GROUP ASKS LAND FOR BUILDING SITE

Wheeler County Vocational for Veterans has made application to the War Assets Administration for several surplus buildings at the Pampa Air Base for vocational purposes in the county.

Buildings have been procured at the Amarillo Army Air Field and have been allocated to the county through the county office. The need was the greater. Buildings are waiting until permits moving and setting.

Vocational school now has Agricultural class—Allison, Kelton, Mobettie, and Shamrock, and done Distributive Education at Pampa. It also has a class in Tractor Mechanics at Wheeler. It also has classes in the process of being organized.

Buildings from the Amarillo Air Field will be located on the School Property and the property of the Wheeler Board to be allocated as the need when the Vocational program is closed.

College Band To Appear at Wheeler School Tuesday afternoon

(Special to The Wheeler Times)
Canyon, March 15—West Texas State College Variety Show No. 1, featuring students of the college and The Collegians, college dance band, leaves here on its first three-day tour Monday, March 22. An afternoon performance will be given in Wheeler High School Auditorium at 2:30 Tuesday, March 23.

Other cities to be covered on the tour are Claude, Memphis, Wellington, McLean, Shamrock and Childress.

Variety shows from West Texas State have made a number of such tours in years past and have received enthusiastic response from the cities visited. The show performing in Wheeler is a series of three to be sent out by the college this year.

SENIOR PLAY BE PRESENTED FRI. AT GYMNASIUM

"Sunbonnet Jane of Sycamore Lane," is the name of the senior play to be given, Friday night March 19.

If you want to be in the swim you'll simply have to follow the crowds that are going to attend the performance of "Sunbonnet Jane of Sycamore Lane," written by the dramatist, Wilbur Bruan. The play is to be presented on March 19, at the Wheeler Gym under the auspices of the senior class. Mr. and Mrs. Grady Baker are directing, which we think will make the play all the better.

The players who are taking part in this bright and highly amusing comedy have whispered to their friends that there is going to be laughs galore the night the curtain goes up on this merry play. Our town has always enjoyed having fine plays and think that good clean and wholesome amusement is greatly appreciated and for that reason a tremendous crowd is expected to attend this performance of Mr. Bruan's latest and most successful work. We think that everyone has a fine part and will all play them very well.

There is nothing high-falutin' about "Sunbonnet Jane of Sycamore Lane." It abounds in the sort of comedy that everybody loves to see, with a slight touch of sentiment.

Resolutions Require Immunization Of All Students By Sept. 1

County Superintendent Allen Kavanagh and County Sanitarian W. R. Ritter announced jointly this week that all school boards in Wheeler County have passed resolutions requiring that all children have immunizations against diphtheria, typhoid and smallpox prior to enrollment in school beginning with the September term.

This decision on the part of school boards of the county came as a result of recommendations made by Sanitarian W. R. Ritter. It is also in compliance with recommendations from Dr. Geo. W. Cox, director of the state board of health.

At the present time, only approximately six per cent of the children attending school in Wheeler county have not been immunized against typhoid, diphtheria and smallpox.

Parents of students who will be starting to school for the first time next fall and parents of children who have moved into the county since the recent immunization program closed are advised to see that their children receive these inoculations between now and September 1.

County Singers Will Meet At Kelton Sunday

Mrs. Ray Brown of Allison, secretary of the Wheeler County Singing Convention, announced this week the county convention will meet at the Methodist Church in Kelton Sunday afternoon, March 21.

Everyone who is interested is cordially invited to attend.

Ask "Uncle Ben" For Date On Box Suppers

W. B. "Uncle Ben" Wofford has again been chosen by the candidates as co-ordinator on the box and pie supper deal and clubs or civic organizations planning affairs at which the candidates are asked to get in touch with him and arrange a date; so, there will not be two such gatherings on the same date.

Mr. Wofford will announce dates of box suppers or pie suppers in the papers each week thus keeping all candidates posted.

Scouts Will Police Mobettie Fri. & Sat.

Scoutmaster Rev. R. L. Cooksey of the Mobettie Troop No. 44 announced this week the Scouts will police Mobettie Friday afternoon and Saturday of this week. Fines for each violation will be 50c.

The scoutmaster stated he hoped the people who are caught and assessed fines would take same in a good spirit because the boys meant no offense and the funds raised in this manner will be used toward the purchase of a scout hut.

Spring Clean-Up Campaign To Be Undertaken In April

We are reproducing below a proposed program for a "Clean-up, Paint-up and Fix-up Campaign" for Wheeler as given to the Wheeler Chamber of Commerce by County Sanitarian W. R. Ritter and adopted by the Wheeler Chamber of Commerce at its regular Tuesday meeting this week.

The proposed campaign is to be held the week beginning April 18 and it is hoped by the Chamber of Commerce that all merchants and residents of the city will cooperate in this campaign wholeheartedly.

WHEELER "CLEAN-UP, PAINT-UP AND FIX-UP" CAMPAIGN

SLOGAN—"CLEAN UP WHEELER AND KEEP IT CLEAN."

SUNDAY 18th. CHURCH COOPERATION DAY
Announcement of clean up campaign—Cleanliness is next to Godliness, etc.

MONDAY 19th. SAFETY DAY, FIRE PREVENTION DAY
Clean basements and attics and dispose of all waste paper, rubbish and old rags, etc. All such materials as is combustible should be burned. Check and repair all broken fences, electrical wiring, sidewalks, etc. Plow and plant flowers and gardens, prune trees, shrubs, etc., and burn limbs. Clean up your alleys. Pile tin cans, etc., ready to be hauled away. Clean your own vacant lots and pile material next to curb to be hauled away.

TUESDAY 20th. REPAIR AND PAINT-UP DAY.
Inspect entire premises for everything that needs repairing and painting. Paint up homes and business houses wherever possible. Repair or remove wooden awnings if possible. Fix up store fronts and rear porches, fences, woodwork, screens and lawn furniture should not be overlooked. Financial assistance in the form of F. H. A. is available for paint-up and fix-up—nothing down and up to thirty-six months to pay. Simple loans may be obtained up to twenty-five hundred dollars.

