W. M. HAMPTON FUNERAL IS HELD SUNDAY

William Morgan Hampton, one of Wheeler's oldest pioneers, died at his home here in Wheeler last Saturday morning at the age of 90 years, 5 months and 24 days. Mr. Hampton had been in ill health for several months.

Mr. Hampton was truly one of Wheeler's pioneers since he came to Wheeler County in 1898 and helped to build the first business house in Shamrock and also dug the first well in Shamrock.

William Morgan Hampton was born in Jackson County, Alabama on December 5, 1857 in the log cabin where his mother was born. He came from Alabama to Ellis County when quite young. He was married in 1885 to Mary Jane Whitefield at Itasca, Texas. The family moved to Vernon then to Wheeler in 1898.

Mr. Hampton was converted and joined the Methodist church at the age of 22 years.

Besides his loving wife, Mr. Hampton is survived by two sons, Chester of Wheeler, and Dewey of Allison, two daughters, Mrs. Maggie Rathfon of Chelsea, Okla., Mrs. Vera Galmor of Wheeler, 21 grandchildren, and 40 great grandchildren. Preceding him in death were two sons, William Edward and Charlie Ollie.

Funeral services were conducted from the Wheeler Methodist Church Sunday afternoon at 3:00 o'clock with B. M. Litton, minister of the Church of Christ in charge, assisted by Rev. A. C. Wood and Rev. M. B. Smith.

Interment was in the Wheeler Cemetery with Kirk-Mason Funeral Home in charge of arrangements.

Pall bearers were grandsons and included: Alvin Hampton, Wade Hampton, Donald Hampton, Gilbert Hampton, Virgil Jamison and Hensel Rathfon. Honorary pall bearers were: O. Nations, Frank Rogers, A. N. Walser, Rex Miller, Doner Reid, Rick Guynes, Walter Anglin and T. J. Daugherty.

Flower bearers were granddaughters of Mr. Hampton and included: Mrs. Wade Hampton, Mrs. Gilbert Hampton, Mrs. Alvin Hampton, Mrs. Grover Hampton, Mrs. Donald Hampton, Mrs. Enos Morgan, Mrs. Nathan Miller, Mrs. Virgil Jamison, Mrs. Hensel Rathfon and Mrs. Bill Brickley.

REV. ALLGOOD IS RETURNED

The Rev. S. Y. Allgood, pastor of the Wheeler Methodist Church, was returned to his present pastorate for another year at the closing meeting of the 39th session of the Northwest Texas Methodist Conference which was held in Lubbock the later part of last week.

Rev. S. H. Salley, pastor of the Mobeetie Methodist Church, was transferred to Lorraine down in the Sweetwater district and Rev. Vernon Willard was appointed as pastor of the Mobeetie Church for the coming year.

Dr. C. C. Merritt was returned to the Gageby circuit and Rev. J. J. Selin was returned to the Allison-Briscoe circuit.

Local Methodists attending the convention this year included Rev. and Mrs. S. Y. Allgood, Mrs. J. M. Porter and Mr. and Mrs. C. J. Meek.

Other twons in the Clarendon District will have appointments of present pastors and some new appointments.

They are: L. J. Helm, Allison-Briscoe; Stanley W. Hayne, Clarendon; W. M. Reynolds, Clarendon circuit; Dodson-Kelly, to be supplied; C. P. Merritt, Gageby circuit; C. A. P. McMasters, Groom; Frank Story, Hedley; O. C. Evans, Longview; Neely; Motes, Lela-Heald; N. S. Daniel, Leta; H. A. Longino, McLean; J. W. C. Armstrong, Memphis; J. W. C. Armstrong, Miami; Vernon Wilkerson, Miami; Roscoe Trostle, lard, Mobeetie; Roscoe Trostle, lard, Mobeetie; Donnam, Sham-Quitaque; S. M. Donnam, Sham-Quitaque; H. E. Long, Shamrock circuit; C. W. Parmenter, Turkey; H. Noel Bryant, Wellington; C. A. Wells, Wellington circuit; S. Y. Allgood, Wheeler; and Plaska-Price, to be supplied.

B. M. Litton recently returned from Henderson, Texas where he delivered the baccalaureate sermon to the graduates of Carlisle High School.

Mobeetie-Memphis To Play Postponed Game At Mobeetie Sunday

The Mobeetie-Memphis baseball contest which was to have been played in Mobeetie last Sunday but was called off on account of wet grounds will be played at Mobeetie Sunday afternoon beginning at 3:00 o'clock. Frank Cooke, manager of the Mobeetie nine, announced this week.

Last Sunday's contest would have completed the first half season's play and all teams in the league were to have open dates this Sunday but the grounds were entirely too wet to afford a good contest. All other games in the league were played with Childress winning over Turkey by a 4 to 3 margin. Kirkland defeating Paducah 12 to 7 and Wellington defeating Mangum 7 to 5.

Mobeetie and Memphis are still the only two undefeated teams in the Red River Valley League and the winner of Sunday's contest will be winner of the first half season's play and will be a favorite to become champion of the league for 1948.

Frank Cooke reports that his ailing players, third baseman Gregory, and catcher Stephens, are responding to treatment and should be in fairly good shape for Sunday's encounter.

ELIJAH DAVEE LAID TO REST

Elijah Davee, 77-year old resident of Wheeler, died at the home of his daughter, Mrs. M. N. Bradstreet, north of Wheeler last Sunday following an illness of about two weeks. Mr. Davee was in good health and went about his business of plowing small plots of ground for neighbors up until about two weeks ago when he suffered a stroke from which he never recovered.

Mr. Davee had been a resident of Wheeler for 30 years of his 77 years. He was born at Clifton, Bosque County, Texas on November 17, 1870 and passed away May 30, 1948 at the age of 77 years, 6 months and 12 days.

Mr. Davee was married to Miss Hattie Martin at Lampassas, Texas in 1895 and to this union were born four daughters all whom survive. Mrs. Davee preceded him in death about a year ago.

Survivors include: Mrs. M. N. Bradstreet of Wheeler, Mrs. Willie B. Tate of Shamrock, Mrs. Jack Jones of Amarillo, Mrs. Arnold Waldo of Littlefield, daughters: Oscar Tuttle, a nephew whom Mr. and Mrs. Davee reared, 21 grandchildren, 15 great grandchildren, 2 brothers, J. T. and Joe Davee both of Goldsmith, 1 sister, Mrs. Susie Thacker of Leonard and many nieces and nephews.

Funeral services were conducted from the Methodist Church in Wheeler Monday afternoon at 4:00 o'clock with Rev. M. B. Smith, pastor of Baptist Church officiating, assisted by Rev. E. C. Derr of Shamrock and B. M. Litton, Minister of the Church of Christ.

