From Our Exchanges

**PANHANDLE PRESS ASS'N.
IS A WONDERFUL INSTITUTION**

The Panhandle Press Association is not
the largest trade organization in this area,
but it is composed of men and women who
are never discouraged regardless of the hard
lot through which they may be passing.
It takes a real optimist to run a country

weekly. Sometimes it takes a financial wizard
to keep the business with its nose above
water.

The Panhandle Press Association celebrated
its 40th Anniversary last Friday and
Saturday. The association is the oldest and
largest regional press association in the
world. This year there were 451 registered
at the convention, with many more paying
their annual dues who were detained at
home. This is a highly representative group
of citizens when you realize that most of
them come from the smaller towns of this
area. They have a mission of spreading good-
will among the citizens of their communities.

The convention this year was most highly
entertained. The people of Amarillo did
their best in taking care of the needs of the
association, just as they have in the past.

Your Newsmen considers the convention
the top notch of his 37 years of membership
in the organization. During that time he has
missed only three conventions; one while
overseas in 1919; and twice while serving in
the legislature. The past presidents com-
plimented your Newsmen Thursday night with
a beautiful wrist watch, the kind that doesn't
have to be wound up every day. So when you
see us shaking our left hand, or scratching
our nose, just keep in mind that the watch
must go on.

Never, never, will we find a finer group
of men and women to associate with than
the 29 past presidents who gathered Thurs-
day night, and who made this presentation.
We wish that we might have been able to
continue serving as secretary for 100 more
years—but time marches on, and we are not
getting any younger.

Lester Campbell, editor of the McLean
News, takes over the job of secretary. He is
a fine fellow and will make a good man for
the job. Paul Allingham of the Amarillo
Globe-News is the new president, and J. C.
Howell of The Wheeler Times is the new
vice president.

The Amarillo papers covered the con-
vention well, so we shall not carry a further
report—only again to thank each and every
one of our very, very kind newspaper friends
for their co-operation in the past.

—Clyde Warwick in Canyon News

EVERY NATION HAS SPIES

There is not much need for excitement
in connection with reports that the Russians
are trying to get secrets and other intelli-
gence in various countries of the Western
world.

Practically every nation on the earth
that is involved in the game of international
politics has an intelligence staff which at-
tempts to collect information about other
countries, including our respective enemies.

**Strapless
Foundation**

Bra and slip combination.

By VERA WINSTON

AS CLOTHES GO, so do under-
garments, especially bras and slips.
Comes the off-shoulder neckline,
the backless sun-dress, the filmy
chiffon dress top, and here we have
a good answer to the strap problem
in the form of a new strapless com-
bined bra and slip. This new de-
sign has the top lightly boned and
elasticized, and a side zipper as-
sures an absolutely snug fit. The
skirt is slightly flared.

**Health Dept. Helps
Crippled Children**

Almost four thousand Texas
children from more than 225 coun-
ties have received beneficial
services and aid to happy, normal
living under the Crippled Children's
Division administered by the State
Health Department, during the
calendar year 1948. This informa-
tion is shown by the annual report
issued by Dr. Geo. W. Cox, State
Health Officer.

According to Dr. Cox, the most
commonly treated conditions are
late effects of acute poliomyelitis,
cerebral palsy, osteomyelitis, tuber-
culosis of joints, cleft palate, hare-
lip, and clubfeet. Although the
services are provided for children
from birth to 21 years, the largest
group treated were from the age
bracket of 5 to 14 years.

The help given these crippled
children represents 3,747 clinic
visits, 43,433 days of hospital care,
2,897 days of convalescent home
care, and 4,886 doctor's visits.
"As long as sufficient State

funds are available, any crippled
Texas child of normal mentality,
under twenty-one years of age,
whose parents or guardians are un-
able to pay for proper care, is
entitled to the help of the Crippled
Children's Division," Dr. Cox said,
"if his doctor believes that it is
reasonable to expect that the
child can be improved through
hospitalization, medical or surgi-
cal care, artificial appliances, or
through a combination of these
services."

Parents of crippled children
should make application for this
assistance by completing applica-
tion forms, which should be signed
by the physician and approved by
the County Judge. The applica-
tion is then mailed to the Crippled
Children's Division, Texas De-
partment of Health, Austin, Texas.

SENIOR NEWS

PRESENT THEIR FRIDAY NIGHT

Presented "Three" to a large crowd in the auditorium Friday night. The comedy seemed appreciated by the audience.

Receipts totaled about \$100.00 and is to be used for the immediately following of the school year.

Member, sponsor of the "blushing" surprise from the class presentation of the play.

The seniors she appreciate very much, even a class president pre- a very unusual way.

The final pleasure of the evening was a party after the play at the home of Mrs. Scribner. The class thoroughly enjoyed the delicious refreshments provided by some of the mothers of the seniors. At the party the seniors were agreeably surprised to receive their copies of the school annual.

The seniors went to Lancaster Wednesday night after play practice to see Betty Jean who is home from the hospital in Abilene. We are all very glad to see she is back and we are looking forward to having her visit school very often.

SPORTS NEWS

The seventh and eighth grade girls and boys won first and second place at district.

