

ANGS WIN LOSE ONE WIN ONE

Mustangs have contests and the Colts since the last edition and lost one while their encounter. They lost to the Amarillo by a count of 13 to 10. They then won over the squad on Tuesday by a count of 27 to 12. The junior Irish-Shamrock by a 13 to 0 contest played on the Tuesday night. Friday night's encounter lacked the fire and had shown in the Pamper of the week before though they camped on their goal line a great time they were unable score across. Once they for downs on the 1-foot

afternoon's contest. Childrens' was also different story again, they were hitting harder and played a much better football than they did in Friday night. Hubbard scored three of four touchdowns in the affair and Happy Martin fourth on a pass from Corky Robertson for three extra points. Grady Baker reported the contest and the performance of the substitutes. James Scott, a end, did some nice pass taking one especially right over center for 10

little Colts continue as the season goes on play better ball each of the Wheeler lads were in charge of the situation beginning to end of the contest Tuesday night. Junior Irishmen never close to scoring. Mitchell, Teddie Johnson, Weeks, James Cox and Weatherly performed in the game for the Colts and rapped after gain with Mitchell and Teddie Johnson doing the portion of the ball game. Most of the time did some nice at times.

who saw action in the contest included: Maurice C. Johnson, Jamie Clark, Berry, James Gaines, Johnson, Johnny Carl Johnson, Joe Mitchell, Weeks, James Cox, Bobson, Eugene Howe, Melvin Weatherly and Darson. The Irish wind up their season today when they play the Irish field next Tuesday.

Helton Hostess
County Line H. D. Club
County Line Home Demonstration Club met November 6 in the home of Mrs. Tom Helton, for the 1947 program. A member gave a report of the year's work and brought for exhibit. There was display of canned goods, work and clothing. The refreshments of tuna and coffee were led by Mrs. Jim and refreshments of tuna and coffee were led by the following: Mesdames Helton, Jack Meek, Jim Selmes Meek, Earl Williams, Meek, Grady Dodd, C. N. Ridge, Farmer Heffley, Doyle, Tom Helton, and Miss Gilden, agent. The program included Mesdames Neal, Olaf Haukin, Lois Smith, Taylor, John Francis and Walker.

PUNISHMENT

EDITOR'S NOTE:—Below we reproduce an editorial from The Amarillo Daily News of Tuesday, November 11 in which it tells of the action which has been taken by school authorities against members of the Amarillo Yannigan football team which looted Wheeler stores last Friday afternoon prior to their contest with the Mustangs Friday night. The Wheeler stores which were most heavily hit by the mob included: The City Drug, Nash Appliance and Supply Co., Ernest Lee Hardware and Russ Variety.

Nineteen members of Amarillo High School's Yannigan football team turned in their suits yesterday. They are the boys who participated in a gang shoplifting episode in Wheeler last Friday. School authorities acted promptly and with good judgment in the case. The entire Yannigan squad was called in, and before the session was over, 14 of the boys had confessed voluntarily to "picking up" something in one of the Wheeler stores through which the youngsters trooped. The loot ranged from pocket combs to a wrist watch. Before the day was over, five other boys had been accused and finally admitted their part in the episode. "It was clearly a case of gang psychology," said R. B. Norman, high school principal. "Two or three of the boys, who may have done a bit of shoplifting before, were the leaders. The others followed 'just for the fun.' It was no particular crowd. The boys represented a fair cross-section of the student body. Even members of the student council were involved."

Besides being required to turn in their uniforms, all boys were placed on probation for the remainder of their high school careers. A memorandum of their part in the raid will be affixed to their permanent records and will remain there until graduation. If any boy breaks probation, the memo will become a permanent part of his record. In addition, the boys will be required to make up any loss incurred by the City of Wheeler or its merchants, although most of the articles were recovered and returned.

The episode will not be closed until a conference is held with each boy, his parents and school officials. There will be some who will hold that this punishment is not severe enough. But a teen-age boy finds his greatest punishment in the realization that he has let his school down, and that his friends know it. Most of the boys were in tears yesterday. They know what they face in the corridors of Amarillo High in the weeks to come.

And then there's the team. The Yannigans will play out their schedule with the boys they have left, meeting the Pampa Gorillas this week. Those 19 boys who turned in their suits yesterday know how badly they have let their team down. And it hurts.

We believe the school authorities have acted wisely; and we are convinced that most, if not all, of these 19 teen-age boys have lifted the last piece of property that doesn't belong to them.

FARM PROGRAM TAKING SHAPE

The 1948 Agricultural Conservation Program, now being formulated, will shift more responsibility to county and community committees and to individual farmers for assuring the most soil and water conservation with available funds. "Naturally, with less assistance from the Federal government we can expect less conservation, but every effort should be made to get the most conservation possible for the funds we do have," says Gene Shaffer, chairman of the Wheeler County Agricultural Conservation Committee.

Under the 1948 Program, farmers will have more leeway in adapting program practices to local needs. The provision for a local practice not included in the national outline will be continued this year. Last year funds for this practice were limited to 10 per cent of the county allocation. There are now no such limits. This year the county committee may also select a practice from the national outline but which is not in the State handbook. This will mean two local practices instead of one.

Small farmers will be favored under the 1948 program, for, although conservation funds have been cut in half, payments to individual farmers are limited to \$500. This means less of the county allocation will be going to large operators, and the available funds will therefore be available to assist small operators, Shaffer pointed out.

Farmers should begin now to lay plans for carrying out conservation practices under the 1948 program. In general, assistance through the program will continue to be about 50 per cent of the cost of the practice. Farmers are asked to talk their plans over with members of the county committee or see community committees, Shaffer advised.

Mrs. C. H. Candler of Jowett returned home recently from El Paso where she visited her daughter, Miss Nellie Bea Candler. They enjoyed a sight seeing and shopping tour of Jarez, Mexico. Mr. and Mrs. H. M. Wiley and son, Bill, were visitors in Spearman Wednesday morning.