Interment was in the Wheeler Cemetery with Kirk-Mason Funeral Home in charge of arrangements.

Pall bearers were: J. C. Moore, Jr., Bill Black, Bogdan Griffin, Ben Griffin, Chris McClain and Albert Chapman.

Flower bearers were granddaughters of Mr. Davee and were: Mrs. Ruth Cochran, Nell Bradstreet, Floy Bradstreet, Joy Bradstreet, Nellie Exum, Jane Exum, Mrs. Helen Rogers, Mekka Waldo and Armaldetta Waldo.

Baptist Revival Will Begin Sunday, June 13

Rev. M. B. Smith, pastor of the First Baptist Church, announced this week that the annual spring revival of the Baptist Church will begin Sunday, June 13. The meetings will continue for two weeks with services each morning at 10:00 o'clock and each evening at 8:00 o'clock.

Rev. Smith has been asked by the congregation to do the preaching and Frank Wofford and R. B. Mann will have charge of the singing.

Everyone is urged to make plans now to attend every service of the meeting if possible at all.

Mr. and Mrs. Buddy Vanpool and Terry spent the weekend in Ft. Worth with relatives.

NEW METHOD OF POISONING TO BE DEMONSTRATED

A demonstration of the effectiveness and method of application of a new chemical for grasshopper control will be given at Magic City next Monday morning according to Wheeler County Agricultural Agent, W. K. Frey.

Ten pounds per acre of 10% chlordane dust will be applied to fence rows and turnrows with a cotton duster on the farm of Bobby Groves, one mile east and one half mile south of Magic City. The demonstration will begin at 10:00 a. m.

Groves lost two plantings of feed last year before using poison bran bait.

Bobby Groves will treat about six miles of fence rows and turnrows for approximately forty dollars.

All interested in seeing this new method of killing grasshoppers are invited to go and witness the demonstration. Meet at the County agent's office at 9:00 o'clock or meet the group at Groves farm at 10:00 o'clock, one mile east and one half mile south of Magic City.

County Agent Frey has been having good results with the liquid Chlordane in killing out large beds of red ants. He puts one tablespoonful of 74% chlordane concentrate in a gallon of water and saturated ground around ant hill and then pours a quart to a gallon in the hole, depending on the size of the colony.

Another Fish Story, 9 1/2-Lb. Channel Cat Caught At Frye Lakes

The fish stories keep coming in. This week the fish isn't nearly as large as the ones reported in the Times the past two weeks but it is the largest one yet reported hooked in the Wheeler area.

To be Frye reports that L. N. Howell of Lefors dug in a 9 1/2-pound channel cat at one of his lakes Sunday and is out front in the race for a free season ticket for next year.

The large fish measured 27 1/2 inches which is exactly 4 inches longer than the next largest fish caught this year, an 8-pounder caught by another Lefors man.

TEC IS TRYING TO PLACE GRADS

The Texas Employment Commission in Pampa, Texas, is conducting an intensive drive to bring together June and August college graduates and prospective employers in this area. L. P. Fort, manager of the TEC employment office, reported today.

Employers who wish to hire college graduates were urged to contact the employment office at 206 N. Russell, Pampa and not wait until a TEC representative calls on them.

Graduating classes this year will contain a higher percentage of potential business and industrial leaders than any other classes in history. More than 10,000 of the June and August college and university graduates will be veterans who have been attending school under the G. I. Bill of Rights.

Cosponsors of the jobs-for-veterans program is the Veterans Employment Service. Veterans employment representatives are in every office of the TEC.

First phase of the two-pronged drive is to find graduates employment even before they leave school. Secondly, the remainder (Continued on Last Page)

Briscoe Church Will Have Special Services

Rev. H. C. Lonis, pastor of the Briscoe Assembly of God Church, announced this week that there will be two special missionary services at the Briscoe Church Sunday, June 6. The special services will be conducted by Mrs. A. N. Trotter of Muskogee, Okla. Mrs. Trotter will be preaching at the morning service Sunday and Monday night with the aid of a slide projector showing pictures of African mission work. Rev. Lonis stated.

The public is cordially invited to attend.

Chamber of Commerce To Hold Picnic And Barbecue Thursday

The Wheeler Chamber of Commerce will hold an installation picnic and barbecue at the Wheeler American Legion Building next Thursday evening beginning at 8:00 o'clock. The affair will be for members of the Wheeler Chamber of Commerce and their families.

The chamber plans to furnish the barbecue which they hope to persuade "Barbecue King" John Barr to prepare for them and the wives of individual members of the organization will be asked to bring a covered dish. A committee of the Chamber of Commerce is planning the menu and will notify members what dish they wish their wives to prepare.

Officers which were elected on secret ballots at last Tuesday's meeting will be installed at the picnic.

DANGERS OF BANGS DISEASE ARE POINTED OUT

"Milk that has been properly pasteurized will not give a person who drinks it undulant fever, even if the cow producing the milk does have bangs disease."

That statement was made this week by Wheeler County Agent Frey, who has been helping Dr. Westbrook, Childress Veterinarian, locate and test dairy herds in Wheeler County that want TB and Bangs disease testing.

A few of the dairymen are testing for TB only, but most are testing for Bangs disease and TB. It has been explained to the dairymen that Bangs disease testing of their herds was optional—they could do as they wished about it, test or not test for Bangs. Many have said "If I have Bangs disease, I want to know it". Of course that is the best and most sensible attitude, because they can do something about the control of Bangs, whereas the man who does not test for fear he will find it in his herd may spread the disease in his herd to the extent that it would cause considerable damage to his herd, and very likely to the health of his family.

However, regardless of whether a herd tests negative to Bangs or shows some reactors in this test, a person should pasteurize the milk he uses at home, especially if there are children to drink the milk because the disease might show up later in the herd, and they would have been drinking diseased milk without knowing it.

Wheeler County has had several cases of undulant fever in the past, and there are quite a few people now who have it in Wheeler County, according to County Agent Frey, who is concerned and alarmed at the percentage of dairy cattle here that are reactors.

"Those farmers who are on REA or other electric power lines and who can afford it would be wise to purchase one of the small milk pasteurizers to pasteurize the family milk supply", according to the county agent. "However", he says, "there is a simple method of home pasteurization that will get the (Continued on Last Page)

Local Post Decorate Graves of Servicemen At Wheeler Cemetery

Members of the West-Passons Post of the American Legion and the American Legion Auxiliary met at the Wheeler Cemetery Sunday morning to decorate the graves of men and women who had served in the armed forces of the United States.