WEDNESDAY 21 VACANT LOT DAY, PICK-UP DAY, STORE CLEANING DAY.
All retail stores and courthouses close all day to assist in cleaning all vacant lots. All rubbish and cans, metal, etc. should be piled next to curb so truck can pick up. All alleys in residence district will be cleaned and material hauled away. Mark square for parking of cars, and walking lanes.

THURSDAY 22nd CIVIC PRIDE DAY HEALTH DAY.
Clean all possible breeding places of flies. Spray with DDT. See that garbage containers have tight fitting lids. Install traps for rats and mice. Finish all small repair and paint jobs and clean sidewalks.

W. D. Matthews Dies Sun. As Celebration Honoring His 98th Birthday Is Held

Grandpa Matthews, as he was affectionately known, died at the home of his son, J. P. Matthews, 111 S. Starkweather St., Pampa, at approximately 4:30 o'clock Sunday following a birthday dinner and celebration in honor of his 98th birthday which would have been March 17.

The observation of Grandpa Matthews birthday was an annual affair and has always been looked forward to with great deal of interest and enthusiasm by all who attended.

Following the bountiful and delicious dinner, which was served buffet style, and preceding Mr. Matthews' death the group enjoyed vocal and string music.

Those attending the celebration included: Mrs. Charlie Trew, Mr. and Mrs. Ellis Matthews and girls, Mr. and Mrs. Leon Brown and girls, Mr. and Mrs. C. B. Trew and family, Mr. and Mrs. Trew and sons, and Ernest Hardy of Perryton.

Mr. and Mrs. R. E. Matthews and Clifford, Mr. and Mrs. C. E. Matthews, Dan Walkins, Vendal Matthews and Mrs. Ida Mae Matthews and family of Shamrock.

Mr. and Mrs. R. A. Flower and family and Mr. and Mrs. J. T. Webb and family of Canadian; Mr. and Mrs. Henry Guley and family of Sayre, Okla.; Mr. and Mrs. Price Lea and sons of Magic City; Mr. and Mrs. Raymond Johnson and family and Nep and Clyde Patton of Mobettie.

Mr. and Mrs. Leroy Patton, Mr. and Mrs. W. E. Thornton, Willie and Wilbur, Mr. and Mrs. Robert Matthews and family, Mr. and Mrs. Jay Ellington and daughters, M. L. Claterbough and Mr. and Mrs. J. P. Matthews at whose home the celebration was held and Grandpa W. D. Matthews the honoree all of Pampa.

Mrs. Ollie Hubbard and daughter, Evonne, and Mrs. Mary Johnson of Wheeler.

VISITATION DAY TO BE MARCH 25

The P-T. A. as a part of its year's program, is sponsoring a school visitation program for Thursday, March 25, Mrs. R. Wm. Brown, president, announced this week. On that day, the teachers are inviting and urging the parents to visit a department of the school at any time during the day.

The purpose of this program is to better acquaint the parents with the methods the different departments are using in teaching the students. The Parent-Teacher organization is of the opinion that there is a need for a better understanding between parents and teachers. Knowledge of school conditions should promote this understanding, and the students of the community would receive the benefit.

On the evening of March 25 at 7:30 o'clock, all members of the P-T. A. and friends of the school are urged to attend the visitation program. A P-T. A. committee under the chairmanship of Mrs. Grady C. Baker is working on plans for a student-conducted tour of the various departments of the school. This tour will be culminated in a program in the grade school auditorium.

All patrons of the school are especially invited to attend.

Arganbright Funeral Is Sunday Afternoon

Oran D. Arganbright, 79-year-old Wheeler resident, passed away at his home south of Wheeler early today (Thursday) following a lengthy illness.

Funeral services for Mr. Arganbright will be conducted from the First Baptist Church here Sunday afternoon at 3:00 o'clock with Rev. M. B. Smith, pastor, in charge.

The body will be at the Kirk-Mason Funeral Home until Sunday morning but will not be dressed for viewing until some relatives from distant points arrive.

Other details concerning the obituary, pallbearers, flowergirls, etc. will be carried in next week's edition of the Times.

A. C. LYONS
Pastor-Evangelist

TWITTY REVIVAL BEGINS MAR. 21

Plans were announced this week for a revival meeting to be conducted March 21-28, inclusive, at the Twitty Baptist Church.

Rev. A. C. Lyons, pastor, will preach for the eight-day evangelistic service, and Duward Price of Shamrock, will be music director. Night services only will be held, with the exception of Sunday, starting at 7:45 o'clock.

Rev. Lyons has announced some of his sermon topics as follows: Sunday morning, March 21, "The Tragedy of a Christless Life;" Sunday evening, March 21, "The Tragedy of a Christless Eternity;" Monday evening, March 22, "Safe—If Saved;" Tuesday evening, March 23, "Our Blessed Hope;" Wednesday evening, March 24, "Sins Against the Holy Spirit;" Thursday evening March 25, "The Purchase Price;" Friday evening, March 26, "The Sacred Gospel;" Saturday evening, March 27, "The Soul's Greatest Question;" Sunday morning, March 28, "Earth's Darkest Assumption;" Sunday evening, March 28, "The Danger of Delay."

The public is cordially invited to attend.

Mobettie Methodists Start Revival Sunday

Beginning Sunday morning, March 21, the Methodist Church of Mobettie, will hold its first service of its pre-easter revival. Rev. Raymond Dyess of Longworth will lead the singing and work with the youth. The pastor, by request of the church, will do the preaching.

Services will begin each evening at 7:45 o'clock. There will be community singing of hymns and bass solos by Rev. Dyess. Pastor Salley states, "You will be the one that will be the loser, if you miss any of these services."

The pastor wants each one to feel that each and every one has a special and personal invitation to come, make yourself at home, and worship with them.

Mr. and Mrs. Raymond Sayre had as their Sunday guests her brother, C. H. Johnson and wife, C. V. Johnson and son, Robert, all of Texhoma, Okla., and Mrs. Ora Secord of Stillwater, Okla., who remained here until Tuesday visiting in the Sayre home.