The girls won first place by winning over Wheeler 6 points and winning over Follett 12 points.

Kelton forfeited to the boys their first game. Then they won over Booker by 4 points. Weather conditions put the other games off until Thursday. Then they went back and was defeated by Higgins by 5 points. Ribbons will be given to them instead of a trophy.

GOSSIP

Is it true that Waylon and Shirley are getting up a case? Carl and Aline seem to be get-

DOG TRIED FOR LIFE AS 'NUISANCE'

FACING A POSSIBLE death sentence, or life-long exile from his neighborhood, "Dixie," a 6-year-old shaggy Newfoundland, has been placed on trial in the Town Hall of Weymouth, Mass. Following a petition for his destruction, signed by 23 neighbors of Mr. and Mrs. Neal A. Baker, scores of other residents in the neighborhood have come to the defense of the dog, branded as a "nuisance." His most ardent defenders are the Baker children, Linda, Patricia and Neal, shown with "Dixie." (International)

MORE TRACTORS IN USE NOW THAN EVER

We are definitely in the midst of the greatest farm mechanization era of all times, says W. L. Ulich, extension agricultural engineer of Texas A. and M. College. Here is some proof so far as Texas is concerned.

At the beginning of this year, some 211,799 tractors are in use on Texas farms. Today approximately 82 percent of the cultivated land in the state is plowed with tractor power. In the case of wheat, oats, and other small grains, 86 percent of the harvesting is done with power equipment.

The use of highly specialized machinery requires the farmer to make large investments, adds Ulich. The depreciation of this costly machinery eats deeply into the profits of the farm operator, but he can do something about it. The life of tractors or other expensive farm machinery can be increased by proper care and maintenance.

VACATIONS ARE OF IMPORTANCE

The month of April usually brings the first days of near-summer weather to Texas, and literally thousands of Texans commence to make serious detailed plans for their annual vacation which is of great importance to the health and well being of every man and child.

A vacation can relax nervous tension, bring renewed vigor, and usually supply an opportunity for more sunshine and outdoor activities than is customary for office workers and those of sedentary occupations. But traveling to vacation spots for the purpose of "roughing it" can also bring a serious health menace in the form of typhoid germs from impure

water supplies, and for this reason, Dr. Geo. W. Cox, State Health Officer, advises all persons contemplating such a vacation to first be inoculated against typhoid.

"Persons planning a vacation where sanitation standards may not be carefully observed, should protect their health by typhoid inoculation, and thus avoid the risk of serious illness from this debilitating and sometimes fatal disease", Dr. Cox said. "An individual not previously rendered immune, can establish immunity by having one typhoid vaccine injection administered each week for three weeks; if he has kept his immunity from a previous inoculation, one 'booster' shot each year will keep him protected from typhoid."

Dr. Cox warned that impure water is not the only means of spreading typhoid, and cautioned against the careless exposure of food and milk to flies, roaches, rodents, and other germ-spreading pests.

ting awfully friendly, or maybe just a little flirty. What's this younger generation coming to?

Edith, we all like your new boyfriend, don't we Sandra?

Gary, you had better stop telling on the kids in the back of the study hall. They might gang up on you.

Sandra, since when did Lavada start writing books on her boy-friends?

Aline, don't get mad. Carl was just trying to get your attention. Bill, let's be careful about this copying. Especially about test-time.

Brother Willard, what's this about your reading jokes to the eighth grade?

What was Fern all dressed up about Wednesday? Could it have been because she knew Karlis would be back today?

Vondell, do you really have "The Lovesick Blues"?

Sandra, how do you like "Lovers Lane" or should I say bumps on your head?

Aline, what's these crooked looks suppose to stand for? Were you glad because Brother Willard moved Lavada and Vondell away from Carl? Kiddo, they won't steal him.

Bill, has your younger days come back to you and Sue W.?

Doris, what's this about your playing post office with Fern Gulley?

Who was Waylon's company at the ball game Friday?

Beverly, who were you with Sunday afternoon? Aren't his initials Donald Waters?

Bill L., are you starting to make a living mowing lawns. Hadn't you better start using a lawn mower instead of your arm and head?

Irvine, why didn't you go to the show Sunday?

After weaning don't lose their **Milk Fat!**

PURINA HOG CHOW

Your "roly-poly" suckling pigs get many vital nutrients from their mother's milk... but after weaning you must supply those same nutrients in their ration to keep your pigs from losing that profitable milk fat.

Purina Hog Chow, like sow's milk, supplies your pigs with large amounts of growth proteins — plus lots of quality vitamins and minerals they need to keep their "baby bloom"... and to put on low-cost pounds rapidly.

So, after weaning this year, give your pigs the right start for a "profit-finish"... balance your grain with Purina Hog Chow during the vital growing period.

WORM PIGS

Pigs worm themselves with Pigtab Granules... just mix it in their feed. Rids your pigs of large round worms and nodular worms... saves high-priced feed!

