball, boys rules at that too. Jack Finsterwald making someone a mighty, handsome king. Hubba Hubba.

Jean and Laverne taking exercise in the gym. Boy the way those girls laugh you would think that was enough exercise.

Geraldine Risner seen regularly each Sunday with a certain boy with the initials V. P.

R. J. outgrowing Briscoe, and wishing he lived at Wheeler. We don't blame you R. J.

Elvin Meadows liking a certain girl at Canadian. We heard her first name was Kathryn. Elvin. Mozelle seen with a boy from

Perryton. We know who's gonna like that Mozelle.

Bill Price called D. A. We want to know what this stands for Bill.

C. B. making a great hit in typing class. You're the only one that could have gotten a schedule like that C. B.

Mrs. Adams and Richard Higgins not "clicking". Couldn't be that Richard talks too much in class could it?

Bobby Zybach always trying new experiments in science class. (For your information they never work.)

Roberta Zybach enjoying fixing the tunnel of love. So would we Roberta.

Helen Newman turning red when Thomas Roy's name is mentioned.

### A WISE CHOICE

"Doc, why did you choose to be a skin specialist?"

"Because my patients never get me out of bed at night, they never die and they never get well."

Milk cows are creatures of habit. Proper handling of cows on a regular schedule is the essence of good dairy management.

## SAFETY REGULATIONS

Your public officials respectfully call attention of school trustees, officials, bus drivers and the motoring public to the following information:

The new school bus safety regulations have probably been called to the attention of the public, but perhaps the republication would assist in bringing them to mind.

THE NEW RULES PROVIDE:

"All vehicles used for the transportation to and from any school or college, shall have a sign on the front and rear and on each side of said vehicle, showing the words, "School Bus" and said words shall be plainly readable in letters not less than eight (8) inches in height and the words "School Bus" shall be removed or covered when the vehicle is not in use as a school bus.

In addition to the above, the State Department of Education by and with the advice of the Department of Public Safety are adopting needful uniform regulations governing the design, color and operation of school busses, which shall be by reference a part of any contract with a school district. The Districts have or will be advised as to such.

However, every school bus and every other vehicle transporting passengers for hire shall be equipped with at least one quart size chemical fire extinguisher, in good condition and conveniently located for immediate use.

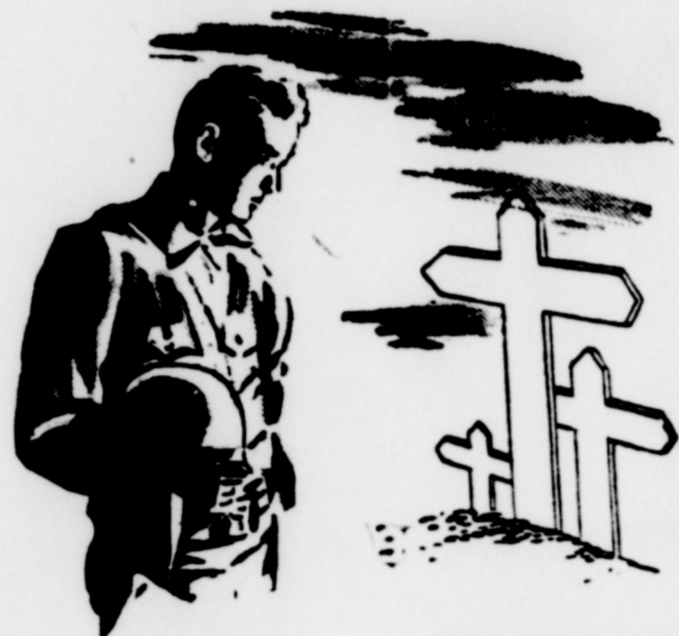

**AS TO THE PUBLIC'S DUTY IN PASSING BUSES, THE RULE OR LAW READS,**

"Section 104. OVERTAKING AND PASSING SCHOOL BUS. (a) The driver of a vehicle upon a highway outside of a business district upon meeting or overtaking from either direction any school bus which has been stopped upon the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus but may then proceed past such school bus at a speed which is prudent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children."

# BAD CHECKS

COUNTY ATTORNEY EXPLAINS HOW YOUR PUBLIC OFFICIALS ASSIST WITH COLLECTION

My office endeavors to assist each year in the matter of collecting checks that are returned unpaid, where possible to do so. In detecting and apprehending forgers and professional givers of bogus checks who travel through the country, who are frequently unknown locally, we have the assistance of the F.B.I. and State D.P.S.