Funeral Services For Grandpa

W. D. Matthews, 97-year-old pioneer resident of Miami and later Mobettie, were held at the First Baptist Church in Mobettie Tuesday afternoon at 2:30 o'clock with Rev. B. P. Harrison of Morse and Rev. R. L. Cooksey, pastor of the Mobettie church officiating.

Hundreds of friends and relatives gathered at the church Tuesday afternoon to pay a last loving tribute to the grand old gentleman who had been a shut-in since 1943 and had spent the greater portion of that time in bed. Even though Mr. Matthews spent much time in bed, he was always patient and enduring and enjoyed the company of his many friends who visited him frequently.

Grandpa Matthews became suddenly ill last Saturday and after seeing his children and friends Sunday and visiting with them, he closed his eyes and went to rest like one who wraps the drapery of his couch about him and lies down to pleasant dreams.

Mr. Matthews united with the Baptist Church at an early age and lived a consecrated christian life. He was always ready to assist his neighbors and friends in times of trouble and need and his advice and opinion were always sought and respected by his entire family.

William Davidson Matthews was born March 17, 1850 at French Camp, Mississippi. He was united in marriage November 2, 1871 to Miss Augusta Gray, who preceded him in death September 17, 1934. To the above union were born 11 children, two sons preceding him in death.

Mr. Matthews was reared on a cotton plantation in the heart of the deep south by christian parents, his father being a Methodist minister. He moved his family to Miami from Cleburn in the fall of 1905 settling on a cattle ranch northwest of Miami. Several years later, he moved to a farm near Mobettie and resided there until he and his wife retired to a small home in Mobettie. It was at Mobettie that Mrs. Matthews passed away leaving him alone and since that time he has lived with his

METHODIST TO HOLD REVIVAL

Rev. S. Y. Allgood, pastor of the Wheeler Methodist Church, this week announced a series of revival services for the next week beginning Sunday March 21 and continuing through Easter Sunday, March 28.

Rev. Allgood pointed out in an advertisement on another page of this week's edition of the Times that the preaching, singing and work would all be done by local talent. Rev. Allgood will do the preaching and Mrs. Grady C. Baker, choir director will be in charge of the music.

General theme of the series of services will be "The Word of Jesus From The Cross" and the church and pastor extend a cordial invitation to all in this vicinity to attend the services.

Titles of the sermons which will be given at each service will be found in the advertisement concerning the revival on another page of this weeks paper.

Mobettie Baptists To Begin Revival Sunday

Rev. R. L. Cooksey, pastor of the First Baptist Church at Mobettie, announced this week his church will hold a weeks revival beginning Sunday, March 21. This revival, Rev. Cooksey pointed out, is in connection with the Southern Baptists' Simultaneous Revivals campaign.

Rev. Leonard Lane of Floyd, New Mexico will be the visiting evangelist and Aubrey Lee Leonard, local choir director, will be in charge of the singing.

Services will be held each morning at 10:30 o'clock and each evening at 7:30 o'clock.

The public is cordially invited to this series of services.

SOCIETY

Thursday Review Club Officers Installed

The Thursday Review Club met March 11 in the home of Misses Gemma and Wilma Hoiles.

The meeting was called to order by Mrs. Lester Robertson and a short business session followed. A vocal selection entitled "Prayer Perfect" sang by Pat Noah, Billie T. Brown, Margaret Holt, Maiba May and Frances Porter accompanied by Peggy Rodgers at the piano was enjoyed by all. Mrs. E. J. Holt, Sr. was in charge of the installation of officers with the following officers being installed: Mrs. Lester Robertson, president; Mrs. E. J. Holt, Sr., vice-president; Miss Louise Tillman, secretary; Mrs. Gemma Hoiles, treasurer; and Miss Wilma Hoiles, reporter.

Refreshments serving out the St. Patrick's Day theme were served in the following: Woodrow Harvey Wright, Robert Blackwell,

Carol Pettit, E. J. Holt, Sr., J. C. Howell, Earl Barnes, Joe Westberry, Lester Robertson, E. J. Holt, Jr., W. A. Good, Jr., Arnie Hillier, Bessie Callin, Larry Robinson, and Misses Louise Tillman, Wendell Starbuck, Virginia Lowrie and the hostesses Gemma and Wilma Hoiles.

Former Wheeler Boy Marries in California

Dr. Lee Carter of Oklahoma formerly of Wheeler, was married Sunday to Miss Wanda Hoist Johnson of Modesto in a simple rite at the home of the bride's parents, Mr. and Mrs. W. J. Miller of Spencer, Ok., Modesto.

The double-ring ceremony was performed by the Rev. Donald G. Weston.

Witnessing a group of good ones with happily attended and merrying a white proper book, the bride was given in marriage by her

father. She was attended by Mrs. Clarke Briggs who also wore gray with orange of white curtains. Standing in best man with Carter was Frederick Edwards of Modesto. Serving as usher was the bride's twin brother, Walter Johnson. Candles were lighted by Margaret Ellen Copier, the bride's twin.

Mrs. William Ford played bridal music preceding the rite. For her daughter's wedding Mrs. Miller wore a tan crepe afternoon dress with pale gold accessories. Mrs. Jess Carter, the bridegroom's mother, wore navy blue with pearl accessories. Both wore orange of white curtains.

A reception followed the rite in the home. A three-day wedding cake encased in parchment and white marzipan, flanked by sugar, centered the buffet table.

The honeymoon will be spent in the big district and at Carmel. They will make their home in Modesto where the bridegroom is manager of the Party store.

The bride was graduated from the Modesto city school and junior college. She is a member of Alpha Phi Modesto Business Girls club, and of the Delta Epsilon society.

They are the son of Mr. and Mrs. Joe Carter, formerly of Wheeler. He graduated from the Wheeler school with the class of '27, and moved to Modesto, Ok., soon after graduation. He attended Los Angeles City College. He is a member of Oklahoma D-W club, the American Legion and Officers Reserve. He served as a First Lieutenant in the Indian department of the Air Force.