 WHEELER, TEXAS

The 4-H boys are learning through their "Live Power Program" just what proper tractor maintenance can mean to their home farm. Boys enrolled in this program keep an accurate record of the operating costs of their farm tractor. They have found that regular servicing, using the correct oils and lubricants, keeping the cooling and ignition systems in good shape and cleaning the air filters daily will keep the tractor on the job longer and at a lower operating cost. Ulich says repair bills can be cut to a minimum if the boys put into practice the things they are taught in the "Live Power" program. This fact is proved by the records submitted by former winners in this program.

Five area tractor maintenance clinics have been scheduled for the latter part of March and the first half of April. Local 4-H leaders and county agents will be given special training and they in turn will hold similar schools in their counties for the 4-H boys who en-

SOCIETY

Mrs. Goad Is Hostess Thursday Review Club

The Thursday Review Club met Thursday night, April 14, 1949, at 7:30 o'clock in the home of Mrs. W. A. Goad, Jr.

The meeting was called to order by Mrs. R. J. Holt, Jr. after which a short business session followed. Mrs. Leroy Robison was leader of the program and gave an interesting talk entitled "Household Hints". Mrs. J. C. Howell gave a part entitled "Beautifying Our Homes" and had appropriate pictures to use as illustrations. The program came to a close with Mrs. Louis Martin giving "Suggestions for Remodeling". The program was greatly enjoyed by all present. The club collect was then read and a short social hour followed.

Lovely refreshments carrying out the Easter theme were served to the following members: Mesdames Roy Ford, R. J. Holt, Jr., Earl Barnes, Ed Trimble, Carroll Pettit, Harvey Wright, Carroll Pendleton, Red Richerson, Wilton Callan, Lester Robertson, Chester Anglin, Louis Martin, Leroy Robison, J. C. Howell, and Misses Gienna and Wilma Hefley, Vendell Starkey, and the hostess, Mrs. W. A. Goad, Jr.

Kelton W. M. U. Holds Business Meeting Mon.

The Kelton W.M.U. met at the church April 18 for a business meeting and Bible Study lesson.

Mrs. J. A. Tucker, president, was in charge of the business and Mrs. J. F. Rathjen gave the devotional, followed with a prayer by Mrs. Oscar Kinney.

Those present were: Mesdames J. A. Tucker, Oscar Kinney, T. B. Killingsworth, C. O. Henderson, Wilson Hill, and J. F. Rathjen.

Kelton GA's Honor WMU With Social Mon.

The Intermediate G. A.'s of the Kelton Baptist Church honored the W.M.U. with a social Monday afternoon at the church.

Those present were: Mesdames Tucker Hill, Leonard Rathjen, J. F. Rathjen, Oscar Kinney, C. O. Henderson, and Kay Hill, Karen Henderson and Doris Marie Rathjen.

G. A.'s present were: Maxine Pond, Velda Anderson, Barbara Abernathy, Alma Cain, Joyce Anderson, Joann Kenney and the sponsor, Mrs. T. B. Killingsworth.

W.S.C.S. Holds Regular Meet At Church Mon.

The W.S.C.S. met Monday afternoon at the Methodist Church for the study of the sixth chapter

Hears of 'Oscar'

"In Weakness, Strength", out of the study on China.

Mrs. C. M. Hampton gave the scripture reading and the song, "Are Ye Able, Said The Master" was sung by the group. Mrs. W. W. Adams dismissed with a prayer following the study.

Quilting Club Meets At Totty School House

Residents of the Totty Community enjoyed an Easter dinner and egg hunt at the Totty school house which is sponsored by the Mt. View Quilting Club annually.

After the dinner everyone drove to the Tracy Willis ranch. There the children had their egg hunt, waded in the creek and played base ball.

Those attending were: Messers and Mesdames Frank Totty, Francis and Marion; Peirce Walker, Jimmie and Bobby; Ernest Moore; H. L. Trimble and Patricia; Tom Hathaway, Joe, Britt, Dan, Fay and Glen; Leslie Waters, Donald Ray, Keith and Glen; Doyle Grimes, Jerry, Gary and Phillis; Mrs. Arlie Jeffus, Miss Beverly Caldwell, Jay Godwin and Paul Hathaway.

Quilting Club Sponsors Egg Hunt and Dinner

The Mount View Quilting Club met April 12 at the Totty school house which is regular meeting place for the club, with Mrs. G. T. Arrington as hostess.

The meeting was called to order by the president, Mrs. Frank Totty, during which time the annual Easter dinner and egg hunt was planned. Two quilts were quilted for the hostess.

Twelve members were present and one guest, Mrs. Ernest Moore.

Mrs. Hefley Hostess Good Neighbors Club

The Good Neighbors Home Demonstration Club met in the home of Mrs. Farmer Hefley Thursday, April 14.

An interesting demonstration on table etiquette was given by Mrs. Hefley.

Refreshments were served to: Mesdames Vernon Sivage, Milton Finsterwald, O. Rankin, Grady Dodd, John McCarroll, Weaver Barnett and the hostess.

R. B. Mann, Jr. and Leon Weatherly, students at Howard Payne, Brownwood, were home over the holidays

CONGRATULATORY telegrams in hand, Sir Laurence Olivier leans from a window of his home in Chelsea, England, after learning of his selection as the top male actor of 1948 by the Academy of Motion Picture Arts and Sciences in Hollywood. His role in "Hamlet" won him the "Oscar." (International)

EVERGREENS NEED WATCHING

It's conifer blight time.