The group placed flowers, United States Flags and Memorial Day Poppies on the graves of Charles W. Lewis, Valson Cox, Rev. Levi L. Tension, George O. Matthews, William F. West, May O. Mitchell, Lorenzo Dow Miller, Archie Teakell, Hob Austin, Lewis B. Kelley, Benjamin T. Hill, Frank C. Peace, G. O. McCrohan, Emmett Rimmer, J. B. Rodgers, Fred L. Denham and John W. Crowder.

If anyone knows of any persons other than those named above who are buried in the Wheeler Cemetery it would be appreciated if they would report same either to Jim Risner or The Wheeler Times.

State Health Dept. To Bring X-Ray Machine To Co.

A plan has been worked out whereby every person, 15 years of age and older, in and around Wheeler County, may receive free of charge an x-ray for tuberculosis. This free health service is to be furnished by the State Health Department and is being made available here through the cooperation of county and city health authorities.

The plans call for setting up mobile x-ray equipment in Wheeler, Mobeetie and Shamrock next September, where for five days residents in these areas will be given the opportunity to have themselves x-rayed to determine whether they carry the dreaded tuberculosis germ.

Purpose of the program is to locate every case of TB in existence in this entire area.

The schedule for Wheeler County: WHEELER—September 20 from 12 noon until 5 p. m.; September 21, 8 a. m. until 5 p. m. SHAMROCK—September 22, from 12 noon until 5 p. m.; September 23, 10 a. m. until 7 p. m.; September 24, 8 a. m. until 5 p. m.

WHEELER WINS OVER KELTON

Wheeler's entry in the West Texas Oklahoma Baseball League broke over into the win column Sunday with an 8 to 9 victory over the Kelton team which was undefeated in two previous starts in league play. The Wheeler nine had lost its two previous starts by one run margins.

Red Richerson went the route on the mound for the Wheeler nine giving up a total of 8 hits and 8 runs and issued 7 free passes to first base with the greater portion of them coming in the last two innings. Richerson held the Kelton bats to a single run until the last half of the eighth inning.

Edward Killingsworth and Ratliff handled the pitching chores for the Kelton nine and only allowed 7 hits but allowed 11 walks and their mates committed 4 errors behind them.

Leonard Reid, Wheeler catcher, was leading hitter of the day as he collected two singles in three official times at bat. Red Richerson collected two for five while T. B. Henderson of the Kelton nine managed for two hits in four trips and Whiteley and Bellars each got two bingles in five trips to the plate.

No report was forthcoming on the outcome of other games in the league last Sunday and it probable that some of them were postponed because of wet grounds.

The schedule for next Sunday calls for games between Wheeler and Sweetwater at Sweetwater, McLean and Miami at Miami, Allison and Briscoe at Briscoe, and Kelton and Shamrock at Shamrock.

J. Q. ANDERSON GETS DEGREE

John Quincy Anderson, son of A. S. Anderson of Wheeler, received his Master of Arts degree in English and American literature from Louisiana State University, Baton Rouge, La., May 29, 1948.

John Quincy is a graduate of the Kelton High School, and he received his B. A. degree from Oklahoma A and M. College, Stillwater, Oklahoma, before he entered the army in 1940. He spent over five years in the army, serving with the 45th Division, the Fourth Army, and Headquarters of the European Forces. He was commissioned in the Adjutant General's Department in 1943, served overseas in England, France and Germany, and was separated from the service with the rank of Captain.

In August, 1946, John Quincy married Loraine Epps of Ruston, Louisiana, and they have been making their home in Baton Rouge while he has been studying at the university. They expect to move to Austin, Texas, next August where John Quincy will enter the University of Texas to work toward a Ph. D. degree.

Mr. and Mrs. E. W. Woods of Canyon and Mr. and Mrs. H. S. Hutchins, III and two children of Sweetwater, Texas spent the weekend in the home of Mr. and Mrs. H. M. Wiley. The two grandchildren remained for a longer visit.

The x-ray equipment is being brought to Wheeler County largely through the efforts of County Sanitarian W. R. Ritter who has been working on arrangements for the past 18 months. This is the only county in West Texas where the equipment will be set up in more than one town.

Final arrangements for the program were made recently when Phillip W. Gauss, Jr., Tuberculosis Field Supervisor of the State Health Department, met in Shamrock with a group of county, city and school officials of Wheeler, Mobeetie, Shamrock and Lela.

Mr. Gauss explained the to the group and told of portance.

The huge x-ray equipment will be set up in a central location in each of the three towns in the county. Clerks will be stationed at each location to fill out cards for each person and the entire procedure will require only two minutes of an individual's time.

If the x-ray reveals that nothing is wrong, that person's card will be returned to him revealing the fact. Cards of persons who have complications of some kind will be returned to their family physician.

It is up to the individual to correct the complication after it is reported to him by his physician, Gauss said.

It was pointed out by the field supervisor that it takes only a very short time to be x-rayed and that it is not necessary to remove any clothing. The service is free to all races.

The reason for the age stipulation of 15 years and up is that the ratio of cases of TB jumps considerably at that age break. It is the logical contention of officials that if the disease is arrested among older persons, it will thereby be eliminated from the younger set.

It was pointed out by Gauss that the service is not limited to Wheeler County residents and that citizens of surrounding areas (Continued on Last Page)

Six Months Old Baby Dies As Result Of Automobile Crash

Little Julia Ann Matthews, six-months old daughter of Mr. and Mrs. Billy Matthews of McLean, died last Wednesday in a Pampa hospital of a brain injury received in an automobile accident which occurred in McLean on May 20.

The accident in which little Julia Ann was injured occurred at an intersection in McLean. As Mrs. Matthews was going across the intersection a car ran into her broadside, it was reported, causing the baby to fall against the dash board of the car in which she and her mother were riding. Little Julia Ann was the only person injured in the accident.

Julia Ann Matthews was born November 21, 1947 and died May 26, 1948 at the age of six months and five days. She is survived by her parents, Mr. and Mrs. Billy Matthews, a brother, Billy David, a sister, Betty Lou, all of McLean; her grandparents, Mr. and Mrs. C. E. Matthews and Mr. and Mrs. Chandler all of McLean.

Funeral services were held from the first Baptist Church in McLean with burial in the Shamrock Cemetery.

The Matthews will be remembered by many in this area as those who formerly resided at Magle City.

Child Breaks Tight Control

There seems to be a valuable lesson in the story of the fifteen-year-old girl in Los Angeles, who, described as a "piano prodigy and movie bit player," ran away from home.

The girl, when apprehended in another

city, said that she had not been allowed to play with other children for fear she might ruin her hands for the piano and that she could not go swimming because her mother feared she might damage her ears.