Attending the rite from Wheeler were Mr. and Mrs. Joe Carter and Mr. and Mrs. Herman Morris and Mr. and Mrs. Arnie Crane who are also former Wheeler residents.

Weatherly-Maxwell Wedding is Event of Saturday, March 13

Miss Nellie Jane Weatherly, daughter of Mr. and Mrs. Roy Weatherly of Littlefield and formerly of Wheeler, became the bride of Purman Maxwell, son of Mr. and Mrs. F. A. Maxwell of Wheeler, Saturday, March 13.

They were married in the Baptist Church in Pampa with Rev. E. Douglas Carter officiating in the impressive single rite ceremony.

Mrs. Clyde Green attended her sister as mother of honor. She wore a dress of brown patterned with green accessories.

Clyde Green served the guests in best man.

The bride was attended in a suit of blue wool crepe with which she wore ivory accessories.

Mrs. Maxwell is a graduate of the Wheeler High School with the class of 1946 and was formerly employed at the Title Abstract Co.

The groom attended Wheeler High School and is now employed by the Phillips Petroleum Co. of Borger.

The couple will be at table in their many friends at 426 N. Whitehouse, Borger.

WOMEN WANT TO KNOW HOW TO REMOVE HAIR

Dr. Sophia Brunson

"How can I remove superfluous hair?" writes a distressed patient. "I have such a growth of dark coarse hair on my upper lip that it is disfiguring and makes me very unhappy for I think that people are commenting on it continually." It is natural for men to have hair on their faces, while women should have a growth of very fine down that is almost invisible, but imparts a soft tone to the complexion.

So anxious are the females of the species to get rid of hair about their faces, that they often fall victims to unscrupulous charlatans who promise to remove it permanently without injury. This is a hard thing to do. Many of these operators offer the X-ray as a panacea for the destruction of superfluous hair. But the use of the ray for this purpose is dangerous. If it damages the hair follicles sufficiently to permanently destroy the roots and prevent further growth, it is capable of injuring other tissues of the body, and therefore is too risky to use for the purpose of exterminating superfluous hair. In fact, "The Health Ministry" of England will not grant a license to any operator for the purpose of

Machine for Handling the Invisible.

HARMARVILLE, PA.— Particles invisible to the naked eye are handled by this wizard-like machine of modern science, called the micro-manipulator. The hand lever operates a hydromatic drive directing probes, rakes and shovels so tiny they work within a drop of water as would ordinary instruments in a beaker or test tube. A humidified cell prevents evaporation of the minute sample beneath the microscope lens. Photo was taken at Gulf Oil's micro-laboratory where research into the infinitely small is speeding progress toward meeting the world's demands for oil.

uses X-rays for the removal of unwanted hair.

If the hair in question is dark causing unhappiness to the possessor, it can be lightened in color by the frequent application of a strong solution of peroxide. This makes it much less noticeable.

Picking the hairs out at regular intervals will improve the appearance. The Indians pluck out their beard instead of shaving. This led to the belief that they naturally had smooth faces which is a mistake. Women do not like hair on their arms and legs and seek to get rid of it, which is accomplished in various ways, principally by the use of depilatories. Sulphide is the base of these ointments which are applied to the surface with a small wooden spatula. A chemical reaction takes place which dissolves the hair. It may grow back pro-

gressively weaker until the growth may be completely discouraged and finally cease to appear.

The safest and most certain method of removing superfluous hair is by means of electrolysis. It is tedious, painful, and expensive. This consists in introducing a needle into the hair follicle and turning on a measured galvanic current. If it is properly done the follicle from which the hair grows is destroyed and the hair falls out. If the hairs are numerous, it requires many sittings to cover the area. If the operator is not very skillful and careful, small permanent scars will be left where the needle was introduced.

Fire Is Slowing Down Peace Effort in USA

"Fire is slowing down the peace effort in this country," said Marvin Hall, State Fire Insurance Commissioner, in commenting on Governor Jester's proclamation of Spring Clean-Up Week in Texas for April 4 to 10.

In urging citizens of this state to participate in this program by removing fire hazards from their homes, institutions and places of business, Hall said that fire was destroying valuable property, raw materials, foodstuffs and other materials vital to the recovery of this nation from a devastating war.

"Almost 550 persons were killed by fire last year," he said, "and nearly 21 million dollars in property was destroyed. The 1947 property loss was the highest in the history of this state."

Commissioner Hall hopes that every Texan will consider it his individual responsibility to cooperate in helping Spring Clean-Up Week to be a success and in preventing fires, to build an even greater and richer state.

Good wiring and lighting in out-buildings contribute to safety and efficiency in doing chores after dark.

It pays to plant pure, sound, disease-free seed of varieties best adapted to local conditions.

Do not buy enough poultry mash to last over six weeks because long storage periods cause loss of vitamin A content in feeds.

Serving foods in the dishes in which they are baked saves time and energy for there will be fewer dishes to get out, wash and put away.

THE WHEELER TIMES
WHEELER, TEXAS

WHEELER CO. LANDS NEEDS RESEEDING NOW

Wheeler County has about 40,000 acres of worn-out cropland that should be reseeded to grass and legumes. The farmers of Wheeler County are rapidly becoming conservation farming minded, and realize the need here for increasing and maintaining the fertility of trying to farm some of the deeper sandy soils.

With this in mind, County Agent W. K. Frey called an all-day meeting February 26 to discuss with the farmers and ranchers the use of chemical fertilizers, the place of legumes in a crop rotation, and the reseeded of worn-out cropland to grasses.

Fertilizer requirements of the various crops grown in Wheeler County were discussed by the County Agent and cost, availability and application of fertilizers was discussed.

County Agent Frey pointed out the hazards of using chemical fertilizers under dry farming conditions, and stressed the use of

superphosphate on legumes in rotation, pointing out also that crop residue management was probably the most important practice and likely the only solution in the long run to our fertility conservation problem.