Along about this time of the year, evergreens should be well protected from the conifer blight, a fungus disease that often attacks Arizona cypress and sometimes pinyon junipers, arborvitae and occasionally native cedars.

A. A. Dunlap, head of the Texas A. and M. College department of plant pathology and physiology, says that conifer blight causes a browning of the green needles or leaves, and later on the entire tree may appear dead. The disease shows up the most, right after a warm rain in the late spring or early summer. And it's at this state the blight is most apparent as a browning foliage blight.

When the evergreens gets this far gone, it's too late to apply a control measure, except to keep down next year's fungus, says Dr. Dunlap.

Arizona cypress and the related species should be sprayed with a Bordeaux mixture at three or four weeks intervals when the conifer blight occurs. This mixture is available at most seed stores, but if you can't get that, there is another fungicide that will work just as well. It consists of one ounce of dry Bordeaux mixture powder (or one of the insoluble compounds sold as Bordeaux mixture) along with two ounces of wettable sulphur in a gallon of water.

Here's a hint from Dr. Dunlap about spraying: He says that a teaspoonful of Casco glue added to each gallon of spray will aid as a spreader, and make the fungicide stick to the tree longer. Spray the tree thoroughly from top to bottom each time. If a dust is preferred, dust the tree all over about every 10 to 14 days in the spring months with sulphur-copper (90-10) rose dust.

Regular treatment of trees with these sprays or dusts will keep the evergreens in good shape with green foliage the year around, Dr. Dunlap concludes.

To prevent metal cans of scouring powder from leaving stains on damp linoleum or enamel, dip the bottom of the can in melted paraffin. When cool and hard, the paraffin coating will help against stains.

ALL OUT AID for your Office

Give your office a break. Don't put off buying that file or wastebasket you've been needing. New equipment will greatly increase your efficiency. Everyone from the office boy to the boss will work better and faster with these aids to better business.

ALLISON NEWS

Mrs. Lester Levitt

Mr. and Mrs. Roy Dick and Mr. and Mrs. R. L. Nelson from Estelina spent the weekend in the home of J. C. Spruill and family. Ira Fish and family spent Sunday with Mr. and Mrs. Willie Boydston and children.

Mr. and Mrs. Roma Brown and baby from Dumas spent Sunday here in the home of Charley Brown and family.

Mr. and Mrs. Tom Bradstreet from Wheeler spent Sunday here with their daughter, Mrs. Carl Levitt and family.

Loyd Jones and son, Troy Dean, made a business trip to Amarillo Friday.

Mr. and Mrs. C. E. Peterman from Sweetwater, Okla., Mr. and Mrs. Loe from Earth and Ed Peterman from Pennsylvania spent Sunday here in the Leo Peterman home.

Jackie Taylor received a broken wrist Friday at school while playing volleyball.

Dinner guests in the Loyd Jones home Sunday were: Aaron Eddings and family from Reydon, Glen Markham and family and Jackie Markham of Dalhart, Mrs. Bob Markham and children, Mrs. C. L. Markham, Mr. and Mrs. O. F. Jones, Mr. and Mrs. Walter Holbrook, Mr. and Mrs. Billy Ray Jones and Mr. and Mrs. Jimmy Graves and daughters.

Ernest Bergert and family were dinner guests Sunday in the Millard Donaldson home.

Mrs. Lee Barry of Briscoe attended the Easter program here at the Methodist Church Sunday.

David Waldrip spent the weekend at Pampa with his sister, Mrs. Mildred Mata and family.

Mr. and Mrs. Lester Reed and granddaughter of Hartley spent the weekend here in the Lee and David Kiker homes.

H. R. Warren went to Amarillo last week to see his wife who is recovering from a recent illness and operation. She is at the home of her daughter, Mrs. Chic Cox.

Lester Levitt, Loyd Jones and M. P. Rogers made a business trip to Canadian Tuesday.

Mr. and Mrs. Lee Kiker held open house Sunday. They have just completed their home north of town.

Mrs. Ross Waldrip left Tuesday for Gardena, Calif. to spend a few weeks with her daughter, Mrs. Bill Thomas and family.

Those visiting in the Jim Marshall home Sunday were Earl McCoy and family, Clyde Tice and family, Mrs. Francis Harris and son, W. T. Martin and family, Mrs. Lester Miller and children, Mr. and Mrs. Bob Vincent, Blanche Wright, and Ed Vincent, all of Reydon and Mrs. Marjorie Harden and daughter, from Crawford, Okla.

Mr. and Mrs. Boyd Burks and son, Wayne, from Wheeler, Mrs. Opal Lake and sons, Mr. and Mrs. Ted Cummings and Bryant Burks and family from Pampa were dinner guests Sunday in the Harold Jones home.

Ernest Bergert and family spent Sunday with Millard Donaldson

and family.
Mr. and Mrs. Bobby Joe Grayson and Lewis Wayne and family Grayson from Dumas spent the weekend here with relatives.
Ben Parks and family from Shamrock were in Allison Sunday. Joe Hayes from Phillips was in Allison Monday buying oil.