VISUAL SURVEY COUNTY SCHOOLS BEGINS TUESDAY

County Sanitarian W. R. Ritter announced this week the opening of a visual survey for all school children in the county beginning Tuesday, November 18. The entire survey will be conducted by Dr. Joel M. Gooch of Shamrock with assistance from his mother, Dr. Ora O. Gooch.

Schools in the north portion of the county will be visited first by Dr. Gooch depending on the weather conditions. Some of the schools are not on all-weather roads, which is the reason given for making schools in this section of the county first. Ritter pointed out that the survey would consume approximately 44 days to cover all schools in the county and Dr. Gooch would visit schools on Tuesday and Thursday of each week beginning November 18; therefore, he will be out of his office all day on those days for the next six or eight weeks.

The sanitarian stated that the examination will be only for more common and gross defects and is by no means a complete and thorough examination such as you would expect to receive in an eye specialist's office. Equipment which will be used in the tests include the telebinocular stereoscope with cards for checking visual skills and acuity. There will be 13 different tests run on each student with telebinocular stereoscope and a questionnaire containing 22 questions will be completed.

Ritter stated that through these visual examinations which are made possible by Dr. Gooch, it is hoped this county's school students will promote a better and more healthful community and make their school studies more profitable because it is a recognized fact that 85% of all knowledge is gained through the eyes. Ritter requests the cooperation of the P. T. A. and teachers in promoting interest in this county-wide health project and assisting the doctors in every way possible.

The examinations will be given in each grade in the county to each student who wishes to participate from the third grade through high school. Each student participating, will be given a complete report as to their visual conditions and complete recommendations as to whether or not a visit to an eye specialist is advisable.

Legion Auxiliary To Hold 42 Tournament Tuesday, November 18

Mrs. Vernon Brown, president of the ladies auxiliary of the American Legion, announced this week that the auxiliary would hold a 42 tournament at the new legion building just north of the Wheeler football field Tuesday night, November 18.

The ladies will serve free coffee and doughnuts to all who attend and there will be card games of various kinds for anyone who does not play 42. Admission prices will be 40c each for adults and children will be admitted free. The general public is invited to come out and enjoy an evening of entertainment and look over the new legion building.

Mrs. Hastings pointed out that orders should be placed with the marketing chairman, Mrs. Allie Minor before November 22. Mrs. Minor lives with her daughter, Mrs. Hastings, on the highway just east of the Baptist Church.

Anyone who places orders, are asked to be sure and leave their telephone number so that they will be easily notified when the roses arrive. Roses should be picked up and set out immediately on arrival in order to prevent the roots from drying out.

There are 10 varieties to choose from Mrs. Hastings points out and prompt delivery can be expected on the order.

Legion Members Hold Armistice Celebration

Between 200 and 300 members of the West-Passons Post No. 138 of the American Legion met at the new legion building just north of the Wheeler football field Tuesday, November 11 for an Armistice Day celebration. Sandwiches, coffee, cold drinks and doughnuts were served legion members and their families enjoyed a big barbeque in the evening.

The barbeque was prepared by John Barr and the beans and apricots which went with it were prepared by members of the ladies auxiliary. Dr. H. E. Nicholson prepared the coffee for the affair.

Ten Registered Jersey Heifers In Area, Result Of Forming Calf Circle

OPERATION COST ON FARMS HIGH

There is still a wide gap between city and farm purchasing power, Assistant Secretary of Agriculture Charles Brannan said recently in testifying before Senate and House agricultural committees relative to long-range agricultural programs.

Citing statistics to prove his statement, Mr. Brannan pointed out that last year nonfarm people netted \$1,326 per capita; farm people netted only \$620. Even after deducting the cost of food, nonfarm people had half again as many dollars as farm people, on a per capita basis.

Before the war, farm income per capita was 40 per cent of city income. In 1946, it was 60 per cent, but living costs on farms have increased more than in cities and this has cut down the relative gain in farm income to 50 per cent of nonfarm income.

Costs of running the farm plant are the highest they have ever been the U. S. Department of Agriculture reports. For several years they have been on the increase, and prospects for next year too are generally upward.

Total farm operating costs for the country were nearly 2 1/2 times greater in 1946 than in 1935-1939. They mounted from an average of 5.2 billions in the prewar period to nearly 12.8 billions in 1946.

In 1947, farm cost are running more than 16 per cent above last year; they'll probably total 14.9 billion for the year. Principal reason is higher prices for nearly all commodities and services used in farm production.

All major expenses are up this year. The largest increase, more than one-third, is in the cost of operating motor vehicles. Fuel and repairs cost more. Rents paid to nonfarm landlords, maintenance and depreciation charges on capital equipment, and cost of fertilizer and lime have increased 15 to 20 per cent. Taxes, feed costs, and wages of hired labor have increased around 10 per cent.

Farm mortgage interest payments also are rising for the first time in 25 years, since new debts are being made faster than old ones are paid off.

With prices for production goods still increasing, total production expenses are expected to show a further rise in 1948. The rate of increase, however, is expected to be substantially less than in 1947 or other recent years.

County Agent Frey To Recruit Marines

The Marine Corps is currently undertaking an extensive program to bring the enlistment membership of our Citizens Reserve up to approximately 100,000 men, to be composed of veterans of all services and non-veterans 17 to 32 years old.

County Agricultural Agent W. K. Frey has been called upon by the Commandant of the Marine Corps for spare time assistance as a Volunteer Recruiting officer in this area.

Frey said Monday the Agricultural program he has mapped out for Wheeler County didn't leave him much time for the job of recruiting marines, but he would do what he could in his spare time between now and January 18 to assist in the Marine Reserve expansion program.

Frey, who was a First Lieutenant with the Second Provisional Marine Detachment (an engineering detachment from Fleet Marine Force Headquarters at Pearl Harbor), said he would have recruiting instructions and forms in a few days for signing up any person interested in joining the Marine Reserve.

