

Local Chamber To Hold Open Meeting Tuesday, Jan. 17

Howell

Every business man or individual interested in the progress of Wheeler is invited and urged to attend an open meeting of the Wheeler Chamber of Commerce which is to be held in the district court room of the courthouse Tuesday evening, January 17 beginning at 7:30.

During the past few years the Wheeler Chamber of Commerce, under the direction of Grainger McIlhenny, Harold Nash and at present, Max Wiley as presidents, have done many things which have helped Wheeler in various ways.

One of the outstanding accomplishments of the Wheeler Chamber of Commerce has been the establishment of a registered dairy calf circle which has already multiplied one time and has placed registered jersey heifers in the hands of approximately a dozen boys in this area.

Other accomplishments of the chamber include making Santa's annual visit to the city possible as well as helping to get the city decorated up for the Christmas season.

Besides planning next year's work for the Wheeler Chamber of Commerce, leaders of the group hope to get the merchants and business people of Wheeler to decide which holidays will be observed and on what day they will be observed so the fact can be publicized and everyone will know just when to expect a holiday and can plan for it in advance.

Leaders of the chamber would like very much to have every business man, professional man, farmer, rancher or anyone else who gives a "hoot" about Wheeler to be on hand for the meeting Tuesday night, January 17.

GOODRICH IS IN JUDGE'S RACE

Judge Lewis Goodrich of Wheeler County, who is serving his first term as Judge of the 31st District, announced this week he has filed his candidacy for election to a second term.

The Wheeler County man was elected to succeed Judge W. R. Ewing of Pampa who voluntarily retired from the bench after more than two decades of service.

The district now consists of Wheeler, Gray, Roberts, Lipscomb and Hemphill Counties—Hemphill County having been added since the last election.

Judge Goodrich said he will make formal announcement of his candidacy shortly.

RIVES SEEKING COUNTY POST

Thurman Rives, popular young Shamrock business man, this week authorized The Wheeler Times to announce his candidacy for the office of Wheeler County Tax Assessor-Collector, subject to the action of voters in the July Democratic Primary election.

Mr. Rives, 25 years old, was born and reared in Wheeler County, residing on farms in the Kelton and Twitty communities most of his life. He was graduated from Shamrock High School and attended Texas Tech, Lubbock, one semester before entering military service.

He served in Uncle Sam's Army 37 months, more than 18 months of that service being in the European Theatre. After his discharge from military service, Mr. Rives was engaged as bookkeeper for White House Properties for more than two years. For the past five months he has owned and operated the City Drug and News in Shamrock.

Mr. Rives is the son of the late Don P. Rives who was killed in a car wreck on October 30. His mother resides on a farm in the Twitty community. The former Irish athletic star is married and has a one-year-old daughter.

"I feel that my education, business experience and service as a bookkeeper well qualifies me for the job which I am seeking," Mr. Rives said.

"If the people see fit to elect me, I pledge to devote my entire time and the best of my ability to handling the duties of the important office.

"I will sincerely appreciate the vote and support of everyone of you."

DAUGHTRY IS NOT CANDIDATE

T. J. Daughtry, Wheeler County Tax Assessor-Collector, announced this week that he would not be a candidate for re-election to that office.

Mr. Daughtry is serving his second term as a county official. He was unopposed in his race for re-election for his second tenure.

In thanking the public for the courtesies and cooperation extended him, Mr. Daughtry declared that his failure to make the race for a third term was not based on the fact that he had not enjoyed the work.

"I feel that the experience I have gained has been worth much to me," and I want to express my appreciation for having been elected to the position," he stated.

"I have enjoyed working with the public and with the other county officials. Everything connected with the position has been highly satisfactory and I feel confident that the residents of the county are satisfied with my work."

Mr. Daughtry stated that his plans for the future are indefinite.

S. W. Cole of Hobart, Okla., visited from Friday until Saturday in the home of Mr. and Mrs. C. C. Robison.

Mississippi Jubilee Singers To Appear At Assembly Program Here

Supt. W. O. Carrick announced this week the National School Assemblies of Los Angeles, Calif., will bring the Mississippi Jubilee Singers to Wheeler on January 9. The Jubilee Singers will perform at the regular Monday assembly program at the Wheeler grade school auditorium which will be held at 9:00 a. m. next Monday morning. Admission will be 10c.

The Mississippi Jubilee Singers make up one of the best known Jubilee Quartets of the entire country. With their unique background of experience and training they form a combination of voices seldom equaled.

Probably no Jubilee Male Quartet in America is giving a more authentic interpretation of Negro spirituals, camp meeting shouts, or of the popular plantation melodies. Each member of the Quartet is a fine soloist.

The repertoire of the Mississippians is extensive, including the best in Negro music. The entire program reflects the humor, the deep religious flavor, the drama and pathos, the good nature, and the musical gift of their race.

This unusual quartet is under the personal direction of Mr. Thomas J. Pruitt, of Berkeley, California. Mr. Pruitt, as well as each member of the quartet, is a graduate of the famous Negro School at Piney Woods, Mississippi. He is a master in the field of music and readings. His dramatic selections of his own race are a high spot of the program.

These beautiful voices have unusual blending in rare harmonies, and with their well-selected numbers and a highly developed perfection in quartet work, are accorded today the unique reputation of being the finest quartet presenting their type of music. Yet with their highly advanced training of voices, nothing has been done to take away that natural quality and timbre so characteristic of the Negro race.

An informative talk at the start of the program explains the nature of the Negro folk music.