Lester Levitt, Loyd Jones, S. Miller, Ray Langford and Leo Peterman were in Canadian Tuesday on business.

May is the month when prices usually are at their peak of production and when, because of supplies, egg prices are lowest for the year.

DAIRYMEN YOU CAN USE DDT!

The Federal Security Agency and the Department of Agriculture issued the following statement on April 5, 1949 after a meeting of the principal government agencies concerned with the utilization of DDT in the national and international health and economy.

"A number of statements have been published during the last several days which have misled and alarmed the public concerning the hazard of using DDT as an insecticide . . . The Food and Drug Administration HAS NOT prohibited the use of DDT in spraying dairy cattle and barns . . . There is no justification for public alarm as to the safety of the milk supply from the standpoint of DDT contamination."

Recipe of the Week
BY MARY LEE TAYLOR

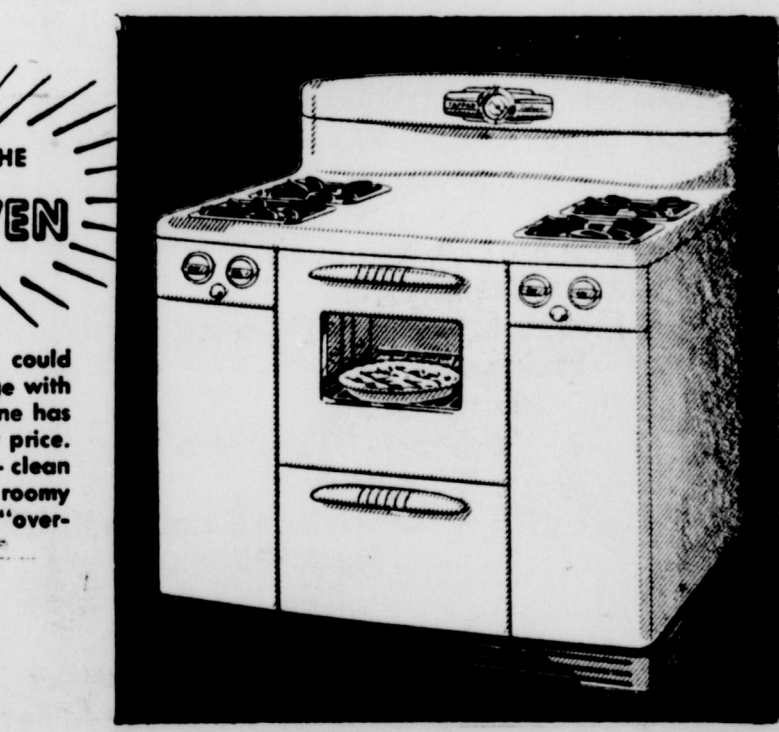

Dinner Pork Chops
No. 2 can whole kernel corn
2 tablespoons flour
¼ teaspoon salt
few grains paprika
¼ teaspoon paprika (can omit)
4 pork chops
2 tablespoons shortening
¼ cup condensed cream of mushroom soup
¼ cup Fat Milk
Drain corn, saving liquid. Measure ½ cup liquid. Mix flour, salt, pepper and paprika. Roll pork chops in flour mixture. Brown slowly on both sides in hot shortening. Stir any left-over flour into fat remaining in pan. Stir in mixture of soup and corn liquid. Cover; cook over very low heat 30 minutes. Turn chops now and then. Remove chops to warm platter. Add drained corn and milk to sauce in pan. Cook slowly, stirring until thoroughly heated. Serve with the chops. Makes 4 servings.

You Will Need
PORK CHOPS
PET MILK
Condensed Cream of **MUSHROOM SOUP**

SENIOR NEWS

The seniors held a Food Sale at Clay's Food Store last Saturday. We think that it was very successful. We would like to thank the store for letting us have the sale there, and would also like to thank the many nice people who bought food from us, and helped us in other ways. The money we made will certainly help us on our trip.

Six of the senior girls, Pat, Frances, Peggy, Billie, Marie, and Leona went to Lawton, Oklahoma, last weekend to attend the annual presentation of the Easter Pageant. Although we nearly froze, we all certainly enjoyed the trip.

If anyone wonders why Peggy seems to be rushing around school, it is because the annuals are here. She is the editor, and is trying to get the money collected from all the students, so that we can have the annuals. Here's hoping we can get them soon.

PERSONALITY

Name Duane Bradford
Age 18 years old
Height 6 ft., 1 inch
Color of hair Brown
Color of eyes Green
Favorite subject Algebra
Favorite teacher Mr. Teague
Favorite sport Football
Favorite food Cherry Pie
Likes Girls
Dislikes Nothing
Ambition To be successful

JUNIOR NEWS

Name Jack Mitchell
Height 6 ft., 2 inches
Weight 200-lbs.
Color of hair Blonde
Color of eyes Blue
Likes Pretty girls
Dislikes To rock houses
Favorite subject Am. History
Favorite teacher Mr. Osborne
Ambition To get out of study hall

GOSSIP

The juniors will surely be glad when this week is over. We are going to rest up (we wish), from working so hard on the play.