Mrs. Charles McBee and Mr. and Mrs. Alvie Hatfield of Brantley spent the weekend in the home of Mrs. McBee's mother, Mrs. F. M. Robison.

Mr. and Mrs. M. L. Gunter of Spearman visited relatives in Wheeler over the weekend.

NOVEMBER 25 MARKS OPENING NEW LEGION HUT

The formal opening of the new home of the West-Passons Post No. 138 of the American Legion will be held Tuesday night November 25 with dancing to the music of John O'Neal and his Gentlemen of Swing.

The new American Legion Building which has been under construction is very nearly completed at this writing and unless unforeseen difficulties arise between now and November 25 the building will be entirely completed by that date.

The new edifice which is quite an asset to a town the size of Wheeler has cost the American Legion approximately \$25,000.00. The new building is of concrete and brick construction throughout.

The new building was planned and designed by members of the West-Passons post with the aid of Clarence Robison, local cabinet maker. The main portion of the large new building is a large auditorium with a stage at the south end, then there is an office and reception room on the east side of the main auditorium and on the west side is a kitchen, ladies lounge, men's rest room, basement, and an up-stairs meeting room.

The general public is invited to come out to the opening dance and enjoy the music whether they care to dance or not, chairs will be provided for those who do not wish to dance. For the opening dance, admission prices will be \$1.50 per person tax included.

MRS. C. CLARK FUNERAL HELD

Funeral services were conducted from the First Baptist Church here this afternoon (Thursday) at 2:00 o'clock for Mrs. Cecil Clark, 38-year old Wheeler resident, who passed away at a local hospital Monday afternoon at 4:30 o'clock after an illness of only a few days.

Mrs. Clark was a charming person and was loved by all who came in contact with her, she had not been in the best of health for some time but was always cheerful regardless of the pain she suffered.

B. M. Litton, minister of the local Church of Christ, officiated at the funeral services.

Interment was in the Zybach Cemetery beside her infant son with Hunt Funeral Home in charge of arrangements.

Zenobia Atherton Clark was born at Childress, Texas January 14, 1909. At the age of 10 years she moved with her parents to the Zybach community where she grew to womanhood and on August 27, 1927 she was united in marriage with Cecil Clark. To this union was born two children, one of which passed away during infancy.

Mr. and Mrs. Clark resided in the Zybach and Allison communities until 1940 when they moved to Wheeler and since that time have made this their home.

Mrs. Clark passed away at Wheeler, November 10, 1947 at the age of 38 years, 9 months and 26 days.

Mrs. Clark leaves to mourn her passing, the husband, Cecil Clark, and one daughter, Lenora Clark, both of Wheeler; four sisters, Mrs. Mattie Hansford of Parks, Arkansas, Mrs. Tip Burkhardt of Magdalen, N. M., Mrs. Addie Kiker of Spearman, Mrs. Reda Gast of Roseville, Calif.; three brothers, Orville Atherton of Wichita Falls, Joe Atherton of Stinnett and Floyd Atherton of Wheeler.

pall bearers include: George Parker, Narville Arganbright, Leon Fields, Carl Levitt and Boggin Griffin.

Hallowe'en Pranksters Asked Return Pictures

Mrs. W. D. Barrymore who is operating the Bromotone Studio in the absence of her husband urgently request the kids who took her pictures from the show cases in front of the two drug stores on Hallowe'en night to please return them because they are personal property and are quite valuable to her.

Mrs. Barrymore states that she will not ask any questions if the pictures are returned but if anyone is caught with them they will be prosecuted.

Ten Registered Jersey Heifers In Area, Result Of Forming Calf Circle

Ten 4-H club and FFA boys in the vicinity of Wheeler are now caring for registered Jersey heifers as a result of the recent forming of the Wheeler Chamber of Commerce Dairy Calf Circle.

The calves which have been distributed amongst these boys in the interest of promoting better breeding and herd improvement among dairymen of this section were purchased by individual Wheeler business firms and professional men who will be known as sponsors for certain calves.

There are ten of these registered heifers here as a result of the formation of the Dairy Circle but only eight of them have sponsors and one was bought by an individual for his son. The Chamber of Commerce is still looking for a sponsor for the ninth heifer and anyone who is interested in either sponsoring half or all the calf is asked to please get in touch with Vernon Brown, chairman of the Chamber of Commerce Agricultural Committee.

Three of the nine calves in the circle are of the Design line of breeding while the other six are of the Draconis line. The oldest of the nine heifers was born on January 2, 1947 and the youngest on July 9, 1947.

The boys who have received the calves and their sponsors include: Donal Ray Whiteley, Kelton—Russ Variety and Dry Goods; Charles Ambler, Kelton—Hibler Implement Co.; Doyle Waters, Wheeler—Dr. Merritt and Harold Nash; Charlie Blevans, Wheeler—Wheeler Co. National Farm Loan Ass'n.; Richard Gaines, Wheeler—Wheeler Drug and Southwestern Public Service Co.; Bobby Weatherly, Wheeler—City Drug and Ernest Lee Hardware; Kenneth Wayne Richardson, Kelton—Wheeler County Produce Ass'n.; Kenneth Whiteley, Wheeler—Dr. H. E. Nicholson and H. M. Wiley; and Lyndon Sanders, Wheeler—No sponsor. The other registered heifer in the group was purchased by Bill Owen for his son.

Some of the questions most asked about peanut marketing quotas were answered today by Gene Shaffer, Chairman of the County Agricultural Conservation Committee.

"Many farmers," the chairman said, "want to know whether acreages of peanuts produced for feed and seed next year will be included in determining the total peanut acreage for the farm, in case marketing quotas are in effect. The answer to that one is yes. The acreage for the farm will be the entire acreage picked or threshed, regardless of whether the peanuts are to be used for feed or seed, or are marketed. Acreages of peanuts which are 'hogged off' do not count in the farm acreage allotment."