Payments for grass and legume seed and fertilizers by the ACA were discussed, and Vernie Hardcastle announced that the ACA could now pay \$2 per acre for the practice of spraying sage brush and skunk brush-infested pasture and range land, when recommendations of the Woodward Experiment Station are followed, and 100% kill is obtained.

Quentin Williams district SCS Conservationist at Pampa discussed on the program adapted varieties of grasses that could be used in reseeded worn-out cropland, cost and availability of seed, method, time and rate of planting the various grasses, and the importance of fertilizing grasses to produce a good seed crop for extensive plantings in the county.

Various kinds of grass seeding equipment were on display for the inspection of those present as were also about 20 samples of adapted grasses and grass seeds.

85 farmers and ranchers attended the meeting, and questions asked

by these indicated lively interest in the practices discussed.

Recently a Texas farmer was asked what was the best part of his farm. And his sad reply was, "The part down in the Gulf of Mexico."

An iron pipe six feet long at the outlet end of a tile drain will save a lot of trouble in outlet maintenance.

Veterans' News

QUESTIONS AND ANSWERS

Q—When I was discharged from the army two years ago, I was advised by Veterans Administration to enter job training under Public Law 76. Due to conditions beyond my control, I was unable to enter training at that time. Is it possible for me to enter training now?

A—It is all probable, you can enter training now, but you should contact your nearest Veterans Administration office where your file adjustment will be made for you.

Q—I dropped my \$1000 National Service Life Insurance term policy and later reinstated only \$500. Is it possible for me to reinstate the other \$500 at this late date?

A—Yes, you have until July 31, 1948, to reinstate without previous expiration. If you reinstate the other \$500, it will be added to your policy.

Q—I am going to school under the Vocational Rehabilitation Act. Public Law 76 will be available to me.

like to know what medical treatment is available to me?

A—Under the Vocational Rehabilitation Act, you are entitled to any type of medical treatment needed to prevent the interruption of your training.

Q—I am a veteran of the last war, but while in service I did not take advantage of National Service Life Insurance. Will the application and pay National Service Life Insurance now?

A—Yes, but you will be required to pass a physical examination.

An explanation of terms in courses in substance, approved by World War II veterans taking full-time courses in schools, colleges and universities under the GI Bill is being mailed to veterans in Texas, Louisiana and Mississippi with their March checks. The Veterans Administration is now.

The inclusion states that all veterans taking full-time courses in education in schools will be entitled to the increased allowance. The new maximum allowance April 1, will be at the monthly rate of \$75 for a veteran without dependents, \$125 for a veteran with one dependent, and \$175 for a veteran with more than one dependent.

The message explains that steps for veterans who are entitled to \$75 or \$125 under the new rates will be sent to you for the increased allowance. Details of

THANK YOU, BUNNY! In behalf of the thousands of crippled children of Texas, Dr. Ralph Mills, Director of Dallas, expressed his appreciation to the Easter Bunny for being the symbol of all for handicapped youngsters through the Texas Society for Crippled Children. Bunny steps over Texas to share his Easter joy by supporting the Society's Easter Seal Sale, March 4-25.

Vaccination Against Rabies Recommended

The recent death of a child in south Texas from rabies emphasizes the danger of this disease and its importance to public health.

According to a statement just released by Dr. Geo. W. Cox, State Health Officer, there were 1,088 rabid animals discovered by laboratory examination in Texas last year. There were undoubtedly many more rabid animals, however, which were never examined. Since most of these animals were dogs,

children are especially vulnerable to this dreaded disease.

"All dogs should be vaccinated annually as a rabies control measure," Dr. Cox said. "When a child is bitten by an infected dog, the dog should be penned up for observation for 10 days. If he shows no signs of illness in that time he is not rabid, but if he sickens, he should be killed in such a manner as not to injure the brain. The brain should be packed immediately in ice and sent to the State Health Department for examination. If rabies is shown to be present there is still time to begin

anti-rabies treatment on the child."

Cities and towns should take firm steps to control the presence of stray and ownerless dogs since they remain unvaccinated and are usually the principal source of rabies.

Dr. Ralph Mills, a medical missionary, brought a handful of Korean leopards seed to the United States in 1925. The plant was growing on 40,000,000 acres of U. S. farm land last year.

A lodestone is a magnetic stone.

I'M IN A JAM

I SOLD A FARM

Circumstances beyond my control have entered into the sale of it.

The old boy is going to lose his escrow, but I'm going to do all I can to save at least part of it. It's a small piece but a good one and it was bought at a bargain. I'm putting it back on the market for this week only to trade or sell and what I trade I trade for anything. It's 160 acres, 4-room house, new windmill, cellar, out houses, well fenced, 50 acres broke out, balance good grass. It's a good place to make a living on, or you could rent or lease it out. Located about 30 miles east of Pampa, 4 miles of pavement on an all-weather road. Want sell it for \$4,000.00 and that's just \$25.00 per acre.

Mary Lee Taylor's Vegetable Ham Rolls
Broadcast March 20, 1948

1 lb. ground, lean smoked ham
1 cup soft bread crumbs, 2 days old
1 cup Fat Milk
1 teaspoon dry mustard
6 medium carrots, cooked and cut lengthwise

1 tablespoon shortening
2 tablespoons flour
1/2 teaspoon salt
few grains pepper
1/2 cup water
2 cups drained peas, cooked or canned

Turn on oven; set at moderately slow (350° F.). Mix together ham, crumbs, 1/2 cup milk and mustard. Shape into 8 patties 3 x 5 in. Put carrots across patties. Fold meat over, pinching to secure. Put into greased pan, folded side down. Dot with bits of shortening. Bake 45 min., or until brown. Remove rolls. Measure 2 tablesp. drippings into saucepan. Blend in flour, salt and pepper. Stir in water. Boil and stir 1 min. Add 1/2 cup milk and peas. Heat, but do not boil. Serve over rolls. Makes 4 servings.

SENIOR NEWS

The seniors enjoyed play practice Sunday afternoon, probably because they didn't have to stay long.