HAS A 'FARM SYSTEM' ALL HER OWN

DEFINITELY A MAJOR LEAGUER when it comes to running a farm, attractive Margaret McIntosh takes time out from some of her more arduous chores to relax on her Nar-Nar-Goon, Australia, stud farm with four of her "pals." The three Collie pups and the kitten in the bucket take it as matter-of-fact, the numerous first prizes which their young mistress has won at many agricultural and county shows. (International)

Doyle, who was your blonde headed girl friend Sunday? Could it have been J. H. from Shamrock?

Has everyone seen Charlotte's new watch? It surely is pretty. JoAnn, did you have a nice time with Henry P. Sunday night? Sue really looked nice in her new Easter dress Sunday morning.

Martha had a good time in Dumas Saturday. Dorothy, did you have a nice time Saturday night and Sunday? You looked tired Monday.

Play Bell, how are you and Kenneth getting along? Fine we hope. Winnie seems happy now. Everything worked out the way she wanted it to.

SOPHOMORE NEWS

"Bad new for the sophomores". Somebody is always trying to take the joy out of life. Now Mr. Carnick is experimenting with a pad-die in an effort to find a cure for Dick's laziness.

Glenda: "Did you know that paper can be used to keep a person warm?"

Georgia: "Do I! My last report card kept my dad's temperature up for two weeks." "Why is it," asked irritable Bonnie, "that I never get what I ask for in this cafeteria".

EIGHTH GRADE NEWS

GUESS WHO
She has brown hair, blue eyes, and a very fair complexion. She is 5 ft., 6 inches tall, and weighs 109 pounds. She goes out for all sports and is very good at all of them.

THIS AND THAT

Bonnie, Georgia, and Glenda surely are good looking since they got their hair cut short. (Weren't they always though?)

We surely like the new way Wanda and Annie wear their hair. We hear that Dick was dressed up for once Sunday.

Wonder why Leola and Lucille are getting so mean lately? Wonder what happened to Glenda and Essie over the weekend?

We hate to hear that Gene is moving away. It seems as though all the sophomore girls are getting engaged.

Delphia, are you taking reducing pills? Maurice, you get better looking every day.

Some of the sophomores are going to usher for the juniors at their play. They are: Bill Hooker, Georgia Ford, Dick Pendleton, and James Gaines.

She is a very popular girl. She has no enemies, but lots of friends.

GOSSIP

Betty Jo, why were you and Patricia so chilled Monday? Was it because of being so cold Saturday night?

Doyle, you must be dieting now. You look like you are losing weight.

Helen, how much did your gas cap cost? Marilyn, when did you start driving?

The eighth grade class is working very hard on our play, which we will present April 26. The name of it is "Twixteen". The characters are:

Rodney Wells, Jr., Glenn Farmer; Pete Thompson, Mac Stephens; Speck Howard, Kay Rogers; Mr. Wells, John Dan Bowman; Frankie Wells, Marilyn Swink; Mrs. Wells, Nadine Barton; Elizabeth Wells, Viola Brown; Doris Mansfield, Betty Kilwell; Gwendolyn Todd, Patricia Hubbard.

We are grateful to Mr. Teague for spending his time helping us to work it up.

WONDER WHY

Betty Lou would rather have play practice at night?

Viola spends most of her time punching Fliptian in the back? Carma and La Nell were late to English class Monday?

Sue, Marilyn, and Helen are always wanting to go to Mobeetie?

SONG DEDICATIONS

From Louise to Alvie, "You Were Only Foolin'".

From Betty Jo to Melvin, "Forever And Ever".

From Sue to Bill, "So Tired".

From Betty Lou to John, "My Darling".

"Boiling water's not so hot, way up on the mountain top" is a rhyme for housewives to remember when moving to higher altitudes.

A GIVE-AWAY

The class had been given a rather difficult sum to do for homework and, strange to relate, Tommy, the dunce of the class, was the only one with the correct answer.

"Did your big brother help you with this, Tommy?" asked the teacher.

"No, sir," truthfully replied Tommy. "He did it alone."

Don't walk in a daze— Look both ways.

COPY Section 4 and 6, Wheeler Gas Company franchise, GOVERNING COMPANIES OBLIGATIONS IN LAYING MAINS AND MAKING CONNECTIONS.

"Grantee may make and enforce reasonable rules and regulations in the conduct of its business, and may require before furnishing service, the execution of a contract therefor, and:

MAY REQUIRE EACH CUSTOMER WITHIN THE CORPORATE LIMITS OF THE CITY OF WHEELER, TO PAY GRANTEE FOR INSTALLATION OF ALL SERVICE PIPES FROM THE MAIN IN THE STREET, TO THE METER ON CONSUMERS PREMISES; AND THE GRANTEE SHALL HAVE THE RIGHT TO CONTRACT WITH EACH CUSTOMER WITH REFERENCE TO THE INSTALLATION OF SERVICE PIPES AND THE CONTROL OF THE SAME, FROM THE CONNECTION THEREOF, WITH GRANTEE'S MAINS IN THE STREETS TO AND INCLUDING THE METER LOCATION ON THE CUSTOMER'S PREMISES.