Humor and comedy are always an outstanding element in a Jubilee program and this is no exception. Masters of comedy all, yet no trace of burlesque enters.

Several years of radio experience over Western stations and the National Broadcasting System of San Francisco have made them well-known and widely popular.

Members of the quartet include: Thomas J. Pruitt, Bass; Vernon Dunn, Baritone; Richard Williams, First Tenor and Howard Hall, Second Tenor.

Mobeetie Happenings

By Rev. James M. Bryant

Martha Abbott, daughter of Mr. and Mrs. Ernest Abbott, was operated on for appendicitis last week at Worley Hospital in Pampa. She is reported to be getting along well.

The Mobeetie Lions Club cancelled their last meeting due to the rush of the holiday season but will resume their meetings at the next regular scheduled date which will be Tuesday, January 10. This announcement comes from Herk Atkins, club reporter.

Leslie Waters and Mickey Mixon left Wednesday morning for a business trip to Oklahoma.

R. C. Martin and his family visited in Mobeetie last Sunday.

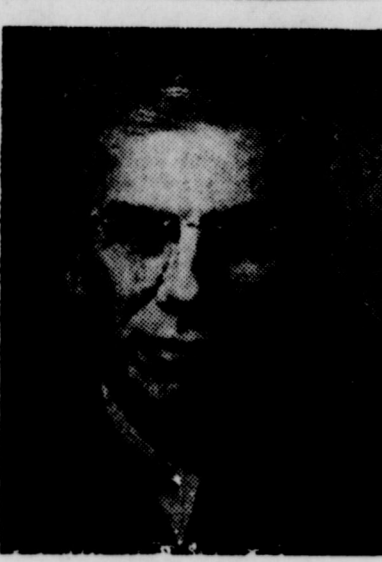

Rev. R. C. McCurley, Jr. of Le-fors filled the pulpit in the Baptist Church Sunday in the absence of the pastor, James M. Bryant.

Dr. Carter Speaker At Meth. Men Meet

Dr. Orion W. Carter, pastor of First Methodist Church in Pampa, was guest speaker at the Methodist Men meeting Thursday night, December 29. Dr. Carter challenged those present to serve not only a local church, but the whole community.

The time of meeting has been changed from Thursday night to Friday night at 7:15. The Methodist Men meet each second and fourth Friday nights.

Mrs. Cora Hyatt, Miss Gladys Mabley, Mrs. Madge Porter and Jack Pitcock attended the Cotton Bowl football game at Dallas Monday afternoon.

WHEELER CO. MAN OUT FOR DISTRICT POST

Thirty-seven years ago there came to the Panhandle a young man, his prized possession being a law school diploma. He has lived among us all these years, practicing his profession over the Panhandle, but especially in this Judicial District.

The subject of this sketch is H. B. Hill of Shamrock, announcing for District Judge. He worked his way through school covering a period of eight years, largely by manual labor. H. B., as he is familiarly known, served his home town as Alderman and City Secretary, and was City Attorney more than 20 years; also, was State Representative four years.

He has always been active in Civic affairs and Church work; served on the Shamrock School Board, president two years; was Superintendent of the Shamrock Methodist Sunday School 16 years, is now a member of the Shamrock Church Board of Trustees, Associate Lay Leader of the Clarendon District and on the Conference Board of Education.

Mr. Hill has had the ambition to be District Judge ever since he began law practice, and many friends of the popular Shamrock attorney have encouraged him in this respect.

"If elected," Mr. Hill said, "I pledge myself to perform the duties of the office to the best of my ability, devoting my entire time to this high position."

BAPTISTS TO MEET JAN. 9

Texas Baptists will gather in Dallas again next week for their annual statewide evangelistic conference. Approximately 5,000 pastors and laymen are expected for the meeting which begins Monday, January 9 and ends Wednesday, January 11.

This will be the second large Baptist meeting in Dallas in two weeks. Over 4,100 members of the denomination from 25 different states attended the Southern Baptist Sunday School conference there December 27-30.

Serving as a springboard from which to launch an extensive simultaneous revival crusade, the conference will study all phases of revival work and will hear speakers from six states. The evangelistic campaign is scheduled for April 9-23, at which time every Baptist church west of the Mississippi River is asked to hold revival services.

The purpose of the Dallas conference is to emphasize Texas Baptists' part in the April crusade, according to Dr. C. Wade Freeman, head of the evangelism department for the Baptist General Convention of Texas.

Among the speakers for the conference is Billie Graham, president of Northwestern Baptist Schools, Minneapolis, Minn. Graham has held evangelistic meetings all over the South, a recent one in California resulting in 6,000 personal decisions.

Vance Havner, author-Evangelist-Bible teacher from Greensboro, N. C., appears on the program for the second consecutive year. He is the only speaker returning from last year's program.

Others include E. W. Perry, Oklahoma City, Okla., vice-president of the colored National Baptist Convention; A. L. Lowther, superintendent of missions, Oklahoma City; and Dr. J. Howard Williams, Dallas, executive secretary, Baptist General Convention of Texas.

Wheeler Tourney Will Begin Next Thurs. Afternoon

Play in Wheeler's fourth annual Invitation Basketball Tournament is scheduled to begin next Thursday afternoon, January 12 at 4:00 o'clock with the girls teams from Allison and Briscoe furnishing the action in the first contest. The boys teams from the same two schools are scheduled to go on immediately following the girls game.

Following the two opening games at 4:00 and 5 o'clock Thursday afternoon, there will be an hour recess for supper and play will be resumed at 7:00 o'clock and following that there will be three sessions each Friday and Saturday with the winners being crowned at the end of the final session Saturday night.