However, checks given to local people occasionally arrive at the office, when I do not get to interview the taker, without sufficient information.

With the hope of correcting the situation, printed forms, as brief as practical, have been prepared and are now with the Justice of the Peace in Wheeler who has consented to assist in the filling out of same where desired, together with other papers indicated. However, see me instead if I am in town.

Any member of the public with such problems is urged to secure one of these forms from the Justice of Peace and furnish the desired information with all checks coming into my office, which information will often furnish needed records to the enforcement offices named, and assist in producing desired results.

### FOOTBALL NEWS

The Mobeetie Hornets invaded Follett Friday to play the Follett Panthers. They were defeated 35-6. The touchdown was made for the Hornets when Waters recovered a Follett fumble and ran 30 yards to a touchdown. A high wind held both teams to the ground, as passes could not be completed.

The boys are very sorry that Charles Gatlin is in the hospital with appendicitis.

They will play Darrouzett Friday at the Mobeetie field. The admission will be 25 and 50 cents. This is the last home game so we want everybody to be out.

### WHAT WE WOULD LIKE TO DO WITH THE CARNIVAL MONEY

Of course we have a lot of things we would like to buy with the carnival money. The teachers each have made suggestions. Some of them are as follows:

Mrs. Noble would like new library books.

Mrs. Scribner would like to have enough song books to have assembly and also at community gatherings. She also would like to have the school house redecorated with new paint and etc.

Mrs. Render wants some new equipment for the homemaking department. She would like to have a refrigerator and some small equipment.

Mr. Crowley would like some reference books.

Mr. Brown wasn't here when the teachers made their suggestions but we feel sure he would like very much to have new football equipment.

Mrs. Scribner suggested that everyone clean the schoolhouse and try to keep it and the school yard clean.

### Lots of Winter Grazing Will Help Save Food

It's going to take plenty of winter and spring grazing to fall in line with the Government program of saving feed grain.

E. A. Miller, Extension agronomist of Texas A and M College, offers a few pointers on planting winter grain crops. He says that as soon as there is enough moisture in the ground, forage crops can go into the soil. If the land is not too hard, it's safe to go ahead and plant even in dry soil. The seed will germinate when it finally rains.

Grain planted for grazing can be planted a lot thicker to provide more forage. Oats, wheat, barley, rye and Italian ryegrass are good winter grazing crops. A mixture of oats, wheat and barley makes a good combination for

grazing when no harvesting is planned. In this mixture, barley provides more grazing in the fall and early winter, while the oats and wheat will usually offer good grazing in the spring. Rye, especially abuzzi and balbo are good crops on the sandy soil of East Texas and the West Cross Timbers area.

Vetch or other winter legumes can be planted with grain to improve the grazing. Over a large area of Texas, hairy vetch is planted with rye or other grain crops for seed production and soil improvement as well as grazing.

In the southern half of Texas, when enough moisture is in the soil, hubam and annual yellow blossom sweet clover are first-rate crops, good for grazing, seed and soil improvement.

Mr. Miller says that winter and spring grazing not only will help

to save badly needed feed grain will also cut down on livestock production.

### "Cotton an Turkeys an hen Eggs is all Just the Same"

Everybody knows that a broad-breasted turkey is worth mor'n one that's all legs an wings... an a dozen big eggs is worth more'n a dozen little eggs... an sides that... high grade, good staple cotton is worth more'n bollies an cotton that's been ginned wet an there ain't been no care took of. Guess there ain't nobody won't agree that all farm products ort to be bought on the basis of quality so's the feller that raises good stuff and takes care of it can git paid fer his work.

The gin men have knowed that fer a long time and have knowed the farmer had to make money raisin cotton er he wouldn't raise it... so they have tried to help him make money so's he would keep em in business. But them critters have had a awful hard time a gittin rid of the old hog-round buyin that everybody agrees wuz wrong an gittin to buyin on grade an staple. The trouble wuz gittin the cotton classed. With the new wrinkles that's bein added this year tho... this gov'mint classin is might satisfaction and is shore good fer the farmer. I think farmers ort to know more bout how it operates. A—VA pays for all books and equipment that the school requires of all students in the same course.