Apparently, the mother had made up her mind as to the life and career of her daughter. Using the parental prerogative, she had closely regulated the child's life with the single aim of producing an artist. How long the process was under way, we do not know, but the girl it seems got tired of the regime to which she was subjected.

While there is a proper sphere in which parents should exercise their authority over children, one should not overlook the danger of attempting to compel a child to develop entirely along the line of a parent's preference. While the parent may be quite sincere in the belief that what he, or she, plans for the child is in the long run, the right of the child to reasonable self-development should not be denied.

When one discusses the proper method of bringing up children, there is certain to be considerable disagreement because there is no one approved way of handling children. In fact, it is exceptional when the same rules work equally well with children of the same family group. It would be nice for the parents, no doubt, if all children supinely submitted to parental direction in all things, but we seriously doubt whether such complete subjection would be beneficial to the human race.

While we would not advise any youngster to lightly disregard the experience, customs and sanctions of society, which should serve as a valuable guide to any intelligent person, nevertheless, we think that individuals as they reach the age of intelligent discretion, should follow the advise of St. Paul: "Prove all things, hold fast that which is good."

No Disagreement

One may doubt the estimate of Senator H. Alexander Smith, of New Jersey, that Russia is spending between \$120,000,000 and \$180,000,000 a year in the war of words against the United States.

Nevertheless, one is not inclined to disagree with his conclusion that the \$12,000,000 which Congress gave the State Department for its short-wave radio broadcast is inadequate to carry American propaganda to other countries.

Many a man thinks he has an open mind when it's merely vacant.

Church Calendar

LEGAL NOTICE

CITATION BY PUBLICATION
THE STATE OF TEXAS
COUNTY OF WHEELER

In the Name and by the Authority of The State of Texas
To: John T. Hilburn and M. M. Gaylen, if living, whose residence is unknown and if either or both John T. Hilburn or M. M. Gaylen are dead, the heirs and legal representatives of such, deceased, whose name and residence are unknown, and the respective unknown heirs and legal representatives of all the above named parties, and their heirs and legal representatives, the unknown owner or owners of the herein-after described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning or having, or claiming any legal equitable interest in or lien upon the herein-after described property delinquent to plaintiff herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 31 Judicial District, Wheeler County, Texas wherein The State of Texas in behalf of itself and the county of Wheeler are plaintiffs; and Wheeler Independent School District and the City of Wheeler, said county and state are intervenors; all being styled plaintiffs; and John T. Hilburn and M. M. Gaylen, if living and if dead their unknown heirs and legal representatives and H. M. Wylie and all unknown owners or claimants into such land are defendants, by the filing by said plaintiffs of a petition on the 20 day of May, 1948 and the file number of said suit being No. 3914 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

TRACT 1: Lots 1-4 inclusive
TRACT 2: Lot 5,
all in Block B, Park Addition to the town of Wheeler, Wheeler County, Texas according to the recorded map or plat of such sub-division in the office of the county clerk said county and state.

together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows: County and State \$ 56.79
Wheeler Independent School District \$ 69.90
City of Wheeler \$ 10.45
TOTAL \$147.14

The names of all taxing units which assess and collect taxes on said property not made party to this suit are none.
Plaintiff and all other taxing units may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request therefor, be removed herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 5 day of July, A. D. 1948 (which is the return day of such citation), before the honorable District Court of Wheeler County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest, and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and

including the day of herein, and all costs of the suit, and seal of said court in and of Wheeler County, Texas, as this 21 day of May, A. D. 1948, at the District Clerk of the District of Wheeler County, Texas, 31st Judicial District (SEAL)

From where I sit ... by Joe Martin

Three Mighty Important Ideas

Maybe you read, where a great encyclopedia has sorted all basic ideas into a few select groups. Under the letter "T" they have:

Temperance - Truth - Tyranny.
Sounds like a funny combination. And to philosophize a little, notice that Truth is in the center—between Tyranny and Temperance.

Now and then you hear folks criticize temperate people who enjoy a moderate glass of beer... who talk about "two beers" getting some one into trouble, and claim: "There ought to be a law!"

Then Truth steps in between points out that two beers got anybody into trouble—somebody's trying to dispute facts. No, there shouldn't be there should be Truth.

From where I sit, these are arranged just right. Temperance on one side, Tyranny on the other—and Truth in the center, seeing that Tyranny never croaches upon Temperance.

Cooling COMFORT ELECTRICALLY

There are lots of places in your home where an electric fan will bring cooling comfort, but none more important than the sick room.

There, during the hot summer days, a quiet electric fan will bring immeasurable comfort to the ill. You'll want to move the same electric fan to other rooms too, for there's nothing to stir up a cooling breeze on a hot summer day like an electric fan. Get yours NOW... and let cheap electricity bring more cooling comfort to you and your family this summer.

* We have nothing to sell but good electric service. You'll find a wide variety of electric fans on display at your favorite appliance dealer.

Tips for Dad

When Father lends a hand with baby care, bathing Baby is a likely assignment for him to draw. And a tip or two on making Baby comfortable can make this particular chore a pleasant one for Papa, and for his Majesty, too. First of all, be sure to arrange your cherub's clean clothes and diapers, his special baby lotion, soap, cotton, towels and wash cloth in easy range so you can dispose of the bath ritual efficiently. When you remove him from the bath, wrap Baby in a big, soft bath towel and pat him completely dry. Then apply this special baby lotion thoroughly all over his body. Be sure to give strict attention to all the tiny folds and creases. This special lotion will help prevent uncomfortable chafes, because it contains mineral oil and lanolin with an antiseptic ingredient added for extra protection. It will both cleanse and lubricate his skin. When applying lotion after diaper changes, put it on a dab of cotton. The new absorbent, sterile cotton balls promote ease in applying lotion to this part of Baby's body.

Texas 4-H Club Girls Have Chance at Movies

Texas 4-H Club girls have a chance to "get in the movies." A movie, The Green Promise, is being built around the story of a farm family's struggle for success. The cast includes a 12-year old 4-H Club girl.

The producers of The Green Promise have announced a nationwide talent search for a 4-H Club girl to fill this part in the film. Four girls will be selected for screen tests. These four, with their chaperones, will receive an all-expense-paid trip to Hollywood sometime this summer.

Representatives of the producers conferred this week on details of eligibility with J. D. Prewitt, acting director of the Texas A. and M. College Extension Service, Maurine Hearn, vice director for women and state home demonstration agent, and others.

To be eligible, a Texas girl must be under 13 years old on July 1, 1948, have been a 4-H Club member for two years or more and be active in 4-H work at the present time.

Entry blanks and full details of the plan have been sent to county home demonstration agents. Selection of the four finalists will be made on the basis of photographs. The Green Promise is sponsored by Glenn McCarthy, Houston businessman, with Robert Paige and Monty Collins as co-sponsors.