Twenty-five teams including 13 boys and 12 girls will compete for prizes in this fourth annual event.

BLEVINS RITES HELD AT KELTON

Funeral services for Zula May Blevins, 11-year old daughter of Mr. and Mrs. Cecil Blevins of Wheeler, were held at the Kelton Baptist Church last Saturday afternoon at 2:30 o'clock with Rev. M. B. Smith, pastor of the Wheeler Baptist Church, officiating.

Zula May was fatally injured in an automobile crash in which 8 other members of the family were hurt near Henrietta Christmas night and expired in the Clay County Memorial Hospital at Henrietta at 11:30 a. m., January 27. Zula May was 11 years, 8 months and 20 days old at the time of her death, having been born at Kelton April 7, 1938.

Reports show that the cause of Zula May's death was fractured vertebra and internal injuries.

Mr. and Mrs. Blevins and at least one other child still remain in the Clay County Memorial Hospital at Henrietta in critical condition.

Survivors besides the parents, Mr. and Mrs. Cecil Blevins, include the following brothers and sisters, Charlie, Wanda Sue, Douglas, Eugene, Lenda Fay, Melva Lois and Roy, all of Wheeler.

Serving as pall bearers were: Buddy Toon, Tony Weatherly, Maxie Herd and Dennis Wilsford. Named as flower attendants were members of Mrs. Weatherly's Sunday School Class of which Zula May was a member and included: Wanda Waters, Sylvia Smith, Mary Black, Paula Green, Janice Jacob, Ermadine Murray, Ada Pierce, Kada Pierce, Joline Quarrels, Barbara Revious and Katherine Whitener.

Interment was in the Kelton Cemetery with Kirk-Mason Funeral Home in Charge of arrangements.

Burgess Home Scene Of Christmas Dinner

The home of Mr. and Mrs. J. M. Burgess was the scene of a family dinner Monday, December 26.

Members present to enjoy the occasion were: Preston Lowrie, brother of Mrs. Burgess from Wellington; Mr. and Mrs. O. L. Bowerman and children; Mr. and Mrs. Joe Cad Bowerman and children; Mr. and Mrs. Barney Burgess and Don Meadows; Mr. and Mrs. Watson Burgess and children; all of Wheeler; and Dorothy and Lloyd Crane of Winston, Mo.

Immediately after the dinner, Mrs. J. M. Burgess and her brother, Preston Lowrie, left for a few days visit with their sister and family, Mr. and Mrs. W. S. Courtney, of Roosevelt, Okla.

Frey In Charge Of Faith Study In Jan.

W. K. Frey, Church School Superintendent of the Methodist Church is the leader for the Faith Study during January. The study for January is our Faith in the Bible. A fine group was present Wednesday night for the first study. This month's study is the third in a series of "Our Faith Study". A different leader is in charge of each monthly study.

Johnnie Hutchison, little son of Mr. and Mrs. Dorsie Hutchison, was dismissed from the Wheeler Hospital Wednesday where he had been receiving medical attention this week.

The baby daughter of Mr. and Mrs. Harold Callan is a medical patient this week in the Wheeler Hospital.

There are large trophies for the winners of first place in both divisions, smaller ones for second place winners and still smaller trophies for the consolation or third place winners. Each member of the first all-tournament team will be presented with a small statue of a basketball player and members of the second all-tournament teams will receive miniature silver basketballs. The trophies are on display at the Wheeler Times Office.

SLEEPING ACCOMODATIONS

Anyone who can put up one or more of the contestants either Thursday night or Friday night is asked to please get in touch with Supt. W. O. Carrick at the school, phone 118, or let him know just how many you can accommodate. The school will appreciate any assistance that can be offered in this matter.

First round pairings in the girls bracket includes: Shamrock, bye; Allison vs. Briscoe; Kelton vs. St. Mary's of Amarillo; Mobeetie, bye; McLean, bye; Darroulette vs. Wheeler; Hedley vs. Reydon; and Miami, bye.

In the boys bracket, first round pairings were: Shamrock, bye; Allison vs. Briscoe; Cheyenne vs. Pampa "B"; Mobeetie vs. Kelton; McLean, bye; Darroulette vs. Wheeler; Hedley vs. Rydon; and Miami, bye.

Coaches, fans and contestants can be assured of first class officiating in the Wheeler tournament since W. W. "Windy" Nicklois, coach of Horace Mann Junior High School of Amarillo, and Otto Mangold, student at West Texas State and former coach at Canadian, have been employed to call the games. Coach Bernie Smith of Wheeler states that the two officials mentioned above are some of the best in the Panhandle.

Mr. and Mrs. Frank Wofford and daughters are visiting this week in Phoenix, Ariz. with friends.

Mr. and Mrs. Henderson Coffman, Mr. and Mrs. R. J. Holt, Jr. and Wendell Meek attended the Cotton Bowl football game at Dallas Monday afternoon.

Happy Birthday

EDITOR'S NOTE:—The Times is inaugurating a new feature this week and we will carry it each week throughout the new year. We have a list of all the people whose birthdays are printed on the birthday calendar which the Methodist Church puts out annually which we will start with. We would appreciate it very much if those of you who live in this vicinity who do not have your names on this calendar would stop in at the Times office and tell us when the birthdays of members of your families are.