Lois was the old married couple all right? How about Okla City, did it still stand straight when you hit there?

Joyce, Yvonne, Bill, Johnny, and Bob had sore jaws Monday morning. They chewed bubble gum all Sunday evening. Even had to take it out of their mouths to turn it over.

Dolores was sure taking it easy Monday morning. That horse back riding she did, just couldn't have made her so sore, could it?

Ruby, we wish you would make up your mind about going to college or doing something else. It is beginning to make everybody wonder.

I'll sure be glad when the senior play is over, won't you Mrs. Baker?

All the seniors are really working on their play. It is really going to be a hit.

Johnny, you can certainly tell you weren't lonesome Sunday afternoon. And you say you can't find you a girl.

Neta, you can't desert us at a time like this. Why you aren't even going to stay and watch our play. You're tacky thing.

George, what did you do run Jimmy off? You'll want him back.

Bob, Jody, and Barbara had better watch out, people will want to hire them to sand-paper and varnish floors for them next.

JUNIOR NEWS

That's all right Johnny, Billie will help you learn your English.

How was Amarillo Bill, Pat and Harold?

It seems most of the juniors went visiting over the weekend.

have a good time kids? Believe it or not! Richard Mc came to school Monday.

Red likes the dress you made in Home Ec. Yreva.

Duane, surely you haven't forgot your English while there was no school.

Horace, what was that you were saying Monday? Something about a "fly sheet" in Civics.

The Wheeler juniors received their play books last Friday and had the try-outs for the parts Monday. The name of our play is "Meet My Wives" and we are hoping to make it very successful.

The characters are as follows: Cuddles, a chorus girl, Margaret Holt; Loretta, a young wife with a decided will of her own; Billie V. Brown; Prudence, a rich, old maid; Melba May; Mrs. Twacker; Loretta's mother; Peggy Rodgers; Ann, a younger sister to Prudence; Frances Porter; Tessie, the Swedish cook; Doris Ragan; Alex; Loretta's hen-pecked husband; Harold Hardcastle; Billy, a man who wishes to marry Ann; Bill Robertson; Hank, a pal to Alex and Billy; Duane Bradford; Olaf, a Swedish fellow engaged to Tessie; Eugene Collins; Uncle Zeb; Big, a rich western uncle; Richard Gammes. The juniors have set the date for presenting their play April 9.

Miss Wiley is our sponsor and since she has tried so hard we too will give it our best.

ONIONS AND ORCHIDS

Onions to the teacher who sprung a test when he said he would review.

Orchids to "old man weather" for giving a holiday.

Onions to those who give long assignments.

Orchids to who ever started baseball.

Onions to those who won't give the girls their athletic privileges.

Orchids to Miss Wiley for directing a junior play.

Onions to the obys who always pester girls.

Orchids Melba, for getting the news in.

Onions to having to make up a week of school.

Orchids to Dolores and Lois for their hard work on the annual.

SOPHOMORE NEWS

Gena, you and somebody are getting sweet on each other.

J. T., you and that jeep are real going places.

C. R., how are you and Floy Red getting along now?

Red believe it or not you were at school Monday.

Margaret, you are surely quiet.

Linnie, you and Reynon don't seem to get along anymore. Wonder why?

Dorothy, you sure looked funny when somebody told you about something Monday.

Martha, there is room enough for two in your skirt.

Barbara, you and that certain guy really fly when you get in that car.

Lindon, Linnie is sure worried about you. She is afraid you are studying too hard.

Ruby, you lucky thing. Nearly through with your dress.

Doyle, why were you so sleepy Monday?

Corky, you sure seemed happy Monday morning. We wonder why?

Bobby, why don't you ever come to school anymore?

Charlotte, you are sure working hard on your dress. Trying to beat Ruby?

Winnie, what's the matter didn't you like what was in Allison news last week about David? Did it make you angry?

JoAnn, you are too easy to get excited. You just thought that was him coming down after you. Say did you say you were expecting a letter from Junior A?

EIGHTH GRADE NEWS

Mary Bob, are you really all that lonesome?

Maurine, does Mary Bob still have to remind you about Easter Sunday?

Lillian, you shouldn't tell people that you are a freshman. Shame on you.

JoAnn, who was sitting in the show with you Saturday night? How about that G. H.?

The eighth grade thinks it has some wonderful entertainers, how about that Claudell and Maurine? Bonita, we haven't been hearing

Millions of American families during these days of high living costs are in danger of being under-nourished, warns the National Dairy Council, because housewives are buying according to prices and not according to food values. They stay within budgets but may jeopardize family health. So here, says the Dairy Council, is its "Guide to Good Eating"—a safe and sound nutritional guide, on which the council on foods and nutrition of the American Medical Association sets its seal of acceptance. Eat these foods daily to get the basic nutritional requirements of your body, and then eat whatever other foods you want to give you that satisfied feeling.

LEGAL NOTICE

CITY ELECTION OF TEXAS WHEELER
 hereby given that an election shall be held at the usual time in the city of Wheeler, Texas, on the 22nd day of April, 1948, same being Tuesday in said city, for the purpose of electing **ONE ALDERMAN AND THREE ALDERMEN** in said city.
 The election has been appointed by the City Council of Wheeler, Texas, and he shall

select a clerk to assist in holding same, and said election shall be held in the manner prescribed by general law.
 Witness my hand, as Mayor of the City of Wheeler, this 1st day of March A. D. 1948.
R. H. FORRESTER,
 Mayor of the City of Wheeler. 12-4tc.

THE WHEELER TIMES classifieds offer more for less money, to both buyer and seller, than any other business device we know about.

A sound cotton program leads to balance production, lower cost, better cotton and higher profits.

LETTER TO THE EDITOR

Mobeetie, Texas
 3-10-1948

Mr. J. C. Howell,
 Dear Editor—I've just been sitting around the fire this near zero weather listening to the radio news. It seems like most of the news commentators are discussing the probability of us getting into another war. Every body is having their say on the subject, so I am jotting down a few of my ideas, which I hope you may see fit to print in your paper.
 Incidentally, I am enclosing a check for \$2.00. Please extend my subscription to The Wheeler Times for another year.
 Yours,
P. A. Clepper

SHALL WE HAVE ANOTHER WAR?