Another frequently asked question, according to Shaffer is, will farmers producing peanuts in 1948 for the first time be eligible for an allotment? "A small part of the State acreage allotment," Shaffer explained, "is set aside as a reserve for 'new grower' allotments on farms where operators meet the necessary requirements for eligibility."

Speaking of the December 9 referendum, in which peanut farmers will voice their approval or disapproval of marketing quotas for the next three years, the chairman had this to say about voting eligibility: "Any person who shared in the proceeds of peanuts produced in 1947, on a farm in which the 1947 acreage picked and threshed was more than one acre, is eligible to vote in the referendum. However if a person's only interest is in hogged off peanuts, he will not be eligible to vote."

The Chairman said that community and county polling places will be designated by the county ACA committee and that each eligible voter will be notified where his voting place will be in plenty of time before the referendum to be held on December 9, 1947.

ARE CLEARED UP PEANUT QUERIES

Some of the questions most asked about peanut marketing quotas were answered today by Gene Shaffer, Chairman of the County Agricultural Conservation Committee.

"Many farmers," the chairman said, "want to know whether acreages of peanuts produced for feed and seed next year will be included in determining the total peanut acreage for the farm, in case marketing quotas are in effect. The answer to that one is yes. The acreage for the farm will be the entire acreage picked or threshed, regardless of whether the peanuts are to be used for feed or seed, or are marketed. Acreages of peanuts which are 'hogged off' do not count in the farm acreage allotment."

Another frequently asked question, according to Shaffer is, will farmers producing peanuts in 1948 for the first time be eligible for an allotment? "A small part of the State acreage allotment," Shaffer explained, "is set aside as a reserve for 'new grower' allotments on farms where operators meet the necessary requirements for eligibility."

Speaking of the December 9 referendum, in which peanut farmers will voice their approval or disapproval of marketing quotas for the next three years, the chairman had this to say about voting eligibility: "Any person who shared in the proceeds of peanuts produced in 1947, on a farm in which the 1947 acreage picked and threshed was more than one acre, is eligible to vote in the referendum. YOUTHFUL SELF-DEFENSE

Some boys seem to be natural fighters, and some have a natural repugnance against fighting and avoid such conflict. A lady was telling how indignant she would often feel when her young son came home after the parading he got from neighbor kids. His clothes would be torn and his nose bloody. The lady would tell him he

"CANDLE IN THE WIND"

would have to learn to take his part. He was a gentle and friendly fellow, and he said he did not like to hurt anyone, and so he would hit his back when hit.

Such a fellow will probably have to give some bullying kid a good licking, or the gang will be putting things over on him. After he once demonstrates that he can fight, he will improve his standing in the kid crowd. He is not likely to be further troubled, and he may become the class friend of those who previously avoided him.

SURE*

Gertie—Look at that sign over the door.
Pete—Which one?
Gertie—The one that says 'Let's Be Ready to Wear Clothes.'

Doormen with plenty of good hay and silage already in storage and with good fall winter pastures provided for are not worrying so much now about the rising cost of feed concentrate.

MOBEETIE HAPPENINGS

By Edith St. John

(Written for last week)

Mr. and Mrs. Norman Dysart and children of Amarillo visited in the Godwin home Sunday.

Louise St. John visited Mr. and Mrs. L. A. Roach in Pampa Sunday.

Mrs. K. S. Corse visited Mrs. L. D. McCauley Sunday.

Mr. and Mrs. Ed Brown attended to business in Shamrock and Wellington Saturday.

J. R. Patterson and R. St. John attended to business in Shamrock Monday.

Mr. and Mrs. C. A. Dysart visited in Childress over the weekend.

Rev. and Mrs. R. L. Cooksey and children spent Sunday afternoon in the Alvis Burke home.

Madge Patterson, Edwina Brown and Patsy McCauley were guests at a birthday dinner for Edith St. John Sunday.

Mrs. L. A. Roll of Roswell, N. M. spent a few days in the Stanley Beck home the past week.

Joyce McCauley spent Sunday afternoon with Betty Jean Patton.

Rev. R. L. Cooksey returned home last Monday from Strong City, Okla. where he had been holding a meeting.

Members of the Training Union enjoying a domino party at the home of Miss Louise St. John Thursday night were: Betty Ruth Brewer, Maurita Laman, Maurine and Joyce Jeter, Wylene and Jay Davis, Paul Jones, Doyle Greenhouse, Patsy McCauley, Edwina Brown, Mrs. J. R. Patterson, Madge and Marcella, Mrs. R. St. John, Byron, Edith and the hostess, Louise St. John.

Trees planted in the form of a windbreak cut down on the fuel bill during winter.

EVERY LITTLE HELPS

A tramp approached a group of churchmen and asked for aid.

"No," one of them told him.

"I'm afraid we can't help you; but you see that big man over there?"—pointing to a bishop—

"he's a very generous man; you might try him."

The tramp approached the bishop confidently. The others watched with interest. They saw a surprised look come over the tramp's face; the bishop was talking eagerly. The tramp looked troubled.

Then something passed from hand to hand, and the tramp slunk away. One of the churchmen called to him and asked: "Well, did you get something from our bishop?"

The tramp gave a sidelong glance. "No," he said. "I gave a dollar for his new cat."

On January 1, 1947, the number of hogs on United States farms was 40 per cent greater than in January, 1946, although the number of hogs on farms of less than 4.4 million head.

An "animal" Ellis Island inspection operated by the U. S. Department of Agriculture. To American livestock against migrating animals are held in quarantine for a while at New Jersey.

"Daylight Saving" Electrically

Means more

Farm products

It's widely known that more hours of light will increase egg production. Good farm lighting increases other farm production, too.

The efficiency and dependability of low cost farm lighting makes working conditions more favorable in the barns, tool house, work shop and feed room.

We'll plan a lighting system especially for your farm. No obligation, of course.

I'LL COME TO YOUR HOME OR PLACE OF BUSINESS

A Public Service Company lighting specialist will come to your home, office, or place of business to give you recommendations as to how to obtain the best in lighting. There's no obligation. Just call or write your nearest Public Service office.