NEGRO SUIT FOR PARK USE

A significant aspect of the suit of the
Negros against the State Parks Boards is

that they are not asking for equal facilities
for Negroes. They are asking that the fac-
ilities that have been built for whites be
thrown open to their own people. In fact,
most of the present Negro effort in this di-
rection is opposed to "equal facilities for
Negroes" if they are to be separated from
the white facilities.

During the last fifteen years there has
been quite a change in the prevailing Negro
attitude. When the United States Supreme
Court, some years ago, put its stamp of ap-
proval on segregation of the two races, con-
ditioned on equal facilities, the prevailing
sentiment among Negroes was for acceptance
of the ruling at its face value. Their
effort was largely for equal and separate
facilities—in education, transportation, re-
creation and other public services.

If the legislative and administrative
branches of the Southern States had moved
promptly to comply with the Supreme Court
ruling, the issue would have been settled
for a long time to come. It would have been
settled on a basis satisfactory to prevailing
white sentiment of the South. And it would
have been a basis satisfactory to the South-
ern Negroes, too, though many Negroes will
now deny that.

The backwardness of southern Legis-
latures to meet the issue has given the more
radical element among the Negroes the
opening they wanted. Here in Texas a few
members of the Legislature have urged for
years that something should be done, but
majority opinion in the Legislature has been
slow to comprehend.

Segregation is a sound and logical policy.
We have it very largely in fact, though not
in law, in the Northern States. But, because
of the great concentration of Negro popula-
tion in the South, this region has imposed
upon it the burden of finding a solution that
is fair to both races—and practicing that
solution after it is found. In recent years
our Legislature has been prodded into action
in the matter of education. The next regular
session should go into the entire matter for
the purpose of establishing a definite and
just policy.—From Dallas News

GOOD DEALER

**JAMES CLARK
TO SHOW STEER
AT FORT WORTH**

James E. Clark of Wheeler will
exhibit a steer in the Boys' Live-
stock Show of the Southwestern
Exposition and Fat Stock Show,
dates of which are January 27
through February 5.
Cash awards this year total
\$112,000, largest in the show's 54-
year history.
Almost 400 cowboys, including
the top hands in the nation, will
perform in the world's greatest in-
door rodeo. They will match brain
and brawn with 140 bucking
steers, 80 Brahmas, 100 Mexican
horses and other wild animals
rounded up by the Verne Elliott,
veteran rodeo producer.
The rodeo will be presented in
Will Rogers Memorial Coliseum at
2 and 8 p. m. daily after the open-
ing night performance.
A new feed building and a
second judging and auction arena
have been constructed. They are
in addition to the six livestock
buildings erected recently at a

cost of \$1,500,000. All walks, roads
and parking areas have been pav-
ed.

Exhibitors of a new breed of
turkeys, Beltsville Whites, will
hold their first national show dur-
ing the exposition. The winter
show of the Texas Standard-Bred
Poultry Association also will be
staged.

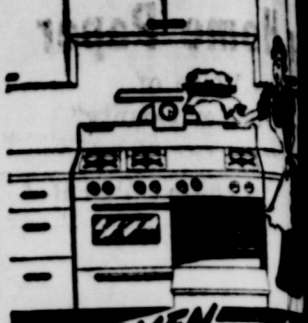

Special emphasis is being placed
on the carloads and pen divisions
of bulls, with increased awards.
Hereford and Aberdeen-Angus
sires for commercial ranches will
be available for purchase.

The horse show will draw fine
animals from throughout the na-
tion.

Many towns will observe special
days at the show. They will bring
high school bands and "Cowgirl
Sweethearts" who will ride in the
grand entry and be introduced at a
rodeo performance.

Plumbing fixtures are very
heavy and strong supports are
needed under the bathroom floor
to support them.

**This Year, Too...
ELECTRICITY WILL BE YOUR
BIGGEST BARGAIN!**

No doubt about it... this year, all year, your best buy
will be low-cost electric service. While prices on most every-
day items were on the upgrade all around you, your Public
Service Company continued to bring you dependable electric
service at the lowest cost possible.
Just think! All the services you use today for electrical
living would have cost nearly twice as much only a few years
ago. True, you are using more electricity today than you
were then, but the good living and many comforts that are
yours electrically in this year 1950 are still the most economi-
cal item in your budget. Low-cost... dependable... electric
service makes it that way!

PEOPLE INFORMED ABOUT CANCER

People believe that a blow in the head can cause cancer. They believe that cancer is passed on to children. They believe that cancer is incurable, and that nothing the individual can do can help him and his family.

Thurston, acting Federal Security Administrator. The pamphlets, which were prepared by the National Cancer Institute of the National Institutes of Health, Public Health Service, emphasize that early cancer is frequently accompanied by warning signs and symptoms, and that persons who can recognize them and obtain prompt medical attention can usually be cured.

The first of the publications, CANCER—WHAT TO KNOW, WHAT TO DO ABOUT IT, is an illustrated folder that describes the cancer process, the known facts about its causes and approved methods of treatment, and lists the most usual signs of possible early cancer. As listed in the folder, these include:

1. Any lump, especially in the breast.
2. Irregular bleeding or dis-

Hand Paint Your Own Tea Cloths and Napkins

Your guests will admire this tea cloth and napkin set. They'll applaud when you tell them that the grape-ivy leaf decorations are your own handiwork. Hand-painting designs on fabrics, china, glass, etc. is one of the simplest ways to add personal touches to your home. You can get painting instructions and patterns for stencils of the leaf design by sending 25c to Good Housekeeping magazine's Bulletin Service, New York. Stencil patterns for decorating children's rooms, plant boxes, etc., are included. The Wheeler Times handles textile paints like the ones used to paint the table cloth and napkins in the picture, as well as dek-all enamel used in painting glassware.