If it's true that only two percent of the people in the United States are morons they sure do get around.

 WHEELER, TEXAS

Dr. Cox Warns Of Typhoid Fever Danger

A warning against the hitchhiking germ of typhoid fever has just been issued by Dr. Geo. W. Cox, State Health Officer. They must catch a ride from an infected person to the well person; this is generally accomplished by water, milk, flies, fingers or food. Every case is contracted by way of the mouth and digestive system.

A carrier is a person who has had typhoid fever at some time and who ever after recovery carries the germs of the disease in the urine and discharge of the bowels. Carriers who are careless in their personal habits are likely to infect any food they handle with unwashed hands. Some of the most serious and far-reaching outbreaks of the disease have been caused by drinking milk or eating foods that have been handled by carriers. Persons may be carriers without knowing it.

Typhoid fever is unnecessary and preventable. Every case is due either to community negligence or carelessness of some individual. Persons planning a vacation or trip where sanitation may not be rigidly enforced should protect themselves against this disease by being vaccinated. Inoculation with typhoid vaccine, a week

apart, is all that is necessary to secure protection against this disease for two years. The purity of water, milk, or food cannot be judged by looking at it so the best thing to do is to play safe and have your physician protect you.

CRAZY

A guard from the lunatic asylum rushed up to a farmer on the road and said, "Im looking for an escaped lunatic. Did he pass this way?"

The farmer puffed thoughtfully on his pipe. "What did he look like?" he asked.

"He's short," said the guard, "and he weighs about 350 pounds."

The farmer looked at him in amazement. "How can a man be short and still weigh 350 pounds," "Don't be silly," retorted the guard. "I told you he was crazy."

OBVIOUS CONCLUSIONS

The city editor was lecturing the cub reporter again.

"You use too many words, Wadsworth," he said. "You say here that he was poor but honest. Why not just say he was honest?"

"Again, you say that he was without money or friends. You're wasting space. Simply say that he was without money."

SOCIETY

Mrs. Mitchener Is Hostess To Study Club

The Wednesday Study Club met with Mrs. Jimmie Mitchener, May 12.

The program was in observance of National Music Week. Miss Jo Ann Porter played a selection from Liszt. Mrs. George Porter, leader of the program, gave a talk on music in the home. Mrs. Harry Wofford gave "Music in the Community" and Mrs. E. H. Forrester entertained with piano selections throughout the refreshment period.

Those present were: Mesdames Lee Guthrie, R. Wm. Brown, W. L. Williams, Nelson Porter, Cora Hyatt, J. M. Porter, Harold Nash, Harry Wofford, R. D. Holt, H. M. Wiley, Frank Wofford, Max Wil-

ey, R. H. Forrester and the hostess, Mrs. Jimmie Mitchener.

Mrs. L. B. Pendleton Honored With Shower

Mrs. L. B. Pendleton, Jr., nee Betty Brewster, was honored with a bridal shower at the home of Mrs. Shelby Pettit, Friday, May 21. Mrs. Ralph Smotherman was co-hostess.

The beautifully appointed refreshment table was laid with a lovely cloth of lace and featured a centerpiece of roses and baby-breath. White tapers in crystal holders completed the table setting. Seasonal flowers decorated the entertaining rooms.

Mrs. Carrol Pettit presided at the bride's book and Misses Wendell Starkey and Charlene Brad-

Others sending gifts were Messrs. Palmer Sivage, Joe and Ross Steele.

Wiley, C. L. Laffin and Mrs. R. H. Forrester, guest speaker.

Miscellaneous Shower Honors Young Couple

Mr. and Mrs. Earl Long, were honored with a miscellaneous shower in the home of Mr. and Mrs. R. L. Miles, May 31. Mrs. Long is the former Miss Clarice Cochran.

Cake and punch was served to Mr. and Mrs. Roedler, Mr. and Mrs. George Hanks, Mr. and Mrs. Nile Patterson, Mrs. C. F. Housewright and family, Mr. and Mrs. Allen Cochran, Mr. and Mrs. C. P. Adams, Mr. and Mrs. Johnny Skidmore, J. H. Kelley, Mrs. Cochran, Mrs. Joe Howard, Mrs. R. T. Threath, Mrs. Jack Long, Misses Dolly Evans, Leona Skidmore, Nellie Threath and Shirley Moore.

Those sending gifts were: Mrs. Ira Passons, Eva Webb, Mr. and Mrs. Orel Skidmore, Mr. and Mrs. Lawrence Poole, Mr. and Mrs. (Pat) Moore, Mrs. Sue Glover and Mrs. Gardner.

Mrs. Trout Hostess To Lone Star Club

The Lone Star Home Demonstration Club met recently in the home of Mrs. Albert Trout for their regular meeting.

The song, "My Wild Irish Rose," was led by Mrs. John Taylor and the club prayer by Mrs. T. A. Owen. Mrs. Murel Trout, chairman of the Rural Beauty Committee, then gave her report.

Mrs. Sybil Giddens, Home Demonstration Agent, gave a report of

the council meeting held recently and which the Lone Star club had no representative. Mrs. Murel Trout gave some ideas on simplification of work, followed by members telling of how some jobs might be simplified.

Refreshments were served to: Mrs. W. W. Morris of Mobeetie and Miss Sybil Giddens, guests and to the following members: Mesdames John Taylor, T. A. Owen, Murel Trout, Lewis Underwood, Dick Wright, Charles Mixon, E. S. Trout, and the hostess, Mrs. Albert Trout.

Earl Mitchell Honored With Birthday Dinner

Mrs. A. C. Mitchell and daughters honored Earl Mitchell of Shamrock with a birthday dinner, Sunday, May 30, at the home of Mr. and Mrs. Charlie Carter.

Those attending were: Mr. and Mrs. E. C. Finch of Miami, Mrs. C. P. Wood and daughter of Dallas, Mr. and Mrs. Earl Mitchell of Shamrock, Mr. and Mrs. Percy Rowe and Dreka of Pampa, Mr. and Mrs. Burl Chesher, Phil and

Jan of Amarillo, Mr. and Mrs. M. Hockett, Jerrie and Lake, La., Edd Watson, Mrs. Red Richardson, Mitchell and Duane Br...

CARD OF THANKS

We wish to take this opportunity to express our most sincere appreciation for the many expressions of sympathy and expressions of kindness shown us during the illness and death of our husband and father. We wish to thank those who gave food and helped in various ways and also for the floral offerings.

Mrs. W. M. Hampton and Children.