We have nothing to sell but good electric service.

SOUTHWESTERN PUBLIC SERVICE COMPANY
23 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

An artificial dairy breeding association must be well financed at the start if it is to be successful. Much time and energy is required of the association leaders to maintain interest and support, especially for the first year of operation.

A migratory labor force of 80,000 cotton pickers comes through Texas every year.

Nothing is left to Chance!

Guesswork has no part in our service department! Here's why!

It is manned by well-trained mechanics—working with up-to-date precision tools in a well-equipped, modern shop. When you bring your John Deere Farm Equipment to us for reconditioning, it will be handled quickly and efficiently. Nothing will be omitted; nothing unnecessary added. If new parts are required, only genuine John Deere parts will be used—assuring you of dependable performance throughout the life of the machine.

Regardless of the work to be done, you can be sure of high quality work at the lowest possible cost . . . when we do the job. Let's talk over your farm equipment servicing requirements the next time you're in town.

SOCIETY

Mrs. Johnson Hostess Blue Bonnet Study Club

The Blue Bonnet Study Club met November 6, in the home of Mrs. E. E. Johnston, for a study on Historic Houses, with Mrs. Edith Flanagan leader of the program.

Roll call was answered by naming and giving interesting facts of some historical house. Mrs. Para Renter gave an interesting and instructive talk on "The White House," Mrs. Elsie Scribner's subject was "Stratford Hall" and Mrs. Edith Flanagan talked on "Monticello."

Refreshments were served to one guest, Mrs. Claudia Martin, and the following members: Mesdames C. Brown, Bernice Caldwell, Kathryn Carmichael, Ossie Cooksey, Theima Dunn, Edith Flanagan, Juanita Matthews, Para Renter, Elsie Scribner, Mary Hazel Van Zandt and the hostess, Mrs. E. E. Johnston.

Miss Killingsworth Is Shower Honoree

Recent honoree at a bridal shower was Miss Joyce Killingsworth, bride elect of Wilbur Hart, at the home of Mrs. Leonard Rathjen, with Mrs. J. F. Rathjen assisting as hostess.

Garden flowers were featured throughout the entertaining rooms. The serving table, which

was laid with a lace cloth, was centered with an arrangement of red dahlias and fern in a crystal bowl, and silver candles in crystal holders. Mrs. J. F. Rathjen and Mrs. J. A. Tucker served and Mrs. G. S. Gandy registered the guest.

Piano numbers were played by Mrs. Ray Wells and Beth Rathjen. Mrs. L. T. Davis, Sr. and Mrs. Curtis Henderson gave readings. Little Beth Rathjen and L. H. Tucker dressed as bride and groom, and Doris Rathjen and Jimmie Pond, as the attendants, presented the honoree with the gifts.

Those present and sending gifts were: Mesdames H. W. Hill, G. S. Gandy, H. T. Carmen, Curtis Henderson, L. T. Davis, Jr., L. W. Davidson, G. E. Davidson, R. S. Roberts, J. A. Tucker, Ray Wells, C. O. Killingsworth, C. M. Lang, A. B. Pond, J. H. Phillips, L. T. Davis, Sr., T. B. Killingsworth, Geo. Henderson, C. D. Davis, A. C. Johnson, Edgar Blocker, Bailey Whiteley, Harley Pond, Henry Crow, Boyd N. Austin, S. W. Whiteley, Mary Lynch, Ollie Elliott, Calvin Keelin, Fred Harris, Webster Willoughby, L. H. Tucker, J. A. Beaty, Joe Henderson, John Cornelious, Louie Abernathy, O. J. Cain, Alma Gale, Gordon Stiles, Irvin Hink, Horace Anderson, L. C. Bledsoe, Leonard Mills, Joyce Paul, Edward Killingsworth, C. W. Whiteley, C. Brittain, Betty Anderson and W. A. Farnell. Misses Beth Stiles, Rena John-

son, Joan and Barbara Abernathy and Mozell Anderson.

Chandler's Honor Three Youngsters With Party

Mr. and Mrs. F. F. Chandler honored Wilma Roberts, Patty Roberts and Little Linda Carroll Boydston with a birthday dinner at their home recently.

Those present were: Mr. and Mrs. J. G. Roberts, Mr. and Mrs. David Chandler and children, Michael, Helen, Betty and Larry, Mrs. D. M. Boydston and son, Dannie, Mr. and Mrs. Leon Boydston, Clifton, Curtis, and Willie Vance Boydston, Edell Henson of Raymond, Okla., Louise Harrison, Raymond, Okla., Johnnie Gilmar, Briscoe, Virginia Gidden, Ruby Gilmer, Kenneth, Jackie and Catharine Chandler, the honorees and the hostess.

Mrs. Reynolds Hostess Friendly Quilting Club

The friendly quilting club met at the home of Mrs. J. I. Reynolds Thursday, October 30. One quilt was finished and part of another quilted. A covered dish luncheon was enjoyed by all at the noon hour.

Members present were: Mesdames Shell Gulley, Frank Worthington, Raymond Johnston and children, Elvin Zell, and children, Files, Jim Barton, Dora Hogan, Jack Barton and Mrs. J. I. Reynolds.

The next meeting will be with Mrs. Raymond Johnston, Thursday, November 13.

Mrs. Roberts Honored With Party Friday

Mr. and Mrs. Horace Bailey entertained Friday evening in the honor of Mrs. Bailey's sister and husband, Mr. and Mrs. Bob Roberts of Burns, Oregon.

The evening was spent in conversation and forty-two playing. Refreshments were served to Messrs. and Mesdames Walter Davidson, L. T. Davis, Sr., George Henderson, J. A. Tucker, J. F. Rathjen, the honor guests, and the host and hostess.

LAWRENCE'S BEST 21% PROTEIN RANGE CUBES

Fortified RANGE CUBES

... for Stepped-Up Production!