- bowel movements.
5. Unexplained weight-loss.
6. Changes in color or size of a mole.
7. Any sore that does not heal promptly.

The other four pamphlets, which were prepared in cooperation with

the American Cancer Society, discuss in simple, interesting language but with scientific accuracy the essential facts about cancer of specific sites of the body. One of these is on cancer of the breast, a second is on female reproductive organs, a third on the diges-

tive tract, and a fourth on the mouth and respiratory tract. Later pamphlets in the series will discuss cancer of the genito-urinary tract and skin cancer. "Through personal alertness to the signs and symptoms of early cancer, the American people could prevent up to 100,000 unnecessary cancer deaths a year," according to Surgeon General Leonard A. Scheele of the Public Health Service. "Without becoming a nation of cancerphobes, we can learn and apply the few simple precautions that every citizen ought to know. Watchfulness for possible cancer symptoms should be as commonplace and matter-of-fact as watching the traffic lights while driving a car. If you notice any of the signs or symptoms, there is no cause for panic. They probably signify a condition other than cancer, but to make sure, go to your physician for a thorough examination. The best safeguard, especially if you are over 35, is to have a complete physical examination at least once a year."

Dr. Scheele explained that the five pamphlets were published in response to a widespread demand for a simple, clear explanation of what cancer is and how the individual can protect himself and his family against this second most common cause of death. Numerous requests for such materials have also come from State and local health agencies which now conduct cancer education programs as an important part of their public health work.

All pamphlets in the series warn

QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID
Free Book Tells of Home Treatment that Must Help or it Will Cost You Nothing
Over three million bottles of the WILLARD TREATMENT have been sold for relief of symptoms of distress arising from Stomach and Duodenal Ulcers due to Excess Acid—Poor Digestion, Sour or Upset Stomach, Gasiness, Heartburn, Sleeplessness, etc., due to Excess Acid. ATTENTION TAXPAYERS

A REPRESENTATIVE FROM THE TAX ASSESSOR-COLLECTOR'S OFFICE WILL BE IN

SHAMROCK

Thursday, Friday & Saturday

JANUARY 12, 13 AND 14

TO ACCEPT YOUR 1949 TAXES AND GET YOUR 1950 RENDITION

After January 31, 1950 we will be required to charge a penalty on all 1949 taxes that are not paid; so, we urge you to come in or mail us your check before that date in order to avoid penalty.

1950 automobile license fees can be paid between February 1, 1950 and April 1, 1950 and tags may be attached on date of purchase.

THIS IS ELECTION YEAR

We call your attention to the fact that 1950 is election year again, and you must pay your poll tax in order to be eligible to vote unless you are otherwise exempt.

You may pay your poll tax at any time at J. B. Zeigler's office in Shamrock or at the office in Wheeler between now and January 31, for 1950 elections.

Your poll tax receipt must show 1949 to be eligible to vote in 1950.

Any time we can be of service to you please feel free to call on us—

J. J. Daughtry

Tax Assessor-Collector, Wheeler County

Hadacol Helps Textile Worker Stay On Job

The great textile mills of the Carolinas are booming again with shifts working day and night to turn out the nation's finest materials, and HADACOL is doing its part to keep folks on the job.

Many textile workers have reported the wonderful relief which HADACOL, with its five B vitamins and four important minerals. This worker, a young father employed by the great Cannon Mills at Kannapolis, N. C.

Jay W. Barnhardt, Route 3, Box 343, Kannapolis, N. C., is 30 years old and the proud father of two children. His work in the Cannon Mills calls for a great deal of standing up.

"I had been ill for several years," said Mr. Barnhardt as he explained how close he came to having to give up his work. "I suffered with a weak stomach, it became worse and worse with gastric disturbances. I just could not hold food and no food agreed with me. I could not sleep and finally I became so sick that my legs got weak as I worked in the mill each day."

Mr. Barnhardt, like so many sufferers, had tried many preparations without relief, when he heard about HADACOL.

"After the second bottle of HADACOL I began to feel better and to regain the weight I had lost," said Mr. Barnhardt. "My digestion became normal again and today I am as well as ever. My legs no longer bother me. I eat and enjoy my food. I sleep well and have plenty of energy."

Mr. Barnhardt has taken several bottles of HADACOL and now takes the famous vitamin and mineral preparation to help stay well. He has had his wife take it with wonderful results and has recommended it to his friends in the mill.

Mr. Barnhardt suffered from a lack of B vitamins and the minerals which HADACOL contains. HADACOL comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

A lack of only a small amount of B vitamins and certain minerals will cause digestive disturbances. . . . Your food will not agree with you. . . . You will have an upset stomach. . . . You will suffer from heartburn, gas pains and your food will sour on your stomach and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the signs of lack of B vitamins and minerals which HADACOL contains. And if you suffer from such a deficiency disorder, there is no known cure except the administration of the vitamins and mineral, which your system lacks.

It is easy to understand, therefore, why countless thousands have been benefited by this amazing tonic, HADACOL.

Give your office a break. Don't put off buying that file or wastebasket you've been needing. New equipment will greatly increase your efficiency. Everyone from the office boy to the boss will work better and faster with these aids to better business.

WHEELER TIMES

Favorite Peanut Butter Cookies

Press balls of peanut butter cookie dough with tines of a fork to get the popular design for peanut butter cookies. Top each with peanut before baking.