Hall-Jones Wedding Is Event Of May 27

Miss Myrtis Hall, daughter of Mr. and Mrs. Rayburn Hall of Allison and Robert R. Jones of Spearman were united in marriage Thursday, May 27, at the Church of Christ with B. M. Littin, pastor, officiating.

The bride was attired in a street length dress of white with matching accessories and a corsage of white carnations.

The couple will make their home in Spearman where the groom is employed.

Denson Grill Is Scene Club's Formal Dinner

The Wednesday Study Club held its last meeting of the year with a formal dinner in the dining room at the Denson Grill, Thursday evening, May 26.

The tables were decorated with spring hats gaily trimmed in spring flowers and all the colorful accessories for lady's toilet, gloves, scarfs, compacts and handkerchiefs. Place cards were calling cards held in place by precious little hats of lace straw, ribbon and flowers.

Mrs. Frank Wofford, chairman of the social committee, led the program. Invocation was given by Mrs. H. M. Wiley and Frank Wofford sang a group of Irish ballads. Mrs. R. H. Forrester, speaker of the evening, was introduced by the president. She spoke on, "International Conditions In Our World Today and How They can Be Improved By Christian Thinking, Planning and Practices." A business meeting was then held by Mrs. R. J. Holt, president, and the meeting closed by all singing, "Auld Lang Syne."

Present to enjoy the occasion were: Mesdames Jimmie Mitchener, M. McIlhany, Harry Wofford, Max Wiley, R. D. Holt, Lee Guthrie, Glen Porter, D. O. Beene, Cora Hyatt, Nelson Porter, H. E. Nicholson, Sr., Frank Wofford, Geo. Porter, W. L. Williams, Floyd Pennington, C. J. Meek, R. J. Holt, Sr., R. Wm. Brown, H. M.

CARL B. MORRIS

ANNOUNCES PLATFORM FOR STATE REPRESENTATIVE

I wish for the people to know that I stand for election on these points:

1. Rural Roads — primarily School Bus Roads.
2. Prison System Reform — Under the O. B. Ellis Plan.
3. Teachers Pay — With emphasis on lower bracket.
4. Soil Conservation — a vital problem that must be solved now.
5. A Sandy Land Agricultural Experiment Station in the sandy area of this district.
6. Redistricting according to census as provided in the Constitution.

I will appreciate an opportunity to discuss these and other problems with any person or group.

Donley County is the smallest county in the district in number of votes. There has never been a representative from Donley County, so I appeal to all fair minded citizens of this district to elect me as your representative and pass the favor to Donley County this term.

I, my wife and Nancy will be circulating throughout the district during the next few weeks and hope to have the opportunity of meeting each of you personally.

Elect Congressman LYNDON JOHNSON

Time for Rhubarb Recipes

By ALICE DENHOFF

RHUBARB is in, shedding its rosy glow over our markets. Rhubarb used to be somewhat sourly associated with a grimy mixture doled out by grandma in the Spring as "tonic." But not for nothing did one smart gent call rhubarb "pie plant"; a lattice-topped pie of the strawberry rhubarb with a big cup of hot coffee makes for downright good eating.

Rhubarb is generally best in the first full blush of rosy youth. Cook it gently then, not over a scant half-hour. Later, age makes it necessary to "string" it, stew it longer, sweeten it more.

Here are some rhubarb uses that may interest you!
The first rule is that of combining rhubarb with honeysweet dates in a pie. Mix ½ c. sugar and 1 ½ tbs. flour; add to one beaten egg. Mix with 8 c. stewed rhubarb and one c. sliced dates. Place mixture in pastry-lined pie pan and cover with strips of pastry arranged lattice-fashion. Bake at 425 F. for 25 to 30 min. Serves 6 to 8. Serve with coffee and whipped cream.

A Good Dessert
Do you like Banana Rhubarb Betty? For 6 servings, peel 2 firm, all-yellow bananas and cut into ¼-inch slices. Combine banana slices, 1 ½ c. tender young rhubarb (cut in 1-inch pieces), 1 ½ tbs. grated

orange rind, ¼ c. firmly packed brown sugar, ¼ tsp. salt and 2 tbs. hot water. Mix together 2 c. soft bread crumbs and 3 tbs. melted table fat. Place alternate layers of crumbs and fruit mixture into a well-greased 1 ½ qt. baking dish, using crumbs for bottom and top layers. Cover baking dish and bake at 375 F. for 35 to 40 min., or until rhubarb is tender. Remove cover and continue baking for 5 min. to brown top crumb layer. Serve hot with plain or sweetened whipped cream.

Spiced rhubarb is good and a little out of the ordinary. To prepare 4 servings, place in a casserole 4 c. rhubarb (cut in one-inch pieces), ½ c. light corn syrup, ½ c. sugar, ½ tsp. cinnamon, dash of mace, 2 whole cloves, the grated rind and juice of one orange. Cover and bake at 300 F. for 30 min.

Tangy Sherbet
For a tangy, delicious sherbet for 6, soak tbs. plain gelatin in ¼ c. cold water; dissolve gelatin and ½ c. sugar in one c. boiling water. Add a number two can grapefruit juice and ¼ c. rhubarb juice (strained from stewed rhubarb). Freeze to a mush. Fold in one beaten egg white; continue freezing until firm.

To serve, place a large spoonful or scoop in a sherbet glass, fill up with ginger ale, garnish with mint, and serve as a bit of Springtime.

Mrs. Lola McCraw of Amarillo was here for Decoration Day Sunday.

The juniors and seniors left Saturday for a five day trip to Colorado Springs. Mr. and Mrs. Carl Levitt, Mr. and Mrs. Rayburn Hall and Mr. and Mrs. David Kiker accompanied them.

Mr. and Mrs. Doyce Waldrip of Canyon spent the weekend here in the Ross Waldrip home.

A very large crowd attended the graduation exercises held here Thursday night. Allen Kavanaugh of Wheeler gave a very interesting address to the class. Myrtis Hall Jones was valedictorian with Virginia Winders salutatorian. A number of pupils received certificates for being neither absent or tardy during the term. Armanda Aderholt was valedictorian of the 8th grade and Peggy Glimmer was salutatorian.

Kathy and Donna Jo Brown appeared in a musical recital Friday night at Canadian with Mrs. Spiller's class. This is their second appearance this year.

Richard Kiker, who is in the Shattuck hospital is much improved and will soon be able to have his tonsils removed. We hope for him a speedy recovery.

J. E. McKatherine and family of Hereford spent the weekend here in the parental M. Ball home.

ALLISON NEWS

By Lester Levitt

Mrs. Jenia Fitchett of Henderson and her granddaughter, Francis Fitchett, of Orange are spending two weeks here in the A. B. Evans home. Mrs. Fitchett is a sister of Mrs. Evans.