Now... you can feed a combination of Vitamins... Minerals... Proteins... and Carbohydrates in every bite that gives your stock the very latest feeding advantages to help enable you to more profitably meet present-day market demands for better results with lower production cost.

PLUS "3" for PLUS RESULTS

Fortified Range Cubes bring you "PLUS-3" for "PLUS RESULTS" through... extra Vitamins... EXTRA Minerals... EXTRA Proteins... AND added Carbohydrates... Extra amounts over the usual just "get-by" necessary requirements.

WHY NOT MAKE EXTRA PROFITS?

It doesn't cost you any more to get extra results than it does to experience "just get-by" results... in fact, it's cheaper as Fortified Range Cubes cost you no more than just ordinary "non-fortified" cubes, yet offer you results, which we feel are years ahead of general present-day feeding practices. Here is a feeding method for you brought up to the present high levels of breeding.

SENIOR NEWS

The kids aren't studying as much as they should. In fact, you have to be passing in three subjects to play basketball, boys. So you had better bow your necks and do a little studying once in a while. Edna, seems as if you go to Reydon almost every night. We'd better be a little better prepared for the next history test, as some of the freshmen made better grades than we on the last surprise test.

Virginia, what's this we hear about you asking Mr. Ball for a "Bit-O-Honey"? Don't you know he has a wife?

Gosh, isn't Billy getting to be tall, blonde, and good-looking? David, why is it that you just come to school long enough for work-out period?

Too bad, Pete, that you can't play ball for a while. But of course we know your back is more important.

Someone sure was happy last weekend. We know you were glad to see him Myrt, but for goodness sakes, the drug store is a public place.

Gynell, you sure get tickled during work-out period, don't you? Parlee, did you really go to town with Perry Saturday night?

JUNIOR NEWS
We are glad we finally got our class rings ordered. But of course everyone is satisfied with them.

Johnnie, was that you we saw pulling cotton, Saturday?

Too bad Scoochie, that you didn't get your pickup fixed for Saturday night.

Helen, we don't blame you for getting mad at someone. We might even help you if you want to do her clothes the same way.

We hope you don't make turning your dad's car over a habit, Roy.

Everyone's wondering just why Jonell and B. J. G. went to Sayre Saturday.

Clifton seems to be the "one" silent member of our class.

Jackie, was that Shirley you were sitting by in the show Saturday night?

Bill, we also saw you in town Saturday night.

Ray, why don't you try getting a girl once in a while?

Jean, we just don't know anything to write about you.

SEEN AND HEARD

Lynn without a girl Saturday night.

Someone putting Donna's socks in a coke bottle.

Helen finding her lost fountain pen in a spag. box, in the refrigerator in the Home Ec. room.

Someone wanting a date with Laura Saturday night.

Gerald trying to borrow four dollars Friday.

GUESS WHO?
Answer to last week's Guess Who—Johnnie Donaldson.

She's a senior. She has red hair and green eyes. She is score keeper for the basketball teams. Guess Who?

The use of sheds or protective enclosures this winter is a good way to avoid cold weather diseases in livestock.

(for chicken, duck or turkey)

Broadcast: November 15, 1947

- 1/4 lb. pork sausage
- 1/2 cup finely cut onion
- 1 cup grated raw sweet potato
- 2 cups cooked rice
- 1/2 cup Fat Milk
- 1/4 teaspoon salt
- 1/4 teaspoon pepper
- 1/2 teaspoon marjoram*
- 1/4 teaspoon sage*
- 1/2 teaspoon thyme*

Cook and stir sausage until brown. Add onion and potato. Cover; cook slowly 5 min. longer. Mix in remaining ingredients. Spoon lightly into cavity of a 5-lb. chicken or duck. Fasten cavity. Roast in slow oven (325° F.) about 3 1/4 hrs.

*1/2 teaspoon poultry seasoning can replace marjoram, sage and thyme. Note: Double above recipe for a 12-lb. turkey. Roast turkey in slow oven (300° F.) about 4 hrs.

PUCKETT'S FOOD MARKET

Poultrymen Can Tell If Turkey Is Producer

An experienced poultryman can often tell, by the look in a turkey hen's eye, whether or not she's a good egg producer. As poultry raisers go to market now with their turkeys, many are asking: how in selecting breeding birds for next year, can I tell if I'm selecting a bird of high egg production? And that's where the "look in her eye" comes in. William J. Moore, assistant poultry husbandman of the Texas A. and M. College Extension Service, says the only really dependable way to select a hen for egg production is

through trap nesting—keeping an individual record of her laying. But many pedigree breeders doing Record of Performance work say that there are certain characteristics that are associated with high egg production. "A prominent, alert eye" is one of those points, says Moore. Birds that have a medium short beak and a broad head are usually good layers, too. Experienced breeders say that medium-sized birds will lay more than extra large ones. Pullets ranging from 15 to 17 pounds at six months give high production. And a medium bone and flat shank also are associated with good laying.

NATIONAL PRESS BUILDING
WASHINGTON, D. C.

By Inna Coode

Save those pretty tinted cold cream jars! When empty, scrub clean and paste on decalcomanias of colorful fruit. Then when Christmas comes, fill with marmalade, jam or jelly and they make a gay little gift. Nice, too, for an invalid's tray.

Recent feeding experiments show that meat-eating babies avoid anemia. Strained beef, veal, pork and lamb were added to bottle formulas for six weeks olds and the youngsters thrived, disproving the idea that meat is hard for infants to digest.

To keep from wasting vitaminized margarine, melt a small amount over a low flame and spread on toast with a small brush. And remember that margarine, which sells for little more than a third of butter's price, is excellent for all types of cookery.

Save soap scraps—that product is due for another up in price if ingredients go any higher.

Winter is rug-making time. So why not begin now to collect old materials for a lovely hooked rug? Convert them into lovely new colors with all-purpose dye which will give beautiful results on any fabric.