One of the best-liked cookies for everyday service is the peanut butter cookie. Its pleasant flavor goes so well with a simple glass of milk or cocoa, and with fruit sauces, sherbets and ice creams, too. Let the youngsters eat all the peanut butter cookies they want, for they'll be getting a generous supply of essential B-vitamins both in the enriched flour and peanut butter.

Peanut butter cookies are made much like a conventional-mix cake, so they have exceptional tenderness. You will find the soft dough easier to shape into balls if you chill it a few minutes. Bake cookies only until lightly browned, and be prepared to hand out samples to the family as soon as they come from the oven.

PEANUT BUTTER COOKIES

1 1/2 cups sifted enriched flour
1 teaspoon soda
1/2 teaspoon salt
1/2 cup shortening
1/2 cup peanut butter
1/2 cup brown sugar
1/2 cup white sugar
1 egg, beaten
1/2 teaspoon vanilla extract

Sift together flour, soda and salt. Blend together shortening and peanut butter. Add sugar and cream until light and fluffy. Add egg and vanilla extract. Mix well. Add flour mixture to creamed mixture and mix well. Chill. Form dough into small balls the size of marbles. Place on greased cookie sheet about one inch apart. Press crosswise with a fork. Bake in a moderate oven (375 degrees F.) 12 to 15 minutes. Makes 40 cookies about two inches in diameter.

Mr. and Mrs. Bun Cole and daughter, Beulah Marie, of Springfield, Colo. returned home Sunday after visiting here from Friday in the home of Mr. and Mrs. C. C. Robison.

Mrs. Alton Nations and daughters returned to their home in Duncan, Okla. after spending last week here with her parents, Mr. and Mrs. Frank Hyatt, and with Mr. and Mrs. O. Nations.

NATIONAL PRESS BUILDING
WASHINGTON, D. C.

By Ar 12 Goode

When those dainty white nylon blouses first came out much of the lace trimming was cotton. After many washings cotton is apt to turn yellow while nylon remains snow white. Fortunately this contrast can be eliminated by tinting the blouse a pretty pastel with all purpose dye. As a matter of fact everyone will remark about your lovely new blouse.

Table lamps used only for decoration can be any size and shape you wish. But those used for reading purposes should be high enough to shed a wide circle of light on the reading matter. To get the most possible light use a slanting shade with white inside.

Don't try to separate bacon slices when they're cold. They tear and look most unattractive. Just place the desired amount in a skillet in one piece. As the bacon cooks the slices separate very easily.

When you want something special in the potato line, prepare them the way Cook and mash the needed amount. Add enough hot milk to make them light and fluffy. Then whip in a half-cup real mayonnaise, a little minced onion, chopped parsley and salt. Turn into lightly greased casserole. Then bake in a hot oven 25 to 30 minutes.

Many, many families in Europe are still destitute of food and clothing. Yet Post Office officials say that mailing of private relief packages overseas is running 30% below last year. Could it be that we're forgetting?

POWERGLIDE IS NEW CHEVROLET TRANSMISSION

A simple example of the basic principles of Chevrolet's new Powerglide transmission may be furnished by a lump of sugar in a cup of coffee. The sugar can be spun by stirring the coffee, even though it is untouched by a spoon. The force of rotation comes from the liquid.

To overcome the initial inertia of the liquid and the sugar, the spoon must be rotated rapidly. But as the sugar begins spinning, less manual effort is required. A direct drive through the coffee is achieved when revolutions of the sugar equal those of the spoon.

With an automobile the engine's crankshaft and the sugar the propeller shaft which turns the rear wheels. Unfortunately for automotive engineers, however, a lump of sugar offers far less relative resistance than a propeller shaft. Faced with a comparable problem the engineer would have to introduce agents which would exert a far greater force on the coffee than possible with a spoon.

To develop the Chevrolet Powerglide engineers contrived a compact arrangement of spinners and paddlewheels. The spinners, respectively linked to the crankshaft and propeller shaft, face each other in a bowl-shaped housing filled with oil. They supply the fundamental flow of power.

The paddlewheels are nested

between the spinners to increase the force of the flow. Their primary function is to get the automobile underway. After initial resistance has been met, the paddlewheels ride free and become part of the revolving mechanism. Since they operate independently one effectiveness, the other losses accomplish the same result as gears in the conventional transmission by permitting the speed of the engine to diminish.

Social Security Blanks Can Be Secured At PO

"During the last three months, our office has received a large number of letters requesting applications for social security cards," stated John R. Sanderson, manager of the Amarillo social security field office. "These persons were evidently unaware that an application blank could have been obtained right from their home town post office. The post offices, as a service to the people, carry these blanks and are ready and willing to hand them out to all who ask for them."

"By obtaining this application at the post office," Sanderson continued, "the individual can save himself wasted effort and loss of time, since there is no need to write a letter asking for one. As soon as the completed application is mailed to us, we will issue a social security card. Doing this will save the person 2 or 3 days in getting his card, and now with the most employers insisting on the workers showing his social security card before being employed, it may also save time in getting started on a new job."

PETROLEUM IN TEXAS IS BEING CONSERVED

Texas conservation laws and petroleum industry production practices and research are adding billions of barrels to the nation's supply of oil, the January issue of READER'S DIGEST reports.

"In our five most recent and biggest years of production, totaling nearly nine and two-thirds billion barrels, oil men have added 15 1-3 billions to reserves—for a net gain of five and two-thirds billions," said North Bigbee, Dallas writer, in his article "Why We Aren't Running Short of Oil".