Q—May I change the course I am taking for another that I like better and in which I feel there is a better future for me?

A—Yes. You may change your course providing you have VA'S permission to do so. If the facts in your case indicates that a change will be to your best interest, VA will grant authorization for the change.

Q—Is out-patient treatment available to a veteran with a non-service-connected disability?

A—No.

Q—I was a member of the WAAC but did not continue in the service when it became the WAC. Am I entitled to hospitalization in a Veterans Administration hospital?

Q—I work in the day and would like to know if I may enroll in a night school or take a part-time course under the G. I. Bill?

A—Yes.

Nearly 65,000 World War II veterans in Texas, Louisiana and Mississippi reinstated lapsed National Service Life Insurance policies worth \$450,000,000 during the past eight months under the liberal provisions still in effect, the Veterans Administration announced.

Reinstatements in the tri-state area administered by VA's Dallas Branch Office were part of 900,000 reinstatements worth five-and-a-half billion dollars for the entire nation during this period.

Holders of lapsed term policies who have not yet reinstated have only a little more than two months in which to do so under the plan now available, VA said.

Until January 1, 1948, such veterans need only fill out a three-question application form and pay two monthly premiums one for the 31-days grace period during

## Goad-Close Wedding Vows Are Exchanged

In a beautiful home wedding, Miss Donnie Goad, daughter of Mr. and Mrs. W. A. Goad, Sr., of Wheeler, became the bride of Jimmy Close, son of Mr. and Mrs. J. H. Close of Wheeler.

The marriage vows were spoken at the home of Mayor and Mrs. W. H. Walker of Shamrock, uncle and aunt of the bridegroom on the evening of Saturday, November 1. Rev. S. Y. Allgood of Wheeler, was the officiating minister in the impressive double ring service.

The nuptial space for the exchange of vows, was arranged before the fireplace. Tall white baskets of white mums and fern and floor candelabra bearing lighted tapers made an attractive setting.

An arrangement of white mums and fern which encircled the large

mirror, completed the arrangements.

Mrs. Oscar Walker played "Always," by Berlin, to introduce the ceremony, and she played the traditional wedding marches. Candles were lighted by Mayor W. H. Walker.

Miss Dreka Rowe of Pampa, attended the bride as maid of honor. She wore a two-piece suit of pink wool. Her corsage was of gardenias.

The bride, given in marriage by her father, was attired in a dress-maker suit of sky blue heavy weight satin. She wore an off-the-face hat fashioned of white plumes and carried a white Bible topped with white gardenias.

Mrs. Goad chose for her daughter's wedding a dress of black crepe and wore pink accessories. Her corsage was of gardenias.

Mrs. Close, mother of the bridegroom, was attired in a black crepe dress with matching accessories and wore a corsage of gardenias.

ories and wore a corsage of gardenias.

Following the ceremony a reception was held. The bride's table was laid with a cloth of white linen and the central arrangement was a bowl of white pom-pom chrysanthemums flanked with lighted tapers in crystal holders. The three-tiered wedding cake was topped with a miniature bride and bridegroom. The cake was cut by the couple and served by Mrs. W. A. Goad, Jr. sister-in-law of the bride, assisted by Mrs. W. H. Walker.

Miss Mary Alice Close, sister of the bridegroom, poured. Miss Sarah Jane Goad, sister of the bride, presided at the guest register.

Mrs. Close is a graduate of the Wheeler High School and attended a business college in Oklahoma City. She has been employed for sometime in office of the Wheeler County Agricultural Agent at Wheeler.

The bridegroom is a graduate of the Shamrock High School and served his country for a year and one-half with the United States Army. He had overseas service in Korea, and at present is associated with father in stock-farming at Wheeler.

Immediately following the reception, the couple left for a wedding trip to New Orleans, La. Upon their return they will be at home for the present at 801 South Madden.

About 50 guests attended the wedding and reception.

# POISON

You would not use a coal stove, or large coal oil stove in your house without a vent.

As we have built better and tighter houses, few of us have provided for replacement of the oxygen which an open gas fire burns during cold weather.

A gas heater should be vented the same as a coal stove, or proper ventilation provided. Your doctor will tell you that many of our winter colds and sinus troubles are caused by breathing burned gas in our homes, ask them about it.

The local merchants can sell you a floor furnace or vented heater. LOOK OVER THEIR STOCKS, you will find what you need, or they will secure them for you.