Thirty-one years ago this nation became involved in what was at that time the worst war the world had ever known. We were told that it was necessary for us to get into this fight in order to "make the world safe for Democracy" and incidentally to pay France the debt we were supposed to owe for helping us gain our independence from England. They trained us to fight under the inspiration of such songs as "Over There" and "Goodbye Broadway, Hello France."

We helped to win that war after losing thousands of our best and bravest young men, and using up an enormous amount of our national resources.

But did that war accomplish the purpose for which it was fought? Obviously not, for twenty-three years later found us involved in another world war which made the first one look like kids play in comparison. This world war Number II in addition to killing and crippling hundreds of thousands of our own dear boys, killed and maimed millions of other boys of our allies and our enemies. This last war also depleted our national resources to almost an alarming degree, especially our petroleum and iron products which God put here for our benefit.

These two world wars which we fought and won to make the "World safe for Democracy" were utter failures in so far as visible results are concerned.
 Now, our government officials have definitely committed our nation to a policy of stopping the spread of Communism. Russia is admittedly a far greater menace to world peace than Germany ever was. But what are we going to do about it? Certainly we are in no position to fight another world war. With all the destructive weapons which could now be employed, war would mean destruction of a greater part of the human race.

There is just one answer to this all important problem. That is Jesus, "The Prince of Peace!" Unless we, as individuals and as a nation, turn to Him in prayer (like the people of Nineveh of old did, after the warning of Jonah) then we will have another war too awful to think about.

P. A. Clepper

Wallpaper can be made washable as soon as it is put up by going over it with sizing and covering it with clear shellac.
 Insect control is one of the most important steps in a sound cotton program.
 Approximately one-seventh of Texas cotton crop is destroyed annually by insects.
 Approximately 90 per cent of the South Texas Rio Grande Plains is rangeland.
 Nathaniel Green was an American general in the Revolutionary War.

Ice Cream Is Used To Help Prevent Surgery

Ice Cream is something more than a nutritious food—now, says the National Dairy Council, it is being used as an aid in preventing surgery.

That is, in the case of swallowed pins. The Dairy Council reports that St. Joseph Hospital in nearby Elgin, Ill., has just sent home its third child, in 30 days, after the successful use of a novel non-operative treatment.

Sister Rita Claire, St. Joseph's superintendent, described the child patients as 2 and 3 years old—two boys and a girl. Each had swallowed an open safety pin.

Staff doctors didn't operate. Instead, she said, they simply fed each of the children small balls of cotton covered with ice

cream. A dish of ice cream and cotton every two hours.

These cotton balls went down easily. In the stomach, the cotton matted itself around and over the pin, point and all. The pin was eliminated without any injury to the child.

"That," reports the Dairy Council, which follows nutritional and allies matters closely, "was the only way the doctors could get the children to take the cotton. As a matter of fact they liked it, in ice cream."

From the cotton seed destroyed annually by insects in Texas, more than 50 million pounds of cotton seed oil could have been produced in the 10-year period 1937-47.

The 1947 pig crop in the United States totaled 84,138,000 head, an increase of about one per cent over last year.

Intersections Cause of Half Auto Accidents

(Sixth of a Series)
 There are Emily Post rules of etiquette for the highway, just as there are for the drawing room, according to W. J. Elliott, Chief of the Texas Highway Patrol.

"And traffic rules not only make for gracious living, they make for living—period!" he said. "No driver is a good driver unless he knows and obeys the traffic laws, to insure his own safety as well as the safety of other drivers and pedestrians."

Chief Elliott pointed out that nearly half of all accidents in business and residential areas involve two vehicles at an intersection, and half of these are the result of two vehicles entering at right angles intent on going straight through.

He said that statistics of the National Safety Council show 15 per cent of all drivers in fatal city accidents failed to yield the right-of-way, the most frequent violation.

The Texas Highway Patrol is

cooperating in a nationwide "Know and Obey Traffic Laws" program, and Captain Polk Ivy of the Amarillo District listed the following facts to remember about right-of-way at intersections:

1. A car already in the intersection has the right-of-way over cars approaching. You must give way to any car already there as you come up to the intersection.
2. If two cars arrive at an intersection at about the same time, the one on the right has the right-of-way, and the other driver must give way to him.
3. Slow down before you reach the intersection in order to be ready for a car on the cross street. Don't wait to slow down after you reach the corner—it may be too late.
4. Despite the rule, don't insist on your right-of-way at the risk of an accident. Humility is a small price to pay for safety.
5. If there are stop signs at the intersection, or if one vehicle is turning left, special rules are applicable.

HOW TEXAS INDUSTRIES PUT NATURE'S RESOURCES TO USE FOR THE BENEFIT OF MANKIND

EVEN Splinters ARE IMPORTANT...

Texas' lumber industry is important in many ways, to many people. Millions of cords of Texas lumber are going into the markets of the world... into housing, furniture and a host of other products that people want and need. Lumber is making jobs, paying wages and providing income to thousands of Texas people. But like other natural resources, lumber would be of little value unless it were put to use for the benefit of mankind.

Natural gas, too, would be worthless or wasted unless it were made available for use. Its importance as an efficient, low cost fuel is gained only after it is gathered, processed and transported to places where it is needed. This is the job being done by the United Gas companies. We regard it as practical conservation, for it stimulates industrial development, creates jobs and benefits every family in Texas.