In his four-page article, the Texas industrial writer cited many examples for his home state's oil history to show where conservation is paying off for the petroleum-using public.

Gone are the wild, wasteful gushers such as Spindletop in 1901. Wildcat wells are drilled today with the best scientific knowledge based on geophysical exploration, instead of a prospector's hunch. Spindletop was again cited as a pay-off on deeper drilling, another modern trend, when Frank Yount hit a lower producing sand 25 years after the original Lucas gusher. Bigbee cited the results of proration laws in the giant East

Texas field where "Engineers now expect a total of five and a half billion (barrels) before its last pumping jacket it quiet." At one time "experts" expected only one and a one-half billion barrels.

The pool at Van, Texas, discovered in 1929, was shown by Bigbee to be an example of unitization (where all operators cooperate to produce a field as one unit). "This vast pocket-size pool has already produced 200 million barrels and continues to average about ten million a year," Bigbee wrote.

Additional yields of oil come from repressuring programs using water or gas to restore the reservoir energy in the oil sands, the article pointed out.

"All told, the new producing methods have more than doubled our usable oil reserves without counting the discovery of a single new barrel," Bigbee wrote.

The article, condensed from DUN'S REVIEW, called attention to the way refiners are stretching oil reserves.

"Today's 20-gallon tankful of automobile gasoline comes from a single barrel of crude; 30 years ago 20 gallons required nearly two barrels of oil; ten years earlier than that the same size tankful took four and a half barrels of crude," Bigbee wrote.

Fruit trees are pruned to stimulate new growth for next year's fruit to grow on and it keeps the trees down to handling dimensions.

Rough-up the soles of a baby's new shoes with sandpaper before they are worn. It will prevent slipping and falling.

New Chevrolet Powerglide Simple to Operate

Performance of the 1950 Chevrolet Powerglide, first automatic transmission in the low-price auto field, is illustrated by the five small pictures set over the controls. When the pointer is positioned at "Park," wheels are locked and the car cannot roll. "Neutral" is an idling position or for starting the engine. When the lever moves the pointer to "Drive," forward momentum is entirely dependent on accelerator pressure. "Low" is for emergencies, as in deep mud or snow. In addition to backing, the "Reverse" position gives quick response when conditions make necessary the "rocking" of a car by shifts

Prevention is the best and by far the cheapest method for controlling mastitis in the dairy herd.

Use Poppy Seed for Seasoning

By ALICE DENHOFF
How nice it is when shopping for the seasoning shelf to find all the spices, many of them absent for several years, all present and accounted for.

Among the old favorites we were so pleased to see again, was that beautiful blue Dutch poppy seed. Once limited just to baked goods, the crunchy little seed with a walnut-like flavor, has been discovered by homemakers for wider usage. In the Dutch province of Sealand, where most of the poppy seed is grown the mastery of the growing art is passed from generation to generation.

Sauce for Vegetables
If you want to spice up the flavor of asparagus, peas, onions, carrots, beets or cauliflower, just try this sauce, sufficient for one lb. cooked vegetable. Melt 1/4 c. butter or margarine. Add 1 tsp. lemon juice, 1 tsp. poppy seeds, dash of paprika and 1/2 tsp. marjoram. Mix thoroughly.

Lamb steaks with poppyseed noodles makes a nice dinner dish. To serve 4, have butcher cut 4 steaks from end of leg of lamb. Wipe with damp cloth and place on greased rack in broiling pan. Sear quickly on both sides in hot broiler. Place pan in oven with controls set for moderately hot (375 F.-400 F.) to finish cooking. Allow 10-15 min. for steaks 3/4 to one inch thick. Spread steaks with butter and sprinkle with salt, pepper and dash of marjoram. To prepare the noodles, cook an 8-oz. package small flat noodles; drain. Melt 2 tbsp. butter. Add 1/2 tsp. salt and 1/2 tsp. poppyseeds. Pour over noodles and toss together gently to mix. Serves 4-6.

Lift up a just run-of-the-mill dinner with a batch of quick poppy seed rolls. Prepare a package of yeast roll mix according to package directions, but mix 2 tsp. poppyseeds thoroughly with flour before adding to yeast mixture. More poppy seeds may be sprinkled over top of rolls just before baking, if desired. A regular yeast roll recipe may be used in lieu of the package mix, but use 2 tsp. poppy seed for every 3 c. flour.

A poppy seed crust will bestow something new and different on a graham cracker pie crust, especially nice for lemon chiffon pie. For a 9-inch crust crush graham crackers for 2 c. crumbs. Cream 1/2 c. butter or margarine until soft. Beat in 1/4 c. sugar and 3 tsp. poppy seeds. Work in crumbs. Pat mixture firmly onto sides and bottom of 9-inch pie pan. Bake at 325 F. 8-10 min. Let stand until cold before adding filling.

Children Should Be Protected Against Winter Health Hazards

Seasonal health hazards for young children are to be guarded against in the winter time just as carefully as they are in the summertime in the opinion of Dr. Geo. W. Cox, State Health Officer.

"Every mother is familiar with so-called summer complaints which affect small children but certain winter diseases can be just as harmful and are just as likely to make their appearance unless proper precautions are used," Dr. Cox said.

In the group of winter diseases Dr. Cox included influenza, tonsillitis, pneumonia, bronchitis, asthma, and even diphtheria when a child has not been immunized. Any such disease affecting a child's respiratory or breathing system is apt to be very serious and only too often fatal.