Venetian blinds are now dressed up with colorful patterns. You'll see them on aluminum, wood and steel blinds.

Here's Why You Should Plant Good Wheat Seed

Charles Sheldon, Panhandle wheat farmer went to Ft. Worth to sell wheat off his Moore county farm and came home with a story which County Agent J. B. Waide, Jr. thinks every Texas grower ought to hear.

The story gives a good answer to the question: why plant high quality wheat seed?

Sheldon, contacting a big Ft. Worth mill, was told by the manager that the mill wasn't too interested in buying Moore county wheat. It seems that there were several carloads of wheat in the railroad yard at the time, all of it from a county near Moore, but none of the millers would bid on it because of its poor-baking quality.

The manager then took Sheldon through a laboratory where the mill had installed a considerable and costly amount of equipment recently. In order to meet competition, the manager said, the mill had to run baking tests on

each car of wheat to see that the quality was good enough to use in making domestic flour. The company also had wheat experts who were able to identify different wheat varieties and who were training elevator operators in grain identification. Sheldon was told that poor quality wheat was always detected and that the only outlet for it was the export trade. The company had its own figures on Moore county, and the manager told Sheldon that 15 per cent of the wheat in his county was of poor-milling quality.

Fortunately, says County Agent Waide, Sheldon's wheat was not among the 15 per cent, and he got a good price for it.

THE WHEELER TIMES classifieds offer more for less money, to both buyer and seller, than any other business device we know about. Approximately 396,000 farm families and other consumers in 44 states and Alaska will get electricity as the result of loans approved by REA during 1947.

BUY OR SELL WITH A TIMES WANT-AD

From where I sit... by Joe Martin

Prissy's Got a Man! (Maybe)

Yesterday Sis Martin, our librarian, found an article cut from their file copy of the *Clarion*. When she compared it with another copy that I gave her she found it was my column on "How to Keep a Husband Happy."

Nothing unusual about that. Except the last person seen reading the paper was Prissy Hoskins (our town's proverbial Old Maid)!

Well, if Prissy has finally got a man, more power to her. And more tolerance to both of them... because that's what my column was

about: Tolerance of a husband's taste for old hats, old pipes, friends, and mellow beer. And tolerance on the husband's part of wife's tastes and habits.

From where I sit, nobody grudges Prissy taking that piping from the *Clarion*. But to hint that if she'd just asked she'd get my thoughts on tolerance firsthand. And in return I'll offer her to a glass of beer.

Joe Martin

A good Sportsman in the making

Texas hunters and fishermen maintain a tradition of sportsmanship that has become a cherished heritage to pass down from father to son to grandson. And high among the ideals of the Texas sportsman is conservation of wild life.

And just as the sportsman conserves wild life, so other Texans conserve those things we hold most dear—our health, our mode of living, our knowledge, our natural resources.

Like other natural resources, natural gas has little value locked in the

ground. It is worth nothing unless it can be made to perform a service for the benefit of mankind. United Gas gives value to natural gas by making it available for use... by building processing plants, compressors and pipe lines to connect wells with cities and towns where it can be used.

This is practical conservation, for it gives value to this finest of fuels, stimulates industrial development, creates jobs, and benefits all the families in Texas.

4-H CLUB NEWS

Wheeler Club

The Wheeler 4-H club girls met Friday, October 31, with the County Home Demonstration Agent, Mrs. Emma Hastings. Project for the month of November is yard improvement and the 36 members present enjoyed a demonstration on yard work by Mrs. Hastings. Following the demonstration the group sang songs and played games.

VIVE!

Each allied vehicle entering Paris at the time of the liberation was hailed by a cheering populace, shouting the name painted on its side. "Vive Lizzie!" they cried. "Merci, Blackpool!"

One of the warmest welcomes was given a truckload of American soldiers. The crowd looked at the words chalked on the radiator and yelled, "Vive! Check Oil Level!"

BUSINESS GIRLS 'ON THE FARM'

A MILKING CONTEST with real cows highlights a gay costume party held by members of the Business and Professional Women's Clubs at a regional conference in Des Moines, Ia. Winner of the contest was Jennie Cross (right, nearest camera), of Fargo, N. D. Among the contestants was Sally Butler (wearing spectacles), of Indianapolis, Ind., president of the organization's national and international federations. (International)

Plan Your Kitchen For Space, Convenience

Counter space and convenience mean the same thing when it comes to planning a kitchen.

Size, height and location of the counter are what count, according to Mrs. Bernice Claytor, extension home management specialist of Texas A. and M. College.

She adds that the Bureau of Human Nutrition and Home Economics people in Washington have made studies of kitchen work at counters of varying height. Some of the things they've found out are:

More counter space is needed for making bread and cookies than for any other food preparation. About the least space you can get along with is 24 by 36 inches. And 24 by 42 inches will take care of all mixing jobs comfortably.

Equipment manufacturers used to make most working counters 36 inches high — the common height for counters around the

sink. But, on the basis of the USDA studies, they're now coming out with a counter at two levels, one 36 inches high for washing dishes, the other 32 or 34 inches for mixing foods. The most convenient height varies with the height and arm length of the woman who is going to use the kitchen.

The handiest place to keep baking pans is near the mixing counter, not near the oven as is done in most kitchens.

Bowls, beaters and other utensils used in mixing belong near this work center, too, as do flour, sugar, flavors and seasonings.

Rye grass, planted in October, will make a green lawn that lasts all winter and dies down when summer grass revives in the spring.

THE WHEELER TIMES classifieds offer more for less money, to both buyer and seller, than any other business device we know about.

EDUCATION WEEK

This is National Education week and we think of all the children of school age that aren't going to school. There are over two million of these children. One of the reasons there is so much crime is the school-aged child is not going to school but taking part in the crime. The parents not encouraging the child to go to school are responsible for the delinquents. The way to prevent much crime is to send the children to school where they have so much better environment. Even though we haven't the best of school equipment we are glad we can go to school.