Dudley McMillan and family and Mrs. Sandy Parsons and daughter of Wellington spent the weekend here in the Claud McMillan home.

LARGE BOX RINSO 29c	WHITE SWAN TEA 4-oz. Box 27c	Mary Lee Taylor's Coconut Cream Pie Broadcast: June 5, 1948

10 tablespoons sugar 2 eggs, separated
3 tablespoons cornstarch 1 1/2 cups shredded coconut
1/2 teaspoon salt 2 1/4 teaspoons vanilla
1/4 cup water few grains salt

Mix together 6 tablesp. sugar, the cornstarch and 1/2 teasp. salt. Stir in mixture of milk and water. Place over boiling water. Cook and stir until smooth. Continue cooking 20 minutes, stirring often. Stir into slightly beaten egg yolks. Return to heat; cook and stir 2 minutes longer. Cool thoroughly. Fold in 1 cup coconut and the vanilla. Pour into cold baked 9-in. pastry shell. Beat egg whites until stiff. Beat in gradually remaining 1/4 cup sugar and few grains salt. Spread on top of pie. Sprinkle top with remaining 1/2 cup coconut. Bake in very slow oven (300° F.) 15 min., or until brown.

Class Prophecy of Eighth Grade Read

EDITOR'S NOTE—The following is the last of a series of articles which were written and presented by members of the eighth grade graduating class of Wheeler Grade School this year at their graduating exercises which were held May 13.

We, who are members of the famous Eighth Grade Class of 1948, naturally feel a curiosity even a slight anxiety as to our future. When the world-renowned psychometrist, professor Abdulla Freedom-Brilling came to Wheeler and opened a consulting room for the mentally afflicted and the intellectually unimpaired, all the members of the Eighth Grade Class wanted to see him.

Now don't misunderstand me. I am not implying they are unfit, uneducated, or un-anything. They all just want to be psychanalyzed. Of course no one ever found out what the professor told them, but it was reported that they were most anxious to learn what they would be doing their next four years of high school.

And now comes the exciting part of the story. Last night I too had occasion to enter Professor Abdulla Freedom-Brilling's office. We, not because of any mental

weakness; merely to collect the rent. My father owns the building. And what do you think? You don't, do you? Well, I'll tell you. The Professor wasn't in, and to kill the time I read the magazines on the table in the waiting room.

After reading several magazines I looked around for some more and all I could find was a black-covered notebook. It was filled with closely typed notes. Just as I was about to close it I saw to my amazement, the names of my classmates.

I confess it without shame. I read that notebook. I determined that my friends should not be mislead. I would find out what the Professor really thought they would become. And what I found out I copied it down, so I'd not forget.

This is exactly what the Professor wrote about members of our senior class of 1952.

Our great basketball team has been to the state tournament three times, and has won twice. Our football team is ranked with the three highest in the state.

We find Don Lowe is a prosperous farmer, finishing his last year in high school. He is diligently searching for a suitable wife. We discover H. C. Johnson mak-

ing plans to study to be a minister. He is very sincere and will probably make a good one.

We find David Johnson a football star. He has a small ranch which he intends to enlarge and make a fortune out of.

Darrell Greenhouse is making plans for a five year course in college. He is destined to become a great medical doctor.

Carroll Coak is a great track star. He is making plans to go to college and will probably make a world record in track.

We see Leon Moore a captain of the football team and escort to the football queen.

We see Alene Evans trying hard to graduate from high school so she can go to college and get a nurses degree.

We find Baby Williams trying hard to get a job in a professional girls softball game.

We see Annie Willard turning down secretary jobs by the minute as she can type 500 words per minute.

We see Leonard Weeks preparing to go to college to study to be a college professor.

We find Bonita Ragan tall and slim as she walks into the library. In the library we see none other than Martha Games as chief librarian.

We see three all-state basketball players Margaret Moore, Dixie Saunders, Jo Ann Porter, as they win in the state finals at Austin.

We see Bobby Moore struggling through high school and trying to keep from making his daily trip to the office.

We discovered Joe Mitchell is a star football player and he is a half back on the all-star state team.

We see Morris McQueen spending his high school days writing themes. I see him as editor of the Corral. He will win first place in the inner scholastic league.

We see Melvin May as a class president for another year. He will be on the state track team. He is also good in other sports.

We see Doris Magruder as hamburger queen for the senior class. After school the senior class spends most of its time eating her famous hamburgers.

We see Mary Bob Denson in the halls of Wheeler High about the last of the senior year running around trying to get her grades averaged higher.

We find Lillian Denham spend-

ing her spare time in a beauty shop. She is learning the trade and doing quite well.

We find Billy Christian trying to get his lessons. This is hard for Billy because the cows of his father's dairy take up too much of his time.

We see James Cox moving a truck down the alley of Wheeler picking up dead cats. He will be our star garbage collector.

We see Claudine Cox spending all her change pinning Mobeette. She will play basketball and participate in many other sports.

We find Maurice Cox working in a drug store trying to get enough money to get married. She will participate in most sports offered for girls.

We find James Clark as a five foot senior. He is known as a good sport and makes above average grades. He plays on the basketball and football teams.

We see James Carlton talking to the General Science teacher trying to get enough credits to graduate. We see him as star high hurdler of Wheeler High track team.

We see Anita Underwood in the library reading about Shakespeare. She is destined to become a great playwright.

We find Bob Weatherly winning first prize with his caber. He is

a state farmer.

We find Carmeleta Brown has a 98 average because she stayed home and studied.

We see Richard Brown punching cattle on his father's ranch. He plans to have a ranch of his own someday.

We find Jimmie Bullard still sleeping in Agriculture, but has waked up long enough to win in the county fair with his corn and watermelons.

Now that your anxieties as to your futures are all at rest, it is only fair to tell you that I learned this morning that Professor Abdulla Freedom-Brilling is not a psychiatrist at all, but an escaped lunatic from the state asylum. Of course that will not affect the accuracy of his notes at all, but I thought you would like to know.

Care For Berry Vines After Season Closes

Berry season is coming in the home stretch now. People are out in the woods along the roadside and the fence-rows cleaning up the berries now. The season is coming to an end. J. F. Rosborough, extension horticulturist of Texas A. & M. College, is already looking forward to next year's berry crop.

The berry vines have to be trimmed and fed now so they will produce another good crop of big black juicy berries again next year. As for strawberries, when the bearing season is over and the mother plants begin to send out runners, it is a good time to give them an extra dose of plant food. This fertilizer—and plenty of water—is important to carry the plants on through the hot summer season. Strawberries take a lot of water so don't get light on the moisture.

If the strawberry plant is made up of a large number of plants per square foot, it would be a good idea to thin some of the vines to make room for the new plants now commencing to develop.