GRANTEE SHALL NOT BE REQUIRED TO EXTEND THE PIPES OR MAINS A DISTANCE NOT TO EXCEED 100 FEET FOR EACH CUSTOMER OF GAS ON SAID EXTENSION.

GRANTEE MAY CHARGE AND COLLECT FOR THE SETTING AND CHANGING OF METERS AN AMOUNT NOT TO EXCEED THE COST OF THE LABOR AND MATERIAL USED IN THE PERFORMING OF SUCH SERVICE, PLUS TEN PERCENT ADDITIONAL THEREON."

Certified as a true and correct copy, this 14th, day of March, 1949

(SEAL)

REBA WOFFORD
City Secretary

NOTICE TO PROSPECTIVE BUILDERS

The foregoing is a copy of the franchise under which we operate our gas business in the town of Wheeler.

Our franchise provides for a \$2.00 minimum, and a gas rate of 60c per thousand.

We are now selling gas for a minimum of \$1.50, and a 40c to 45c rate.

We have installed enough main lines in the corporate limits of Wheeler, to supply a town of 2,000 population.

If you build off and away from our mains, do not expect us to extend our lines further than the 100 feet required by our franchise.

The lines from the mains in the streets or alleys will be put in at your expense.

IF YOU BUILD OUTSIDE THE CORPORATE LIMITS, THE ENTIRE LINE EXTENSION WILL BE AT YOUR EXPENSE.

When a gas line is put in service, its control and ownership is automatically vested with the gas company.

Wheeler Gas Co.

Refreshing

SODA BOTTLING CO. Shamrock, Texas

THE OLD HOME TOWN

THREE HOURS IN THE BARBER SHOP AND FULLER BEARDSLEY, THE HERMIT OF STARVATION RIDGE STEPS OUT AS STREAMLINED AS A BILLIARD BALL.

ALLISON ANTELOPES

(Published by the students of Allison High School)

The juniors and seniors wish to thank the Baptist W. M. U. for giving the banquet to them Friday night. The intermediate G. A. class served. Rex James E. Willford was their speaker.

The League class went to Jane Pugh's house for recreation Sunday night after church. Those present were Shirley Jo Levitt, David Waldrip, Jo Brown, Melvin Robertson, Jo Spruill, Bobby Donaldson, Katy Brown, Jerry Levitt, Laura Walls, Jay Dean Bessire, Bette Colburn, Billy Bob Levitt, Bobby Curlee, Troy Dean Jones, Ben Bessire, and Jane Pugh, hostess.

WONDER WHY
Katy and Jo always end up talking about Wednesday night? Jane looked so blue Sunday evening and night? Everyone looks so sleepy this morning? Gerald didn't go to English class this morning? Ernest Dale and John Jay didn't want their names in the paper? Jackie and Shirley S. both like the sixth period study hall so well? So many science students made a hundred on their tests? Sammie wasn't at church Sunday night? Everyone looked so bored Monday morning in Science? Katy and Jerry always get their algebra together?

GOSSIP
Bette, did you and Billy Bob have a wonderful time Sunday night?
Shirley Jo, just who did you and Bessie Jo go to Wheeler with Sunday evening?
Johnny, cheer up, things are not always as bad as they may seem.
Laura, we hear you caused quite a bit of excitement Sunday evening.
Donna Jo, we sure do think you and Melvin made a cute couple.
Edna Mae, who did you receive a note from?
Bette, did you ever find Bessie Jo Sunday night?
Melvin, why were you afraid Sunday that Katy and Shirley S. weren't going to eat enough ice cream for Jerry and Jackie?
Shirley, we think your corsage was pretty too. Ray did you by any chance give it to her?

SONG DEDICATIONS
From Jay Dean to Bobby Donaldson, "Don't Rob Another Man's Castle".
From Jerry to Katy, "Cruising Down the River".
From Bobby D. to Bessie, "We Could Make Such Beautiful Music".
From Johnny to Jane, "Biting My Fingernails and Thinking of You".

RANGES ARE OVER GRAZED

In many areas of Texas, range lands were overstocked last year, and the bad effects from this practice will last for several years, says A. H. Walker, extension range specialist of Texas A. and M. College.

Overgrazing not only makes it harder for the valuable range grasses and plants to grow and make seed, but it also causes the soil to pack. This means less pore space in the soil and a lighter covering of litter on top of the ground. Ranges in this condition receive little benefit from the hard, dashing showers that are common to Texas during most of the year. On the other hand, reminds Walker, ranges that have been only moderately grazed have a turf that will slow down the water run-off and will give the water a chance to soak into the soil. Such range land will soak up water from two to four times as fast as overgrazed ranges.

Less run-off means less erosion and more water in the soil. The increase in the stored water supply in the soil and the saving of valuable topsoil makes range plants grow larger and better. And any ranchman will tell you that more grass means a larger calf crop, heavier calves at weaning time, lower feed costs and better conditioned breeding cows in the herd.