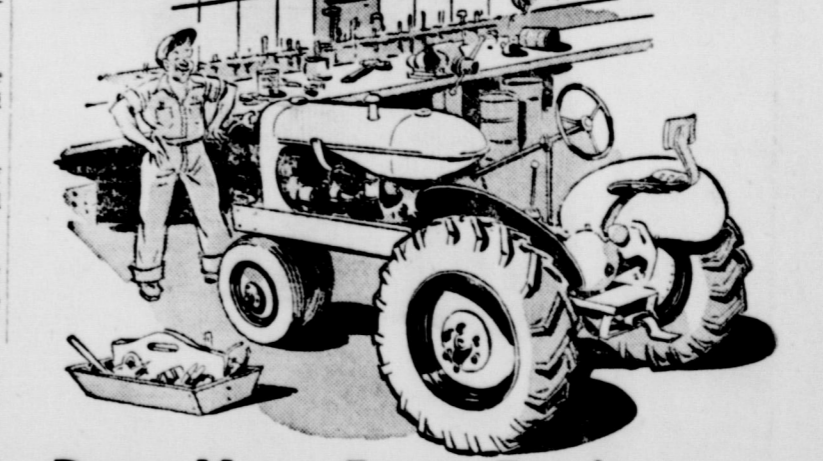

UNITED GAS Serving the *Gulf South*
 Union Producing Company

LUMBER INDUSTRY
 Basic products of lumber and timber in Texas in 1946 were valued at \$119,646,000. The more than 1,000 establishments in the industry employed 29,218 persons, paid salaries and wages of \$42,548,000. Free Enterprise help to build the success of this great industry in our state... Free Enterprise, which shares its benefits with all the people in Texas.

IT'S A SHORT JUMP FROM NOW TO SPRING

Does Your Farm Equipment Need Repair?

Some morning soon you'll sniff the air and know it's spring... plowing time!
 The question is: Will you be ready? Does your tractor or implements need repair? How about a motor tune-up, overhaul, complete rebuilding, welding, adjusting?
 Now is the time to check over your equipment and let our mechanics give you an expert repair job. Our men are trained to give you factory-approved service. Think of the time you'll save when time really counts.
 Put your job at the head of the list by bringing it in early, or schedule it by phone.

No Football

(Continued from Page One)
Coaches are not even allowed to issue football shoes to their track teams. Tackling dummies and similar equipment are taboo and the old moleskins and jerseys will have to stay in moth-balls until fall.

Since one single item of grid-iron equipment . . . the football itself . . . has been exempt from the ban, however, a lot of high school physical education classes will likely be found tossing the pigskin around this spring, in lieu of the standard push-ups and arm exercises.

"In interpreting Rule 30 (the much-discussed spring training ban), of the football plan," Kidd ruled in the February issue of the Interscholastic League, "the issuance or use of any football equipment other than a football will be considered a violation of the practice rule, whether this occurs in a regular physical education class or not."

Why the pig skin itself was not eliminated from the ban was not explained.

Plenty of coaches are expected to take advantage of the loop-hole, however, and a lot of high school physical education classes are due to get plenty of practice in handling the football.

It won't be too surprising if you see a football substituted for the baton in relay races, or a pigskin shooting through the air instead of a shot-put or javelin.

The result next fall may be some of the snappiest ball-handling and fanciest deception ever witnessed on Texas gridirons.

District Trustees

(Continued from Page 1)
The following form may be used in making written requests to the county judge:

Hon G. W. Hefley
County Judge, Wheeler Co.
Wheeler, Texas

We, the undersigned resident voters of District No. _____ request that the name or names of _____ be printed on the official ballot as a candidate (s) for district trustee of this school district.

Signed:—
The above form must be signed by at least five (5) qualified voters.

Senior Play Be

(Continued from Page 1)
ment thrown in to give the play added zest. We really and truly think that everyone that wishes to come and see our play will enjoy it until the last curtain falls.

Be sure to buy your tickets from any one of the seniors so you won't be disappointed. "Sunbonnet Jane of Sycamore Lane" is every bit as charming as its title which is saying a great deal, and so will you after you have seen our play. The cast includes the well known names of Jody Reid, who plays Jane Jasper; Lois May as Miranda Jasper; Yvonne Clark as Grace Jasper; Dolores Pendleton as Nola Miller; Johnny Barr as Toby Simpkins; Happy Martin as Jason Gouch; Ruby Reid as Olive Dinkiebury; Robert Lowrie as Douglas Smith; Georgie Swink as Crystal Cluett; James McCormick as Schuyler Pell; Joyce Bowman as Marion March.

When March 19 gets here just

drop everything and rush up to see our play, you won't be sorry. Don't miss the grand entertainment and bring as many of your friends as you can.

Miss Zonell Kelley of Dalhart was the guest of Miss Melba May Saturday night and Sunday.

Robert Stiles of Waco has been visiting Dr. and Mrs. Glen R. Walker, Mr. and Mrs. Gordon Stiles and Miss Beth Stiles this week.

Mr. and Mrs. Lewis Martin returned from Oklahoma City last Saturday where Lewis received

medical attention the past week.

Dr. J. J. Van Dervoort and son, M. F. Van Dervoort, of Santa Ana, Calif. returned home Tuesday after visiting his daughter, Mrs. R. G. Russ, and family.

Mr. and Mrs. Richard Bradley and small daughter visited friends in Dumas over the weekend.

Word has been received here of the death of Mrs. Annie McJure, mother of Mrs. K. V. Willard, who passed away at the Lamar Hospital in Paris, Texas Monday night. Mrs. Willard left Monday to be at the bedside of her mother.

Those from Wheeler attending the funeral of W. D. Matthews at Mobeetie Tuesday afternoon were: Mr. and Mrs. Carl Lafin, Mrs. Ollie Hubbard and Evonne, Mrs. Mary Johnson, Mrs. R. B. Lane, Mrs. W. C. Crouch, Mrs. Buster Black, Mrs. Bill Perrin of Shamrock and Mr. and Mrs. Bill Black. Friends of Mrs. Linda Clay will

be happy to know that she is feeling much better according to word received here today (Thursday). Mrs. Clay underwent major surgery at Temple last week.

T. G. Richardson of McLean attended to business in Wheeler Thursday and while in the Times office made mention that his son, Harold E. and Kenneth Crowder,

son of Mr. and Mrs. C. C. er, are stationed in Germany.

Mrs. Dick Guyne and Mrs. H. B. Guyne and Mrs. Herman Hollar in