Rosborough suggests two to three pounds of ammonium nitrate

per 100 feet of row as a side dressing at this time. If you are growing strawberries on a commercial scale, apply fertilizer at the rate of 200 pounds per acre.

A 1-1 spot can be stopped with a 20-80 copper-lime dust application. Or a spray solution of two pounds of copper sulfate and two pounds of hydrated lime to 25 gallons of water can be used.

Large Supply Foods On Hand At Present

Markets and groceries have a plentiful supply of foods at this time. Many of the standard food items may be found in generous supply now, says Myrtle Murray, extension home marketing specialist of Texas A. & M. College.

To name a few of the abundant foods, the vegetable list includes cabbage, cauliflower, Irish potatoes, celery and lettuce. And among the fresh fruits are lemons, oranges, grapefruit and lemons.

In the canned section are large quantities of citrus juices, grapefruit segments, standard grade peas, potatoes and pumpkin, as well as such tomato products as catsup, paste and puree.

Plentiful dried fruits are raisins, prunes, figs and peaches, and three nuts—walnuts, filberts and pecans will continue in abundant supply.

Turning to the sweeter section, grocery shelves have good stocks of jams, jellies, marmalades and fruit butter from last year's supply. Also in this group is honey and peanut butter.

Last, but certainly not least, the plentiful list, says Mrs. Murray, the markets have lots of chickens, eggs and both fresh and frozen fish.

LEGAL NOTICE

NOTICE BY PUBLICATION
 COUNTY OF WHEELER,
 STATE OF TEXAS

wherein The State of Texas and county of Wheeler are plaintiffs; and Wheeler Independent School District and the City of Wheeler, said county and state are intervenors; and Lula Cotton and O. M. Cotton are defendants, by the filing by said plaintiffs of a petition on the 26 day of May, 1948 and the file number of said suit being No. 3915 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

Lots 1-2-3 and 9-10-11-12 in Block 35 of the City of Wheeler, Wheeler County, Texas, according to the map or plat of such town recorded in the office of the County Clerk, said county and state.

together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows:

State of Texas and County of Wheeler	\$60.83
City of Wheeler	\$10.15
Wheeler Independent School District	\$18.49
TOTAL	\$89.47

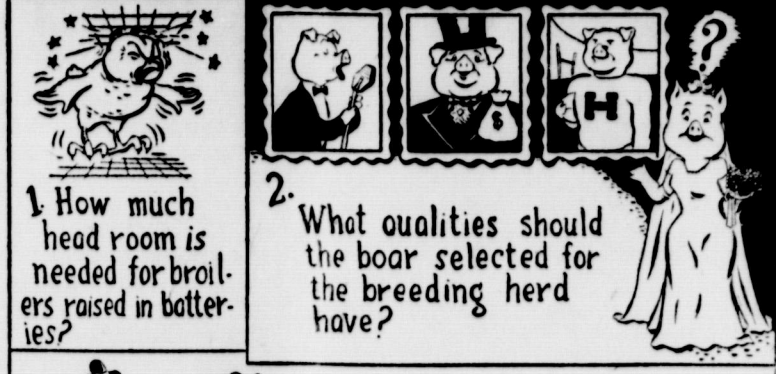

The names of all taxing units which assess and collect taxes on said property not made party to this suit are none.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 12 day of July, A. D. 1948 (which is the return day of such citation), before the honorable District Court of Wheeler County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest, and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may

Farm Facts

1. How much head room is needed for broilers raised in batteries?

2. What qualities should the boar selected for the breeding herd have?

3. Why should cows be dried off 60 days before calving?

1. Head room depends, of course, upon the age of the chick. We recommend 11 inches of head room for staging chicks and 14 inches for chicks from six to 12 weeks of age. Broilers should not be left in batteries after they reach 12 weeks.

2. The major factors to consider in selection of the herd boar are:

- Individuality, or outward appearance.
- Ancestry, or the inherited ability to produce strong, healthy and desirable offspring.
- Performance record, or the test of production.

Send your questions about livestock or poultry problems to FARM FACTS, 835 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this column, as a service of this newspaper.

FLOWER ENEMY CAN BE KILLED

Blackspot, the rose killer! This flower enemy number one may be attacking your garden right now. He comes in the form of black or dark brown spots on the leaves, and is sometimes found on the shoots. Look over the rose bush leaves very carefully. If these dark colored spots are present, then it's time to do something about it.

Miss Sadie Satfield, extension landscape gardening specialist of Texas A. and M. College, says that blackspot is responsible for killing more roses in Texas than any other leaf disease. It is active mainly in the spring and fall of the year. Dew, fog or rain are the allies of blackspot, and encourage its growth during the cool nights.

On the other hand, hot, dry weather checks it, but does not destroy it. These dark areas on the leaf may be less than 1-16 of an inch, but soon grow to 1/2 inch or larger, forming irregular blotches on the leaves.

As the spot grows, the leaf may turn yellow and fall off. On some rose varieties the leaves turn yellow and fall when they have only a few small spots. Others stay green with a large part of the leaves covered by blackspot. All ages of leaves may have blackspot, but it spreads faster on the young leaves, and will attack both

CRASHED THE GATE

A Washington minister tells the story of what happened at the funeral of a certain woman who during her life had constantly quarreled with everyone, henpecked her husband, and had been regarded by all as a genuine battle-ax.

But now that she was dead, people were willing to forgive and forget, and a crowded church listened to the minister as he droned his eulogy of the departed.

The sky grew darker and darker, and just as the service ended, a storm broke. There was a flash of lightning, followed by a crash of thunder.

All was silent in the church, and then from the front row came the voice of the widow: "Well, she got there!"

MAN SIZED

Customer: "I want a box of cigars, please."

Clerk: "Yes, ma'am—a strong cigar?"

Customer: "Oh, yes. My husband bites them terribly."

THE WHEELER TIMES

Improved Certified NORTHERN STAR COTTON SEED

STORM PROOF

WHEELER CO-OP GIN
 Wheeler, Texas

Never too late...

Whatever its birth date... your car will live a longer life if you regularly drain out old oil and OIL-PLATE with CONOCO No. 14.

And here's the reason why. The moment No. 14 Motor Oil (Patented) enters your engine, a special added ingredient fastens an extra film of lubricant so closely to metal that cylinder walls and all working parts are literally OIL-PLATED!

This protective OIL-PLATING stays right up there... won't all drain down to the crankcase, even with your engine idle over night! That's why No. 14 Motor Oil extra-protects from "dry-friction" starts... from metal-eating combustion acids... from sludge and carbon due to wear!

So, for full-time protection... for more miles per quart, make a date now...

...to OIL-PLATE!