It is always well, says Walker, to think in terms of future effects on the range when you're stocking a pasture. It is better still to make a close check on the amount and kinds of forage plants growing on the range and then stock in proportion to the amount of vegetation available. Light to moderate stocking will give the more desirable plants and grasses a chance to reproduce.

It is a slow and often trying process to bring back into production a badly overgrazed pasture, but it can be done, Walker says. It's more profitable and better management to base the stocking rate on the ability of the range to produce desirable forage over a long period than to put too many livestock on the range when it looks good.

Our expansion record is sprouting faster than a growing boy. We are driving with full steam ahead to furnish telephone service for everyone who wants it.

Continued shortages in critical materials, such as lead for cable, may throw an occasional block across our path of progress. But we won't be stopped. We have promised to furnish all the telephone service you want—and with all possible speed. That's a promise we aim to keep.

HOW TO SHOOT A RIFLE

By ARTHUR E. COOK
National and Olympic Rifle Champion

Gun sights are used to point the rifle at the target and it is important to learn to sight perfectly. An error of 1/10 inch in sight alignment will place the bullet two inches from the center of a target only 50 feet away—a bad miss.

If you have the rear peep and front post sight combination on your rifle, aim as shown at top left, centering the top of the post in the peep hole. With an open rear sight (right above) center the top of the post on a level with the top of the rear sight before directing the aim on the target. Notice that when shooting at bulls-eye targets you aim at the bottom of the bull rather than at the center. That is because you are likely to lose sight of the black post within the black bulls-eye.

Aiming and shooting at bulls-eye targets is not only a great sport with many thousands of adherents throughout the world, but it is also the finest training for any kind of shooting. If you can't hit a bulls-eye that is standing still how can you expect to hit a live target that is moving?

(This instruction based on the book "HOW TO SHOOT A RIFLE," published by The National Rifle Association, Washington, D. C.)

Be sure of your backstop!

club, but at present is on the club's inactive list.

He was graduated from Kelton High School, Wheeler County, in 1933 at the age of 14. After attending Tech, he entered the U. S. Army Air corps in 1941, later serving as a B-17 bomber pilot in the Asiatic-Pacific theater. He made 56 combat missions, all in the Solomons islands campaign. His military awards included the Distinguished Flying cross, Air medal, Presidential Unit citation, and seven battle stars. During the later part of the war, he was an Air Transport command pilot flying litter patients from the Okinawa-Philippines area to hospitals in the United States.

He held the rank of major when discharged from active service in 1946, and is now a member of the Officers Reserve corps.

Whiteley is married and has a two-year-old daughter. His wife is the former Doris Peavy of Slaton. The family resides at 406 N. College avenue.

No Cause For
(Continued from Page One)
on dairy cattle or when present on fodder fed to dairy cattle may appear in the milk. They also say that DDT in small quantities can be detected sometimes in milk following ordinary use of the insecticide for fly control in dairy barns. Because of the vital importance of milk in the diet of infants, children and people of all ages, it is essential that proper precautions be taken to protect the milk supply. Modifications of the Department of Agriculture on the use of DDT on dairy cattle were made merely as a precautionary measure.

"There is no justification for public alarm as to the safety of the milk supply from the standpoint of DDT contamination."

DIDN'T WAIT TO FIND
A ventriloquist attended a funeral unknown to the family. Afterwards, one of them in the cemetery.

"You won't believe it," the narrator said, still in his grave, he says, "down easy, boys."

"And did they finish him?"

"Man, Ah don't know stay."

Mice are being used in laboratory tests to check on the effectiveness of new fly sprays. Mice are rolled around on times on an old style sprayer. Then they're dried out in a stream of air, and used in tests the following day.

Mrs. M. E. Harville visited with her sister at Hobart, Okla. during the Easter holidays.

Mr. and Mrs. D. C. Matthews were weekend guests in the home of Mr. and Mrs. R. B. Mann.

Mrs. Aubry Ruff and Mrs. Billie Morgan of Mobeetie returned last week from a trip to Savannah, Missouri.

CARD OF THANKS
We take this means to express our sincere appreciation, who in any way helped us bear our grief in the loss of our husband, father, grandfather and brother.

Also to Brother James Bryant for the comforting last rites, and the beautiful floral offerings and cards that help comfort us in our sorrow.

Mrs. E. V. Herd and children Grady Herd

CHANCES ARE BETTER
"Son, if you continue to study hard and be industrious it's within the realm of possibility that your face will some day appear on a hundred dollar bill."

"Thanks, Dad, but I'd prefer to have my hands on one."

MAY HE?
"You remember when you cured my rheumatism, doctor, a couple of years ago and told me to avoid moisture?"

Doctor—"Yes, that's right."

"Well, I've returned to ask you if I may take a bath."

SEE THE FAMOUS SERVEL GAS REFRIGERATOR

Come see the one different system refrigerator. In its design there are no moving parts to wear or make noise. It's Servel Gas Refrigerator.

Just a tiny gas flame does the work. So—as over 2,000,000 lighted owners know—Servel stays silent, lasts years longer.

FREE BOOK by Mary Margaret Miller "Inside Story" by radio's beloved reporter, tells why there's such a big difference in refrigerator. Stop in and get your free copy today.