SENIOR NEWS

The seniors are glad to have Sam Gatlin back in school after a short illness. Feeling better Sam?

It seems as though all the seniors have seven years itch and one trying to scratch it out in one. Try surfur and grease kids, you know that used to help.

The seniors had a class meeting and selected a play to perform this semester. They selected their play and ordered their books. They are patiently waiting for them to arrive.

NOTICE:—Doris Barton had a new boyfriend Friday night. Doris where did you meet him?

The seniors are really proud of

the football boys for playing such a swell game as they do every Friday.

FOOTBALL NEWS

The Mobeetie Hornets dehorned the mighty Darrouzett Longhorns 33-29 Friday at Mobeetie. The score was 22-6 in Darrouzett's favor at the end of the first half. At the beginning of the second half suddenly dug in and held the bigger team. With the aid of forward passes and long end runs 4 additional touchdowns were made to Darrouzett's one.

Next Friday Mobeetie plays their last game at Gruver so anyone that can be there to see the Hornets win the last game of the season.

EIGHTH GRADE NEWS

The eighth grade had a class meeting November 10 and elected a program committee, and refreshment committee. The ones for the program committee were Patricia Trimble, Inez Lancaster, Joe Brown, and Wendell Seitz. For their refreshment they were Lorretta Matthews, Ginger Ware, Bill Leonard and Nep Patton.

We are glad Patricia Trimble is back, she has been to Austin, Texas.

GUESS WHO?

ANSWER—Onie Simms. She is a senior. She is of light complexion, blue eyes, and has pretty hair. She is, also tall. She is lots of fun and plays basketball. Guess Who?

HOMEMAKING NEWS

The Homemaking Department received a new, seven foot, Philco refrigerator this week. It was bought from the Cicero Smith Lumber Co. The refrigerator is being paid for with the money the homemaking department cleared on selling chances on a phonograph. Part of the money the homemaking department received from the carnival will also go to pay for the refrigerator. The department still doesn't have enough money to pay all the cost. Out-

side support in other undertakings of the girls will be greatly appreciated.

GOSSIP

Nancy, do you really have to stay home all the time?
Irvine, we heard you had to take your mother to the prevue Saturday night.
Jack, we sure like your new moon hunting lights.
Betty P., won't you ever learn to behave?
We are all glad to see Sam Gatlin in school after his illness.
Fat, pray for Joyce or she might get killed next time.
Mrs. Scribner has more trouble with some of those senior boys.
The seniors have received their play books and will meet tonight to start reading them.
Tom, we don't like your new hair cut.
Some of you kids might wonder where Bonnie developed that limp. She hurt it in basketball practice.
Preacher, did you enjoy yourself in Oklahoma City? We heard you had some narrow escapes.
Patsy M., whose bracelet are you wearing?
The Pep Squad girls have some new cute yells.
The Home Ec. refrigerator is really nice.
Beverly, who did you go with Saturday night?
Pep up Mary, this isn't the only day in the world.

Pfc. Willis Keelin, Kelton has recently graduated as Radar Weather operator at Chanute Field, Ill. after a 33 weeks training course. Prior to his training at Chanute Field, Pfc. Keelin was stationed at Boca Raton, Fla. and is now stationed at Roswell, N. M.

Word has been received here that Frank T. Mitchell, son of Mr. and Mrs. C. D. Mitchell of Wheeler, has graduated from a power plant course at Chanute Field, Ill. Prior to his training at Chanute Field, Cpl. Mitchell was stationed at Davis Monthan Field, Arizona.

Pfc. Guy N. Kenney, son of Mr. and Mrs. Oscar W. Kenney of Kelton has completed a training course as an airplane mechanic at Keesler Field, Miss., and will take additional training in the maintenance of heavy bombers, cargo planes and other aircraft.

Reams-Noah Wedding Event of November 2

Miss Louise Reams, daughter of Mr. and Mrs. George Reams of Gageby, became the bride of John A. Noah, son of Mr. and Frank Noah of this city, Sunday, November 2, at the Church of Christ in Wheeler. B. M. Litton, pastor, officiated.

For her wedding, the bride chose a two piece street length dress of white, with which she wore brown accessories.

Mrs. Harvey Wright, matron of honor, was attired in a street

length dress of black with ing accessories.

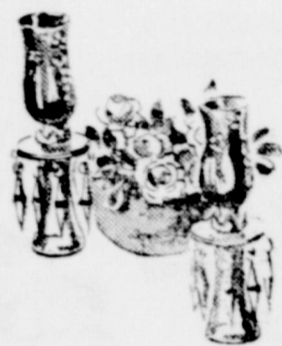

Harvey Wright, groom as best man.

Mrs. Noah graduated from Canadian schools with the '47 and has been employed at Wheeler Drug the past two years.

The groom is a graduate of Wheeler schools and served years with the army, which time was spent in the Wheeler Drug the past two years.

After a wedding trip to Arillo and Canyon, the couple making their home in Wheeler.

You Can Still Save 2 Per Cent On Your 1947 Taxes By Paying Now

The Commissioners Court of Wheeler County has authorized the Tax Collector to give the discount on 1947 taxes as approved by the Legislature as follows.

2 PER CENT IF PAID DURING NOVEMBER
1 PER CENT IF PAID DURING DECEMBER

Regulations governing the collection of state and county taxes after January 31, require us to collect the penalty of 1 1/2% in Feb., 3% in Mar., 4 1/2% in April, 6% in May, 7 1/2% in June, the penalty raises accordingly thereafter plus \$1.00 cost beginning July 1, regardless of the amount of taxes; therefore, we urge you to pay your taxes before Jan. 31, 1948.

PLEASE ASK FOR YOUR POLL TAX RECEIPT

Your poll taxes were not assessed against you this year as they have been in the past; however, it is necessary for you to pay poll tax to be eligible to vote.

If it isn't convenient for you to come to the office just mail your check.

Any time we can be of service to you please feel free to call on us.