Pneumonia often develops from a neglected cold or may follow a severe case of measles or whooping cough. Bronchitis condition may also prove to be an after effect of these diseases and these

respiratory ailments are much more difficult to combat successfully than the digestive ailments which are prevalent in the summertime and known as summer complaints.

"These winter diseases are especially dangerous to babies and very young children," Dr. Cox stated. "Nearly all of them are spread from secretions of the nose and mouth. Children not in vigorous health are naturally more susceptible to these complaints and the first line of defense against them is to strengthen the child's power of resistance against disease," Dr. Cox advised.

"The second step is to keep them under medical supervision and the third is to make sure that they avoid contact with those who have coughs, colds, or fevers."

Don't walk in a daze—Look both ways.

Good, properly working equipment, in the brooder house makes for a successful brooding operation.

The hen that lays is the best that pays. Close culling for the laying flock will save feed and labor.

ANNOUNCING!

The New 1950 Chevrolet

Which Will Be On Display
Saturday, Jan. 7
At Our Showroom

We want to personally invite everyone in this vicinity to drop by our new place of business on Saturday, January 7 and see the wonderful new 1950 Chevrolet which we will be showing simultaneously with other Chevrolet dealers all over the United States.

The outside appearance of the Chevrolet has not been changed very much this year but the car has been greatly improved in many ways and a new automatic transmission, called Power Glide, is now optional equipment. We would like very much to have you come by and find out the many new features of the new 1950 Chevrolet.

SOCIETY

Dauphin-Payne Vows Exchanged Christmas

On Sunday, December 25, Miss Doris Jean Dauphin and Denton Lane Payne exchanged marriage vows at 1:00 p. m. in the First Methodist Church at Mooreland, Oklahoma. The double ring ceremony was read by Rev. Fisher Stanton.

The bride is the daughter of Mr. and Mrs. Ted Dauphin of Mooreland and the groom is the son of Mrs. John A. Kent of Mobeetie.

Vows were exchanged before an altar beautifully decorated with large baskets of pink and white gladioli and fernery. Miss Barbara Casod, organist, played a program of nuptial music preceding the ceremony and the traditional

wedding marches. Miss Jean Ellers sang "Because". Miss Casod played soft organ music during the ceremony. At the close, Miss Ellers sang "The Lord's Prayer" while the couple knelt at the altar. Recordings were made of the ceremony.

The bride, given in marriage by her father, wore a street length dress of ice blue satin with fitted bodice and a sweetheart neckline. Her bridal bouquet was of white gardenias and carnations. A halo of white carnations and ice blue veiling adorned her head. For something old she wore a triple strand of pearls, a gift of her father, while he was serving in the U. S. Army. For something new, she wore sable mist pumps, and something borrowed was a penny she borrowed from Gary

Polio Poster Children Form March of Dimes Honor Guard

1950 drive, following nation's worst epidemic, will be led by Wanda Wiley, escorted by poster children of past four years.

1946: Donald Anderson, Ore.

1947: Nancy Duery, Ky.

1950: Wanda Wiley, Texas

1948: Terry Tullis, Miss.

1949: Linda Brown, Texas

MARCH OF DIMES poster children whose plight and progress depict the fight against polio will tour seven cities in the 1950 drive, January 16-31. They will make a concerted appeal for greater contributions to provide effective continuation of patient care, research, and educational programs sponsored since 1938 by the National Foundation for Infantile Paralysis.

Neal Kent, brother of the groom, and which she wore in her shoe.

Miss Eilene Ames of Mooreland, who served as maid of honor, wore a street length dress made of steel grey crepe with black accessories. Her bouquet was of pink carnations.

Gary Eblevins served the groom as best man. Ushers were: Donald Dauphin, brother of the bride and Neal Robertson of Stillwater, Oklahoma.

Mrs. Ted Dauphin, mother of the bride, and Mrs. John Kent, mother of the groom, were dressed identically in beige wool suits with hunter green accessories. Their corsages were made of pink carnations.

Immediately following the ceremony, a Christmas dinner honoring the bride and groom, was served at the home of the brides parents. The bride's table was covered with a white lace cloth and the four tiered wedding cake topped by a miniature bride and groom served as a center piece. After the bride and groom cut the first piece of cake, Miss Eilene Ames served.

For traveling, the bride wore a hand tailored hunter green suit with sable mist accessories. Her corsage was of white gardenias and carnations.

The bride is a graduate of Mooreland High School with the class of '48 and has been employed with the AAA office at Woodward, Oklahoma. The groom is a graduate of Clinton, Oklahoma

NEVER LOST MONEY IN 12 YEARS OF TURKEY RAISING

L. H. Shillinglaw, Rock Hill, South Carolina turkey farmer, has been growing nearly 1,000 birds a season with a livability rate of 80%. One of his good management practices is the use of cabbage suspended from a string which he says keeps the 3-week-old poultts exercising "and out of mischief, and it's a forage crop substitute." He starts each batch of poultts with Turkey Startena Checker-Etts which he considers one of the best kinds of feed for growing poultts.

high school with the class of '46. After spending three years in the U. S. Army he entered Oklahoma A & M College in September, 1949. After January 1, the groom will return to Stillwater to resume his studies, and the bride, at

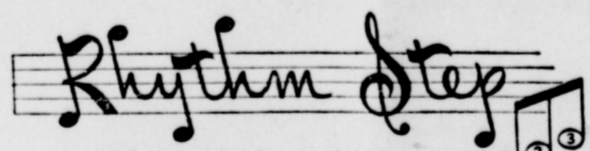

present, will continue her position at Woodward.
